Operation To Begin In About Four Months

By JOELLA LOVVORN

In an emergency meeting Friday at noon, Littlefield's City Councilmen completed business of their regular meeting Thursday night.

Friday, councilmen studied bids submitted by Pac-Mor and EMCO for the containerized refuse collection systems for the city, and after comparisons were made, councilmen voted unanimously to accept the bid of EMCO of Plainview for their total system.

Their bid included \$31,500 for the three packer bodies and \$134,937.50 for refuse boxes to be placed in the alleys.

Thursday night, councilmen had accepted the bid of Armes Chevrolet of \$28,785 for three truck chassis and cabs to be used with the packer bodies. Therefore, combined cost of the trucks, packer bodies and boxes will be \$195,222.50.

Financing for the project will come through Revenue Sharing Funds.

The total system as bid by Pac-Mor included \$39,219 for three packer bodies and \$159,800 for boxes. With the addition of the \$28,785 for the Chevrolet trucks, the total system cost would have been \$227,804—a difference of \$32,581.50 more than the EMCO bid.

In other matters of business Thursday night, councilmen awarded a low bid of \$10,856 for the painting and cleaning of the 500,000 gallon overhead water storage tank, to Southwest Tank and Tower Company of Tatum, N.M.

Other bids were submitted by Dean

Jones of Clinton, Okla. (\$11,400) and by Water Tank Service Company, Inc. of Dallas (\$19,500).

A bid of \$10,550 was awarded to Hugh Bledsoe of Amarillo for the repair of the large ground storage tank. Work will include the removal of the concrete top, cleaning out the tank and repairing the inside walls, and replacement of the concrete top. Work is to begin Monday, Nov. 19.

Councilmen passed a resolution authorizing the city manager to request assistance from the Texas Department of Parks and Wildlife for development of plans for Bull Lake.

Councilmen were advised that plans would be ready when special funding becomes available at a later date.

Councilmen reviewed the financial statement from the Board of City Development for the fiscal year 1972-73, as submitted by James Settle, secretary-treasurer, and Calvin Price, president. Total deposits made were \$3,817.52 and total disbursements were \$2,879.64, leaving a balance of \$937.88 on hand.

Byron Douglas and Bobby Short were re-appointed to the Airport Zoning Board, pending their acceptance of the posts. Their terms are to run from Dec. 7, 1973 to Dec. 7, 1975.

Other routine matters of business included the approval of the minutes of the previous meeting, the approval of the payment of bills and approval of the departmental reports.

St. Philips Parish Plans Annual Thanksgiving Event

Plans are now underway at Pep for 28th Annual Thanksgiving Festival, slated for Thanksgiving Day, Thursday, Nov. 22, in St. Philips Parish Hall and educational building.

The famous Pep sausage will be served with turkey, dressing and all the trimmings between 11 a. m. and 2 p. m. and again from 5 to 7 p. m.

Adults' plates will be \$3, and children

under 10 years old may eat for \$2.

Preparations are being made for carnival attractions throughout the day for persons of all ages.

A general auction will be conducted at 6:30 p. m., and a dance, starting at 9 p. m. will close out the day's activities. A western band will provide live music for the dance.

The public is invited to attend.

Farm Accidents Injure Two Seriously This Week

A Littlefield man lost his right arm in a cotton machine harvesting accident Thursday, and a farmer from the Three Way area was seriously burned from a butane explosion Friday.

Elbert Gleaton of Littlefield is in the Methodist Hospital in Lubbock after his right arm hung in the drive shaft of a cotton stripper about 11 Thursday morning.

Two City Thefts Checked, 2 Jailed

Two breaking and entering reports topped the city police activity this week.

Lewis R. Pate on W. 1st reported a Channel Master panasonic stereo valued at \$189.25 and two speakers valued at \$50 each were taken from his residence about Wednesday after it was broken into.

Victor Montalvo of 816 W. 6th reported the breaking and entering of his residence and the theft of wedding rings valued at \$225.

Activity at the county jail was light the latter part of the week with one arrested on a DWI charge and one drunk pedestrian picked up. Russel Dale Barker of Odessa was fined \$147 on a guilty plea of driving while intoxicated.

A case was heard in justice of peace court precinct 4 this week. Nannie G. Boyd was seeking \$199 for hail damage to her automobile from Hartford Accident and Indemnity Co. A jury of one woman and five men found in favor of Mrs. Boyd and awarded her damages.

Gleaton was harvesting cotton on the Bobby Nelson farm just west of the Lamb County REA Building when the accident occurred.

He was taken to Medical Arts then transferred immediately to the Lubbock hospital where his arm was amputated above the elbow.

R. H. Baker from Maple was burned in an explosion Friday. He was blowing out the cab of his combine with butane when the fuel ignited and consumed him in flames.

His dad was nearby and put out the fire. Baker remains in the Littlefield Hospital with burns on the face, neck and hands.

Annual Coin Show Opens This Morning

The annual Lamb County Coin Show opens today at 11 a. m. and runs through 4 p. m. at the Littlefield Community Center.

Admission is free to the public. Free appraisals of old coins is offered also. Besides the many displays, buying, selling and drawings will be conducted throughout the day.

Persons who attend may register for silver dollars minted 1881 through 1901 which will be given away every hour.

A drawing for two \$10 gold pieces will be held at 5 p. m.

REP. CLAYTON GIVES PROS, CONS

Light Voter Turnout Predicted For Tuesday

If absentee voting is a true indication of interest in the Tuesday, Nov. 6 constitutional amendments vote, a very light turnout can be expected.

Through Friday noon, with only five hours left for casting absentee votes, only a dozen Lamb County residents had exercised their voting privilege.

The Tuesday election deals with some crucial areas in the present Texas constitution. If a new constitution is not adopted by the voters, Texas will continue to operate under the present one—with or without these new amendments. For this reason attention should be given to this election.

Today's edition carries a county-wide map showing all voting precincts in Lamb County. Any voter not certain which voting precinct and polling place he should cast his ballot may refer to the map on pages four and five of section two of this edition.

The following analysis by Rep. Bill Clayton outlines the amendments as they appear on the ballot and briefly gives the pros and cons to help voters decide on the issues:

Amendment No. 1 on the ballot authorizes annual sessions of the legislature and increases the legislative pay from \$4,800 to \$15,000 per year. Those for this amendment say Texas government is a \$5 billion a year business and requires more attention than it did in years past; therefore it requires full-time representatives and compensation to retain or to get good people interested in serving in the legislature. Those against this amendment say \$4,800 a year is what the pay was when a representative ran for the job and that the cost of government is high enough now.

Amendment No. 2 on the ballot is a proposal that would give single adults with real property the same protection

and security from forced sale for debt of their homestead that is now given to families. It also provides that a family homestead may not be abandoned without the consent of both spouses. Proponents of the amendment argue that single adults deserve the same protection against creditors as do married adults and there should be no discrimination. Opponents say there is an increasing number of single adults and because the homestead exemption was designed primarily to protect innocent family members of the debtor and not the debtor himself, it therefore should not be extended to single adults.

Amendment No. 3 would extend the \$3,000 ad valorem tax exemption to the homestead of unmarried adults. Those for the amendment say that the present law partially exempts homesteads from state and county tax purposes law that partially exempts homesteads from state and county tax purposes for persons 65 and older discriminates against single persons. Those who oppose the amendment say that the exemption could sharply reduce tax revenues that are urgently needed at this time and unfairly shift the tax burden.

Amendment No. 4 would provide notice to cities and counties and give them the authority to approve or disapprove the creation of conservation/reclamation districts. Those for this amendment say that it will give those cities and counties some responsibility for the bonded indebtedness of these districts that lay within their territories. Those against say that the cities and counties already have ample opportunity to voice their approval or disapproval of plans of a municipal water district when state agencies and legislators are considering their creation.

Amendment No. 5 would provide that counties and cities bordering the Gulf of Mexico may levy a tax for construction See AMENDMENTS, Page 4

Aged, Blind And Disabled To Get Final Welfare Checks

Approximately 230,000 aged, blind and disabled Texans who are receiving state aid are being notified they will get final welfare checks from the State Welfare Department in December.

The federal government assumes responsibility for their assistance Jan. 1, under the new Supplemental Security Income (SSI) program administered by the Social Security Administration.

Medical and social services and food stamps for eligible persons will remain the responsibility of the state welfare agency.

The elderly in Lamb County and throughout Texas who get Social Security checks will continue to receive them along with a second check from SSI if they qualify under the federal program.

