

Lamb Countians to choose two run-off candidates

There will be two state-wide run-offs to be settled on June 5th. Lamb County residents will only have the four Democratic contestants listed for the two Texas posts on their ballots, since there are no county-wide run-offs this year.

The two slates on the ballot are for railroad commissioner, and judge for the court of criminal appeals for the

unexpired term created by the resignation of the incumbent.

In the railroad commissioner's race, Jerry Sadler is the veteran incumbent, and he is facing a run-off with Jon Newton, state representative from Beeville.

Also holding a well-known name advantage, Sadler led in the May 1 Primary while Newton finished a

strong second ahead of State Rep. Lane Denton, labor backed consumer advocate, and five others.

The Sadler-Newton runoff is expected to be torrid, statewide. Sadler, 68, was railroad commissioner in 1939 to 1942 and later served as land commissioner and state representative. Newton, considered one of the legislature's energy experts, is a 34-year-old lawyer strongly supported by oil and gas interests.

The other statewide Democratic runoff pits W. T. Phillips, 63, a Waco defense attorney, running ahead of Carl Dally, 52, a commissioner on the Court of Criminal Appeals, in a race for that court. State's attorney Jim Vollers was eliminated.

There will be only five polling places in Lamb County for the run-off election. These will be located at the Courthouse in Littlefield for precincts 3, 9, 10, 12 and 14.

Voting precincts 2, 6, 7, and 15 will vote at the Earth Town Hall. Voting precincts 4, 5, 8 and 11 will vote at the Sudan and Amherst City Halls. At Olton, precincts 1, 13 and 16 will vote in the foyer of the H. P. Webb School.

Hammons purchases

Payne Funeral Home

Payne Funeral Home of Amherst has been purchased by Hammons Funeral Home of Littlefield, according to the manager, Tom Sawyer, and owner, Pryor Hammons.

The business at Amherst will continue to be open, according to Sawyer.

Old Sudan Hotel to be restored

Restoration will begin on the old Sudan Hotel with an all-day clean-up campaign this Saturday.

The Hotel is a landmark in Lamb County and was presented to the City of Sudan by the Heritage Committee to be made into a museum and meeting place.

Randy Humphreys, chairman of the Heritage Committee, met with his committee Tuesday night to make further plans for restoration.

A check for \$700 was presented to the Heritage Committee by La Rue Edwards on behalf of the 1960 Study Club of Sudan.

Officers for the Sudan Heritage Association are Randy Humphreys,

chairman; JoAnn Chester, treasurer; Kathy Gatewood, secretary and Mickey Stephens, publicity chairman.

The committee is composed of B. O. Boyles, representing the Jaycees; Jimmy Ford, Lions Club; Lou Boyles, E.S.A.; LaRue Edwards Sudan Art and Craft Club; Anna Hickerson, Twilight Community Club; Nell Ingle, Young Homemakers; and Clitus Holleman.

Others present at the meeting were JoAnn Chester, Nell Ingle, Edith Williams, Buddy Lawrence, Peggy Lawrence, Earnestine Tomas, Angie A. Hickerson, Mary Shaw, Betty Mathis, Jimmy B. Ford, C. D. Hollaman and Waynette Fisher.

May 25th deadline set for County Beauty Pageant

The annual Miss Lamb County Beauty Pageant is slated for June 5th, and the final date for entrants is May 25.

The pageant is sponsored by the Tau Chi Chapter of Beta Sigma Phi.

Miss Lamb County contestants must be single and never have been married. They must be 17 years of age by July 1, and no older than 22 on July 1 of this year.

Contestants will be judged on talent, beauty, personality, poise and figure.

Kris Bean and Kyra Cox are in charge of the beauty pageant this year. Prospective contestants and sponsors may contact them by phoning Mrs. Cox at 385-4649 or Mrs. Bean at 385-4618.

The sorority hopes to attract a large group of contestants from all over the county and representing a wide range of talent and interests.

Manager presents report on activities

City Manager Jim C. Blagg has presented a report of administrative activities for Littlefield for the month of April.

"The water and sewer lines to the American Cotton Growers' Denim Plant were completed and tested during the month. In conjunction with the completion of the work, the final submission to the Farmer's Home Administration was made. We anticipate a check from FmHA for their share of the costs of the project at any time. There is reason to believe that their share may be somewhat more than originally expected," Blagg stated.

"The South Plains Association of Governments has completed the population study we asked them to assist us

All-School Honor Banquet scheduled Saturday night

The first annual All-School Honor Banquet for Littlefield High School will be conducted Saturday night, May 22, at 7:30 in the Lamb County Ag and Community Center on Hall Avenue.

School to dismiss at 3 p.m. Thursday

School will be turned out early Thursday, May 20, and buses will run at 3 p.m. that day.

Classroom Teacher Association officers will be installed immediately after school is out, or about 3:15, and school personnel will be recognized during an honors assembly in the Junior High School Auditorium.

A Bicentennial theme of "Wildcat '76" is being used this year.

Parents and friends of students at LHS are invited to attend the banquet, or attend the awards presentations without eating. Those wishing to eat are asked to make reservations for their \$3 tickets by 4 p.m. Wednesday in the principal's office at the high school building. No tickets will be sold at the door.

A special seating gallery will be set up for those who don't eat.

Scheduled on the agenda will be athletic awards, scholarships, honor graduates to be recognized, sweater awards, outstanding students in the various departments, outstanding club awards, FTA's Teacher of the year award, Liaison Award to a citizen who has contributed much to the school, "All Wildcat Boy and Girl", and "Outstanding Boy and Girl".

Patriotic concert to close out year

On Thursday, May 20, the Littlefield Band Department will present a concert entitled "Bands for America." The concert will feature American music, both patriotic and popular.

Highlight of the evening will be the presentation of Littlefield's 28 x 14 foot American flag and 50 smaller flags. The huge flag has been used by Littlefield's bands since 1971 to promote patriotism. It has traveled across the state and been used by other bands, churches, and schools. The flag was made in the spring of 1971 by band students and homemaking students at Littlefield High School.

The Littlefield Junior High School Symphonic Band will draw to an end an outstanding year of accomplishments with this concert. Included on

