City Council Approves Budget Of \$749,031

City Councilmen approved a budget of \$749,031 for fiscal year 1972-73 and an ordinance to accept the tax rate to fund the budget. The council also discussed the proposed rate increase, and heard testimony from the Community Development Committee during their session Thursday night.

revenues in balance with estimated expenses, with no increase in ad valorem tax rate or service charges."

In the program commentary, Bradley revealed "anticipated revenues include: general fund, \$336,291; water and sewer fund, \$234,025; and revenue to the general obligation interest and sinking fund, \$90,057; added to cash on hand estimated at \$88,658, provide a total of \$749,031 available for the fiscal year.

"Estimated expenditures include: operational funds-general fund, \$443,253

and water and sewer fund, \$148,104; debt retirement expenses-general obligation interest and sinking fund, \$90,102; water and sewer revenue bond interest and sinking fund, \$67,974; yielding a total of \$739,433 estimated expenses for 1972-73.

Bradley continued, "The anticipated revenues, less estimated expenditures allow a contingency of only \$9,598."

"Although this budget is very close from a financial standpoint, there are several major accomplishments possible. Among the highlights of the

1972-73 budget are provisions for salary and fringe benefit increases, street seal coating, operation and some development for Bull Lake, fire station and city hall renovation, replacement of five vehicles, moving the sanitary landfill operation, payment on the 951 Caterpillar, additional small equipment, and the updating of sewer lines, water lines and water meters.

"The efforts of the mayor and city council are most sincerely appreciated by the employees of the city of Littlefield and we hereby pledge our continued

efforts to provide Littlefield with a system of efficient and effective municipal services for the fiscal year 1972-73," Bradley concluded in the program commentary.

The 1972 tax roll, based on approximately 2/3 percent of the appraisal of current market value effective Jan. 1, 1972, reflects a total of \$17,129,632. The assessed value on real estate is \$13,796,093; on personal property, \$3,117,329; and on minerals, \$216,210.

Jim Ford, city tax assessor-collector stated, "The tax rate will remain at

\$1.29 per \$100 assessed value".

Six members of the Community Improvement Committee appeared before the councilmen to present nine recommendations for consideration.

Councilmen decided to draw up an ordinance in compliance with new state laws enabling the city to remove abandoned vehicles from the city, and councilmen are considering several other items mentioned during the hearing.

Rad Richardson, district manager for General Telephone, appeared before the councilmen to discuss General Telephone's request for a rate increase.

Following a long discussion, councilmen decided to call for information from the company for a thorough study.

Some councilmen felt the city should make an offer as to the amount of increase, but further discussion brought about a decision to call for statistics for a study.

Absentee voting by mail and by personal appearance in the Lamb County

Clerk's office is expected to be heavy for the General Election to be held Nov. 7.

'Concerned Citizens' To Hear TANE Speaker

The "Concerned Citizens" of Littlefield will meet today at 2:30 in the Missionary Baptist Church, located at XIT Drive and 8th Street.

R. R. Holton, associate executive director of TANE (Texas Alcohol and Narcotics Education) will speak and present statistics concerning the liquor issue throughout the state of Texas.

He will assist the organization in

All interested citizens are urged to be present, according to the chairman, Rev. J. B. Cagle.

Fly-In Breakfast Scheduled

The second Fly-In Breakfast will be held this morning from 7 to 10 a. m. at the Littlefield Municipal Airport.

The Littlefield Chamber of Commerce will serve breakfast to all fly-in's during that time, and local flying enthusiasts are invited to greet the guests.

Three twin engine planes used in the

Hail Suppression program in Lamb, Hale and portions of other adjoining counties, will be on exhibit during the breakfast, and the pilots which have flown the planes during the three-year weather modification program will explain the program.

Pilots may radio by Unicom for landing instructions on two paved runways.

Rabies Case Is Reported

A definite case of rabies has been discovered in Littlefield.

A leather wing bat attacked two puppies belonging to Pete Shipley at 108 E. 23rd this week. Shipley grabbed the wings of the bat as one of the pups ran howling to him. Shipley put the bat in a jar and took it to Dr. Howard Head.

The bat was sent to the state laboratory and the diagnosis was that the bat was positively rabid.

The two puppies were destroyed.

An elderly woman at Spade was bitten by a skunk last week.

Mrs. W. F. Adams, who lives about six miles east of Spade, was out in her garden and a skunk ran out of some high weeds and bit her. She will have to take rabies shots because the skunk couldn't be located.

Dr. Head said skunks are the prime carriers of rabies, and that rabid skunks go out looking for animals to attack.

Several bats are believed to be in the Littlefield area. The veterinarian said ordinarily a rabid bat does not attack domestic animals, but that when they get down sick and weak they will attack a dog, cat or anything that bothers them.

Applications to vote by mail in the General Election are now being accepted in the County Clerk's office, but the ballots will not be mailed until Oct. 18, the same day that a qualified voter may vote absentee by personal appearance at the County Clerk's office.

Each year the Texas absentee voting laws become more complicated, according to Mary Beth Willey, county clerk. "In most cases, when a person qualifies to vote absentee by mail, voting material must go through the mail four different times before their ballot is finally placed in the ballot box," she emphasized.

Voters who are in one of the categories listed and wish to vote absentee by mail are urged to contact the County Clerk's office now.

Article 5.05 of the Texas Election Laws reads as follows:

Subdivision 1. Any qualified voter of this state who expects to be absent from the county of his residence on the day of the election, or who because of sickness, physical disability, or religious belief cannot appear at the polling place in the election precinct of his residence on the day of the election may cause his vote to be cast at any election held in this state by compliance with the applicable method herein provided for absentee voting.

Absentee voting shall be conducted by two methods: (1) voting by personal appearance at the clerk's office (starting Oct. 18) and (2) voting by mail (applications being accepted now but ballots will not be mailed until the first day of absentee voting, Oct. 18).

THE FOLLOWING, AND NO OTHER, MAY VOTE BY MAIL:

(A) Qualified voters who because of sickness or physical disability cannot appear at the polling place on the day of the election may vote absentee by mail.

The application for an absentee ballot shall be made not more than sixty days before the day of the election. It must be mailed to the clerk, and the clerk shall preserve the envelope in which it is received.

If the application is delivered to the clerk by any method other than by mailing, the ballot shall be void and shall not be counted. The voter shall state in his application the address to which the ballot is to be mailed to him, which must be either his permanent residence address or the address at which he is temporarily living.

If the ground of application is sickness or physical disability by reason of which the voter cannot appear at the polling place, a certificate, contained in the application, of a duly licensed physician, chiropractor, or Christian Science practitioner certifying to such sickness or physical disability must accompany the application.

After the County Clerk's office receives an application and all the requirements are met, the County Clerk shall mail a ballot to the voter and if the ballot is furnished to the voter by any method other than by mailing, the ballot shall be void and shall not be counted.

(B) Qualified voters who, before the beginning of the period for absentee voting, make application for an absentee ballot on the ground of expected absence from the county of their residence on election day, and who expect to be absent from the county during the clerk's regular office hours for the entire period of absentee voting may vote absentee by mail.

The voter must state in his application that he expects to be absent from the county of his residence on election day and during the clerk's regular office hours for the entire period for absentee voting.

The application shall be made not more than sixty days before the day of the election, and may be mailed to the clerk or delivered to him by the voter in person, but the clerk shall not furnish a ballot to the voter by any method other than by mailing it to him.

