

# LHS Homecoming begins here tonight

Littlefield High School's 1976 version of homecoming gets underway tonight with a parade at 7:30 and hugh bonfire immediately following on Wildcat Stadium's parking lot.

## PARADE

Parade participants will assemble on the Santa Fe depot lot and step off at 7:30 p.m., proceeding down Phelps Avenue toward the Lamb County Courthouse, and will break up behind the courthouse.

Theme for this year's parade is "Wildcat Ways, Onward and Upward", and will feature the Wildcat Band, the football homecoming queen candidates, and various floats and decorated cars entered by school and business organizations.

The bonfire is set for 8:15 p.m.,

or immediately following the parade.

## EX STUDENTS

All former students and teachers will register and be honored with a tea in the LHS Library all day Friday.

## PANCAKE SUPPER

The Lions Club will be serving their annual pancake supper from 5:30 to 7 p.m. in the Junior High School Cafeteria. Tickets are \$1.50 for all you can eat.

## WILDCATS VS. WHIRLWINDS

Friday night, the Wildcats will play the Floydada Whirlwinds at 7:30 in Wildcat Stadium, and the homecoming queen will be crowned during halftime, with the Wildcat Band playing the background music.

## HOMECOMING QUEEN

Three LHS seniors are vying for the Homecoming Queen title. They are Susie Giles, daughter of Mr. and Mrs. Jerry Giles; Susan Ogerly, daughter of Mr. and Mrs. Ivan Ogerly; and Kathy Elliott, daughter of Mr. and Mrs. James V. Elliott.

Members of the Ex-Students Association who will first escort the queen candidates at the pep rally at 3:10 Friday afternoon, and then at the coronation ceremony are: Craig Ratliff, Dennis Cowan and Gary Purdy.

Crown bearer and flower girl are Tory Blackwell and Sherry Purdy.

Following the game, the Ex-Students Association will sponsor a dance at the Country Club, with Tiny Lynn and his band playing.

HOMECOMING QUEEN candidates are Susan Ogerly, Kathy Elliott and Susie Giles, all Littlefield High School seniors. They

will be introduced Friday afternoon in the 3:10 pep rally and one will receive the title Friday night at halftime during the homecoming

game with the Floydada Whirlwinds.

some home Exes. I've been away from Littlefield since Homecoming 1975. I thought for a moment I'd made a wrong turn along the road and missed Littlefield.

I've changed a lot this past year. New businesses, new homes, new hopes for a bright future.

But, we're glad you're back in "The Total City".

-SS-

first great debate is over—your choice as to who won! The GOP says Ford was the winner. The Demo's say it was Carter by a big margin. The president says the best thing that happened is when the sound went out at the audio went out at a time, the medium of television offers opportunity for the citizens of a country to study a debate as never before possible. TV became a byword in the American household.

North Central Texas columnist Tuesday said "one of the girls at the local newspaper says we now know, following the Playboy Magazine interview, Jimmy Carter is always

like such folks as Paul Harvey and Jimmy Carter "good guy" image was damaged by the Playboy Magazine use of language that should not be considered permissible for late night television. Others disagree.

and commentary is that campaign aides feel it may be a campaign—the thought that the American people like a good guy for president but not one that is "too

## Direct Distance Dialing coming to county soon

Direct Distance Dialing for the Littlefield and Lamb County area is coming in the very near future.

Littlefield's Direct Distance Dialing will be effective Wednesday, Oct. 13.

The systems at Anton, Olton, Spade, Sudan and Whitharral will be effective Wednesday, Oct. 20, while those at Amherst and Springlake are due to be in effect the following Wednesday, Oct. 27.

To call within Area 806, simply dial 1, then the telephone number.

To call outside Area 806, dial 1

then the distant area code and telephone number.

In the event you have trouble, dial the operator for assistance.

If you reach a wrong number, dial "Operator" immediately and report what happened, and the operator will see that you are not charged with the call.

A person will not be charged if the phone is hung up before the number is completely dialed, or if the telephone number dialed is busy or doesn't answer.

## All-Texas Air Tour to arrive Sunday

Littlefield will be hosting approximately 200 persons who will be flying into the airport in about 73 planes Sunday for their stop on the All-Texas Air Tour.

Chamber of Commerce Manager Sherry Campbell said, "This is a

real opportunity for us to show our fellow Texans what Littlefield hospitality is. I urge you to attend and take part in the welcome."

They will begin arriving at 9:30 Sunday morning, and refreshments will be served.

## Higginbotham-Bartlett schedules open house

Higginbotham-Bartlett Company will be conducting its grand opening in their new building all day Friday and Saturday morning.

A ribbon cutting ceremony will start things rolling Friday morning at 10, when the first drawing for free gifts will be held. Persons wishing to get their names in the pot early are invited to come by and register Thursday afternoon and Friday morning, beginning at

9 a.m. Gifts will be drawn every hour both days.

The all-new office, warehouse and unloading room are housed in a 50 by 210 building which is bordered on the east by a new open fork-lift shed, and a newly-modeled lumber shed on the north.

Higginbotham-Bartlett Company first opened its office in Littlefield in 1923, and has been under the management of five

managers: Josh Cogdell, Billy Harris, Lewell Short, Ernest Fowler and Harold E. Clement.

Clement came here from Amherst in 1949 as manager. He had been at Amherst seven years, serving as manager of the Higginbotham-Bartlett Company there.

A huge fire in June of 1974 completely burned one of the company's lumber storage sheds, and has prompted the expanding and building of the new facilities.

Besides the managers, Harold and Hazel Clement, other employees are H. W. Hill, Lee Goss, J. P. Denton and Mike Castillo.

They all invite the public to see their new buildings.

## Register to vote

Friday, Oct. 1, is the deadline for registering to vote in the Nov. 2 Presidential election.

Go by the tax assessor collector's office at the courthouse in Littlefield.

## Medical exhibits highlight Free Health Fair Saturday

"Come to the Health Fair!" says Mrs. Dorothy Powell, Lamb County Extension Agent.

"Take advantage of the free tests for diabetes and Sickle Cell Anemia and get your blood pressure checked. You do not need to do anything special to prepare for taking these tests. Just come and have your tests made and enjoy the exhibits and free literature."

The Health Fair will be held from 10 a.m. to 6 p.m. Saturday, Oct. 2, in the Lamb County Ag and Community Center, 17th Street and Highway 385, Littlefield.

Films provided by agencies participating in the Health Fair will be shown throughout the day.

"You will enjoy visiting the concession stand sponsored by the Oklahoma Avenue Home Demonstration Club," she emphasized.

Agencies cooperating in the Health Fair include: March of Dimes, Myasthenia Gravis, Heart Association, Littlefield Police, City of Littlefield, Early Risers Lions Club, Texas State Department of Health Resources, Expanded Nutrition, Commission for the Blind, Cancer Society, Family Planning, Hospital Auxiliary, Red Cross,

Arthritis Foundation, American Lung Association, Cystic Fibrosis, South Plains College and the 829th Station Hospital Army Reserves.

"Residents of Lamb County and the surrounding area are encouraged to take advantage of the health screening and information which will be provided," she concluded.

## Wildcats readying for homecoming win

Littlefield football fans are in for a treat Friday night when the Floydada Whirlwinds come calling.

The two teams have met seven times in the last five years and in only two of those games was the victory margin more than seven points. The two rivals will square off in the Homecoming affair at 7:30 p.m. before an expected packed house.

The Wildcats will be looking for their first win in four outings and Floydada will bring a 2-2 record into the contest.

Littlefield Coach Jerry Blakely says that "the two teams are evenly matched. The team with the fewest turnovers and mental mistakes will win the game."

Whirlwind quarterback Jay Womack and halfback Mickey Minnett lead the Floydada attack. Womack is adept at running the option, sprint outs and passing. Minnett is a threat on sweeps and counters.

Minnett gives Floydada an added dimension by being a dandy punt and kick-off returner.

The Wildcat mentor says that controlling these two 10.1 speedsters will be the defensive objective.

Defensively Floydada is led by two big tackles. Lynn Wood is a 212 lb. senior and Ron Wall a 209 lb. senior. The 'Winds have a unique eight man front line.

Last week Floydada blew over Olton 41-0 and blasted Friona 31-0 in the season opener. Sandwiched between those two wins were

losses to Post, 14-7, and Canyon, 27-0.

Littlefield suffered no injuries against Lockney and will be in full strength for the Homecoming tussle.

Concerning the loss to Lockney Coach Blakely said, "We're very disappointed that we didn't win. We felt we should have won. We played well except for a two-minute span in which they scored twice."

"I have never been more proud of a team than I was of the Wildcats Friday night. They did an excellent job of preparing for Lockney and showed tremendous courage and character in the final two minutes of the game."

"After looking at the film we see absolutely no contact by our pass receivers on the apparent touchdown. The official nearest the play signaled touchdown and an official across the field called the interference. Two Lockney players ran together on the play and that is probably what the official thought was pass interference."

"We're not going to cry over spilt milk. That is behind and we're excited about the way the team is bouncing back and getting ready for Floydada," the coach concluded.

Rudy Ayala was praised for running the offense and his passing in the Lockney game. Rudolph Smith and Ralph Mendez were

## LETTERS

Littlefield, Texas 79339  
Route 2  
September 23, 1976

Lamb County Leader-News  
Littlefield, Texas

Dear Sirs:

I feel compelled to write this letter concerning Capital Punishment. I hadn't thought too much about the death penalty. Oh, I knew I was not going to put anyone to death, or serve on a jury and condemn a person to die. But as I read the articles in your paper, I got this urge to write, which I can't seem to get rid of.

As it kept bothering me and as I thought about it, it became very clear to me where I stand on the issue and also what the Bible teaches about it.

It bothered me what Cornball said in his article about Ananias and Sapphira.

They were not put to death by man. No person laid a hand on them. They fell down and died. If they were put to death, it was by God himself, the one who said "To me belongs vengeance and recompense" Deuteronomy 32:35, also Romans 12:19 and Hebrews 10:30.

Then in the paper Sunday, Sept. 19, the letter written by Mr. Art Lynch, he mentions the first murderer, Cain. God put a curse on him and sent him away, but he was not put to death, in fact God said if any one kills him, vengeance will be taken on them sevenfold.

True, in the Old Testament times, under the law of Moses, man was put to death for murder and some other crimes.

But about 2,000 years ago, God sent his Son to earth, as teacher, example and Savior. Jesus said I came not to destroy the Law but to fulfill it. How did he fulfill it? By dying on the cross. He died for the sins of the whole world, every person born and to be born. Since he died for every person's sins, no persons should be put to death for their sins, because Jesus has already paid for that person's sins with his life. Whether that person believes and accepts Him or not, he still died for their sins.

What did Jesus himself say about Capital Punishment? Well, at that time they still observed the law of Moses. If a woman was caught in adultery, she was stoned to death.

Well, some of the religious leaders of that time, the Scribes and Pharisees, brought a woman before Jesus. They said, this woman was caught in adultery, in the very act. The Moses law commands she be stoned. What do you say? Jesus stooped down and wrote in the sand with his finger, but when they kept asking him he raised up and said, "He that is without sin among you, cast the first stone".

He again stooped down and began to write in the sand. Every person there left without a stone being cast. Read it for yourself in John Chapter 8 verses 1 through 11.

So if any person is completely and entirely without sin, maybe, just maybe, they would have the right to put a person to death for their sins.

Sincerely trusting in Christ,  
s/Wilson E. Vaught

JOY LATIMER is already thinking about her favorite time of the year— Christmas. She'll be getting out her three wise men she made from 12 oz. Coke bottles, and the numerous other Christmas decorations [both interior and exterior]. She's busy too, making Christmas ornaments from Leggs packaging, and various things most people would throw away. In

the top photo she displays the bottle from which she made the Three Wise Men by forming them with dip and drape material, topped with small plastic heads, and real hair from wiglets, as well as hand-sewn clothing in the fashion of Bible days. Below, she looks at more of her stored decorations.

# OBITUARIES

## CHICK CONWAY

Services for C. W. "Chick" Conway, 53, of Littlefield were conducted Monday afternoon in the First Baptist Church with Rev. A. J. Kenemer, pastor, and Rev. Wesley Daniel, pastor of the First United Methodist Church, officiating.

Burial was in Littlefield Memorial Park with Hammons Funeral Home of Littlefield in charge of arrangements.

Conway died Sunday, Sept. 26, at 2:45 a.m. in Littlefield Hospital after a sudden illness.

Conway moved to Littlefield 16 years ago from Tahoka and had been associated with Tide Products Co. of Littlefield since 1968. He was married to Margie Shepherd Feb. 23, 1944, in Lubbock. He was a member of the Lions Club and the Tahoka Masonic Lodge and was a World War II veteran and a member of the First Baptist Church here.

Survivors include his wife; two sons, Gary and David, both of Lubbock; his mother, Mrs. Rosa Conway of Seminole; two sisters, Mrs. Mary Davis of Seminole and Mrs. Dorothy Harvick of Andrews; and two grandchildren.

Pallbearers will be Charlie Duval, E. O. Feagley, Warren Dayton, Arthur Duggan, David Hampton and Dutch Wilkinson.

