

Bringing up junior, costly operation

ents in Lamb County are that the cost of bringing up a child has risen considerably in the past years.

the average family, rearing a child from birth to age 18 now costs nearly three times the amount it earns during a whole year, according to the latest government studies.

way of comparison, 30 years ago a typical family needed no more than \$7,425 to provide for a

child to age 18, according to figures compiled at that time. Today, it would not come close to covering food costs alone.

Just how much a family spends in the process of bringing up junior depends, for the most part, on its financial ability and its geographic location. In general, it ranges from 2.9 to 3.6 times its annual net income.

For families in Lamb County, where an after-tax income of

\$10,000 to \$11,000 was the average in the past year, the cost is estimated at about \$34,600 per child.

The finding are based upon data compiled by the Department of Agriculture, the Bureau of Labor Statistics, the Institute of Life Insurance and others.

The bills connected with the birth of the child, which is the initial cost of parenthood, have gone up 40 percent in the last five

years, reports the Life Insurance Institute.

On average, including hospital and medical expenses, the layette, furniture and like, they now come to approximately \$2,190. Some of this cost is usually covered by insurance.

As time goes on, food becomes a major item. A family of moderate income will spend about \$13,500 to feed the child for the 18 years.

Clothing is also an important

expense, especially in the teen years. Over the whole period it comes to about \$4,480. Medical care adds another \$2,260.

Other basic costs include recreation, transportation, housing, education and personal care.

The 390 or so boys and girls in Lamb County who reach 18 each year represent a total outlay on the part of their parents of approximately \$13,494,000. And that is only to the point at which they are ready for college.

When you can think of yesterday without regret, and of tomorrow without fear, you are on the road to success.

Hospital Affiliates International signs four additional new hospitals

Hospital Affiliates International, Inc. of Nashville, Tenn., has announced the recent signing of agreements to develop or manage five additional hospitals in four states— including the new one in Littlefield.

These agreements bring the number of hospitals in operation or under development to 73, of which 48 are managed and 25 are company owned.

The company will develop replacement facilities for existing hospitals in Littlefield and El Campo.

The agreement on the Littlefield

facility was signed Tuesday night.

Arthur Young and Company of New York is making the feasibility study on the new hospital for Littlefield.

Bond counselor is McCall, Parkhurst and Horton of Dallas; bond underwriter is Henderson and Few of Atlanta, Ga.; architect is Gresham and Smith of Nashville; and building contractor is Pence Construction of Houston.

These hospitals are in addition to the recently-announced consulting agreement with New York City Health and Hospitals Corporation involving Bellevue Hospital

and 16 other New York City Hospitals.

The announcement was made by Jack R. Anderson, president of the Nashville-based Hospital Management Company.

Three existing facilities which hospital affiliates will manage are located in Dahlonga, Ga.; El Centro, Calif.; and Omaha, Neb.

The five recently-signed agreements bring the total number of beds in operation or under development to more than 9,500 in 20 states.

Anderson said, "We are pleased that Hospital Affiliates was chosen

by each of these communities to aid in the delivery of high quality health care to the citizens in their area." Anderson added, "The growing acceptance of our hospital management program is further evidenced by the fact that we recently extended an agreement with Flower and Fifth Avenue Hospitals in New York City for three years and renewed an agreement in Pulaski, Tenn. for five years."

Hospital Affiliates is listed on the New York Stock Exchange and is one of the world's largest hospital management companies.

Attorney explains new estate laws

By NILAH RODGERS

Jerry Kirby said the new estate laws that go into effect Jan. 1 are probably the brightest sign to come out of Washington in 20 years, as far as an attempt to clarify the law, but that as far as paying estate taxes, the new estate laws just prolong the agony.

Kirby, a Littlefield attorney, and Calvin Price, a certified public accountant, presented a seminar Tuesday on the new estate laws and legislation on income taxes which go into effect on Jan. 1.

Kirby said the new laws completely discourage persons from making any gifts after Jan. 1. He advised persons who wish to give away part of their estate to do so before Dec. 31 of this year.

Until Jan. 1, 1977, the old law applies which includes a \$3,000 annual exclusion, a \$30,000 lifetime exemption, and had only a very small tax.

When Jan. 1 rolls around, every gift and all property will be under what is called a unified rate for estate and gifts, and the tax starts at 18 percent, even on \$1.

