So far there are 50 leagues comprised of four to 12 teams each representing 10 states. Last year there were 30 leagues, so the little boys' basketball program is almost doubling each year.

Not only are the win-loss records much improved among junior high teams whose members participate in Little Dribblers, but obvious side benefits of higher grades, better homework accomplishments, more study incentive, more active interest in school activities and reduction of juvenile delinquency are showing up in participants.

Little Dribblers, Inc. insists on satisfactory school work as a prerequisite. Some school administrators have noted marked improvement in grades among the Little Dribblers.

Before March 1 there may be more area teams in this year's program. Teams organized by the end of this month would still have time to play a six-week local schedule. Then it will be on to district play. All-stars will make it to the dome in Levelland for the second national tournament. Little Dribblers — run and gun basketball at its enthusiastic best.

School Trustee Filing Date Nears With None Announced

Board Extends Contracts, OK's '72-73 Calendar

The haze which has shrouded the coming election of three Littlefield school trustees continued to be a concern Wednesday night at a regular school board meeting.

With only 10 days left for candidates to file for the April 1 election, no one has announced.

Two of the incumbents will not seek re-election and a third, Bob Roden, acting president of the board, is still undecided about seeking a second term.

Roden said he may not have the necessary time to devote to the board post, as a result of the recent loss of his chief assistant at his drug store business.

Previously, the two other incumbents, Wayne Streety and Werner Birkelbach, had eliminated themselves from bids for re-election.

Streety recently moved out of the district and thus disqualified any possibility of a return to the board. And Birkelbach, who has served two terms, indicated he would not run again.

Deadline for filing in the election is March 2.

DISCUSSION of contracts of administrative personnel occupied much of the board's time during the session.

The two-year contracts of five school principals were brought before the board along with several others. All had the remainder of this year, plus another school year, to run.

Some resistance to multi-year contracts cropped up and action on one, that of high school principal Beryl Harris, was delayed for re-evaluation next February.

Extensions of one-year were granted for Forrest Martin, primary principal; James Settle, Elementary I; Jack Christian, Elementary II; and Tommy Brawley, junior high school principal.

Board Member Dick Hopping maintained a resistance to extending contracts throughout the meeting. He made it clear he was not voting against people, but against the policy of adding a year to contracts which already have a year or more to run.

"I don't have anything against two-year contracts," Hopping said, "but I certainly don't think you ought to be taking them up until they are about to expire."

Only then, he said, should the board

Felony Charges**

Felony burglary charges were filed against two persons by Lamb County sheriff's authorities this week.

Don Ray White, 22, of Friona, is charged with grand jury indictments of two burglaries at Springlake, two at Sudan and one at Beck Gin. White's bond is set at \$10,000.

Olton city police cooperated with Lamb County sheriff's officials in arresting Arnulfo Garcia, 21, of Plainview. The arrest cleared up 16 burglaries. Some of the stolen property recovered includes tools, tool boxes, clothing, tapes and a tape player, a portable radio, heater, floor mats, and three rifles.

consider renewing a contract for a new two or three-year period.

THE VOTE on adding a year to Athletic Director Jerry Blakely's contract came up first in the discussion of contracts. It was unanimous, but Hopping later said he would have been against that add-on also, had he known at the time that the contract still had almost a year to run. The athletic director's contract, unlike those of the principals, runs from mid-term to mid-term.

The two-year contract of the school nurse, Mrs. Joyce Oliver, was extended a year; the one-year contract of Mrs. Ima Roycroft, counselor, was changed to a two-year pact; and the one-year contract of Mrs. Lou Driskell, curriculum coordinator, was renewed.

IN OTHER ACTION at the meeting, the board approved a school calendar for 1972-73 among numerous additional items.

The calendar calls for a starting date of Aug. 16 for teachers' in-service, with registration Aug. 24-25 and the opening day of school on Aug. 28.

Holidays include Sept. 4, Labor Day; Nov. 23-24, Thanksgiving; Dec. 23-Jan. 2, Christmas; April 23-27, Easter. School will end on May 31.

Lunchroom fees for students were raised five cents per meal, with the intention of overcoming deficits which continue to mount in lunchroom operations.

The board appointed the firm of Hall and

No one except the exhibitors, judges and show officials will be allowed in the arena at the time of judging, and no fat steer, fat barrow or fat lamb can be shown if the animal has gone through any show's auction sale.

GS Cookie Sale Scheduled Friday

Littlefield Girl Scouts and Scouts out of the 18-county Caprock Girl Scout Council, will be knocking on doors again this year beginning at 4 p.m. Friday, Feb. 25 through March 11, selling five different flavors of cookies.

According to Mrs. Bobby Beale, Littlefield service unit cookie chairman, she "expects 179 cases of cookies to arrive Monday morning sometime."

The girls will be wearing scout uniforms or their pins while selling the cookies. All profits from these sales will be divided between the local troops and the Caprock Council for building and improving Camp Rio Blanco, northeast of Crosbyton. Camp Rio Blanco is for the entire 18-county Girl Scout Council.

A two-week campership will be awarded to the Girl Scouts selling 180 boxes of cookies or more.

Girls selling at least 48 boxes will receive a cookie "champ" patch; 24 boxes, a Girl Scout book mark; and those selling 12 boxes will be presented a certificate of honor.

The girls will be selling mint cookies, assorted sandwich, butter flavored shorties, peanut butter and pecanettes.

