THE ABUNDANT LIFE

The Rational

By BOB WEAR

THE RATIONAL is a proper aim for all of us. It is very important to us personally and to the common good that everybody seek that which is based upon, or agreeable to reason.

That is, we must be reasonable; not extreme or excessive; but using good judgment.

SEEKING THE RATIONAL in thought and action takes us into the area of "good sense" or "common sense". All of us can develop and maintain, to some degree, all of the elements of common sense.

Some may do better than others, but most of us have great potential for this attainment. It is so much a part of "the rational" which is so very essential to our well-being.

TO ACT WITH COMMON SENSE according to the moment, is the best wisdom I know; and the best philosophy is to do one's duties, take the world as it comes, submit respectfully to one's lot; bless the goodness that has given us so much happiness with it, whatever it is; and despise affectation. —Walpole

The only constructive and productive course for us is in our movement toward the rational, the sensible; the reasonable; and the responsible. The reverse movement is the way of diminishing returns; from the hopeless to ever greater and greater hopelessness.

It carries us farther and farther into the gloom and despair of senseless existence. Along this reverse course, the point of "no return" is always closer than we think.

IRRATIONALISM SEEMS to have some

kind of subtle appeal to many people. All of us may have some inclination toward this lack of good sense, but it does not dominate our lives.

Many people are forcing themselves into this profitless mental and spiritual condition by their retreat from intelligent, sensible and reasonable thought and action.

INCREASE IN SUBJECTIVE irrationalism is in proportion to the insistence that there is no objective truth. These people are self-conceited, self-deceived, and are willing dupes for almost every crazy and ridiculous viewpoint presented to them.

They reject everything that they need for a worthwhile life, and espouse everything that is harmful to themselves. Thus, they soon become a big, big problem, to themselves and a nuisance, sometimes a threat, to other people and to everything that is good for mankind.

THE IRRATIONAL have no light to guide them; no strength, but a kind of artificial strength, to sustain them; and they are perpetually haunted by feelings of despair, uncertainty and inadequacy.

These people waste the resources which are needed for and could be used for the good of themselves and others. They are worse than parasites; they are more like termites undermining the whole structure of human wellbeing.

THE RATIONAL is where we will find solutions to problems; rewards for our labors; and better things for all humankind.

It is not out of our reach.

TAKING OVER the reins of the Littlefield Quarterback Club next year will be Billy Tom Grant, left, who will succeed James Walker, center, as president. With them is Coach Jerry Blakely, whose Wildcats closed out an 8-3 season last Friday night in a bi-district loss to Roosevelt. Warren Dayton will serve as vice-president next year, and David Hamblin will be secretary-treasurer. Orville Bassett is a new member of the board of directors.

HONNY GRITS

By CORNBALL BLEVINS

WELL, WELL, I SEE that the archaeologists have started diggin' up the dirt of the past, down near Lubbock. It's supposed to tell them a lot of tales from the long-ago.

Somehow, I wonder if it's all for the best. There's a good many things that's transpired in days of yore, that best might be forgotten.

FR 'XAMPLE, JUST A FEW days ago,

I received a missive, thru the pony express, with the offer of tracin' MY FAMILY TREE. After a little consideration, I decided it may be for the best to let bygones be bygones.

You know, from the little I know about my lineage—passed down from word of mouth—I'm afraid it might not be too flatterin' to have the thing stirred up!

MAY AS WELL face it, halos just didn't come by the dozens in my family.

This could be bad enough, but, my lack of sympathy for these dirt diggers is, further, alienated by the fact that they're the bunch that are going about tryin' to prove that my earliest ancestors swung by the tail!

THE SWINGIN' by the neck business is bad enough, but, this tail thing must be for the birds! (Or monkeys.)

Anyho-o-o, I hope they have fun with their surmisings. Everyone has to make a livin' somehow—Sudden thought! Who pays the bill??

GUESS YOU SAW where the youngster, down Snyder way, got in trouble for tryin' to burn the school buildin' down. Guess he thought that would be one way to get outta school.

