## INVENTOR SAYS..

# First Cars Off Assembly In 8 Months Is Possible

"If things go right, we could be producing our first postal carts within the next eight to 12 months", D. L. "Cotton" Whatley, president of the EMV Corp., told Lions Club members and their guests Wednesday.

Whatley made the announcement after the regular noon meeting of the organization—to which several guests and the general public were invited.

He told of meeting 4 1/2 hours with Borg-Warner executives in Chicago and of the planning and testing that company is putting into the ElectricCar.

Borg-Warner has a new automobile unibody design to be made of a tough plastic that can be pulled in three minutes (thermoforming), much faster than the original fiberglass body the first car had.

These unibodies will be manufactured in Littlefield and one pulled every three minutes if production demands.

Borg-Warner will make all component parts which will be assembled here.

Whatley said "the efficiency of our car should increase as much as 40 percent from where we are today. The total weight will be reduced from 500 to 600 pounds from our original model, thus allowing a reduction in voltage required to power the motor."

"The plastic body will be much lighter than the fiberglass one, and Borg-Warner will crash test the car with manikins to be sure it meets all safety requirements", Whatley said.

The batteries will go up front because of the new design, instead of behind the seat as they are at present on Prototype One. The hood will be 18 inches longer and will be more streamlined in design.

In the event a car is involved in an accident and the plastic is broken, a hot nitrogen torch can be used to melt the plastic and repair the break.

"We're not trying to compete with the Big Three", Whatley said, "This car has a great appeal and we'll have a heck of a market."

Whatley highly commended Littlefield in its people's interest in the car. He said "the pride in Littlefield shows on the faces of its citizens more than any town I've ever been in."

In denoting the possibilities Littlefield has in the future, he quoted statistics from a bulletin released by the National Chamber of Commerce, titled, "What 10 New Factory Jobs Bring To A Town".

The ElectricCar plant will hire 700 and would bring 25,200 more people to Littlefield; add 6,300 children to the school system; set up 700 more

households; add \$4,970,000 more personal income per year; place \$1,603,000 in banks for deposits; would mean 700 more passenger cars registered;

420 more people employed in non-manufacturing jobs; and would mean \$2,217,000 in retail sales per year.

## Registration Set Tuesday, Wednesday

Registration days are here again and school bells will be ringing for hundreds of Littlefield school students.

Classes will begin Thursday, Aug. 28, according to Superintendent of Schools Paul I. Jones.

Registration for Primary, Elementary I and Elementary II students who have never attended Littlefield Schools, began Monday and will continue today and Friday from 9 a.m. to 3 p.m.

Those in this category who attended school here last year will NOT need to register, but report for school Thursday, Aug. 28, at 8:15 a.m.

Junior high students who have not attended Littlefield schools should come during regular registration days, Tuesday, Aug. 26, ninth graders register from 9 to 11 a.m.; that afternoon eighth graders register from 1 to 3 p.m.; and Wednesday, Aug. 27, seventh graders will have orientation in the junior high school auditorium at 9 a.m. They will register at 10 a.m.

High school students who have not attended Littlefield schools are registering this week in the high school principal's office between 9 a.m. and 3 p.m., through Friday.

Seniors register Tuesday, Aug. 26, from 9 a.m. to 12 noon; juniors register that same day from 1 to 3 p.m.; and sophomores attend orientation at 9 a.m. in the high school auditorium, followed by registration.

JOHNNY MURRELL, foreman of the Halsell Ranch near Earth chooses the beef they donated for the barbecue at the 20th Annual Lamb County Pioneers Reunion scheduled Tuesday in Littlefield's Community Center. The herd stands near the original spring lake, which is located on the Halsell Ranch west of Earth.

## NINA MANLEY Bottle Feeds Coon

Nina Manley has a "weird" racoon named Jeffy that eats bugs and sucks milk from a baby bottle.

The little coon was only two weeks old when Nina got him, and she fed him with a doll bottle until he was big enough to suck a baby bottle. Now Jeffy is old enough to wean, but he refuses to kick the bottle habit.

"Racoons are supposed to eat fish, eggs and fruit," Nina said, "but Jeffy is weird. All he'll eat is bugs and milk."

The coon is named after a boy Nina met in South Texas. Jeffy and four other racoons were found in a hay baler near Goldthwaite and one was given to a boy who is a neighbor to Nina's sister. Nina was visiting her sister at the time and begged the boy for the coon in the interest of "nature and science."

Nina became owner of the tiny coon when the boy learned she was from coonless West Texas.

Coon-like, Jeffy likes water and shiny objects, and sticks his paws down into every crack and crevice he finds. Nina compares his playfulness to a domestic kitten. "He discovered his tail the other day," she said. Jeffy was sitting in the water when he saw his tail between his legs. "He pulled it up with his paws and bit it," Nina said, "and learned that it was part of him when the bite hurt."

Nina's coon spends most of his time in a cage in the back yard, "because he gets into and on everything in the house."

"And the longer we leave him outside," Mrs. Manley said, "the more he gets into when he does come in."

Jeffy, the coon, has to contend with Fifi, the white miniature poodle. The poodle was much bigger than Jeffy when the coon first came to live at the Manley's. Now at three months, the coon is about the same size as Fifi and the coon gives the pedigreed pooch the cold shoulder most of the time.

"When Jeffy walks past the poodle without paying any attention to her," Nina said, "Fifi jumps on him and bites the racoon's ears."

## 1969 Wildcat Signing Party Slated Friday

An annual signing party, to celebrate the arrival of the 1969 "Wildcat" will be conducted Friday night, Aug. 22, at 7:30 in the LHS lunchroom.

All students, teachers, and administrators who have purchased an annual are asked to bring their receipts.

A limited number of the 1969 edition of the "Wildcat" will be on sale for \$7.

After Friday night, the annuals may be picked up in the high school principal's office.

Milynda Morris was editor of the '69 edition, Donarex Bowen was business manager, and other staffers were Beverly Chisholm, Gordon Sorley, Jan Christian, Janice Oldham, Jo Reid and Nancy Hall.

Mrs. Edward Betts was sponsor.

## Red Carpet Ready For Pioneers

Approximately 400 Lamb County Pioneers are expected to get the "red carpet treatment" Tuesday afternoon, Aug. 26, when they convene in Littlefield's Community Center.

They will gather to celebrate the 20th Annual Lamb County Pioneers Reunion and will hear a group of fiddlers and representatives from every community in Lamb County as they present a portion of the program.

Registration will begin in front of the Community Center at 2 p.m. with Herbert Dunn and Mrs. Simon D. Hay serving as co-chairmen of registration.

