VOLUME 51 NUMBER 90 LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, MARCH 7, 1974 8 PAGES

15 CENTS  
TAX INCLUDED

## CowBelles Organized, Next Meeting March 20

COWBELLES were organized Tuesday afternoon and were elected. New president is Susan Head, left; president in charge of programs, Lee Verne Smith, second vice president in charge of beef, Pam Marcum; secretary, Adriene Smith;

treasurer, Shirley Logsdon; and Beef for Father's Day Chairman, Beverly Burke. On the right is Georgeann Walden, a member of the committee to draft by-laws for the new county-wide organization. (Staff Photo)

By-laws for the newly-organized CowBelles for Lamb County will be drawn up tonight during a meeting at 8 p.m. in the XIT Room of Security State Bank.

The by-laws committee was appointed Tuesday afternoon during an organizational meeting of the new organization, which will be affiliated with the state and national CowBelles.

The next regular meeting is scheduled for noon Wednesday, March 20, at 11:45 in the New Tasty Taco. The by-laws will be adopted and a name for the organization will be chosen.

A membership drive is currently underway, and all interested persons are invited to attend the second meeting.

Eight charter members have signed up, and the charter will remain open until a later date.

Members of the by-laws committee are the CowBelles president, Susan Head, and Lee Verne Smith of Spade, Adriene Smith and Georgeann Walden.

Other elected officers are: first vice president, Lee Verne Smith; second vice president, Pam Marcum; secretary, Adriene Smith; treasurer; Shirley Logsdon; and Beef for Father's Day chairman, Beverly Burke.

Here to aid with the organization of the CowBelles were five members of the Hereford CowBelles.

## County Spelling Bee Slated Here March 23

Students from across Lamb County are memorizing their spelling words in preparation for the county-wide spelling bee, slated for Saturday, March 23, at 1:30 p.m. in the District Courtroom of the Lamb County Courthouse in Littlefield.

sponsored by the Lubbock Avalanche-Journal, where entrants from 23 counties will compete.

That bee is slated at 1:30 p.m. April 13 in the Smylie Wilson Junior High School auditorium in Lubbock.

Winner of the regional bee, which is being directed by Dr. Cecil Green, intermediate education consultant for the Lubbock public schools, will receive an individual cup and an all-expense-paid trip to Washington, D. C. for the National Spelling Bee June 3-8 at the Mayflower Hotel.

The regional winners also compete for prizes worth more than \$5,000 at the national bee.

C. Roy Stevens, county school superintendent, is serving as director again this year.

District Judge Pat Boone Jr. will pronounce the words for the spellers, and judges for the contest will be spelling bee instructors from each of the schools.

Winner of the county contest will enter the 22nd annual Regional Spelling Bee.

## Grand Jury Returns Murder Indictments

Two charges of murder and a charge of theft over \$50 were returned against three persons by the grand jury here Monday.

Betty Carolyn Jezisek of Littlefield was charged with murder with malice aforethought in the shooting death of her husband, Joseph Jezisek.

J. B. Fluellen of Amherst was charged with murder of his wife Gracie Fluellen, intentionally and knowingly causing her death by cutting with a knife.

Bonds of \$5,000 each are set on the murder charges.

David Salazar Buentello was indicted on a charge of theft of two rifles. He is in custody in the Lamb County jail.

Nine were charged with various offenses at the county jail over the weekend.

A Littlefield man was charged with

carrying a prohibited weapon. A Portales man, a Littlefield man, and an Earth man were all charged with driving while intoxicated. A Sudan man was picked up on a warrant from Dimmitt.

Two young Littlefield men have been charged with possession of marijuana and the theft of gas.

Three offenses were reported this weekend. Weeks Grocery at Spade reported vandalism and the theft of change from the soft drink machine outside the store sometime early Monday morning.

Lynn Glascock of Earth reported the theft of a brown saddle valued at \$100. Walter Lackey reported the theft of an oxygen regulator from his farm west of Earth.

## Older Area Residents Seek Tax Exemptions

Members of the XYZ Club of Littlefield were informed recently that an Amendment has been passed by the state legislature allowing taxing units to exempt \$3,000 for persons 65 years of age, or older, and members are planning to petition the various taxing agents to get the exemptions.

Mrs. R. L. Tisdale Sr. read Amendment No. 6 which provides that the various political subdivisions of the state may exempt not less than \$3,000 of the value of residence homesteads of all persons 65 years old or older, from ad valorem taxes under certain conditions.

