## VFW Aux. Elects New Officers

The VFW Ladies Auxiliary of Littlefield held their annual election of officers for the coming year Wednesday evening, April 7, with 27 members present.

Taking office July 1 will be Stella Pugh, president; Faye Bussey, senior-vice; Georgia Hafley, junior-vice; Elnora Tremmor, secretary; Jean Chashier, treasurer; Marie Gary, chaplain; Billie Ramage, conductress; Peggy Starnes, guard; Beverly Stewart, patriotic instructor; and Vivian Barrett, historian.

MR. AND MRS. LAMBERT M. KIRBY

Georgia's poet, Robert Loveman, wrote these words:

"It isn't raining rain to me, It's raining daffodils-- With every dimpled drop, I see wild flowers on the hill."

The Rain Song it is called. And it expresses the love of a man for the wild flowers, the tenderness of life and the great ability he had to set to poetry life's beauty.

The hills bloomed with these lovely flowers in Loveman's home state, and spring gardens everywhere become alive with their blossoms.

We feel we are in a wonderful business-- dealing in flowers, God's loveliest creation. It is a pleasure to serve you as your florist.

By GAYLE MILLS LEADER-NEWS SOCIETY EDITOR

In our modern-age fast-furious world--we find so many busy-busy housewives constantly on the go and with quite a few irons in the fire at once--sometimes not knowing which way to turn.

Those of us with teenagers find that we have an advantage over the others--sometimes we have to turn the evening meal planning over to them.

Statistics show that almost half of junior and senior high school girls "often" prepare the family meal. Easy-to-prepare foods make these junior cooks great cooks. They can show an amazing amount of imagination when given the chance to put their own touches on meals prepared for their families or friends.

I have a couple of easy-to-prepare recipes that often get served to my family when I am in a hurry--and I'll bet the mothers around your house, as well as yourself, would enjoy whipping up these quick meat dishes--they are economical too.

SOMETIME AGO I submitted my recipe for "East Indian Smothered Liver and Onions." Well here is another favorite liver recipe of ours.

### SMOTHERED LIVER IN BEEF BROTH

6 or 7 med. size pieces of liver  
1 cup celery  
1 med. size onion (cut in rounds)  
Salt and pepper to taste  
1/4 tsp. turmeric (optional)  
2 bouillon cubes  
2 1/2 to 3 cups water  
Cut celery in small bite-size pieces and saute in 1/4 cup oil. Take celery out of skillet and set aside in a bowl.  
Salt and pepper liver; flour; put in skillet and brown on both sides.  
Mix bouillon cubes with two cups boiling water until dissolved; pour over meat--turn

skillet down to a simmering point; add sliced onions and celery; sprinkle turmeric over mixture. Let simmer until liver and onions are done. Add more water if needed. Serves about six.

Serve with rice or mashed potatoes, a quick vegetable and salad.

HERE'S ANOTHER good one--we think it is.

### MEAT-VEGETABLE COMBINATION

1 1/2 lbs. ground beef  
6 med. size potatoes (cubed)  
Salt and pepper to taste  
1 1/2 cup early green peas  
1 med. size onion (chopped)  
Cube potatoes for frying; use enough shortening for frying potatoes; fry about 15 minutes over medium heat.  
Add onions, meat and seasoning; cook slowly, stirring regularly so mixture won't stick; finish cooking until meat and potatoes are done.  
Add peas and let cook in mixture until heated; turn into a serving bowl and serve with a salad. Yields about 6 servings.

## Reception Honors The L. M. Kirbys

Mr. and Mrs. Lambert M. Kirby of Levelland will be honored on their 50th wedding anniversary with a reception from 2 until 4 p.m., April 18, in the home of their son and daughter-in-law, Mr. and Mrs. Wayne Kirby of 502 13th Street in Levelland.

Others hosting the reception will be Mr. and Mrs. Alvin Young of Levelland and Mr. and

Mrs. Glendon Hayes of Lawton, Okla., both daughters and sons-in-law.

Miss Era Hines and Lambert were married April 21, 1921 at Arlie, Texas. They moved to Lamb County in December of 1935, where they resided in the Hart Camp and Littlefield Community until 1963, when they moved to Levelland.

Kirby is a retired farmer. All friends and relatives are invited.

PAULA REDING

## Couple Sets Wedding Date

Mr. and Mrs. Don Reding announce the engagement and May 21 wedding of their daughter, Paula, to Larry Wade, son of Mr. and Mrs. Ralph Wade of Whitharral.

The couple will be married in the bride-elect's home. Both are graduates of Whitharral High School. The prospective bridegroom is an entomology major at Texas Tech and will graduate in May. Miss Reding is a senior at West Texas State University where she is an elementary education major and will graduate this December.

### Get your money's worth electric air conditioning

**OVER 30 YEARS OF PROVEN DEPENDABILITY**  
Just like your refrigerator, electric air conditioning uses the same experience-proven method of cooling. A dependable compressor keeps on cooling no matter how high the outside temperature.

