en Meeting Slated On Weather Modification

Persons interested in this year's weather modification program—farmers or non-farmers—are invited to a meeting Wednesday night, May 28, at the County Courtroom.

A monitor for this summer's program will be introduced and activities of the Texas Water Development Board and A&M

University will be present to explain and clarify the monitor's duties and responsibilities.

One of the specifications for the approval of the permit issued by the Water Development Board for this year's program was that an independent organization monitor activities and present reports on the activities.

The Texas Water Development Board gave the contract for a meteorologist monitor to Texas A&M. The monitor was to be at the radar center in Littlefield at the beginning of the program this month, but a legal interpretation of the contract led to a delay. The monitor is to arrive in Littlefield on Wednesday, and the meeting is slated for the day he arrives so everyone will have an equal opportunity to hear him spell out his duties, responsibilities and method of reporting.

TWDB authorities said the reason the monitor hadn't already arrived was due to the fact that the board's lawyer advised that the contract between the board and the university couldn't become effective until the TWDB met again and approved the contract. This contract was approved Tuesday, May 20.

The contract was made with A&M to insure that the monitor would be completely independent.

All interested persons are invited to attend and ask questions.

If more persons are present than can be accommodated for the county court room on the first floor of the courthouse, the meeting will be held in the district courtroom on the second floor.

Littlefield Wins 2 Of 3

Two of three Littlefield squads entered in the regional Little Dribblers tourney took first round wins and stayed in good shape for the title.

The senior girls edged Sudan 37-32 Thursday in Littlefield's Junior High gym, and the major league squad doubled up Friona 22-11.

The junior girls, though, fell to an aggressive Dalhart team 21-17, but still remained in contention in the double elimination tourney.

The tournament concluded Saturday night with the three championship games, but because of the Leader-News' deadline, Friday afternoon's and Saturday's games will be covered this Thursday.

Littlefield's senior squad moved out of an 8-8 first period tie to scorch the nets with 12 second quarter points and take a 20-13 lead. It was 28-21 after three periods, but the locals fought off Sudan's rally and won 37-32.

Lavonna Sanderson and Bridgett Twitty tossed in eight points apiece to pace the winners. Ann Hill had six, Jamie Lee, Geanice Ward and Gloria Brockington contributed four, Barbara James two and Kim Pace made a free

throw. Tracey Hill popped 14 for Sudan, and was followed by Becky Byerly with

"This will be a good opportunity for us

to express both our gratitude for past assistance, and concern about pending legislation," Bennett concluded.

Bula Commemorates 50 Years Of History

MRS. JOHN BLACKMAN celebrated its 50th Anniversary with a three-day celebration May 17 and 18. Bula School will no longer be known as an Independent School District. The scholastic activities of the Bula District had been so low that it did not appear to continue.

On May 3, 1975 a referendum was held in which the people of the District wanted to consolidate with the school and pay the taxes or be consolidated with the school. A total of 126 votes were cast with 96 votes for consolidation and 30 votes against, with the majority favoring they preferred to be annexed to the Three Way School.

A called meeting Tuesday, April 23, at the City hall in Muleshoe, Bula School officially became annexed with the Littlefield Independent School District. Activities for the celebration began Wednesday night with the coronation ceremony and crowing of Mrs. Jerry Blackman as queen to reign over the district. This was followed by a huge pep rally, then a dance in the gym. The young and the old

danced, and spectators laughed—all had fun.

Saturday, the day was full of activities. Registration began at 10 a.m., with only 372 signing the registry book and 120 of them being graduates of Bula High. Many more were there, but failed to register.

Classrooms exhibited arts, crafts and historical exhibits. There were contests for the prettiest baby, ugliest man, longest hair and best mustache. Other outdoor activities included tobacco spitting contests and bicycle riding contests.

At 10:30 the Queen, escorted by Cecil Jones, made her parade ride around the ball field in a two wheel cart, decorated in school colors of black and red, pulled by a shetland pony.

A sandwich lunch was served at the noon hour, sponsored by the Bula Booster Club.