Full text of the resolution reads: Be it resolved by the Legislature of the State of Texas:

Section 1. That Article VIII, Section 1-b, of the Texas Constitution, be amended to read as follows:

"Section 1-b. (a) Three Thousand Dollars (\$3,000) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes.

"(b) From and after January 1, 1973, the governing body of any county, city, town, school district, or other political subdivision of the State may exempt by its own action not less than Three Thousand Dollars (\$3,000) of the assessed value of residence homesteads of persons sixty-five (65) years of age or older from all ad valorem taxes thereafter levied by the political subdivision. As an alternative, upon receipt of a petition signed by twenty percent (20 percent) of the voters who voted in the last preceding election held by the

political subdivision, the governing body of the subdivision shall call an election to determine by majority vote whether an amount not less than Three Thousand Dollars (\$3,000) as provided in the petition, of the assessed value of residence homesteads of persons sixty-five (65) years of age or over shall be exempt from ad valorem taxes thereafter levied by the political subdivision. Where any ad valorem tax has theretofore been pledged for the payment of any debt, the taxing officers of the political subdivision shall have authority to continue to levy and collect the tax against the homestead property at the same rate as the tax so pledged until the debt is discharged, if the cessation of the levy would impair the obligation of the contract by which the debt was created."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment providing that the various political subdivisions of the State may exempt not less than Three Thousand Dollars (\$3,000) of the value of residence homesteads of all persons sixty-five (65) years of age or older from ad valorem taxes under certain conditions."

## Democratic Party Filing Fees Total \$2,100

Lamb County candidates for county and precinct offices in the Democratic primary election May 4 paid a total of \$2,100 filing fees, according to Democratic Chairman Glenn Batson.

The Democratic party pays for the primary election, and this amount should cover this county's election expenditures for the first primary.

Filing fees of \$150 were paid by candidates for county judge, county clerk, county treasurer and county superintendent. Candidates paying this fee include incumbent G. T. Sides and Bill Angel, candidate for county judge; Mary Beth Willey, county clerk, and candidates Kathryn Day and Betty Anne Hall; Lucy M. Moreland, county treasurer, and Fannie B. Rogers, candidate for county treasurer.

District Clerk Ray Lynn Britt and C. Roy Stevens, county school superintendent paid \$150 filing fees, but did not draw opposition candidates.

Candidates posting \$100 filing fees include those seeking positions as county commissioners. T. L. "Buddy" Free, commissioner of precinct 2 at Earth is opposed by Clarence Kelley. Hubert Kykes, commissioner of Precinct 4, is opposed by Eugene Young of Amherst.

Filing fees of \$50 were paid by the seven persons seeking justice of peace posts. These include the Littlefield JP precinct 4 where Jerry Collins is running against incumbent JP Stanley Doss.

Norman Humphreys has filed for the JP precinct 5 post at Sudan where W. P. "Toby" Vereen is incumbent.

Unopposed JPs are E. L. "Jack" Yarbrough at Amherst, E. Ted Borum at Earth, and W. G. Finney at Olton.

District Judge Pat Boone Jr. paid his filing fee directly to the state party headquarters.

Another new election law this year requires candidates to name a campaign manager. Candidates may name themselves as managers, and in every instance Lamb County candidates designated themselves as campaign managers.

## Annual Farm Sale Begins Here Today

The second annual Community Farm Sale gets underway at 10:30 today on the fair grounds at 17th and Hall Avenue (south Highway 385).

Serving as auctioneer will be J. W. Bitner Jr. of Littlefield.

The sale is being sponsored by the Littlefield Chamber of Commerce and will be continued until dark, or until all items are sold.

Persons wishing to bring items to the sale may do so.

OLD COWBELLES Marn Tyler and Nancy Josserand, left to right, the beef wheel to members of the newly-organized CowBelles for Lamb County during an organizational meeting Tuesday afternoon. The wheel indicates all phases of the beef industry and other industries which are related to beef. (Staff Photo)

## Ambulance Service Discussed Monday

Special session Monday night, the city council, the county commissioners, representatives from the Littlefield Funeral Home of Littlefield, funeral homes of the county, a representative from the Littlefield Hospital and insurance companies, met to discuss the fate of ambulance service for Littlefield and surrounding area.

Looking around the various alternatives concerning the service, the group will meet again next Thursday

night, March 14 at 7 p.m. to determine the extent of participation in the service by city councils from several Lamb County cities, the commissioners and hospitals.

Tom Sawyer and Lenton Smith represented Hammons Funeral Home, which now has the ambulance service. Hammons had informed city councilmen earlier that they could not continue to operate the service because of a lack of personnel to keep the operation going, and due to the costs involved.