Applications made may be mailed either from within or without the county of the voter's residence, but in every case the ballot must be mailed to the voter at an address outside the county.

Boosters Meet

The Littlefield Band Booster Club will meet Monday, Sept. 25, in the Wildcat band hall at 7:30 p.m.

Parents and friends of all of the Littlefield school bands are invited to be present. Plans for the different projects will be announced for this school year.

The purpose of the Littlefield Band Boosters is to boost the band program in the school system and assist the bands financially in instances when needed.

During this current year, the Booster Club has purchased two marching drums that were needed so that the Junior High and Wildcat bands would not have to carry drums from one school to the other for practice and performance.

A marching baritone was purchased for the Wildcat Band.

Plans call for the purchase of a cabinet for the Junior High band to store expensive recording equipment in, and the provision of four scholarships for high school and junior high band students.

College Sets Enrollment Record

Wayland Baptist College has set an all-time record enrollment this fall and accomplished an almost unbelievable feat for any college, especially a private one. Wayland shows a 22 per cent increase over last year.

Final registration for the fall stands at 932 compared with 761 last fall. The previous record was set in 1965 when the final total was 780.

Though final geographical breakdowns are not complete, there are at least 31 states and 6 foreign countries represented in the present student body of the 932 students, around 700 are from Texas.

New Mexico contributes 95 students to the total, Colorado 38 and Oklahoma 22. Eight students come from California, six from Alaska and five from Indiana. There are four students from Montana and Ohio, and three from Illinois, Kentucky, Missouri and New York.

States contributing two students each include Arizona, Idaho, Iowa, Louisiana, Michigan, Oregon and Wyoming. States listed by only one student as home include Alabama, Arkansas, Georgia, Hawaii, Nebraska, Nevada, North Carolina, North Dakota, South Dakota, Washington and Wisconsin.

Foreign countries listed include Africa, Israel, Japan, Lebanon, Nigeria and Canal Zone.

CITIZENS FOR PROGRESS WHY DON'T YOU PRESENT THE FACTS?

DOES SIGNING A PETITION COMMIT A CITIZEN TO ANYTHING?

THE TRUTH IS THE PETITION READS: "IT IS THE HOPE, PURPOSE, AND INTENT OF THE APPLICANTS WHOSE SIGNATURES APPEAR HEREON TO SEE LEGALIZED THE SALE OF ALCOHOLIC BEVERAGES REFERRED TO THE ISSUE SET OUT ABOVE"

IS THIS AN ECONOMIC ISSUE, AND NOT A MORAL ISSUE?

THE TRUTH IS you appear to be interested in the economics of it with total disregard to the moral issue. But even your economics angle is misleading... Why don't you show the increased cost for Police Protection in a WET community? Why don't you present facts. You see, LIQUOR IS A MORAL ISSUE! It destroys morals. According to the Bible Liquor is a Moral issue. Now, which is right?

LET'S GET ONE THING STRAIGHT!

NO MATTER WHAT YOU SAY OR HOW YOU SAY IT, THE ONLY ISSUE IN A LOCAL OPTION ELECTION IS: ALCOHOLIC BEVERAGES

If you were asked to sign a petition to make Littlefield as legally wet as the worst place in Texas, please, for the sake of our families, for the sake of our community, DON'T SIGN THE PETITION to legalize all alcoholic beverages, including mixed beverages. If you have already signed the petition, but don't want to be counted, then telephone 385-4900 for assistance.

DEAR EDITOR

What Our Readers Think

September 21, 1972

Editor
Lamb County Leader-News
313-W. 4th
Littlefield, Texas 79339

Dear Sir:
Why should we, people of Littlefield, let one man push our town into legalized liquor?

Sure, there are figures and facts to show how we can have better paid public workers and better schools with legalized liquor, but how true are they?

People for legalized liquor never mention all the drunks that will walk the streets. They never mention the increase in car wrecks. They never mention the increase in hit and run accidents. They never mention the number of kids that go hungry because their daddys and mommys are out paying taxes through purchasing legalized liquor.

I'm turning this petition down and by doing so, show that Littlefield doesn't need any more drunks.

Mr Editor:

As a correspondent for both the Amarillo Daily News and Lubbock Avalanche-Journal, I do not "create" quotes. I believe anything said at a public meeting should be limited to what the speaker is willing to acknowledge in print or broadcast the following day.

As an individual, I feel those who sign a petition, should also be willing to be recognized. These things become matters of public record.

Expressing only my personal opinion, I don't think booze will bring any fantastic prosperity to Littlefield—at least not in proportion to the other things it could bring.

Most drinking fellows I know travel to Dimmitt or Clovis, not to enrich the local economy, but simply to get good and drunk. They may have a great time and perhaps spend a little money there, but their slow reaction-time behind the wheel—sometimes creates additional business only for the local mortuary.

Respectfully yours,

Dear Editor:

I would like to direct this letter to Rev. J. B. Cagle, as he is quoted as saying "We are going to make these 'wets' so miserable they won't try this for another 20 or 30 years." If I am correct, Rev. Cagle, the Lord's work is to show people the way to a happy everlasting life. The Devil's work is making people miserable.

...Absentee Voting

Continued From Page 1

The ballot shall not be counted unless the carrier envelope in which the ballot is returned to the clerk is postmarked from a point outside the county and the affidavit on the carrier envelope is certified by an officer or notary public other than an officer or notary public of the county of the voter's residence.

(C) Qualified voters, who, after the beginning of the period for absentee voting, (Oct. 18, 1972) apply for an absentee ballot on the ground of expected absence from the county and who are absent from such county at the time of applying for an absentee ballot and expected to be absent from such county during the clerk's regular office hours for the remainder of the period for absentee voting may vote absentee by mail.

The voter must state in his application that he is absent from the county at the time of making the application and expects to be absent on election day and during the clerk's regular office hours for the remainder of the period for absentee voting.

The clerk shall not mail a ballot to any such voter unless the envelope in which the application is received is postmarked from a point outside the county, and the ballot must be mailed to the voter at an address outside the county.

The ballot shall not be counted unless the envelope in which the application is received and the carrier envelope in which the ballot is returned to the clerk are each postmarked from a point outside the county and the affidavit on the carrier envelope is certified by an officer or notary public other than an officer or notary public of the county of the voter's residence.

In all methods of voting absentee by mail (A, B, & C) each application for an absentee ballot to be voted by mail shall state the applicant's permanent address and the address to which the absentee

Dear Editor

I would like to voice my opinion on the legalization of liquor sales. I have lived in Littlefield for over 20 years, and all I see, is Littlefield steadily going downhill, and fast. This liquor election couldn't make things much worse, because Littlefield is on the bottom rung of the ladder now. How much lower can we go?

I read the article in the Amarillo paper in reference to this issue. The "Concerned Citizens" said they would make it so miserable for the people pushing this election that no one would try to get Littlefield "wet" for another 20 to 30 years. All I have to say to them is if they don't get a lot, I mean a lot of industry in this town, in 20 years there won't be a Littlefield to be concerned about.

Littlefield is dying, just look at the population decline over the past 30 years, all the vacant houses for sale, and then think how long it's been since you've seen a family in those houses.

Also, the petition that is in circulation is only to get the issue to a vote. When you sign the petition you aren't saying you are FOR the legal sale of liquor, just that you want to vote on it, yes or no.

You don't have to be afraid of losing your job, you can sue your company or employer because you are only exercising your constitutional right to petition a vote. Also, many people seem to be afraid to sign, they think their name will be published in the paper, well, if the "Concerned Citizens" have the money to do this, which would be \$600 to \$800, why don't they spend it on the LSD and marijuana problems we have in this town? These problems cause a greater threat to us and our children.

