In ...quarter when the Cats were ...trying to push in a score, Pat ...squirmed his way to the ...and 34 for what looked like a first ...however, offsides was called on ...and Littlefield had to try again ...yards further back. The pass

intended to Leon Hodge from quar-  
terback Terry Bryson fell incomplete,  
and Floydada got possession with 2:16  
left in the game.

At this point, the Floydada squad got a  
taste of defense, "Wildcat Style," and  
faced with a fourth and seven, punted.  
Littlefield started on their own with 59  
ticks on the clock, and quickly Bryson hit  
Henderson for a 12-yard pickup. But on  
the next play John Cagle intercepted for  
Floydada, and the Whirlwinds were  
content to simply run out the last 46  
seconds showing on the clock.

The first quarter was a real defensive  
duel for both teams. It was perfect  
football weather—the wind was blowing  
slightly and there was just enough nip in  
the air to warrant coats. After an ex-

change of punts, Floydada began a drive  
on their own 39 and managed to get down  
to the Cat 30. Then, on a big third and  
nine play, J. E. Johnson leaped high in  
the air to bat down a pass with one hand.  
Littlefield couldn't start anything, and  
Chris Pope fell back to punt from the 27.  
Rance Young took the punt, ran a few  
steps, and was greeted by a jolting  
tackle from Jesse Davila. The pigskin  
popped free, and Lenearl Lewis claimed  
it for the Wildcats. That fumble was the  
first break of the game for either team,  
and Littlefield found themselves on the  
Whirlwind 42.

On first down, Henderson swept the  
left end for 10 yards and a first down.  
After an offsides penalty, Bryson picked  
up four, and then tried a second down  
pass. The pass was intercepted by David

Marricle, who ran it back 20 yards to the  
44. Floydada was forced to punt, but the  
Cats couldn't do anything with the ball  
either and punted right back. The  
Whirlwinds moved quickly backwards  
on two penalties of their own, and they  
could not get out of the first and 36  
situation. It was then that Floydada's  
punter, Mark Vinson, broke Littlefield's  
back.

Vinson levelled a 53 yard boot that  
placed the Cats on the two yard line.  
Pope attempted to punt out of the Cat  
end zone into the now strong breeze, and  
Floydada had the ball on the Littlefield  
20 yard line.

Faced with a fourth and 10, Rance

## 891 NAMES ON LIST

# Petitions Filed Friday For Liquor Vote Here

A petition bearing 891 names calling  
for a liquor election in precincts 10 and  
14 in the city limits of Littlefield was  
filed in the Lamb County clerk's office  
late Friday afternoon.

The petition, after certifying the  
required number of signatures, will bind  
the Lamb County commissioners' court  
to call a local option election. As turned  
in Friday, the petitions contained more  
than 275 names over the number which  
would have been sufficient to bring the  
issue to a vote.

Of the total number of signatures, it  
was estimated late Friday that ap-  
proximately 835 would certify.

At press time Saturday, all personnel  
in the county clerk's office was in the  
process of certifying names on the  
petition.

Following certification, the com-  
missioners' court must call an election  
not less than 20 days nor more than 30  
days after the next regular meeting of  
the court following certification. The  
certified list will be presented to the  
commissioners court when they meet in  
regular session Monday.

This means that the earliest date an  
election can be called will be Oct. 30, and  
the latest date for an election on the wet-  
dry issue will be Nov. 7, the date of the  
general election.

Forty-nine of the 50 petitions issued on  
the application filed with the county  
clerk's office on Sept. 5 were turned in  
shortly before the county clerk's office  
closed Friday.

It will not be known until after the  
names on the petition have been checked  
against the voter registration list how  
many will be disqualified because of  
duplication, or for living outside voting  
precincts 10 and 14 or other  
irregularities. Of the total 891 names on  
the 49 petitions, one name was cancelled  
by affidavit soon after the petitions  
started circulating.

The local option election will involve  
only the two voting precincts inside the  
Littlefield city limits and the ballot will  
read:

"FOR the legal sale of all alcoholic  
beverages including mixed beverages.  
"AGAINST the legal sale of all  
alcoholic beverages including mixed  
beverages."

Because only qualified voters who live  
inside the city limits of Littlefield and  
vote in voting boxes in precincts 10 and  
14 can vote in the local option election,  
the exact number of qualified petition  
signers to call for a vote was not  
determined, but the figure of 813 was set  
as a "safe maximum" based on the  
number of votes cast in the last  
governor's race.

It is not known how many registered  
voters there are in these two precincts  
since voter registration cards are filed  
in alphabetical order for the entire  
county.

At noon Saturday, 20 short petitions  
containing 290 names had been certified.  
Of the 290 signatures, 214 checked out, 41  
names couldn't be counted due to rural  
route addresses, duplications, etc., and  
35 were to be rechecked later because of  
illegible signatures or failure to include  
voter registration number.

