

Ginnings Top 100,000, Harvest Nears Finish

125,000 Bales Are Predicted

The cotton harvest in Lamb County passed its peak this week, and with an estimated 80 to 90 per cent of the crop now out, a prediction of 125,000 bales can be made following one of the earliest freezes recorded.

The early freeze has moved the cotton crop here to one of the earliest and shortest harvest dates yet.

If Lamb County farmers produce the predicted 125,000 bales this year, this will still be well below the 161,500 bales predicted on Oct. 1, and 25,000 short of the revised figure of 150,000 released Nov. 1, following the month-early freeze.

Even falling below the agricultural estimates, this year's crop still promises to be possibly better than any grown in the county since the 1965 bumper crop, when 193,141 bales were produced.

In 1966, 96,691 bales were ginned; in 1967, 64,018 were ginned; 106,707 were ginned in 1968 and last year only 67,754 were ginned.

At mid-morning Tuesday, all the gins in the county were contacted by telephone and the bale count totaled 102,795 at the 30 gins.

The three gins in the Olton area had tagged out 21,664 bales, and estimated that the crop was 85-90 per cent harvested.

At Earth, 18,596 bales had been weighed in, and the gin yards were still crowded, with approximately 400 bales on the yard at Nichols Gin and about 700 on the yards at Earth Co-Op Gins 1 & 2.

Six gins in the Littlefield area had issued 15,957 bale tags through Tuesday morning. Most of the gins had about caught up with the back log of cotton on the yard, and some estimated the harvest completion at over 90 per cent.

The four gins in and around Amherst had tagged out 13,040 bales. Giners estimated the crop in the Amherst area was from 65 to 85 per cent harvested.

Three Sudan gins had weighed in 9,720 bales of cotton and very little remained to be ginned.

In the Hart Camp-Fieldton area, 8,734 bales had been harvested and a total of about 600 bales was still on the yards.

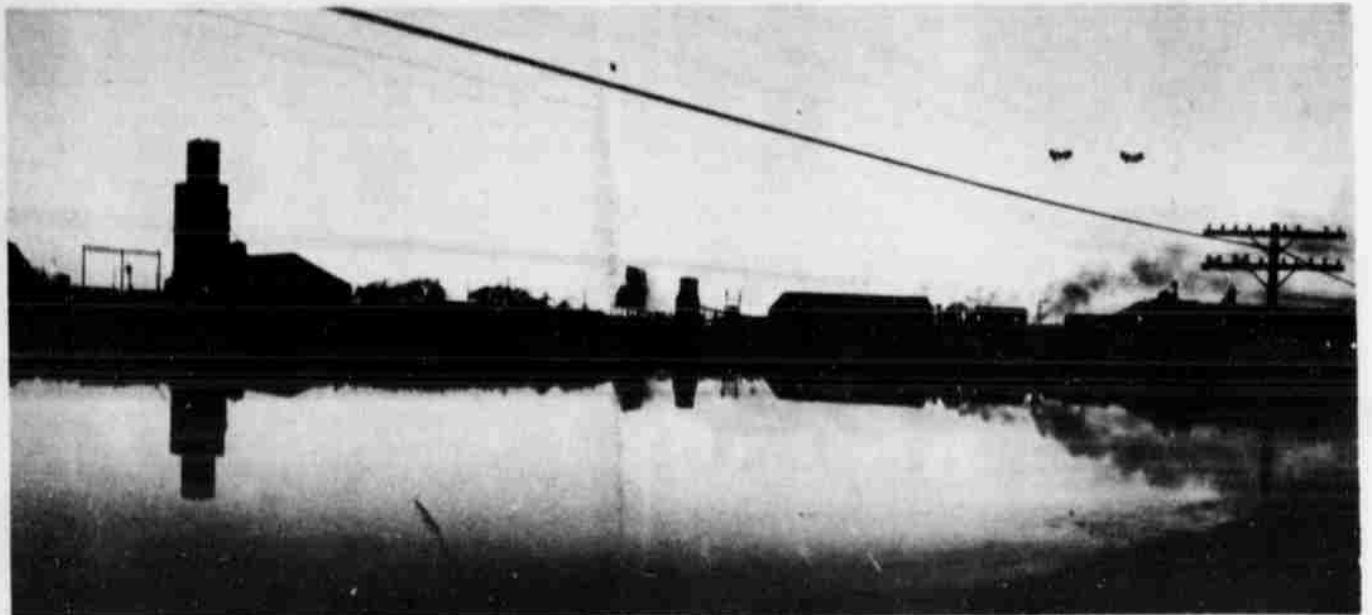

Spade gins reported 8,425 bales out and the crop 90-95 per cent harvested.

Average price received for most of the cotton in the area has been around 19 cents a pound, with the grades, price and micronaire dropping a little as the season progresses.

Strict low middling has been the predominant grade followed by middling light spotted and strict low middling light spotted, and all spots about 10 per cent.

Staple length has averaged approximately 31/32, and better than 80 per cent of the cotton harvested through last week had miked in the 3.5 and better category, with only a small percentage miking below this and getting discounted.

Cotton seed prices have been steady and ranging from \$56 to \$62 per ton.

SUNSET ON COTTON HARVEST—Lamb County cotton harvest is about 85 to 90 per cent complete, with nearly 103,000 bales turned out by the giners. Littlefield Farmers Co-Op Gin is mirrored in the city lake east of town.

\$44 MILLION FOR COUNTY

Farm Income Goals Told

Cash receipts from all agricultural products in Lamb County should be more than \$44 million by the end of 1970, says County Agricultural Agent Buddy C. Logsdon.

This will be an increase of approximately 25 per cent more than the

current cash receipt total of \$34,020,000, according to projections from the Texas Agricultural Extension Service. This goal is part of a state-wide "3.76 in '76" program begun earlier this year by the Extension Service, and is a concentrated effort to have \$3.76 billion in cash receipts before the end of 1976. This would be one billion dollars more than the cash receipts of \$2.75 billion reported in the 1968-69 crop year, which serves as a base for the 1976 projections.

Guidelines for production and marketing of cotton and grain sorghum and crops and livestock are available in the County Agricultural Agent's office at courthouse in Littlefield.

The 3.76 program was announced in January by Dr. John E. Hutchison, director of the Texas Agricultural Extension Service, after two months of intensive study by groups of specialists who determined long range projections on the agricultural commodity groups produced in the state. The figures that resulted from the studies were predicted cash receipts, not including government subsidies to producers.

After the initial announcement in January, the individual counties were asked to submit their own projections for the end of 1976. Agricultural producers and businessmen were consulted and the combined opinions were reported to the Extension Service state office.

After these estimates were gathered and combined, it was found that the county totals varied only four percent from the original projections by the Extension specialists, according to Dr. W. E. Black, agricultural economist at Texas A&M University.

Dr. Black says that the 3.76 program should be beneficial to Texas agriculture

because it gives the industry "something to hang its hat on."

"Too often, people tend to just look at next year," he asserts, "if you look down the road, you know what it takes to get there."

Texas currently accounts for more than five percent of the nation's agricultural income; but to meet the 3.76 in '76 goal, Texas must increase its rate of growth to 10 percent of the projected national increase in cash receipts, according to Dr. Hutchison.

