bills for most city residents for the month of June. And for the first half of July, residents are for more water usage on water bills this month.

fact that no appreciable moisture has fallen since May 1 is the reason for the heavier water usage.

Mrs. Miller said although water bills increased sharply last month, there have been no complaints. About 500 residents are on irrigation rates this year. Several who were on irrigation rates last summer didn't consume much

water due to the rains and did not subscribe this year.

J. P. Ray, director of public works, said the city pumped 37,140,000 gallons of water in May. For June 60,689,000 gallons were pumped.

Mrs. Miller said the billing for May was \$15,387. An increase of over \$6,000 was billed for June when bills totaled \$21,598.20.

Citizens may use 3,000 gallons water for the minimum \$3.50 water fee. (Sewage and garbage fees are added to the water billing.) For those on irrigation rates, the minimum is \$7.50 for 15,000 gallons.

Mrs. Miller said many residents whose average city water bill runs about \$6.50 were billed \$15.55 this month for the use of 15,000 to 16,000 gallons.

## 'Miss Lamb County' To Be Named

Miss Lamb County for 1973 will be crowned at the conclusion of the Beta Sigma Phi sponsored beauty pageant at the Littlefield High School auditorium at 7:30 p.m. Saturday.

Miss Lamb County and her court will be named in a star spangled evening of fun and entertainment that will include talent, laughs, modeling of swim wear and bathing suits and a question and answer session.

Don Jackson will emcee the pageant. Jackson is the quick witted fiancée of Miss Kelli Fain and has extensive training in speech and drama.

Last year's Miss Lamb County, Tina Russell, will crown the winner Saturday night. Winning of the pageant will be a stepping stone to the Miss West Texas contest next year, and the winner of the Miss Texas title will be eligible to enter the famed Miss America Contest the following year.

Talent is required in the regional, state and national contests, and that is one of the reasons for including talent in this year's local contest.

Contestants this year include girls from Littlefield, Amherst and Sudan.

Holly Hinckley, Becky Cook, Mari Louise Bennett, Linda Weaver, Kim Jungman, Cecie Bandy, Karen Walker, Jill Owens and Tandy Talburt are competing for the title. Contestants will be judged on talent, poise, beauty and personality.

Holly Hinckley is the 18-year-old blond, blue-eyed daughter of Dr. and

Mrs. Hubert M. Hinckley, Jr. The 1972 LHS graduate will sing and dance to "Thoroughly Modern Milly" for her talent routine. Cox Furniture is her sponsor.

Becky Cook is the 17-year-old daughter of Mr. and Mrs. R.J. Cook of Amherst. The dark brown haired, blue-eyed miss is a 1973 graduate of Amherst High School. Sponsored in the contest by Maxfield Drug in Amherst, she will sing "I'll Never Fall In Love Again" in the talent division of the contest.

Mari Louise Bennett is the 17-year-old daughter of Mr. and Mrs. Otis Bennett of 402 E. 18th. This LHS senior has dark brown hair and brown eyes. She will play her flute for her talent entry. She is sponsored by Carlisle-Oldham Ford, Inc.

Linda Weaver is the 17-year-old daughter of Mr. and Mrs. W.T. Weaver Jr. of Amherst. The dark brown haired, brown eyed Amherst senior is sponsored in the contest by Glenda's Hair Salon in Amherst. She will play a piano selection in the pageant.

Kim Jungman is the 17-year-old daughter of Mr. and Mrs. Danny Buzanmus of 120 E. 23rd. The brown haired, brown eyed miss is a senior at

Littlefield High. She is sponsored by Jim's Conoco. For her talent she will play a piano selection in the pageant.

Cecie Bandy is a 1973 Sudan High graduate and is the daughter of Mr. and Mrs. Dewey J. Bandy of Sudan. The light brown haired, hazel eyed second runner up in last year's pageant is sponsored by Tu Tu's School of Ballet in Sudan. Miss Bandy will do a dance pantomime for her talent.

Karen Walker is the 17-year-old daughter of Mr. and Mrs. Toby Walker. The blond haired, green eyed miss is a LHS senior this year. Vogue Cleaners is her sponsor in the contest, and she will play the clarinet or sing to the accompaniment of her guitar for her talent.

Jill Owens is the 17-year-old daughter of Mr. and Mrs. Buster Owens of 129 E. 17th. The blond-haired, brown eyed miss is a LHS senior. The J. C. Penney Company in Littlefield is her sponsor in the contest. She will do a dance routine for her talent entry.

Tandy Talburt is the 17-year-old brown-haired daughter of Mr. and Mrs. Johnny Talburt of 1300 W. 14th. Littlefield Rotary Club is her sponsor, and she will present a dramatic reading for her talent.

## Breath Of Life Campaign Gets Underway Monday

A proclamation officially declaring Monday, July 23rd, Breath of Life week in Littlefield was signed into effect Tuesday by Mayor J. E. Chisholm.

