Charges Filed In Infant Death

charges were filed Monday n Littlefield against Terrell 3, 23, of Amherst in the death 72-month-old infant, James

VOLUME 53 NUMBER 31

The infant was dead on arrival at Littlefield Hospital Saturday night after an ambulance was called to 217 E. 12th in Littlefield at 11:12 p.m.

Myers is presently in custody in

County Jail and bond has not yet been determined according to Justice of the Peace, Stanley Doss.

Doss is awaiting the report of an autopsy on the infant before setting bond and the results had not been received Wednesday morning as expected. Littlefield city police are continuing

their investigation into the death. Graveside services were held for the

tlefield Cemetery under the direction of

Hammons Funeral Home.

infant Monday afternoon at the Lit-

Survivors include the mother, Irene White of Amherst; his father, James

White Jr. of Austin; grandparents, Mrs. Patsy Mahew of Austin, Eugene Davidson of Austin and James White Sr. of Laredo; and a great-grandmother, Mrs. Cecil Davidson of San Marcos.

800 Pioneers Invited To 26th Annual Reunion

More than 800 notices for the 26th annual Lamb County Pioneer Reunion have been mailed to persons interested in the reunion, according to V.M. 'Pete' Peterman, secretary of the organization.

Officers and directors of the organization met again Monday night for another planning session in the XIT Room of Security State Bank

This year's reunion is set for Tuesday. Aug. 26, in the new agriculture center on Hall Avenue.

Members learned that most plans are well under way, and members voted to hire the Hilltop Barbecue at Lubbock to prepare the beef and cater the other food to go with the beef.

Security State Bank is providing the beef again this year, and the Lamb County Locker, owned and managed by Marcelino Duran, will donate the beef processing.

The Lubbock firm will barbecue the beef and provide the beans, salad, onions, pickles, etc., along with iced tea,

paper cups, forks, spoons, plates, napkins, etc. The firm will also serve the meal and clean up the kitchen.

A short program is being planned for the afternoon prior to the business meeting and barbecue supper.

New officers for the upcoming year will be elected, and this year's president, W. B. Dickenson of Olton, appointed Fred Lichte, F. E. Yohner and Ray Smith to serve on the nominating committee to select the

Gladys Yohner and Kathy Pierce were appointed to assist the treasurer, Bill Jeffries, in collecting the \$2 serving fee. This year, persons must have a

registration badge to be served. Officers this year are W. B. Dickenson, president; A. B. Brown, vice president; V. M. Peterman, secretary;

and Bill Jeffries, treasurer, Directors are Ray Smith of Littlefield, Fred Lichte of Littlefield, Lauis Hair of Olton, Buck Ross of Littlefield, and F. E. Yohner of Littlefield.

School Board Accepts Bids For Milk, Bread, Gasoline

The acceptance of bids for milk, bread, gasoline, cafeteria equipment and the Fieldton school property was the main order of business for the Littlefield School Trustees in their meeting Monday night.

In other business, the board postponed action on liability insurance for board members until the September meeting, approved the financial statement and the

payment of bills and amended the '74-'75 school budget, hired nine new teachers and re-assigned two present teachers, set a called meeting for Aug. 18 at 8 in the High School library for approval of the '75-'76 school budget and discussed briefly the school policy concerning the use of drugs.

Borden's Dairy Products was awarded the bid for milk, Baldridge Bakery received the bid for bread, Mobil Oil had the low bid on gasoline at \$0.3820 per gallon and Bennie Pickrell was the high bidder on the school district's interest in the Fieldton school property with a bid of \$2,750.

Food Service Equipment and Supply of Lubbock had the low bid on the cafeteria equipment of a dish-washer, burner ranges, steam kettle and mixer, with a bid of \$7,039.

Personnel hired included Sharon Jo McCarroll, speech therapist; Patty Ingham, Junior High English; Jane Nelson, first grade; Jack Riley, Plan A; Bill Stephens, special education; Nancy Castleberry, special education; Elizabeth Wilson, educational diagnostician; Willette Norman, Title I program; and Cherlyn Perkins, high school English and journalism.

Lena Lewis was re-assigned to junior high math and Leon Burch to the Plan A

Littlefield Schools will start Aug. 25 while in-service training for teachers will start Aug. 20.

Classes will begin at 9 a.m. each morning for all grades, while kindergarten, first grade and the second grade will be dismissed at 2:30 for the first six weeks, and thereafter at 3:15. Elementary I and Elementary II will be dismissed at 3:15 also, and junior high and high school will be dismissed at 4.

Cheerleaders Plan Car Wash

The Littlefield Varsity Cheerleaders are sponsoring a car wash Saturday, Aug. 16, from 9:30 a.m. to 5:30 p.m. to provide funds for projects this upcoming school year

Persons wishing their cars washed on the outside only will be charged a fee of \$1.25, and those wanting both the inside and outside done will be charged \$2.25. The wash will be conducted on the city

parking lot north of the post office. Persons wishing to have their cars picked up may do so by calling 385-8470 or 385-3364 and making arrangements.

