

COMMISSIONER WHITE IS CONFIDENT

'Agriculture, A Hope For The Future'

By JOELLA LOVVORN Approximately 300 of Littlefield's citizens and their guests applauded four of their outstanding citizens and heard the outlook for the nation for 1974 as predicted by the state's Agriculture Commissioner, John C. White, during the annual Chamber of Commerce and Agriculture Banquet Thursday night.

began his speech with an observation he had made while coming into Littlefield. "As I came in, I saw a little gin smoke going over town. A couple of years ago, and 25-cent cotton, we called that pollution. But now, at 65 cents, it smells good doesn't it?"

COMMISSIONER WHITE Banquet Speaker

Musical entertainment of singing with the guitar was provided by Lee and Pat Behnke of Sacret Heart Church. A special award was presented to Mrs. Laura Macha from "We, The Women" by the organization's new president, La Voyce Carlisle. The "Farm Family of the Year" award was presented to James and Nelda Blackwell by David Jones, recipient of the 1972 award. Lauded as "Woman of the Year" for 1973 was Carol Black, who was introduced by last year's recipient, Janice Sebring. Benny Zahn was named "Citizen of the Year", and was introduced by Billy Tom Grant, last year's recipient. Decorations for the event, which recognized "Agriculture, Number One" as its theme, flaunted agricultural products on the banquet tables and in the centerpiece for the head table. In keeping with the witty setting for the banquet, the speaker of the evening

He joked about his beginning political career of 24 years ago and how he had come up from being raised on a "farm project" near Iowa Park. His thoughts turned to the seriousness of agriculture's place in the U.S. and illustrated how farm income generates economy. "Agriculture saved the U.S. from bankruptcy last year. Our dollar was devalued twice—the most powerful currency in the world is now worth only 60 cents and is getting weaker. Our bargaining in the world market proved to be a whipping post for the businessman, but they didn't whip American agriculture! You fed this country, fed a lot of free food to other countries, and sold for a lot of hard currency—\$13 billion's worth, a trade surplus of over a net of \$8 billion. And if it hadn't been for that \$8 billion surplus, the almighty American dollar that had sunk to a low of 60 cents, would probably have sunk to somewhere around 40 cents, which would have meant economic bankruptcy, and we would have lost the economic war for supremacy in this world. "But American agriculture saved this country—you saved it! You did the job!

you're asked to do more in '74. You're asked to do a bigger job and it is our job. It's almost a patriotic duty. They've asked us to produce enough to feed this country, stabilize inflation and sell again—not \$13 billion worth of goods, but \$19 billion—to get that dollar right back where it ought to be, because that's the real test of the strength of this country. "It's more important than guns, more important than planes or armies, because we can't have those unless we have the strength of our currency to back it up. "I think the American agriculture will do it! They've asked us to produce, and they promised we'll have markets. "I believe we will see perhaps a 25 percent increase in real farm income in the coming years, compared to what we had before 1973. Last year we saw an increase of more than 40 percent in real farm income. That won't continue to happen in that large a proportion, though. "But overall, we should see better incomes for farmers, and I believe that a prosperous agriculture is the main cornerstone for rural development. "I want to see Texas number one in rural development as well as number one in agriculture income. I'm tired of agriculture being a rural poverty area. "Texas needs to be number one in opportunity for everyone. I want to see Texas number one in opportunity for making a decent living and number one in quality of life and environmental purity. "We can achieve these things for Texas if we'll work together in the future as we have in the past." White advocated three factors which should help increase farm income in the coming years: 1. Expansion of exports; 2. Expansion of livestock production; and 3. Renewed interest in natural fibers. Following White's address, he was surprised with the presentation of an oil painting to him, done by Littlefield artist, Mike Greer. Making the presentation along with Greer was the master of ceremonies. Guests from Denver City, Dimmitt, Brownfield, Slaton, Olton, Earth, Lubbock and Austin were present at the annual event. Representative Bill Clayton was among those who came in from Austin to attend. Introducing the speaker of the night was Ed Jennings, manager of the Littlefield Farm Bureau office, who went to Iowa Park High School with Commissioner White. According to Jennings, they "lived on farms three or four miles from each other and rode the same school bus." The invocation for the night was presented by W. P. Dennis, minister of the Crescent Park Church of Christ. All of the directors of the Chamber of Commerce and Agriculture were introduced and a resume of last year's work was presented by the outgoing president, David Hamblin, who presented the gavel to the new president, J. L. Marcum. Marcum presented a challenge to the C-CA members and city citizens for the upcoming years. While introducing Mrs. Laura Macha as recipient of the special award from the members of "We, The Women", La Voyce Carlisle stated, "It gives me great pleasure to present this beautiful plaque to such a deserving lady. There's probably very few of you here who have not eaten her deliciously prepared food. Every organization, I'm sure, she has served in one way or another, whether it be on the local level or the district level. As president of "We, The Women", I want to give her a great big 'thank you' for coming to our rescue each month to serve our meals." In response, Mrs. Macha stated, "22 years ago I was supposed to have gone to the hospital for an operation. I said, 'Doctor, I've got to wait one week, I've got to help serve the Chamber of Commerce.'" Banquet attendants cheered on a reminder that "today is her birthday, too." The introduction of the "Farm Family of the Year", was made by David Jones. In describing the recipients, he stated, "He graduated from LHS; they are members of the First United Methodist Church in Littlefield, they have two beautiful children—one boy and one girl; he is presently engaged in farming in both Lamb and Hockley Counties; he is associate director of the Littlefield Chamber of Commerce and Agriculture; and a member of the board of directors of the Early Risers Lions Club. "Both are active members of the Lamb County Sheriff's Posse, of which he is on the board of directors; he is past president of that organization; and she was secretary. She was secretary of District 1 of National Association of Sheriff's Poses and Riding Clubs; and he is immediate past president of the same organization. "He was lamb superintendent of Littlefield Area Stock Show, is presently president of the Circle 8 Square Dance Club. He went to college and played football (in that order) at Sul Ross See C-CA BANQUET, Page 4

"AGRICULTURE, NUMBER ONE" was theme of the annual Chamber of Commerce and Agriculture Banquet Thursday night, and these "number one" citizens were given special recognition during the event. To the left is Benny Zahn, named "Citizen of the Year". Second from the left is Carol Black, who was honored as "Woman of the Year". Hammons To Discontinue Ambulance Service

In a lengthy session Wednesday night, Littlefield's City Council was notified that Hammons Funeral Home will discontinue its ambulance service after 90 days. Reasons given for the discontinuation was the loss of funds to the company yearly, and the consumption of the time

of employes from the funeral business. Lenton Smith, manager of the funeral home, presented statistics on total fees charged, total fees collected and the accounts receivable for a four-year period. Each year the total accounts receivable amounted to more than \$2,000.

