## Industry Brainstorm Set

Littlefield citizens will be asked to supply the answers to the question, "Where Do We Go From Here" at a town-wide meeting Monday night at 7 p.m. in the District Courtroom of Lamb County Courthouse.

Bob Wear will get the ball to rolling when he speaks on "It's Everybody's Responsibility". He will urge Littlefield citizens to stop asking "When will THEY start doing something for Littlefield?" and search themselves for solutions to Littlefield's growing pains.

Several prospects are in view for new industry for Littlefield and all citizens—teachers, civic organizations,

government representatives, chamber of commerce, city council, school board, housewives, businessmen, farmers, preachers—anyone connected with Littlefield—are urged to attend.

"Our main concern is that we get

the people there to speak and present their ideas for industrial development," said Mayor J. E. Chisholm.

Others to speak at the brainstorming session are Mayor

Chisholm, Chamber of Commerce President John Clayton, City Manager Jim Shearer, and any citizen who wishes to make a presentation.

City Manager Shearer will again present ideas he received at an industrial development clinic recently.

## Campbell OK's Test

Littlefield made its first breakthrough with a major company in the vegetable industry Saturday at noon.

A meeting of several Littlefield men with a representative of Campbell Soup Co. resulted in agreement for this area to supply 500,000 pounds of onions to the firm this year.

The production will be grown by D. W. (Deb) Bawcom, longtime Littlefield farmer and businessman, on 25 acres. John Klemm, Campbell field man from Plainview, made the agreement with Bawcom on a guaranteed price basis.

A Littlefield spokesman said he and others had been trying to meet with Campbell Soup Co. over the past two years.

"What we have is simply a test program," said the spokesman, "but if it works out well, it could lead to more production in this area with Campbell in future years."

The spokesman, obviously elated with the breakthrough, said Campbell's reluctance to talk about vegetable growing in the Littlefield area in the past was due to "a lack of history" in vegetable production here.

Presumably, he added, successful production on the Bawcom plot this year could lead to future, more expanded agreements with the company.

He said the growing of 500,000 pounds of onions for Campbell would in itself result in numerous harvest hands being employed here later.

"It's a start," he said, "and we're tickled to death."

On a guaranteed price basis, he said, the rate is established prior to planting. This removes the traditional vegetable industry gamble on market price at crop maturity.

## Dog Owners Concerned About Poison

As a result of an article in Thursday's Leader-News, two more reports of poisoned animals have been received from dog owners.

The first article was about the strychnine poisoning of a \$150 Basenji female pup owned by Judd Walker.

The dog had eaten some poisoned meat the morning of April 2 and died the following evening. Study by a Muleshoe veterinarian proved strychnine was the cause.

Since then, it has been learned that Max Kennedy, 516 E. 17th, had a dog poisoned to death the same date. And Lloyd Jacquess, 217 E. 21st, reported he had lost two or three dogs by what he thought to be the same way.

Both men are in the neighborhood of Walker's 112 E. 20th home.

Chief of Police P. A. Fitzgerald says purchasing of strychnine for the purpose of poisoning animals is against the law.

Persons purchasing strychnine are required by law to register for the poison, and that name, along with the date of purchase, to be kept on record by the sales firm.

WORK BEGINS AT 60 for Mrs. Ava Wages who has gone back to school after an absence of 43 years. She is fulfilling a life-long dream wanting to be a nurse.

## A 'YOUNG 60'

## Granny To College

WILAH RODGERS  
News Staff Writer

Work begins at 40 for some, but Mrs. Mae Wages is beginning a new way of life at 60.

Mrs. Wages isn't a stranger to work. Hard work is good for you," said student-nurse who is training at the Arts Hospital in Littlefield. Grandmother of five, and 65-year-old, this ambitious little-haired granny has plunged into a nursing career, going to college after 43 years.

Mrs. Wages, who moved to Earth in 1926, has always wanted to be a nurse. She is now embarking on this life-long career. Her husband was an invalid for years before his death, and she had much practical experience in nursing him.

"After my husband died," Mrs. Wages said, "I decided to take training. I would pay me to work. I have to work. I can't just sit around and do nothing."

She admits that she chose a job that was much harder work, "but I thought you do is hard work if you do a good job."

Work isn't alien to Mrs. Wages. She has been working and has held a variety of jobs. She worked at the cafeteria four years. She has

been employed at cleaning shop, drugstore and ran a laundry two years. Later she cooked at a hospitality house and sold cosmetics.

"And before that," Mrs. Wages said, "See MRS. WAGES Page 14"

## Farmers Greet Planting Time

Time is nearing when Littlefield and area farmers will begin planting this year's crops.

Approximately 185,000 acres of grain sorghum were planted in Lamb County in 1968.

An increase in the number of acres is expected this year due to a number of acres coming out of the soil bank this year. Feed grain planted two in and two out will be 65 per cent acreage and four rows in and four out with a 50 per cent, according to Lamar Aten, ASC office manager.

Lamb County has a 187,000 acre cotton allotment and Aten said he expects 175,000 of this to be planted under the '69 program which allows full allotment at the same parity as last year.

SEVERAL HUNDRED acres of corn is in the ground in the Earth-Sprinklake area, and a number of area farmers plan to plant grain sorghum this week, depending on the weather.

Roy Hendricks in the Hart Camp-Fieldton area and Ervin Sadler at Whitharral are among those hoping to get sorghum seed in the ground this week.

Salder's feed land is about 50 per cent irrigated and 50 per cent dry land. He was still irrigating Friday and received a little over 7/10 inches rain. "The way weather forecasters are talking," Sadler said, "we may get enough rain to cut the wells off. We have good underground moisture."

Cotton production plans are for planting Dunn 56C and Paymaster 111, varieties that produce staples of an inch and a little over on his irrigated land (limited water), and shorter staple Rilecot 90 on one dryland place. He has already completed all pre-emergence treatment and fertilized his cotton acreage.

IRRIGATION WATER is much more plentiful in the Hart Camp area where farmers usually plant feed sorghum and cotton in solid patterns. Most farmers plan to plant grain about April 20-22, with most farmers planting 50 per cent of their sorghum allotment and 100 per cent cotton.

Hendricks plans to plant Stripper 31 with a staple of 15/16 to one inch on treated and fertilized loam. Most Hart Camp-Fieldton farmers reported about one-half inch moisture Friday morning.

ELDON GOHLKE is still irrigating grain and cotton land east of Littlefield where he reported only 6/10 inch moisture Friday morning. Irrigation is limited near the Bainer Switch area, and Gohlke said the light rain would make the water run better.

Gohlke will plant his full cotton allotment in Paymaster 111 and Dunn 56C in a solid pattern except where he can use his diverted feed acreage in skip-row cotton. His plans call for planting all cotton and sorghum the first few days in May.

Water is very weak in the Bula area. John Blackman had received about 3/4 inches of rain Friday morning and was hoping for more good underground moisture. Bula farmers are still

## Lung Donor Gives Life In Death To Family Man

The 16-year-old son of a former Bula resident is dead but his left lung is giving life to a San Angelo family man.

Donald Wayne Jackson, son of Mr. and Mrs. J. C. Jackson of Lubbock, and the grandson of Mr. and Mrs. P. R. Pierce of Bula, fainted during Easter services at the Bula Baptist Church Sunday morning. He was rushed to the Littlefield Hospital and then transferred to the Methodist Hospital in Lubbock suffering from a blood clot on the brain.

