

RAIN!

Farmers In Area Welcome First Moisture In 3 Months

Farmers' grins were as wide as the rain showers that fell over the county Thursday. The first measurable rain since Nov. 14 for the county was reported at Embury Gin, six miles north of Littlefield, recorded three-quarters of an inch. Also reporting three-quarters were residents of Hart Camp and Fieldton communities.

Because it was the first rain in three months, there was little water run-off.

An old saying declares, "When it thunders in February, a freeze or heavy frost will follow 60 days later." Should this be true, this area will have a cold spell the weekend after Easter.

KENDON ZAHN found a water puddle big enough to float his sail boat in right out by the curb of the First National Bank building where he was waiting for his mother to get off work Friday. The water was a little dirty from all the traffic, but it is the first rain recorded in Littlefield since Nov. 14. Kendon is the son of Mr. and Mrs. Benny Zahn.

Ginnings Reach 106,747 Bales

Final count from the U.S. Census of the Census shows Lamb County ginned 106,747 bales of cotton in the 1968 season. The figure almost doubled production of 1967, which was only 64,018 bales. The final count for 1968 was about 10 per cent below what had been predicted for the county by Plains Cotton Growers.

Lamb County ranked sixth in the 23-county survey on cotton production. The average staple in Lamb County was 31.532nds of an inch, the report showed. This is up from 30.3 in 1967.

Leading producers were Bobb County, 179,726; Lynn, 175,947; Lynn, 174,867; Hockley, 168,474; and They, 116,559.

The 23-county area total is about 1,563,000 bales, an increase of 32 per cent over the final 1967 figure of 1,183,722.

Estimated acreage in 1968 was approximately 1.6 million, up from 1967's 1.3 million. Cotton and cottonseed are being planted, and it is expected that the crop will again be up in the area, probably to around 1.8 million.

2300 Missing In Sudan Raids

County officers Saturday resumed their investigation of burglaries at Sudan. A total of about \$2,300 in cash and merchandise is still missing. Sheriff E. D. McNeese said the burglaries were more than 20 in cash from SWPS, \$76 cash from Higginbotham, \$7 in cash from Bess Chevrolet, and \$2,000 in merchandise from Roark Jewelry.

HOSPITAL DISTRICT PUBLIC HEARING SET

A public hearing on a move to dissolve the Earth-Springle Hospital District will be at 2:30 p.m. Monday in the House chamber. Rep. Bill Clayton told the Leader-News this week.

Inspect Flees

City police are looking for a man who was attempting to break into the back door of the Wiggly Friday night. The back door was nearly closed when a city policeman drove by and spotted the suspect, who fled down the alley on foot.

Spade, Anton and Whitharnal also reported 80. Leonard Albus at Pep got one-half inch.

Embry Gin, six miles north of Littlefield, recorded three-quarters of an inch. Also reporting three-quarters were residents of Hart Camp and Fieldton communities.

Because it was the first rain in three months, there was little water run-off.

An old saying declares, "When it thunders in February, a freeze or heavy frost will follow 60 days later." Should this be true, this area will have a cold spell the weekend after Easter.

Quality of the 1968 crop was far above anything the Plains area had produced before. Staple average, according to PCG's final quality report issued on Jan. 8, came to 32.3 thirty-seconds of an inch, with 67.7 per cent stapling an inch or longer. Corresponding figures for 1967 were 31.6 thirty-seconds and 39.2 per cent.

Strengthwise, 1968 showed an average Pressley of 82,400 pounds per square inch, with 96.2 per cent 75,000 pounds or above. In 1967 these figures were 79,100 pounds and 67.1 per cent respectively.

For the 23-county area, the cotton allotment in 1969 will be 2,191,644 acres, up about 13,000 acres from 1969.

The average of projected yields for the area comes to 543 pounds per acre for 1969, according to Plains Cotton Growers. This figure is also up from 1968 when the average was 529 pounds.

Leading observers feel approximately 85 per cent of the allotted acreages will be planted in 1969. This would mean more cotton will be planted than any year since 1965.

For Lamb County, the 1969 allotment is 187,432 acres and the projected yield is estimated at 536 pounds per acre.

If the county does end up with 85 per cent acreage planted, this would result in almost 160,000 acres of production this year, and with a good season, growers might produce somewhere near the same number of bales of cotton.

City police are looking for a man who was attempting to break into the back door of the Wiggly Friday night. The back door was nearly closed when a city policeman drove by and spotted the suspect, who fled down the alley on foot.

THE CHECKS ARE COMING—ASC Office Manager Lamar Aten shows just a few of the checks which his office is beginning to mail to farmers. The Lamb County office will pay out \$2,000,000 to farmers between now and Feb. 21 as advance payments on feed grain diverted acres.

Sportsmen Call Meeting

Lamb County sportsmen have called a meeting for Tuesday at 7:30 p.m. at the XIT room of Security State Bank.

The group will continue to map plans in its effort to have the county quail hunting season placed under the jurisdiction of the Texas Parks and Wildlife Commission.

Jonny Latimer, spokesman for the group, said representatives will be sent to Austin later this month, when Sportsmen are notified of public hearings to be held on the matter.

FADISTS' FOOD DISAPPEARS

Guests Eat Like They Eat

By NILAH RODGERS
Leader-News Staff Writer

When the Nelson Naylor's grandson comes to visit his grandparents he asks for vitamins instead of candy.

The Naylors are "food fadists."

"I always feel ill at ease talking about this subject," Alice Naylor said. "Some people think anyone who puts health principles into practice are crackpots."

The Naylors are among thousands of health conscious people who do not use refined sugar nor eat anything made of white flour. "All of this is in the line of preventing illness," Mrs. Naylor said.

Mrs. Naylor classifies sugar and white flour in the "empty calorie" class. "Anytime you eat foods with all the nutrients refined out, you're in trouble," she said.

She said when you eat sugar and fat at the same time, the body uses the sugar and stores the fat. In her estimation this is one of the main causes of heart trouble since the fat is stored along the arteries.

"We don't eat white flour or white bread because the wheat germ is taken out of the grain," she said. The bran is removed from the outside, and a strong chemical is used to bleach the flour.

"The baker who makes the bread embalms it so that no respectable bug would eat it."

"I used to bake my own whole wheat bread," Mrs. Naylor said. "But now Nelson and I use such a small amount of bread with the girls all gone, that we just don't eat bread."

The Naylors do take food supplements, however. "I just take what Alice puts out for me," Nelson said, displaying a handful of colored tablets.

She does the counting.

Also, the Naylors stay away from processed foods as much as possible, eating fresh fruits and vegetables whenever possible. They prefer frozen foods over canned goods.

"No young bride can destroy food the way some food processors do," Mrs. Naylor said. "Take instant potatoes for instance. The potatoes are peeled with lye. There is nothing but starch left when they get through with them."

"A potato boiled with the jacket on retains its flavor and nutrients. Or you can bake enough potatoes to last a week and keep them in the refrigerator. They're delicious hash-browned in a little unsaturated oil."

Mrs. Naylor steams all the vegetables she cooks. She said the vitamins, minerals and enzymes are preserved when foods are eaten as near to the way nature provides them as possible.

She cooks her vegetables without any added salt. "If you won't overcook your food," she said, "you won't destroy the natural salt." After cooking she adds a little salted margarine for flavor.

Mrs. Naylor doesn't cook any differently when she has guests. "When we have guests they eat like we do," Mrs. Naylor said, "and the food always disappears."

Mrs. Naylor often uses fresh bean sprouts in her salads. She sprouts mung beans in a big flower pot in her kitchen. She uses cold-pressed safflower oil in her salad dressings.

Mrs. Naylor makes pies without crusts. "I make pecan pies with maple syrup," she said.

MRS. NELSON NAYLOR serves her husband his noon meal. The Naylors believe in eating foods that prevent illness. They have cut sugar and white flour from their diets.

MONDAY AFTERNOON

Soil Fertility Talks Feature Cattle, Hogs

By JOELLA LOVVORN
News Editor, Leader-News

Cattle Feeding and the hog industry—and how farmers may fit in with these projects—will feature the topics to be offered Monday at the annual Soil Fertility Day.

"How Farmers Fit Into Cattle Feeding on the High Plains" will be explained by Grady Sheppard of Hale Center, beginning at 5:45.

The program will be opened at 3:30 p.m. in the Willie Room of Lamb County Electric Co-op, when Buddy C. Logsdon, Lamb County Agricultural Agent, makes introductions of the special guests for the afternoon.

At 3:45, "Rogues In Sorghum" will be discussed by Jerry Johnson, an agronomist from South Plains Research Center at Lubbock.

"Grain Sorghum Insects", an important topic to farmers, will be next on the program, beginning at 4:05 p.m. John Thomas, entomologist from the Texas Agricultural Extension Service of Texas A&M University at College Station, will bring up-to-date information on the subject.

At 4:25 p.m., Dr. Bob Metzger of Lubbock will discuss "Oil Seed Crops, Potential, Opportunities, and Production Factors". Dr. Metzger is agronomist for Texas Agricultural Extension Service at Lubbock.

"Varieties for Quality Cotton Production" will be discussed by Dr. Lavon Ray, associate professor of Texas A&M University, at 4:50 p.m., and at 5:15, "Cotton Outlook

Information" will be presented by Don Johnson of Plains Cotton Growers, Inc. of Lubbock.

John D. Smith, Littlefield farmer, will discuss "Water Importation How It Affects Lamb County", beginning at 5:30 p.m.

Troy Pritchard of Plainview, with the Jimmy Dean Meat Company, will present "The Hog Industry and Potentials in Our Area", beginning at 6:05 p.m.

The "1968 Demonstration Handbook" will be presented by County Agent Buddy C.

Logsdon, to close out the program.

For those attending, a free barbecue will be served at 7:00 p.m. courtesy of Lamb County financial institutions.

The day's program is being sponsored by the Lamb County Crops Committee with Cecil Johnson of Littlefield serving as chairman. Other members of the committee are Eldon Gohlke of Littlefield, Les Lieche of Littlefield, Long Bridges of Earth, Doug Walker of Littlefield, Joe Montgomery of Littlefield, Fred Long of Olton, Roy Allen Hillen of Littlefield and Marvin Bowling of Sudan.