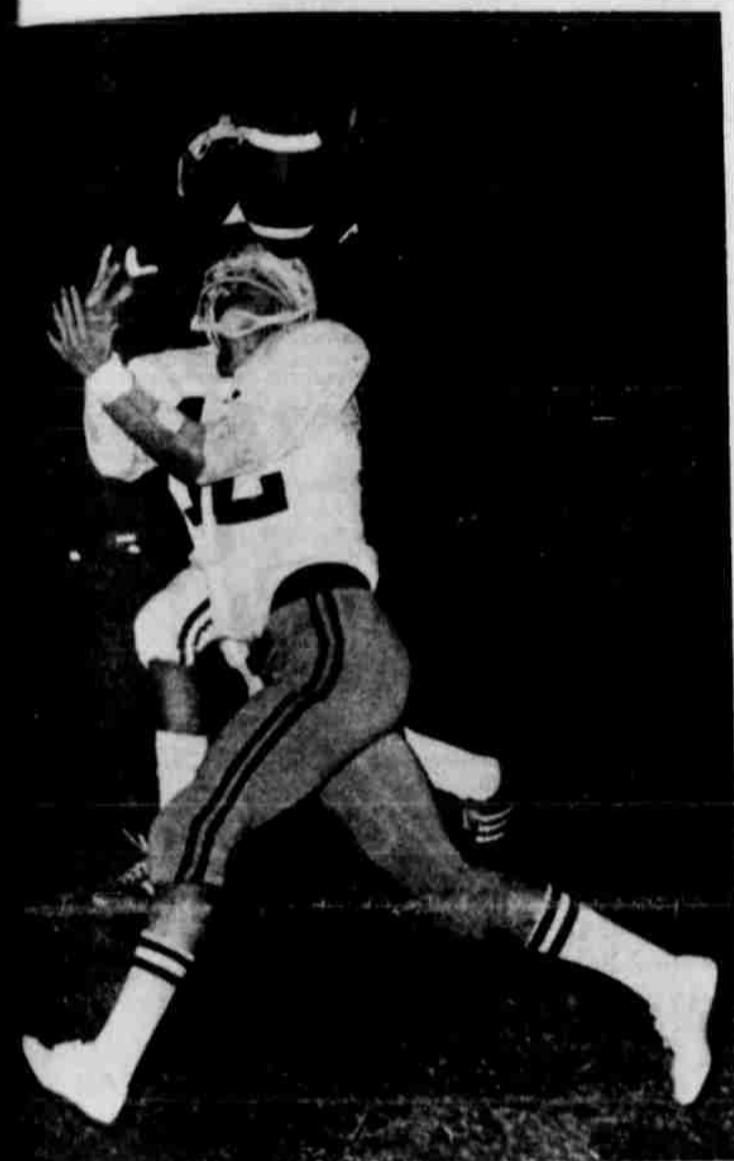

Most recipients will get higher assistance payments under SSI. Some, however, will receive less. Residents of nursing homes or institutions will remain eligible for medical assistance.

The State Welfare Department will continue to provide the needy with glasses, dentures, hearing aids, prescribed drugs, medical services and food stamps if they qualify.

Eighty-four percent will receive more money; two percent will lose assistance altogether; reductions can be expected by nine percent and five percent will get about the same amount.

In most cases of loss or reduction, benefits will be compensated through state-administrated social services programs like foster care for the aged and homemaker and chore services enabling people to remain in their own homes rather than enter nursing homes.

SSI recipients can get food stamps if their amount of benefits is not greater than the amount of welfare grants added to the amount of the food stamp bonus coupons they are eligible for in December.

HENDERSON came up with a big play Friday in the Wildcats 41-0 win over the Morton Indians. In the first period, Morton end Randy Kuehler got a pass in the end zone, but Henderson tipped the ball away from his hands. On the very next play, Kenny Owens (lower photo) intercepted a Mason pass and returned to the 38 before fumbling out of bounds. Henderson's Larry Thompson made the stop. (Staff Photo)

TON, BI-DISTRICT NEXT

Wildcats Are In!

ANDY ROGERS of the Morton Indians, it was all over again, and after a night they'll think twice before going back with anything resembling a Cat. But in a game marred by frequent blown tempers and particular activity after the game, Littlefield gained a place in the playoffs with a 41-0 slaughter of the Morton Indians. The Wildcats went into the contest 2-0 and lost the first play after slipping by Dim-

mitt 18-15 and then erasing Friona 35-19. Morton had one district win with no losses, but all the Cats needed was a win to take the District 3-AA crown. They got the win, and more, and next week's game against Olton will be merely a warmup to Bi-District.

Morton, on the other hand, came into the contest with a highly potent defense and an offense that has never played up to its potential. The defense had allowed only 45 points all year, but the Cats

nearly accumulated that total by themselves.

The game was barely four minutes old when Littlefield got on the board. Following a Morton punt to the 16, Fullback Randy Cook blasted up the middle on third down to the 32. The very next play, Cook again took the handoff. He was hit one yard behind the line by Noseguard Monty Smith, but Cook shook the tackle, rambled into the secondary, and only a tackle by Mark Fluitt from See WILDCATS, Page 10

PEDESTRIAN DEATHS

Crossing between intersections is still the leading cause of pedestrian traffic deaths. This habit killed nearly 4,000 and injured more than 67,300 pedestrians last year.

Margaret Fain Named To Post

Margaret Nell Fain, daughter of Dr. and Mrs. J. R. Fain of Littlefield, is one of 49 students appointed to the Student Advisory Board at Abilene Christian College during the 1973-74 school year.

A 1971 graduate of Littlefield High School, Margaret is currently a junior home economic education major at ACC. She was also elected junior class favorite in the Spring of 1973.

The members of the Student Advisory Board are appointed each year by the administration. The board will work with ACC officials in planning events and policies for the college and in alumni-related activities.

Party Honors Jerry Riney

A birthday party honoring Jerry Riney on his first birthday, was given Sunday, Oct. 21, in the home of his parents, Mr. and Mrs. Gene Riney near Hart Camp.

Special guests for the dinner and birthday cake were his maternal grandparents, Mr. and Mrs. Ruben F. Brock of Littlefield. Other guests were Mr. and Mrs. Roy Hutson of Littlefield. Jerry's older brother and sister, Ronny and Misty, were present to help with the

festivities. A birthday cake, decorated with the farm theme, had a barn and animals with a rabbit holding the one carrot. Jerry opened his birthday gifts in the afternoon.

Girls Present Club Program

ANTON—Girl's state representatives Mary Cantu and Jerria Peacock presented the program for the Monday night meeting of the 1950 Study Club.

While playing songs they learned when there, they explained that Girls State is conducted for learning the responsibilities of citizenship and the Texas government processes. Jerria was elected city councilman and Mary was elected Justice of the Peace for the County. Both reported having a great time in spite of the hot weather.

During the business session that followed the program, Mrs. Erschel Bird was elected to membership by the members of the club.

Mrs. Gordon Timms was elected CIA representative. Names of secret pals for the year were drawn.

Each member brought a gift for Glanda Kildow, the Club's adopted daughter at Girls Town.

Mrs. Ray Peacock, Mrs. James Grace, Jerria Peacock, Mary Cantu and members were served refreshments by the hostesses, Mrs. Billy Thetford and Mrs. Richard Howard.

The next meeting of the 1950 Study Club will be November 20 in the home of Mrs. J. C. Hodges. The program will be a Christmas Decoration Workshop directed by Mrs. Ruth Alexander.

Garden Club Members Attend Zone Meeting

Three members of the Littlefield Garden Club, Mrs. Herbert Dalle, Mrs. R. L. Tisdale and Mrs. R. N. Nicholas, attended the Garden Club District I Zone meeting in Tahoka Thursday.

Zone chairman, Mrs. Harry Williams of Levelland, was in charge of the program.

Following a noon meal, Rev. Herbert Foust of Fort Worth presented a program on "Arranging Flowers With Driftwood."

BEDROOM BEAUTY DEPENDS ON MORE THAN JUST THE BED

In the old days, bedroom decoration consisted of choosing a right bed plus adding standard equipment as a low chest or dresser and high chest—and that was about it.

But today, people want more beauty and convenience in their bedrooms, and more different pieces of furniture to make the bedroom well-decorated that it will stand on its own as a beautiful place.

What can be added to a bedroom to achieve new beauty and convenience? Here are a pair of ideas: How about a pair of straight chairs with a table between them; a decorative bookcase; an armchair; a beautiful dressing table; a chaise lounge; a love seat or an attractive bench.

And, of course, the bedroom can be coordinated with carpeting, drapery, wall designs, bedspreads and other accessories.

But what about the problem of storage? Most homes without dressing rooms or big closets need bedroom chests—you don't have to settle for the old standard equipment. You can see a variety of beautiful, low, single, double, triple dressers, chests and storage pieces that will only hold clothing but improve a room decoratively.

For all kinds of furnishings and ideas to new beauty to your bedroom, stop in and browse around.

Election Day

WITH THE recent foul-up in Lamb County's voter registration list and the confusion that has resulted from the foul-ups, Tuesday's Constitution Election may see more voting problems than normal.

However, the Lamb County Commissioners Court is trying to eliminate as many problems as possible by publishing in this edition of the Leader-News, a map showing the voter precincts of Lamb County.

Perhaps the main point that a voter should remember is found in Article 2.06, Chapter 2 of the Texas Election Laws which states, "All voters shall vote in the election precinct in which they reside." There are legal exceptions to this, but they are rare and should affect a very, very small percentage of Lamb County voters, if any.

In our own particular case, involving names left off of the "official" voter registration list, the law does give you your right to vote and this is found in the Texas Election Laws Article 5.16a, Subdivision 3 which states "where a voter's name is not shown on the precinct list of registered voters, but the voter presents his registration certificate showing him to be registered in that precinct, the election officers shall permit him to vote and shall add his name, address, and registration certificate number to the list."

So, regardless of how many voter registration numbers you may have, or have had and regardless of whether you're on the "official" list or not, get out and vote Tuesday, Nov. 6.

... AMENDMENTS

Continued from Page 1

of sea walls and breakwaters by majority vote of the resident tax payers. This would not effect our area; however, supporters of the amendment say many of the Texas coastline communities cannot raise enough tax to adequately protect themselves against hurricanes, while on the other hand, the opponents say that man-made barriers such as sea walls will speed erosion of the beaches and destroy the recreational value of the shoreline.