Shux, the shoe was on the other foot, when I was a kid. They threatened to burn down the school in order to get rid of some of the kids!

WELL, THANKSGIVING has come and went! Guess we all got full o' turkey, pumpkin pie and football.

Skipped the turkey at our house. It seemed so fowl to eat one of those birds. Had ham instead, and made hogs of ourselves.—Gained three pounds and a dandy case of indigestion.

CAME OUT PRETTY GOOD on the football thing, though—won three games outta four.

MRS. HAYNES

Continued from page 1

Amarillo's Northwest Texas Hospital for LVN's who could qualify and pass the hospital's "challenging" test. Mrs. Haynes said when she got there to take the test and saw all those young women there, most of them taking the test for the fifth time, she just told herself she shouldn't get into the program, anyway, since she didn't have too many years left.

She forgot about the program until she got a letter about four weeks later asking her to come back for further testing. She went back four different times while the hospital kept weeding out applicants. Out of about 90 trying, 14 were taken into the program.

"I didn't know I was in until March or April," Mrs. Haynes said. The ones that had been accepted were called in, and there were our nameplates and caps and everything all laid out. I didn't know until then that I'd made it. They reviewed us one week, then we took the test their juniors take. We finished our junior year in four days.

Two full years are crammed into the one year program. "It is intensive. Intensive," Mrs. Haynes said. "It's unbelievable what we have to do, the pages after pages of research required." She started on the program in May, but before that she learned she would need another year of college, so she attended a summer session at Amarillo College. For the past 20 months she has been living in Amarillo and driving back to Littlefield each weekend. She lives in a dormitory at Saint Anthony's since she would have had to have a roommate at Northwest Texas. "I live for Fridays when I can hit the road home," she said. "And we count the days until I graduate. If it wasn't for my very understanding husband, I'd never make it. She has no intention of not making it. "I'm not a quitter," she said. "It's been hard to adjust. You don't know what you can do until you try."

The Haynes have two daughters, and they are both medical technologists. The oldest, Sue Mouser, is head bacteriologist at the Methodist Hospital in Lubbock. Dot Simmons teaches in the eighth grade here, but she trained as a medical technologist before going into teaching. Dot's husband, Bob, works in the Medical Arts laboratory. "Interest in medicine runs in the family," Mrs. Haynes concluded.

JET-AGE SEWING

Pockets On Jumps

By FRANCIS

THE COMMERCIAL pattern often has pocket designs and pocket sizes you will want to change. Use the measurements shown on the sketch or from a ready-made garment and make paper patterns for the pockets. Most jumpsuits have six large patch pockets.

Cut them lengthwise with the selvage grain running from top to bottom on the pocket.

ON THE BREAST and hip pockets turn the hem to the wrong side and press to make a crease. Then turn the hem back on the right side and stitch the ends of the hem, sewing on the seamline.

This job is easier if you sew with the pocket side up and the hem side down so you can follow the cloth grain. Trim bulk away and turn the hem back to the wrong side. Shape the corners square. Figures A, B, and C.

NEXT PRESS the seam allowances under on the bottom and sides. For a neater finish always press the bottom first and then the sides. Figures C and D.

Trim the bulk from the corners (figure F) but take care not to cut all the way to the seamline. Leave 1/8 to 1/4 inch to prevent the corner from ravelling out.

CONSIDER the topstitching that will fasten the pocket to the garment. If it is to be 1/4 inch or more from the edge, miter the corners as in figure G. If it is to be directly on the edge, make a modified miter as in figure H.

Press the pockets well before sewing them to the garment and your work will look more professional. Remember that all topstitching must be done to perfection. Slip a patch of firm cloth under each top corner for reinforcement but place it on

the back side of the garment and not show. Secure the ends by backstitching or by pulling the thread to the back side and tying edges in a knot. It is advisable to take a few stitches in a crosswise direction at each corner for reinforcement.