BACK IN 1880's

The XIT Paid For The Capitol

Was back in the 1880's, Texans decided they needed a fancy capitol building.

The only trouble was, Texas didn't have any money.

What Texas was rich in was land. Lots of land. A bunch of sly Texans had saved 170 million acres of its public lands when Texas entered the Union in 1845.

Texans in the government decided they would offer three million acres to anyone who would build a capitol building.

A young congressman named Charles B. Farwell

heard about the offer and told his brother John V. Farwell, Littlefield residents may not know that Farwell Ave. was named after these Farwells, but the young clerk John Farwell hired to work in his Chicago store, Marshall Field, is almost a household word.

The Farwells got together with Abner Taylor, the man who rebuilt most of Chicago after the terrible Chicago fire. Taylor got his father-in-law, Col. Amos Babcock, to join them in bidding on the capitol. These men along with Matthew Schnell, a Rock Island contractor, placed their bid on the building in Dec. 1881.

They were the low bidders, and were awarded the contract in 1882, but Schnell sold out his part. And that's how four Yankees from Chicago came to build the Texas State Capitol building in exchange for three million acres of land they'd never even seen.

The Farwells put up the money, and Taylor had the responsibility of building the capitol costing an estimated one and one-half million dollars.

The three million acres traded for the capitol building stretched from the southern headquarters at Yellowhouse Ranch near Littlefield to Buffalo Springs in the northwest corner of the Texas Panhandle.

Show Champs Named At Springle-Earth

Nolan Dudley and Bob Harber took the limelight of the annual Earth-Springle Junior Livestock Show sale yesterday afternoon, purchasing all three Grand Champions.

They, through the Citizen's State Bank, paid \$1.20 per pound to Bruce Bridges for his champion Hereford steer, \$2.60 a pound to Eddie Jones and his champion barrow, and then Dudley Insurance Agency bought the champion lamb from Kent Lewis for \$2.05 a pound.

Craig Barton's Angus steer,

which stood Reserve Grand Champion, brought 95 cents a pound from Earth Oil and Gas. Brown and Jordan Impiment paid Cokie Hopping \$1.40 for her Reserve Champion barrow. A \$2.10 bid by Dent Farm Supply was highest on Kent Lewis' Reserve Grand lamb.

Lewis, John Kelly and Larry Deer were named the Outstanding New Exhibitors in the lamb, barrow and steer divisions, respectively.

Outstanding Showmanship Awards went to Barton, steer, Bridges, barrow, and Melissa Bean, lambs.

Amherst WMU Circle Studies

Mrs. Charles Pollock was hostess for the meeting of the Annie Armstrong Circle of the Baptist WMU Monday. For Bible study, Mrs. Glenn Wilson, Bible study chairman, opened the meeting with prayer and led the second chapter of "Enemies of the Christian" from Billy Graham's "Rules for Christian Living". She read scriptures from First Corinthians, Galatians and Ephesians.

Mrs. James Holland offered prayer for Missionaries and the sick of the community. In the business session the possibility of establishing a Good-Will Center was discussed.

The hostess served ice box cherry pie, coffee and punch to Mrs. Bill Bradley, Mrs. Charles Nixon, Mrs. J. P. Brantley, Mrs. A. O. Dickson, Mrs. Wilson, Mrs. Holland and Mrs. Pollock.

JANET HOUK, Valentine sweetheart for Beta Sigma Phi, was presented with a long stemmed red rose at the Koko Palace ballroom Saturday, Feb. 8. She was escorted by her husband, Kenneth Houk, along with sweethearts from other chapters in the area.

MISS YWA of First Baptist Church, for 1969 is Miss Diane Kesey, center. Runners-up are Pat Chandler, left, and Cheryl Lasiter, right.

First Baptist YWAs Observe Focus Week

Observing Focus Week, this week were the YWA girls of First Baptist Church.

Hearts and candles were used in decorations but "prayer" was the central theme.

The group received recognition in the Sunday morning services and Miss YWA received a dozen red roses.

Receiving the honor was Miss Diane Kesey, runners-up Pat Chandler and Cheryl Lasiter.

Tuesday was fun night and eleven enjoyed seafood at the Zuider Zee in Lubbock. Wednesday, 17 attended a salad supper in the home of Mrs. Al Jordan.

The group made tray cards for patients in a local hospital, by attaching a Scripture verse to a nut cup filled with candy hearts.

Thursday, 18 sleepy-eyed girls came to the home of Mrs. Albert Perkins and Dianne for a breakfast.

Hot spiced tea, coffee and juice served by candlelight, allowed the girls to slowly come alive to enjoy home baked sweet rolls, smoked sausage, broiled ham and fresh fruit.

Assisting with serving were Jan Christian and Dianne Perkins.

Mrs. Jordan gave a devotional on "prayer" she sang "Did You Think To Pray" which added to the inspiration of the devotional.

After Mrs. Jordan discussed more about prayer, the group sang "Teach Me To Pray". The girls were asked to remember one missionary during their day at school.

Jane Nowlin closed the meeting with prayer and the girls rushed off to school.

On Feb. 21-23 the YWA's will be attending a YWA houseparty at Hardin-Simmons University in Abilene.

Kindergarten Pupils Have Valentine Party

A Valentine party for pupils at Williams Day Kindergarten was held Friday morning, Valentine's Day.

Valentine sacks for the children were filled with Valentines, and each child acted as his own postman.

Refreshments of red Valentine cookies and red punch were served, with Valentine napkins and cups.

Mothers helping with the party were Mrs. Lajoeye Pierce, Linda Goen, Phonnelle Brantley, Ruth Pugliese, Linda Barker, Helen Hall, Linda Conner, Pat Yarbrough, Stacie Armes, Deanna Donald, Margaret Dutton, Margaret Brown, Jane Raney, Pat McMahan, Jennie Aten, Vivian Rice and Lou Driskell.

The games "Musical Chairs" and "In My Hand Is A Valentine" were played and the story, "Valentine For An Enemy" was read.

Bride-Elect Is Honored At Shower

BULA—Miss Sheryl Medlin, bride-elect of Glenn Salyer, was honored with a bridal shower Wednesday afternoon in the school lunchroom. Guests were registered by Miss Barbara Clawson, in the bride's book.

The serving table carried out the chosen colors of the bride, blue and white. The table was laid in white net over white, centered with a huge heart accented with lace and tiny blue flowers, with a paper bridal doll standing in the center of the heart and holding a bridal bouquet of blue flowers.

White cake squares topped in white, centered with blue wedding bells, and white frosted punch were served by Mrs. Dennis Medlin and Miss Barbara Clawson.

Hostess gift to the honoree was a set of stainless steel cooking ware.

Hostesses for the occasion included Mmes. Bill Sowder, Dewitt Tiller, Marvin Drake, Ashel Richardson, Robert Claunch, Edd Crume, Tommy Kirk, Paul Young, Harvey Whittenburg, I. L. Clawson, Tom Bogard, F. L. Simmons, Jim Claunch, Marion McDaniel, Charlie Landers and John Blackman.

Out of the community guests included the bride's grandmothers, Mrs. W. B. Gage and Mrs. L. H. Medlin of Littlefield; Mrs. Betty Bowers of Leveland; Mrs. Linda Todd and small son Siame of Kermit; Mrs. Jimmy Gage of Amherst; Mrs. Dennis Medlin and small son Dwayne of Lubbock.

Mrs. Barker have been in charge of the River Ministry, a group of 43 people working on Bible schools and revivals at Donna and Alamo.

"Hershel does all the cooking at these meetings," Mrs. Barker said. "Brother Tino Rangel calls Hershel the 'Official Cooker'."

Cooking and fishing are Barker's hobbies.

Mrs. Barker is very active in church work, too. She has been president of the 32 church Llanos Altos W.M.U. for three years. She has been church pianist for 25 years, taught Sunday School and been a training union leader. She says her hobbies are "ramroding" and music.

The Baptist encampment at Lake Brownwood is "winterized." It is open all year with a group there almost every weekend. BSU groups, missionary organizations, and Royal Ambassadors come in for retreats.

Barker has been engaged in farming at Lums Chapel while Mrs. Barker has been in charge of the grocery business.

One of Mrs. Barker's brothers has bought out Barker's farming interests, and Mr. and Mrs. Alton White have bought the Lums Chapel store and residence.

The Whites have four children and are members of the Lums Chapel Baptist Church. Alton White is a cable splicer for General Telephone and Mrs. White is a telephone operator.

The Barkers' children all are graduates of Littlefield High. Barker's oldest daughter is Mrs. Thelma Jo Tisdale of Sundown. Jimmy Ross lives in Arlington; Bobby (Boots) lives at Hereford; and Janice Lea is a commercial college student at Lubbock.

MR. AND MRS. Hershel Barker of Lums Chapel are leaving the community where they have operated their store for the past 20 years. Barker has lived at Lums Chapel 45 years and Mrs. Barker for 30 years. The Barkers have accepted positions with the Heart of Texas Baptist Encampment at Lake Brownwood. Mr. and Mrs. Alton White are the new owners of the store about six miles south of Littlefield on U. S. 385.

Going-Away Party Honors Owen Family

Mr. and Mrs. Jimmy Owen and Scott were honored with a going-away party in the home of Mr. and Mrs. Charles Heffington in Littlefield Saturday night, Feb. 8.

The Owens are moving to Dallas where Owen will be employed. Refreshments of sandwiches, relishes, chips and dips, iced

tea and coffee were served and games were played.

Attending were Mr. and Mrs. Gaylon Burns, Brian and Machelie; Mr. and Mrs. Mack Campbell and Becky; Mr. and Mrs. Floyce Pierce and Mike; Mr. and Mrs. Melvin Campbell; Mr. and Mrs. Eldon West and Sandra Kay; and Brad Heffington, son of the hosts.