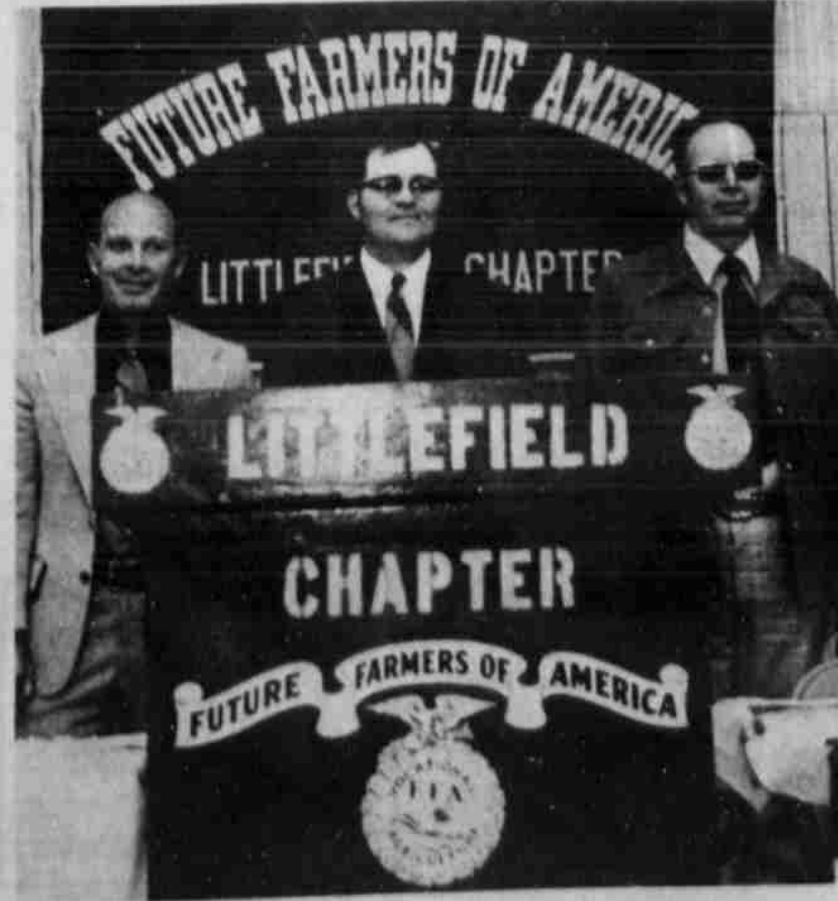

their portion of the program will be the march "Giant." This march was written for the state of Texas and is subtitled, "This Then Is Texas." The band will also play a piece of music for band and narrator, "Duty, Honor, Country," commemorating one of Douglas MacArthur's speeches. Next the band will play the pops tune "Rhinstone Cowboy." For their number the band will play "The Battle Hymn of the Republic."

The Wildcat Band will open its program with John Phillip Sousa's march "The Stars and Stripes Forever," featuring four of the bands piccolo players. Popular music on the program includes "Lemon Menengue, and Jimmy Webb's "MacArthur Park." The band will perform one of

the tunes they played last weekend at the Carlsbad Band Festival. It is "The Standard of St. George." The finale of the concert will be the playing of "The American Civil War Fantasy" and the presentation of colors by the Wildcat and Beginner Bands.

After "Maroon and White," the Booster Club will elect new officers for 1976-77. Nominees are, President, Ed McCanlies; President-elect, Garvin Knox; Secretary, Doris Graham; Treasurer, Wayne Streety; and Treasurer-elect, Delbert Hall.

The concert will begin at 8 p.m. in the Junior High School Auditorium. Admission will be 50 cents for students, and \$1 for adults.

On-job training now available

The on-the-job training (OJT) program of Green Thumb, Inc. is now available in Littlefield for older unemployed or underemployed persons, 45 years of age and older, as well as for employers, according to John Keith, district field supervisor for Green Thumb, Inc. in the Caprock/High Plains Region.

Keith pointed out that the OJT program is separate from the Green Thumb program for persons 55 years of age and older who are currently working on crews providing community services for non-profit organizations in the Littlefield area.

The OJT program, sponsored by Farmers Union and funded by the U.S. Department of Labor, urges employers to hire and train older men and women from rural areas.

Local businesses are helped by the program in that Green Thumb will reimburse the employer about 40 percent of the trainee's wages during the training period.

The training period will vary according to the type job the trainee is being prepared for, however the maximum period of training is 26 weeks.

In general, the only type jobs which cannot be used in this program are plumbing, electricians, police, firemen, nurses and jobs having to do with sewing or insurance.

"One of several advantages to the program," according to Keith, "is

that the selection of trainee applicants is left up to the employer, and the trainee may be terminated by the employer if the trainee does not perform in a satisfactory manner."

"However, it was pointed out that employers participating in the OJT program have been very well satisfied with the older trainees. They have demonstrated reliability, honesty, good work habits as well as being willing to learn and interested in going good work."

"Through the OJT program it is possible for older women and men to learn a new job, regain their confidence and to find a new outlook on life. Many applicants from rural areas have never had the opportunity to improve their knowledge of skills or to learn new skills, which they can do under the OJT program while earning a salary and receiving the same benefits as other employees," he concluded.

Employers or persons interested in the program are urged to contact the local Texas Employment Commission office or John Keith at his Lubbock address (806-745-5315).

Keith stated that some jobs are presently available in the area and that those persons at the Employment Office are willing to assist both the applicants and the employers in this very beneficial equal-opportunity program.

"BURR-HAMILTON DUEL"

Alexander Hamilton, Secretary of the Treasury under President Jefferson, twice blocked attempts by Vice President Aaron Burr to be elected to high public offices, including that of the President. The embittered Burr challenged Hamilton to a duel to be held on July 11, 1804 at Weehawken, New Jersey. Hamilton, wounded in the duel, died the next day. A grand jury in New Jersey indicted Burr for murder. He escaped trial but was ruined politically. From the collection of American National Insurance Company, Galveston, Texas.

A Woman's View

PEARL BRANDON

AS YOU KNOW, I have been in the hospital a great deal of the time lately, but was dismissed Tuesday.

This article is directed mostly to older people.

Most of us get to feeling that we are in the way and useless when we begin to get old and sick.

MANY PEOPLE pray for the Lord to take them on when this time comes.

But I have changed my mind about old people being useless. As I lay there in the hospital and watched people come and go, visiting their sick with so much love and concern on their faces, I thought they are not seeing old, wrinkled faces and worn out bodies, but they are seeing their dear mothers and fathers and grandparents who kissed away their hurts and rocked them to sleep. They were seeing loved ones who were always there when they were needed.

Now their parents are old and need them and they are by their sides doing all they can and grieving over them.

IT IS A PITY that people can't grow old without the pain, but if we could we would want to live here on this old earth always and that would not be according to God's plan.

I am sure we all remember the picture of the little boy carrying his

brother on his back with the quotation, "He isn't heavy, he's my brother." It was from Father Flanagan's home for boys.

That is the way it is with those we love—caring for them isn't trouble, it is a work of love.

A FEW DAYS AGO I read this, "God has created me to do Him some definite service. He has committed some work to me which he has committed to no other."

This quotation sticks with me. I may have used it before, but the thing is when we become old and sick we may forget this, "that He created us for some definite service."

We must keep our faith and go on doing the little things we are able to do, until He is through with us here, looking forward to the time for us to "that home not made with hands" our Lord has prepared for us.

"He does nothing in vain. He knows what He is about. He may take away my friends, He may throw me among strangers, He may make me desolate—make my spirits sink. Hide my future from me—still, He knows what He is about."

Amherst serviceman witnesses earthquake

According to information received in the local office of the American Red Cross, from the National Red Cross, West Texas Division, the field director in Vicenza, Italy has revealed there are no fatalities, injuries or property damages involving U.S. military personnel, their dependents or DOD Civilian personnel assigned to U.S. bases near the recent earthquake area.

Mrs. Lillie Galaviz of Amherst reports to the Leader-News that her son, Spec. 5 Tony Jimenez Jr., who is

stationed at Vicenza, Italy felt the quake. He told his mother that it "was a horrible experience." He said he was sitting on the couch and it went from under him. He grabbed his wife, Oralia, and their two children, Tony III and Mario, ran downstairs and saw people running everywhere.

Mrs. Galaviz reports they were 40 miles from the major portion of the earthquake. She says she is "relieved they're OK," and that it took her three days to reach him by phone.

news about America

"As the United States of America approaches its 200th Birthday a 'Crisis of Confidence' exists due to constant emphasis on what's wrong. Here are a few things that are right."

Professor Walt Seifert, who teaches journalism at Ohio State University, has spent a good part of his career telling about what's right with America. One of Seifert's approaches to telling the good news is to list a few common charges—and then refute them. For instance:

C: "Inflation is killing us."

A: "The average American family is better off now than ever before because wages have risen higher than prices. Inflation is much worse in Europe."

C: "Unemployment is at intolerable levels."

A: "Not true. It's 8.3 percent today. Many of us remember when it was over 30 percent in the Depression, and

THE ABUNDANT LIFE

Our duties

By BOB WREN

MUCH IS BEING WRITTEN and said about our rights and privileges; and about what should be done for this one and that one, for this group and that group. Some of this may be legitimate and bona fide, but there is no justification for such little consideration of personal duties; especially the responsibilities for one's self.

