Where Scouting Has Taken One Girl

LAH RODGERS
News Staff Writer

Scouting is leading Jean Keeling to places far and wide. When she was chosen to lead the 1970 International Scouting Event, "But all off now," Jean said, "nothing has happened in international relations, and not even missionaries, are into India right now." Lead of the month-long stay in India, Miss Keeling will now stay six weeks at the Edith

Macy Training Center in Pleasantville, N. Y. Continental flair will be added to her life by bringing an international Girl Scout home with her from New York. "I won't know who she is or which country she'll be from until March," Jean said. Jean's summer schedule is full. The New York trip begins June 30 and goes through July 20, and her Girl Scout guest will be with her here from July 20 until Aug. 10. "My sister Nancy is getting married

Aug. 15," Jean said. "My guest will be here for all the planning and getting ready and everything. We'll have all this besides our projects we'll do after we get back from New York." Jean isn't too disappointed about the India trip being cancelled. "Staying in New York is going to be neat," she said. "Real groovy." This summer workshop will further provide participants with skills related to group recreation leadership and a built-in commitment to use

them in a service project immediately following the encampment. Jean will have world friendship while attending the camp by learning folk songs and games of the countries represented. Before the summer is over, she expects to be comparing games, singing songs, sharing concerns, discussing community problems and making lasting friendships with girls from Austria, Brazil, Canada, Denmark, Ghana, Greece, Guatemala, New Zealand, Pakistan, Philippines, Tanzania, Trinidad, Tobago and other girl scouts from all over the U. S.

This is Miss Keeling's 11th year in Girl Scouting, and she has gone all the way through the program starting with Brownies, through Juniors, Cadettes and the senior program. Jean is one of 84 applicants from a 10-state area from the tour, and only 15 of these were chosen. She is daughter of Mr. and Mrs. Ray Keeling, 123 E. 13th, and is an LHS senior.

MAYOR J. E. Chisholm signs a proclamation designating tomorrow, Feb 2, the beginning of the Girl Scout fund drive. Looking on is Jean Keeling, a Littlefield senior Girl Scout whose summer plans are filled with further Girl Scout activities along with Scouts from all over the U. S. and 13 foreign countries. Adult leaders are seeking \$3,500 locally for the 220 Scouts and leaders in Littlefield.

LITTLEFIELD, LAMB COUNTY, TEXAS, SUNDAY, FEBRUARY 1, 1970

NUMBER 80

IN PRECINCT 2 RACE

Only one more day remains for candidate filing placement on primary ballots, as Monday is the day prospective office holders in the county and they may file.

Glenn Batson, County Democratic chairman, has stated that by presstime Saturday, only one race in Lamb County had been contested.

The Precinct Two Commissioner's post (Earth) being sought by O. J. Parrish and E. C. Hudson. Humbert Thurman Lewis has not filed to run in.

Others who have filed recently are Guy Walden, Precinct 5; Pat Boone Jr. for District Judge; and Dick Hightower for state senator of the 30th Senatorial District.

\$3,571 IN HOSPITAL FUND

Humphrey Boy Critical

Five-year-old Greg Humphreys, victim of an explosion south of Sudan Saturday, Jan. 24, was transferred from John Sealy Hospital in Galveston to the Shrine Burn Hospital at Galveston Thursday afternoon. According to a spokesman for the Sudan Volunteer Fire Department, the youngster is still in critical condition.

Mr. and Mrs. John A. Humphreys, parents of the boy, flew back to Galveston Friday afternoon, immediately after attending funeral services in Sudan for their 5-year-old son Kent. Kent died Wednesday afternoon in Galveston as a result of burns he received in the same blast.

A third son, James, 8, was also burned in the fire, but was

treated and released at Medical Arts Hospital in Littlefield the same day of the accident. He was back in school last week.

The Sudan Fire Department has launched a fund drive to help pay medical expenses. At presstime Saturday, a total of \$3,571.05 had been placed in the fund.

Donations may be sent to Sudan Volunteer Fire Department, Susan, Texas 79371, and checks

should be made out to Humphreys Boys Fund.

The three boys were playing in their playhouse behind the home of their grandparents, the Dewey Harragans, near Sudan, when the explosion occurred.

Fire Department officials say there was a stove and a gas can in the playhouse and they were not sure how the accident came about.

4 Car-Cattle Mishaps Add Up To Lot Of Beef

Some Lamb County residents and two Lamb County highway patrolmen have a beef.

Make that a beef with Black Angus cattle—especially when they're served up on paved public roads.

Four consecutive wrecks in-

vestigated involved cattle on roadways. Last week three Black Angus cattle belonging to Winston Cummings caused two wrecks and more than \$2,000 in property damages.

Friday night Mr. and Mrs. Claude Newman Cox of Olton

were returning home from a ballgame at Spade when they ran over a cow and calf that failed to yield right of way.

Both animals were killed and estimated damages to the Cox's '69 Ford car were set at \$500. Roy Thurman owned the cattle valued at about \$300.

Serious personal injuries were probably avoided in this accident when Cox saw the brake lights of the car traveling in front of him go on.

Hubert Lester Cheatham hit a calf, one of a herd that had broken out and was crossing the highway. Cheatham turned on blinking signal lights to warn the school bus loaded with 27 students that was just a short distance back. This was the second car-cow accident for the Coxes in less than a year.

Last spring Mr. and Mrs. Cox and their three children were returning from Lubbock and hit a cow and totaled their car. There were no personal injuries in either accident.

The Friday night accident was investigated by Weldon Parsons.

Littlefield PTA Plans Program

The Littlefield Junior-Senior High School PTA is planning a panel program entitled, "When to Put Your Foot Down," for Monday, Feb. 2, at 7:30 p.m. in the High School Auditorium.

Parental views on the subject will be presented by Mrs. Edwin Coffman and Charlie Richardson. Speaking for the youth will be high school representatives, Margaret Fain and L. D. Holt and junior high students Pat Kirby and Weldon Culp. The panel will be moderated by Rev. Clem Sorley.

A vote will be taken on whether to combine the Junior-Senior High PTA with the Primary-Elementary PTA to make one unit for Littlefield Schools. All members are urged to attend and vote.

Breakers Fined

Perez, 30, from Olton, arrested by the county sheriff Thursday for robbery. He paid a \$20 fine and was released.

Lopez was charged with check law violation Wednesday and fined \$10 and court

Littlefield juvenile was sent to Spade Thursday for violation of parole.

Youth Gatesville

15-year-old Littlefield student who was expelled from school last week following a knife incident was taken to the care and custody of the Texas Youth Council at the Gatesville State for delinquent boys for parole.

A Littlefield junior student suffered minor wounds in his shoulder following an argument with a youth pulled out of a fight that broke out during physical education class.

A boy who pulled the knife on a girl before Judge J. T. Hightower court Wednesday youth was placed in custody following the incident and sent to the correctional school Thursday.

TB HEAF TESTS were administered to first and seventh graders in Littlefield schools Friday morning. Results of the tests will be read Monday morning. One first grader reveals an expression of surprise as another closely observes the situation. Audra Holsapple, R. N. with the State Health Department, Region 10 TB Control in Lubbock, holds the Heaf gun which contains six tiny needles that break the first layer of skin to inject the test solution.

Gas Rate Hearing Summation Given

(EDITOR'S NOTE: A summation of the Pioneer Natural Gas proposed gas rate increase hearing has been compiled by the West Texas Municipal Utilities Committee. City Manager Jim Shearer is chairman of this committee and has released the summation for publication.)

The public hearing concerning Pioneer Natural Gas Company's application for an increase in the domestic and commercial gas rate of gas sold to 61 cities in the Company's West Texas Transmission System was closed Tuesday afternoon, Jan. 27 in Austin, subsequent to both the cities and Pioneer resting their cases.

Pioneer's application to the Railroad Commission requested a 22 per cent increase in rates to residential and commercial customers from 28c to 34c per MCF of gas, plus an allowance for the federal surtax.

Rates to industrial customers such as municipal power plants, are negotiated by Pioneer directly with the individual industrial consumer, and would therefore not be effected by the gas rate increase to the 61 cities.

The gas company has stated that the new gas rate applied for, would "have no immediate effect on current gas rates. However, such an increase would establish a new cost of gas at the city gate for any subsequent changes in domestic and commercial rates in the cities on the West Texas Distribution System."

Forty-nine cities in the West Texas system organized the West Texas Municipal Utilities Committee and employed rate specialists consisting of two

attorneys, a rate consultant, a certified public accountant, and an engineering firm to investigate Pioneer's petition and all supporting data.

Some of the larger cities involved include Midland, Odessa, Lubbock, Pampa, Plainview, Hereford, Canyon, Brownfield, Lamesa, Levelland, Littlefield, Muleshoe, and Tulla.

Membership of the Utility Committee represents over 90 per cent of the residential and

LAMB COUNTY voters lined up three and four deep for the voter register at the tax assessor-collector's office Friday and Saturday as the Jan. 31 deadline loomed. Herbert Dunn is handing out voter registration slips to Otis Bennett, Randy Stansell, Mrs. K. E. Thornburgh and Mrs. Randy Stansell. Last year 6,759 voters registered and this year's figures were expected to top this, but Dunn and his deputies hadn't had time to make a count at press time Saturday.

Lives Insured For \$149 Million

Residents of Lamb County are among the decade of the 70's more financial safeguards in the form of insurance than ever had. They are covered for all of hazards. They have insurance, burglary insurance, automobile insurance, life insurance, and various other forms of protection. They have been to their life insurance, and the amount in force in the local area is estimated at more than \$149 million.

number of policy holders and the amount of insurance in force are contained in the current Life Insurance Fact Book and in other year-end statistics. The breakdown is on a state-by-state basis.