91-YEARS-YOUNG—Mrs. Millie Short celebrated her 91st birthday Thursday with four generations present. Her room at Knight's Rest Home was filled with friends, relatives, presents, cake, and flowers. Mrs. Short has lived in Littlefield more than 25 years. Helping her celebrate were Mr. and Mrs. J. P. Lane, Mrs. A. D. Short, Mrs. Wayne Cowan, Mrs. R. N. Nicholas, Gay and Kerry, Mrs. Bobby Short and Lisha, Mrs. Claude Gage, and Mrs. J. W. Phillips.

Study Club Has Program

OLTON—The Olton Study Club met Monday night in the home of Mrs. J. L. Carson Jr. for a regular meeting.

Mrs. Bailey Hair gave the devotional, and brought out the thought, "The loftier the building, the deeper must the foundation be laid." Mrs. G. H. Bley told facts about "The Capitol of Texas".

Mrs. J. L. Carson Jr., president, presided over the short business meeting.

Next meeting will be Monday, Feb. 24, with Mrs. Jack Straw and Mrs. Margaret Burrus as hostesses.

Mrs. Carson served refreshments to Mmes. G. H. Bley, J. C. Brown, Paul Burrus, Frank Cornelius, Bailey Hair, Barton Prestridge, G. T. Sides and Jack Straw.

PEST CONFERENCE

The first Texas Conference on Insect, Plant Disease, Weed and Brush Control will be held at Texas A&M University, Feb. 24-26. Meetings scheduled for the Memorial Student Center. The conference will combine several annual short courses into a single wide based conference on agricultural chemicals and pest control.

Solesbee Circle In Amherst Meet Fellowship

THE RUTH Solesbee Circle of the Baptist W.M.U. met Monday afternoon with Mrs. Keith Tomes hostess for Bible Study. Mrs. Eugene Young presided.

Mrs. Jimmy Cowan conducted the study of the first four chapters of Ephesians. Those attending had parts on the program.

Mrs. Verdel Burton read the call to prayer and Mrs. Hudson Cantrell offered prayer for the Missionaries having birthdays.

The circle members will be at Amherst Manor at 4 p.m.

Feb. 26 to sing for the residents.

Strawberry cake, topped with whipped cream, spiced tea and Cokes were served to Mrs. Burton, Mrs. Winston Ferguson, Mrs. Young, Mrs. Cowan, Mrs. Cantrell and Mrs. Tomes.

"KEEP WARM" CONTROL

A new control on modern LP-gas ranges automatically turns down oven temperature when food is cooked and will keep food warm for hours or until ready to serve.

Set Feb. 23

The Annual Rocky Ford dinner and Fellowship scheduled for Sunday Feb. 23 will be held in the Amherst Community Center.

Back in 1936, birthdays of L. L. Dunn, Lloyd Sturgis, and the late J. A. Robertson, were celebrated at the Robertson home in the Rocky Ford community throughout the years.

The coming celebration will be a covered dish dinner at the center.

What The Leader-News Thinks

Week To Remember

THE WEEK of Feb. 15 to 22 has been set aside as National Future Farmers of America Week.

The theme of this observance is "FFA—An Opportunity For Youth."

The Future Farmers of America is a national organization of high school students studying vocational agriculture in our public schools.

It is an educational, nonprofit, nonpolitical organization of, by and for these students.

The foundation upon which it is built includes leadership, character development, sportsmanship, cooperation, community service, thrift scholarship, improved agriculture, organized recreation, citizenship and patriotism.

THE FFA itself does not make its members outstanding, but, instead, provides the opportunity for them to excel, grow and become outstanding. Young people in FFA learn the meaning of local initiative.

Local FFA chapters provide the strength of the organization. In the local chapters, student officers and members develop into agricultural leaders.

AS LONG as we have youth organizations such as the FFA, we may rest assured that the violence and lawlessness of the dissenters, whose only aim is destruction, will represent the acts of a minority—and a small minority at that.

'The Drunk Driver'

"SO, HOW DO WE CHEW IT?" is the title of a new illustrated talk that sets out in straightforward language the seriousness of the drunken driver problem in Texas by emphasizing that 68 percent of persons killed in one-car accidents, 43 percent killed in two-car accidents, and 58 percent of pedestrians killed were drunk when they died.

THE ILLUSTRATED talk recommends the adoption of a breath test law in Texas as an effective and a scientific means of combating the drunken driver problem.

Such a law, the illustrated talk points out, will set in motion the wheels to scientifically determine

whether a driver is ill, has just had one or two drinks, or is too intoxicated to drive, thus removing the guesswork from the drunken driver problem that has in the past often made enforcement erratic or inefficient.

ILLUSTRATED with 32 color slides, the talk will be given to adult groups throughout the state. Civic and service organizations wishing to see the presentation are urged to contact the Texas Safety Association, 1623 South Lamar Boulevard, Austin, Texas 78704. Telephone Austin Area Code 512, 444-6551.

"SO, HOW DO WE CHEW IT?" does not consider the so-called "wet" or "dry" issue.

THE PHILOSOPHER

Good Advice

(Editor's note: The Sandhills Philosopher on his Johnson grass farm thinks he has a solution to the farm problem, but there must be a flaw in it somewhere.)

Dear editor:

I don't know if it's aware of it yet, but Congress has figured out a way to solve the farm problem.

As everybody knows, farmers are getting less for their products now, than they did 20 years ago, while everything they buy has gone up, the same as everything you buy has. Imagine trying to buy a 1969 tractor with 1949 wages, or an air-conditioned automobile or a color t.v., not to mention a week's stay in a hospital.

Experts have struggled over this for years, and it doesn't make much difference who's named Secretary of Agriculture, the problem continues from one administration to the next and whoever's the Secretary winds up being the most unpopular man in the country, excusing maybe the collector of internal revenue.

But according to an article I read in a newspaper last night, the answer was right in front of us all the time and nobody saw it. It's called the Congressional answer.

As I understand it, Congress has worked out a system of raising its salary without voting on it. It goes this way: if a commission outside Congress decides a Congressman ought to be paid more and the President recommends it, the increase goes into effect

automatically unless Congress votes against it.

Consequently, last week Congress got a 41 per cent increase in salary, from \$30,000 a year to \$42,500, and not a single Congressman had to vote for it.

Understand, I'm not saying they weren't entitled to it, it may be worth more than that to have to live in Washington, and I guess in some extreme cases it's worth \$42,500 to a district to have its Congressman there instead of at home. I just don't have enough facts to express an opinion, but what I'm admiring is the way it's attained, and what I'd like to know is why can't farmers get hold of the same system?

All we'd have to do is get a law passed giving the Secretary of Agriculture the right to raise the price of farm products by the Congressional ratio of 41 per cent, effective 30 days thereafter provided the farmers didn't vote it down.

I believe I personally could guarantee to keep most farmers in line on this.

Then when housewives lambasted us for running the price of groceries up, we could say, "Why, we had nothing to do with it. We didn't vote for it. Our hands are tied."

In fact we could go further and say, "Look, we'll make you a fair proposition. If Congress, which didn't vote for its raise either, turns it down and sends the money back to the treasury, we will too."

Yours faithfully,
J. A.

Keep smiling. It makes people wonder what you have been up to.

More diets began in dress shops than in doctors' offices.

When all is said and done, it's the politicians who say it and the taxpayers who do it.

THE FARMER'S WIFE Humanity In Need

By LIBBY MUDGETT

HAVE HAD SEVERAL inquiries lately about whatever happened to best friend Grassie Roots.

I'll tell you all about Grassie's demise. I was with her at the time and it was sad, extremely sad. She bled to death trying to get admitted to one of those large hospitals in the city.

SHE HAD FALLEN down one of those new fangled escalators while we were shopping and was already bleeding pretty profusely when we got to the hospital, but we were ushered into the admissions office anyway.

Right off, they wanted to know who would be the responsible party for the hospital bill. I offered to be, but they said I didn't look very responsible and if I was a party at all, it was one that had already ended.

IT JUST HAPPENED that Grassie had her hospitalization insurance policy with her. The girl at the admissions desk said it would have to be examined by the head of the admissions office and in the meantime, for us to give her the following information.

She then took out about five pages of questions with blank spaces beneath.

IT WASN'T UNTIL Grassie gave her really and truly honest age that I realized how bad off she was. I got frantic, lost my head, and did the worst thing possible to do in a hospital—went looking for a doctor.

The first man I ran into with a white jacket was an extremely sympathetic, listened to my pleas, said he'd like to help, but he was just an x-ray specialist.

I FINALLY FOUND another white jacket with pants underneath and thought surely I'd gotten help.

I was wrong. He said he was an anesthesiologist.

The third white jacket said he was on a coffee break, but he'd be glad to see Grassie if we'd go through the regular procedures, to call his office and make an appointment.

I RAN BACK to see how Grassie was coming along with the answers to all of those questions.

The admissions office head was telling her that he wasn't satisfied that her insurance was sufficient, he'd have to have a hundred dollar deposit.

Between us, Grassie and I only had \$15.65, so we told him we'd give him a check. He said any check would have to be cleared by the cashier's office.

BY NOW the carpeting all around Grassie was getting bloody and I again got frantic and went seeking help.

No luck. All white jackets turned out to be male nurses, doctors who were on their way home, specialists, or said to call their offices, maybe they could work us in within the next two weeks since it was an emergency.

BY THE TIME I got back to Grassie, she was terrible weak and her eyes were beginning to set. Undaunted, the head cashier and the admissions officer were propping her up between them so she could sign that one hundred dollar check.

She finally managed to finish scribbling her signature and I looked expectantly for a stretcher to appear. The cashier frowned and said to please excuse him while he made a call to Grassie's bank.

BY NOW, Grassie and I both knew that the end was near. Her last thoughts were of her Grassy Roots Poll and Grassie Roots Survey. I made her a promise that I would continue them in her memory.

As Grassie gasped her last breath and fell out of her chair on to the bloody carpeting, the admissions officer appeared again, looked at her and stomped his foot.

I OFFERED to give him the \$15.65 to pay for cleaning up the mess.

He said that wasn't what he was worried about. The trouble was, there were still two more questions they hadn't gotten to.