Of course, it is right for us to help each other; but it is also right for all of us to see our "own" duties, and do our very best to meet them cheerfully.

DUTY IS NOT A CURSE, but is usually a blessing. Obviously, there are many persons who are inclined to feel rebellious about anything that has the appearance of duty.

In recognition of this problem, there is often an effort to camouflage duty, to completely cover it up, and give it the appearance of being the fun thing to do. This works many times, but we are not counting the loss in human well-being. This is unfortunate and contributes to much of the unhappiness and ineffectiveness in the human experience.

A DUTY IS A DUTY, and should be accepted as such. This is the only way we can receive the maximum good to be found in our life action. Yes, it is possible that some duties and the performance of them may be unpleasant.

We must remember, however, that even these can serve a good purpose in a life as a contribution of strength and enrichment. The important considera-

tion is that we see and accept our rightful duties as "our duties."

THERE IS TOO MUCH emphasis on duty. In some instances the neglect caused by such neglect will be to the person guilty of the neglect, oftentimes the loss reaches to the lives of other people. Occasions the loss is very widespread.

In some cases, the ramifications neglected duty are unbelievable reaching; and often touch, when the lives of many people. We limited or widespread, none of it can be afforded, and there is no why it should happen.

A DUTY SEEN and accepted of the most beautiful and encouraging aspects of life. The best of character and life-understanding expressed in the full acceptance of "our duties", but this is just beginning.

We never reach any higher living than in the cheerful, knowledgeable discharge of "duties". This action also guarantees significant progress of our movement in the right direction. Whereas, "our duties" is regressing, falling back, a kind of retreat from the best that life has to offer us.

"OUR DUTIES" are usually "privileges", and when accepted performed in the best way we can, rewards and blessings are the palpable elements in our happiness and sense of well-being.

Bridal shower honors Toni Green Saturday

ANTON—Miss Toni Green, bride-elect of Tim Hogue, was honored with a gift coffee Saturday morning in the home

of Mrs. Floyd Morton.

Guests were received by the honoree, her mother, Mrs. Harold Green, and the hostesses. Miss Green wore a money corsage, a gift of the hostesses.

Tracy Green, sister of the bride-elect, presided at the guest registry.

The serving table was covered with a lace cloth with a yellow underskirt. The centerpiece was a floral arrangement of yellow iris and shasta daisies.

Misses Tami Brazil and Cynthia Burt presided at the serving table.

A special guest was Mrs. Jim Hogue, Sundown, mother of the groom-elect. Other out-of-town guests were Mrs. Troy

Walker, New Deal; Mrs. David Daniels, Smyer, great aunt of the bride-elect; Mrs. Jerry Green, Shallowater, aunt; Mrs. Richard Elliott, Shallowater, cousin; Mrs. Walter Lusk, Shallowater, cousin; Mrs. W. D. Shannon, Levelland, aunt; and Mrs. George Krause, Levelland.

The hostess' gift was stainless steel cookware, and white ironstone pottery.

The hostesses were Mmes. Jim Copeland, Ted Zant, Neal Caswell, Glenn Parrish, Kenneth Knebliek, Cleo Burt, Raymond Stephenson, Don Brazil, Richard Burt, Alton Bullington, Weldon Swan, Zade Hooper, Clarence Law, Vernon Stone, Bud Stone, Jim Ritter, and Pat Williams.

Shower honors Vicki Proctor

WHITHARRAL— Vicki Proctor, bride-elect of Jackie Bryant was honored with a bridal shower Monday night, May 10, in the Whitharral Lions Club Building. Approximately 60 guests were registered at a round table covered with a long white cloth, holding the bridal book and a white feathered pin.

The serving table was covered with a long white eyelet embroidered cloth. Atop this was a scalloped overlay. In each scallop was a blue bow holding a silver wedding band. And artificial springtime arrangement centered the table, as did a bride's doll. Sterling silver appointments were used.

An assortment of cookies, mints, nuts and punch were served.

The flower arrangement was presented to the bride-to-be as part of the hostess gift.

Special guests included the bride-to-be's mother, Mrs. Proctor of Levelland, the prospective bridegroom's mother,

Mrs. Driscoll Bryant, his grandmothers, Willie Bryant and Mrs. Fred Smith of Colorado City.

The hostess' gift was a tank-type vacuum cleaner. Serving as hostesses were: Jimmie Wade, Shirley Grant, Jimmie Jean Hayes, Kaye Herring, Patti Tripp, Janice Doshier, Sally Dukatnik, Pauline Reding, Esta Mae Hisaw, Jane Harlen, Barbara Miller, Kay McCormack, Glenda White, Jonnye Polk, and Ernestine Clevenger.

Party honors Thelma Isbell

Thelma Isbell, head waitress at K-Bob's Steak House, was honored with a surprise birthday party Thursday night after closing time.

All employees and their spouses were present, and were served birthday cake and punch.

Although her birthday comes later this month, the employees wanted to completely surprise her and show their appreciation for the help and encouragement she has given to everyone during the business' recent opening.

Cantrell-Boyd wedding solemnized Saturday

Darla Kay Cantrell and Wendell Meredyth Boyd exchanged double-ring wedding vows in a candlelit twilight ceremony in the Crescent Park Church Saturday night, May 8.

Phil Harguess, associate minister of the church, read the wedding ceremony.

Parents of the couple are Mr. and Mrs. James C. Cantrell of Littlefield and Mr. and Mrs. Oscar Boyd of Littlefield.

The bride was presented for marriage by her father. She wore a formal-length gown of Peau Satin and organza designed and fashioned by the groom's mother. The gown featured a V neckline trimmed in lace, long puffy sleeves, an empire bodice, A-line skirt and chapel-length train.

She carried a round bouquet of blue and white carnations

and baby's breath. In tradition, for "something old" she wore her great-grandmother's ruby ring, "something new" was her wedding gown, for "something borrowed" she wore her aunt's diamond necklace, and "something blue" was the traditional blue garter.

The church was decorated with arrangements of blue and white carnations and spiral candelabras with white candles.

Denise Bassett was maid of honor, Ouida Boyd and Donna Chandler, sisters of the groom, were bridesmaids.

The bride's attendants wore floor-length dresses with each being a different shade of blue. They carried colonial bouquets of Frenched blue and white carnations and baby's breath.

Tony Zahn served as best man. Elton Boyd and Sammy Boyd were the groomsmen and Gail Chandler and Wesley Cockerham were ushers.

Soloist Alvis Jones sang "The Twelfth of Never" and was accompanied by an A cappella choir from the Crescent Park Church of Christ for "There is Love" and the "Wedding Song."

The bride's mother wore a floor-length blue dress with a white carnation corsage. The groom's mother wore a floor-length blue and white dress with a white carnation corsage.

Following the ceremony, a reception was held in the Fellowship Hall of the Church. Sandy Stansell, Cindy McNeese, and Corrine Giles all of Littlefield served. Donna Mur-

ray registered guests from a round table covered with white lace cloth with bud vases holding blue carnations. La Donna Douglas, cousin of the bride, distributed the bowls of rice.

For a wedding trip to Amarillo, the bride chose a bright yellow pants suit.

The couple will be making their home at 910 W. First in Littlefield.

Carol D. Haire earns doctorate

Carol Diane Haire was awarded the degree of Doctor of Education in Texas Tech University commencement ceremonies in Lubbock on May 14 and 15.

She completed requirements for her doctoral degree

with a 4.0 (straight A) grade-point average. She was recently initiated into membership of the Honor Society of Phi Kappa Phi. This is the highest academic honor a Texas Tech graduate student can receive.

Dr. Haire received a Bachelor of Arts degree in speech pathology from Texas Tech University in December, 1970. In December, 1971, she received a Master of Arts degree in speech pathology from North Texas State University, Denton, where she had been awarded a university graduate fellowship.