## Hot Temperatures, High Winds Add Woes To Drouth

are having to tell themselves that it is time for rain to sleep these

week of unseasonably hot high winds and blowing dust has increased farmers worries of increased uncertain markets.

has just passed the mark of the past four months the driest period since at least 1911.

## Cookie Sale Starting Here

Girl Scout cookie sale has started a week, due to the fact that supplies are plentiful this

will continue through March 9 as was previously

Not since October has this area had any measurable moisture, and then only a little over an inch.

Some are saying that if the ultra-dry conditions persist through May, then this entire area may be declared a disaster area.

Dry conditions are particularly distressing to the dryland farmers and those with limited irrigation. And there lives not a single irrigated farmer who wouldn't welcome a big snow or rain.

It is a certainty that pre-plant rains will be a must for the 151,290 acres of dryland in this county.

According to a 50-year record, this county receives an average of 19 inches a year. And although the fall and winter months do not produce a great deal of moisture, the months of November, December, January and February average around three inches of precipitation.

Drought is nothing new to this area. Records show that minimum

precipitation reaches about 14 1/2 inches two and one-half years out of 10. Half the time, precipitation reaches 18 inches and about two and one-half years out of 10 precipitation goes above the 20-inch mark.

Not since 1970 have farmers been so concerned about the lack of moisture. But in 1970 the drought was broken just at the critical time.

Farmers are still hoping for one of

## Cancer Society To Meet Tuesday

The Lamb County Chapter of the American Cancer Society will conduct a meeting Tuesday night, March 12, at 7:30 in the XIT Room of Security State Bank.

Representatives of the various communities in the county and at Pep are scheduled to meet to plan for this month's fund raising campaign which

these repeat performances. After the past few days of blowing sand, the drought is on everybody's mind.

Despite the unpredictably high temperatures, past records indicate that winter isn't over. Weather records bear out statistics that predict snow will fall here during March five out of 10 years. And the last freezing date for this area usually comes in April or early May.

will attempt to reach an overall goal of \$8,080 for the county.

Pep workers began their fund drive Monday, with Mrs. Frank Simmacher serving as campaign chairman. Their goal is \$180.

During the meeting Tuesday night, community chairmen will receive instructions and materials to be used in the campaign.

BEVERLY BURKE has filed for one of the two places on the Littlefield school board. Mrs. Burke and her husband Jerry operate the Littlefield Credit Bureau and Print Shop. They have three children, Debbie 10, Jent 8, and Doug 5. Mrs. Burke teaches the ninth grade girls class at the First Baptist Church. She said she is interested in the school system and thinks the board needs a woman's point of view.

# Four Area Students Attend Fashion Day

Four area students were among 12 fashion-merchandising majors from South Plains College who attended a Career Course 1974 Fashion Day Saturday, March 2, in Dallas. They were Cheryl Carter of Littlefield, Gurl Hewitt of Whitharral, and Dagmar Poteet and Cassandra Cargile, both of Lubbock. They were accompanied by Mrs. Sharyn Godley, fashion-merchandising coordinator at SPC. The field day was presented by the Dallas Fashion Group at the Dallas Apparel Mart. Students in the fashion-merchandising field from throughout the country at-

tended the event, Mrs. Godley said. On Saturday morning, the girls heard talks on fashion and makeup and operation of a fashion magazine. They toured the Apparel Mart and met other students in the fashion-merchandising field. That afternoon, the girls heard talks on hair fashion, manufacturing, retailing, the mass media, such as television, radio, newspapers and public relations and the fashion world, such as photography, clothes, and the life of a fashion model. Outstanding leaders in the area of fashion and fashion celebrities presented the programs.

# LITTLEFIELD NEWS

RHODA PRICE 385-4957

MRS. DOSS MANER returned Monday night from Cisco where she was called last Friday due to the death of her brother-in-law, Neute Dillard, who died in a Beaumont hospital that day. Memorial services were held Sunday afternoon in Cisco. He is survived by his wife, who is Mrs. Maner's sister. She is seriously ill and has been confined to a hospital there for the past four months.

JEFF PERKINS underwent lung surgery at Methodist Hospital at Lubbock last Friday and has been in intensive care since that time. His condition is reported as satisfactory.

MR. AND MRS. Joe F. Kriek returned home Monday night from an extended vacation spent visiting her sisters, Mr. and Mrs. Tom Hanks in Houston and Mr. and Mrs. Charles McLean in San Antonio. They also spent a week in Kerrville and visited points of interest in the Rio Grande Valley.