At 1 p.m. everyone who could crowded into the auditorium for the program, with Mrs. James Sinclair in charge. Welcome was given by Superintendent James Sinclair, presentation of colors by Boys Scout Troop 676, Steve Pollard, and "Pledge of Allegiance" led by

Jamie Cox. All joined in singing the national anthem, "Star Spangled Banner", led by James Sinclair. Invocation was given by School Principal G. O. Smith.

Recognition was made of former faculty members who were present. Miss Gladys Butler, of Lubbock was recognized as first teacher of Bula School in 1925. Mrs. Lois Simmons, now of Georgetown, being the oldest teacher present and the person coming the farthest. Ruth (Light) Wallace of Amarillo was next in line for living the farthest away.

G. O. Smith of Lubbock was recognized as being the oldest administrator present.

Former coach Curley Risinger and Mrs. Risinger were recognized for having served the school the longest period of years. At this time queen of the festivities, Mrs. Cox, presented Mr. and Mrs. Risinger a plaque, in memory of their untiring work with the Bula School. This was given by the Booster Club.

Mrs. John Alford was also recognized as a teacher in the early years of the school and also served as school prin-

cipal for a period. Each were presented a red apple (candle) for the teacher.

Former students, Susie (Jones) Shields of Lelia Lake, Janell (Seagler) Turner of Las Cruces, N.M., and Opal (Bogard) Roberts of Junction entered from the back of room yelling like pep squad girls and dressed like leaders of three different periods—each one leading a yell of that decade.

One recognized all former honor students present that Bula had produced. One recognized all former cheerleaders and one recognized all former athletes present.

This part of the program closed by group singing of the school song "Bula High", led by Sinclair.

A musical program was enjoyed for awhile, with Mrs. Sinclair at the piano, accompanied by stringed instruments played by Mr. and Mrs. H. W. Garvin, Mr. and Mrs. George Tyson of Three Way, J. D. Rowland of Bula and Forrest Martin of Littlefield.

This was followed by the recognition and awards given to winners in various contests and shows.

Jerry Teaff gave the awards to winners in art, crafts and sculpture. First

winner in arts went to Michael Greer; second to Dood Harrington; third, Cecil Foster; and fourth, Judy Kirk. Ribbons were given to Jamie Cox for pencil drawing, Ferol Krizek, Betty Hart, Willie Mae Rice, Cara Schuster and Waynette Fisher.

Sculpture winners: first, Mickey Stephens; second, Carl Hall; third, R. C. McCormack and grandson, Danny Hogue; fourth L. W. Chapman.

Crafts: first, Mrs. Carl (Doris) Robinson of Littlefield who entered a miniature country store; second, Mrs. J. D. Bayless; third, Carl Hall and fourth, Peggy Ray. Ribbons went to Wanda Layton and Mrs. V. C. Weaver.

In the baby boys' contest, first place went to Jerry Bellar Jr., small son of Mr. and Mrs. Jerry Bellar; and Mark Tiller took second place.

over-all place. Twelve were entered in this contest.

Tobacco spitting contest was won by Gene Autry. The agriculture teacher, Lester Bounds, could not be beaten on his spitting 18 1/2 feet, but he was not eligible to win.

Returning to the auditorium at 4:30, the general program for the exes started, with a former student and currently a coach in the Levelland school system, Charles Seagler, introducing the master of ceremony for the rest of the afternoon's program, Marion J. McDaniel from Cotulla, former teacher from 1951-1956, and administrative head from 1964-1971.

McDaniel presented the queen, Mrs. Jerry Cox, to her court, and sang to her "Something to Remember", with Mrs. Jean Parkman at the piano.

Then for the era of the school 1925-1929, Barbara (Bogard) Kennison, now a teacher in the Olton School system, See BULA COMMEMORATES, Page 4

To The EDITOR

Dear Editor,

I'm one mother who would like to express my gratitude for several people for their unselfish contributions. Not only do children of Littlefield enjoy the benefits, but parents as well. I'm speaking of our baseball parks.