**LOW OPERATING COST**  
Before you buy, be sure you have complete information. Electric air conditioning saves you money when you buy and because it uses only electricity and free air, your operating cost is low no extra installation costs, either!

**HIGH ALTITUDE -- NO PROBLEM**  
Despite our high altitude, electric air conditioning keeps on doing its job because the electric cooling method is completely sealed against the effects of altitude changes.

**CHOICE OF BRANDS**  
There are 56 manufacturers of electric air conditioning and all major brands are available in our area. Brands in your area are listed in the Yellow Pages or identified on your neighborhood dealer's store front.

**CHOICE OF SIZES**  
Electric air conditioning offers the right size for your cooling job. Too large a unit makes your first cost unnecessarily high, too small runs up operating cost. Electric air conditioning can save you money on both counts.

**COMPLETE SERVICE**  
The principle of electric air conditioning is so well understood and the parts so easy to change that any air conditioning man can give you service quickly should you ever need it.

## Easter Sunday

IN THE CHRISTIAN world, Easter Sunday commemorates the resurrection of Christ.

Easter customs, as we practice them in the U. S. today, are a singular tribute to the spirit of Easter and to the quiet freshness of a Spring morning when one can almost feel, for a few hours, the pervading sense of tranquility and consideration of our fellowman that 2,000 years ago released humanity from the bondage of sheer barbarism.

MANY CAPTURE the spirit of Easter by going to church.

The simple Easter egg hunt and the tradition of the Easter bonnet lend joy and color to the occasion.

All of the ways in which Easter is observed hold a certain humility—as they should.

EASTER is a day of civilizing influence. It is merely one day out of 365, but it is a day that expresses the way we should live throughout the year—in humble respect for the unseen power that guides our lives.

## A WOMAN'S VIEW

### Life After Death

By PEARL BRANDON

EASTER MORNING always brings to mind thoughts on the mystery of death and the resurrection.

"If a man dies, shall he live again?" Job.

AFTER DEATH my grandfather put her in the back of a wagon in a wooden casket and took her to Mt. Zion, Texas to bury her.

The minister accompanied him. Her children were buried there.

MY GRANDMOTHER died before I was born. She was a fairly young woman in her forties but at that time medical care was scarce. It was before statehood in Oklahoma.

Two doctors did some kind of surgery on her at home on the kitchen table with friends holding kerosene lamps for light. She was conscious several hours before death came.

THEY TELL US dying people speak the truth; is not this proof of life after death? One of the songs they sang that day as my grandmother lay dying was "The Unclouded Day". It has become a traditional family hymn for funerals.

"AM I DOING to die? Tell me the truth, I want to know."

"The doctor says you are."

ALL MY LIFE how I wished I could have known my grandmother. I expect to meet her over there for the first time, but I'll need no introduction for I have known her all these years.

MANY FRIENDS were there and at her request they sang hymns while she shook hands and said good-by to everyone.

"I'll see you over there," she said smiling as tears rolled down her cheeks. She told her heartbroken companion not to grieve for her overly long, but to make the best of his life.

Oh, shed Thy light upon us as Easter dawns this year.

And may we feel thy presence of the Risen Saviour near—

And God, in Thy great wisdom lead us in the way that's right,

And may the "Darkness" of this world be conquered by "Thy Light".

SHE HELD EACH child close and admonished them to live good lives and to meet her in heaven. Everybody bowed their heads as she led a beautiful prayer asking God to guide them until such time as they would all meet again.

The one thing that impressed me most as I heard the story over and over through the years as told by my mother (who was a young bride at the time of Grandmother's death) was that just before she died she said she saw her two children, who had preceded her in death, in heaven.

A kind lady from Spade sent me this poem. She is Mrs. Ralph Matthews. An Easter Prayer.

O Father up in heaven, we have wandered far away.

From Jesus Christ our Saviour who rose on Easter Day—

And the promise of Salvation God gave us when Jesus died.

We have often vaguely questioned, even doubted and denied—

We've forgotten why you sent us Jesus Christ your only son,

And in arrogance and ignorance—"it's our will, not Thine be done."

Oh, shed Thy light upon us as Easter dawns this year.

And may we feel thy presence of the Risen Saviour near—

And God, in Thy great wisdom lead us in the way that's right,

And may the "Darkness" of this world be conquered by "Thy Light".

THESE ARE the days to be pursued with caution. One just can't be too careful, what, with all the germs floatin' around in the air.

One of the ills, common to this season of the year, is that known as Spring Fever—AND, it's "ketchin'".

'T is the time when a young man fancy turns to thoughts of love, and as for the rest of us, we begin to wonder if the fish are bitin'.

THERE'S ALWAYS that well-known job of keepin' the bacon and beans on the table. That's a kind of career in itself, especially, if you have a couple growin' appetites hanging around the house.

It's such as this that keeps many a potential fisherman at home. I honestly think, sometimes, that if it wasn't for what little pay I get out of the ol' job, at the mill, I'd just quit!