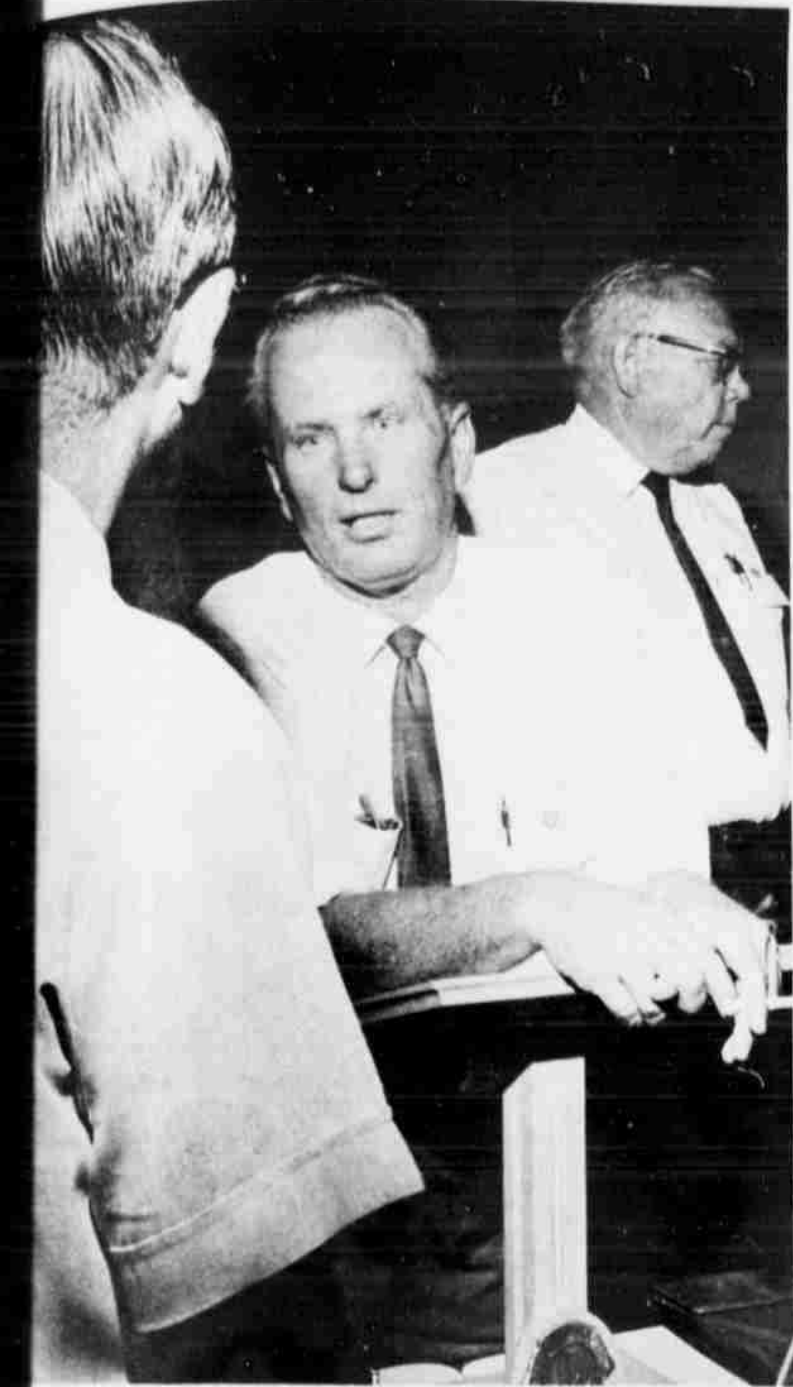

The organization, founded July 17, 1949, is composed of persons who have been in Lamb County 25 years or longer, and who have lived in Lamb County at least that long ago, not necessarily a continuous residency.

Out-of-county residents are asked to come without bringing food, because persons residing in the county will provide the salads and dessert to go with the barbecued beef which will be provided and barbecued by Johnny Murrell of Earth and the Halsell Cattle Co. of Earth.

Gifts will be given to persons traveling the farthest distance to come to the event, and to the oldest man and the oldest woman present.

This year's officers include Ray Smith of Spade, president; Fred Lichte of Littlefield, vice president; Lyle Brandon of Littlefield, secretary; and Sid Hopping of Littlefield, treasurer.

Directors are V. M. Peterman of the Rocky Ford community, L. L. Uelton of Amherst, R. L. Byers Jr. of Springlake; Mrs. Bonnie Haber of Pleasant Valley and Myrtle Clayton of Springlake.

INDUSTRIAL CAR POTENTIAL is being discussed by D. L. "Cotton" Whatley, center and Jim Kelly, Chamber of Commerce manager. Whatley, president of the EMV Corp., was in Littlefield Wednesday to present a report for the general public at the Community Center. To the right is Paul McCormick the first businessman to promote Littlefield as a center for manufacturing.

## Annual Plans Take Shape for Sidewalk Art Show

Plans of area and local artists, for paintings and handcrafts, will be on display in Littlefield tomorrow for the Annual Sidewalk Art Festival, held yearly by "We, The Women" in conjunction with the Chamber of Commerce and the Hart-Thaxton Hardware and Associations of Littlefield.

Registration of entries will begin at 4 p.m. in the 500 block of Phelps Avenue. The show will continue until 8:30 p.m. on the east side of Phelps Avenue.

This year's festival is arranged into two sections, one for paintings and one for handcrafts.

Prize, \$20 in cash, will be given to the winner in the arts and crafts section.

Prizes will be divided into three sections: 1—adult, 2—junior, ages 15 to 18—intermediate, under 15.

Prizes for paintings include, adult first place, \$25 cash plus \$20 in supplies; second place, \$20 cash plus \$10 in art supplies; and third place, \$15 cash plus \$7.50 in art supplies.

Prizes for handcrafts include, first prize, pastels; second and third places, ribbons of recognition.

Intermediate section, first prize, water colors; second and third places, ribbons of recognition.

No entry fees will be charged, and no limits are set on number of works exhibited, but only one award will be given per person.

Each exhibitor must provide his own display stand, and paintings and crafts which are exhibited in the 1968 festival are not eligible for 1969 awards.

Winners will be chosen by popular vote of the viewers. Votes will be tabulated until 7 p.m. when winners will be revealed. Exhibits will remain on exhibit until 8:30 p.m., so viewers may see the winners.

"We, The Women", a Chamber of Commerce affiliated organization, will have a food booth set up in the 500 block of Phelps Avenue. Members of the organization invite the public to "come and view the paintings and eat supper with us. We'll have hot dogs, sandwiches, cakes and drinks."

Cash awards for winners are provided by "We, The Women" and the art supplies are donated by Hart-Thaxton Hardware.

ART SHOW CO-CHAIRMEN, Mrs. Cal Harvey and Mrs. R. N. Nicholas, discuss a painting which will be entered in the Third Annual Sidewalk Art Festival slated to begin at 4 p.m. tomorrow in downtown Littlefield on Phelps Avenue. Final plans have been made and the show is ready to go according to the co-chairmen.

