

# Freeze Thaws, Teachers To Get Salary Increases

## December Checks To Reflect State Pay Hikes, School Says

Littlefield and area school teachers are among 140,000 in the state who will get the pay raises the Legislature voted for them — just in the "St. Nick" of time.

Local teachers will receive their first increased pay checks in December, shortly before Christmas.

Paul I. Jones, superintendent of Littlefield schools, made the announcement this week following the lifting of President Nixon's August freeze order on Nov. 14.

More than 100 members of Littlefield's faculty are affected in the latest ruling on the state increases. Only the superintendent and the vocational agriculture teacher escaped the freeze here, as their contracts began July 1, before the freeze was ordered.

Mrs. J. E. Chisholm, secretary to the superintendent, explained how the local school district will figure the increases.

"The school year began in mid-August, when teachers reported for in-service work, so as of Nov. 14 we are figuring they lost one-fourth of their state increase," she said.

Teachers have received three checks at their frozen rates, so the remaining nine checks will be at the rate originally called for in their contracts, she explained.

Mrs. Chisholm cited as an example the case of a teacher who was scheduled to be raised \$400 to a total of \$7,600 this year.

"In this case, the freeze reverted the salary to an annual figure of \$7,200. Now, with the freeze off, this particular teacher will get three-fourths of the \$400 raise, and

the pay for the remainder of the year will be at the figure originally called for in the contract," she explained.

"This is our understanding of the situation and the way we will handle it, unless future instructions from the state change it."

Almost 100,000 state employees, including several from Lamb County, will receive pay raises in their December checks.

President Nixon's Pay Board and the Cost of Living Council notified state officials all wage, salary and other benefit increases provided in the 1971-72 state appropriations act was to be permitted on end of Phase 1 of the president's wage-price freeze.

For most state employees, the 6.8 per cent increase they expected to get Sept. 1 will reach them on a supplemental payroll for the Nov. 14-Nov. 30 period.

Teachers will receive a five per cent per year boost in line with a 1969 long-term

## GenTel Grants Retroactive Pay To Employees

Employees of General Telephone Company of the Southwest in Lamb County are receiving paychecks this week for retroactive pay due under terms of a new three year contract between the Communications Workers of America and General Telephone.

Owen N. Rabourn, vice president of personnel, said that due to special efforts by the company's accounting department, checks for the retroactive pay period were ready for distribution several weeks ahead of the time it was thought the work would be completed.

The checks were delivered, beginning Monday. They will include retroactive wage increases provided by the new wage schedules of the contract for the period June 20 to Oct. 23.

Rabourn explained that the retroactive pay increases were withheld awaiting a ruling by OEP on the effect of the freeze upon the contract. The wage-price freeze was announced Aug. 15, shortly after the company and union announced tentative agreement on the contract Aug. 6.

The ruling from OEP received early in November said that the portions of the contract that were to become effective prior to Aug. 15 could be put into force since agreement was reached prior to Aug. 15.

Employees received paychecks last week carrying the new wage rates for the first time.

"HELP! LET ME OUTTA HERE! This hatchet business looks a little risky!" That's the expression caught on the face of a turkey tom owned by Alvin Spencer of Littlefield, (shown with the hatchet.) The traditional Thanksgiving bird did miss getting the hatchet, and is still alive today. Christmas is still approaching though, and will be a time to go into hiding for the neck's sake.

## Merchants Give 15 Free Turkeys

Fifteen Littlefield merchants participating in the free turkey give-away drew the lucky winners from their registration boxes at the close of business Monday, and 15 lucky families had the traditional Thanksgiving bird in time for Thanksgiving dinner.

Thousands of Littlefield and area residents registered for the free turkey drawing.

Names of the winners and the businesses which presented the turkeys are:

E. E. Wright of Route 2, Littlefield, registered at Tasty Taco, and will receive a turkey from there.

Patsy Grimes of Littlefield won her turkey from Hill Rogers Furniture.

Vidal Rendon of Anton had her name

drawn at Pay And Save on Delano.

Mrs. A. W. Ray's name was drawn at Pay And Save on Tenth Street. She is from Littlefield.

Rufus Trulock of Littlefield was registered at Penney's and was drawn from their box.

Mrs. Donnie Howell of Littlefield won her turkey from Roden Drug.

Charlie Taylor of Littlefield had his name drawn at Perry's Laundry and Car Wash.

Inez Marsh of Littlefield had her name drawn at Pioneer Grocery.

J. C. Duncan of Littlefield was the lucky winner at Roberts Lumber Company.

Oscar Grusendorf of Littlefield will receive a turkey from Littlefield T.V. Service.

W. V. Douglas of Littlefield was registered at Gary's Gulf, and had his name drawn from their box.

Ernest Sell of Littlefield won his turkey from Pratt's Jewelry.

Mrs. L. B. Henry of Littlefield had her name drawn at Renfro's Grocery.

Bill Davis of Route 1, Amherst, was drawn from the box at Case Power And Equipment.

Paulene Dempsey of Littlefield will receive a turkey from the Fair Department Store.

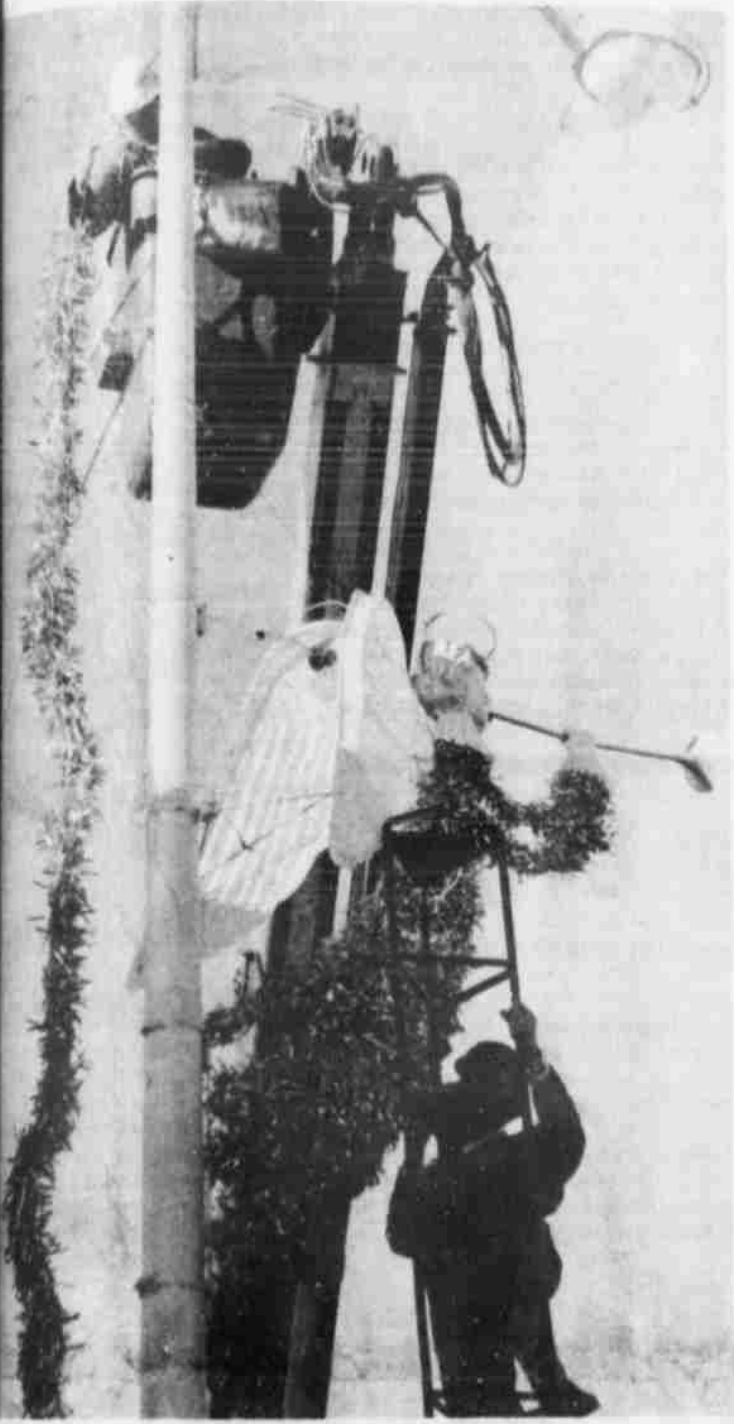

## Chamber Seeks Nominations

All clubs and organizations who wish to nominate an "Outstanding Citizen of the Year" and "Outstanding Woman of the Year" to be recognized at the Annual Chamber of Commerce Banquet—slated for Jan. 29—are asked to submit their nominations by Dec. 7.