Amendment No. 6, if passed, would grant the district court the general jurisdiction of a probate court and would authorize the legislature to adjust the jurisdiction of the courts in probate matters. Those who are for this amendment say it is needed to meet public demand for a simplified, efficient probate system. Those who oppose this amendment say the legislature, under present constitutional authority, already has created county probate courts and county courts with sufficient probate jurisdiction.

Amendment No. 7 would provide an additional \$100 million in state bonds for the veterans land fund and would also extend the classification of those eligible to include surviving spouses of an eligible veteran. Those who favor the amendment say that there are veterans who have not exercised their rights under the Texas veterans land program of buying land with money from the state at low interest rates. Those that oppose the program say the high cost of land makes the small amount you receive from the veterans land fund insufficient to purchase a tract.

Amendment No. 8 would authorize and require cities, towns, and villages to levy ad valorem tax sufficient to pay principle and interest on their general obligations issued in the future. Those who support this amendment say it would allow cities and towns to live up to their obligations on bonds they issue after voter approval without deleting funds from other sources. Opponents argue that the proposal creates a possibility of more taxes on already burdened tax payers.

The last amendment on the ballot, amendment no. 9, would exempt certain personal and real property of non-profit water supply corporations and cooperatives from property taxation. Those who support this amendment simply indicate that a rural water supply

should be treated the same as a city water supply and that it should not be taxed for state and county ad valorem tax purposes. Those who oppose this amendment say that such an exemption would give the non-profit organization an advantage over privately owned water supply corporations that are in the business of selling water for profit.

I know this has been a very brief explanation of the nine amendments. If you should seek or want further information pertaining to the amendments, drop me a note or call me and I would be glad to provide you with more information.

I have often said that government gets itself in trouble many times simply because people are complacent and do not take a part. I don't think this is the case with people in our area, and I would encourage each of you to study these amendments and to participate. Go to the polls and vote. Your vote could make the difference.

DEAR EDITOR

Oct. 30, 1973

Dear Editor,

I really enjoy your paper, especially the "Woman's View".

I think Mrs. Pearl Brandon must be a real Christian woman.

She writes such good advice to people.

We were poor people, raised in a large family. But never had much money, but always plenty to eat, plenty to wear to keep us comfortable.

She speaks of how good God was to that family that lived in a tent. He was always good to us, all way down through life. We believed in paying as you go, never bought on time unless it was absolutely necessary.

I enjoy the Littlefield news.

Enjoyed reading about there being a Revival Center opened up in Littlefield.

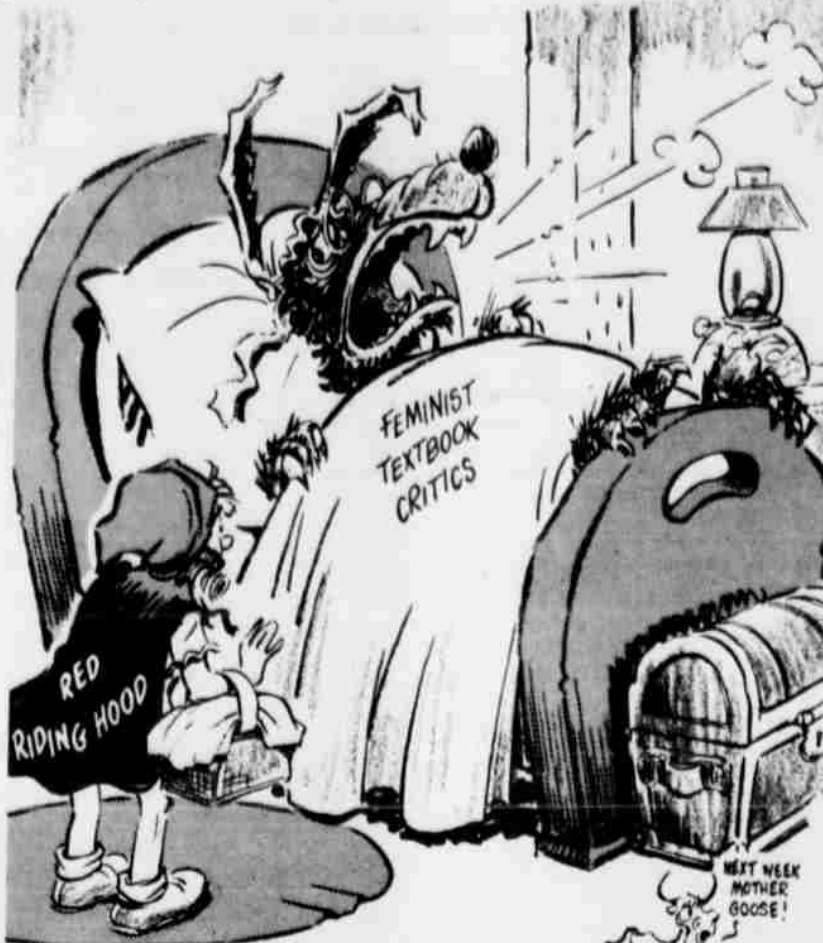

We use to live in Rio Grand Valley, and there was a Revival Center close to Edinburg and there was where we went to church Sunday nights.

Lot of people down there go to their church for morning service, then come to Revival Center for night services. All denominations came to worship and we thought that was wonderful as we will all be one, one of these days.

I think there are good Christians in all churches, also the other kind too.

I think people enjoy themselves more when all come together to worship.

"Get Lost, You Sexist!"

A Woman's View

By PEARL BRANDON

THE LORD has been very good to us in that He has allowed us to have a beautiful little granddaughter to help bring up.

All the lives of our family center around her, but it is an awesome responsibility too.

ALL WHO have teenagers in their homes know what I mean when I say there is a prayer in my heart daily as I watch her go off to school—always rushing with her hair flying in the wind and loaded down with books.

There is pride too, and a little bit of fear when she leaves, all dressed up, with her little friends for football games—maybe just to drag main downtown.

COME TO THINK of it I don't think she or her friends would like to be called "little".

I guess they are about grown up but to me they are still little.

I KNOW all the other families who have teenagers have the same fears with the fast cars, exposure to drugs and the openness of sex behavior that young people face these days.

Every young generation thinks of the older generation as squares or old foggies, but as they grow older they find the values of life are true and the same regardless of what age in which they were born.

WE STILL have to reap what we sow—we still suffer when we break the laws of God.

In Proverbs 8 we have this "Can't you hear the voice of wisdom?"

She is standing at the gates and at every fork of the road, and at the door of every house.

Listen to what she says, then "O foolish one, let me show you common

sense!...If everyone respects and fears God, he will hate evil. For wisdom hates pride, arrogance, corruption and deceit of every kind."

THIS IS FROM the "Living Bible". The eighth chapter of Proverbs is such a beautiful chapter, all of you should read it for yourselves.

Getting back to our youth, they know so much more than we did at their age and are living so much faster—is there a lot we can learn from them, and much they can learn from us if we can settle them down long enough to listen.

SOMETIMES it is hard to know when to be firm with them, or to know when to let them alone to "do their own thing".

I don't think they realize how great the love and concern for them that parents and the older members of the family have for them. We represent authority and they want to get away from that.

THEY SAY they have a right to live their own lives and make their own mistakes.

Experience is a hard teacher as we older people know and it is hard to stand by while they are exposed to danger from which they might suffer the rest of their lives.

It is also hard to make them understand it is our love for them that causes us to put restrictions on them.

BRINGING UP young people is like all other problems we face in life, we have to take them as they come, putting our faith in them and in God to help us direct them aright.

Proverbs also says, "I would have you learn this great fact: that a life of doing right is the wisest life there is."

If you live that kind of life, you'll not limp or stumble as you run." Living Bible Proverbs 5:11.

OBITUARIES

GLADYS EVELYN DODD

Funeral services for Mrs. Gladys Evelyn Dodd of Cotton Center, who died Tuesday afternoon, Oct. 30, in University Hospital in Lubbock where she had been a patient about three weeks since she received injuries in a car accident eight miles west of Abilene, were conducted Thursday afternoon in the First Baptist Church of Cotton Center.

Rev. Raymond Jones, pastor, officiated. Burial was in Plainview Cemetery with Parsons Funeral Home of Olton in charge of arrangements.

Mrs. Dodd was a past Worthy Matron of the Olton Eastern Star, and a past Mother Advisor for the Rainbow Girls of Olton.

She is survived by her husband, Earl Dodd; three sons, Lt. Col. Calvin Dodd of Alexandria, Va., Jackson Dodd of Lindsay, Okla., and Don Dodd of Amarillo; a daughter, Catherine Stroebel of Olton; two sisters, Gotha Williams of Coleman, Okla., and Iris Sullivan of Florenceville; and 11 grandchildren.

WARREN HOLMES

Services for Warren LaShawn Holmes, four-month-old son of Mr. and Mrs. Willie Holmes of Bovina, who died at 7:30 a.m. Tuesday at his home in Bovina, were conducted Thursday afternoon in the Bovina Cemetery.

Parsons-Ellis Funeral Home was in charge of arrangements.

Besides his parents, he is survived by a sister, Tijuana Holmes of the home; a brother, Willie Holmes Jr. of the home; and his grandparents, Mr. and Mrs. Charles Banks of Clovis, N.M., Leroy Medlock of Anton, and Mrs. Leroy Medlock of Oklahoma City, Okla.

RAY H. SMITH

Memorial services for former area resident, Ray H. Smith, 58, of Lake Isabella, Calif., who died of a heart

attack in Healdsburg, Calif. General Hospital Friday, Oct. 19, were conducted in Valley Mortuary Chapel in Lake Isabella Wednesday, Oct. 24.

