

Yippee!! IT RAINED!!

"IT RAIN, DON'T GO AWAY, stay until another day!", has been the feeling of most area residents who have seen rain after a long dry spell. Phelps Avenue in Littlefield glistened with rain Thursday night, as the much-sought relief and shouts of joy from residents—who hope it's not over yet.

Half Inch Average In Area

Praise the Lord, run up the flags, and dance in the streets (naked).

IT RAINED!!
The Thursday night rain was the first appreciable measurement of precipitation since October 16, almost six months ago to the day.

The rain clouds were accompanied by the year's first tornado watch that brought out county civil defense units, but no funnel sightings were reported. An Olton official reported a hook forming in a cloud north of Olton at 7:24 p.m.

A little hail was reported throughout the county, but it was small and not damaging. Additional rains Saturday morning ran precipitation totals to over one inch for parts of the county.

Olton and Earth reported over an inch from the Thursday night showers.

In Littlefield, rains were measured at .4 at Pioneer Natural Gas, .5 at the radio station, and .55 to .60 in the southwest and southeast city limits.

About .2 more was recorded in the Friday morning showers.

On an average, the entire trade area received one-half inch and better recordings Thursday.

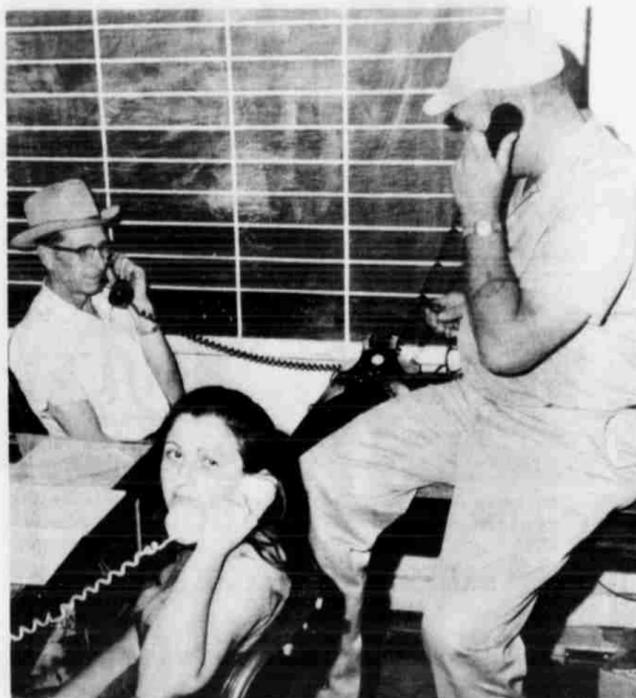

Spade and Fieldton had readings of from .50 to three-quarters of an inch with some light hail.

Whitharral reported up to .80 Thursday night.

At the same time, north of the area, about of the Pep, Bula and Beek Gun area.

Dryland farmers said additional rain is needed before planting time.

John Harmon, an engineer at the Lamb County SCS office, reported a 58.1 soil temperature 10-day average reading, following the Thursday night showers.

THE FIRST tornado watch for the 1971 spring brought out all persons connected with civil defense. With all the phones ringing, Geneva Gonzales, a dispatcher at the Littlefield police department, enlists the aid of Robert Trotter from the fire department and Leon Durham, volunteer fire chief and head of the Littlefield civil defense unit.

OFFICES CLOSING:

State offices and both Littlefield will be closed Wednesday, April 21, in observance of San Jacinto Day. The State Bank and the First Bank in Littlefield will be closed. The state welfare office in the county courthouse will not be open Wednesday. The drivers' license division of the Department of Public Safety, located in the park in Littlefield, will be closed Wednesday, and all employees of the Texas Highway Department will have Wednesday off. All other businesses will be open as usual.

Fund Raising Drive Starts For Hail Prevention

A group of Lamb County farmers convinced of the success of the 1970 hail suppression program are busy gathering support for continuation of the cloud seeding this year.

Called Better Weather, Incorporated, the association is headed by H. C. Armstrong. Armstrong points out that two items will be of extreme importance in 1971. First, if farmers are hailed out on cotton and replant soybeans, their price support payments will be reduced. Second, future payments will be determined by actual farm yields.