In 1973, Smith reported a total of 419 ambulance calls made, with \$2,929.95 left on the books uncollected—a 45 percent collection rate. Smith said his business "simply cannot absorb" costs such as this any longer. He told the councilmen that he would donate an equipped ambulance to whoever accepted the service. Mayor Chisholm advised Smith that all city funds are already allocated in the budget, and that a new budget will not be worked up until next October, therefore the city could not take over the service at present.

Councilmen decided to make a study of the situation, to see how, or whether, such an operation could be handled through any city department. Councilmen asked the city manager to contact other ambulance services and check on fees, their percentage of collections, and the cost of operation, etc. In reviewing the ambulance service report for 1973, of the 419 calls made during the year, 245 of those were local calls, 96 were made to Lubbock, 11 to Amarillo, 51 out-of-town calls, 26 were See COUNCIL, Page 4

\$379,284 Distributed In Train-Bus Hearing

Following a hearing in the district courtroom Friday, a total of \$379,284 was awarded to the families of all those involved in the school bus-train accident.

Mr. and Mrs. Procopio Chaves, \$2,050, and \$1,450 net to Diana Cordova. To Johnny Frausto and wife, \$49,314.63 for Diana Sue who was killed, and \$47,500 net to Deborah Lynn Frausto who was seriously injured.

Several guns taken in a theft from Gibson's Discount here last week have been recovered, and David Salazar Bonetello of Lubbock remains in the Lamb County jail on a felony theft charge in connection with the incident. Bond is set at \$5,000.

DWI Sunday and paid a \$147 fine the following day. Ronald Holly of Paducah was arrested on a charge of check law violation Wednesday, fined \$25 plus \$47 court cost and paid off eight checks. Littlefield man was charged with simple assault, and one alien was picked up. The theft of a 4800 BTU air conditioner northeast of Littlefield was reported by J. E. Knight. The missing item was valued at \$150.

In the court order, stipulations were made that all expenses, attorney fees, medical fees and hospital bills be paid out of the recovery to the parents, and not out of the recovery set aside for the children injured in the accident.

Mr. and Mrs. Andreas Medina were awarded \$27,488 in the loss of their daughter Maria, and \$7,500 net each went to Ester Medina and Robert Medina for injuries.

Two persons were charged with driving while intoxicated this week. Johnnie Lee Hall of Littlefield was arrested on a DWI charge Sunday, and paid a total of \$147 Monday. Bernardo S. Rodriguez of Dimmitt was charged with

Double Ring Ceremony Unites Couple At Bula

Miss Margaret Alice Richardson of Bula became the bride of Jerry Wayne Teaff, also of Bula, in a double ring ceremony Thursday night, Dec. 27, in the Bula Baptist Church.

Parents of the bride are Mr. and Mrs. Ashel Richardson of Bula. The bridegroom is the son of Mr. and Mrs. J. L. Teaff of Bula.

Officiating for the reading of the vows was Rev. Eddy Riley, pastor of Bula Baptist Church.

The nuptial area was centered with a large candelabra decorated with huckleberry greenery. At each side, stood a large array of pink gladiolas and greenery, accented with pink and purple ribbons. A centerpiece of pink flowers and purple candles was placed on the piano.

The bride's musical selections included "On Top of the World" and "The Twelfth of Never", sung by the bride's cousin, Miss Connie Richardson, of Patagonia, Ariz. She was accompanied at the piano by Mrs. Johnny Hall of Littlefield.

The bride was presented for marriage by her father. She wore a wedding dress of bridal satin with long cuffed sleeves. Pearled peau d'ange flowed over a bride's bodice and outlined an A-line skirt. The dress formed a chapel length train. The bride's ensemble was completed with a tiara of Venise lace and seed pearls. She carried a nosegay of white roses and baby's breath.

Mrs. Mike Richardson of Muleshoe, sister-in-law of the bride, was matron of honor. She wore a long A-line dress of deep purple, accented with pink lace. She carried a nosegay of feathered pink carnations and purple statice.

Jimmy Cannon of Bula served the groom as best man. Guests were seated by Mike Richardson of Muleshoe, brother of the bride, and Tommy Kirk of Bula, who also lit the candles.

The bride's mother was dressed in a pink knit A-line dress, and wore a corsage of pink-tinted cymbidium orchids. The groom's mother wore a mauve colored ensemble. She also wore a corsage of cymbidium orchids.

Immediately following the ceremony, a reception was held in the Fellowship Hall of the church. Miss Judy Snitker of Lubbock and Mrs. Brian Noble of Muleshoe served the guests. The guests were registered by Miss Diane Crume of Bula. There were guests registered from Bula, Pep, Lubbock, Muleshoe, Tulia, Hale Center, Seminole, Ralls, Littlefield, Plainview, Hereford, Brownwood; also, from Grants, N.M.; Seattle,

Wash.; Cheyenne, Wyo.; Patagonia, Ariz.; Illinois; and Arkansas.

The bride's table was covered with a white lace tablecloth over a purple cloth. An artificial flower and candle arrangement of pink and purple was placed in the center of the table. The three-tiered wedding cake, decorated in the bride's chosen colors, and pink punch also decorated the table.

For their wedding trip to Victoria, the bride chose a layered ensemble in her chosen colors of pink and purple.

The couple will make their home near Bula.

The bride is a graduate of Bula High School, South Plains Junior College, and West Texas State University, receiving a degree in Elementary Education.

The groom is a graduate of Bula High School and Texas Tech, with a degree in park administration. He has also served in the Navy and the Peace Corps. He is presently a self-employed artist.

MEMBERS of the First United Methodist Church have cause to be proud of their support to Methodist Home's Boys Ranch. Several months ago they sent a load of 16 heifers to the new Boy's Ranch addition of Methodist Home. Then during the month of December they collected and remitted \$3,770 in cash to the home. Then on New Year's Eve, Mr. and Mrs. Gerald Bizzell sent a large quantity of new junior size clothes to the home. Rev. Al Jennings is the local pastor.