He was airlifted to St. Luke's Hospital in Houston Tuesday night as a possible donor for a heart transplant by Dr. Denton A. Cooley. But his heart did not match any of the potential candidates and he was transferred to Methodist Hospital.

Tests at St. Luke's showed blood

and tissue matched Joe A. Bunch, a 37-year-old man in a terminal stage of pulmonary emphysema who had been waiting seven months for a donor.

The husky teen-ager died late Wednesday. A short time later his left lung was transplanted into the body of the San Angelo service station manager. The man to whom the boy gave life is reported in "satisfactory" condition at the Houston hospital, with a borrowed lung and a new lease on life.

Bunch described himself as just a service station manager, a husband, and daddy of a four-year-old girl "who thinks I'm hot stuff." The operation, believed to be only the 15th such operation in the world, was performed by a team of surgeons from Methodist Hospital and Baylor College of Medicine headed by Dr. A. C. Beall Jr.

Young Jackson's mother is the former Fannie Jean Pierce, born and reared at Bula and a graduate of Sudan High School. The young man was burned seriously in 1958, and "had not been well since that time."

He was visiting his grandparents at Bula where the Pierce family was having a family get-together Sunday. He collapsed during the morning service at the Bula Baptist Church.

Jackson's parents, two brothers and a sister returned to seclusion immediately following the quiet, emotional funeral service in Lubbock Thursday.

Melvin Campbell, secretary of the club, invites everyone interested to be present at 8 p.m. for the April 15 meeting.

## Sportsmen Secure Films For Meeting

The Lamb County Sportsmen Association invites the public to see two films at their Tuesday night meeting in the Earth Community Building.

"Fishing Fever," covering everything from fly rod fishing to trot line running, and "Trials of White Deer" are the two films secured from Texas Park and Wildlife Commission for the Sportsmen's program.

Melvin Campbell, secretary of the club, invites everyone interested to be present at 8 p.m. for the April 15 meeting.

"We want Littlefield to grow, and when we get new industry, we will have a financial base that will take care of other problems that may appear to stifle growth in our town," Shearer said.

Mayor Chisholm and Chamber President Clayton will preside at the decision-making meeting.

## Toll Free Calls In September Here To Anton

Extended area telephone service between Anton and Littlefield is scheduled to be put into effect in September. District Manager Jerry Kehoe said this week.

The service, which will result in toll free calls between the two communities, will match that already in operation between here and the communities of Spade, Whitharral, Bula and Fieldton.

Cost of the service between Anton and Littlefield will be borne here in the following way: 5 cents extra per month on local service for Littlefield residential telephone users, and 35 cents extra per month on local service for business users.

Anton costs will be borne entirely by businesses. The agreement there is for each business telephone user to pay an extra 75 cents per month on local service.

Toll-free service between Littlefield and Amherst will be put into effect in early 1970, Kehoe said.

He said he expected no local service rate adjustments on Amherst-Littlefield EAS because additional equipment will not be needed for the changeover.

## SHOW BIRD SHOWS OFF

Not all escaped pigeons stay escaped.

A Komorner Tumbler recently had a freedom fling, but he made the mistake of landing in the back yard of Phelps Walker-McCarty at 308 E. 11th.

Eight-year-old Phelps put the snatch on the beautiful black and white show bird and made a temporary cell out of his bedroom and summoned Jerry Williams, president of the Littlefield Komorner Club.

For his efforts, Phelps, son of Mr. and Mrs. Hank McCarty, received a cash reward...and the Komorner is now being served its meals regularly for the price of showing off.

## New Emergency Unit Added To Equipment

By JOELLA LOVORN  
News Editor, Leader-News

A new panel emergency unit has been placed into service by the Littlefield Fire Department, making the volunteer department one of the best equipped in this area.

The 1969 Chevrolet panel is equipped with blankets, sheets, resuscitator, first aid supplies, oxygen, stretcher, emergency breathing apparatus, the latest electronic transistorized siren and speaker system, and the most powerful mobile unit on the plains, according to a fire department spokesman.

The panel "will make 128 miles per hour in case of extreme emergency" said Fire Chief Leon Durham. The two paid drivers are Lester Kerby and Pete Hill, who work 24 hours on and 24 hours off, seven days a week.

"We will use the unit for cloud watching, taking patients to hospitals,

helping with drowning victims, fire victims, wreck victims, or wherever lives are endangered and help is needed", the chief said.

The siren system will deliver three types of signal—the alert, the yelp, and the wail.

Atop the cab, with the speaker, are two revolving red beacon ray lights and two flashing red lights.

"We feel the new unit will help us keep our good record with a key rate of .29 with a 15 per cent credit," said Chief Durham. The rate allows Littlefield residents to buy fire insurance at the lowest possible cost.

Littlefield citizens paid \$51,477 in insurance premiums in 1968 and lost only \$12,193 in fires—resulting in lower insurance rates.

Littlefield has 23 volunteer firemen and two paid drivers, all of whom receive up-to-date training on fire fighting and use of equipment and techniques.

PETE HILL and Leon Durham admire the new emergency unit which has been placed into service by the Fire Department.

Parents of the groom are Sam H. Roden of Plainview and Mrs. D. C. Brunson of Texas City.

Joe D. Chester of Olton presented his daughter for marriage.

Miss Jeana Celeste Chester of Olton was her sister's maid of honor, and another sister, Mrs. Dean Jones of Earth, was matron of honor. Junior bridesmaid was Tamara Dawn Jones of Earth, niece of the bride.

Vonda Kay Roden of Amarillo, niece of the groom, served as flower girl.

Tony Darren Jones of Earth, nephew of the bride, was ring bearer.

Sam H. Roden of Amarillo, was his brother's best man, and groomsmen were Eugene F. Roden,

another brother, of Corpus Christi; and Alan Howe of Clovis, N. M., cousin of the bride, junior groomsmen.

Serving as ushers were Dean Jones of Earth, brother-in-law of the bride, and Jim Roden of Texas City, brother of the groom.

Presenting traditional wedding music were Mrs. D. L. Givens of Olton at the organ and Miss Leslie Holliday of Olton, soloist.

A reception was held in fellowship hall of the church following the ceremony. Serving were Misses Joyce Starkey of Earth, Cherie Thompson of Oklahoma City, Okla., Susan Painter of Edmonson, Debra Parish of Earth, Pam Holt and Francine Offield of Olton.

For their wedding trip, the bride wore an ensemble of a rose linen coat and a floral imported Australian silk skimmer.

They will reside in San Clemente, Calif., where the groom is serving with the Marines.

The bride is a 1968 graduate of Olton High School and was a spring graduate of Business College of the Southwest at Plainview.

The groom attended Olton High School and joined the Marines in 1967. He was injured in Vietnam in May 1968 and is presently stationed at Camp Pendleton, Calif.

## Lfd. 4-H Has Meeting

The Littlefield 4-H Club met April 7, at the Community Center.

Elaine Graves, president, presided.

Buying of signs to display upon the highways leading into Littlefield was the main order of business. Sharla Cook, chairman, Cheryl Carter, Marietta Carter, and Betty Boone were placed on a committee to suggest ideas to the club for financing the project.