With this in mind, he said it is imperative that every effort is made to eliminate the effects of hail during the growing season.

All farm land in Lamb County that is

south or west of Highway 84 is left out of the program this year.

Plans call for a five-month program, May 15-October 15, the same as last year, and at the same price, 16 cents per acre for landlord and 16 cents per acre for tenant, or 32 cents per acre for owner-operator, and \$25 for city homes.

All of Hale County is included again this year, and more land in Floyd County. Portions of Swisher, Castro and Lubbock are also entering.

Checks are being held without cashing until after the April 20 meeting of the Texas Water Board and a permit has been granted to Atmospherics, Inc. for seeding clouds with silver iodide.

In addition to the hail suppression, the California based firm will attempt rain stimulation along with the hail suppression.

See page six in today's Leader-News for a 1969-1970 hail comparison chart compiled by county agents in Lamb, Bailey, Hockley, Lubbock, Hale, Floyd, Briscoe and Swisher Counties showing the target area and buffer zones.

Natural Weather Group Threatens An Injunction

A Littlefield man, Ross Lumsden, was named president to head a non-profit corporation that will file an injunction against Atmospherics, Inc. if the Texas Board of Water Development Board grants the firm a permit to seed clouds in a hail suppression program again this year.

Lumsden was elected during a meeting of Farmers and Ranchers Association for Natural Weather at Kress Thursday.

In addition, several Littlefield and Pep farmers were named as directors representing Lamb and Hockley Counties of those who are for "natural weather".

Lamb County directors are Billy Smith, Ed Trimmer, V.Y. Jefferies and Ross Lumsden.

A.H. Jungman, Eddie Schlottman, J.W. Walker and Leonard Albus are directors selected from Hockley County.

The natural weather advocates believe cloud seeding during the hail suppression program last year broke up clouds that would have brought rain to their area.

About 100 from several counties attended the Kress meeting to present petitions bearing names of those who objected to modifying weather.

"We've got to have rain" was a resounding announcement throughout the meeting held in the high school cafeteria.

During the meeting those in the audience had to shout to be heard above the thunder and the pounding of rain on the roof.

Speakers at the meeting were John Carr, assistant director of the state water board, and J.C. Fine, hydrometeorologist with the Surface Water Division. They were asked to attend the meeting to explain the state's position on weather modification.

Also present was Harold M. Lafont of Plainview, the attorney hired to represent the natural weather group.

Grain Guidelines Placed In Mail

Grain sorghum producers in Lamb County will be receiving an important piece of mail within the next few days, according to County Agricultural Agent Buddy C. Logsdon. He urges producers to check their mail closely for a "specially marked" envelope which will contain grain sorghum production information.

"Grain Sorghum Production in Lamb County" and "Keys to Profitable Grain Sorghum Production in the Southern High Plains" are the titles of the information sheets, says Logsdon. Both contain vital facts concerning the production of sorghum in the county and area and offer specific guidelines for more efficient and profitable production of the crop.

Topics outlined include cropping sequence, seedbed preparation, planting, fertilization, irrigation, weed, disease and insect control, harvesting and marketing.

Grain Sorghum ranks next to cotton as a cash crop so it is vitally important to the economy of Lamb County, adds Logsdon. Cash receipts last year totaled \$12,055,000 and are projected to reach \$12,658,000 by 1976, according to figures compiled by the Texas Agricultural Extension Service in the "3.76 in '76" program. This program is designed to increase agricultural income in the state by more than \$1 billion over the next six years.

City Sells Property, Swears In Officials

Littlefield city councilmen accepted the high bid of \$1,525 from B. J. Peak to purchase property located at Lot 3, Block 9, of the Pace Subdivision of the city of Littlefield, during their regular session Thursday night.

Two other bids were submitted, and both were slightly lower.

County Library Observing Week

The Lamb County Library is observing Library Week Monday through Friday of this week with open house, a book sale, a book review and a children's story hour.

Forgiveness week will also be observed throughout the week with patrons not fined for overdue books returned.

Coffee will be served in the library in the basement of the Lamb County courthouse all week from 10-12 a.m. and 1:30 to 5:30 p.m.

Used books will be sold for five, 10, 25, 50 cents and \$1 as long as the supply lasts. These include donated books, library duplicates and some dated encyclopedias and reference books. Mrs. Simon Hay is in charge of the sale.