Along with nominations, the Chamber of Commerce would like to have a summary of reasons that particular citizen should be considered.

"Nominees should be someone who has done an outstanding job in civic work in our community," C-C Manager Bill Payne stated.

C-C President Jerry Kehoe will appoint a committee to choose the recipients from the list of nominees.

CHRISTMAS SEASON will officially begin in Littlefield tonight when lights will be turned on for the first time this season. City and Western Public Service Company employees placed the decorations on Phelps Avenue last week and this week, and are caught here securing and stringing tinsel.

## HARVEST AWAITED

## Greeners Want Ripe Pecans

AMHERST

Greeners at Amherst have minutes ready to spread under pecan trees — if they ever have pecans to worry about harvesting.

For the last two years, harvest has been a real pecan harvest expected until after the trees are old.

Greener plans to get a shaker "if

there's ever enough to fool with."

Meantime Mrs. Greener gathers the pecans. "Would you believe by climbing the trees?" she asked. "If I see one up there, I just shinny up and get it." A long pole comes in handy, too.

Greener's 20 acres of pecan trees started out as just a few trees around the house. He meant to buy about 20 trees to put out back of the Greener home east of Amherst.

The nursery had 100 banked trees and he made him such a good price if he'd take all of them that he did just that.

The following year Greener went to Las Cruces and bought an additional 900 trees from the large pecan plant and nursery there. Of the approximate 900 trees, 250 are Barton and the rest are Western Schley.

The first year a hired hand mistook a row of the trees for careless weeds and shredded down a hundred. "Needless to say, he didn't last long," Mrs. Greener added.

Greener blames himself for the next disaster. He tried running sheep among the trees one year and found out after it

was too late that sheep will eat the bark off pecan trees at a certain time of year. Needless to say, it was that time of year.

Greener plants six rows of cotton in and three rows out between the trees which are set 30 feet apart. Herbicides, fertilizers and watering of cotton is compatible with the pecans. And until this year, the trees weren't large enough to sap the cotton much. "I think it was the shade the trees made more than anything," Greener said.

About the only extra attention Greener gives the trees is four sprayings of zinc each year to prevent rosette, or deformity of the leaves.

"Sometimes I think I've got more work in them than I'll ever get out," Greener said.

"I heard one man say he got 25 to 50 pounds of pecans off each tree," Mrs. Greener said.

That's a long way from the four pounds they got off one of the more protected trees this year. But with unshelled pecans selling for 65 cents a pound or more, this gives the Greeners something to look forward to for many years to come.

MR. AND MRS. B. L. GREENER haven't had much of a harvest off their pecan trees as yet, but the young trees are just now getting old enough to begin producing. Greener has about 900 trees on 20 acres just south of his house near Amherst.

## Annual Festival

## begins Friday

## in Littlefield

Christmas season in Littlefield will begin Friday when the two-day Annual Festival opens, and Santa Claus will visit to town.

The festival will be in his headquarters in the Shop building on Phelps Avenue and Saturday.

Children will be invited to talk with children and receive gifts 10 to 5 p.m. Friday, and from 10 to 12 p.m. Saturday.

Live music will be played over the speakers, adding to the festive atmosphere of the event.

Christmas lights will be turned on for the first time Thursday night, and the event is sponsored by the Littlefield Chamber of Commerce.

## DECORATION CONTEST SET

The Littlefield Chamber of Commerce is sponsoring a window decoration contest, and organizations are invited to enter an empty store window and decorate it for Christmas.

Nominations are asked to register their entries with the C-C office by Dec. 15.

The winners will be judged for their entries.

Prizes of \$25, \$15 and \$10 will be given for first, second and third place.

## What Our Readers Think

### Preserve History

November 12, 1971

Bill Turner, Editor  
Leader-News  
Littlefield, Texas

Dear Sir:

The construction of dams along Running Water Draw is of prime importance to industrialists, agriculturists and conservationists.

I am in complete agreement with plans as outlined in recent news releases.

Running Water Draw is one of the few remaining "drainage ditches" of the last Ice Age and must be considered a treasure house of archaeological wealth.

Since time immemorial animals and early man traversed its length. In recent ages Indians used it as a highway to New Mexico; Coronado, the Texas-Santa Fe

expedition, and modern pioneers and cattlemen found it to be a source of grass and water.

This letter is an earnest plea to you to use your influence in the preservation of the fossils and artifacts that will be exposed during the construction of the dams.

I have absolute proof that much important material has been excavated in this general area but never brought to the attention of those who would have delayed construction in the cause of science.

Please confirm the receipt of this letter and indicate your willingness to impose the necessary restrictions upon the contractors chosen to perform this work.

Yours for a better informed America,

## Thanksgiving

EVERY NATION has its cherished customs and traditions.

Some go back to the beginning of Christianity or even further. Some are of more recent origin such as Thanksgiving which had its inception in what is now the United States when a small band of pilgrims, newly landed on the hostile shores of New England, gave thanks for the mere fact of being alive.

THANKSGIVING has become a solidly entrenched American institution.

It offers firm reassurance of the continuity and stability of all that is good and wholesome in U.S. life today. As families and friends gather together to share the feast of Thanksgiving, they should pause to recall the purpose of that first day of thanks participated in by a handful of pilgrims centuries ago.

That purpose is an expression of simple appreciation for the fact of survival—of being alive.

WE ARE NOT only alive today, but we have a nation that attained heights beyond anything the pilgrims could have dreamed.

In attaining those heights, our country stands in danger of losing its sense of values.

November 25—Thanksgiving—is an appropriate day to pledge their restoration.

## HONNY GRITS

By CORNBALL BLEVINS

IMAGINE! Barnes, Preston and Smiling Ralph on the same political ticket—and runnin' for the same office!

WAS JUST ABOUT to give sex-education in the schools my personal endorsement. Then, I saw the practical demonstration on "Pot-Smoking" illustrated in the paper by a local biology student. — Silence, continued!

SAW ONE OF THE ACE quarterbacks of the Roosevelt Eagles today. Just walked up to him and shook his hand, saying: "Goodie, we got through playing football last Friday night, and YOU didn't!" "We may get through this week," he smiled.

HE WAS A REAL nice person. I wished him and his team well, and was sincere in my wishes. Hope they give a good account of themselves in the state playoffs.

BUT, IF YOU'RE expecting me to apologize, in any way, for our Wild-cats—forget it! They're a great bunch of guys and deserve our praise.

Much of the time, they were playing and winning on more grit and determination, than size and ability!