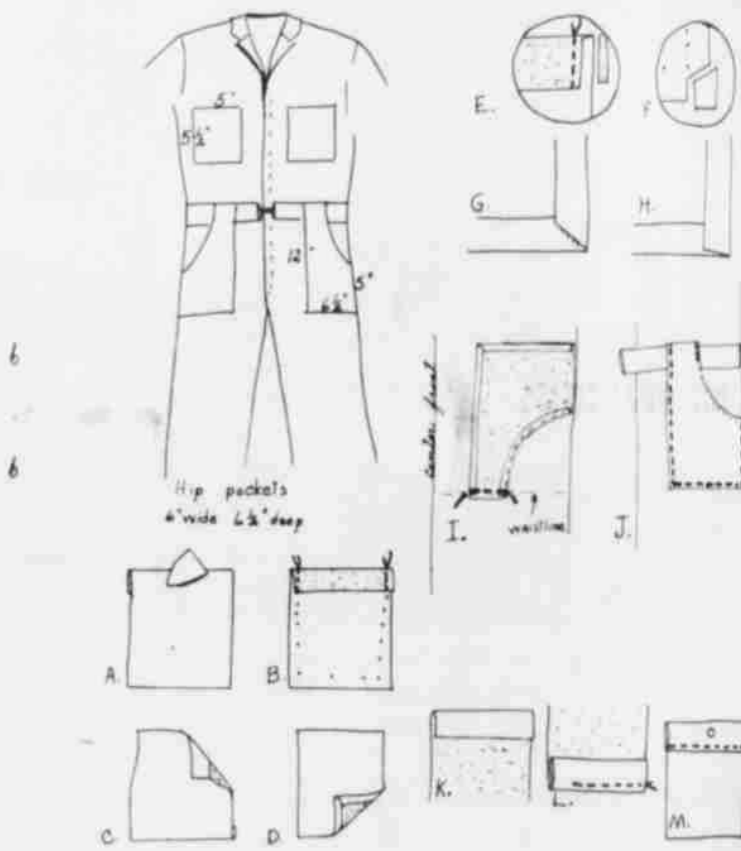

THE LOWER FRONT pocket designed to extend up over the waistcase, make the belt first and then hem the pocket opening and place side up even with the waistline.

Sew across the top. Place the front and turn the pocket down on the sides and bottom to the garment figure J.

THE MOCK BAND makes a finish for a pocket top and makes a 1/2 inch plus the hem width to length or the up and down measurement. Mark the hem and press it to side. Turn the hem sharply to side (a second turn) catching the in the second crease. Stitch 1/4 inch sewing on the second crease, and L. Turn the tuck downward well. Figure M.

Turn the bottom and sides in usual manner and sew the pocket garment. At the top take care to and to conceal the raw edges with invisible hand stitches if needed.

BEFORE SEWING the pieces press the front leg crease. It is used from the inside corner of the pocket center of the lower hem or the crease, sewing very close to the

"I'm not advising it, but when I was a kid and wanted something badly, I pitched a good old fashioned tantrum."

The uniforms are red with waist coat fronts and tuxedo backs with an overlay effect with old English "W" on white background. The back of the coats have a panther at the top and a donna at the bottom with white trim down the side. The hats are 10-inch tall Buckingham style shakos with red drape cords and a Texas star on the front. White stripes run down the sides of the pants and there are citation cords on each shoulder.

Pork Symposium Slated Dec. 6

The Third Southwest Pork Symposium is scheduled for Dec. 6 at Canyon, and will feature carcass evaluation of swine, plus talks on health, nutrition and the economic aspects of swine production.

The meeting is being sponsored by the Texas Agricultural Extension Service and the School of Agriculture at West Texas State University.

Registration begins at 8 a.m., with on-foot evaluation of carcass pigs at 8:30. The judges will include Leland Tribble, professor at Texas Tech University; Larry Tackitt, swine producer from Happy; and John McNeill, head of the animal science department at WTSU.

The morning session will be chaired by Dr. Charles Smallwood, head of the School of Agriculture and the welcome will be given by Dr. James P. Cornette, president of the University. Dr. Gilbert Hollis, extension area swine specialist at Lubbock, will review the West Texas pork situation.

Tribble will tell of current research studies in the region. Breeding management and problems will be discussed by swine producers Elmer McLaughlin of Pampa and Harold Ham of Dumas.