Proceeds from the sales will be used to buy new books for the library.

Mrs. R.A. Axtell of Earth will review the autobiography, Honeycomb, by Adelle St. John, Friday morning at 10 o'clock. The public is invited to attend, and refreshments will be served.

Mrs. Leonard Graham will present a story hour for pre-school children Thursday morning from 10:15 until 11. Illustrations will be made on flannel board and games are planned.

Councilmen named several men who would possibly serve on the Board of Equalization for the upcoming year, but decided to appoint the members at the next meeting.

The Community Antenna television proposals, as presented by Diversified Communications Investors, Inc. of Lubbock and Comco, Inc. of Austin, were discussed in greater detail, but councilmen decided to have City Manager Pat Bradley and City Attorney Ted Sansom investigate both companies further, and present more details at the next regular meeting.

Councilmen decided to make an agreement with a citizen concerning the installation of caliche on East 16th Street. They agreed to place the caliche, spread and compact it, if all the citizens on the adjoining property would put up a deposit to guarantee payment of the project.

A citizen requested that councilmen consider placing a street light in front of the Community Action Program building on Highway 385, and the councilmen voted unanimously to install the new light.

Dr. W. C. Nowlin was again appointed as City Health Officer for another term.

Results of the April 6 municipal election were canvassed, and councilmen passed a resolution declaring the results of the election.

City Attorney Ted Sansom administered the oath of office to Mayor J. E. Chisholm and Councilmen Paul Carmickle and Dr. James Shotwell. They were returned to office after the election.

In other routine business, councilmen:
1. Approved the payment of bills;
2. Approved the minutes from the last meeting; and
3. Discussed and approved the departmental reports.

LIBRARY WEEK, Monday through Friday, begins with a big book sale. Mrs. Simon Hay, left, is in charge of the sale. Mrs. Jack Hicks, center, and Mrs. J. D. Haynes, representing "Friends of the Library" are behind a table of the books that go on sale Monday morning. A children's story hour Thursday and a book review Friday morning are among the planned activities during the week-long open house.

NEW OATHS OF OFFICE were taken by City Councilmen Dr. James Shotwell and Paul Carmickle, and Mayor J. E. Chisholm, left to right respectively, during the regular business session Thursday night. Administering the oaths was City Attorney Ted Sansom, right.

Gonzales-Medina Wedding Vows Said

Miss Ninfa Gonzales pledged double ring wedding vows with John Medina Saturday afternoon, April 17, in the Sacred Heart Church of Littlefield. Joe James, pastor, officiated for the reading of the double ring vows.

She is the daughter of Mauro Gonzales. Baskets of white gladiolas, accented with green ribbons, flanked the altar that was centered with a kneeling bench. The pews were marked with green ribbons.

Musical selections were sung by Molly Abeyta Martinez. The bride, given in marriage by her father, wore a formal-length gown of white dotted swiss, fashioned with narrow Venise lace that outlined her high neckline and around see-through square yoke. Her Bishop sleeves featured wide cuffs, accented with lace and scattered daisy lace motifs that enhanced the Empire bodice and A-line skirt. She wore a matching lace edged chapel-length mantilla with full-length illusion with it. Her bouquet consisted of white roses nesting in fern and ivy, with a detachable corsage.

Miss Olga Duenes of Littlefield, niece of the bride was maid of honor. She was fashioned in an avocado green floor-length gown of silk organza, that featured see-through sleeves.

Christine Contreras and Lupe Contreras were flower girls. Frank Medina Jr. of Littlefield served as ring bearer.

Frank Medina of Littlefield served his brother as best man. The guests were seated by Daniel Duenes of Littlefield, brother-in-law of the bride, Ernest Gonzales of Lorenzo and Mauro Gonzales Jr. of Lubbock, both brothers of the bride.

A reception followed in the church hall, followed by a dance at the Sports Arena. Presiding at the serving table were Estella Contreras, Dora Duenes, and Aurora Perez.

For her wedding trip to New Mexico, the bride wore a lime green floor-length dress of chiffon, featuring a full skirt with matching accessories. She wore her corsage lifted from her bridal bouquet.

The couple will reside in Littlefield.

MRS. JOHN MEDINA

The bride attended Ralls High School, and the groom attended Littlefield High School.