She holds speech and hearing therapy, language and learning disabilities, educational diagnostician, and supervisor certification from the Texas Education Agency, and was granted the Certificate of Clinical Competence in Speech Pathology by the American Speech and Hearing Association.

While pursuing her doctoral studies, Dr. Haire was employed as a part-time instructor in the Texas Tech University College of Education. She has also been a speech pathologist for the Muleshoe Independent School District and the Cooke County Public Schools, Gainesville.

Her professional memberships include Phi Delta Kappa professional education fraternity, the American Speech and Hearing Association, the Texas Speech and Hearing Association, the Council for Exceptional Children, and the Division for Children with Communicative Disorders of the Council for Exceptional Children.

A 1967 graduate of Muleshoe High School, she is the daughter of Mr. and Mrs. Lloyd F. Haire of Muleshoe, formerly of Littlefield and Spade.

She was born in Littlefield in 1949, and attended the first grade at Spade Schools during the 1955-56 school year.

Dr. Haire now resides in Brownwood, where she has accepted a position on the faculty of Howard Payne University in the area of speech pathology and audiology.

LHS grads honored at party

Nineteen Seniors of Littlefield High School were honored with a back yard party at the Kenneth Ware home on Wednesday, May 5th. These are the young people who started Williams Kindergarten

together in 1963. "I remember", was repeated many times by the young people, their parents and their special guests, Joann and Doris Williams, who were

their kindergarten teachers. Many memories were kindled by a blown-up picture of their kindergarten graduation and an apple tree made by Carrie Ware.

Hamburgers, cold drinks, and special cakes were served to Felix Klein, Rick Bennett, Connie Black, Bill Turner, Rick Hopping, Brad Banner, Dean Walden, Dennis Johnson, Mike Williams, Steve Jackson, Lisa Garland, Jan Sisson, Carrie Ware, Sharla Birkelbach, the two Mrs. Williams, and parents, Mr. and Mrs. Kenneth Ware, Babe Banner, Otis Bennett, B. D. Garland, Jr., Doug Walden, Mitchell Sisson and Mrs. Dick Hopping.

Kyle Jones, Jan Jeffrey, Darla Aaron, Doug McDonald and Cindy Drake were unable to attend the party.

The Academy formerly was called the American Academy of General Practice.

The requirements call for members to complete a minimum of 150 hours of accredited continuing medical study

every three years. Members become eligible for reelection at the end of the third year following their election to membership.

The Academy, the country's second largest national medical association, is the only national medical group that requires members to keep up

with medical progress through continuing education.

The Academy, founded in 1947 and headquartered in Kansas City, Mo., was instrumental in the establishment of a new primary specialty in family practice in 1969.

The new specialty is expected

to increase the numbers of family physicians available to serve the public in the future.

The Academy's continuing education program is the foundation of eligibility for family doctors now in practice who apply for certification in the new specialty.

Pair attends library meet

Jo Ann Austin and Verna Carter attended a workshop in Lubbock May 5 at the George and Helen Mahon Library.

Mrs. Carter went as a lay delegate from the Lamb County Library.

A summary of a study of the Texas State Library system to be presented to the Legislature for approval was presented by Bill Gooch, assistant librarian from the Texas State Library in Austin. After much discussion, the matter was tabled until the next meeting, which will be in Seminole, Aug. 4. Attending that meeting will be Mrs. Jack Hicks and Mrs. Carter.

After the business meeting was concluded, representatives from each library were presented for the state board and voted on. Mrs. Bobbie Hicks from Brownfield was elected to serve as systems representative.

AUXILIARY officers were installed Thursday noon luncheon in the Willy Room by Billie Bass of Littlefield. From left to right: Billie Bass, president; Mary Alma Lockwood, vice president [represented here by Mrs. Porcher]; Leone Jones, recording secretary; Lucille Johnson, corresponding secretary; and Ruth Hinds, treasurer. [Staff Photo]

AWARDS were presented to members of the Auxiliary of Littlefield by Littlefield Hospital representative Douglas, left, and Ken Day, right. The awards were presented for recognition of hours donated to both hospitals, for serving as officers, attending board meetings, and state and district conventions. [Staff Photo]

CLEP test deadline May 28th

The deadline to take the June College Examination Program is May 28. The program is administered at South Plains College.

Students will be given June 15 for the SPC guidance and counseling staff. The program offers an opportunity to earn college credit by examination. These types of CLEP examinations—general examinations on measuring learning in five areas of basic liberal arts and subject exams, which measure achievement equal to that gained in specific undergraduate courses.

Students at SPC may become eligible for up to 18 semester hours of credit on the basis of CLEP subject exams. Except for satisfying the course-work-in-residence and the state mandated American History and American Government requirements, credit earned by examination is equivalent to credit earned by taking the course.

CLEP registration materials are available in the SPC guidance and counseling office.

located in the College Administration Building. For more information, contact either Don Melton, director of guidance and counseling or Sherley Foster, academic counselor, at 894-4921.

A SUBSTITUTE
In counting calories, substitute salad dressing for mayonnaise. Mayonnaise is 65 per cent fat, salad dressing is only 30 per cent fat.

MAKE FEWER TRIPS
Each trip to the grocery store means money spent for gas—and another opportunity to buy "extras" that catch the eye. Shop as infrequently as home storage facilities allow.

SCHOLARSHIPS from the Hospital Auxiliary of Littlefield were presented to Sharleta Ellis and Suzie Hill by Blanche Dodgen, center, Thursday noon. [Staff Photo]

Radiology course to begin June 3

Students planning to enroll this fall in the radiologic technology program at South Plains College are required to take an entrance examination, scheduled for June 3.

There is no fee for the exam, which will be given at 8:30 a.m. in the SPC guidance and counseling office.

"Even if the students are not sure whether or not they are going to enroll in the SPC program, they should take the test anyway," said Doyle Davis, coordinator of the radiologic technology program at SPC. "There is no obligation."

The six-hour aptitude exam will include aspects such as verbal reasoning, math, space relationships and deductive reasonings.

Prospective students also must have an interview with Davis as soon as possible so that their applications can be processed.

Students must be at least 18 years of age and have either a high school diploma or its equivalent to be eligible for the program.

Persons needing further information should contact either Davis or Frances Bly, SPC instructor in radiologic technology, at 894-4921, ext. 227.

Homemakers hold meeting

The Young Homemakers of Texas held their regular meeting Thursday night, May 13, in the Flame Room.

The guest speaker for the evening was "Pete" Peterman, who spoke on homemaking in the past and the beginning of Lamb County and the town of Littlefield.

After a short business meeting, a surprise Mexican Dinner was given in honor of Mary Harbin, who is moving to Houston the first of June. She was presented with a money tree as a going-away gift.

Those attending were guests, Mr. and Mrs. Peterman; a new member, Vanna Tidwell and other members, Mary Harbin, Linda Elms, Linda Harbin, Ellen Massengill, Janice McElroy, Bobby Magruder, Alice Potts and Janie Raney.

The next meeting will be May 27. Any interested area women are invited to attend.

Kindergarten, nursery school diplomas given

Williams Kindergarten and Nursery School held its annual Commencement and end of the year program at the Community Center Friday, May 7th.

Many parents, grandparents, other relatives and friends applauded the young nursery schoolers as they scratched the chicken pox, made a jumbo elephant, and sang songs about their school and fun times there.

The Kindergarteners sang, danced their special dances, and received their diplomas after they marched down the aisle in their graduation caps.

A Banker's Viewpoint...

The election year debate over this country's ability to defend itself against Russia has to be discounted, on both sides, for the political rhetoric it is.