THEN, THERE'S the problem with the first mate on our ship of marital bliss. She gets to be plumb full of little ambitions and suggestions about this time of the year. She can outline more stuff (that I, eventually, intend to get around to) than

Cartier's got little liver-pills.

Well, really, she's not too insistent, and, really, the things she mentions actually need doin' AND, I REALLY intend to get around to doin' them, but somehow, find it hard to find a convenient time to get around to takin' care of these little chores.

ANYWAY, and about the time I get myself talked into doin' some of these things, some unthinking person will drive by with a boat tied behind his car! There oughta be a law that these things be kept out of sight, in the spring!

Oh, well, give me about two to three months to become acclimated to this warm weather, and I'm sure I can find the ambition to get out there and set those shrubs, weed the flower beds, mow the law, fix the fence, clean the back yard, haul off the junk, service the air conditioners, fix the screens, and paint the woodwork! (Phew, I'm tuckered out already!)

BUT, ONE THING for sure, I don't wanta get out there and over-expose myself, too soon. I sure wouldn't wanta catch that Spring-Fever!!

## THE ABUNDANT LIFE

### Let Others Know

By BOB WEAR

KNOWLEDGE about ourselves helps us see the need for having the assurance that others believe in us.

them. It must be done in all areas of human association.

When we are trying to be the right kind of people, we feel and recognize the need for expressed confidence in us and our intrinsic worth.

MANY KINDS of destructiveness are being made part of present-day happenings. All of it is bad, and the loss is almost catastrophic.

EVEN WHEN WE are not managing our lives well, we are encouraged by the realization that there are folk who believe that we can learn to do better.

The most needful building needed today is the building up of people. This is a common need felt by all of us, even though some have greater need than others.

SELF CONFIDENCE, needed by us, is built up by our awareness that others, or some special person, believe in us. We can use this knowledge as a springboard to help us make our own lives more useful.

We will also begin to help others by letting them know that we have confidence in them and their ability to live satisfactorily.

ALL OF US are imperfect, but this does not justify wholesale downgrading and degrading of one another, because such action makes all of us losers. We can and must encourage and build up each other.

"FOR ONCE in my life, I feel like some one understands me and believes in me; and I am grateful for your help and encouragement."

Somebody must start. We can begin by letting others know that we appreciate them as neighbors, as workmen, as citizens, as fellow human beings, etc.

Thus, a troubled person expressed himself after a period of successful counseling.

WE CAN FIND something good to say to our fellowmen, something encouraging or otherwise helpful. There are so many people who do so many useful things. Let them know that they are appreciated.

This was the beginning of a much happier life for the troubled person, and is just another example of how important it is to let others know that we believe in

When we express confidence in others and their ability, we help them and enrich our own lives.

### What Our Readers Think

STUDENT COUNCIL members of Anton High School display their recent honors at the UIL Literary Events in Austin. Shown are Mark Walthall, Trena McLarty, Randy McLarty, Patrice Byrum and Bill Walthall.

### Thanks To LHS

Dear Sir:

The Student Council of Anton High School wishes to express its appreciation for the Student Council of Littlefield High School.

being outstanding student council of the South Plains Association of Student Councils and the Scrapbook award.

Because the UIL literary events date was changed to Thursday, April 1, and the contest was held in our school, we were unable to leave on Thursday for the state Conference in Austin. We left in the night Thursday night; however, that would have made it impossible for our scrapbook to be entered in the statewide contest.

The Littlefield High School delegates took our scrapbook to Austin for us and entered it in the contest on Thursday. Our school won First Place in Class B schools and received a large plaque. We owe a great debt of gratitude to Mrs. Reast and her students—without their help we could not have won our award.

Sincerely yours,  
s/Randy McLarty,

# OBITUARIES

**CHARLIE EDGAR HOWARD**

Funeral arrangements for Charlie Edgar Howard, 78, of Muleshoe, who died Friday morning in the West Plains Memorial Hospital in Muleshoe, were pending at presstime Saturday with Singleton Ellis Funeral Home of Muleshoe.

Howard was born May 20, 1892 in Jones County, and was an old-time rancher and farmer. He had spent most of his life in the Muleshoe area, and had worked on the Muleshoe Ranch and Mashed-O Ranch as a cowboy.

He had been living with a son, Ernest, at Farwell for the past eight months.

He was a member of the Church of Christ.

Surviving are six sons, Ernest Howard of Farwell, Clinton Howard of Medical Lake, Wash., Marion Howard and Kaylon Howard, both of Muleshoe, Joe Howard of White Bird, Ida., and Kenneth Howard of Littlefield; a daughter, Mrs. Retha Eason of Phoenix, Ariz.; a brother, B. O. Howard of Farwell; 36 grandchildren; and 12 great-grandchildren.

**WALTER P. PIERCE**

Funeral services for Walter P. Pierce, 85, who died Thursday in the Memorial Hospital in Hollis, Okla., were conducted Saturday afternoon at the Baptist Church of Hollis.