Others taking part in the ceremonies were Messers. and Mmes. Raymundo Contreras, Joe Gonzales, and Pete Trevino; Lydia Contreras, Tony Duenes, John Martinez, Stella

Garcia, Olga Duenes, Frank Medina, Alice Gonzales, Christine and Lupe Contreras, Patricia Gonzales, Frank Mendoza, Mary Jane Estrada, Frank Perez, Diane Rodriguez, Lois Garcia, Marie Rodriguez, Johnny DeLeon, Irene Moya, Ray Sanchez, Chris Montivo, and John Perez.

Double Shower Honors Pair

ANTON—Mrs. George Tucker and Vanessa Lorelle were honored with a baby shower Saturday morning, in the home of Mrs. Chester Jones.

Approximately 40 guests attended. Out-of-town guests registered from Lubbock, Abertnathy and Levelland.

Coffee, punch and nut bread was served from a table covered with a cutwork cloth, centered with an arrangement of spring flowers. Miss Vicki James presided at the serving table.

SHARON BREWSTER

Couple Sets Wedding Date

Mr. and Mrs. R. L. Brewster of Petersburg announce the engagement and approaching marriage of their daughter, Sharon Leigh Brewster, to Lonnie Earl Dear, son of Mr. and Mrs. J. W. Dear of Springlake.

The couple has scheduled May 20 as their wedding date, and they will be married in the Parkway Drive Church of Christ in Lubbock.

The bride-to-be is a graduate of Petersburg High School and is a major in business at Lubbock Christian College where she has attended one year.

The groom-elect graduated from Springlake-Earth High School and is presently a junior at LCC, majoring in biology.

Mrs. Molder Hosts Anton Jr. HDC

ANTON—The Anton Junior Home Demonstration Club met Wednesday, April 17, in the home of Mrs. Willie Molder. The program was presented by Rev. Hugh Jack Norwood and his five-year-old son, Darin Jay.

Rev. Norwood is the pastor for the Baptist Church at County Line. The Norwoods routine consists of songs, jokes and guitar playing, he then gave the first hand account of "life in a slum area where all types of vices are encountered daily."

The purpose of his talk was "that anyone can rise above the misfortunes of undesirable surroundings."

Refreshments were served to the 12 members present, and the guests. The next meeting will be April 21 in the home of Mrs. Ray Peacock.

Lincoln Forest Is Now Closed

The Lincoln National Forest has been closed to entry, except to persons having entry permits issued by a forest officer.

Entry permits will not be issued for recreational activities on the Forest, which comprises Capitan, Ruidoso, Cloudcroft, Mayhill, Sacramento and Carlsbad.

The area has been closed because of the extreme dry conditions in the Forest.

Settlers with yearlong residences within the Lincoln National Forest are permitted access to their homes only along prescribed routes of travel.

Entry permits are required before operating on or crossing into the Forest.

33 Attend First Family Planning

A family planning class was held Thursday, April 16, at the Lamb County Multi-Service Center. The class was sponsored by the Lamb County Community Action Committee, which has just initiated a family planning program in Lamb County.

The class was the first of a series to be held in the Center concerning family planning.

The purpose of the class, and the ones to follow, is to explain the different methods of family planning to interested persons and to provide information and eligibility qualifications for the Community Action-sponsored family planning program.

Georgia Carothers, R. N., program director in charge of family planning, and Valeria Henderson and Julia Rodriguez, neighborhood aides with Lamb County Community Action, were present to instruct the class and answer questions.

Three films were shown and the different methods of family planning were explained through charts and leaflets.

There were 33 women present for the class. It is hoped attendance will increase for future classes.

THE ABUNDANT LIFE

Next Best

By BOB WEAR

THE SAD PEOPLE are those who feel that they must be the best, do the best, and look the best; that they must excel others. These are the sad people, often tragic people; because no one is this superhuman.

Of course, we must try to do our best; but this does not require a driving compulsion to outdo everybody else.

WE MUST NOT FEEL unhappy when we see some conditions of excellence in others which we do not possess. We must not be unhappy with ourselves or with these people.

This unhappy feeling toward others may vary in intensity. It may range from displeasure with our own inability, to a strong, hateful attitude of envy toward those who excel us.