THE ABUNDANT LIFE

Time Out

By BOB WEAR

ON EVERY HAND, there is indisputable evidence that many of us are misusing and abusing ourselves.

We drive ourselves day and night with little regard for our need of rest, relaxation and meditation.

THE MOTIVES WHICH ACTIVATE US may be, and often are, wholesome, but many of them are not. The point is this: misuse and abuse of ourselves can come from right motives as well as wrong ones.

It seems that excesses of all kinds are becoming the general pattern of behavior. The great need for moderation is generally ignored, and, of course there is need for complete abstinence in some things.

The excesses in various aspects of living are taking a heavy toll in human well-being and effectiveness.

THE CONTINUING INCREASE in psychosomatic illnesses is alarming. The list of other harmful consequences of excesses is too long to give here. All of these represent great loss for individuals, families and all other facets of human society.

We must find opportunities for taking time out. If we don't, we will miss many important experiences and will be exhausted before the final whistle blows. In the fast-moving game of life, we must call "time out" now and then.

Someone has said, "One man said, 'I have so much to do that I don't have time to pray.' Another one said, 'I have so much to do that I must take time out to pray.' There is a world of difference in these two attitudes.

WE KNOW THAT OUR TIME is limited, that it is passing rapidly and that our work is urgent.

These are legitimate

considerations; however, they do not lessen the need for taking time out. If we do not make allowances for periods of quiet meditation and rest, we will eventually have a distorted perspective of life.

M. B. Grier said, "All work and no rest takes the spring and life out of the most vigorous." Time spent in judicious rest is not time wasted, but time gained."

CONSTANT, FEVERish ACTIVITY is not necessary; we must not permit ourselves to be caught up in the feeling that

Even if we do find ways to justify a driving, slavish thrust for life, we are not equipped for that type of living.

Some of this activity is unnecessary, some destructive to our well-being, and much of it frustrating.

CONSIDER, FOR EXAMPLE the work of Christ. It is generally agreed that his work is important, and urgent. He knew that his time was limited. He took his work and was eager to do it well, but he often took time out

According to the biography of Christ, there are such passages as the following: "He sent a multitude away. And after he had taken leave of them, he departed into the mountain to pray." Another occasion, he said to assistants, "Come away yourselves to a lonely place, rest a while." He knew the value of rest and meditation. We must remember to take time out.

TIME OUT FROM the stress and stress of present-day activity is not time wasted, but is redeemed by the preservation of good attitudes, renewed strength, better health, increased efficiency and more rewarding accomplishments.

PAUL HARVEY

Little Red Hen

(A lesson in economics suggested by Gaylord Sutherland of Muskegon, Mich.)

ONCE UPON A TIME there was a Little Red Hen who scratched about and uncovered some grains of wheat. She called her barnyard neighbors and said, "If we work together and plant this wheat we will have some fine bread to eat. Who will help me plant the wheat?"

"Not I," said the Cow. "Not I," said the Duck. "Not I," said the Goose. "Then I will," said the Little Red Hen—and she did.

AFTER THE WHEAT started growing the ground turned dry and there was no rain in sight. "Who will help me water the wheat?" said the Little Red Hen. "Not I," said the Cow. "Not I," said the Duck. "Not I," said the Pig. "Equal rights," said the Goose. "Then I will," said the Little Red Hen—and she did.

The wheat grew tall and ripened into golden grain. "Who will help me reap the wheat?" asked the Little Red Hen.

"Not I," said the Cow. "Not I," said the Duck. "Out of my classification," said the Pig. "I'd lose my ADC," said the Goose.

"THEN I WILL," said the Little Red Hen—and she did.

When it came time to grind the flour, "Not I," said the cow. "I'd lose my unemployment compensation," said the Duck.

When it came time to bake the bread, "That's overtime for me," said the Cow. "I'm a dropout and never learned how," said the Duck. "I'd lose my welfare benefits," said the Pig. "If I'm the only one helping, that's discrimination," said the Goose.

"THEN I WILL," said the Little Red Hen—and she did.

She baked five loaves of fine bread and held them up for her neighbors to see.

"I want some," said the Cow. "I want some," said the Duck. "I demand my share," said the Goose.

"No," said the Little Red Hen. "I can rest for awhile and eat the five loaves myself."

"EXCESS PROFITS," cried the Cow. "Capitalistic leech!" screamed the Duck. "Company fink," grunted the pig. "Equal rights," screamed the Goose.

And they hurriedly painted picket signs and marched around

the Little Red Hen singing, "We shall overcome." And they did.

FOR WHEN the Farmer came to investigate the commotion, said, "You must not be greedy Little Red Hen. Look at the oppressed Cow. Look at the disadvantaged Duck. Look at the underprivileged Pig. Look at the less-fortunate Goose. You are guilty of making second-class citizens of them!"

"But—but—but—I earned my bread," said the Little Red Hen.

"EXACTLY," the wise Farmer said. "That is the wonderful thing about the enterprise system; anybody in the barnyard can earn as much as he wants. You should be happy to have this freedom. In other barnyards, you would have to give all five loaves to the Farmer. Here you give four loaves to your suffering neighbors."

And they all lived happily ever after. Including the Little Red Hen, who smiled and smiled and clucked, "I am grateful. I am grateful."

But her neighbors wondered why she never baked any more bread.

MRS. INEZ YATES and her sister, Miss Laura Kennedy of Corpus Christi visited a few days last week in the home of Mr. and Mrs. Morris Thompson in El Paso. From El Paso, Mrs. Yates and Miss Kennedy went to Calexico, Calif., where they visited in the home of their brother and sister-in-law, Mr. and Mrs. Jim Kennedy. Mrs. Yates returned to Olton Monday night.

MRS. LILLIAN GREEN, Mrs. Bonnie Brown and Mrs. Era Maye Walthall visited in Littlefield Monday.

OUT-OF-TOWN guests last weekend in the home of Mr. and Mrs. Earl Spruiell were her parents, Mr. and Mrs. W. L. Bass, and her sister and brother-in-law, Mr. and Mrs. Ernie Chopie, all of Wichita Falls.

MRS. D. M. GRANBERRY of Kress visited Friday in the homes of Mr. and Mrs. C. M. Owen and Mrs. Jack Silecott.

MR. AND MRS. J. W. St. Clair and grandson Allen Lee of Mulhouse and Mr. and Mrs. M. K. Fisher of Hale Center were guests in the home of Mr. and Mrs. L. G. Elkins last weekend.

MRS. L. G. ELKINS attended the funeral for Elmo Caudie Sunday afternoon in Hale Center at the First Baptist Church.

MRS. INETA DENNIS attended the Fat Stock Show in San Antonio last weekend and visited in the home of Mr. and Mrs. Gordon Riebe.

AMONG OTHERS attending the Fat Stock Show at San Antonio were Mr. and Mrs. D. M. Springer and Mr. and Mrs. Ronnie Dennis of Kress and Darryl Dennis and Curtis Schaefer.

OLTON HOME Demonstration Club will meet Tuesday afternoon, Feb. 18 in the home of Mrs. Lloyd Blackwell.

MR. AND MRS. Ernest LaFrance returned last week from Silver Creek Lodge on Lake Buchanan where they enjoyed fishing.

MR. AND MRS. Landon Smith, Rodney and Kelli were weekend guests of Mr. and Mrs. Bobby Copeland and children of Dumas.

MR. AND MRS. R. A. Burgess were recent guests of their daughter and family, Mr. and Mrs. Leo Human and Laurie of Amarillo.

A VALENTINE party was held Friday, Feb. 14, at the Girl Scout House. The party honored Brownies, Juniors, Cadettes and Senior Scouts. Sunee Saehow, foreign exchange student from Thailand, was a guest.

LARRY DIGBY has been named new manager of Don's Super Market, formerly known as Jesse's Super Save, according to Don Madden, now owner of the store. Madden, a resident of Hale Center, has operated Don's Super Market in that city for about five years. He and his wife have two children and attend the Baptist Church.

New Life

IN THE BOOK of St. John, chapter 3, verses 1 through 8, we find the answer to the greatest problem that faces mankind.

We find a ruler of the Jews by the name of Nicodemus who came to Jesus seeking to know more about him.

The problem Nicodemus faced was the same which faces millions today...the SIN problem.

THE ANSWER that Jesus gave to Nicodemus is the answer for every individual, church, community, nation, and the entire world—the answer was, "Ye must be born again."

This was a strange answer to Nicodemus, and to many today it still seems strange.

Man is born into the world a sinful creature, first by nature, secondly by acts of commission after the age of accountability has been reached.

THE PURPOSE of Christ's coming to this earth was to solve the sin problem.

In order for this problem to be solved, "Ye MUST be born again." That is, there must be a change of heart in the soul of man. Multitudes are looking for peace of heart.

They seek it in many ways. Some resort to joining the church, some become engaged in church and community activities or many other ways which are rewarding, but all the while missing the true plan and supreme purpose of God.

Being "Born again" means a new life. When one comes to God in humble contrition and repentance with a Godly sorrow for sins committed, God, for Christ's sake, will take away the sins of the heart and life and empowers that soul to live for Him.

Thus the old life of sin is past with a new life to fulfill the will of God.

THE NEW BIRTH is a change of heart from the carelessness about God into a state of holy fear, reverence, love and obedience towards Him.

It changes the bitterness and hatred against our fellow men into love, compassion and respect. It will change the attitude about the church, God Himself, His Word, as well as other things pertaining to Him.

The new birth makes a "new creature" out of the "old". The old habits, sins of the flesh, sins of the mind, selfish desires and ambitions, are replaced by the Christ-like spirit in the soul.

That which is changed on the inside of man will also make a change in his conduct and outward life.

MANY WAYS are being sought to handle the problems of man while most of the time God is left out and the individual still goes on living in confusion and often times despair.

Much stress is placed upon higher education, good jobs, nice homes, and high salaries, which are all necessary and proper, but in these troubled days we as Christians need to stress that which will endure throughout all eternity, and that is to get mankind "born again".

THE WORDS of Jesus to Nicodemus were, "Ye MUST be born again".

We look at the importance of the word "must". The New Birth is a must to enter the kingdom of Heaven. We all like to think of Heaven as a place where everyone is going, but there are requirements and obligations on our part if we expect to get there.