Holland Wins Weekly Contest

Only three persons had a score of 15 in the football contest, and using the tie breaker to determine winners, W. P. Holland Jr. of Rt. 1 Amherst won first place and the \$5 prize.

A newcomer in the contest, Nita Short of Amherst, won second place and \$3; and Charles Didway of Post placed third for \$2. Jimmy Clayton, Doris Robison and John Waters were close behind with 14 correct guesses each. Ten contestants scored 13, 16 missed six games for scores of 12 and another 16 missed seven for 11 right.

Seven of the top 10 in the seasonal contest scored 12, and three had only 11. Mike Sadler now leads the season guesses by one Lee Roy Nuttall, with one week to catch up, is in second place for the year, and Leon Burch is third after the eleventh week.

Friday is the deadline for the 12th and final week of the contest.

See today's sports page for a list of the season leaders.

SANTA'S COMING

Annual Stock-In Begins Friday In Littlefield

Littlefield's Christmas season begins Friday with the opening of the big two-day annual Stock-In Festival and the arrival of Santa Claus.

Old Saint Nick will make his personal appearance at 10 o'clock Friday morning when he rides down Phelps on a fire truck throwing out candy and bubble gum to those who line the street. Then Santa will walk up and down Phelps Ave. all day Friday and Saturday so boys and girls can tell him what they want for Christmas.

Christmass music will play from the downtown speakers to add to the holiday spirit.

Christmas lights will be turned for the first time Friday night.

The Littlefield Chamber of Commerce is sponsoring Santa's visit, and in addition will be furnishing the prizes for various organizations that will decorate windows in the empty stores. Mrs. Hubert Henry is in charge of the contest, and prizes of \$25, \$15 and \$10 will be given for the top three entries.

Highway Work Set For Lamb County

A contract for seal coat work on 491.4 miles of highways in the Lubbock district, including Lamb County, was awarded by the Highway Commission during its regular meeting in Austin.

In Lamb County, 1,885 miles of U.S. 84 will be seal coated from the Bailey County line 1.9 miles southeast.

U.S. 84 will be coated 12.310 miles from FM 33 to US 385 at Springlake and 11.923 miles from Springlake on US 70 to the Hale County line.

Farm Road 303 in Lamb County will be coated from the Castro County line to U.S. 70, a total of 5.480 miles; and from FM 54 to the Hockley County line, 5.923 miles.

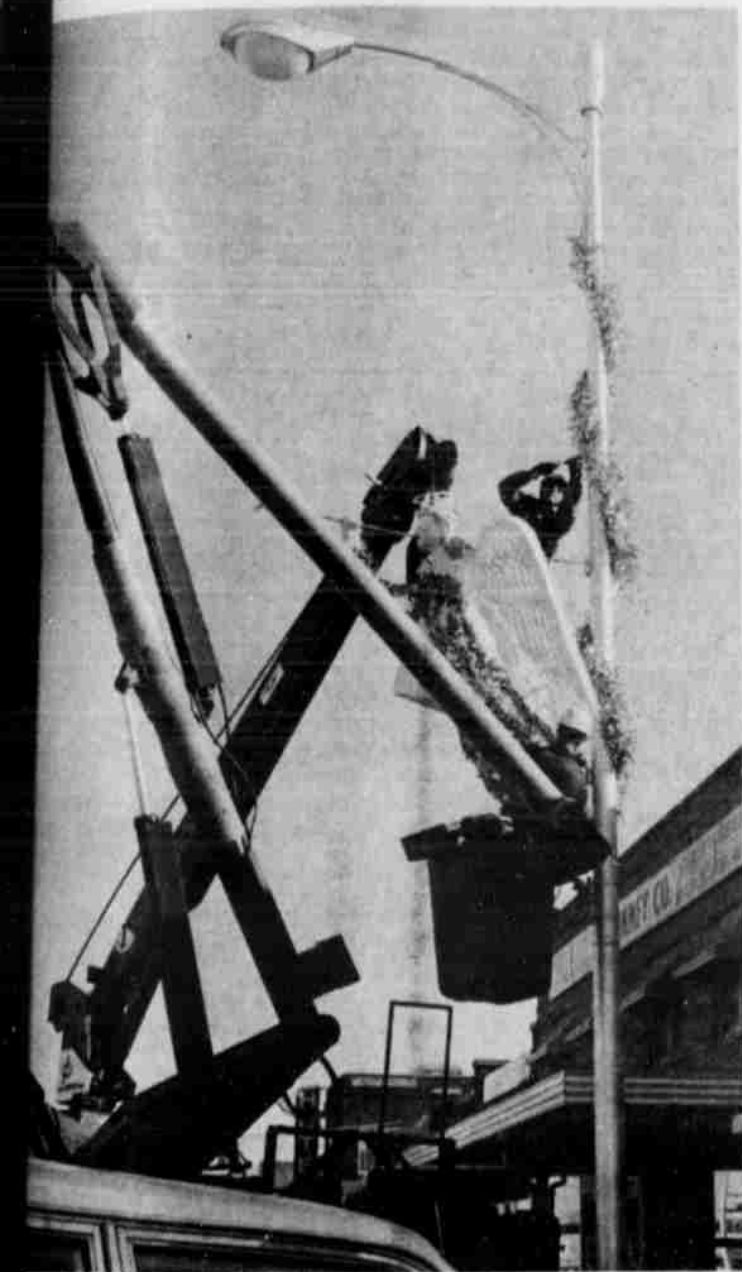

The work will be under the supervision of District Engineer O. L. Crain, and the contract calls for work in Bailey, Castro, Cochran, Crosby, Dawson, Floyd, Garza, Hale, Hockley, Lamb, Lubbock, Parmer, Swisher, and Terry counties.

High Plains Pavers, Inc. of Plainview was awarded the contract with a low bid of \$927,363.40.

The work will take an estimated 80 working days to complete, and James King of Lubbock is the Highway Department engineer in charge.

WAYNE STREETY received a \$100 college scholarship at the District FFA Banquet at Levelland Monday night. Lindal Nelson, LHS vocational agriculture teacher, congratulates his student. The scholarship is from South Plains College and was awarded to Streety for outstanding agricultural work. Seventeen FFA chapters were competing for the scholarship awards.

THIS CHRISTMAS season when SWPS employees put up decorations in town. Eugene Griffin and Miles Stephens wrap tinsel around the street lamps. Griffin, Stephens, Robert Richards, Ronny Lee Rainey, Jack Wingo and Floyd Armistead spent Monday afternoon ready for the Christmas season that starts with the arrival of Santa Claus in Littlefield Friday morning at 10 o'clock.

PRIZES TOTAL \$100

Lighting Contest Slated

Prizes being awarded by judges on merit, originality, lighting and ingenuity, during this Christmas home lighting contest, again being sponsored by Littlefield Chamber of Commerce in conjunction with Southwestern Public Company.

Prizes, totaling \$100, are being awarded by SWPS, and children, as well as adults, are eligible to enter.

The first place winner in the contest will receive a \$50 prize; the second place winner will take home a \$15 prize; and the third place, a \$15 prize; and the fourth place, a \$10 prize.