Smith was a retired rancher and had farmed in the Amherst and Littlefield area several years before he went to California 12 years ago.

Officiating for the service was Rev. Willard Vanfosson, pastor of the United Kernville Methodist Church.

Surviving are his wife, Effie; three sons, Royce Smith and Randy Smith of Lake Isabella, Calif., and Gary Smith of Germany; a daughter, Sue Hinkley of Sacramento, Calif.; two brothers, Skipper Smith of Littlefield and Richard Smith of Idaho; a sister, Oleta Sawyer of Earth; and nine grandchildren.

FANNIE NORFLEET

Funeral services for Mrs. Fannie (W.R.) Norfleet, 85, a longtime resident of the Valley View Community, were conducted Friday afternoon in Lemons Memorial Chapel in Plainview.

Mrs. Norfleet died in Carlsbad, N.M. Wednesday night, Oct. 31, while visiting her daughter, Mrs. Katherine Reed.

Officiating was Rev. A. E. Jennings, pastor of the Olton First Methodist Church. Burial was in Plainview Memorial Park with Lemons Funeral Home in charge of arrangements.

Mrs. Norfleet was a native of Carroll County, Ind. and came to Texas in 1907 with her parents. Her father, the late Luther Norris, was a foreman for the King Ranch.

She married W. R. "Bob" Norfleet in 1910 and the couple moved to a farm in the Valley View Community. She was the only woman in the county at the time of her marriage. Norfleet died in 1969.

She was a member of the Church of Christ.

Surviving are Mrs. Reed, and three other daughters, Mrs. Gladys Campbell of Canyon, Mrs. John Montgomery of Grand Junction, Colo., and Mrs.

THE ABUNDANT LIFE

Self Care

"TAKE CARE OF YOURSELF" is a very good expression of wholesome interest in a loved one or a friend. It also reveals a knowledgeable view of human behavior, and an understanding of a basic personal need. It is supportive of the importance of "self-care".

A cursory consideration of this idea will most surely lead us to the wrong conclusion, and may even cause self-neglect. It can also cause unjustified criticism of the people who are "taking care" of themselves.

"SELF-CARE" MUST NOT become an obsession. If it does, it is no longer "self-care" but self-centeredness. We are not taking care of ourselves, if we become "concerned solely with our own desires, needs, or interests".

Permitting our lives to become self-centered is one of the worst mistakes we can make, but neglecting ourselves is equally harmful. Self-care is the view of one's life that lies between "self-centeredness" and "self-neglect".

IN THE LEARNING PROCESS of early life, we are often warned that certain things are harmful. We are given help in learning to identify these, and are told some of the safeguards to use of our safety.

In fact, in a variety of ways, every day, we are warned to be careful. This continues to be part of the living experience, and most of it is justified and helpful.

Therefore we are conscious of most of the external dangers which threaten our well-being, and most of us do reasonably well guarding ourselves against them.

This is a very important part of "self-care", but there is more.

"SELF-CARE" MUST include mind, the inner nature. This is more important than our outer nature. The charge is often made that we are too careful about what goes on in our stomach than we are about what goes on in our mind.

We may be, and, if we are, being very foolish; however, we are that such a mistake is easy to make, and we are making this mistake. We correct it, and should.

SUCCESSFUL "SELF-CARE" is accomplished by "keeping the mind with all vigilance", because "the mind is the issues of life".

IF WE ARE MORE particular in the adornment of the inner man, we are missing the main point in "self-care".

The intelligent view of living is to do our very best with both.

"HE IS HIS OWN worst enemy" is an uncomform remark to hear someone. This describes the person, in some way or ways, caring for himself.

Such harm to one's self involves faulty attitudes, or inadequate self-management, or an untongue, or some such concept of "self-neglect".

WE MUST TAKE CARE of ourselves in order to be useful, and in order to be most helpful to our fellowmen.

This "SELF-CARE" is life!

TAPES?—WHAT tapes??? Wouldn't be surprised if SEVERAL of those tapes have gotten misplaced. It seems to be the same ol' ballgame, just a different inning.

(Don't know why I refer to this escapade in baseball terms, seem' as the baseball season is over. That is, unless we know that there'll be too many parts to be called in quarters!)

ANYWAY, WE can see that about the time we think we're on the way, somebody hits a foul ball. You may say Mr. Nixon has committed an error, but you can't say he's stupid!

It's kinda like the OL' shell game, now you see it, and now, you DON'T! —Indeed, the courts are welcome to all the tapes—That haven't been lost.

WE ARE AWARE that "Big Jawn" has drawn attention to himself by his open criticism of the President. Just in case there are those that might not appreciate him if he were too closely identified with the chief.

AND, YOU MIGHT not be wise to count Mr. Connally out of the picture as

yet, seeing that, barring impacts we are still due three more years at Watergate. The pendulum will swing good many times before there's a return to the present term of office.

If the President is impeached, goin' to be surprised. After all, we have that can take up the gauntlet hand-holdin' that's been taken with the Reds of late?

THEN, TOO, what would the media use for headlines, if the president should plead guilty and step down? Guess you see what's happenin' Agnew since he quit. He hardly ever back page mention anymore. Who he, anyway???

At any rate it isn't likely the President will be caught with his hand. The game of cat and mouse continues.

AND, AT THIS time, we're not just which is which!

MRS. SAXBE, wife of potential attorney general, says what we see some common sense and a little bit at the top of our government. Yes, hearts, we'd LOVE to see some of

Turn Row COMMENTS

By EMIL MACH

THE BUSINESS OF keeping the House and Senate operating in Washington is apparently becoming more and more of a complex job, judging from the number of people it takes to keep them going.

The number of people employed by the branches of Congress has jumped to over 20,000 at the cost of \$300 million a year, triple the figure seven years ago.

A per capita average of \$14,000 is reflected in the Senate and \$13,000 in the House and two thirds of the members of Congress now have aids who earn \$25,000 a year or more. And they complain about the price of meat.

BACK ON THE homefront after having a chance to visit our schools during back-to-school night, sure wish we could spend some of the money spent in Washington to improve our education systems.

In conversations with various personnel in our schools the biggest complaint is that they are understaffed with teachers. Many teachers have near or over 30 students in a class.

This is not good because the above average student and the below average student are neglected. In general, the only student that gets the bulk of the teaching is the average student.

With large classes there is very little or no time for the above average student and the slow student.

Douglas Herrington of Levelland; three sons, John Norfleet and Owen Norfleet, both of Olton, and Robert Norfleet of Westville, Okla.; two brothers, Jim Norris of Cliff, N.M., and Owen Norris of Waverly, Kans.; 20 grandchildren; 29 great-grandchildren; and two great-great-grandchildren.

REGARDLESS OF HOW many times we read that our national debt is running into billions, the fact is that the only people sitting on top of the world are the Eskimos.

Wayland's Parents Day

Delayed Saturday, Nov. 10

Parents Day at Wayland College will be observed by the Student Foundation on Saturday, Nov. 10, according to Marsha W. Tullia, senior and president of Student Foundation.

The Foundation will be assisted by Plainview Chamber of Commerce who will treat all parents and children to a free fish fry between 5 and 6:30 p.m. in the Peterson Physical Education Center.

Letters have been sent to parents of all Wayland students inviting them to be guests for the day. The night of the day will be the final night of the Miss Wayland College Pageant when Miss Texas of 1973, Judy Mallett will be special guest.

Activities get underway at 9:30 a.m. with registration and coffee in Slaughter Memorial Center. Tours of the campus and lunch with students and parents will follow.

An afternoon session will feature informal meetings with college faculty, staff and administrators. A college slide presentation will be given by members of the Foundation. At 3 o'clock, college students will present a talent show in Slaughter Memorial Center. The fish fry will begin at 5 p.m.

Officers of the Student Foundation, in addition to Miss Sharp, include Mary Ann Lindsey, vice president; Gary Lillie, budget officer; Patty Dennis, chairman of committees; Amy Dillard, corresponding secretary; and Vicky Julian, recording secretary.

Activity committee members who are planning the weekend, include Miss Dennis, chairman; Donna Rebadow, Peggy Provence and David Foote.

In charge of registration for the day is Melanie Appleton, chairman; Nancy Metcalf, Alba Sanchez Wilcox, Joyce Worcester, and Miss Lindsey, adviser.

WHITHARRALS' HOME-COMING was termed quiet a success. Activities started off with a huge pep rally in a red and black streamer decorated gym. Decorating the gym and leading off the impressive rally were Whitharrals' Cheerleaders, Cynthia Ann Wade, Terri Howard, Connie White and Fredda Stockton. Prizes were awarded during the pep rally to students from each grade for making the most appropriate posters.

TRAFFIC DEATHS

In 1972 there was a discouraging reversal of the downward trend in traffic fatalities of 1970 and 1971. Last year, more than 55,700 persons died in traffic mishaps.

FRIDAY EVENING Whitharral residents and homecoming spectators viewed a parade made-up of children on their decorated bicycles, the Panther Band marching, individually decorated cars and four floats. First prize in the bicycle category went to Brenda Hewitt and first place in the float category went to the Whitharral Young Homemakers. Other organizations entering floats were the Lion's Club, the Band and the school's Queen Float.