Rev. Hoyt Ellis and Rev. J. W. Jr. officiated.

Burial was in Fairmount Cemetery, Coley Funeral Home in charge of arrangements.

Pierce was born Sept. 22, 1885 in tague County.

Surviving are his wife, Edith, daughters, Mrs. Bryan Hulce of Littlefield, Mrs. Jay Jackson of Hollis, Mrs. Crowder of Dodson, and Mrs. Simmons of Gould; one son, James of Tulsa; three sisters, Mrs. Callie of Colton, Calif., Mrs. Myrtle of Long Beach, Calif., and Mrs. Townsend of Seattle, Wash.; two grandsons, Charlie and Otto Parr, both of the grandchildren; 26 great-grandchildren and two great-great-grandchildren.

**CHARLIE S. WALDEN**

Funeral services for Charlie S. Walden, 77, who died Thursday in Harmon Memorial Hospital, will be conducted today at 3 p. m. in the Coley Memorial Chapel in Hollis, Okla.

Walden was a brother to Hasty Walden of Whitharral.

Rev. C. L. Abercrombie of Altus will officiate and burial will be in Fairmount Cemetery.

Walden was born Jan. 1, 1894 in Aniston, Ala., and had lived in Hollis since 1920.

Others surviving besides the brother are his wife, Peachie; two daughters, Mrs. Geraldine Atchley of Turpin, and Mrs. Robert Sherman of Bellflower, Calif.; one sister, Mrs. Annie Mullins of McLean; two other brothers, John Walden of Hollis, Okla. and Lee Walden of Lubbock; 10 grandchildren and 11 great-grandchildren.

**SHERMAN S. McCARY**

Services for Sherman S. McCary, who died Thursday in a Dallas hospital after an extended illness, were conducted Saturday afternoon in Harmon Memorial Chapel in Littlefield.

Burial was in Littlefield Memorial Cemetery.

McCary had been a Littlefield resident before he moved to Dallas.

Surviving are one son, Glen, daughter, Mrs. Glen Gainer of Dallas, brother, Hamp McCary of Littlefield, sister, Mrs. Hobson Grant of Littlefield and three grandchildren.

land, is more and more spilling over the countryside.

Foolishly we are planting less and less of our most desirable agricultural land. We should put houses on the hills and crops in the valleys, but it's the bulldozers and builders to produce houses on the level land.

So 700,000 farms have "disappeared" since 1960.

THUS ARABLE acres shrink as soon as they can realize, the era of surpluses will come to an end.

That is going to put the shoe on the foot.

As is, the farmers' average per capita income is \$5,401.

That is about half what you are getting.

HIS INVESTMENT in starting a farm, \$100,000 to \$200,000.

He deserves a proper return on investment. When your income catches up with his production going to demand a fairer slice of the pie.

WHEN THAT TIME comes, we'd hope he will be more considerate of what we have been of him.

And however relevant, may I say this to that: For generations of fathers have wanted their daughters marry doctors or engineers.

A PROSPECTIVE son-in-law graduated from either a mechanical or engineering school was worth a \$14,000.

Not any more. There is now unemployment among doctors and engineers. Now the highest dowry for sons-in-law who are trained farmers.

**THE NUMBER of Americans living on farms has declined one-third in 10 years.**

Our nation is down to 10 million farmers; less than 5 per cent of our population.

That 5 per cent vote has had little political clout in Washington, but they're going to get some leverage from another source.

OUR AMERICAN farmer has taken very good care of us, though we have been paying him half as much for his wheat and corn as 20 years ago.

Your food bill is higher mostly because of the increasing cost of getting the food from the farmer to the housewife. That cost is up 160 per cent in 20 years.

**THAT INCREASE notwithstanding,** your food bill averages only 16.5 percent of your take-home pay.

In Western Europe, 25 per cent of your income would go for groceries. In Russia, 50 per cent. In the Far East, as much as 80 per cent.

SO OUR FARMERS, constantly improving the increasing per-acre production, have taken good care of us.

Because of higher prices for everything they buy and lower prices for most everything they sell, farmers have had to consolidate. Small farmers were forced out of farming. Today it takes an investment of \$50,000 to create one farm job. So the trend to fewer and larger farms continues.

**ANY PYRAMIDING population,** 90 per cent of it concentrated on 8 per cent of our

Ecology

(Editor's note: The Sandhills Philosopher on his Johnson grass farm takes a sidelong look at ecology this week. Write him, not us.)

Dear editor:

I had laid my newspaper aside and was resting my brain on television the other night when a program came on telling about what man is doing to wildlife on this planet.

According to it, what man is doing is downright sinful, crowding out the elephants, the leopards, lions, zebras, birds, whales, bald eagles, etc., and if he keeps it up he's going to upset the ecology so much the world will never be the same.

Man is guilty all right but let's not forget the other species. For example, did you see the scene of the elephant uprooting a tree to get at the tender top the ecology surrender to support one giraffe?