Our country is neither as weak as critics claim nor as strong as the administration declares. Here are some comparisons between our lineup of major weapons and that of Russia:

At last count we had 1,054 intercontinental ballistic missiles to Russia's 1,600; 656 submarine launched ballistic missiles to 730 for the Soviets; 9,000 tanks to Russia's 42,000; and 6,000 units of artillery compared with Russia's 20,000. Our navy has 172 major warships against 229 for Russia, and 75 combat submarines to face Russia's 225. Russia thus outcounts us in all those categories.

We look slightly better in the air. We have 497 long range bombers to Russia's 160, but Russia has 10,500 other planes while we have only 6,800.

We have them totally outclassed in helicopters—9,000 choppers to 2,500 for Russia. Maybe if we could get a treaty banning all war except with helicopters, we could consider ourselves safe from threats.

But, seriously, lopsided though the figures are in Russia's favor, they don't tell the whole story. Both we and the Russians are undoubtedly hiding some secret gadgets that haven't yet been discovered by our "investigative reporters." Also, the cold arithmetic leaves out comparisons of quality, in both men and machines, that would be a big factor if a conflict should come.

The objectives and defense requirements of Russia and the United States are greatly different. We have no aggressive intentions or any nearby enemies, except for Cuba, which we needn't fear. Russia, on the other hand, is surrounded by fear and hate. With restive satellites on one side and Red China on the other, Russia has need for outsized tank and artillery forces to keep intimidation working. Our country would have no use for such an outlay of artillery and tanks. We would have no place to deploy them.

Yet that leaves us no room for complacency. We are growing weaker in comparison with Russia on items vital to our defense against Russian blackmail. We are letting the Russians move toward an advantage on the seas and perhaps in nuclear missiles.

We need not be fearful today. We have the hardware to forestall an attack from any source. No attack, therefore, need be feared.

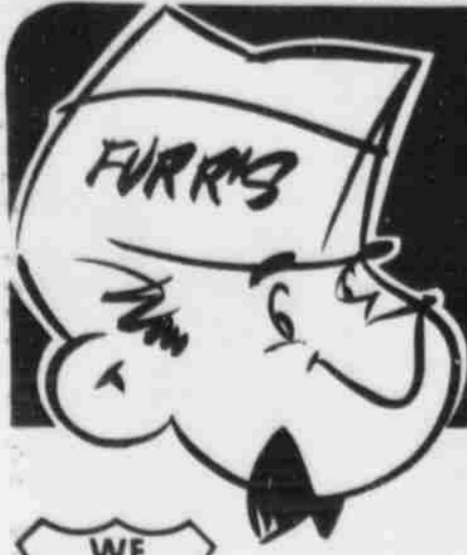

But it takes years to design and develop modern weapons. Russia is much busier at the job, and spending more money on it, than we are.

So we must not permit our politicians to rob our military preparedness in order to finance vote-getting schemes.

Youth Choir Festival slated at Glorieta

The 1976 summer season at Glorieta Baptist Conference Center officially begins with the SBC Youth Choir Festival, June 1-4.

Directed by William J. Reynolds, secretary, church music department of the Southern Baptist Sunday School Board, the convention-wide festival features a parade of participating choirs as well as presentations by a combined festival choir.

Worship experiences for the festival will be led by Nathan Porter, pastor, First Baptist Church, Arkadelphia, Ark. James D. Woodward is the choral director for the week. Woodward is dean, Warren M. Angell College of Fine Arts, Oklahoma Baptist University, Shawnee.

The parade of choirs, to be climaxed June 4 by awards to the "Most Outstanding" choir in each of three categories,

will take place daily. Judging is optional, but a choir is eligible for the "Most Outstanding" trophy only if it has been evaluated throughout the sessions.

Additional opportunities for youth during the four days include prayer retreats, a talent show and music by the festival choir.

Conference activities begin Tuesday afternoon with registration and conclude Friday noon with awards and worship.

Glorieta Baptist Conference Center, located 20 miles east of Santa Fe, is a year-round Christian retreat owned and operated by the Southern Baptist Sunday School Board, Nashville, Tenn.

The Promises Of God

By CARL F. KASTEN

"For the Lord God is a sun and shield: The Lord will give grace and glory: No good thing will he withhold from them that walk uprightly. Psalm 84:11

The Bible assures us in many ways that our Heavenly Father, who is infinite in goodness, wisdom, and power, loves us with an everlasting love. We can be confident, therefore, that He will give us only those things that are good for us. How wonderful it would be if every believer accepted this truth with childlike trust.

A small boy had spent a day in the hospital undergoing a series of unpleasant tests. There were more to follow. That night when his parents had to leave him, he began to cry. The father took the sobbing child into his arms and said, "Bobby, you must stay here a little while longer so that the doctors and nurses can help you.

We wouldn't leave if we didn't know it was for your good. Mother and Daddy love you! You know that, don't you?" Comforted by those assuring words, the boy stopped crying and said goodnight.

What a beautiful picture this is of God's relationship to us! We cannot always understand His reasons for permitting suffering and trials to come into our lives. Sometimes it may even appear that He doesn't hear our prayers.

But we can have peace by trusting Him with a childlike faith. Through His Word and the Holy Spirit, the Heavenly Father tells us, "I love you! You know that, don't you? I wouldn't have given My Son to die on the cross for you if I didn't."

Thought: Don't judge God's love by your perplexities, but by His Promises.—Daily Bread

Methodists to convene at Baptist encampment

In an unprecedented move the Northwest Texas and New Mexico Annual Conferences of the United Methodist Church will meet in joint session, May 25-28, at the Glorieta Baptist Conference Center.

Bishop Alsie H. Carleton, the bishop of both annual conferences, will preside over the four-day session which will carry a Bicentennial emphasis on America and United Methodism.

United Methodists from more than 355 churches of

both conferences will gather for the opening session Tuesday, May 25, at 9 a.m. in the Main Auditorium. "This is a natural time for a joint session of the two conferences," said Dr. Darris Egger, a member of the Northwest Texas Conference staff in Lubbock.

"Both conferences have the same bishop and border on each other. In addition, we can celebrate the American Bicentennial and plan our bicentennial of United Methodism which will take place in 1984."

The giving and receiving of pastoral appointments is scheduled for Tuesday evening, immediately following a special historical presentation on the Northwest Texas Annual Conference by Dr. Robert Monk, professor of religion at McMurry College in Abilene.

Each conference will provide a "guest" preacher. Clifford Trotter, pastor of Folk Street UMC in Amarillo, will deliver the morning sermon Wednesday, and Dr. Harry Vanderpool of Central United

Methodist Church in Albuquerque, will preach Thursday morning.

Trotter is completing his first year in Amarillo and Dr. Vanderpool is finishing his sixth year in Albuquerque.

Dr. Bervin Caswell, District Superintendent of the Albuquerque District, is serving as host DS, and Rev. William McReynolds of Dumas First UMC will be the host pastor.

Dr. David Blackburn, Chairman Division of Fine and Applied Arts at McMurry Col-

lege, will be the conference song leader.

Business sessions are scheduled for Tuesday afternoon, Wednesday morning and afternoon and Thursday morning and afternoon.

Retiring ministers will be honored during Tuesday afternoon's business session.

Ordination services for deacons and elders will be held Wednesday evening, following the worship service which will feature the "History of New Mexico Conference."

The joint session will be climaxed by a special pageant entitled "A New Kind of Freedom" directed by Dr. Blackburn and Miss Donna Dorsett, also from McMurry. It will consist of music and drama groups from McMurry College. The pageant is slated for 7:30 p.m. Thursday in the Main Auditorium.

Little Dribblers end soon Champs crowned in three divisions

The Littlefield girls' Little Dribblers finished up their season last night with the final tournament games in three divisions.