Why should we support Lubbock and Dimmitt with the tax dollars from liquor sales? If this legalization of liquor sales will bring more tax dollars to Littlefield, that means I won't have to pay for the ones spent in Lubbock and Dimmitt last week. If I can save that dollar, it means more food on the table and better clothes on my children's backs. This would benefit my family and yours. By the way, who couldn't use an extra dollar ever now and then?

Where were the "Concerned Citizens" when we needed them? I can't believe that there have been no problems since 1969 to be concerned about. Littlefield is dying, isn't that something to be concerned about?

Dear Editor

Looking back from 1950 to now. At the population of our town I find we are not doing so good population wise.

The population of Littlefield in 1950 was 7,000 people.

In 1960 our population was 7,236.

In 1970 our population was 6,677.

From 1960 to 1970 we lost 559 people or an average of 55 per year.

At this rate by 1980 our population will be 6,118. While we are losing population our country is having a population explosion. Why?

On Dec. 10, 1960 the strip south of Lubbock went wet.

ballot is to be mailed to the applicant and shall also state the address to which his registration certificate is to be mailed back to him.

In all methods (A, B, & C), the application shall be accompanied by the voter's registration certificate or his affidavit that the registration has been lost or misplaced.

Such affidavit form is contained in the application form and must be signed before a notary public.

In all methods of voting by mail, the voter shall mark the ballot before a notary public or other person authorized to administer oaths, sign his name on the back of the ballot stub, detach the stub from the ballot, fold the ballot, and place it in the envelope marked 'Ballot Envelope' and seal the same.

The voter shall then place the stub and the ballot envelope in the carrier envelope, seal the same and sign and swear to the affidavit on the carrier envelope, which shall be certified by the notary public or other officer before whom the ballot is marked. The carrier envelope shall then be mailed to the county clerk.

Service men and their dependents are urged to send their official Federal Post Card Applications to vote absentee as soon as possible.

Service men and their dependents need not be registered as a voter when they send the Federal Post Card Application. If they are registered they need not accompany their application with their registration certificate.

Those who vote absentee by personal appearance in the county clerk's office (after Oct. 18) are urged to bring with them their voter's registration certificate.

Applications to vote absentee by mail are available in any County Clerk's office in the State of Texas.

The citizens of Lamb County that wish to vote by mail and if they qualify should

OBITUARIES

CHARLES EDGIN

Funeral services for a former Otton resident, Charles Edgin, were held Friday morning, Sept. 15, in Treska Funeral Home in Rosenberg.

Interment was in Forest Park Lawndale Cemetery of Houston.

Edgin was the grandson of Mrs. Will Epperly of Littlefield and the nephew of Mrs. E. W. Walden of Otton.

He was killed Tuesday while loading a tractor on a truck bed. He was employed by International Harvester Company.

He was born April 12, 1935 at Springlake and was a 1954 graduate of Otton High School. He was the son of Mrs. Clara Edgin of Orange and the late Dave Edgin.

Survivors are two daughters, Priscilla, 7, and Marsha, 5, of the home; his mother; a sister, Mrs. Dorothy Logan of Orange; three brothers, A. C. Edgin of Clovis, N.M., Leroy Edgin of Los Angeles, Calif., and Harold Edgin of Tom's River, N.J.; and his grandmother, Mrs. Epperly.

IRA HOWELL

Funeral services for Ira Howell, 64, who was found dead at his home Monday afternoon, were conducted Friday morning in Parkview Baptist Church.

Rev. C. J. Coffman of Brownwood, former pastor of the church, and Donnie Howell officiated.

Masonic graveside services were conducted in the Grandfield, Okla. Cemetery Friday afternoon.

Howell was born Feb. 9, 1908 in Clyde and had lived in Littlefield 15 years.

He was a carpenter and at one time had been employed by the oil mill.

Surviving are a daughter, Mrs. Karen Berry of Apache Junction, Ariz.; two sisters, Mrs. Oa Donnelly of Grandfield, Okla. and Mrs. W. F. Grady of Denton; six brothers, David Howell of Albuquerque, N.M., Eukie Howell of Grandfield, Okla., Delmore Howell of Houston, Earl Howell of Russellville, Ark., Tillman Howell of Houston and P. H. Howell of Littlefield; and two grandchildren.

PEARL ELIZABETH BEARDEN

Services for Mrs. Pearl Elizabeth Bearden, 83, of Littlefield who died Wednesday morning in Medical Arts Hospital, were conducted Thursday afternoon in Hammons Funeral Home Chapel.

Bob Wear, minister of the Crescent Park Church of Christ officiated, and burial was in Littlefield Memorial Park.

Mrs. Bearden was born Jan. 26, 1889 in Louisiana.

Surviving are two sons, H. B. Merrifield and C. E. Merrifield, both of Littlefield; three daughters, Mrs. W. E. Chisholm of Needmore, Mrs. B. H. McCurry of Anton and Mrs. T. H. Smith of Levelland; 21 grandchildren and 25 great-grandchildren.

In the event a liquor election is called by the Commissioner's Court then the absentee voting will overlap with the absentee voting for the General Election. The same procedure is followed to vote absentee in a liquor election.

If the liquor election is called, it will be a completely separate election and a new application and the whole process must be complete again.

CARRIE LOU McBROOM

Funeral services for Mrs. Carrie Lou McBroom, 76, who died early Wednesday morning in Littlefield Hospital, were conducted Friday afternoon in the Hammons Funeral Home Chapel.

Rev. David Hamblin, pastor of the First United Methodist Church, and Rev. R. N. Tucker, pastor of Parkview Baptist Church, officiated.

Burial was in the Levelland Cemetery.

Mrs. McBroom was born Jan. 2, 1896 in Oklahoma Territory, and had resided in Littlefield four years.

Survivors include two sons, Travis Tomson and Johnny Tomson of San Diego, Calif.; a daughter, Miss Debbie McBroom of Littlefield; two sisters, Mrs. Pearl Drake of Green Mountain, N.C. and Mrs. Dorothy Whitaker of Denver, Colo.; four grandchildren and 10 great-grandchildren.

Highway 385 Assn. Plans Luncheon

Members of the Highway 385 Association will meet in McCamey for a noon luncheon Saturday, Sept. 30, and persons wishing to make the trip are invited to contact the Chamber of Commerce office.

The meeting is being held in conjunction with National Highway Week and Texas Highway Week, Sept. 24-30.

C-C presidents and executives, along with county judges and commissioners, mayors and city commissioners, have been invited to attend a special National Highway Week luncheon Wednesday, Sept. 27, at 12 noon at the Travel Lodge-West, on Interstate 40 and Paramount in Amarillo.

Marker Planned

An official Texas Historical Marker for site of the first Lamb County Courthouse will be erected by Nov. 1, according to V. M. Peterman of Amherst, chairman of the Lamb County Historical Survey Committee.

The marker will be placed at the old courthouse square in downtown Otton.

The marker will be dedicated at 2 p.m. Saturday, Nov. 11.

Made of cast aluminum with Swedish steel effect, the marker measures 18 by 28 inches and is sponsored by the Lamb County Historical Survey Committee.