Residents living within the city limits and who are eligible to enter the contest are invited to clip the entry blank in this issue and mail it to the Chamber of Commerce, Box 507, Littlefield 79339.

A score of 30 is attainable in the "overall" category, in which design,

composition and arrangement of elements, and color scheme will be considered in the judging.

Twenty points are possible in the "originality" portion of the judging sheet. Considered are new ideas or effects, new ways of using standard devices such as luminous plaques, candles, cutouts, wreaths, and shapes formed with Christmas tree lamps.

"Lighting techniques" could bring a score of 30 to the ingenious Christmas lighting artist, if he figures a good use for regular Christmas tree lamps, spot and flood lamps (with or without filters), or other lamps such as fluorescent, circling and reflector color lamps.

Twenty points will be awarded to the entrant who best uses his "ingenuity" in using the structure of house, in using surroundings to an advantage, in assembling the display, and in construction and installation.

50th Anniversary

Pep Festival

Marked Today

Turkey and dressing literally may be served from a silver tray, but Pep is celebrating the Silver Anniversary of their Annual Thanksgiving Bazaar all day Thursday.

In the community have prepared a special all-meat sausage, turkey, cake, pie and other trimmings for the annual Thanksgiving Bazaar which will begin serving the noon meal at 12:30 p.m.

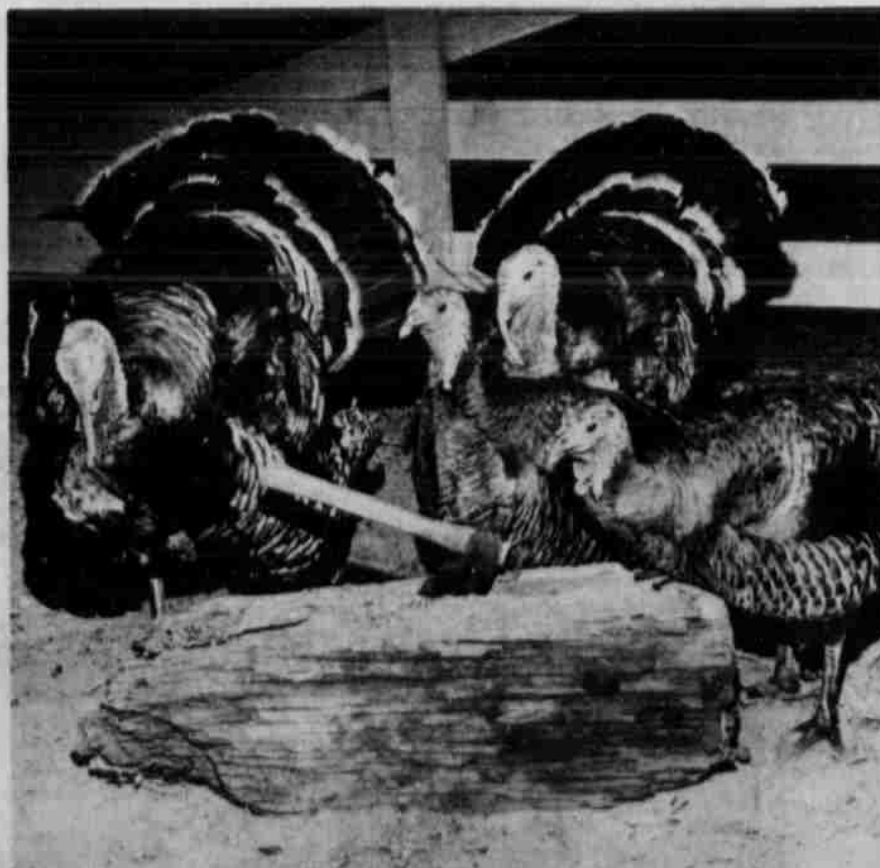

The noon meal will close at 2 p.m. and will be served from 5 p.m. to 7:30 p.m. at the Parish Hall of St. Philip's Church. Tickets for adults sell for \$2, and tickets for children under 10 are \$1.

The pep and general auction will begin at 7:30 p.m., and carnival attractions and prizes will be given away throughout the evening.

If your batteries wear out on you during the day, get them re-charged so you can enjoy the western dance starting at 9 p.m. G. Jungman, publicity chairman.

The generous hospitality offered by the community is sponsored by St. Philip's Church of Pep. Jungman.

The bazaar is located on Highway 303, with exits 116, 597 and 54 leading to it.

"GOBBLE, GOBBLE, GOBBLE" in turkey talk could be translated "Get me outa here, this is too close for comfort!" The hatchet and chopping block are uncomfortable pieces of the environment around the Donald Carr farm north of Littlefield—although most of these lived through Thanksgiving Day.

A WOMAN'S VIEW

Hog Killing Time

By PEARL BRANDON

IN TANNER LAINE'S Thanksgiving story in the Avalanche Journal last Friday he told of the woman on the Matador Ranch preparing Thanksgiving dinner back in 1880.

I noticed he said Mrs. Campbell had an eye on two hogs that had been turned loose to fatten on acorns. These butchered would furnish strips of fat to be laid on stringy turkeys for seasoning.

I DON'T KNOW about Texas hogs on the Matador Ranch but Oklahoma hogs wouldn't get fat on acorns. The more acorns they ate the skinnier they got.

We had to put our hogs in a small pen where they wouldn't get much exercise and feed them all they could eat for about three months before they were fat enough to butcher. We fed them corn, mash and all the slop we could get for them.

SPEAKING of hog killing time... we usually started butchering early. Someone in the neighborhood would kill a hog at the first cold spell and divide with the neighbors. Then some one else would do the same thing, keeping every body in fresh meat until up toward Christmas when we had a real hard freeze.

Papa would decide it was time to butcher. All the neighbors came to help... the men to help with the meat and the women to take care of the lard and cook dinner. It was a gay time visiting, with kids and dogs running every where, not to mention a few cats.

IT WAS ALWAYS as cold as whiz and Papa always had a great pile of wood ready. He was always an early riser but on

this particular morning he was out bright and early with his fires going around the great black pots of scalding water.

The neighbor men were there drinking great pots of hot coffee, with the women coming later.

The smell of wood smoke, the steam from the black kettles and the men's breath as they worked and joked among themselves was something.