## Water Usage Rises

Due to the hot, dry weather, and temperatures reaching the high 90s and 100s for more than 20 days, Littlefield residents set a new high in water consumption.

According to J. P. Ray, director of Public Works, the July water sales this year are almost one-third again more than the amount for July, 1968, with this year's consumption at 60,382,000 gallons compared to 41,230,000 gallons used in July of last year.

August usage shows a sharp increase over the July total. Littlefield residents consumed almost 40 million gallons of water in the first 18 days of this month, almost as much water the first half of the month of August last year.

Over 3,662,000 gallons were pumped out of the reservoir in the first 18 days of this month with 2,632,000 gallons in one day and 2,672,000 pumped out on the following day. "If we don't get a rain soon," Ray said, "the month of August will be an all-time high."

Miss Beverly Gail Nix became the bride of Dennis Eugene Turney in a candlelight ceremony August 9, in the Parkview Baptist Church in Littlefield with Rev. R. N. Tucker, pastor, officiating.

The bride is daughter of Mr. and Mrs. Truman Nix of Littlefield and the groom is the son of Mrs. Myrna Turney of Enochs and the late Doye Turney.

The bride, given in marriage by her father, wore a formal-length gown of wedding white peau de soie overlaid with embroidered lace. Seed pearls and sequins accented the neckline and the scallops of lace which flowed on either side of a panel of white silk organza. Wrist length petal point sleeves were accented with four small covered buttons. In the back, the dress flowed into a chapel-length train of white lace accented with 32 small covered buttons.

Her veil of bridal silk illusion was attached to a tiara of lace with seed pearls forming petal points. She carried a bouquet of white feathered mums around one large mum with pearl hearts and streamers of white satin ribbon.

For something borrowed, the bride carried a lace handkerchief of her sister's. Her wedding attire served as something new and she wore the traditional blue garter. In her shoe, she carried two lucky pennies, dated 1948 and 1949.

Traditional wedding music was furnished by Mrs. Jean Parkman, organist, as she accompanied Mrs. Jane Shipley, soloist, while she sang "More," "The Twelfth of Never" and "The Lord's Prayer."

Double ring vows were

repeated before an altar decorated with an open Bible resting on emerald greenery with a single mum. Candelabras on each side of the altar were flanked with emerald greenery and white mums. Decorations on the banisters were of boxwood garland with bows of apricot satin ribbon.

Miss Teresa Nix of Lubbock served as maid of honor for her sister.

Bridesmaids were Miss Dean Davis of Littlefield and Miss Barbara Clawson of Bula.

The bride's attendants wore formal-length empire designed gowns fashioned of primo with three-quarter length sleeves of mira mist in the bride's chosen color of apricot. Headpieces of large apricot bows with an attached veil of the matching sheer material were worn. Single long-stem white mums with white satin streamers were carried.

Best man was George Autry of Enochs, uncle of the groom. Groomsmen were Kenneth Overland of Lubbock and Mike Richardson of Bula.

Ushers were L. D. Holt of

Bula and Kenneth Turney of Enochs, brother of the groom.

Guests were registered by Miss Karen Bridges of Littlefield.

For her daughter's wedding, Mrs. Nix wore an aqua knit suit with black patent shoes and bag and white gloves.

The groom's mother wore a two-piece suit of white knit with navy pin stripes and navy accessories.

They each wore a corsage of white French carnations.

Following the ceremony a reception was held in the Fellowship Hall with Miss Sharon Turney and Miss Carolyn Turney, sisters of the groom, serving.

They presided over a table covered with white net accented with apricot bows. The table was centered with a candelabra and white tapers with greenery and white mums. The bride's bouquet also served as centerpiece during the reception and the attendants bouquets adorned the piano in the reception hall. A three-tiered wedding cake, nuts, mints, and bridal punch were served to the guests. Crystal and silver appointments were used.

Assisting with the reception; were Miss Evah Tucker and Miss Ann Hopper.

For their wedding trip to Cloudercroft and other points of interest in New Mexico, the bride chose a navy blue knit dress which featured a red scarf. She wore red shoes and carried a white bag and white gloves. Her corsage was lifted from the bridal bouquet.

The bride is a 1968 graduate of Littlefield High School and attended South Plains Junior College.

The groom is a 1966 graduate of Bula High School and is employed by Autry and Son Pump Service in Enochs.

After the honeymoon, the couple will make their home in Enochs.

Out of town guests were: Mr. and Mrs. John Hogue of Dimmitt; Mr. and Mrs. Bob Nix of Seymour, Mr. and Mrs. James Nix of Texarkana, Mrs. James Hemke and daughter, Sharon of Nebraska, Miss Linda Hemke of Bovina and Miss Brenda Gfeller of Oklaunion.

# Smith-Adrian Vows Exchanged

Miss Hellen Ruth Smith and Lonnie Dewey Adrian pledged double ring wedding vows Saturday afternoon in the First United Methodist Church in Olton.

The Rev. Bill Odom of Crosbyton directed the exchange of vows before an altar set with an arch candelabra entwined with greenery, bearing deep orange tapers. Brown straw baskets filled with mums, gladioli and Killion daisies in shades of orange flanked each side.

A large orange memory candle centered the altar table and the candle was lit by the couple following the exchange of vows.

Parents of the bride are Mr. and Mrs. L. A. Smith of Hart Camp and parents of the groom are Mr. and Mrs. G. L. Adrian of Earth.

Presented in marriage by her father, the bride wore a formal-length princess dress fashioned of white raw silk enhanced with appliques of lace daisies and seed pearls. Designed and made by the bride, it featured a portrait neckline and elbow length bell sleeves.

Her chapel-length train, edged in matching lace, was attached at the back waistline. Her fingertip veil of silk illusion was held by a Dior bow and she carried a cascade bouquet of Frenched daisies, pom-pom mums, agapantha in

shades of orange with accents of Bristol fairy.

Maid of honor was Miss Mary Bess Smith, sister of the bride, and her floor-length gown was of burnt orange linen featuring a portrait neckline and a single row of orange centered daisies around the hemline.

Bridesmaids were Miss Jan Amerson of Olton, Miss Kathi Norfleet of Olton and Miss Susie Adrian of Earth, sister of the groom.

Their dresses were tangerine, apricot and beige, all styled identical to the gown worn by the maid of honor.

Their accessories were white and they all carried a basket of flowers in shades of orange.

Serving as best man was the groom's father, G. L. Adrian of Earth.

Groomsmen were Claude Holder of Earth, uncle of the groom; Gilbert West of Smyer and James Thomas of Earth.

Performing usher duties were Rick Cooper of Earth; Ricky Bennett of Hart and Guy Lynn Davis of Earth, cousin of the groom.

Candlelighters preceding the bride down the aisle were the groom's sister and brother-in-law, Mr. and Mrs. Stanley Kilmer of Lubbock.