In signing the proclamation, Mayor Chisholm urged all citizens to support the National Cystic Fibrosis Research Foundation's Breath of Life Campaign, conducted by the North Texas C/F Chapter on behalf of children who suffer chronic respiratory diseases.

Janice Aaron and Chris Threadgill, 1973 co-chairmen of the fund raising drive for the chapter, stressed that parents and prospective parents should become more aware of the symptoms of cystic fibrosis, the most serious lung-damaging disease, and the other diseases affecting children's breathing. "We should all be more informed about the programs of research and care for these youngsters, available in Littlefield," Mrs. Aaron said.

Cystic fibrosis is inherited when both

parents carry the recessive gene for C/F, usually without knowing it.

It is believed that one in every 20 people may be a carrier of the C/F gene, or about 10 million people in the U.S. Current research, funded by the NCFRF, is seeking a practical test to identify these carriers. Although cystic fibrosis is still incurable, improved therapy is now making it possible for many affected children to survive into young adulthood.

Mayor Chisholm reported that a tremendous upsurge of scientific interest in genetic diseases is being felt throughout the world. "This heightened interest will benefit research underway to find a control for C/F, which is considered a model for genetic disorders."

Mayor Chisholm praised the nationwide network of C/F diagnostic, treatment and research Centers, which provide care to children with such

The past three years he has grown from 150 to 200 acres. The corn is dried and cleaned at Olton. By contracting, growers get 25 to 35 cents more per hundred.

## Appreciation Dinner To Honor Rep. Clayton

The people of Muleshoe are calling on all people of this Legislative District to "Speak-up" for Bill Clayton, candidate for Speaker of the Texas House of Representatives.

A committee has been formed and plans are underway for a \$10 a plate fund-raising appreciation dinner for Bill Clayton Thursday, Aug. 2, at the Mary DeShazo school gymnasium in Muleshoe, beginning at 8 p.m.

Bill Clayton has served the people of his area in Austin since 1962, having been re-elected five times. A true West Texan, Bill Clayton came to the Springlake-Earth community in Lamb County when he was three years old. He graduated from Springlake High School and from Texas A&M University.

General chairman for the Bill Clayton appreciation dinner is Gordon "Corky" Green, Muleshoe attorney. His assistant is Harvey Bass. The arrangements

chairman is Irvin St. Clair. Decorations chairman is Ted Barnhill, general secretary is Nelda Merriott, assisted by Barbara Blackman. Treasurer for the event is Bob Finney and publicity director is Gil Lamb.

Ticket sales are under the supervision of Joe Harbin and Jeff Smith. Food preparation will be handled by L. B. Hall, and entertainment will be arranged for by Kerry Moore.

Volunteers from all seven counties represented by Bill Clayton are helping with preparations. His district includes Bailey, Castro, Cochran, Deaf Smith, Lamb, Oldham and Parmer counties.

A full evening of speeches, entertainment and food is planned. Anyone in the district who has ideas on how this effort could be improved or its success increased is asked to contact the general chairman or any of the other officials.

## 12 Arrested On Charges

A Littlefield man, 29-year-old Charles E. Lee, gave himself up on the Levelland courthouse lawn Monday in connection with the Sunday morning murder of a Levelland Junior High coach and teacher.

Levelland Justice of Peace Earl Ford set bond of \$5,000 on Lee on charges of murder with malice of 25-year-old Obezonia "Little Boy" Garrett who was dead on arrival at a Levelland hospital at 1 a.m. Sunday. The shooting occurred just before 1 a.m. Sunday outside a bar and cafe in north Levelland. Garrett was shot with an automatic pistol following an argument, according to authorities.

"Lee came to the courthouse, parked and we met him outside with his Lubbock attorney," sheriff O.C. Blair said of Lee. The Levelland sheriff described Lee as 6 feet 2 inches tall and weighing 221 pounds. The charged man is a resident of Littlefield but had been working in Lubbock.

The shooting victim was a ninth grade basketball coach and social studies teacher.

IN LITTLEFIELD authorities arrested 11 over the weekend. Two Littlefield juveniles were arrested Friday and charged with forgery. They were released to their parents Saturday.

Willie Conley of Littlefield was arrested on a charge of check law violation Friday and released on a \$500 bond Saturday.

Daniel Cruz of Amherst was arrested

by highway patrolmen early Saturday morning and charged with fleeing police officers. He was fined \$100 plus county court cost.

County officers arrested Amherst, Littlefield and Dimmitt men on drunk charges and a Dimmitt resident was arrested for drunk and disturbance. City officers arrested two for drunk in public, two for minor consumption and one for disorderly conduct.

Four breakings and enterings, a burglary and a case of vandalism are under investigation. Saturday Jerrel Hadaway who lives six miles west and four north of Earth reported the lock on a 270-gallon gas tank has been broken and an undetermined amount of gas taken.