As Heaven is a Holy Place, no unclean thing shall enter therein, Eph. 5:5. We must be born again in this life.

There are many important and necessary duties in this world, but there is nothing so important or more necessary for the souls of man, than to obtain this new life in Christ Jesus.

There is no other Name whereby we might be saved, outside of Jesus. The word "must" takes away all doubt as to the importance and necessity of forgiveness of sins in this life.

IF YOU WILL COME to Jesus in prayer, and confess the need of your soul, you can experience this "New Birth".

The publican in Luke 18:10-14 smote upon his breast and prayed, "God be merciful to me a sinner."

God's Word says that the publican went to his house justified.

Our greatest privilege and blessing is to know that God will hear the cry of a lost soul and transform it into his image.

REV. JOHN CONAWAY, Pastor
Bible Missionary Church

Mrs. R. Pitman,
Infant Son

A baby shower was held Sunday, Feb. 9, at the Lutheran Church, in honor of Mrs. Robert Pitman, and infant son, Shawn Allen.

Hostesses at the party were Mrs. Philip Berry, Ben Berry, Cecil Price, Leon Price, James Stites, J. E. Stites, and J. W. Wells, and Linda Wade.

Guests enjoyed cookies, punch, and punch.

The little guest of honor, Shawn Allen, received most of the attention and was very happy.

Miss Vicki L. McKinnon Named 1969 Homemaker

Vicki L. McKinnon has been named 1969 Betty Crocker Homemaker of Tomorrow for Littlefield High School because she achieved the highest score in a homemaking knowledge and attitude test which she took with other senior class girls in her school Dec. 3.

She will be awarded a special Betty Crocker silver charm.

Her paper has been entered with those of other school winners in the state in competition for the title, State Homemaker of Tomorrow.

The winner of this honor will be granted a \$1,500 scholarship from General Mills, Inc., sponsor of the annual program and her school will be awarded a complete set of Encyclopaedia Britannica by Encyclopaedia Britannica, Inc.

The state runners-up will be granted \$500 scholarships.

In April, the first place winners from the 50 states and the District of Columbia each accompanied by a school advisor, will be guests of an expense-paid tour of Washington, D. C., and Colonial Williamsburg, Va.

The trip will culminate with the naming of the Betty Crocker All-American Homemaker of Tomorrow.

Her scholarship will be raised to \$5,000, with three runners-up being granted \$4,000, \$3,000 and \$2,000 scholarships, respectively.

National winners are chosen on the basis of their original test scores, plus personal observation and interviews while on tour.

All judging is by personnel from Science Research Associates, Chicago, nationally known educational testing firm, which also constructs and grades the written test papers.

Mail Tax Return To Right Place

If you have a refund due on your 1968 Federal income tax return, a sure way to show it is to mail your return to the correct address.

Ellis Campbell, Jr., Director of Internal Revenue for Northern Texas, said that Northern Texas taxpayers should mail returns showing refunds directly to Southwest Service Center, 3651 S. Interregional Highway, Austin, Texas 78740.

A pre-addressed envelope for this purpose is included with your tax-forms package. If mislaid or lost, a mailing label may be obtained from the nearest IRS office.

Checks or money orders for payment of the tax should be payable to: "Internal Revenue Service."

District Courtroom To Be Scene Of Play

"Night of January 16th", the all-school play presented by Littlefield High School students, will be staged in the District Courtroom of Lamb County Courthouse next weekend—Friday and Saturday nights.

Admission for the 7:30 p.m. presentation will be \$1 per person.

A different cast will perform each night, and the jury will be chosen from townspeople who attend.

The play will be the trial of Karen Andre, who was arrested

and charged with murder of Mr. Faulkner, an international playboy and financial giant.

The play will cast about 50 students, portraying prison matrons, bailiffs, Judge Heath, district attorney, defense attorney, secretary to district attorney, clerk of the court, policemen, detectives, the Swedish maid, widow, and several other personnel.

Nancy Hall and Geoffrey Grizzle will portray the defendant.

Sponsors for the play are

Mrs. Elizabeth Ayers, Troy Jones and A. H. Bur

Your Child Starts To School Next Year?

By JOYCE OLIVER, RN School Nurse

The goal of the health department of Littlefield Schools is to aid in physical and mental development and growth of each pupil. Our aim is to help each child enjoy good health and to appreciate its importance.

We urge that you take your child to your family doctor for a complete physical examination to determine if any corrections are necessary before he starts to school.

Now is the time to see that he or she receives adequate sleep daily. (Did you know that six year old children require 11 1/2 to 12 hours of sleep daily?)

Do be sure he eats a good breakfast before coming to school.

The health department is especially designed to provide first aid for school-associated accidents and sudden illnesses during the school day.

Students will be sent home for the following reasons:

1. Fever of 100 degrees or more
2. Vomiting or diarrhea
3. Signs of communicable diseases

During the school year, if your child has any of the above symptoms, please keep your child at home until he or she is well.

We want them in school every day that they are able to come. However, we suggest that if you are in doubt about sending the child to school, you should probably keep him at home. His record of attendance will be greater throughout the school year.

Please do not SEND medicine to school with your child. It is ABSOLUTELY necessary for your child to take medicine during the school day please BRING the

medicine to the teacher or nurse with the name and instructions on the bottle. This will prevent "aharing".

Several screening tests will be done. You will be notified of any abnormalities that are evidenced by these tests.

Perhaps the most important part of your child's preparation for school is his emotional outlook.

Learning to give and take, to get along with others, will be necessary at school—and throughout life. If he has felt secure in your affection, has learned to take his place in the family group, shared in small responsibilities and learned to do some things on his own—if he has played with children his own age, the chances are that he will get along well at school.

He should know how to wash his face and hands, how to comb his hair, how to use a tissue, not only for blowing his nose, but also for covering a cough or sneeze. He should be instructed in proper use of the rest rooms.

He should be learning to tie his shoes. He should be able to have short clean fingernails and keep fingers, pencils and other objects out of his mouth.

He should be able to give his complete name, exact address and telephone number.

You will be asked to have certain emergency information on file for our use if necessary.

As parents, you play the leading role in the development of your child's character and personality. His future depends more than anything else on your support and encouragement in his outside activities.

Please feel free to call on us if we can be of any service to the pupils.

OBITUARIES

REV. HARVEY D. BENNETT

Funeral services for Rev. Harvey D. Bennett, pastor of Tension Park Baptist Church in Dallas, were conducted at that church Thursday afternoon, Feb. 6.

He was pastor of First Baptist and Central Baptist Churches in Anton several years.

Rev. Bennett died in a Dallas hospital Tuesday morning, where he was taken after suffering an apparent heart attack at his home following Sunday night church services.

Officiating were Rev. Carl White of Arkansas and Rev. Jim Gilbert of Dallas. Burial was in Restland Memorial Park in Dallas.

Rev. Bennett had served as pastor for churches in Fox, Shirley, Clinton and Salem, Ark., and Crane, Mo., before he went to Anton.

Surviving are his wife, Dorothy; two sons, Kenneth Bennett of Clayton, N. M., and Gene Bennett of Garland; one brother, Art Bennett of Joshua Tree, Calif., and seven grandchildren.

BESSIE INEZ OFFIELD

Services for Mrs. Bessie Inez Offield, 73, of Silverton, who died Thursday night in a Lubbock Convalescent home, were conducted Saturday afternoon in Silverton's First Baptist Church.

She was mother of Robert W. Offield of Spade.

Rev. C. H. Murphy Jr., pastor, officiated and burial was in Turkey Cemetery with Silverton Funeral Home in charge of arrangements.

Mrs. Offield had been at the convalescent home about a month. She was a member of the First Baptist Church at Silverton.

Surviving are her husband, Charlie R. Offield of Silverton; two sons, C. J. Offield of Ranger and Robert W. Offield of Spade; a daughter Mrs. Eythel Inez Cariton of Plainview; nine grandchildren and eight great-grandchildren.

JUDY ANN HUCKABEE

Graveside services for Judy Ann Huckabee, infant daughter of Mr. and Mrs. Bob Huckabee of Olton, were conducted Thursday afternoon in Olton Cemetery.

Rev. W. J. Patton, pastor of Hopewell Baptist Church, officiated and Parsons' Funeral Home was in charge of arrangements.

The child died shortly after birth Wednesday.

Others surviving besides the parents are a brother, Scott; a sister, Jana, both of the home; her grandparents, Mr. and Mrs. Rex Sherry of Olton, Mr. and Mrs. E. S. Huckabee of Olton; and Mrs. Nora Thompson of Canyon.

Insurance Premiums Remain At Present

The monthly premium older people pay for the voluntary medical insurance part of Medicare will remain at the present \$4 for the period July 1969 through June 1970, according to John G. Hutton, Lubbock social security district manager.

The premium covers half the cost of protection that helps pay doctors' and surgeons' bills and a variety of other health care expenses. The other half is paid out of Federal General Revenue.

Of the population 65 and over, 95 percent are now enrolled in the supplementary medical insurance program, Hutton said, up from the 91 percent enrolled when the Medicare program began on July 1, 1966.

A new enrollment period opened Jan. 1, Hutton said, and will provide another chance for people who missed out earlier to sign up for the protection. For some, those born Oct. 1, 1901, or earlier, and those who were enrolled but dropped out before Jan. 1, 1967—it will be the last chance to enroll.

Older people who delay in enrolling, Hutton said, pay a premium that is 10 percent higher for each full year they could have had the medical insurance protection but were not enrolled.

Hutton said that many of the elderly people in the Lubbock and nearby towns who have not yet signed up for the supplementary doctor bill insurance will be receiving

application blanks in the mail soon.

If they have any questions about how to fill them out or about Medicare itself, or if they do not receive a form, the people in the Lubbock social security office will be glad to help them.

Sid Landers Attends Meet In Plainview

Sid Landers, vocational auto-mechanics teacher of Littlefield High School attended an in-service education workshop for trade and industrial teachers at Holiday Inn in Plainview Friday and Saturday.