Mike Cotter has been helping with Junior and Senior Babe Ruth for 15 years—practically by himself. And the Don Averys have devoted 15 years through the different leagues.

Janna Stehlik has started her third year at the concessions. Some nights she operates with no help at all. The concession is run strictly on a volunteer basis. The only people paid are the umpires. The profit from the concession goes for the purchase of baseballs, \$3.25 each, bases, balls for the fields, \$6 to \$10 each, equipment for the concession and repair, and maintenance of irrigation equipment and to the concession building.

When these few people retire, will there be more willing people to take their places?

They desperately need mother and fathers to volunteer to work at least one night a season and help keep this program going.

Anyone wishing to volunteer may call Sharon Robison at 385-4782 and she'll be happy to schedule a time when your team isn't playing.

Let's make the pass-word "Get Involved with Your Son!"

Thank you,
s/Carolyn Mauldin

Dear Friends:

Over a period of several weeks various friends from Texas have communicated with me in regard to legislation relating to the difficult problems which now confront the agricultural sector of our economy. I thought a brief report on the present status of these legislative efforts might be of some interest.

This week the House of Representatives voted to sustain the President's veto of the Emergency Agriculture Act of 1975. I actively supported the effort to override, feeling that while there were two sides to the issue, enactment of the legislation would tend to introduce some stability into agricultural markets and promote greater availability of credit for farmers.

In addition, I felt passage of the measure would serve to increase production, which would benefit both consumers and our national balance of trade. However, our efforts to override the veto fell short of the needed votes. Secretary Butz, who urged the veto of the bill by the President, has now come forward with a statement seeking to assure farmers that the USDA would seek to be helpful should there be such a requirement due to falling commodity markets.

For many weeks I have been seeking to secure passage of legislation which would provide additional Farmers Home Administration operating loan funds. Additional loan funds are included in the Emergency Employment Appropriations Act, which I introduced

as a Chairman of the House Appropriations Committee. This measure has passed both the House and the Senate, but final approval by the Congress is still pending, and there is the threat of a Presidential veto.

Operating loan funds for the FmHA have also been included in a Supplemental Appropriations bill which will soon be considered by the House and Senate. However, it is unclear just when the additional funds will be made available, but I can say with complete confidence that they will be provided. The USDA has asked the Office of Management and Budget to make a request of Congress for an additional \$110 million, but the Administration has failed to accept the recommendation of USDA in this matter. Nevertheless, we will find some way to provide FmHA loan money.

Many of our people are interested in the livestock situation. Last week the House passed legislation amending the Emergency Livestock Credit Act of 1974. This measure would increase the present loan guarantee from 80 to 90 percent, guarantee a "line of credit" instead of the one-time loan, and increase the repayment period to seven years. I supported this bill, although I do not believe the legislation goes far enough in helping the cattle-feeding industry.

However, the members of the House Agriculture Committee felt that the provisions of the measure were as adequate as they could make them under all the circumstances. As you know, the consumer groups are very powerful, and they seem not to understand all of the implications of the deterioration of the beef industry. The bill is now in conference so that the differences between the House and Senate versions may be worked out. It is not possible to tell at this time what the ultimate outcome will be.

In addition to this legislative initiative to assist the livestock industry, we have been successful in our efforts to convince officials of the Small Business Administration and the Farmers Home Administration to revise regulations and increase the availability of credit to feedlots. The SBA has published this week in the FEDERAL REGISTER revisions in their size standard for cattle feedlots; and I received notification yesterday from Farmers Home Administration officials that they are planning to compose new regulations which would enable feedlots to be eligible for assistance under the Rural Development Act. These changes may be of some assistance to feedlots in our area.

I am most concerned about the present agricultural situation, and I want to be of maximum assistance here. You may be sure of my continued best efforts to seek workable programs of assistance to farmers in order that they might weather this period of rising costs of production and unstable agricultural prices. Let me hear from you at any time. Best wishes.