The club voted to have Lindsay Lowell, a member of the Floydada 4-H Club, present films on his PGC tour which he took this summer. These films will be shown June 2.

The meeting time was changed from 7:30 p.m. to 8 p.m.

A method demonstration was presented to the club by Cory Logsdon and Brad Walden entitled, "Goodness Snakes Alive!"

Laquinta Clark led the motto and pledge.

Randy Cook led the 4-H prayer.

Recreation was led by Sharla Cook and Cheryl Carter.

All persons interested in joining 4-H are invited to attend our next meeting, set for May 5 at 8 p.m. in the Littlefield Community Center.

MONDAY: Sloppy Joes, combination salad, buttered peas, milk, and ice cream bars.

TUESDAY: Sandwiches (tuna and cheese), beef-vegetable soup, tossed salad, crackers, milk and chocolate doughnuts.

WEDNESDAY: Fried chicken, scalloped potatoes with cheese, green beans, Jello salad, rolls and butter, milk and cookies.

THURSDAY: Pizza, cabbage salad, lima beans, milk and brownies.

FRIDAY: Roast beef and gravy, creamed potatoes, blackeyed peas, rolls and butter, milk and fruit cobbler.

## What The Leader-News Thinks

### Ways To Ruin Littlefield

If you are really concerned about the future of Littlefield, as you should be, there are a couple of ways you can go.

Here are 10 ways you can ruin Littlefield:

(1) Attend no meeting of any kind. Criticize the way "they" are doing things.

(2) Remind others at all times of the dust and wind.

(3) Complain about the police department, fire department, Chamber of Commerce and all other governmental and civic groups.

(4) Keep convincing yourself that your attendance at school programs, service clubs, concerts, ball games, exhibits and benefit programs is not important—you'll never be missed.

(5) Knock your city council and school board and be sure you never attend while they are in session.

(6) Stay away from church. You might attend at Easter or during the Christmas season just to reassure yourself that all who do attend regularly are hypocrites.

(7) Purchase most of your requirements through stores or mail order houses in other communities or through discount catalogs. These firms are the first to come forth with donations for the community, and they are the

ones who pay taxes to support your town and school!

(8) Remind others that your newspaper is no good—it misses some of the local news. But never let the paper know about anything you do.

(9) Remember that all kids are delinquents, all businessmen are crooks, and uncomplimentary remarks about the town are in order.

(10) Above all, always be skeptical, cynical and negative about anything that is designed for the community's progress and betterment. Your motto should be: "If it's good, it can't happen here."

ON THE OTHER HAND, there are some things you could do to help Littlefield.

First off, the opposite of the above 10 rules.

Secondly, to be dissatisfied with the status quo.

And finally, to express that dissatisfaction in terms of constructive criticism and ideas for improvement.

A good time to start would be Monday night, when all citizens are invited to the "Industry Brainstorm" at 7 p.m. in the county courthouse.

A good idea or two will be forthcoming, we are sure, and YOU might be just the person to come up with the "brainstorm" that will work.

"Now I know why you've been so sweet to me lately, Walter. You've been building up to asking me for a heart transplant!"

### THE ABUNDANT LIFE

## Helpful Hope

By BOB WEAR

WE MUST NEVER GIVE UP HOPE for the survival of our "way of life". Of course, we must work diligently to make this hope meaningful. It must be more than wishful thinking, and it can be.

There is still good reason to hope, but nothing can be left to chance.

WE KNOW THAT the defeatist attitude will bring disaster. If we permit ourselves to think failure and talk failure, we will certainly contribute to the possibility of failure.

On the other hand, the loose and unjustified attitude that there is not reason to be concerned; that everything will turn out all right, is dangerous.

OUR PROBLEMS ARE MANY, and some seem to defy solution. There are dangers, some of them grave dangers, which threaten us. Challenges are being hurled against us which are not easy to meet triumphantly.

Our present life situation is rough and difficult, but not hopeless. These are, indeed, times which try the souls of men, but there is no reason to give up.

IF WE LOOK at nothing but the complexity and the enormity of our problems, we are going to develop a burdensome spirit of despair. If, to this mood, we add the feeling that nobody else is concerned, we are liable to be completely overcome.

We must never adopt the attitude of the man who thought he was the only one who was concerned about important matters. This man, Elijah, told God that everybody else had forsaken Divine laws, torn down God's altars and killed his prophets.

He said, "I, even I only, am left; and they seek my life to take it away." This man was mistaken, and God told him that there were several thousand persons just as concerned as he was, and just as loyal, too.

WE KNOW THAT THERE is widespread indifference among people, but we must not assume that everybody is indifferent and unconcerned. Such a damaging assumption is not justified.

It is very important for us to remember that thousands of others are just as concerned as we, and just as loyal.

KNOWING THAT OTHERS CARE, too, is a source of never-ending encouragement, but

it does not lessen or minimize the dangers which threaten us. It is certainly sound basis for hopefulness, but it does not mean that we can succeed without the utmost effort and devotion to our task.

We can work better, think better and fight better in an atmosphere of hopefulness. The climate of despair and defeatism has the power to discourage even the strongest and the most courageous. We must not succumb to either our own faulty thinking, or to the cleverness of those who wage constant psychological warfare against us.

OUR CAUSE IS JUST, it is worth our best efforts and everything important to us depends upon how well we support it.

So long as our cause has not been lost, and it has not been lost, there is good reason for hope. This confidence is a source of much-needed vigor and strength.

In the midst of these trying times, let us face our difficulties and dangers with fortitude and assurance.

THE STRENGTH and spirit of well-established hope is better and more helpful than the desperation and weakness of despair.

"You're a real gentleman to get up and give me your seat!"

### THE PHILOSOPHER

## A Few Doubts

(Editor's note: The Sandhills Philosopher on his Johnson grass farm has run into some news he can't handle, but it's not the first time.)

Dear Editor:

Sometimes, do you get the feeling, when you hear of something the world seems to take as normal but you back off and take a close startled look at, that civilization was a mistake? For example, I read a couple of items in a newspaper last night.

One reported that the United States, at the same place, is training fighter pilots from Israel and fighter pilots from Jordan.

That's right, they go to school at a military base in this country, attend the same classes, learn to fly and shoot from the same fighter planes, and then go home and fight each other.

Isn't that carrying civilization a little far?

The other item reported that space for mobile homes is getting scarce in some areas and a bright thinker has come up with the idea of a multi-storied trailer camp for them.

That's right. One mobile house on top of another, as far up as

# DEAR EDITOR

## What Our Readers Think

### Not Whole Truth

I would like to take issue with the editorial that appeared in the Leader-News April 10. The headline reads "FARMERS WANT OUT". If this is a whole truth, why does more than a 2/3 of the farmers, which is necessary for any farm program to continue, vote for controls on acreage to be planted to certain crops? These controls are vital to our very existence.

Let's look at the subsidies Mr. Shuman's so called farm organization is so opposed to. The money received from these payments goes to main street to buy goods and services that we have to have. This is just as much payment to main street as it is to the farmer. Is he opposed to this?