COUNTY CLERK Mary Beth Willey writes in the filing date on the 49 petitions filed late Friday calling for a local option election in precincts 10 and 14 inside the city limits of Littlefield. Charles Ary brought in the petitions containing 891 signatures. Following certification, the petitions will be presented to the commissioners court Monday morning and an election date will be set between Oct. 30 and Nov. 7.

# Councilmen Adopt Junk Car Ordinance And Proclaim Official Day Lily Week

Littlefield city councilmen adopted a  
junked vehicle ordinance, appointed  
Carl Nowlin to the Airport Board,

received information from represen-  
tatives of General Telephone in relation  
to the proposed rate increase request,

discussed duck hunting at Bull Lake, and  
adopted the day lily as the official flower  
of Littlefield during their regular  
session Thursday night.

# Band Boosters Beginning Annual Membership Drive

The Littlefield Band Boosters have  
begun their annual business  
membership drive, and the campaign is  
being headed by Mr. and Mrs. Mitchell  
Sisson, supporters of the Littlefield band  
and members of the Band Booster  
organization.

This year, to date, the Band Boosters  
have spent \$897.50 for instruments to be  
used by both the Wildcat Band and  
Junior High Band. There has also been  
\$96 designated for scholarships for two  
students from the Wildcat Band and two  
from the Junior High Band.

These students are receiving private  
lessons from Troy Warren, instructor  
from Lubbock.

"This money represents only a portion  
of the cost of the private lessons," stated  
Hubert Henry, president of the Boosters.  
"The band program in the Littlefield  
schools will receive the benefit of these  
students' private lessons for several

years in the future," he continued.

The Wildcat Band members were  
treated to a fried chicken dinner before  
the Muleshoe-Littlefield football game  
this past week.

"The tab was picked up by the Band  
Boosters, and was done just to let these  
band members know that the people of  
this community appreciate the many  
hours of work and effort that they put  
forth in representing their school and  
community," stated Henry.

"The business people of Littlefield are  
urged to join the Band Boosters so that  
our band program can be extended in  
many ways that are not provided for by  
local school funds. Bands in other  
schools are assisted by a local boosters  
club much the same way as Littlefield,  
so this local method of the band boosters  
assisting the band program in the  
Littlefield schools is not unique to  
Littlefield," Henry concluded.

The new junked vehicle ordinance No.  
292, repeals City Ordinance No. 285, and  
enforces new laws governing the  
removal of nuisance vehicles from both  
public and private property as stated in  
new state laws.

The ordinance provides the city with  
the authority to remove all junk or  
abandoned vehicles from any public  
place or private property, and defines a  
"junked vehicle" as any motor vehicle  
which is inoperative and which does not  
have lawfully affixed thereto both an  
unexpired license plate or plates and a  
valid motor vehicle safety inspection  
certificate, and which is either wrecked,  
dismantled, partially dismantled or  
discarded.

Section three of the ordinance reads:  
"The City Council hereby finds that  
"junked vehicles", as defined above,  
which are located in any place where  
they are visible from a public place or  
public right-of-way are detrimental to  
the safety and welfare of the general  
public, tending to reduce the value of  
private property, to invite vandalism, to  
create fire hazards, to constitute an  
attractive nuisance creating a hazard to  
the health and safety of minors, and are  
detrimental to the economic welfare of  
the City of Littlefield, by producing  
urban blight which is adverse to the  
maintenance and continuing develop-  
ment of the city, and any such vehicle is,  
therefore, declared to be a public  
nuisance."

Section Four continues: "The chief of  
police of the city of Littlefield, upon  
noticing or having brought to his at-  
tention that a nuisance exists, as defined  
above, within the city, shall give or  
cause to be given to the party main-  
taining or responsible therefor, a  
written notice stating the nature of the  
public nuisance and that same must be  
removed and abated within 10 days.  
Such notice shall also state that if a  
hearing is desired, the request therefore  
must be made before the expiration of  
said 10 day period.

Violation of the ordinance would  
constitute a misdemeanor and would be  
subject to a fine of not more than \$200  
with each day that the violation is  
allowed by the owner considered a  
separate offense and subject to a  
separate fine.

Two representatives from General  
Telephone Co. presented statistics about  
the company as requested by the  
councilmen for study in relation to the  
proposed rate increase request.  
Councilmen decided to call a meeting  
with representatives from Amherst and  
Anton to determine what the groups plan

## Press Freedom, A Public Freedom

By Albert Blank

Philadelphia (Pa.) Evening and Sunday Bulletin

THE week of October 8 to 14 is being observed as Newspaper Week in communities throughout the nation. Anyone who reflects on the role of modern newspapers in today's society is reminded anew how wise were those men who wrote into the First Amendment to the U. S. Constitution the guarantee of a free press.

Thomas Jefferson once said he would prefer to live in a country with newspapers but without a government rather than a country with a government but no newspapers.