Summer sessions at Camp Rio Blanco will begin in June. Each session will be based on the Girl Scout program for the out-of-doors, which includes crafts, hikes, swimming, songs, campfires, nature study and star gazing. Six sessions are scheduled for girls of various age groups.

Mrs. Beale has asked everyone to help support better scouting and buy the Girl Scout cookies from these girls. "We need and will appreciate your support to accomplish the goal we have set for 1972."

Little Joe: (Our latest family addition) \$1,770.00 per 1/4-mile sprinkler line. Tri-Matic 200--economy Self Aligning. Great for hay or row crops. Waters up to 200 acres row crop water capacity, 600 G.P.M. to 1200 G.P.M. 7 1/4 acre per setting 14 1/2 acre per day--fast moving and efficient. No manual aligning needed.

Martha May: \$1,700.00 per 1/4 mile sprinkler line. Tri-Matic 160 (mama of them all) A real dollar saver (she just might be a little Scotch). Waters 160 acres row crop. The life expectancy is more than double!

Tri-Matic family plan is not finished so don't be surprised. (We are expecting something exciting)

Faver Tours Nebraska, Iowa

T. C. Faver of the Lamb County Farmers Union participated in a good will mission to Sioux City, Iowa last week.

Forty Texas farmers departed from Lubbock and Amarillo on February 7 for the flight to Sioux City. They were met at the airport by farmers from Iowa and Nebraska who served as hosts at a get-acquainted reception. The Texans stayed in the homes of the host families.

Faver spent the week visiting with farmers in Nebraska about vital issues facing agriculture and soliciting memberships in the Farmers Union.

Texas Farmers Union is cooperating with National Farmers Union and sister states in a series of "Flying Farmer" exchange programs designed for membership building and public relations activities.

In an exchange program during the week of January 10-14, forty North and South Dakota farmers flew to Texas for a week of similar activities.

Faver stated he found the people very friendly. Their crops were mostly corn and soybeans. Also quite a lot of livestock, which were very fat even though the weather is extremely cold and never got above zero during the five days he was there.

Almost all the homes were two-story. Both homes and barns are old, but well kept and very nice, he noted.

A WHITE truck, owned by Howard K. Coody of Dimmitt, caught fire Monday on Highway 385 eight miles north of Littlefield. Littlefield firemen went to the scene to extinguish the fire which destroyed the cab and its contents.

FIRST NATIONAL BANK

The standard deduction is up this year. But maybe you should itemize.

Your best buddy Lenny might have told you to itemize your deductions because it would save you more tax dollars. Your neighbor possibly suggested taking the standard deduction because you'd pay less taxes that way. And Frank down at the office helps everybody with their return - - - what did Frank recommend? If there's some way to save you money on your income tax, H & R Block will know how to do it.

Itemized and standard deductions are nothing new. We've been preparing returns for years using both. We'll figure out your situation both ways and then prepare your return using the method that's best for you. You see, for only a few dollars more than it costs to do it yourself (with advice maybe from some other amateur), you can have your tax return prepared with complete confidentiality by a specially trained member of the H & R Block team. There are thousands of them in over 6,000 conveniently located offices.

Each member of H & R Block is warm, friendly and anxious to help you. A visit to H & R Block usually takes just a short time. Once in our office, you sit down over a free cup of coffee and possibly learn

things about your income tax that you never knew existed. Things that you know because income tax returns are our only business. H & R Block's fees start at \$5 and the average cost was under \$12.50 for over 7 million families we served last year.