Sincerely,

s/George Mahon

BULA COMMEMORATES

Continued from Page 1

came out doing the Charleston to the music "Five Foot Two", with Jean at the piano. She wore a flapper dress style of that time. All exes of that period were asked to stand and introduce themselves. These first pupils were Samuel Lee, Travis Waltrip, Cathrine (Waltrip) Brecht, Omas (Campbell) Petree, Weta (Low) Cannon, John Alford, Arlie Elms, Herbert Watson, Chester Petree, and John Latham.

Arlie Elms gave a history of the school during this era. Elms, incidentally, was a student and also the first paid custodian for the school, his salary was \$25 a month. He stayed in school another year after graduating, so he could keep the janitor's job. At that time the building was heated by coal, and that was a chore going to the basement to get coal for all those pot bellied stoves. He told of their first ball games and track meets—their first coach being Melton Dyer.

For the era 1930-1939, music of this period "Down Yonder Rag", was played by Jean, with Barbara dressed in the attire of this era with her brother, Jake Bogard from Charley doing Down Yonder Rag. Exes of that era rose and introduced themselves, and told what class they graduated with. History of this period was given by Mrs. John Alford. Mrs. Christine (Waltrip) Brecht of Fort Worth and Omas (Campbell) Petree of Morton were graduates of the first graduating class 1930-1931.

For the era 1940-1949 Mrs. Parkman started softly playing a war song "When Johnnie Comes Marching Home", then went into the "Tennessee Waltz", with Jake and Barbara doing a waltz. Suddenly she changed into playing a jitterbug "In The Mood", with both doing the jitterbug. This decade of exes rose and introduced themselves. George Allan Simmons of Irwin, now a pharmacist, gave the history of this period.

For the era 1950-1959, Mrs. Parkman played an Elvis Presley tune, and Barbara and Jake did the bop dance, a popular dance of that time. History of this era was read by Wendell Jones, 1957 graduate and currently member of the school board. All attending school and graduates of this period introduced themselves.

The era of 1960-1969 was time for the rock and roll music, so Barbara and Jake did the rock and roll dance to the music "Rock Around the Clock." History of this period was given by Mike Risinger 1964 graduate, now a soil scientist at Del Rio. Jean started playing quietly "Bridge Over Troubled Waters" and "Last Date". Then students stood

and introduced themselves. History of this, the last age, was read by Edward Clawson, 1974 graduate and attended San Marcos University the past year.

This closed the afternoon program and everyone went to the school gym for a free barbecue, sponsored by the Bula-Enochs Lions. At 7:30 the program resumed with reminiscence and contributions by exes, with McDaniel as master of ceremony. First, a silent prayer was given in memory of the three wars, and deceased exes of the history of the school. This was followed by McDaniel making a tribute to all exes in various fields. He also expressed gratitude to the community and various organizations that have backed and supported the school. Last, but not least, McDaniel stated he wanted to give tribute to the present faculty who will carry forward the youth from this district to another.

Tommye Ann Gaston, graduate of 1949 class was introduced by McDaniel. She read her "Farewell to dear old Bula High."

McDaniel read a poem he had composed in honor of the School and both the Bula and Enoch communities. Just before he completed reading his poem, Mrs. Parkman started playing "God be With You Till We Meet Again". At the close of his reading, everyone rose to their feet and sang the song.

Then the floor was open for reminiscence. Charles Seagler did a research on "Why Bula People are Superior", then the former Bula-ets Lanell (Claunch) Powell, Judy (Young) Kirk, Sandra (Angel) Austin, and Janell (Seagler) Turner, with Mrs. Parkman at the piano sang "Moments to remember", "Somebody Bigger than I", and "America the Beautiful".

Jake Bogard gave "As I Remember It", taking in the years 1943 through 1953.

McDaniel gave a tribute to a roper, Jake Bogard.

A talk from the heart was given by Susie (Jones) Shields. She stated that she remembered Coach Curley Risinger had taught her to be a good forward in basketball, she had to keep her eye on the goal and in life today, if we want to achieve our goals, we have to look ahead to that goal. She also read a poem, "The Hot Rod", that a school friend, Jimmy Cannon, had written in her year book. The day closed with some in tears and some laughing, saying, "I wouldn't have missed this for anything".