"No experiment can be more interesting than what we are now trying," he wrote on another occasion, "and which we trust will end in establishing the fact that man may be governed by reason and truth. Our first object, therefore, should be to leave open to him all the avenues of truth."

"How do you go about giving the citizen a clear shot down the avenue of truth?"

"The most effectual (method) hitherto found," said Jefferson, "is freedom of the press." It still is.

Newspapermen throughout the English-speaking world are well aware of Edmund Burke, who first referred to them as the Fourth Estate, 200 years ago in the British House of Commons.

"In this Parliament," said Edmund Burke, "are three estates: The Lords Spiritual, the Lords Temporal and the Commons. But, in the Reporter's Gallery, yonder sits a Fourth Estate, more important by far than all."

"What then remains?" he asked Parliament. "Only the liberty of the Press, which no influence, no power, no minister, no government, which nothing but the depravity or corruption of a jury can ever destroy. It will be the nation's most awful moment, it will be the first grasp of tyranny, and how pregnant is the example. What remains if the public press is extinguished, the people enslaved, and the prince undone?"

"As an advocate of society, of peace and of liberty, I conjure you to guard the liberty of the press, the great sentinel of the state, the grand detector of public imposture. Guard it and cherish it, because whenever it ceases to flourish, there will die with it the liberty of the people and the security of the Crown."

To benefit from a good press, the public should zealously defend press freedom even when it hurts.

Freedom of the press is not a press freedom but a public freedom, a public possession and right, and in many ways the public's stoutest weapon.

To deserve its freedom, the press should strive to be full, fair and factual. But a free people does not leave it to the government to decide what is full, fair and factual.

The greatest strength of a free press is not points of similarity, but in the points of difference. In the production of news every step involves the conscious intervention of some news-gatherer, and two accounts of the same event will never be the same.

The threat to the liberties of the individual is always possible. External vigilance on the part of the public is essential, and that is why once a year Newspaper Week seeks to focus attention on Freedom of Expression—a priceless heritage bought with blood and tears over many years.

"DO YOU HAVE ANY GOOD NEWS?"

## THE ABUNDANT LIFE

### Less Lonely

THE LONELY FEELING is common to all of us, and it is not necessarily caused by being alone. Of course, good company, truly "good" company, is a delightful experience.

We can have the pleasure and benefit of this good company, if we seek it and refuse to settle for anything less.

Good company will usually seek us, when we make ourselves worthy of such, and keep ourselves available by being in the right places and in the right disposition.

TOO MANY PEOPLE let themselves become entirely too dependent upon the presence of other people. This can be a very serious problem.

Yes, we must be dependent upon each other in many different ways; but we must not let ourselves become so entirely dependent upon the presence of others that we are miserable when alone.

If this happens to us, we can correct it by proper thinking and by staying busy with worthwhile activity. We can be less lonely.

BEING CLOSELY ASSOCIATED with other people is not necessarily the antidote for loneliness. Even though some association with others, the right kind of people, in the right places, doing the right things, is one of the great blessings of life; we may feel lonely still.

Some people feel that they must be with others all of the time, and this is too bad. Others are anti-social, and this is too bad. The recommended way is

somewhere between the extreme way of moderation.

THERE IS A PLACE for us in different groups of people engaged in constructive work and service. We can be less lonely, when we find one of these groups and begin to share good being done.

It may be a church group, a study club, a professional association, some other honorable association of honorable people. Cheerful participation will make us less lonely.

THE PRINCIPAL CAUSE of loneliness is within us. This is not to suggest we can be totally independent of others; we cannot be so, and must not try to be so.

The fact is, however, that the cause for loneliness must come from each person. We must be true to our own nature, and practice wise behavior; and maintain a good image. There may be some loneliness, but loneliness will not be a way of life.

WHEN WE DO RIGHT by ourselves and by others, so far as we know, we remove the walls which form our prison of loneliness.

At the very best, there will be feelings of loneliness, but they never linger long.

"PEOPLE ARE LONELY because they build walls instead of bridges."—Newton.

When we are the kind of people and others can respect and appreciate, loneliness will never be a problem.

By CORNBALL

GUESS YOU know I'm barely makin' my press deadline, anymore. The Marine has landed and my schedule is shot. So funny how you get into a rut and any little deviation throws you plumb outta step, isn't it?

Of course the guy's coming home is NOT the sole cause of my lapses. Been thinkin' of film' for mental bankruptcy.

POOR RALPHIE NADER, just wonder how popular he'll be when the American public awakens to the idea of how much money he's costin' us. Go on, add it up!

One of the most amazin' facts Mr. Nader's come up with lately, is the inefficiency of our congressmen! Would YOU have suspected this? Tsk, tsk.