Junior Varsity Cheerleaders will sponsor a car wash today from 9 a.m. to 5 p.m. at Perry's Laundry and Car Wash.

They will clean inside and out for \$3.50, and all proceeds will go into the Junior Varsity Cheerleading fund.

Somewhere on Clovis Road, the men stopped the car and one of the men pulled out a small caliber pistol, according to reports.

Hernandez told police the men had masks on when they robbed him.

City Councilmen Schedule Meeting

Littlefield city councilmen will meet in a special session this morning to discuss the proposed budget for the next fiscal year, beginning Oct. 1.

They will convene at 7 a.m. in the council chamber of city hall.

"We want to emphasize that we will give everyone in the area a chance," and reminded that everyone who applies will receive an interview.

When application is made, an interview time will be assigned or made

Training of employes for the plant will be done by South Plains College from a training program developed by Resources Incorporated, and training is scheduled to get underway about the first of September.

Work schedules for the plant, after it begins operation, will include a threeday work week at 12 hours per day, and employes will work four out of 10 Sundays. Two work shifts are scheduled per day- 7 a.m. to 7 p.m. and 7 p.m. to 7

Persons working Monday, Tuesday and Wednesday will switch to the Thursday, Friday and Saturday schedule every five weeks, and vice versa, and therefore, employes will have a week off every 10 weeks- a total of five weeks off during the year.

Salaries will vary according to skills, background and education, and the lowest minimum salary will be \$2.45 per hour. All time over 40 hours will be paid time and a half.

Among the benefits that go with the job will be hospitalization- up to \$100,000; life insurance- \$5,000; 4 percent vacation bonus after one year; 6 percent vacation bonus after 10 years; and four holidays in addition to Christmas eve and Christmas Day.

will be as dark in color and as firm as the seed on the outer edge.

When these characteristics are noted, the seed is mature but the fleshy head base (which when cut open with a knife looks somewhat like a sponge) will not be sufficiently dry for combining. To avoid adding this high-moisture foreign matter to the seed during the combining operation, the head base must be dry, Logsdon cautions.

Several weeks could be required for the head base to dry naturally. During this period seed will begin to shatter and some yield will be lost. The best alternative is rush the final drying process with the use of a harvest-aid chemical.

Recently, Paraquat was cleared for use as a sunflower desiccant in Texas. The chemical may be applied at a rate of 1 to 2 pints per acre when sunflower seeds are mature, Logsdon says. Five gallons of spray mix (Paraquat plus water) should be used when treating by air and 20 to 40 gallons with ground equipment. For best results, a surfactant such as Ortho X-77 should be added at a rate of 1 quart per 100 gallons of water.

"Read all label directions carefully before using paraquat," Logsdon emphasizes.

Once a harvest-aid chemical is applied, the crop will be ready to harvest in 7 to 10 days. A combine equipped with a sunflower header attachment should be immediately available, because delays could be costly in terms of seed loss due to shattering and bird feeding.

"Keep in mind, Paraquat is a nonselective desiccant. That means it will kill any plant tissue it contacts, including cotton, sorghum and other crops in adjacent fields.

"Chemical drift is a potentially serious problem." Logsdon says. "Since desiccation will, in most cases, be done with aircraft, producers should insist that the aerial applicator pick a calm day for the spraying operation."

ELIZABETH BUTNER demonstrates fieing a square knot on a macrame basket she is making. At the left is a completed macrame basket. She uses the board marked off in one inch squares for making wall hangings. (Staff

Car Registration Technique during every month of the year, similar 'There must be a better way!"

Surely that thought must have crossed the mind of every Texas motorist forced to stand in line at motor vehicle registration time

Well, now there is a better way. At least, beginning Jan. 1, 1978, there will be. If all goes according to plan, the traditional long waiting lines prior to the registration deadline (April 1) will be a thing of the past.

As if to complement the "multi-year" license plate adopted this year, Governor Dolph Briscoe recently signed House Bill 1924 providing for a yearround motor vehicle registration system in Texas. The bill was authored by State Representative Bob Simpson of Amarillo, and passed by both houses of the 64th Legislature.

Under the new licensing system, there will be 12 registration deadlines, instead of one. No longer will Texas motorists be forced to register within a 60-day period. Depending on the date assigned each motorist, vehicle registration will occur

cessful."

He added, "by effectively distributing the registration workload evenly throughout the year, county tax offices will be able to conduct other phases of their work, such as voter registration and preparation of property tax rolls,

1978 will be almost everyone's vehicle registration renewal deadline - for the last time. Renewal notices will inform motorists as to their renewal date thereafter. Fees will be calculated on a

Whitharral. From those sample knots she has improvised and added until she does the more advanced work.

"I'd like to get into some really elaborate things in macrame," she added. She is doing wall hangings now and plans to do a lamp shade next.