It shows that the American people have been adding to their insurance in recent years. Their total holdings now add up to \$1.3 trillion and are growing at the rate of more than \$100 million a year.

In the State of Texas, according to the figures, the amount in force totals \$65,011,000,000. This compares with the 1960 figure of \$26,271,000,000.

In most families the amount of insurance carried is in direct proportion to their income. The total held by the average family in the state, it is found, is equal to 27.4 months income, after taxes.

Applied to Lamb County and to the average income reported for the area, life insurance coverage locally is now estimated at \$21,300 per family. This is nearly twice as much as the average family had ten years ago.

It tops the \$19,900 per family in the United States and the \$19,000 in the State of Texas. Of the grand total of \$149,-

146,000 carried by the local population, the bulk is in ordinary life insurance. Group insurance, generally issued to employers for the benefit of their employees, is in second place.

The reports show that despite the growing protection provided through social security, most families have been adding to their insurance coverage as their income rises.

Men, especially married men, are the most frequently insured. Some 91 percent of husbands carry life insurance as compared with 71 percent of wives.

Angels In Disguise

By PEARL BRANDON

LAST SUNDAY we had the story of Elijah under the juniper tree. This story fascinates me and you can't say enough about Elijah in one short article. Some of you may not have read the article.

It was about Elijah fleeing from Jezebel and how he fell exhausted under the juniper tree and went to sleep in the desert.

NO ONE KNOWS how long Elijah slept but it must have been a long time...he was so tired and spent in mind and body.

The fact is, he hoped he would never wake up. He must have been asleep a long time when the angel came.

WHO WAS THIS angel of the desert that came and nourished Elijah with food and drink? Was it a

real angel from Heaven, or was it some ole "desert rat"...or an old prospector, perhaps, or sheep herder?

The Bible doesn't say.

THERE ARE MANY angels of the Lord that come in time of trouble. "Is there anything that I can do?" or "I have brought you a bowl of food. Come and eat, the journey has been too much for you."

It may be the neighbor next door...or the minister...or some friend, but all are saying, "lean on me now."

OH THE BLESSEDNESS of being able to lean on someone. "Just relax, dear, here is a pillow for your head."

Thank you dear Lord God for friends in time of trouble.

THE ABUNDANT LIFE

Honors Assembly

By BOB

IT WAS MY PRIVILEGE, last Wednesday morning, to speak to the Junior-High Honors Assembly. The invitation was extended by The Student Council.

BECAUSE OF WHAT HAPPENED, I am telling you about it.

First, the general conduct of the young people was first class. The reception was unusually generous. They were wonderful.

In talking with them, I spoke, briefly, of their concerns and aspirations. This was done so they would know that we older people understand, and that we care.

being honored for having straight A's. This was just a group.

Of course, we appreciate and commend them.

We took time, however, to talk together about the other "A's" or more who did not make "A's". They are not failures even though a few may fail.

There is, however, no why any should fail, or feel are failures.

GREAT EFFORT was made to help them understand the importance of doing their best.

They were also assured they could succeed in life without first in anything.

It was pointed out that the best way to do their best was to be busy doing their best work they have, because this is all of us must live.

ALL NECESSARY work is important work.

After admitting the need to fill the sometimes tedious professions, the great farmers, teachers, ministers, pensters, clerks, mechanics, cleaners and other workers called to their attention.

"WHAT YOU ARE going to be becoming" was the key to explaining the many opportunities, and why they should all of their opportunities to be the best of their capacity.

They were told that what they now would most surely do in large measure, what they should be given to strengthen their known fact of life.

WE COMMEND THE STUDENTS of Littlefield Junior-High School, the dedicated persons who these young people and their work in the maintenance administration of the school.

Original Weatherman

AMONG THE MORE pleasing of ancient legends is that of Groundhog Day.

Many of us have trouble remembering just what the legend says of the Groundhog's shadow, as well as the exact day on which the event is said to occur.

For those who have trouble with their legends, here are the "facts"

GROUNDHOG DAY falls on Monday, Feb. 2.

On this day, so the tale goes, a Groundhog comes out of hibernation. If he sees his shadow, he will supposedly return to his hole for another six weeks of winter weather.

NO ONE KNOWS whether the Groundhog is aided by such devices as weather satellites or exotic electronic equipment.

But, one thing is certain. The Groundhog has been in the weather forecasting business longer than anyone else.

FOR THIS REASON, it no other, he deserves a certain degree of respect.

HOMINY GRITS

By CORNBALL BLEVINS

THERE'S A YOUNG man down in Motley County you'd enjoy meeting.

"Course, you don't really want to meet him, but, in case you do, you'll find the acquaintance very rewarding.

A young man, truly dedicated, and enthusiastic about his work. He'll greet you warmly and in a very polite manner. You'll also find that he's thorough in his work, as well as helpful with road information and other advice.

I RAN ONTO HIM quite by accident, (on my part) the night of the 18th of this month. I was on the way to Oklahoma City. It was about 8:30 at night, timewise, and the place was about five miles out of Matador.

I was sailing along, happy as a brewery mouse, with no thought in mind but to get as far down the road as possible before I encountered that had cold front the news said was coming in.

Suddenly, I could see nothing in front of me but flashing red-lights! --I stopped.

THIS YOUNG MAN came to my car with pad and pencil in one hand, a flashlight in the other. "Sir", he volunteered, "I stopped you because you were exceeding the speed limit. Are you on some kind of emergency?" --"No," I answered, "The only emergency I have, is to get as far toward Oklahoma City as I can, before I hit bad weather."

"Let me see your drivers license, sir, I'm going to give you a citation." (No monkey-business, no reprimand, no apologies,--just plain business.)

Justice-of-the-Peace and file your plea."--I signed. "Incidentally, sir, you'll find the roads are clear until you get to Burkburnett, drive carefully, please!"--I left.

I KEPT HIS MEMO with me all the time that I was in the City.-- Finally got curious enough to get it out and read it.--Noted that his name is PAUL HUFF Jr.--Further noted that the ticket read: 75 mph in 65 mph limit. (Shux, and I thought I was doin' 80!)

Anyway, I stopped by the J. P.'s office, on my way back, to take my medicine.

The J. P. looked at the ticket, --"That'll be \$18.00 Mr. B."--I paid.

While I was there, I noticed this patrolman come in with another victim. "Is this ol' Paul?", I asked the J.P.

"IN the flesh," he answered. "Hey, Paul, come in here," I called.

He came in and grinned as he recognized me.

"JUST WANTED to see what you looked like in daylight," I told him. "How WERE those roads?", he asked.

"I was on ice before I got to Crowell: as a road informant, you're lousy," I told him. He just laughed. "Which way you gonna be working?" "I'll be HERE for the next few minutes," he grinned. "Just wanted to be sure, so I'd know how to leave town," I told him. He just laughed, again.

WE DIDN'T LEAVE Matador, directly, we stopped by a cafe to eat a bite.--I suppose we killed about 20 to 30 minutes.

We started climbing the hill coming toward Floydada--about three to four miles up the hill, there sat Paul, parked by the side of the road, with his radar pointed up the hill.

Like I said, if you WANT to meet him in person, you might just go burning down that hill, at about 75 or 80 mph and you WILL!

You'll find him most pleasant to do business with,--but, expensive! --Besides,--They DON'T give trading stamps!

Happy Birthday!

MOST WORTHWHILE undertakings have a way of remaining beneath the surface of public acclaim.

They cement society together in an entity that we call civilization.

One of the most worthwhile undertakings is that honored institution, the Boy Scouts of America.

BETWEEN FEB. 5 and 13, more than 2 million Boy Scouts in 70,000 troops will celebrate the 60th anniversary of the founding of the Boy Scout movement in the United States.

This year, as the Scouts observe their week, national attention will be drawn to the simple and elementary principles that make civilization possible.

These principles are embraced in the Scout law.

THE TENETS of Scout law go far beyond the world of the Boy Scout.

They are the premises of our daily existence.

According to Scout law, a Scout is trustworthy. A Scout is loyal to his home, parents and country. A Scout is helpful. A Scout is friendly and courteous. He is kind. He is obedient. He is cheerful. He is thrifty. A Scout is brave and clean in body and thought.

FINALLY, a Scout is reverent.

As we join in helping the Scouts observe Boy Scout Week this year, it is well to pay tribute, among other things, to the Scout law--and emulate it if we can.

Judging by their past behavior, it will be quite a task for a lot of people.

McBride Wit

THE UNCERTAINTY of a life span was starkly illustrated in Littlefield late Friday when O. C. McBride, Jr., accidentally died of monoxide poisoning while working on his automobile.

His last day started normally, like any other, but before sunset and without warning, he was gone in his prime.

Big, goodnatured O. C. McBride was "as friendly as a collie pup." Furthermore, he was blessed with a combination of wit and shrewd, grassroots perceptions which made him a recognized and admired philosopher. As "Turnrow Tunkel," he first delighted Avalanche-Journal readers across West Texas and New Mexico every morning. Later, as a syndicated columnist whose work appeared in newspapers in various parts of the country, he became more widely known and appreciated.

Mr. McBride, unhappily for all concerned, was forced to put aside his writing in order to look after his personal business which included farming and the operation of a gin at Lazbuddie. Disappointment over the disappearance of his daily commentary was widespread and nowhere more so than in the offices of The Avalanche-Journal which looked upon the humorist as one of its own.