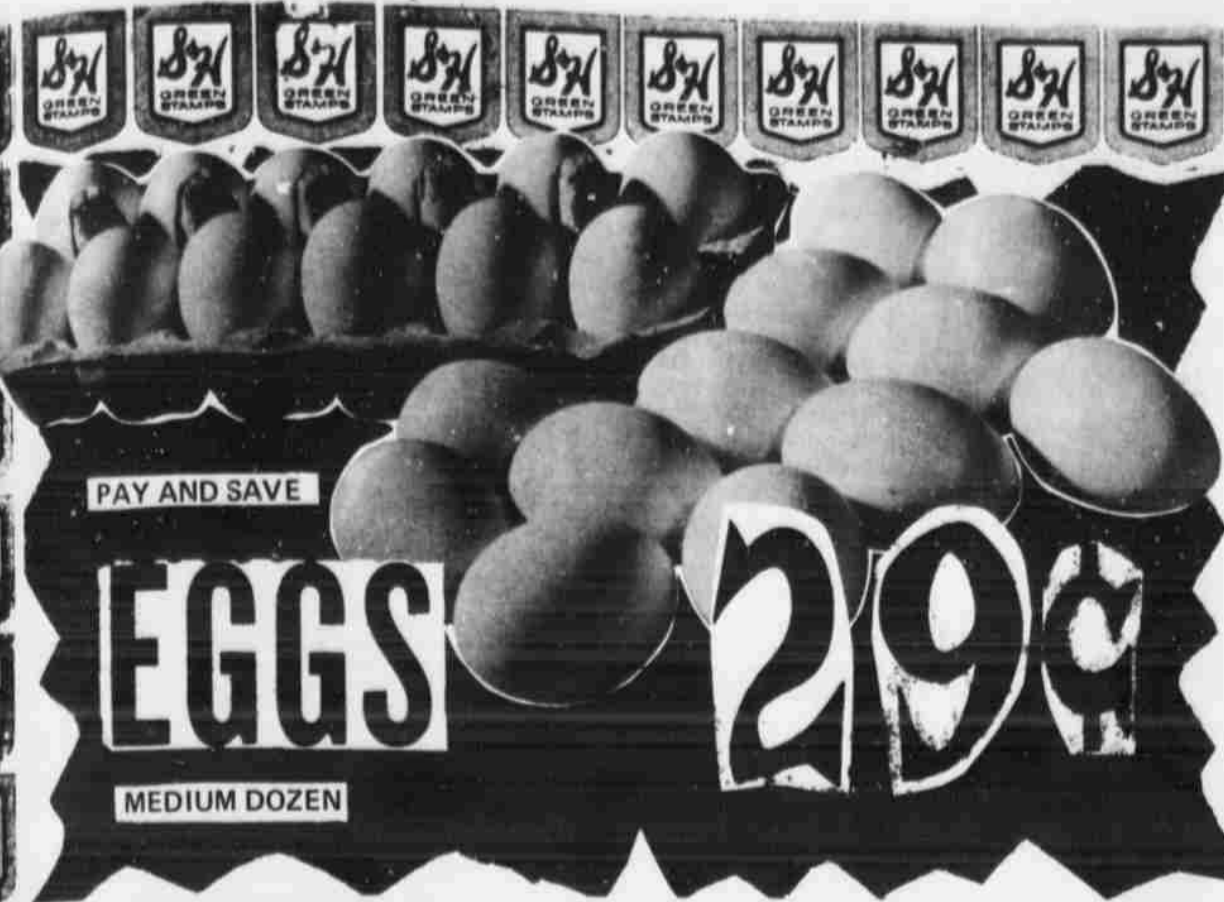

Furthermore, if your return is audited we will accompany you, at no extra cost, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative.

It means that H & R Block also offers you "round tax service" for just one low fee, with no extra charge for audits and estimates. Yes, it's true. The standard deduction is up this year. It's one of the many things we'll consider when we do your return.

DON'T LET AN AMATEUR DO HAR BLOCK'S JOB.

Every man can help some boy to *measure up*; to keep his feet on the ground, his heart courageous and his compass pointed to the tasks ahead. And if it is my boy you have helped, I shall be everlastingly glad. Every father will join me in saying, "God Bless You." Best of all, the Heavenly Father will know and be quick to say, "My Son saved a world, and who knows what the son you help will do for good." Boys clubs and concerned women and men are contributing time and wealth to help your boy and mine *start right*. Every man can hold his head higher if he can remember that he helped a boy *measure up* to his true potential.

Toilet as its tax attorneys for the remainder of the year, to succeed the late Hank Gowdy.

The song "Southern Special," which includes some bars from "Dixie," was approved for use at pep rallies next fall on a 5-1 vote, with Trustee Pat Downs opposed. The board last fall, in a split vote, backed an administrative ruling against use of the song.

Also approved was a motion to have the gymnasiums properly prepared for all athletic events, with all seats in place and all facilities operative, in the future.

The board, noting a couple of occasions when its instructions did not appear in the minutes, voted that in the future, "all action we take is recorded."

Trustees, discussing irrigation of the junior high practice field, approved the drilling of a water well on a 4-2 vote, with Trustees Glenn Batson and Roden opposed. The question of later installing a \$3,500 underground watering system for the field was delayed until results of the well test are known.

Industrial Arts instructor Byron Ford met with the board to discuss plans for trips students in his department will be making to regional and state fairs. Ford also told of an open house being planned here once the regional and state shows are completed.

The board discussed the possibility of expanding the department to meet a high student demand. One solution mentioned was the addition of a drafting teacher to work with both junior high and high school courses.

Chips, Machines Taken In Break-Ins

City police are investigating two cases of breaking and entering which have occurred Wednesday and Friday of this past week.

Late Friday night or early Saturday morning, several items were taken from Armes Equipment on East Delano.

Entry was gained to the building after a glass was broken from the front door. Taken were a typewriter, an Arvin electric heater, a Victor calculator and a Victor adding machine.

Wednesday night, an unknown amount of potato chips was taken from the Frito Lay Warehouse. Entry was gained to the building after the second panel of the south door was kicked out.

Police jailed one adult male Thursday night, and charged him with drunk in public. He was tried, fined and released.

BRUCE BRIDGES showed the grand champion steer of the Annual Junior Livestock Show at Earth Friday night. The Charolais-Angus cross steer weighed 1,105 pounds. Larry Dear's 981-pound Angus steer took the reserve grand championship trophy. With Bridges is the judge, Jack Jenkins, and County Agent Buddy Logsdon.

NICHO TRIANA'S Cross barrow won the championship swine trophy Friday night at the Annual Junior Livestock Show at Earth. The animal weighed 220 pounds. Sheila Lewis' heavyweight Doroc won the reserve grand championship title.

GRAND CHAMPION LAMB of the Annual Junior Livestock Show at Earth Friday night was this 103-lb. Hampshire lamb, shown by Lacretia James. Reserve grand champion lamb was a 110-lb. Hampshire, shown by Randle Kennedy.

**Citizen To Honor
Citizens Monday**

The city will honor its top citizens and recognize new officers of the Chamber of Commerce and Agriculture at the organization's banquet Monday night. The event will be staged in the cafeteria, and tickets will be available at the door for \$3.50 each. Newbury of Fort Worth, a national humorist and after-dinner speaker, will serve as the guest speaker. The theme for the event is "Look To The Land of Opportunity."