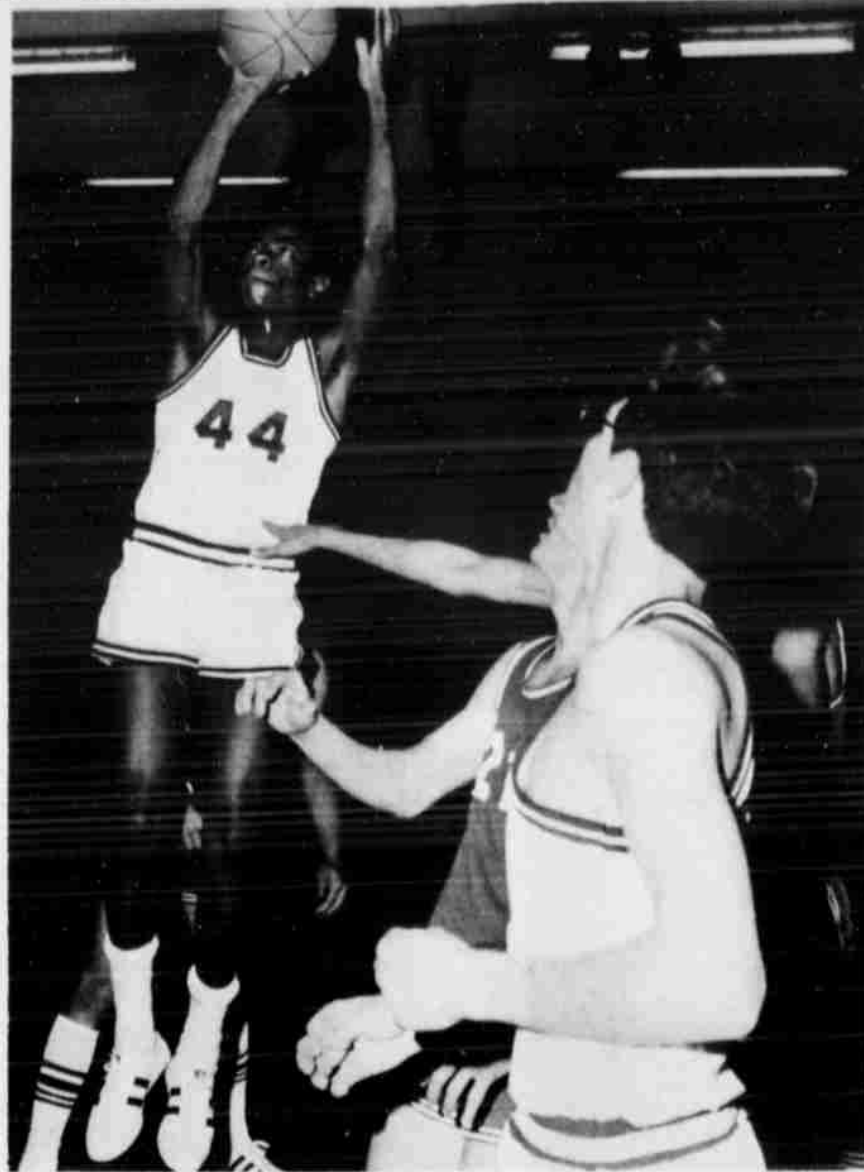

IF THE HOGS weren't too large they would scald them in barrels and scrape off the hair with long knives then hang them on cross poles and gut them and let them drain.

As soon as they could the men would send the livers to the house for the women to cook for dinner. When night came the meat was all cut up in joints, sprinkled with salt and spread out on tables in the smoke house to cool over night.

THE NEXT DAY the meat was packed in salt in a huge box to stay a few weeks. It was then taken out, washed and hung in the smoke house to be smoked with hickory wood. The best meat in the world, it makes me hungry to think of it.

Speaking of hogs running out and eating acorns in the woods, in Oklahoma in the early day the Indians let their hogs run loose. They became wild and dangerous but never very fat.

I LIKE TANNER LAINE'S article and only wish I could write as well as he can. He isn't as old as I am and probably don't know as much about hogs... Oklahoma hogs anyway.

SOPHOMORE J.E. JOHNSON shoots, and makes two points in the second period for the Littlefield Wildcats in their Monday night game against the New Deal Lions. The Lions won 53-52.

Wildcat Varsity, JV Split New Deal Tie

The Littlefield Wildcat Varsity and JV hosted the Lions of New Deal Monday night and came away with only the JV winning.

The Wildcat played an exciting game up until the buzzer but failed to make up a six-point deficit and were edged out by one point 53-52. The JV won in their contest, 55-49.

Albert Sanchez was the big gun for the Wildcat Varsity with his eight field goals and three free throws for 18 points. Ricky Dunn of New Deal followed with four field goals and nine free shots for 17 points.

The Cats fought hard in a see-saw battle throughout the game, but found themselves in point trouble early. New Deal rolled through the first period with a four point lead 15-11. The Wildcats fought back but still the Lions led by four, 27-23, when the teams went into the dressing rooms.

In the third period, the Littlefield squad sneaked up on the lions and passed them by 32-31. Soon after the Cats found themselves in foul trouble and the Lions retook the lead at the end of the quarter 39-36.

In the final period the Cats battled up to a 45-45 tie and then their shooting went cold.

With just less than two minutes left in the game New Deal started to get ahead. With 1:35 left, the Lions had pulled six points out in the lead, 51-45. Then the Cats scored on a field goal, and drew a foul to boot. Larry Hobratsch dumped in his free shot to draw the Littlefield squad three points closer.

Then New Deal made a goal to put them five ahead. Albert Sanchez drew a foul and went to the line for two shots, and both were good. The final Cat 2 dropped in as the buzzer sounded leaving them one point short of the tie.

The major problem with Wildcat scoring was that out of 34 free throws only 12 were made for a 35 per cent record. The Cats out-rebounded New Deal with 23 defensive and 10 offensive rebounds. The Wildcats had 20 turnovers.

In the JV win, Littlefield ran out for a one-point first period lead. That lead didn't amount to much as the Lions came back and tied up the ball game 24-24 as the teams ended the half.

Steve Fortenberry of New Deal was the game's high scorer with 13 field goals and two free throws for 28 points. Randy Trotter led the Littlefield scoring with four goals and nine charity shots for 17 points.

The JV came back in the third period to regain their one-point lead 37-36 and from that point went on for the win 55-49. One of the things that helped the JV in the win was the very good 69 per cent free throw shooting. The JV made 19 out of 28 attempted.

The JV now holds a 1-1 record. They played at Seagraves Tuesday night also.

HOMINY GRITS

By CORNBALL BLEVINS

I SUPPOSE ONE of the nicest, and most likeable ladies I've ever met, was connected with one of most oddball cars it's been my misfortune to encounter.

I've only told this yarn to a very select few, because, you'll vow it's a lie, and, I don't blame you. I hardly believe it myself, but, it happened!

THIS LADY had bought a new automobile (of a foreign make) from a dealer that I used to work for. And, as with MOST new cars, this one performed like a dream-until cold weather set in!

One morning she called our service manager. "Would you send someone to start my car?—It won't make a sound this morning!" (The temp was at 25 degrees that morning)

I WAS ELECTED. BUT, I didn't have to hurry, as she'd left the car and gone on to work. Anyway, I'd goofed around until about 10 o'clock before I went after the culprit. Of course, the weather had warmed a bit.

Strangely enough, when I turned the ignition key, the engine came to life and sat there purring like a kitten!—So??—What do you do to an auto when it does all it's supposed to?—I looked into my crystal ball and found nothing!

I TOOK HER the car and asked her if she knew how to start it (I'm sure all she needed was a smart-aleck mechanic!)—She took my teasing very well, and said she was glad there was nothing wrong.

A few days later, the temperature dropped again, and, again, she called! "Send me that smart mechanic that checked my car a few days ago!" she said: "This time I'm going to wait, and if that car starts for him, when he gets here, I'm going to take a hammer to it!"

I WENT AND she was waiting—Sure enough, the car was as dead as the next

day after Christmas!—No sign of life anywhere. Even the warning (Idiot) lights didn't light up on the dash. I checked the battery, it was as hot as an Arab distance-runner. All the electrical connections were tight and looked clean.