The inscription on the marker reads:

SITE OF THE FIRST LAMB COUNTY COURTHOUSE
"Created in 1876, Lamb County was unrecognized until it could muster 21 qualified voters, 1908. Citizens donated labor for first 9-room frame courthouse, which served until it burned in 1922."
"First county officials were: Judge, H. R. Miller; Commissioners, J. A. Hooper (Precinct No. 1), Claude E. Halsell (No. 2), G. M. Arnett (No. 3), Walter Sullivan (No. 4); Sheriff, Herb Dickinson; Clerk, George Galloway; Treasurer, Fred Schreier; Assessor, Luther Williams."
"A new courthouse of brick and concrete was built here, 1922-23. After a 1946 election, the county seat was removed to Littlefield. (1972)"

THE ABUNDANT LIFE

Fear Control

SOME FEAR IS JUSTIFIED, and is wholesome if handled in the best possible way. It will serve useful purposes, if we keep it in its proper place in relationship to the whole life situation. If, however, we exaggerate it; or otherwise permit it to get out of control, it ceases to be helpful. We must learn to exercise wise control of fear, so that it can serve its proper purpose.

FEAR MUST BE OUR SERVANT, never our master. "It must be the fear of prudential caution, whereby, from a due estimate of approaching evil, we endeavor our own security. This working of fear is lawful and laudable." —South.

When fear is controlled in this way, we can function with the greatest degree of safety and effectiveness.

JUSTIFIED FEARS are not the only fears. There are imaginary ones, and these can be disastrous. They are even worse than the exaggeration of real fears.

Many fears have no basis in fact, but are totally imaginary. They have been invented; they are the product of faulty thinking.

IMAGINARY FEARS are just as harmful as if they were real. The damage they do to us is real, and usually more harmful than that caused by our foolish exaggeration of justified fears.

UNLESS WE DO SOMETHING about them, these imaginary fears may never disappear from our minds; whereas, the real fears will serve their purposes and be gone.

HOMMY GETS

By CORNBALL

WE'RE BEING CAJOLED with soft sounding advertising and enticing words, telling us how GOOD it would be for us if Littlefield were only "WET"! According to the ads and letters to the editor, the land of milk and honey is reached by speedboat on a river of hard liquor!

"Just think of all the money we'll all make from this enterprise, and think of how much tax money will be added to our city and schools" they say. "More people will be employed and business will be better all around"! (Say on!)

WE'RE ASSURED that this will be just like Alice in Wonderland, Good ol' Littlefield will become a thriving metropolis overnight. And, all because of legalized liquor.

Maybe they're right! I'm nearly sure we could put more policemen to work, probably more doctors and nurses. We could put another wrecking yard or two into operation. We'd probably need some contractors to enlarge our jails. Might even need another funeral home. Could be that we'd need a special court to handle divorces, a juvenile court would be a must, and the need for an orphanage would nearly be assured.

THIS WOULD DEMAND more lawyers, more and higher insurance premiums, plus a collection agency, or so.

NOW, I'M NOT SO naive as to suggest that our town is dry. Don't I see the empty beer and liquor bottles that line our gutters every morning as I go to work? Haven't I been called out at all hours of the night to pick up and impose "drunk" cars? Or to pick up a wrecked vehicle that still reeks of alcohol? Am I not aware that many of the broken homes in our community are brought about by alcoholic problems?

While I'm aware of these things, my point is that I've never put my signature of approval on them, and won't be about to start now? Furthermore, if you're one of those who think you can drown your conscience in "Happy-Juice", being blinded by the financial gains you hope to acquire through legalized liquor, you have my sympathy!

"BUT, THE PEOPLE of Littlefield that want to drink will get it anyway, even though they have to get it from a bootlegger, or drive to Lubbock, Dimmitt and other places to get their

Residents Attend Demo Convention

Three Littlefield residents, Glenn Batson, Billy Hall and Tom Tollett, and a Springlake man, Steve Busby, were voting delegates at the Democratic State Convention in Houston this week.

The only actual vote cast, except for "yeas" and "nays" in voice votes, was on the boycott against non-union lettuce. Statewide the boycott passed, but the 31st senatorial district which includes Lamb County (the Amarillo district) voted the boycott down 129-26.

Lamb County has nine votes, and County Democratic Chairman Glenn Batson led the delegates and cast all nine votes.

Tollett was elected to the credentials committee, and Busby and Tollett were named to the 31st District advisory committee to coordinate efforts throughout the district.

The group left Littlefield Sunday and returned Wednesday.

Meet The Minister

REV. HARVEY McCARTHER

Rev. Harvey McCarther, pastor of Galilee Baptist Church, is a familiar face to Littlefield people, although he has been in the city only three months since he came back as pastor of that church.

He formerly had served the church 16 years before he moved to Austin to organize and pastor the New Friendly Will Baptist. He served that church nine years before coming back to Littlefield three months ago.

Rev. McCarther has been in the ministry 37 years and had done evangelistic preaching in eight years.

He is a native of Bastrop County, attended Keeling High School in Austin and Sam Houston College in Austin (now known as Houston-Tillotson College).

His first pastorate was in a rural church near Webersville, the Union Lee Baptist Church. He served that church

six years before moving to Austin where he served the Pilgrim Home Baptist Church for 13 months.

Other churches he has pastored include the Mount Zion Baptist Church near Bastrop, Pleasant Bethany Baptist Church in Elgin and St. Mary Baptist Church in Saint Mary Colony, in addition to his evangelistic preaching.

His wife, Minnie, is still in Austin until she can find suitable work here.

They have four children, Betty Lou Flemings of Austin, Harvey McCarther Jr. of Austin, Sylvester McCarther of Austin, and Connie Ann McCarther of Austin. They are grandparents of five children.

Their son, Harvey, Jr., has two children, Paula Denise and Shaunda Kay. Their daughter Betty has three children, Willard Harvey Bland, Sherry Lynn Fleming and Sharon Fleming.

14 Couples Attend Meet

WHITHARRAL--Area Young Farmers and Young Homemakers met in Plainview, Saturday, Sept. 9 to elect area officers and present awards.
 Registration began at noon and the day's activities climaxed with a joint banquet in the Plainview High School Cafeteria, during which the new area officers were announced and awards were presented.
 Whitharral Young Farmers receiving awards were Marion Polk and Bob Grant. Polk received an individual award for "Agro-businessman" and Bob Grant received "Outstanding Associate Young Farmer Award" which will make him eligible to compete for this honor at the state meeting in Dallas, January 20 and 21.
 Whitharral also had a Young Farmer, Loyd Hood, elected as Area 1 Young Farmers reporter.
 Fourteen couples from Whitharral attended the event. They were Messers. and Mmes. Loyd Hood, Omar Tripp, T. C. Wade, Bob Grant, Don Stafford, Danny Grant, Marion Polk, Don Avery, Ralph Allaire, Glenn Howen, Ernest Kristinek, Coy Mills, Roger White and Monty Rodgers.

Crescent Park Church Sets Gospel Meeting

The Crescent Park Church of Christ will begin a Gospel meeting Sunday, Oct. 1, and continue the services through Thursday, Oct. 5, according to Bob Wear, minister.
 Wilburn Dennis of the Hermosa Drive Church of Christ at Artesia, N.M. will be the featured speaker.
 Sunday services will begin at 10:20 a.m. and 6 p.m. and weekday services begin at 10 a.m. and 8 p.m.
 Dennis is a former minister of the Crescent Park Church of Christ.
 "Everybody is invited to be present to participate in and enjoy congregational singing under the direction of Alvis Jones; to be a part of an edifying fellowship; and to study the Word of God," states Bob Wear. He concluded, "Mr. Dennis is an outstanding proclaimer of Bible truth."