MARCH OF DIMES has a special significance to this 13-year-old Spade sixth grader. Elpidio Cordao gathered up cold drink bottles, washed them, then filled his MOD packet with the seven dimes he collected. He included this note: "I'll be glad to help you. Because when I was four years old the March of Dimes help me when I had the Polio. And I hope that all boys and girls get well soon. Your truly, Elpidio Cordao." Elpidio had polio when he was four. His mother said he still has a little trouble with his right leg after too much running and playing.

**City Ponders
FAA Threat**

Councilmen discussed the status of Federal Aviation Administration grant money, and asked City Attorney Ted Hopping to proceed with getting a 90-day extension on the case to get information for their regular session Thursday.

The FAA has set a deadline of Feb. 27 for the city to respond with return of more than \$100,000 in grant funds, which it claims are overpayment by the FAA to the city.

The city's understanding of the situation is that the FAA owes Littlefield almost \$100,000 in funds that it has never paid. A 90-day extension is not granted, and the city will file suit against the city for the amount of what it claims is an overpayment.

If an extension is granted, the city will file all the supporting evidence and information needed for possible litigation.

The city attorney and city manager were asked to write letters to Senator Herman Bob Price, Senator Benton, and George Mahon, concerning the supporting evidence.

In their action, councilmen: approved for filing letters related to the Migrant Health regulations.

Approved requests for installation of lights at 312 N. Sunset and 1231 W. 1st.

Approved minutes of the last meeting. Approved payment of bills. Approved departmental reports.

**Little Dribblers, Inc.
Doubling Each Year**

Little Dribblers started in this city with a weight of babies at birth is no longer announced. Parents announce the birth of their children.

Did you hear of Little Dribblers? Then you are missing out. One hundred twenty Littlefield boys are dribbling and shooting in the city. It is basketball's curbside version, called "Pop" Warner Football and League Baseball.

Little Dribblers, Inc. is a non-profit organization which teaches basketball techniques to boys 8, 9, 10 and 11 years old. Little Dribblers, Inc. is headquartered in nearby Levelland.

Little Dribblers won the Springlake Little Dribblers in the Division Championship in the National Little Dribblers tournament in a three-day affair in April. Sixteen teams representing Arizona, New Mexico and Texas competed for the first championship in the Texas Dome on the campus of South Plains College.

Next year an area team might very well be one of the national champs again. Littlefield, Springlake-Earth,

Those wishing to apply are asked to contact Dr. D. J. Stafford, Tom Hilburn, or Billy or Bill Payne.

**School Trustee Filing Date
Nears With None Announced**

**Board Extends Contracts,
OK's '72-73 Calendar**

The haze which has shrouded the coming election of three Littlefield school trustees continued to be a concern Wednesday night at a regular school board meeting.

With only 10 days left for candidates to file for the April 1 election, no one has announced.

Two of the incumbents will not seek re-election and a third, Bob Roden, acting president of the board, is still undecided about seeking a second term.

Roden said he may not have the necessary time to devote to the board post, as a result of the recent loss of his chief assistant at his drug store business.

Previously, the two other incumbents, Wayne Streety and Werner Birkelbach, had eliminated themselves from bids for re-election.

Streety recently moved out of the district and thus disqualified any possibility of a return to the board. And Birkelbach, who has served two terms, indicated he would not run again.

Deadline for filing in the election is March 2.

DISCUSSION of contracts of administrative personnel occupied much of the board's time during the session.

The two-year contracts of five school principals were brought before the board along with several others. All had the remainder of this year, plus another school year, to run.

Some resistance to multi-year contracts cropped up and action on one, that of high school principal Beryl Harris, was delayed for re-evaluation next February.

Extensions of one-year were granted for Forrest Martin, primary principal; James Settle, Elementary I; Jack Christian, Elementary II; and Tommy Brawley, junior high school principal.

Board Member Dick Hopping maintained a resistance to extending contracts throughout the meeting. He made it clear he was not voting against people, but against the policy of adding a year to contracts which already have a year or more to run.

"I don't have anything against two-year contracts," Hopping said, "but I certainly don't think you ought to be taking them up until they are about to expire."

Only then, he said, should the board

**Two Jailed On
Felony Charges**

Felony burglary charges were filed against two persons by Lamb County sheriff's authorities this week.

Don Ray White, 22, of Friona, is charged with grand jury indictments of two burglaries at Springlake, two at Sudan and one at Beck Gin. White's bond is set at \$10,000.

Olton city police cooperated with Lamb County sheriff's officials in arresting Arnulfo Garcia, 21, of Plainview. The arrest cleared up 16 burglaries. Some of the stolen property recovered includes tools, tool boxes, clothing, tapes and a tape player, a portable radio, heater, floor mats and three rifles.

Jerry Nipp was fined on a check law violation Thursday.

consider renewing a contract for a new two or three-year period.

THE VOTE on adding a year to Athletic Director Jerry Blakely's contract came up first in the discussion of contracts. It was unanimous, but Hopping later said he would have been against that add-on also, had he known at the time that the contract still had almost a year to run. The athletic director's contract, unlike those of the principals, runs from mid-term to mid-term.