To transfer property during a person's lifetime has been the thing to do until this new legislation came along and changed all that. An economic theory during the early 1930s pushed people and motivated them to get their money out of big properties into small properties.

But the new legislation regarding transferring property takes

away 99 and nine-tenths of this incentive, because now a person can keep property for his lifetime without changing taxes much.

Under the old law gift tax was about 25% below the estate taxes, so there was an advantage to make gifts when such were not made in contemplation of death. Until the end of 1976, there was a lifetime exemption of \$30,000 and this \$30,000 in gifts was excluded because once something was given away, it simply wasn't there to be taxed. In estate taxes there was a \$60,000 exemption and the tax started at 3% after the \$60,000.

As of Jan. 1, all this is now eliminated, with the exception of the \$3,000 annual exclusion. So about the only gift incentive a

person has under the new legislation is the \$3,000 annual exemption.

All gifts within 3 years of your death are now INCLUDED in your estate, irrespective of motive. And all the gift taxes paid within three years of your death are included in your estate, even though the money is not there anymore.

Kirby warned that what may look good about this in 1976 may not look so good in 1986 and 1996 when the appreciation rate is in effect. What this has done is take away a \$90,000 exclusion and substituted a tax credit, he said.

So all gifts made after Jan. 1, 1977 are calculated into your estate. When a person dies, all gifts made after the first of the year are figured into his estate. If you give away your annual \$3,000 exclusion and don't live three years following this, this is not included in your estate. It really eliminates the purpose of a gift tax.

You can still make gifts up to Jan. 1, 1977, but if you haven't made your \$30,000 lifetime exemption, this doesn't help because you have to use up 20% of your tax credit on the exemption claimed.

In the future, you don't have to pay gift tax until you use up your tax credit, then you pay gift taxes at the high rates. Upon your death you would have no tax credit and you start paying on the first dollar.

This legislation was aimed at and passed for farmers and ranchers with estates of \$350,000 or less. It is an attempt to simplify the law. It takes a lot of the gobbledook out of estate planning so that if a husband and wife have an estate of \$250,000 as of Jan. 1, a simple will can take care of tax problems. As of Jan. 1, 1981, a simple will can take care of a \$400,000 estate.

Another boost is that these new laws take out a whole generation of people who have built themselves

LETTERS

To The EDITOR

To the Mayor and City Officials
Littlefield, Texas

Gentlemen:

On our way home the other day from Wyoming, we (my wife and another couple) pulling travel trailers got into your town after dark in the snow and we were looking for a place to hook up for the night. A filling station man told us of the park you have provided for people travelers and we found it without any trouble.

Now, this is about as nice a place as we've been and all the people we came in contact with were just extra nice and tried to help us in anyway they could. As you will remember it snowed

during the nite, it didn't matter. We all had such a good feeling about your town. I don't know how you could advertise any better.

Please let anyone responsible in any way read this letter. I am a Rotarian. I hope they contribute in some way.

If I ever get up there again I'm going to look some of you up. If any of you ever come to our little town you will find the same kind of people.

Dear Editor:

The fifth annual meeting of the Texas Corn Growers Association will be held in Dimmitt on Dec. 15, at the Exposition Building, beginning promptly at 10 a.m.

We have invited John C. White, secretary of Agriculture, to be one of the guest speakers. Also invited is Dr. Jarvis E. Miller, director, Texas Agricultural Experiment Station from Texas A&M University.

There will be a free barbecue lunch served at noon, sponsored by the local elevators.

The meeting is held in conjunction with the Texas A&M Extension Service, who will present the program in the afternoon, covering the subjects of corn diseases, irrigation, cost of production, and cultural practices. This should be a good, informative meeting for all corn growers.

It is very important that this news be released to all corn growers in Texas; therefore we depend on the new service for as much publicity as possible, since we are a non-profit organization.

Thank you very much for your efforts.

Yours truly,

HISTORICAL DRAWINGS BY JOSEPH BOGGS BEALE (1841-1926)

"BLUE AND GRAY"

The last Confederate troops surrendered in Shreveport, Louisiana, on May 26, 1865. Although bitter feelings on both sides persisted for years, the country was once again united. In terms of human lives, the Civil War was the costliest this nation has ever fought. Approximately 1,000,000 men were either killed or wounded. Many of those actually died from disease rather than in the battles themselves. From the collection of American National Insurance Company, Galveston, Texas.

ADD A WEE BIT o' Scotland to your Christmas!