Homemakers Name Officers

WHITHARRAL--Whitharral Young Homemakers met Monday in the homemaking cottage for their regular meeting. Officers for the coming year were elected. Glenda White was elected president; Lois Avery, first vice president; Shirley Grant, second vice president; Betty Stafford, secretary; Johnnie Hood, treasurer; Kay Herring, historian; Sarah Jones, parliamentarian; and Jimmie Wade, reporter.
 Installation of officers will be during the Oct. 9, meeting.
 The Young Homemakers decided to observe Texas Young Homemakers Week by planning an activity for each day, Monday, Sept. 18 through Friday, Sept. 22.
 Monday the group served their children a pizza and Coke party at the homemaking cottage. Future Whitharral Homemakers Terri Howard, Cynthia Wade, Charla Hisaw, Joli Grant and Donna Avery performed babysitting duties for the Young Homemakers during this meeting.
 Other activities planned for the week were "maid service" honoring the young farmers by serving them cake and ice cream after their regular meeting Tuesday night.
 Wednesday afternoon they hosted a "Teachers Tea" at the Home Economics Cottage.
 Thursday was "Honor Our Advisor Day" when the Whitharral Young Homemakers planned a surprise gift tea for Mrs. Alicia Addington, the chapter's advisor.
 Friday they sponsored "Happy Day" at school for Whitharral Future Homemakers and served them refreshments.

Beef Cow Numbers Up Since Jan. 1

Beef cow numbers have increased substantially in Texas since the first of the year, according to figures compiled by the Texas Crop and Livestock Reporting Service.

Dr. Ed Uvacek, livestock marketing specialist with the Texas Agricultural Extension Service, points out that the biggest increase in cow herds has occurred in South Texas and in parts of East Texas and along the Red River.

The Texas A&M University specialist lists improved range conditions and favorable cattle prices as the main reasons for the expansion. Grazing conditions have been average to above average in many areas of the state although parts of Northeast Texas are still suffering from lack of moisture.

Uvacek notes that the situation is in contrast to last year when cow numbers in Texas moved down six per cent. The drought of last year took its toll and breeding herds were thinned to avoid overstocking of ranges.

Cow herds were cut back in most areas of the state during 1971. Largest reductions occurred in the Gulf Coast area, South Central Texas, the Edwards Plateau and the

Panhandle. The Red River area in North Texas was the only region showing an increase in cow numbers during 1971.

Cow numbers have increased at such a rapid rate during the first half of 1972 that the losses experienced during 1971 have been almost

entirely overcome. Uvacek believes that this cow herd expansion will continue through the rest of the year, although at a less rapid rate.

Annual Prison Rodeo Slated

HUNTSVILLE -- Exciting unusual events will highlight the 1972 edition of the Annual Texas Prison Rodeo which this year will for the first time feature events for convict women, according to Jim Batten, rodeo supervisor for the Texas Department of Corrections.

Held in the prison stadium each Sunday in October, this year's event will be an all-convict show, without the usual free world country and

western stars as special guests.

Instead, Batten said, the Prison Rodeo will highlight convict bands and convict singers, who Batten said, "are better than most guest stars who have appeared in previous rodeos."

"In a nut shell, the 1972 Texas Prison Rodeo will be a return to the original concept of a prison rodeo—with all convict performers," Batten added.

Rough and tough convict cowboys will be joined by convict cowgirls, bands and singers for a full-scale fast-moving two hour show that promises to be the "biggest, fastest and most exciting entertainment spectacle ever presented in the long history of these annual events," Batten said.

In addition to the rodeo, which begins at 2 p. m., a host of thrilling midway acts will be staged outside of the stadium from 9 a. m. to noon

each Sunday. A pre-rodeo show will also be included in the entertainment package from 12:30 p. m. until showtime.

Convict events include the Mad Scramble, Calf Tussle, Wild Horse Race, Saddle Bronc Riding, Bareback Bronc Riding, Greased Pig Sacking, Wild Cow Milking, the original Hard Money contest, and Bull Riding plus the traditional Chariot Race to make the close of each performance.

Batten said that ticket sales are progressing ahead of the 1971 show, which was a record year. Reserved seat tickets at \$3, \$4, \$5, and \$5.50 for box seats (including children) may be obtained by writing Texas Prison Rodeo, Box 99, Huntsville, Texas 77340.

Net proceeds from ticket sales are earmarked for rehabilitative services for more than 16,000 inmates of the state's sprawling prison system.

Farm Bureau President Asks For Federal Help

Texas Farm Bureau President J. T. Redd Woodson of Fannin County on Sept. 18 asked the federal government to help move cotton into export as a means of alleviating current depressed cotton prices.

The president of the 130,000-member farm organization said cotton farmers face a severe hardship because of the present price situation. Cotton prices are now 6-10 cents a pound below the level of one year ago.

"Buyers who contracted earlier for limited supplies are now holding off buying during this current harvest season," Woodson said in a telegram to Agriculture Secretary Earl Butz. "This factor, together with lower grades resulting from adverse weather, has ruined our domestic market for cotton."

"We urgently request that you undertake immediate steps to increase exports of cotton under Title 2 of the Law 480 program as a means of alleviating depressed domestic markets."

"We applaud your recent successful efforts to move wheat into new markets, and trust that you will do everything in your power to help cotton growers," the farm leader said.

In the past nearly all cotton shipped under P. L. 480 has been under Title 1 of that law. This is a program in which foreign countries buy U.S. goods in their currencies. The United States then uses the

money to pay its bills in those countries—bills associated with common defense efforts, expenses of U.S. embassies, etc.

Under Title 2 of P. L. 480, all commodities are owned by the

USDA's Commodity Credit Corp. The Title 2 program, which involved shipment of some \$350 million in commodities last year, is for such purposes as disaster relief and economic aid.

Texas Crops, Livestock Exceed \$3 Billion In '71

Sales of Texas crops and livestock during 1971 exceeded \$3 billion, Texas Agriculture Commissioner John C. White said today.

This is the third year in a row that cash receipts have exceeded the \$3 billion mark. Only California and Iowa have higher cash receipts. Texas total cash receipts were \$3,254,000,000.

Hidalgo County in the Lower Rio Grande Valley had the highest cash receipts of all counties with \$117,305,000. Only one other county—Deaf Smith—was above the \$100,000,000 mark with \$103,364,000.

The other top 10 counties in cash receipts were Parmer, Castro, Hale, Swisher, Cameron, Hansford, and Lamb.

Livestock products amounted to almost two-thirds

of the total cash receipts with 65.2 per cent.

The major agriculture production area of the state is in the irrigated High Plains. That crop reporting district had cash receipts of crops and livestock of \$668,169,000. The Blacklands were second in the state with cash receipts of

\$347,816,000. Complete details of cash receipts for Texas counties is available in a bulletin titled Cash Receipts from Texas Crops and Livestock for 1971.

Copies can be obtained free of charge by writing the Texas Department of Agriculture, Box 12847, Austin, Texas 78711.

Larry Cate Recognized In Training

Texas Tech University Aerospace Studies officials announced Wednesday, Sept. 20, that Tech ROTC cadets have received recognition for excelling at field training activities during summer camps.

Among those winning awards was Larry Cate of Anton.

Cate was awarded the Vice-Commandant's award while attending the six-week field

training unit at Dyess AFB, Abilene. He is a 23-year-old senior physical education major at Tech. He is a pilot candidate and a member of Alpha Tau Omega fraternity. He is the son of Mr. and Mrs. Warren G. Cate of Anton.