MRS. MILDRED IVEY has returned after several days' visit with her son, Rex Ivey and family in Roswell, N.M. Mrs. W. M. Davis has had as her house guest the past several days, Mrs. G. P. Corry of Fort Worth.

MR. AND MRS. Bobby Cunningham and children Scott and Shane of Abertathy spent the weekend with her parents, Mr. and Mrs. A. C. Bridwell. They also visited his sister, Mr. and Mrs. Herbert S. Funk of near Littlefield.

MRS. CHAS. HAUK entertained her daughter, Mr. and Mrs. Harry Williams of Levelland Sunday. GUESTS of Mrs. C. H. Calvert over the weekend, included her daughter, Mr. and Mrs. Clayton Beckner and children, Mike and David of Fort Worth.

JUDGE AND MRS. Pat Boone had as their weekend house guests, their children, Mr. and Mrs. Mike Qualls and Pat Boone III and also Miss

Kathy Gray. They are all students at ENMU at Portales, N.M. Miss Gray's home is at Albuquerque, N.M. APPROXIMATELY 50 members of the adult and junior choirs of the First Baptist Church attended the annual Music Festival, held at the First Baptist Church at Muleshoe Sunday afternoon. Other churches in the district participating were Bovina and Earth.

MR. AND MRS. Ross Lumsden were in Bridgeport last weekend visiting his brother, Mr. and Mrs. Jerry Lumsden and other relatives. MR. AND MRS. Melvin Dunagin of Austin spent the past week here visiting relatives including his parents, Mr. and Mrs. A.M. Dunagin, her mother, Mrs. Buck Teague and her sister, Mr. and Mrs. Bill Roper of near Littlefield and also his brother, M. O. Dunagin. Sunday their children, Debbie Dunagin, student at Northwest Texas School of Nursing at Amarillo and Vernon Dunagin, student at Texas Tech joined them here for the weekend. Mrs. Dunagin is remaining for a more extended visit and is a guest in the home of her sister, Mr. and Mrs. Bill Roper.

SUNDAY GUESTS in the Melvin Mears home near Littlefield were his mother, Mrs. C. M. Mears of Friona and his sister, Mrs. Debra Ellis of Lubbock. MR. AND MRS. Truman Jones have recently returned home after spending the winter months in Phoenix and Sedona, Ariz. Before returning they visited their son and family, Dr. and Mrs. John Jones at Flagstaff, Ariz., and son Dr. and Mrs. Bill Jones at Santa Fe, N.M.

REV. A. J. KENNEMER pastor of First Baptist Church is holding revival services at Calvary Baptist church at Brownfield, and Buddy Wells, music and education director,

# Amherst Baptist Church To Begin Revival Sunday

Revival services have been scheduled for the First Baptist Church at Amherst, and are to begin Sunday, March 10 and continue through the following Sunday.

A former professional wrestler, Rev. Tommy Phelps of Amarillo, will serve as evangelist, and an American Indian, Bill Sky-Eagle of Waco, will direct the musical portion of the revival. Services will be conducted at 10 a.m. and 7:30 p.m. daily, Monday through Saturday, and on Sunday, beginning with

Sunday School at 10 a.m., morning worship at 11 a.m. and evening worship at 7:30. Rev. Phelps was a professional wrestler for 17 1/2 years before he surrendered to the ministry in November of 1962. He has pastored churches in Fort Worth and Hereford before entering full-time evangelistic work in January, 1967.

Rev. Glenn Willson, pastor, extends an invitation to the public to attend any or all of the services.

# Arthritis, Rheumatism Forum Slated March 14

The steering committee of the Bailey County Unit of the West Texas Chapter of the Arthritis Foundation met last week to complete plans for their arthritis and rheumatism forum to be held March 14th.

Dr. Charles Seward, a rheumatologist, will lead the forum, assisted by Drs. in orthopedic surgery and physiotherapy.

Aids for victims of arthritis and rheumatism will be on display along with literature to be distributed for the benefit of victims and families of victims.

This forum will be the only one held in this area and everyone is urged to attend. It is free to the public and will be held at 7:30 p.m. at the Methodist Fellowship Hall in Muleshoe.

# Texas Girls' Choir Accepts Applications

Prizes of \$500 will be awarded in the Texas Girls' Choir ninth annual Piano Contest April 26, 27 and 28 at 4449 Camp Bowie Boulevard, Fort Worth, Texas.

Girls between the ages of 10 and 15 from throughout the United States may apply to enter the contest. Application forms should be requested by writing Texas Girls' Choir, 4449 Camp Bowie Blvd., Fort Worth, Texas 76107.