UNDESIGNATED gifts at First Baptist Church for December were the largest that the pastor, Rev. John E. Lewis, can remember since he has been pastor here. Also, the Lottie Moon Offering has exceeded the \$3,000 suggested total since \$3,182.40 has already come in for the endeavor. Rev. John E. Lewis is the local pastor.

MR. AND MRS. Wayne Allen, Sodona, Teresa and Michael have moved to Lubbock and he is enrolled at Texas Tech University in Lubbock.

WALLACE HACKLER received treatment at Hi-Plains Hospital in Hale Center recently.

ALANZO KELLEY returned home Friday from Hi-Plains Hospital in Hale Center after receiving treatment there several days. While there, Rev. Ronnie Travis visited with him several times.

MISS Yolanda Jean Godsey, daughter of the Rev. and Mrs. Glen E. Godsey, of Plainview, formerly of Olton, was elected recently by the student body at Mary Hardin-Baylor College at Belton, as president of the Baptist Student Union and will take office in the spring semester. Yolanda is a sophomore and is studying to become a registered nurse. She will be receiving on-the-job training at Scott and White Hospital at Temple, during the coming year and will be living at the hospital.

New Limit In Effect

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, has announced that DPS troopers began enforcing the State's new 55 mile speed limit at 12:01 a.m. today, on all highways where signs showing the 55 mile maximum limit are posted.

joined in these efforts by other governmental agencies, by the Texas Motor Transport Association and the news media.

"Due to these extensive public education efforts, we believe the motorists of Texas will be well aware of the change by the effective date.

"I am particularly appreciative of the important public service the news media is rendering in connection with this significant change in the law," Speir concluded.

Gen. Tel. Watching Effects Of Shortages On Toll Calls

The gasoline shortage may increase use of local and long distance telephone facilities, according to L. Gray Beck, president of General Telephone Company of the Southwest. "No trend has developed," Beck explained, "but if the trend is upward, margins for growth in telephone usage built into equipment should prevent any serious shortages."

According to Rad Richardson of Littlefield, district manager for the company, "local traffic has increased several hundred calls per day." He also revealed that the offices in the district are "trying to adjust the traffic schedule to take care of the extra calls."

The company's president stated, "Telephone calls are an effective way to reduce gasoline consumption and we are suggesting that customers call instead of drive where possible," and added, "If busy conditions do develop, it is suggested that calls be made during non-busy hours."

"Requirements for switches and circuits in use today were established several years ago and usually equipment is ordered 18 months to three years before it becomes operational—based on projected usage when the project is engineered," Beck said. "Over capacity is costly to customers and company and the gasoline shortage certainly was not figured into earlier projections; however, we are making every effort to stay on top of any adjustments which need to be made."

Janice Sebring presented Carol Black as the "Woman of the Year." "Each year the Chamber recognizes an outstanding woman in our community. It is my pleasure to present the award for 1973, and this plaque is made possible through the courtesy of J. L. Jones Oil Co."

"The woman this year is an active civic leader. She is a native of Lamb County, born and raised here. After graduation from high school, she attended business school in Lubbock. She is married to a local businessman and has two sons. She was instrumental in the success of many ventures of the organization she represents. She has been with her employer since 1959, serving in several capacities. She and her family are members of the First Presbyterian Church.

"She helped represent Littlefield in Dallas to receive the Governor's Business Award. She is on the board of directors of the Chamber of Commerce as an associate director, is on the board of directors of the American Institute of Banking, is an officer in the Circle 8 Square Dance Club, and is the immediate past president of "We, The Women."

Billy Tom Grant introduced Benny Zahn as "Outstanding Citizen of the Year."

He began, "On behalf of A&B Office Supply and the Chamber of Commerce and Agriculture, I present the annual 'Citizen of the Year' award. Our 'Citizen of the Year' this year was born in 1933 and is the third of four sons, whose parents now reside in Littlefield.

"He started to school here in the sixth grade and graduated from high school with the class of 1950, of which he served as vice president and class favorite. He was married in 1950, has two children and one wife (right off, I relieved your minds!) and has resided in Littlefield all

his married life, except for two years which he spent with the Army during the Korean Conflict.

"He has served on the Band Boosters and has held four different offices in that organization, and is serving as president this year. He has served on Boy Scout and American Red Cross drives, he's a vice president of Lions (of which he's been a member six years), has worked faithfully on Lions projects.

"He's also been very active in the Chamber of Commerce and Agriculture, he served as treasurer and director of the C-CA, and served on the Industrial Committee and Membership Committee this past year. He's been very active in Festivities Days the past two years, and also served on various other C-CA committees. Besides doing all this he farms 375 acres and has a part-time job here in town which he's held for 18 years.

"His hobbies, I guess you'd say, are that he enjoys camping, fishing and kids, and he does all these things because he believes in Littlefield."

In response to the introduction, Zahn said, "I've worked with this bunch for so long, I just had to say a word. I'm honored and very pleased to accept this and I would like to thank the selection committee for this consideration, because I feel like there are lots of people in Littlefield more deserving than I. I especially would like to thank the people who I've worked with this year—they're great, they've done a tremendous job, and what little I've done I hope it will keep Littlefield a good place to live."

PASSOVER

Then the Lord said to Moses and Aaron, "From now on, this month will be the first and most important month of the Jewish calendar. Annually, on the tenth day of this month (announce this to all the people of Israel) each family shall get a lamb.

This animal shall be a year-old male, either a sheep or a goat, without any defects. "On the evening of the fourteenth day of this month, all these lambs shall be killed, and their blood shall be placed on the two side-frames of the door of every home and on the navel above the door.

A Woman's View

By PEARL BRANDON

"HOW DO WE find our place in life?" A young person asked me this question a few days ago.

I find it hard to answer—however, I believe our place in life is where we are.

THIS ANSWER wouldn't satisfy most young people, but we have to start from where we are. Then I would say place your lives in the hands of God. He will help you find your place.

Young people are so eager to live, they rush forward to meet life.

I REMEMBER when I was young, I felt afraid to place myself entirely in the hand of the Lord.

He might want me to do something I didn't want to do. I wanted to live my own life—to make things happen.