Most of her gifts are something she has done in macrame. Newly weds welcome hanging baskets in the "In" art. "I really enjoy making wedding presents," she said. "When someone protests that I've put too much time and hard work into a present, I just tell them that I like to macrame the way they like to sew or whatever their hobby is. Macrame is my thing.

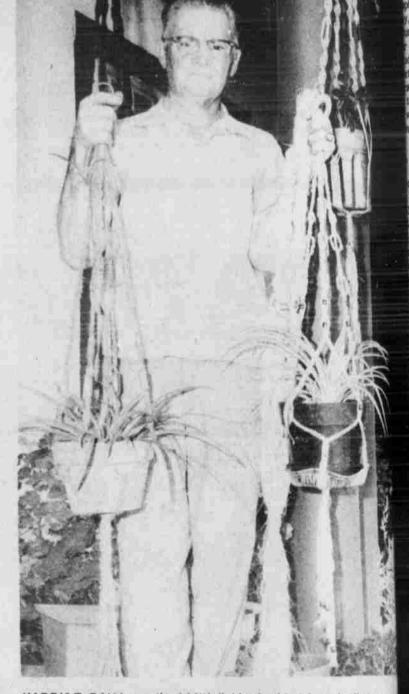

"It is something that is unique and really me. When I'm making something for someone, I call it making knots of love. Every time I tie a knot I'm thinking about them. I make them for everyone. I've given so many away I don't hardly have any myself."

A large basket takes about 200 yards of cord. "I get it all strung out from one end of the room to another," she laughed. "Ideally, it's better to work on a patio or outside. The jute sheds and it's

She buys five-strand cord in 10-pound bolts. The number of plys makes a difference in the size of the knots.

"I always keep a supply on hand, she said. She works on the projects whenever she finds time from duties and tending to her a children. Then when she an

art to create hanging baskets for friends

Upon registration, motorists will be issued two license plate stickers- one for the year and one for the month of the subsequent renewal. Once a vehicle is assigned to a particular expiration date, it will remain on that annual renewal cycle thereafter. The month sticker first issued for a vehicle will remain on the license plate, and new month stickers will not be issued each year.

Also, the month payable sticker will serve as a reminder to the motorist, just as the windshield auto inspection sticker does. Since renewal notices will be mailed during the month preceding the month in which renewal fees will be due, motorists should have no problem in renewing registrations in plenty of time.

In making the transition to the new system, some vehicle owners will pay for more than 12 months of registration while others will have to renew twice within the first year.

1978 renewal notices will reflect a dollar amount due which may be

smaller than usual, or it may be larger. It may be a billing for 16 months, with an expiration date of July 31, 1979, or it may

be any date in between. Townsley said, "Annual registration periods for passenger cars and 'light' commercial vehicles already registered in Texas will be determined by the 'tens' digit, next to the last number on the current license plate." He said, "If you know your auto license plate number, you can readily determine when the vehicle will have to be registered again after April 1, 1978."

Example: ABC 953 / 5 months-expires August 31, 1978; BBB 849 / 16 monthsexpires July 31, 1979.

The middle digit "zero" will indicate an 11-month registration period.

"Bear in mind the use of the 'tens' digit on the license plate is a one-time operation for the purpose of spreading the registration periods of vehicles already licensed in Texas evenly over the entire year," said Townsley. "Once a vehicle is assigned to a particular month, the registration renewal for that vehicle will become due on the last day of that same month in subsequent years," he said.

The 1978 "staggered" licensing system for Texas will reserve the month of March for registration of miscellaneous classifications of vehicles, such as small trailers, camand other special plates.

\$1500.00 CASH REBATE

During August and September, 1975, we'll give you a cash rebate for purchasing a 360 Pivotal Sprinkler. We'll pay you \$150.00 per tower or up to \$1500.00.

You can use the rebate as a down payment on a finance or lease plan. Or take your rebate in cash.

We'll send you a check as soon as we receive payment for the sprinkler.

Don't wait too long, your order must be placed and released for delivery no later than September 30, 1975.

If you're interested in a center pivot system, Gifford-Hill's 360 will never be a better bargain.

(Address set here in 10Pt. type)

Gifford-Hill's 360.

Dear Editor

It is an open secret around Washington that the Congressional CIA Investigation Committee, headed by Senator Frank Church, has in its possession iron-clad information which links John and Robert Kennedy directly with assassination plots against Fidel Castro. All of which raises several questions, such as:

-So who is "covering up" now? -And, since former President Richard Nixon was denied "reasons of national interest" for withholding information, what excuse can be used now?

-And, does not this information provide the motive for Fidel Castro to have ordered and carried out the killing of President Kennedy through his "Fair Play For Cuba" constituent and admirer, Lee Harvey Oswald?

-And, does not this information suggest an urgent need to reopen the investigation of the assassination of President Kennedy?

Surely, this is one news story which has more to come.