Guests were registered by Miss Marilyn Cade of Whiteface.

Nuptial selections, "I Love

You Truly", "Whither Thou Goest" and "The Lord's Prayer" were sung by Miss Carolyn Boynton of Hereford with Kathi Clayton of Earth at the organ and Miss Luci Gunter of Olton at the piano.

For her daughter's wedding, Mrs. Smith chose a blue silk dress with white accessories.

The groom's mother chose a beige dress with lace trim and brown accessories.

The couple were honored with a reception in Fellowship Hall of the Church following the ceremony.

The bride's table was laid with ruffled white net cloth over apricot centered with a single candle and the attendant's flower filled baskets.

The three-tiered wedding cake was topped with the traditional miniature bride and groom and was decorated with touches of orange.

Apricot color punch was

served from a silver bowl.

Presiding at the bride were Misses Margaret Redinger, Margaret and Karen Mills all of Olton.

For their wedding the mountains in Colorado bride chose a dress of fashion with a high and bell sleeves, a brown accessories corsage lifted from the bouquet.

The couple will be at 1804 2nd Ave. where they will attend Texas State University.

The bride is a 1968 graduate of Olton High School served as co-editor of column, "Horse Talk" Olton paper and as editor of the school yearbook, "The Mustang".

The groom is a graduate of Springtown High School and has South Plains College Texas State.

## What The Leader-News Thinks

### We've Heard It All

A recent issue of a national magazine carried an article about the growing trend to display of little decals of the American flag. The Old Glory decals have been around for quite some time. In fact, the report mentioned above showed a photograph of a 48-star flag decal on a shopowner's window. The man who owns the store installed it at the time of Pearl Harbor. There were a lot of window stickers in evidence during World War II. Patriotism was a guiding force

during those years of ration stamps and priorities.

Another national magazine distributed 18-million flag decals in February this year, and the program was such a success that other companies and institutions began to follow its lead. It soon became a common sight to find flags on cars and homes and store windows again. The radio antenna pennants are making a comeback, also. We think all this is good; we'd like to see it grow even more.

### THE FARMER'S WIFE

## Don't Care?

By LIBBY MUGGETT

WELL, HERE IT IS the middle of August, the planted-over cotton's not a-bloomin' yet, the soybeans aren't worth the water they're usin', it's forgotten how to rain, the heat's already ruined everyone's gardens and tempers, the feed's a-rustin' it's so dry, what few hoehands are around are holdin' farmers up in broad open daylight, and nobody could give a flip out here on the South Plains about Nixon's ABM program.

"That on top of that Welfare Program, too?"

"He proposed the ABM Program before he proposed the Welfare Program."

"Musta been while I had the flu. I tell you, if you so much as take time out to be sick, somebody slips somethin' past ya. Not to mention the weeds growin' two feet."

"If the farm next to yours were chosen as an ABM site, how would you feel about it then?"

"---, lady, I don't feel anyway about it now! I don't even have the slightest notion what you're a-talkin' 'bout!"

BARBER: "I don't know. I just really haven't given it too much thought."

"If the land next to your home were chosen as an ABM site, how would you feel about it then?"

"I don't want one of those things next to my house! No, ma'am!"

FARMWIFE: "Gee, I dunno. Say, do you have a recipe for somethin' nice and cool I could serve at club next week?"

"If the farm next to yours were chosen as an ABM site, how would you feel about it then?"

"Well gollee, why didn't you just say you didn't have a good recipe?"

PAUL HARVEY

## Fish Or Cut Bait

PRESIDENT NIXON'S proposal for fundamental reform of government welfare is both reassuring and timely.

At long last, the handout will be replaced by a handup.

Our politically realistic President recognized that taxpayers still outnumber the nonworkers and they, the taxpayers, are fed up with a system that makes it profitable not to work.

SO CAREFULLY was this welfare reform package prepared that even those politicians who are usually intimidated by the welfare bloc vote have voiced approval or said nothing.

There are, however, some individuals and some organizations attempting to scuttle the new concept.

IT'S THE BUSINESS of the leaders of welfare organizations to persist in their demands for more. The only way they can hope to collect dues and contributions for

the support of their organizations is to promise "more."

And because a nationwide TV forum is always so readily available to these self-appointed spokesmen for a few thousand people—America's disorganized majority had better make itself heard lest this ambitious welfare reform should be stillborn.

PRESENTLY WORKERS are encouraged to loaf, fathers are encouraged to leave home, unmarried mothers are encouraged to have additional babies, welfare families are encouraged to migrate to "high payment states."

The Nixon "workfare" plan would change all that.

It would assure a minimum income to everybody willing to work. It would even offer assistance to the long-neglected "working poor."

UNDER EACH FAMILY of four would be a financial floor. Such a family would be assured an income of not less than \$1,600 a year—SO LONG AS THE HEAD OF THAT HOUSEHOLD WORKS OR TRAINS FOR WORK.

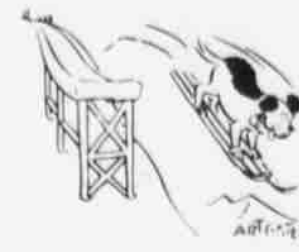

It'll cost more than the present welfare program at first—\$4 billion more. One in every 10 Americans would receive assistance of some kind.

BUT BECAUSE THE program would encourage workers to work, contributing to our nation's expanding economy, the expense is an investment which would further prime the productivity pump.

President Nixon would pay heads of families now on welfare while they trained for jobs. To enable welfare mothers to work, he would provide day-care centers for their children.

BY THE TIME Congress returns from summer recess on Sept. 3, many of our elected lawmakers will be among homefolks.

Because your congressman is persistently subjected to pressures from professional parasites, be sure that he also gets the benefit of your point of view on this long-overdue reform.

### THE ABUNDANT LIFE

## Rebellion Ruins

By BOB WEAR

WE DO NOT, and cannot live in a perfect society. There will always be some flaws and shortcomings, but the existence of these do not provide a just basis for rebellion.

In fact, rebellion just adds to and complicates existing problems.

REBELLION IS OPEN resistance to, or defiance of rightful authority. This action is not the solution to any of our problems. It is not the way to improve anything.

Rebellion is the expression of destructive feelings and influences.

A strict application of the meaning of rebellion makes rebellion a very tragic part of human regression.

TAKE A GOOD, long look at the results of present-day rebellion, and make a list of all of the good accomplished. You know, as well as I, that there is nothing to recommend it.

Many immature and infantile persons are destroying themselves and others by their consuming spirit of rebellion. Others who are basically antisocial are using the popular spirit of rebellion as a front for their evil work.

REBELLION RUINS everything and everybody it touches. It is a cancerous, social growth that has in it the potential of complete annihilation. Untold numbers of persons, of all ages, are ruining their lives, because they permit the rebellious spirit to dominate them.

