

Chrysler, Union Agree To Pact Following Strike

DETROIT — Chrysler Corp. and the CIO United Auto Workers agreed on a new contract today six hours after a strike shut down Chrysler plants in five states.

The settlement was expected to end immediately the strike which already had sent many of the 139,000 Chrysler workers off their jobs.

The UAW said it would try to get all of its members back as soon as possible.

The agreement was patterned closely after the Ford and General Motors contracts reached in early June.

The provisions included a Ford-GM type layoff pay plan which guarantees employees 80 to 85 percent of regular take-home pay for up to 26 weeks of idleness.

Chrysler and the UAW compromised on an issue of retroactivity which had snagged the settlement beyond the strike deadline last midnight.

Chrysler and the UAW compromised on an issue of retroactivity which had snagged the settlement beyond the strike deadline last midnight.

Chrysler finally agreed to start paying 5 cents per hour per employee into a trust fund beginning today—three months after Ford GM started paying into their trust funds. But benefits under the Chrysler plan will become available next June 1, the same as at the other two companies.

Sight Returning

William Francis, blind for 10 years, works at his newsstand in Suffolk County courthouse in Riverhead, N.Y., after an accident brought him back his sight. Francis, 31, began losing his sight after a shell burst in World War I. He went blind 10 years ago. Riding in a car, Francis' head was thrown against the windshield when it was rammed by another car.

Grandmother Sues Heir As Boy's Father

LOS ANGELES — The grandmother of a 17-year-old boy, saying she wants to have his identity established, has filed a suit asking the court to declare that A&P grocery chain heir, Hamilton Hartford II, 44, is his father.

The suit, filed yesterday, says Hartford refused to acknowledge parenthood publicly. The mother of the boy, Edward Barton Colt, was Mary Phillips, a New York dancer who died in 1941, the action alleged.

The suit was brought by the boy's maternal grandmother Mrs. Florence Barton Brangenberg, Los Angeles, with whom young Colt has lived since he was 10 days old.

Colt seeks the establishment of parenthood so he may obtain a passport for foreign travel and may enter the armed forces under his rightful name, the suit said.

It said Hartford established a \$295,000 trust fund for the boy on April 3, 1939, with proceeds of the trust payable to the grandmother in the boy's behalf and amounting to \$800 monthly. The suit said the sum is adequate "at this time."

The action identifies Hartford as a major stockholder in the grocery chain and says he has a yearly income of a million dollars.

In 1949 Hartford was married to Marjorie Steele. In 1953 he was divorced from the former Mary Lee Epling, now Mrs. Douglas Fairbanks Jr.

Mrs. Brangenberg's attorney Bernard B. Cohen said New York newspaper clippings show that the boy's mother died of sleeping pills.

Neither Hartford nor his attorney could be reached for comment.

Russian Soldiers Desert Or Kill Selves As Allies Quit Austria

VIENNA — Some Russian soldiers are reported killing themselves or deserting. Long military trains are pulling out through the night to east and west. Austrian girls are hurrying to wed their departing American boy friends.

The evacuation of Austria by the armies of the Big Four is in full swing.

In the five weeks since Austria finally won her independence July 27, the occupation powers are estimated to have pulled out more than half of their 60,000 soldiers.

The French will all be gone by Sept. 10, the British by Sept. 19. Russian operational forces will be out by Oct. 1 and the Americans about the same time.

Austrian police report several Soviet soldiers are believed to have committed suicide. Unconfirmed reports say about 10 deserted to the Western armies. Other unconfirmed reports speak of deserters caught and shot before assembled Soviet troops.

One of the busiest little resorts in the country, today is Baden, a few miles from the capital in the Vienna Woods. For 10 years it has been the Russian headquarters, with Soviet offices in elegant hotels, billets in fashionable villas and the officers' mess in a gambling casino.

Now much in the town has been returned to the Austrians. Property values are soaring.

Salzburg's American consulate reports a marriage boom. The office is working overtime to clear the records of Austrian girls the soldiers want to marry.

In contrast with most of their countrymen, the Salzburgers generally regret the American departure. The Army and its dependents spent almost 30 million dollars a year there.

As a gift, the Americans are leaving a 16-million-dollar camp area.

The Big Four are also leaving behind living reminders—"occupa-

Touch Of Autumn In Nation's Air

By The Associated Press

A touch of autumn was in the air today in many parts of the nation, including the plains states, the Midwest, the Ohio River Valley and South as far as Arkansas and Tennessee.

East of the Appalachian Mountains skies mostly were cloudy and the temperature also was mild. From the Rocky Mountains westward temperatures were above normal but were beginning to drop in the Pacific Northwest as cooler air moved inland in that area.

Southern California-sized yesterday. Los Angeles had a high of 101, the highest for nearly two years. However, a desert wind broke up the smog in that area, which had lasted for six days and was the worst of the season.

Waco Transit Workers Strike

WACO — Members of the CIO Transport Workers Union went on strike at 12:01 a.m. today against the Waco Transit Assn.

The strike was called after union and company officials broke off negotiations on a new contract last night. The old contract expired at midnight.

The union asked an 8 1/2-hour working day instead of a 9 1/2-hour day with no reduction in pay. The drivers now make \$1.30 an hour.

The company said it couldn't afford to reduce the working hours.

No pickets were seen, but bus line employees fastened their cars with signs.

Six buses had to be parked by company officials. The drivers usually leave the buses at the sheds and mechanics check, service and clean the vehicles. But the mechanics walked out promptly at 12:01 a.m. and the buses had to be parked by non-striking executives.

Keep Off The Grass

BOISE, Idaho — The State Land Department placed signs yesterday around the new asphalt surface of the government parking lot near the statehouse in downtown Boise. They read: "State land keep off. Remove no timber. Graze no stock without permit. No mining."

Statehouse custodians wanted to keep people off the asphalt and the signs were the only ones available.

Singer Performs In Cage Of Lions

FLORENCE, Italy — Gino Bechi, well-known Italian operatic baritone, gave a short but successful concert last night in a cage with five lions.

Observers said there was a slight tremor in his voice at the start, but he settled down nicely as the program progressed. The lions appeared confused.

Bechi said the 12-minute performance won a bet providing dinner for 10 friends.

He declined encores.

TV Said No Aid To Getting Voters Out

WASHINGTON — Televising such things as national political conventions doesn't necessarily stimulate viewers to a more active part in political affairs, the American Sociological Society convention was told today.

On the contrary, reported Kurt Lang of the Canadian Broadcasting Corp. and Gladys Engel Lang of La Groupe de Recherche, a private survey group, TV viewers sometimes get a false impression they have been present at a televised event, and wind up with a feeling they have done all that is expected of them.

Shorter Week?

LOS ANGELES — Men will work one seven-hour day a week 100 years from now and receive the same pay they now get for a 40-hour week, says Joseph Prendegast, executive director of the National Recreational Assn. of New York. He spoke before the California Recreation Commission yesterday.

Sultan's Ouster Poses Problem

RABAT, French Morocco (U) — Sultan Mohammed Ben Moulay Arafat's continued insistence he will retain his throne posed another problem today for France in its effort to set up a new government in Morocco.

The ouster of Moulay Arafat has been a basic demand of Moroccan nationalists for participation in a new government in the protectorate. The French reportedly have agreed that he will be replaced by a three-man regency.

Last night, however, the Sultan's visier of protocol, Abdel Rahman el Hachimi, said in an interview: "His Majesty considers that he has a divine mission to perform and he intends to perform it to the very end."

The Sultan made a similar declaration last week while French leaders were conferring with nationalist representatives at Aix les Bains. His stand apparently was not regarded then as a serious threat by the French.

However, an absolute balk by Moulay Arafat would be highly embarrassing to the French, who installed him two years ago. Some observers believed Moulay Arafat's stand represented an attempt to gain a better bargain for his supporters in the Moroccan political field.

Truman 'Sore' At Demo Leader

SPRINGFIELD, Ill. (U) — The Copley Press said today former President Truman has decided to snub two California Democratic fund-raising dinners because he is "sore" at Edwin S. Pauley, former treasurer of the Democratic National Committee.

The Copley Press and the Los Angeles Times in similar stories said Truman is angry because Pauley entertained Vice President Nixon and his wife at a reception recently.

Pauley, multimillionaire oil man, is a "key figure" in arrangements for the dinners, Copley Press said in a story from Washington carried by the 1111 n o l s State Journal, Springfield, and other Copley newspapers.

The Los Angeles Times said Truman "is boiling Missouri mad" over Pauley's party for Nixon. It said, "This was the rumor rampant in the capital today although Democratic officials stuck to their story: Mr. Truman called off his California trip on doctor's orders."

Truman was not available for comment immediately.

Pauley denied the story.

Solon Swaps Russ Toasts

MOSCOW (U) — Sen. George W. Malone of Nevada, a leading member of the Republican party's right wing, swapped toasts to peaceful coexistence last night with several Soviet Union bigwigs.

At a Yugoslav Embassy reception, the senator proposed a toast to Minister of Power Stations Georgi Malenkov and First Deputy Prime Minister L. M. Kaganovich, saying: "You have your system. We have ours. Nobody should try to interfere with the other."

Malone said today he had a "very friendly visit" with the two Soviet officials.

"We had quite a conversation, half joking and half serious," he said.

Malone, an engineer, said he told Malenkov and Kaganovich about a booklet he had compiled on strategic metals in the Western Hemisphere. He said he described its wealth of statistics and told them it is better for everyone when more statistics are published.

He reported they agreed and Kaganovich remarked, "You can get information here, too."

Malone said he has asked the Soviet travel agency Intourist to try to arrange trips for him to see Soviet mining, petroleum and manufacturing facilities.

He said he had "no comment" on Washington reports that he had visited Bulgaria against the advice of U. S. diplomats in Hungary. The United States does not recognize Bulgaria.

Nothing Hampers Formosan Binge

TAIPEI, Formosa (U) — Neither rain nor official reminders of austerity dampened a big binge by Formosans today on the occasion of the Ghost Festival.

The day was dedicated to the spirits of the dead, who were supposed to return to earth. Their living kinfolk prepared big feasts in honor of their visitors from the nether world—then, very practically, ate the food themselves.

Long strings of firecrackers were popped off and thousands of lanterns were lighted to guide the spirits.

AEC Sets Limits On Advisory Boards

WASHINGTON (U) — To forestall charges that big business "dominates" its peacetime atomic energy program, the Atomic Energy Commission last night acted to limit the authority of its industry advisory boards.

The AEC ruled that businessmen and other board members may only act as advisers and can't set policy. It also directed that the boards be representative of "large, medium and small" business. Wherever practical, full-time government employees will head the advisory groups.