In the senior league, the Blue Angels, who won the regular season title, took on the Comic Strippers in the tourney final.

The Tenpins and Trimmers battled it out for the major league crown, while the Real

Estaters played the winner of the TV Bugs-Little Lambs game for the minor league championship.

The week-long tournament started Monday after the conclusion of the regular season.

In the senior division, the Comic Strippers reached the finals by blasting the Blimps 36-22 Tuesday.

The winners exploded for 14 points in the fourth period to

lock up the win. Jamie Lee's 17 points were high for the game.

The Blimps, who got off to a slow start by not scoring in the first quarter, got nine points from Gloria Brockington.

The Blue Angels dropped the Fashionettes 31-18 Thursday in the other semi-final. A 13-point third quarter paved the way.

Bridgett Twitty paced the winners with 11, while Sally Wilkinson and Cindy Klein popped in seven apiece for the Fashionettes.

In major league play, the Trimmers got only one point in the final stanza but held on to edge the Phillis 23-22 Monday.

The Phillis scored six in the last quarter, but could never get the lead.

Lynette Spencer poured in 11 points for the Trimmers,

while Shayla Bridwell's 10 points led the losers.

In a Tuesday semi-final game, the Trimmers clipped the Barberettes 26-14. Fourteen points in the third quarter built the margin to 21-8 and put the game out of reach.

Vicki Tunnell of the Trimmers has 15 points. Tanya Mills got six for the losers.

The Tenpins held on for dear life in the other Tuesday game, and escaped with a 21-20 win over the Chargers.

They trailed 6-2 and 8-12 at the end of the first two quarters, before finally going ahead to stay after three, 16-14.

Russell Giles ripped the nets for 15 points, and Pamela Williams of the Chargers countered with 13.

The Tenpins reached the finals with a 23-20 win over the Dudes.

Miss Giles again led all scorers, this time with 17. Lynn Jaquess notched 10 for the Dudes.

The Real Estaters hammered the Bell Ringers 21-11 Monday in a minor league semi-final. After trailing 6-5 at the half, the Real Estaters jumped to a 15-8 lead and never gave it up.

Rachel Gonzales had 12 points to lead the winners. Deanna Favor paced the losers with four.

In the other Monday game, the Little Lambs stopped the Little Deeres 24-23.

The game was close all the way. The scores at the end of the quarter were 4-7, 12-11 and 18-17.

Betty Ann Dancer's 14 points led the Lambs, while Vivian Cooper and Monique Pace had six each for the Deeres.

Birkelbach in front

Birkelbach has jumped out to an early lead in Littlefield league baseball by piloting three straight wins.

With the season already two weeks old, Birkelbach has scored victories over WOW 14-4, over Fire Department 11-4 and over Rotary 15-4.

Second place so far is Co. Electric with two wins and one loss. The Fire-Deers are alone in third at 1-1. WOW and Rotary are tied fourth at 1-2. Lions is in with two losses.

James Randell slugged a two-run homer in the bottom

of the third inning Tuesday night and was the winning pitcher as the Electricians shorted WOW 4-2.

Randell's blast gave Lamb Co. Electric a 4-0 lead, and the Woodmen couldn't get a rally going. They scored two in the fifth but were unable to get a run across in the sixth.

Randell also hit a double. Chris Merrifield was the big gun for the winners with a double and two singles. Jimmy Sexton clipped two singles.

Randy Healy's two doubles paced the Woodmen. George Brockington slapped two singles and Scott Lewis

doubled. Birkelbach 15, Rotary 4

Birkelbach made it three in a row Thursday by exploding for seven runs in the fourth inning and walking over Rotary 15-4.

Bobby Martinez slammed a homer and two singles to back up Ronnie Smith's five-hit pitching. Mike Williams and David Medina added a triple and single each.

Rotary, which scored all its runs in the third inning, got a double and a single from Beatle Anzaldua. Steven Tisdale, Pat Torres and Raymond Sierra each hit a single.

Fireballs disarm Rockets in Pee Wees

The Fireballs popped the Rockets 15-10 Thursday night to take the Littlefield Pee Wee league lead after the first week of games.

Combined with its 10-7 win over the Roadrunners on opening day, the Fireballs are now 2-0.

At 1-0 are the Pioneers and the Lions, and those two met Friday night in what should have been one of the biggest games of the year.

Lions 19, Tigers 13

Every Lion player got hits Tuesday night in a 19-3 shellacking of the Tigers.

Blake Dalton got the win by allowing only three hits.

Jerry Eddings, Dale Duke and Bradley Palmer each got hits for the Tigers. Chris Martinez was the losing pitcher.

Pioneers 11, Alley Cats 4

The Pioneers held the Alley Cats scoreless in the last three innings Tuesday to take an 11-4 win.

A five-run Pioneer rally in the fourth inning sealed the victory.

Lloyd Champion was the winner. Darrell Horne had a triple and single, and Steve Castillo punched three singles.

Kindell Kirkendall had a double for the losers.

Fireballs 15, Rockets 4

Turkey season set in Texas

Hunters in portions of Tyler and Polk Counties will be able to participate in a nine-day turkey gobbler season in 1977, the first time in 36 years that eastern turkeys legally may be hunted in East Texas.

The once-plentiful turkeys now have been returned to huntable levels in these two counties by restocking efforts begun in 1963 by the Texas Parks and Wildlife Department.

"Back in the 1800s these birds were plentiful in deep East Texas, but by the 1930s they became scarce," said Horace Gore, P&WD upland game program leader. He attributed the decline in turkey populations to land-use changes brought about by farming and timber cutting. Gore added that illegal hunting also may have contributed to the general decline.

"A major push to restock eastern turkeys began in 1969, when the lower Neches River bottom was stocked with 14 wild-trapped birds from Florida," Gore said.

In 1963 and 1964, 25 more Florida birds were released in Tyler County.

These birds formed the brood stock which produced the huntable population for the spring 1977 hunt, Gore said.

The nine-day season, to run April 16-24, will encompass a 36-square-mile area of northwest Tyler and northeast Polk Counties, south of the Angulina River.

"We expect a low percentage of hunter success due to the wildness of the bird, but we do expect much hunter participation for the nine-day season," Gore said.

Turkeys have increased to the point where 32 birds have been trapped in Tyler County for restocking in other areas of the county, as well as in Hardin, Polk and Newton Counties. It is hoped these restocking efforts will produce a huntable population in the future.

FRANK LUIS takes a big cut and gets a piece of the ball Thursday in the opening minor league game of the season. Lewis had three hits for Leader-News in the game, which ended in a tie with Carlisle-Oldham. [Staff Photo]

Elementary holds meet

The Littlefield Elementary II students held their annual track meet Friday afternoon at Wildcat Stadium, and the competition between rooms was as fierce as ever.

Nearly every student took part in the competition, which included four dashes, a 440-relay, a shot put for the boys and a softball throw for the girls.

In the sixth grade, Davidson's room won the boys' division while Burnett's class took the girls' crown.

The Barton fifth graders ran away with the other boys' title, and the girls of Mrs. McBride won their competition.

There will be an assembly Monday morning in which winners and scorers in each event will receive ribbons.

Hopping fourth

Rick Hopping, Littlefield's ace weightman, twirled the discus 158-9 Friday in Austin to place fourth in the state AA track meet.

Hopping, the district champion in both the discus and shot put, was in the state meet

for the first time, and finished behind a near record effort.

The winner of the event got off a throw of 175-9, only two inches off the state AA record.

Hopping finished second in the discus in regional competition to make the state meet. He came in third in the shot.

Boat titling controversial

Response to the new boat law has exceeded Texas and Wildlife Department expectations and created problems with inquiries, and the department is receiving some pieces of mail daily in response to boat registration.

is optional at the individual's request.