Some registering from afar who have not been mentioned are Polly Simmons and Vic Lee of San Diego, Calif., Floris Gilley of Amarillo, Elmo Smith of Lubbock, a former teacher; Mr. and Mrs. John Robinson of Hale Center, Opal (Parsley) White of Lubbock and a former teacher, Carl Coffman of Lamesa, R. C. and Neola McCormack of Clovis, Mrs. Neoma Berry of Hale Center, Dorothy Rutherford Lee of Fort Worth.

THE ABUNDANT LIFE

New Beginnings

THERE ARE MANY WAYS and many times, when we must make "new beginnings". We know, of course, that some things about our lives cannot be changed; even when we want to change. There will be some undesirable consequences which we must accept. We may have some strong regrets about some things. We may even be humiliated by some of our mistakes. All of these can be realities, and, for some people, the life situation may even be worse. Nevertheless, many "new beginnings" can be made.

WE MUST NOT let ourselves become bogged down, with a hopeless, helpless feeling of despair and defeat.

It seems rather easy to let our mistakes and even the necessary routine of living to cause us to become obsessed with the view that our life situation is so unalterably fixed that there is no chance for beginning again.

EVEN THOUGH SOME THINGS we have done, or left undone cannot be changed and must be accepted as part of our life situation; there is something better than complete discouragement.

There is certainly no justification for deliberately doing the things that worsen our living experiences.

IT WILL NOT ALWAYS be easy to redirect our lives; great efforts are often required to make indicated reforms.

In the fullest sense, it is not possible to correct all of our mistakes; but we can do our best, with expectations for much rewarding success.

WE MUST NOT GIVE UP, and there

will be inclinations to do many folk do give up. The unmindful of the possibilities of "new beginnings".

For some, this will be necessary but for other, the greatest efforts must be put forth. In instances, some qualified help is needed. Let us be thankful help is available.

IN SOME CASES, a new beginning will be the "new beginning" of friendship. Some marriages improved, and others such similar action that climate of "a new beginning".

A Woman's View

By PEARL BRANDON

THIS IS SUCH a beautiful morning—reminds me of when we lived on the farm and we were all out bright and early working in the fields—the wife and children right along with the man of the house.

We didn't hear much of Woman's Lib in those days. It wasn't a matter of rights, but of everybody doing their part. When evening time came, everybody went to the field. Those who were old enough hoed and those too young played around in the field. The young ones had great fun catching lizards and bugs and building dirt houses.

IT WASN'T all fun for those old enough to work, though. The days were long and hot—sometimes it seemed the sun would never go down, however, it always amazed me at how the children romped and played after we got home from the fields.

While we grown-ups were going about our evening chores and getting ready for the next day, so tired we were about to drop, the kids would be romping all over the place.

SPEAKING ABOUT chopping cotton all day in the hot sun, we had a neighbor who had five sons, all along close together. The youngest was six or eight years old, but he went to the field along with the rest, including their mother.

Then, they plowed behind the hoes and the family was working hard to stay ahead of the tractor. Sitting on a tractor 12 hours a day in the hot sun is pretty tough, so the father had rigged up a shade on it.

One day while they were all hard at

work the father came plowing tractor and the youngest "Look at that old bald-head sitting up there in the shade while the rest of us work like here in the hot sun."

THAT WAS the way it was but this is now. New methods found to farm—most farm row tractors and poison

I wonder sometimes what will bring, so much has happened life time. We have gone from stock plows to huge farm implements. I remember the ever saw and the first airplane radios or TVs then. Now we go to the moon.

HONNY GRITS
By CORNBALL BLES

I HAVE IT FROM the horses mouth, that your new automobiles of '78 will all be of the medium size, and less. The big, plush Berthas' are on the way out.

Of course it isn't the choice of the people, it's just that there seems to be ways and means of bringing us into line according to the whims and wishes of the powers that be.