OUR PERSONAL happiness and effectiveness are lessened or perhaps destroyed when we are unhappy with ourselves or envious of other people.

These destructive feelings mar our personality and downgrade our character. All of this personal misery is so uncalled for, and is sure to become progressively worse; if the feelings continue.

TO BE EXCELLED by someone in some way, or in many ways is not a tragedy; unless we choose to make it so. What is so wrong with being next best, or even less than next best?

The only wrong is whatever wrong we make of it, and this is unjustified foolishness.

IF WE DO OUR BEST, we must be

satisfied with what we have done. Then, we will never be self-condemning; or mean in our feelings about the excellence we see in our fellowmen.

Of course, we may think it worth the effort to improve our performance. If we can, and if we want to do so; this is what we should do.

APPRECIATION of excellence whenever and wherever we see it is one of the great blessings of having a mind. Depreciating it is such a loss.

In fact, it is a loss we cannot afford. We have, or we can develop the capacity to appreciate the accomplishments of our loved ones, our friends, and others.

We must do just this, or else we will lose most of all the joy and satisfaction of living.

"NEXT TO EXCELLENCE is the appreciation of it."—Thackeray.

"HE IS INCAPABLE of a truly good action who finds not a pleasure in contemplating the good actions of others."—Lavater.

This is another good reason why we must keep doing our best, whether it is second, or third or fourth best; and still see and appreciate the better performance of others.

IF WE CANNOT BE BEST, or have the best, there is only one sensible and mature thing to do.

We must be happy with next best. Why not?

"Rejoice with those who rejoice." Don't be afraid to try it-it works. Everybody involved gains something good.

"YOU'VE GOT A RIGHT To Read-Don't Blow It." With this as its theme, National Library Week will be observed in Texas April 18-24, 1971.

THE RIGHT TO READ encompasses not only free access to materials to read but also educational programs that give every child the skills he needs to read effectively.

Throughout the nation, librarians, concerned citizens, and educators are joining forces in determination to achieve the Right To Read for all during the decade of the 1970's.

HONNY GETS

By CORNBALL BLEVINS

WHILE VISITING with a friend, a few days back, the conversation turned to current conditions. "What's wrong with us?" he wants to know. "It seems that everyone is on the peck!"

"Seems to be a feeling of unrest and general dissatisfaction." I had to agree. "But, I really don't know why."

I'VE HAD TIME to think about his question, since then, and I'm not sure that I've figured it out. 'til this day.

While we're thinking about it, we might observe that fault-finding is the main objective of many of our present day, and, I take my licks along with the rest of the accused.

WE ARE READY to point our fingers at the wrong-doers, and be very vociferous in our criticisms, while the good goes unmentioned. Perhaps we are too prone to expect the good, and, when the good comes out bad, our disappointment is apt to be blurted out in criticism.

So much of the time, we try to cover our own shortcomings by calling attention to the blunders of others. However, we may as well admit that there are people who deliberately set about to do wrong and take advantage of others. These deserve our displeasure.

WE THANK the powers that be, that this is not (as yet) the general rule of thumb, and that the wrong is still worthy of note! I think that the main cause of the general restlessness of the populace comes from a feeling (whether we recognize it or not) of insecurity.

WE ARE NOT, and cannot be, sure of the future. This may seem to be a whopper of an understatement, seeing that any clear thinking person is aware that he has no promise of a tomorrow. Most of us, tho,

Library Week

LIBRARIES PLAY a vital role in achieving this right. National Library Week serves to emphasize the involvement of Texas librarians and laymen working cooperatively to support library programs and to further the freedom of all to read.

National Library Week presents a challenge to all Texans to support more adequately Texas libraries in their effort to make accessible to citizens the materials for further enrichment of their lives.

LIBRARIES OFFER their services to all who seek them, providing the information resources that good citizenship today demands.

A WOMAN'S VIEW

Be Still

By PEARL BRANDON

DOZING IN CHURCH one morning, I was rudely awakened by the preacher's shouting. "Be still and know that I am God!"

I felt like he was preaching right at me. I was STILL all right... still enough to go to sleep... but I didn't have my thoughts on God, or on what the preacher was saying.

AREN'T WE ALL like that at times?—not aware.