Nonplussed, as well as embarrassed, I walked around the car and sat down in the driver's seat.—She was sitting on the other side, tapping her toe on the floor-board, yet, saying nothing.—It was crucial!

FOR THE WANT of something to do, I absent-mindedly tapped the horn ring.—To my surprise the horn sounded and immediately the idiot lights lit up on the dash!

I turned and said to her, "Ethel, you haven't been blowing the horn on this car in the mornings to wake it up, have you?" "Certainly not!" she retorted.

"Well," I told her, "On this particular car, you should blow the horn, first thing in the morning, so's it'll know you're ready."

WHEREUPON, I turned the ignition key, and the engine burst into life!

A look of surprise flitted across her face, but, she quickly exclaimed: "How dumb can I get! Anyone should know they should blow the horn on a car before trying to start it on a cold morning!" A little pause, then she said: "O. K., get out and let me go to work,—I'm late already."

ABOUT THREE WEEKS later she called again, "Would you come and get my car, and try to find its trouble?—My neighbors think I'm some kind of nut, blowing my car horn before starting it in the mornings!"

LIKE I SAID, she's one swell person, and, if you want to verify my story, you may write: Mrs. Ethel Austin, Care of Camp Blue Haven, Las Vegas, N. M.

THE ABUNDANT LIFE

A Little Extra

By BOB WEAR

IN OUR TIME of clock watching, demanding fewer hours of work, looking for more fringe benefits, slighting responsibilities and just trying to do enough to get by; the good things of life are being lost.

What ever happened to the guideline—"You must do more than you get paid to do, if you ever expect to get paid for more than you do?" There was another: "An honest day's work for an honest day's pay."

Another one: "If a job is worth doing, it is worth doing well."

"GETTING BY" as a life concept is unworkable. It is self-evident that we are not going to get by, if just "gettin by" is our aim.

We lose so much that we cannot get by without. We lose the quality of performance that is so necessary to the good life.

We lose the necessary pride of work well done. We lose our self-respect. We undermine the total life structure.

MANY ESSENTIAL services are lagging today just because people refuse to do them. Some of these services have been so badly downgraded that many people refuse to do them.

Other important services demand hard work, and are therefore shunned. We need people, many people who are not ashamed to work; people who will do a little extra. Our survival is at stake.

OUR SPIRIT MUST be revived. There are no free rides, no free meals; in fact, nothing is free.

We cannot be a kept people, but must provide for ourselves. "The greatest asset of any nation is the spirit of it's people, and

the greatest danger that can menace any nation is the breakdown of that spirit—the will to win and the courage to work."—Cortelyou.

ALL IS NOT LOST. There are still people who will do a little extra, work a little longer, and go an extra mile. How refreshing! These are real quality human beings.

They are responsible for the greater part of the worthwhile accomplishments in all areas of human endeavor.

These people are trustworthy, and provide the framework which supports our social structure.

THIS IS THE HUMAN GAIN because doing a little extra increases our capacities for increased and improved performance. Our basic endowments are enhanced and enriched.

In giving more than is expected or demanded, there are gains in the ways that mean the most to personal well-being.

Of course, there are sensible rules of moderation and good judgement; but we must not limit and narrow our lives from fear that we may do a little extra.

THE LIFE AREA that is most rewarding and satisfying is hidden from all except those who work a little longer, do a little extra, and go a little farther.

There just isn't much living for the persons who just try to get by.

"WORK IS NOT A CURSE: it is the prerogative of intelligence, the only means to manhood, and the measure of civilization."—Coolidge.

A LITTLE EXTRA by everybody who cares can make a mighty big difference on the right side of life.

OBITUARIES

MRS. EMMA CAMPBELL

Funeral services for Mrs. Emma Campbell, 81, of Midland, who died Sunday afternoon in a Midland rest home, were conducted Wednesday afternoon in Resthaven-Singleton-Wilson Funeral Home Chapel in Lubbock.

Rev. Max Browning, pastor of the Shallowater First United Methodist Church, officiated, and burial was in Resthaven Memorial Park.

Mrs. Campbell moved from Lubbock to Midland in 1963. She was a charter member of Eastern Star Chapter 936 at Anton.

Among survivors are her two sons, Claude Campbell of Anton and Harry Campbell of Fort Stockton; a daughter, Mrs. William Beard of Midland; a brother, John T. Brewer of Lockhart; six grandchildren and four great-grandchildren.

FRANCIS L. POTEET

Funeral services for Mrs. Frances L. Poteet, 65, of Mesa, Ariz. who was a Lamb County pioneer and former Spade resident, were conducted Thursday afternoon, Nov. 19, in the Garden Chapel of M. L. Gibbons Mortuaries in Mesa.

Mrs. Poteet died Tuesday, Nov. 17, in Good Samaritan Hospital in Phoenix.

She had lived at Spade from 1924 to 1951, when she went to Arizona. She was a member of the Church of Christ in Mesa.

Burial was in the Garden of Peace Cemetery at Chandler, Ariz.

Surviving are her husband, John Poteet of Mesa; a son, Johnnie M. Poteet of Albuquerque, N.M.; a daughter, Mrs. Nellie Mae Williams of San Diego; two brothers; two sisters; and four grandchildren.

Farm And Ranch Study Club Has Meeting

OLTON--Farm and Ranch /ives Study Club met Wednesday in the home of Mrs. Lester Kennedy with Mrs. James Couch as co-hostess.

Presiding in the short business session was Mrs. Benny Dickson, president. Mrs. Wayne Phares was welcomed as a new member.

Under the direction of Mrs. A. C. Light Jr., installation services were conducted for the following officers: Mrs. Benny Dickson, president; Mrs. J. W. Lee, vice-president; Mrs. Lester Kennedy, secretary-treasurer; Mrs. Leon Griffin, program chairman; Mrs. Garland Rose, social chairman; and Mrs. James Couch, reporter.

Each officer was given the point of a star and as they held them all together Mrs. Light challenged them to work together that "your star may shine brightly for the good of the community."

Members present were Mmes. Jack Kirby, T. J. Smith, Walter Lewis, Phares Dickson, Griffin, Light, Couch and Kennedy.

The December meeting will be held in the Dickson home Wednesday Dec. 9. There will be an exchange of gifts between "secret pals" and a musical program will be furnished by Mrs. Nina Smith singing with guitar accompaniment. All members are urged to be present.

Olton PTA Hears Drug Program

OLTON--Ray Bradshaw of Cotton Center was guest speaker Thursday evening at the regular meeting of Olton Parents Teachers Association.

A former drug addict, Bradshaw, discussed various types of drugs and told of their abuses and origins. He also spoke of his own experiences as an addict and answered questions asked by the audience.

Rev. Al Jennings, pastor of the First United Methodist Church led the Pledge of Allegiance and shared devotional thoughts.

Members voted to continue their annual project of presenting a college scholarship to a worthy senior. A fellowship hour followed the meeting.

The next regular meeting of this group will be in January.

**Two Vehicles In
Amherst Accident**

Approximately \$600 in damages was done in a two-car accident six miles north of Amherst Sunday afternoon.