MANY HAVE EXPRESSED disappointment to me about our dropping the game to the Eagles, but—Hector-Louise! Coming from a 1-9 season to DISTRICT CHAMPS in one leap should leave us with a feeling of great satisfaction!

WHADDA YA WANT?—Egg in your coffee?? GREAT GOING CATS! We're proud of you and your coaches!

MR. NADAR MUST BE some kind of a kill-joy. Now, he's sayin' one of our very popular gargles don't do anything for our sore throats.

He's dead wrong. It gives us the satisfaction of knowing we're at least trying to do SOMETHING for our misery, and further, it occupies our time!

IS IT TRUE THAT being admitted to the U.N. didn't make NICE PEOPLE out of the Chinese Reds??

NOW, THEY'RE SAYIN' that the original Thanksgiving was nothing more than a beer-bust and belly-stuffin party.—Oh well, since our business will be closed, think I'll take the day off, anyway.

IN THIS THING of marriage, not only do the "Twin become one flesh"—But, also, ONE POCKETBOOK!

WHEN THE ROLL IS called up Yonder, betcha some fireball promoter will be tryin' to buy the mailin' list!

## THE ABUNDANT LIFE

### Shun Sophistry

GOOD, SOUND, honest understanding is one of our basic needs. Being able to see things as they are, and being genuine are essential to the most satisfactory living experiences.

Common sense is so much better for all of us than the popular sophistry of the world.

"TO ACT WITH common sense according to the moment, is the best wisdom I know; and the best philosophy is to do one's duties, take the world as it comes, submit respectfully to one's lot; bless the goodness that has given us so much happiness with it, whatever it is; and despise affectation."—Walpole.

We must shun sophistry in both our behavior, and in our discernment as we accept or reject the preachments and the actions of the people around us.

We must not be deceitful, and we must not be glib. We must be honest, and must be able to recognize all forms of deception.

WE LIVE IN A TIME when people on all levels of life seem to desire and appreciate sophistication.

This is the deprivation of genuineness, naturalness, or simplicity. "To alter deceptively" is the true meaning of sophistication in human thought and action.

OBVIOUSLY, many people work diligently to change themselves so they can be known as sophisticates. This is not self-betterment, and does not make a person more desirable.

Of course, we must learn to be wise, but

true wisdom does not destroy and honesty. Sophistication does

PEOPLE OFTEN DO THINGS are harmful to them, things they want to do, and things which, by conscience, in their efforts to known as worldly-wise.

In the process, they actually some of the life-enriching qualities possess. They exchange some nothing.

THIS SPECIOUS and reasoning, together with unreason and conclusion, must be rejected.

We must shun sophistry, be deadly, and will, if widespread, destroy everything worthwhile.

"SOPHISTRY IS like a window. It pleases as an ornament, but it is to keep out the light."

The light is what we need, individually and collectively.

IN THIS DECEPTION, which made so desirable, people actually the good for the bad; the wise for the wise; the wholesome for the wholesome; the true for the true; the genuine for the pretended; the so proven values for the shifting uncertainties.

Sophistication is neither a curse nor a blessing to mankind, but a vicious curse which spawns all evil.

CONCLUSIONS REACHED favorable responses to sophisticated unreliable and disappointing; they will not stand the test of experiences.

We must shun sophistry.

# Girls Try For Scholarship

High school senior girls here will be among more than 600,000 in nearly 15,000 schools across the country who will participate in a 50-minute written knowledge and attitude examination Tuesday (Dec. 7). Scores in the test will provide the first basis for judging which will eventually award a total of \$111,000 in college scholarships in the 18th annual Betty Crocker Search for the American Homemaker of Tomorrow.

Sponsored by General Mills, the Search is the only national scholarship program exclusively for high school senior girls.

Following grading of the examination, a Betty Crocker Homemaker of Tomorrow will be named for the high school here. She will receive a specially designed award

charm, and will remain in the running for state and national honors.

State Homemakers of Tomorrow—one from each state and the District of Columbia—will be awarded \$1,500 scholarships, with their schools receiving a set of Encyclopaedia Britannica from Encyclopaedia Britannica, Inc. A runner-up in each state will be awarded a \$500 educational grant.

Next spring, the 51 state winners, each accompanied by a faculty adviser, will join for an expense-paid educational tour of Colonial Williamsburg, Va., and Washington, D.C. On the basis of personal observation and interviews, the 1972 Betty Crocker All-American Homemaker of Tomorrow and three runners-

up will be announced at the conclusion of the tour. They will receive increases in their scholarships to \$5,000, \$4,000, \$3,000 and \$2,000.

New to the Betty Crocker Search this year is a special \$1000 nutrition scholarship. It will be awarded to a young woman who is planning a college major in nutrition or a related field, scores among the highest in her state on the overall Search examination and achieves the highest score among those meeting these first two criteria on the examination's nutrition items.

All judging and selection of winners in the Betty Crocker Search is conducted by Science Research Associates, Chicago, which also constructs and grades the written examination. Total enrollment since the program's inception in the 1954-55 school year has reached more than a one-quarter million young women, and this year's grants will bring the scholarship total to almost \$2 million.

## Scout Leaders Take Course In Training

Ninety-eight Cub Scout leaders of the White District of Plains Boy Scout Council participated in training available to them last month, and Tommy Dunn, chairman of the district.

Of that number, 70 all sessions presented certified as full-time. An additional group expected to complete scout leader's continuing make-up late November and December, Dunn said.

Those completing the course for Cub Leaders were Anthony and Charlene from Sundown, John Tim McEndree, George Dree, Jim Bowling, Fowler, Gainer, Jannis McNeely, John Juneta Mitchell, Berly and George from Levelland and Littlefield; Caroly Bole Gregory, Eva Cook Burks, Lillian Hayes Adkins.

Completing the course for Boy Scout leaders were George Dunn, Roberson, Jim Dunn, Jim Leggett, Louis John Huckabay, Roy Tommy Dunn, and Stenberger from Chuck Harlan, Bob Roland Bell and Bobby Smith from and Larry Mahaffey Pollard, Robert Gre Howard Spalding.

Some of the training taken by other adults from Anton, Whitham, Springlake, Sudan, and Morton.

## Journey To The Past

BY EVALYN M. SCOTT

(EDITOR'S NOTE: This is a story of the M. T. McKinnon family, and is related in this column.)

Maynard Thomas (Tommy) McKinnon was born Dec. 11, 1887 at Agnes, Parker County, Texas, to William and Josephine (Hobbs) McKinnon.

The family home was a log cabin on their farm two miles northwest of Agnes. The McKinnons have always been landowners.

Tommy and his brothers and sisters attended school at Agnes.

Ida Mary (Mollie) McWilliams was born Jan. 15, 1894 at Center, Shelby County, Texas, to James Franklin and

Elizabeth (Conway) McWilliams.

In Aug. 1907, the McWilliams family moved in a covered wagon to Parker County near Agnes.

In 1908 the family moved to their farm near Poolville, in Parker County.

The McWilliamses were also landowners and farmers. Mollie and her brothers and sisters attended school at Agnes and Poolville.

Mollie and Tommy were married Sept. 3, 1911 at Poolville. The family home was on their farm two miles northwest of Agnes. All of the children were born there.

They are: Mildred Lee, married Roy Galloway—lives in Plainview. Beulah Irene, married Maurice Brantley—lives in Amherst.

Maynard Thomas Jr., married Dorothy Foust—lives in Littlefield.

Betty Jo, married Ray Swanner—lives in Lubbock. Billy James, married Wanda Viertel—lives in Littlefield.

The McKinnon family attended the Baptist Church at Agnes. Tommy was Sunday school superintendent, a deacon, and served many years on the school board. He was a Woodman.