WHILE I DON'T wish to give the horse laugh to the idea of an energy shortage (I have one myself) I still have the idea that the situation could be handled differently. Perhaps I'm just gripped to see the passing of an age.

At any rate, I'm of the opinion we'll be driving less, and enjoying it less. Gone will be that feeling of security in having a heavy, stable auto under our seats. Neither will you be able to carry all the necessities of a long trip in the trunk, that especially if you have a couple of kids. We'll not be so horse-power conscious either.

SO YOU'LL JUST keep your old rig?—Well, perhaps. But unless I miss my guess, taxes and upkeep costs may make impractical to use. And then where could you sell the thing, besides the junk man?

Well, guess we'll just wait and see, huh? Or better yet, we could just take the interest on our national debt, and

buy Arabia!

SURE LOOKS GOOD something "growing in our fields, besides weeds. I'd say point, things are looking pretty. Let's keep our fingers crossed wishing the best for these fellows have the leading role in supporting local economy.

WOMEN? WE'RE pretty well with birds down around the mill in sympathy with them (who know many we may need to cope with mosquitoes, this summer?) I'd eat a cookie out on the ramp for the joyment.

Pretty soon I had quite a gathering was watching as they were taking advantage of my offering something caught my eye that tically ruined the whole show. Omas was playing a very coy act that was causing one of the to pick up the crumbs and feed her, if she were a nestling!

AT FIRST, I thought she might been crippled, but when she momentarily spooked the male started hopping about and gobbling remaining crumbs, just as if there no tomorrow!

HOW'S The Electric Company DOING?

Let's ask Bert Ballengee — Reddy's financial man.

"It takes money to build for the future so that you'll have a dependable supply of electric power. We'll need \$345 million over the next five years. Of this amount, we'll have to borrow \$200 million. And, at today's interest rates, it's easy to see why electricity may cost more. But, it's all part of creating the good electric service you've come to expect from The Electric Company."

Bert regularly visits the financial centers of the nation keeping in touch with the financial market and arranging for the millions of dollars it takes to assure our electric future.

'We, The Women' Honor Founders At Tea This Afternoon

3 P. M. - Willey Room

Since "We, The Women" was founded in April 1967 it has been a worthwhile and active organization of Littlefield. An "Appreciation Tea" is being held today in the Willey Room at 3 p.m., honoring past presidents and charter members. Therefore, a look at a few of "We, The Women" projects—both old and new—is in order.

SERVING AS HOSTESSES on behalf of "We, The Women" at the reception honoring guest of the Windmill Marker

Dedication, Aug. 28, 1970, were Bettye Smith, Beulah Dunlap, Mrs. George White and Mrs. Arthur Duggan. (Staff Photo)

THE ANNUAL "Sidewalk Art Show" has been a successful project for "We, The Women"

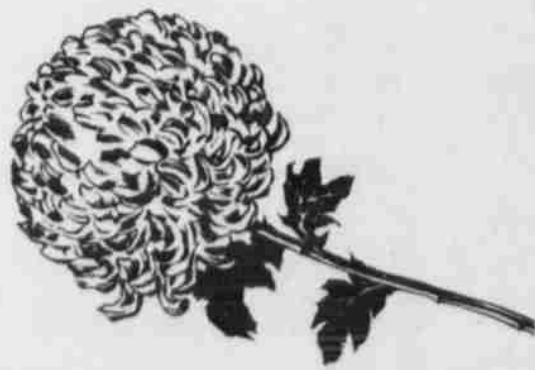

"THE YARD OF THE MONTH" contest was sponsored and judged by "We, The Women." Beulah Dunlap presents Mrs. Troy Moss with her award.

An ugly corner was changed into a spot of beauty after work was begun by members of "We, The Women". Bill Healy and the Coca Cola Company provided the paint for the walls and the sign. Committee chairman Marge Anzeline of "We, The Women", with the help of Mayor J. E. Chisholm and Fire Chief Leon Durham, provided lights to do night work, and city employees hauled off seven truck loads of trash. Other painting of flowers, windows, etc. was done by Frank Anzeline. Benches were purchased by "We, The Women", while Betty Smith was serving as president.