THIS PUBLIC protector is protecting us right on up the ladder of inflation, I betcha. Look under the hood of your car, and then around on the inside. You didn't think the manufacturer was putting all those gadgets on there free of charge, did you? Have heard some murmurings from our protectors, about some of the auto dealers showing their customers how to either disconnect some of the safety agitators, or thwart their purposes otherwise.

PLAIN TRUTH of the matter is that the American people resent the idea of being compelled to do anything! These gadgets violate their feeling of freedom, so to speak.

How long did it take you to get used to the idea of your heater and air conditioner blower motor running all the

time the engine runs? You got your fresh air, you know!

Comes the winter, you go out on the engine on some of these rigs, straightaway greeted by a blast of air around your feet.

HOW DO YOU like the idea of a keep antifreeze in your cooling all year? Or not being able to key outta your ignition without your steering and transmission?

And, how about all the lightning on, and that obnoxious buzzer raisin' Cain, if you start to move, fastening your seat-belt?

DID YOU REALLY want the expense of the "shock-absorbers" bumper? The collapsible column, padded dash and all the little goodies that go along with it. Anyway, you got 'em!

Some make sense, and some don't. Like loading a box car with a whole all add up! But don't rush out to vehicle into a brick wall, you'll hurt. AND wreck your bucket of besides!

AND, THIS IS in the automobile alone. What about all the other we're bein' protected from?

KINDA LOOKS AS IF fall has me about an hour (sometimes morning) to figure out why bedsheets wasn't keepin' me warm, and of course, havin' the windows open. Drafty, man, it's sweating out that unnamable better give it some "hurry up."

## Guidelines Told For '73 Set-Aside

The Lamb County ASCS office has received guidelines and standards regarding minimum size and shape of plots for 1973 set-aside acreage.

## SWCD Director Election Thursday

The Lamb County SWCD is divided into five zones with five directors each. Each director is elected to a five year term, with a director elected each year in a different zone.

Following the election of a director by show of hands Thursday morning, there will be short meeting on the proposed pheasant release program.

Those present for the meeting will be eligible for five pheasants ready for release which will be given away as a door prize.

These requirements are in addition to other requirements such as productivity requirement.

DeKalb Winter-Graze will not be wheat or feed grain history. Stock is considered wheat and not as wheat or feed grain history.

The basis for this decision is seed stock produces seed and grown does not produce seed. The ASCS office for questions clarification. The telephone number has been changed to 385-4475.

## Winning Hat Designs Chosen By Sorority Monday

The Texas Tau Chi chapter of Beta Sigma Phi conducted a "Parade of Queens" hat party Monday night in the Willie Room of the REA building.

Members and their guests modeled hats they had designed to depict their families, jobs, hobbies and other interests.

Gayle Mills won the guest's prize and Janice Sebring won the member's prize for the most attractively designed hats.

One of the highlights of the evening was the newspaper fashion show.

Four teams were chosen and each team chose a model with the team working together to create a fashion.

The "Dutch Ensemble" was the first fashion shown, it

featured a feather on the hat, a "flower" on the front of the dress, and a petal hemline. Next followed a "New York" creation, a casual dress with a "scholarly" board hat, a purse, and matching boots to complete the ensemble.

A pretty party dress with a V neckline, pleated skirt, an empire waistline cummerbund tying to a bow in the back, was the next creation. It was topped off with a large bow hat and a purse.

The "New Look" was the final fashion shown, it consisted of a mini skirt with a fringed hem, a midriff blouse with the "bare" look in the back, where it did not quite meet. Beads, earrings, bandana-type hat, shoulder bag, and boots completed the ensemble. All creations were made of used newspapers.

The social committee, Judy Vaughn, Kay Roper, and Linda Merrifield, and the membership committee, Jeni D. Brunson and Janice Sebring, served as hostesses.

Finger sandwiches of pimento cheese and tuna salad, pound cake, melon balls and grapes, coffee, and soft drinks were served.

Completing the party, games of crazy bridge were played.

Guests attending were Ruth Stuart, Gayle Mills, Sharon Ford, Ann Houk, Sherry Campbell, Janiece Dalton, Diane Evans, Joyce Morgan, Janis Kelton, Carrie Davis, Susan Head, Ann Reagan,

Barbara Steffy and Alma Parrott.

Members attending were

Jeni D. Brunson, Janice Sebring, Joyce Barrett, Linda Merrifield, Kay Roper, Judy

# Meet The Minister

Rev. And Mrs. George Butler

An energetic young couple moved to the Amherst community June 3, 1971 to begin service to the First United Methodist Church and to the entire community as well.

Rev. George Butler accepted the appointment to his first pastorate and moved onto the field on that date, where he has been actively involved in his church work and as youth coordinator for the Plainview District of the Northwest Texas Conference of Methodist Churches.

His wife, Jean, has organized a free kindergarten for the community at the church, and is the lead teacher for Spanish classes in her home four nights a week, besides her duties with the church.