Mr. Shuman's organization fails to report to the public that they were for the reduction of prices on soybeans and cottonseed. These two products that are produced in Lamb County will have a net loss of income to the farmer, and main street of some \$800,000 this crop year. Everyone in the county will share this loss. We are an agricultural area, not industry. Unless this economy is kept fairly close to the rest of the country, we are all in big trouble. If the farmer doesn't have it, main street doesn't get it.

True, this is a false economy but Mr. Shuman and his group offer nothing that will increase the income of the farmer thereby increasing main street what we have now, be less costly and keep our economy where it is now. What we have now is from perfect, but we all can live with it (the present farm program) until something better can be worked out.

I can do without the kind of help Mr. Shuman advocates, don't like losing my share of the \$800,000. How about main street? Can you afford it? Thank you.

### Our Policy

Our columns are always open to anyone who writes a letter to the editor. The Leader-News will accept all letters that are signed, however, the name of the writer will be withheld upon request. Such letters are kept on file for inspection by anyone who wishes to see them. Letters are printed as space permits, with shorter letters being better chance of being printed on time than those which are extremely long. The fact that a letter is printed does not mean the Leader-News necessarily agrees with the opinion stated.

## Who Pays Bills?

EVERYWHERE WE ARE hearing that today's young people are less interested in money, more interested in performing good works.

They want "roles," not "goals".

Having watched their parents work harder and harder to pay taxes which soar higher and higher, frequently neglecting what the young consider "love" and "beauty" and "fun"—our flower children withdraw.

THEY SEE that money does not necessarily bring happiness and they proclaim themselves on a glorious quest for "real values."

I can comprehend their disenchantment with the profit motive. Sometimes the "Establishment," which they renounce, appears hypocritical and cumbersome and costly to me, too.

BUT WHEN EVERYBODY becomes a dropout from this rude, ruthless, profit-motivated society—who's going to pay the bills?

The flower children are willing to use our streets and our sewers and our utilities....

They enjoy our beautifully

manicured public parks and the adored Palm Springs....

They accept traffic control which makes intersections unsafe for their motorcycles....

WHEN EVERYBODY STOP working and earning and paying taxes, who will provide medication and hospitalization for accident victims and narcotics addicts and the venereally diseased? When the collapse in some gutter crying for help—who will be there to help?

When the generation who deplores work and disrespects money and despises authority gets pregnant—where are the doctors?

WHEN THEY GET HUNGRY where is the bread line? When they are mugged, where is the policeman?

For all these standard SERVICES WHICH NONE OF US WANT, AND ALL OF US NEED, COST MONEY.

It is an irrefutable law of the universe that we get nothing for nothing—we cannot reap without sowing.

PERSONALLY, I think most of today's refugees from reality are not "idealists" at all; they are cowards.

Probably you and I grow up, with no depression from which to run scared, with government offering to take care of us whether we worked or not—probably you and I might have been tempted to live on love and free feed and freedom—like barnyard animals.

I THANK GOD we did not. It was each of us getting up earlier, working harder, loafing less, pushing ahead—it was we who created this unprecedented prosperity which these parasitic cowards—afraid to face competition—are trying to drink up and shout down and throw out.

AND I THANK GOD, too, that those who are trying to steal the world and get off on a minuscule minority among today's school-agers.

For everywhere I see the overwhelmingly outnumbered yet by Boy Scouts earning merit badges, Junior Achievers building businesses, newsboys out in the predawn dark building character legions of young salesmen pounding pavements and ringing doorbells, unapologetic and unashamed of the money made which turns the wheels and builds the bonds and builds the machines and puts hot rivets in the dreamers' dreams.

IT'S INDIVIDUALS willing to go the extra mile who have built for us all a stairway to the stars.

Yours faithfully, J. A.

### THE FARMER'S WIFE

## Called For Duty

By LIBBY MUDGETT

OH, IT'S A TERRIBLE, terrible thing to all of a sudden be left without any children under the age of sixteen for the first time and wide open vulnerable for jury duty.

All of my life I had heard people gripe about jury duty. So when the little summoms from the sheriff appeared in the mail box and I knew there were no longer any children's skirts to hide behind, I trembled. I desperately raked my brains for a single excuse to tell the judge.

FAMILY AND FRIENDS shamed me, telling me it was my duty as a citizen to get up there and serve as juror.

Funny thing: the people that had complained the loudest and longest about jury duty were the very ones that all of a sudden got so patriotic about a citizen's duty. There's a moral there somewhere.

ANYHOW, by the time I climbed the court house stairs, I felt like a Marine storming the shores of Tripoli—with shaking knees and a knotted up stomach.

Well, nobody beat me. Nobody scolded me. Nobody hurt me. And nobody picked me. I went home feeling like a 4-F.

HOWEVER, I was supposed to report back the next day and I was all ready to forgive them for not choosing me, for they knew not what they did. I was still prepared to freely give of my superior knowledge and great judgement.

A lady phoned the next morning and said not to bother to drive up there, I wasn't needed for three more days.

I SNIFFED A LITTLE, but decided that what they were all doing was saving the best for the last, like good wine.

Three days later while climbing the court house stairs I'll swear I heard a bugle blowing charge in the background.

I PUT ON MY MOST intelligent look, even filling out the little form with my truly honest-to-goodness age, since it was my patriotic duty. Never let it be said I ever lied to the judge.

Again nobody beat me. Nobody scolded me. Nobody hurt me. And again nobody picked me. This time I went home and cried.

NOT ONLY DID I feel like a reject, I felt like a retarded reject.

I looked in the mirror and decided I looked dishonest, even after giving all honest answers.

I had a good mind to call the judge and ask him to please take ten years off that answer in the blank after age ? on that slip of paper I'd filled out.

A FEW DAYS LATER, a check came in the mail. After subtracting money for gas and oil, I had two dollars left to go out on a spree with.

To assuage my battered ego, I blew myself and a friend to hamburgers, french fries and Cokes.

My friend said to look at it this way—probably I had an honest look instead of dishonest and that's why nobody wanted me.

I CHEWED THAT over a little, but it didn't hold water. Too many of the chosen ones had an honest look.

So my friend said maybe the judge and all the lawyers were prejudiced against women jurors. But that didn't hold water, either. Other women were picked.

NEXT TIME, if I ever get another summons, I just won't go and if the judge asks me why, I'll just tell him my feelings were hurt before and even though the Bible says that many are called but few are chosen, that's no reason to do a lady that way.

He'll understand. I just know.

IDE AND JOY is owning an 84-year-old antique organ like the one belonging to Mrs. R. B. Hall. The organ was purchased after their marriage in 1900.

MRS. R. B. HALL is holding her favorite souvenir piece, a Turkish coffee set from her collection of dolls and cups and saucers from foreign countries. The hobby started when Mrs. Hall was a stewardess for a national airline.

### Seniors Honored

ANTON—Misses Paula Whitfield, Delye Markham and Ricki Herrin, graduating seniors at Anton High School, were honored with a luncheon Friday. The luncheon was hosted by Miss Stacey Gilbert in the home of her parents, Mr. and Mrs. Brad Gilbert.

Spring flowers and Easter decorations were used on the tables.

Hostess gifts were presented.

Guests attending were: Misses Karen Lyda, Jo Ellen Roe, Rita Monroe, Gene Ann Herrin, Judy Grace, Yita Hooper and Carolyn Miles.