FIRST PLACE FLOAT in the 1970 "Loyalty Day" parade, sponsored by the VFW Auxiliary was won by "We, The Women".

LITTLE DRIBBLERS TOURNNEY

Sally Wilkinson ripped the cords for 10 points in the major's win over Friona. The score was tied 3-3 at the half, then the locals erupted for 13 third quarter points and coasted in with the victory. Pam Fisher contributed five in the win, Kim Tollett hit four, Linda Glover made two and Vicky Tunnell one. The junior team fell behind Dalhart early and could never close the gap.

They trailed 6-1 after one quarter, 10-6 after two, then fell behind 18-12 going into the last period.

Russell Giles notched 10 points for the losers. Kim Spencer added five and Kayla Bryant scored two. Tammy Proctor spearheaded the Dalhart offense with 10.

The senior squad met Dalhart, the most impressive team in the tourney, Friday night in a semi-final matchup. The Dalhart squad had taken previous

victories over Levelland North 44-12 and Crosbyton 48-9.

In one other senior game, Sudan eliminated Levelland North 28-26.

The major league girls went up against Hale Center in a 9 a.m. Saturday meeting. Hale Center got to the semi-finals by winning a heart-stopper over Abernathy 41-40 and booting Dalhart 21-17. Dalhart beat Plainview 28-14 in the first round.

LAVONNA SANDERSON hauls in a rebound against an aggressive Sudan player Thursday in the Littlefield Sr. Division 37-32 win. Miss Sanderson scored eight points in the contest. Backing her up is Sandra Healy (32). (Staff Photo)

"IT'S THEIR BALL!" says referee Troy Gardner, as Littlefield's Kim Spencer takes a rest. Dalhart capitalized on numerous Littlefield turnovers Friday morning to win the junior division game 21-17. (Staff Photo)

PAM WILLIAMS (left) grapples for the ball Friday morning in a junior division contest. Dalhart beat the Littlefield squad 21-17 in that game, a first-round outing in the regional Little Dribblers tourney. (Staff Photo)

WHOMEVER THOUGHT VOLLEYBALL was a non-contact sport should have seen the Littlefield Ding-A-Lings battle the KSEL Pink Raiders Tuesday night. Bobbye Pylant took one on the noggin, and teammates Sharon Freeman (left) and Mae Coston rush to her assistance. Mrs. Pylant made a speedy, miraculous recovery and returned to the game. Annual Athletic Banquet Conducted At Whitharral

WHITHARRAL—The Annual Athletic Banquet was held Friday, May 16, in the Whitharral Cafeterium.

The meal consisted of turkey and dressing and all the trimmings. It was prepared by Ruby Moore, Veldon Shackelford and Pearl Polando.

The invocation was given by Archie Sims. The welcome by Omar Tripp.

Coach Jerry Miller made the presentation of awards. Danny Dukatnik was named outstanding lineman for the second year in a row. Leslie Dockery was named outstanding back. Cynthia Wade was named outstanding player in girls' basketball and Mike Grant for boys' basketball. The girls' track team was fourth in district and boys track team was third with Leslie Dockery, winning third in the 120 hurdles at state. The fighting panther award went to Carolyn Benton and Greg Wade.

The speaker for the evening was Taylor McNeel, assistant Coach at Texas Tech. He asked if "we had rather succeed in something that will fail or fail in something that will eventually

succeed. He also said to set goals you can achieve but that are further to achieve."

He went on to say that a true champion gives what he has. Not all can be on top that someone always has to play second fiddle.

"In setting life's goals, think first of priorities in the right order with the first aim getting our relationship to God in order. The second priority being the selection of your mate and third your livelihood."

He also said to prepare before you react, have the ability to arise to the occasion.

The benediction was given by Louis McCormack.

Middle Teams Meet In Little League Play

Major league leader WOW was idle, as was last-place Rotary, so the middle teams battled it out this week in Little League action. Birkelbach retained their second-place spot by dousing Fire Department 7-2 Tuesday, and Lamb Co. Electric sizzled the Lions 9-7 Thursday.