Rev. Butler was born in Denver, Colo., and was reared in Nebraska, Colorado, Wyoming and Texas. He graduated from Amarillo High School in 1963 and from Amarillo Junior College in 1965. He received his Bachelor of Arts degree in history in 1967 from McMurry at Abilene, where he minored in religion.

In 1971 he received his master's degree in theology from Perkins School of Theology at Southern Methodist University in Dallas, and then accepted his appointment to Amherst.

Besides his responsibilities as youth coordinator for the Plainview District, he will take office Jan. 1 on the Board of Ministry of the Northwest Texas Conference for a four-year term.

Rev. Butler is a member of the Amherst Lions Club, and serves as second vice president of that organization.

He likes to do a lot of things when it comes to relaxing from regular duties. He enjoys reading, listening to stereo music, playing chess, handball, and golf. His favorite sports

are swimming and fishing and occasionally rides his bicycle.

He is currently taking one class at Texas Tech, "Family Relations," and will apply for a master of science degree. He is also studying Spanish in his wife's class at home.

Jean is a native of Minneapolis, Minn., and was raised at Forest Lake, Minn., where she graduated from high school in 1959. She then attended St. Cloud State College, and received her Bachelor of science degree in elementary education, with an emphasis on kindergarten, in 1963.

Following her graduation, she spent a short term as a missionary in Mexico City for the Methodist Church.

From Mexico, she began teaching at St. Paul Park, Minn. in 1967, where she taught six months, then began studies at Perkins School of Theology.

After she graduated from Perkins in 1970 and received her master of theology degree, she served as supervisor of authorization for Master Charge's Regional Office in Dallas.

She met her future husband while both were attending Perkins, and they were married in January, 1970.

Since coming to Amherst, she has taught substitute classes at the Amherst school, has done private tutoring for grade school students, and is presently conducting a free, three-morning kindergarten at the church, besides teaching the Spanish classes.

She is a member of the Amherst Study Club, and enjoys sewing, gardening and reading when the time permits.

Both say they particularly enjoy counseling persons together, and they both work with the children's choir and teach the young adult Sunday school class at the church.

## New father ignores baby

By Abigail Van Buren

(© 1972 by Chicago Tribune-N.Y. News Inc., Inc.)

DEAR ABBY: My husband and I are both graduates, in our late twenties. We've been married five years and now have a 3-year-old baby. I believe husband loves our daughter as much as I, but I see problems developing and need some advice.

The second week after I was home from the hospital began to notice his reluctance to handle her or help care. Before she was born he informed me he would change diapers unless it was an emergency. I agree. I developed an infection and ran a 104 fever. I could get myself out of bed, but he never changed one diaper.

When she was a month old we went shopping for clothes for me. While I tried on clothes, he held the baby. She started to cry so he put her on the fitting room floor. He says he won't go shopping with the baby until she is able to sit in a stroller by herself.

I have to ASK him to play with her. He has volunteered. He never wants to hold her. If she spits little or soils a diaper he hands her to me and leaves the room.

The last straw was when we went marketing and to carry the baby the whole time. When I asked to please take her for a few minutes, he refused, saying she gets severe backaches when he carries her. (He's 5'10" and weighs 200 pounds.) Now he says he will never hold her again so I shouldn't ask. This hurts me deeply. Should I do? It is affecting our relationship, and I believe is affecting the baby, too. I want so much for him to be comfortable with her and enjoy her as I do. Please write me.

DEAR TROUBLED: You can't force your husband to "help" with the baby or play with her. And any suggestion that direction will antagonize him, and make him feel guilty, which will do more harm than good.

Let him know that his attitude toward his daughter is souring your relationship, and can't help but affect the child. (It's a fact that wild, boy-crazy teenagers usually the daughters of fathers who paid no attention to them when they were small, so these girls will do anything and anything to make up for the love and attention they failed to get from their fathers.)

Your husband needs professional counseling to overcome his obvious efforts to cop out of his role. (Would he have treated a son this way?) Offer to pay for him, but insist that he go. An ounce of prevention is worth a pound of cure. And good luck.

DEAR ABBY: Why is it that a man in his twenties go about being a gay dog, hugging, pinching, flirting with the women, and everybody thinks he's just being a "man," and they just laugh it off.

But if a man in his seventies or eighties does the same, Dear Abby, and others like you call him "sick" or "old man."

Healthy senior citizens have sex urges, too, you know. Or do you? The poor amorous senior citizens are often an abused and misunderstood lot.

OUTRAGED IN LOS ANGELES

DEAR OUTRAGED: Hold it! I'm all for senior citizens enjoying as many of life's pleasures as they are able to providing they play by the rules. And an elderly man makes passes at another man's wife is a "dirty old man" in my book. And a young man who does the same to a dirty YOUNG man.

