School Trustees Discuss Financial Status

A brief agenda faced the Littlefield School Trustees Monday night and they disposed of the items in short order.

Supt. Paul I. Jones gave a brief report on the Texas Association of School Administrators' meeting in San Antonio last week and Tax Assessor-Collector Sid Hopping discussed assessment of taxes for the '73-'74 school year.

Stating that with inflationary problems, cutbacks in federal aid, new legislation, and loss of monies locally, due to the closing of businesses and lack of new businesses, the school system would be hard pressed to meet its expected obligations for the coming year

LHS Homecoming Slated Next Week

Littlefield High School will celebrate Homecoming and honor its exes next week, when the Wildcat football squad takes on the Dimmitt Bobcats.

Homecoming activities will kick-off next Thursday, when a parade featuring the Wildcat band and including floats and decorated cars will take place at 7:30 p.m. The parade will start behind the courthouse, proceed northeast down XIT Drive, and come back up Phelps Avenue. The theme for the parade is "Wildcat Memories," deriving from the fact that this is the 10th anniversary of the high school building.

Immediately after the parade, there will be a bonfire at Wildcat Stadium. The LHS Student Council will be collecting wood, and anyone who has wood they wish to donate are asked to call the high school or take their wood out to the Stadium sometime Thursday.

Friday's activities will commence with the Littlefield-Dimmitt football game at 7:30 p.m. It is the first district game for both towns, and the winner of the clash stands a good chance of

becoming District 3-AA champion. At halftime, a homecoming queen will be crowned by the Ex-Students Association.

Capping the homecoming festivities will be a post-game fellowship at the First Baptist Church in Littlefield. All high school students are invited to atwith no new additional sources of local monies coming in.

"While this is something we cannot do anything about until the period between Jan. 1, 1974 and April 1, 1974 (the period

Brad Walden Wins Contest

Ten persons correctly predicted 13 out of 16 games in the Leader-News Football Contest this week, and Brad Walden won the \$5 first prize by his guesses on the tie-breakers.

Walden was the only one of the group tied for first who predicted Washington's win over Dallas. Coming in second and winning \$3 was Elaine Turner, who won first place in the second week of the contest. Two contestants. Dean Walden and Bennie Pickrell, tied for third, and will collect

Other contestants who picked 13 games were Kim Hill, Chris Myers, Dennis Jackson, James Melton, Virginia McLelland and Lynn Duffey.

for assessing taxes), it is something you need to be thinking about," added Hopping.

Presently, property is assessed at 55 per cent of reasonable market value and is taxed at \$1.50 per \$100 for school operating money and \$.40 per \$100 for sinking funds, etc.

"I'm being asked by many taxpayers what to expect next year, and of course this is up to the board," stated Hopping.

In the course of the discussion, several board members said they did not think that all personal property (such as automobiles, furniture, etc.) was being taxed. Hopping agreed, stating that it was especially true of renters, both in town and rural.

While on the discussion of property taxes, it was brought out that the highest assessment on any farm tractor is \$1,000 even if it was recently purchased for up to \$15,000. While this makes \$19 the highest maximum tax on a farm tractor, Hopping stated that this is in line with all other personal property.

In other matters, Jones stated that "again we need some help with the lunchroom." A motion was made to transfer \$7,500 from the operating fund to the cafeteria fund, and the motion was passed unanimously.

The need to transfer these monies stems partly from the fact that state money will not come in until next summer for some of the cafeteria ex-See TRUSTEES, Page 4

Olton Homecoming Activities Feature Parade, Coronation

A big bonfire tonight at 8:30 ushers in Olton's Homecoming activities. All Olton exes, students and Mustang supporters are invited to participate in the homecoming events

The homecoming assembly and pep rally begins at 2 p.m. Friday, and will feature the crowning of the 1973 Homecoming Queen. Candidates are Jimmie Kay Graham, Donna Muller and

Cynthia Norfleet. Mustang football captains from 1950 to present will be given special recognition at the assembly.