Cordially,

s/H. A. Philbrut "Washington-Exclusive" U.S. Press Association

August 8, 1975 Mr. Wade A. Warren, Publisher Lamb County Leader-News

Littlefield, Texas 79339

Dear Mr. Warren:

It will soon be rodeo time for our boys and since there are a lot of people in your area who come to the Ranch each year to watch the boys put on their show, I felt you might like to have the enclosed

The two big days are Aug. 31 and Sept. 1, the Labor Day weekend, but the boys have already started getting ready with elimination riding on calves, bulls, steers and broncs. It's a big job trying to select about 150 riders from among the 370 boys we now have. It's a rodeo for all the boys, however, and they will all have some part in it.

I do hope you and some members of your staff will be able to attend one of the two afternoon performances. Thank you for all of the help you have given your boys with their rodeo in the past and for any help you might give them this year.

Sincerely yours, Cal Farley's Boys Ranch s/Louie Hendricks Louie Hendricks

AVALON --

OBITUARIES

By JOELLA LOVVORN

ARTIE BEAVERS

Artie Thomas Beavers, 63, died at 10:10 a.m. Friday, Aug. 8, in Littlefield Hospital following a lengthy illness.

Services were conducted in First Baptist Church with Rev. A. J. Kennemer, pastor, and Andy Rogers, minister of Lazbuddie Church of Christ, officiating.

Burial was in Bailey County Memorial Park under the direction of Hammons Funeral Home

Beavers, a native of Oklahoma, had lived in Littlefield the past year, coming here from Lazbuddie where he had lived 30 years. He was a retired farmer and member of the First Baptist Church. He married Louise Williams in Clovis in

'Survivors include his wife; a daughter, Mrs. Carolyn Jackson of Littlefield; two sons, James Beavers of Kress and Joe Don Beavers of South Dakota; six brothers, Burl Beavers of Hereford, Louis Beavers of Joplin, Mo., Ollie Beavers of Stark City, Mo., Curtis and Clifford, both of Dimmitt, and R. L. of Oklahoma City; five sisters, Mrs. O. L. Scheller of Olton, Mrs. Allen Parker of Pierce City, Mo., Mrs. Paul Coleman of Phillips, Mrs. Merton Powell of Dimmitt and Mrs. Roy Bussey of Littlefield; and nine grandchildren.

Pallbearers were Raymond and John McGehee, Demp Foster, Hubert Elliott, J. W. Maritt and Tex Treider.

HORACE G. HOLT

Horace G. Holt, 63, died Monday, Aug. 11, at his home in Muleshoe.

Funeral services were conducted Wednesday afternoon at First United Methodist Church with Rev. Floyd Dunn, pastor, officiating.

Burial was in Bailey County Memorial Park Cemetery by Singleton-Ellis Funeral Home.

Holt, born at Hugo, Okla., had been a Muleshoe resident since 1958, going there from Amherst. He had been station agent for Santa Fe Railway since

He married Ida Ruth Carruth in 1932 at Clovis, N.M. He was a member of First United

Methodist Church.

Survivors include the widow; a son, Robert G. Holt of Amarillo; a daughter, Mrs. Carolyn Harmon of Amherst; his mother, Mrs. H. C. Holt of Muleshoe; two sisters, Mrs. Mary Garth of Santa Rosa, Calif., and Mrs. Helen Gardner of Scoth Plains, N.J.; a brother, Clyde of Muleshoe; and five grandchildren.

JOHN H. HORTON

John H. Horton, 87, of Amherst died at 11:35 a.m. Friday, Aug. 8, at South Plains Hospital in Amherst after a lengthy illness.

Services were conducted Sunday afternoon at the First Baptist Church in Amherst with Rev. Glenn Willson, pastor, officiating.

Burial was in Littlefield Memorial Park under the direction of Payne Funeral Home of Amherst.

Horton was born in Alabama and came to Texas in 1895. He moved to Amherst in 1925, married Ruby Littleton June 23, 1907, at Trent. He was a retired farmer and a member of the First Baptist Church in Amherst.

Survivors include his wife; a daughter, Mrs. Eva Shipley of Littlefield; three sons, Marvin Horton of Amherst, Glenn Horton of Littlefield and Johnny Horton of Sundown; and a brother, Malcolm Horton of Wellington; and two grandchildren.

Pallbearers were Harry Brantley, Delvin Batson, Keith Tomes, Homer Campbell, Bill Bradley, Benny Shipley, Maurice Brantley and Charles Jones.

Mrs. Eva Muncy, 86, of Fieldton, died about 2:30 a.m. Monday in South Plains Hospital in Amherst. She had been ill about a year.

Services were conducted Wednesday afternoon in the Corley Funeral Home Chapel in Corsicana. Officiating was Rev. Kenneth Coleman of Houston. Burial was in Oakwood Cemetery

under direction of Corley Funeral Home. Payne Funeral Home of Amherst handled local arrangements. Formerly of Corsicana, where she

moved in the early 1900s, Mrs. Muncy had resided in Fieldton about four years. Survivors include a son, Clarence Muncy of Fieldton; a sister, Mrs. Jewell Freeman of Bay City; two brothers, Norman Chambers and J. T. Chambers, both of Corsicana; three grandchildren; and two great-grandchildren.