Applications must be returned postmarked no later than March 15.

Contestants will be competing for more than \$500 in awards—the winner will receive \$250 and a trophy and will appear as guest soloist at the TGC Spring Concert in Tarrant County Convention Center.

Other awards will be \$100 and a trophy for second place, \$50 and a trophy for third place, \$25 and ribbon for fourth place and a ribbon for fifth place.

Repertoire must include one number from each of the baroque, classical, romantic and contemporary periods and must be original piano music literature, not arrangements.

Judges will pre-approve repertoire listings and will pass on the eligibility of each contestant before assigning preliminary auditions.

All music must be memorized and contestants will be judged in the areas of technique, interpretation, stage presence, rhythm, musicianship, memorization, phrasing, pedaling, tone

quality and impression of total performance.

Preliminary auditions will be played Friday night, April 26, and Saturday, April 27, with final auditions Sunday afternoon, April 28.

Mrs. T. Smith McCorkle, who has taught piano at Texas Christian University, Texas Wesleyan College and Kansas State University, will be chairman of judges. She is the widow of the Dean of the School of Fine Arts at TCU.

# Band Students Win Superior UIL Ratings

Several Littlefield band students were among more than 1,350 band and orchestra students who competed in University Interscholastic League Region 16 instrumental solo and ensemble competition Saturday, Feb. 23, at Monterey High School.

Students receiving Division I (or superior ratings) included:

**Littlefield High:**  
Karen Walker, clarinet solo; Phillip Prentice, tuba solo; Mari Louise Bennett, flute quartet, Connie Cannon, Janice Cannon, Vicki Mears, flute trio, Sharla Birkelbach, flute trio; and Gina Bartley, woodwind ensemble.

**Junior High School:**  
Judy Thompson, alto saxophone solo; Karen Carter, horn solo; Harlan Gillian, trombone solo.

FULCHER Mr. and Mrs. Fulcher are the parents of a new daughter, Ann, who weighed 10 lbs. when she was born at 7:12 p.m. in the hospital in Grandparents and Fulcher of Salsburg. Mrs. Pete Hill

## Brothers March In Mardi Gras

OLTON— Pat and Mike Phillips marched Tuesday with the Ross Volunteers at the Mardi Gras in New Orleans. The 120 member RVs marches as the honor guard to King Rex in his parade during the week-long New Orleans pre-Lenten festival. The Texas A&M groups appearance at Mardi Gras is a long-standing custom. Twin sons of Mr. and Mrs. Glenn Phillips, the TAMU seniors are 1970 Olton High School graduates.

## Amherst Senior Citizens Feted At Salad Supper

AMHERST— The Senior Citizens social club met Feb. 19 for a covered dish salad supper in the community center. The hostesses were Mrs. Hazel Davis and Mrs. Juretta Peel. Guests were the musicians who played throughout the evening with enjoyable selections. Fifty-four were there for the occasion. There will not be a meeting Tuesday, March 5, as scheduled, due to the Church of Christ gospel meeting next week. The next meeting will be March 19.

JOHN JOE BAIZA, son of Mrs. Anita Baiza of Littlefield, has completed work for his high school equivalency program at EMNU on the Roswell campus, and received a certificate Tuesday, Feb. 26. (Personal Photo)

## Postal Service Slates Exams

The U.S. Postal Service has announced it will schedule an examination for clerk and carrier positions in the Post Office at Littlefield. Applications are now being accepted, and exams will be given to establish a register of eligibles from which future clerk and carrier vacancies in this post office will be filled. Starting salary for part-time flexible schedule employees is \$4.31 per hour with increases to \$5.50 per hour possible. No experience is required. All applicants will be required to take a written exam, designed to test aptitude for learning and performing the duties of the position. The test will consist of four parts: 1. Address checking, 2. Memory for addresses, 3. General abilities (word meaning and reading), and 4. Number series. The test and completion of the forms will require approximately 3 hours. Competitors will be rated on a scale of 100, and they must score at least 70 on the examination as a whole. Applicants may contact the post office for further information.

# To The EDITOR

Dear Editor,  
We want to thank you for all the publicity you gave the Nursing Home Auxiliary in getting formed. Without your help we could have never reached the number of people we have come in contact with.  
Thanks to you and your staff for a job well done.  
May God bless you and your staff at the Leader-News.