Since Jan. 1, 1929, the family home has been located two miles northwest of Littlefield. The family attended First Baptist Church in Littlefield and the children attended Littlefield schools.

The big event in this family's history was Sept. 3, 1960 when the Golden Wedding Anniversary of Mollie and Tommy was celebrated.

All of the children, grandchildren, and great-grandchildren attended.

**That should tell you a lot about the cars we sell.**

**Every Chrysler Imperial is road-tested at the factory.**

Whether you own a big or small car, pay a little or a lot, the one thing you don't need from a car is trouble. You want a car that will hold up. A car that's built to last.

Well, we're with you. Just look at this figure: **9 out of 10 new Chryslers registered in the last 10 years are still on the road.** This includes all the various owners, any kind of terrain, and numbers of miles. But every Chrysler is redesigned and built the way you want it—to last. So even if you won't be keeping a car for years and years, it's good to know you've got all that quality going for you in your first year as well as in later years.

**Well, we're with you. Just look at this figure: 9 out of 10 new Chryslers registered in the last 10 years are still on the road.**

**You gotta have heart.** The quality of a Chrysler starts deep down in the heart of the car. That's where you've gotta have it. That's where you get it. With such time- and road-proven features as Chrysler's torsion-bar suspension and Torque-Flite automatic transmission. The rigid strength of unibody construction. And a 7-step dip-and-spray anti-rust process. Extra care like that is why so many Chryslers stay in great shape.

**Littlefield Hosts Scout Training**

Two additional training sessions for Cub Scout leaders in the George White District have been set for Monday, Nov. 29 and Monday, Dec. 6, according to Tommy Dunn, the district leadership training chairman.

They will be held at 7:30 p.m. each night at the Reddy Room in the Southwestern Public Service Company Building in Littlefield.

They will be conducted by Warren Green, program director for the South Plains Boy Scout Council.

The session on Nov. 29 will have "Planning the Cub Scout Program" as its subject and it is for all adult leaders who work with Cub Packs.

The subject on Dec. 6 will be "Pack Management" and is for all Cubmasters, assistant cubmasters and members of pack committees.

The George White District serves Scouting in Lamb, Hockley, Bailey and Cochran counties.

# 7th Grader Is Winner In Football Contest

There were misses right and left in this week's football contest.

A 14-year-old Littlefield seventh grader, Dean Walden, missed four, but still came out on top and wins the weekly \$5 first place prize for the most correct predictions. Dean is the son of Mr. and Mrs. Doug Walden, and he has entered the contest every week.

Eight contestants tied for second place by naming 13 winners each, second and third place winners were named by going to the tie-breaker box.

Maurice Sexton came closest to the actual scores and wins the \$3 second place prize, and Sue Bowman was next and receives the \$2 third place weekly money.

Others with scores of 13 were Dwight and Barbara Starnes of Littlefield. Sherry

Adams of Olton, T. P. Wingo of Grapevine, and W. P. Holland Jr. and Liburn Bales of Amherst.

With this the next to last week of the football contest this season, the lead narrows for the grand prize of two tickets to the Cotton Bowl game on New Year's Day plus \$25 expense money.

Paul Yarbrough still holds his first place lead with a total of 151. Harold Bowman is three behind with 148, and Debbie Mitchell and David Hampton are in third and fourth with 147 and 146 respectively.

The deadline for entries in the final contest was 5 p.m. Wednesday due to the many games on Thanksgiving Day.

Winner of the grand prize and the final tabulations will be in next Thursday's edition.

compensation plan approved by the Legislature.

State employees and teachers lost about \$19 million of their scheduled raises between Sept. 1 (start of the state's fiscal year) and Nov. 14, date of the un-thawing.

They continued to sweat out federal agency rulings as to whether their benefits could be made retroactive because they actually were ordered by state lawmakers before the August freeze order.

State Commissioner of Education J. E. Edgar notified local school districts that compensation benefits such as travel expenses and supplements for insurance premiums may also be put into effect.

State funds will be disbursed to school districts in line with the programmed increases beginning with the December foundation fund payments.

School districts with 1,000 or more employees will have to report raises to the Pay Board.

Districts with fewer than 1,000 employees are not required to make the reports, although they must operate within board rules.

# Police Arrest Two Shoplifters

City police arrested two juvenile girls Saturday afternoon, and charged them with shoplifting at Gibson's.

The girls, 11 and 15 years old, walked out of the store with cosmetics. They appeared before Municipal Judge Ben Noble with their parents, were fined and released to their parents. They also had to pay for the goods they took from the store.

An adult female was jailed early Tuesday morning, and charged with carrying a prohibited weapon.

She was tried later Tuesday morning, fined and released.

Police are now making investigation of a burglary, a breaking and entering of a residence, and a case of vandalism.

A citizen reported that entrance was gained to his residence in the Colonial Apartments some time Thursday.

The subjects pried and tore the screen on the back side of the apartment.

Taken in the burglary were a new "GT600" 6-70-14 wide track tire, valued at \$30, and a .38 calibre snubnose revolver (Harrington and Richardson) 5-shot, 2 1/2 barrel, with blue finish, and valued at \$52.95.

Another citizen who resides on East 14th reported that someone had gained entry to his residence by forcing the back door open.

Taken were a set of frosted dishes, service for eight; a set of Rogers gold tableware, service for eight; and a Westinghouse portable stereo, with speaker.

Another citizen who resides at Greenfield and North Eastside, reported that a frame was broken on a 1962 Chevrolet and was left beside the road. About midnight, a brick was thrown through the windshield of the vehicle.

# Two Men Arrested, Held For Burglaries

Lamb County sheriff's officials have apparently cleared up numerous burglaries with the arrest of two Plainview men Monday.

Charlie Halley Jr. and Tommy Earl Scott are in jail with bonds set at \$2,000 each. The pair is charged with the burglaries of Beck Gin, the Sudan school, and the Phillips 66 and Coopers Texaco Stations in Springlake.

Levi Jackson was arrested Tuesday and extradited to New Mexico on charges of felony theft.

Two runaway juvenile girls from Littlefield were picked up by city policemen Saturday and released to their parents Monday, and another juvenile girl was picked up as a runaway Tuesday.

## Canyon Slates Free Concert

Major works by Vivaldi, Tchaikowsky, Beethoven and Schubert will be presented in concert Dec. 2 by the West Texas State University Orchestra.

Performance time is 8 p.m. in the Fine Arts Theatre in Canyon. The concert is free to the public.

The 50-member orchestra will open the concert with Vivaldi's violin concerto "Autumn" from "The Seasons."

One of four concertos describing the four seasons, the "Autumn" concerto musically creates a gay scene of farmers celebrating harvest time with song and dance that give way to weariness and slumber, ending with music detailing a hunting scene.

Soloist on the Vivaldi piece will be violinist Donald Todd, associate professor of music.

Directing the WTSU orchestra is Brian Walton, a member of the WTSU faculty since 1967.

He is widely known in the area as a cello soloist and as a member of the WTSU Piano Trio. He served as assistant to the resident conductor of the Cincinnati (Ohio) Symphony Orchestra prior to coming to WTSU, and is principal cellist and assistant conductor of the Amarillo Symphony.

CLARA SAWYER and Vada Crawford make podges morning, noon and night. These are some of many creations. The smaller mini-podges are displayed on little easels made from drapery hooks.

## 2 Littlefield Women Create Works Of Art

If you should send Mrs. Vada Crawford or Mrs. Tom (Clara) Sawyer a birth announcement, graduation card, or even a pretty Christmas card, chances are they would put it through a special process and return it to you in the form of a mini-podge displayed on a tiny easel.

