All-Stars playing in National Tourney

Littlefield Major League Little All-Stars began play Wednesday in the National Tournament in Littlefield. The six-team double elimination tournament will pit teams from Louisiana, Illinois, East Texas, Kansas, Oklahoma and Littlefield. Littlefield won the West Texas Championship by winning four games at Levelland last week. Last week before, the Wildcats also went straight to take the regional championship. Littlefield opened the tournament Wednesday morning against the Louisiana team. If the 'Cats win the contest they will play the New Baden, Illinois game at 11:45 Thursday. Littlefield will play the loser of the contest.

New Baden-East Texas contest at 1 p.m. Thursday. In last week's state tournament at South Plains College, Littlefield downed Sudan 49-29 and then slipped past Plains 39-34. The Wildcats then came from behind to edge Seymour in overtime 38-34 in the semi-finals. Littlefield then downed Seymour again for the championship 35-26. Littlefield 49, Sudan 29 Mike Williams poured in eight points in the third quarter to break open a tight game to give Littlefield a 49-29 victory over Sudan Wednesday. Littlefield held a narrow 9-8 first quarter advantage and led at half by 19-16. Williams' scoring surge in the third quarter gave the 'Cats a 34-20 lead entering the final stanza. All ten Wildcats played an entire half in the contest.

Williams was high with 13 and was followed by Ronnie Smith's eight. Jim Burks dropped in seven and Jerry Jones hit for five. James Randall connected for four, Clark Pylant three, Gregg Harris two, Leslie Yarbrough two and George Brockington one. Littlefield 39, Plains 34 Littlefield led most of the way against stubborn Plains Thursday, but could never pull away and settled for a 39-34 win. Littlefield led at the end for the first quarter 10-7 and at half 22-15. Plains refused to yield and narrowed the gap to 31-28 entering the final quarter. Yarbrough and Williams topped the 'Cats' scoring with nine each. Randall, Burks and Pylant hit for six each and Sawyer and Jones added two each. Littlefield 38, Seymour 34 Seymour's Paul Blanford was vir-

tually unstoppable as the Wildcats escaped with a narrow 38-34 overtime win Friday. Blanford accounted for 21 points by hitting shots from every spot on the court. The Seymour ace fouled out late in the fourth quarter and Littlefield squeaked out the victory. The two teams were tied at six after the first quarter but Seymour owned a 18-13 lead at half. Littlefield trailed by one, 24-23, after three periods. Burks pulled down a rebound and went back up for a bucket with 28 seconds left to tie the game at 34-34 and send the game into overtime. Littlefield outscored their opponents, 4-0 in the extra period and stalled the final minute to take the win. Burks and Pylant scored nine each to pace the 'Cats attack. Williams collected eight and Yarbrough seven.

Randell and Sawyer added two each and Jerry Jones one. Seymour bested Idalou by four points Saturday morning to earn the right to meet Littlefield for the championship. Littlefield 35, Seymour 26 Eric Sawyer's defense limited Seymour's ace Blanford to 13 points to lift the Cats to a 35-26 victory and the West Texas Championship Saturday night. Littlefield held comfortable leads most of the night, but were never able to break the game wide open. The 'Cats led at half 18-9 and after three 27-15. Burks paced the scoring with seven points while Sawyer and Yarbrough

added six each. Williams, Pylant and Smith accounted for four each. Harris added two. The Wildcats accepted their trophies following the last tournament and returned home where the new West Texas Championships were escorted by police and fire units to the Sagebrush Inn. Owner Frank Sharp honored the champions with a free banquet. Jackie Howell is the team's coach and is assisted by Marty Mangum. Coach Howell gives this brief report on each player. CLARK PYLANT- One of our best rebounders, screens well on offense, a scoring threat from the outside, and a good free throw shooter. MIKE WILLIAMS- Leading scorer, best ball handler, fast and quick, good free throw shooter, and good rebounder. JIM BURKS- "The Tall Man at 5-9", rebounding main job but also good scorer, knows game, his size intimidates opponents. ERIC SAWYER- Fine ball handler, very good play perception, smart. VOLUME 53 NUMBER 101 16 PAGES TAX INCLUDED

Area cities submit \$7,017 in city sales and use taxes

Comptroller Bob Bullock mailed \$7,017 in city sales and use taxes to the state on Thursday. The amount represents the total for 1975 for 11 cities in this area.