CYNTHIA ANN WADE, junior student and head cheerleader was crowned "Homecoming Queen" during the game halftime activities by "Football Hero" Benito Lopez. Lopez, a senior, is

quarterback. He presented Queen Cynthia a bouquet of red roses. The Queen and her court were placed upon the float to view the last half of the Panther-Loop Longhorn game. The only blight on the two days of activity was the Panthers loss to Loop, which was soon forgotten as numerous ex-students from well over 10 past graduating classes gathered in the Lions Building. Cups of hot chocolate and coffee were served by the Ex-students Association.

MRS. J. E. WADE drove Mrs. George Wade, Sr. to Perrin recently so that she might attend homecoming activities there. Mrs. Wade and three of her sons, all of whom live at Whitharral, J. E.; Ralph and T. C., attended public school at Perrin, before the family moved to Whitharral in 1933, where the boys continued their education.

chairman for the United Fund Drive was assisted in canvassing the community Wednesday afternoon by Mmes. Coy Grant, Adolph Dukatnik, Clifford Throckmorton, Fredda Kristinek and Don Reding.

WHITHARRAL RESIDENTS in Lubbock Tuesday night to view the Junior High and Whitharral girls varsity basketball games against Lubbock Christian High School teams were Mr. and Mrs. Coy Howard, Mrs. Willie Bryant, Mr. and Mrs. Driscoll Bryant, Mmes. J. E. Wade, Adolph Dukatnik, Wright, T. C. Wade, John Dukatnik and Mr. Don Avery. The High School score was LCHS 59 and Whitharral 50. Scoring for Whitharral was lead by Rhonda Bryant and Fredda Stockton.

WEDNESDAY Mrs. Monty Rodgers returned home after spending several days in El Paso visiting in the home of her aunt while her husband

was deer hunting in Colorado. Monty and his dad Rafe Rodgers returned home Wednesday from the hunt.

WHITHARRAL Future Homemakers enjoyed a Costume Halloween party in the Home Ec's cottage. Thursday evening Jodi Doshier received special recognition for her unique disguise as a mummy.

THE GROUP spent the evening singing "Pumpkin Carols" and playing games. Refreshments of chips, dips, sandwiches, cold drinks and pop-corn balls were served to Terri Howard, Cynthia Wade, Connie White, Donna Avery, Charolette Pelfrey, Cindy Doshier, Jodi Doshier, Fredda Stockton, Rhonda Bryant, Cheri Hisaw, Lana Dukatnik, Brenda Polk, Aurora Berrera, Marie Banda and Rosa Cirillo and the groups advisor, Mrs. Alicia Addington. The Chapter went Trick and Treating for UNICEF Wednesday afternoon.

STEVEN STOCKDALE
Cadet Steven E. Stockdale, son of Mr. and Mrs. Ernest F. Stockdale of Olton, is among the 1,086 cadets who have entered their second year at the U.S. Air Force Academy.

This past summer, the cadet and other members of the sophomore class completed an intensive three-week course in water and combat survival and introductory prisoner-of-war training.

He also took part in the week orientation program at Pope AFB, N.C., to see firsthand the role of the enlisted man in accomplishing the Force mission.

The cadet will be commissioned a second lieutenant and receive a bachelor's science degree upon graduation from the academy in June 1976. Cadet Stockdale is a graduate of Olton High School.

THREE LAMB COUNTY 4-H'ers won several honors Saturday, Oct. 27, during the horse judging show at Vega, held in conjunction with the Oldham County Field Day. They were first high senior team, and were presented the trophy (on the sidewalk), along with individual plaques and ribbons for placings. Brian May of Sudan, left, won first high senior individual; Sheila Lewis of Earth won 10th high senior individual; and Jim Fields of Sudan won second high individual of the show. Petra Lewis of Earth participated in the junior division. Coach Louis Fields of Sudan won third high individual in adult judging. They also brought home the plaque for traveling the farthest distance. (Personal Photo)

FEEDING YOUNG CHILDREN

Serve children foods from each of the four food groups daily.

- *Meat Group — 2 servings
- *Milk Group — 2-4 glasses
- *Fruit-Vegetable Group — 4 servings
- *Bread-Cereal Group — 4 servings

If a child does not like a food from one of the groups, substitute another food from the same group. Studies from nursery schools suggest they enjoy eating when food is served attractively.

Make eating a pleasant experience for children. Teach the child to eat his meal with the family; children are great imitators and learn good eating habits from adults.

*Give the child a chance to quiet down before mealtime. He cannot enjoy the meal if he is tired or overexcited.

*Use child-size dishes and utensils the child can handle. He will enjoy feeding himself.

*Allow the child some freedom in the choice of foods served. This enables him to develop independence and feel grown up like the other family members.

*Serve small servings. A plate piled with food is discouraging to a child.

*Serve attractive and colorful food. Cut foods so that the child can handle them.

*Serve meals at regular

times. Make mealtime a relaxed and calm time. Do not rush through the meal.

*Allow the child to eat by himself. Do not expect table manners until he has developed skill in eating and feels more grown-up.

*Introduce new foods in small amounts along with the favorite foods. It is best to serve new foods at the beginning of the meal.

THE SWARMING CAT DEFENSE came up with the big play time after time Friday in the Wildcat's 41-0 win over Morton. Larry Thompson, the Indian ball carrier, is being wrapped up by Doug McCain (76) and Bryan

Myres (84), while Ben Farmer (72) and Richard Barton (82) come in to help. Thompson led all rushers in the game with 122 yards. (Photo by Richard Rogers)

"KEEP YOUR EYES OPEN, MEN, you know when those Indians might attack!" That type of warning was issued back in the days of General Custer and Sitting Bull, but when the Morton Indians came to town Friday, they reinforced that advice by hitting Littlefield runners

and blockers often after the play had been blown here, Pat Henderson is on the ground and Thompson is preparing to keep him there. The tactics were to no avail as Littlefield won 41-0 and a berth in the state playoffs. (Staff Photo)

Continued From Page 1

the other side of the field prevented the touchdown. Cook went down on the seven. Tailback Kenny Owens carried three times, the last time from the one for the score. Cook tacked on the extra to make it 7-0.

Morton mounted a mild threat, and after converting a fourth down gamble from their 25, moved downfield to the 28. On third and two, Quarterback Ralph Mason carried around the right side. He was stopped, and Ben Farmer crashed in and knocked the ball loose. Littlefield recovered on the 25.

On second from the 28, Halfback Pat Henderson got outside and sped down the right sidelines to the Indian 38 before Larry Thompson knocked him out of bounds. Terry Bryson followed with a pass to Tight End Chris Pope, who got down to the eight. Henderson culminated the four-play, 75-yard drive by skipping around the left side for the touchdown. Cook's kick made it 14-0.

Thompson returned the kickoff to the 30, and on first down, Mason dropped back to pass. He fired downfield to Thompson, who caught it at the Cat 30 and was finally brought down by Bryson and Craig Ratliff on the 24. Mason tried another pass on second and 15, but Defensive Tackle Ricky Hopping flew past and grabbed a fistful of his jersey, dragging him down on the 35. On third, Mason lofted a perfect pass to Randy

Kuehler in the end zone, but Henderson reached over Kuehler's head and tipped the pass away. Owens made the third big defensive play in a row when he intercepted Mason's fourth down pass on the 14. The Cat defenders turned into blockers, and Owens had clear sailing down to the 43, where he was hit by Thompson and fumbled. But it was Littlefield's night, and the ball picked up five more yards before it was kicked out of bounds by four hustling Indians.

Littlefield was frustrated offensively for the first time, and on fourth and 13, Bryson overthrew Henderson on the quick pitch, and the halfback could get back only to the 30.

Morton made one first, then punted to the seven. Bryson got to the 14, and on third, Owens exploded up the left side, jumped over Billy Joyce on the 24, and fought his way to the 27. Morton was penalized for hitting after the whistle (the infraction took place 15 yards from where the tackle was made), and from the 45 Kelly Pratt came in to relieve Bryson at quarterback. Pratt dropped back into the pocket behind good protection, and laced the ball beautifully to Pope. The ball came down 41 yards later, and Pope made a leaping catch on the 14. Pratt trotted off the field, and Bryson came back in to finish off the drive. He rolled left on the option and found a safe path into the end zone. Cook came in, and it was 21-0 with 4:04 left in the half.

The Cats got into a special "prevent defense" for Morton's next possession with five defensive backs. It worked well, for on second down, Pope intercepted on the 45 and followed his blockers down to the 13. Henderson went to the eight, Owens banged to the three, and on third, Owens burrowed in to make it 28-0.

The Cats cooled down a little in the second half, and concentrated on the big defensive play to thwart Morton. After Pope punted away Littlefield's first possession, Morton was dropped for losses on their first two plays to the 15. A third down pass was broken up by Ratliff, and Fluitt punted to the 34.

Bryson carried on first to the 40, and on second Owens popped up the right side to the 45, where Johnny Rozell grabbed the only thing he could—Owens' jersey. Owens stretched the jersey for two more yards to the 47. Bryson made a crucial first down on third and two to keep the drive alive, and a Morton facemask penalty put the Cats in good shape on the 26. Jerry Silhan of Morton told the referee what he thought of the call, and Littlefield got another 15 yards, courtesy of Silhan, who watched the rest of the game from the sidelines. On fourth from the three, Bryson dragged John Hodges into the end zone with him, and Cook's kick made it 35-0.