Larry Dean Rudd of Earth was traveling south in a 1963 Ford and Clark B. Hill of Rt. 1 Amherst was traveling west on a country dirt road about to cross FM 1055 in a 1966 Ford pickup.

Rudd tried to avoid the Hill vehicle by going to the right bar ditch and went into a broadside skid and struck the right front fender and bumper of the pickup with the back of his car as the skid sent his vehicle backward.

Highway Patrolman Weldon Parson investigated and estimated property damages of \$200 to the Rudd Car and \$300 to the Hill pickup.

TAKE YOUR SHOES off and relax after a busy day Thanksgiving—if you don't know what to do with the leftover turkey from Thanksgiving try an easy-on-the-budget menu of "Turkey Easy."

"Turkey Easy" can be made quickly, early and is economical—and it is bound to stir the appetite of your family members or guests. Get out your prettiest individual baking dishes and be prepared for that "after Thanksgiving—what to prepare?" meal.

- BUTTERMILK**
- 1 unbaked pie crust
 - 1 egg
 - 1 cup sugar
 - 1 cup buttermilk
 - 2 tablespoons flour
 - Pinch of salt
 - 1/2 teaspoon vanilla
 - 1 lb. peeled apple or canned.
- Beat egg lightly with buttermilk, flour, vanilla. Mix well. Turn into an unbaked pie crust and bake in a preheated 375 degrees for 30 minutes until apples are tender. Remove from the oven and sprinkle with the below.
- CRUMBS FOR TOP**
- 1/2 cup light brown sugar
 - 1/3 cup flour
 - 1/4 butter
- Reduce oven heat to 350 degrees and bake an 15 minutes.
- HOME HINTS**
- IF YOU HAD painting furniture metal trim or hardware, rub the metal with petroleum jelly or before you paint it—rub right off.
- NON-SLIP!** You will be using your food grater this holiday season—be careful of sandpaper—be careful of the food grater table and the grinder slip. Before you run a grater, run a piece of paper through it and it will be easier to wash.
- NEVER NEVER** nylon garments in the wash with a colored garment. The static electricity nylon draw the color white nylon with white only.
- FIREPLACE!** If so fire a good start, try a couple of lighted candles in the kindling.
- STORE YOUR CANDLES** cardboard tube rolled paper towels, waxed paper, aluminum foil. Just candle into the tube and it will keep them unbroken between. Colors stay sorted too. You can decorate the candles you wish, using your imagination of course.
- DID YOU KNOW** stamp can be easily removed from an envelope by lighter fluid to the inside envelope behind the stamp.
- THE YOUNGSTERS** a "fruit kebab" dessert alternate wedges of oranges, pineapple, and tidbits with marshmallows skewer. One way to get them to eat their fruit!
- NEEDS CIRCULATION** When you use your gas most efficiently, you get the best cooking results. Experts report that a gas oven has free circulation of air through the openings in the bottom to give fresh air temperature baking. If the flow is blocked or the poor cooking results. For results, leave 1" to 2" gaps, and between the each pan and between the oven.

Betty Crocker Test Given Here Dec. 1

Awards including \$110,000 in college scholarships will be at stake Tuesday, Dec. 1, when high school senior girls here join 648,000 others in schools throughout the 50 states and the District of Columbia in the written knowledge and attitude examination of the 17th annual Betty Crocker Search for the American Homemaker of Tomorrow.

Chosen on the basis of test scores here, the winner for Littlefield High School will receive a specially designed silver charm from General Mills, sponsor of the education program. Additionally, her paper will be entered in competition with those of all other school winners in the state.

The State Homemaker of Tomorrow will receive a \$1,500 scholarship and, together with the winners from the other 49 states and the District of Columbia - each accompanied by a school adviser - will tour Washington, D. C., and Colonial Williamsburg, Va., next spring. Second-place finishers in each state receive \$500 educational grants. Schools of State Homemakers of Tomorrow are awarded complete sets of Encyclopaedia Britannica by Encyclopaedia Britannica, Inc. Culminating the tour for state winners will be announcement of the 1971 Betty Crocker All-American Homemaker of Tomorrow, whose scholarship will be increased to \$5,000.

State Homemakers of Tomorrow ranking second, third and fourth in the nation will have their scholarships raised to \$4,000, \$3,000 and \$2,000. National judging is based on original test scores plus personal observation and interviews during the tour.

Time Out For Sports

By ARTHUR GUAJARDO

The Littlefield Wildcats have lost the first basketball game of the season, the loss was to Slaton, 17-41.

Littlefield's Jay Trammel was the high scorer for his team with 14 points. Loyd Kitten and Paul Payne scored 19 points for Slaton.

The Littlefield J.V. also lost with a score of 33-19 to Slaton's J.V.

Littlefield's next opponent is New Deal in which both varsity and Jr. Varsity will be playing.

Choir Begins Candy Sales

Mrs. Marsha Martin, LHS choir director, recently announced the beginning of a fund raising project for the choir. The project is a candy sale.

Beginning after the choir concert Monday, the sale officially started.

Money from the sale will go into the choir activity fund, which will be used for many programs during the year - one of which will be a variety show for the students of LHS.

The candy is Stuckey's Coconut Pattie, and is packaged in boxes of 12 patties. The patties may also be purchased individually, and sells for \$1 per box.

Law Enforcement, Drug Committee Sessions

On Nov. 9, a group of students met to discuss drug education in schools.

Included were Cynthia Adair, Lyn Barton, Shirley Colbert, Felix Cristian, Larry Crumpton, Lee Roy Danford, Mary Davidson, Jesse Davila, Juanita Echeverria, Marsha French, Jo Dee Fuller, Matt Giles, Shelley Grant, Dennis Hartley, Leon Hodge, Michael Holmes, Leonard Huey, J. The lab session began with each table group writing poetry with the titles provided.

They then discussed drug education.

If there was a drug problem in Littlefield, the definition of drug abuse and many other questions.

Martha Brown led the discussion.

MEMBERS Pam Brannon and Wayland Hutto discuss their technique in candy for the choir. All choir members were assigned a box of candy to

Trammel, Danford Honored By GAA

Trammel and Leroy Danford were recently honored by the Girls' Athletic Association Hero and Sportsman, respectively. Jay, a 5' 9", 140-lb. junior, has dark blond hair and green eyes. He loves the color blue and banana pudding. His favorite group is the "Three Dog Night." Jay is a quarterback on the

varsity football team and is vice-president of the Student Council.

He was voted Sophomore Class Favorite last year.

His future plans include attending Texas Tech and spending a lot of time with a certain sophomore girl.

Leroy Danford is 6' 2 1/2" tall and weighs 185 lbs.

Leroy served as an end on the varsity football team, and sports lead his list of favorite activities.

This black-haired, brown-eyed sophomore's favorite color is, needless to say, black.

He likes most any kind of food, the singing group "The Jackson Five," and working on cars.

Leroy claims his pet peeve is greasy old people.

Business Club Hears Speaker

A Business Club meeting was held Thursday night, Nov. 12, in room 18.

Money-making projects were discussed, officers were elected, a guest speaker was present, and refreshments were served.

The guest speaker, Mrs. Melton, a teller at the Federal Savings and Loan Association. She has worked there for four years.