Peron Tightens Grip Following Mass Plea Not To Step Down

BUENOS AIRES, Argentina (U) — President Juan D. Peron tightened a firm new grip on Argentina today, warning grimly that opposition violence will be met by "action still more violent."

He told a well-organized demonstration of many thousands last night he was withdrawing his offer to step down as president. Earlier yesterday, he had announced he would resign if it would guarantee "pacification" of the nation.

Speaking before the wildly cheering throng in the central Plaza de Mayo, he said it was clear his opponents "do not want the pacification we have offered them."

"There remain only two roads: for the government, a repression adjusted to the subversive actions; for the people, an action, a struggle which matches the violence in which they want to carry us," he said.

"We have to answer violence with greater violence. And when one of our people falls, five of them will fall."

Dominating the 10-hour demonstration were Peron's General Confederation of Labor (CGT)—the popular basis of his strength—and the men's and women's Peronist parties. The army, which had saved Peron from the unsuccessful June 16 revolt and kept him in from the vast crowd.

The first announcement that

Peron had offered to resign was broadcast yesterday morning by Hugo di Pietro, CGT secretary. The announcement touched off a general strike by the labor group and a call for mass demonstrations.

The resignation offer was not submitted to Congress—the normal procedure—nor was there any announcement of it from any government office.

There were no reports of major violence during or after the demonstrations. Near the city of Tucuman, however, a low-hanging electric cable sliced through a crowd of Peronists striding on top of a train to a party rally. Seven were killed and 37 injured.

The Plaza de Mayo demonstration—obviously prepared to reject Peron's resignation offer—thrust the powerful CGT into the spotlight again. The labor organization had appeared to take a back seat in top-level political affairs since the abortive June revolt.

There was little doubt that the June 16 uprising weakened Peron's control, but with yesterday's show of strength, he appeared as strong as ever.

After the June revolt, Peron issued an appeal for "pacification," and representatives of the tiny opposition parties recently were permitted to speak over the government radio.

In his speech last night, Peron

did not name his enemies, except for an occasional reference to "the oligarchs." He made no mention of the Roman Catholic Church, with which the government had been feuding since last November.

Wiping tears from his eyes as he started to speak, Peron accused his opponents of breaking a truce of two months "with acts of violence."

"Their political leaders have answered with speeches as superficial as they were insolent," he declared. "Instigators with their perpetual hypocrisy, their rumors and their pamphlets . . . executioners shooting at the poor policemen in the streets."

"With our exaggerated tolerance we have won for ourselves the right to repress them violently," he asserted. "And from now on, let us establish as permanent in any place tries to disturb order in opposition to the constituted authorities or contrary to the law or the constitution may be slain by any Argentine."

"The order of the day for every Peronist, whether individually or as a member of an organization, is to answer a violent action with another action still more violent."

ROKs Threaten To Expel Yanks

SEOUL (U) — Finance Minister Kim Hyun Chul said today South Korea may expel foreign businessmen who refuse to pay taxes.

"If they fail to pay taxes, we cannot but tell them to leave the country," Kim told newsmen.

American businessmen here are in an angry dispute with the ROK government over being assessed taxes called "exorbitant and discriminatory."

A spokesman for the American Chamber of Commerce said yesterday that 41 American businessmen are on a list to be refused exit permits because they have not paid Korean taxes.

'Treaty Cloth' Set For Senecas

SALAMANCA, N.Y. (U) — The government will make its annual distribution of "treaty cloth" tomorrow and Saturday to Indians of the Seneca Nation.

Each inhabitant will receive two yards of unbleached sheeting.

These yearly payments are required by a 1784 treaty between the United States and the Seneca Nation. The Indians twice have rejected government offers to settle the account with a lump-sum payment.

Downed Flier Insists He Was Forced Into 'Chats'

TPKYO (U) — Air Force Lt. Guy H. Bumpas today said he was forced into "friendly chats" with his Communist captors and finally signed a letter before leaving North Korea more than a week ago.

But he insisted the letter was not a "confession," nor did it contain any references to "fictitious American propaganda," as alleged by Communist propaganda broadcasts, he said.

"I gave them the type of answers I knew wouldn't do any harm—I tell you I gave them nothing that was going to hurt the United States," he said.

"I stuck to beating around the bush."

Bumpas, 23, of Jackson, Miss., and Army Capt. Charles W. Brown of West Louisville, Ky., were shot down over the demilitarized zone in Korea Aug. 17 in an unarmed American training plane. Brown was killed, but Bumpas said he did not know whether by gunfire or in the crash.

Bumpas insisted he was over friendly territory near the truce line when Communist antiaircraft batteries opened up on him. His plane then veered to the north and crashed in North Korea.

He denied all Communist statements attributed to him in an hour-long news conference at an Air Force hospital near Tachikawa Air Base, West of Tokyo.

He will undergo further surgery to help correct a severe skull fracture.

Forsan Club Opens Year With Breakfast

The first meeting of the season for the Forsan Study Club took the form of a sunrise breakfast in the garden and yard of Mrs. B. P. Huchton in the East Continental Camp Wednesday morning. Hostesses for the occasion were members of the social committee. Mrs. Huchton is chairman, and Mrs. A. D. Barton, Mrs. Bill Conger and Mrs. R. O. Sullivan worked with her. The yard was decorated in true ranch style, with a bowl and pitcher on a wash box, a chuck wagon cabinet on which the food

was prepared and "long-handled" underwear drying on the line. Yearbooks were distributed by that committee, composed of Mrs. Walter Gressett, chairman, Mrs. D. M. Bardwell, Mrs. F. P. Honeycutt, Mrs. L. B. McElrath and Mrs. W. E. Stockton. Mrs. Barton, Mrs. Sullivan and Mrs. W. O. Averett were introduced as new members. A record, "This is Your Federation" was played for the group. Obtained from the Federation in Washington, it was along the question and answer line and gave information on the work of federated clubs. USO scrapbooks, which each member will fill with various kinds of clippings and contribute to the Servicemen's Center, were distributed. It was announced that once a month the club will have an open meeting, which will be held in the evening. Husbands are to be invited to these sessions.

Four Local Indoor Sports Attend Meet

Four local members from the Indoor and Good Sports Club were among the 487 people from 38 states and Canada who attended the 19th annual convention of that club in Tucson, Ariz., Aug. 26-29. Attending from Big Spring were Mr. and Mrs. James Horton, Claudia Arrick and Bonnie Arrick. They were greeted with a western air, complete with vigilantes, cowboys with guns banging and wheel chair square dancing. The main item of business was a study of new legislation for the handicapped. The convention accepted a resolution in favor of the Doyle bill, endorsed the bill and agreed to aid its passage.

Sunday, the conventioners spent the day in Nogales Sonora, Mexico, where they toured the shops. Highlight of the convention was the banquet and installation of officers Sunday night. Texas District Eight was represented by 22 Indoor and Good Sports. The 1956 National convention will be held in Philadelphia, Pa.

Blagraves To Make Home In Big Spring

Following a honeymoon in Corpus Christi and South Texas, Mr. and Mrs. Derwood Blagrave will make their home in Big Spring. The couple were married Sunday afternoon in a double ring ceremony performed by Marion Crump, minister of the Church of Christ at Tarran, in the home of the bride's parents, Mr. and Mrs. Cecil Alfred of Knott. The bride is the former Joan Allred. Parents of the bridegroom are Mr. and Mrs. A. R. Blagrave, Route One, Ackerly. The bride chose a white linen suit. Her accessories included a tiny hat of white velvet leaves covered with silver beads and pearls. Her pumps were white kid. Her corsage was pale pink carnations with lace and silver ribbon. For something old, she wore a yellow gold bracelet belonging to her paternal grandmother, Mrs. J. C. Allred; blue satin and lace garters were borrowed from the bridegroom's mother. At the reception, held immediately after the ceremony, the bride's table was set with a tiered cake decorated in pale pink roses and topped with a miniature bride and groom. Grandmothers of the bride, Mrs. P. O. Hughes and Mrs. Allred served the cake. Mrs. Johnny Shortes poured the punch. Mr. Blagrave will enter his second year at Howard County Junior College. The bride attended Knott High School.

Bristows Give Party For Rex H. White Jr.

Party accessories made up the shower given Wednesday evening in the home of Mr. and Mrs. Obble Bristow for Rex Harding White Jr., when they entertained a group of friends honoring Mr. White and his bride-elect, Sandra Swartz. Changing the regular custom, Mr. Bristow named the prospective bridegroom the honored guest of the evening and presented the

gifts to him. He was also given the gift from the host couple. Tables for four were decorated with hurricane lamps, some especially marked, and the guests who discovered the different ones received prizes. Dinner was served in the patio of the Bristow Home to about 23. The buffet table was lighted with hurricane lamps also entered in the contest. Summer flowers were used to complete the decorations. Miss Swartz wore a princess-style dress of all-over embroidered white pique, with white ascot-tyes and low-heeled white sandals. The couple will be married Saturday evening in the home of the bride's parents, Mr. and Mrs. Adolph Swartz, 909 Mountain Park. Parents of Mr. White, who now live in Calcutta, India, are former residents of Garland.

Bid Goodbye To Gino

Little Gloria Lockerman, the Baltimore speller, entertains at a farewell party for Bronx shoemaker Gino Prato, seated, who won \$32,000 on the television quiz show and who boards a plane for Italy to visit his father in Italy. Looking on are Marine Capt. Richard McCutchen, who with Gloria appeared on the quiz show (\$54,000 Question), and actor-singer Esio Pinza. The party was held at Theodore's restaurant in New York. Gloria accepted her prize of \$16,000 on the show and quit. Capt. McCutchen answered his \$16,000 question and has the option of trying for \$32,000 next week.

Jap Legate Gets Promise Of 'Gradual Withdrawal' By U. S.