DEAR ABBY: My dentist has bad breath! He's a wonderful dentist, but it really bothers me when I sit in his chair. Is there any subtle way I can tell him? I don't want to hurt his feelings for the world.

DEAR VICTIM: You could tell him about a man who has "discovered" and ask him to try it. If that register, you could "confide" in his nurse. If it bothers you, it must bother other patients. It would be a kindness to the message to him.

Problems? Trust Abby. For a personal reply, write to ABBY, BOX 69700, L. A., CALIF. 90069 and enclose a stamped, addressed envelope.

For Abby's new booklet, "What Teen-Agers Really Know," send \$1 to Abby, Box 69700, Los Angeles, Calif.

## Whirlwinds Kick Wildcats

Continued From Page 1

Young came in and kicked a 37-yard field goal squarely through the uprights. The half ended a few minutes later, and the Whirlwinds took a small but stable 3-0 lead into the dressing room.

The third quarter was highlighted by an interception by Henderson, who scrambled to the 32 of Floydada and got the home crowd on its feet. But a clipping penalty wiped out most of the yardage gained, and Pope punted again. Floydada came alive and drove down to the Cat 39, where they stalled. Then Vinson fired his second bullseye of the night and placed his punt on the 1 1/2 yard line.

Time was growing short, and Littlefield responded with their best drive of the evening. Three times the Cats were faced with third down and long yardage, and three times either Johnson or Henderson picked up the necessary

yardage and then some. The third downs finally caught up with Littlefield on their own 49, and Bryson was unable to gain the eight yards needed for the first. Floydada started on their 20, and picked up a first on the 33 with a pass reception by Mike Hale. On third and seven, Floyd Smith dropped Floydada quarterback Cagle for a loss of one yard, providing the Cats with at least one more opportunity to score.

On third and ten from the 35, Bryson rolled left, picked up a good block from Henderson, and fired his pass to Johnson, who snared the ball on the opposition 47. It was at this time that Henderson's jaunt to the 34 was called back by the offside penalty, and the game ended with a 3-0 verdict in favor of Floydada.

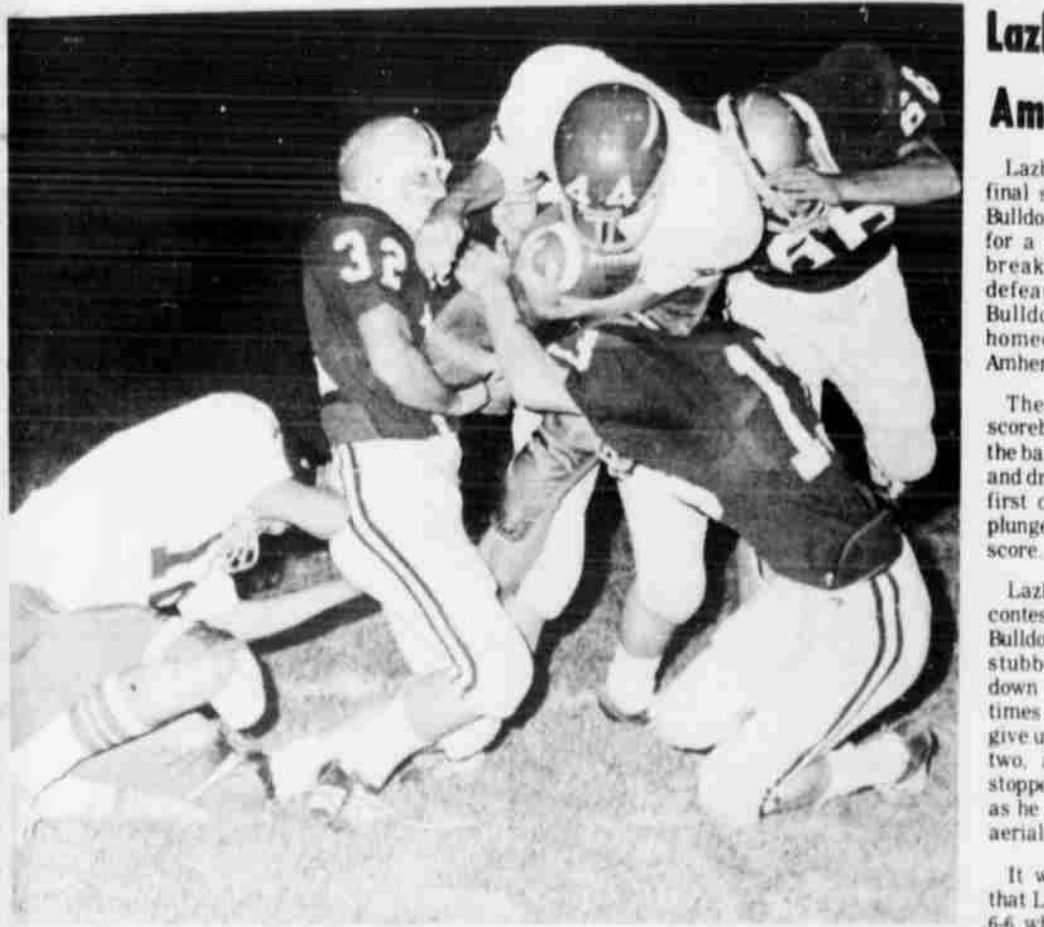

On paper, the statistics reflected the score. The Wildcats rushed for 109 yards while Floydada managed 103. In the air,

the Whirlwinds were six for eleven on yards, and Littlefield was two for two and 30 yards.