"Songs" is the theme of the Homecoming parade scheduled for 4 p.m. A number of entries are expected.

Beginning at 5 p.m., the Olton P-TA will serve hamburgers and the trimmings and homemade cobbler in the school cafeteria. Serving will continue until game time. Kickoff for the Idalou Wildcats-Olton Mustangs tilt is 8 p.m.

Pep squad members will serve the varsity football players a sandwich supper following the game. A number of class coffees are planned.

Shaw Appeals Theft Conviction

Billy Eugene Shaw, 29, of Littlefield has appealed his conviction of theft to the Court of Criminal Appeals in Austin and was released last week on an \$8,000 bond.

Shaw was tried by a jury and found guilty in the last criminal court hearings in 154th district court here on August 7. He was sentenced to two to six years in the state penitentiary.

He made the \$8,000 appeal bond through a bonding company in Lubbock last Wednesday.

TOWN WITH A HEART

A little cottage, a little nest; A place of peace, a place to rest. A place we love, a place to call home; A place to abide and not to roam.

A place to live, a place to dream: A pause in time a joy to know. Ultimate tranquillity reigns supreme Hard to believe it is really so.

It is 'Hi neighbor' throughout our town.

Never a stranger can be found, Always greetings with a heart warm-

ing smile Makes living ones life well worth

Take not this humble ones word, Try for yourself so you will know. Believe not what you have heard, and find the town with a heart where brotherly love doth flow

Dear Lamb County Leader friends:

Each week I find myself wondering who I can write about. I miss my job very much and all you nice people. It was a pleasure to be part of the group.

I know there isn't anyone getting the paper that enjoys it any more than I do. I have the crazy idea that I still have a part in it.

I'm about settled and have been doing a lot of resting. I'm sure I'm going to get tired of that before long. This place is quite different from Littlefield, people are not near as friendly

The Thick Of Things

"The mills of the gods grind slowly, but they grind exceeding fine.

So goes the saying.

The mills of the more "god-like" decision-makers of earth, courts and congresses, emulate that slowness, but that's as far as it goes. They are human institutions and imperfect, as we are often reminded by events.

Meanwhile there is nothing godlike about a newspaper.

Its presses don't grind at all they whirr exceedingly fast.

As an imperfect human institution that is also always in a hurry, we are imperfect indeed.

Wisely, the function we serve does not require perfection. It requires only that there be an open marketplace for ideas and claims, so that the truth can "emerge triumphant" eventually.

Ours is a helter-skelter kind of service that is unique. The newspaper is the supermarket of the mass media. You can browse among the departments of your choice, examine the labels we call headlines, and select for yourself the items you care about.

The reporting style we use offers you still another choice. You can have as much of our food-forthought as you want. You not only can stop with the headlines, you

can quit after the lead facts or delve deeper if it suits you.

No other technique for gathering and laying out news and comment gives you this range of freedom of choice and a system of "labels" to make your choice most effective whenever you choose to exercise it.

In spite of the fact that we are always dealing with events that are bird-on-the-wing and can't "stop time" to do our thing as the courts. congress, researchers, and academicians so often do, the record shows that American newspapers are scarcely more error-prone in the long run than those other human institutions.

Yet our greatest virtue is that we do not pretend to be carving tablets of stone as they often do.

The daily newspaper, thus, with all its sins is a unique and invaluable institution and we are proud of the business we're in.

National Newspaper Week is a fitting tribute to the press, but the newspaper comes out every day, and in this on-going service every day is newspaper day in a practical way,

Our free and varied press may not give society "final solutions" to its problems - but it will always keep readers in the thick of things and ABLE TO COPE.

We shall strive to keep meeting that basic obligation.

The Eagles are strong and deep in every position. Some of the Roosevelt players that Blakely is particularly wary of are their entire backfield-all returning starters. "John Blackwell at tailback has tremendous speed. He was fourth in the state meet in the 100 yard dash, running 9.8. Their fullback, Kenneth Bobo. weighs 200 pounds, and he's an exceptional blocker and a good inside runner. Their quarterback, Chris Marshall, is coming along and developing into a good passer, and he's always been exceptional on the option play. The Cats enter the Roosevelt game with a 3-2 record, after a heartbreaking 7-6 loss to Floydada Friday.