By SPENCER DAVIS
WASHINGTON (AP)—Ten years after he signed Japan's World War II surrender, Foreign Minister Mamoru Shigemitsu had from the United States today a promise to consider "the progressive withdrawal" of American ground forces from Japan.
The 68-year-old career diplomat did not get all he sought in three days of talks that ended here yesterday. But he declared he was "quite satisfied" with the outcome. Today he headed for New York for a four-day visit before turning to Tokyo.
The United States now has about 100,000 troops in Japan. It would like to take them out, but not until it thinks Japan is strong enough to defend itself.
No target date for withdrawal

was set in the agreement announced after Shigemitsu's final talks with Secretary of State Dulles yesterday. However, it was learned that Japanese-American conferences on a time schedule will soon open in Tokyo.
Shigemitsu outlined a provisional six-year rearmament plan to increase Japan's present 250,000-man army to 300,000 by the end of 1958. U.S. military authorities think Japan should have a 350,000-man ground force for adequate defense.
The Japanese defense plan also calls for a 1,300-plane air force by 1960 and a 125,000-ton navy by 1961. There was no mention of withdrawal of U.S. air or naval forces from Japan.
But the two governments agreed

that "primary responsibility" for the defense of Japan's homeland should be handed over to Japan along with its ability to "contribute to the preservation of peace and security in the Western Pacific."
In effect this met Shigemitsu's call for greater independence in handling Japan's defense affairs. But it also put in writing that Japan should share in the collective security of the Far Pacific.
Shigemitsu and Dulles also agreed to work on a formula for a "progressive reduction" over several years of Japan's financial support of U.S. forces there. Japan's expense this year is 105 million dollars.
On other points Shigemitsu broached here he did not fare too well.
1. The United States declined to make any commitment to return Okinawa and the remaining Ryuky and Bonin islands to Japanese sovereignty.
2. The United States did not consider it timely to relax restrictions on trade with Communist China.
3. There was no mass release as asked by Shigemitsu, of the 210 Japanese war criminals convicted by U.S. war crimes tribunals and held in Sugamo Prison. The United States did not depart from its practice of considering each case individually.
The State Department announced that 22 prisoners—about 10 per cent of the total—have been granted a parole after consideration by the U.S. Clemency and Parole Board for War Criminals.

TO END LAYOFF

Adlai Plans Return To Political Arena

WASHINGTON (AP)—Adlai E. Stevenson returns to the political platform this fall with Wisconsin and New York appearances which may precede a November announcement in Chicago that he wants the Democratic party presidential nomination again.
A Democratic National Committee spokesman said today Steven-

son will resume party activity after a self-enforced layoff since last year with a speech at the Wisconsin Democratic State Convention in Green Bay Oct. 7-8.

The 1952 nominee will then join former President Truman and New York Gov. Averell Harriman for what may be a significant appearance at a \$100-a-plate Democratic dinner in New York City Oct. 31.

West Pressing For More Details Of Russ Arms Plan

UNITED NATIONS, N.Y. (AP)—The U.N. Disarmament subcommittee headed into its last meeting of the week today with Western delegates pressing for a clearer idea of Soviet arms inspection proposals.

The five-nation subcommittee planned a weekend recess stretching over Labor Day next Monday, partly in hopes Russia's Arkady A. Sobolev would get clarifying answers to their questions from Moscow.

The long recess also will allow Harold E. Stassen, the U.S. disarmament negotiator, to review with President Eisenhower the broad general agreement Stassen said yesterday the subcommittee has reached on the principle of stationing ground inspection teams in the Soviet Union and the United States.

Canada's Paul Martin pressed Sobolev closely in the closed session yesterday to explain more fully the meaning of the Russians' May 10 proposal for ground inspection teams stationed at key ports,

railway and road junctions and airfields.

France's Jules Moch and British Minister of State Anthony Nutting joined in to ask what facilities specifically Russia considers the ground teams should inspect. Should not ordinance factories be included? Moch queried.

Breaking nearly two days of comparative silence, Sobolev suggested the delegates study more carefully the Russians' May 10 statement. "It is comprehensive enough," he was quoted as saying. Stassen said that the group had made "constructive progress" in all agreeing that ground inspection teams are a necessary part of any disarmament machinery to avert surprise attack.

An informant said the United States would not be satisfied with an agreement on ground inspection alone. Any acceptable plan, this source explained, must include the military information exchange and air checks Eisenhower advocates.

Missing Gambler's Body Is Discovered

FORT WORTH, Tex. (AP)—Police found the body of gunman-gambler Leroy (Tincy) Eggleston, 49, in a shallow well six miles north of here last night. He had been shot in the back of the head.

His death left alive only two of the principals in the slay-for-pay murder of wealthy oilman William P. Clark, 61, found dead in his expensive home May 22, 1953.

The remaining principals are Clark's blonde widow Mary, 46, and Harry Huggins, the 47-year-old mobster-informer who said Mrs. Clark offered a \$10,000 reward for her husband's death.

Eggleston's body was found less than a week after his blood-stained sedan turned up on a parking lot here.

Another mobster named by Huggins and the police in the Clark killing, Cecil Green, 48, was slain in a gangland ambush last May 4 when he and Eggleston drove up to a highway rendezvous. Eggleston shot his way out of the trap and was found, scared and shaking, hours later in a nearby building. He had been reported in hiding until his disappearance but underworld sources said he "was still busy."

Eggleston, the source said, stayed busy milking gamblers, burglars, safe men and others of part of their hauls, giving them the alternative of losing all of their take.

Oilman Clark was found May 22, 1953, shot to death in his palatial 22-room home. Police first called it suicide but Huggins broke the case wide open in April 1955 with his story of Mrs. Clark's reward offer.

Just 12 days before his body was found, the oilman had peti-

tioned for annulment of his marriage to the shapely blonde, saying she had "lured me into marriage for my money."

Huggins, Eggleston and Green were charged with murder and later indicted. Mrs. Clark was charged as an accomplice. She has maintained she had nothing to do with her husband's death.

Huggins said he went to the Clark residence in the belief that the job was only robbery.

While he searched the house for valuables, he told police, one of his accomplices took Clark into another room. He said he heard a shot and returned to find Clark dead, a bullet hole behind an ear.

"That was part of the job," he said the triggerman—believed by police to have been Eggleston—told him.

Cop Spurns Salary Hike, Is Rewarded

NEW YORK (AP)—Early this week Patrolman Julius A. Horal, 52, turned down a promotion to detective. He said it wasn't worth the extra \$213 a year, considering he would have less time to spend with his family.

A detective is on call around the clock, while a patrolman works specified hours.

The word got around in Wall Street, which has been Horal's beat for most of his 23 years on the force. Folks in the area, remembering the policeman's past kindness and consideration, "passed the hat."

Result: contributions totaled \$1,200—equal to six years of the pay boost Horal turned down.

Fleeing Holdup Man Shot Down By Off-Duty Cop

HOUSTON (AP)—A drunken holdup man, fleeing from a suburban shopping center drygoods store with about \$1,000 in cash, was shot down this morning by an off-duty policeman.

In a hospital operating room, the holdup man, wounded in the right forearm, told officers he did not know the name of the companion who waited outside the store while the robbery took place.

The wounded man, who gave his name as Thomas M. Armstrong, 43, said he was broke and desperate.

"I had been working up to the robbery, and I ran into this fellow at a drive-in where we were drinking beer this morning," Armstrong told police.

"He didn't know what I was going to do," Armstrong related. "I told him I just wanted to do some shopping."

Armstrong and his companion parked their car in a lot across the street from the drygoods store and both walked up to the store.

While his companion waited outside, Armstrong stalked through the store, crowded with women and children busy with pre-school shopping, and went upstairs to the office.

Mrs. William E. Luce, bookkeeper, was counting money at her desk when Armstrong walked in, jerking a pistol from his pocket.

"This is a holdup. Put it in this sack," he ordered, shoving a paper sack at Mrs. Luce.

As Mrs. Luce crammed bills into the sack, she exclaimed: "You must be crazy."

Her answer was a blow on the back of the head from Armstrong's pistol.

"I'll show you whether I'm crazy or not," he answered.

Armstrong snatched the sack of money, raced down the stairs, and pushed through to the front door as Mrs. Luce began screaming "Stop that man! It's a holdup."

Armstrong ran out of the store, racing across the street.

Police officer J. E. Ruchti heard the disturbance and raced toward Armstrong.

Armstrong tried to jump into a car which was moving slowly through the lot, then sighted Ruchti who was drawing his pistol.

Armstrong raised his pistol and tried to fire at Ruchti but his gun snapped.

"Give me that gun or I'll kill you," Ruchti ordered.

"Go ahead, kill me," Armstrong yelled.

Ruchti fired once, his bullet knocking the pistol from the robber's hand.

Armstrong staggered against a parked car, and slumped to the ground, still trying to grab his pistol with his left hand.

Mrs. Luce, wounded and shaken, was lifted into an ambulance and taken to a hospital for treatment of her head wound.

White Inquiry Aid To China Influence Probe

CONCORD, N.H. (AP)—The chairman of the Senate Internal Security subcommittee says a broad inquiry into influences exerted on U.S. policy in China and Europe was aided by a hearing Tuesday on the late Harry Dexter White.

Sen. James O. Eastland (D-Miss.) said also that an "individual" he did not identify will be investigated soon on the basis of documents found in White's summer home in Fitzwilliam, N.H., and turned over to him.

The material was gathered by New Hampshire Atty. Gen. Louis C. Wyman, who dug into a big cardboard box for an hour and a half at the hearing and produced files of correspondence, official papers and photographs.

White was assistant secretary of Treasury in the Roosevelt and Truman administrations, a post he left in 1946 to become U. S. director of the International Monetary Fund.

White, the center of several congressional investigations into charges he passed information to the Communists, died at his summer home in 1948, three days after he denied before the House Un-American Activities Committee that he ever was a Communist or engaged in espionage.

FARM PROBLEM Surpluses Threat To Foreign Policy

By WARREN ROGERS JR.

WASHINGTON (AP)—America's farm production was coaxed to new heights during the war years. Today it bestrides the delicate field of foreign affairs like Frankenstein's monster.

Butter, cheese, cotton, rice, wheat—these are unmentionables in polite conversation with certain of America's allies. And for very grave reasons.

Dumping the huge U.S. surplus in rice and cotton on the world market, for example, could drive Asia and the Near and Middle East into the Communist camp.

Burma is the chief rice supplier in Southeast Asia. If the United States started shipping rice into that area, the Burmese would be outraged, perhaps driven into trade and light liaison with rice-hungry Red China. The lives and fortunes spent to keep the Reds out of the area would be lost—and possibly all of non-Communist Asia as well.

With cotton, it's principally Egypt, although Mexico and Brazil are concerned too. The Egyptians are the world's champion growers of fine long-staple cotton. It is practically the only thing they export. Dumping the U.S. cotton surplus into Egypt's markets would play havoc with Egypt's economy.

Egypt is a key to Arab-Israeli peace and to continued cold-shouldering of Communist attempts to muscle in on the Middle East.

The milk-producing Scandinavian countries might be alienated if American dairy surpluses showed up cheap on the world market. The grain-growing Canadians never cease to fret that America's billion-bushel wheat surplus might be dumped.