We felt not only great respect and admiration for Mr. McBride's talents--which we consider the best of their kind since the death of Will Rogers in the 1930s--but, also, a deep affection for the man, himself. His wit was keen, his subject matter timely and sometimes controversial; but he was never bitter, or hypercritical. There have been few like him in the past; there likely will be few in the future.

It was natural, Mr. McBride's comments being what they were, that his readers thought of him as the fellow next door, or on the next farm--a personal friend, although they may never have met him. Here at the Avalanche-Journal, we grew to know him well, his high regard for his lovely wife and daughters and theirs for him.

The McBride family was, and is, a closely knit unit--a one for all and all for one affair. What O. C. might have said of others, we can say for the McBrides: They are a "passle of fine folks"; and our sympathy, along with that of countless people in the area, goes out to them in their loss.

Unfortunately for all of us, his talented kind will not soon come this way again. (Lubbock Avalanche-Journal)

THEN, EMPHASIS was given to the thought and action necessary to reach their goals.

They were told, "All of these can be yours, in reasonable degree, by your cooperation; not by your rebellion.

To whatever extent you insist upon being rebellious, you suffer loss and hurt yourselves; and you hurt others, too."

NEXT, WE TALKED together about the great harm and loss caused by destructive thought and behavior.

In contrast, the value and usefulness of constructive attitudes and conduct were presented to this very receptive group of young people.

KEEPING BEFORE THEM the fact that we know of their eagerness to be "grown up, independent and to reach fullness of life", they were assured that all of these and related desires could be realized, in due time.

They were told that we human beings must be builders, that we must be always involved in building up.

It was pointed out that tearing down is a certain loss for all of us, and is not the road to the happiness of satisfactory living.

SOME OF THE STUDENTS were

being honored for having straight A's. This was just a group.

Of course, we appreciate and commend them.

We took time, however, to talk together about the other "A's" or more who did not make "A's". They are not failures even though a few may fail.

There is, however, no why any should fail, or feel are failures.

GREAT EFFORT was made to help them understand the importance of doing their best.

PAUL HARVEY

Lights Out!

WHEN TINY TIM got married last December, 40 million TV sets drained power sources coast-to-coast.

A utility executive said, "If the wedding had been on Christmas Eve, with all those tree lights burning, the additional load might have blacked us all out!"

Even if his evaluation is an exaggeration, it's worrisome to utilities people.

ON NOV. 9, 1965, something turned off the lights in 80,000 square miles of the Northeastern United States, left 30 million people in the dark.

With all this time to correct the cause of that failure, I hear today from the head of the Pennsylvania Public Utilities Commission that the power shortage in that same area "remains very critical." He urges installation of \$100 million worth of emergency equipment "before the summer of '71 if we are to avert a similar or worse blackout."

IS IT POSSIBLE that an emergency could render our powerful United States powerless?

The vulnerability so suddenly conspicuous more than four years ago has not yet been remedied, partly because our power people put too much faith too soon in the potential of nuclear generators. Nuclear power sources are proving more complicated, more difficult to construct and more expensive than anybody had anticipated.

FURTHER, the demand for electricity goes up while the costs of producing it go up, and utilities executives are trapped between soaring costs and fixed rates.

You and I want and demand lots of electricity, for lights and motors and gadgets that freeze, defrost, mix, blend, toast, roast, iron, sew,

wash, dry, trim the hedge and the garage door.

WE ALSO WANT electric heat our homes in the winter and cool our homes in the summer, and not all summertime created equal. Thus the load inevitably erratic.

Do you know that the change only one degree in temperature changes the load of TVA power sources by 100,000 kilowatts? This is equal to the entire output of all the generators at the Hoover Dam!

THERE'S ANOTHER BOTTOM NECK: Some manufacturers of creating equipment are far behind their delivery schedules, and protracted General Electric strike hasn't helped any.

Utilities, here and there, showing the financial strain, the mac Electric passed up a cash dividend last year; that's rare in a historically stable industry.

THERE ARE 3,550 public private power systems in the United States. Most of them are so old they sell less power in a year than the TVA does in half a day. About 60 of those companies are big enough to need and use the big, more efficient, more economical, 1,000-megawatt generators.

Don Cook, president of American Electric Power, urges more to cut costs and improve reliability. But the Securities and Exchange Commission and the Justice Department are disinclined to encourage bigness.

IN THE DISTANT FUTURE, fuel cell in a little black box produce in your own home the electricity necessary for your needs between now and then our most vital industry will suffer agonizing growing pains.

Sin's Grip

How deep in the filth are you? Does sin have you in its clutch... under its control? Have you ever stopped to determine what is sordid and what is sublime in this life? God said, "the rod of the wicked shall not rest upon the lot of the righteous." Maybe it is time, right now, to consider your plight... that you are bound by the strong hand of sin. *God is always ready to cast a life-line to those who call upon Him. He will lift you out of the murky confines of sin and loose the grip which has you entangled.* It's a good time to about-face, to start going to church. Why not pledge to spend each Sunday in worshipping the Lord during the rest of this year. He said to cast your burdens upon Him and He would sustain you.

The Christian's Joy

REV. E. E. HOULETTE
United Pentecostal Church

IS THERE JOY in living a Christian life? The satisfying joy of the Christian is one of his rewards. True, many who call themselves Christians do not seem to have a Christian's joy. God's joy is in His people and a Christian's joy is in His God. Real joy comes when there is no outside hindrance because they have been delivered from sin and having no outside hindrance are basking in His love and affection. Jesus calls this His joy and it far exceeds any joy we might have from a natural source.

IF THE GOD who made the universe in the beginning does not give His people joy, then we must look for the cause. Certainly it cannot be in Him. He made the world for the habitation and enjoyment of men. Animals, vegetation, and all other creation, were put here for the enjoyment and pleasure of man. Before sin entered, everything was perfect. The most fierce animals were Adam's playmates.

SIN ENTERED and all this bliss stopped. No more playing with the mane of the lion or petting the coyote or bobcat.

No more looking with joy toward the evening time when the voice of God would be speaking to them. The bliss of Eden went out when sin entered.

Judgement now instead of companionship. His presence brings joy only to a guiltless soul. After Israel's punishment by having to go into captivity they returned to their homeland. Nehemiah encouraged them by saying, "The joy of the Lord is your strength." They were to rejoice because the Lord was among them again and had accepted them back. Their joy in Him would be their strength again.

IN ISA. 12:3, the prophet makes glad the heart by saying "with joy shall ye draw water out of the wells of salvation."

What a promise to those who have dug deep (repentance) and are drawing water (SPIRIT) from the depths of the well. O, what joy there is in a walk with God through life.

This great prophet saw God high and lifted up, comparing himself with the glory he saw, he cries, "I am a man of unclean lips." After his cleansing he revels in his salvation.

He passes this experience onto us so that we might know that this was ordained of God. Paul said, "Rejoice ever more."

IN JOHN 4:10-14, Jesus told the lady of the city of Samaria that He would give her living water which means the spirit of God or the Holy Ghost. Jesus explains in John 7:37-39, "If any man thirst let him come unto Me and drink, for out of his inward parts shall flow rivers of living water."

This spake He of the Holy Ghost which ye shall receive later because while His bodily presence was here they did not need His indwelling spirit.

After His departure He would send the Holy

Ghost to be their leader, comforter and surety. By our living after His death burial and resurrection, He shares with us the same joy that the early disciples enjoyed. God respects of persons, so He wants people to age to enjoy what the early church did. Isa. 55:12, Ye shall go out with joy and led forth with praise.

This prophet had experienced a God giving so prophecies of the joys of salvation for our age.

WHAT A JOY to experience the Lord and have the confidence of the spirit of God. When it is there, the pleasures of life are repulsive. As joy brought strength in his troubled time, so will it today to those who are for it.

Rejoicing in the Lord is the secret of overcoming life.

James in his short book tells us to do all jot when we fall into divers or many temptations.

He says, in essence, that the more strength the more joy we will experience. 2 Cor. 7:2 Paul said, "I am exceedingly joyful in all my tribulations." He has the value of a good fight and the reward of it brought. John 15:11 Jesus states, "If ye remain in me and my words remain in you and that your joy may be full. This is not an idle promise for all His words are for us too."

WHY IS THE CHURCH world so less? Seems they are seeking after something and not finding it.

Is joy in the church or is it just a formal. The joy of the Lord will be the church.

A satisfied soul brings peace and contentment to the body which is the house in which the soul dwells. Young people are looking for but looking in the wrong place.

So much of the unrest of our young people stems from the fact of not having parents taught them these things and had experienced them themselves.

Legislation will not bring peace.

It will only come when Jesus the prince of peace comes into the heart. What a responsibility rest on the ministry to bring the message of peace for the soul.

IS THERE ANY USE of having less when we can have the best.

Churches are necessary but they can save us. They are necessary to help us saved. It takes an individual experience of repentance, and infilling with the power of the Holy Ghost to bring that peace and joy that can come only from God.

No one needs to feel barred out as said come unto me all that labor and give you rest.

Such a marvelous promise. Do something about it today and avoid the spirit of that is prevalent in the world today.

JUST MAKING A resolution will not do. It is just an easement of feelings of the real thing.

Wayland Homecoming Slated

Wayland Baptist College has scheduled its annual homecoming activities Friday and Saturday, Feb. 13 and 14, in Plainview.

The "coming home queen" will be honored Friday morning in a coronation ceremony at 10 a.m. in Herral Auditorium, and Dr. Weldon Beckner will speak. Members of the Alumni will be feted with a coffee at 11 a.m. in Herral Auditorium, and the class of '50 will conduct a get-together for reminiscing between 2 and 4:30 p.m. at 2802 West 18th.