Bake Christmas Shortbread Cookies and Scotch Toffee Bars this year.

They're both thrifty because they call for rolled oats to substitute for or to extend chopped nuts. Oats grant baked goods a special hearty appeal that the Scots have known for centuries. Join these hardy people in the spirit of good eating over the holidays.

Christmas Shortbread Cookies are rich, buttery ones, cut from strips of rolled dough. A sprinkling of red and green colored sugar makes them most attractive. Scotch Toffee Bars are equally delicious but very different crispy, crunchy chocolate-covered bars.

TRUTH IS A scarce commodity. Nearly every way you turn you find that you're misusing it. One wonders how our kids will ever come to know the difference between truth and error, what, with all the error that's being taken for granted.

But, that be as it may, we've become so used to the common usages of untruth, that we'd be offended if everyone around us should suddenly become truthful.

THE SPIRIT OF competition demands that we never fully accept the truth. For instance, there's none of us who aren't above average in intelligence. Absolutely no one can quite reach our plane in understanding, or judgement. There's none of us, but who can run faster, kick higher, nor spit farther than most other folks.

The products we sell are the acme of perfection. Our soap gets clothes cleaner, our polish lasts longer, and our cars run better than anyone else's. You're sure to be more comfortable, sitting in our chairs, sleeping on our mattresses, or taking our laxatives, than any others made—competitively speaking.

WE MEET ON the street and tell each other just how fine we're feeling, even though we may feel lower than a snake's belly. We're anxious to spread the impression that we're doing well financially, even though we owe more than we'll ever be worth, and our budget is like trying to fit a large scale jig-saw puzzle together.

We like to tell each other just how well you're looking, how nice we think your clothes are, and how spry you're getting around, when we're actually thinking to ourselves about how fast you're losing ground, how sloppy you

dress, and how bad beginning to sag.

SO HERE WE find thumb that we also use to comparatively speaking practice where we find using of that proverbial salt' is the better part. Our true thoughts and opinions keep to ourselves.

For instance, we would tell some lady that her beauty shop was a total money, nor would we tell her following just simply built for slacks. It seems against polite society madame, at some social that her slip is showing, or those look like they're sh-

WE DON'T TELL you that we wouldn't be caught the get-up they're wearing their zipper has taken a Thus, in all these little we become the speaker and good will. We had pretend we hadn't noticed the accidents, and we want our best to make those as feel good. We don't want cruel, and some truth is.

I SUPPOSE, then, that speak, we may be using 'Truth', competitively, or benevolently. I'm of these have their place used.

However, the questions What IS truth? How recognize it? And when should we use it and accept it? Or, when should we make-believe end, and begin?

SOMEHOW THOSE scare me! So, just to be on the safe side, let's keep lying to each other when we meet!

A Woman's View

By Pearl Brandon

ONCE A LITTLE nephew wrote to his grandmother, who was my mother too.

He had just started to school and printed his letter.

He said: "Dear Grandma, it is autumn and the leaves are falling, love from Larry."

That was several years ago and he is a grown young man, and my mother has passed away. Winter time has come for her and she is resting.

MANY OF US are in our autumn and approaching the winter time of our lives and will go to rest.

Many of my friends are very ill, and like I wrote last week, our old bodies embarrass us now for all at once we find we are old.

IN JOHN 6 it says, Jesus was working around the Sea of Galilee and went into the hills to rest, so when He sat down to rest He soon saw a great multitude of people climbing the hill looking for Him.

He turned to Philip and asked where they could get enough bread to feed all that host of people. He was testing Philip, for He knew what He was going to do.

Philip said it would take a fortune to feed that many people, then Andrew spoke up and said, "There's a lad here with five barley loaves and a couple of fish! But what good is that among so many."

YOU KNOW what happened. Jesus had the people to sit down

and they took the five loaves and two fishes and fed the great 5,000 men, beside the women children.

There are many such stories in the Bible, but we still feast on them.

HIS POWER is as great as then, and He is just as great as then.

We know of course that all reach winter time of life the leaves have fallen. We live this life even as we live in peace and sorrow.

When you are old, life is short, but like the great multitude Jesus will continue to care for it is God's plan for us through a life time of spring, summer, autumn and winter.

Winter is here for many of us. Our bodies are wearing out soon we shall lay them aside, changing old clothes for new, the new ones will never wear out and we will never die again.