The two-year contract of the school nurse, Mrs. Joyce Oliver, was extended a year; the one-year contract of Mrs. Ima Roycroft, counselor, was changed to a two-year pact; and the one-year contract of Mrs. Lou Driskell, curriculum coordinator, was renewed.

IN OTHER ACTION at the meeting, the board approved a school calendar for 1972-73 among numerous additional items.

The calendar calls for a starting date of Aug. 16 for teachers' in-service, with registration Aug. 24-25 and the opening day of school on Aug. 28.

Holidays include Sept. 4, Labor Day; Nov. 23-24, Thanksgiving; Dec. 22-Jan. 2, Christmas; April 23-27, Easter.

School will end on May 31. Lunchroom fees for students were raised five cents per meal, with the intention of overcoming deficits which continue to mount in lunchroom operations.

The board appointed the firm of Hall and

**Committee
Names Areas**

Members of the community-wide Community Development Committee met Wednesday morning in the XIT Room of the Security State Bank to discuss plans for organizing the residential and business areas.

The city has been divided into 13 areas, and Dr. Albert Perkins is serving as residential chairman.

Forrest Price will work as chairman of the business district.

Dr. Perkins is in the process of naming area chairmen to work with him in the residential districts, and each resident is encouraged to work for improvement in the appearance of yards and alleys in his own area.

The business district has been divided into nine workable areas, and area chairmen are being chosen to coordinate the plans for improving the physical appearance of the business community.

Other plans, now in the development stage, will be announced as they are completed.

The committee will meet again Wednesday morning.

**Rural Head-On Crash
Injures 7 Residents**

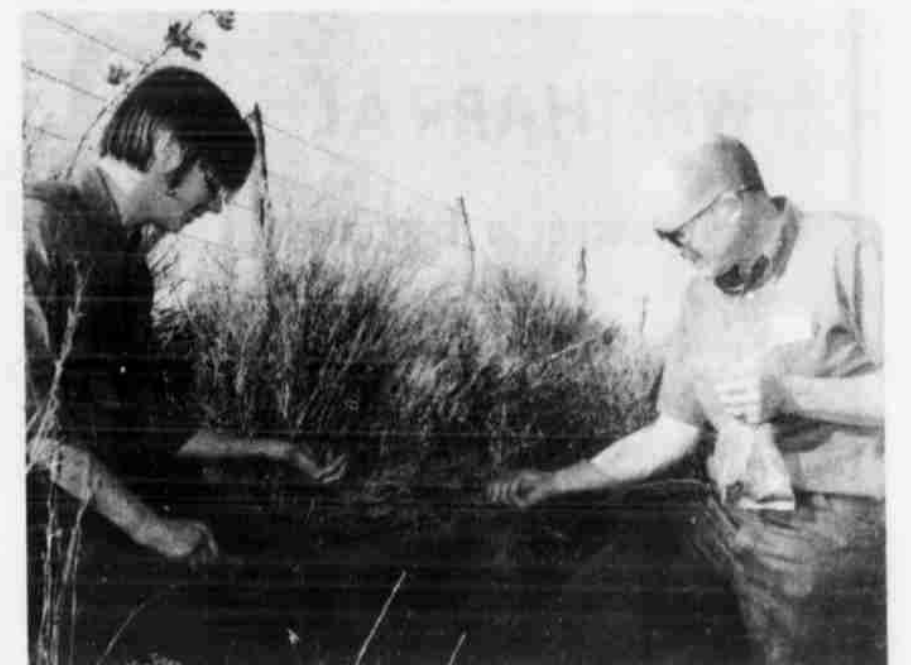

Seven Littlefield residents were injured in a grinding head-on crash near Olton Wednesday afternoon. The two cars involved in the wreck were demolished.

Brought to the Littlefield Hospital by a Parson's ambulance were Mrs. James (Patsy) Grimes, her six-year-old son Tim, and her mother-in-law, Mrs. Ann Grimes, 66, all passengers in the Grimes auto; Mrs. Gary (Barbara) Huckabee, 21, her husband Gary Wayne Huckabee, 27, and the two Huckabee children, John Howard, 23 months, and Connie Elaine, 36 months, passengers in the Huckabee car.

Mrs. Ann Grimes was immediately transferred to the Methodist Hospital in Lubbock for treatment of a broken right leg and knee cap, two breaks in her lower jaw, a broken upper jaw bone, and possible internal injuries.

Patsy Grimes is being treated for broken ribs, a fractured collar bone, cuts and bruises.

Gary Huckabee has a broken right ankle and back injuries.

AN EXPERIMENT at Wayland College may be significant to Lamb County farmers. Gerald Thompson, right, Bula graduate and the son of H. G. Thompson of Littlefield, is heading the experiment to determine if the volatile smell given off by sage brush interferes with the growth of other nearby plants. Gary Cox, a freshman student, helps Thompson gather seed in the sandhills south of Olton.

**4-H, FFA, FHA Youths
Ready For Area Show**

Lamb County youth from four area cities — Amherst, Spade, Sudan and Littlefield — are preparing for the annual Littlefield Area Junior Livestock Show and Sale this weekend.

Members of the 4-H Clubs, FFA and FHA chapters in those cities who are in good standing, between 9 and 21 years old, and are still in school will participate.

Advance entries must be in the County Agent's office by 5 p.m. Monday.

All animals will be weighed in and tagged before 7 p.m. Thursday, and must be in their proper places in the county show barn in Littlefield by that time.