East Texas feeder pig sales and management will be handled by Dr. Randall Grooms, Extension area livestock specialist from Overton. Dr. Steve Nicholson, Extension veterinarian from Louisiana will tell about disease

problems associated with pig feeding.

The afternoon session will be chaired by Kenneth Wendland, head of the WTSU agricultural economics department, and continue with a discussion by Dr. Nicholson on preventing arthritis and lameness in swine.

Compliance with federal regulations on feed additives will be the topic of Dr. Thomas Snodgrass, regional veterinarian for the Food and Drug Administration from Dallas.

Meeting federal environmental standards for swine production will be discussed by James Murphy, Extension agricultural engineer from Kansas.

J. D. Lane, vice president of the National Livestock and Meat Board, will tell about pork merchandising and promotion. Hedging on the futures market is the topic from Neal Scott, commodities broker from Amarillo.

A discussion of the pork carcasses from the pigs evaluated that morning will conclude the program, with adjournment scheduled at 4:30 p.m.

VIOLATIONS CHECKED Undercover Alcoholic Beverage Commission agents will check private clubs for violations of a new law allowing issue of temporary membership permits for \$2.

Blue Shower Honors George Butler

First-A pink and blue shower was held Monday afternoon at the home of Mrs. George Butler. The guests gathered in a baby's refreshment table was a white cloth, and was decorated with a stork and pink candles. The hostesses alternated in serving hot spiced tea and assorted homemade cookies.

Rock Layman Speaks Sunday

Kastra, lay speaker of First Christian Church, will be conducting the service at the First Christian Church in Littlefield the next Sunday. He is the author of "The Victorious Life," and "What Is Life," and wrote the book, "The Hereafter." He is the author of his message today. There are one or two persons in the church invited by the church to hear.

SANDRA AUSTIN of Enochs sees things in rocks and when she is through painting them, she calls her creations "unique Rock-ings". This is the way some of them look. She first got an idea for making the little figures and figurines while she was vacationing this summer, and as soon as she got home she began her hobby. A collection of the rocklings is displayed at A&B Office Supply.

Nancy Shaw Is Candidate For Degree

Mrs. Nancy Keeling Shaw of Littlefield is among 40 students from three campuses of the University of Texas Nursing School who are on the tentative list of candidates for bachelor's degrees at the close of the fall semester. She is studying on the Austin campus. The list, announced by Dean Marilyn D. Willman of the System Nursing School, includes candidates at the Undergraduate Nursing School at Austin, the Clinical Nursing School at Galveston and the Clinical Nursing School at San Antonio.

Anton Plans Drug Abuse Program

ANTON--"Operation Kick-It" will be presented Tuesday, Nov. 30, at 12:45 p.m. in the Anton School Auditorium by the Texas Department of Corrections. A panel of four inmates will be present to tell their story of "the misuse of drugs". Through this program, the inmates are able to speak directly to the public and present their message. "Illegal drugs are dangerous; drug abuse is against the law; you can go to prison for it. We did." The four volunteers are age 17 through 21.

"Operation Kick-It" is funded by a grant from the Governor's Criminal Justice Council. The program is free of charge, and will last about 35 minutes. The public is invited to attend.

Miss Darla Hanlin, bride-elect of Rickie Reep, was honored with a gift tea in Mrs. John J. Breedlove's home Tuesday, Nov. 16.

Dinah Hanlin registered the guests. Each guest was presented a Happy Face pin. The refreshment table was laid with a candlelight lace and satin cloth. The center decoration was miniature American Beauty roses with velvet streamers lettered "Happy Day" in silver glitter. The center of the table held six silver burning candles in votive cups.

Dixie Carter served spiced apple cider from a silver service. Rachel Harlin and Patti Foley served "Happy Face" cookies, miniature sandwiches and crystallized nuts.

The hostesses' gift was an electric skillet and electric toaster in harvest gold. Hostesses were Mmes. J. R. Fain, T. L. Dunlap, Fred Cook, Jerry Roberts, Bill Cox, A. C. Witcher, Robert Richey, Wilson Cox, Alvis Jones, Royal Kirby and John J. Breedlove.