Morton was forced to give up the ball after Linebacker Gary Lichte stopped a Thompson sweep for a four yard loss,

and Pratt came back in at the start of the fourth quarter. With second and five from the Cat 38, Pope beat Kenneth Standmire and Pratt hit him on the Morton 42. Three plays came up four yards short, and after an offside penalty, Pratt scrambled out of the pocket and picked up the first, before being scrambled by three Indians. A first down pass was incomplete, and on second Pratt was dropped on the 40. Two passes to Cook got the yardage back and the fullback picked up the first on the 14. Buddy Jungman carried to the 10, then rammed up the middle for the final yards. Standmire stormed through to

block Cook's PAT, but it was much too little much too late, and Littlefield led 41-0 with 7:31 left in the game.

Morton used up all the remaining time trying to save face by scoring at least once. But the Cats gave away yardage stingily. Morton got down to the 25 before the clock mercifully ran out, and it will be many moons before the Indians from Morton forget what happened. Statistically, the Lions were kinder to the Christians than the Cats were to the Indians as Littlefield lead the edge in every department. Littlefield had 21 first downs to nine for Morton, picked up 321 yards rushing and

105 passing to 114 and 77 for Morton hit on five of seven passes compared to three of nine. The Cats never over the ball, and were penalized six times for 41 yards, two penalties coming when kicked out of bounds. The Indians lost three times and had nine penalties minus 92 yards.

Henderson led the Cat runners yards on 12 tries. Cook was next with 11, and his came on only two drives. Owens carried 61 and Bryson Pope caught three passes for 70 and Cook pulled in two for 28.

JV Dumps Dimmitt, 38-6

The Littlefield JV exploded from a 6-6 halftime tie to dump Dimmitt 38-6 Thursday.

Sammy Schlottman led the host Cats with 224 yards on 25 carries and three touchdowns. He scored on runs of six, 22 and 72 yards. Lonnie Twitty scored on a 15 yard jaunt, and intercepted two passes defensively. Danny Martinez made a touchdown from the seven and Ronald Parmer kicked an eight-yard field goal, passed to Kip Elms for a two-point conversion and added an extra point kick.

"We had a real bad first half," said Coach Robert Bolton. "We fumbled four times, once on their one yard line, and once on our 18 that led to their only score. But we came back real well and I felt like we had just an overall good team effort in the second half."

Bolton cited Schlottman for his rushing and blocking. Randy Hall was commended for his blocking from his center position. Defensively, Twitty, Steve Cruz and Brad Banner were standouts, and Larry MacDonald recovered two fumbles. "Our whole defense played real good the second half," Bolton com-

mented. "Ayala and Hall also played well on the specialty teams, and I'd say those two probably had their best games of the year."

The JV totaled 343 night

yards for the night, and held Dimmitt to just 123. The win put the JV at 5-3 for the year.

The JV was supposed to play at Olton this Thursday, but the Mustangs canceled. Bolton

said that if another team be found, the JV will open date.

Anton, Sudan Move From Class A To B

Anton, Sudan, Ropesville and Valley High Schools have all been assigned to District 2-B for the 1974 football season.

These four schools join Amherst, Happy, Lazbuddie, Matador, Meadow, Nazareth, New Home, Sundown, Whiteface and Wilson which makes 14 schools in District 2-B football competition. Lamar Kelly of Amherst is district chairman. A zoning meeting was called last Monday night. The district will be made into two zones. This will mean a playoff game the last of the season to decide the district championship.

At the zone meeting, Anton was placed in the zone with Wilson, Meadow, Whiteface, New Home, Sundown and Ropesville.

The cutoff level between

classes B and A is now 125, up from 120 of two years ago. The cutoff between A and AA was raised from 229 to 234, bet-

ween AA and AAA from 519, and between AAA and AAAA from 1119 to 1134.

Hart 41 Wolverines 14

Hart's Longhorns, sparked by the running of halfback Jimmy Brown, blasted the Springlake-Earth Wolverines 41-14 in a District 3-A game Friday night in Earth.

Hart rolled up a 33-0 advantage before the Wolverines, now 2-5, managed to get on the board in the third quarter. The Longhorns scored 20 points in the opening stanza on a 48-yard pass from James McLain to Barry George, and runs of 38 and ten

yards by Brown. In the second quarter, added two TDs on runs by McLain and fullback Hill.

Springlake's Hal scored on runs of 33 yards the third period and 31 fourth to narrow the margin to 33-14, but Brown, who ran for 148 yards, added his scoring jaunt of the night yarder in the final minutes to boost the Longhorn score mark to 7-2.

Lfd. Frosh 19 Dimmitt 0

The Littlefield Frosh took a 19-0 win Thursday over the visiting Dimmitt team. Alonzo Cavazos, who was moved up from the eighth grade team two weeks ago, scored twice on runs of nine and 15 yards. Ralph Mendez ran in from the seven and booted one extra point.

"Our overall effort was just great," said Coach Eddie Hooper. "Our kids showed a lot of pride in not letting them score. Offensively, Layne McKinnon (tackle) blocked very well, and Mendez had an excellent night running the ball, along with Cavazos. Defensively, McKinnon and Mendez again played very well, as did Jack Speck and Tony Cowan."

McKinnon was named Hustler of the Week.

The Frosh, now 5-3 for the year, take on Olton next, at Olton. "They're probably the best team we'll face all year,"

Hooper said. "They have a very good record, and we know they're going to be tough." That game will start at 6:30 p.m., with no JV game following.

Meadow 19 Amherst 0

Meadow toppled Amherst 19-0 Friday night in a District 2-B contest.

Mitchell McElroy, Bronco halfback, barged over from the one to open the scoring.

Quarterback Larry Mason carried across from the one in the second quarter.

Midway in the third period Mason hit halfback Rick Wright on a 40-yard pass that added six.

7th And 8th Both Lose

Dimmitt picked up twin victories against Littlefield Tuesday, taking the seventh grade game 20-0 and handing the eighth their first loss of the year, 22-6.

"Kenny Williams came in at tailback, and did an outstanding job," Coach Kenny Carter said of the seventh game. "Richard Morgan played very well at linebacker, and Grant McCarty and Johnny Ortiz also played well defensively."

"We moved the ball better than we have in past games, and I feel like our boys came through and played very well, even though we did lose."

Williams was tabbed Hustler of the Week by Carter. The seventh team is now 1-5, and goes to Olton Tuesday for a 5 p.m. game.

The eighth grade team led 6-0 at the half, but Dimmitt came back to win. "I feel like we physically handled them most of the game," Carter said. "But the Mayberry kid (Robert Mayberry's little brother) scored on a long sweep and we had two bad punt plays that gave them touchdowns."

Stan Jackson scored the eighth graders' touchdown on a quarterback sweep and was named Hustler of the week. Defensive standouts named by Carter were Bradley Allen, Dewayne Hayes and Eugene Hernandez.

"We've had to make some offensive changes recently because we've had some players missing," Carter said, "and I think our boys played an awfully good game with this in mind."

The loss lowered the eighth's record to 4-1-1. They play Olton Tuesday, immediately following the seventh grade game.

Carter added that the support given to both teams this fall has been greatly appreciated, and he expressed special thanks to Mr. and Mrs. Edwin Coffman for donating ice to the teams.

O'Donnell 32

Anton 0

Rolling up more than 400 yards in total offense, the O'Donnell Eagles flew to an impressive 32-0 victory over the Anton Bulldogs in a District 5-A battle Friday night.

Scoring in each quarter, the Eagles ran their season record to 6-2 while the Bulldogs dropped to 2-6.

Jimmy Amaro scored first for the Eagles on a nine-yard sprint and then kicked the point after.

In the second period, David Pearson scored on a 31-yard rambble and Odell Hunter went over from the one in the third period.

In the final quarter, Kevin Wood grabbed a 25-yard pass from Pearson and Scotty Childress scored from two yards out.

Women Sew Quilts For Needy

Women of the Emmanuel Lutheran Church spent all day Monday making quilts in a quilting party in the church's Parish Hall. Women brought their sewing machines to piece and hem while others cut blocks and tacked the quilts to the backing. These quilts will be sent to India's needy people, or to other needy countries. Participating in the project were Betty Ristvedt, Hattie Reinsch, Ruth Brandt, Waneta Siems, Laverne Carpenter, Ruth Bartley, Gardeen Sell, Gladys Hobratschck and Augusta Drager.

Homemaking Tips

By LYNN BOWERMAN
County Extension Agent

Many fad diets are circulating today, and you should be very leary of this way of losing weight. Many of these may be harmful to your health. One up and coming diet, severely restricts carbohydrates.

According to many noted nutritionists prolonged reliance on low or zero carbohydrate diets may result in physical harm, comas or even death.

Dr. David Trout, carbohydrate specialist says: "People have a far greater need for dietary carbohydrates as a calorie source than is generally recognized."

The body has two urgent needs for carbohydrate: first, the brain's high energy requirement which only glucose can meet; and second, the need to maintain safe levels of ketone bodies in the blood, which are acetone

and two other compounds formed in the incomplete metabolism of fat when there are no carbohydrates to take part in fuel chemistry.

The level of these ketone bodies becomes elevated during food deprivation with high fat diets, which can lead to ketosis (an abnormal increase of ketones), resulting in liver damage, coma or even death, as in diabetes.

"Carbohydrates, fats and proteins account for nearly 100 per cent of all food energy," Dr. Trout explains, "and there are real limits to the quantities of fat and protein which should be eaten."

The Food and Nutrition Board of the National Academy of sciences recommends that daily protein be approximately 10 per cent of the total calorie intake, the exact figure varying with age and sex. While this level is often ex-

ceeded, he continued, "few people consume much more than 20 per cent of their food energy as protein."