## R. A. 'DOC' LEONARD

Funeral services for R. A. "Doc" Leonard, 83, of Spade, were conducted Wednesday afternoon in the Chapel of Hammons Funeral Home.

Officiating were Dayton Keese of Lubbock and Rev. Ray Biggerstaff of Spade.

Interment was in Littlefield Memorial Park with Hammons Funeral Home in charge of arrangements.

Leonard died at 4:58 p.m. Monday, Sept. 27, in Methodist Hospital in Lubbock after a brief illness.

He was born March 2, 1893 in Oklahoma, and had been a farmer in the Spade area for the past 45 years. He was a member of the Church of Christ.

He married Miss Lila Folks on Dec. 13, 1914 in Oklahoma.

Surviving are his wife; three sons, Leon Leonard of Spade, Biff Leonard of Holtville, Calif., and D.R. Leonard of Hart Camp; one

daughter, Mrs. Naomi Gilbert of Cordell, Okla.; a brother, Bill Leonard of Cordell, Okla.; two sisters, Mrs. Maude Lewis of Modesto, Calif. and Mrs. Ruby Lucas of Elk City, Okla.; 11 grandchildren and 13 great-grandchildren.

Pallbearers were Billy Gilbert, Gary Leonard, Steve Pierson, Johnny Leonard, Jim McCarty and Charles Smith.

## ROBERT MURRAY

Services for Robert Murray, 56, of Muleshoe were conducted Monday afternoon in Primitive Baptist Church of Muleshoe with elders Kenneth Martin and Bernard Bowens officiating.

Burial was in Bailey County Memorial Park under the direction of Singleton-Ellis Funeral Home of Muleshoe.

Murray died Saturday, Sept. 25, in the Veterans' Administration Hospital in Amarillo.

Murray moved to Muleshoe in 1954 from Lamesa. The native of Novice was a welder and a blacksmith and was employed at Leo's Blacksmith and Machine Shop in Muleshoe. He was a World War II veteran.

Survivors include his wife, Ethel; a stepson, Truman Trim of Bovina; a stepdaughter, Mrs. Deborah Smith of Olton; three sisters, Mrs. Oda Cook of Glenrose, Mrs. Ruth Eubanks of Chaneyview and Mrs. Mary Snyder of Wilock, Wash.; four brothers, Walter of Corpus Christ, Charles of Brownwood, Joe of Stephenville and Roy of Tulla; and five grandchildren.

## JEWELL PARKER

Funeral services for Mrs. Jewell Parker, 56, of Littlefield, who died at 1:07 p.m. Monday, Sept. 27, in Lubbock's Methodist Hospital following a lengthy illness were conducted Wednesday afternoon the Chapel of Hammons Funeral Home.

Officiating was Rev. Clarence Powell of Hereford.

Burial was in Littlefield Cemetery with Hammons Funeral Home in charge of arrangements.

Mrs. Parker was born March 21, 1920 in San Saba County, and had lived in Littlefield 25 years.

She is survived by her husband, C. A. Parker Sr.; three sons, C. A. Parker Jr. of Levelland, Randall

# CLIPS & TIPS

By JOELLA LOVVORN

**HALLOWEEN** is a children's playday that should be fun and practical. Instead of buying Halloween paraphernalia, consider letting children make their own, suggests Dorothy Powell County Extension Agent.

She suggested some-do-it-yourself projects.

**Halloween Cat**— cut a large cat's head, body and tail from black construction paper. Glue egg carton cups with glass marble center in the cat's head for wild eyes. Attach the head, body and tail with brass brads. Change the cat's position to make him look as if he is falling, running, frightened or just scary.

**Jack-o-lantern mobile**— cut an irregular ring out of heavy orange paper. Cut three triangles and one moon-shape out of heavy black paper for the eyes, nose and mouth. Don't forget the stem for the pumpkin. Hang the eyes, nose and mouth on strings to dangle inside the orange ring. Hang the mobile by a longer string attached to the stem of the pumpkin.

Parker and Rickye Parker, both of the home; a daughter, Benita Parker of the home; two stepsons; two stepdaughters; three brothers, Archie Cockrell and A. C. Cockrell, both of Amarillo, and Herlon Cockrell of Floydada; two sisters, Mrs. Bob Mills of Amarillo and Mrs. Ila Doss of Albuquerque, N.M.; and two grandchildren. Pallbearers were Scott McNeese, Stanley Eller, Junior Castillo, Danny Brockington, Mike Robertson and Mike Gee.

## SELSO TREVINO

Services for Selso Trevino, 67, of Hale Center are pending with Freeman Funeral Home of Hale Center.

Trevino died about 1 p.m. Monday, Sept. 27, in Hi-Plains Hospital after a lengthy illness.

Born in Cotulla, he had lived in Hale Center 27 years and was a member of St. Theresa's Catholic Church.

Survivors include two brothers, Juan Jr. and Ramon, both of Hale Center; and three sisters, Mrs. Maria Garza of Cotulla, Lola Trevino of Earth and Francisca Trevino of Milwaukee, Wis.

**Paper plate mask**— draw a scary face on a heavy paper plate. Cut out and/or paint the facial features on the plate. Use rug yarn or straw for hair. Punch a hole above the ears on each side of the plate. Attach a shoe lace on each side and tie around the head.

**Noise makers**— large, dried gourds painted with scary faces make excellent Halloween noise makers. The seeds inside the gourd make a nice "shushing" sound.

A small paper bag painted or decorated in a Halloween theme can be filled with dry beans, pop caps or jingle bells and attached to a stick. This is a great hand rattle.

"And for Halloween, every child years for a Jack-o-lantern. There are a few rules to follow in making this Halloween favorite."

—Select a fresh pumpkin. The size will depend upon your needs and the amount of money you want to spend.

—With a sharp knife, core out a small lid at the top (large enough to get your hand in the pumpkin).

—Remove the seeds and fiber from inside the pumpkin.

—Draw the desired face on the pumpkin with a pencil or crayon.

—Carve the Jack-o-lantern, following the design you drew.

—Place a votive candle in a candle glass or small can inside the pumpkin.

—When the candle is burning, remove the pumpkin top to prevent scorching the top. Burn your Jack-o-lantern and enjoy its glow a long time.

—Once Halloween is over, make all kinds of goodies out of the pumpkin meat. If your pumpkin is too large to use at one time, freeze it and use the pumpkin later to celebrate fall harvest, Mrs. Powell suggested.

**FABRIC STAINS** caused by fruit juices, artificially sweetened soft drinks or alcoholic beverages are sometimes invisible. Prolonged storage or heat used in drying or pressing caramelizes the sugar, causing a noticeable yellow, tan or brown stain. As soon as these stains are known, they should be sponged with rubbing alcohol or diluted bleach as safe for the fabric.

# THE ABUNDANT LIFE Understanding

"IT WAS A misunderstanding" is a statement heard frequently, in all areas and types of human interactions. Of course, it is possible that faulty communications is probably the most common cause of misunderstanding; and there are other causes. All of us know that there is a very great need for "understanding", and all of us can help bring this about.

"UNDERSTANDING" is not as difficult to accomplish as it may seem to be.

We can understand, when this is our overriding desire in our dealings with each other. This desire will become increasingly stronger, when we make ourselves fully conscious of the strife, estrangement, and the general loss caused by not understanding.

Occasionally, it is said of someone, "they are very understanding". Such persons are among the most greatly appreciated of all people.

**WE MUST DO OUR BEST** to make sure that nothing is slighted in our efforts to understand others, and in doing all we can to help others understand us. "Understanding" is so desirable that it justifies every legitimate effort.

This is especially true in the more intimate associations; in the family, among co-workers, and all other such area. In fact, there is no area of association in which we can afford to be careless and unconcerned about "understanding".

**IN MOST INSTANCES**, somebody can understand; and this can make the difference between a

desirable situation. This can be used to help prevent a difficult situation from occurring to some percent people.

If the one who understands is diligent to explain to the involved, such action is helpful. It may not bring what is desired, in any situation of human relationship but it will help the people want to understand.

**IT IS ADMITTED** that people may not want to understand, but these are surely minority. Nevertheless, it is very unpleasant if we are enough to become involved with such persons.

Such an encounter will be necessary for us to be even particular and watchful. It is a mistake to be upset in this situation, but it is also a mistake to take the attitude that we care. We can, with extra care, make some improvement in what would otherwise be an unpleasant experience.

**WE ARE WISE** in giving other the benefit of the doubt. Letting our conclusions be based upon what we know to be true. True fortitude of understanding consists in not permitting what we do not know to be disturbed by what we do not know. —Paley

**WE MUST NEVER** grow in seeking "understanding" is important on a one-to-one and on a people-to-people basis. "Understanding" does not prevent strife and feelings. It is a very good and much-needed encouragement.

# HONNY GWYS

By CORNBALL BLEVINS

**OK NOW, YOU** who have been wishing for rain can cease and desist. Enough is enough! Especially when hard water starts falling with it!

Was kind of amused today, when I was overhearing a conversation between a couple of farmers. Evidently, not having been too friendly toward the weather control program and a pretty bad looking cloud was hurrying toward us, out of the north.

Said the first: "You know, that cloud looks pretty bad, doesn't it?" "Yep", was the answer. "And, you know, after last night I kind of hope those planes are up there!"

**OF COURSE**, we're numb! What does the national debt mean to us, since we can't even comprehend the numbers? It's come to the point that when we see a group of numbers, anymore, we can't remember whether it was millions, or billions named after it.

Whether you might care or not, it might help to try writing the figures out and looking at them. For instance, next year's spending is estimated at \$413,100,000,000.

The gross national debt is poised to come to around 1,000,000,000.

**OF COURSE** if you'd like have a look at the total liabilities of our great nation, try to digest one! \$2,200,000,000,000! (That's trillions, friend!) That, good people, is as high as my math reaches. If we continue to keep those spenders in Congress, we just have to invent a new kind of money.

**TO TELL THE TRUTH** about our situation, no one's really enthralled about our prospects for the President of these United States. Seems the consensus of opinion that we only have a choice of lesser of two evils.

Then perhaps it's time to be looking for something solid, stable, rather than glamour and charisma. Something like hard dedication, and stability. Something like the best interests of a nation, rather than giving up to prejudice and hatreds.

**SURELY**, COMMON SENSE must have a part to play in where in the scheme of things

# Continued from Page 1

**—shootin'—** the people sitting at the table were gaunt, starving and unhappy. The reason was evident at once; each person had a three-foot-long fork attached to each arm. No one could get food to his mouth with the long utensils, so all were starving.

On his visit to Heaven, the observer found a similar table. These people, too, had long forks attached to their arms, but they all were healthy, well fed and happy. The psychologist asked, "How do you account for this difference?"

Try to answer it yourself. See how your friends would answer it. In your answers there might be some indications about your attitude toward life and humanity. The correct explanation, of course, is: In Heaven, they were feeding each other.

**—Wildcats—** singled out for their clutching.

Jack Speck was outstanding blocking the Longhorn nose guard Tackles Ronnie Milligan and Howard Soria were outstanding blocking on the Lockney tackle that outweighed them 60 lbs. Gene Moreland had a fine night blocking downfield.

Defensively, Blakely pointed to improvement in linebacking on the secondary. Blake Wood was in best game of the year as a linebacker and Terry Foley had an excellent night in his first game as a linebacker.

Smith, Ayala and Jeff Baker were standouts in the secondary. Defensive end David Jones also enjoyed his best game as a player. Lockney and Ayala continued to punt well.

### Mrs. Royce McAdams honored with shower

AMHERST— Mrs. Royce McAdams (Verina) was given a pink and white shower in Mrs. McAdams' home this afternoon.

Refreshment table with a white linen center was an arrangement of hostesses, calendulas and pineapples. Alternated in pineapple sherbet and cookies. Guest gifts were a high chair. A son was on the tray

of the high chair. They were displayed with an array of other gifts. Hostesses were Mmes. Flora Oxford, LaJune Yantis, Hope Nix, Melva Dean Mote, Jeannie Gage, Mary Campbell, Elva Hinds, Mary Brownlow, Kathy Mills, Vernie Campbell, Bertha Black, Lori Carter, Cecile Embry, Alma Holland, Margie Harmon and Lessie Mesamore.

### Shower honors Kay Campbell

AMHERST— A lingerie shower in honor of Kay Campbell, bride-elect of Steve Campbell of Uvalde, was given Tuesday, Sept. 21, in the home of Dr. and Mrs. B. L. Burditt and Cindy.

About 15 guests were registered in the bride's book. The serving table was

laid with an avocado cloth, with white milk glass appointments, and centered with a floral centerpiece composed of flowers in fall colors—the colors she has chosen for her wedding.

The fruit punch and cake were served by Cammie Campbell, sister of the bride-elect, and Cindy Burditt.

### Spade 4-H Club meets

The Spade 4-H Club met Thursday, Sept. 23, in the Spade cafeteria for their first meeting of the year, and to elect officers.

Elected president was Kelly Prentice. Reynaldo Casas was named vice president. Rhonda Offield is secretary, Stella Elizondo is treasurer, Kathy Cadell is reporter, and Victor Soliz is council delegate.

Members present for the meeting included Randy Offield, Junior Elizondo, Norma Casas, Gordy Casas, Terri Caddell and the officers.