The prospective bridegroom's mother, Mrs. L. M. Reep of Shallowater, was among those attending.

TOPS Members Plan Party

Members of Be-Little TOPS Club made final plans for their Christmas party during a regular meeting Tuesday evening, Nov. 23.

Hazel Davis called the meeting to order, and the roll was called and answered with the number of pounds lost or gained.

Dona Dirickson was recognized for eight weeks perfect attendance.

TOPS Queen for the week was Phyllis Owens with a 4 lb. loss, and runner-up was Hazel Davis with a 3 3/4 lb. loss.

Loss for the week was 12 lbs. Secret pal cards and gifts were distributed among members.

Following adjournment of the meeting Audrey Long was honored with a birthday cake and coffee.

'Thief-Proof' Your Vehicle

Here is a way for motorists to "Thief-Proof" their automobiles.

Don't leave packages or other possessions up for grabs by leaving them on the seats or the floor of your parked car. Put them in the trunk.

Roll your windows up tight, and lock your car doors. Don't forget to remove your ignition key when you remove yourself from your parked auto

— even for a moment. You may not only find your car gone when you return, but also get a Christmas present from the police in the form of up to a \$200 fine for leaving your keys in the ignition. That is now against Texas state law.

Don't park your car in a remote or dimly lit spot. Thieves enjoy the opportunity to do their foul deeds where they are not in the limelight.

Appointments. TAKE ADVANTAGE OF A REAL BARGAIN NOW AT MITCHELL FORD, INC.	Prime Time For Christmas Since the three wise men came bearing gifts to the Christ child, the Yuletide season has been observed as a time of generosity. For most people, it exemplifies the spirit of giving. But for some it has more to do with the spirit of taking. With Christmas shopping in full swing, money flows more freely. People carry more cash and tend to guard it with less care. Opportunities for the criminal are greater. A loosely guarded purse in a grocery cart, a pile of packages in the seat of a car, or around the Christmas tree in almost ANY house, provide the target during this "prime time for crime." You can protect your property from the purse snatcher or the thief. Take a few simple precautions. *Take with you more cash than you need. Keep a firm grip on it at all times. *When packages are in an inside pocket, your auto, lock the trunk, out of sight of the burglar. *Keep your house in a light on inside are away at night. And help protect your neighborhood by being suspicious persons in circumstances that may be crime about to happen. Don't be a crime's partner; report all suspicious promptly. To stop crime call Stop-Phone 385-4411.

Charles Holt Is Promoted

One Littlefield youth was among the 46 New Mexico Military Institute cadets who received promotions in cadet rank during combined Homecoming and Thanksgiving activities held over this last weekend.

Promoted by special order of the Superintendent was Cadet Sergeant Charles Winston Holt, the son of Mr. and Mrs. Marsene Holt. Because the newly promoted cadet was authorized to immediately be wearing the stripes or emblems of their new rank, several of those promoted had their new rank pinned on by their parents, who were visiting the post to participate in the weekend's colorful and traditional parade, talent show, formal dance and many sports events.

MR. AND MRS. Paul Blackwell and Mrs. A. H. Scivally visited Sunday at Clovis, N. M. with Mrs. Scivally's sister, Mr. and Mrs. Jim Ryan. MR. AND MRS. Roy Phelan of Sunnyside were Thanksgiving supper guests of Mr. and Mrs. Earl Phelan. Other guests were Mr. and Mrs. Tracy Phelan and Mr. and Mrs. Ray Muller and family.

Cadets are promoted on the merit of their military proficiency, academic achievement and displayed leadership potential. Open slots in the cadet chain of command are filled from the ranks of eligible cadets, who assume the privileges and responsibilities of their new rank immediately upon promotion.