"The typical U.S. Diet provides 40-45 per cent of energy as fat, although the American Heart Association advises that people should generally restrict themselves to not more than 35 per cent fat calories."

It is clear that carbohydrates provide 35-55 per cent of food energy, of a normal diet."

According to Dr. Trout, many nutritionists are concerned about excessive levels of both fat and protein in the diet.

"Large-scale consumption of these (saturated) fats, especially when they are from cholesterol-containing animal food, tends to elevate serum lipids and is considered to predispose a person toward atherosclerosis."

While we have few "definitive" human studies, Dr. Trout said, "some animal studies suggest that, at least for some people, excessive protein intake may upset

electrolyte regulation (controlling concentrations of sodium and potassium salts in body fluids), promote kidney disease and speed processes of aging."

People trying to balance calories and control weight, Dr. Trout continued should receive almost half their calories from carbohydrates. For the carbohydrates in the diet, he suggests starches, which have "several special characteristics which are distinctly beneficial."

First, starch is a bulky, insoluble material which takes up water on contact. As a result, people find it to be relatively filling for the quantity of food energy provided.

Secondly, starch is made up of glucose units and yields glucose slowly on digestion. In contrast, other sugars are generally transported directly to the liver to be converted to fatty acids or to glucose. A frequent result is that a substitution of fructose, sucrose or lactose for glucose or starch in the diet may

produce some elevation of blood lipids.

But the most important characteristic of starch is its requirements of a series of digestive enzymes for its breakdown into nutrients useable by the body. This has several advantages.

Starch does not contribute as much as simple sugars to dental caries because it cannot be broken down into sugar to feed the oral bacteria as readily as simple sugars and disaccharides.

Starch, especially in bread, is digested more slowly than sucrose. The result is, that after the consumption of a little bread glucose is absorbed slowly into the blood for many hours; and there is a mild prolonged stimulus for insulin release by the pancreas. Some scientists believe that this pattern of insulin release helps lower blood lipids and probably helps reduce somewhat the risk of coronary heart disease.

For this reason, it is important to stretch out the intake of food rather than trying to ingest 75 percent of

needed nutrients in one meal. The consumption of bread at breakfast and lunch (as well as dinner) provides a convenient, inexpensive way to spread out throughout the day the intestinal absorption of carbohydrates and other nutrients.

The small amounts of indigestible complex carbohydrate in bread, especially whole wheat bread, "have a beneficial effect on cholesterol metabolism," says Dr. Trout. In addition, it speeds the transit of food through the digestive tract. This effect is believed to be helpful in avoiding infection and disease of the lower digestive tract.

An increase in the consumption of bread and other grain products would produce significant health benefits to the American people.

DPT REQUIREMENTS

All children entering school are required to be immunized against diphtheria, tetanus, polio, measles and rubella, the State Health Department reports.

*All voters shall vote in the election precinct in which they reside.

*No person is entitled to vote in a precinct of which he is not a resident and an election officer shall not knowingly permit a voter to do so. However, where a voter is erroneously registered in a precinct in which he does not reside and the election officer permits him to vote without knowing of the erroneous registration, in an election contest a ballot cast in that precinct shall be given effect as to any offices or propositions on which the voter would have been entitled to vote in the precinct in which he resides unless it is proved that the voter intentionally gave false information to procure his registration in the wrong precinct, in which event the ballot is void for all purposes.