The two Littlefield women started making the little mosaics about six months ago when the fad hit, and they've been at it ever since.

They work separately, however Mrs. Sawyer has a new baby that keeps her at home and Mrs. Crawford stays busy as manager of the trading stamp store on Phelps Ave.

Of all the things Mrs. Crawford has tried, and her hobbies have run the gamut, she says the mini-podges are the easiest and least messy. "It doesn't take much space," she said. "You make them in stages and just a little space on the end of the kitchen cabinet will do."

The pair makes their own decals, their own oval molds, and the easels are made from drapery hooks.

By starting in the morning with the first process, doing a little more at noon, and finishing at night, they can complete a batch of the little works of art in a day in what they call "morning, noon and night" process.

After the decals have been applied, a solution is poured over the surface to make cracks in the surface. Burnt umber is rubbed over the cracks to give the appearance of something crumbling with age.

The result is a complete work of art. Mrs. Sawyer has a new baby that keeps her at home and Mrs. Crawford stays busy as manager of the trading stamp store on Phelps Ave.

The pair makes their own decals, their own oval molds, and the easels are made from drapery hooks.

By starting in the morning with the first process, doing a little more at noon, and finishing at night, they can complete a batch of the little works of art in a day in what they call "morning, noon and night" process.

After the decals have been applied, a solution is poured over the surface to make cracks in the surface. Burnt umber is rubbed over the cracks to give the appearance of something crumbling with age.

The result is a complete work of art. Mrs. Sawyer has a new baby that keeps her at home and Mrs. Crawford stays busy as manager of the trading stamp store on Phelps Ave.

Of all the things Mrs. Crawford has tried, and her hobbies have run the gamut, she says the mini-podges are the easiest and least messy. "It doesn't take much space," she said. "You make them in stages and just a little space on the end of the kitchen cabinet will do."

### THANK YOU, MR. FARMER

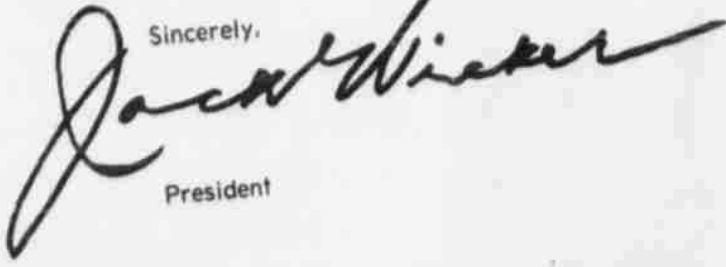

At this Thanksgiving season, all of us who live in Littlefield wish to thank you. You are our industry, and the basis of our economy. We appreciate your hard work, your patience, your good judgement and especially your optimism...there is always next year.

While some communities spend much time and money trying to attract industry, we at Security State feel that it is even more important to help develop the best industry of all, which we already have, **AGRICULTURE.**

The importance of the family farm to America is shown by the following facts:

- \*More than four and one-half million workers are directly employed in agriculture. That's more jobs than in the transportation, steel and auto industries combined.
- \*Three of every ten non-farm jobs in private industry either depend upon or are related to agriculture. Farmers and cattlemen spend \$40 billion a year for goods and services just to produce crops and livestock—employing six million people who work at jobs supplying such things as trucks, tractors, feed, seed, fertilizer, tires and petroleum products. And another ten million people have jobs storing, transporting, processing and selling agriculture's output.
- \*Farmers and ranchers have invested \$307 billion in land and equipment to become highly efficient producers. They feed the average American family for less than 17 per cent of their take home pay.

The farmers and the country banker face similar problems and face them together. We are proud of our farmers "who hang in there" and we are proud of our record of hanging in there with you. Have a happy day, a happy holiday season, and a good next year.

Sincerely,  
  
 President

A Very Happy Thanksgiving To All!

## Journey To The Past

BY EVALYN SCOTT

Last Saturday night in the school cafeteria some 160 ex-students came to share old pictures, memories, and maybe shed a tear, at the annual homecoming of ex-students and teachers of Sudan school.

Providing the spark of sentimentality were five "boys" once known as "The Texas Melody Boys." They hit the roads in the 40's and 50's with strings in hand, and traveled nation wide, troubadour style.

The theme for the program was patriotic. The band played numbers such as "Down Yonder," their once upon a time theme song. But the violinist, Kenneth Johnston, of Kingston, Okla., stepped out smartly with "Under The Double Eagle," which drew a standing ovation.

Back up boys with the melody were Tom Pickett brothers, L. J. of Lubbock and "Buddy" who stayed put in Sudan; Tommy Wright of Lubbock, whose parents are still around and Noble Dudgeon of Sudan, thumped the bull fiddle. The Sudan "five" played together as a group the last time in 1955. They roamed the nation. The two from Lubbock brought back to Texas their pretty red headed

wives, they sorta found somewhere up north.

During the election of officers Calvin (or brother, "Pudd") Wiseman, was named president; Bill Chester of Sudan, vice president; and Mrs. Darwin Reed, was named to the position of secretary and treasurer.

Phillip Gordon was emcee. John King of Kermit was the only ex-teacher present. Inez Boyd called from Seymour.

Members of the Band Parents did double duty cooking and serving the banquet meal.

Mrs. Waymon Bellar was head of the welcoming committee, and assisted with registering.

Archie May of Olton "volunteered" to prepare the Hall of Fame (old class pictures on display) for next year's action.

Velma Findley Roberston of Lubbock was present and recognized as a member of the earliest class represented, 1927. Kenneth Johnston, received recognition for coming the longest distance.

Another distinguished class member of '41 was retired Air Force Colonel W. H. Lyle, Jr.

## Thanksgiving - - How It Came To Be

Pokanoket—does this name mean anything to you?

Though Thanksgiving this year will be the 351st one, few people really know the delightful story of how the holiday has evolved.

Did you know, for instance, that the first Thanksgiving lasted three days? Or that the first Thanksgiving proclamation was signed by Abraham Lincoln? Or the role that Sarah Josepha Hale played in making Thanksgiving what it is today?

The first Thanksgiving was held in December of 1621, when Governor William Bradford of the Plymouth Colony appointed a day of celebration and sent four men out to shoot turkeys and other fowl.

The Pilgrims had come ashore from the Mayflower on December 21, 1620. The winter that followed was heart-breaking; half of the Pilgrims died of disease, hunger and exposure.

But the following March, two Indians befriended the remaining group and gave them Indian corn seed—telling them to plant "when the oak leaves

are as big as mouse-ears" and to catch fish to fertilize the soil. Thus the seeds were sown for the first Thanksgiving harvest.

It was a warm and bright summer, and the crops thrived. When autumn arrived, three log warehouses were filled with provisions—the harvest of 20 acres of corn, and six acres of wheat, rye, barley and peas.

Governor Bradford thought it fitting to celebrate and give thanks for their good fortune and a formal invitation was issued to Massasoit, leader of the Pokanoket Indians, to join them in a feast of Thanksgiving. Massasoit arrived with 90 of his followers and stayed for three days of feasting.

Thanksgiving days following harvests later came to be celebrated throughout the New England Colonies but on different days. George Washington named November 26, 1789 as a national thanksgiving day in honor of the new constitution; but the custom continued to vary widely among the states—kept alive only by the proclamations of local governors.

It was a woman, Sarah

Josepha Hale, however, who first suggested that Thanksgiving should be a national patriotic holiday. She was the editor of the popular woman's magazine called "Godey's Lady's Book," and for almost 20 years she campaigned through editorials and letters to the President, state governors and other influential persons.