The training which lasts for four weeks for four-year cadets or six weeks for two-year cadets is designed to acquaint cadets with the activities of an Air Force base

TURN ROW COMMENTS

EMIL MACHA

IF YOU THOUGHT that your crops were growing a little too fast, you can forget that for the time being, as ole man autumn put a stop to that when he entered the area with 39 degree temperature, Friday. But we have one consolation, it hasn't rained for the past couple of days. This cold front should settle the weather for a while, and look out, because Indian Summer is near.

LOOK LIKE WE will be about a month behind previous years in regards to the county's first bale of cotton. From all indications, the county will be ahead in yield over last year. We just need some good ole hot summertime weather.

NOTICED SOME of the cow reports from around the area that the cattle price is climbing. Shells and cutters are bringing \$20-\$21 per hundred. Now that's a good price for bones and hide.

SPEAKING OF CATTLE, according to the experts, the eight-hour day is routine for a dairy cow.

She grazes for four hours, and her nibbles average 40-70 each minute. In the next four hours, she chews her cud with her jaws and her stomachs work constantly.

After she is milked, she sleeps all night and rests her jaws for the next day's eight hours of work. This goes on daily, with no weekends off and no vacations.

NOTICED THAT A city up north won't let the deceased rest in peace. The city is removing the tombstones from the graves that have not been paying the \$5 care fee. They hope that this move will shake the living up enough to pay the fee.

If this does not bring results, the graves will be dug up and placed in a potter's field. You can't take it with you, but you still have to pay after you have gone.

DID YOU KNOW? The sign at railroad crossings, which says "Stop-Look-Listen," dates back to 1912. It was thought up by Ralph R. Upton. Before that, signs at rail crossings said, "Look out for the locomotive!"

Booklets Available

This is the third year for the Lamb County Soil and Water Conservation District (SWCD) to provide free booklets on conservation to the eight school districts in the Lamb County area.

This year the local SCS is providing 4,000 booklets. There are eight different booklets for third, fourth, fifth and sixth grades. Teachers' guides are also provided with the booklets.

This year's booklets in the better environment series of educational cartoon type publications is called "The Earth, Our Home in Space." The 16-page, four color booklet tells the story of how the earth was formed in space and how it evolved into a habitable environment.

The booklet relates how the resources of the earth provide mankind with food, fiber, heat

and energy, and how man must conserve and manage these resources if they are to be enjoyed for all future time.

The booklets are designed by the society for bulk purchase by organizations, business firms, or individuals. Single copies of "The Earth, Our Home in Space" can be obtained from the Soil Conservation Society of America, 7515 N.E. Ankeny Road, Ankeny, Iowa 50012, for 25 cents. Discounts on quantity purchases are available upon request.

The booklets produced by SCSA are widely used in environmental conservation education programs of many schools and youth organizations. Since the program started the Society had printed more than 14 million educational booklets.

Aviation Clinic Set Next Week

A general aviation maintenance clinic for pilots, aircraft owners, and aircraft maintenance personnel will be sponsored by General Aviation Manufacturers Association, Hutcherson Air Service, Miller Flying Service, and the Federal Aviation Administration at 7 p. m. on Sept. 26 and 27 in the El Centro Room of the City National Bank, located in Plainview.

The program will cover safety aspects of flying and the importance of proper

operation of aircraft, according to Ray C. Raney, accident prevention specialist of the FAA General Aviation District Office #7 in Lubbock, who is coordinating the activities associated with the seminar.

This clinic will qualify those in attendance for the General Aviation Manufacturers Association (GAMA) Safe Plot Sweepstakes. First prize is a \$30,000 aircraft.

Amputee's dilemma: Buying just one shoe

By Abigail Van Buren

(© 1972 by Chicago Tribune-N. Y. News Synd., Inc.)

DEAR ABBY: Mine is a rather unusual problem. I do hope you will answer it because I don't know where else to turn. Is there some place where a person can buy only ONE shoe instead of a pair? Also, is there a place where one can turn in the unused shoe he has for a foot?

For a person who is minus one leg this is a real problem. He ends up with many extra shoes for the foot he doesn't have.

For all the people you will help if you answer this, say, "Thank you." ODD PROBLEM

DEAR ODD: There was such a "shoe exchange" in Santa Monica, Cal., but I am informed that they are longer in business. I'll publish your letter, and if there such a place elsewhere, I promise you, we'll locate Readers?

DEAR ABBY: My husband and I are very friendly with another couple about our age. [Mid-twenties.] One evening the wife went into our bathroom and when she came out happened to notice that the bottle of capsules in my medicine cabinet had been moved to another place. I counted them, and four capsules were missing. My doctor has prescribed these capsules which are quite powerful, and obtainable without a prescription.

I was concerned, so I got my husband to take me to the hospital for a walk and then I confronted her with the situation. She swore up and down she hadn't taken any of the capsules, but I know she did. She was pregnant at the time. The next time she came over I made sure the capsules were hidden, but the following time she dropped them unexpectedly and I wasn't able to hide them. Sure enough she took three more because I always keep track of how many there are in the bottle.

What should I do? Tell her husband about it? My friend has had a drug problem and I am concerned for her. ADVICE NEEDED

DEAR ABBY: Tell her husband, and let him tell the doctor. This is no time for silence. Your friend's health is your business.

DEAR ABBY: I know this is the wrong time of year to discuss football widows, whose husbands are now in front of the television, but if you print this, maybe he will remember my letter this fall and be a little more thankful.

I have been married only four months. My husband is a forest fighter with the U. S. Forest Service and tonight the third fire this week, and today was supposed to be a day off, too.

I used to like to sit and watch storms but now I don't because I know the lightning will cause fires.

We live 28 miles from the nearest town of any size and our nearest friends are 15 miles away. I have nothing to keep me company in the evenings, and half the night I and chew my nails and get scared to death listening to "night noises."

Those football widows are lucky to have their husbands home where they can see them and know they are safe! "A FOREST SERVICE WIDOW IN OREGON"

DEAR WIDOW: No television? No radio? No books? Sewing? Sitting around, chewing your nails and listening to the "night noises" while you feel sorry for yourself? Only make the night seem longer and lonelier. Find something to occupy your mind while your husband is doing his thing. At least you know where he is and what he's doing.

DEAR ABBY: In my 84 years I have never heard suggested that a man's emotional responses to a woman might be affected by her wearing dentures!

I refer to your column in the Columbus Citizen: If a woman signed "Feeling Low" is concerned less the man whom she is interested would find her less attractive. I knew she wore dentures, she should put him to the test soon as possible. If there is a remote chance that her attitude proves to be as she fears, the sooner she finds what a jerk he is, the better. Yours truly, WARREN CHADBOURNE, GROVE CITY, OHIO

DEAR WARREN: Your letter will bring joy to the hearts of many a lady who smiles thru her dentures. Thanks for writing.

DEAR ABBY: That letter about dentures took me back to when I courted my second wife. She told me she had something to "confess" before we married. Then she said, "I wear false teeth, dear."

I replied, "That's all right, sweetheart. So do I." Then she smiled and said, "Yours are obvious, but before we're married I think you ought to fix yours!" with some that don't clack." [P.S. I did].

DEAR ABBY: You told that widow with dentures the man who marries her should be glad he won't have more dental bills to pay. Whoa, girl.