Don Cowan of Fieldton reported the burglary Monday night of a boat motor valued at \$500. His barn was broken into and a 40 horsepower Mark 55A Mercury motor, two gas cans and battery case were taken.

Breaking and entering were reported at Weeks Grocery at Spade where someone had broken into the soft drink box.

Ken's Texaco at 521 Hall was broken into Monday night or Tuesday morning, and a black and white portable television set was missing.

Giles Motors at 1101 Hall reported someone broke a car window on the car lot at 12th and Hall.

### Couple Planning Aug. Wedding

OLTON—Mr. and Mrs. V. O. Harrod announce the engagement and approaching marriage of their daughter, Betty Louise, to Edward R. Stille, son of Mr. and Mrs. Clarence E. Stille of Red Oak, Iowa.

Miss Harrod is a graduate of Olton High and Bethany Nazarene College at Bethany, Okla., with a bachelor of science degree in education. She is now an elementary

teacher for the Kansas City, Kans. school system.

Stille, a graduate of Northwest Missouri State University at Maryville, Mo., is presently employed as an assistant National Bank examiner, headquartered in Kansas City, Mo.

An Aug. 10 wedding is planned for 8 p.m. in the Church of the Nazarene.

Friends and relatives are invited to attend.

### July Survey To Seek Disabilities

Information on the disability of individuals will be collected from a sample of households in this area in a survey conducted by the Bureau of the Census.

Percy R. Millard, director of the Bureau's Data Collection Center in Dallas, announced the survey will be taken during the week of July 16-20.

The questions are in addition to the usual ones asked in the monthly survey on employment and unemployment conducted nationwide by the Census Bureau for the U. S. Department of Labor. The questions on disability are asked for the Social Security Administration.

The results of the monthly

survey on employment and unemployment provide a continuing measure of the economic health of the Nation. For example, total employment in May held steady at its all-time high of 84 million—2.5 million more than 12 months earlier. And the out-of-work rate stayed at 5 percent, the rate held since late last fall.

Households in this area taking part in the survey are part of the 50,000 nationwide scientifically selected to represent a cross section of all households.

All information about individuals and families provided the Census Bureau is confidential by law and can be published only as statistical totals.

# Early Risers Lions To Receive Charter

The newly-organized morning Lions Club—which will be called the Littlefield

Early Risers Lions Club—is to receive its charter Saturday night, Sept. 15, during a special charter night ceremony.

To date, 20 members have applied for the charter, and the charter will close Tuesday morning, July 24, during that 7 a.m. meeting in the Tasty Taco.

Others interested in joining are asked to contact the new president, David Jones, or District 2-T2 Governor, Kip Cutshall.

Other officers are Robert Richards, secretary; and Cliff Smith, charter night chairman.

District Governor Cutshall will present the charter, and the guest speaker for the event will be a representative from Lions International.

All 66 area clubs from the District will be invited to attend, and each of the visiting clubs will present a gift to the new club—generally equipment to operate the club, such as gavel, podium, etc.

Assisting with the charter day Tuesday morning was District Governor Kip Cutshall, District Extension Chairman Don Taylor of Plainview, and Texas State Lion Secretary, Ed Skypala of Austin.

This coming Tuesday morning, a nominating committee will be appointed by the president to name a slate of officers for the club, including first, second and third vice presidents, Lion Tamer, Tail Twister and a minimum of two directors.

The club is being sponsored by the Littlefield Noon Lions Club, with Doyle Patton as president. The noon Lions will assist the club throughout the year, and the new club will meet weekly at 7 a.m. Tuesday mornings at the Tasty Taco.

To date, charter members are Bill Weige, Robert Richards, Larry Sanderson, T. J. Reed, Danny Stueart, Cliff Smith, David Jones, James Blackwell, Mike Kline, Junior Nicholas, Benny Hall, Glenn Davis, Ted Franklin, Jimmy Drake, Bobby Short, Ed Jennings, John Clayton Sr., David Thompson, Jerry Williams and Bobby Rogers.

## Lions Cabinet To Meet Here

Lions District 2-T2 Governor Kip Cutshall of Littlefield will conduct his first cabinet meeting in Littlefield Sunday, July 29.

All Lions from the 66 clubs in the district are invited to attend the meeting which is scheduled for Littlefield High School.

Registration will begin at 9 a.m. and schools for new officers will be conducted in classrooms beginning at 9:30. The sessions will be dismissed for church attendance, followed by a luncheon in the High School cafeteria at 12:15.

At 1:15 p.m. the district cabinet meeting will be conducted in the auditorium.

## C-CA Chartering Another 'Texas' Bus

The Chamber of Commerce is chartering another bus for a trip to Palo Duro Canyon and the presentation of the play, "Texas."