Finally, Sarah Hale was able to win the support of President Abraham Lincoln. In the third year of the Civil War, he believed that the Union had been saved; he therefore proclaimed a national day of thanksgiving to be celebrated on Thursday, November 26—naming the last Thursday in November as the day to be observed each year.

Today, many guests—thankful for being invited to Thanksgiving dinner—arrive with gifts for the hostess who prepared the festive meal. Probably without even thinking of how fitting it is to recall a bloom in a wasteland, a number of guests give their hostess a popular perfume named, appropriately enough, Desert Flower.

While turkey is traditional in the United States for

Thanksgiving, in similar holiday of celebrated each November 23rd with shrines, with candy

The colorfully-clad island of Sardinia, other hand, meet the harvest season in offer their thank Festival of the S sundown a solemn people proceed to prayer and to give Within a few days festival, the hunt starts!

In Bavaria thanksgiving festival take place each year of the harvest season dress in traditional perform folk dances back to the 13th and turies.

Whether you Thanksgiving this year big turkey dinner, ceremonial tea, or give a kind thought named Massasoit, named Pokanoket, their corn and their popular, but you do much about the Pokanoket more.

## Littlefield Lions Club To Hear About Healthcare

The crisis in healthcare — evidenced in skyrocketing costs to taxpayers and business, poor quality service, inefficiently used medical manpower and facilities — and some of the currently suggested methods of resolving it, will be the subject of a program to be presented Wednesday, Dec. 1, to the Littlefield Lions Club at noon at the Littlefield Community Center.

Speaker for the program entitled "Healthcare: The Great Debate," will be William E. Massey of Chicago, assistant manager for the southcentral region Individual Lines division of Continental Casualty Co.

Healthcare, a \$67-billion business in 1970, is predicted to near the \$200-billion mark in the early 1980's. According to the U.S. Chamber of Commerce, between 1960 and 1970 doctors' fees rose 60 per cent, daily hospital charges zoomed 170 per cent — while the overall cost of living was going up only 30 per cent.

Massey plans to discuss the various programs for national health insurance proposed by Senators Edward Kennedy and Jacob Javits, the Nixon administration, the American Medical Assn., and the Health Insurance Assn. of America.

## Four Arrested By Authorities

Four persons were jailed by county authorities Wednesday through Saturday.

A 37-year-old Spade man was charged with being drunk Wednesday.

Virginia Rangel was picked up for driving while intoxicated, and was released on a \$500 bond Saturday morning.

A 20-year-old Sudan youth with him was fined \$50 for being drunk.

## THE CHILDREN and grandchildren of Mr. and Mrs. J. W. Johnson Sr. will honor them on their 15th wedding anniversary Sunday, Nov. 21 with a reception in the Lamb County Electric Willie Room at Littlefield, from 2 to 4:30 p.m. Mr. and Mrs. Johnson were married in 1921.

## FLASHBACK

The 1962 Edition of the Wildcat Annual was dedicated to Mrs. Kenneth Lynn.

ningham was concluded last Monday morning. All women present took part in the study of the book which was to lead the group into the "Week-of-Prayer" programs to be given the latter part of the month.

DONNA MULLER, Kathy Langford, Joyce Yandell, Cindy Neinst and Danny Leonard, members of the Olton Mustang Band, made a trip to Lubbock on Wednesday for contests.

MISS VIRGINIA Johnson, daughter of Mr. and Mrs. William Johnson of Olton, former residents of this community, was dismissed from Methodist Hospital Monday after a stay of two weeks following brain surgery. She will recuperate at the home of her parents before returning to her job in Lubbock.

MR. AND MRS. Jerry Perry visited Virginia Johnson at Methodist Hospital in Lubbock last week.

MR. AND MRS. J. C. Muller left a couple of weeks ago for Phoenix, Ariz. where they will spend the winter months.

MARK MULLER spent a couple of days last week in the University Hospital in Lubbock for treatment of an intestinal disorder.

MR. AND MRS. Aubrey Neinst, Cindy and Mark were Monday night supper guests of their daughter and family, Mr. and Mrs. Gene Light of Olton.

FAY MOORE, Martin Wheeler, Blanton Martin and John Walker attended a brotherhood meeting Tuesday night at the Baptist Church. The men decided to call off all meetings of the organization until after crop harvest.

VISITING IN the M. W. Wheeler home last weekend were their daughter and family, Mr. and Mrs. Jim Taylor, Marty and Johnny Mack of Odessa.

THE CHILDREN and grandchildren of Mr. and Mrs. J. W. Johnson Sr. will honor them on their 15th wedding anniversary Sunday, Nov. 21 with a reception in the Lamb County Electric Willie Room at Littlefield, from 2 to 4:30 p.m. Mr. and Mrs. Johnson were married in 1921.

and she spent Thursday night in the Dewey Parkey home. On Friday Miss Parkey's brother and wife, Mr. and Mrs. C. J. Parkey of Altus, Okla. came for her and carried her back to Altus where she was hospitalized. At the last report she was slightly improved in her speech and mind.

VISITORS IN the Edwin Oliver home over the weekend were Oliver's brother, E. H. Oliver of Ft. Worth and Mr. and Mrs. A. E. Oliver of Thalia. On Sunday afternoon they visited in Bula with a cousin and family, Mr. and Mrs. F. L. Simmons, and near Littlefield on Monday night with Mr. and Mrs. Kerwin Oliver and Elisa.

MRS. BILL JOHNSON, Melinda and Mark and Jeff Neinst and Debbe Oliver were in Lubbock Sunday afternoon where they attended the movie, "Greatest Story Ever Told."

## Dinner Fetes Olton Club

OLTON-Study Club met Monday night at Woman's Club House for a Thanksgiving dinner, which included both husbands and friends.

Hostesses were Mrs. J. L. Carson Jr. and Mrs. H. B. Carson.

Mrs. Bill Yates, president, presided at the short business meeting.

Mrs. Douglas Lawyer showed films of "Nigeria, Africa," and told of their mission work there.

The group brought gifts for the gift box for State Hospital at Wichita Falls.

The serving tables and Club House were decorated in the Thanksgiving theme.

Attending were Messers, and Mmes. Roye Aikman, H. B. Carson, J. L. Carson, Jr., Frank Cornelius, Raiford Daniel, D. M. Granbery, Bailey Hair, Barton Prestridge, E. R. Spain, Jack Straw and J. T. Gibson. Also Mmes. J. C. Brown, Paul Burrus, Jim Fuller, C. S. Silcott, Bill Yates, Juanita Thomas, Douglas Lawyer and Miss Helen Locke.

Arbor Day Kits are used primarily for use by day schools and community organizations. Each kit contains two pecan seeds (pecan is the tree of Texas) and a card which includes instructions, a map outline, and appropriate program aids for an Arbor Day observance. School children find planting the seeds in an excellent classroom activity.

The seeds for the kits are provided by the Texas Pecan Association which cooperates with the Forest Service in the observance of Arbor Day.

Persons desiring free Arbor Day Kits should address their requests to the Texas Forest Service, College Station, Texas

## ROOSEVELT COACH LAUDS FUNK

### Grid Gear Stashed Away

The last basketball suits have been issued and the last group of footballs in District 3-AA have been stashed away, to gather dust until next summer.

The district, after a fierce struggle in determining champions, lost its playoff representative last Friday night, so now, all eight schools are engrossed in the gymnasium sport where a couple of football's lower-division schools are expected to battle for the title. Morton and defending champion Dimmitt are the top choices for the basketball laurels.

Littlefield, which tied Floydada for the football crown and got the playoff ticket, was stunned by Roosevelt 27-7, in bi-district last week, ending the football year for the district. Roosevelt, representing District 4-AA, will now play Childress in Plainview Friday night in the regional round.