payments—Anton and Littlefield. Amounts for the others are being held to be combined with other collections. Total period allocations for the area amounted to \$7,017.37. Anton received \$577.62 and Littlefield's share was \$4,874.10. Anton's period allocation was \$618.87, from which \$12.38 in a state service fee and \$28.87 was retained for the 4.76 percent of collections. Littlefield's period allocation was \$5,193.21, from which \$103.86 in state service fee and the 4.76 percent of \$242.25 were retained. Amherst, Earth, Olton and Sudan

didn't receive any payments, although amounts were collected. Amherst's allocation was \$135.16, Earth's was \$388.38, Olton's was \$441.55 and Sudan's was \$240.36. Various fees and retainment applied to these amounts too. Bullock said he has remitted \$87.4 million to the 845 municipalities collecting the one-cent sales tax so far this year, compared to \$80.4 million remitted during the same period last year. "Both city and state sales tax collections are growing far faster than inflation alone," the Comptroller said. He noted that 1975 city sales tax

collections totaled \$265.9 million, nearly 10 percent more than the \$240.8 million collected in 1974; and state sales tax collections in 1975 totaled \$1.266 billion, 12.5 percent more than the \$1.126 billion collected in 1974. Bullock attributed the increases mainly to increased consumer spending and improved collection procedures by the Comptroller's Office. "Because tax collections are running so high, I've been able to project that state government can easily get by another two years without a tax increase," he said. "And with careful planning, we might be able to avoid new taxes for years to come."

The boys have won eight straight playoff games to the Regional and West Texas Championship. Proud of these youngsters, Coach Jackie Howell said. "I want to thank the parents who have done that," he said. "All you would need to do is call me. I would have been here in 10 minutes."

Weather Service lists safety rules

In the event of an approaching tornado, follow these safety rules, advises the U. S. Weather Service: —Seek inside shelter, preferably in a cellar, underground excavation or steel-framed or reinforced concrete building of substantial construction. Stay away from windows. —In office buildings, go to an interior hallway on the lowest floor or to the designated shelter area. —In homes, the basement offers greatest safety; seek shelter under sturdy furniture if possible. In homes without basements, take cover in the

center part of the house, on the lowest floor, in a small room such as a closet or bathroom, or under sturdy furniture. Keep some windows open but stay away from them. —Mobile homes are particularly vulnerable to destructive winds. Proper tie-downs to prevent overturning will minimize damage. If there is no designated community shelter, do not stay in a mobile home during a tornado warning. Seek refuge in a sturdy building or a ditch, culvert or ravine. —In schools, avoid auditoriums and gymnasiums or other structures with

wide freespans. If a building is not of reinforced construction, go quickly to a nearby reinforced building or a ravine or open ditch and lie flat. —In open country, if there is not time to find suitable shelter, lie flat in the nearest depression, such as a ditch or ravine. —Keep listening to radio and television stations, which will broadcast the latest tornado watches and warnings and will inform you when the danger is over. Tornadoes come and go so quickly

there may not be time for a warning. During a tornado watch, be alert for the sudden appearance of violent wind, rain, hail or funnel-shaped clouds. When in doubt, take cover. Tornadoes are often obscured by rain or dust and some occur at night. A TORNADO WATCH means tornadoes are expected to develop. A TORNADO WARNING means a tornado has actually been spotted. Persons close to the storm should take cover immediately. Those farther away should take cover if threatening conditions approach.

New \$2 Bills circulating since last week

After a 10-year absence, \$2 bills have returned as official currency. On Tuesday, April 13, in commemoration of Thomas Jefferson's birthday and in conjunction with the bicentennial year, the Federal Reserve System made available at commercial banks a new series 1976 \$2 Federal Reserve note. Like all \$2 bills since 1918, the note

features Mr. Jefferson on the face of the plate. The reverse plate, however, is completely new. It shows a vignette based on John Trumbull's famous post-Revolutionary War painting, "The Signing of the Declaration of Independence," capturing a bicentennial theme and tying in with Jefferson, author of the document. Although issued in conjunction with

the Bicentennial, the new \$2 bill is seen as a permanent addition to currency in circulation. In announcing the reissue last November, Treasury Secretary William Simon said public acceptance would ensure the issue's success. The Treasury withdrew \$2 bills from circulation in 1966, largely because their relative scarcity dampened public acceptance. About 6 million \$2 bills—only a third of 1 percent of the

Nation's outstanding currency—were circulating in 1966. By contrast, about 225 million notes became available April 13. And about 400 million notes—the project average annual production—will be circulating by July 4. The new \$2 note is expected to reduce the huge volume of \$1 notes in circulation, producing savings of about \$30 million to the Treasury Department and the Federal Reserve System over the next five years.

THE NEW \$2 BILL, which made its debut in Littlefield last week, features a portrait of Thomas Jefferson on the face plate—just as the old ones did. Date for the re-issue commemorates Jefferson's birthday. The reverse side also ties in with the Bicentennial, presenting a vignette of John Trumbull's famous post-Revolutionary War painting, "The Signing of the Declaration of Independence." The old ones had a picture of Jefferson's Monticello home. The \$2 bills were last printed in 1965 and were discontinued in 1966. The new bill will buy a mere \$1.15 in 1966 dollars.