Sighting of the animals will be done by the judge in the show ring at the time of judging.

Judging will start promptly at 1 p.m. Friday, when youngsters begin showing their sheep. Jerry Stockton of Frenship will serve as judge.

Swine judging will begin shortly after the sheep judging is completed, and the steer judging will follow the swine judging. Dr. Tribble of Texas Tech University will serve as swine judge and Jim Jenkins of South Plains College will judge the steers.

No one except the exhibitors, judges and show officials will be allowed in the arena at the time of judging, and no fat steer, fat barrow or fat lamb can be shown if the animal has gone through any show's auction sale.

The auction sale will begin at 1:30 p.m. Saturday, and ribbons will be presented to all animals that sell.

Rosettes will be awarded to all champions and reserve champions of each animal category, and trophies will go to

the grand champions and reserve grand champion winners.

**GS Cookie Sale
Scheduled Friday**

Littlefield Girl Scouts and Scouts out of the 18-county Caprock Girl Scout Council, will be knocking on doors again this year beginning at 4 p.m. Friday, Feb. 25 through March 11, selling five different flavors of cookies.

According to Mrs. Bobby Beale, Littlefield service unit cookie chairman, she "expects 179 cases of cookies to arrive Monday morning sometime."

"In the past the cookies have been 50 cents a box, but this year they will sell for \$1 a box. A family-size pack has been prepared this year, containing two 13 oz. boxes.

The girls will be wearing scout uniforms or their pins while selling the cookies. All profits from these sales will be divided between the local troops and the Caprock Council for building and improving Camp Rio Blanco, northeast of Crosbyton. Camp Rio Blanco is for the entire 18-county Girl Scout Council.

A two-week campership will be awarded to the Girl Scouts selling 180 boxes of cookies or more.

Girls selling at least 48 boxes will receive a cookie "champ" patch; 24 boxes, a Girl Scout book mark; and those selling 12 boxes will be presented a certificate of honor.

The girls will be selling mint cookies, assorted sandwich, butter flavored shorties, peanut butter and pecanettes.

Summer sessions at Camp Rio Blanco will begin in June. Each session will be based on the Girl Scout program for the out-of-doors, which includes crafts, hikes, swimming, songs, campfires, nature study and star gazing. Six sessions are scheduled for girls of various age groups.

Mrs. Beale has asked everyone to help support better scouting and buy the Girl Scout cookies from these girls. "We need and will appreciate your support to accomplish the goal we have set for 1972."

**Spelling Bee

Dee Blevins At Lions Meet

Littlefield Basketball Coach Dee Blevins was speaker at the Wednesday noon Lion Club meeting. Coach Blevins outlined the basketball program now being carried out in the local school system.

Coach Blevins pointed out the improvement in won-lost records of the teams from seventh grade through junior varsity as compared to last year.

These, coupled with the fact that most of this year's varsity team will be back, gives hopes of better things to come for Littlefield basketball, according to Coach Blevins.

There were 54 members and three club guests for a total of 57 present.

Be-Little TOPS Club met Tuesday, Feb. 15, with all 11 members present.

SLICK MAGAZINE articles portray the youth of today as a wholly new breed. As events continue to prove, the portrayal is about as substantial as the froth on a milkshake.

THE YOUTHS who follow their dreams of tomorrow in the work of the Future Farmers of America can hardly be called a new breed.

They are a new generation seeking to build a better future on the knowledge and experience of the past which is what each generation must do if mankind is to advance.

Justice

THE SEARCH FOR TRUTH in many courtrooms today has taken on new dimensions.

In some instances, the court, in addition to administering justice, is forced to justify its existence and physically police its proceedings to maintain a modicum of decorum.

THERE ARE OCCASIONS when the court seemingly spends as much time trying to control shouting defendants and their recalcitrant counsel as in conducting the trial.

FOR MANY, reverence for the law is no longer a sacred principle. The attributes so vital to impartial courtroom procedure are scorned, and court authority is tested.

When defendants call the jurist "a fascist dog" and "a lying pig," shout curses and obscenities at the court, chant in unison, and completely destroy the dignity of the courtroom, the duty of the court is axiomatic.

ASIDE FROM the contemptuous courtroom conduct itself, equally disturbing are the public agitations and blatant outcries from some quarters against a judge who takes firm action to meet the problem head-on.

The beleaguered jurists is an instant villain in these contrived sideshows and, like the law enforcement officer before him, becomes a target of repeated abuse.

IN DISCUSSING courtroom conflicts in March, 1971, Hon. Warren E. Burger, Chief Justice of the United States, stated in part, "... I do know this - and so does anyone who has read legal history and read the newspapers in recent years - that John Adams, and his reincarnated colleagues at the bar, would be shocked and bewildered at some of the antics and spectacles witnessed today in the courtrooms of America.

They would be as shocked and baffled as are a vast number of contemporary Americans and friends of America all over the world." The Chief Justice urged that priority be given to methods and machinery, to procedure and techniques, and to management and administration of judicial resources to meet the challenges to our system of justice.

Fortunately, there is indication that most of the members of the legal profession agree with the Chief Justice and are working to correct these conditions.

IF THE JUDICIARY is to keep the faith of the American people, then it must deal promptly and decisively with vituperative outbursts and disruptive tactics in court. Justice without strength will soon become no justice at all.