PAUL SAYS we know no time nor the hour but when we shall sleep when Jesus returns will arise immediately with new bodies that will never wear out again.

In Psalm 25 it says, "Unto O Lord do I lift up my soul. God, I trust in thee; Let me not be ashamed, let not mine enemies triumph over me. Yea let not those who wait on thee be ashamed. Show Thy ways, O Lord, teach me Thy paths."

Spade School Board to meet Monday

The Spade Independent School Board will conduct its regular meeting Monday night, Dec. 13, 7:30.

- Included on the agenda are items of business:
1. Minutes of previous meeting;
 2. Consideration of current reports;
 3. Hearing and consideration of audit report; and
 4. Considering accreditation standards.

OBITUARIES

HENRY J. AREND

Services for Henry Julius Arend, 79, of Littlefield were conducted Friday afternoon in St. Martin's

TODAY'S THOUGHT

Christmas will soon be here... A season for giving and receiving. A season of gladness for most of us. A season of grieving and sadness for some of us. A season of religious dedication for too few of us. A season of memories for all of us.

Christmas always has been, is, and always will be a season for gladness and sadness. It has been that way since the beginning. Just as His birth brought gladness to the world, His birth also brought sadness. His birth triggered the slaughter of many babies in the futile attempt to rid the world of the heralded King of Kings. These murdered babies were loved by sad, grieving parents - just as He was loved.

In our own Christmas gladness or sadness, let us pause and ponder the ONLY reason for the season: the birth of the Babe of Bethlehem. While those of us with faith know He is ever with us, let us pause and ponder what He would say if He put in a personal appearance as he sees us celebrate His birth in our varied manner. Do we give Him reason for gladness - or sadness? The answer can easily bring on your own immediate gladness - or eventual sadness.

Davila-Jones wedding solemnized

BULA— Miss Ida Davila and Larry Jones exchanged double-ring wedding vows at 4 p.m. Saturday, Dec. 4, in the Bula Baptist Church.

Rev. Eddie Riley, pastor of the church, officiated for the ceremony.

Parents of the couple are Mr. and Mrs. Bernie Davila of Bula and Mr. and Mrs. Preston Jones of Comanche, Okla.

The couple stood before an arch of yellow daisies and greenery, offset with spiral candelabras with white burning tapers and yellow satin bows.

The selections of wedding music were presented by Mrs. Jerry Teaff, pianist and Michael Sowder, soloist. Selections were "If" and "Wedding Song".

The bride, escorted and given in marriage by her father, was presented at the altar gowned in pearl white wedding gown reflecting the Victorian Design. The princess-cut gown featured a deep shield shaped bib yoke of white heirloom lace edged in cluny lace ruffled edging. The yoke was enriched with delicate pearl bead work. A high wedding band neckline accented the lace bodice, and was edged in cluny lace ruffled edging. Long slender candle stick sleeves of

heirloom lace with pearl enrichment, tapered to ruffled cuffs. The bouffant A line princess skirt of pearl white silk organza with scattered enrichment of applied cluny lace madellians drifted to form a full chapel train. A deep ruffle of heirloom lace enriched the hemline and floated to enrich the gown.

Ida wore an heirloom lace Victorian capulet from which drifted her bouffant mantilla of imported silk illusion edged in garlands of a border edging of the matching heirloom lace. Her beautiful mantilla drifted to beyond the chapel-length train of her gown.

For "something borrowed" the bride carried a bridal bouquet that belonged to her aunt, Mrs. Yolanda Karmarz, that she carried on her wedding day. A tapered bouquet atop a single large leaf, covered in tear drop pearls, the chrysanthemum-like flowers were sprinkled with tear drop pearls, centered with crystal beads, yellow satin ribbon with love knots flowed from the corsage. For "something old" she carried a silver dollar which her mother carried on her wedding day, and given to her by her father. "something new" was her wedding dress, and she wore

the traditional "blue garter".

Oralia Davila, sister of the bride, was maid of honor. Bridesmaids were Carolyn Stroud of Enock and Elnora Peacock of Bula. The

wore formal gowns of yellow and empire waist, with long champagne sleeves. They carried long stemmed yellow carnations. Denise Soria of Lubbock was flower girl. Her dress was a white lace over white satin, with matching headpiece.

Best man was Dennis Moran Comanche, Okla. Groomsmen were Donnie Nichols of Enock and Douglas Jones of Comanche, Okla., brother of the groom. Bernie Davila Jr., brother of the bride and Billy Jones, brother of the groom, were candlelighters. Ushers were Ronnie Altman, Maple and James Cook of Maple.