Man litters his highways with cans and bottles, but did you ever see what bats can do to a cave?

Of course man ought to know better, which is what flea-bitten dogs probably think about fleas. Dogs ought to learn it's all right to scratch fleas but not to use pesticides on them.

A lot of people are saying these days that man has made a mess of life on this planet and they long for the good old days when they long for the good old days when warm spring, not in the cold winter, the wind whistled through the cracks in the cabin and the salted bear meat was a delicacy, if you'll excuse the reference to ecology of the bear.

I have often thought if Daniel Boone had the future of this country in mind, he never have worn a coonskin cap or hide moccasins or slept on a bear skin. Even now I'm embarrassed when I see an amateur environmentalist who is an ecology while wearing leather shoes.

There's some funny thinking going on these days, especially among green persons, who seem to think green grass tender garden plants showed up before them to lay waste.

Ecological balance is a fine thing, favor of it. So is the rabbit being pursued by a hungry fox, which is being pursued by a hungry lion. Man has damaged planet all right, but he sure has helped it too. I'll let the elephants tell you they've done along this line.

Yours faithfully,

\$20,000 for the target area. He stressed that this was not a rainmaking program. "If we don't have the clouds to seed, the program won't cost anything," he said.

Last week the Plains Weather Improvement Association had collected \$43,000. They are about one month behind last year's amount, but pointed out that they started a month later this year. Supporters expect to have the additional \$80,000 for the hail and rain program by April 22.

Officials pointed out that the rainfall stimulation project costs would be less here than in other areas due to the radar and planes that will be on hand for the hail suppression program.

The application pending before the Texas Water Development Board for a permit to conduct a hail suppression program was amended to permit the rainfall stimulation operation.

Here in Lamb County, incorporation papers for the Better Weather, Incorporated association have been named and area meetings are being conducted.

## Card Of Thanks

We wish to express our thanks to those who visited us while in the hospital and at home. Also to those who prayed for us, gave blood, sent flowers, food, cards, called or remembered us in any way. May God bless you. MR. AND MRS. ALVIN MOTE.

In case we missed anyone personally, we wish to express our sincere thanks to everyone for their many acts of kindness and thoughtfulness extended to us during the loss of our loved one, Horace Lealon Byrd. We appreciated the prayers, visits, flowers, memorials, food and everything that was done and every word that was uttered for our comfort. A special thanks go to the doctors and nurses at the Littlefield Hospital. May God bless each and everyone of you. MRS. H. L. BYRD, SONS AND THEIR FAMILIES.

## Notice

**NOTICE OF INTENTION TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES**

Notice is hereby given that Atmospherics Incorporated of 4981 East Dakota, Fresno, California, 93727, who holds License No. 2 of the State of Texas, intends to engage in an operation to change or attempt to change by artificial methods the natural development of any or all atmospheric cloud forms suspected of producing hailstorms which occur in the troposphere, for and on behalf of the Plains Weather Improvement Association located at P. O. Box 1627, Plainview, Texas, 79072, and will conduct a program of weather modification designed to decrease hailfall by means of the aerial application of artificial nuclei as follows:

1. The area over or in which equipment may be operated shall include all or portions of the Counties of Crosby, Floyd, Briscoe, Swisher, Hale, Lubbock, Hockley, Lamb, Castro, Parmer, Bailey and Cochran.

2. The target area within which hailfall is intended to be suppressed can be described as follows:

The boundary of the target area shall be a line beginning at a point of origin at Littlefield in Lamb County, Texas, and running northwest to Amherst; thence due west to the intersection of Roads 37 and 303; thence due north along Road 303 to Road 145 near the east boundary line of Parmer County; thence easterly along Road 145 to its intersection with Road 1424; thence south on Road 1424 to the north boundary line of Hale County; thence due east along the north boundary line of Hale County to Road 378 at the intersection with the north boundary line of Floyd County; thence due south to a point 10 miles south of the south boundary line of Floyd County; thence due west 20 miles; thence due north to the south boundary line of Hale County; thence due west along the south boundary line of Hale County to the intersection of Highway 84 and the south boundary line of Lamb County; thence northwest to the point of origin at Littlefield.

3. The equipment, materials and methods to be used in conducting an operation within this area of approximately 2,000 sq. miles include a 3 cm radar system, cloud seeding aircraft, and the application of silver iodide ice nuclei, hygroscopic nuclei or other nuclei considered appropriate to the artificial nucleation of clouds or weather systems.

4. The program will be operational during the period from May 1, 1971 through October 30, 1971.

5. Any person who feels they may be affected in some adverse way by this program may file a formal complaint to the Texas Water Development Board, P. O. Box 12386, Austin, Texas, 78711.

## Survey On Employment

The Bureau of the Census will conduct a survey of employment and unemployment in this area during the week of April 19.

Interviewer who will visit households in this area is Mrs. Rosemary McNeese of Amherst.