THE ABUNDANT LIFE

Be Interested

By BOB WEAR

ONE OF THE LIFE qualities essential to our personal well-being, and to the common good is the readiness to be concerned with and moved by the right things or the right objects.

This includes wholesome self-interest, the interest in the welfare of others and the willingness to be occupied with whatever is profitable and constructive.

BEING WISELY interested can be the difference between living and existing. It is the difference between being an asset and a liability.

It is the only way to tap the unlimited supply of the riches and rewards which life has to give. It is the best expression of a justified feeling of gratitude for the gift of life.

PEOPLE WITH WHOLESOME and constructive interest in themselves, in others and in worthwhile things are interesting people.

Being interested will make us interesting, and this opens many avenues of meaningful and life-sustaining privileges and opportunities.

WHEN WE ARE INTERESTED in life, we are enthusiastic and joyful in the living we do. We do not live under the clouds of gloom, despair, boredom and futility.

We accept the normal challenges with a spirit of good cheer and a willingness to keep trying. We do not give up, because we know that this is loss by default.

MUCH OF GOOD IS LOST, because of disinterest. Somebody must be interested enough to plan, and somebody must be interested enough to work the plan.

When good things are done, somebody must do them. Of course, the bad things are done by those who are interested in them.

"The virtues and vices are all put in motion by interest." Interest not only triggers the action, it also sustains it. Therefore, whatever objects, good or bad, attract the greatest interest will dominate a life and a social order.

POTENTIAL BECOMES ACTUAL, when interest is great enough; and maintained long enough. Otherwise, it will remain forever undeveloped and unused; and might as well never have been.

This is true regarding personal development, community development and every other aspect of life that involves the human potential.

INTEREST IS NOT everything, but where there is not sufficient interest everything else is useless. We may have the ability, we may have the material resources, and we may see

the need; but without the interest nothing can be accomplished.

INTEREST MAY NOT surmount all barriers, but one fact is sure; without interest, none will be overcome.

BE INTERESTED, and continue to be interested. Do not permit mistakes or disappointments or any such thing to destroy the essential life element of wholesome interest.

There are so many things, including our own personal life structure, that are worthy of the greatest possible degree of continuing interest.

READINESS TO BE CONCERNED with and moved by right things is the key to the grand adventure of living.

PHILOSOPHER

Experts?

(Editor's note: The Sandhills Philosopher on his Johnson grass farm apparently has become aware of the current literary news, his letter this week indicates.)

Dear Editor: I wish you'd help me out. I've just completed writing an autobiography of Christopher Columbus and need your help in finding a publisher who'll advance me \$650,000 with a check made out to C. Columbus. Once that sandbar is cleared it'll be easy sailing as I guarantee there'll be no telephone calls from him denying he ever heard of me.

I have a letter which I am now having a New York firm of experts confirm in is Columbus' handwriting, but despite this I don't intend to offer parts of the book to the people there at the moment would not be interested.

Speaking of handwriting experts, I am very interested in the reaction of the firm which at first reported that the letter from Howard Hughes to Clifford Irving was genuine, that unquestionably it was in the billionaire's handwriting.

Then when the whole thing started falling apart the firm announced it was "revising" its first opinion and that maybe the writing wasn't genuine after all.

It seems to me this method of handling a situation ought to be available to others. For example, think how many thousands of college students there are right now who'd like to "revise" some of the answers they gave on their last exam. Think of the

politicians who on reading today's remarks in a hurry I can't think of who'd like to get in on this, or at least it ready just in case.

I don't know of anybody who's long enough, wouldn't like to re-examine something he said that day but in the opposite direction the day before. I hope this New York firm of handwriting experts hasn't copyrighted the idea.

THOMAS and Mrs. Johnson of Littlefield spent Thursday in Plainview as guests of Mrs. Myrtle Harrall. She is Mrs. Johnson's sister. Both were residents in Amherst a number of years ago. MR. AND MRS. Alvin Long and family were weekend visitors in Dallas. MRS. GENE KINDRED of Oklahoma City is here with her parents, Mr. and Mrs. Allan White, Tuesday and Wednesday. She returned there

and will move to Atlanta soon. She will return by Amherst the latter part of next week. She and her late husband resided in Atlanta several years. MRS. ESTELLE JONES of Lubbock visited her parents, Mr. and Mrs. S. E. Lance for the weekend. WEEKEND GUESTS of Mr. and Mrs. Aubrey Jones were his cousin, Hilton Stewart and sister, Mrs. Ella Hart of Odessa. MR. AND MRS. Bill Weaver and their sons, W. T. and Dale and families attended the 88th birthday celebration of his mother, Mrs. A. R. Weaver in Littlefield Sunday. They were among fifty seven attending. MRS. BUDDY HEDGES and daughters, Joan and Brenda of Sudan, visited Mrs. W. P. Hedges Sunday.

There were no injuries in either of two two-car accidents early Wednesday afternoon. Sherry Lynn Lively of Route 2 Hart was driving west on U.S. 70 and John Benjamin Latimer of Littlefield was traveling south on U.S. 385. Latimer pulled into the path of the Lively car at the intersection of the two highways at Springlake, according to Bill Angel, highway patrolman. The other accident occurred on the parking lot of the Sudan Co-op Gin. Donald Lee Powell was driving a gin truck. The truck pulled off the scales and hit a car coming around the corner. Neil Johnson Ingle of Sudan was driving the 1969 Chrysler.