Many, many homes are sad and broken today because of rebellious feelings and actions. Many people who could be enjoying good working careers are just near-do-wells because of their rebellion. There is an endless list of human loss because of rebellion.

VANDALISM, and other similar manifestations of the spirit of rebellion cause unbelievable loss, both financial and personal. Rebellious conduct is a terribly

perverted expression of individuality. It is not constructive, or intelligent, or productive, or helpful, or satisfying, or rewarding action.

Any fool, or mentally retarded, or spoiled, or selfish person can tear down and destroy.

REBELLION IS NOT the proper response to flaws and faults in any established order endowed with rightful authority. There are wise and effective procedures to follow in making right whatever may be wrong.

When the real motivation for rebellion is known, it is never a worthy or commendable one. Even when there is a stated, worthy cause, it is found to be the excuse for rebellious behavior; and not the reason.

REBELLION IS LAWLESSNESS. It is not any part of law and order. It is lack of respect for rightful authority.

It is often an expression of envy with the ugly desire to destroy what belongs to others or to make them unhappy.

It is the feeling of little people who want to make life difficult for others. They try to pull others down, and degrade them in whatever way they can.

THE FRUIT of rebellion identifies the true nature of the tree. It is a poison tree which bears poison fruit. Our Maker speaks of rebellion in these words: "Rebellion is as the sin of witchcraft, and stubbornness is as iniquity and idolatry."

When we consider all that people have lost and are losing by rebelling against rightful authority, we are astounded. The loss is astronomical.

REBELLION RUINS. It destroys; it tears down; it weakens; and it spawns many related evils. There is a better way, and we know what it is.

# DEAR EDITOR

## What Our Readers Think

### He Wrote Congressman

Dear Editor: These are my thoughts on the repeal of the investment tax credit which President Nixon has recommended to Congress.

I sent the following letter to Congressman Price and would like to encourage the farmers and other interested persons in the area to write their Congressmen about this matter.

Use this material in any way you would like.

Jim Nelson

August 13, 1969

The Honorable Bob Price  
U. S. House of Representatives  
Washington, D. C.

Mr. Price:

I am writing concerning the repeal of the investment tax credit which I understand that President Nixon has recommended to Congress. I fully realize that repeal of the investment tax credit would be, at least conceptually, an anti-inflationary measure. However I feel that such a measure could only serve as a short term inflation deterrent for the nonfarm segment of the economy with possible detrimental economic affects in the long run. And such a measure, when applied to the agricultural economy of our nation, cannot help but be harmful in the short run, and possibly disastrous over the long term.

Repeal of the investment tax credit would discourage capital investment. This would result in decreased and more expensive future production. However, the funds which would have been spent on capital investment (or future productive capacity) would not necessarily be kept out of the economy. They could, and undoubtedly would to some extent,

go into increased dividends, wages and other variable expenses. Since inflation is basically money chasing scarce goods, the repeal of the investment tax credit would not necessarily curb inflation in the short run (short productivity would not be affected and only negligible amount of money would necessarily be out of economic circulation). It would almost certainly add to the inflationary spiral over the term (with less capacity production, goods become and more expensive) sacrificing the national security economic flexibility preparedness which results in reserve capacity for production.

The factors relative to the of the investment tax credit discussed above apply to the agricultural economy of our country as well as to the nonfarm segment of our economy. In addition, this, farm income has not been contributing factor toward inflation. In fact, farmers have the victims rather than contributors in the causes of inflation. So as well as personal observations support the fact that farmers have increased much more than their incomes. Only the modern and efficient equipment can farmers cope with rising costs. The investment tax credit farmers in maintaining more efficient equipment and thus reduce his costs.

Consequently, the loss of investment tax credit to the would not help slow down inflation, would further tighten cost price squeeze on farmers in the long run, would diminish productive capabilities of American agriculture.

Sincerely,  
/s/ Jim Nelson  
Jim Nelson

NINA MANLEY AND COON JEFFY

### ... COON

Continued from Page 1

Jeffy's favorite playmate is a stuffed giraffe. "He wouldn't leave it when he was little," Nina said. He puts his paws

around the giraffe's neck, and curled up that way. Jeffy also has a baby blanket in his cage.

The Manley's haven't found any keys or other shiny objects in Jeffy's yet. But he bites on Nina's ring watch and finds the zippers of clothing fascinating objects.

He plays with Nina's long blonde hair, and slips a curious paw down back of her dress. He likes to curl around her neck, much like a collar.

"When we went to Dallas we saw coats trimmed in racoon," Nina making a face. "Oh, it was terrible!"

"If Nina ever had a nink for a Mrs. Manley said, "she'd never wear a mink coat."

When you get a coon you find how many people have had one before," Nina said.

"I went to see the show 'Rascal' after I got Jeffy," Nina said. "I cried and cried. It was just terrible. Rascal left for that little old girl."

Nina's dad, Bob Manley, a good-natured refers to the racoon weasel. "Nina, come feed your weasel she mocked her dad."

Mrs. Manley said the coon is a pet. He only cries when he is in Nina said his cry is a cross between a cat. "But when he gets mad barks like a dog," she said.

Jeffy likes Nina best when she has slacks. "He likes to climb up my just hang on while I walk around house. If he's very hungry, he climbs my leg any way."

## Sudan Resident Dies Of Injuries

Odell Johnson, 43, of Sudan, who was injured in a Friday morning traffic accident, was dead on arrival at the Methodist Hospital in Lubbock about 9:45 p.m. Saturday.

Johnson was returning to his home in Sudan after working all night at a feed lot and apparently went to sleep at the wheel, striking a tree, in the median of the highway, investigating officers said.

The accident occurred on a curve 13.1 miles east of Muleshoe on Highway 84.

Johnson was being transferred to Methodist from the West Plains Memorial Hospital in Muleshoe where he had undergone treatment.

## NFO Meeting Set At Spade

A meeting of the National Farmers Organization has been slated for this evening at 8:30 in the Spade school building.

Speaker for the meeting, according to Henry Cowen who reported the meeting, will be Charles Lewis, NFO representative from Olton.

## B&C Pump Company Sells, Services Pumps

B & C Pump Company sells and services anything connected with irrigation or domestic pumps. B & C offers turn-key jobs with contract drilling.

Drilling includes a speed or fast bailer with suction that will get the sand out and activate the wells, oftentimes bringing in a much better well than one drilled without a fast bailer.

B & C sells California Western Pumps which includes a five-year guarantee on tube line and shafting.

They handle Red Jacket domestic pumps and Gold Crown submersible pumps.

In addition to the well and pump service for new wells they have a clean-out rig for old wells. They have winch trucks and a small domestic winch for house wells.

B & C does general machine work and welding, with a portable welder for making calls. They handle all types of agricultural bearings and sprockets.

B & C Pump Co. has been in business since 1951. They have expanded operations, and have a business located in Levelland now.