On-campus students will have their annual homecoming banquet and coronation of the homecoming queen at 6 p.m. in Slaughter Memorial Center.

Highlight of the evening will be presentation of a drama, "West Side Story", at 8 p.m. in Herral Auditorium.

Registration begins at 9 a.m. Saturday in Gates Hall foyer, and registration for the baby parade will begin at 10 a.m.

on the second floor of Gates Hall.

The baby parade will begin promptly at 10:30 in Gates Hall Auditorium.

Alumni members will conduct their annual business meeting at 11:30 in Gates Hall Auditorium, prior to the 12:30 barbecue in Slaughter Memorial Center.

Tickets for the barbecue are \$1 for adults and 50 cents for children under 8 years old. "West Side Story" will be presented the second time at 1:45 p.m. in Herral Auditorium, followed by a "Sing Out" at 4:30 in Slaughter Memorial Center.

A free Alumni Buffet Supper will be served to former students and their families in the Home Life Building at 5 p.m., when Plainview area alumni will serve as hosts to the "reunions, reminiscing and fellowship" session.

Winding up homecoming activities at 6:30 p.m. Saturday

will be a doubleheader basketball game in Plainview School gymnasium. The cherson Flying Queens will play Midwestern, and the Plains will attempt to down the College.

Citizens Ask

To Aid Victims

A special call has come from Littlefield's First Baptist Church to area citizens as a Brights Disease victims.

Larry Parks, a former student at Wayland Baptist College in Plainview, Ohio, who resides in Circleville, Ohio, is the victim and is in a chronic and terminal stage.

General Mills, working through the Kidney Foundation is making it possible to purchase a kidney machine for Larry for 600,000 Betty Crocker coupons.

Persons wishing to donate coupons are asked to bring them to the church office or to the Larry Parks home at Wayland Baptist College, Plainview, 79072.

"The doctors have told Larry that unless he has a transplant of kidneys or unless he can purchase a kidney machine, death is inevitable," said Dr. R. B. Hall, pastor of First Baptist Church.

Texans Face Increase In Insurance Rates

Texans may face another auto insurance rate increase unless traffic accidents in the state are reduced by 140,000 in 1970, according to an insurance industry spokesman in Austin.
 Expressing overall support for Gov. Preston Smith's traffic safety program, the spokesman, said additional measures were needed to strengthen the Governor's plan and reduce the carnage on Texas highways. F. Darby Hammons said the present program was not extensive enough to achieve this purpose.
 "We must face our total responsibility regarding the terrible human losses suffered on our roadways," Hammons said. "The direction of our auto insurance rates will be an accurate indicator of our success or failure."
 In a letter to Gov. Smith, Hammons proposed stricter enforcement of Texas traffic laws both by law officers in arresting violators and by judges in taking a "harder line" toward traffic law violators.
 Hammons noted that traffic accidents would have to be reduced by 140,000 in Texas to even begin thinking about holding the line on auto insurance rate increases. "It is quite unlikely the Governor's traffic safety program, as it now stands, would accomplish such a reduction," he said.
 Gov. Smith was also urged in the letter to begin public information and education programs. One such program would promote improved knowledge of traffic laws.
 The plan calls for:
 1. A program of intensive enforcement of the law by the DPS and other agencies.
 2. A driver information program aimed to bring closer to reality the knowledge of traffic laws.
 3. A program to educate judges in traffic cases to a harder line on all traffic offenses.
 4. An evaluation of traffic courts.
 5. A call for the General to instruct stop granting stay orders to allow violators to deny occupational license to those with more than two traffic violations in two consecutive years.
 6. Impounding the cars of those arrested for driving while intoxicated.
 7. Encouraging coverage in the media of driving habits and safety.
 8. Inclusion of a traffic brochure with new license plates.

Chambers Of Commerce To Select Community

Four regional Texas Cham-
 bers of Commerce, including the
 West Texas C-C, and the Beauti-
 fy Texas Council are cooperat-
 ing with the Governor's Texas
 Communities Tomorrow pro-
 gram to select the Texas com-
 munity that has made the most
 progress in improving the
 quality of living for its citizens.
 The competition, started this
 year, is open to Texas com-
 munities with 12,000 or less es-
 timated population in 1969. The

town that wins the Community
 Achievement Award will be hon-
 ored by Gov. Preston Smith at
 the Beautify Texas Council's an-
 nual meeting in Austin this June.
 The contest covers a period
 from Jan. 1, 1969, to March 31,
 1970 with the deadline for com-
 munity reports April 15.

Intent to participate in the
 contest must be mailed to the
 Beautify Texas Council in Col-
 lege Station by March 1. The
 letter should include the name
 of the community, the population
 and the signature of the offi-
 cer or sponsoring organization
 or a city official.

Communities will be judged
 from reports that give sum-
 maries of citizens' participation
 and education, economic de-
 velopment, community-wide
 beautification and property im-
 provement.

For additional information
 ask the Regional Chambers of
 Commerce, the county Exten-
 sion agent or the Beautify Texas
 Council, Box CS, College Sta-
 tion, Texas 77843.

WILDCATS KIM HILL and Max Hutchins come in for a rebound against the long-armed, hot-handed Dunbar Panthers. Hutchins grabbed five offensive rebounds and seven defensive rebounds for the night.

Wildcats Fall Victim To Dunbar Prowess

Littlefield's Wildcat quintet got their steam up in the fourth quarter to out-point Lubbock Dunbar 22-20, but the rally really was too late and Dunbar pocketed a 105-46 win.

The Panthers opened the game with their fullcourt press, holding the Cats out and taking advantage of every turnover for a 25-10 first quarter lead. Six turnovers jumped to 10 in the second frame and the percentage dropped from 22 to six for a 62-15 half time.

One of 12 field goal attempts from the floor couldn't offset the seven out of nine free throws and the Cats were in debt 82-24 going into the home stretch.

Dunbar upped its District 3-AAA loop reading to 6-0 and keeps the leading position in the North Zone pack. Displaying no weakness before the 1-5 Wildcats, the Panthers hit on 45 from the floor, converted 15 of 30 at the charity line, and cashed in on home team goofs.

Littlefield bested Dunbar on

free throws, hitting on 18 of 26 for a 69 per cent average, but 14 field goals left the Cats 22 per cent hit from the floor.

Max Hutchins led the Cat scoring with 18, aided by 10 from Gary Nace and Charles Carter's eight.

The Davis brothers teamed up for Dunbar high point honors with Glenn pouring in 26 and Earnest slapping the nets for 22 tallies.

from Gary Nace and Charles Carter's eight.

The Davis brothers teamed up for Dunbar high point honors with Glenn pouring in 26 and Earnest slapping the nets for 22 tallies.

Farwell's B team Thursday and were crushed 83-26.

Tommy Crosby with 9 and Leon Hodge with 7 points led the Littlefield scoring.

Dunbar JV Hits Century In Win

Littlefield's JV loss to the Dunbar JV prior to the varsity Wildcat-Panther tie was a prediction of things to come, as the junior Cats handed the Dunbar juniors a 104-47 victory.

Dunbar jumped off to a 23-6 first quarter lead and never faltered. It was 56-13 at half time with more of the same in the second offering.

Littlefield took a four-point lead in the third quarter, scoring 22-19, then Dunbar dished up 30 to 12 in the fourth stanza.

In the free throw department Littlefield hit 23 of 42 attempts for a 55 per cent average, but couldn't unseat Dunbar who tallied on 17 of 24 for 71 per cent.

Jay Trammell and Jerry McGary made it to the double figure side with 10 each. Ralph Funk hit on nine and Matt Giles added 8.

Robert James was Dunbar's high pointer with 21.

Ninth Graders Split Wins

Littlefield's ninth grade A team jumped to an early lead over Farwell Thursday evening and rolled to a 50-42 victory.

J. E. Johnson and Alan Mackey shot in the double figures for Littlefield with 18 and 12 points, respectively.

Littlefield ninth A will be trying for another win when they travel to Muleshoe Monday.

The ninth grade B got off to a slow start in their game with

THE BALL IS up for grabs and Max Hutchins is in there grabbing but it isn't easy with the Dunbar Davis brothers teaming up.

CHARLIE HOLT springs for one of nine rebounds he made in the Wildcat-Dunbar game here Friday night. In the foreground is Gary Nace, (22) made nine rebounds and Max Hutchins (34) led the rebounding with 12.

Jerry Don Sanders Drafted By Browns

Jerry Don Sanders from Springlake-Earth was pegged Wednesday in the pro grid draft by the Cleveland Browns.

Sanders won fame as a kicking specialist at Texas Tech. Sanders educated toe won him acclaim his freshman season when he booted a 57-yard field goal to beat the Aggie Fish in Midland.

A year later, he sent a 59-yarder spiralling through the uprights in a spring game.

Last season Sanders kicked 11 field goals to set a Southwest Conference record and surpassed the nine mark held by former Red Raider Kenny Vinyard and Tony Crosby of Texas.

This past season, Sanders was Tech's leading scorer, tallying 56 points with his kicking. He made 11 of 16 field goal attempts and punted 74 times for a 39.1 record, the best by a Raider since Tech joined the Southwest Conference.

When Jerry Don Sanders was in the eighth grade, he broke his collarbone, Texas Tech Coach J. T. King wasn't in the background cheering, but he might well have been. The accident started Sanders on his kicking career, and King has been cheering ever since.

For two years Sanders toiled behind Kenny Vinyard, one of the greatest toes in Southwest Conference history. But Sanders in the SMU game, finally faces his "moment of truth."