Officers for the Business Club are: president, Vickie Elliott; vice-president, Dixie Carter; secretary-treasurer, Kay Jackson; hospitality chairman, Rachel Harlan; reporter, Vicky Davis; program chairman, Peggy Sherley; and membership chairman, Wendell Horn.

The sponsor for the business Club is Miss Kraushar.

Post Office Urges Early Christmas Mail

"Don't disappoint someone you love at Christmas time by getting your gift parcels and cards in the mail too late to reach them before Christmas," George Thompson, officer in charge of the Littlefield Post Office advises.

Thompson states that the Littlefield post office will keep its window open every Saturday morning until Christmas from 9 to 12 noon, in order to help citizens get parcels and Christmas mail delivered on time.

"On the day after Christmas, a post office building can be the most depressing

place in the world," he said, "if it still contains a mountain of messages of love and cheer that didn't make it because they were mailed too late."

Gift parcels to distant states should be mailed by Dec. 1, and parcels going to local and nearby areas should be mailed no later than Dec. 13.

Special delivery messages and parcels will be delivered Christmas Day.

Thompson states that the special "all in town" and "for out of town delivery" labels will be placed in every box here Tuesday, Dec. 1. "If our customers use these labels, we will have fewer sorting problems in the office," Thompson said.

He emphasized that the outside label on packages should be placed on only one side of each parcel. The name and address of both the sender and the addressee should be enclosed in each gift parcel to permit identity in case of damage or loss of the outside label.

Greeting cards to distant states should be mailed not later than Dec. 10 and cards going to local and nearby areas should be in the mail by Dec. 15.

"ZIP Codes are still a very important item to consider in mailing your Christmas mail," Thompson said. ZIP Codes aid postal employees in sorting and handling the mail faster, and return addresses insure the sender of a return to the sender in the event a label gets torn off or becomes illegible.

Thompson estimated that about 32 billion pieces of mail went into postal dead letter branches last year because the mailing address couldn't be read and there was no return address on the envelope.

"If you estimate the worth of each of these pieces at 25 cents, including postage, postal customers lost more than \$7.5 million last year to dead letter offices," he concluded.

6 SWPS Employees Get Service Awards

Six Littlefield employees of Southwestern Public Service Company were among 86 Southern Division employees of the electric company honored Nov. 17 at a service awards dinner in Lubbock.

Floyd H. Armistead led the local group in service, receiving a 20 year award.

A 15 year recognition went to A. M. Pope, while 10 year pins were received by Thomas D. Robison and J. O. Wimberly.

The first period of service recognized under Southwestern's service award program is five years and the Littlefield recipients of first time awards were James W. Lower and Miles A. Stephens.

Roy Tolk, president of Southwestern Public Service Company, made the awards presentations, which ranged from 5 to 35 years.

Throughout Southwestern's service area, 282 employees with a combined service of 4,245 years are being honored this year at service awards dinners.

Christmas Suit Fund Benefits Boys Ranch

The annual goal to provide each of the more than 365 boys at Cal Farley's Boys Ranch with a new suit or clothing package has begun through the Christmas Suit Fund project.

Providing new suits for the boys has become a favorite way of Christmas giving for many friends of the boys who contribute \$25 for this purpose.

Through special arrangements with Amarillo merchants and manufacturers, the boys are permitted to select suits or clothing combinations according to their preferences.

In many cases the first new suits they ever owned, and in new suits replace have become worn.

Witnesses Meet To Hear Speaker

Hundreds of Jehovah's Witnesses met in Lubbock last weekend and heard L. M. Dugan, district minister from the world headquarters of the Witnesses, answer the question, "Who Will Conquer the World in the 1970's?"

More than 1,200 met in the Fair Park Coliseum and heard Dugan state "Regardless of our occupation, whether we are a carpenter, a housewife, or a school child, we are facing death because of the issue of world conquest in the 1970's."

Jehovah's Witnesses from this area who attended included, the Sam Stantons, Alvin Tinsleys, Betty Farmer and family, Frances Douglas, Mae Cundiff, and about 25 others from the local congregation.

They reported that Dugan indicated it is impossible to escape the consequences of either being conquered or conquering. "Alexander the Great conquered the known world, yet he died a young man at 33, proving that material conquest is brief, temporary."

HEARING LOSSES
Excessive sound, whether encountered in a single ear-shatter blast, or as a continuous barrage of noise, can cause tragic, permanent hearing losses, according to the Beltone Crusade for Hearing Conservation. The Crusade is actively promoting the control of noise pollution in industry, on our highways and in leisure-time pursuits.

Dairy Products team, coached by Dr. J. J. Willingham, Mark Arthur Compere of Abilene, Paul J. Drager of Hereford, Billy Bob Freeland of Crosbyton and Leslie Dean Hoggard of Lubbock.

Livestock team, coached by James McManigal, Eddie Holland of Llano, Carl Jones of Whitharral, Jerry Smith of Hart, Bill Doherty of Branson, Colo., Lonnie McDonald of Quitaque and Korby Wise of Santa Anna.

Meats team, coached by Dr. Keith Lind, Denise Eskridge of Richardson, Ron Kersh and Marvin Meeks of Plainview, Larry Meadows of Briscoe, and Marsha Mills of Alpine.

Range Plant identification team, coached by Dr. D. A. Klebenow, Jim E. Neaville of Shamrock, Joe Bob Watson of Silverton, John C. Baize of Gatesville and James F. Geroge of Spur.

Soils team, coached by Dr. B. L. Allen, Jerry Bigham of Lockney, Allen Smajstria of Victoria, Terry Whigham of Tulia, Steve Spain of Olton and Ray Bryant of Plainview.

Approximately 450 persons attended the program presented in the Livestock Pavilion with Jerry Bigham of Lockney, president of the sponsoring Tech Agricultural Council, presiding.

The Gerald W. Thomas awards were presented to Bigham; Jim Humphreys of Guthrie, general manager of the Pitchford Land and Cattle Company; Harold Hinn, of Plainview and Dallas, president and chairman of the board of the Harvest Queen Mill and Elevator Company, and Dr. Arthur W. Young, recently retired chairman of the Department of Agronomy at Texas Tech.

Largest of the scholarships, three for \$3,600 each, went to William B. Sisson of Bay City, Mich., the Patrick H. Welder Fellowship; Lee Charles Otteni of Las Cruces, N. M., the R. L. and Bessie Welder Wildlife Foundation Fellowship, and Alan L. Heirman of Hondo, the Post-Montgomery Fellowship.

The Soil Conservation Society \$500 scholarship was presented to Bigham. In Park Administration, Horticulture and Entomology, \$500 scholarships and donors were Donald Watson of Bowie and William C. Starcher of Spur, Trans-Mississippi Golf Association; Artie L. Garrett of Clovis, the Frank Goldthwaite Memorial scholarship; and Dan C. Lewis of Hereford, Telsco Industries Weather-Matic scholarship.

Daniel Baumann of Perryton took the Frank Carter "Top of Texas" Agricultural freshman, \$500 scholarship in the College of Agricultural Sciences.

The Spencer Wells \$300 scholarship in Animal Science was presented to Denise Eskridge of Richardson.