This is a father and son partnership for both initials.

The B represents W. H. (Dub) Berry and son B. W. Berry.

C is for John Clayton Jr. and John (Johnny) Clayton III.

And all are avid sports fans with big tales to tell every morning when they get together for their coffee breaks.

John Clayton likes water skiing as his number one sport. He is a bowler, and likes spectator sports so much that he has been known to have on two television sets with a radio plugged in one ear—all at the same time. John is song leader at Parkview Baptist Church.

John III likes to participate in water sports, too, and is an avid spectator of all sports.

Dub Berry really has some tall tales of his fishing exploits, one being about losing his boat and finding it 11 months later. He skis a little and drives a boat for other skiers. Berry likes hunting, fishing and is an antique collector.

B. W. Berry is in the Navy and stationed in Japan now. He, too, is a sports fan and likes hunting.

for seed!  
**Yohners Know How**

Mr. and Mrs. F. E. Yohner at Yohner's Feed, Seed and Fertilizer, 409 W. Delano, have everything needed to winterize your fruit trees, roses, iris, and other perennials. They have special winterizing fertilizers, material for treating plants for fungus growths and a special preparation for such problems as peach tree borers.

Mrs. Yohner reminds gardeners that fungus gets bad this time of the year. Yohners also have all kinds of potting soil for fall here where there is an abundance of plant care products. A large selection of pottery flower pots can be found here, too.

Bugs are bad now, and Yohners have all kinds of sprays for every specific problem.

This is the time of year to get grass in shape for top-notch lawns next year. Call on Yohners for your grass seeds for new lawns, and weed killers and good fertilizers for established grass. A good application of fertilizer around Labor Day will give you a head-start on next spring's lawn.

Yohners offer many services. Shorty and Mrs. Yohner are assisted their son Bill. They do custom grain and custom feed mixing of all types livestock rations, and they have some good varieties of horse feeds. Wayne Feeds are their main line.

Yohner's clean seed. They are equipped to clean soybeans and other varieties of beans, peas, grain, wheat, barley, rye and grass seeds. They remind you that it is time to book seed for next year, too. They have Agrow and DeKalb and can get any variety their customers want. Yohners have poison for jowling grass. Let them help you whip the problem.

Bothered by flies? Yohners have some extra good fly baits. Whatever your needs, Yohners say to them first, if they don't have it, they'll get it.

The Yohners have been owners and operators of this business since they purchased the firm in August, 1968, following the death of former owner Marshall Howard.

The Yohners are long-time Littlefield residents. Shorty has lived here since 1916 and he was a Littlefield implement dealer for 34 years. All three of the Yohner children attended Littlefield schools, and the Yohners are members of the First Baptist Church. Shorty cooks all the Christmas Thanksgiving and special family dinners. He is also famed for his cakes and desserts and enjoys making jellies, preserves and relishes.

Both Mr. and Mrs. Yohner enjoy their work. Mrs. Yohner is a former garden club member, and keeps up with the plant world by "studying all the time." She reads, knits and does decoupage.

# LEGAL NOTICE

LEGAL NOTICE Being certified by the Commissioner of Agriculture of the State of Texas for this

purpose, the Grain Sorghum Producers Association of 1212 14th Street, Lubbock, Texas 79401 proposes a referendum election on grain sorghum under provisions of House Bill 764, 61st Legislature on the proposition of whether or not

grain sorghum producers in the counties of Armstrong, Briscoe, Carson, Castro, Dallam, Deaf Smith, Floyd, Hale, Hansford, Hartley, Hutchinson, Moore, Oldham, Parmer, Potter, Randall, Sherman, Swisher, Bailey, Cochran, Crosby, Dawson, Gaines, Hockley, Lamb, Lubbock, Lynn, Terry, and Yoakum shall assess themselves

a maximum amount of 5 cents per ton to be collected at the point of first processing or sale and to elect members for a 12 man commodity producers board to administer proceeds of such assessment to be used for research, disease and insect control, education, and

promotion designed to encourage the production, marketing, and use of grain sorghum.

The referendum and election will be held by mail ballot which will be provided to all eligible voters not later than 15 days prior to the election. Ballots must be mailed to the polling place at 1212 14th Street, Lubbock, Texas 79401 before midnight on the date of the election.

Any person within the above counties engaged in the business of producing, or causing to be produced grain

sorghum for commercial purposes is eligible to vote, including owners of farms and their tenants and sharecroppers, if such person would be required to pay the assessment proposed.

Any person qualified to vote at the referendum may place his name in nomination for membership on the proposed commodity producers board by application

signed by himself and at least ten other persons eligible to vote in the referendum. Such applications must be filed at least 30 days prior to the election date.

Any person qualified to vote who does not receive a ballot prior to September 25, 1969, may obtain one at his local County Agent's office.

NOTICE TO BIDDER Notice is hereby given that the Commissioners' Court of Lamb County, Texas, will receive sealed bids at

County Courthouse, Littlefield, Texas, for purchase of 2 (two) new cars until 2:00 o'clock, Friday, August 29, 1969, which time all bids will be opened and read aloud. Bids should include alternate bid of 2 (two) cars.

Bidders may contact McNeese, Sheriff of Lamb County, Texas, for specifications on said cars to examine the trade-ins.

The Commission reserves the right to accept or reject any or all bids. Dated this 11th day of August, A. D. 1969.

# Eady-Burk Vows Read

Miss Deborah Jan Eady and Roy Neal Burk were united in marriage Aug. 9 at the First Baptist Church in Amherst, Rev. J. Henry Cox, Minister of the Duffo Baptist Church near Stephenville, officiated in the double ring ceremony.

Parents of the couple are Mr. and Mrs. L. B. Eady of Amherst and Dr. and Mrs. G. S. Burk of Littlefield.

Traditional wedding music was played by Miss Kathy Tomes and Mrs. Jerry Estep.

Vows were repeated before an altar centered with a pedestal arrangement of white gladiolas flanked by

candelabras decorated with emerald leaves and baskets of greenery on each side.

Given in marriage by her father, the bride wore an heirloom formal-length gown of silk peau de soie designed with an empire lace-covered bodice with pearl accents, and a short train.

Her shoulder-length veil of illusion hung from a crown of seed pearls.

She carried a tapered bouquet of daisies atop a white Bible.

James Duncan of Borger was soloist accompanied by Miss Tomes and Mrs. Estep at

the organ and piano. He sang "Because" and "I Love You Truly".

Mrs. Darle Rountree of San Antonio, sister of the bride, served as matron of honor and Miss Kay Burk of Littlefield, sister of the groom, served as bridesmaid.

They wore formal-length empire designed gowns of yellow dotted swiss accented by yellow satin sashes and a short train with yellow net head pieces.

They carried a stem of white miniature mums.