I think, too, it is hard for us to accept ourselves as we are. We look around and see other people living much more

glamorously than we are, or so it seems so to us, but if I could see into their lives we would find they feel the same way.

WE ALL FEEL hemmed in at times. We are here in this little nook and life is passing us by—we long to break the fetters and be free.

I am from a large family. Once I had a friend who was an only child. To me she seemed to have everything—pretty clothes, money to spend—while in our large family we had to share everything.

I was surprised to learn she envied me, my big ramfuntious family.

EACH OF US find ourselves in a particular place. We have no control over who our parents were or the environment in which we were born.

We find ourselves living in this era of time and we are from every walk of life. Some are more fortunate than others.

WE ARE in our own little spot and we need to perform the best we can without envy, one toward another. You may have more money than I, but I have more kinsfolk than you—ha!

Anyway all of us are important in the plan of God. It sometimes takes awhile for us to come to the place where we can entrust our lives entirely in His hands, but when we do things begin to happen—beautiful things.

Serving God is adventure. I wish every young person could understand that. He opens ways for us far beyond our greatest expectations. The place where He wants us is right for us, and it is where we can perform the best.

HOW CAN we live satisfactory lives without faith in God? He is the only one that can see into the future. How can I plan for tomorrow without His help?

Only He knows me as I truly am and it is only He that really knows what will make me happy.

UNTIL WE learn and accept this we are never really happy, for with Him all things are possible.

It usually takes a few hard knocks and some heart ache before we learn this, and sometimes the road is rough along the way before we find our place in life.

WITH GOD'S help we can find our place and then we will have peace of mind and joy of living.

DEATHS UP, BIRTHS DOWN, Cupid Gains

Cupid stayed way ahead in the marriage versus divorce category in 1973 over 1972, the grim reaper chalked up a few more deaths the past year than the year before, and there was another population decline in Lamb County in 1973.

There were only 288 births recorded in Lamb County in 1973, compared to 365 in 1972 when there was an average of one for every day of the year. This makes the population 77 short of the previous year.

One hundred seventy nine deaths were recorded in the county this year, up 11 from 168 deaths in Lamb County in 1972.

Five more couples were married in Lamb County in 1973 than in 1972, and two more divorces were granted this past year than the one previous.

A total of 207 couples applied for a marriage license in 1973. Two hundred and two couples were married in 1972. Fifty-seven divorce decrees were granted in 1973, compared to 55 decrees in 1972.

Lengthy discussions were conducted on four other items, but no action was taken. These included proposals for services on the sanitary landfill, jail

facilities, dispatching services and tax office. Councilmen recommended that the ambulance service be added to the list for later consideration and possible action.

Other routine matters of business included the approval of the minutes of the last meeting and the approval of the payment of bills.

THE ABUNDANT LIFE

Doing Without

OUR DESIRES ARE MANY, and we like to have them satisfied. In our development, as individuals, it is difficult to learn how to manage these desires; but mature, meaningful living demands that we learn wise self-rule. This includes learning to do without some things.

WHEN HAVE YOU HEARD anyone say, "I am satisfied with what I have"?

Of course, there are such persons; but they are not the people who have everything they desire. They are the people who have learned how to "do without" some things.

"DOING WITHOUT" is something we must learn, and this must be accomplished without feelings of resentment. If we permit resentment to develop along with the necessity or choice of "doing without", we will not be able to appreciate what we do have.

Certain things are essential to life, and to the performance of the work that must be done; but, how many of us are satisfied with enough to serve these purposes? Some are, and these are the smart and the fortunate folk—the happy ones.

"HE WHO HAS LITTLE, and wants less, is richer than he who has much, but wants more."—Colton.

"The more we have, the more we want" is an adage which has a fixed place in our language usage. There are exceptions, but this general attitude of inordinate desire makes "doing without" very difficult for us.

In this context, we must realize that there is a wholesome and just desire for improvement. It is the grasping attitude that causes trouble.

A TIME HAS COME, when many will be "doing without" things we consider important to us. This is going to be easy, but we can do it. Some of us have known what it is to do without, and doing so again will be a new experience; but many never known what this means. Adjustments, if we concentrate on what we do have, and think less about what we don't have.

THERE IS A KIND of power in "without", a personal power which we need in order to make the most of our lives. Obviously, we are not to do without necessities, such as food and the body.

It is power that is generated by "without" the things we desire to serve our vanity, or for some other purpose. This is one of the most human accomplishments, when done with understanding and grace.

"TO HAVE WHAT WE WANT, riches, but to be able to "do without" power."—G. Macdonald.

IF OUR SENSE of values is in order, "doing without" will not be traumatic; but can be turned to advantage. This is what we must

SEEMS THE NEXT big crisis will be concerning the paper shortage. The powers that be are quite concerned about the scarcity of wood pulp, and all the little goodies that go into the making of this taken for granted item.

The better grade stuff used in the making of magazines, catalogs, and the other hi-grades is causing quite a stir in printing circles. News print, toilet tissue, and pampers are going along in the same straits.—And so are the brown bags.

EVEN THE GOVERNMENT is running in short supply. (They didn't mention RED TAPE!) Do you suppose we might run out of 1040s? (HORRORS!)

Now it would be some relief to be rid of all those box-stuffers addressed to "Occupant", along with all those chances to win five to one-hundred thousand dollars. (Lose more money that way!) I'd venture to say that two-thirds of my garbage is paper. Every morning's paper seems rife with fold-ins. A guy could get down in the back just carryin' the stuff out!

TOILET TISSUE, however, presents a little more serious aspect. (What would

OBITUARIES

MRS. JIM FULTON
Services for Mrs. Jim Fulton, 78, of Lubbock, who died at 5:45 a.m. Thursday, Jan. 17, after being in ill health several months, were conducted Saturday afternoon in the Antioch Baptist Church in Lubbock.

Rev. Craig Wilcox, pastor, and Rev. J. Ralph Grant, pastor emeritus of the First Baptist Church, officiated.

Burial was in the City of Lubbock Cemetery with Sanders Funeral Home in charge of arrangements.

Mrs. Fulton had been a resident of Lubbock County 50 years. She was a member of the Antioch Baptist Church.

Surviving are her husband; two sons, Lowell E. Fulton of Littlefield and Pat Fulton of Richardson; a daughter, Mrs. Gerry Fulton Akins of Lubbock; seven grandchildren; and two great-grandchildren.