God is there all around us; in the flowers on the altar, the music, the preacher's voice and the kindly faces of our friends but we doze on... unaware.

TODAY THE SAND is blowing badly and I can't see anything but the dust; gritty, nasty dust on everything I touch. God may be out there somewhere but who wants to be aware of God in a dust storm.

Of course, I could forget the storm by entering into my closet and praying like Jesus suggested long ago when He said, "And thou, when thou prayest, enter into thy closet and when thou hast shut thy door, pray unto the Father which is in secret, and they Father which seeth in secret shall reward thee openly."

SHUT IN THE closet of my heart, concentrating on God, I do not hear the

wind blowing or notice the sand. He speaks in a still small voice on days, the same as always.

"YOU WILL NOTICE that Jesus 'enter into THY closet and when thou shut THY door.' Only I can enter that particular closet and only I can shut that door.

This is my closet. The only other there besides me is the Father. There is just the Lord and me. The secrets from the Lord; I can tell anything and He will never tell, and God.

I MAY HAVE some pretty problems that I would hate to discuss anyone else, but not with Him. He knows me.

He sees in secret... and He knows my heartaches, my frustrations and after talking with Him secretly He rewards me openly.

SOMETIMES WE NEED to be awakened by the preacher shouting wind blowing. Sometimes we need shocks of life, to teach us to be God.

"Be still and know that I am God."

OBITUARIES

ROBERT CECIL GARDNER

Funeral services for Robert Cecil Gardner, 76, of Childress, who died Tuesday in the Childress General Hospital, were conducted Thursday afternoon in the First United Methodist Church of Childress.

He was the father of Mrs. Pauline Hucks of Springlake. Dr. J. E. Shewbert, pastor, and Rev. R. H. Knight, a retired Methodist minister, officiated.

Burial will be in the Childress Cemetery with Newberry Funeral Home in charge of arrangements.

Born in Turnersville, Gardner had been a resident of Childress since 1921. He was a retired farmer, a member of the First United Methodist Church, a veteran of World War I, and a member of the American Legion.

Surviving are his wife, Mary; another daughter, Mrs. Marie Gillespie of Derby, Kans.; two brothers, H. T. Gardner and E. G. Gardner of Morton; three sisters, Mrs. Ora Gandy of Morton, Mrs. Vada Wygle of Denver, Colo.; and Mrs. Ada Lee Jones of Hot Springs, Ark.; six grandchildren and two great-grandchildren.

MARY KATHRYN KIRK

Funeral services for Mrs. Mary Kathryn Kirk, 56, who died in a Dallas hospital Friday, are scheduled for 2 p.m. in Littlefield's First United Methodist Church.

Burial will be in Littlefield Cemetery, with Hammons Funeral Home in charge of arrangements.

She was born April 20, 1915 in Childress. Complete details about her life were not available at presstime Saturday. Among survivors are her husband, Attorney Robt Kirk of Littlefield; a daughter, Bobbie, of Ft. Worth.

LELA ELMS

Services for Mrs. Lela Elms, 68, who died on arrival at Littlefield Friday afternoon, are pending at Hammons Funeral Home in Littlefield.

Other details were unavailable at presstime Saturday.

WORSHIP IN CHURCH

and get a spiritual lift for the whole week

The Path of the Just

... is as the shining light, that shineth more and more unto the perfect day."

Prov. 4-18.

Are you dimming that light? Is your shadow deepening earth's gloom? Our world is in peril, and the soul, the immortal spirit which gives us power to think and reason, is all that will survive.

If you are God's light, set in the midst of darkness to show someone the way to church, the way to usefulness, the way to help others, then your living is worthwhile. We may know our light is showing the way when the cause of our home, our church, our community, our world are advanced. God knows the hour is late and the way is dark, but He is the one who spoke, "Let there be light, and there was light."

Anton Baptists Begin Revival

ANTON--Revival services begin today at First Baptist Church in Anton, through April 25.

Dr. Otis Strickland of Ft. Worth will be the evangelist. Lyndon Gathright of Littlefield will direct the song services.

Weekday services will be from 12 noon to 1 p.m. Subject for these services will be "Table Talks on Truths" and at 7:30 p.m. prayer meeting, and booster band will be at 7 p.m. Sunday services will be at 11 a.m. and 6 p.m.