A reception followed in fellowship hall of the church. Serving table was covered in white lace over yellow, and centered the bridal bouquet. A three-tier wedding cake, enhanced with cluster of white wedding bells and yellow roses with greenery decorated the cake.

Cake with yellow punch nuts and mints were served from crystal silver appointments by Mrs. Sheryl Lynskey, Etta Warren, Gloria Simpson and Judy Morgan of Maple, school friends of the bride. Miss Judy Nutzler, sistered the guests.

The bride's traveling outfit was a yellow pant suit, with a matching yellow shirt.

After a short wedding trip, the couple is at home in Duncan, Okla. where the groom is employed at the Duncan Equipment Co.

The bride was a senior student at Three Way High School and plans to complete her senior year.

The groom is a 1974 graduate of Comanche, Oklahoma High School.

Out-of-town relatives and friends attending the wedding were the bride's grandmother Mrs. Quintin Tamez and A. Tamez of Mathis; her aunt and uncle, Mr. and Mrs. Ludo Kramarz and children, Ludwig and Jackie of Corpus Christi. Also the groom's mother, Mrs. Preston Jones and his grandparents, Mr. and Mrs. Brittan and other relatives from Comanche, Okla., Lovington, N.M. He talked about how to become a member of the Fire Department. First he stressed was the community must want one and people must get behind the Fire Department. In time, the department must elect fire chief and assistant. People selected must have a

Cranberry heralds holiday eating

The "merry berry" has arrived for the holidays— the bright and bouncy cranberry.

This fruit can be found all year around in various forms, but the major part of the fresh crop comes to market during November and December, Mrs. Dorothy Powell, county extension agent, says.

"Now is definitely the time for consumers to buy fresh cranberries.

She advised that some consumer buying tips will help in getting the best berries for the money.

Select berries that are firm, plump and fresh, with a high luster. The cranberries will differ in size, shape and color, according to variety, but each has a delicious flavor.

Remember that fresh berries are bouncing berries— high quality cranberries will bounce several times when dropped. Avoid berries that are dull in appearance, shriveled and/or soft, she advised.

Refrigerate cranberries in their original package until needed. Cranberries usually keep well in the refrigerator for a couple of weeks. If you plan to keep them

long, pop them into the freezer, she said.

Cranberries are one of the easiest foods to freeze. If the original bag is unbroken, simply put the berries, sealed in the bag, into the freezer. When you are ready to use them, there's no need for thawing. The berries will separate easily and they are ready to be made into a delightful side-dish, relish, salad or dessert, she noted.

The cranberry adds its special taste to meals in dozens of ways. Use it fresh as a garnish on the meat platter, or add a few berries to a fruit salad to give a colorful flavor twist to it all. Grind cranberries for many more uses. Try adding half a cup of them to cake batter, bread or muffin mix, she suggested.

Cranberry sauce is delicious hot or cold. For breakfast, try it warm over pancakes or waffles. For lunch or dinner, use it as a side garnish, sauce or even as a basting sauce for turkey.

Add it to ice cream, pudding or creamy cheese cake for dessert, she suggested.

A big box of personal care items were collected for Girlstown at Littlefield.

Charlie Duvall of Pioneer National Gas, will deliver the box to the girls before Christmas.

block or brick are made of adobe. Straw and dried in the

The Early American Indians built their Pueblos and evidence shows some of them, these monsters have been there for hundreds of years, and built almost exclusively of these man made blocks.

When the cow man and buffalo hunters arrived, they had to build all their houses, barns, and all their equipment, corrals and well coverings with adobe.

The Yellow House Camp had a house made of adobes that were made of yellow dirt— Thus, the name, "Yellow House Ranch".

Springlake Ranch had a lot of buildings made of adobe— the well or meat house, and the first camp house. Well you guessed it, they had nothing else to use.

The Sod House up on the head of the Brazos was made of Sod Blocks, dug out of the short grass around the springs, and dried, and laid to make the walls of their first camp.

Thus came the name "Sod House Camp". But, sod-made block did not last for many years, and lumber from Amarillo was hauled in by wagon and team to replace Sod House Camp. When the railroad arrived and lumber was available, most of the ranches replaced these old mud walls with modern buildings.