Other scholarship winners were: in the \$250 category—Larry Douglas Comer of Silverton and Douglas Scott McNeal of San Antonio, Connally Implement and Supply Company scholarships; and Dale Blackstone of Enochs, Panhandle-High Plains District One Texas Garden Club.

\$200 scholarship went to: Carl Jones of Whitharral, King Ranch scholarship; and Robert B. Coker of Springlake, TTAESBA scholarship.

Special recognition went to members of the College of Agricultural Sciences departmental teams:

'Orphan Fortune' Awaits Claimant

A \$30,000 "orphan fortune" is searching in Amarillo and throughout northwest Texas for descendants of John and Ellen Mary (nee McCoy) McGinnis, who are being sought to claim or share in the estate of which they are obviously unaware.

This became known in Tucson, Ariz. when Gordon L. Cox, probate genealogist, 302 West Elm St., Tucson, who specializes in tracing missing relatives to settle estates, took over the search with only vague clues to guide him.

"Records indicate that John and Mary Ellen (nee McCoy) McGinnis were residents of Amarillo in the 1880s," Cox said. "It is indicated that at least one child, Daniel, was born in Amarillo in 1887 and that other children may also have been born of the union."

"The children of John and Ellen Mary McGinnis, if living, or their children, would be entitled to share in the tidy sum. If there are no descendants from the McGinnis union, then descendants of deceased brothers and sisters of Ellen Mary McCoy and John

McGinnis would succeed to the estate."

Cox said he is also seeking people in the area who may have known John and Ellen Mary McGinnis or their children and can give information which will help the heirs claim their inheritance.

The incredible everyday dishes guaranteed for two full years

ONLY **\$19⁹⁵** 20-PIECE SERVICE FOR FOUR
Like nothing you've ever used before. It's not plastic, not earthenware, and not china. Yet it has the look, feel, and "ring" of china. Made of a new material invented by Corning scientists, Corelle Livingware can take all the punishment of everyday use and abuse. Safe in the oven and dishwasher. In fact, Corning promises to replace any piece that should break, chip, crack or stain during two years of everyday use - free and without question. Four beautiful patterns available any time by the piece or by the set. The examples shown are just a few of the many that will take anything you throw at them.

Happiness Is . . . Thanksgiving And A I

Tandy Talburt

THANKSGIVING is a happy time because you get out of school, get to see your favorite relatives, (and not-so-favorite relatives!) and you get to eat a lot of GOOD food!!!

THE L JH Band made a I last week on Tuesday, and that is HAPPINESS!!! Everyone should stop by the band hall and admire the BIG trophy the band won. Yea, band!!! Way to go! Let's get sweepstakes, now!!!

Julia T.-What colors would you paint the sun and the wind?
Sharleta G.-The sun rose and the wind blue!

Ben F.-What is the oldest piece of furniture in the world?
Tommy B.-The multiplication table!!

THE L JH Band would like to thank the Band Boosters and the Wildcat Band for sending telegrams before leaving last Tuesday. We appreciated them very much!!!

THANK YOU!!!

HERE ARE the ratings the L JH twirlers received last week at marching contest. Solos-Karen Walker, Karen McManus, Debbie Cutshall, and Connie Cannon-Division II. Their quartet also received a Division II (which is excellent.)

Kelly P.-(in a restaurant)-Go see if the chef has pigs' feet.
Dan G.-I can't tell. He's got his shoes on.

Mari Louise Bennett

THE L JH Band has started working on their Christmas concert music. The concert will be held on December 22. The Junior High band will play eight different numbers. They're coming along VERY WELL!!!

Patti C.-What is the difference between a cat and a comma?
Carrie W.-The cat has claws at the end of its paws, while the comma has its pause at the end of its clause!

Mary Kay M.-What is the difference between a fisherman and a lazy schoolboy?
Charyl R.-One baits his hook, while the other hates his book!!!

The snail's dream
A snail who had a way, it seems,
Of dreaming very curious dreams,
Once dreamt he was you'll never guess!
The Lightning Limited Express!!!

Hey, Cynthia G.-How'd you like your surprise Thursday? How'd you like giving it to C. J., C. N., K. C., D. M., K. J., D. D., R. Mc., T. T.

"This is a hold up!" said the thief. "Give me your money or else."
"Or else what?" demanded the victim.
"Don't confuse me," begged the thief.
"This is my first job."

Have a good week and . . .
Happy Holidays!

Customs Officer Jobs Now Open

The Government's all-out fight against air piracy has begun.

The Bureau of Customs has announced that more than 2,000 men will be hired in the next four months to serve as customs security officers in locations throughout the nation, with the biggest concentration of jobs on the eastern seaboard.

Donnie Howell, examiner-in-charge for the Littlefield Post Office, announced that additional information about these jobs is available. Interested applicants are urged to apply as soon as possible and can be tested immediately.

These men, as hired, will gradually replace military and other personnel now performing air security work.

The jobs, which pay starting salaries of from \$5,853 to \$8,098, involve protection of aircraft in flight with alternate duty at ground stations. Officers will receive an additional \$40 a day while in flight status; moving and transportation costs to the first duty station after appointment will be paid.

Most hiring will be of eligibles in the Government's Federal Service Entrance Examination. The Bureau of Customs and the United States Civil Service Commission have launched an intensive campaign to bring in new applicants for the written examination. All post office Examiners-In-Charge are currently accepting applications.

The Customs Bureau is particularly interested in hiring returning Vietnam servicemen who qualify for Customs Security Officer Jobs.

Thanksgiving - - - It Came To Be

Does this name ring a bell? Thanksgiving this year is the 51st one, few of us know the story of how the holiday evolved.

For instance, Thanksgiving is a holiday? Or that the Thanksgiving was signed by President Lincoln. In the third year of the Civil War, he believed that the Union had been saved; he therefore proclaimed a national day of thanksgiving to be celebrated on Thursday, November 26—naming the last Thursday in November as the day to be observed each year.

Today, many guests—thankful for being invited to Thanksgiving dinner—arrive with gifts for the hostess who prepared the festive meal. Probably without even thinking of how fitting it is to recall a bloom in a wasteland, a number of guests give their hostess a popular perfume named, appropriately enough, Desert Flower.

While turkey is traditional in the United States for Thanksgiving, in Japan a similar holiday of thanks is celebrated each year on November 23rd with visits to shrines, with candy and pots of hot ceremonial tea.

The colorfully-clad natives on the island of Sardinia, on the other hand, meet the end of the harvest season in August to offer their thanks in the Festival of the Savior. At sundown a solemn procession of people proceed to Church for prayer and to give thanks. Within a few days after the festival, the hunting season starts!

In Bavaria at the thanksgiving festivals, which take place each year at the end of the harvest season, natives dress in traditional attire and perform folk dances which go back to the 13th and 14th centuries.

Whether you celebrate Thanksgiving this year with a big turkey dinner, or with hot ceremonial tea, or with prayer—give a kind thought to a man named Massasoit and a tribe named Pokanoket. We have their corn and their land and the custom they have helped make popular, but you don't hear much about the Pokanoket any more.

THANKSGIVING BLESSINGS

Let us pause and give thanks for the bountiful blessings of our country, family and friends. May they be many.