How can this five-billion-dollar of U.S. surpluses be tamed before it tramples its owner's hard-won foreign friendships?

The Eisenhower administration is reviewing the whole monumental question at this time.

The warm wave flowing from this summer's Geneva summit conference might melt through the East-West trade barriers and thereby bring a solution, for the short run at least. Hardly a week goes by that some member of Congress doesn't propose selling wheat to Russia or dropping it by the bagloads on Red China.

Meanwhile, the government chips away with the tools it has and plans hopefully for the long haul.

Its chief tool for disposing of farm surpluses abroad is Public Law 480. This permits their sale, barter or giveaway to "friendly countries." Russia and Red China are specifically barred. The law would have to be changed to bring them in.

As of last June 30 a total of 21 agreements involving nearly 470 million dollars in goods had been signed with foreign governments under this legislation. To avoid dumping, the amounts are limited and controlled.

A major provision is that sales may be made for foreign currency. This money never reaches the United States, however. It is simply plowed back into economic development of the country, gift of Uncle Sam, or used to pay off U.S. bills, such as for troop camps in Japan.

A Hoover Commission task force took a swipe at a companion law in a report made public this month. It complained:

"The earmarking of dollar aid for surplus agricultural commodities leads to the appearance if not the reality of pressure on recipient countries to take American surplus commodities."

"This is hard to distinguish

from dumping, in its effect on world prices, world trading relations, and the distribution of agricultural production worldwide."

But officials who administer the law defend it as a way out of the shortage of dollars abroad. They see the long range solution in ultimately getting enough dollars in the hands of foreign buyers so they can pay the high price of U.S. farm goods.

Club Pro C. A. DeWees held out hopes Wednesday as many as 140 linksters will compete in the 24th annual Big Spring Invitational Golf Tournament, which gets under way tomorrow and continues through Monday, Labor Day. Judging from the list of early entries, some of whom have qualified, the field might top that. A total of 43 had entered by Wednesday night. Only those who qualify Friday will be eligible for the medal prize. Match play will get under way Saturday morning, with two matches carded both Saturday and Sunday. Finalists in the championship flight will battle over 36 holes Monday. The title flight will include 32 players, all other flights 18. The Country Club has been carefully manicured for this tournament and is in its best condition in many years for the links play. Not only are the greens in fine shape but the fairways approaching

Strong Local Team To Test Visitors

The strongest local team in number of years will test Bob French's "foreigners" in the annual Hall and Bennett trophy matches here at 1:30 o'clock Friday afternoon.

The Big Spring octet is captained by the veteran-Obie Bristow, who can still swing a mean stick

himself on occasions. Included in the group are Bobby Maxwell, Bobby Wright, Luke Thompson, J. R. Farmer, Tommy Hutto, James Lee Underwood, Earl Reynolds and of course, Bristow himself. Maxwell is playing better golf than he ever has in his 25 years. He and Wright, the reigning City champion, recently won the Partnership Tournament in Amarillo. Thompson's game has been erratic of late but it is fitted for the Country Club course, where the matches will be held. French has also lined up a strong contingent for his team. Playing with him will be two Bill Craigs, one from Colorado City and the other from Odessa; Bill (Red) Roden, Odessa; Arlyn Scott, Odessa; Barney Barnard, Odessa; Bob Wortman, Midland; and Hezzie Carson, San Angelo. Roden is a three-time winner of the Big Spring Invitational Tournament. Wortman is a past champion while French himself was a finalist in 1954. Some of the linksters will qualify for the Labor Day Tournament during the matches. The public is invited to watch the matches without charge.

Best Backfield Since '50 Due For McMurry

ARILENE (SC) — The McMurry College Indians will embark on the 1955 grid campaign with their best backfield combination since the 1947-50 heyday of Little All-American halfback Brad Rowland.

The Indians' starting secondary will be composed of fullback Elroy Payne and halfback Weldon Brevard. Ballinger, quarterback Joe Bill Fux, Ft. Worth; and half-back Buddy Fornes, Winters. Payne has been one of the nation's leading small-college ground gainers for the past two years and is a top contender for Little All-American honors in his last year at the Methodist college in West Texas. He has rolled up 2,989 net yards and scored 123 points in 29 games during the past three years. Fox, all-Texas Conference quarterback in 1953 and the league's top passer last year, will be in his third and final season as director of McMurry's wing-T attack. Fornes, an all-TC selection in '52, returned to the Indian camp last spring after a two-year hitch in the armed forces. Brevard, the only non-senior in McMurry's starting backfield, is a fast, shifty scat-back. As a freshman last year, the 160-pound climax runner had a 6.2-yards-per-effort average on 31 carries, and scored three touchdowns.

In the line, McMurry will start veterans at every position, with four juniors and three seniors averaging 196 pounds per man. The 1955 Tribe will have 10 lettermen, 8 squadmen and a promising crop of transfers and freshmen.

McMurry will start the season with a new athletic director and head coach, Doug Cox of Ballinger. Cox's assistants are Joe Burk of Rotan and Tommy Ellis of Cleveland, Tenn.

McMurry's 1955 schedule: Sept. 11—Quincy Adams at Ft. P. 1. M. Oct. 1—Tex. State at Canyon. Oct. 7—West Texas State at Canyon. Oct. 14—Midwestern at Wichita Falls. Oct. 21—Abilene Christian at Abilene. Oct. 28—Columbia Basin Post at San Luis, Okla., Cal. Nov. 4—Western New Mexico at Abilene. Nov. 11—Howard Payne at Abilene. Nov. 18—McMurry Valley College at Abilene. Nov. 25—Midland Valley College at Abilene. Dec. 2—Del Rio Texas Conference games.

Hurricane Jackson Licks Ezzard Charles In Ten

CLEVELAND (U) — Tommy (Hurricane) Jackson, the fantastic young fighter who had just battered Ezzard Charles into helplessness, walked up to the 34-year-old ex-champ in the dressing room last night and told him, "That was one fight I hated to win."

The tall, 24-year-old youngster from Far Rockaway, N.Y., with his second unanimous 10-round decision over Charles in less than a month, had spoiled the Cincinnati boxer's hopes for another crack at the world's heavyweight crown.

In the ring before the TV cameras, Jackson was a dancing, weaving, cocky jack-in-the-box, finally staggering the baffled Charles in the 10th round and hitting him with punches from everywhere.

But in the Cleveland arena's dressing room, Jackson was shy, and self-conscious as he walked up to Charles and apologized for beating him. Charles, just out of the shower, was seated on a stool with a towel around his midsection, talking to reporters. His right eye was swollen nearly shut from the beating he took in the final minutes of the bout, but he wasn't seriously hurt.

San Angelo Nears Longhorn Crown

The San Angelo Colts moved to one game of clinching first place in the Longhorn League last night with a 7-4 victory over the Odessa Eagles.

They widened the gap between them and second-place Artesia to six games when Rowell, in third place, beat Artesia 9-0.

In the other games, Hobbs beat fourth-place Carlsbad 5-0, and Big Spring defeated Midland 7-4.

CABBY IS DUE TO TAKE HILL

Luis Caballero, "the people's catcher," returns to the mound tonight for Big Spring as the Couden Cops go for the series sweep over the Midland Indians.

Game time is 8 o'clock, scene of action Steer Park. Midland is due to counter with Bob Straigler, whose won-lost record is 1-5. He'll be new to Big Spring fans.

Cabby is a third baseman by trade but he recently hurried a 1-5 shutout against Carlsbad and has pitched 19 consecutive scoreless innings, half of them in relief.

Pepper Martin, manager of the Cops, will probably return to the lineup although he is still favoring miseries in the arm.

Top 3 Clubs Keep Pace

By ED WILKS The Associated Press

Chicago's old folks pitching staff reclaimed Bob Keegan today and the White Sox shoved off for Cleveland to put their ball-game lead in the American League to a showdown test against the Indians. Manager Marty Marion's been getting a lot more mileage than anyone expected from his mound veterans, riding on top with the likes of Virgil Trucks, 36; Sandy Consuegra, 35; Millard Howell, 33; Morris Martin, 33; Connie Johnson, 32; and Harry Byrd, 30. And now Keegan, 34, is back in good standing. The big right-hander, a 16-9 help to the White Sox last season but a bust thus far in '55, came back with an eight-hitter yesterday to beat Boston 4-2. It was his first victory and first complete game since Sept. 12, 1954. Jim Rivera contributed a pair of two-run homers. With a sweep of the two-game Boston series, Chicago stayed five percentage points ahead of New York and Cleveland, deadlocked in second. The Indians kept the pace as rookie Herb Score three-hit Washington 5-1 and fanned 13, overcoming eight hitless relief innings by the Nats' Hec Brown. New York made it past Kansas City 11-6, but Tommy Byrne needed help to gain his 13th victory when the A's scored five in the ninth. Boston fell five games behind. Brown arrived too late to help the Senators. Cleveland scored five in the first with five hits off Bill Wight before Hec came on the scene. Jim Hegan and Hoot Evers each drove in two Tribe runs. Byrne, 35, was breezing along on a four-hitter, behind home runs by Irv Noren, Gil McDougald and Mickey Mantle. And had retired 13 in order when the A's went to work in the ninth. Don Larsen

finally called the rally to a halt. Arnie Portocarrero was the loser as the Yanks belted 11 hits. In the other AL game yesterday, Earl Torgeson pinched a three-run homer in the seventh as Detroit Frank Lary won his 13th. In the National, Milwaukee brought six Brooklyn pitchers to the mound in a 13-8 pasting of the league-leading Dodgers. New York made it three straight over Cincinnati 5-0. Philadelphia clobbered Chicago 13-2 and Pittsburgh edged St. Louis 4-3 on Johnny O'Brien's single in the 10th inning. George Crowe hit two home runs, Eddie Mathews banged his 35th and Del Rice walloped his third in the Braves' attack that started against loser Carl Erskine. Lew Burdette, in relief of Bob Buhl won his 11th. The Phils had 12 hits against the Cubs' Jim Davis and three relievers, while Murry Dickson won his 11th on a four-hitter. Stan Lopata and Jim Greengrass hom-

ered for the Phils. Ruben Gomez shut out the Redlegs on seven hits while backed up by four double plays. The Giants chased loser Art Fowler with three runs in the first, then got two more in the eighth, on rookie Gail Harris' homer.