Never before had he been tested in a crisis, but now the hopes of a Raider victory rest-

ed on his size six shoe. The Raiders and the Mustangs were all tied at 24-24, 16 seconds were left on the clock, and Tech had the ball at the Pony 20.

Sanders split the uprights before more than 27,000 in the Cotton Bowl and millions watching on regional TV, and now he had become of age.

Sanders feels that most of the pressure comes on the sidelines. "It's nerve racking standing on the sidelines, but when I get in the game I settle down. It's like I'm in a vacuum."

Sanders kicked off for the Raiders the past two years. While kicking off has not given him the glory, it has provided him with some valuable memories.

Sanders was an accomplished kicker in high school. He had a 45-yard field goal and a 78-yard punt. He once kicked a 70-yard field goal in practice with a stiff breeze to his back.

Sanders started making his presence known as a freshman. He kicked a 53-yarder against Rice and a 57-yarder against Texas A&M. Sanders kicked one 59 yards against Tech's red-shirts his freshman year.

Sanders plies his trade with feet the size of a ballerina's. He kicks with a size 6D shoe and punts with size 6 1/2. His teammates call it a hoof. Does the size of his feet hamper him? "I don't know," says Sanders, "these are the only two feet I've ever had."

WHOOPIING CRANE

There are 56 wild cranes on the Aransas Wildlife Refuge. While birdlovers are ready overjoyed with the record number of 35 which had reached their home on the Texas Gulf the belated arrival of the bird has been cause for rejoicing among conservationists who have watched big white birds gallivant against extinction.

From a low of 15 in 1941, the flock has slowly but steadily increased since the Aransas Refuge set aside as their wintering ground.

This year's count of 48 adults and 8 young wild flock, which is perilous 2,000 miles from their nesting ground in northern Canada.

In addition to the birds, there are now 25 cranes in captivity, most at the Patuxent Research Station, operated by the U.S. Sport Fisheries and Wildlife Service, Maryland.

NORRIS CONKLIN

WOODY R. RUDD

U. S. Air Force Captain Norris L. Conklin, son of Mr. and Mrs. F. N. Conklin of Rural Route, McAlister, N. M., has received the Air Medal and the Air Force Commendation Medal at McGuire AFB, N. J. Captain Conklin earned his Air Medal for his outstanding airmanship and courage as a C-41 Starlifter cargo-troop carrier pilot on successful and important missions completed under hazardous conditions in Southeast Asia.

He was awarded the Air Force Commendation Medal for meritorious service with the 438th Military Airlift Wing at McGuire. He was cited for his outstanding professional skill and initiative.

The captain, a 1958 graduate of House (N. M.) High School, received his B. S. degree in 1962 from Eastern New Mexico University and also attended Texas A&M University. He was commissioned in 1962 upon completion of Officer Training School at Lackland AFB.

His wife, Beckye, is daughter of Mr. and Mrs. Raleigh Mason of Muleshoe.

Navy Seaman Apprentice Woody R. Rudd, son of Mrs. Martha L. Rudd of Olton, is serving aboard the attack aircraft carrier USS Franklin D. Roosevelt in the Mediterranean Sea.

The 63,000-ton carrier, a unit of the U. S. Sixth Fleet, is on its 18th Mediterranean cruise.

JERRY COPELAND

Specialist Four Jerry A. Copeland, 21, whose mother, Mrs. Ruth N. Copeland, lives on Route 1, Muleshoe, received the Army Commendation Medal while serving with the Americal Division in Vietnam.

NEW COMPUTER SYSTEM

Registering Easy

When owners of Texas' seven million motor vehicles get their 1970 license plates this month, they will find that the Texas Highway Department has taken a lot of frustration out of registration.

Owners received motor vehicle registration applications in the mail early in January.

This three-part form is the key to convenience. In previous years, the vehicle owner had to hunt up his certificate of title and last year's license receipt and take them to the tax office or a substation. Often, he found himself at the end of a long, slow-moving line.

The lines should be much shorter this year. And there are provisions for license plates by mail.

Here's how easy it is: If a motorist goes to a county tax office or a substation, all he need take is the three part form--the motor vehicle registration application--that came in the mail. And the registration fee, of course.

If he should find a line, chances are it will be shorter and faster-moving than any he remembers from previous years.

All he needs do is to present the renewal application and pay the fee. The clerk will validate the application with the new license numbers and return part of the form as a receipt.

Another part of the form is retained for the county's records and the third is sent to the Motor Vehicle Division of the Texas Highway Department in Austin.

Should the vehicle owner decide to register his vehicle by mail, he sends the entire renewal application, the fee and an additional \$1 to his county tax officer. The \$1 additional charge is provided by statute to cover the cost of handling and postage.

The registration "season" begins at county tax offices and substations Monday.

The vehicle owner can register his vehicle in person until April 1.

If he wants his plates mailed to him, he must send in his application, the fee and the \$1 postage and handling charge to

his county tax officer by March 1.

This allows 30 days for delivery before 1970 license plates must be displayed after midnight, April 1.

Easy-to-follow instructions are printed on the three-part form. The Highway Department asks that the owner leave the form intact and that he not separate the three parts.

The new system is the product of many months of planning and work. The system began taking shape in 1967 with the installation of the first computer equipment by the Highway Department.

At one stage, 500 inmates of the Texas Department of Corrections were engaged in matching records and converting the records into a format suitable to be put into computers.

The new system gives Texas one of the most modern and efficient systems for maintaining accurate and up-to-date records on motor vehicles in the world.

The big beneficiary, however, is the vehicle owner who will realize extra convenience and big savings in time.

\$338,000 Increase Expected In County Pension Checks

What will the new social security legislation, liberalizing pension rates, do for residents of Lamb County?
How much more will they be receiving from Washington per year? What will the average payment be, compared with what it was last year?
It is estimated that the change in retirement benefits, approved last month by Congress, will add approximately \$338,000 a year to the amount that local residents have been collecting.
The estimate is based upon the latest statistics for the county, released by the Social Security Administration. They show the number of retired and disabled workers, as well as dependent relatives, on the pension rolls, and the amounts paid them.

All of them will be aided by the legislation. Those who have been getting no more than \$660 a year, the minimum, will now get \$759. The ones who were receiving \$1,320 a year will go to \$1,518. Those who have been at the \$2,100 level will now collect \$2,415.
What is the most that is paid? Under the new schedule, a worker who has just retired at age 65 and has had maximum taxable earnings will now receive \$2,278 a year if single. If married and his wife is 65 or older, their total will be \$3,416.
It is expected that there will be further revision in the social security laws sometime this year. In temporarily dropping the Senate's call for a major increase in minimum payments

there was a tacit understanding in Congress that this and other issues, left hanging, would be taken up in 1970.
As of the beginning of last year, pension payments in Lamb County averaged \$875 per year per recipient, the Social Security Administration reports.
Under the new setup, they will collect approximately \$1,006 on average.
As for the total payments throughout the local area, based upon the number who were on the pension rolls at last count, they will amount to some \$2,594,000 this year, a considerable rise over the prior total of \$2,256,000.
Although the increase was effective as of January 1st, the checks covering the increments will not arrive until April.

SWC District Enters Awards Competition

The Lamb County Soil and Water Conservation District is entering the Texas Conservation Awards Program again this year.
Rep. Bill Clayton won the Water Conservation Award last year for Lamb County. Two years ago Johnny Feagly won the Comback Award and Laura Wheeler of Olton won in the essay division.

Lamb County's SWC has a long list of accomplishments in entering the 1970 awards. The Lamb County SWC District was organized in 1946. Since that time SWC directors have tried to conserve the resources of this agricultural area.

The Lamb County district has added 74 new cooperators involving 19,661 acres of land. This year 97 basic conservation plans were prepared and 67 more were revised and brought up to date.

Feeling that a good information program and constant publicity are beneficial and educational, the district held nine meetings, tours and talks with interested groups, had 76 radio announcements, six television programs and a special conservation newspaper edition. The Lamb County district published four quarterly news-

letters and there were 70 news articles and 50 pictures printed in the local paper.
This district assists in teaching conservation in six area school districts.
The Lamb County district even participated internationally by hosting Kamran Hajebi from Iran.
The directors say 1969 was a truly successful year and have high hopes of continued success along these lines.

Joe Blevins, District Conservationist

No Credit

The Internal Revenue Service has stated that it has not entered into any arrangements with banks or others for the payment of taxes by credit card or through any other credit means.
The IRS said it will not accept credit cards and that any credit arrangement for the payment of federal taxes is strictly between the taxpayer and his bank or other credit company.

The pickup, driven by Don Randall Carter of Rt. 1, Amherst, was traveling north on 1055 when a '62 Chevrolet driven by Jimmy Ladale Smith of Rt. 1, Earth failed to stop at a stop sign on Jefferson Street, according to Angel.

The Smith car hit the rear of the pickup and the front of the trailer, turning them over on their side. Two show calves in the trailer got loose but weren't injured.

Ronnie Lance Mote of Amherst was driving a '68 Chevy II on a dirt road 1.5 miles northeast of Amherst when he hit deep ruts in the road, lost control, turned sideways and hit the bank on the left side. Mote received minor bruises, and Patrolman Angel estimated damages of \$600 to the car.

Monday evening, a one-car accident 10 1/2 miles west of Bula slightly injured the driver and left about \$250 damages to the vehicle.

Thomas V. Escamilla of St.