Yours Truly  
Mary Cowan, president of Helping Hands for Senior Citizens

Feb. 19, 1974

Gentlemen:  
The Lubbock Symphony Orchestra will present "Let The Sun Shine Through" on March 16. This is the second annual Sacred Music Festival and we would very much appreciate your informing our patrons and friends in your area about this upcoming event.  
Arthur Fiedler, conductor of the Boston Pops Orchestra, who was scheduled as guest conductor for our Pops Nite on April 23 has had to curtail his road engagements due to illness, and therefore Carmen Dragon has been contracted by the Symphony to conduct the orchestra for the annual concert.  
It is of the utmost importance that we get this information to our patrons and must depend on you.  
The Pops Nite concert has not been cancelled and promises to be better than ever with Mr. Dragon who is well known for his conducting at the Hollywood Bowl and his outstanding musical arrangements, many of which have been played by the Lubbock Symphony on past Pops Nite programs.  
Further information on Mr. Dragon will be sent at a later date.  
Tickets for the Pops Nite concert are

already available at the Symphony Office.  
Thank you so much for your continuous cooperation.

Sincerely,  
s/Virginia Wheat

(EDITOR'S NOTE: This is a letter received by the Chamber of Commerce, and personnel in that office felt the public should read it.)

Mr. J. L. Marcum, President  
Chamber of Commerce  
P. O. Box 507  
Littlefield, Texas 79339

Dear Mr. Marcum:

You are invited to attend an informal public meeting being conducted by the Texas Highway Department for the purpose of providing citizens the opportunity to discuss the feasibility and necessity for constructing to appropriate standards, a route from Amarillo, Texas, to Las Cruces, New Mexico, so aligned as to serve, among other cities, Hereford, Texas, and Clovis, New Mexico, or vicinities thereof.

The public meeting will be held at 7:30 p.m., March 19, 1974, at the Deaf Smith County Courthouse in Hereford.

Any comments you may have, either oral or written, will be appreciated.

Very truly yours,  
s/George C. Wall, Jr.  
George C. Wall, Jr.  
District Engineer  
District Five.

# CLIPS & TIPS

By JOELLA LOVVORN

I ATTENDED the annual Lamb County 4-H Food Show Saturday afternoon and marvelled at the cooking talents our youngsters have acquired. Both boys and girls entered the competition, and I noted that several of the winners were boys.  
I thought I'd include the winning recipes in my column today.  
Winners of the main dish division were Kim O'Neal for the junior age group and Jennifer Templeton for the senior group. Kim's dish was Tasty Chicken Casserole and Jennifer's was Texas Enchilada Casserole.

**TASTY CHICKEN CASSEROLE**  
1 onion  
1 Tbsp. cooking oil  
1/2 tsp. salt  
2 cups water or chicken broth  
1/2 cup uncooked rice  
1 1/2 cups diced cooked chicken  
1/2 cup grated cheese  
Chop onion and lightly brown in fat; add salt and water or broth. Heat to boiling and add rice slowly. Cover pan tightly and cook over low heat for 20 minutes. Turn off heat and let stand 10 minutes, covered, so rice can finish cooking. Add chicken to rice. Sprinkle with cheese. Makes four servings.

**TEXAS ENCHILADA CASSEROLE**  
1 lb. ground beef  
1 can cream mushroom soup  
1/2 cup water  
1 small can chopped green chilies  
1 small can taco sauce  
1/2 cup chopped onions  
1/2 cup grated cheese  
tortillas  
Brown beef, drain off excess fat; mix sauce, water, green chilies, taco sauce and onions together. Alternate layers of tortillas, beef, cheese, and soup mixture; topping with cheese. Bake in 350-degree oven until hot and cheese is melted and bubbly. Serves eight.

**WINNER of the side dishes division was Randy Wiseman, with his Texas Strawberry Delight.**  
**TEXAS STRAWBERRY DELIGHT**  
1 large pkg. strawberry Jello  
2 cups boiling water  
2 10-oz. frozen strawberries  
1 large Cool Whip  
2 cups miniature marshmallows  
1 cup chopped pecans  
Prepare Jello with water. Stir in strawberries into hot mixture so they will thaw. Add Cool Whip; stir until lumps disappear. Add marshmallows and pecans, pour mixture into large salad bowl. Delicious as salad or as dessert. Ready shortly after being made. Serves about 12.

**BREADS AND DESSERTS division winners were Cary Sawyer in the Junior division and Dina Joe Hampton in the senior division.**  
Here's Cary's Patriotic Yeast Rolls recipe, followed by Dina Jo's recipe for Traditional Roll Dough recipe.