This survey is conducted monthly by the Bureau of Economic Analysis, U.S. Department of Commerce, scientifically selected households throughout the entire United States. The survey is designed to measure the unemployment rate and the number of persons unemployed. The results of this survey provide a measure of the economic condition of the Nation.

In February, for example, the unemployment rate for the second straight month seasonally adjusted was 6.0 percent in January, out of work as compared to 6.0 percent in January, percent in December.

Facts supplied by the Bureau of Economic Analysis are kept strictly confidential, and the results are only to compile national totals.

**It's PIONEER again this year.**  
**Here's why:**

**RALPH CARTER, Littlefield,** produced 6800 pounds of grain sorghum per acre from 32 acres of Pioneer brand 846 he planted last year. In another 88-acre field he averaged 3980 pounds per acre with 846. Mr. Carter planted the smaller field on double rows with a seeding rate of 10 pounds per acre. The larger field was planted in single 40-inch rows at a 3 pound per acre seeding rate. Limited water was applied before planting and three times between planting and harvesting. Mr. Carter plans to plant 200 acres of 846 this spring because he likes the way 846 yields with limited irrigation.

Not pictured is Travis Grimes.

LITTLE LEAGUE TOURNAMENT champs in the major league are the Bears. Team members are bottom row, left to right, Daran Kessler, Greg Bruton, Jackie Lobaugh, Greg Moreland, and Ed Pugliese; second row: Paul Harlan, Rudy Ayala, Johnny Galan, Louis Willey, and Mike Greg. Tommy Lobaugh, coach, is assisted by Jerry Burke.

THE RAIDERS, the only undefeated team in the major league during regular season, were coached by Jerry Williams and assisted by Bill Healy. Raider players are: left to right, bottom row, Tommy Twitty, Healy, Scott Carter, Jay Lee, and Emroy Jackson. Second row, left to right, Blake Altman, Willie Don Mason, James Kemp, David Jones, Mike Williams.

LITTLE LEAGUE BASKETBALL

Hawks, Bears Winners

It was nip-n-tuck ball during the final game in the little league basketball tournament Friday as the Bears squeaked by the Longhorns, 30-28 in a crowd thriller, overtime victory.

At halftime the game was tied 13-13, at the end of regular play the score was 24-24. In three minute overtime the Bears took possession and Greg Bruton went up to give the Bears a two point lead that was held temporarily as Longhorn, Kevin Yandell came back with a two-pointer to tie the game again. Rudy Ayala bounded back for the Bears with a score for another two point lead for the Bears. Yandell got his sixth point for the night as he shot another basket to tie the game. With less than 10 seconds left, Ayala hit the bucket for two more points and the winning basket.

Ayala hit the bucket for 15 points for the winners. Paul Harlan made six points, Greg Bruton and Jackie Lobaugh each got four and Greg Moreland hit for one.

The defending Longhorns were paced by Ralph Mendez with 15 points. Kevin Yandell got six, two in regular play and four in overtime. David Cutshall hit for four, Brad Walden scored two and Stan Jackson bucketed one.

In minor league the Hawks, who were undefeated in regular play, went all the way in tourney action and downed the Celtics in the play-off, 24-18.

Brent Jones and Isidro Lopez tied for high game honors with 11 points each for the Hawks. Jamie Grey scored two.

The Celtics big threat was Kyle Walker with 10 points. Larry Whitson assisted with six and Ricky Henson hit for two.

Thursday night's semi-final action was a 29-11 Bear win over the Mustangs in the major league and a 26-14 Celtic win over the Bucks in minor league.

Rudy Ayala led the Bears to the finals by scoring 14 points. Paul Harlan assisted with nine, Greg Bruton four, and Greg Moreland hit for two.

The Mustang attack was sparked by Richard Rogers who scored five points. Bradley Allen basketed twice for four and Eddie McCurry got two.

The Celtics were led to the finals by their double threat team Larry Whitson and Kyle Walker who scored 12 points each. Ricky Henson got two.

The Jackson brothers, Dennis and Stevie, scored eight and six points respectively for the Bucks.

All-star players have been named to play at Levelland and perhaps play other teams in the area. Other details will be in a future issue of the Leader-News.

AT DISTRICT 3-AA MEET

9th Grabs Track Crown

Littlefield's fighting 9th Grade Wildcats copped the 3-AA district meet Wednesday at Plainview with a two-point lead over Morton's freshmen. Littlefield scored 111 total points and Morton finished with 109.

Littlefield took firsts in two individual events and swept the relay events with firsts in the mile and the 440. Eugene Williams took one of the firsts in the 100-yard dash with a 10.5 time. Terry Bryson got the other first with a 57.7 time in the 440-yard dash.

The 440-yard relay team of Bryson, Lester Huey, Pat Henderson and Eugene Williams took first with a time of 47.6. The mile relay team of Bryson, Kenny Owens, Benny Saenz and Williams was first with 3:53.7.