"Improving Our Relations" was theme of the two-day meeting.

Keynote speaker was D. F. Tilton, teacher-trainer, from the University of Texas.

Ray Rushing of Plainview, supervisor of Area VI, Texas Education Agency, briefed teachers on current policies of TEA and using the chosen theme was Neal Dillman of Muleshoe in a talk entitled "Basic Thoughts on Learning and Teaching".

Sid Landers, president of Area VI, Texas Industrial Vocational Teachers Association presided for a business session of the teachers.

being demolished. Seven other structures are being processed for demolition.

Thus far, City forces have had to demolish only 3 structures, as all the others have been demolished by private individuals who contract with the City for demolition to receive the materials from the structures.

CITY COUNCIL has authorized the installation of sewer to serve the free camp site on Hall Avenue. Provision will be made for sewer service to each trailer parking space. Estimated cost of the project is \$200, with the work being done by City personnel.

THE CITY'S REQUEST for funds from the Texas Aeronautics Commission for further improvements to the municipal airport made in April, 1968, is still pending.

According to correspondence recently received from the Texas Aeronautics Commission, the application will be considered for inclusion in the TAC's 1970 fiscal year program.

The funds would be used to resurface the taxiway and ramp areas.

PROPOSED CHANGES for the upgrading of the street lighting program for Littlefield made March 1, 1966, have been revised.

The significant part of the revision provides for the changing of 134-2,500 lumen lights to 7,000 lumen lights.

This change-out would be accomplished during 1969, and should significantly increase the lighting in many residential neighborhoods where the old lights are still in use.

Study is being given to the lighting of the two intersections of Delano Avenue with Highway 84. It is hoped that an acceptable plan can be adopted and approved in the near future.

THE ELEVATED WATER STORAGE TANK on Delano Avenue is currently undergoing cleaning and repair and will be painted. Southwest Tank and Tower Company of Tatum, N. M., was the successful bidder for the project which will cost \$4,651.

The City Water Department personnel are also engaged in the repair and cleaning of a ground storage reservoir located at the pump station on Houston Avenue.

The repair work being done on the ground storage tank is temporary pending major repairs which will probably be required in the next year or two.

JANUARY WAS A BUSY month for the staff of the Migrant Health Department.

Some of their services to people in the City and Lamb County included: Medical referrals, 45; dental referrals, 3; immunization shots given, 201; sanitation inspections made, 74; water samples taken, 2; nursing field visits, 42; and sanitation field visits, 25.

Farm Minimum Wage Increased

The minimum wage for hired farm workers went up from \$1.15 to \$1.30 per hour Feb. 1, according to James I. Mallett, farm management specialist of the Texas Agricultural Extension Service.

Farm employers who used more than 500 man-days of farm labor in any calendar quarter of the preceding year are required to pay the minimum wage during 1969.

Immediate family members and hand harvest pieceworkers who commute from their own home and worked less than 13 weeks in the preceding calendar year are not included in the man-day count.

In addition, man-days of agricultural workers employed by a bonified contractor are not included in the man-day count, Mallett says.

A man-day, for determining the 500 man-day count, is any day an employee worked one hour or more. Each 7-day period during which an employee worked one hour or more on one or more days is counted as one week for the 13-week test.

Certain employees are not covered by the minimum wage. These include immediate family members, hand harvest pieceworkers who commute daily and worked less than 13 weeks in agriculture during the previous year, migrant minors, 16 years old and under who do hand harvest piecework paid at the same rate as their parents on the same farm, and workers primarily engaged in the range production of livestock.

Accurate records are required by the Department of

Labor for employers currently under the minimum wage and those who could reasonably expect to be under the minimum wage in the future.

Additional information and specific interpretation of the law are available from the Regional Director, Wage and Hour Public Contracts Division, U. S. Department of Labor, 411 N. Akard, Dallas, Texas, advises Mallett.

SHOOK TIRE CO INTRODUCES LEE TIRES

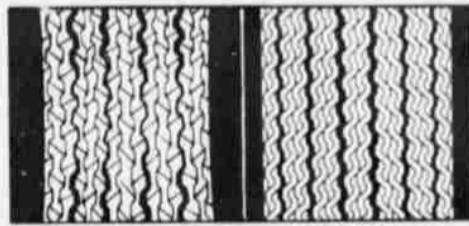

We have a complete stock of all LEE TIRES! TRUCK - TRACTOR - AUTO - - - COME IN AND SEE!

The largest tire stock in Lamb County!

UP TO DOUBLE THE MILEAGE!

Open Groove Traction and Skid Control

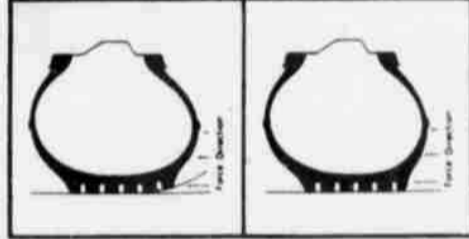

In most tires, tread slots are squeezed open and closed under load, adding to tread rubber wear and seriously reducing traction.

Fiberglass belts hold the slots open, the contour in perfect shape and the tread flat against the road. You get more mileage and improved traction.

Wide Tread Stability - Full Tread Contact

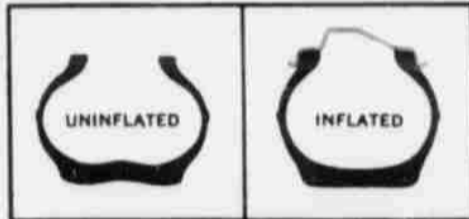

The tread flexes on conventional tires whenever you make a turn, lifting the tread away from the road.

The combined plies of polyester and fiberglass restrict flexing to the sidewalls. The tread keeps the road over its full width.

Reverse Molded Tread

The center of the tread of an uninflated belted tire curves inward, yet comes out straight and flat against the road when the tire is inflated.

This reverse molding technique, used in building racing tires, gives the wide tread structural strength and resiliency.

*Mileage performance is compared with original equipment tires. Actual mileage will depend on the tire size and driving conditions.

Pep Girls Win By 30

Bula's District 6-B champion girls swamped Pep by a 30-point margin, 67-37, Friday night, for their final game of the regular season.

The girls thus won the right to meet Spade, District 5-B champs, March 4 in Levelland. They will play in the South Plains College dome.

It took an overtime period to decide the boys' game winner.

After the clubs fought a 62-62 standoff through regulation time, Pep finally emerged winner with a 73-71 decision.

William Albus did the scoring honors for Pep, with 24. Rodney Claunch was the big gun for the Bulldogs with 31.

Sharon Turney led the 6-B champions in their game, scoring 33 points. Terry Albus had 21 for Pep.

Bula and Spade girls have met twice this year, each bringing home two-point margin wins from the other's court.

Spade And Hart Split In Homecoming Game

Spade homecoming celebrators had about all the excitement they could as far as their two basketball games Friday night, even though they won only one of the two varsity contests against Hart.

The girls finished the season with an undefeated District 5-B championship record by bouncing Hart 64-56, and the Longhorns finally bowed to their visitors in the fading moments of a high-scoring, 76-71, affair.

Reigning over the final event was Homecoming Queen

Carole Stubblefield, daughter of Mr. and Mrs. Jack Stubblefield.

As conference champions, Spade will clash with Bula, District 6-B titlists, March 4 in the South Plains College dome in Levelland for the bi-district trophy and a ticket into the regional tournament, which also will be played in the dome.

Belinda Thompson got back into her familiar scoring roll against Hart, racking up 34 points on 13 field goals and eight free shots. Christi Adams

was next with 19. Rebecca Futrell had 29 for the visitors.

Four Longhorns finished in the double figures, with Danny Sewell and Wayne Matthews leading, 19 and 17 points, respectively.

The 'Horns led 20-14 at the end of the first quarter, but Hart knotted the score at 35-35 at the half.

Hart took a 56-54 third quarter lead. Their cause was aided when Spade's Gary Harriston left the floor 13 seconds before the break with five personal fouls and 16 points.

Spade was still well in the game with two minutes remaining in the game, trailing by only 70-69.

Both clubs sank 30 field goals, but Hart made the difference at the foul line, where they outscored the Longhorns 16-11. Spade had 20 fouls and Hart 18.

The girls, now 27-4, will face Bula in the bi-district game at Levelland. They've played each other twice already this season, each winning by a two-point margin on the other's court.

Thus far, according to Coach Larry Morris, the girls have only one warmup game

scheduled. That will be Thursday night at Ralls, where they will play Ralls' District 4-A champions. Amherst, 5-B boys' champs, will also play Ralls that night in a doubleheader.

NOT ALWAYS EASY—Belinda Thompson, in white, finds getting her shots off are not always easy...especially with a Hart guard hanging on. But the junior Spade forward got off 13 that weren't blocked, and accounted for 34 of her team's 64-56 District 5-B victory over Hart Friday night.

Mustangs Sign With Tech, A&M

Three Olton Mustangs will be knocking heads against each other before long, in Southwest Conference competition.

Texas Tech last week signed Benny Akin, while Texas A&M was landing Eddie Hooper and Charles McClain.

Raider backfield coach Burl Bartlett got his autograph from Akin at the Mustang's home Wednesday afternoon.

Signing of Hooper and McClain took place in Plainview, where the head Aggie mentor himself, Gene Stallings, flew with

pre-enrollment agreements in hand. Freshman coach Jim Keller accompanied Stallings.

Both future Aggies were named to the first defensive all-state team this year, and Hooper also made the second team offense. This was his second year on an all-state team.

Akin was hampered all year with injuries after an outstanding junior season. But he still managed places on the All-South Plains team and Panhandle Super Grid team, which is composed of players from schools of B through AAA classification.

Two other outstanding Mustang gridders are still "shopping" for their future homes.

Lineman Eddie Hooper has firm offers from two military schools, but he and back Kenneth Johnson this weekend are looking over Sul Ross, where former Mustang great Joe Priest has been making a name for himself.

The three Mustangs bring to a total of four Lamb footballers signed with Southwestern institutions thus far. Sudan's Monte Roberts also last week signed with Texas Christian University.