Guests were Mart Piper, Mrs. Joe Caddell and Barbara Prentice.

MR. AND MRS. DALE EDWARDS

### Mr., Mrs. Dale Edwards to celebrate anniversary

The son and daughters of Mr. and Mrs. Dale Edwards of Amherst are honoring their parents Sunday afternoon, Oct. 3, from 2 to 4 p.m. with a reception at the Edwards home near Amherst.

keeper at the Gage Gin of Amherst. Friends and relatives of the couple are invited to attend.

The occasion is their silver wedding anniversary. Honoring their parents are Larry Edwards and his wife, Shirley; Sheila Edwards, Jackie Edwards and Mrs. Linda Mangum. Mary Witcher and Dale Edwards were married Oct. 4, 1951 in the Baptist parsonage in Amherst.

Edwards is a farmer and his wife is a seasonal book-

### S-E Homecoming slated Oct. 15

EARTH— The Spring-lake-Earth homecoming is scheduled for Friday, Oct. 15, when a Mexican dinner will be served in the cafeteria, prior to the football game with Vega.

Special honorees for the reunions will be senior classes of 1936, 1946, 1956 and 1966, and the student who travels the farthest

distance to attend.

The ex-students will meet for a business session in the cafeteria following the game.

Their officers are Jack Angeley, president; Donnie Clayton, vice president; Mrs. Pete O'Hair, program chairman; Mrs. Mackey McCarty, co-chairman; Mrs. Jeanette O'Hair, trea-

sure; Mrs. Ricky Byers, hospitality chairman; and Mrs. Gary Bulls, membership chairman.

### Rainbow Girls hold meeting

EARTH— Earth Rainbow Girls met Monday evening in Earth Masonic Lodge with Brene Belew Worthy Advisor and Mrs. Barbara Lewis as mother advisor in the absence of Mrs. Pat Jordan.

An initiation service for Stephanie Caudill was held. Mr. and Mrs. R. W. Fan-

ning were presented Grand Cross of color membership and Grand Cross medalion.

Rainbow Girls and families were invited to attend Masonic Family night Nov. 2 at 8 p.m.

Last week, Earth Rainbow Girls made their annual visit to Gilstown.

## Winegeart-Winders vows read at Oklahoma Lane

EARTH— Miss Marylin Winegeart of Farwell and Monte Clay Winders of Canyon pledged wedding vows at United Methodist Church at Oklahoma Lane Saturday night, Sept. 18.

Parents of the bride are Mrs. Paul Winegeart of Farwell and the late Mr. Winegeart. Mr. and Mrs. Jay Winders of Earth are parents of the groom.

Rev. Larry Null officiated for the twin-ring ceremony before the altar area centered by a table holding an open Bible and flanked by brass candelabras each fitted with seven tapers of peach hue enhanced by palm leaves and a large apricot color satin bow. A

memory candle with pink tapers on either side was placed to the left of the altar. At the close of the wedding rites the bridal couple lighted the memory candle by the tapers.

Accompanied by Mrs. James Sides, pianist, Lynn Blankenship sang "Twelfth of Never" and "The Lord's Prayer."

The bride was escorted to the altar by her brother, Eddie Winegeart, and given in marriage by her mother. The bridal gown was of chantilly lace and bombazine. The molded basque bodice fashioned in lace featured a high yoked neckline and long sleeves of lace terminating in petal

point cuffs. The bouffant skirt front was accented by cascading lace ruffles with the panniers of bombazine outlined in scalloped lace. The floor-length veil of silk illusion was edged by appliqued heirloom lace and fell from a satin headband with matching lace trim. The bridal bouquet of white daisies was tied with peach color satin streamers.

Susie Winegeart was her sister's maid of honor. Bridesmaids were misses Sherri and Kathy Winders, sisters of the groom. The three attendants wore identical formal-length dresses of apricot dotted swiss fashioned with V-neck line edged in lace, fitted bodice

styled with butterfly sleeves and A-line skirt. They wore white picture hats with apricot ribbon bands and carried baskets of peach and white daisies.

Zeke Frost of Happy was best man. Groomsmen were Mike Winders of Earth, cousin of the groom, and Jerry McCracken of Channing. Richard Winegeart of Farwell, brother of the bride, and Richard Smith of Sundown seated guests.

As the newlyweds left the altar the bride presented a red rose to her mother and to her husband's mother.

For her daughter's wedding Mrs. Winegeart wore

a formal-length aqua knit dress with long sheer sleeves, and added white accessories.

Mother of the groom selected a floor-length dress of mint green knit with lace jacket. Both Mrs. Winegeart and Mrs. Winders wore peach color daisy corsages.

At the reception in church Fellowship Hall which immediately followed the wedding, the bride's table was laid with lace cloth over satin and centered with the attendant's bouquets. The traditional three-tiered wedding cake was iced in white, accented by peach color rosebuds and topped by a

miniature bride and groom. White milk glass and silver appointments were used in serving the cake and party punch.

The groom's table was covered with a peach-color cloth with white lace overlay and centered with a chocolate cake and coffee service.

Presiding at the table were Carolyn Harrington, Connie Wagley, Carrie Drager and Joan Frost.

Guests were registered by Carolyn Harrington.

Special guests were Mrs. J. H. Winegeart, Texico, N.M. and Mr. and Mrs. E. L. King of Wellington, grandparents of the bride, and Mrs. L. D. Winders of Earth and Mrs. N. J. Whitley of Ozona, grandmothers of the groom.

For travel, the bride selected a tan and brown knit dress with brown accessories.

The bride, a 1973 graduate of Farwell High School, attended Sam Houston State University, Huntsville, and West Texas State University, Canyon.

Winders is a 1971 graduate of Springlake-Earth High School and attended West Texas State University. He is employed in Canyon where the couple is residing.

### LITTLEFIELD NEWS

MR. AND MRS. Emmett Brown and Mr. and Mrs. Doyle Hastey have returned from a two-week vacation to Oklahoma, Farmington, N.M., Silverton, Colo., Grant Teton National Park, Yellowstone National Park, through Alberta and Saskatchewan Provinces in Canada, North and South Dakota, Black Hills, Mount Rushmore, Custer's Park, Nebraska and south to home.

VISITING in the home of Mr. and Mrs. Al Chambers last week were Mr. and Mrs. Tim Chambers and Sam.

THE BASS Club has returned from a fishing trip to Possum Kingdom Lake.

## Susan Head appointed to chair local campaign

Congressman Alan Steelman of Dallas has named Susan Head of Littlefield to chair his Lamb County campaign for the U.S. Senate.

Active in many local civic and political affairs, Mrs. Head has served as director of the Chamber of Commerce and has worked as co-chairman of both presidential and gubernatorial campaigns, as well as other senatorial campaigns.

"I feel strongly about the

need to free our system from the influence of big special interests, the reins of government the average taxpayer working person," she said. "Thus the movement of citizens Head to his U.S. race is very encouraging."

"I look forward to successful outcome of the Lamb County in the November election."

## Springlake Mayor Watson signs 'Kiss Baby Week'

SPRINGLAKE— Harlon (Fuzzy) Watson, Mayor of Springlake, has declared Sept. 26 through Oct. 2 as "Kiss Your Baby Week" in the Springlake area.

The drive for Cystic Fibrosis Fund in this area was kicked off with a coffee Monday morning with a

coffee at 9:30 in the home.

Earth, Springlake Sunnyside will be the same time with Bill Morris, Mrs. and Mrs. Ricky B. chairmen. Assistants are members of Homemakers Club.

## Circle 8 Square Dance schedules dance, supper

Bobby Graham of Clovis, N.M. is calling for the Circle Eight Square Dance club tonight.

The special fifth Thursday night dance at the Community Building in the park begins at 8 p.m.

All club members are bringing covered dishes for a supper following the dance.

All old, new dancers are invited to attend. This is a good time to get back into dancing for those who have been away for the season.

A charge of \$3 per person includes both the dance supper, and a big evening is extended to all dancers.

**LJHS percussion section wins honors**

The percussion section of the Littlefield Junior High School Band was selected as the Outstanding Marching Percussion Section Saturday at the annual Texas Tech Marching Percussion Clinic.

The clinic is held each year to help the percussion sections of area bands with new cadences as well as techniques of playing and new innovations in drum techniques. The Texas Tech Percussion Section was also featured on the program.

In the afternoon the competition was held between the different percussion sections.

Judges for the competition were Dean Killion, director of bands at Tech; Ron Dyer, percussion teacher at Tech; John Anthony, graduate teaching assistant; and Greg Vaughn, Tech section leader.

Some of the schools that participated included: El Paso Burgesses, Midland Lee, Coronado of Lubbock, Monterey, Canyon,

Morton, Petersburg, Seminole Junior High, Austin Junior High, Andrews Junior High, and Lockney Junior High.

The Littlefield Junior High Percussion section was selected as the outstanding junior high school marching percussion section of the competition.

Members of the section include Pam Fisher, section leader, Sally Wilkinson, Eric Sawyer, Greg Harris, Cindy Klein, Shayla Bridwell, Jim Davidson, and Lynette Spencer.

**Girl Scout Service Unit holds organizational meet**

The Littlefield Girl Scout Service Unit held its first meeting of the school year Sept. 24, at the Girl Scout Hut.

Those in attendance, representing the first, second, and third grade troops, were Janice Richey, Kay Lawson, Brenda Denton, Linda Jones, and Kaye Kirk. Also present were Nelda Blackwell, Ann Owens, Georgette York, and representatives from the Service Center in Lubbock, Alarah Russell and Beth Johnson.

Comments were made that most troops need more mothers to help on a weekly basis. Any mothers willing to help should contact their daughter's leader as soon as possible.

Up-coming dates for leaders are: Friday, Oct. 1, from 9:30 to 12, registration; and Tuesday, Oct. 12, from 9 to 3, leadership training. Both will be at the Girl Scout Hut in Littlefield.

The Heritage Fair, a council-wide event, will be held Saturday, Oct. 9, from 1 to 4, at the Lubbock Christian College Field House. Littlefield troops were encouraged to take part either as participants or spectators. Open to the public, the Fair will consist of exhibits and demonstrations by troops from the Caprock Council.

The Unit decided to have a booth at the Beta Sigma Phi Halloween Carnival on Oct. 30, with all troops taking part. The proceeds will be used for Hut cleaning and maintenance expenses.

Janice Richey and Georgette York will serve as delegates to the Annual Council meeting on Nov. 15. Jane Ann Byers was contacted and agreed to serve as the Unit Cookie Chairman.

Nelda Blackwell and Georgette York are to draw up the calendar of local events for approval on Oct. 1.

The next meeting of the Service Unit was scheduled for Tuesday, Nov. 9, at 7:30 p.m.

**ENOCHS NEWS**

REV. DAN VESTAL

KENNY CARTER

## Parkview Baptist Church to begin revival Oct. 3

The Parkview Baptist Church, located on West 5th, will be in revival beginning Sunday, Oct. 3, and continue through the 10th.

Evangelist in Dan Vestal who has been doing evangelistic work for more than 20 years.

Rev. Vestal, who was born in northeast Texas, suffered severe burns on his face when he was seven months old. Medical science and spiritual faith joined forces to make him whole again, after 14 plastic surgeries were required to repair the damage caused by falling head first into the fireplace as he stooped down to pick up a doll which he had dropped.

Vestal was graduated from the Trenton High School in 1937. Following his high school graduation, he entered Decatur Baptist College and continued his studies at Baylor University.

Having pastored only two or three churches, Vestal entered full time evangelism. He has preached an average of 21 revivals per year with more than 1,000 conversions per year. His ministry has carried him into 21 different states. He avers that he preaches,

"Hell, Repentance, Judgment, and Sin."

"The public is invited to hear this great and good Evangelistic at the Parkview Baptist Church each morning at 10 and at 7:30 p.m. Monday through Sunday, October 4-10," states the pastor, Rev. A. M. Averett.

Directing the music for the revival will be Kenny Carter, a former football coach from 1969-1972.

Carter left athletic duties with the Littlefield School System to enter Southwestern Baptist Theological Seminary in Fort Worth. In the early spring of this year he moved to Muleshoe where he serves as music and education director for the First Baptist Church.

There is to be a special youth fellowship for the junior high through high school and college students Tuesday night, Oct. 5, immediately following the evening service.

NEW OFFICERS for the Littlefield Chapter of Young Homemakers are, left to right: Angela Evins, reporter; Vana Tidwell, secretary; Bobbye Magruder, first vice president; Ellen Massengill, installing officer; Alice Potts, president; Shirley Savage, second vice president; and Janie Raney, treasurer.

## Homemakers install officers

The Littlefield Chapter of Young Homemakers met Thursday night, Sept. 23, for a meeting, program, and installation of new officers.

The election was conducted Sept. 9. Officiating for the installation of officers was Ellen

Massengill. Installed were president, Alice Potts; first vice president, Bobbye Magruder; second vice president, Shirley Savage; secretary, Vana Tidwell; treasurer, Janie Raney; and reporter, Angela Evins.

Also installed, but not present, were Kathy Graves, parliamentarian;

and Janice McElroy, reporter.