At a four-hitter, behind home runs by Irv Noren, Gil McDougald and Mickey Mantle. And had retired 13 in order when the A's went to work in the ninth. Don Larsen

Odds Are Against Arkansas Porkers

FAYETTEVILLE, Ark. (U)—The Arkansas Razorbacks opened training for defense of their Southwest Conference championship today taking a philosophical attitude toward their selection to finish sixth in the coming football race. It's tradition—a champion seldom repeats. The Razorbacks can look at their own post-championship fate and verify it. Arkansas has wound up first four times in 40 years of Southwest Conference gridiron competition and in the three post-title seasons now past finished third, fifth and sixth. In four decades only five teams have been able to go through two straight championships in this conference and two of those settled for ties. The most serious challenge to the Razorbacks this season will be the away-games. While the 1954 Razorbacks were setting records in Texas (it was the first Arkansas team to win every game on Texas soil), the 1955 outfit must face its three strongest rivals in the Lone Star State— Baylor, Rice and Southern Methodist. The experts in picking the finish of this year's race placed Rice first, SMU second and Baylor third.

Billings Clubs Home Run To Torpedo Tribe, 7-4

Frank Billings stroked a seventh-inning three-run four-master over the right field fence, his eighth of the campaign, to provide Big Spring with a 7-4 success over the downtrodden Midland Indians here Wednesday night.

The victory moved the Cops out of eighth place in the standings. They made way for Odessa, which was bounced by San Angelo.

Billings' blow, a rain-maker that cleared the barrier with yards to spare, came with one out and Luis Caballero and Floyd Martin up front.

The dramatic blow unknotted the count just after the Tribe had got to Aga Base for three runs in the top half of the inning.

Bace weathered the storm and received credit for his seventh win of the season, although he gave up 13 hits. He was rough with men on bases. The Indians left 13 runners stranded.

Glen Selbo labored on the hill for Midland and was touched for eight hits. Two of those were boundary swats, however.

Floyd Martin produced his tenth round-tripper of the season in the 'hello' inning with Luis Caballero aboard.

The Cops added two runs in the third on a walk to Nick Cappelli, a double by Caballero and a single by Billings, a can-of-corn that fell between the second baseman and the right fielder.

Midland got its first tally in the sixth when Glen Burns hit his first of two doubles, moved to third on a bad throw by Cappelli and sprinted in on an infield out.

The visitors tied it up in the seventh with the help of four straight hits — by Erny Wilcox, Dan Deckman, Billy Capps and Burns.

The triumph was the third in a row for the Bobbies.

RAMBLINGS — Manny Sabari, the Cop second sacker, made a splendid running catch of Tony Diaz's line drive in the second. . . . Wilcox played some sensational shortstop for the Indians. . . . Billings contributed a fielding gem on Selbo's long fly in the eighth, catching it while running toward the wall. . . . Al Jimenez, Midland right fielder, came to bat with six runners on base in the last three innings but couldn't get them around. . . . Joe Lutz, a Kansas City scout, watched the two teams perform.

Tom Costello Sold To Boston Red Sox

Tom Costello, Big Spring outfielder injured recently by a ball thrown by one of his own teammates, has been sold to the Boston Red Sox for \$2,500.

The Newcastle, Penn., rookie will report to a Boston farm club next spring. He was scouted personally by Sid Hudson, Red Sox scout.

The sale was unconditional. Costello, treated here for a broken jaw after he had taken a between-innings fall in the face, will report to a Sox farm club early next spring, probably in Florida.

Oddly enough, that is where Manager Pepper Martin first scouted the good-looking Italian youth and signed him to a contract. Costello was added to the Big Spring roster while in a baseball school at Auburndale, Fla., on the recommendation of Zack Taylor, former big league manager.

He came here as both a pitcher and an outfielder but Martin used him almost exclusively as an outfielder.

Though his batting average was only .255, Tom was noted for his power around the circuit, as well as his fine throwing arm. He clubbed 21 home runs and had 65 runs batted in.

He is the fifth player sold by Martin this year. The others are Art DiCesare, who went to Abilene; Jim Zapp, purchased by Port Arthur; Mike Rainey, who also joined Abilene; and Jim Newberry, obtained by Amarillo.

In all, Martin has realized \$7,500 from player sales. Of that amount, \$500 went to DiCesare, however. Martin is dickering for the sale of at least two other players for spring delivery.

Zapp's Homer Doesn't Help

Harlingen beat Port Arthur 9-4 Wednesday night to virtually clinch a place in the Big State League playoffs starting next week.

Only one place is yet to be determined and Harlingen leads Port Arthur in the fight for it by three games with five to play.

Corpus Christi, Waco and Texas City already are in the playoffs.

Harlingen rallied for seven runs in the eighth inning to lick Port Arthur. Trailing 4-2, the Capitols stormed the plate with 12 men before the Seahawks could stop the surge.

Milton Eisenberg, pitching in relief, gave up a 2-run homer to Jim Zapp in the seventh and that's what had put the Capitols behind. But that 7-run spurge won the game for Eisenberg.

Texas City clinched a playoff spot by downing leading Corpus Christi 5-1. Texas City has five games to play and is six ahead of fifth-place Port Arthur.

Ed Konick pitched a steady 8-hitter and drove in two runs with his first base hit of the season.

Waco moved within a game and a half of Corpus Christi by thumping Austin 4-2. Don Rowe was racked for 11 hits but was tough in the clutches. He left 10 Austin runners stranded. Ossie Rodriguez doubled in the eighth to drive in what proved to be the winning run.

Indians Turn On Tulsans

Oklahoma City's lowly Indians turned on their fellow Sooners, the Tulsa Oilers, for a 5-4 victory Wednesday night and it not only virtually ruined the Oilers' chances of getting into the Texas League playoffs but just about set up the playoffs.

Until then Tulsa had high hopes of edging into the first division before time runs out, but now the Oilers are a game and a half back of fourth-place Houston and have to make it up in six games.

Leading Dallas lashed its arch rival, Fort Worth, for the second straight time, and moved two games ahead of San Antonio. The Missions were splitting a double-header with last-place Beaumont to lose a half game.

Third-place Shreveport and Houston were rained out and by their idleness gained on frantic Tulsa.

There was another no-hitter pitched in the league Wednesday night—the fourth of the season. It was turned in by little Don Ferrarese, the San Antonio southpaw, who rendered Beaumont helpless in the seven-inning first game of the double bill. He was scored on, however, because he waded four batters in the first inning. San Antonio came from behind for a 3-1 triumph.

It was Ferrarese's eighth straight victory against no losses. He fanned nine Beaumont batters to run his strikeout string to a sensational 91 for 71 2-3 innings.

Beaumont won the second game 5-4 and it was a base on balls that turned the trick. Howie Fox gave it up in the eighth inning to force in the run that brought the Exporters victory.

Ben Wilbur pitched 8-hit ball and Ozzie Virgil furnished the power as Dallas whipped Fort Worth 3-0. A crowd of 3,708 saw Virgil drive in two runs and score the other himself.

Eddie Knoblauch, Dallas center fielder, moved less than a percentage point ahead of Dick Williams of Fort Worth in the fight for the Texas League batting championship as he got a hit in one time at bat while Williams collected only one single in four trips.

Knoblauch now is batting a .3274 and Williams .3269.

Gordy Windhorn clouted a 3-run homer in the eighth to furnish the punch that gave Oklahoma City victory over Tulsa. The Oilers were leading 4-3 when Windhorn took matters into his own hands.

The Oilers got 10 hits to Oklahoma City's 8 but couldn't move the men around, leaving eight stranded.

Nashua Gets Revenge Over Swaps in Race

By CHARLES CHAMBERLAIN
CHICAGO — It took Nashua 3 months and 24 days to catch up with Swaps and avenge his Kentucky Derby loss.

The powerful, mahogany bay, pride of the East, met the California-bred Swaps under neutral conditions yesterday at Washington Park and scored a brilliant 6 1/2-length triumph in one of the greatest match races ever run.

It was a thorough trouncing at 1 1/4 miles under equal weights of 126 pounds, the same as the Kentucky Derby when Swaps brushed off favored Nashua's midstretch challenge and swept to a 1 1/4-length victory.

The \$100,000 winner-take-all showdown was the first of its kind since Armed beat Assault and jockey Eddie Arcaro by eight lengths for the same jackpot at Belmont in 1947. It undoubtedly clinched 5-year-old honors and probably the Horse of the Year award for Nashua's handsome son, owned by William Woodward Jr. of New York.

This sweet revenge, accomplished under the sting of Arcaro's whip that spurred Nashua to a never-headed lead from the barrier, gave the colt his ninth victory in 10 starts this year.

Sunny Jim Fitzsimmons, Nashua's trainer, told Arcaro to "keep the other horse busy all the time. Run when you have to."

Arcaro said he "hit Nashua so hard" he thought he "set his flank on fire." He added that Nashua "did everything I asked him to do, including take the lead."

Willie Shoemaker, the losing jockey, said that "Swaps tried, but just couldn't get there." He added: "I'm not making any excuses but I don't think he cared too much for the track—he was laboring all the way and didn't handle too well."

The \$100,000 pot pushed Nashua's earnings to \$689,700 as a sophomore. He collected \$192,865 in winning six out of eight starts to take juvenile honors last year. The total of \$882,565 left him third behind Stymlie and Citation on the all-time money list.

After his defeat in the Kentucky Derby, Nashua went on to win the Preakness, Belmont, Dwyer and Arlington Classic, touching off the clamor for a showdown.

Nashua's winning time on a track termed as "good" was 2:04.2. He went off at 6-5 and returned \$4.40 before a crowd of 35,262. Swaps received 1-5 backing.

QB BARBECUE SET TONIGHT

The Big Spring Quarterback Club's big barbecue, honoring members of the local high school football team and their dates, will be held this evening rather than Friday, as previously reported in The Daily Herald.

The meal will be served at 7:30 o'clock in the amphitheatre in the City Park.

Tickets for the party can be purchased at the site of the barbecue. They are priced at \$1 each and are available to everyone.

The QBC officials have made this an annual function and it seems to grow bigger every year.

The usual barbecue menu will be served.

The club ordinarily realizes enough money from the meal to carry on many worthwhile school projects through the season. Most of the food for the feast is donated by local merchants and business men.

Champion In Action

Lou Thesz (above) of St. Louis, Mo., World's Heavyweight wrestling champion, is scheduled to meet Dory Funk of Old Tascosa, Texas, in a title match in the Odessa coliseum tonight. Tickets for the match are priced from \$2 downward. The match is being promoted by Pat O'Dowdy, former Big Springer.

LOOKING 'EM OVER

With Tommy Hart

In George Peacock, the Big Spring High School football team has a player who probably will carry on in the tradition of great Steer centers.

Down through the years, the Big Spring club has always specialized in fine pivot men: Sam Flowers, Elmer Dyer, Paul Kasch, Norman Dudley and now Jerry Graves — all have been tremendous in the middle of the Big Spring primary.