WELDON SCHULTZ

Graveside rites for Weldon Schultz were conducted Monday afternoon in a Snyder Cemetery. Officiating was Rev. George White, a

Baptist minister from Snyder. Arrangements are by Steed-Todd Funeral Home of Clovis, N.M.

Schultz died Thursday in Littlefield. He moved to Clovis in 1943 and was a 1947 graduate of Clovis High School. He was operator of the food service section of the Roden Smith Drugstore here for 20 years. He had lived in Littlefield since

Schultz was a member of the National

Surviving are two daughters, Miss Debbie Schultz and Mrs. Weldon Boyce, both of Clovis; a son, Weldon Cloyce of California; his parents, Mr. and Mrs. W. T. Schultz of Clovis; two brothers, Everett of Livermore, Calif., and Hollis of Clovis, and five sisters, Mrs. Viola South of Youngstown, Ohio, Mrs. Melda Hastings of Sterling, Colo., Mrs. Marlene Essex of Clovis, Mrs. Althea Thompson of Corona De Mar, Calif., and Mrs. Carolyn Ann Rose of Yorba Linda, Calif.

GEORGE WALDEN

Services for George "Lee" Walden, 83, of Lubbock were conducted Tuesday afternoon at the W. W. Rix Chapel with the Rev. Clayton Pennington officiating.

Military graveside services and burial were in the City of Lubbock Cemetery under the direction of Rix Funeral Directors.

Walden died at 10:20 p.m. Sunday, Aug. 10, at University Hospital following a lengthy illness.

Walden was a resident of Lubbock from 1909 to 1913 when he moved to Bakersfield, Calif., to operate a service station. He moved back to Lubbock in 1953 where he was a member of North Flint Baptist Church. He served with the 90th Light Field Artillery Unit in World

Survivors include his wife, Nannie; a son, George of Anton; a daughter, Lillian Whitmire of Houston; a brother, Hasty G. Walden of Whitharral; a sister, Annie Mullins of McLean; five stepchildren; two-grandchildren; and two great-grandchildren.

ERNEST WILLIAMS

Ernest Williams, 53, was dead on arrival at Littlefield Hospital t 10 a.m. Friday, Aug. 8, following an apparent heart attack.

Services were conducted in Hammons Funeral Home Chapel with Rev. Benny Goss, pastor of Sunset Baptist Church,

ONE OF THE EASIEST- and most inexpensive- ways to make a plain meal fancy is to season it with herbs and spices. If you know how to store and use them, herbs and spices can enhance the natural flavor of almost all foods- and You can learn the basics of seasoning

with herbs and spices in a fact sheet from the Department of Agriculture. "Seasoning with Herbs and Spices" is available free from Consumer In formation, Dept. 43, Pueblo, Colo. 81009. The fact sheet suggests that when you

buy spices and herbs, you buy in small amounts- they lose pungency and flavor fairly rapidly in storage. To keep flavor loss at a minimum, herbs and spices should be stored in a cool, dry place in air-tight containers. That way, they will retain flavor and color for around six months. Whole spices, though, keep almost indefinitely.

Whole spices taste best in slow cooked dishes, so that long simmering can release their full flavor and aroma. But the flavor of ground spices is released immediately- they may be added about 15 minutes before the end of the cooking period. Crumble whole or leaf herbs just before you use them to let out more

If you're not following a recipe, start out with 1/4 teaspoon of spice per pound of meat or pint of sauce and increase as desired. When using red pepper or garlic powder, begin with only 1/8 of a teaspoon

Among the 39 spices and herbs listed in the fact sheet are:

*Allspice: Used in pot roast, fish, eggs, pickles, sweet-potatoes, squash, and fruit.

*Dill Seed: Good for pickles, pickled beets, salads, sauerkraut, green beans, stews, fish, chicken, breads, and eggs. *Mace: Delicious in baked products,

fruits, meatloaf, fish, poultry, chowder, vegetables, jellies, and pickles. *Tarragon: Try in sour cream sauces, casseroles, marinades, pot roasts, veal,

lamb, poultry, fish and egg dishes. GOOD FOOD NEWS FOR KIDS

IF YOU'RE HAVING TROUBLE teaching your children the importance of eating a balanced diet, maybe you could use some help from a horse, a lamb, a cow and a goose

Fred the Horse Who Likes Bread. Mary Mutton, Molly Moo and Gussie Goose are the animals in "Good Food News for Kids," a publication from the Department of Agriculture, that can teach your children about nutrition.

The animals are featured in four booklets which use games and stories to introduce kids to the four basic food groups, and are available free from Consumer Information, Dept. 41, Pueblo, Colo. 81009.

officiating. Burial was in Littlefield Memorial Park

Williams, a native of Lorenzo, was a veteran of WW II and a member of Parkview Baptist Church. He had lived in Littlefield 18 months.