The bus will load at city hall Tuesday afternoon, July 31, at 4:15, and all interested persons are asked to contact the Chamber of Commerce office, 385-4451, or go by the office in the city hall to make reservations.

## Two Wrecks Result In Injury, Charges

Mrs. Gaither Vanderveer of Idalou was admitted to the Littlefield Hospital with minor injuries following a two-car accident southwest of Spade Friday evening.

The wreck occurred about 4:30 p.m. two miles west and one south of Spade. Gaither Vanderveer was driving south on the county dirt road. Jose Sanchez from Spade was driving west in a pickup owned by Leroy Wallace.

The two vehicles hit in the intersection with the front of the pickup hitting the left of the car. Highway Patrolman Weldon Parson estimated damages to the vehicles at \$500 to each.

A car driven by Daniel Cruz of Amherst rolled four and one-half miles west of Littlefield about 1:20 Saturday morning when Cruz attempted to flee from Amherst policeman Raymond Cantrell.

Cantrell notified highway patrolman of the chase. Cruz crossed FR 54 and his vehicle rolled into a cotton field on the county dirt road, went into a skid and overturned on its top. Neither Cruz nor two passengers were injured. Damage to the car was estimated at \$500 and Cruz was jailed, charged with fleeing a police officer, and fined \$100 plus county court cost.

chronic respiratory diseases as asthma with lung damage, chronic bronchitis, bronchiectasis and a condition sometimes called "childhood emphysema." All have symptoms in common with those of C/F and respond favorably to the treatment designed for the Centers' C/F patients.

"Most of us are lucky and don't have to think much about the act of breathing," said Mayor Chisholm, "but these children can't take breathing for granted. They need our support and understanding, and I hope every citizen will regard their struggle for breath as a very personal matter."

HERE LIE Tip and Troubles. Just who or what Tip and Troubles are is something of a mystery. Legend has it that a little boy and girl were buried here just east of where 84 Wrecking is now located in the early 1900's by persons who were just passing through. At some time, corner posts and chains have been put around the graves and someone has recently cleared the gravesite of weeds. One tale has it that the slight bend in the highway is due to allowing room for the grave site. The first death recorded in Lamb County was filed in 1917.

Let us be one of many campers to say "Thank You" for such a nice overnight campground.

We thought it would be a weedy spot in a pasture when the sign read "Free overnight Camping." To our surprise, it is a complete, convenient camp site.

What a thoughtful way to be remembered.

Most small towns have a city park or so.

We will recommend your town to everyone traveling in your direction.

## THE ABUNDANT LIFE

# Bad Obligations

By BUR

"GOOD" OBLIGATIONS are blessings, and we can usually meet all of them satisfactorily; and be the better for doing so.

These are the obligations which belong to the normal life pattern, and are associated with a wisely chosen value system.

All of us have such obligations. Some of these may be chosen, but some must be accepted because of circumstances.

THESE "GOOD" OBLIGATIONS are not always easy to handle, but they can be handled and the result is a blessing—a source of satisfaction. The discharge of such obligations involves the best of self, and of whatever else may be included.

The discipline, the effort, and the self-fulfillment contribute to our personal development and the formation of a proper self-image.

AN OBLIGATION IS "something that one is bound to do, a duty, a factor which binds us to a course of action, a binding agreement or acknowledgement of a liability."

These may be good, part of the good life; even essential to satisfactory living. They may also be "bad", eroding our life strength, happiness and peace of mind. They may make living less satisfactory; even unsatisfactory. These are the obligations we must, and can avoid.

MOST "BAD" OBLIGATIONS are unnecessary. They are formed by us without any sensible reason.

Of course, our intention may be "good", but we fail to think carefully,

we don't count the cost, or we're trying to "impress" somebody, or it is the worst kind of foolishness, or we are impressed, it will be with no judgment."

MANY PEOPLE OBLIGATE themselves to second rate activity, or they may even obligate the person which is already obligated to some useful and worthwhile.

When this mistake is made, people are in trouble on two sides. The important and worthwhile work is neglected, and the time devoted to second-rate activity becomes a obligation, with distressful results. There is no reason why this should happen to any of us.

WORSE THAN THIS, in some cases, is the obligation of our money to a rate use; when it is already obligated to useful and worthwhile purposes.

According to published reports, people obligate themselves beyond their ability to pay. This is a "bad" obligation. It is especially "bad" if these obligations prevent the individual from honoring their legitimate obligations.

Some even cheat themselves by creating a situation in which they do without the good things they Others do even worse. They themselves the objects of scorn, because they are unable to meet their "first-class obligations. Some themselves completely.

WE WILL BE ABLE to take care of our obligations associated with the present unless we squander our time, thought and energy on the second-rate obligations we create.

