Head lice cases appear at school

Several cases of Pediculosis (better known as head lice) have been diagnosed in the Littlefield school system, according to the school nurse, Mrs. Joyce Oliver.

Mrs. Oliver requests parents to check their child's hair for the grey critter that crawls through the hair. She emphasized that several Anglo children have "caught" a start of the lice through contact with other children at school, or by contact with a contaminated comb, brush, cap, hats, or clothing of various sorts.

Mrs. Oliver emphasized that "It's not a sign of being dirty, and it should be treated fast, since it spreads quickly."

According to the retiring county health officer, Dr. J. H. Oyer, "People should be more particular with their body care, and if they do get head lice, they should contact their physician for a shampoo prescription, and spray for furniture or other common contact points." According to information from the school nurse's office, it's hard to see head lice, but you can recognize the signs because of 1. persistent itching- often with infected scratches or rash on the scalp; 2. Nits- small, silvery egg cases attached to individual hairs. You can see them if you look closely. And 3. swollen lymph glands in the neck or under the arms- which may occur in severe cases. She emphasized to check the scalp and hair at the back of the head and behind the ears. This is where lice usually settle down.

Have a doctor or nurse check to be sure.

How to get rid of them? Follow your physician's advise on the prescription he gives you. The school uses Kwell shampoo, which is supposed to kill the lice and the nits, or egg patches.

Pour the shampoo on the head (about 2 tablespoons).

Wet the hair thoroughly with warm water and work the shampoo into a good lather.

Shampoo vigorously for at least four minutes, making sure all hair areas are covered.

Rinse thoroughly and rub dry with a clean towel.

Comb well with a clean, finetooth comb to get rid of any remaining nits (eggs).

How do you keep them from coming back?

Clean all articles that might still have lice or nits. The adult louse

said they all look alike and are extremely hard to find and identify. Since the last report, officers have arrested six in addition to the four charged with burglary.

Tony Scott, 25, of Amherst was killed at about 7:32 Wednesday morning when he stepped from in front of a parked truck on East Delano at East Fifth Street and was struck by a car driven by George Trevino of Littlefield, according to the investigating city police officer's report.

Scott was apparently killed instantly, and suffered a compound fracture of the right tibula and fibula (lower leg), abrasions, contusions, and bleeding from the mouth.

He was dead on arrival at Medical Arts Hospital, and upon X-ray examination, they found no basil or skull fractures, nor evidence of a broken neck.

Wildcats face Morton

It's a mad, mad world in District 3-AA.

With two weeks to go in the campaign, only Muleshoe is definitely out of the running. Olton has a mathematical chance to tie for the crown.

Morton and Littlefield both have 1-1-1 records and must win their remaining two games to have a shot at the title. Dimmitt has a 1-0-2 mark and meets front-runner Friona, 3-0, Friday night.

If Friona beats Dimmitt the race is over and the Chieftains are the champs. If Dimmitt wins, the race will be settled in the last week of play.

Littlefield's only hope is to beat Morton this week and hope for the best. Morton's team has come alive in district race. The Indians have the biggest team a Jerry

Tackle Ricky Carter and tight end James Johnson led the Morton offensive line.

Coach Blakely figures the way to control the Morton attack is to stop the off-tackle plays and the sweeps.

On the 6-6 tie with Olton Blakely said, "It was an experience the members of our team will always remember. Not many play in seven inches of snow.

"The snow was a definite advantage for Olton because of the types of offenses the two teams run. We were fortunate to tie Olton under the conditions. Their offense dominated the game. They ran 73 plays and we ran 32.

WELL, BY THIS TIME, we know whether the country will be running on peanut oil, or a Ford. Of course I'm having to write this on Monday night, as "The kind of stuff I write" must be in the office early.

THE POLLS ARE too close to make any difference, at this time. The big brains of the country have knocked themselves out trying to come up with something conclusive in their election race. At the present time, they've had to admit that they just don't know.

The US News & World Report gives Carter an edge by a gnats bristle, while the Harris and Gallup polls are undecided. It could be highly possible that whichever presidential candidate wins could be elected without getting the majority of the popular vote. This would be highly unsatisfactory. Whitharral homecoming features busy agenda

WHITHARRAL-Theme for Whitharral's 1976-77 Homecoming was "Whitharral, Now and Then." The weekend of events got

underway Thursday night, Oct. 21, with a bonfire and pep rally.

Friday afternoon at 2:30, a parade was held with 18 different floats entered. They were: The Honor Guard, the pre-kindergarten, fourth grade class, the Whitharral band, football boys and the queen's float.

The Senior Citizens, which was made up of a group of people who were Whitharral youth in 1924-25, the Young Farmers, Young Homemakers, and the Parent Advisary Committee. Also entered were several decorated bicycles, horses, and tractors.

Those winning trophies were: The Young Homemakers, which depicted ways homemaking has changed and the 4-H club which went from "pig Sty" to "pig Sty". Town and Country Furniture and Appliance features a full line of furniture, appliances and stereos. In addition, they will be handling custom made draperies and are planning a "butterfly" room for small accents and decorative items.

Richard's brother has a carpet and drapery business with a custom decorator, so Town and Country will be able to do a complete decorating job for those who desire this service.

Town and Country Furniture and Appliance hopes to be your well-rounded store. In addition to

Appliances include Whirlpool washers, dryers, refrigerators, dishwashers, ranges, compactors, and food disposers. They are featuring the Litton oven and microwave ranges, full-sized and portable. They have ranges with a double oven with one conventional and one microwave. And they have the only range made which is a combination conventional and microwave oven in the same unit. Litton is the number one selling microwave.

Furniture lines include Southland, Broyhill, Riverside, Stratolounger, Berkline, Bassett and Bernhardt. They will be announcing other lines as they are added to their inventory.

Wall emphasized that they have service to back up their sales. They offer free delivery and normal installation.

Ronnie Harrison is associated with the store and serves in several

and cassett players.

They will accept credit cards as well as arrange for easy credit terms.

"We want to invite everyone to come in and brouse and not feel obligated," Wall said. "We want everyone to know we have quality turniture and appliances at competitive prices so we can offer this area everything from accent pieces to full decorating jobs so they won't have to go out of town shopping for these services.

"We have quality furniture, but it is in a price bracket so everybody can afford it."

Come in and see the comfortable and enticing interior and look around. Some drapery samples have arrived, and the accent and decorative items will be here in time for Christmas gifting. Watch for Town and Country Furniture and Appliance featured items in their grand opening slated for next Thursday, Nov. 11.

Vox Deil

GOD'S FIVE MINUTES

VOX POPULI IS NOT VOX DEI

Vox Populi is not Vox Dei. Which is to say that the voice of the people is not the voice of God.

Elijah did not hear the voice of God in the wind, the earthquake or the fire, yet those are the voices heard throughout the world today. Winds of war, ethical earthquakes, and fires of fanaticismall seem to signal Divinity's profound anger at humanity.

Not so, not necessarily, anyway. The stident voices of maddened mobs do not reflect God's attitudes toward His creation. "God is love" is the message He wants proclaimed. His voice is the still, small voice of the shepherd who said, "My sheep hear my voice, and I know them, and they follow me, and I give unto them eternal life, and they shall never perish, and neither shall anyone snatch them out of my hand. My father, who has given them to me, is greater than all; and no one is able to snatch them out of the Father's hand. My Father and I are one?" (John 10:27-30).