Graves was a second All-State player last year and, barring injury, will be even better this year.

It appears Peacock will have the size to cope with the mastodons in high school play. He's got good athletic incentive, absorbs what he is taught and seems to be popular with his teammates.

Obviously, Mills Layne, the former San Angelo manager, is enjoying this season more than he did 1954, when his Colts finished in seventh place in the Longhorn League, thanks to the gratuities of the Sweetwater ball club.

Layne now has his Lewiston, Idaho, club in fourth place in Northwest League standings, which is an improvement over six weeks ago, when the team was mired in the cellar.

Toe, Mills is clubbing the ball at a .368 clip, good enough to top the league.

Layne always could massage the ball. He hit .367 for the Colts last year.

Football ticket sales of the Baylor Bears have about doubled over last year.

Athletically speaking, Florida State University is growing up in every way.

The team is playing a better schedule. The legislature there has been trying to force the University of Florida to meet FSU on the football field every fall.

Recently, some 10,000 seats were added to the school's stadium. Tom Nugent's team has games booked with such big-time foes as North Carolina State, Miami, Fla.; Georgia, Georgia Tech, Villanova and Furman this year.

The college is situated at Tallahassee.

Marshall Crawford, the stellar Rice Institute end from neighboring Lamesa, is given a spot on the pre-season second All-America team selected in this month's edition of Sport Magazine.

Crawford was injured in an automobile accident recently, however, and may miss part of the season.

A Minnesota golfer says his golf game suffers if and when he has to use an iron. Furthermore, he says he had a set of clubs made entirely of wood and took five strokes off his game.

A Wichita Falls scribe says the probable makeup of AAAA schools in Wichita Falls' new football district will include, in addition to the Coyotes, Vernon, Gainesville, Sherman and Denison. However, Vernon may have nowhere nearly enough students to compete in the top bracket and instead will perform against schools like Levelland, Breckenridge and Snyder.

Though Atlanta will probably finish no higher than seventh place in the Southern Association, the Crackers will lead the circuit in attendance this year.

New Divorce Law Effective Tuesday

If you plan to get a quick divorce in this state, better get your petition filed this week. Next week a new law goes into effect doubling the "cooling off" period for parties in a divorce suit.

The measure passed by the last legislature goes into effect Tuesday, requiring a 60-day waiting period between the filing of divorce cases and granting of divorces. In the past, the waiting period has been 30 days.

Soviet Russia Poses Middle East Threat

By JOHN M. HIGHTOWER
 WASHINGTON (U)—Russia is beginning to pose a serious challenge to American and British influence in the strategic, oil-rich Middle East.

Reports that the Soviet government has offered arms to Egypt and possibly other Arab states are only one bit of evidence accumulated by the State Department and other interested Washington agencies over many months.

Other signs are Communist buildups of trade and diplomatic ties with the Arabs, and Red denunciation of Western efforts to build a Middle East defense system.

Officials who have studied the mounting show of Soviet interest believe that Moscow's most immediate purpose is to develop a kind of "neutrality" bloc in the area as between the Soviet Union and the Western Powers.

Moscow's long-range purpose, however, is assumed to be the establishment of real Soviet influence in that part of the world.

Secretary of State Dulles made it clear at a news conference yesterday that he regards as reasonably reliable the reports of Russian arms offers in the Middle East.

Beyond this, the Soviets and the Eastern European satellite countries have been building up trade with the Arab states and have made a number of diplomatic gestures of friendship toward them.

Egypt's Prime Minister Nasser has been invited to visit the Soviet Union and has accepted. American officials expect he will make the trip next spring.

Trade contacts between the Arab states and Russia have multiplied. Egypt announced early this

month it would sell 60,000 tons of rice to the Soviet Union for 500,000 tons of crude oil.

Communist Hungary has agreed to deliver 93 diesel engines for Egyptian cotton, and rice. Communist Czechoslovakia and East Germany also have offered to trade machinery for Egyptian products.

Soviet and European satellite machinery exports have increased materially to other countries in the Middle Eastern region.

Developments on the political front are regarded here as equally significant.

On Aug. 10 it was reported that the Syrian government had approved the Soviet request to station a military attache in Damascus. The Soviet ambassador in Iran called on King Saud of Saudi Arabia when he visited there recently and the action raised Washington speculation about whether the Soviets are interested in opening diplomatic relations with Saudi Arabia.

At the same time, Russia has bitterly denounced efforts of the Western Powers to build a defense system in the Middle East.

While Moscow's interest in the Arab countries has been most pronounced, officials here said the Soviet Union has also maintained a friendly show of interest in Israel and has been permitting some Jews from Russia to emigrate to that country.

The increasing Soviet emphasis on the Middle East has sharpened American concern for stabilizing the area. It was one of the reasons behind the American government's offer last Friday to help in making peace between Israel and the Arab states. Continued strife creates opportunities for Soviet exploitation, the government believes.

'PERSON TO PERSON'

Peeping Tom Idea Started TV Show

By CHARLES MERCER
 NEW YORK (U)—"No one can walk past a house with its blinds up and not look inside," said Edward R. Murrow.

This simple fact of human nature lies behind the popular appeal of Murrow's show Person to Person, which returns to CBS-TV tomorrow evening. With it, of course, returns Murrow, tanned and fit after vacation on his Pawling, N. Y., farm.

He and the show's coproducers—John A. Aaron and Jesse Zousmer—recall that some aimless conversation about walking down streets and looking in lighted houses led to the birth of this program in which cameras pass into the private homes of interesting people.

"And," Murrow adds drily, "you don't have to be a Peeping Tom to wonder how other people live."

Since 1953 Person to Person has visited 170 homes, two per program. Tomorrow night it adds those of actors Dick Powell and June Allyson in West Los Angeles, Calif., and of photographer Margaret Bourke-White in Darien, Conn. Generals, actors, athletes, business leaders, politicians, artists, a New York red cap and former President Harry Truman—all have welcomed

Murrow's cameras in the front door and told him never mind looking through the window.

It's a rare citizen these days who slams the door in Murrow's face. In fact, there are more open doors than the program can ever hope to enter. It was not always thus. In the beginning there were several turndowns. But nearly all those who first said "No" have since come around with an eager "Yes."

"One of the big problems," says Murrow with a slow smile, "is delay in scheduling. You'd be surprised how many ladies want to have their homes redecorated before letting our cameras come in."

He calls the program "the most formatless show on television. We never know how it's going to work. I still don't know how we really do this show."

But it goes on and things keep clicking smoothly. Actually, it's a pleasant change of pace to me. For instance, if I'm interviewing a politician on it I have no desire to pin him against the wall on the subject of politics. After all, he's in his own home. I like doing it because I like people. And I like the unpredictability of it."

Teamwork Helps Capture Thugs

CHICAGO (U)—Teamwork between Chicago newspapers and police resulted in quick capture of two of the city's 14 "most wanted" fugitives.

The city's four major newspapers printed pictures of the fugitives in yesterday's editions.

During the day officers seized Edward Burgess, 22, who was No.

2 on the list, and Richard Sargot, 27, No. 4.

Sargot was arrested by Sgt. Joseph Meany, who said he saw him standing on a street corner and recognized him from a newspaper picture. Sargot was wanted for questioning about a strong-arm robbery.

A few hours later Burgess, sought for questioning about robbery and use of narcotics and for escape, was nabbed in a theater. Police said the tip apparently came from a theater employee who had seen the newspaper pictures.

Universal C.I.T. Credit Corporation, the world's largest independent financing organization, has opened a new branch office at 614 Permian Building in Big Spring. Forest A. Handie has been appointed branch manager and Harold B. Welch will serve as district manager.

The Big Spring addition to the roll of more than 400 branches operated from coast to coast by Universal C.I.T. Credit Corporation is functioning under the Abilene Division of the company which is directed by Vice President Lee R. Mosley. The office will provide direct, localized service to the public and automobile dealers in this area. Welch explained that the expansion of his company's business in this area and the continuing growth and prosperity of the section are responsible for the decision to establish the new branch office. Faster, more convenient and effective service to the firm's thousands of local customers and numerous automobile dealers will result, he asserted.

Welch has been with his company for many years and is well known in the automobile business. He attended Texas Technological College and served in the United States Army during World War II.

Happy Is The Day When Backache Goes Away

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upset or day-to-day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation...with that restless, uncomfortable feeling. If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys - tending to increase the output of the 15 million of kidney tubes. So if nagging backache makes you feel draggledown, miserable...with restless, sleepless nights...don't wait...try Doan's Pills...get the same happy relief millions have enjoyed for over 50 years. Handout From A Favorite

Roy Rogers, cowboy movie star, hands youngsters from the country's first Boys Ranch at Amarillo a box lunch as they visited him, Dale Evans and Pat Brady at the Rogers ranch. The youngsters watched Roy making a movie. This was part of their tour to the West Coast in a special train. They were feted to numerous meals by service clubs, toured Catalina Island, Knott's Berry Farm and Disneyland, and also were visited by Gov. Knight of California. Each Christmas, Roy Rogers sends every boy at Boys Ranch a pair of cowboy boots.

Kiwanians Mapping 'Kids Day' Program

Plans are already maturing for the annual observance of Kids Day under the sponsorship of the Big Spring Kiwanis Club.

The date has been set for Sept. 24, and activities will again include a morning theatre party and an afternoon visit to Webb AFB. This year there will be an evening activity, too. Co-incidentally, the "peanut" committee has been named to arrange for the ordering and sales of peanuts to finance the activities.

Although this is the seventh year for the observance, it is the second as an exclusive Kiwanis program, said Leroy Olsak, Kiwanis president. Jack Alexander and C. A. Dahse will be the general co-chairmen. Other committee chairmen are Bob Heine, J. N. Young Jr., Herb Whitney, Lt. George Champion, W. D. Berry, Sam Sonntag, the Rev. Otis Moore and Sherman Smith.

Last year more than 1,300,000 youngsters were entertained on Kids' Day across the nation. Clubs raised just little under \$1 million for their youth work. All funds thus raised are retained in the communities where they are raised. The Kiwanians applied their funds to lighting of the Kate Morrison School ground, to sponsoring a scout troop and hut, to helping underprivileged children secure glasses when needed.

Alexander expressed gratitude that Webb AFB was again participating in the affair by observing open house for the youngsters. Bob Heine will be chairman of the committee to arrange for participation of out-of-town children. The publicity group will be headed by J. N. Young; the theatre program by Herb Whitney; the Webb AFB venture by Lt. Champion and Alexander; the evening program by W. D. Berry; concessions by Sam Sonntag and the Rev. Moore; the peanut committee by Sherman Smith.