# HOMINY GRITS

By CORNBALL BLEY

WHILE WE'RE BEING dazzled by the antics of Watergate, and our attention is being diverted by all the self-righteous tongue clucking, there're some bills being passed through these stately chambers, almost unnoticed, that would otherwise have a good many of us up in arms. I think they have us hypnotized.

For one thing, the automatic pay raises, the guys are fixin' up for themselves. They would (and are) raising their own salaries from a lowly forty-two thousand per annum, to a more respectable fifty-five grand.—Plus fringe benefits, arredey!

THIS IS BEING done, simply by roll-call vote and without debate. (So I read) Furthermore, the way is being paved for this procedure to be constitutionally accepted in future years.

They're pretty well hawg-tied the President, therefore, expect little opposition from him. They've taken away his power as commander-in-chief in military matters. They've done away with his staff, and keep mentioning, darkly, possibilities of impeachment. This, while we're watching the swinging pendulum!

IF SIX FLIES TO nine, Four and seven grounds to six to three. What is my bank balance?

SEEMS THE PUBLISHER is going around with his head in the clouds of late. Isn't one amateur weather forecaster enough?

SPEAKIN' OF BASEBALL, what do when you've got a team of Champion All-Stars on your team? Well, you just keep supporting and (all that can) follow them play-offs!

One of the local papa's was heard to say that he kind of hated to see Rutherford win that last game. So didn't know if he'd be able to Graham with them or not. Oh, well.

MIKE COTTER and his crew are commended, not only for their play to the game, but also for their sportsmanship, good manners, behavior out on the field. Sorry, I say the same for all the fans, included!

GOOD LUCK, FELLOWS!

THE RAIN WE HAD in the area was a blessing, and more is needed to dampen the parched surface soil. Although the cotton is not in stress, milo is showing signs of need for moisture. If we could breed a variety of milo that had a tap root like cotton or some of our thriving weeds it sure would help the milo industry. Who knows, maybe we will have a variety with a tap root in a few years.

Noticed that in some sections of the area, milo is beginning to head out, corn is beginning to tassel and cotton has started to bloom.

Some farmers will probably be laid by in the next couple of weeks if it does not rain. All in all, area crops for 1973 are looking good.

THE NEW MEXICO Cotton Ginner's Association, Inc. held their 24th annual convention in Ruidoso, N.M., this past weekend. A Littlefield man, H.C. Nickels, an owner of a cotton gin in Arch, N.M. was re-elected as a delegate to the National Cotton Council from the state of New Mexico.

Nickels is also on the State Board of Directors representing District 3 in New Mexico.

HOPE MOST OF YOU got through Friday 13th rather well. Heard this story about one of our readers who had a bit of bad luck.

As the story goes, this person was attacked by a deer Friday. What really happened is that this person had a mounted deer head hanging on the wall in his den. It had been hanging there for several years and Friday, this deer head fell off the wall and one of the antlers, skinned this person's head and the other antler tore his shirt sleeve and skinned his arm.

Guess the moral of this story is: walk under ladders or under deers especially on Friday 13th.

MINISKIRTS ARE INVADING the business world in greater numbers ever before. The Wall Street Journal explains why 42 percent of the population is out working: "... it support any war effort. Nor is it their rights and strike blow women's liberation. Rather, it's more basic reason: money."

The upsurge in female workers has been attributed to several reasons: employers are living up to the spirit of the Civil Rights Act of 1964, which requires that men and women be equal consideration, and to the Pay Act of 1963, which requires pay for equal work.

Also, many employers have been pinched for skilled labor and are discovering that women can do the job as well—and at times better—than men. That could account for the fact that nearly two thirds of the labor force increase in the last decade has been female.

So the next time the "lady of the house" is nowhere to be found, follow the sound of hammering. It may be down the street building a city hall or she could be taking a ball's place!

THE INTERPRETATION of the "Two Dollar Word" game is sleeping dogs lie."

AS A REMINDER in closing editor's column, "One should avoid vicarious conveyances across which are not in proximity."

## JET AGE SEWING

MRS. FRANCES JONES

QUESTION: "What is a warp knit? The saleslady speaks of it as something special. How is it different from double knits?"

To explain this we must begin far back and mention the basic difference between knitting and weaving, which no doubt you already know. In knitting, loops of yarn are interlocked to make a length of cloth. In weaving, one set of threads (the warp) is laid out in a lengthwise direction in a loom. Crosswise threads (the filling) run over and under to make a length of cloth.

Of course, knitted cloth "gives" or stretches more than woven cloth. Weight, quality, and finished appearance depends on preparation of the yarn, closeness or spacing of the yarns, and other phases of construction. The terms "yarn" and "thread" mean essentially the same.

Do not make too much of the word polyester. It is a chemical term that describes the molecule of a syrupy mixture that becomes the filament or thread. Filament is a fine and endless strand. It is more often chopped up and spun to make a thread with a more natural look.

Many double knits are made of polyester but they can also be made of other synthetics and also of natural fibers such as cotton or wool.