Others attending were Linda Harbin, secretary; Linda Elms, Janice Elms, and Peggy Savage.

Following the program refreshments were served by Alice Potts and Bobbye Magruder.

## Sudan Band Parents to sponsor banquet

SUDAN— Band parents met Tuesday night in the school cafeteria with 16 present.

James Withrow, president, presided over the business meeting with Jane Wiseman, giving treasurer's report and Kay Wiseman reading the minutes from last meeting. Minutes were accepted as read.

Members decided the Band Parents will sponsor the Homecoming banquet

as in the past, with the date set for Saturday, Nov. 6 and plates will be \$2.50 per person.

The parents decided to let the band members sell calendars from the Pizza Hut in Littlefield, Driscoll's soap, and pecan logs.

Marching contest will be held Nov. 2 at Jones Stadium in Lubbock and the band will also be marching in the Panhandle-South Plains Fair Monday, Sept. 27.

## Childbirth without pain classes set

Childbirth Without Pain Education League will be holding a new series of classes teaching the Lamaze method of childbirth in the Library at South Plains Hospital and Clinic in Amherst. They are tentatively set for the first week in October.

Through knowledge, training and work, childbirth can be a participating experience for a man and a woman. The Childbirth Without Pain Education

League originated through the efforts of a group of women who were striving to have an easier and more rewarding birth experience.

Classes consist of a series of seven weekly meetings, held informally with a limited number of students and taught in the eighth and ninth months of pregnancy. Most women choose to have a coach attend classes, usually a

husband or friend. Lamaze method allows mother and coach to work together with the doctor preparing for a participating labor and birth. The goal of CWPE is to have the healthiest, happiest birth experience for mother, baby, and baby.

For information regarding these classes, contact Pat Behnke, 385-6040, Littlefield.

## Festivities Begin Today

By JULIAN SAENZ

Homecoming 1976 activities will get underway today, beginning with the parade. The theme selected by the Student Council for this school year is "Wildcat Ways, Onward and Upward," and may appear on some of the various float entries. Entries in the parade will meet at the train depot and move south down main street at 7:30 p.m.

The parade will be composed of decorated cars and floats which were produced by various clubs and organizations of the school. Other floats will be presented in the parade by local business merchants. The parade will also feature the Wildcat Band and the homecoming queen candidates. First, second, and third place banners will be awarded during the homecoming pep-rally at 3:10 p.m. Friday, October 1, in the High School gym. A homecoming bonfire will be started immediately

after the parade. Everyone is invited to attend the festivities and show support for the Wildcats. During the bonfire the freshman football team will host the Floydada Whirlwind freshman team here at 8:30 p.m.

Homecoming Queen candidates are Susie Giles, Susan Ogerly, and Kathy Elliott. Susie is active in Band, Business Club, and is a Cheerleader for the Varsity football team. She is the daughter of Mr. and Mrs. Jerry Giles. Susan is active in Business Club, Band, and is also a Cheerleader for the Varsity team. Kathy is also active in Business Club, Band, and has been a Cheerleader for six years.

Susan is the daughter of Mr. and Mrs. Ivan Ogerly, and Kathy is the daughter of Mr. and Mrs. James V. Elliott. All three girls are seniors.

The highlight of the Homecoming activities will be on Friday, Oct. 1, when the Littlefield Wildcats will play the always tough, Floydada Whirlwinds at 7:30 p.m. in Wildcat Stadium.

The homecoming queen will be crowned during the halftime ceremonies.

The Wildcats will take an 0-3 record into the their homecoming game. Floydada will support a 2-2 record against the Cats. The Wildcats lost their season opener to Levelland, 25-17, which is now 4-0 and is ranked in the area. The Cats' second defeat came at the hands of the state-ranked Slaton team, 47-7. They are also 4-0. The Cats dropped their third game in a heartbreaker to the Lockney Longhorns, 18-14, who now hold a record of 3-1. Floydada, on the other

hand, has evened their record at 2-2 by whipping the Olton Mustangs 41-0. The first win for the Whirlwinds came on a 31 to 0 romping of Friona. The Whirlwinds have lost two of their games. The first was to Post 14 to 6. The Cats tied Post in a pre-season scrimmage, 1-1. The other defeat came at the hands of the Canyon Eagles, 26-6. The game between the two teams could turn into one of the best games for both teams, due to the fact that the Wildcats will be looking for their first victory.

In pre-season selections the Cats were picked to finish in the cellar, while the Whirlwinds were in a three-way tie to win their district.

THE 1976-77 FRESHMAN FOOTBALL TEAM members are, to row 1. to r.: Mike Koger, Pablo Trevino, Joe Ybarra, David Jones, Tommy Privett, Joe Don Haynes, Derek Hill, Arthur Nunez, Hoby Phillips, Joey Zahn, Butch Smith, Keith Collins, David Smith and Herbert Spencer; second row: Tracy Spencer, Lester Wormly, Danny Tollett, Raul Villafranco, Will Williams, Mark Yarborough, Rex Freeman, Johnny Ortiz, Brady Bradley, Johnny Sierra, David Duenes, Wayne Richards, Scotty Edwards, and Rodney Hampton; Bottom row: Doyle Farris, Peter Giblin, Zane Westmoreland, Tommy Boleyn, Mark Harris, Steve Jackson, Johnny Logan, Tony Hall, Crockett Patterson, Mark Price, Jimmy Pierce, Jimmy Nichols, Abel Hernandez. ### Freshmen Take Loss

The Freshman team fell to Levelland Thursday by a score of 20 to 0.

Levelland drew first blood when they scored seconds before the half. In the third quarter Levelland added 6 more points and again scored to take the 20 to 0 victory.

Coach Hooper singled out the performances of Johnny Ortiz, who plays tailback, and David Smith and Lester Wormly on defense.

ENTHUSED WITH THE CHOIR'S potential, Miss Alana Nichols, LHS director, smiles as she directs the choir in one of their usual rehearsals. [Photo by Fred Martinez]

### Nichols Heads Choir

One of the new faces around school this year belongs to Miss Alana Nichols, choir director.

Teaching 18 junior high choir students and 28 in high school choir along with a music theory class and a junior high study hall keeps Miss Nichols busy.

She is originally from Euleus, Texas and presently resides in Lubbock. She attended North Texas State University in Denton where she majored in music education and minored in

voice and piano.

Good instructors in music encouraged Miss Nichols, who has been involved in music all of her life, to go into teaching. LHS is her first public school teaching assignment.

Miss Nichols spends her spare time crocheting or playing the piano or tennis. She also enjoys performing and raising plants. Her favorite types of music include jazz, blues and ballads.

As the new director, she plans to give this year's choir the basics of music, such as the names of notes and learning to read and appreciate music. Activities for the choir include a planned "pop" concert for this quarter and a Christmas concert before the holidays begin. New concert attire for the choir members will be formal gowns and tuxedos. They are planning fund raising projects in an effort to help pay for these costumes.

Miss Nichols cites the lack of music knowledge as the weakest point in the choir this year. She stated that the students had no real concept of the construction and function of musical notation at the beginning of the term.

Miss Nichols said, "This first six weeks, we have been studying note values, time signatures, vowel pronunciations and, in general, learning the basics in reading music. Another obstacle we are overcoming is the influence of the Texas drawl. The students are becoming aware of how to correctly pronounce and sing pure vowels rather than with the usual use of diphthongs."

She pointed out that one of the choir's strong points is a willingness to learn.

### ???? What's Happening ????

What's Happening tries to inform the students and the community about what is going on at LHS. If you have any club information or any special announcements, contact the Journalism Dept. in room C-3.

**STUDENT COUNCIL**  
Members of the Student Council recently compiled and printed a Student Directory which is now on sale. The 22-page booklet lists the names, addresses, and phone numbers of all LHS students and faculty members. The Council is selling the directory for 75 cents.

"Wildcat Ways, Onward and Upward" has been chosen for the theme of the 1976-77 school year and will be carried out in the homecoming parade which the Council is organizing.

Student Council officers are Blake Altman, president; Kevin Gardner, vice-president; Leigh Kirby, secretary; Dana Yoakum, treasurer; Benita Paker, parliamentarian; and Mary Ellen Echevarria, social director. Representatives are Blake Wood and Kim Daniel-seniors, Michael Mueller and Angela Coston-juniors, Danny Hinkley and Diane Jones-sophomores, and Joey Zahn and Sandra Healy-freshmen.

Class presidents serving on the Council are Harlan Gilliam, senior; Tonya Tunell, junior; Brent Jones, sophomore, and Will Burks, freshman.

**COUNSELOR**  
Mrs. Herrin has a full calendar, and it begins with an SAT test for seniors on October 16. Career Day is scheduled October 19 which will take all of the school day. Also, the entire school district has been selected to take the California Sample Test in Nov.

**INDUSTRIAL ARTS**  
Officers for the 1976-77 Industrial Arts Club will be: president, Blake Wood; vice-president, Bruce Harlan; reporter, Kevin Adudell; secretary, Janice Tiller, treasurer, Monica Phillips; and sergeant at arms,

### Annuals To Be Sold

The Annual Staff is now selling all the annuals that were left over from past years. The 1976 annual will not be sold, and the 1975 annual will sell for \$3.00. All other annuals will sell for one dollar.

The annuals that are in stock are the 1958, 59, 60, 61, 62, 63, 64, 66, 67, 68, 69, 70, 71, 72, 73, 74, and 75.

### Terri's

By TERRI BELL  
WANT TO LEARN FOUR LETTER WORDS

The newest disco dance is...JUKE, which means "dance".

According to some faculty members used to be quite here, but has died over the past few years.

Now dancing has been suddenly about-face, entirely new concepts emerged. From coast dances such as Hustle and the Bump overtaken the young.

Ever hear of the gate, The B.T. Express, the Dollarstomp? Such as these have the modern dancing or ing it up as you go to being more like a tary drill!

Older people like some disco dancing, the classical movement of Ginger Rogers and Astaire.

"Dancing and love are back together again." quoted Seventeen magazine in a recent issue. Young people have discotheque rhythms follow the steps of Rumba, Fox-Trot, and Samba!

SHOWING THE TROPHIES they won at the Texas Tech band camp this past summer are Wildcat drum majors Karla McCanlies [soph.] and Todd Stafford [soph.] [Photo by Rose Mary Phillips]

## Band Leaders Named Outstanding

By SHAUNA CLAYTON AND TERRI NIELSON

This year, as usual, the LHS Marching Band is an attraction at every game. Leading the band for the 1976-77 school year are drum majors Karla McCanlies and Todd Stafford. Kerry Drake is the assistant drum major.

This past summer at Texas Tech Band Camp, Karla and Todd won the "Outstanding Drum Major Team Award." To do this, they had to make up a routine and go through preliminaries. They defeated schools such as Monterey, Coronado, El Paso and Floydada to win this award. Mr. Tom SoRelle, Wildcat Band director, stated, "In my opinion, they're two of the finest drum majors I've ever worked with."

Karla McCanlies, daughter of Mr. and Mrs. Ed McCanlies, is a sophomore this year. She likes the challenge of being a drum major and knowing that a lot of responsibility sits on her shoulders. Her favorite subjects are band and biology. She has been in band for five years.

Todd Stafford, son of Dr. and Mrs. Del Stafford, is also a sophomore this year. He likes making up routines and leading the band. His favorite subjects are band and biology. He has been in band for five years.

One of the main features of a marching band is its twirlers. This year's twirlers are Karen Carter (Sr.) and Debbie Burks (Jr.).

Karen Carter, daughter of Mr. and Mrs. E. E. Carter, has been a twirler for five years. She took twirling at Texas Tech Band Camp and is scheduled to twirl a solo at marching contest, Nov. 3. Last year Karen made a I at state on a solo routine. She will be a captain on the 1977-78 band camp staff.

Debbie Burks, daughter of Mr. and Mrs. W. R. Burks, has been a twirler for three years. She also took twirling at band camp and will twirl a solo routine at marching contest.

Karen is queen of the Early Risers Lions Club. Debbie is the sweetheart. They will twirl at various Lions Clubs during this year.

Adding to the appearance of the band this year is the color guard, as they march along with the band twirling their flags. Dana Bassett, captain, and Sharla Seales took the course at band camp this past summer. The members of the color guard are Dana Bassett, Sharla Seales, Kristi Altman, DeEnna Blakely, Kim Pace, Shalyn Grant, Kimberly Fisher and Michele Lowrance.

The Wildcat Band has a very busy year scheduled for 1976-77. They participate in all pep rallies and ball games. The band plays a big part in promoting school spirit, which is their main objective for the first part of the year. They marched in the South Plains Fair parade with 50 other bands on September 27. Also on the agenda for this year, the band will be performing at various community functions, barbecues, concerts and parades.

The band is now raising funds for a trip later in the school year. Destination and date are yet to be set. They are looking forward to this event with great anticipation. This year's Wildcat Band, with its 112 members, is the largest LHS has had in the last eight or nine years.

The Band Council members this year are: Karen Carter, pres.; Chris Pace, vice-pres.; Shauna Clayton, sec.; Susie Giles, social chairman; Karla McCanlies and Todd Stafford, drum majors.

These people were elected at the end of last year and plan to do their best to help make this year's band one of the best ever.