Danny Butler of Littlefield was best man, and serving as groomsman was Steven Webb of Littlefield.

Ushers were Doug Eady, brother of the bride, Billy Kent Eady of Denver City, cousin of the bride, Don Burk of Levelland, brother of the groom, and Alan Womack of Amarillo, cousin of the groom. Miss Sheryl Eady, cousin of the bride, registered the guests. Candelighters were Terry

Hobbs and Steve Owens of Littlefield.

A reception followed in ceremony in the fellowship hall.

Miss Sheryl Wilson played special music during the reception.

The serving table was laid with a white cloth, centered with an arrangement of white mums and yellow and white daisies. The three-tiered wedding cake had a miniature bride and groom atop.

Mrs. Chris Eady of Lawton, Okla., and Miss Candace Greener presided at the serving table.

After a short honeymoon the couple will be at home in the Tech Village apartments, where the groom, a graduate of Littlefield High School, will be a student at Texas Tech.

The bride is a graduate of Amherst High School and attended South Plains College in Levelland.

E. Scott of Lorenzo, women's president; Oscar W. Gentry of Lubbock, Associational moderator; Vernon Spencer of Amarillo, moderator; Novella Spencer, Associational secretary; Mary L. Clay of Littlefield; Mrs. Stella White of Littlefield, women's treasurer; Mrs. N. C. Alexander of Littlefield; Bennie Stephens of Lubbock, pianist; Rev. Bennie Anderson of Lockney, treasurer.

## Liar's Contestants Sought For Event

Entries are now being accepted for the Liars' Club Contest, one of the many features to take place during the Littlefield Festivities Days next week.

Contestants are urged to fill out the accompanying form and turn it over to Neil West, Don Avery or the Littlefield Chamber of Commerce office.

Rules for the contest require that the "teller of tall tales" must pick a subject concerning one or more of five categories.

- Categories include:
1. West Texas Weather
  2. West Texas Farming-Ranching
  3. Texas Hunting-fishing stories (includes dog and other animal stories.)
  4. Texas Sport stories (baseball, football, golf, tennis, track, etc.)
  5. Any combination of the above.
- Each contestant may have several stories in several categories, but his time is limited to 10 minutes. However, a contestant can win in only one category, plus the "Best All-Around" liar award.
- Participants must register in advance, before Wednesday, in categories desired, and must reside in Lamb County, or in the Whitharral and Anton school districts.
- Stories must be in good taste with no profane language tolerated (minor words acceptable on TV excepted).
- The best lies are those that are nearly believable, or those that offer "proof" and especially good are those that "hook" the listener at the last possible minute.

**NON-FOOD ITEMS**  
Of the fourth of the food dollar spent for nonfood items, six percent for housewares and household supplies, five percent for alcoholic beverages, four percent for tobacco, and three percent for health and beauty aids.

**LONG BORDER**  
The United States-Canadian border, excluding Alaska, is 3,987 miles long.

# This Costs Texans \$ 2 MILLION A DAY

## YOU HELP PAY THE BILL

The way cars are being wrecked and the way folks are being injured and killed in traffic accidents, it looks like this year's Texas traffic toll will top \$800 million. This figures out to be more than \$2 million a day and that is a lot of money!

When you pay for your auto insurance you help pay this bill because most of your insurance rate is for the amount of money insurance companies pay for traffic accidents. Add to this the amount they pay for autos destroyed or damaged by collision, fire, hail, theft and pilferage. Lower these amounts and your insurance costs will go down. Raise these amounts that insurance companies must pay and your auto insurance costs will have to go up. It is as simple as that.

Here are three ways to cut your auto insurance costs.

1. Help reduce the number of Texas traffic accidents. You can do this by driving the very best you can and by insisting that traffic laws are enforced in your town, county, and state. Let your Mayor, County Officials and Governor Smith know that you want all traffic laws enforced.
2. Help cut down on car thefts and vandalism by locking your car and taking the keys whenever you park. Always try to park your car in a safe place.
3. Ask your insurance agent to show you how you can save money on your auto insurance by taking full advantage of the Driver Education, Two Car and other discounts now offered in Texas.

Auto insurance costs will be cut in Texas after accidents and their costs go down. You and other motorists of Texas can bring this about . . . if you really want to. IT IS UP TO YOU!

# Wildcats Adopt New Chant.... Win!

chant can be heard in the eastern part of the arena. Sounds like an army "win, win, win!"

The 'Cats are a long way from ready because only nine lettermen from last year are back. The rest graduated or used their eligibility.

Charley Holt and Eddie Hickman are the only returning backs from last year's 3-7 club. Linemen include Steve Owens, Kim Kloiber, Jerrell Haberer, Richard Ayala, Monte Trotter, Charles Carter and Jim McCary. All received considerable starting experience last season except Carter and McCary.

Lewis is no little bit impressed with the attitude of the athletes.

"We're going to have a ball club that starts off real slow, and gain as we go. We're green. We'll make mistakes. We've got no blinding speed. But they're going to be hitters. They're working hard and have an outstanding attitude."

"These kids won't be outfought or beaten," he continued. "We may lose, but the people will be proud of the way they play, just the same."