Since knits loom high in the fashion picture, let us learn more about them. The two big classifications are weft knits and warp knits. In the weft knit a continuous yarn is interlocked in a horizontal or crosswise direction, as in hand knitting.

Weft knits may be made in flat or in circular form. They have a high degree of comfort-stretch in both directions. The double knits make up one form of weft knitting with a single yarn interlaced in two layers—a face and a back—which cannot be separated. Of course this makes a more stable fabric than a single knit. (A) The single knit, also a weft knit, has only one layer. Therefore it is lighter and more stretchy. Many shirts and T-shirts are made of single knit. (B).

In warp knits there are hundreds of loops created in an up and down direction along the length of the fabric. To prepare for a warp knit many threads are placed much as to begin weaving. This is in contrast to weft knitting in which loops are formed in a crosswise direction. Therefore, the warp knit stretches more in a crosswise direction and stretches hardly at all lengthwise. It is always produced flat and never circular.

Warp knits may be firm as in suiting or cloth for men's wear, or it may be soft as in tricots, jersey, and raschel. The last three are sometimes bonded to add firmness. Tricot

and jersey have lengthwise ribs or "courses" on the other. Tricot may be smooth or fleeced. (C) Raschel is a fancier stitch with which lacy effects may be created. The cloth may be designed for utilitarian purposes but it is often designed for sweaters. (D).

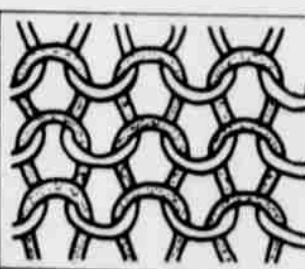

To summarize, buy the cloth that has the weight, firmness, draping quality, and washability suitable for what you plan to make. Do not worry about technical terms or manufacturing details.

Also, remember that something new comes on the market all the time. Look on the end of the bolt for instructions on how to wash, dry, or dry clean and follow these faithfully. Ask for the white tag numbered from 1 to 9 with special instructions for care of the fabric. This is a new aid for the consumer.

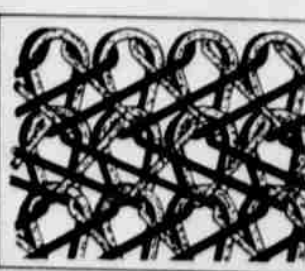

On the tag and a sample of the cloth inside the closet door or in the laundry for reference.

## Joe Luna Attends Natl. Safety Meet

ANTON — Joe Luna Jr. of Anton High School, along with eight other Texas high school students, carried Texas-style safety, including the State's "Drive Friendly" campaign, to the National Student Safety Conference Sunday through Wednesday at Central Missouri State University, Warrensburg, Mo.

The Texas Safety Association presented the students with western hats sporting "Drive Friendly" stickers as they departed for the national conference from Dallas Love Field.

The nine students each represent an Outstanding Safety School, selected on the basis of an innovative safety program prepared by his school's student council, explained Mrs. J. A. Holman of Dallas, vice president of TSA.

"These students will take experiences from the top student-sponsored safety programs in Texas to exchange with ideas on the best programs from other states," said Mrs. Holman.

Mrs. Holman added that TSA hopes the students will share also the highly successful "Drive Friendly" campaign from Texas.

"Safety is completely achieved only when each individual accepts his responsibility for safety. Because of this, the Texas Safety Association welcomes and encourages active involvement from students such as yourselves," Mrs. Holman told the students.

Th\* representatives of Texas are Joe Luna Jr., Anton High School; Kevan Sisk, Azle High School; Myra Tucker, Incarnate Word, Corpus Christi; Bill Hester, Humble High School; Karen Calvert, La Marque; Jim Baxter, French High School, Beaumont; Patsy Aranda, Bel Air High School, El Paso; Barbara Hoffman, Victoria High School and Bob Bailey, Abilene High School.

The Governor's office for Traffic Safety is providing funds for the Texas representatives to the National Student Safety to the National Student Safety Conference. At the conference, themed "Set your sights and go", students will hear such speakers as Ewing Kauffman, owner of the Kansas City Royals Baseball Club, and Arthur Nellen of the Car Care Council. The Missouri Safety Center's Highway Safety Instructional park will be the site of a field trip.

Joe will be a senior at Anton High School this fall. He is an honor student, is active in basketball and track, and is current president of the Student Council. He is the son of Mr. and Mrs. Joe Luna Sr. of Anton.

EXTRA INCOME The Veterans Administration can advance up to \$250 in extra allowances to selected veterans receiving education assistance under its programs.

# New Teachers Hired For Anton School

ANTON — Five new teachers have been hired at the Anton School, and are to begin duties in the classrooms there this fall.