**PATRIOTIC YEAST ROLLS**  
Mix 2 pkgs. yeast in 1 cup lukewarm water  
Mix together  
3/4 cup oil  
2 beaten eggs  
1 cup hot water  
1 tsp. salt  
1/4 cup honey  
With mixer, add 2 cups whole wheat flour. Add 4 cups enriched white flour, mixing well. Chill until firm. Make rolls and place in greased pan to rise. Bake 10 minutes at 425 degrees. Makes 24 to 32 rolls.

**TRADITIONAL ROLL DOUGH**  
1 pkg. active dry yeast  
1/4 cup warm water (105 to 115 degrees)  
3/4 cup lukewarm milk (scalded then cooled)  
1/4 cup sugar  
1 tsp. salt  
1 egg  
1/4 cup shortening or butter, softened  
3 1/2 to 3 3/4 cup flour  
Dissolve yeast in warm water. Stir in milk, sugar, salt, egg, butter and 2 cups of the flour. Beat until smooth. Mix in enough remaining flour to make dough easy to handle. Turn dough onto lightly floured board, knead until smooth and elastic, about 5 minutes. Place in greased bowl; turn greased side up. Cover; let rise in warm place until double, for 1 1/2 hours. Punch down dough. Divide in half, let rise 20 minutes before baking 15 to 20 minutes in 400-degree oven.

**DAVID SMITH won the snacks and beverages division with an avocado dip.**  
**AVOCADO DIP**  
2 large avocados  
1/2 cup sour cream  
2 Tbsps. horse radish  
2 tsps. grated onion  
1 tsp. salt  
1/2 tsp. monosodium glutamate  
1/4 tsp. hot pepper sauce  
Peel avocados and mash well with fork. Add sour cream, then add seasonings in order given. Mix well and

# THE ABUNDANT LIFE

## The Afterglow

AS WE MOVE ALONG through time, from day to day, we leave behind us some kind of influence, some contribution, something that helps or hurts.  
This is an important consideration, and has a proper place in the whole evaluation of a life; because it also affects the present and the future.

TO MAKE THE WAY a little brighter, as we pass along, is one of the most worthy personal aims for one's life. This becomes "the afterglow", and becomes a very valuable dimension of the total life.  
It is both "the glow which remains when the light has disappeared", and "a reflection of past splendor, success or emotion".  
The worthwhile contributions made, as we move along through time, leave some light and encouragement for those who must follow us. These also provide some of the help and strength we need for the present day-to-day movement.

"THE AFTERGLOW" of one's life will be made up of service rendered, kind deeds done, helpfulness in accomplishments benefitting the common good, words of understanding and encouragement we speak to others, and general conduct in harmony with the potential dignity and nobility of mankind.  
In "the afterglow" of such a life, many others will find some of the light they need.  
It should mean something to us to realize that our fellowmen are glad that we passed this way, and that they are

grateful for what we did to make better or perhaps a safer way for

"IF YOU WANT to be not only successful, but personally, happily, permanently successful, then do your job in a way that puts lights in people's faces.  
Do that job in such a way that when you are out of sight, they always know which way you went, lamps left behind." K. McFarland

WE LIVE, if we live at all, present; but the afterglow of the live is a major factor in making a day of living a full and satisfactory day.

It not only helps lighten the load we have travelled, it also, in its reflection provides some of the light we need today.

"THE AFTERGLOW" is so important that we should consciously plan work to make it the very best. The formula is easily understood and can be followed successfully.

When we, with honesty and diligence make the best possible use of our blessings and opportunities, "the afterglow" will be just as bright as should be.

"IT IS TO LIVE TWICE, when you enjoy the recollections of our life." -Martial

This is "the afterglow" of a day well which can do so much to enrich and enrich the present day of living.

## Penalizing The Producers

SOCIAL SECURITY benefits are going up by 11 percent, and social security taxes are being raised once more to pay for the increase. In short, the treadmill of inflation has taken another turn.  
Annual benefits will rise sharply, moving from \$53 billion in 1973 to \$73 billion in 1978 and, according to U.S. News & World Report, nearly \$84 billion in 1978.  
ANYONE WHO is self-employed will be hit hard. In 1970, the maximum social security tax paid by a self-employed person stood at \$538.20 annually. By 1973, it was up 60 percent to \$864. In 1974, those making \$13,200 or more will be paying \$1,042.80.  
And, in the years following that, the

tax bite will keep going right on up as the social security tax takes its cut out of ever-higher levels of income.

THIS APPROACH to collecting evermore social security taxes protects low-wage workers from having to pay increased social security taxes, but it places a heavy penalty on millions of the better-trained and most productive people—the "higher-income farmers, small businessmen, and self-employed professional people."