Special guests were the honorees' mothers, Mrs. Edith Whitfield, Mrs. Tommy Markham, Mrs. Bettie Herrin and Mrs. Ed Hart, grandmother of Ricki Herrin.

## Collecting Souvenirs Is Hobby

By LAQUINTA LONG

During my cooking I could give a person a good lesson in cooking. I have a book of recipes that have been passed down to me," says Mrs. R. B. Hall. "I guess that's what makes a good cook learn to learn by past recipes."

Mrs. Hall, "Helen" to those who know her, likes to cook and has an active role in church activities, club meetings and most important of all my family, that I don't have time to start new activities, so I haven't tried to teach piano here," she said.

Mrs. Hall likes to make pizza and begins from scratch.

She offers her pizza recipe for publication, and her recipe for Monkey Bread, which Mrs. Hall says her children love to eat.

#### PIZZA

##### Pizza Crust

1 cup flour

1/4 cup water

1/3 cup shortening

1/4 tsp. salt

Mix ingredients into a dough and spread into a pizza pan.

##### Pizza Sauce

Saute in a saucepan 1/2 cup onion, 1 Tbsp. olive oil.

Add one small can tomato

paste and one small can tomato sauce, 1 tsp. salt and oregano to taste (1/2 to 1 tsp.), 1/2 tsp. garlic powder, and 1/4 tsp. pepper. Bring to boil and simmer 5 minutes.

Brown 1 pound of ground beef in a skillet.

Grate 1/2 pound white Mozzarella or Monterey Jack cheese. Put 1/2 of cheese on dough and cover with browned meat, then with sauce mix. Top with remaining cheese. Add can mushrooms, (drained). Bake at 450 degrees for 15 to 20 minutes.

#### MONKEY BREAD

3/4 cup butter

2 packages dry yeast

1 cup sugar

1/2 cup lukewarm water

2 tsp. salt

8 cups flour

2 cups scalded milk

2 beaten eggs

Add butter, sugar and salt to milk. Scald. Cool to lukewarm. Dissolve yeast in 1/2 cup warm water and add to the milk mixture, then add 6 cups of flour. Beat thoroughly, cover and let rise until light and bubbly.

Push down and add eggs and 1 cup of flour. Knead on well-floured board (flour with remaining 1 cup). Put into greased bowl, cover, let rise until double.

While Mrs. Hall was a stewardess, she began a hobby of collecting dolls, cups and saucers from foreign countries. "I won't buy a souvenir unless I have used that country," says Mrs. Hall. She has collections from such countries as England, Switzerland, Germany, Belgium, British Columbia, Argentina, Guatemala, Uruguay, Venezuela, Turkey. She brought a Turkish coffee set from Turkey, which is her favorite. The piece was bought in Istanbul on a trip taken to the Middle East by the Halls in 1958.

"We were sightseeing on our tour and happened to visit an Arab home. A little boy came out, and in his broken English, invited us to his home. His parents had speak a little more English and came out to give us another invitation into their home. They served us Turkish coffee, which is much stronger than the ordinary coffee they have in America. When you go to an Arab home it is considered unpolite to refuse to drink their coffee," Mrs. Hall.

## Rotarians, Rotary Anns Set Conference Plans

Frank Anzelino, president of the Littlefield Rotary Club, and at least five other Rotarians from Littlefield will join 47 Rotary groups in Midland for the Rotary International annual conference in Midland, April 13-19.

Calvin Price, Mancil Hall, Arthur Duggan Jr., Charles Neal and Houston Hoover plan to be in the Littlefield delegation.

Rotary ladies are an important part of the conference and special entertainment has been prepared for them including a luncheon at Midland Women's Club with a program of Play Reading and a guided tour of the Museum of the Southwest.

Entertainment for Rotarians and Rotary Anns at the conference will include numerous breakfasts, luncheons, and banquets. The fine arts department of Midland College will present the opening performance of "The Music Man" following

the Governor's Banquet Friday evening.

"We plan to make this a really outstanding session" William M. Kerr, president of the Midland Downtown Rotary Club said.

C. C. Dakil, conference chairman, said the meeting will feature discussions of matters relating to Rotary, along with informative addresses and programs on matters of general interest.

Dr. Jack Rodgers of Odessa, district governor, will preside at the meeting. James A. Speer of Baldwin Park, Calif., personal representative of Kiyoshi Togasaki, president of Rotary International, will be among the principal speakers.

Conference headquarters will be established in Hotel Scharbauer in Downtown Midland. Two forums—one on "Law and Order" and the other on "Youth and Their Problems"—will highlight the prominent program. There also will be sessions on

pull apart and form lime sized balls. Dip into melted butter and drop in buttered pan. Cover and let rise until double. Bake in 375 degree oven, 20 minutes. Leave in the pan for 5 minutes. Put on plate and cover loosely with foil.

Earth Slates 25th Annual Celebration

Earth has scheduled its 25th Annual Rodeo and Anniversary celebration July 10, 11 and 12.

A gala parade, complete with floats, will start activities Thursday, July 10, followed later in the day with a barbecue.

Floats entered in the parade will be judged and prizes will be awarded.

Performing in the rodeo arena each night will be the Ratjen Rodeo Contractors from Happy.

The money will be used for purchase of equipment.

The Texas Farm Bureau Insurance Companies pay volunteer fire departments this amount when the department works at a fire in rural areas, involving property insured by them.

The Insurance Company believes volunteer fire departments have contributed to reduce the amount of loss involved by fire, and more important—to prevent fires.

PGC Feedlot Breaks Ground

Groundbreaking ceremonies for the 30,000 head capacity feedlot north of Cotton Center were conducted Wednesday.

The feedlot, just over the Lamb County line, is the first under the recently expanded Producers Grain Corporation sorghum utilization program.

William Winchell has been named manager of the feedlot, and the facility is to be called South Plains Feed Lot. Construction is to begin immediately and completion date is set for Oct. 1.

Announcement that PGC would expand its utilization program to include cattle feeding operations on the High Plains was made after a board of directors meeting in December. The announcement concluded three years' preparation for entering the cattle feeding industry.

Olton Wheat Growers, Inc., are among area grain

cooperatives participating building costs.

Approximately 600 bushels of grain will finish two to two and one-half times capacity annually. The South Plains Feed Lot could consume about 2,400,000 bushels grain sorghum annually, a good proportion of it coming from Lamb County.

County Office Arrest Five

E. D. McNeese, Lamb County sheriff, reported he jailed this week for drunk, one jailed for law violation and one drunk and carrying prohibited weapon, and carrying a pistol.

Notaries Public Must Pay Fee

County Clerk Charles Jones announced that qualified Notaries Public desiring re-appointment for the new term which begins June 1, 1969 and ends April 1, 1971, must pay a required fee and file a new oath and bond with the county clerk between May 1, 1969 and May 15, 1969 inclusive.

Jones emphasized that Notaries Public should send requests for re-appointment or commissions directly to the Secretary of State inasmuch as the law specifically requires that the county clerk approve Notary Bonds and forward copies of the application to the Secretary of State.

He further stated that a person not now a Notary Public who desires an appointment for the beginning of the new term on June 1, 1969, should apply to the county clerk before May 16, 1969.

The applicant must be at least 21 years of age, a citizen of the United States of America and Texas, and resident of the county in which appointed. The required application form may be obtained from the county clerk.