Littlefield hosts Roosevelt Friday rematch of the bi-district battle in Lubbock. The Eagles were outcontested 27-7, and the Wildcats have plenty of motivation for the game. It is the homecoming game, and Littlefield will be trying to prove itself in two consecutive losses.

## Olton Edges Abernathy, 26-23

Keith Workman is probably named man-of-the-year at Olton as he scored four Mustang touchdowns and the final one with only 23 seconds left in the game to give Olton a homecoming win by downing Abernathy 26-23, Friday at Olton.

Olton fumbled the opening kick-off and an Antelope recovered and set the stage for Ruben Rodriguez to boot a 24-yard field goal for the first score of the game.

Olton came back and drove to the 14 before Workman plowed over for his first of four scores. Tim Givens booted the extra to give the Mustangs a lead.

Both teams scored in the second quarter — Abernathy first with a 16-yard TD by Bobby Cuevas, and then Olton's Workman plunged from the two. Rodriguez booted the extra for Abernathy and Givens got the point after for Olton to give the Mustangs a 14-10 halftime lead.

Abernathy regained the lead on a 55-yard run around by David McClendon in the third quarter for a 17-14 lead. Workman nullified the lead as he bulled from the one to give Olton a 20-17 edge in the final seconds of the third period.

The Antelopes struck back in the final quarter on a five-

yard pass play for their third lead of the game 23-20, but the persistent Mustangs fought back and took their first win of the season with a last minute score by Workman.

Olton is 1-4 and Abernathy is 3-2.

**OLTON'S REIGNING QUEEN** for homecoming activities Friday was Cheryl Latimer, center. Members of her court are Sylvia Saldivar, left, and J Carol Criswell, right. (Staff Photo)

## 9th Dumps New Deal 26-6

The ninth graders scored twice in the first quarter and twice in the third quarter. John Baiza made the first TD from 53 yards. Ronald Parmer scored from 61 yards.

John Joe Baiza carried six times for 87 yards for 14-yard average. Ronald Parmer gained 90 yards on three carries, and Tommy Hodge carried three times for 13 yards.

Roosevelt comes to Littlefield to meet the Littlefield freshmen at 5:30 Thursday.

**GLENN JOHNSON**, (30), Mustang freshman, heads for the goal line, but is met by tough Antelope opposition during the Olton-Abernathy clash Friday night in Olton Memorial Stadium. Olton won the game 26-23. (Staff Photo)

## Lazbuddie Blasts Amherst, 12-6

Lazbuddie rallied in the final stanza by recovering a Bulldog fumble to set the stage for a 84-yard TD and a breaking score as the Bulldogs defeated the Amherst Bulldogs, 12-6, in a homecoming battle at Amherst, Friday.

The Bulldogs lit the scoreboard first after getting the ball on the opening kick and drove down field for two first downs and a four yard plunge by Butch Sutton for the score. The points after the

Lazbuddie, favored in the contest, could not cross the Bulldog goal line when stubborn defense came down on every charge. The Longhorns had to give up the ball on the two, and once a drive was stopped by Randy Fuller as he intercepted a Long aerial.

It was in the final minutes that Lazbuddie tied the game 6-6, when Arthur Graves drove over from four yards out.

The Longhorns win was up in the final minutes of the game when Lazbuddie recovered a Bulldog fumble and then Givens broke a 40 for an 84-yard touchdown.

Although the Longhorns the game on the score, Amherst led in statistics 22-14 first downs. The Bulldogs had 375 yards rushing and 14 yards in the air for 389 yards rushing. Lazbuddie had 11 offense of 272 yards, 284 ground and 14 in the air.

Lazbuddie is 4-0 for the season and Amherst is 1-4.

Bobby Kiser and Peacock were outstanding offensive players for the Bulldogs. Kiser getting 12 tackles, assists and Peacock's 11 tackles and nine assists.

Anton is 3-1 for the season and Petersburg is 2-4.

# Wolves Ease Past Sudan

Only the scoreboard decided the win when Springlake-Earth edged past Sudan 7-6 in a district clash.

According to statistics, the Hornets led in the first down department, yards rushing and in yards passing and also led the game until the midway mark in the final stanza.

Turnovers and mistakes were key factors in the game as there were 13 turnovers and a dozen penalties.