Four Wrecks Investigated

City police have investigated four city accidents within a week's time. Last Saturday morning, Nov. 20, Mickel Gene Johnson of Amherst was driving a 1965 Chevrolet west on West Delano in the right lane, and Medeah Brewer Wheat of Pampa was driving a 1968 Ford the same direction in the left lane.

a Miracle

The miracle of the loaves and fishes. Such a familiar Bible story and it is definitely true. After all, who would doubt that Christ could turn five loaves and two fishes into more than enough for five thousand people. Who would doubt that four thousand were fed by seven loaves and a few minnows, again with a surplus.

Yes, who amongst us would doubt that miracles did occur, that events did happen for which there was no scientific explanation? But that was two thousand years ago. But what about today? Do miracles still occur? Who would question this divine intervention? Who would bellow at these extraordinaries? It was God making wonderful.

One can best understand if he considers the words of Christ: "Ask, and it shall be given you..." (Matt. 7:7). If we have only to ask in order to receive, then miracles could surely still occur. And they do still occur, as millions will testify.

When we petition God, what should we ask for? Ask only for that which you need. Ask no more. Expect no less. For God can and will provide, as He did long ago with a few sardines and sandwiches. And when He does provide, then our miracle has occurred.

BULLDOG ALVIN WILLIAMS shows his football running ability as he shakes off a Wilson tackler and gets set to take on two more in the class B bi-district game. Wilson tacklers coming on the scene are Arturo Vergara (20) and David Savelli (50). Brent Couch, Anton quarterback, is in the background.

CHRIS COLEMAN finds the going a little tough as Dewey Peacock (22) puts an Anton stop on him. Philip Botello (49) comes in for a piece of the action during the Anton versus Wilson bi-district game.

SPORTS

BULLDOGS FINALLY FALL

Wilson Tips Anton

The Anton Bulldogs had the tables turned on them Thanksgiving night at Wilson as they were edged out of a bi-district title, 36-23, by the Mustangs.

The Bulldogs were undefeated during the regular season with their season opener being a 30-0 shutout over Wilson. Anton opened with a safety in the middle of the first quarter when Wilson's John Fields was trapped behind the goal to give Anton a couple of bonus points.

Wilson took the lead with about four minutes left in the first stanza on a 20-yard scamper by Arturo Vergara.

Alvin Williams pushed the Bulldogs ahead again with 9:29 left in the first half on a four yard pitchout for a six-pointer.

Darrow Talkmitt scored twice for Wilson as he charged over from the nine and then from the one yard line.

The Bulldogs scored twice in the third stanza and Wilson only got one.

Alvin Williams brought the Bulldogs within five points of Wilson with his final TD when he ended a 56-yard drive with a Bulldog six-pointer in the third quarter.