Rt. Sudan was driving a '62 Chevrolet owned by Freddie Parkman of Maple, Escamilla approached a T intersection and failed to negotiate the turn, jumped the ditch and came to rest in a cotton patch 90 feet further. He was taken to the Morton Hospital where he was treated for head injuries and released.

Amherst Lions To Hear Mrs. Burkholder

She will present, "The Battle to Breathe", a 26-minute color film along with her talk. This service is paid for by Christmas Seal contributions.

The Amherst Lions Club invites all interested persons to attend the program, which will begin following the supper at 7:30 p. m. in the Fellowship Hall of First United Methodist Church at 6th and Washington Street.

Mrs. Boothe Anton Prexy

ANTON--The Anton 1950 Study Club met Wednesday, Jan. 21 in the home of Mrs. J.C. Hodges with Mrs. Warren Cate as co-hostess.

Mrs. Macky McCarty called the meeting to order. The nominating committee presented the new slate of officers. They are president, Mrs. Louis Boothe; vice president, Mrs. Frankie Karvas; program chairman, Mrs. Charles Edgemon; parliamentarian, Miss Linda Lewis; recording secretary, Mrs. Gordon Timms; corresponding secretary, Mrs. Bob Harrell; treasurer, Mrs. D. J. Peters; reporter, Mrs. Olan Johnson.

Mrs. Frankie Karvas introduced the program, a talk from a pamphlet, "Wake Up America" by Harold Kacy, presented by Miss Linda Lewis. Cub Scout, Gregg Hodges, presented the American flag while the club members said the pledge.

A license is required from the Department of Public Welfare showing the plan of operation including a statement as to its plan for financial support and its itemized budget for the operation of the facility.

FOUR GENERATIONS were at the Littlefield Hospitality House Thursday afternoon to help Mrs. Clara Parrott celebrate her 76th birthday. Present were, back row, left to right, Mrs. Charles Heffington and young son Bradley of Arnett, Mrs. R. E. Scott and her son Randy of Sudan and the honoree, seated in wheelchair. Her grandson Randy's birthday is today.

Clara Cooper Parrott Celebrates Birthday

By MRS. R. N. SCOTT

The mother of eight children, Clara Cooper Parrott, remembers wearing polka dotted stockings when a teenager--which were highly fashionable--and playing such risque games as Snap.

She was fascinated with brooms and sweeping when a little girl and she embarrassed her mother frequently by hunting the broom and sweeping the floors of neighbors, when the Coopers would go visiting.

This desire for cleanliness carried over into her adult life as neighbors on the High Plains of Texas marveled at the fact that with eight children, cooking for the family and hired help, nursing an invalid child they never found her house dirty and her children were always clean.

Within one year she lost her invalid daughter, Susan Catherine, in death, and her husband, Webb Parrott, who had also been in ill health for some time.

Both sad and happy events have occurred on, and near, Mrs. Parrott's birthday. Jan. 30, 1966, her oldest son, Aylmer, was killed in an automobile accident; two days later he was buried on the birthday of a grandson, Randy.

Mrs. Parrott has 20 grand-

children, 22 great-grandchildren, plus a host of others who have adopted her as "Grandma" Parrott.

These are her children she has cared for during the years: one being Eddie Chance (a former Sudan resident), now a college graduate and married, who always attributed his success in Number Sense Competition to his adopted "Grandma" Parrott. She taught him to dial the phone, count, add, subtract and match the dots on dominoes when he was little more than "a tyke in diapers".

Mrs. Parrott was still engaged part time in child care and had in her care Kimberley Gay Terry, daughter of Mr. and Mrs. John Terry of Littlefield, a few days before she took time out for a vacation and to paint the interior of her house.

She suffered some crushed vertebrae when lifting or pushing heavy objects and has been confined to the hospital and the Hospitality House since her injury.

However, many of her adopted grandchildren and their mothers visit her, and her eyes sparkle most when she is gazing at her real and adopted grandchildren.

Mrs. Parrott was born Jan. 29, 1894 in Upshur County, near the line of Smith County.

Medicare Deadline Set By Manager

John G. Hutton, Social Security Manager, reminds that there is a very important deadline rapidly approaching for those persons born October, 1901-September, 1902 and who have never enrolled for supplementary medical insurance part of Medicare.

To be eligible for this coverage, a person must enroll during a general enrollment period.

The general enrollment period this year ends March 31. If those born between Oct. 1, 1901, and the end of September, 1902, don't enroll in this one, they cannot enroll at all because this is the last opportunity which can be offered under the law.

The supplementary medical insurance, also referred to as the doctor bill part of Medicare, is very valuable, Hutton stated.

It helps pay doctor bills, and the services which are ordinarily provided in the doctor's office such as diagnostic tests, medical supplies, drugs which cannot be self-administered, etc.

Unless you have already discussed this with a social secur-

ity representative, Hutton urges interested persons to call or visit the social security office at 3428 Ave. H in Lubbock and obtain a full explanation of the benefits of this part of Medicare.

If you prefer, you may call 765-8541 Ext. 384, but the main thing, Hutton says, is to be sure you understand what you are doing before you let this last opportunity pass. Office hours are from 8:30 to 4:45 Monday through Friday.

MRS. C. T. RICHARDSON was called to the bedside of a sister in Snyder, Okla., last week. She fell on the ice and sustained a broken hip. Mrs. Richardson spent two days and nights in Snyder. After seeing that her sister was comfortable and doing ok, she returned home to find her husband, Dr. C. T. Richardson, suffering with the flu.

MRS. URA GINN of Amarillo visited with her mother, Mrs. Adline Newton; her mother-in-law, Mrs. Nannie Ginn; and sister-in-law, Beulah Newton, Sunday. Mrs. Ginn had recently returned from a trip to Arabia and had many things to tell.

MRS. BESSIE Cearley visited her son and family, Mr. and Mrs. Mervyn Cearley, Jon, Joe and Jeff of Lovington, N. M., from Tuesday thru Saturday. MRS. FRED USSERY spent the night at home Sunday. Mr. and Mrs. Jim Griffin stayed with her. Mrs. Ussery has been staying at the hospital with her husband for two weeks.

MR. AND MRS. Johnnie Wil-

iams spent Tuesday and Wednesday with his mother at Petersburg.

MR. AND MRS. C. O. Taylor of Hereford attended church services at the Methodist Church Sunday and visited relatives and friends. Mr. and Mrs. Taylor have just recently moved to Hereford.

MR. AND MRS. Herchel Below attended a state ginners meeting in Corpus Christi, last week. Below is a member of the state board.

RANDY BALL and Ronnie McGowan had lunch with Randy's grandmother, Beulah Newton, Sunday.

MR. AND MRS. W. O. (Buzzie) Jones have moved to their new home in the Hite addition in the east part of town. The Joneses have lived on a farm northeast of town most all their married life. Their son and family, Mr. and Mrs. Dean Jones, moved to the home formerly occupied by Buzzy and Clara Mae.

MRS. BEEDIE WELCH is at

home from the Methodist Hospital in Lubbock where she had knee surgery.

MRS. FAY USSERY is at home from St. Anthony's Hospital in Amarillo after having knee surgery.

MRS. HENRYETTA Armstrong is still a patient in Littlefield Hospital.

FRED USSERY is in serious condition in the Littlefield Hospital.

MRS. RUTH PRICE is a patient in the South Plains Hospital in Amherst.

THE METHODIST Church was the scene of a chili supper after church fellowship, last Sunday evening. The supper was sponsored by the Junior High department of the church.

STITCHLESS SEWING Newly developed stitchless sewing is done with adhesives. It is the first step toward speedy apparel making by automation, and the stitchless method has already been used in coat front of men's suits.

GUESTS IN THE John Waters home over the weekend were their daughter and family, Mr. and Mrs. Bobbie Gresham of Kermit, Mr. and Mrs. Bill Byer of Levelland and Mr. and Mrs. Roy Maddox of Lubbock. Overnight guests Saturday night were Mrs. Waters' niece, Colene Alexander and two of her class mates Diana Martin and Connie Carver of Bethany Nazarene College from Bethany, Okla. The girls were participating in a youth lead revival at a Nazarene Church in Lubbock.

MR. AND MRS. Weldon Bowman of Idasca were recent visitors with friends in the Whitharral community. They flew up

Monday afternoon and spent the night with the Don Reding family. They returned to Idasca Wednesday.

MRS. JOHN WATERS hosted the Lydia Sunday School Class of the Whitharral Baptist Church Tuesday afternoon at her home. New officers were elected. Teacher is Mrs. John Burnett; president, Mrs. Jo Waters; vice president, Juanita Gage; secretary, Mrs. Willie Bryant. Class project is to send Sunday school books each quarter to Whitharral boys in service. Mrs. Violet Blakley will head this committee, assisted by Mrs. Glass. Refreshments of coffee and fruit cake were served to the members.

MRS. J. E. WADE entertained her daughter, Cynthia Ann, with a slumber party Friday night in honor of her 13th birthday, Jan. 24. Cynthia's classmates accompanied her home after the Whitharral-Pep basketball game Jan. 23. The girls spent the remainder of Friday night and Saturday morning

playing card games, listening to records, recording songs, teen-age talk and munching on refreshments. Girls attending were Terri Howard, Vicki Duk-atnik, Joli Grant, Debbie Williams, Donna Avery, Cindy Tedder, Charla Hisaw and Connie White.

A GROUP OF Whitharral Young Farmers and Homemakers returned recently from a four-day stay in Galveston, where they attended the State Convention of these two groups. Couples making the trip were Messers. and Mmes. Ernest Kristinek, Bob Grant, T. C. Wade, Danny Grant, Glenn Howe, Roger White and Omar Tripp.