Many have found the law confusing and have not sent in the correct documents and fees. Numerous applications have been returned for more information.

Game wardens will be more lenient about expired registrations as a temporary measure. They accept cancelled checks and money order stubs as proof the boat operator has sent a renewal to the department within a reasonable time. If the boater does not have proof with him and receives a citation, it can be dismissed

with evidence that the boater has mailed application and fee in good faith.

Minor league opens with 10-10 deadlock

Leader-News and Carlisle-Oldham got the Littlefield minor league baseball season off to a slow start Thursday as the two wound up in a 10-10 tie.

After falling behind 5-2 after two innings, the Newsmen

pushed across five runs in the top of the third to take a two-run lead. But Carlisle-Oldham came right back with five scores of its own to move ahead 10-7.

Three L-N runs in the top of the fourth tied it, but Carlisle-Oldham couldn't score in their half of the inning and the game was called.

Cliff Davis pitched for C-O and joined Orville Haynes with three singles. Ferrante Lewis cracked a double and two singles.

Rudy Espinosa and pitcher Freddie Hernandez knocked a double and single each for the Newsmen. George Medina tripled.

Taco tops Bankers

The Littlefield Junior Babe Ruth season got underway Thursday as Tasty Taco walloped Security State 15-8 behind the two-hit pitching of Jr. Sierra.

Taco used outbursts of four and five runs in the last two innings to pull away and ice the victory.

Sierra aided his own cause by slapping a double and two singles. Henry Huey and Tommy Williams each added a double and single, while Noe Rangel ripped two singles.

Danny Morgan got the only Banker hits, both singles.

June ACT set before May 17

Application for the June American College Test (ACT) given at South Plains College must be completed by May 17.

The ACT exam, one of the entrance requirements for many colleges and universities, will be given at 8 a.m. June 12 in the SPC Physical Sciences Building. This is the last ACT test scheduled for the current school year. Test fee is \$7.50.

Application forms are available both in the SPC guidance and counseling office and at all high school counseling offices. Completed registration packets should be mailed to ACT Registration, P. O. Box 414, Iowa City, Iowa 52240.

For more information, contact the office of Don Melton, director of guidance and counseling, or Sherley Foster, academic counselor, at 894-4291.

Birch L. Lobban, assistant county agent for the Texas Agricultural Extension Service, says that one of the most serious diseases carried by mosquitoes is equine encephalitis, or sleeping sickness.

There are three kinds of equine encephalitis—western (WEE), eastern (EEE) and Venezuelan (VEE). Eastern and western encephalitis are the most common.

In 1975, 674 cases of WEE and 55 cases of EEE were diagnosed by U. S. Department of Agriculture laboratories. Also, an addition 105 cases of WEE and 40 cases of EEE were diagnosed by state and public health labs. VEE was a problem in Texas in 1971, but since that time no cases have been diagnosed in the U.S.

VEE has a complex natural history with many hosts and it is not known which of these hosts may exist and harbor the

virus in Mexico or in the U.S. Since the virtual disappearance of the disease, vaccination against it has declined considerably, notes Lobban.

Therefore, if the virus were to re-enter this country, it could spread rapidly since most of the horse population is not vaccinated against it.

Lobban encourages horse owners to have their horses vaccinated for all three types of equine encephalitis as soon as possible. "Taking the time now to have your horses vaccinated can save a lot of heartbreak in the future," he advised.

Bula News

MR. AND MRS. C. A. Williams enjoyed having her nephew and family, Mr. and Mrs. Arthur Benard Swanner of Corpus Christi, visit a few days this week with them.

BULA NEWS

MRS. EARL SHIELDS and daughter, Patrice of Lelia Lake, spent Mother's Day with her mother, Mrs. Lorilla Jones, and were guests at the Church of Christ Sunday morning.

JERRY SOWDER, son of Mr. and Mrs. Bill Sowder of Bula, was a member of the graduation class for South Plains Junior College, Friday morning. Jerry graduated with honors in the field of Agri Technology. Attending the graduation exercises were his parents, Mr. and Mrs. Sowder, Mrs. Pat Risinger and Terry Sowder.

REV. CARLTON Thomson, district superintendent from Plainview, was guest speaker Sunday morning at the Bula Methodist Church. Following the morning service, a lunch was served in the fellowship hall of the church by women of the church.

ENJOYING Mother's Day together at the Medlin home were her parents, Mr. and Mrs. Brewer Gage and Dot of Littlefield, Mr. and Mrs. Glen Slayter and children, Shelly and Greg of Friona, and Mrs. Rocky Dewbre and son, Michael of Morton.

DINNER GUESTS Sunday with the James Sinclairs were Dr. Strauss Atkinson and wife, Baptist area missionary for the Caprock Plains area. They live in Plainview.

THE KINDERGARTEN class of the Three Way school held their graduation Wednesday afternoon. After a short program given by the students, certificates were presented to the Headstart children and diplomas to the kindergarten children. Mothers of the children were guests. The teacher is Miss Patti Rhodes, who is assisted by Mrs. Rita Colobrica.

MR. AND MRS. Kenny Coats and children, Mr. and Mrs. Keith Coats all from Levelland and Mr. and Mrs. Robert Jones and son, Kristopher from Clovis all visited their parents, Mr. and Mrs. Kenneth Coats last weekend.

MRS. R. C. McCormick, Mrs. Clyde McCormick and Mr. and Mrs. Dennie Pickle and little son, Brian, all of Clovis came to Three Way School Wednesday morning to attend the graduation ceremony for the Kindergarten class. Little Cornell McCormick was one of the graduates.

MRS. WINNIE BYARS had her daughter and family, the Jack Parris of Lubbock, visiting recently. Scott and Alice Byars, children of Tom Byars, stayed with their grandmother (Winnie Byars) several days.

MR. AND MRS. Nolan Harlan and son, John David, met with her mother, Mrs. Mary Britt of Amherst, and other relatives at the home of Mr. and Mrs. Roger Britt of Amherst for a Mother's Day get-together and fish fry Saturday evening. Others to be with them were Wade Britt of Lovington, Mr. and Mrs. Don Britt of Slaton, Adele Cole of Carlsbad, N.M. and Mr. and Mrs. Rhodney Marshall of Whitharral.

ADELE COLE has recently returned from a five weeks' tour of Africa. She visited a nephew and family, Mr. and Mrs. Don Britt and children at Nairobi, Kenya, Africa, (eastern part). She had many interesting thoughts concerning her trip to share with them.

MR. AND MRS. Paul Young and Mr. and Mrs. Guy Sanders spent a few days recently fishing at Lake Kemp, where the Sanders have a cabin. They reported every part of nature certainly had its beautiful garments of spring on.

THE THREE WAY School senior class was honored by the school faculty with a steak supper Friday evening at the La Villa Steak House in Clovis. Other than members of the senior class, were the faculty and their spouses, and school board members and their wives. Both boys and girls were presented gifts of silver and turquoise necklaces from the faculty.

MR. AND MRS. James Sinclair and Mr. and Mrs. Joel Sinclair and daughter, Brooke, visited Saturday afternoon in Plainview with James' mother, Mrs. Irene Sinclair.

MR. AND MRS. Ray Kennison and girls, Kim and Dusty of Olton, spent Sunday afternoon with her parents, the Tom Bogards.

WHAT QUALIFICATIONS DO YOU HAVE?

This story, which conveys a moral, is about a church seeking a new minister. One day the pulpit committee received this letter:

"Gentlemen: Understanding that you need a preacher, I would like to apply for the position. I have many qualifications that I think you would appreciate. I have been blessed to preach with power and have had some success as a writer.

"Some say that I am a good organizer. I have been a leader in most places I have gone. Some folks, however, have some things against me. I am over 50 years of age. I have never preached in one place more than three years at a time. In some places I have left town after my work caused riots and disturbances. I have to admit that I have been in jail three or four times, but not because of my wrong-doing.