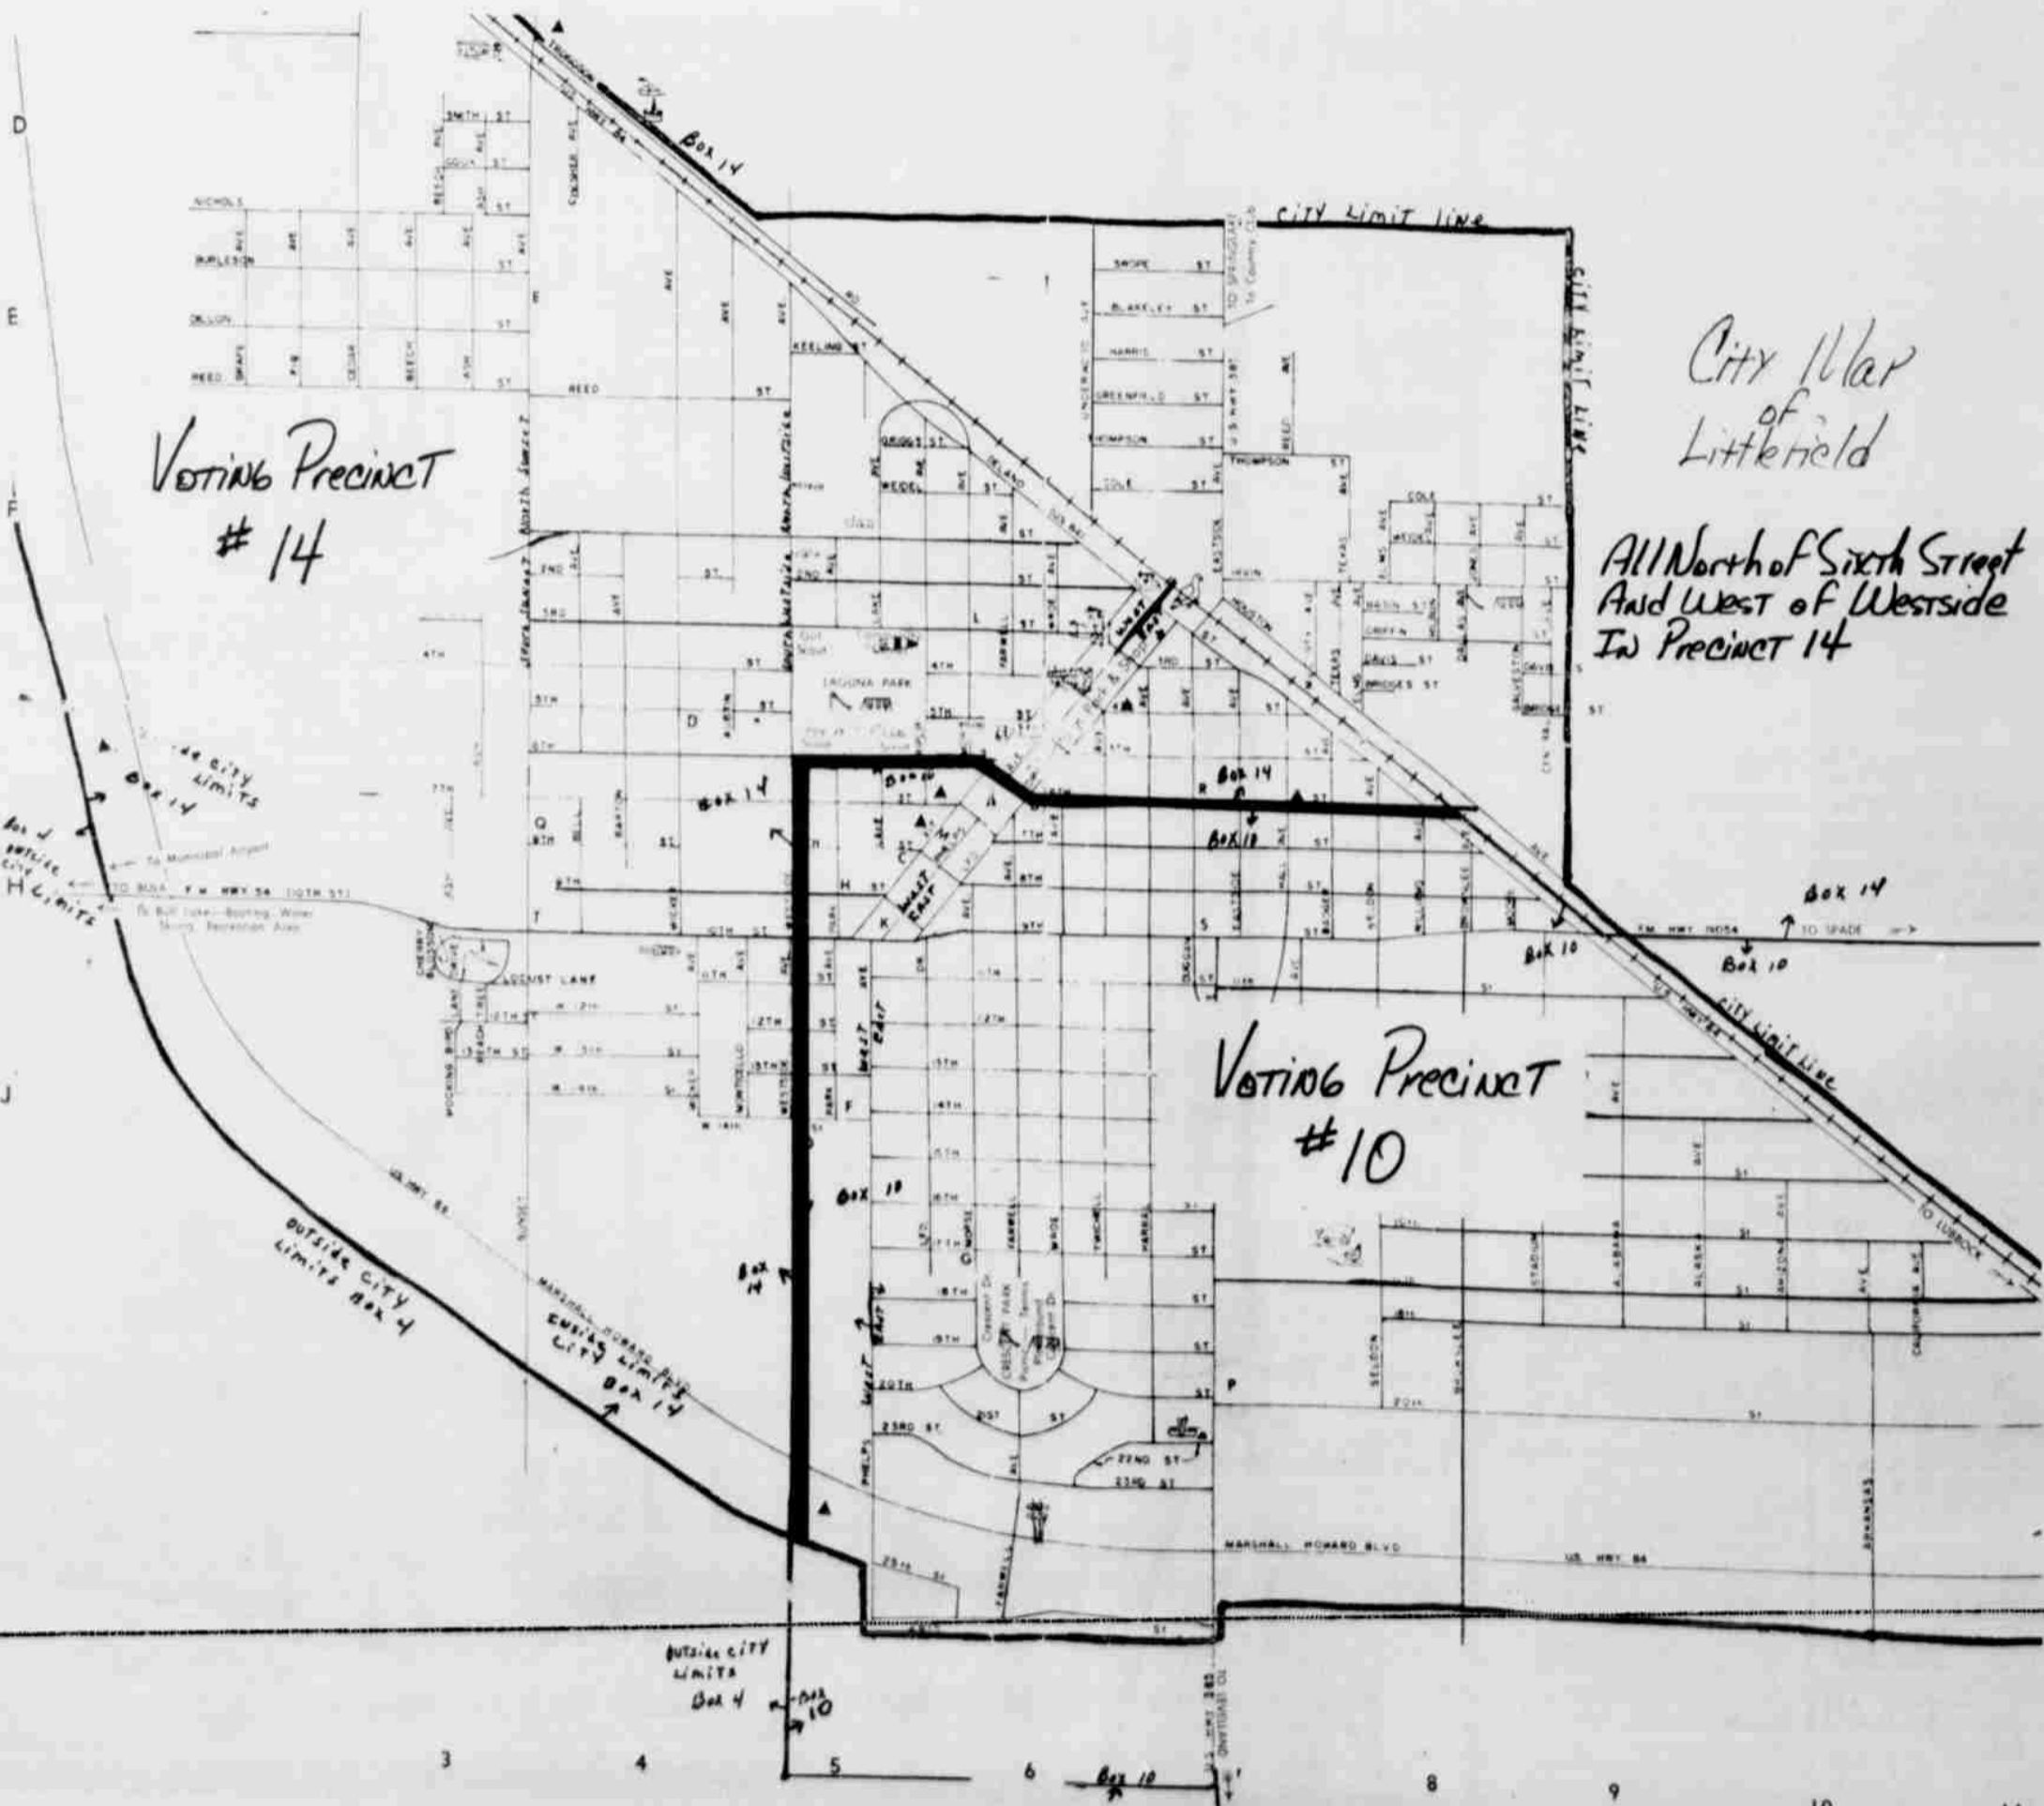

If an error in the election precinct has not been corrected on the certificate at the time the voter offers to vote at an election, he may vote in the precinct of his residence, if otherwise qualified, by making and leaving with the presiding judge of the election an affidavit that he is a bona fide resident of that precinct and qualified to vote at that election, and that the error on the certificate was not caused by an intentional misrepresentation on his part.

Where a voter's name is not shown on the precinct list of registered voters but the voter presents his registration certificate showing him to be registered in that precinct, the election officers shall permit him to vote and shall add his name, address, and registration certificate number to the list.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Secretary of Agriculture Earl Butz Oct. 23 strongly reiterated his stand against export controls on cotton or other agricultural commodities and expressed the belief that his position is gaining support among the sometimes control-happy powers of Washington.

The Secretary's statements were made in a Washington conference with 10 executive officers of cotton producer organizations from across the cotton belt and a representative of the Texas Department of Agriculture.

Donald Johnson, executive vice president of Plains Cotton Growers, who was chairman of the producer group, said "We came away feeling somewhat better about prospects for continuing unrestricted sales to our foreign customers, which is extremely important to the cotton industry and to our area in particular."

The possibility of exports being curtailed, as proposed by the domestic textile industry and some consumer advocates, has been and continues to be a major threat to the current boom in cotton prices and to further development of foreign markets. The session with Secretary Butz was requested by producer organizations to express their collective gratitude and continued support for his effective opposition to controls.

"In this instance as in others the Secretary has been one of the cotton producer's very best friends," Johnson said, "and he is deserving of the highest praise for having withstood the pressures that have been exerted on him and his office from a number of directions."

According to Johnson the Secretary agreed with the producer contention that controls on cotton exports are in no way justified and would be more harmful than helpful to the industry and to the nation.

"In the judgement of those at the meeting," Johnson said, "with the Secretary's valuable support and with help from our other friends in Washington, export controls do not appear to be on the near horizon."

In addition to Johnson from the High Plains, representatives attended the meeting from the Texas Rolling Plains, the Lower Rio Grande Valley, South Texas, Louisiana, Arizona, California, Arkansas, the Southeast and the Producer Steering Committee of the National Cotton Council.

Noting that the major problem with forward contracting is in the area of contract performance, he said much discussion in Texas and across the Cotton Belt has to date failed to arrive at the "perfect solution" and that PCG was therefore unable to make specific recommendations to the Subcommittee.

"I can say, however," he continued, "that whatever action the Committee takes or considers taking should meet four criteria:

"It should be effective as a means to make forward contracting a better marketing tool.

"It should be equitable in that it will not unfairly jeopardize the interests of either party to a contract;

"It should be practical in that it will not cause either party to incur prohibitive costs or unnecessary inconvenience, and

"It should be compatible with procedures used elsewhere in the Cotton Belt, to the end that Texas producers will not be placed at a competitive disadvantage."

He concluded by saying "To meet all these requirements will not be an easy thing, but if any useful purpose is to be served, they must all be met."

Care should be taken that any State actions with regard to forward contracting of cotton in Texas is effective, equitable, practical and compatible, according to Cotton Fanning, Executive Assistant at Lubbock-based Plains Cotton Growers, Inc.

Fanning made this statement at a hearing conducted October 26 in Lubbock by Representative E. L. Short of Tahoka, Chairman of the Food and Fibers Marketing Subcommittee of the Texas House Agriculture Committee.

Tree-Shaped Plants May Be Grown At Home

"Standard or tree-shaped plants, popular as specimens or in groupings of container grown plants, can be grown at home easily," says County Extension Agent Bobby Brunson.

To train one of these plants, place a sturdy stake in the container and tie the central or strongest leader of the plant to it. Remove all lateral or side shoots soon after they develop.

When the central leader reaches the desired height, pinch out the top and allow the plant to branch. Further pinching will help develop a bushy, attractive plant. The stake should remain until the leader is strong enough to support the top.

Grow the plant in a container that has a drainage hole