The pastor, D. J. Peters, extends a cordial invitation to everyone to attend these services.

PHILLIP HUGHES

Phillip Hughes To Receive Master's Degree

Phillip Stanley Hughes, son of Mr. and Mrs. John E. Forbes of Anton, will receive the Master of Divinity Degree during the commencement exercises to be held in Truett Auditorium at Southwestern Baptist Theological Seminary, May 7, 10 a.m.

Seminary President Robert E. Naylor will present degrees and diplomas to approximately 230 candidates from the seminary's three schools: theology, religious education and church music.

Dr. G. Earl Guinn, president of Louisiana College in Pineville, La., will deliver the commencement address.

Darrell Hill, Tommy Gilbert Top Students

ANTON--Each year, the West Texas Chamber of Commerce recognizes outstanding students in the schools of West Texas. The chamber has chosen this year, from Anton, as "West Texas Scholars" Darrell Hill, son of Mr. and Mrs. H. W. Hill, and Tommy Gilbert, son of Mr. and Mrs. Brad Gilbert.

Darrell Hill ranks in the top 5 per cent of his class. He is a member of the Student Council; vice president of the National Honor Society; all-district in basketball; and plays football, baseball, and track.

Hill was a contestant in 1970 at Region I ULL in Science and in 1969 in typewriting. He was selected for Who's Who in Business Education.

Tommy Gilbert also ranks in the top 5 per cent of his class. He served two years on the Student Council. He is a member of the National Honor Society; was all-district in football; and played basketball, golf, and baseball.

He was honorable mention all-state Class B golfer, and a member of the runner-up golf team at State Meet last spring.

Gilbert attended the American Legion Boys' State in Austin, as a delegate from Anton.

Previous recipients of this award are Gene Ann Herrin and Tom Landers.

Haircuts and Hairstyling by Appointment beginning Saturday, May 1st.

I will offer a new service to the men and boys of Littlefield and surrounding Area. This is a service that I think anyone who has better things to do than wait, can appreciate. Keep in mind, there are two kinds of appointments. Standing appointments for the man who wants to get his barber work on a regular basis, and call in appointments for the man who must get his haircuts between jobs or just when he can find the time. On week days these appointments can usually be made just a little while ahead of time. Or call a day or two ahead and name your own time.

In addition to the usual type haircuts I have been offering, I will now be giving the Roffler Sculpture Kut and styling and the Avante'. Also, I now do hair straightening and hair coloring and sell the very best custom made men's hairpieces that you can buy anywhere. I urge any of you men that have been considering a hairpiece to call for an appointment to discuss these. I have the Capillo Scope and can analyze and treat scalp and hair conditions and deficiencies. So any of you fellows that your hair is coming out by the handfuls, call for an appointment. We may be able to save it for you.

General Telephone Expands Operations

Service improvements and expansion of operations during 1970 increased operating expenses of General Telephone Company of the Southwest 14 per cent above 1969 figures while operating revenues increased only 7.7 per cent, according to comments made by president L. Gray Beck in the company's annual report recently released to stockholders.

The telephone company president said that one highlight of the year occurred when General Telephone received a contract to provide Airport Telephone Service to the Dallas-Fort Worth Regional Airport, the first facility in the world designed especially to be capable when operational in 1973 of handling huge supersonic aircraft.

TEXAS TORNADOES
Texas ranked 11th among the states in tornadoes per square mile during the period 1951-1967. It recorded 3.4 tornadoes yearly per 10,000 square miles.

Notaries Public Must File

Secretary of State Dies, Jr. announced that qualified notaries desiring appointment for a new term which begins 1971 and ends June 1, 1971, pay the required fee for new oath and bond to the County Clerk between 1971 and May 15, 1971. Secretary of State Dies, Jr. stated that any person now a notary public who appointment for the term of the new term on June 1, 1971, should apply to the County Clerk before May 14, 1971, required application forms be obtained from the County Clerk. Dies emphasized that notaries public should request for appointment commissions directly from the Secretary of State in accordance with the law specifically that the County Clerk notary bonds and copies of the application to the Secretary of State. It is emphasized that appointments do not constitute a new application.

It's **PIONEER** again this year.