Baha'i Faith to meet here in assembly

Saturday, a program will be presented in Littlefield on the Baha'i Faith by the Spiritual Assembly of the Baha'is of Lubbock.

The program will be at the Southwestern Public Service Reddy Room, 511 W. 7th, at 7:30 p.m. The program will introduce a new world faith that began in Persia more than a hundred years ago, and is just now coming to general attention in the west.

"The Baha'i Faith was first proclaimed in 1863, by Baha'u'llah, its Prophet-Founder, whose family was of Persian nobility," said Mike Kelley, vice chairman.

"He set forth a body of religious teachings designed to establish unity among the disparate elements of humanity."

"The Baha'i Faith, in order to create unity, requires such things as the elimination of all forms of prejudice, the equality of men and women, universal compulsory education, the creation of a world government based on spiritual principles, the selection of a univer-

sal auxiliary language, and harmony between science and religion," he continued. "Today, there are Baha'is in more than 300 nations and territories of the world. In the

United States, the Baha'i Faith has grown more than sixfold in the last decade. There are now Baha'is in more than 5,000 communities around the country.

County men elected Foundation board

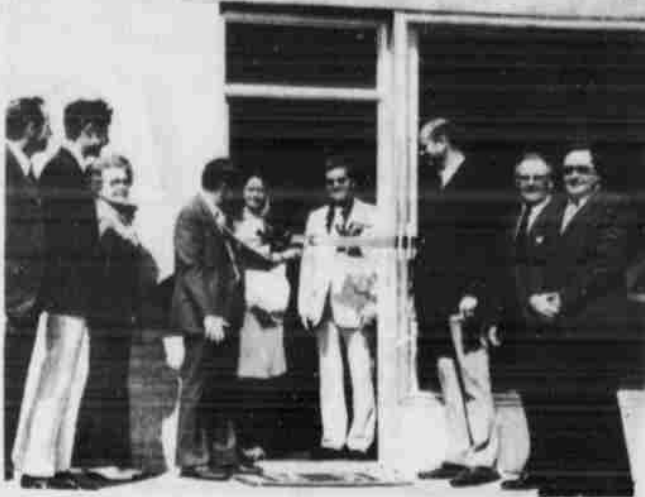

Lamb County men were elected to three-year terms to the High Plains Research Foundation board, April 15, at the meeting of the High Plains Research Foundation at Halfway.

Dr. Bill Ott, resident director of research, Lubbock, reviewed the research program and stressed the fact that an expanded program was being conducted in corn and small grains, even though there were limited funds for this type of research.

Dr. Ott introduced the research staff and explained each of their specialized fields of research.

Dr. Bill Lyle, Water Engineer at the Experiment Station West of Plainview described plans for a detailed program on total water-use efficiency. Dr. Lyle also explained the design of a new irrigation well to be drilled at Halfway, in an effort to produce, as nearly as possible, a sand-free well, with maximum efficiency for energy savings.

David Bell

DAVID BELL Oldsmobile, Cadillac, GMC and Pontiac held its grand opening ceremonies Tuesday morning. Bell, standing in the doorway with 'Miss Lamb County' Pam Parrott, watches the ribbon cutting being done by Tom Tollett, Chamber of Commerce president. Red-coated ambassadors of the C-C and members of the Board of City Development who observed the opening were, left to right, Warren Dayton, Bill Adams, Marge Anzelina, Calvin Price, Charlie Duval and Don Avery. "I've been planting Coker's cotton for several years. It has always made me more money than any other kind of cotton on my farms. I particularly like the way it comes up and grows off. It comes up a lot faster than most cottons I've planted.

My Coker 5110 planted 2 in 2 out, dryland, made 525 pounds of lint per acre last year. I'll have about 600 acres of Coker this year."

Lions Membership Mafia winning war

RODGERS
Lions from all over district came at Snyder this weekend district convention, you can see a delegation from the Membership Mafia will make an appearance, practically everyone has the Mafia and knows that the members are headed in Littlefield. The way it all started: attending the July cabinet were ready for the mid-coffee break when a loud roar off the wall and everyone for cover. Membership Mafia had struck this time attempting an assassination of District Governor James. But instead of a solid hit, managed to get only a tire on his chair. The attempt didn't go unnoticed. County sheriff and his deputies ended the eating place during an hour to arrest the Mafia members. Making their get-away, Godfather Kip Cutshall and the Family a few personal threats and cabinet members that the would take action if they didn't two new members this year. "Two, or we gonna get you," Godfather and Mafia said re- Membership Mafia is the of "The Godfather," Kip Cutshall, 2-T2 membership development chairman. It is the most successful, off-imitated and infectious program devised for gaining new members. Offshoots of the Membership Mafia such as the "Black Rose" and "The Mafia" are making threats across Texas. And