The main goal of the Wildcat Band is to be the best AA band in the state. The immediate goals of the band are to make I's at all contest and to make Sweepstakes. The band made Sweepstakes last year, and therefore started a tradition that they intend to keep up.

**ATTENTION Seniors!** The Annual Staff would like to urge all of the Seniors to take their senior pictures and have two black and white glossy, wallet size pictures sent to the annual staff by November 20.

# Pioneer Days

By V. M. (Pete) PETERMAN

**FAMILY**  
Smith family name largest number of any name in

records a lot of from the very beginning today.

Smith came to Texas in 1900, and on some land between Shallowater and Ansonia his wife and nine children were happy when a man came and gave them the land that had paid only \$2 an

B. F. Smith and his wife moved in. People came in, settled, and other houses and tents were soon all over the place. The town began to grow.

Water from the existing windmill up on the hill, right about where the front door of the Lamb County courthouse is today, provided water for the entire population.

Smith built a small hotel to accommodate the other workers that were building the new two-story Littlefield Hotel, the land office, and other buildings.

The railroad was being built and Smith's Hotel did a big business. B. F. Smith and family ran the Hotel until his death in 1916.

Mrs. Frank James, daughter of Smith's, often told how they cooked for some 50 or more carpenters and railroad men that were here with no place to stay. Only a large family with a lot of help could care for so many, and keep the work all done.

But, the Smith family was a unit and working together, playing together, even though they often had to create their own amusement, they enjoyed life and were happy. Square dances, and musical entertainment were always on schedule when time allowed.

The Smiths soon had a lot of firsts in Littlefield.

They built the first home. Ina Bell Whorton, Smith's daughter, had the first baby born here.

Ben and Bob Smith hauled the first lumber from Abernathy. They helped establish the first school and community church, and were always instrumental in all the good things that could be established to make a thriving community.

The B. F. Smith families, their heirs, and ancestors, are still around and helping West Texas grow.

Bob Smith has a home on Crescent Drive in Littlefield.

Bob and his sons are ranchers and have always run cattle in Lamb and adjoining counties.

Bob is always cheerful and a lot of fun. A successful family that came up the hard way, made a success, and their actions and citizenship will long remain.

## ENOCHS NEWS

THE BAPTIST women had their week of prayer program Tuesday morning. Mrs. Olive Cox was in charge of the program. Mrs. Olive Shaw gave the special music. The devotional was "He Lives".

Others on program were: Mrs. Chester Petree, Mrs. Dale Nichols, J. D. Bayless, J. W. Layton, Harrold Layton. Refreshments were served in the fellowship hall of the church. After lunch, the program was continued. On the program were Mrs. J. E. Layton, Olive Shaw, Ray Seagler, Chester Petree, and Mrs. Harrold Layton, who dismissed in prayer. Wednesday night the G.A.'s gave the program. They were: Paula Nichols, Jay Linn, and Janna Greer, Jacque and Jalissa Price and Mary Bell Zamora with the help of R.A.'s Richard and Michael Nichols, Brian Roberts and Robert Layton.

MR. AND MRS. J. W. Layton drove to Possum Kingdom Saturday morning to attend the funeral for an old friend, Vassie Bridges. Burial was in the McAdams Cemetery. They spent Saturday night with the Hubert Newmans. Sunday they visited his sister, Mrs. Grace Spears at Mineral Wells, also the Gerald Johnson's, Mrs. Betty Long, and the Bridges at Possum Kingdom.

HAIL PILED UP Monday morning alongside the Satellite School building on North Highway 385, following the early-morning rain and hail storm. Several farmers received extensive damage to their crops. Some cotton farmers said they got a cheap defoliation job, but that cotton wasn't damaged too much. [Staff Photo]

## AMHERST NEWS

WEEKEND GUESTS of their mother, Mrs. Pearl Blanchard were Mr. and Mrs. Oby Blanchard of San Marcos, Calif. and Mrs. Davis May of San Antonio and Mrs. Raymond Gilder of Fort Worth.

U. E. THOMPSON has received word that his brother, Bill Thompson of

Bakersfield, Calif. was in intensive care unit in a hospital there following the removal of a blood-clot, it was reported.

MR. AND MRS. Robert Butler returned from a vacation trip. They visited her sister and husband, Mr. and Mrs. Homer Howard at Purcell, Okla.

(formerly of Littlefield). The couples went on a trip to Kansas and Joplin, Mo. and a foliage tour in Arkansas and later returned home through Oklahoma.

MR. AND MRS. Lynn Blair and Saul and Mr. and Mrs. David Heim visited Mountainburg, Ark. three days last week.

## South Plains Hospital participating in seminars

Beginning Thursday, Sept. 23, and continuing through May, 1977, health professionals at South Plains Hospital and Clinic in Amherst are participating in a series of 16 therapeutic seminars designed to keep them up to date on the latest treatment concepts and discoveries in health care.

The first seminar will be "Use of Biofeedback" and will survey the clinical uses of the new treatment in which a patient is taught to notice and control bodily processes such as muscle tension.

The series of programs will originate for the seventh year from The University of Texas Health Science Center at San Antonio and Amherst participants will be able to view slides and ask questions of the San Antonio panel by means of a "teleconference" telephone hookup with the San Antonio school.

For the first time this

year, the telephone network, which includes small local hospitals and large medical centers throughout Texas and surrounding states, will be a "dedicated" network, that is, available 24 hours a day for use in continuing education programs.

This full-time availability will allow more programs to be aired on topics in medicine, nursing and allied health.

Moderator for the first seminar was Dr. Timothy Caris, associate dean for continuing medical education and professor of medicine at the San Antonio health science center.

Panelists from the center will be Dr. Kenneth Garder, professor of psychiatry, and Penny Montgomery, instructor of psychiatry.

Future seminar topics will include heart attacks, Parkinson's disease, foot problems, viruses, pneumonia and other commonly encountered maladies.

## Wildlife deer hunt applications due

Lamb County hunters planning to apply for permits to hunt deer on state wildlife management areas have until Oct. 4 to submit their application to the Texas Parks and Wildlife Department.

A public drawing, to be held in Austin Oct. 7, will determine this year's 951 participants on the five management and research facilities around the state.

Individuals may apply for a permit to hunt on one of the following:

-Chaparral Wildlife Management Area in Dimmitt and LaSalle Counties. One deer, sex to be determined at time of hunt, may be harvested by each hunter. Some 200 permits will be issued, with 100 going to hunters using muzzle-loading rifles. Hunt dates are Nov. 13-14, 27-28; Dec. 11-12, 18-19. Permits will be good for two days on the 15,200-acre facility.

-Engeling Area in Anderson County, one deer,

sex to be determined at time of hunt. Dates there are set for Nov. 13-16, 19-22, with 200 permits to be issued.

-Gene Howe Area, Hemphill County, one white-tailed buck deer. Some 30 permits will be issued for the Nov. 20-21, 27-28; Dec. 4-5 season. One turkey gobbler may also be taken by each permit holder.

-Kerr Area in Kerr County; one deer harvest per hunter. Whitetail, Sika or axis may be taken, with sex and species to be determined at time of hunt. There will be 500 permits issued for the Nov. 13-Dec. 15 season.

-Sierra Diablo Area, Culberson County, one mule deer buck. Some 21 permits for the Nov. 27-Dec. 2 season will be issued.

Deer hunting will be permitted at the Pat Mayse Area in Lamar County Nov.

13-30 and the Angelina Dam "B" and Angelina-Neches Scientific Area in Jasper and Tyler Counties from Nov. 13 to Jan. 2, 1977. On the Pat Mayse Area, a maximum of 75 permits per day will be issued. No permits will be required at the other two sites.

Bag limits are one buck on the Pat Mayse Area and two bucks on the dam B and Angelina-Neches areas.

Hunters are reminded they may apply for only one area where permits are issued through a public drawing. Those whose name was drawn for gun or archery hunts in 1975, or for the special 1976 archery hunt, will not be eligible to participate this year, in accordance with state law.

A fee of \$20 will be charged for each two-day deer permit issued for areas where hunters are selected by public drawing. The fee on the Pat Mayse Area is \$3 per day.

For more information on specific areas or regulations governing the hunts, persons should contact the Texas Parks and Wildlife Department's Wildlife division.

All hunters will be required to wear a minimum of 400 square inches of daylight fluorescent orange material. Safety vests must be furnished by hunters.

Any person over 12 years of age may apply; however, those 12-17 must apply as a member of a party, and must be accompanied by a sponsor over the age of 21.

Hunters must have their application in Austin by 5 p.m. Oct. 4. The public drawing will be at 10 a.m., Oct. 7 at the John H. Reagan Building in Austin.

Persons should fill out and return their applications promptly since less than 1,000 permits will be issued. Last year's area hunts drew a total of 13,634 applicants.

## Duck, goose seasons approved

Liberalized duck bag limits and a longer goose season for the eastern portion of Texas were approved by Parks and Wildlife Commissioners for the coming 1976-77 migratory waterfowl hunts.

A split duck and coot season for the eastern two-thirds of the state was set to run Nov. 13-28 and Dec. 11-Jan. 23, a total of 60 days, the maximum allowed by the U.S. Fish and Wildlife Service for this year.

In the High Plains portion of western Texas, ducks and coots may be hunted from Nov. 2-Jan. 23.

Goose hunting west of U.S. Hwy. 81 is concurrent with the Nov. 2-Jan. 23 duck and coot season. Daily bag is five geese, no more than two dark geese daily, and possession of five, no more than four dark geese in possession.

But goose hunting east of U.S. 81 is a little more complicated this year. Oct. 30-Jan. 23 and Nov. 13-Jan. 23 seasons were established. During the 14 days from Oct. 30 to Nov. 13, no "dark" geese may be taken. Such geese include Canada and white-fronted geese. From Nov. 13 to Jan. 23 both dark and light (snow and blue) geese may be hunted.

Bag limits on geese in the eastern third of Texas remain the same—daily bag and possession of five birds; the daily bag may not include more than one Ross' goose and no more than either one Canada or one white-fronted goose. The possession limit may not include more than one Ross' goose and no more than two Canada geese or two whitefronts or one Canada and one whitefront.

A 100-point-plus system for determining duck bag limits is again in effect this

year.

-100-point birds: Canvasback only, except the season remains closed on both canvasbacks and red-heads in Brazoria, Chambers, Galveston, Harris, Jefferson and Orange Counties.

-70-point birds: Mallard hens, wood ducks, red-heads and hooded mergansers.

-10-point birds: All teal, pintail, gadwall, scaup, shoveler and mergansers except hooded species.

-20-point birds: All other species and sexes. The season remains closed on black-bellied and ful-

vous tree ducks and Mexican ducks.

Daily bag and possession limit on coots during the duck and coot season is 13 and 30 respectively.

Sandhill crane hunters again this year will be required to obtain a free permit from the Parks and Wildlife Department before hunting.

A maximum of 93 days of sandhill hunting was approved for "Zone A"—Oct. 30-Jan. 30. Zone A generally includes all of the Trans-Pecos and western portion of the Panhandle and Permian Basin.

In "Zone B," cranes will

be legal Dec. 4-Jan. 30. The zone includes the eastern portion of the Panhandle and northernmost part of the Permian Basin.

Daily bag is three and possession limit is six.

Commissioners also set a Nov. 20-Jan. 23 woodcock season with a bag of five and possession of 10, and an Oct. 30-Feb. 13 Common (Wilson's) snipe season with a daily bag of eight and possession of 16.

Hunting hours are 30 minutes before sunrise to sunset for geese, ducks, coots, cranes, snipe and woodcock.

## Get in shape for hunting season

Eleven months of the year the Texas sportsman sits behind a desk, smokes too much, gets very little exercise and battles an ever-expanding waistline.

His only outing is on the deer lease in November where he huffs and puffs all day long and collapses exhausted in the top bunk each night.

The white-tailed deer he pursues have a better chance of survival than our out-of-shape hunter.

Most hunters take better care of their equipment than themselves. And this season will be the last for some sportsmen who are carried home by hunting companions—victims of heart attacks.

The best insurance against a heart attack is to keep physically fit throughout the year.

Slim and trim officials at the Texas Parks and Wildlife Department recommend bicycling, hiking, jogging and swimming for staying in shape during the year. But someone who works in an office all year should not wait until October to start on a program of

exercise.

Anyone over 30 or who has a history of heart trouble should consult a physician before starting any exercise regimen.

He—or she, women are not immune to heart attacks either—should start out with 10 minutes per day of strenuous physical activity to cause the heart to beat faster than normal.

After two to three weeks of exercising, increase the time to 20 minutes per day.

A half hour per day four to five times a week usually is enough to condition the cardiovascular system and keep the average hunter fit enough to handle the combination of physical work and the excitement of the hunt.

## Sandhill Crane permits available

Sandhill crane hunting permits for the upcoming season now are available from the Texas Parks and Wildlife Department's wildlife division, according to Dr. Harold Irby, P&WD migratory game bird program director.

"These federal permits are free of charge. All a person has to do is send in his name, address and zip code," Dr. Irby said.

The cranes winter in Texas primarily along the Gulf Coast, as well as the Panhandle and West Tex-

as, but may be hunted only in the western part of the state.