Even the her dentures may fit perfectly now, mechanical teeth do wear out. And one's mouth and jaw structure changes, requiring new dentures. Theoretically dentures should be changed every five years—like an automobile—adjust to muscle changes. And don't forget breakage!

DEAR ABBY: Some lady wanted to know how many about women who wore false teeth. I have had 10 experience along that line as I am 80 years old and I had five wives. [Four died and one divorced me.] The four had false teeth when I married them and I didn't think a thing of it. I am going with a lady right now who has false teeth, and it doesn't make any difference to me. I really think I prefer women with false teeth because they talk less. "HAVE FALSIES (TEETH)."

BULA DULLDOGS tramped the Southland Eagles Friday night in a practice game 55 to 6. Friday evening, Sept. 29, the Bulldogs will play their first district game here with Union. Our cheerleaders Lisa Risinger, Kathy Snitker and Susan Layton did a good job Friday night leading the good number of spectators who drove from Bula to Southland for the game in rooting for our Bulldogs.

THE LAMB-BAILEY counties "Sew It With Cotton", style show will be Tuesday evening, Sept. 26, at 8 p.m. in the Littlefield senior high auditorium. The public is invited to see the garments that can be made from our own cotton products. Door prizes will be given at a drawing following the style show. These have been donated by interested merchants in our stores. No admission charge.

WMU MET Tuesday afternoon at the church for their weekly study. Mrs. Black was in charge of the study, and completed the review of the book "Catalyst Mission", a story of how a missionary can act between man and God, and man himself is changed. Mrs. Richardson read the prayer calendar and Scripture reading from Deut. 8:11 and John 4:19-20. Mrs. Pierce gave the opening prayer and Mrs. Battles offered the benediction. Attending were Mrs. Rowena Richardson, Miss Vina Tugman, Mrs. P. R. Pierce, Mrs. E. O. Battles, Mrs. C. A. Williams and Mrs. E. W. Black.

MR. AND MRS. David Driscoll of Plainview spent the weekend with her parents, the H.M. Blacks.

VISITING RECENTLY in the homes of Mr. and Mrs. Ed Crume, Mr. and Mrs. J. W. Layton, and Mr. and Mrs. H. H. Snow of Muleshoe has been the ladies' brother, Robert Lee Parker of Portland, Me. and a sister, Mrs. Maurice Hazard of Eastland. While they were here they also did some visiting with their mother, Mrs. R. A. Parker, and another sister and family. Mr. and Mrs. James Cash of Hereford, Parker left by plane Friday for his home and Mrs. Hazard left Saturday.

MR. AND MRS. Gordon Walden of Littlefield came out Sunday for a visit with their mother, Mrs. Pearl Walden, and she went home with them to spend the night.

NOTICE

Littlefield has been offered the opportunity of securing an apartment complex especially designed and planned for senior citizens, ages 62 and over.

This facility is planned as a single story, private entrance to each apartment, brick veneer construction with central heating and air conditioned, off-street parking, hobby rooms, recreation room and self-service laundry.

The apartment owners will provide maintenance of both grounds and buildings and, of course, will furnish all utilities. Monthly rental charges will be \$105.00 and up.

The kitchen will be equipped with stove, refrigerator, sink and garbage disposal. The balance of the apartment will be unfurnished.

A large combination dressing room adjoins the full bath which will be especially designed with special bars etc as required for the safety of senior citizens. Also, the doors will be extra width for the benefit of wheel chair use.

Special guest rooms for visitors of occupants will be available on a daily rental basis in order that the occupants may choose only the most desirable size apartment for normal day to day living and still be able to invite guests or relatives for over night visits.

IN 26-14 GRID BATTLE

Anton Downs Sudan

BULLDOG FULLBACK Tommy Betts (41) is engulfed by Sudan tacklers as he drives around right end. Hornets in the action are Brad West (23), Mitch Chester (11), Gary Edwards (30) and Richard Tamplin (31).

SUDAN'S MARK HANNA jumps in front of Anton's Dewey Peacock to intercept a pass. This interception started a drive that ended over the goal line for Sudan's first touchdown.

Anton, behind the power of Tommy Betts and the speed of Alvin Williams, ground out 30 first downs to win over Sudan, 26-14, at Sudan Friday night.

The opening series of downs was Sudan's handling the ball, but were unable to move against the Bulldogs and had to punt from the 37.

After two first downs and moving the ball to the Hornet 39, the Bulldogs' offensive drive was stopped and the punt play was called.

Sudan took the ball on their eight, and two plays later, had the ball intercepted by Bulldog Monty Newton on the 27.

Anton drove to the eight after a first down, but the drive was stopped again by the Hornets as Gary Edwards and Richard Tamplin pounced on a Bulldog fumble.

Sudan drove the ball back to their 29 when Brady Goen fell on a Hornet fumble for the Bulldogs.

The Bulldogs started the drive back to the goal and succeeded when Williams broke loose and scampered 25 yards for a Bulldog, six-pointer, with 2:08 left in the opening stanza. The two-point conversion was stopped by the Hornets.

With only eight ticks gone in the second quarter, Anton gave the fans a repeat performance with Williams coming out from under a pile of Hornets and ran 47-yards for another Bulldog score.

(Note: there was some discussion on this play because Williams ran the 47 yards without his helmet, an inquiry after the game revealed that this is possible, just like when a player loses a shoe.)

Quarterback Brent Couch crossed the double stripes for a two point conversion to give

Anton a 14-0 lead with 11:42 left in the half.

The remainder of the half was ball swap, as neither was able to maintain a sustained drive nor was either team able to penetrate beyond the other's 20-yard line.

Anton received the ball after the second half kick-off and charged 27-yards with Betts and Williams taking turns in carrying the ball. The drive was climaxed when Betts galloped around the left end for a 23-yard touchdown run with 10:05 left in the third stanza. The two point play after the TD was no good.

Sudan drove to the Bulldog eight and then had to give up the ball. Anton kept the ball for the next series of downs but could not penetrate the stubborn Hornet defense as they had to punt from their seven-yard line. The Hornet charge back from the 42 was stopped when Williams intercepted a pass for the Bulldogs.

Two first downs and a drive to the 14 set the stage for a hand-off to Williams who sped 14 yards for Anton's final tally of the game. The two points extra was stopped by Sudan. Anton led, 26-0, with 1:52 left in the third quarter.

From this point on it was a different ball game as Sudan sprang into action when Mart Hanna intercepted a Bulldog pass to close out the third quarter.

Sudan drove from the Hornet 31 to the Bulldog 21 in four plays then Gary "Bull" Edwards plowed 21 yards for the first Sudan score of the evening with 9:31 left in the game. Hanna caught a pass from Kim Engram and charged over for two-points.

Sudan stopped an Anton 32-yard drive and plowed back to

the one foot line. Edwards jumped over his would-be tacklers and scored his second score of the night with 3:55 left in the game. The two-point try was stopped.

In the final minutes of the game, Anton's drive was stopped on downs and Sudan lost the ball when Domingo Ramirez intercepted a Hornet pass to give the Bulldogs possession of the ball for the final ticks of the game.

Swifts Blank Bulldogs, 13-0

Nazareth jumped off to an early 13-0 lead over Amherst in a District 2-B battle at Amherst Friday for their third win of the season and to give the Bulldogs their third defeat.

The Swifts scored in the first quarter with 5:28 left in the period on a five-yard plunge by Fred Joiner for their first tally, then came back in the second stanza when Pete Gonzales blocked an Amherst punt in the end zone for their second TD. Joiner kicked the PAT for a 13-0 halftime lead and to ice the win.