Thousands of these Adobe structures still stand throughout the southwest, and many of them, where carefully cared for, are good buildings today. They were made with their thick walls, to be both warm in winter and cool in the summer.

Seems that the adobe has been replaced by mankind everywhere, but they certainly helped make history and their importance will long be remembered.

Earthquake victims in Turkey to be aided with CARE funds

In response to an urgent request from CARE Country Director, Charles Laskey in Turkey, the International aid and development agency has authorized an initial \$50,000 for immediate local purchase and speedy distribution of blankets, winter clothing and food for the homeless earthquake victims.

Half of these funds are to be provided by CARE Canada.

"The severe winter conditions make aid a matter of sheer survival," Laskey reported. "There is particular concern over 20,000 young children in the devastated areas who are particularly vulnerable."

CARE, which renders aid in 37 countries around the world has on going child-feeding, food presentation and irrigation programs in Turkey. "We will provide additional aid to the quake victims as needed and feasible," declared CARE Executive Director Frank L. Goffio.

"Whether we will be involved in reconstructions, as in Guatemala and in Honduras, is too early to tell."

Contributions may be sent to CARE Turkey Earthquake Fund.

Farm census survey scheduled this week

Information about farm work done for pay during the past year and about migratory farm work will be collected by the Bureau of the Census in this area.

Interviewer who will visit households in this area is Rosemary McNeese.

Interviewers will visit a sample of households here during the week of Dec. 13-17.

The farm work questions are in addition to the ones asked regularly in the monthly survey on employment and unemployment conducted nationwide by the Bureau for the U.S. Department of Labor.

Results of the monthly employment survey provide data on conditions in the labor force, prime indicators of the economic health of the country. For example, in October the survey indicated that of the 95.3 million men and women in the civilian labor force, 87.8 million were employed. The Nation's unemployment rate was 7.9 percent, up from 7.8 in September but substantially below the recession peak of 8.9 percent reached in the second quarter of 1975.

After the third period of play the Cats stretched their six-point lead

Lady 'Cats dump Jayton

The Lady Wildcats upped their record to 10-1 by coming from behind to defeat Jayton 61-56 in the first round action of the Ralls tournament on Thursday.

Littlefield was up 14-11 after the first period of play. The Ladies lead was soon down to a one-point lead as Jayton outscored the Cats 18-16 in the second period to trail only by one point 31-29 at the half.

In the second half of play the Jaybirds took the lead at 43-39 by out tallying the Cats 14-9.

Littlefield regained the momentum of the game in the fourth period by ripping the nets for 22 valuable points and the game. Jayton scored 13 points in the initial period to attempt to over-

take the Cats.

Coach Sam Bean stated that his girls had a poor shooting performance.

The Lady Wildcats were paced by Monica Phillips 27 points. Wanda Williams was also in double brackets with 18 points. Williams came off the bench and played three periods in accomplishing her task.

Also scoring for the Cats were sisters, Pennie and Carol Sexton with 7 points each, Rhonda Hollingshead rounded out the scoring for the Cats with a basket.

Defensive standouts for the Cats were Pennie Sexton, Karen Carter, Kim Daniel, and Lori Westmoreland.

JV boys place third

The Littlefield JV boys won third place in the Lockney JV tournament last Saturday by edging past the host team 34-31.

Littlefield was knocked out for the championship title contention by losing to tough Morton JV 41-39.

After the first period of play the Cats were trailing by a basket 10-12. The Cats and Morton each scored eight points in the second period to give Morton the edge at 20-18 at intermission.

In the third period of play the Indians stretched their lead to four points to go ahead 31-27.

With seven seconds remaining in the game it was 39-39, so Morton stalled the ball until there were two seconds left in the game. Morton shot and made it to give them the win.

Rudolph Smith tallied for 22

points to take highpoint honors. Also scoring for the Cats were David Goen, eight; Eddie Elms, four; John Shipp, three; and Fred Martinez, two.

Coach Eddie Hooper stated that the game was the best game he has ever seen a Littlefield JV team compete in.

In the game for the third place trophy, Lockney mounted up for an eight-point lead, 15-7 after the first period of play.

Littlefield crept within three points to narrow the gap at 21-18 at the half.

The Cats turned that three-point Lockney lead into a one point, 26-25. Wildcats led at the end of the third period.

Littlefield outscored the locals eight to six in the final period to bring home a third place trophy.

Rudolph Smith was named to the all-tournament team.