"We just made too many mistakes to beat a team playing as inspired as Floydada," Blakely said. "We fumbled in crucial situations and had a fantastic number of penalties. We knew the game was going to be close, our mistakes killed us.

"We anticipated that we were going to have a hard time moving the ball against them, because their defense always plays real well against us. We did move it over 200 yards, but we just couldn't score. We were disappointed, because we thought we would be able to score more times. It was a combination of our mistakes and their inspired

eams Prepare For lough

The Sudan Hornets upped their win streak to four Friday, while the Olton Mustangs and Amherst Bulldogs won their third football games in a row.

Sudan was a 12-0 winner over Springlake-Earth, Olton dropped Abernathy 34-18, and Amherst kicked Lazbuddie 33-

In other area games, Floydada nipped Littlefield 7-6. Petersburg took a 10-0 win over Anton, and Whitharral was beaten 30-8 by Klondike.

The Hornets lost their season opener to Amherst, but since that game they've been operating at full speed ahead. They beat Plains, Anton, and Shallowater, and then won their first game in District 3A over Springlake. The Hornets draw Hart into their hive tomorrow. Hart is led by the

strong running of Jimmy Brown, who has already scored over 100 points this season for the Longhorns. Hart dropped their last game to Vega 33-18, but Vega's season record is a perfect 5-0. Hart comes into Sudan with a 3-2 mark.

Olton also started off slow, losing their first two games. but coming back with big victories over Floydada, Lockney and Abernathy. They take on Idalou at home to try and make it four in a row in their last outing before district play begins against Friona. Idalou is winless this year, and is coming off a 9-0 shutout

by New Deal. Amherst is 4-1 for the year, and the Bulldogs are still in the midst of the District 2-B battle. They have an open date this week, and will gain extra

time to prepare for Matador next week.

The S-E Wolverines are better than their 1-4 record indicates. They've lost to three tough AA teams, and were edged 12-0 by Sudan. But they have five more district games to prove themselves. and Farwell is first on the list. The Steers lost Friday to Kress 6-3.

It's been a see-saw year for Anton, as their 1-3 record indicates. They'll have their work cut out for them tomorrow as they travel to Lubbock to play Lubbock Christian High School, LCHS is 4-0. It will be the last nondistrict game for Anton before they start 5-A play against Plains.

For Whitharral, it's already been a long season. The Panthers are 0-5, and need to find the winning combination soon. They meet Cotton Center

tomorrow, a team that lost to Smyer 42-14 Friday

The Amherst Bulldogs have had a surprising year in the opinions of a lot of people. But not to Coach Truitt Reed.

Reed's squad had done a complete about face since last year, when they went 0-10. This year, the Bulldogs are 4-1, and looking better with each passing week.

"I'm not at all surprised with our improvement," Reed said. "Actually I was expecting a lot of improvement last year. After winning only two games the year before, I thought we'd do real well, and instead we went 0-10.

"This year, though, our experience finally paid off. We lost only six starters over the last two years, and this has given us a definite edge over our opponents. Maturity has caught up with our ball club.

The Buildogs are coming off a 33-8 win over Lazbuddie Friday. They jumped to a quick 19-0 lead in the first quarter on Stanley Miller's 20yard run, Sutton's scamper of nine yards, and a juant of five yards by Moore. Sutton kicked one extra point.

In the second period, Hubert Wilson broke one for 75 yards and a score, and Miller ran for two extras. Wilson added a 40 yard interception return for a touchdown in the final stanza to round out the scoring.

WILDCATS OF THE WEEK for the Floydada game are Kenny Trotter (55) and Skip Smith (78). Head Coach Jerry Blakely said, "Trotter did an outstanding job from his defensive end position putting pressure on Floydada's quarterback. Smith had a fine night blocking and was the leader of our of-