Faver Tours Nebraska, Iowa

T. C. Faver of the Lamb County Farmers Union participated in a good will mission to Sioux City, Iowa last week.

Forty Texas farmers departed from Lubbock and Amarillo on February 7 for the flight to Sioux City. They were met at the airport by farmers from Iowa and Nebraska who served as hosts at a get-acquainted reception. The Texans stayed in the homes of the host families.

Faver spent the week visiting with farmers in Nebraska about vital issues facing agriculture and soliciting memberships in the Farmers Union.

Texas Farmers Union is cooperating with National Farmers Union and sister states in a series of "Flying Farmer" exchange programs designed for membership building and public relations activities.

In an exchange program during the week of January 10-14, forty North and South Dakota farmers flew to Texas for a week of similar activities.

Faver stated he found the people very friendly. Their crops were mostly corn and soybeans. Also quite a lot of livestock, which were very fat even though the weather is extremely cold and never got above zero during the five days he was there.

Almost all the homes were two-story. Both homes and barns are old, but well kept and very nice, he noted.

A WHITE truck, owned by Howard K. Coody of Dimmitt, caught fire Monday on Highway 385 eight miles north of Littlefield. Littlefield firemen went to the scene to extinguish the fire which destroyed the cab and its contents.

FIRST NATIONAL BANK

The standard deduction is up this year. But maybe you should itemize.

Your best buddy Lenny might have told you to itemize your deductions because it would save you more tax dollars.

Your neighbor possibly suggested taking the standard deduction because you'd pay less taxes that way.

And Frank down at the office . . . he helps everybody with their return . . . what did Frank recommend?

If there's some way to save you money on your income tax, H & R Block will know how to do it.

Itemized and standard deductions are nothing new. We've been preparing returns for years using both. We'll figure out your situation both ways and then prepare your return using the method that's best for you.

You see, for only a few dollars more than it costs to do it yourself (with advice maybe from some other amateur), you can have your tax return prepared with complete confidentiality by a specially trained member of the H & R Block team. There are thousands of them in over 6,000 conveniently located offices.

Each member of H & R Block is warm, friendly and anxious to help you. A visit to H & R Block usually takes just a short time. Once in our office, you sit down over a free cup of coffee and possibly learn things about your income tax that you never knew existed. Things that we know because income tax returns are our business.

H & R Block's fees start at \$5 and average cost was under \$12.50 over 7 million families we served last year.

Furthermore, if your return is audited we will accompany you, at extra cost, to the Internal Revenue Service and explain how your return was prepared even though we will act as your legal representative.

It means that H & R Block also offers you a "round tax service for just a low fee, with no extra charge for audits and estimates.

Yes, it's true. The standard deduction is up this year.

It's one of the many things we'll consider when we do your return.

DON'T LET AN AMATEUR DO H&R BLOCK'S JOB.

H&R Block.

Help HIM Measure Up

Every man can help some boy to *measure up*; to keep his feet on the ground, his heart courageous and his compass pointed to the tasks ahead. And if it is my boy you have helped, I shall be everlastingly glad. Every father will join me in saying, "God Bless You." Best of all, the Heavenly Father will know and be quick to say, "My Son saved a world, and who knows what the son you help will do for good." Boys clubs and concerned women and men are contributing time and wealth to help your boy and mine *start right*. Every man can hold his head higher if he can remember that he helped a boy *measure up* to his true potential.

Toilet as its tax attorneys for the remainder of the year, to succeed the late Hank Gowdy.

The song "Southern Special," which includes some bars from "Dixie," was approved for use at pep rallies next fall on a 5-1 vote, with Trustee Pat Downs opposed. The board last fall, in a split vote, backed an administrative ruling against use of the song.

Also approved was a motion to have the gymnasiums properly prepared for all athletic events, with all seats in place and all facilities operative, in the future.

The board, noting a couple of occasions when its instructions did not appear in the minutes, voted that in the future, "all action we take is recorded."

Trustees, discussing irrigation of the junior high practice field, approved the drilling of a water well on a 4-2 vote, with Trustees Glenn Batson and Roden opposed. The question of later installing a \$3,500 underground watering system for the field was delayed until results of the well test are known.

Industrial Arts instructor Byron Ford met with the board to discuss plans for trips students in his department will be making to regional and state fairs. Ford also told of a open house being planned here once the regional and state shows are completed.

The board discussed the possibility of expanding the department to meet a high student demand. One solution mentioned was the addition of a drafting teacher to work with both junior high and high school courses.

Chips, Machines Taken In Break-Ins

City police are investigating two cases of breaking and entering which have occurred Wednesday and Friday of this past week.

Late Friday night or early Saturday morning, several items were taken from Armes Equipment on East Delano.

Entry was gained to the building after a glass was broken from the front door.

Taken were a typewriter, an Arvin electric heater, a Victor calculator and a Victor adding machine.

Wednesday night, an unknown amount of potato chips was taken from the Frito Lay Warehouse. Entry was gained to the building after the second panel of the south door was kicked out.

Police jailed one adult male Thursday night, and charged him with drunk in public. He was tried, fined and released.

BRUCE BRIDGES showed the grand champion steer of the Annual Junior Livestock Show at Earth Friday night. The Charolais-Angus cross steer weighed 1,105 pounds. Larry Dear's 981-pound Angus steer took the reserve grand championship trophy. With Bridges is the judge, Jack Jenkins, and County Agent Buddy Logsdon.