Littlefield came through with two seconds; David Williams placed in the 100-yard dash with a 10.7 and Eugene Williams placed in the long jump with a 19' jump.

Huey took the 220-yard dash third place with a 26.2 time. Floyd Smith was fourth in the shot put with a 43' 7" throw. Henderson was sixth in the long jump with an 18' 1 1/2" jump. Bryson was fifth in the high jump with a 5-foot jump. Gary Grown took fourth in the 800-yard dash with a 2:18.3 time.

Henderson took the fifth place spot in the century, and Owens and Saenz were fifth and sixth in the 440-yard dash. Henderson also took fourth in the 220-yard dash. Dan Jefferies and Johnny Villafranco were fourth and sixth in the mile run with times of 5:29.9 and 5:35.9 respectively. In the pole vault Bryson placed fourth with a 9' 6" jump.

The teams ended with team totals with Littlefield first, Morton second, Floydada third with 92 points, Abernathy fourth with 62 points, Olton fifth with 42 points, Lockney sixth with 40 points and both

Dimmitt and Friona were in last place.

The freshmen ended their season at the district meet.

Varsity Tracksters 6th

Littlefield's Wildcat varsity track team finished the district in a tie for sixth with the Dimmitt Bobcats Wednesday when the Cats hosted the 3-AA District Meet at the Wayland Bowl in Plainview.

Littlefield compiled 33 points in the meet. Only one of the Littlefield competitors will go any further this year with track, that being Jesse Davila. Davila finished second in the mile run with a time of 4:44.5 to allow him to gain a berth at the regional meet. Mike Parsons of the Olton Mustangs will be travelling to regional also with intentions of taking the mile run. At the loop meet he beat Davila with a 4:34.5.

Three Littlefield tracksters were in the pole vault placings. Mike Carter jumped 11' 6" for third, Larry Purdy took fourth and Charles Smith was sixth. The only other Cat to place was Dennis Hartley with a fourth in the high jump at 5' 8".

The 440-yard relay team of Albert Sanchez, Jerry Soria, Carter and Funk placed fourth. The mile relay team of Jerry Kemp, Davila, Smith and Funk took sixth with a 3:46.6 time.

For the Mustangs, two track men, Jimenez and Garcia, placed fifth and sixth

in the shot put. Jimenez, Cross and Arroyos were fourth, fifth and sixth in the discus. Givens was fifth in the pole vault and Gary and Givens were second and tied for fifth respectively in the high jump.

In the track events, Givens and Gary were fifth and sixth in the 120-yard high hurdles. Stockdale was fifth in the 440-yard dash and May placed fourth in the 330-yard intermediate hurdles.

Parsons will be the only Mustang trackman to go to the regionals, and that will be in the mile run. Parsons, May, Marquez and Stockdale ran a 3:40.5 in the mile relay for the fourth place position.

Floydada took the meet overall with an impressive 190 points. The Whirlwinds made the meet look easy as they took nine first place posts in individual events and both the relay races. Floydada's team also ran for four second places to allow 15 of the Whirlwind tracksters to attend the regional meet.

Lockney was the closest team to the Winds with 56 team points, Olton followed with 48, Friona with 45, Morton with 44, Littlefield and Dimmitt both with 33 and Abernathy with 25.

Area Bulldogs Place In 4-B Meet

The District 4-B track meet was held in Levelland at South Plains College Wednesday, with the Lazbuddie Longhorns placing first in the team totals. Anton finished in second place, just seven points behind, and the Amherst Bulldogs finished third.

Anton was first in the mile relay and second in the 440-yard relay with times of 3:44.4 and 46.3 respectively. Amherst finished in third with their mile team.

Luna of Anton finished second in the 800-yard run with a 2:11.4 time. Eddie Moates of the Amherst team finished second with a 15.3 time in the 120-yard high hurdles. In the 100-yard dash, Anton's Quinon Williams was second with a 10.2 time and Spade's Raymond Sewell was third with a 10.5 time.

Anton's Botello was first in the 440-yard run with a 54.2 time. Danny Spradley of Anton finished second in the 330-intermediate hurdles with a time of 45.8. Raymond Sewell of Spade finished the 220-yard dash second with a 24.1 time. Johnny Graham of Whitharral was third with a 24.5 time.

Eddie Moates jumped 12' 9" in the pole vault to place Amherst first. Darrell Hill and Gilliam of Anton placed second and third in the same event. Moates jumped 5' 10" in the high jump to place Amherst first while Graham placed Whitharral second with a 5' 4" jump.

Bobby Clayton of Amherst took second in the shot put with a throw of 43' 9 3/4" and Williams of Anton took third with a 43' 9 1/2" throw. Moates of Amherst was second in the discus with a 115' 9 1/2" toss.

In the team totals Lazbuddie had 124, Anton 117, Amherst 74 1/4, Whitharral had 32 and Spade had 24. Ten teams participated in the 4-B track meet.