Here's why:

RALPH CARTER, Littlefield, produced 6300 pounds of grain sorghum per acre from 32 acres of Pioneer brand 846 he planted last year. In another 88-acre field he averaged 3980 pounds per acre with 846. Mr. Carter planted the smaller field on double rows with a seeding rate of 10 pounds per acre. The larger field was planted in single 40-inch rows at a 3 pound per acre seeding rate. Limited water was applied before planting and three times between planting and harvesting. Mr. Carter plans to plant 200 acres of 846 this spring because he likes the way 846 yields with limited irrigation.

THE AMERICAN MADE 40,000 MILE TIRE

CONSTRUCTION

Two radial plies of polyester cord run straight across the centerline from bead to bead. Polyester is unmatched for resilience, strength and durability and provides a soft ride, long wear and is resistant to bruising, free of flatspotting. Between the polyester plies and the tread are four rayon belts which form a near-rigid support for the tire tread, holding it tightly, where it belongs, against the road, and effectively preventing motion and scrubbing that shortens the tread life of ordinary tires.

CONVENTIONAL TIRE vs RADIAL TIRE

With every turn of the wheel the sidewalls of a conventional tire flex and the tread is squeezed together. The Radial 2 plus 4 construction prevents this "tread squirm" by stabilizing the tread and reducing tread motion and thus extending tread life.

Curved inward when molded vs Flat when inflated

Lee's reverse molded process produces a tire that comes out flat and straight against the road when the tire is inflated. It gives the wide tread both structural strength and resiliency and helps put every square inch of tread contact area to work.

Babe Ruth Work Week Scheduled

Charles Smith, president of the local Junior Babe Ruth Organization, has called a work week this week at the Babe Ruth baseball park. Work will begin Monday evening and continue each evening until completed.

All interested persons are urged to donate some time in getting the diamond ready. The first game is scheduled for Friday night, and the park will be used by both Junior and Senior Babe Ruth teams.

Switching to Caparol is easy.
In fact, it's one of the reasons for switching.

If you've held off buying a pre-plant cotton herbicide this long, or haven't treated all your acres yet, you've done the right thing. You've kept your options open.

One of those options is banding Caparol® herbicide pre-emerge. It makes a lot of sense with money tight, and cotton cheap. Caparol can give you the weed control you need, while saving you the expense of broadcasting and incorporating a pre-plant herbicide.

Perhaps, you're a bit hesitant about switching to a new practice. Everyone is. But switching to Caparol is easy, because it's so easy to apply.

Caparol goes on behind the planter. Even right from the planter if you like. Just mount a spray nozzle behind each press wheel, and you can plant and spray Caparol in one trip.

Caparol needs no incorporation. Moisture is all that's needed to move it into the weed root zone. So when you spray

Caparol, you don't have to do anything else. It's the last thing to go on the seedbed.

The treatment can't be disturbed by planting the way a pre-plant treatment can.

What's more, banding Caparol pre-emerge at planting keeps your options open till the seed goes in the ground. And you won't be paying for weed control months before you need it.

You can rotate to sorghum or come back with cotton. Carryover isn't a problem with Caparol. Neither is control of carelessness. Caparol gets it and annual morningglory too, along with the bulk of the weeds, and many grasses in your field.

So you've done the right thing by waiting. Now, check out Caparol with your supplier. See why the switch is on to Caparol, and how easy it is to switch.

... GUIDELINES

Continued from Page 1
receipts from grain sorghum are expected to reach \$116,845,000 by 1976, up from the 1968-69 average of \$95,470,000.

Sorghum acreage in the county is expected to total about 205,000 acres this year, points out Logsdon. Of this, about 170,000 acres will be irrigated. For the South Plains, sorghum acreage totaled 2,362,221 in 1970 with 1,072,600 under irrigation.

The sorghum industry will continue to expand with increased livestock feeding in the area, adds Logsdon. This will boost the South Plains Development (SPD) Program which has as its goal the economic development of the South Plains area.

"The county Extension staff is always ready to assist producers and is backed by various subject matter specialists headquartered at the Texas A&M University Agricultural Research and Extension Center at Lubbock and at the A&M campus at College Station."

"It is the intent of the Extension Service to assist producers in every way possible by providing them with the latest production information for specific enterprises," points out Logsdon. "These guidelines on grain sorghum production are just one of the many valuable tools available to Lamb County producers."