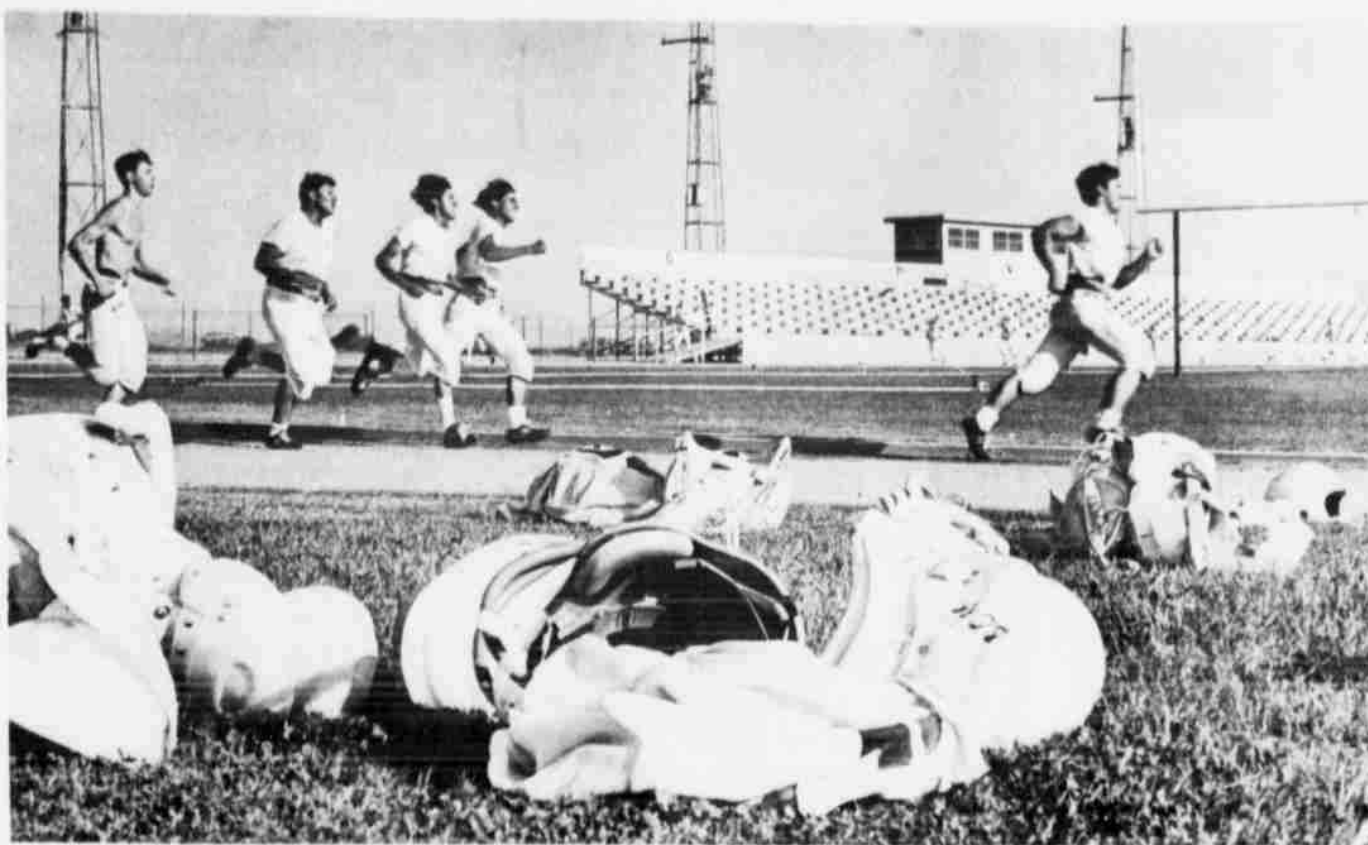

Local fans will have their first chance to see their favorites in action when Seminole travels here Aug. 29 for a pre-season scrimmage. Then, on the 5th of September, the club will bus to Canyon for another scrimmage session.

The Seminole event will start at 7 p.m.

Coach Lewis told the Quarterback Club members at their regular Tuesday night meeting he and his coaches were working real hard getting the team in shape those first few days, as well as getting acquainted.

He explained that he doesn't even know what classification in school the students were, because he didn't believe that a boy should be on the varsity just because he was an upper classman.

Right now the coaching staff is trying players in first one position and then another

**RUN FOR CONDITION**—Whipping themselves into peak condition is the primary objective of more than 70 candidates for the 1969 Wildcat football team. The athletes complete a two-hour-plus training session in temperatures well above 90 degrees, and then run half a mile around the track for the finishing touch. For a look at the team situation, turn to Page — of this issue.

to see where they are best suited. The team is overbalanced with backs, and some of the players may have to be shifted to line positions, Lewis said.

Two players have already been sidelined by knee injuries, but one is a carryover from last year.

Kloiber, who has started the past two seasons, apparently agitated a knee injury which has hampered him about a year. Surgery apparently isn't necessary at this time, but the strength of the knee is questioned.

And McCary, who lost considerable time last year with an injured ankle, hurt his knee in Monday's afternoon session.

Both will be fitted with steel braces with hopes their problems will be corrected for the season.

Holt started many of last year's games at the quarterback position when regular Roy Burk was out of action with injuries. He brings experience both at the field general's position, as well as having logged considerable time with the defensive platoon.

The other experienced back,

Hickman, played mostly on defense last year, but he is no beginner in toting the pigskin.

Holt's backup quarterback will be Owens. The lanky speedster played split end last season, where he will start this year. But he is the most likely candidate to give Holt relief whenever needed.

Trotter broke into the starting lineup as a tackle last year, despite the fact he was only slightly heavier than 150 pounds. Well over six-foot tall, Lewis feels Trotter could make a fine tight end on his kind of offense.

Lewis is counting on the experience of Haberer to help the team both offensively and defensively. The senior guard played both ways much of the 1968 season.

The same problem of dizziness is still effecting a much larger and experienced Ayala this fall. It troubled him both his sophomore and junior years, but his desire to play overcomes the hampering, most of the time.

Tuesday evening, at 8:00, the team will be feted with the annual ice cream supper by the Quarterback Club, at the fieldhouse. All fans and parents are also invited to attend.

"TURN, THEN KILL", line coach John Goubeaud might be telling his charges during practice Tuesday afternoon. The Wildcats, in their second day of workouts, started running plays and making three-quarter speed contact.

## Hardwick Returning

Hardwick is an element missed on last year's New Mexico University and football team, will be a factor again this year as the Hounds take the field for their first game Sept.

Hardwick began his career as a defensive back, was shifted to wingback for the 1968 season, and now will be playing at the tailback position. As a starter in 1968, Hardwick led the team in average yards a carry (5.2) as he piled up 246 yards on 47 carries, and was the second leading pass receiver on the team with 19 receptions for 327 yards and one touchdown.

At 5 feet 11, 180 pounds, he is a fine broken field runner, and has 9.8 second speed.

Entrants should bring their own guns. Lions will furnish the shells or entrants can furnish their own shells.

### AIDS CLEANING

A commercial compound derived synthetically from coconut oil can help launder and dryclean shearings and leather garments. It preserves the softness of shearings, sheepskins with wool left on, when added to the rinse water in laundering. The fatty amino acid also helps reduce cost of drycleaning leather garments because it allows retention of natural lubricants.

Before you buy any tire, come in and see why we say:  
**Tire values are better than ever in Lee's lineup!**

Here's the new kind of tire with new performance levels!

# GT Belted RM

Here's how the ultimate in tires got its reputation.

- Provides smooth ride and handling ease found in conventional bias-ply tires.
- Provides long tread life and stability found in radial-ply tires.
- Polyester cord in bias plies eliminates thumping, flatspotting and squealing, to give it a quieter ride.
- Fiberglass belts add protection against tread flexing, fatigue and wear.
- Wider tread for greater traction.

# LEE

OF CONSHOHOCKEN

Compared to most conventional new car tires. Actual mileage will depend on the tire size and driving conditions.

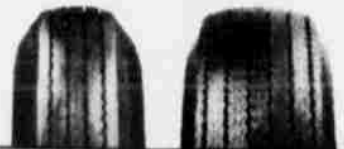

Track-Inspired Styling

It has a low profile, a racy look! Although not a racing tire, the Lee GT Belted RM is built with reserve strength and traction for today's driving at today's speeds.

Wide Tread for Better Stability

The tread width is much greater than that on conventional tires. The belts under the tread keep the tread firmly on the road, shoulder to shoulder.