Survivors include his wife, Grace; two sons, Foy Williams of McKinney and Denny Williams with the U.S. Army in Ft. Smith, Ark.; a daughter, Mrs. Buck Martin of Mobile, Ala.; his mother, Mrs. Pearl Williams of Lubbock; a sister, Mrs. Sam Sims of Lubbock; three brothers, Floyd Williams of Santa Paula, Calif., Fred Williams of Sherman Oaks, Calif., and Bill of Plano; and seven grandchildren.

Introduce your children to Fred the Horse Who Likes Bread. He'll teach them how breads and cereals, such as rice, oats and pasta, supply the carbohydrates which are the main source of energy for their bodies. Mary Mutton, in her booklet, discusses the way the protein supplied by meat builds cells and helps fight off disease. And, Gussie Goose will tell children about the fruits and vegetables which supply minerals and vitamins, such as vitamins A and C. Molly Moo is, of course, a dairy cow.

She'll teach children about milk and other dairy products, such as cheese and yogurt, and the nutrients they supply. They'll learn how the calcium in milk builds strong teeth and bones- and also affects the working of the heart, muscles, and nerves. The protein in dairy products helps the body grow and also helps fight infections.

Children will also learn about the role of the farmer in supplying food for the dinner table. For instance, kids may be surprised to learn that the average American eats about 500 pounds of fruit and vegetables each year. That means that a farmer must grow 2,000 pounds of fruits and vegetables every year for each average family of four.

BRIDAL GIFT IDEAS don't have to stop with June

One authority describes a fresh twist in giving as "thoughtfulness with 'think'

to it."

Incorporating personal experience, household hints, easy-to-follow tips andhandy skills into a gift is County Extension Agent, Dorothy Powell's idea of thoughtful giving.

"Many novel ideas in gift giving are meaningful because they're based on the experience and expertise of the women who initiate them.

Mrs. Powell prefaced specific ideas with the contention that bridal gifts are a special avenue to creativity for many

"They come up with things like writing their own 'how-to' cooking or serving tips in the margins of 'tried and 'true' recipes- or adding instructions on folding fitted sheets to a gift of bed linens, followed by a sheet-folding race at the bridal shower.

Another idea is to "toss in" an extra flat sheet from which the bride can make matching throw pillows or a table cover- and include instructions for that. Mrs. Powell detailed other gift ideas.

"If you give money, add budget plans. Or if feasible, give a passbook to a new savings account with the first entry made, according to the couple's preferences regarding specific arrangements.

"Another idea is a kitchen wall clock, or other time machine, and ways for managing time. Sharing these kinds of secrets can help the bride with organization that often takes years of know-how to achieve. "Of course, the bride's interest and

skill level will determine many gift choices. Shop for the person, not for yourself' is a good rule of thumb," she "This is especially important with

gifts relating to hobbies, talents or other interests the giver shares with the bride. "Along with the material part of such a gift, it's thoughtful to add a personal note offering assistance- with plant care, sewing, quilting, tatting, home canning and freezing or even menu planning and shopping."

THE ABUNDANT LIFE

Our Prejudices

"OUR PREJUDICES" may be the most hurtful influence in our lives, and all of us have prejudices. Of course, some people handle these better than others. Some see them for what they are, and do not permit them to be a controlling influence upon their behavior.

At the very best, however, "our prejudices" are a constant threat to our personal well-being; and to our happy associations with others.

SOME OF OUR HEARTACHE and much personally damaging action will be related to, or perhaps caused by "our prejudices". Our "preconceived judgment or opinion or leanings which are adverse to anything, without just grounds or before sufficient knowledge" will cause nothing but trouble.

This is the way "our prejudices" work. We find it difficult, if not impossible, to see the truth; and, therefore, it is impossible to function with the greatest degree of effectiveness.

"PREJUDICE IS A MIST, which, in our journey through the world, often dims the brightest, and obscures the best of all the good and glorious objects that meet us on our way." -Shaftesbury.

IT MAY NOT BE EASY to do, but we must keep trying to recognize "our prejudices"; and be diligent in our ef forts to rid ourselves of them. Progress can be made in this area of personal improvement, and all progress, whatever the degree, is helpful.

Once we realize that we have actually come to grips with this problem, and that we are making some significant progress; we are making some significant progress; we w toward better days.

WE MUST NOT MAKE forgivable mistake of o prejudices" our "Preconceived opinions" (8 throw our life off course of will be mistakes, or worse, are not based upon just go they occur before we have

sufficient knowledge. This kind of life style can be disheartening, and, if welly or excuse our wrongly may tions; we compound our pe ficulties.

IT HELPS US TO KNOW "our prejudices", even when trying to correct them. The better than deceiving or pretending that it is a view on fact-and truth.

As long as we are honest ex ourselves to admit that or prejudiced one, there is a pos we can make some improve IN THE GROWING, 1 improving personal life, then

continuing self-examination lessening of "our prejudices" stabilizing of our life patte foundations of fact and trut We must continue to be di honest in looking at "our prej see them for what they are

"WE DON'T THINK, rearrange our prejudices" cusation made frequently. We or not, we must be on guard at

dling them accordingly.