Census Bureau Slates Survey

A number of residents in this area will be visited by the Census Bureau of the Census interviewer, Mrs. Rosemary McNeese, during the week of April 13 as part of the monthly survey on employment and unemployment conducted in cooperation with the U. S. Department of Labor.

Local households to be visited are part of a scientifically selected sample of all U. S. households. In addition to questions about employment there will be some questions about work experience throughout 1968.

Additional supplementary questions will be asked in small number of households to complete two surveys started last month—one to determine family personal income levels in 1968 and the other to learn the number of Americans who have moved since similar survey was conducted in the spring of 1968.

Information about individual households is kept confidential by law. Results of Bureau surveys are published only as statistical totals.

TODAY'S DEVOTIONAL

# The Word Of God

THE BIBLE is seemingly the most criticized, most controversial, most mis-understood, most ridiculed book in existence today.

It has been attacked from every angle by critics in and out of the church world and by scholars of all walks of life. Our curiosity will only make us say Why?

Has it not gone through the test of the ages and come out a winner? It is not a best seller? Has it not been translated into more languages than any other book?

TRULY THERE IS AN answer. It had to be that there was only one author. Many men through the ages held the quill that penned its many pages, yet just one and the same author.

2. Tim 3:16 states that all Scripture is given by inspiration (the supernatural influence of the Holy Spirit on sacred writers) of God. Men who wrote through the ages have not contradicted one another because one author supernaturally inspired each one separately.

NAHUM Chapter 2, verse 4 wrote so prophetically of our modern transportation the automobile. "The chariots (cars) shall rage in the streets, they shall jostle one against another in the broadway (highways), they shall seem like torches, they shall run like the lightnings.

In his day, all vehicles were horse drawn. How then could he have written this prophecy unless inspired by the one who would allow men later the intelligence to make the vehicle that He had Nahum to prophesy about? Time is no factor with God in as far as His having knowledge of all things. Matt. 13:35 says, "I will utter things which have been kept secret since the foundation of the world."

This secret of our modern car was His secret known in the beginning but kept a secret from the time just before His return to this world to take away a people for His name sake.

HOW DID MOSES know that God had told the serpent in Genesis 3:15 that He would put enmity between his seed and seed of the woman and he (serpent) would bruise the heel of seed of woman and seed of woman would bruise his head. This is the first promise of a savior. The Lord is author of these words in Deut. 18:17-18. The Lord said unto me, "I will raise up a prophet from among their brethren like unto me and will put my words into his mouth." Moses was their deliverer as Christ would be for the world. Confirm this with Acts 7:37 "This is that Moses which said unto Israel, A prophet shall the Lord your God raise up unto you of your brethren like unto me, Him shall ye hear."

Moses was learned in all the arts of the Egyptians, but this did not help him any in making these statements.

It had come from a higher source. God was going to tell of a savior from many writers. Isaiah prophesies in his book in 7:14, "that a virgin shall conceive and shall bear a son and shall call His name Immanuel. In chapter 9:5 of the same book, "For unto us a child is born, unto us a son is given and the government shall be upon his shoulder and His name shall be called, Wonderful, Counselor, The mighty God, the Everlasting Father, The prince of peace." This man, Isaiah is separated from Moses by many generations, yet speaks of the same deliverer.

TO CONFIRM the authenticity of these prophecies, look at Matt. 1:23 assuring Joseph that this child was the fulfillment of this prophecy. No one but the author of these prophecies could bring events into focus and would fulfill all of them. Micah a minor prophet even told of the city He would be born in.

Many places in the Old Testament, writers tell of the regathering of Israel as a nation. Today we are seeing this fulfilled in the land of Palestine. How could all of them tell of the same thing unless divinely inspired?

IN VIEWING the Omnipresence of God through the ages, it gives us courage to trust such a One in these times when so many are questioning the Word of God. To know and to understand His Word, it is necessary to be inspired by the same spirit that those who wrote it were inspired.

The Holy Spirit, as the name implies, is pure, holy unselfish, compassionate, and all the attributes we ascribe to the godhead. It is opposite to the selfish, greedy unholy attitude of those who do not want to obey the spirit of the One who has it to offer.

His plan all through the ages has been to draw man to Him and His power of love that He has so repeatedly shown to men of all ages.

THE DISREGARD for His word and teachings have brought on all the rioting and disturbances of our time.

He says rebellion is as the sin of witchcraft. This art we know to be of satanic inspiration.

The solution of the world's problems can be solved by receiving this wonderful loving kind Holy Spirit that He is offering to every one.

## City Report

By JIM SHEARER

### WHERE DO WE GO FROM HERE?

Interested citizens of Littlefield will attempt to answer this question relative to the future growth and economic development of the community to be held Monday, April 14. The meeting will be jointly sponsored by the Chamber of Commerce and City Council, and will be held in the Lamb County District Courtroom at 7:00 p.m.

An open discussion concerning what industrial development is, and is not, will be conducted with the objective of reviving the Littlefield program and improving future efforts for bringing industry and new business to Littlefield.

If you are interested in the future growth, development and prosperity of Littlefield—come to the meeting, express your thoughts, lend your support, and join hands with others in this important work. A successful industrial development program will require total community involvement. Don't stay home expecting "George to do it"—who knows, "George" might decide to stay home and watch TV, too, then how will the job be accomplished?

THE LITTLEFIELD Fire Department has recently equipped and placed a new panel-emergency unit into service. The new truck replaces an older unit as provided by the 1968-69 municipal budget.

This particular vehicle is equipped and supplied to provide assistance in various types of emergencies other than actual fire fighting work.

THE CITY COUNCIL has given tentative approval to the installation of street lights at the two locations southeast and northeast of the City where Highway 84 intersects Delano Avenue to provide lighting for the Highway Business Route into town.

The plan must now be approved by Southwestern Public Service Company and the Texas Highway Department.

RECENT INFORMATION from the Texas Municipal League in Austin showed \$28.3 million in municipal sales tax receipts was returned to 279 Texas cities where the tax was in force during the fourth quarter (October, November, December) of 1968.

To date, the local option 1 per cent municipal sales tax has been approved by voters in a total of 353 cities containing more than 80 per cent of the urban population of Texas. 279 cities collected

the tax in the fourth quarter of 1968. Twenty-three began collecting it on Jan. 1 of this year, 37 began collecting it on April 1 and 14 cities will begin collection July 1.

The fourth quarter net payment to Littlefield was \$21,839. The net total for the three quarters collected to date since April 1, for Littlefield is \$57,316.

SOME OF THE operational activities of the Water and Sewer employees this past month of March included: 6 water main leaks repaired, 28 water meters replaced or repaired, 24,332,000 gallons of water pumped, 16 sewer stoppages worked, 375 feet of sewer lines extended, 3 sewer taps made, rodding machine used 3 1/2 days.

MAINTENANCE AND REPAIR costs for City vehicles and equipment have been significantly reduced since the employment of a shop mechanic in January. No new employees were added to accomplish this work as the mechanic was hired to replace an employee who retired from City service with a different job classification.

Significant savings in labor cost and down-time have been realized by departments operating vehicles and equipment of all types.