Nazareth is 3-0 in season and 2-0 in district. Amherst is 0-3 in season and 0-2 in district competition.

BRENT COUCH, Anton quarterback takes the ball on a keeper play around right end the Bulldogs' game against Sudan Friday night. Pursuing Couch are Sudan's K. Humphreys (64), Kevin May (50) Pat Hedges (20) and Gary Edwards (20). Identifying Bulldogs in the background are Victor Herrin (64) and John Synatschck (60).

OVER CLASS AA DIMMITT

S-E Takes 14-13 Squeek

Class A Springlake-Earth Wolverines have spent their pre-district time chewing on Class AA schools and took another AA win by squeaking past the Dimmitt Bobcats, 14-13 Friday night at S-E.

The Wolverines, now 2-1 for the season, got their scores in the first half with a eight-yard scoring play by Larry Sanderson in the first period and another six-pointer in the second stanza with a 5-yard pass play from Larry Thomas to Luis Palacio. The difference of the game was the two successful extra points after touchdown by Nicho Triano to give the Wolverines a 14-0 halftime lead.

Dimmitt got their 13 points in the second half. The first was scored in the third quarter and the extra point by Dyle Broderson narrowed the gap in the score to seven points.

In the final quarter Terry Powell got the Bobcats within one point of tying the game when he charged five yards

for a TD. Instead of attempting to tie the game, Dimmitt gambled and lost when they tried for two instead of the boot.

Dimmitt regained the lead and attempted a drive but had it stopped. Thomas intercepted Springlake to douse the

Lockney Edges Otton

Oton was edged out for the third time this season when Lockney outpaced the Mustangs, 14-6, in a non-conference game at Lockney Friday.

Lockney lit the scoreboard first, when Louis Bybee crossed over in the second quarter after a 15-yard pass play from Larry Cunyus. Dart Carbel kicked the extra point.

Oton scored in the third

when Tim Givens plowed seven yards for a TD. The boot after blocked.

Lockney came back in the final minutes of the game pull away from the lead when Robert De scored from one-yard conversion by Carbel good.

Lockney stands 1-1 in season and Oton a 0-1

Levelland Juniors Bump Littlefield

Levelland's junior varsity downed the Littlefield JV 24-12 there Thursday evening.

The local JV got off to a bad start, letting Levelland make all of their points in the first half. The little Lobos made three TDs and a pair of safeties before Littlefield's defensive secondary got going.

Levelland made their first safety when the center snapped the ball over the punter's head, and they trapped the quarterback in the end zone for the second safety.

Benny Williams made both Littlefield scores reaching pay dirt on one three-yard play and galloping 62 yards for the other. Even though Littlefield lost an opportunity to win in the second half when Ricky Hodge intercepted a

ball, but dropped the ball later in their drive was going Boomer said the boys exceptionally well.

second half Littlefield nine of their 10 first downs in the second stanza.

Williams gained 130 of the JV's total 150 offense played well both offensively and defensively.

Ricky Hodge turned in an offensive performance. Defensively, tackle Moore and defensive end Lichte were cited.

The JV meets Friday

Freshmen Win Over Levelland

Littlefield freshmen scored a TD on a 40-yard run by John Baiza, and Bill Turner added two extra points on a three-yard sprint in the first quarter at Levelland Thursday evening for an 8-0 win.

From then on, the Littlefield defense fought Levelland off the goal line. Coach Robert Bolton named Turner and Ronald Parmer outstanding defensively.

Littlefield intercepted four passes, with John Marquez sacking up two, and Turner and Parmer intercepting one each.

Kim McKinnon received a knee injury which may keep him out for a while.

DETHRONED

Texas Rangers milking champion Horacio Pina was dethroned in a pre-game contest by Red Sox pitcher Lynn McGlothen on Dairy Night at Arlington Stadium. McGlothen squeezed out a cup more than did Pina in their three-minute duel.

With fourth and thirteen and 11:20 left in the first half, Chris Pope was unable to handle the snap from center and in an effort to move the ball a little further from the Wildcat goal line, managed to pass to Alan Mackey but the effort was nullified by an illegal receiver downfield penalty. Faced with a scoring opportunity from the Wildcat 22-yard line, the visitors were still unable to penetrate the tough Cat defense and were forced to try their third field goal of the night with 8:57 left in the half. This field goal attempt by Schuette was blocked by a host of Wildcats and once again, the Cats took over on an unsuccessful field goal attempt. Then a perfect pass...from Bryson; a perfect catch...by Johnson and wham! A 73-yard touchdown pass with 8:32 left in the half to put the Cats ahead to stay. Hobratchsk added the extra point to make it 10-3. Slaton was unable to score on their next possession as were the Wildcats. The Cats attempted a field goal from the Slaton 25 with 5:19 left, but the kick was short. With exactly two minutes left in the first half, defensive back Alan Mackey intercepted a Tiger pass and ran it back to the Tiger 34 yard line. The first play of this series was an incomplete pass. The second play however was the "hand off to Henderson and go for a touchdown play" and that Henderson did. The 150 lb. Jr. raced 34 yards to make it 16-3 and Hobratchsk added one more to make it 17-3 at the half. The second half began with the Tigers unable to move on their first offensive possession. Slaton was forced to punt and the Wildcats took over on their own 44 yard line. Johnson ran twice and moved the ball to the 37. A handoff to Henderson picked up a first down. And on the fourth offensive play of the second half for the Cats, Henderson scooted around left

end untouched and apparently unseen by the Tiger defenders and the score read 23-3. The kick by Hobratchsk made it 24-3. This score came with 9:23 left in the third quarter. Slaton's next offensive drive was stopped short as Johnson recovered a Tiger fumble on the visitor's 47 yard line. Runs by Bryson, Johnson and Henderson and an 8-yard pass play from Bryson to Pope moved the ball down to the 7 yard line where, with 4:59 left in the third quarter, Bryson hit Leon Hodge with a 7-yard pass to make the scoreboard read 30-3. The PAT attempt was no good. Once again Slaton's offensive unit stopped themselves as on their next possession the Cats' Eddie Surret recovered a visitor's fumble on the Tigers 41-yard line. The first play of the Wildcats last scoring drive was an incomplete pass. However, on the next play Johnson (who rushed for 66 yards for the night) ran the ball down to the Tiger 11-yard line. Bryson was then thrown for a seven yard loss on an attempted pass play. With third and sixteen yards to go for the Wildcats, Bryson faked up the middle and threw an 18-yard strike to Pope for the Cat's final touchdown with 2:26 left in the third quarter. The kick by Hobratchsk made it Wildcats 37, Slaton 3. The Tigers managed their lone TD with 1:02 left in the game as QB Jones ran the ball over from the one-yard line. The pass for two points was good to Lupe Valderaz and the final score read Littlefield 37, Slaton 11. Next action for the Wildcats will be September 29 as the Cats travel to Muleshoe.

THE WILDCATS run into a pack of Tigers in a drive for the goal line.

0 Year Olds
To Drown
If you are between 20 years old, your chance of drowning are less than they would be in any other age group, according to statistics compiled by Texas Parks and Recreation Department.
The next-most-dangerous age group was 0-5 years of age.
Generally, the older a person gets, the less prone he is to drown from experience or ability, to drowning.
Surprisingly, the spring and summer months produced the most drownings. However, more persons drowned in the winter than in August.
The most populous counties had more victims in drowning accidents within their lines than the less populous counties.
Water safety education classes reported 350 persons during the first six months of 1972.