By CORNBALL BU

CONTRARY TO POPULAR belief, it seems that we have no state law against drinking in public. Such matters must be handled through the cities. The only crime committed seems to be that of littering, as advised by those in the know. (And it seems, you must throw your empty container on the roadway, at that!)

Then, as far as our "dry law" is concerned, the only violation would be the SELLING of intoxicating beverages (clubs excluded) in our "dry area". You are perfectly free to go to a wet area, buy your liquors, and transport them downtown, or to one of the parks, and have yourself a party. That's provided you don't throw your empties on public property.

NOW THE CITY has very kindly volunteered to take care of this temptation, by conveniently placing dump sters at these designated spots. I suppose this will apply to any place we care to choose: Everybody happy??

AM ALMOST afraid to mention the fine crop prospects in our area. It seems I have the tendency to jinx some of the things I talk about. But, can't remember better looking prospects for a crop, covering the entire county, than we seem to have now.

No telling how many Russians we may be able to feed and clothe.

I DON'T NEED TO DRINK ANYMORE

"I don't need to drink anymore," said Ray Hughes of Hollywood, Florida. "Why?" asked a friend. Hughes answered:

"For several years I was a pretty confused person. I drank for happiness and became unhappy: I drank for joy and became miserable; I drank to be outgoing and became self-centered; I drank for sociability and became argumentative and lonely; I drank for sophistication, and became crude and obnoxious; I drank for friendship and made enemies; I drank to soften sorrow and wallowed in self-pity; I drank for sleep and awakened without rest.

"I drank for strength and felt weak; I drank medicinally and got sick; I drank because I thought my job called for it and lost my job; I drank for relaxation and got the shakes; I drank for confidence and became uncertain; I drank for courage and became afraid; I drank for assurance and became doubtful; I drank to stimulate thought and blacked out; I drank to make conversation and it tied my tongue; I drank to feel heavenly and came to know hell; I drank for power and became powerless; drank to erase problems and saw them multiply; I drank because I had the right and everything turned out wrong; I drank to cope with life and almost died."

'But it would surely take a lot of booze to get you in that shape again," my friend exclaimed. "Just one," I told him.

'But, like I said before, I don't need to drink. I have found a lasting solution to my booze problem in Jesus Christ. He freed me from the destructive cravings for booze that had controlled me for so long."

She's glad she contacted us.

The biggest problem today, the supply-and-demand Lalor explained, is handling and situation for a larger market transportation. To overcome the and to evaluate gin trash both

"We found that gin trash compares favorably with other "Although the technical feedstuffs of similar nature," numerous ration formulations based on gin trash as the roughage.

Our conclusion is that, where chemical contamination is not a problem, gin trash is most profitable to the gin as an animal feed," said Lalor, "To safeguard this market, ginners must not offer gin trash for sale if the crop from which it originated was treated with chemicals bearing labels prohibiting use of the crop for feeding to livestock."

possibilities for profitable disposal of gin waste are discussed in an "Agro-Industrial Report" entitled "Productivity and Profits in Ginning," just published by Cotton Incorporated.

Dr. Lalor is one of the authors, along with J. K. ("Farmer") Jones, associate director of agricultural research for mechanization, and Dr. George A. Slater, vice president of agricultural research.

DETERMINATION IS ETCHED in these faces as the Littlefield Wildcats began preparations for this fall's grid campaign. The varsity and JV started two-a-day workouts Monday, concentrating on conditioning and learning the plays. Pads will be issued tomorrow and contact work will begin. (Staff Photo)

PEP NEWS

By MRS. CONRAD DEMEL

THOSE ATTENDING the Langhamer-Wulst wedding at High Hill on Aug. 2 were: David Demel of Crane, Michael Albus and Camille Bood of Hobbs. N.M., Gail Albus of Lubbock, Bobby Boss of Denver City, and Mrs. Evelyn Albus and sons, Gary and Terry of Pep.

MR. AND MRS. Conrad Demel and family vacationed at Possum Kingdom Lake from Aug. 3-6. They enjoyed the fishing trip and visited with Mr. and Mrs. Ray Waptika there at the Lake.

MR. AND MRS. James Glumpler and family visited in the home of her parents, Mr. and Mrs. V. H. Diersing at Graham over the weekend of Aug. 2-3 and attended Six Flags at Ft. Worth-Dallas on the 4th.

SEVERAL FAMILIES from Pep attended the funeral of

Aug. 6th.

MR. AND MRS. V. H. Dier sing of Graham visited in the home of Mr. and Mrs. James Glumpler and attended the funeral of Jerry McCary on Aug.

MR. AND MRS. J. T. Dolle

and son of Littlefield visited in the home of her parents, Mr. and Mrs. J. W. Walker on Aug. 9th. MR. AND MRS. Richard Homer and family of Dumas visited in the home of her mother, Mrs. Maggie Demel over the weekend of Aug. 9-10.