Only light mechanic work, for the most part, is performed at the shop. Some activities last month included 6 oil changes, 14 flats fixed, and 46 units receiving repair work of varied types.

BELIEVING that the municipal government has a responsibility to the community and to the individual policeman to educate and train men in their duties as law enforcement officers, several efforts have been put forth recently to provide schooling for police personnel.

Patrolman John Strange has just completed the Police Training Academy at Amarillo Junior College. Officer Strange very successfully completed four weeks of intensive study in the latest methods and techniques of crime detection, investigation, and law enforcement.

Officers Tiller and Shank of Littlefield Police Force are scheduled to receive 20 hours of instruction at a school to be conducted by the Texas Department of Public Safety in Levelland soon. This past January, all members of the police force completed an FBI School conducted in Littlefield. All members of the department are commended for their interest in self-improvement to better serve the people of Littlefield.

# STRENGTHEN YOUR FAITH

Through Regular Church Worship

## fundamental belief in GOD

Dreamed of by millions, searched for by many, discovered by a few. Established, built, maintained and governed by a Fundamental Belief in God. That is America—these United States, our home, if you please, it is you and me. How else could the heritage we hold come to be? A system? No! But surely it is a dedicated, consecrated way of life, as set forth in the Sermon on the Mount. And through the gift and mercy suffered at Valley Forge, shines the same light which has illuminated men's minds since time began. That same light, the light of Faith found in the holy word of God, is now lighting and showing the way, the way of truth to us as a nation and as individuals. And just so long as we, each of us each day, rededicate our lives to a Fundamental Belief in God can we endure.

Then, let us worship in the true Faith of Our Fathers in the sanctuary of our choosing every week. A Men.

## Lutheran District Slates Conference

The Southern District of The American Lutheran Church will convene in San Antonio, April 14-17. Approximately 500 laymen and pastors are expected to attend as official delegates of more than 250 congregations

in Texas, Louisiana, Arkansas and New Mexico. Most of the District's 110,000 baptized members are in Texas.

A major item of business to come before the ninth annual convention of the District will be to vote on affiliation with the newly organized Texas Conference of Churches.

This organization, formerly the Texas Council of Churches, was organized in Austin in February, and includes 39 Protestant, Roman Catholic and Greek Orthodox units.

Vigorous debate is expected on this issue at the District convention.

A further item of business will be to vote on ratification of pulpit and altar fellowship with the Lutheran Church-Missouri Synod, the Lutheran Church in America, and the Slovak Evangelical Lutheran Church.

This matter was passed at the National convention of The American Lutheran Church, and if passed at the District convention, will pave the way toward fellowship of 10 million Lutherans in America.

Serving as convention Chaplain will be Pastor Herbert F. Lammert of San Antonio. He will be assisted by Dr. Roald Braulick of San Antonio, Pastor Philip Berry of Littlefield, Pastor Al Kline of Levelland, Pastor James Essinger of Temple, and Pastor Paul H. Aufferstrasse of New Orleans, La.

Attending the convention from St. Martin Lutheran Church of Littlefield will be Pastor Philip Berry.

Elected delegate from St. Martin Lutheran Church is Henry Arend, with W. P. Neinst as alternate delegate.

## Piano Teachers Plan Contests

The Lamb County Piano Teachers will be holding two contests during the month of April.

A hymn playing contest will be held Saturday, April 19 at First Baptist Church. There are 63 students studying with various teachers playing in the hymn contest.

There will be awards presented for first and second place. The students will be judged by Phil Anthony, Littlefield Band Director, Mrs. Al Jordan, and Mrs. Georganne Walden. Both Mrs. Jordan and Mrs. Walden have been piano teachers in the past.

Mrs. James Owen is chairman of the Hymn playing contest. A Sonatina contest will be held Saturday, April 26, at First Baptist Church.

There are 62 students participating in this contest. Larry Don Wiley of South Plains College at Levelland

will be judge for this contest. Mrs. Larry Owen is chairman for the Sonatina contest.

In both the Hymn and Sonatina contest, student will be graded on different points. There is a possible score of 100 made by each student. Student making the highest grade will be declared winner in each category.

There will be a special place award given for runner-up.

A joint recital will be held Sunday, April 27 for winners of both the hymn and sonatina contests. This will be presented to first and second place winners.

The Piano Teachers are planning a luncheon Saturday, April 26, at the Crescent House to end the year's activities. Larry Wiley will be guest of the teachers of the luncheon.

## Librarian To Present Review

Miss Selma Rae Henry, with the Extension Department of the Lubbock City County Libraries, will present a book review Sunday afternoon, April 20, at 3 p.m. in the District Courtroom of Lamb County Courthouse.

The review, titled "Everything But Money" is being sponsored by Friends of Lamb County Library, and the public is invited to attend.

Miss Henry has been awarded a citation for meritorious service from the President's Committee on Employment of the Physically Handicapped.

She says she is "crippled but not handicapped," and that she decided early in life that "if God lets me live, I'll not be a burden to anyone—the world doesn't owe me a living."

Although her childhood was spent for the most part in undergoing radical treatment for a twisted spine, she completed her studies and received a BA degree in library science from North Texas State University.

She at one time had dreams of being a teacher, and chose library work, saying, "as it seemed closest to teaching, and takes up where the school leaves off."

Following her book review, the County Library will be open for a tour and refreshments.

## Band Boosters Plan Barbecue

Parents and friends of all school band members are urged to attend a planning meeting Tuesday, April 15, at 7:30 p.m. in the Littlefield Junior High School auditorium.

Littlefield Band Boosters have scheduled the meeting to plan for the first annual barbecue, to be sponsored yearly by the Boosters.

The seventh grade band will offer a short concert prior to the business session which will include discussion of several items on the agenda.

Among things to come before members are the selection of a slate of officers for the 1969-70 school year; a progress report on the planning of the first barbecue scheduled for May 3; and the organization of committees for handling the barbecue details.

Since an estimated 2,000 persons are expected to attend the barbecue and concert at the park, "a great deal of enthusiasm and cooperation are needed among the various committees," said Philip J. Berry, Band Booster president.

He urges Booster members to "mark the date on the calendar or wall, but be sure to attend this meeting!"

SPECIAL PRAYER services are held at the church each Friday evening for "those who mourn and those who care", according to Rev. Pat Gloria, minister at the Trinity Baptist Mission. The special meetings originated as prayer services for friends and loved ones serving in the armed forces, regardless of race or creed. They have been expanded to answer the needs of other requested prayers. The congregation welcomes names of all service men, Gloria said. Anyone wishing to join in the meeting is cordially invited to attend.

**TUESDAY & THURSDAY**

## Little League Tryouts Slated

Little League player tryouts will be held Tuesday and Thursday of this week, according to League president Bob Bromlow. Tryouts will be held at the Little League ball park.

Tuesday, the 10-year-olds will make their showing between 5 and 6 p.m., with the 11-year-olds performing from 6 to 7.

The nine-year-olds will report from 5 to 6 p.m. Thursday and the 12-year-olds from 6 to 7.

Boys who will be trying out are those who did not play in the Major League here last year. All new players to the program, and those who were in

the Minor League, are to report for the tryout.

Purpose of the tryouts is that Major League coaches might watch the boys perform in various phases of the game. From the tryouts, the coaches judge which boys are ready to play Major League ball, and which should gain more experience in the Minors.