Leader-News kept a strangle hold on first place in the minors, rallying for six last inning runs to beat Carlisle-Oldham 16-11 Thursday.

The Newsmen upped their record to 4-0 with the win, and dropped Carlisle-Oldham to 1-2.

Both teams scored two runs in the first and second innings, then Leader-News exploded for

five in the third and built a 10-5 lead going into the bottom of the fourth.

Then C-O put together a six-hit rally and pushed six runs across to go ahead 11-10. But the Newsmen came back with six of their own and put the last Carlisle-Oldham batters three up, three down.

Charles Jackson was the winning hurler and slapped two doubles and a single offensively. Scott Lewis banged a double and two singles, and Lindsay Scott added three singles.

Martin Sanchez led the losers with a pair of doubles. Pitcher Buddy Collins cracked a double and a single.

Birkelbach's Todd Butler and Mike Williams combined to throw a one-hitter at the Firemen. Williams also led in the hitting department, blasting two doubles. Butler notched a double and a single, and Jim Burks and Mark Newton had doubles.

Curtis Williams got the only Fire Dept. hit, a solo homer leading off the second inning.

Lamb Co. Electric got their win in the bottom of the fifth.

James Randel reached base on a double with the score tied 7-7, then scored when Kerry Rainbolt hit another double. Randel was followed across home plate by Ronnie Guthrie.

Dennis Abeyta picked up the win and punched a double and two singles. Rainbolt finished with two doubles.

Marty Drake handled the pitching for the Lions, and joined Todd Simpson with a double and a single.

Volleyball Game Raises \$810 For Scouts

The Littlefield Ding-A-Lings battled the KSEL Pink Raiders to a 2-2 draw Tuesday night, but the real winners in the contest were the Boy Scouts.

The volleyball game brought in \$810.89, and the money will be shared between the three Littlefield troops.

Mrs. Ruth Stueart, who was in charge of the exhibition

volleyball match, extended her thanks to the KSEL squad, who gave their time for no charge; the many local sponsors; the girls who played for the Ding-A-Lings; and Junior High Principal Byron Ford for letting them use the gym. Mrs. Stueart added a special thank you to the people of Littlefield who turned out for the game.

Resuscitation Clinic Conducted

The Littlefield Young Homemakers of Texas and the American Heart Association sponsored a CPR (Cardiopulmonary Resuscitation) Clinic Monday in the Willie Room of the Lamb County Electric Cooperative.

An afternoon and night class was attended by 24 people.

CPR is the emergency technique of applying mouth to mouth breathing and chest massage to restart a stopped heart in cases of cardiac arrest, until a more advanced life support unit is available.

A film entitled, "New Pulse of Life" was shown to those attending the free clinic.

The course taught those present when to use CPR and how to use it correctly. Heart attack, electrical shock, drowning, overdose of drugs, gas poisoning and suffocation are different emergencies when CPR can be used.

Evone Oliver taught the afternoon class and Mrs. Oliver, Bobby Pylant and Joyce Oliver were instructors at the night class.

Joyce Oliver took blood pressures as the people registered.

Those attending the two classes were Peachy Hampton, Jan Moore, Hope Gallegos, Diane Evins, Mr. and Mrs. Floyd McElroy, Mr. and Mrs. W. B. Jones, Joella Lovvorn, Ernestine Lichte, Kathy Graves, Mrs. Joe Galindo Sr., Ginger Rainbolt, Ellen Massengill, Mr. and Mrs. James Settle, Mr. and Mrs. Deryl Elms, Mr. and Mrs. Delbert Smith, Mary Harbin, Bernice Johnson, Pat Stubbs and Nelda Carpenter.

STRANGE PARTNERS

One of the strangest partnerships in the animal kingdom is the friendship between the coyote and the badger. There's a great advantage for the coyote—the badger has long, powerful claws to dig out burrowing rodents, which the coyote can then pounce upon. What the badger gains in the bargain is not clear.