Surviving besides his parents, Mr. and Mrs. Bill A. Fore of Conroe, are two brothers, Kevon Aaron Fore and Billie Kyle Fore of Conroe; and grandparents, Mr. and Mrs. Jack Clayton Fore of Littlefield; and two aunts, Mrs. Tommie Lobaugh of Littlefield and Mrs. Beth Ed Best of Fort Worth.

Honorary pallbearers were Coach J. T. Swann and all members of the eighth grade football squad at Travis Junior High School.

Funeral services for John Clayton Fore, 13, of Conroe who was strangled to death in an accidental hanging Wednesday, Jan. 9, near his home in Artesian Forest, were held Jan. 11 in Metcalf Chapel of the Pines in Conroe. Rev. Cliff Herrington officiated.

Cremation services were conducted at the Brookside Crematory in Houston following the funeral services in Conroe. Fore was an honor student at Travis Junior High School and was found hanging with a nylon ski rope around his neck in the woods a short distance from his home. He had been missing about four hours when friends and neighbors found his body.

His father, Bill Fore, is a former resident of Littlefield and graduated from LHS in 1955.

Surviving besides his parents, Mr. and Mrs. Bill A. Fore of Conroe, are two brothers, Kevon Aaron Fore and Billie Kyle Fore of Conroe; and grandparents, Mr. and Mrs. Jack Clayton Fore of Littlefield; and two aunts, Mrs. Tommie Lobaugh of Littlefield and Mrs. Beth Ed Best of Fort Worth.

state that this law can be waived by special court order issued through district court.

If you are under 17 and are married, you might want to wait or get a lawyer to start a process through court.

BECAUSE FOOD is a necessity, people have the tendency to accept the price of food in a different light almost anything else. They feel that what they pay for food should be a matter—not of cost, but of simple humanitarianism.

short, food should be cheap and obtain, simply because people have it to live.

The president of the American Bureau of Food, William J. ... observes that, "Adequate food for this country long have been granted because the U.S. government has performed so efficiently we have piled up surpluses and meant cheap food for consumers."

Now it must be recognized that we have an opportunity to earn a living on its investment.

It takes about \$600,000 to equip an 800-acre farm. Add the fact that inflation has pushed production costs to all-time highs, obviously becomes the sheers demogoguery for anyone to think that idea that food can be produced without regard to the supply and demand and profits—that govern the operation of other enterprise.

IN CLOSING, Joe ... dreaming of a home like Nixon's, and income like J. ... Secretary's.

ORDINANCE NO. 292

AN ORDINANCE DEFINING "JUNKED VEHICLE", DECLARING SAME TO BE A NUISANCE, REQUIRING REMOVAL THEREOF FROM PUBLIC OR PRIVATE PROPERTY AFTER NOTICE AND OPPORTUNITY FOR HEARING, PRESCRIBING REMOVAL, REDEMPTION, STORAGE AND SALE PROCEDURES, REQUIRING NOTICE OR REMOVAL TO TEXAS HIGHWAY DEPARTMENT, STATING EXCEPTIONS TO APPLICABILITY OF ORDINANCE, PROVIDING FOR ADMINISTRATION OF ORDINANCE BY REGULARLY SALARIED, FULL-TIME CITY EMPLOYEES INCLUDING CHIEF OF POLICE OR DULY AUTHORIZED DELEGATES PERMITTING ENTRY UPON PRIVATE PROPERTY TO ENFORCE ORDINANCE, MAKING IT UNLAWFUL TO LEAVE JUNKED VEHICLES UPON PUBLIC OR PRIVATE PROPERTY IN EXCESS OF 10 DAYS, UNLAWFUL TO REFUSE OR FAIL TO COMPLY WITH ORDER TO REMOVE AND ABATE JUNKED VEHICLE NUISANCE, AND UNLAWFUL TO LEAVE JUNKED VEHICLE UPON PUBLIC OR PRIVATE PROPERTY FOR ONE (1) DAY OR MORE AFTER REMOVAL OF NUISANCE, PROVIDING FINE OF \$1.00 TO \$200.00 FOR EACH DAY OF OFFENSE, REPEALING ORDINANCE NO. 292, DECLARING EFFECTIVE DATE AFTER PASSAGE AND PUBLICATION.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF LITTLEFIELD TEXAS:

SECTION I: This ordinance shall be known and cited as the "Junked Vehicle Ordinance".

SECTION II: As used herein:

A. The term "junked vehicle" means any motor vehicle as defined in Section 1 of Article 827a, Vernon's Texas Penal Code, as amended, which is inoperative and which does not have lawfully affixed thereto both an unexpired license plate or plates and a valid motor vehicle safety inspection certificate and which is either wrecked, dismantled, partially dismantled or discarded.

B. The word "demolisher" means any person whose business is to convert a motor vehicle into processed scrap or scrap metal, or otherwise to wreck or dismantle motor vehicles.

C. The term "motor vehicle" means any motor vehicle subject to registration pursuant to the Texas Certificate of Title Act.

SECTION III: The removal of any vehicle alleged to be a junked vehicle or part thereof, as a public nuisance, a public hearing shall be held before the Judge of the Municipal Court of Littlefield, Texas, to determine if good cause exists why such vehicle should not be removed and abated as a nuisance, provided such hearing has been requested, by the owner or occupant of the public or private premises or by the owner or occupant of the premises adjacent to the public right-of-way, on which the vehicle is located, within ten (10) days after service of the notice to abate the nuisance.

If such owner or occupant fails to present good cause showing why the vehicle should not be removed and abate as a nuisance, the Municipal Court Judge shall order such owner or occupant to remove the junked vehicle within ten (10) days from the date of such order, provided same is mailed to such owner or occupant, in the manner specified in Section IV above, upon the date the order is made or within one (1) business day thereafter.

SECTION IV: Upon the expiration of the 10-day notice period given under Section IV above, provided no proper request, for hearing has been made, or upon the expiration of the 10-day notice period given after public hearing pursuant to Section V above, if the junked vehicle or vehicles

SECTION V: The term "antique auto" means passenger cars or trucks that were manufactured in 1925 or before, or which become 35 or more years old.

E. The term "special interest vehicle" means a motor vehicle of any age which has not been altered or modified from original manufacturer's specifications and, because of its historic interest, is being preserved by hobbyists.