Buying Firm Points To Peas For Added Income For Farms

A heavy buyer of pea crops, W. A. Dorman of Dorman & Company, Lubbock, has recently advanced the idea of planting peas for a double purpose. He cites the present good market price for peas as a profit feature of such a crop. Peas are also a good soil building cover crop.

Dorman & Company are on the lookout for crops of blackeyes and cowpeas in the local market, which meet their standards. With the dry pea market in mind, the Lubbock firm has made several recommendations for success in planting and growing a marketable pea crop.

One suggestion is to give peas ample moisture at bloom time, which is also a sensitive time in the growth stage, since thrips sometimes infest the crop. Level ground is advised for peas, with small water furrows, perhaps down every other row, so that a combine can get in close without scooping up dirt.

Dorman points out that the worst insect damage may occur after peas are set. The Lygus bug is a particularly bad visitor to the growing peas, with a "sting" that reduces grade for the edible or seed market.

Insecticide information from a local authority, is advised. Even if peas are not a farmer's main crop, they can sometimes go a long way to save a year, full of wind and hail damage to the usual cash crop.

There's a ready pea market, with such firms as Dorman & Company, right now. Canner peas delivered to East Texas canners are drawing 3 cents a pound, so there is money to be made from a good crop of peas.

Two Negro Boys Saved From Icebox

FORT WORTH, Tex. (AP)—Two small Negroes were rescued yesterday from an abandoned ice box where they faced possible suffocation.

Juvenile detectives checking vandalism heard a bounding inside the box at Arthur King's garage. Inside they found King's stepson, James Yates, 10, and his half-brother, James King, 1.

Take It Easy Labor Day By Using These Recipes

Labor day weekend poses no meal problems if you prepare a roast (beef, veal, lamb, ham or fresh pork) at the beginning of the holiday and have lots of vegetables on hand.

After the roast is served hot at the initial weekend meal, the leftover meat along with various vegetables, may be used for sandwiches, salads, skillet dishes and casseroles. Some of the vegetables on hand, should, of course, be fresh and suitable for salads; some of them can be frozen or canned for skillet-dishes and casseroles. We find that two comparatively new canned products, stewed tomatoes and tiny green peas, are endlessly useful. The stewed tomatoes with onion, green pepper, celery and seasonings added. The very young small green peas are similar to the petit pois from France, and are delectable. For a quick skillet dish, you can heat diced leftover meat with a can of the drained tiny peas, and serve the combination over rice.

For one of the meals at which the meat is to be served sliced and cold, we suggest an old-fashioned potato salad. It can be made the day before it is to be eaten, and refrigerated; its flavor will mellow and develop. By old-fashioned potato salad, we mean the sort that is prepared with a homemade cooked dressing.

If you use long white potatoes for the salad and boil them in their jackets, you'll find the skins slip off easily. Cook some extra potatoes, too, and refrigerate them; sliced and added to a cream sauce, they'll be a fine accompaniment to the cold meat at another meal. You can put the creamed potatoes into a pie plate, sprinkle them with grated cheddar cheese and paprika, and run them under the broiler. Or you can sprinkle them with minced green pepper, canned pimiento, parsley or chives before serving.

OLD-FASHIONED POTATO SALAD

Ingredients:
4 medium-sized (about 1 pound) potatoes, 3 green onions or 1 small onion, 2 hardcooked eggs, 1/2 cup diced celery, Cooked Salad Dressing, salt and white pepper, salad greens, pickles, paprika.

Method:
Scrub potatoes; do not peel. Put in saucepan and barely cover with boiling water; add 1/2 teaspoon salt for each cup of water. Bring to a boil; cover; cook rapidly just until tender—about 40 minutes. Drain and strip off skins; dice. Mince green onions (using most of green part) or onion. Chop one egg and reserve other for garnish. Mix lightly the potatoes, onion, chopped egg, celery and Cooked Salad Dressing; add salt and pepper to taste. Garnish with salad greens, sliced reserved egg and pickles. Sprinkle sliced egg with paprika. Makes 6 servings.

COOKED SALAD DRESSING

Ingredients:
2 tablespoons flour, 1 tablespoon sugar, 1 teaspoon salt, 1 teaspoon dry mustard, 2 eggs, 1 cup milk, 1/2 cup cider vinegar, 1 tablespoon butter or margarine, 1/4 teaspoon celery seed.

Method:
Stir flour, sugar, salt and mus-

Fresh Cherry Time Offers Many Hot Weather Treats

Such wonderful ways to serve sweet red cherries! We're talking about fresh fruit-bright red Lamberts or dark red Bings.

Use them in a make-your-own salad for lunch, letting family and guests help themselves from a big bowl of tossed greens, a cruet of French dressing, creamstyle cottage cheese and scooped-out shells of fresh pineapple piled with the pineapple pulp, bananas and cherries. Hot rolls go along and iced tea or coffee. There's a really refreshing summer course!

CHERRY HELP-YOURSELF SALAD

Ingredients:
One large pineapple, sugar, 1 pound red sweet cherries, 2 bananas, lemon juice, mixed salad greens, French dressing, creamstyle cottage cheese.

Method:
Slice pineapple in half lengthwise; cut out pulp and dice; sprinkle pulp with sugar to taste; let stand 30 minutes. Stem cherries; wash in colander with cold water; drain well and pit. Cut bananas into 1/2-inch slices and sprinkle with lemon juice. Drain pineapple and mix gently with cherries and bananas; pile into pineapple shells. Let guests help themselves to fruit, mixed salad greens, French dressing and cottage cheese. Makes 6 servings.

INDIVIDUAL CHERRY ALASKAS

Ingredients:
One pound sweet red cherries, 16 marshmallows, 2 tablespoons pineapple juice, red food coloring, 2 egg whites, 1/4 teaspoon salt, 1/4 cup sugar, 6 sponge-cake cups, 1 pint very firm vanilla ice cream.

Method:
Wash cherries in colander with cold water; remove stems from all but 12 cherries; pit stemmed cherries and cut in half. Quarter marshmallows; add pineapple juice and melt over low heat, stirring occasionally. Remove from heat; add a few drops of red food coloring—enough to make a pretty pink; cool. Beat egg whites and salt until stiff; gradually beat in sugar until very thick and glossy; peaks should stand up straight when beater is slowly removed.

Gently fold marshmallow mixture into stiffly beaten egg whites. Fill sponge-cake cups with very firm ice cream; add a layer of the

and crimp edges together with a fork. Prick turnovers well and bake in a hot oven until lightly browned.

Want a luxurious dish for Sunday Brunch? Fold chopped pitted sweet red cherries into a light-as-a-feather waffle batter. Bake waffles and serve with butter, powdered sugar and a garnish of whole cherries with stems left on.

And no one will object to cherry muffins! Just add chopped pitted sweet red cherries to a rich muffin batter; serve hot with butter. Orange sections can go along with the cherries if you like.

Fill sponge-cake cups with prepared vanilla pudding-and-ple filling mix; top with pitted halved sweet cherries and a dollop of sweetened whipped cream.

Coffee Or Tea Calls For Orange-Nut Bread

For afternoon teas and coffees, or for breakfast, Mrs. Choc C. Jones, 603 W. 17th, recommends her recipe for Orange-Nut Bread. She also lists a watermelon rind preserves recipe, which can be made from the remains of the watermelon this summer and be enjoyed during the winter.

The Joneses do not have any children, only a brightly colored parakeet named Ricky. He has his own corner in the den, the most lived-in part of the house, and his toys are all on a tray. Ricky spends most of his time throwing the toys on the tile floor.

Mrs. Jones helps her husband keep the books at the J&K Shoe Store. They have lived in Big Spring since 1946. Previously, Mrs. Jones was in the insurance business in Pecos.

An ex-president of the 1948 Hyperion Club, she is also a member of the Lion's Auxiliary.

"I never measure anything when I am cooking. I just add a little here and there, so it is kinda difficult for me to write down a recipe." Mrs. Jones explained as she handed me the recipe for the orange-nut bread and the watermelon rind preserves.

ORANGE-NUT BREAD

1 egg
1/2 cup sugar
1 1/2 tablespoons melted butter
1/2 cup sweetmilk
1 1/2 cups flour
1/2 teaspoon salt
1 1/2 teaspoons baking powder
1/2 cup chopped nuts
1 cup cherries and pineapple mixed

Orange peel mix:
Grind rind of two oranges and boil with 1/2 teaspoon soda and 1/2 cup water for 5 minutes. Drain and boil again. Drain and add 1/2 cup sugar or Karo and less than 1/2 cup water. Boil down and store if not to be used immediately. Beat eggs, add sugar, milk and dry ingredients, alternating the milk and orange mix. Bake 45 minutes.

WATERMELON RIND PRESERVES

Peel melon rind, leaving no green nor red meat. Cut into 2-inch strips, cover with cold water and ice cubes for several hours. Drain and repeat twice, as this makes the rinds crisp, and firm. Cover with water and boil for ten minutes, repeat this. Cook until clear, add 1 small can (No. 2) pineapple juice, 2 lemons, sliced very thin

Disguise Milk For Hard-To-Please Kids

For the younger members of the family, milk can be disguised and chilled and turned into all manner of interesting drinks.

CHOCOLATE MILK

2 1/2 cups milk
1/2 cup chocolate syrup
1/2 cup chocolate ice cream
Mix in blender or whip to froth until smooth and fluffy and well blended with rotary beater.

PINEAPPLE AMBROSIA

1/2 cup crushed pineapple
2 cups milk
1/2 cup strawberry ice cream
Mix ingredients and place in blender. Blend until thoroughly mixed.

QUICK CHOCOLATE SODA

3 heaping teaspoons quick cocoa powder
Small amount of milk
1 scoop vanilla ice cream
Chilled sparkling water
Combine quick cocoa powder and milk in a tall glass. Add vanilla ice cream. Fill slowly with sparkling water or other carbonated beverage for 1 soda.

The quickest of milk drinks can be made by stirring canned ice cream sundae sauce into cold milk. A new product, date butter, can be used in the same manner.

Glazed Cherry Pie Tops With Pie Fans

No collection of fruit pie recipes is complete without a cherry pie recipe and here is one topped with a currant jelly glaze.

GLAZED CHERRY PIE

Pastry for nine-inch pie
2-3 cup nuts
4 cups sour red cherries
1 cup sugar
1-8 teaspoon salt
4 tablespoons flour
1 tablespoons butter or margarine

1/2 cup of red currant jelly.
Dash of cloves
Dash of cinnamon
Start your oven at 450 degrees F or hot Line pie pan with pastry and sprinkle a layer of finely chopped nuts over the bottom pastry. The nuts add flavor and prevent sogging.