"My health is not good though I get a good bit done. I have had to work at my trade in order to pay my way. The churches I have preached at have been small though located in several large cities.

"I have not gotten along too well with the religious leaders in different towns where I have preached and I am sure they would not recommend me. In fact, some of them have threatened me, taking me to court, and even attacked me physically.

"I am not good at keeping records. I have even been known to forget those whom I have baptized. However, if you can use me, I will do my best for you, even if I have to work for my support."

The congregation found the application an insult to their fine, upstanding members. One of them did ask the preacher's name. The elder replied, "The Apostle Paul."

Harrington Station nearing completion

Southwestern Public Service Company's new Harrington Station northeast of Amarillo, is nearing completion, and it will be the first SPS generating plant to use coal as its primary fuel.

The coal that will be used in the plant is low-sulphur western coal mined and brought in by unit train from Gillette, Wyoming. The trains have about 110 cars designed and built specifically to haul coal. Each unit train brings about 10,000 tons of coal to the plant on a twice-a-week schedule.

Southwestern's system chemistry laboratory has recently been enlarged and expanded to provide a complete facility for analyzing and testing coal.

The lab, located at the Nichols Station plant one mile south of the new Harrington Station, takes coal samples for testing and analyzing from two different sources.

The first source is at the mine site where the coal is being loaded into the unit train. The purpose of the tests of this sample is to assure SPS that it is getting the kind of quality of coal for which it is paying. The lab analyzes the moisture content, the percent ash, the percent volatile and most important, the heat value or the BTU content of the coal.

While the price of coal is generally expressed in terms of dollars per ton, Southwestern actually buys the coal on a BTU per ton basis. In other words, it's the amount of energy in the coal that determines its value.

The second source of sam-

ples of coal for testing is from the conveyor belt at the power plant where the coal is being moved from the crusher house to the bunker or storage silo. This sample is primary for operational control. Immediate results indicate the kind of coal that is being fed into the boiler at that particular time.

Testing and analysis of coal in the SPS system lab starts with the preparation of the coal sample. The coal is pured into a pulverizer and ground to a very fine powder-like consistency.

The first analysis is to determine the heat value or the BTU content. This is done in a laboratory apparatus called an Adiabatic Calorimeter. It measures the rise in temperature of a water bath caused by the heat generated when the coal sample is burned in an atmosphere of pure oxygen. The rise in temperature is compared to the rise experienced when a material is burned that has a known BTU content or is considered a standard. This comparison gives the BTU content or heat value of the sample.

The BTU content of the coal SPS is receiving from the mines in Wyoming will average about 8,700 per ton.

The test is computer programmed and a digital thermometer records the temperature rise as the sample burns while a digital printer records the results on tape.

The next test is to determine the percent of volatile elements in the coal—primarily the amount of hydro-carbons and

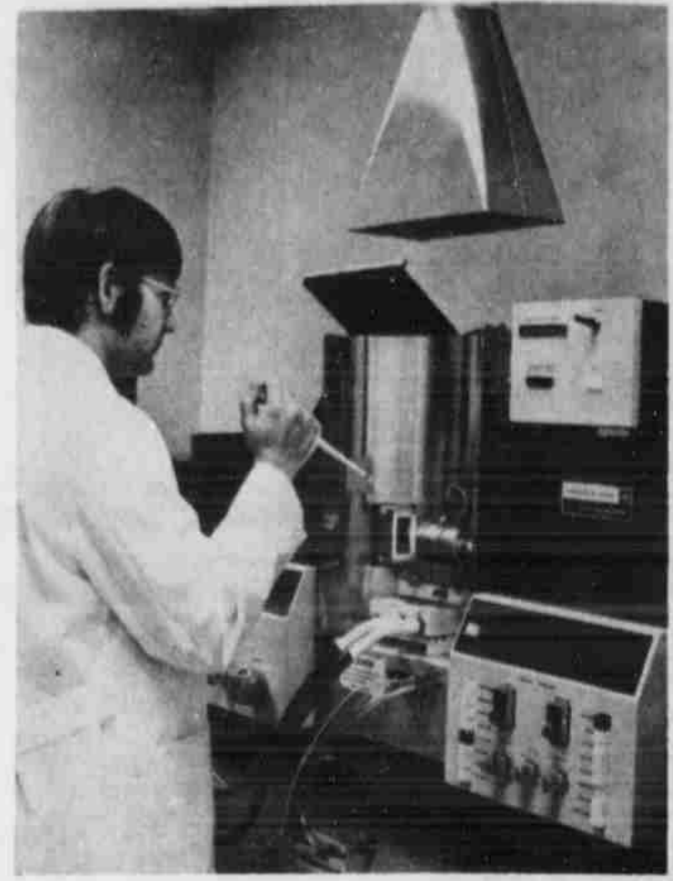

fixed carbon in the sample. A weighed sample is placed in a crucible and placed in a 555 degree C. electric furnace for six minutes to remove the moisture. The sample is then placed in a second oven for an additional six minutes at 950 degrees C. Then the sample is weighed and the weight loss represents the amount of percent of volatile materials.

Another important aspect of the coal that must be determined in the laboratory is the percent of ash it contains. To make this test, the sample is placed in a 750 degree C. furnace equipped with forced air. Complete combustion is attained in this analysis and all that remains is the ash—oxides of iron, aluminum, silica, calcium and magnesium.

The coal that SPS is receiving for use at Harrington Station has approximately five percent ash. This means that in every 100 ton car of coal there will be about five tons of ash. The 350,000 kilowatt unit at the new plant will use about 1-million tons of coal per year, leaving about 50,000 tons of fly ash.

Southwestern Public Service Company engineers are now looking at various markets and uses for the fly ash. It is particularly suited for use as a roadbed material, as an additive for concrete mixes and for landfill uses.

When coal is burned in a boiler, it is necessary to know the fusibility or melting point of the ash. At certain temperatures, the ash begins to form slag inside the boiler and on the outside of the boiler tubes. This can eventually cause major problems in the boiler and

lead to a complete shut-down for cleaning and repairs.

To determine the fusibility of ash, the sample is shaped into a cone and heated in an ash fusion furnace. By viewing the sample through an optical pyrometer, a device for measuring the temperature of glowing objects, the melting point can be determined.

The temperature in the boiler is kept just below this melting point, thus preventing the formation of slag and damage to the boiler.

Since the fly ash will be sold for other uses, it is important

that an analysis be made to determine the percent of trace materials it contains. Trace materials include such metals as lead and arsenic that have a potential of being harmful to the environment. These tests make sure that the fly ash will not contaminate the water strata or nearby lakes and streams when used for commercial purposes.

The percent of trace metals in the coal sample are determined by the use of an atomic absorption spectrophotometer. The sample is burned in a graphite furnace.

Irrigation meet set

When are you going to water your corn? Wheat? Cotton? or cotton? How much water is needed to get maximum profit?

These questions and others will be answered at an upcoming irrigation meeting to be held on Monday, May 24 at 8:30 p.m. at the Muleshoe City Hall Chambers.

This educational meeting is being sponsored by the cultural Committee of the Muleshoe Chamber of Commerce and the Texas Cultural Extension Service. Speakers and topics for the event will be:

Marvin Sartin - Irrigation Specialist, Texas Agricultural Extension Service at Lubbock. "Water Requirements for Corn, Cotton, Grain Sorghum and Alfalfa"

Wayne Keese - Irrigation Specialist, Texas Agricultural Extension Service at Lubbock. "Irrigation Management Services"

The planning committee for this meeting feels that a very timely event and one should provide the latest information on irrigation to the general public. For additional information needed, contact the Cultural Extension Office in Muleshoe.