DAVID DEMEL of Crane visited in the home of his parents, Mr. and Mrs. Conrad Demel and family over the weekend of Aug. 6 1. David also visited in the home of Mrs. Evelyn Albus and sons.

THOSE ATTENDING a Sunday dinner in the home of Mr. and Mrs. Conrad Demel on Aug. 10 were: Mr. and Mrs. Billy Demel and Mr. and Mrs. Eugene Demel and daughter of Littlefield, and David Demel of Crane. The dinner was in honor of Peggy Demel's birthday.

MR. AND MRS. Norman Demel and sons, Marty and Favette and Dave S fished at White River near Crosbyton over the weekend of Aug. 9-11.

THOSE ATTENDING the Dianna Dunlap-Gregory Sokora Wedding on Aug. 9th at St. Joseph Catholic Church at Slaton were Mr. and Mrs. Paul Albus, Mr. and Mrs. Leonard Albus and Greta, Mrs. Evelyn Albus, Mr. and Mrs. James Sokora and girls, Mrs. A. J. Sokora, Mr. and Mrs. Gaulbert Demel and family, all of Pep, and Mr. and Mrs. Leonard Albus Jr., and sons, Shane of Littlefield.

MRS. DORIS HATLA and family of Nazareth visited in the home of her parents, Mr. and Mrs. V. E. Glumpler over the weekend of Aug. 9-10. Beth and Nancy Hatla spent the past week with their grandparents.

MRS. CHARLES BURT visited with her daughter and family, Mr. and Mrs. Robert Decker's at Dallas recently.

PEP SCHOOL DISTRICT will open the 75-76 year with teacher in-service for Pep teachers Aug. 18-19. The first day of classes will be Aug. 20. The buses will run their regular route.

Teachers in-service at Pep, Sept. 27, T.S.T.A. Convention Oct. 3. Teachers in-service at Three Way Nov. 3. End of quarter tests, Nov. 13-14. Teacher work day, Dec. 1; Christmas vacation, Dec. 24-Jan. 4; 2nd quarter tests, Feb. 19-20; teachers work day Feb.

Mr. and Mrs. Robert L. Myers of Spade are parents of a new daughter, Jennifer Dawn, who was born Sunday, Aug. 10 at 4:53 a.m. in St. Mary's Hospital in Lubbock. She weighed 9 lbs., 2 1/2 ozs. and measured 22 inches long. Her father is a farmer. Grandparents are Mr. and Mrs. Bob Myers of Spade and Mr. and Mrs. Les Hendrickson of

CROPS ARE beautiful at this VISITING in the home of Mr. time. The sunflowers are pretty and Mrs. Kenneth Coats were and farmers are anxious to see Mr. and Mrs. Kenny Coats and how this new crop will do. Cotton Kerry Wayne, and Kandi Rhanee and milo are fine and are of Levelland, Mr. and Mrs. requiring quite a bit of spraying

THE YOUNG PEOPLE of Bonnie Barrows Slates Meeting

The Aug meeting for Women's Aglow Fellowship will be Aug. 16th, at 11:30 in the Aztec Room at the South Park Inn.

Speaker for the Christian Women's organization this month is Miss Bonnie Barrows. daughter of Cliff Barrows, and co-ordinator for the Billy Graham Crusade.

Special music will be provided by Doris Clifton of Amarillo and Sharon Bingham of Lubbock. Nursery will be provided with reservations for children.

For information, Call 806-792-

DINGHAM spent five days with Montgomery

Michael G. Montgomery, son promoted to Army specialist five while assigned as a crew former teachers of Bula, have chief in the 25th Infantry Division at Schofield Barracks, Hawaii.

THANK YOU

I would like to express my appreciation to Carl Truly of Carlisle-Oldham Ford for the paint and body work in restoring my 1958 Impala and to Charles Powell of Powell's Upholstery for the upholstery work. Both craftsmen did an excellent job. Signed Wayne Wilkinson.

Designed by Fishermen

for the Professional and Beginner alike

385-4160

Whopper Stopper lures are precision made of the finest materials under expert supervision in a complete range of sizes, styles, and patterns. Use them for spinning, casting, or trolling

HELLBENDER

The "Daddy" of the "fish finder" lures. Truly a fisherman's best friend. Floats at rest - dives deep on retrieve. Extremely versatile -- twitch it on the surface or reel it fast for depth. Unique construction makes it practically snagless. Bounces off or flips over most brush and underwater structures. Four sizes - 1/4 oz. to 1/4 oz. Running depths - 5 to 35 feet.

The original sinking lure with a natural swimming, vibrating built-in action. Resembles a small perch or shad. Straight or yo-yo retrieve drives all game fish wild. Four sizes - 1/4 oz. to 1/4 oz. Runs at depth permitted to sink.

HELLRAISER

Sensational floating injured minnow. Fished in short twitches the Hellraiser will bob, bounce, dart, and churn the surface. Deadly on single fish and schooling black or white bass. Two sizes - 1/3 oz. and 1/2 oz. All popular patterns.