FLAVORED FOIL A "flavor-releasing foil" recently developed has flavor pockets that can be filled with seasonings and spices carried in a basting oil or butter. The foil will flavor meats as it cooks and may be used in barbecue packaging.

New Book A 'Labor Of Love'

RODGERS
Staff Writer

Mrs. A. G. Jungman has been considered the official of the Pep community. She and her husband have authored a book on Pep and its history.

A. G. Jungman is the first six families to the Catholic settlement in 1924. "We've always been clipping newspaper clippings," he said, "and some of them are so brittle you can't read them any more."

Residents in the Pep community encouraged Jungman to take his many pictures, and he has done so. This book he terms "A Labor of Love." He spent two years and typed the book. It is being published by the publisher's main office in Littlefield, Texas, so the 146-page book will be available from Aug. 23, 1970, to December, 1968, reprinted with its 280 pages of the John Stengel, Herman Greener, Albus, Joe Almgren, Adolph Glumpler, Theo Mat Demel families and other early settlers through the pages of the school and church early Pep days. The community began with a big buffalo barbecue and promoters on Aug. 23, 1924, when a buffalo was killed

A. G. AND ANNIE L. Jungman are busy autographing their book about Pep.

on the spot at the Big Tub Windmill.

John Stengel was one of the first to buy a labor of virgin prairie land out of the 42,000 acres of land offered for sale by the Yellow House Company for a Catholic settlement. There were no roads, only trails leading from one ranch windmill to another.

By that winter, the Stengels were joined by W. T. Jungman, Joe and Lawrence Albus and Louis Blake who lived in a tent across the road. These adventurous people got settled just in time for the Dec. 8, 1923, snow storm, one of the worst winter storms remembered by the early settlers.

The Stengel truck was covered up with snow and people and cattle alike could walk over the newly-built snow covered fence rows.

When snow began drifting in the ends of the tent, the men moved their belongings to the center of the tent and slept between piles of snow. When groceries began getting low, the men went rabbit hunting and stuffed the dressed rabbits in snow banks outside their tent and ate rabbits until after Christmas.

The Jungmans moved to Pep from Rhineland in 1924. "And oh what an initiation we had," Jungman said. But this time it was sand instead of snow. Jung-

man's first house was a 12 x 22 box, Jungman said he left his wife and two youngest children in the chicken coop structure while he went to harrow his brother's land one-half mile north of his. While he was gone a strong northwest sandstorm came up. When he finally arrived home by following a cow trail he found his chicken house blown down and his wife, young son and daughter wrapped in blankets sitting out in the yard away from the leaning little house. "I call that my initiation," Jungman laughed.

The Jungmans included their early day recreation in their book, too. Tales included are stories of carloads of men chasing coyotes over the grassy sea, running up a stick with a white flag when they spotted one, and basketball and baseball games that got so rough they had to quit because the men were ruining their Sunday trousers.

Two men were sent to Austin at the community's expense with a petition for a school. The first school was a one-room shack moved from near Big Tub Mill to the present school site. In 1925 buffaloes often surrounded the school, and Miss Casgrove, the first teacher, would close the doors of the little school until the buffaloes would go away.

Pep residents' initiative is

shown in telling how a phone line was built from one house to another in 1924 by running a 14 gauge wire on top of fence posts with a small insulator.

makes the Jungmans and the Pep community go down in the annals of history.

MEAT INSPECTION
Federal inspection of meat and poultry costs each person in the United States about 50 cents a year. With this comes assurance that inspected products have been prepared in sanitary surroundings, are wholesome and truthfully labeled.

Journey To Past

LARRY McCAMEY COBB FAMILY

The year was 1925 and what historians have declared the last land rush in the U. S. had begun in the early 1900's on the ranch area of West Texas. The huge ranches were selling labors of land, 177,8 acres, by 1920 settlers were flowing to the South Plains from East Texas and Oklahoma in huge numbers. The reason being one man with modern riding plows and good teams could work more land than several could with more expenses and efforts below the Caprock. The land was level and cheap in Lamb County, \$30-\$37 per acre would buy good sandy, cat claw loam. Some of the new land prospectors came prepared to rent land on a third and fourth basis. One third of the money derived from the sell of grain and one fourth of the cotton produced on the land went to the landlord.

It was a day in June, 1925 when the evening passenger train stopped at the Santa Fe Station in the small town of Sudan and two passengers stepped down from the train with luggage in hand; walked toward the Sudan Hotel, Sudan was to be the new home of Larry McCamey Cobb and his family.

Mrs. L. M. Cobb who had previously driven out with her husband remained in Sudan when later her husband returned to Mt. Pleasant to pick up third member of the family, Hazel, later to become a noted artist, had remained in Mount Pleasant until the closing of the school term.

Larry McCamey Cobb was the son of Alexander Cobb and Elizabeth Baxter Harris. Alexander Cobb was the son of Samuel Cobb and listed in the 1850 Georgia census as a planter. Later in 1850 Alexander Cobb moved to Titus County, Tex. Mary Jane Justiss, his first wife, died leaving three small

children and in 1857 he married Elizabeth Baxter Harris, daughter of James and Leoretia Harris.

Leoretia Harris was a descendant of Samuel Harris, a Revolutionary soldier of Mecklenburg County, N. C.

L. M. Cobb purchased a farm about 15 miles west of the town of Sudan in the old Fairview Community from Francis Miller, April 20, 1925.

The Cobbs attended the Baptist church in Sudan when the services were held in one of the school buildings.

Daughter, Hazel, who has had a life-long interest in art and nature, speaks of the blue of the sky dipping down to meet the flat horizon; the wild geese flying over-head, and if they were going south, winter was on the way.

The Cobbs also purchased a home in Sudan because of the excellence of the high school.

Hazel, a member of the graduation class of 1928, remembers the students were assigned the task of illustrating the Canterbury Tales. Mrs. L. E. Slate ordered enough china head dolls, with cloth bodies, for the characters which made quite a display.

Miss Dorinda Bond was a

teacher she remembers as excellent teacher of English literature. Miss Bond also spoke Spanish and had some knowledge of two other languages. Miss Bond was killed in a car accident near Amarillo and a scholarship was established in her name at WTSU in Canyon.

The Cobbs moved to their land near Fairview, but Hazel remained in Sudan to continue her education. She stayed in the J. M. Carruth home.

She would catch the Clovis bound bus to Muleshoe to spend the weekend with her parents

and was quite impressed as it was an old, black limousine. Hazel married Thomas Milton Wiseman Dec. 21, 1930. Their daughter, Maxine, was born in Bailey County and was a year old when the family moved to the farm where they now live today, one mile east of Sudan.

Maxine is a graduate of NTSU at Denton. After touring Europe one summer this left her with a desire to live abroad and she applied for a teaching position with the USAF and was accepted. She was assigned teaching duties at an Air Force Base near Tokyo.

There she met and later married Lt. Marion Price Chalker June 9, 1957 in the Episcopal Chapel at Tachikawa, Japan. The Chalkers have children, Milton and Cecilia Harris.

On the land the family purchased east of the some barbed wire by Martin Lataste, founded by Mr. and Mrs. J. M. The wire was given to the man and this led to interest in barbed wire.

A geophysical feature of interest is the chain of beginning between the and the L. E. Slate that form a link in the rain, that could be traced in a northerly direction.

These lakes are shown the bed of the rie Dog Branch of the of the Brazos River.

Jo Ann Jordan Attends Meet

Jo Ann Jordan, vocation counselor for Littlefield schools, attended a day-long counselors' workshop Jan. 26, sponsored by the Region XVII Education Service Center in Lubbock.

The workshop was primarily concerned with measuring interests and values and evaluation of case presentation submitted by several of the over 100 participants. Dr. Weldon E. Day, director of planning and research for the ESC, said, Dr. Donald Super, an internationally-known educator psychologist from Columbia University, conducted the sessions and served as mediator for the discussions.

Dr. Super is presently professor of psychology and education at Columbia and has written extensively in the area of vocational counseling.

Area Servicemen

PAUL N. RENFRO

U. S. Air Force Captain Paul N. Renfro, son of Mr. and Mrs. Norman T. Renfro of Littlefield, has received the Air Medal at Clark AB, Philippines, for air action in Southeast Asia.

Captain Renfro was cited for his outstanding airmanship and courage as a C-130 Hercules cargo-troop carrier pilot on successful and important missions completed under hazardous conditions.

He serves at Clark with the 29th Tactical AirLife Squadron, a unit of the Pacific Air Forces, headquarters for air operations in Southeast Asia, the Far East and the Pacific area.

The captain, a 1955 graduate of Littlefield High School, received his B. S. degree in 1961 from Eastern New Mexico University and his M. S. degree in 1963 at New Mexico Highlands University.

He was commissioned in 1964 upon completion of Officer Training School at Lackland AFB, Tex.

His wife, Patsy, is the daughter of Mrs. J. A. South of Portales, N. M.

Marshall W. Cooper, who has been at Girlstown six years, was re-elected as executive director.

Quail Hunt Best In Years

Public quail hunts on the Matador Wildlife Management Area have been termed the most successful since 1959, when the hunts first began.

Jack Parsons, wildlife supervisor for the Texas Parks and Wildlife Department, said hunters were not seriously handicapped by weather this year.

Most of the hunting days were mild, with only a few cold and overcast.

Biologist Don Davis on the area said 300 hunters, most with dogs, participated, and killed 1,659 birds.

Of the birds bagged, eight per cent or 139 were blue or scaled quail. Bobwhites accounted for 92 per cent of the total harvest—1,520 birds.