This year's bag and possession limit will be three and six, respectively.

Persons requesting permits should contact the Texas Parks and Wildlife Department, John H. Reagan Building, Austin, Texas, 78701.

Persons are reminded a complete name, address and zip code listing is required for each permit requested. The home county listing would also be helpful.

# Pioneer Days

## WAGON

Only a few people are alive today who ever used, or saw the old high wheel wooden wagons that were used to transport all farm and commercial products, until about the last of the 1920's.

These no-bearing and solid tired monsters had their days, and to our fore-fathers were the best to be had.

The western move of our nation was pioneered by the covered wagon. The 49ers to California, the pioneers from Tennessee and Arkansas and many others settled Texas and Oklahoma.

The Mormons came from the East to settle Utah.

In fact the American people had no better way of transportation until about

50 years ago. Until 1930 dray and town transportation was all done with wagons and teams.

Cotton, lumber, cotton seeds, and baled cotton from the gins, all was transferred to and from the railroads with wagons.

Only a few of these old relics are left in the museums and other decorative places.

About 1930 a lot of the old cars and trucks that had a frame and wheels were wrecked out and made into wagons and trailers. Short tongues and trailer hitches were a must on every car and pickup.

Soon the Implement Companies like John Deere and International, were building rubber-tired trailers to sell to the faster-moving commodities need, and in a very few years, the wooden wheel wagon, with its solid axle and hubs were gone forever.

Modern highways and better roads took the place of those old ruts that left their marks on the plains for many years.

Everyone who moved to, or across Lamb County, in the beginning of its settlement came in a covered wagon. All supplies that came to Lamb County before the railroad got here, had to be freighted in by freight wagons with wooden wheels and solid axles, with only axle grease to make them turn.

The old wagon is gone, but the people who improved the way of rural transportation are due a lot of praise for their part of history that enables their ancestors to have a better way of life.

## LITTLEFIELD NEWS

KEITH WOODY spent the weekend in Dallas where he attended the Cowboy game.

MR. AND MRS. Billy Smith and Julie vacationed in Ruidoso over the week-end.

MR. AND MRS. Marvin Clifton of Dumas were weekend guests of their daughter, Mr. and Mrs. Robert Hodge.

MRS. BETTY Melton won several first place ribbons at the South Plains Fair.

REV. DAVID HAMBLIN, former Littlefield resident, now of Abilene was in town Tuesday.

## BULA NEWS

MR. AND MRS. P. R. Pierce drove to Coahoma, Sunday, where they attended a family reunion for Mrs. Pierce's family, the Kerby reunion. 45 were in attendance. Other relatives going from this area, were Mr. and Mrs. Erwin Nieman and Mr. and Mrs. Jim Carpenter and boys of Muleshoe, and Chester and Leslie Kerby of Littlefield.

## Olton Feedyards tour planned

A morning seminar, a complimentary barbecue and an afternoon tour of Olton Feedyards comprise a special field day for cattle feeders and other interested persons at the Olton Community Center on Hwy 70 Thursday, Oct. 14, beginning at 10 a.m.

Dip vat management techniques, costs and regulations will be discussed during the morning seminar.

That afternoon, guests will tour Olton Feedyards, Inc. where the Hydrasieve (hydra-seve) cattle dip recycling system will be demonstrated, according to Dr. John

M. Sweeten, agricultural engineer for the Texas Agricultural Extension Service, College Station.

"Feedlot managers, yard foremen, veterinarians, entomologists and suppliers will be interested in attending this unique event," says Sweeten, who is coordinating the field day. "We will discuss water pollution controls, state and federal requirements for cattle dipping vat management and cattle economics."

Sweeten says the Hydrasieve system which will be highlighted during the afternoon tour proved successful in reducing pesticide

cost and disposal requirements in an Extension result demonstration supported by the Texas Cattle Feeders Association.

Speakers for the one-day event, besides Sweeten, are Dr. James C. Christy, scabbies epidemiologist with APHIS-USDA, Amarillo; Dr. Gene C. Cope, area veterinarian, Texas Agricultural Extension Service, Amarillo; Dr. Richard P. McDonald, executive assistant, Texas Cattle Feeders Association, Amarillo; and Dr. Wayne Rose, manager of chemical research, Cutter Animal Health Laboratories, Division of Bayvet Corporation, Shawnee, Kansas.

A revised model lineup and upgraded styling for the Newport line lead the list of improvements and changes in the 1977 standard-size Chrysler cars.

The Newport line will have new front and rear styling and more luxurious interiors, while the New Yorker Brougham continues the clean, classic appearance that increased its popularity among fine-car buyers in 1976.

As an extension of the program started in 1976 to upgrade and simplify its offerings, Chrysler will discontinue the Newport Custom model and add its appearance and luxury values to the Newport line.

"The policy of improving the appearance and quality of the Chrysler name-plate cars, and at the same time reducing the number of models offered, proved successful during the 1976 model year," said Richard D. McLaughlin, vice presi-

dent of Chrysler's Automotive Sales Division.

"A large number of American motorists prefer the riding qualities and comfort offered by the standard-size cars. It is an important segment of the market, and one in which Chrysler will continue to offer a great deal of value."

A new grille and new hood ornament enhance the front-end appearance of the Newport. It is of classic design, with wide, bright surround moldings. At the rear, Newport has wide, horizontal tail lamps, and rear bumpers have rubber-covered steel corner guards. Exterior adornment includes deluxe wheel covers and chrome moldings.

There's a new high level of quality for Newport interiors. The standard seat is of center armrest design in cloth and vinyl. A new "Williamsburg" cloth is offered on the optional 50-50 split-back bench seat. A reclining passenger seat is standard on 50-50 seats in four-door Newports.

A "St. Regis" decor package will be optional on Newport two-door hard-

tops. It includes a padded Seneca-grain vinyl canopy roof, formal opera windows, and special moldings for roof and opera windows. An optional sun roof will be available with the St. Regis package.

New Yorker Brougham interiors feature many appointments and equipment for driver and passenger comfort and convenience. Power windows, power steering, digital clock, power front disc brakes and automatic transmission are all standard, as are the top-quality upholsteries in rich velour.

A leather interior is an option available on 50-50 bench seating featuring individual front seat adjustment, dual folding armrests, and reclining passenger seat. In the rear passenger area, there are standard reading lamps, lavalier straps on the four-door hardtop, and built-in foam pillows.

Chrysler Town and Country station wagons offer 102.4 cubic feet of cargo space—room for a four-by-eight-foot sheet paneling. There is also 4.3 cubic feet of concealed load space on

the two-seat wagon. lockable storage bins, cubic feet in either. The 1977 line of seven Chrysler New Yorker hardtops and four-door hardtops are two-door and four-door models.

## Yearly smoking costs amounts to \$1,039,000

Smoking appears to be on the decline in Lamb County, but only among adults.

Among teen-agers, on the other hand, especially girls in the 13 to 17 age group, it is increasing.

Such are the findings, based upon nationwide surveys conducted by governmental and private health organizations.

They point to a marked drop in the percentage of adults who continue to smoke cigarettes and a cutback in consumption on the part of many others.

Their figures show, for the United States as a whole, that only 39.3 percent of men over 21 are smokers now, as against 42.2 percent in 1970 and 52.4 percent in 1964, when the Surgeon-General's anti-smoking campaign began.

As for the women over 21, some 28.9 percent now smoke, compared with 30.5 percent in 1970 and 31.5 percent in 1964.

Quite different is the trend among young people. The number of girl smokers in the 13 to 17 age bracket has increased by a half-million in the last five years. One-fourth of them smoke and, of these, 40 percent consume more than a pack a day.

In Lamb County, based upon a breakdown of the figures, approximately 1,949,000 packs of cigarettes were sold in the past year.

The findings are from data compiled by the Public Health Service, the American Cancer Society and others.

Related to Lamb County's population over age 18, the consumption was at the rate of 171 packs per person.

Elsewhere in the United States, by way of comparison, the average was 198 packs and, in the West South Central States, 183.

The attitude toward smoking, by those who indulge and those who

do not, has changed considerably in the last few years, the Public Health Service finds.

Among the smokers themselves, there have been more determined attempts, some successful and some not, to stop or to cut back.

As for the non-smokers, concerned about health hazards, they

have been agitating to have more public places designated as non-smoking areas.

How much are Lamb County residents spending for their smoking pleasure?

Their bill was close to \$1,039,000 last year, it is estimated, or about \$91 per smoker.

TIP TOEING through the tulips is Jeff Birkelbach, 62. Actually Ralph Mendez, 82, has just intercepted an errant Lockney aerial and Birkelbach was back defending on

the play. The 'Cats will be looking for their first win of the season when they play host to Floydada in the Homecoming game. [Leader-News Photo]

## Amherst News

MRS. TRUDY WHITE and Mr. and Mrs. J. E. Berry spent three days at Mrs. White's place in Tres Ritos, N.M., returning home Sunday.

MRS. W. J. Carper will be moving to Alderwood Manor, Wash., this week where she will make her home with her son, Truman and family. Mrs. Carper is a long-time resident of Amherst and will be missed here and has best wishes in her new home.

MRS. ALLIE TAYLOR, Mrs. Mark Brantley and Mrs. Emma Patterson attended the football game in Hereford Thursday night when Borger played there. Mrs. Taylor's grandson, Dino Sullins, is a member of the Borger team. Mrs. Glenda Garrard and Mrs. Joetta Tadlock of Borger met them there for the game. Mrs. Tadlock came home with her mother, Mrs. Taylor for a weekend visit.

"If farmers expect to influence 1977 food policy issues, it is time for them to begin planning, organizing and acting. The reason for this is that the position of many political decision-makers will be molded in the upcoming election," notes Buddy Logsdon, County Extension Agent.

"In the matter of food policy, producers can no longer be passive. At last count there were 26 agencies involved in decisions affecting food policy," Logsdon said.

After the election, time for acting on new farm legislation will be short. "The impact of alternative agricultural and food policies is already being analyzed, and bills will soon be drafted. Ability to influence begins with an understanding of the issues," contends Logsdon.

"The overriding issue is the degree of government involvement in agriculture, he emphasizes. "The Democrats favor increased

government involvement on a variety of fronts while the Republicans favor a 'free market,' or less government involvement.

"In the upcoming elections, most changes in farm policy will likely occur if the Democrats win. Democrats traditionally have been more willing to involve government in agriculture and have the image of being producer oriented. But if labor and consumer activists play a major role in electing a Democratic President, traditional producer orientation may be neutralized, lost or forgotten. Food reserves, higher target prices, consolidated and subsidized disaster programs, and expanded food aid are integral parts of this program of increased government involvement."

If the Republicans are elected, producers can expect a continuation of present freer market programs. "There is a desire to maintain a minimum of government restriction on production and prices. Price stability is not an objective of the free market approach. Instead prices are free to move in response to both domestic and international forces. However, when prices become 'too high' or supplies 'too short,' government has become involved by means of export controls or price controls," notes Logsdon.

As far as specific issues are concerned, Logsdon lists these— grain reserves, target prices and loan rates, commodity programs, disaster payments, acreage allotments and food aid.

Advocates of grain reserves argue that these will increase price stability, reduce risk, reduce the need to impose export embargoes, and increase consumer assurance of an adequate and dependable food supply.

On the other hand, free market advocates say that notes that each of the positions has merit. There is no easy answer.

To many producers, the level of target prices and loan rates is the major farm policy issue. Both target prices and loan rates can be used by government as a reserves will distort market signals, depress farm prices, and discourage importing countries from holding reserves. They also contend that reserves are subject to government manipulation and are costly to manage and hold. Logsdon partial incentive to either stimulate or reduce production according to market needs. Currently target prices and loan rates are

well below production costs. Some producers would like to see more protection from falling prices.

Although few farm commodity programs still exist— peanuts are of prime interest in Texas— there is a general trend toward general farm programs that apply to all commodities. Most commodity programs that control production are in trouble, yet there is little debate over the need to retain standby set-aside authority.

Regarding disaster payments, two programs currently cover production disasters due to weather—

the Federal Crop Insurance Corporation program and the Commodity Credit Corporation. The FCIC is voluntary and self-financing and is available for more than 20 crops although not in all areas of the country.

On the other hand, the CCC program covers only five crops— upland cotton, wheat, corn, sorghum and barley— and provides disaster protection only to producers with acreage allotments. CCC payments come from the federal treasury. There is concern about federal costs and duplication between the two programs, with some discussion toward a producer-government in-

urance cost share program.

As far as acreage allotments are concerned, producers currently target price deficiency payments or disaster payments only on allotted acreage. A proposal would allow current production for support loans, price deficiency payments and disaster payments.

Food aid is part of the most controversial issues.

Key areas of farm programs are food for school lunch program, P.L. 480, the Peace program. The stamp issue could be used greatly to encourage serious Washington about welfare of the school lunch program. There is the possibility the school lunch program could change from commodity to a cash program. With regard to P.L. 480, the commercial market taken precedent over willingness to give food. The question here is what level will we be willing to give food aid to whom?"