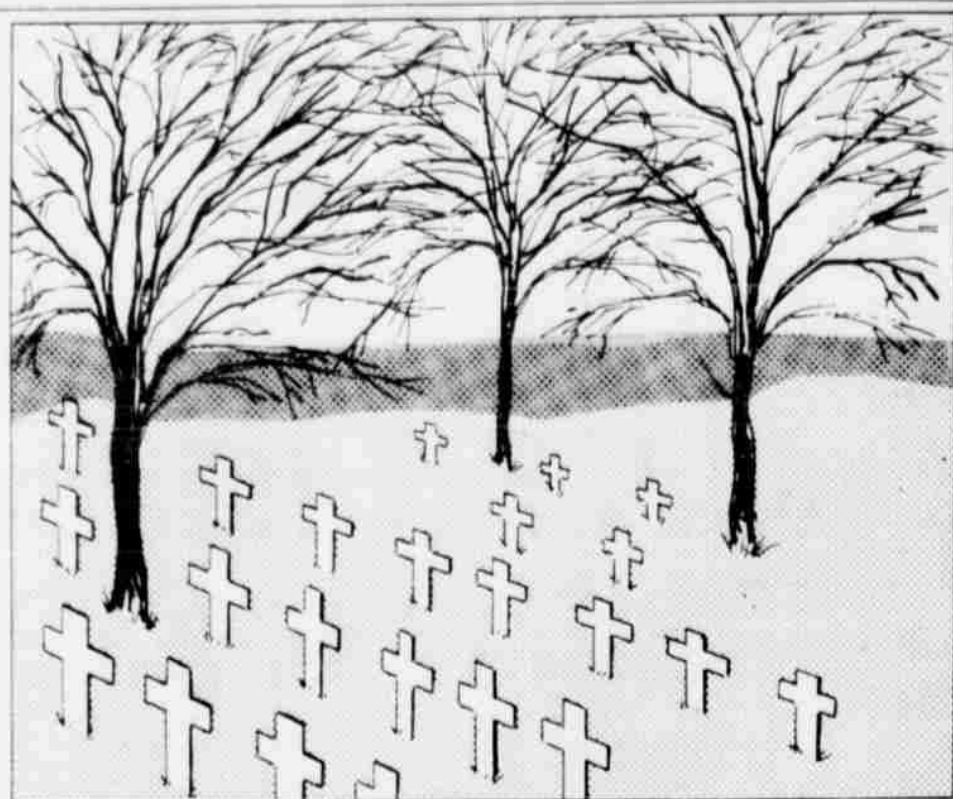

They are Donald Leonard, Stan Pulliam, Robert Purser, Bud Comer and Erschel Bird. Donald Leonard has been hired by the school as head coach, athletic director and history teacher. He has a BS degree from West Texas State University and went to Anton from the Roosevelt School.

He and his wife and one daughter now live in Anton. Stan Pulliam has been hired as basketball coach and history teacher. He has a BA degree from Oklahoma Baptist University and goes to Anton from Seminole. He and his wife and two children live

on Rt. 1, Anton. Robert Purser has been hired as junior high coach and science teacher. He has a BS degree from Texas Tech. He and his wife live in the trailer park in Anton.

Bud Comer has been hired as assistant coach and science teacher. He has a BS degree from Texas Tech and went to Anton from the Roosevelt

School. He and his wife and one child live on Rt. 1, Anton. Erschel Bird has been hired as elementary principal. He has a BA degree from Jackson Union University, Tennessee, and an MA from Austin State College, Tennessee. He taught the past eight years at Posey School in Lubbock, and his wife and daughter live on East 8th in Anton.

## TRAFFIC DEATH RECORD "IMPROVES"

Automobiles kill more Texans every year. In 1971 the death count was 3,594. Yet the death RATE in relation to miles driven went down a tenth of a per cent—to 5.1 for each 100 million miles on the road.

The gain—from 5.2 to 5.1—was not enough. For one thing, the "gain" was actually a loss of 34 lives; deaths in 1970 were "only" 3,560. Only a 4% increase in miles traveled saved the Texas scorecard from a brutal beating. The estimated economic loss was the greatest ever: \$1,045,000,000.

Traffic safety experts haven't given up. They still have hope of achieving the Department of Transportation's goal: Reduce the death rate by one-third by 1980. Priority safety programs are hopefully

plugging away at the deaths-per-100-million-vehicle-miles figure. It will have to drop to 3.6 to achieve that one-third reduction.

These priority programs are pretty basic: —Safer cars. —Safer roads. —Safer drivers.

Safer driving means, among other things, more sober driving. Seven per cent, rated as "problem drinkers-drivers," cause an estimated one-third of highway deaths.

Clearly, we must keep these problem drivers off the road. And the best way to do that is to keep them out of automobiles. Research is being directed to that end. It should be supported.