F. The term "collector" means the owner of one or more antique or special interest vehicles who collects, purchases, acquires, trades, or disposes of special interest or antique vehicles or parts of them for his own use in order to restore, preserve, and maintain an antique or special interest vehicle for historic interest.

SECTION VI: The City Council hereby finds that "junked vehicles", as defined above, which are located in any place where they are visible from a public place or public right-of-way are detrimental to the safety and welfare of the general public, tending to reduce the value of private property, to invite vandalism, to create fire hazards, to constitute an attractive nuisance creating a hazard to the health and safety of minors, and are detrimental to the economic welfare of the City of Littlefield, Texas, by producing urban blight which is adverse to the maintenance and continuing development of the City, and any such vehicle is, therefore, declared to be a public nuisance.

SECTION VII: A junked vehicle, once removed in accordance with this ordinance, shall never be reconstructed or made operable.

SECTION VIII: Within five (5) days after the removal of any junked vehicle, notice thereof shall be given to the Texas Highway Department, identifying the vehicle or part thereof removed.

SECTION IX: This ordinance shall not apply to:

A. A vehicle or part thereof which is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property, or

B. A vehicle or part thereof which is stored or parked in a lawful manner on private property in connection with the business of a licensed vehicle dealer or junkyard.

C. Unlicensed, operable or inoperable antique and special interest vehicles stored by a collector on his property, provided that the vehicles and the outdoor storage areas are maintained in such a manner that they do not constitute a health hazard and are screened from ordinary public view by means of a fence, rapidly growing trees, shrubbery or other appropriate means.

SECTION X: This ordinance shall be administered by regularly salaried, full-time employees of the City, except that the removal of vehicles or parts thereof from property may be by any other duly authorized person. Without intending to limit the above, the Chief of Police, specifically, may delegate any of the duties imposed upon him hereunder to any employee described above.

SECTION XI: Any person duly authorized to administer the provisions of this ordinance may enter upon private property or parts thereof, to obtain information as to the identity of vehicles and to remove or cause the removal of a vehicle or parts thereof declared to be a nuisance pursuant to this ordinance. The Municipal Court of the City shall have authority to issue all orders necessary to enforce the provisions hereof.

SECTION XII: After the effective date of this ordinance it shall be unlawful:

A. To leave, or permit to remain, upon public or private property within the City of Littlefield, Texas, any junked vehicle, or part or parts thereof, for a period of time in excess of ten (10) days, subject to the provisions of Section IX above.

B. To fail or refuse to comply with any order to remove and abate a nuisance issued under Section IV or V of this ordinance, subject to the right to hearing specified in Section V.

C. To leave, or permit to remain, upon public or private property within the City of Littlefield, Texas, any junked vehicle, for a part or parts thereof, for a period of one (1) day or more, after such vehicle has been once removed and abated as a nuisance, subject to the provisions of Section IX above.

D. To reconstruct or make operable a junked vehicle after same has been removed pursuant to this ordinance.

SECTION XIII: Any person found guilty and convicted of violating the terms and provisions of this ordinance shall be punished by a fine of not less than \$1.00, nor more than \$200.00; each day of

Legal Notice

violation shall be to constitute a separate offense.

SECTION XIV: This ordinance shall be repealed.

SECTION XV: This ordinance shall become effective upon passage and approval by the City Council of the City of Littlefield, Texas, and the publication in the Leader-News of a description of the ordinance and the provisions thereof.

PASSED AND APPROVED this 16th day of January, 1974.

State Health Agencies Are Seeking Engineers

Qualified engineers and engineering assistants are needed by the Texas Air Control Board and the Texas State Department of Health, according to Russell E. Shrader, director of the Merit System Council.

Shrader explained that a degree in engineering from an accredited college or university is required for the entering level classification, Engineering Assistant I, with additional requirements of training and/or experience as the levels progress.

Required also is an open-competitive written Merit System examination; for the higher levels, the examination also includes an evaluation of training and experience. Entrance salaries range from \$906 to \$1,486 per month, depending upon the position.

Employment offers include a number of fringe benefits including the State retirement plan plus social security benefits.

For more information or to visit the Merit System Council, 507 Brown Building, Post Office Box 1396, Austin, Texas 78767. The Merit System Council serves as an Opportunity Service.

Water Service Has New Ownership

Culligan Soft Water Service of Littlefield is under new ownership as of Jan. 1.

Purchasing the business from Mrs. Andy Davis, was Jimmy Sargent, who resides in Brownfield. He is married and has two children. He owns and operates the Culligan Water Conditioning firm there.

Jo Guzman, long-time employee of the firm, continues as service manager.

The firm will now be known as Culligan Water Conditioning, and will continue to serve Littlefield, Lamb County, Muleshoe and surrounding areas.

Forest Ranger Book Available

Children looking forward to camping trips this summer may enjoy spending part of the winter studying to become junior forest rangers.

A free handbook from Smokey the Bear and the Forest Service of the Department of Agriculture offers word games, quizzes and lessons in forest safety for young campers. The 24-page handbook also has the quiz children take to become official junior forest rangers. Single copies of "Junior Forest Ranger Handbook" are available free from Consumer Information, Pueblo, Colo. 81009.

Using games, poems and pictures, the handbook explains:

- the products that come from trees and forests
- how to properly handle matches.
- how to safely build an out-campfire.
- what children can do to make a campsite area safe.
- safety precautions for burning trash at camp and in backyards.
- how to report a forest fire.

Vehicles Exempt From Vehicle Inspection

Jan. 1, the certificates are being mounted on a piece of adhesive acetate which is attached to the rear of the cycle near the license plate. The DPS director said many motorcyclists are purchasing transparent tubes or metal holders from motorcycle dealers, which can be fastened to the license plate. If the cycle is so-equipped, the inspection certificate is placed in the tube or holder. Motorcycles inspected prior to January 1 do not need to display an inspection sticker, Speir said, but it must be carried by the operator and made available to police officers on request. He pointed out, however, that all motorcycles would be required to display a rear mounted sticker by Jan. 1, 1975, or when the current inspection sticker expires, whichever date comes first. Texas operates on a year-round inspection program, with certificates expiring 12 months from the month in which the inspection was conducted. The DPS licenses and supervises the privately owned garages and stations which perform inspections. The inspection procedure for passenger cars includes horn, windshield wipers, mirror, steering, front seat belts, brakes, tires, wheels and rims, exhaust system,

exhaust emission system, beam indicator, tail lamps, stop lamps, license plate lamps, rear red reflectors (built into most tail light units), turn signal lamps on 1960 or later models, head lamps, and vehicle identification number. The inspection fee as set by Texas law is \$2, with any required adjustments or repairs extra. Speir noted that a motorist is not required to have adjustments or repairs made by the mechanic-inspector, and may have the work done elsewhere and then return a vehicle which fails the inspection to the same station for reinspection of the failed items within seven days. He said inspection certificates being issued during 1974 are green in color. A number showing the month of inspection is displayed on the front of the certificate which, on passenger cars and trucks, is mounted in the lower left-hand corner of the windshield.