The opportunist Eagles from Roosevelt

took advantage of two Littlefield mistakes, a fumble and a stray pass, to get their first two scores. And when on offense, Littlefield's all-state runningback candidate, Ralph Funk, drew defenders like a magnet attracts nails. Funk gained 149 yards for the game ("there's no way in the world to stop a guy like that," commented Roosevelt coach Houston Powell after the game.) but he was able to pick up only about 60 in the first half.

A fumble recovery at the 13 put Roosevelt in position to score its first TD and an interception triggered the second TD march. The Eagles scored once each in the third and fourth quarters and had all their points before Littlefield managed to score.

The Wildcat's scoring drive measured 75 yards, with Funk picking up 53 yards, including the last one. Littlefield stayed

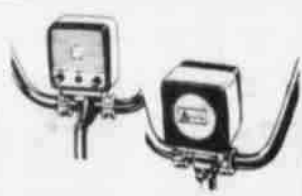

with a ground game, which had to take advantage of their mistakes.

The touchdown was Funk's second season as he wound up his career with 156 points for the school. Roosevelt wingback David scored twice for the winners, terbacks Don Jackson and Hightower scored on one-yard and the other touchdowns.

"What really helped was being commented Powell after the game getting two quick touchdowns, never going to stop Funk, he's back. I just knew at any moment going to break a long one on us. The loss for Littlefield was only of the year, as the Wildcat's closed first year under Coach Jerry Blum an 8-3 record.

## Governor Urges Citizens 'Prevent Crime Upsurge'

An appeal for Texans to "take crime out of Christmas" has come from Governor Preston Smith, as he urged citizens to join in a statewide effort to prevent the upsurge in crime which frequently accompanies the yule season.

"Many crimes which occur during the Christmas rush," the governor said, "go unreported. Law enforcement officers find it difficult to cope with increased traffic and increased offenses all at the same time. The result is increased opportunity for the criminal, and increased crime."

The appeal, timed to coincide with the start of the Christmas shopping season, was made in connection with the Governor's Crime-Stop program launched early this year.

Governor Smith said the effort has received widespread response from newspapers and police agencies, cooperating in a public information campaign

to encourage citizens to report offenses and suspicions to police and to educate the public in crime prevention methods. Goals of the program, he said, are expressed in two slogans used in the early stages of the campaign: "Don't be crimes silent partner," and "Crime made easy makes crime."

"If you neglect to report an offense or suspicious behavior to police, you are crime's silent partner," the governor said.

"Failure to exercise the proper precautions makes crime easy, and results in more crime being committed."

The governor gave these reminders: "When shopping, take no more cash than you actually need; keep a tight grip on your pocketbook; place packages out of sight in the trunk of your car, instead of in a seat. Keep your house locked, and don't advertise it when you are away from home. Watch out for suspicious strangers in your neighborhood. Report to police.

## Income Questionnaires Exempt From Filing

Nearly one million checks mailed Nov. 1 by the Veterans Administration carried a welcome reminder to the recipients that they were relieved of some paperwork.

Jack Coker, VA Regional Director, explained that PL 91-588, enacted last December, allows the VA Administrator to exempt from filing annual income questionnaires (IQ) those pensioners 72 years old and older who have been on the rolls during two consecutive years.

These pensioners include veterans, widows, and parents receiving dependency and indemnity compensation (DIC) payments from VA.

VA usually mails the IQ's to pensioners with their Nov. 1 checks, officials said, but this year about half of the pensioners received notices that they wouldn't have to file IQ's.

However, it was stressed that even though they won't have to file IQ's, these 72 year old pensioners still must continue to report changes in income to VA.

VA adjusts pension and DIC payments from information obtained from IQ's, it was explained. Pensions are paid, on the basis of need, to veterans totally and permanently disabled from non-service causes, and to widows and children of veterans who die of non-service causes.

Parents with limited income of veterans who die of service-

connected disabilities may be eligible for DIC. The VA office in Littlefield is located in the courthouse basement. Information may also be obtained by writing the VA Regional Office, 1490 North Valley Mills Drive, Waco, Texas 76710.

THERE MAY be some interesting background behind this lesser sandhill crane shot by Clint Penn Sunday. The crane had a band on its leg. The band was turned over to Pat Donnelly, game warden, who sent the band off. It takes 30 to 60 days to run the trace on the birds and return a certificate showing where the bird was banded and how old it is. Penn brought the bird down between George White Ranch and Bull Lake Pasture.

### Rocky Ford Holds Celebration

ROCKY FORD-The Rocky Ford community held their annual Thanksgiving celebration Saturday evening, in the home of Mr. and Mrs. Alvin R. Mills. The guests were served refreshments of baked turkey, cranberry sauce, sweet potatoes, pumpkin pie, candies and other treats. Following the meal they all gathered to play games and visit. This celebration is nearly every year for those in the community.

### Dealer Charged With Violation

Tommy J. Hines, a livestock dealer, of Tyler, has been charged with violating payment and record-keeping requirements under the Packers and Stockyards Act, according to the U. S. Department of Agriculture.

He purchases livestock throughout Texas, Oklahoma, Arkansas and Louisiana.

The administrative complaint was filed by USDA's Packers and Stockyards Administration (P&SA).

Filing of a complaint does not prove that Hines has violated the P&S Act. He has a right to a hearing to determine if the evidence supports the charges.

P&SA alleges that Tommy J. Hines:

- (1) Issued insufficient funds checks in payment for over \$149,000 worth of livestock, from January through July, 1971;
- (2) Failed to pay, when due, the full purchase price for such livestock; and
- (3) Failed to keep complete accounts and records which correctly disclosed all transactions involved in his dealer business under the Act, from January through July, 1971.

If the charges are proven, Hines would be prohibited from such practices. His registration may also be temporarily suspended.

P&SA requires livestock dealers to pay for livestock by no later than the close of business on the day following purchase, unless credit has been arranged in advance. This is designed as a measure of financial protection to sellers.

The P&S Act is a fair trade practices law. It promotes and maintains fair and open competition in the marketing of livestock, poultry, and meat. The Act is administered on a nondiscriminatory basis.

The record in this case is open to the public. Copies of the complaint, P&S Docket 4551, may be obtained from the Information Officer, Packers and Stockyards Administration, USDA, Washington, D.C. 20250.

# Scenes of the first Thanksgiving

Pilgrim children joined in the task of shelling and grinding the multi-colored flint corn, which the Indians had taught the Pilgrims to plant.

As the grown-ups carved the first Thanksgiving turkeys, the youngsters looked on drooling with joyful anticipation.

Do Your Christmas Shopping In Littlefield

FIRST THANKSGIVING celebrated at Plymouth in 1621 was a harvest festival, a gathering of friends and neighbors, and a time of games and feasting.

Most half of the original 102 Pilgrims had survived the winter. They had labored long and hard to build a settlement and plant crops. When the harvest was in, they celebrated.

Writing to an English friend describing the first Thanksgiving, one of the Pilgrims said: "Our harvest was in, our Governor William Bradford sent four men to help us, so that we might after a more special manner rejoice together after we had gathered the fruit of our labours."

Among the rest, their (the Indians) greatest king, with some 90 men, whom for three days, we entertained and feasted, and they went out and killed five turkeys for us, which they brought to the Plantation and bestowed on our Governor, and upon the Captain (Myles Standish) and the rest.

Describing this Thanksgiving, which set the pattern for the traditional American celebration, writers tell of games, wrestling, exercising arms (infantry drill) and dancing the bar.