All boys who registered for the program will be put on a team, and will play.

Bromlow is still accepting registrations for boys who have not done so and want to play this summer. Forms can be picked up, and turned in, to Bromlow at Piggly Wiggly.

American Legion Baseball players from Littlefield, Anton, Amherst and Sudan will sign up at the Legion Park Tuesday evening at 6.

All boys from those communities who are between the ages of 16 and 18 are urged to attend the registration.

Arthur Hedges of Amherst, who has been coaching Pony League baseball for several years, will be the new coach. Gary Fitzgerald of Littlefield will assist him.

A meeting of the American Legion District has not yet been held, that the season's schedule could be worked out. It is expected in the near future, that league play can probably be started in late May.

Boys in the area can play on the Littlefield team without living here. According to the rules, boys not living in a town that has a sponsoring American Legion Post can play in the nearest town where one is located.

Limit on number of players that can be carried on the team roster is 18.

### Meeting Tuesday For Pee Wee Baseball

Indications are that Littlefield will probably have Pee Wee Baseball again this summer.

A meeting was called for parents of boys six years of age to eight for 7:30 p.m. Tuesday in the Flame Room of Pioneer Natural Gas.

There were two Pee Wee teams in Littlefield last year. They played each other, and also made several trips to neighboring towns for games.

Lonnir Birkelbach, one of the coaches last year, called the meeting after being contacted by several parents who said their sons wanted to play baseball but were too young for Little League.

Birkelbach said he felt enough interest had been shown that possibly more than two teams would be formed this year, and most of the games would be played here.

Tuesday's meeting is for organization of the league and obtaining coaches and helpers. It is not necessary for the boys to be present.

### ... PLANTING

watering, he said, with most planning to plant about May 5-10.

Blackman plants two or three varieties of hybrid grain and two varieties of cotton that average an inch or a little better in length. He fertilized cotton and grain acreage and will plant solid on irrigated acres and skip-row dry land.

FIVE TO SIX hundred acres of corn has already been planted by Earth farmers. "This rain is just perfect on this," Dub Martens said. Martens farms four miles north of Earth and is one of the farmers in this part of the county who has planted a good part of his feed land in corn.

Earth farmers say they have good underground moisture, and are watering the top for planting. Irrigation water is good here, and very few plant skip-row. Good hybrid grains and cotton that will produce an inch or better staples will probably all be planted May 1-10, Martens said.

Pre-emergence chemicals and fertilizer is an important part of crop production for the northern part of Lamb County.

### ... MRS. WAGES

Continued from Page 1

"I hoed cotton, pulled bolls and cleaned. Hard work is good for you."

Last August she took the entrance exam to start her nurses' training, but had to wait until another class started this January before her studies began.

In January of this year Mrs. Wages rented an apartment in Levelland, near South Plains College where she is taking classes, and settled down to a full-time job of going to school and studying.

"Ava Wages is a real good student," said Mrs. D. C. Lindley, supervisor of nurses at Medical Arts Hospital. "She does excellent work, both as a student and on the job. I'm real proud to have her as a student, and I know she will make a good nurse."

According to her college instructor, Mrs. Wages showed a very high aptitude on her entrance exam. "But I have to dig," Mrs. Wages said. "It has been so long since I went to school. Forty-three years. I really have to study."

When she finishes the one-year course of work and study, she will be a licensed vocational nurse. Thus far

Mrs. Wages has studied college courses in vocational nursing, community health, anatomy, and pharmacology.

The program includes prep work at cooperating hospitals with the classroom work. The month, students attend school days and work one day. The month students work two days and have classes three days. Beginning a third month, students work three days and go to class only two days. Mrs. Wages will be attending one day per week and working one day.

"If you miss an hour, you make up," Mrs. Wages said. She enjoys the studies and work, but anatomy best.

"I'm the oldest one in my class. Mrs. Wages laughed. Some of the students are teenagers, some a older. One woman is 46, that's all the way up to me.

It isn't the years, "but fear," makes one old. And Mrs. Wages "hasn't time for worrying." A new career is before her, and she is anxious to get started, planning to work full-time when she is an LVN.

HOLDING HANDS is not the norm for Littlefield Lions Club members during their regular Wednesday noon luncheons. In fact, that's exactly what James Lee, left, and Gene Pratt, right, are not doing. Closer inspection indicates the two are handcuffed. It's all part of the usual Lions Club fun-type highjinks. Oh, by the way, Banker Lee can afford an untorn coat. He just ripped the sleeve when resisting the union with Pratt.

### Aggie Muster Is Scheduled For Lubbock

Former students of Texas A&M University in Lubbock and the surrounding area will muster April 21 to mark the passing of comrades and honor Texans who gained independence at San Jacinto.

The Muster is slated to begin with a dinner at 6 p.m. at the Grille Restaurant, 4413 50th Street in Lubbock according to Alan Brashears, Muster chairman. Cost of the dinner will be \$3.25 per person.

Featured speakers following the dinner will be Jim Broome of Lubbock and the Aggie Muster began in 1903 when the 300-member Corps of Cadets paid homage to the Texas who defeated the Mexican Army at San Jacinto in 1836. Musters have been held since—wherever Aggie men might find themselves on that day.

Aggies have mustered aboard ship, in foxholes, the battlefield, in the Alps, and even in Corregidor, shortly before the Japanese captured the island in World War II. More than 500 Musters will be held around the world this year, including several in this area. For some A&M men this will be their last Muster.

## These men know cotton.

...and they know what Paymaster's Certified Lint Block Program means to all High Plains Cotton Growers.

THE MOVE IS TO ACCO SEED

Dr. L. L. Ray  
Associate Professor, Texas A & M University  
South Plains Research and Extension Center, Lubbock

"The Texas High Plains has made tremendous progress in upgrading the quality of cotton fiber. This was accomplished by planting better varieties, using better quality seed and marketing through lint blocks or similar programs. The image of this area is greatly improved and it has meant millions of dollars to growers. I am concerned that we do not lose ground. We must (1) plant varieties that will produce fiber the mills want and can use; (2) plant the best quality seed; (3) do a good marketing job."

Harry E. Arthur  
Assistant Director, Textile Research Center  
Texas Technological College, Lubbock

"A planting program wherein Certified seed is used is certainly a great step toward production of a more uniform fiber. A Certified lint program would help to assure the mills of a reliable supply of quality cotton from which they could choose to produce a given fabric."

Erian Gresham  
Levelland

"No two years are alike, but Certified Paymaster 111 is a good consistent cotton and does good regardless of the weather," says Erian Gresham. "It has a real good fiber—you can tell the difference just by the feel—and has a price advantage for the grower. I'm planting Certified Paymaster 111 this year and would say that about 50% to 75% of the growers in this area will be planting Paymaster 111."

Orville Bailey  
Roundup Gin  
Anton

"We've been in the Paymaster Certified Lint Block Program since the start," says Orville Bailey. "I recommend Paymaster Certified 111 to growers... particularly this year. In my opinion, it's the leading cotton in this country—makes more per acre, semi-stormproof, stays in better, has good spinning qualities. Mills like it, so Paymaster Certified lint beats the market and brings a premium price. Believe me, Paymaster's Certified Lint Block Program is a good 'calling card' for a ginner."