# Jr. Babe Ruth Squad Takes District Title

RONALD PARMER (third from left) grins and accepts the congratulations of his Littlefield teammates after slamming a home run Saturday. The homer came in the first inning of Littlefield's 10-3 decision over Muleshoe, and helped Littlefield to the District 2 championship. (Staff Photo)

The Littlefield Babe Ruth All-Stars won the district tournament Saturday with a 10-3 romp over Muleshoe.

Littlefield advances to the state tournament in Graham. They play Tuesday night at 6:30. Their opponent was not known at presstime.

Littlefield won the tournament by beating Dimmitt once, Olton once and Muleshoe twice. The Mules fell to Littlefield in the second round 9-0, then came back in the semifinal game with a 2-1 win over the locals. That set up Saturday night's game for the championship.

Ronald Parmer got Littlefield off to a running start when he whacked the first pitch thrown to him in the first inning over the left field fence. Kyle Martin rapped a single up the middle later in the first, but he was stranded on second base.

Muleshoe came back in the first with a single of their own, Terry Mick punching a pitch between short and third. Bill Turner, who was pitching for Littlefield, fanned the next batter and got Kyle Kimbrough to pop up to work himself out of trouble.

The Littlefield batters came alive in the second, knocking Muleshoe pitcher Tony Vela out of the game. Michael Cotter opened with a single. Doug Perrin's bunt was

turned into a force-out at second. Then Richard Holley slammed a single into right and was safe on the first baseman's error. Vargas flied out, then Parmer hit a sacrifice fly to right to score Holley. Turner slapped a single into left, and put Jones on third. Martin grounded to third, but a throwing error prevented the out. Jones scored standing up, and Turner raced in and did a belly-slide for the third score of the inning. Parker's first pitch to Martinez got by the Mule catcher, and Martin did an instant replay of Turner's belly slide to score. Martinez grounded out to short, but Littlefield had taken an 8-2 lead.

Muleshoe scored once in the bottom of the fifth, but they were in a position to score a lot more. They loaded the bases with none out on a walk, a single, and a freak play. The freak play was Steve Vanzandt's swing that hit catcher Ray Vargas' glove. Vanzandt was awarded a free base on the accident. With the bases loaded, two runners were forced out at home, then Flores scored on a passed ball. White walked to reload the bases, then Mick went down swinging.

In the sixth, Littlefield went to work with two outs. Parmer lined a hard shot to the pitcher

field fans. Holley opened with a sharp single into right. Jones hit a weak shot to short and was safe on the first baseman's error. Vargas flied out, then Parmer hit a sacrifice fly to right to score Holley. Turner slapped a single into left, and put Jones on third. Martin grounded to third, but a throwing error prevented the out. Jones scored standing up, and Turner raced in and did a belly-slide for the third score of the inning. ## Little League Prepare For District Play

The Little League Association under the tutelage of Jackson, and Birkelbach, took a day practice Wednesday to themselves for the tournament today.

The local squad had a p.m. game at the Sudan League field. Sudan takes on Anton at 8 p.m. single elimination tournament.

"We're taking on the toughest team up to Jackson said. "But we be all right in our hitting fielding. The main thing worries me is our pitching."

"We're going to have good power," Jackson said, "because we some boys who hit a home runs during the season."

Jackson said he would Jr. Sierra on the mound

## ALMO Falls 7-0

South Plains, led by the no-hit pitching of Jerry Robertson and a two-run homer in the third by Tim Walker, stormed past the ALMO All-stars 7-0 Tuesday in the state Sr. Babe Ruth Tournament at Olton. South Plains pushed across four more runs in the fifth and one in the sixth to sew up the win.

Robertson struck out 15 for the night, and issued four walks.

Donnie Noles was on the mound for ALMO.

The ALMO squad will play again today at 6:30 p.m. against the winner of the Graham-North San Antonio game.

A PICKOFF ATTEMPT by ALMO pitcher Donnie Noles to first baseman Mark Hanna was a little too late to get Louis Robertson, the South Plains (Brownfield) runner. Umpire Bill Dodson watches the play. Action occurred in the fifth inning of South Plains' 7-0 win over ALMO in the state Sr. Babe Ruth tourney at Olton Tuesday.

## BOARD

Continued from Page 1

In the time spent in discussing the budget for the coming school year, Supt. Paul I. Jones indicated that he would like to have the budget approved "tonight (Monday) or as soon as possible before the public hearing date in August."

However, this was not the case, as all board members closely scrutinized proposed expenditures in all phases of school activities, and the trustees worked the paring knife overtime in an attempt to give the budget "more breathing room in the face of spiralling costs."

While no items were formally cut or eliminated, some suggestions were given in both a serious and light vein. These ranged from the "elimination of school secretaries to getting rid of all athletic and band programs and get right down to 'readin', 'ritin' and 'rith-metic'."

It is expected that there will be other called meetings prior to the public hearing on the budget set for Aug. 13.