These scenes were acted out by the Pilgrim and descendant Indian descendants still living in the Southland Cape Cod area. Appropriately enough, the first Thanksgiving was celebrated at Plimoth Plantation, an outdoor museum where the first Pilgrim settlement has been re-created. It attracts visitors from all over the world.

## Texas Duck Hunters Report Slow Start

Duck hunters from across the state are reporting poor shooting, and things aren't expected to get better until some really good weather pushes the birds south of the Red River, according to Texas Game and Wildlife Department officials. Hunters in Northeast Texas report that ducks are flying and scattered ducks are flying and generally good weather in the area has kept boaters, waterskiers and fishermen on the lakes. This sort of action has been spooking most of the ducks in the area.

to get the hang of the point system to determine bag limits. Hunters may have one to 10 ducks in the aggregate based on the following 100 plus system.

100-point ducks—canvasback ducks and red-head ducks.

90-point ducks—mallard hens, New Mexican ducks, black ducks, wood ducks and hooded merganser ducks.

20-point ducks—all other species except black-bellied tree ducks and fulvous tree ducks.

The daily bag limit is reached when the point value of any duck taken is added to the total point value of all ducks already taken that day reaches or exceeds 100 points.

One fully feathered wing must remain attached to dressed ducks while being transported between the place taken and the personal abode of the possessor or between the place taken and a commercial preservation facility.

## Wedding Shower Honors Couple At Hart Camp

Mrs. Edwin Oliver registered the guests. Approximately 40 gifts were registered with 23 guests in attendance.

Special guest was the groom's mother, Mrs. Louis Lopez Sr. Hostesses were Mmes. Dan Puckett, Dewey Parkey, K. Sorrenson, V. L. Foster, Edwin Oliver and Blanton Martin.

Hostess gifts were an electric mixer and a toaster.

## 4 Cars Involved In 2 Accidents

Highway Patrolman Weldon Parson investigated two vehicle accidents Friday and Saturday.

The first accident occurred two miles west of Fieldton about 11:20 a.m. Saturday when a 1969 Ford driven by Benny Ortega of Rt. 1 Amherst was traveling east and collided with a south bound 1968 Ford pickup driven by A. B. Short of Rt. 1 Littlefield.

About 10 p.m. Friday two west bound cars collided eight miles east of Littlefield on U. S. 84.

Lyndon Findley of Littlefield was driving a 1966 Chevrolet west on 84 and John R. King of Sudan was traveling in the same direction in a 1971 Nova when King apparently sideswiped the Findley car, according to the officer's report. There were no injuries.

## Homecoming Scheduled Dec. 9-11

Homecoming Day activities on Saturday, Dec. 11 will begin with the parade scheduled for 2 p.m. in the downtown area of Levelland. The parade will feature colorful floats, the Tex-Anns, Texan Band, visiting bands, convertibles with Homecoming Queen nominees and invited dignitaries, special marching units and many other entries.

Later in the day a special Dedication Dinner will be held in Texan Hall in honor of a group of individuals selected by the students, administration and faculty. The recipients of the special dedication honors will not be announced until next week.

A giant bonfire pep rally will be held at 7:30 p.m. east of the new parking lot beside Lamar Hall. Student Senate member Butch Reed is in charge of the bonfire and will be assisted by several campus organizations.

A victory chain-dance or snake dance will be held prior to the bonfire, the chain will be led by the SPC Cheerleaders, members of the Texan Band, and Student Senate members who will wind their way through the dorms and the Student Union picking up students as they go.

The SPC Texans will meet New Mexico Military Institute in the Homecoming basketball game Saturday night.

Immediately after the game a Homecoming Dance and Reception will be held for students, ex-students, SPC employees and other friends of the College. Two dances will be held concurrently—a rock dance featuring the music of "The Traveling Salesmen" in the Student Union and a western dance featuring "The Maines Brothers." No admission will be charged to the dance.

## Circle Meets For Study

AMHERST—The Lottie Moon Circle of the Baptist WMU met at the church Monday afternoon for Bible study. Mrs. E. L. Schovajsa, Circle chairman, had charge of the business meeting.

Mrs. N. H. Humphries, prayer chairman, read the prayer calendar; Psalms 16th chapter; and led the group in prayer for the missionaries.

A collection was taken for the Circle's part of the auxiliaries plan to take cake and punch to residents of the Amherst Manor for this month's missions. Mrs. Shavor and Mrs. Bearden each gave a punch bowl set to be used at the church and Mrs. Bradley gave two water pitchers to the church.

Mrs. A. Tomes, Bible study chairman, was in charge as the group studied the first chapter of Hebrews.

The next meeting will be Dec. 13.

Mrs. Jim Bradley dismissed with prayer.

Attending were Mmes. Paul Vanse, A. Tomes, G. C. Bearden, Floyd Rowell, E. L. Schovajsa, Jack Yarbrough, Johnny Smith, Buford Thompson, Lloyd Edwards, Jim Bradley and N. H. Humphries.

### DALLISGRASS POISON

Livestock grazing dallisgrass may be subject to ergot or dallisgrass poisoning, say veterinary science officials at Texas A&M University. The poisoning results from toxins produced in the seed head of the grass. Symptoms include muscle tremors, incoordination and excited periods when the animal wants to fight. Fatal convulsions may result. There is no antidote against the poisoning. Suspect pastures should be mowed or shredded low enough to remove the seed heads.

## Home Improvements Take Local Funds

How much are Lamb County homeowners spending per year for alterations, improvements, repairs and maintenance of their property?

The findings are that it runs into big figures. According to the latest government reports listing average outlays per housing unit in the regional area, local homeowners spent an estimated \$1,557,000 for such purposes in the past year.

It amounted to an average expenditure in the area of \$222 per unit. Nationally it was \$297.

These were the averages. Some spent more than this and others much less since only a small proportion of homeowners go in for sizeable improvements or renovations in any one year.

The figures, based upon data from the Department of Commerce, show that the major outlay, in most cases, was for additions, alterations and replacements. About 60 percent of the total went in this direction.

The remaining 40 percent was for maintenance and general upkeep. Painting was the biggest item in this category, accounting for nearly half the amount

spent. Next in order were plumbing, roofing, heating and other repairs.

The amount of money going for home improvements has been on the rise lately. Nationally, reports the Commerce Department, \$14.8 billion was so-spent in the past year. This was an increase of \$1.2 billion over the previous year.

Most experts agree that the increase was due principally to the fact that many families who would normally have been moving into new homes decided to stay where they were and improve or remodel the old home.

They reached that decision after shopping around. What they found was a tight market, with a small number of properties for sale, reflecting the limited amount of new construction in the last few years.

As a result, the prices of available houses, new and old, have become very high. Coupled with that has been the financial problem of getting mortgages at satisfactory interest rates.

The decision to stay put and spend the \$1,557,000 on improvements and repairs has been a boon to Lamb County mechanics and to local merchants selling building supplies.

## Mrs. Simnacher Presides At Pep P-TA

PEP—The Pep P-TA held their monthly meeting Nov. 9, in the Pep High School Auditorium.

Mrs. Frank Simnacher, president, called the meeting to order. Miss Ann Hedges led in prayer and the pledge. Mrs. Bennie Silhan gave the treasurers report.

Plans are to pay one-third on the basketball backboards in the gym. The P-TA will sponsor

the Junior High Basketball tournament at Pep, Dec. 3 and 4.

Mrs. Frank Simnacher and Mrs. Bennie Silhan gave a report on the workshop they attended at Ralls. Their topic was "we can work it out".

P-TA Banner went to the freshmen class.

Hostesses were Mrs. Frank Simnacher and Mrs. Walter Gerik.

The next meeting will be Dec. 13, at 7:30 p.m., in the Pep High School Auditorium.