County Board Seeks Pheasant Protection

The Lamb County Soil and Water District Board of Directors appeals to residents to help protect the pheasant population. The directors and several farmers throughout the county here bought and released approximately 1,200 pheasants in Lamb County the last three years. The district directors are sponsoring this program with the cooperation of the farmers to establish a pheasant population for hunting. For the program to really work it is going to take the

cooperation of everyone. Everyone is asked to help provide food and cover for them and not hunt them until there is an adequate supply. The directors have made this program possible for those who are interested by arranging for the birds to be bought at a reduced price to be released on their farm. There was a good hatch of pheasant this year. With the help of everyone, they should increase enough so that there can be limited hunting in a few years.

If you see pheasants on your farm and didn't release any, protect them. They may be your neighbors. Pheasants will migrate until they find a suitable habitat. They don't always stay on the place where they are released. Therefore the ones that have bought and released pheasants are very interested in reestablishing them for hunting, but a few people can't do it alone. So the District Board of Directors and the cooperating farmers ask the cooperation of

everyone to help make the program successful. Anyone interested in a wildlife program can get the needed information by contacting Marvin Bowling, Sudan, T.C. Faver, Littlefield, Frank Struve, Olton, Ed Dawson, Earth, Springlake, W. B. "Bill" Jones, Spade or the Soil Conservation Service in the courthouse in Littlefield. **OLD NEWSPAPER** The oldest daily newspaper west of the Allegheny Mountains is the Scioto (Ohio) Gazette.

NEWS FROM ENOCHS

ARTHUR VANLANDINGHAM and son, Kurt, from Albuquerque, N.M. visited his parents, Mr. and Mrs. John Vanlandingham, from Sunday to Tuesday. Everyone in this area refer to this couple as "uncle John and Aunt Josie". They have both been ill for about three months.

MR. AND MRS. Hewlett McCall of Harlingen, and their children, Mr. and Mrs. Klinn of the University of Texas all visited his brother, Mr. and Mrs. E. N. McCall, last Thursday, and that night they all went to Lubbock to visit their sister-in-law, Mrs. Pauline McCall. They spent Friday, and that afternoon they were joined by Mr. and Mrs. Burley Lee Roberts and family of Enochs (children of Mrs. Pauline McCall) and Mr. and Mrs. Rusty Rowden and family (children of the E.N. McCall's).

MR. AND MRS. Robert George and children and Mr. and Mrs. Sam Rendman, all of Lubbock, came by to see their parents, Mr. and Mrs. E.N. McCall last Thursday while enroute to El Capitan for camping and skiing for the weekend.

MRS. (Ted) OHall of Enochs underwent gall bladder surgery last Thursday at Methodist Hospital. She was doing well at last report. Her daughters, Mrs. Steve Monroe of Anton and Mrs. Theresa Pool of Lubbock are staying with her at this time.

A GOING-AWAY party was given for Mr. and Mrs. W. T. Thomas, who have sold their home to Mr. and Mrs. C. C. Snitker. The couple is moving to Hurst, where their daughter and family, the Leon Kesslers live. The party was given in the Methodist Fellowship Hall. Cookies, punch and coffee were served to about 43 guests. Out-of-town guests were Mr. and Mrs. Ivan Woodard, and Mr. and Mrs. Harbin and Mrs. J. Harbin all of Muleshoe. The couple had lived here 12 years.

MR. AND MRS. Tom Byars and son, Scott of Friona, visited Mr. and Mrs. Glynn Price and family Saturday, and their mother, Mrs. Winnie Byars Sunday, enjoying lunch with her.

THE ENOCHS Baptist Church enjoyed Bible Study this last week each night except Wednesday night when the weather would not permit. They studied the book of Colossians.

MR. AND MRS. Kenneth Coats went to Clovis last Thursday and visited their children Mr. and Mrs. Robert Jones.

A veteran employee of Southwestern Public Service Company has been added to the staff of the electric company's area development department.

The appointment of Kenneth E. Owen as area development consultant was announced by Larry Milner, SPS manager of area development.

Owen's responsibilities will be to step up the economic development activities in the non-metropolitan areas and to promote industrial development in the larger cities in the area served by Southwestern Public Service Company.

Owen is a graduate of Texas Tech University where he earned a degree in management. He has been employed by SPS for 16 years starting in the Lubbock office as division lighting specialist. He was transferred to Amarillo in 1965 as lighting sales manager for the entire company.

Owen is the immediate past president of the Panhandle Chapter of the Illuminating Engineering Society and has been active in the Boy Scouts of America, United Way and Christian Businessmen's Committee. He is a member of Sigma Iota Epsilon-Honorary Management Fraternity.

MR. AND MRS. R. H. Baker left for Houston Monday morning to take Susan, who is needing treatment for her back. Their older son had back surgery at this same hospital and is now doing fine and attending South Plains College.

THIS COMMUNITY was saddened by the news that a former Enochs resident had died. Belton Bryant owned a farm southeast of Enochs for about 20 years. They had lived at Hereford for 24 years. He died Jan. 12, funeral services were Tuesday afternoon and he was buried in the Hereford Cemetery. Those attending from here were: Mr. and Mrs. Edd Autry, Mr. and Mrs. E. M. Autry, both brothers of Mrs. Bryant, Mr. and Mrs. George Autry and family, Mr. and Mrs. Gene Autry, Joann Autry, Mr. and Mrs. W. R. Adams and Bobby Adams, Mrs. Alma Altman, Mrs. Flo Nichols and Dale Nichols, Mrs. Myrna Turney and Sharon.