Logsdon indicates possibility that the farm program may be extended for a year or more time for the progress to develop a new program. He urges all producers to discuss the issues and the dates seeking election that they can have in agricultural and policies in the years

## Fertilizing small grains essential for good roots

Fertilization of small grains at planting is essential for a good root system, early grazing and profitable grain yields, contends Buddy C. Logsdon, county agent for the Texas Agricultural Extension Service.

Other than moisture, the supply of available plant nutrients in the seedling root zone is the major factor affecting early growth.

The rate and method of fertilizer application is especially important for soils low in phosphorus, points out Logsdon. Numerous research studies have shown that a high level of available phosphorus is needed in the seedling root zone for rapid plant development.

If phosphorus is drilled with the seed or in a band beside the seed row, a lower rate is needed to maintain this high level of

readily available phosphorus as compared to broadcasting. However, with broadcast planting, also broadcast the fertilizer and disk it into the soil.

Nitrogen is also essential for early small grain growth but can be toppedressed after the stand is established, says Logsdon. No more than 10 to 15 pounds of actual nitrogen should be applied with the seed although more can be put in a band beside the seed row or in the soil before planting.

The total amount of nitrogen needed depends on grazing management, moisture and other conditions that affect the amount and rate of growth. From 60 to 80 pounds of actual nitrogen per application should be considered. As many as three applications can be used, especially for a long grazing period that might be obtained from an oats-ryegrass mixture or other combination.

If potassium is needed for small grain production, it should be applied at or before planting, with the amount based on a soil test.

Profitable small grain production depends on many factors, but fertilizing to correct soil deficiencies and to meet production requirements is essential, emphasizes Logsdon.

## Littlefield Credit Bureau

The Littlefield Credit Bureau stands ready to serve both merchants and individuals.

Maralyn Burke has owned the Credit Bureau since 1968. Employees are Allene Woodward and Loretta Davis. The business is located at 111 E. 4th. The Credit Bureau was established in Littlefield in the 1930's.

For merchants being a member of the Credit Bureau is a matter of dollars and cents. Member merchants simply refer all credit inquiries to the Credit Bureau. This helps the Bureau keep current information on accounts.

Plus merchants and their employees save time and money by not keeping phone lines tied up with these time consuming, non-profitable calls.

Businessmen know that individuals only give good references when they apply for credit. But what about those hidden bad debts? Your Credit Bureau saves you money. The savings made by not giving credit to a bad risk more than offsets

the cost of belonging to the Credit Bureau.

Individuals new to Littlefield should stop by the Credit Bureau so a credit file can be worked up for ready use when needed. This saves those untimely delays caused sometimes by getting references

checked from long distances or in several places.

Sometimes unfortunate things happen to individual's financial plans. Should this happen, individuals are urged to come by the Credit Bureau to work out a plan to clear up all bad debts.

Individuals are also urged to check with the Credit Bureau when credit is denied. The files are open to the particular individual involved. By seeing his file he can know what he needs to straighten out to restore his credit rating.

The Littlefield Credit Bureau is a member of the Associated Credit Bureau of Texas. The staff stays current on credit laws by attending seminars and conferences regularly.

Credit files are constantly being upgraded and new files are being built for newcomers, those using credit for the first time or ladies opening their credit accounts.

Only information collected directly from merchants are used in building files. Everything is thoroughly checked before it goes into the file and no second-hand information is used.

Maralyn Burke sums up the Credit Bureau task this way, "We're here to try to help individuals and yet we're here to serve merchants."

### Did You Know

That turtles, aside from being known as slow-pokes are also deaf.

And Did You Know

Mr. Newcomer You can prevent a rise in your temperature, and eliminate costly delays... Have your credit file transferred now— before it becomes an urgent need.

# Singer Johnny Watson gets motor home

Johnny Ray Watson, evangelistic singer from Lorenzo, had his dream come true Sunday afternoon at Amherst, when he was presented the keys to a new 23-foot new motor home.

Members of the Adventurers Class of the First United Methodist Church worked and solicited funds to purchase the motor home, so that he could take his family with him on his tours.

This report is written by a first-hand witness.

By PAM HUMPHREYS  
 "For if you give, you will get! Your gift will return to you in full and overflowing

measure, pressed down, shaken together to make room for more, and running over. Whatever measure you use to give—large or small—will be used to measure what is given back to you." Luke 6:38

We have all greatly gained in love, faith, and our belief in God has been strengthened as a result of the project undertaken to buy a motor home for Johnny Ray Watson. We have all seen the power of God at work!

The project actually got underway on Sunday, March 7 at 10 a.m.

Scrub Messamore entered our Sunday School class that morning with an

idea (which at that time we had no idea would bless our lives). He began by saying, "Since the revival, I've been thinking about what Max Browning shared with us (that Johnny had a dream of someday owning a motor home; and I wished somehow Johnny could have this dream come true—WE AGREED!

He told us that if we took on such a project it might take two or three years to raise around \$15,000 and that there would be criticism and people trying to discourage us, but if the going got rough, we could quit. We took a vote and it was unanimous and asked Yvonne and Leroy and the youth to help. We decided to start with donations from our own classes and the church. That took place on the following Sunday. We collected around \$1,000.

About two weeks later, we sponsored an enchilada supper. "I bet we made 500 enchiladas and cried a little over the onions, but we came through it with \$533 and a few pounds.

While we were making enchiladas that morning, one of our members told us some exciting news. She is a pharmacist, and she had run into a salesman, Cecil Caldwell. They somehow got into a conversation about our project, and he said we should have a benefit show in Lubbock and he would be glad to help.

That turned out to be an unforgettable experience.

Meanwhile on Sunday mornings, our class members were visiting churches. Johnny had been too—asking for their donations. While visiting all these area churches we learned new ideas, and gained new friends that we probably would never had met otherwise.

The project had been going about a month, I guess. Things were going slow and we were a little down. That Sunday morning in class, Scrub came in with a letter from the Methodist Church in Canadian. It was a reply to a letter we had sent the churches about our project. The way Scrub started out we figured he was going to say, "Sorry we cannot help," then he said, "We are happy to tell you we will be sending a check for \$2,000." You never heard the like of commotion, I think the roof almost caved in. The Lord came through to show us He was with us.

After meeting with Cecil about his benefit idea, we decided to try it. We set a date for May 16, and things were hectic from that moment on!

We started with the publicity! Gail and Yvonne took charge and began by getting the tickets and poster printed. After three mistake posters, they finally got a suitable one. In the meantime, Cecil was arranging the talent. Us country folks had no idea

what it take to put on something like this. I guess we learned the hard way.

The tickets finally arrived—all 2,500 of them. We immediately got \$\$ in our eyes. Wow! we thought, if we sell all of them, we will have \$10,000.

We started contacting the churches to make arrangements for them to help us sell the tickets. We took them to the churches ourself through rain, wind etc. (Darlene and I found that out when we went to Ralls. We passed a man going too fast in about 3 foot of water—he had his window rolled down. After the car had stalled and a few other problems, we finally made it home.)

The publicity end was good. We managed to get coverage on TV.

Johnny and Yvonne went on "People Place," and Kyla sang on the TTO Show.

Then the day finally came. We were all very nervous, and we still had \$ in our eyes. I guess the Lord didn't like that because we didn't sell nearly all our tickets or raise the \$10,000 we thought. Instead, we all received a tremendous blessing from a spiritual and moving benefit show. (He probably planned that, too.) We ended up raising about \$2,500 profit from the benefit.

That next week, we were all tired from the benefit and a little discouraged, but guess what. The Lord came through again! We received a check from a Lubbock donor for \$2,000. Needless to say that boosted our spirits and we were ready to "keep on truckin'".

All total as of today, donations from churches, friends and anonymous total \$7,122.40. We even had a donation from California (one of our letters had reached that far).

We than started another fund raiser. Some of the class made wood mirrors, and other made macrame hangers to sell. We took them to art shows and sold them at Bicentennial Celebrations. In all we sold about \$500 worth.

Then July 4 hit with a bang! We opened a fireworks stand in Sudan and ran it for 10 days. IT WAS A REAL BLAST!, especially one day when Kathy and Shirley were working. It started pouring down rain and there were a few leaks. They got an extra bath that day!

Sudan was having their Bicentennial Celebration too, and we set up a concession stand that day. We didn't plan our hamburgers very well and during the noon rush, it was quite a madhouse. Everyone was stealing someone else's hamburgers. "I need 5,

wait I was first. I need my 6. etc....

We sold everything from snow cones to water guns, which didn't go to well with some of the parents. We ended up clearing \$1,000 on the fireworks stand, and \$1,000 on the concessions stand.

Before we knew it August had rolled around and it was concession time again. Amherst was having their Bicentennial Celebration Aug. 7, and we started setting up tables again. This time we were prepared for the hamburgers, and we were, but this time we had set the tables up under some trees. Needless to say we ended up with a few neat "Worm Burgers". The customers understood (I think), anyway they ate them up in a hurry. We made 600 hamburgers that day. Despite all the candy melting and trying to keep the ice cream, and trying to keep the shoplifters out of the waterguns, we managed to raise more.

While all this was happening, Johnny was in Japan with the "little people" and we couldn't wait to tell him we were getting close to the goal. We went to meet his flight. We got to the airport only to find out Johnny had missed connections. It was around midnight, so some of us decided to stay. We played shadash all night, except for a few who had to rest their eyes. He finally arrived that next morning around 8 a.m.

Then the time finally came to start looking at motor homes. Even though the goal of \$15,000 had not been completely reached, we had \$13,800. We decided to try to find a home then, we felt it was time. It seemed the Lord did too, because almost everywhere we priced homes, they quoted a price right around \$13,800.

So, on Sept. 17, Scrub wrote out the check and the project was accomplished.

It took 185 days to raise the \$13,800, from the first deposit on March 15 to the purchase date of Sept. 17. This averaged \$74.88 a day, and \$524.16 a week.

Scrub and Leroy were right! It was hard work. A lot of people thought we were crazy and couldn't do it, but whenever we were discouraged or out of energy, the Lord would always do something that showed he was with us and he would give us energy to continue.

We are thankful the Lord chose us to take on this project and gave us the strength to be faithful to him.

Once again we sincerely thank you for all your help in donations, prayers, and support. It was from people like you that made this dream a reality today.

EVANGELISTIC SINGER Johnny Ray Watson and his family will be traveling together in this new motor home, which was presented to them at Amherst afternoon. This was the reality of a dream he had several months ago, and the First United Methodist Church helped it come true.

**Brenda Ballew to show at a Festival**

Many of the 100 booths at the Second Annual Running Water Draw Arts and Crafts Festival will be filled with returning artists, including one from Sudan.

Those who participated in the 1975 Festival who will be in the 1976 Festival include Ruth Barnett of Hale Center, whose media are oil and watercolor; Ted Bell of Floydada, whose medium is watercolor; and Stinson Behlen of Slaton, who will have his hand-crafted dulcimers for sale.

Other returning watercolorists include William Hughes and Jon Birdsong of Amarillo, and Michael Clayton McCullough of Amarillo who will feature his original, limited edition bronze sculptures as well as his paintings.

Festival visitors will again visit the booths of R. C. Stevens of Plainview to buy paintings, redwood plaques, and other crafts, and the booths of Mike and Martha Gowen of Lubbock to buy jewelry and batik.

Brenda Chisholm Ballew of Sudan will return to sell her oil paintings, and Kay Fleming of Lubbock will again be demonstrating and selling her paper quilting.

Visitors interested in craftwork will want to visit the ceramics booth of J. A. Simpson of Plainview and the macrame booth of Betty Norman of Amarillo. Jewel Hicks and Betty Stephens of Lorenzo will again display their craftwork, and Bud Andrew will display and sell his woodcraft. Festival visitors will want to see the "rock babies" in Frances Flaherty's booth and select hand-painted china from the booths of Eva Tackett and Erald Long Gross.

Other returning Plainview artists include Linda Mosher and Virginia Snider of Gee Gee's, Mr. and Mrs. W. M. Sisemore, Lawson Smith, Suzanne Teykl, Bill Weaks Photography, and Opal Zeleny.

The Festival features artists from the Tri-state area, with Don Gray of Edmond, Oklahoma and Cliff Donaldson of Las Cruces, N.M. returning for the 1976 festival.

Daily admission to the festival will be \$1 for adults and 25 cents for children, and festival hours will run from 10 a.m. to 5 p.m. Friday and Saturday.

The festival is co-sponsored by Plainview Rotary Club, the Llano Estacado Museum.

For information, contact Dr. C. Gwin Morris, 20, Wayland Baptist College, Plainview, 79072, phone 284-Ext. 26.

# Macha re-assumes lead in football guessing

Emil Macha moved back into sole possession of first place in this week's Peerless Pigskin Prognosticators. Macha's 9-5 effort gave him a season mark of 36-20. Just a game behind the leader are Sherry Campbell and Sarah Tollett. Both had 8-6 records for the week. Next comes Kip Cutshall. He has steadily climbed in the standings and his 9-5 week gave him an overall record of 33-23. Pat Yarbrough had an even 7-7 week and is 32-24. Jerry Tidwell still is in last place. His 8-6 week gave him a 30-26 record for the season. Yarbrough missed the

Anton-Meadow game. Campbell was the sole guesser to correctly pick Missouri's win over Ohio State. All six missed the Auburn win over Tennessee. Yarbrough erred in the Lockney-Littlefield clash. Only Cutshall and Macha picked the Springlake-Earth win over Silvertown. Cutshall and Tollett erred in selecting Olton over Floydada. Campbell and

Macha missed the Three Way-Whitharral winner. Everyone missed Houston's upset of Texas A&M and only Macha was correct in the SMU-North Texas fracas. Macha and Tidwell missed the Texas Tech-New Mexico game and Campbell erred picking the Giants over Los Angeles. In the battle of the sexes the ladies still hold a three game lead over the men.