Hunters reported at the check station that 781 coveys of bobwhite and 89 coveys of scaled quail were seen. The 300 participating shotgunners spent 2,680 hours in the field and bagged .6 birds per hour of hunting. Each hunter averaged 5.5 birds in the final tally.

There were 1,006 applications made to hunt on the Matador Area, and 770 permits were issued.

Scouts, Leaders To Be Honored

Sea-Arama Marineworld at Houston, the only multi-million dollar marine attraction between the East and West coast, will salute the 60th birthday of Boy Scouting with the attraction's Second Annual Boy Scout Month during February.

Sea-Arama Marineworld is admitting all scouts, advisors, leaders, den mothers, etc., "in uniform" for the special price of one dollar (\$1) every day during February. All scouts visiting Sea-Arama Marineworld at Houston during this special salute to scouting will receive free, a five color, fully embroidered "Porpoise Patch", at the attraction's main gate.

This year's special salute is in cooperation and with the full support of the Bay Area, Capital Area, Sam Houston Area, Trinity-Neches Area, East Texas Area, Sabine Area, Longhorn Area, Circle Ten Area and the Heart of Texas Area councils.

Game And Fish Violations Number 1,409

Texas Parks and Wildlife Department game management officers cleared 1,709 cases from the books in December and obtained 1,409 convictions.

Hunting violations drew the most citations with 1,101, and fishing violations brought 174 citations.

Commercial fishing citations numbered 23, water safety citations, 105 and trespassing citations, six.

Revenue accrued to the State treasury amounted to \$51,206.39.

Census Will Ask How You Bathe

Census of Population, which will be "ambitious" and in some ways the most contro- versial in the history of the census, will be conducted this past Monday, by a new district manager, Robert L. Buttrick, who is setting up a force of 19 crew leaders and 438 census takers in the area. The census will be conducted in all the census tracts located in the Amarillo area. The 1970 Census will require the services of 2,000 crew leaders, 19,000 census takers, and 393 managers, in addition to the census forms. The forms of different types will be used in 1970. The most common one, which is used in 4 of every 5 households, contains 23 questions and takes 15 minutes to complete. The fifth household will have additional questions--

White House Answers Payment Request

Sorghum Producers' request to President Nixon to reconsider the 50 percent advance payments on the 1969 feed grain program was rejected this week by Carl Albert, Jr., director of the resources programs division of the Budget. Letter Schwartz said, "The 50 percent advance payment would increase the outlays by about \$1.5 billion. Since the agricultural economy is now in a better shape and because of the expressed desire of Congress and the President to fight inflation by reducing outlays within the limits established by Public Law 91-504, a decision was made to suspend the payments." He added, "We recognize the need for this action, along with other actions we have had to

take in the battle against inflation, will cause some adjustment problems. However, the consequences of not taking these actions would be worse for all of us." In commenting about Schwartz's letter, Elbert Harp, executive director of GSPA, said, "When farmers pay their 1969 income taxes, I believe the Budget Bureau will be shocked to find out farmers are not as well off as they seem to think we are." Harp pointed out that because of pressure to continue the advance payments, that Secretary Hardin has promised to make full settlement of government payments as soon as possible after July 1. Harp said, "This will help considerably if we can get these checks in July, and GSPA will be pushing for it."

Washable Garments Now Washable

In research, many garments now are machine washable without fear of felting or fading. Mrs. Lady Clare Phillips, Lamb County Home Extension Agent, followed the label. Most manufacturers recommend washing in cool to warm water with mild soap. If needed, always use dampened cloth, she

pressed with a hot iron and a wet press cloth will shrink. When sewing with "machine washable" wool fabrics, Mrs. Phillips advises the use of washable facings, trimmings, bindings and linings, too. Machine washable wools are good especially for children's clothes, on-the-job clothes for women, robes and winter sportswear. **ULTRASONIC WASHERS** Ultrasonic waterless washers for cleaning glassware and intricate instrument parts use intense high-frequency sound waves, generated by vibrating nickel or nickel alloy parts to replace the usual water agitator or pump.

brews when home- combine extreme heat, friction and strong detergent in laundering. Wool stands these extremes well by shrinking. For example, a wool sweater in hot water, with strong detergent, will shrink after a full wash cycle then

Hightower Files For Re-Election

State Senator Jack Hightower of the 30th Senatorial District has filed in Lamb County as a candidate for re-election in the Democratic primary.

While here Monday, Hightower stated that he planned to visit each of the 21 counties in the district between now and the filing deadline in order to personally file with the democratic chairman in each county.

Senator Hightower, 43, was first elected to the Senate in 1964, having previously served in the House of Representatives and as District Attorney.

Senator Hightower stated that he would make a formal announcement at a later date.

Anton Educators Attend Workshop

Two educators from Anton were among 17 teachers and administrators from eight schools who attended a follow-up workshop Wednesday, Jan. 28, on economic education at the Region XVII Education Service Center in Lubbock.

They were J. P. Jones and Max Washington.

The workshop was a follow-up meeting for educators who attended a series of five conferences in the spring of 1969 on Economic Education.

Dr. William A. Luker, director of the Center of Economic Education at North Texas State University, conducted the workshop.

Emphasis was placed on methodology of integrating the teaching of economics into the present school curriculum in grades one through 12. These workshops are designed to provide key staff members in local schools with a familiarization of economic education materials and methodology for in-service sessions which may be conducted at the local level.

Dr. Weldon E. Day, director of planning and research for the Esc, is coordinating the project in Region XVII.

'69 Bond Sales Reach \$107,352

United States Savings Bond sales during 1969 in Lamb County totaled \$107,352, according to C. O. Stone, Chairman of the Lamb County Savings Bonds Committee.

The county has achieved 83 per cent of its goal of \$130,000.

December sales totaled \$7,062. Sixty-nine counties in Texas achieved their 1969 goal.

Texas has achieved 103 per cent of its goal of \$170.1 million with year-to-date sales totaling \$175,487,920. December sales were \$13,997,243 while sales during the same period of 1968 totaled \$13,070,587--an increase of 7 per cent.

Bond sales over the nation during 1969 amounted to \$4,740 billion with 97 per cent of goal achieved.

Sales of Freedom Shares totaled \$348 million during 1969--26 per cent above the \$277 million sold in 1968.

SECOND ANNUAL
The Texas Conference on Insect, Plant Disease, Weed and Brush Control, will be held Feb. 24-26 at Texas A&M University's Memorial Student Center.

BITTER CRITTER, "The Litter Critter" the Texas Highway Department's faithful sidekick in the battle against highway litter, now is making his appearance on colorful 17x22-inch posters. Litter pickup costs the Department \$2 million a year. Schools, garden clubs and other organizations concerned about litter may obtain the posters from Highway Department District Offices, Tourist Information Bureaus or the Travel and Information Division, Texas Highway Department, Austin (78703).

Litter Critter Promotes Highway 'Clean Scene'

The "Litter Critter," the Texas Highway Department's stompin' mad promoter of the clean scene along Texas highways, now is appearing on large colorful posters.

The Litter Critter has been prominent on the face of Official State Highway Maps issued by the Department for several years. He also has made "guest" appearances in public service features in newspapers and magazines throughout the State, in addition to appearing on other Departmental publications.

His message is simple: "Help stomp out litter!" The Litter Critter is riled up at the annual \$2 million cost of cleaning up after careless motorists who strew trash and litter along the 69-thousand-mile Texas Highway System.

The new posters measure 17 x 22 inches and show the Critter, bitter about litter as usual,

ROASTED CORN

Having a cookout? Try roasted corn — Indian style. Pull back husks and remove silks. Replace husks and tie ends with string. Soak in cold water to prevent excessive browning. Place ears on grill; roast 15 to 20 minutes, turning frequently until husks are dry and browned.

The posters are available to schools, clubs and other organizations concerned about the litter problem. They may be obtained from Texas Highway Department district offices throughout the State or by writing:

Lamb County Girls On Drill Team

Two Lamb County girls were honored Saturday evening, among others who are members of the South Plains College women's drill team, the Tex-Anns.

The event was the "Tex-Ann Get-Acquainted Party" to which parents of all the members were invited.

The Tex-Anns performed several routines following a refreshment session, and after the party, parents were admitted free to the game between South

Plains College and Junior College in the Dome.

Lamb County members of the drill team are Linda Littlefield and Frances Sudan.

Other members are Anderson, Levelland, Berry, Levelland, Strand, Floydada, Sharyley, Levelland, Ebb Morton; Rita Santa Cruz, Bellville; Carroll, Tahoka; Coby Levelland; Sharon Coby; Kay Elkins; Cy Fowler, Boyina; Morton; Sharon Fuller; da; Pam Galloway, Connie Gardner, Tabba Henderson, Lubbock Graf, Levelland; Morton; Debra Jones, Janelle Nabbut, Morton; Peterson, Plains; Sundown; Sue Smith, and Linda Stone, Fr

Gymnasts Include Two From County

Two Lamb County girls are members of the South Plains College women's gymnastic team that will be in Odessa Saturday for a meet with the team from Odessa College.

Members of the team are: Laquita Hargrove, Carlsbad, N. M.; Kate Carson, Olton; Debbie Nichols, Levelland; Jacque Anthony, Lovington, N. M.; Carol Carothers, Levelland; and Cathie Hafley, Littlefield.

Misses Hargrove and Carson will be all-around gymnasts, entering all events.

Events in which the SPC team will be participating include: free exercise, blance beam, vaulting, and uneven parallel bars.

Mrs. Jeanelle Spears is instructor of the team.