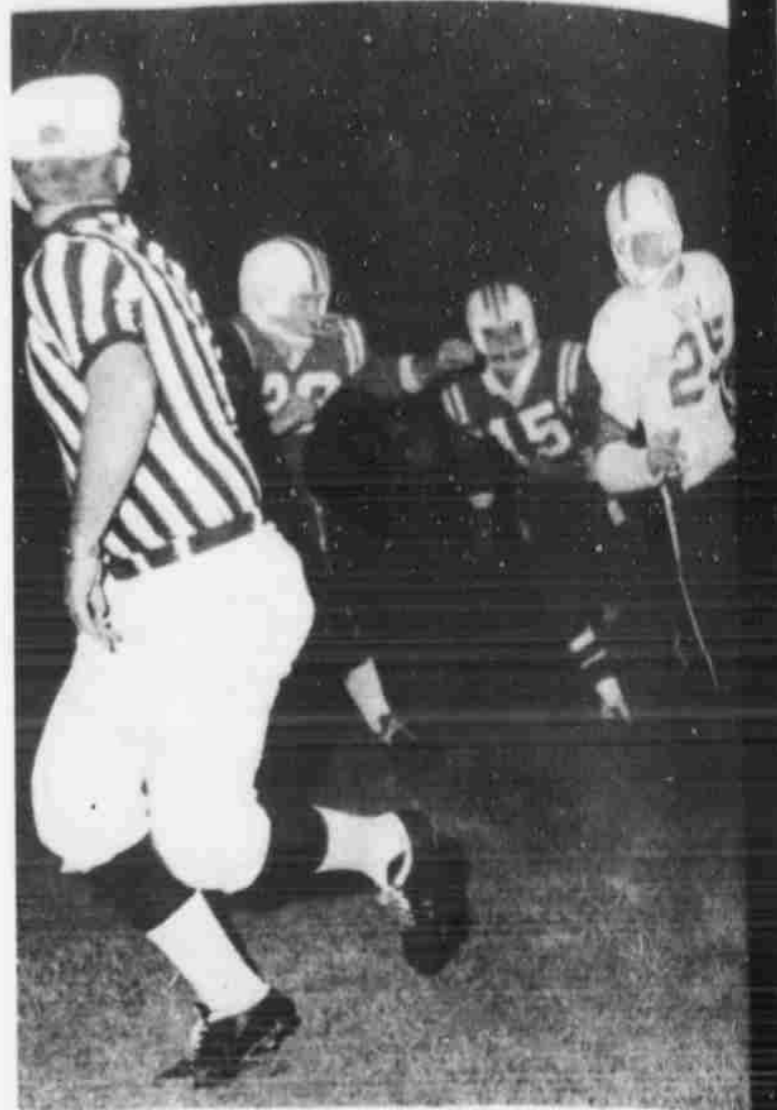

Talkmitt put the cap on the game by scampering 35 yards for his final TD.

The two outstanding ground gainers were Talkmitt for Wilson who gained 121 yards on 20 carries and Alvin Williams who rushed for 150 yards in 24 carries.

The Bulldogs gained a total of 314 yards during the encounter and the Mustangs rushed for 349.

Anton trailed in the first down department with Wilson collecting 20 and the Bulldogs 14.

The loss was Anton's first of the season after ten straight victories. Wilson is 7-2-2.

STEVE MACK NEWTON (25) charges around left end for Bula in district game with Highland. Highland defenders are Robert Garza and Mike Alexander (29).

Bula Loses Bid For Bi-District

Bula's undefeated season in six-man football and their bi-district championship

hopes were blasted by Highland as they downed the Bulldogs, 66-16, at Sudan Thursday.

The Bulldogs opened the game like a ball of fire as they recovered a fumble by Highland on the opening kick-off.

Then they plowed from the Hornet 30 to the three before being stopped by the Highland defense.

Highland was unable to move the ball and had to punt on the fourth down.

Ron Risinger charged the line, blocked the punt, then carried the ball over for the first TD of the evening with 5:39 left in the first stanza.

Ron then booted the ball over for the two-point conversion.

About two minutes later the game was tied up as Loran Krejci crossed over on an eight-yard pass play from Mike Alexander. Krejci kicked the conversion.

Steve Newton gave the Bulldogs the lead with 8:34 left in the first half as he bulled over from the one yard line for another Bulldog six-pointer. Ron Risinger kicked the extras.

In the next series of downs Highland came back with Krejci breaking loose and running 40 yards for the tying TD for the Hornets. The PAT was good and the score was 16-16 with 8:17 left in the first half.

From this point on it was Highland's ball game. They charged through and recovered a bad snap behind the goal for a two-point safety to give them a 18-16 lead.

Krejci drove 17 yards for another Hornet TD with 5:48 left in the half. He booted the extras also.

Terry Muncy got his first six-pointer for the Hornets on a 21-yard pass play from Alexander. The extras were good.

Highland went to the dressing room at the half leading 34-16.

In the second half Highland controlled the ball and scored another 32 points before the 45-point lead rule went into effect in the opening minutes of the final quarter.

Muncy scored once more in the second half and Krejci collected four more TDs.

BULLDOG STEVE COX grabs a pass from Jim Risinger and finds himself in the arms of a Highland defender. Highland won the bi-district title.

Panhandle Antelope Harvest Tops 200

A total of 354 permits for pronghorn antelope was issued for the 1971 hunting season to landowners in the Texas Panhandle, and Texas Parks & Wildlife Department officials say hunters bagged 220 animals.

Permits were for bucks only, with 254 of the 354 permits actually issued.