## Open brothers lead contest

A family affair in the Peerless Pigskin Prognosticators. Bret Goen won the \$100 first prize while David stepped into the top spot in the contest for the two Cotton tickets that go to the winner. Goen, Craig Holland, Eddie Schultz all had 9-3 efforts for the contest. Goen took first by being closest to the tie. Dallas and Baltimore combined for a 57 total. Goen guessed 47. Hol was second with a 44 and Schulz was with a tiebreaker total

Silvertown-Springlake-Earth and Texas A&M-Houston. Those finishing 8-4 were Mark Yarbrough, Dean Walden, Jimmy Randolph, Lloyd Pollard and George Nicholson. Other 8-4 records were turned in by Arthur McLelland, Randy Mitchell, Mandy Miller, Eddie L. Harris, Stephen Ford, Orville Bassett, Julie Ford and Steve Hampton. David Goen and Dean Walden are tied for the top spot in the season standings. Both have 34 correct. With 32 right are Lewis Adkins, Dana Clayton, Tony Hall, W. P. Holland Jr., Mandy Miller and Ernest Mills. Others with 32 correct are Jan Moore, Arthur McLelland, Jimmy Randolph, Randy Wesley and Mark Yarbrough. Jeff Birkelbach, Walter Liles, Robert E. Moore and Lloyd Pollard are next with 31 right picks.

A WILD SCRAMBLE for the loose ball occurs after Rudy Ayala's punt is blocked in the end zone near the

end of the first half Friday night. Unfortunately for Littlefield, Longhorn Earlee Mathis pounced on the

ball for the first Lockney TD of the night. Lockney won the contest in a squeaker, 18-14. [Leader-News Photo]

Those with 30 right picks are L. A. Bales, John Clayton, Arthur Duggan, Shelle Miller, George Nicholson, Ricky Parker, Pat Privett, Kenny Trotter and Richard B. Wright. Hitting on 29 games are Phelps Blume, Brenda Davis, Sephen Ford, Dennis Jackson, Terry Mangum, Gayla Moore, Kelly Moore, Gaylene Rogers,

Julian Saenz and Bill Smith. Pat Diersing, W. W. Fry, Jack Hall, Eddie Harris, Rodney Hampton, N. C. Horn, Laurice Moore, Edgar McCanlies, Lamar Pollard, Jason Warren and Harold Pollard have 28 correct guesses. In with 27 right are Gary Birkelbach, Floyce Pierce, Terry Rodgers, Linda

Smith, Herbert Spencer and Steve Pollard. Those with 26 on the nose are Curtis Archer, Orville Bassett, Gary Hall, Stevie Jackson, Jay Lee, Max McLelland, Bill Rickey, Kay Rodgers and Mark Yarbrough. Game No. 12 in the contest was incorrect and everyone received credit for a right pick in that game.

## Ed Haley gets token

EARTH— Ed Haley of Earth, former Athletic Southwest Conference officia, received a red and white official size football Friday which had been mailed to him by coach Jess Stiles of Texas Tech, and member of the football team. Across the ball were autographs of the coaches and teams.

Haley, a lover of sports and good sportsmanship is an enthusiastic fan of Texas Tech football. For a number of years he has hosted a watermelon feast for the players and coaches. With the football Haley was sent a note which read "Just a token of our appreciation, Ed. Signed Jess."

## Seventh graders downed 30-6

The Littlefield seventh graders received a 30-6 thumping from the hands of Lockney in last Tuesday's opener.

Scott Blakely scored the only Wildcat touchdown on a three yard run. The game was the first for the squad of 68 players. Offensive standouts included Clark Pylant, George Gallegos, Blakely, Bill Davidson and Billy Tiller. The defense was led by Todd Simpson and Tiller.

# GOD'S FIVE MINUTES

## ANT-TYPE TRAFFIC

A BBC broadcast in England described drug smuggling as being principally, of two types: well-organized bulk smuggling and ant-type traffic. It was the latter phrase that caught my eye. "Ant-type traffic"—that's the way we carry the Gospel of Christ. Each Christian carrying on his person and in his heart enough of the Christian faith to "turn on" anyone who will let us share it with them.

I was in Haight-Ashbury during the "summer of love" in 1966. Young drug users were sharing their dope and marijuana with one another day and night. The result spread across America as a terrible scourge whose effect is still felt and seen.

If only God's people would be so diligent and so sharing with their knowledge of His salvation. Not just a "summer of love" but a lifetime of devotion to the spreading of the Gospel to the ends of the earth.

Be an ant — smuggle the Gospel into your neighbor's life.

# Area teams ready for action

It was football, winning style for most of the area teams dumped their opponents Friday night.

Anton was a big winner Friday with a fine exhibition of football before a homecoming crowd as they dumped Meadow, 33-7, at Anton.

The Bulldogs, 3-1, in season play travel to Smyer Friday for more football action. Smyer also 3-1 in season play was beaten by Amherst Friday, 39-14.

Amherst now 2-1 for the season travels to Sundown Friday. The Bulldogs won over Springlake-Earth in their season opener, lost to Sudan and then beat Smyer Friday.

Sundown was blanked by Sudan in their first game of the season and by Seagraves the following week.

"IT'S MINE BOYS" could be the thought of Eagle Adam Rodriguez as he catches a TD pass in the traffic of a couple of Whitharral defenders. Rushing in on the charge is Panther Jimmy Polk [13] and Panther Bobby Avery [11]. Whitharral won the game, 36-19.

MEADOW QUARTERBACK Cliff Bingham has the brakes applied by two unidentified Anton Bulldogs. Bulldogs pouncing the play are Keith Stolk, 75, Scott Goen, 76 and Paul Garnica, 60. The Bulldogs sank their teeth into Meadow by a 33-7 score Friday night. [Leader-News Photo]

## Eighth graders defeat Lockney

The Littlefield eighth graders opened their season last Tuesday by thumping Lockney 36-6. All 44 players saw action in the romp.

Joe Paul McCannick led the scoring with two touchdowns. He scored from 15 and 30 yards out. Dale Demel returned a punt for 55 yards for a score.

Henry Huey scored on a 35 yard pass from Eddie Gregory. Kerry Rainbolt tallied on a three yard scamper.

Gregory, McCannick, Demel, Scot Yarbrough and Marty Drake were outstanding in their offensive efforts while defensive standouts included Henry Huey, Demel, Ruben Torres, Drake, Dan Johnson and Noe Rangel.

## Amherst News

MRS. KAREN RICH and son, Travis of Vernon visited Amherst friends Sunday. They had spent Saturday night with her parents, Mr. and Mrs. Jack Engram in Sudan.

MRS. BUTCH MOTE and son, Kyle were in Hugo, Colo. for the weekend with relatives. She attended the high school homecoming.

GUESTS of Rev. Norman Patton and family for the weekend were his parents from Sweetwater.

ERNEST ROBERSON was brought home from Lubbock Monday. He underwent open heart surgery there earlier this month.

## NOTICE OF INTENTION TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES

Notice is hereby given that Atmospherics Incorporated, 5652 East Dayton Ave., Fresno, Calif. 93727, who holds License No. 26-1 issued by the State of Texas, intends to engage in an operation to change or attempt to change by artificial methods, the natural development of atmospheric cloud forms or precipitation forms which occur in the troposphere, for and on behalf of Plains Weather Incorporated, located at Littlefield, Texas, and will conduct a program of weather modification designed to augment rainfall and decrease damaging hailfall and will not significantly dissipate the clouds and prevent their natural course of developing rain in the area where the operation is to be conducted to the material detriment of persons or property in that area as follows:

- The area over, or within which, equipment may be operated, shall include portions of the counties of Leaf Smith, Randall, Parker, Castro, Swisher, Bailey, Lamb, Hale, Cochran, Haskell, and Lockney.
- The target area, within which rainfall augmentation and hailfall suppression is intended to occur, can be described as follows: "The boundary of the target area shall be a line beginning at a point of origin at Littlefield, Lamb County, Texas, and running northwest along Highway 84 to its intersection with Rl. 21 near Amherst, thence due west on Rl. 37 to its intersection with Rl. 80, thence due north on Rl. 302 to Zanjan, thence northwesterly on Highway 81 to its intersection with Rl. 145 in Farmer County thence due east to Laskabee, thence due north on 214 to Rl. 26. Thence due east to the western border of Castro County, thence due north along the western border of Castro County to the southern border of Leaf Smith County.
- The person in charge of this program shall be Thomas J. Henderson, Atmospherics Incorporated, Fresno, California.
- The program may be operational throughout the four year period from November 1976 through 31 October 1980.
- Individuals, organizations, or agencies who consider that their interests will be adversely affected by the operation proposed, may file a formal protest for consideration by the Texas Water Development Board, P.O. Box 13087, Capitol Station, Austin, Texas 78711.

Dated: 14 Sept. 1975 Signed: Thomas J. Henderson, President, ATMOSPHERICS INCORPORATED

Friday, Dawson fell to Roughnecks, 22-6.

Happy comes to the Friday night. The Hornets are 3-1 in season play, their only loss was to Anton. Happy was beaten by Lefors and well.

Springlake-Earth travels to Plains and will be looking for their second win of the year. Friday the Wildcats won over Silvertown, 22-0 and Plains tied New 20-20.

The undefeated Whitharral Panthers entered Southland Friday in man football. The Panthers dumped undefeated Three Way, 36-19, Friday had easy pickings over West Texas Christian, 20-0 at Ton Springs and Center.

Southland beat Center, 13-7, Friday.

Three Way hosts Western Academy Friday. Eagles were undefeated until Friday when the guest, Whitharral, was so hospitable and left an upsetting a perfect game for Three Way.

The Olton Mustangs crippled from the Lubbock game was dumped by Friday, 41-0, at Floyd Friday. The Mustangs have an open date this week.

## BULA NEWS

MONDAY, Mr. and Mrs. James Corder and Mrs. Nolan Harlan drove to Claude for a visit with Corder's and Harlan's uncle and aunt, Mr. and Mrs. Walter Sanders, and relatives.

C. A. WILLIAMS was able to leave the Lubbock Methodist Hospital Sunday and he and Mrs. Williams went to the home of their son, Mr. and Mrs. David Williams of Sudan for a few days before coming home. They were involved in a car and pickup collision about two weeks ago.

MR. AND MRS. H. Black and daughter, Doris, visited over the weekend with her sister and her band, Mr. and Mrs. E. Mahagan at Petersburg.

MISS YVETTE COLE daughter of Mr. and Mrs. D. J. Cox, was able to return home Tuesday for a 12-day stay in St. Mary Hospital at Lubbock. Yvette had the misfortune of having her back while doing some weight lifting at school one afternoon, resulting to get herself in shape for basketball.

## NOTICE OF INTENTION TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES

NOTICE IS HEREBY GIVEN THAT PLAINS WEATHER IMPROVEMENT ASSOCIATION, INC. OF P.O. BOX 1627, PLAINVIEW, TEXAS 79073, who holds License No. 26-4 issued on September 1, 1973 of the State of Texas, intends to engage in an operation to change or attempt to change by artificial methods, for and on behalf of Plains Weather Improvement Association, Inc., and will conduct such program by means of aerial application of artificial nuclei as follows:

- The target area within which rainfall is intended to be increased and hailfall to be decreased is described as follows: The outer boundary commencing at the point of intersection of U.S. Highway 81 and the northern boundary at Hale County; then eastward to Farm Road 278; then southward along Farm Road 278 to U.S. Highway 70, thence southeast 1 1/2 miles along U.S. Highway 70, then due south to the intersection of Floyd/Crook county line; then due west to the Hale/Lamb county boundary; then northward along the Hale/Lamb county line to the southern boundary of Castro County; then west nine (9) miles along the Castro/Lamb county line; then due north to State Highway 86; then eastward along State Highway 86 to
- The area over or within which equipment may be operated to increase rainfall and decrease hailfall (under the above described boundary) shall be the following counties: Castro, southern portion of Haskell, two-thirds of northern portion of Haskell, and north half of Lamb, and north half of Floyd.
- The equipment, materials, and methods to be used in conducting the operation are: a weather radar system, aircraft, and silver iodine generators for dispersing silver iodine nuclei near cloud base.
- The person in charge of the operation is H. Ernest South, Plainview, Texas.
- The operation of the program shall be conducted during the period beginning January 1, 1977, and ending December 31, 1980.

Individuals, organizations, or agencies who consider that their interests will be adversely affected by the operation proposed may file a formal protest for consideration by the Board with the following:

Weather Modification Affairs Coordinator  
Texas Water Development Board  
P. O. Box 13087  
Austin, Texas 78711

Dated: 9-12-75 Signed: Frank Moore, President, Plains Weather Improvement Ass. Inc.