G. R. NEWMAN was taken to Veterans Hospital at Big Spring Wednesday to stay for a few weeks to get treatment.

Junior High Girls Fall To Dimmitt

By DEBBIE MITCHELL
Monday, Jan. 14, all three junior high fem teams journeyed to Dimmitt to compete in District action. Playing their fourth game in four days, the local seventh graders were downed by Dimmitt 20-14. Wanda Williams swished the nets for 10 points. Karla McCanlies and Deanna Blakely added two each. Carol Sexton was recognized for her

work on the guard's end of the court. Backed by a superb defensive effort, Littlefield's eighth graders triumphed over Dimmitt 23-20 in their best overall game of the season thus far. Lota Zoth bucketed 11 points while Tonya Tonnell sank six. Carmelita Patterson four and Paula Mears two.

Regina Macha, Debbie Burks, and Kimberly Fisher ran the defense with clockwork precision and gained 14 steals for their credit. The freshmen played a hard fought ball game before being edged out by Dimmitt's girls 44-40. Monica Phillips ripped the cords for 24 points. Rhonda Hollingshead dropped in 12 and Lisa Berry contributed four. Karen Carter, Melissa Sawyer, Shelly Bitner, Pennie Sexton, and Lori Westmoreland led the defense.

Calling All Homemakers

Brought To You By Bert & Carol Wallace

DON'T SETTLE FOR JUST ANY COFFEE OR END TABLES

Oddly enough, many people don't give enough attention to selecting the coffee and end tables in their homes. Actually, there are more sizes, shapes, and types to choose from today than ever before, and a different coffee or end table can add new beauty and distinctiveness to your home.

For example, if you've always had a rectangular coffee table in front of your sofa, why not try a round, square or oval one?

You might also think about "bunching" or "piggy-back" coffee tables that can be used as one unit, or separated to give you extra tables when needed around the room.

When it comes to end tables, you'd be surprised how many people have tables that are not right for them or their room. Many of those end tables are either too big or too small for the space and the job the table is supposed to do.

Also, there's no law that says your end tables have to match each other. You might consider making your room more decorative by using two entirely different tables on either end of your sofa.

In any case, you don't have to settle for ineffective coffee and end tables, regardless of your budget. You can get ones that will help your room, and we'll be happy to aid you in your selection.

Spade Scores 104!

Spade trounced Nazareth 104-52 to run its district record to 5-0. The game's high-point honors went to Spade's Mills with 22. Nazareth's Junior Joiner picked up 12 points. In the girls' varsity contest, Nazareth defeated Spade 53-42, behind the 28 point scoring performance of Elaine Schulte. Spade's Freeman racked up 19 tallies. The win gave Nazareth a 5-0 district mark.

Wolverines Roll On

Springlake-Earth ran its district record to 7-1 with a 67-53 triumph over Bovina Friday night. Cleavinger led Springlake with 20 and Dennis Willard had 16 for Bovina. Bovina is now 3-12 and 1-7. Springlake won the girls game 60-42 with Melissa Been pumping in 34 points. Nancy Hutto had 20 for Bovina. Bovina took the boys B-team game 49-31.

LCC Homecoming Is Slated Feb. 9

Saturday, Feb. 9, will mark homecoming '74 at LCC.

This is the biggest day of the year for the College as its ex-students return for their class reunions and future students turn out for Master Follies, the crowning of a queen and the exciting play of the Fightin' Chaparrals as they face Eastern New Mexico University.

High School Day, a completely separate program co-sponsored by the LCC Ex-Students Association and LCC's Admissions Office, is expected to also bring several hundred high school students to the homecoming festivities.

The exes will start converging on the campus Friday evening. At 8 p.m. the first presentation of the 1973 Master Follies production is expected to play to a "packed house."

Master Follies, which is sponsored by the interclub council, provides a stage for the many talents of the LCC men's and women's social clubs. Each club performs a five-minute musical skit.

Saturday morning will begin with an ex-students chapel in Mabee Auditorium. After a

devotional and short presentation by LCC's A Cappella Chorus, Bill Alley, Executive Director of the Ex-Students Association will present the "Outstanding Ex-Students Award."

A full meeting of the Ex-Students Association Council is scheduled at 10:30 in Mabee Auditorium. All LCC exes will attend this meeting.

Social Club luncheons, the Executive Board Meeting and the second presentation of Master Follies will fill the afternoon until 5, when the special class reunions take place. Special dinners for the 15-year honor class of 1959, the 10-year honor class of 1964, and the 5-year honor class of 1969 will take priority at this time.

About 7, the exes will begin arriving at the Field House for a pre-game reception honoring the Outstanding Alumnus and Homecoming court.

During half-time of the basketball game between LCC and Eastern New Mexico the 1974 Homecoming Queen will be crowned and her court will be presented.

Friona Outlasts Wildcats

The Littlefield Wildcats fell to 0-3 in the district race Friday night as Friona beat the Cats by a score of 61-46. The win enables Friona to stay tied for the district lead with Morton, a team the Cats will play Jan. 25.

Tommy Batson again led the Cats in scoring this time with 27 points. The Littlefield girls also went down in defeat to Friona by the score of 79-57. Jill Owens led the Littlefield scoring with 23.

Annual Scouters Banquet Scheduled In Lubbock

The 48th Annual South Plains Council Boy Scout Banquet will be held at the First Methodist Church's Memorial Fellowship Hall, 1411 Broadway in Lubbock at 7 p.m. Saturday, Jan. 26.

About 400 Scouters and their wives and about 100 top Scouts from the Council and its member districts will be in attendance. Alec Chesser, presently senior vice-president of the Houston Natural Gas, will be the featured speaker.

The banquet is intended to recognize the 1973 scouting accomplishments and outline the plans for the coming year for the 10,385 boys and Scouters in the 20-1/2 county South Plains Council.

More than 100 boys who

earned Eagle Scout rank during 1973 will be honored at the banquet. Silver Beaver recognition is the highest award a Scout Council can give a member. During the course of the evening an announcement will be made of the names of the men selected to receive this year's Silver Beaver award and the one woman selected to receive the Silver Fawn Award (the woman Scouters' equivalent of the Silver Beaver).

Each district within the Council will be honored for topping its membership and activity goals during 1973. A record total exceeding 13,000 Scouts and leaders were registered in the Council's 360 Packs, Troops and Post during the year. Another