A fumble by Springlake-Earth was recovered by Sudan in the first half in their end zone to stop a Wolverine scoring attack.

On the Hornet's way back upfield they finally managed to get within 20 yards of the goal and on fourth down Kim Ingram booted a 20-yard field goal for a Hornet three-pointer and to give Sudan the lead.

The remainder of the half was ball swap as the Hornets stopped the Wolverine offense by pouncing on two fumbles and intercepting a pass.

Gary Edwards intercepted a Wolverine pass with only ticks left in the half to set the stage for another field goal attempt by Ingram. The boot was short and Sudan went to the dressing room at the half with a 3-0 lead.

Both teams' drive in the third quarter bogged down as

neither was able to penetrate the others defense.

It was in the final stanza that the Wolverines mustered a six-pointer after a pass interference was called on Sudan on the Hornet four-yard line.

With first and goal to go, the Wolverines used Brian Sanderson to plow to the one and then to bounce over the goal as he charged the line only to be bounced back to the Hornet line. His forward motion was stopped right on the goal for a score. Larry Thomas kicked the conversion to give the Wolverines a 7-3 lead with 8:54 left in the game.

The remainder of the game

was a strong defensive duel as neither team was able to move the ball against the other.

Springlake-Earth is 3-2 in season and 1-0 in district. Sudan is 2-3 and 0-1.

# TURN OF ROW COMMENTS

EMIL MACHA

IF YOU HAVEN'T been driving around in the country, maybe you should, because the cotton is really beginning to open and the combines have been rolling quite a bit, as the milo harvest is getting into full swing.

The milo price at present is over two dollars a hundred and from all indications, it should remain around two dollars for the season.

Now, cotton, that's a different question. Heard from some cotton buyers that cotton will run about 250 points above the loan. So, cotton should be

around 20 cents a pound on the open market, depending on grade and quality.

In a discussion from some farmers, many are thinking about giving up on quality and going for yield. It is believed that two bales to an acre at 15 cents a pound is better than one bale at 23 cents. They may have something there.

HEARD LAST NIGHT that Amherst got its second bale of cotton. There would probably be more bales of cotton hand pulled if the labor was available. A good cotton puller

can make a couple of dollars an hour if he wanted to pull cotton. This is one job you can set your pace and let your own initiative decide how much you want to make a day.

THE LEADER-NEWS, LITTLEFIELD, TEXAS, SUNDAY, OCTOBER 8, 1972, PAGE 15

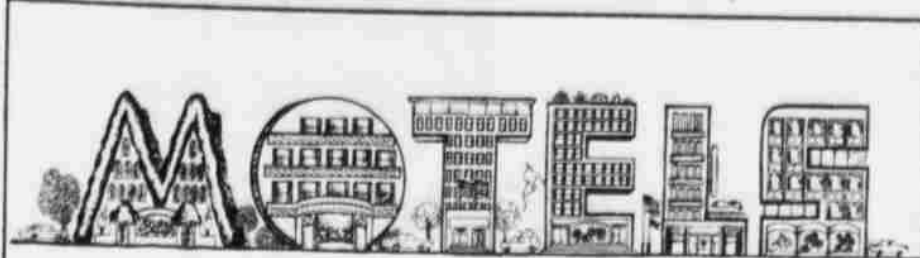

SO FAR WE haven't had the first freeze. The thought of it sends chills down my back. To

many of us we sure do need at least 30 more days of hot dry weather.

IT IS POSSIBLE that a man can be so changed by love that one cannot recognize him to be the same person.

BY THE WAY, overheard a conversation that some of the farmers have killed their cotton by defoliation and are beginning to strip with machines. Yield looks good.

MANY OF YOU have not heard about the boys ranch at Pettit. The site is the old school converted to help boys. From some reports, there are about 50 boys living there, others report that there are only about 30. Regardless of the number, maybe we in different organizations could offer some assistance. Any help offered would be appreciated.

**Local Bank Officials To Attend Sessions**

The Internal Revenue Service (I.R.S.) has revealed that the Security State Bank of Littlefield will send staff representatives to a special meeting called by the I.R.S. Fourteen such meetings have been scheduled throughout North Texas. These sessions are intended to give bank representatives an opportunity to meet with I.R.S. officials responsible for

tax forms, schedules and publications and to discuss mutual problems if any exist. Many Texas banks have for many years made tax forms available to their customers. These meetings are a joint effort to better serve the public with the forms needed and to make the ordering, stocking and distribution of these materials as smooth as possible. The meeting will take place in Room 308, Federal Office Building, 1205 Texas Avenue,

Lubbock Tuesday, Oct. 31 at 1 p.m.

**BETTER FOOD**

In the developing nations, nearly half the population are under 15 years of age. Approximately three-quarters of the world's children live in areas where the average income is less than \$500 a year. The United Nation's Children's Fund helps provide better food and medical care for these youngsters.