Now mix the pitted cherries with the sugar, salt, flour, lemon juice and spoon into the unbaked crust. Dot with butter or margarine and bake 10 minutes. Then reduce oven heat to 350 degrees F or moderate and continue baking 30 minutes longer.

When pie is cool, sparkle it up with the glaze: Melt currant jelly in a saucepan, add cloves and cinnamon, then spoon over the cherries.

Six weeks of summer training at the Marine Corps School, Quantico, Va., come to a close this weekend for Howard L. Thames, son of Mr. and Mrs. Henry H. Thames, 608 E. 12th. Thames has been enrolled in a Junior Platoon Leaders Course since July 25. He is a student at Howard County Junior College.

Rex H. Long, seaman son of Mr. and Mrs. M. F. Long, Knot Route, has been transferred from the destroyer Brinkley Bass to the USS Kidd, another Navy destroyer. His new ship is operating out of San Diego, Calif. Long's wife, Mrs. Bonnie L. Long, resides in San Francisco.

Gerald G. Bennett, son of Mr. and Mrs. James R. Bennett of Route No. 1, has been awarded the Navy's Good Conduct medal. He is serving aboard the submarine tender, Nerous, based at San Diego, Calif. Bennett's wife

HOWARD L. THAMES

is the former Miss Callie R. McNew, 510 Goliad. Before entering the Navy in March, 1952, Bennett attended Big Spring High School and worked for the Coca Cola Bottling Company here.

Cpl. John L. Berry, stationed at the Marine base at Camp Pendleton, Calif., is currently visiting his parents, Mr. and Mrs. W. D. Berry, 106 Canyon, on a 10-day leave.

Lost Water Pipe Is Broken, Town Loses Its Supply

MERIDEN, Conn. (AP)—Meriden has a plumbing problem because somebody 80 or 90 years ago forgot to mark certain pipe on the map of the city water system.

As a result, many of the city's 44,000 people didn't have any water at all while others get only a trickle.

It has been this way since Tuesday. A construction crew was digging a hole to sink a gasoline station tank. The drills ground into something hard and water gushed out. It was a main water line.

City workmen rushed to the scene but couldn't get near the broken pipe because of the water. The water has been gushing out ever since.

City officials figured it was a minor problem. They shut off a line they thought was running into the main. Nothing happened. Then they shut off another line. Nothing happened again.

So somewhere in this city is a lost pipe—a pipe that is feeding water into that broken main. But they can't find it.

They went over the water system map several times but the pipe isn't there.

It probably is one of the crossover lines, the officials said, and if they find it all they have to do is dig down and shut it off. They said most crossover lines have shutoff valves on them.

CAB Offers Airlines Aid

WASHINGTON (AP)—The Civil Aeronautics Board has proposed that Continental Airlines, for the first year of its operation, receive federal assistance of \$1,386,612.

Continental, which has headquarters in Denver, Colo., merged in April with Pioneer Airlines, a local carrier operating in Texas and Oklahoma.

Veteran Jailed For Kicking Son

BALTIMORE, (AP)—A 33-year-old veteran of 15 years military service was sentenced to three years in prison yesterday for assaulting and kicking his 4-year-old son.

Judge Joseph L. Carter imposed the sentence on Cpl. Paul Anthony Mihalik, a military policeman.

Mihalik was charged with kicking his son Wayne, and his daughter Marlene, 5.

The 228-pound MP acknowledged he gave the two children "a good tanning" with a belt for taking money from a family cache.

Dr. Arthur R. Nelson, resident surgeon at Johns Hopkins Hospital, testified that when Wayne was brought to the hospital he had a ruptured intestine and acute peritonitis necessitating an emergency operation.

Forsan Bible School Ends With Picnic

FORSAN — A picnic in the Big Spring City Park climaxed the vacation Bible school of the Church of Christ, Sterling Hills minister, presented 31 certificates. Refreshments were served daily at the school by the mothers that did not assist in the teaching.

Entering Howard County Junior College for the second year will be Lonnie Martin, son of Mr. and Mrs. J. D. Martin.

Mrs. S. C. Cowley accompanied her daughter and Mrs. Jimmy Hagar of Pecos on a vacation trip to Ruidoso, Cloudcroft, and White Sands, N. M.

Mr. and Mrs. Hubert Crumley of Doole are visiting his mother, Mrs. S. C. Crumley. They are also visiting Mr. and Mrs. C. V. Wash.

Berry Neal Nixon and Linda Sheath of Andrews were guests of Corrine Starr in the home of her parents, Mr. and Mrs. Sam Starr.

Nurses' Chief

Lt. Col. Inez Haynes, 46, whose parents, Mr. and Mrs. Floyd Haynes, formerly resided at Knott, has been named chief of the Army Nurse Corps. Miss Haynes joined the Corps in 1933. She is a cousin of Ernest Haynes, 1605 Avion.

Bar, Not Bolt

VIENNA, (AP)—Sunbathers in a Vienna park ran for their lives yesterday when a bolt from the blue split a large cherry tree in their midst from top to bottom. The bolt turned out to be a 20-pound metal bar that dropped off an airplane passing overhead.

Farmers Must Collect Social Security From Some Workers

With the cotton picking season coming on, many area farmers are faced for the first time with the 1954 amendments to the federal social security law.

New provisions of the law extend to migratory workers, many of which will be involved in Howard County's 1955 cotton harvest. A farm worker must be given social security coverage by the employer from whom he receives cash wages of \$100 or more in any one year.

Braceros are not covered by the act, however.

The new cash-wage test applies separately to the cash paid by each employer to each employee. Under this test, it does not matter how many days the employee works.

For instance, if a farm worker earned \$75 from one employer in a year and another \$75 from a second employer, these wages would not count toward social security. However, if he should earn \$100 from one and \$150 from another, both employers would be required to report the earnings for social security.

There is one exception, however. If a farmer hires a crew of men, it becomes the responsibility of the crew leader to keep up with the pay and social security of the workers in that particular crew.

The amendments to the social security law went into effect last Jan. 1. They stipulated that the taxes are two per cent each for the employer and employee on cash wages up to \$4,200 per year. A pamphlet put out by the Internal Revenue Service stresses the importance of the employer's part of keeping records of the number and cash wages of each employee to whom is paid as much as \$100 a year for agricultural labor.

A farmer who has not already done so should fill out an application for an identification number if he anticipates having workers whose wages will rise to \$100 in a year.

These applications can be obtained at the Texas Employment Commission or from the district

social security officer who is in the city hall every Wednesday. After having filed the application form, the district internal revenue director will send information about the social security taxes, and will put the applicant's name on his mailing list so that he will receive the necessary return forms.

The Internal Revenue pamphlet also stresses the importance of the farm worker having a social security card if he makes \$100 or more in a year from one employer. A worker's account number is absolutely necessary for the records if he is to receive proper credit toward benefits.

Johann Rehner, 11, orphan from Wurzberg, Germany, holds his passport and camera as he arrives in New York City aboard the transport ship General Langfitt with over a thousand refugees from displaced person camps in Europe. Johann will live with an aunt in Detroit. His trip was sponsored by the Intergovernmental Committee for European Migration.

Pat McCormick To Fight As Matador

When Pat McCormick makes her appearance in the ring Sunday afternoon at Piedras Negras across from Eagle Pass, she will be billed with a full fledged matador. The bullfighters union of Mexico has informed her that henceforth she will fight as a matador and no longer as a novillera. She is to be on the card with Felix Bulones, one of the leading matadors of Mexico. Heretofore, Pat has fought on some cards with outstanding novilleros, but never with a full fledged matador in the top spot. Although she will fight with a matador's status, it is assumed that she still will take her alternative, the ritual by which she assumes the matador rating, some time later. At the time Pat was so severely gored in Villa Acuna on Labor Day of 1954, she had just been informed by the union that she had been approved for her alternative. After her Piedras Negras fight on Sept. 4, she will come to Big Spring for a brief visit with her parents, Mr. and Mrs. E. B. McCormick. She will make tentas at the famous La Punta and then at La Ventilla. A busy schedule shapes up for the remainder of the autumn, for she has fights booked for Tijuana on Oct. 2, Nogales Oct. 9, Mexicali Oct. 16, and Villa Acuna Nov. 2. Another fight in Mexacal is slated for sometime in November, and other important things, are shaping for that month.

UNCLE RAY'S CORNER

ment the teacher gave him free tuition for four days a week. Thanks to this plan he learned a little about reading, writing and arithmetic during the months that followed. Davy Crockett grew into manhood in Tennessee, and earned a name as a crack shot and skillful hunter. In two months, we are told, he bagged 105 bears!

The dogs annoyed the bear while Crockett loaded his rifle again. A lodging house was operated by John Crockett at the time his son Davy returned, after almost two years of wandering. Instead of telling his name, Davy mixed with the other guests. Later in his life he gave this account of his first meal: "After a while we were all called to supper. I went with the rest. We had sat down at the table and begun to eat when my eldest sister recollected me. She... ran and seized me around the neck, and exclaimed, 'Here is my lost brother!'"

The parents were kind to Davy, and on his part he tried to be a good son from that time forward. He agreed to work for a schoolmaster two days each week, and in payment the teacher gave him free tuition for four days a week. Thanks to this plan he learned a little about reading, writing and arithmetic during the months that followed. Davy Crockett grew into manhood in Tennessee, and earned a name as a crack shot and skillful hunter. In two months, we are told, he bagged 105 bears!

Leaving Tennessee at length, Crockett moved to Texas. There he helped a band of Texans to defend the Alamo from an attack by a Mexican army. Two women, a baby and a small boy escaped from the Alamo, but all the men, including Crockett, died. The death of Davy Crockett took place about six months before his fiftieth birthday. Another widely known pioneer who died in the Alamo was James Bowie, inventor of the Bowie knife. Tomorrow: Kit Carson. **Rebellious Cycle** OKLAHOMA CITY, Ok.—Officer A. F. Blackshere limped into Mercy Hospital's emergency room. "I kicked my motorcycle," the officer told attendants. "It kicked back," he explained before submitting to treatment for cuts and bruises on his leg.

Jack Webb speaking: "This movie concerns a small jazz band which plays in a Kansas City speakeasy in 1927. We document the story with the accents of the Roaring Twenties: Prohibition, the bootleg wars, quick money and jazz. I hope you'll see it. And I hope you'll feel that we did a few of the things we set out to do." *JW.*