STANDING FROM left to right is Anton's District 4-B winning team of James Turnbow, Tommy Gilbert, Randy Jones and Jeff H. good. In the loop competition held at Lubbock's Pine Hills Municipal Golf Course, the Anton squad shot a 310 round. Other teams participating were Three-Way and Whiteface. Anton's quartet will return to Lubbock and Pine Hills for the regional meet to be held the 22nd and 23rd of April.

## Easter

It is now three days after that terrible Dark Friday when God said unto them, "This is written, and thus it behoved Christ to suffer, and to rise from the dead the third day; and that repentance and remission of sins should be preached among all nations." The weighty stones are being rolled away from the grave doors and the Spirit is becoming triumphant over death. The Old Rugged Cross and Christ's tomb are both being snatched, forever, from their association with death. Now—just then, Heavenly love turned the gloomiest Dark Friday in the annals of human history into a very Good Friday. All that Christmas ever meant to the world is now wholly sanctified in Easter. Christ's promise that He would build the Temple again in three days, has been fulfilled. Easter is the springtime of the soul and Crucifixion has more radiant beauty and deep meaning when we see it through the fragrant glory of the snow white lily. Easter symbolizes the Crucifixion, Burial and Resurrection of our True Leader. The event is packed with all the drama of human emotion we can withstand. Hallelujah, it is Easter. Amen.

You In The Church The Church In You — form a combination for good. Every man, woman and child needs the influence of the church. So, come to us, get into the house of the Lord, let us support her program of service to humanity, be a faithful worker, a daily bible reader, and attend services regularly.

## Research Report Now In The Mail

The 150-page Annual Research Report of the High Plains Research Foundation went into the mail early last week to members of the 14-year-old agricultural research institution at Halfway.

The 1970 report, bound in a handsome color cover featuring various aspects of High Plains agriculture, presents information gathered from 26 various studies in the 1970 research program and also updates data that has been collected since Foundation research reports began.

Various studies presented include wheat, grain sorghum, cotton, soybean and corn varieties performance, varying fertilization and irrigation rates on corn and sugar beets,

minimum tillage, narrow-row studies in cotton, castor cultural practices, a study of herbicides to eliminate volunteer castors in cotton and grain sorghum and herbicides rates studies.

Additional information is a month-by-month rainfall report, temperature comparisons and topics from the 1970 14th Annual Field Day speech by Senator Ralph Yarbrough.

Also in the report is an itemized summary of research goals of the Foundation's Steile Research and Demonstration Farm opened this year east of Plainview provide additional information for area farmers utilizing livestock to increase farm income.

FOUR PERSONS were injured in a two-car crash at Anton Friday afternoon the intersection of U. S. 84 and FM 597. Mr. and Mrs. James C. Hardin of Anton were admitted to Medical Arts Hospital in Littlefield, and Mr. and Mrs. H. Gillis of Muleshoe were admitted to Littlefield Hospital. The car to the left the Gillis auto and the other is the Hardin car. Authorities said the Gillis auto headed toward Lubbock when the Hardin auto pulled into the lane of traffic in an attempt to travel westward down Highway 597.

### Aggie Muster Set April 21

Former students of Texas A&M University in Lubbock and the South Plains area will conduct the annual Aggie Muster on April 21 to mark the passing of comrades and to honor them.

This year's Muster will be held at Vann's Catering Service located about seven miles southwest of Lubbock on U. S. 84 (Slaton Highway). The event will begin with a banquet at 7 p.m., reports David Marion, Muster chairman of the Lubbock A&M Club.

Featured speaker will be J. E. (Jocko) Roberts of College Station, a 1933 graduate of Texas A&M. Roberts holds B.S. and M.S. degrees in agricultural education from A&M and for four years served as manager of the A&M Farm Service Department.

In college, he was selected to the All South-West Conference Basketball Team and was the conference's most valuable player in his senior year. Roberts is a past president of the Bryan-College Station Lions Club and Knife and Fork Club and past president of the Brazos County A&M Club. He is on the board of directors of the College Station Chamber of Commerce and presently serves as vice-president of the First National Bank of Bryan. Marion invites Aggies from throughout the South Plains to attend the Muster. For reservations, call 792-5282 or 747-4200 in Lubbock.

The Aggie Muster began on April 21, 1903 and has been held annually ever since—wherever A&M men might find themselves on that day. Aggies have mustered on board ship, in foxholes on the battlefield, in the Swiss Alps, in airplanes and on Corregidor shortly before the Japanese captured the island in World War II.

More than 500 Musters will be held around the world this year, including many in Vietnam and doubtless in prison camps. For some A&M men, this will be their last Muster.

The ceremony is the same in every location. Aggies pay their respect to those who are absent. When the names of the honored dead are called from Muster rolls, a friend of the deceased answers, "Here."

#### RURAL HOUSING

Secretary of Agriculture Clifford M. Hardin has announced that Farmers Home Administration rural housing program level has been increased to \$1.47 billion for this year. Current mortgage market conditions enables the Federal program to be increased without a net increase in budget costs, he said.