Mustangs Win Final Outing

Playing their final game of the season, the Olton Mustangs shot down the Floydada Whirlwinds, 56-44, but the Mustangettes lost their contest, 62-40.

The Mustangs, led by Kenneth Johnson and Johnny Lewis, with 21 and 17 points, respectively, finished District 3-AA play with an overall record of 10-2. Both losses were to repeating champion Dimmitt.

Floydada had to rally to down Olton's girls. Katy Carson led the hosts with 26 points, but Cindy Ward had 36 for the winners.

Todd Wester led the Whirlwind scoring with eight points.

Niland Subs For Reeves

John Niland, great offensive guard for the Dallas Cowboys, has concented to take the place of Dan Reeves as speaker Tuesday night at the annual Littlefield Quarterback Club Football Banquet.

Reeves, currently on a moral-building tour in Vietnam, was unable to return to the states soon enough to honor the engagement. He has had to cancel several other appearances, according to Club president James Lee.

The banquet is held each year by the Club to honor Littlefield High Wildcat footballers.

Tickets for the 7:30 event are being sold by Club members at \$2.50 each.

"We are sorry Dan couldn't be with us as planned," stated Lee, "but we know Niland will be a big hit with those there to hear him. We're real glad he will be here."

Amherst Beats Lazbuddie Slates Bi-District Tilt

The Amherst Bulldogs thumped Lazbuddie, 53-44, Friday night for their final

Wolverettes Do It Again

The "Darlings of Lamb County," Springlake-Earth's defending state champion Wolverettes, breezed through another District 3-A season without a loss, finishing their final regulation game against Sudan with a 60-43 decision.

Marsha Dawson, all-stater from last year, topped scoring for the evening with 32 points. Sudan's Kathy Fisher had 18 for her club's lead.

The Hornets, led by sophomore David Weaver's 16 points, shot down the Wolverines, 66-48. Terry Houchin had 11 for S-E.

Narrow victories were won by both junior varsity clubs from Springlake-Earth, also.

regular-season game, and now start looking forward toward their bi-district playoff Feb. 24 against Whiteface.

Royce McAdams led the 'Dogs as they completed their District 5-B slate without a loss, scoring 18 points.

Lazbuddie won their portion of the evening's competition, handily, with a 58-28 margin. Linda Johnson placed the Amherst fens with 19 points.

Amherst clashes with District 6-B champion Whiteface in Levelland's South Plains College dome, for the right to advance into the regional tournament.

The bi-district tiff will be the capper of a doubleheader for that evening. South Plains will meet Hobbs Junior College at 7 p.m., followed at 9 by the Amherst-Whiteface contest.

This will be the third time this year Amherst has played the Antelopes. The Bulldogs have a 24-3 record, and Whiteface holds one of those

defeats, 53-51, played after the Christmas holidays.

The two clubs met earlier in the year, with Amherst winning, 70-63.

Plainview Junior Varsity District 3-A champion Fens are the only other two teams to come out on the long end of the score this year against Coach Bert Grimes' Bulldogs.

Coach Grimes has lined two warmup contests for his charges this week, in preparation for the Whiteface battle.

Tuesday, both his boys and girls teams host Christ the King of Lubbock, with the game starting at 6:30 p.m.

Then, Thursday, the 'Dogs will travel to Ralls to play District 4-A champion Jackrabbits.

The Spade girls, also District 5-B champions, will play Thursday night against the Ralls girls. Those games will be at 7 and 8:30 p.m.

Amherst and Spade both repeated this year as the conference champs.

LAMB BOWL

BULA

MRS. JOHN BLACKMAN 933-2328

Bula Church of Christ. Following graduation from Threeway he attended Commerce Junior College then transferring to Tech. Three notable things have happened to Virgil. Recently he qualified for his Masters degree in business and economics at mid-term; he became a father to a pretty baby girl Feb. 10 and secured a job as a junior economist for the Federal Reserve Bank in Dallas starting to work Monday, Feb. 17. The new baby girl has been named Marisa Kaylene. She has a two year old sister Marcy. The Thomases will be moving from Lubbock to Dallas permanently when Mrs. Thomas and the baby are able to make the move.

REV. AND MRS. Whittenburg were in Brownfield where he attended one of a series of sermons on "The Sermon on the Mount" being given at the United Methodist Church in Brownfield. Wives of the attending ministers attended a brunch given at the home of the district superintendent, Rev. and Mrs. Jordan Grooms.

Following a devotional the ladies had lunch together at a local restaurant. Eleven ladies besides the hostess Mrs. Grooms were in attendance.

MR. AND MRS. C. A. Williams accompanied by Mr. and Mrs. Lowell Walden of Springlake drove to Plainview Tuesday and visited with the ladies' brother and wife, Mr. and Mrs. Jack Swanner, then to Floydada to spend the night with another brother, Mr. and Mrs. Marvin Swanner.

MR. AND MRS. J. L. Latham drove to their daughters home in Lubbock after church Sunday and Mrs. DeSautell had a birthday dinner prepared for her mother. For the dinner were Mr. and Mrs. DeSautell and boys, Cris and Cliff, Morley DeSautell and the honoree, Mrs. Latham and Latham.

MRS. LEO HOLT flew from Lubbock Thursday for West Orange, N. J., for a visit of several days with her daughter and family, Dr. and Mrs. Shoi Chi and daughters, Tamara, Allison, and Andrea. She plans to baby sit with the

granddaughters while the daughter and husband do some skiing at Aspen, Colo.

MR. AND MRS. W. L. Clawson spent several days recently visiting with friends and relatives. Drove to Amarillo Saturday and spent the day and night with her daughter and husband, Mr. and Mrs. James Collins. They also got to see their new great-great-granddaughter, Del'dre De'Ann Saavedra, daughter of Mr. and Mrs. Fred Saavedra and a granddaughter of the Collins. They also spent two nights with his brother, Archie Clawson at McLean and spent some time Tuesday with Mr. and Mrs. Oscar Lee at Lockney.

CECIL JONES is continuing to improve and is now in a private room at St. Anthony Hospital, Amarillo. His eyesight is gradually improving and he is able to walk around some in his room. Mrs. Jones drove home Tuesday for a short while to tend to some business. She has a bed in his room so she can stay with him most of the time.

Three Wrecks Investigated

Three wrecks have been investigated by city patrolmen this week, resulting in approximately \$800 of damages to vehicles involved, according to police reports.

Monday afternoon, a 1963 Chevrolet pickup, driven by J. B. Campbell of Littlefield was traveling east on East Ninth Street when a 1967 Chevrolet, driven by Floyd Edwin McBride II of Littlefield, made a right turn from the left side of the roadway. The Campbell pickup was passing to the right of the McBride auto and ran into the right side of the McBride car, according to investigating patrolman's report.

Wednesday afternoon, a 1968 Chevrolet, driven by Linda Kirby Powell, was proceeding west on Delano Avenue and made a left turn to a drive-in when a 1966 Ford, driven by Nell Johnson Ingle of Sudan, backed from the drive-in into the Powell vehicle. \$100 in damages resulted to the Powell auto and the Ingle vehicle was not damaged, according to the officer's report.

Thursday night, a 1966 Chevrolet pickup, owned by Maurice Nickels was parked at a residence at 406 East Ninth, when a 1961 Ford, driven by Ray Sanchez of Littlefield, struck the Nickels pickup from behind. The Sanchez vehicle left the scene, but was located 2 1/2 blocks away, according to the investigating officer's report. The pickup received \$450 damages to the rear bumper and left fender and the Sanchez vehicle received \$150 in damages to the right front fender, according to the report.

NEW GRADES
The adoption of yield grade standards for lamb carcasses and slaughter lambs becomes effective March 1. Use of the new yield grades is completely voluntary on the part of packers. Existing quality grades were not changed and will continue to be available.

The Texas Highway Patrol investigated seven accidents on rural highways in Lamb County during the month of January according to Thurman Keffer, Highway Patrol Supervisor of this area.

counties in an irregular strip almost 30 miles wide. These counties included Lamb, Bailey, Hockley, Cochran, Castro, Deaf Smith, Oldham, Dallam, Hartley and Parmer.

And that's where XIT came from: ten counties in Texas to pay for one building in Austin.

The builders seemingly were badly stung because by the time they built the Capitol, the cost of the land amounted to \$1.07 an acre. At that time it was selling at 20 to 50 cents an acre on the open market.

Land is valueless unless used. The three million acres had to be filled with livestock, fences built, water dug for and payrolls met.

This took money and for the money those involved had to turn to British capital. To meet the laws at the time, they were forced to incorporate in Britain.

This led to the misconception that the XIT was a British enterprise.

The last vestige of The Capitol Co. is the Capitol Mineral Rights Co. of Chicago, which holds some oil rights of the original ranch.

said, "and fresh coconut pies." Macaroni and noodles eaten at the Naylor house come in colors. Mrs. Naylor buys her macaroni products at a health food center. They are made of green beans, onions, tomatoes, carrots and soybeans, and are colored according to the color of the vegetable.

"They taste so good," Mrs. Naylor said, "and are so much prettier than what you buy at the store."

Mrs. Naylor has been studying nutrition since she became interested in the subject about five or six years ago. The bookshelves in the Naylor den reflect her interest. "I guess I have about 100 books about different aspects of nutrition," she said.

The Naylor's seldom eat out. "I'll always believe I got the flu bug the last time I ate in a restaurant," Nelson said. "I prefer to eat at home. You just don't get this kind of food anywhere."

All four of the Naylor girls go along with their mother's idea, according to their father. Three of the girls are married and the other one is a college student.

Mrs. Naylor attributes poor eating habits to the main cause of mental illness. "I absolutely believe this is one of the main reasons we have so many people in the crazy houses," Mrs. Naylor said. "And I also think this is what causes so many divorces. There isn't much nutrition in a sandwich."

Even the Naylor's sleek black tom cat, Kingfish, eats properly. "Alice feeds him fish and a couple of scrambled eggs every day," Nelson said. "The cat eats more scrambled eggs than I do."

RAIN!