Michigan's 11-A-1 not only borrowed the Membership Mafia idea totally, but latched on to a duplicate pin. Past district governor Cutshall came up with the Al Capone-type gimmick when present District Governor Jim Johnson charged him to come up with something different to get new members and make the drive fun instead of drudgery. Cutshall's Mafia motto is "Get a member new or we'll get you. Remember this—You don't want the Mafia kiss." Godfather Cutshall is resplendent in his stripped pants, bright coat, white shoes and hat and broad tie. The Mafia goes all out dressing to the hilt to play the part of gangsters straight out of the Roaring '20s, complete with weapons and assumed mannerisms. Tom "Dirty" Tollett carries a machine gun. Sedell "Razor" Black conceals his straight-edged razor. James "Edward G." Lee carries a suspicious looking violin case. Hubert "Hatchett" Henry is armed with a machete. "The Big Midget" Runt Burch wields a wicked, blood splattered club. Accompanying them are a mob like "Tom Cat" Jones, "Useless" Grant, "Littlefield Fats" Roden, "Seldom Seen" Patton, "Mangler" Mangum, "Tom Thumb" Hilbun, "Baby Face" Brawley, "Ding-a-ling" Bell, "Ever Lovin'" Avery, "Rossi" Ross, and "Curtains" Wilke. The Family includes a gang of classy molls in red satin dresses trimmed in black silk fringe. The Godfather's "God Mama" Phyllis, the Mafia sweetheart Jeni D. Brunson, "Classy" Carol Black, and "Calamity" Jane Jones are among the Family members.

After the Mafia visited the Lubbock South Plains Club, the sample award plaque was stolen and held for ransom. A water gun fight developed at Olton and the tail twister is still water logged. When the Mafia visited Levelland, the gang found flat tires when they returned to their cars. And the membership medalion was stolen during the Plainview visit, and everyone knows the medalion can't be bought with a right arm. It is acquired only by bringing in a new member. Godfather Kip passed along a word of warning via the district governor: "The Mafia is being intimidated. We have tried to be the soft, loving group you expect, but things are not working out. I have tried to control The Boys, but the district isn't complying." "First, we were totally embarrassed in Tahoka when, unsuspectingly, we were rousted, lined up against the wall, and frisked. Littlefield Fats was handcuffed and told to go on a diet. My mouthpiece, Dirty Tollett, was abused while trying to defend the Family." "While making a raid on the Levelland Evening Club to encourage membership, and while being sweet and extremely innocent and giving a fantastic program, we were rewarded by flat tires on our get-away car." "In Lubbock at the home club of Horrible Hoyce McMurty, our sample plaque was stolen!" "The Boys want restitution. Now! The Boys are calm and say the bear not grudges. But remember the next cabinet meeting is in Littlefield, the city of free love and nickel beer, and The Boys are waiting." The Godfather

warded! He now sleeps with the fishes. That leaves a membership loss in the district, but the Mafia will bring in two for the one. Note this Gov. your aide-de-camp may not be enough when you make this cabinet meeting. "P. S. again... Don't be too concerned about Hoffa. The Mafia knows where he is, and he has been asked for two new members, too." The charge to cabinet members—one new member won't do, you've got to get two—has been repeated so often that even club members are saying, "I've got one new member, now I've got to get my second." "We may exceed our goal of a 20 percent increase in membership," Godfather Kip said. "There's never been anything like this. We've tried all kinds of gimmicks, but we've never had one work like this. Our timing was right. It's different, unique. Everybody dresses the part, goes whole hog with handles, clothes, mannerisms." "We had 2,750 members in this district when we unveiled the Mafia at a cabinet meeting last May. By the end of February we had 3,352. The Mafia increased membership by 402 members directly. We'll reach our goal before the district convention." "At the beginning of their year on July 1, 1975, the Redbud Lions had 54 members. Through mid-March they increased their membership to 136. They gained 33 during October. Out of 29,000 Lions Clubs, this club is now 14th from the top. Only two clubs in the U.S. are ahead of them. The Redbuds plan to be number one next year. "This district was way down the list before the Mafia came along," Cutshall said. "Now we are the second largest district. We've gained more new clubs this year than any club in Texas in one year." Because of the Mafia influence, District 2-T2 has moved from ninth to third in total membership and from seventh to fourth in adding new club. "It's a tremendous membership program," Cutshall concluded. "We are proud of its success and pleased to be so copied."

They're well within your reach.

Hightailing it from your living room or bedroom to answer the phone in your kitchen is inconvenient, inefficient and a pretty amusing sight to onlookers.

So why not add an extension or two? It's easy enough to arrange. Just call your General Telephone business office.

We've got desk phones, wall phones, decorator and pushbutton phones. In plenty of styles and colors. Which makes our extensions as easy to look at as they are to get at.