Farmers In Area Welcome First Moisture In 3 Months

Farmers' grins were as wide as the rain showers that fell over the county Thursday. It was the first measurable rain since Nov. 14 for the area and the first moisture for the county reported since Nov. 14. The rainfall was lightest north of the sandhills in the Lake-El Estero area, with reports there reporting .30 of an inch. The Littlefield radio station reported one-half inch with the Willets on the Levelland way reporting .81. The Beck Gin at Bainer Switch reported .80.

Ginnings Reach 106,747 Bales

Quality of the 1968 crop was far above anything the Plains area had produced before. Staple average, according to PCG's final quality report issued on Jan. 8, came to 32.3 thirty-seconds of an inch, with 67.7 per cent stapling an inch or longer. Corresponding figures for 1967 were 31.6 thirty-seconds and 39.2 per cent. Strengthwise, 1968 showed an average Pressley of 82,400 pounds per square inch, with 90.2 per cent 75,000 pounds or above. In 1967 these figures were 79,100 pounds and 67.1 per cent respectively.

For the 23-county area, the cotton allotment in 1969 will be 2,191,644 acres, up about 13,000 acres from 1969. The average of projected yields for the area comes to 543 pounds per acre for 1969, according to Plains Cotton Growers. This figure is also up from 1968 when the average was 529 pounds. Leading observers feel approximately 85 per cent of the allotted acreages will be planted in 1969. This would mean more cotton will be planted than any year since 1965.

For Lamb County, the 1969 allotment is 187,432 acres and the projected yield is estimated at 536 pounds per acre. If the county does end up with 85 per cent acreage planted, this would result in almost 160,000 acres of production this year, and with a good season, growers might produce somewhere near the same number of bales of cotton.

County officers Saturday resumed their investigation of burglaries at Sudan. A total of about \$2,300 in cash and merchandise is still missing. Sheriff E. D. McNeese said officers Saturday raided Keith Glover, Baccus Chevrolet, Higginbotham-Bartlett, Western Public Service and Roark Jewelry early Saturday morning. A 1966 pickup and some equipment used by the burglars were recovered Wednesday by officers. Still missing were more than \$100 in cash from SWPS, \$76 in cash from Higginbotham-Bartlett, \$7 in cash from Baccus Chevrolet, and \$2,000 in merchandise from Roark Jewelry.

HOSPITAL DISTRICT PUBLIC HEARING SET

A public hearing on a move to dissolve the Earth-Sprinklake Hospital District will be at 2:30 p.m. Monday in the House chamber. Rep. Bill Clayton told the Leader-News this week.

Suspect Flees

City police are looking for a man who was attempting to break into the back door of the Wigley Friday night. The back door was nearly closed when a city policeman drove by and noticed the suspect, who fled down the alley on foot.

KENDON ZAHN found a water puddle big enough to float his sail boat in right out by the curb of the First National Bank building where he was waiting for his mother to get off work Friday. The water was a little dirty from all the traffic, but it is the first rain recorded in Littlefield since Nov. 14. Kendon is the son of Mr. and Mrs. Benny Zahn.

Sportsmen Call Meeting

Lamb County sportsmen have called a meeting for Tuesday at 7:30 p.m. at the XIT room of Security State Bank. The group will continue to map plans in its effort to have the county quail hunting season placed under the jurisdiction of the Texas Parks and Wildlife Commission. Jonny Latimer, spokesman for the group, said representatives will be sent to Austin later this month, when Sportsmen are notified of public hearings to be held on the matter.

FADISTS' FOOD DISAPPEARS

Guests Eat Like They Eat

When the Nelson Naylor's grandson comes to visit his grandparents he asks for vitamins instead of candy. The Naylor's are "food fadists". "I always feel ill at ease talking about this subject," Alice Naylor said. "Some people think anyone who puts health principles into practice are crackpots". The Naylor's are among thousands of health conscious people who do not use refined sugar nor eat anything made of white flour. "All of this is in the line of preventing illness", Mrs. Naylor said.

Mrs. Naylor classifies sugar and white flour in the "empty calorie" class. "Anytime you eat foods with all the nutrients refined out, you're in trouble," she said. She said when you eat sugar and fat at the same time, the body uses the sugar and stores the fat. In her estimation this is one of the main causes of heart trouble since the fat is stored along the arteries. "We don't eat white flour or white bread because the wheat germ is taken out of the grain", she said. The bran is removed from the outside, and a strong chemical is used to bleach the flour.

"The baker who makes the bread embalms it so that no respectable bug would eat it." "I used to bake my own whole wheat bread," Mrs. Naylor said. "But now Nelson and I use such a small amount of bread with the girls all gone, that we just don't eat bread." The Naylor's do take food supplements, however. "I just take what Alice puts out for me," Nelson said, displaying a handful of colored tablets. "She does the counting". Also, the Naylor's stay away from processed foods as much as possible, eating fresh fruits and vegetables whenever possible. They prefer frozen foods over canned goods. "No young bride can destroy food the way some food processors do," Mrs. Naylor said. "Take instant potatoes for instance. The potatoes are peeled with lye. There is nothing but starch left when they get through with them. A potato boiled with the jacket on retains its flavor and nutrients. Or you can bake enough potatoes to last a week and keep them in the refrigerator. They're delicious hash-browned in a little unsaturated oil." Mrs. Naylor steams all the vegetables she cooks. She said the vitamins, minerals and enzymes are preserved when foods are eaten as near to the way nature provides them as possible.

MONDAY AFTERNOON

Soil Fertility Talks Feature Cattle, Hogs

By JOELLA LOVVORN
News Editor, Leader-News

Cattle Feeding and the hog industry—and how farmers may fit in with these projects—will feature the topics to be offered Monday at the annual Soil Fertility Day. "How Farmers Fit Into Cattle Feeding on the High Plains" will be explained by Grady Sheppard of Hale Center, beginning at 5:45. The program will be opened at 3:30 p.m. in the Willie Room of Lamb County Electric Co-op, when Buddy C. Logsdon, Lamb County Agricultural Agent, makes introductions of the special guests for the afternoon. At 3:45, "Rogues In Sorghum" will be discussed by Jerry Johnson, an agronomist from South Plains Research Center at Lubbock. "Grain Sorghum Insects", an important topic to farmers, will be next on the program, beginning at 4:05 p.m. John Thomas, entomologist from the Texas Agricultural Extension Service of Texas A&M University at College Station, will bring up-to-date information on the subject. At 4:25 p.m., Dr. Bob Metzger of Lubbock will discuss "Oil Seed Crops, Potential, Opportunities, and Production Factors". Dr. Metzger is agronomist for Texas Agricultural Extension Service at Lubbock. "Varieties for Quality Cotton Production" will be discussed by Dr. Lavon Ray, associate professor of Texas A&M University, at 4:50 p.m., and at 5:15, "Cotton Outlook

Information" will be presented by Don Johnson of Plains Cotton Growers, Inc., of Lubbock. John D. Smith, Littlefield farmer, will discuss "Water Importation, How It Affects Lamb County", beginning at 5:30 p.m. Troy Pritchard of Plainview, with the Jimmy Dean Meat Company, will present "The Hog Industry and Potentials in Our Area", beginning at 6:05 p.m. The "1968 Demonstration Handbook" will be presented by County Agent Buddy C.

Logsdon, to close out the program. For those attending, a free barbecue will be served at 6:30 p.m. courtesy of seven Lamb County financial institutions. The day's program is being sponsored by the Lamb County Crops Committee, with Cecil Johnson of Littlefield serving as chairman. Other members of the committee are Eldon Gohlke of Littlefield, Les Lichte of Littlefield, John Bridges of Earth, Doug Walden of Littlefield, Joe Montgomery of Littlefield and Marvin Bowling of Sudan.

BACK IN 1880's

The XIT Paid For The Capitol

Way back in the 1880's, Texans decided they needed a fancy capitol building. The only trouble was, Texas didn't have any money. What Texas was rich in was land. Lots of land. A bunch of sly Texans had saved 170 million acres of its public lands when Texas entered the Union in 1845. Texans in the government decided they would offer three million acres to anyone who would build a capitol building. A young congressman named Charles B. Farwell

heard about the offer and told his brother John V. Farwell. Littlefield residents may not know that Farwell Ave. was named after these Farwells, but the young clerk John Farwell hired to work in his Chicago store, Marshall Field, is almost a household word. The Farwells got together with Abner Taylor, the man who rebuilt most of Chicago after the terrible Chicago fire. Taylor got his father-in-law, Col. Amos Babcock, to join them in bidding on the capitol. These men along with Mattheas Schnell, a Rock Island contractor, placed their bid on the building in Dec. 1881. They were the low bidders, and were awarded the contract in 1882, but Schnell sold out his part. And that's how four Yankees from Chicago came to build the Texas State Capitol building in exchange for three million acres of land they'd never even seen.

The Farwells put up the money, and Taylor had the responsibility of building the capitol costing an estimated one and one-half million dollars. The three million acres traded for the capitol building stretched from the southern headquarters at Yellowhouse Ranch near Littlefield to Buffalo Springs in the northwest corner of the Texas Panhandle. This land covered 10

Show Champs Named At Springlake-Earth

Norlan Dudley and Bob Harber took the limelight of the annual Earth-Sprinklake Junior Livestock Show sale yesterday afternoon, purchasing all three Grand Champions. They, through the Citizen's State Bank, paid \$1.20 per pound to Bruce Bridges for his champion Hereford steer, \$2.60 a pound to Eddie Jones and his champion barrow, and then Dudley Insurance Agency bought the champion lamb from Kent Lewis for \$2.05 a pound. Craig Barton's Angus steer,

which stood Reserve Grand Champion, brought 95 cents a pound from Earth Oil and Gas. Brown and Jordan Implement paid Cokie Hopping \$1.40 for her Reserve Champion barrow. A \$2.10 bid by Dent Farm Supply was highest on Kent Lewis' Reserve Grand lamb. Lewis, John Kelly and Larry Deer were named the Outstanding New Exhibitors in the lamb, barrow and steer divisions, respectively. Outstanding Showmanship Awards went to Barton, steer, Bridges, barrow, and Melissa Bean, lambs.