It takes a little more incentive away from those who are willing to work hard providing them have some prospect of benefiting from their efforts.  
What a way to run a country!  
—Industrial News Review

## Senator Asks Repeal Of Year-Round DST

Senator Lloyd Bentsen of Texas has urged the chairman of the Senate Commerce Committee in Washington, D. C. to speed up consideration of legislation repealing year-round Daylight Saving Time.  
In a letter to Senator Warren Magnuson, Bentsen asked that the bill be presented to the full Senate as quickly as possible.  
"Year-round daylight time was supposed to save us a lot of energy, but now that I have seen it in operation, I seriously doubt that the savings is worth the cost," Senator Bentsen said.  
"I am particularly concerned about the safety problem," the Senator said.  
"These little children are lined up in

the dark to go to school, and I almost ran over one the other day riding along on his bicycle. I must say I was really shaken by the experience."

Bentsen said he thinks Congress will repeal winter daylight time, if the bill is not bottled up in committee.

"I think most of us realize that we made a mistake in the Congress when we accepted the Administration's proposal for year-round daylight time," Bentsen continued.

"Congress must dispose of winter daylight time as quickly as possible and concentrate on more workable programs to conserve and increase energy supplies," Senator Bentsen said.

## Speed Limit Enforcement

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said he is disturbed by many complaints by Texas motorists about drivers refusing to obey the 55-mile-per-hour speed limit, and has directed DPS troopers to intensify their enforcement efforts.

Speir said he has received numerous reports by motorists who are complying with the new law who are frightened and angered by others who pass them at speeds dangerously above the legal limit, and still others who "tailgate" them when they can't pass for one reason or another.

"When the new law went into effect Jan. 20 of this year," he said, "our surveys indicated a high degree of voluntary compliance on the part of Texas drivers."

"We commend those drivers who are cooperating in the state and national effort to reduce accidents, save lives, and at the same time conserve fuel by driving within the legal limits," Speir said.

"But since that time, we have noticed that motorists, or at least many of them, have been gradually 'inching' up their speeds on Texas highways. Consequently, our troopers have been increasing their volume of speeding citations, and will have to continue to intensify their efforts until a more reasonable degree of voluntary compliance is achieved."

"And we solicit the cooperation of those who would forget or ignore the dangers posed to themselves and others by dangerous and illegal speeds on the highways of our state."

"We would remind everyone that consistently through the years, excessive speed is involved in more fatal accidents than any other single factor."

## Rep. Bill Clayton Predicts Deadlock

After more than two weeks of exhaustive debate and close votes, the Texas Constitutional Convention has finally wound up its work on the Education Article of the proposed Texas Constitution, Delegate Rep. Bill Clayton (D-Springlake) has reported from Austin.

The Education Article is the first of several controversial articles to come before the convention, and many observers were surprised that so much time was taken for its approval.

Rep. Clayton noted that while only a majority vote of the delegates is necessary for approval of each separate article, the final approval of the entire constitution will require a two-thirds majority before it can be sent to the voters. For this reason, Rep. Clayton predicted that approval of the final document will not be possible until a compromise is reached among the various delegate factions voting on the constitution.

The Education Article, which covers all Texas education institutions, generated strong expressions of opinion from many of the delegates. The convention began work on the article on Rights and Suffrage this week.

# HONEY BRITS

By CORNBALL BLEVIN

KIND OF FEEL sorry for the Lubbock tv stations sportscasters. Since last Saturday, they're going to have to find something to report besides Tech basketball. Too bad, that.

GUESS YOU NOTICED: Turn Row's started pushin' people around, again.—Hot air shortage, he ain't got none!

SEE WHERE we're gettin' a COWBELLE organization, hereabouts. Their purpose is the promotion of beef products.

Now, if we can just manage to get on the good side of those SLA kidnapers, we might be able to use some beef, provided it's handed out for free or reduced price.

REMEMBER HOW GOOD steak used to taste?

THEY SAY THAT no matter how dry it gets, every little grain of sand contains some moisture. Could be that that's what we're gettin' with these "Twenty-Percent chance" weathercasts.

GIVE A GUY a full stomach and a warm place to lie down, and right away

he wants to go to sleep. Let him get hungry, and he's ready to go.

Give him ease and security, and he'll feel no need for God. Give him power, and he's ready to build his own kingdom.

SMALL WONDER that it's so hard to find good honest help to work in vineyards. We've gotten fat and we have an aversion to work. Brother is ready to take over as us.

THEY'RE FINALLY finding out what's causing the fuel price citizens are burning all of the gas waiting in line to get more.

WONDER IF GERALD FORBES better golfer than Spiro? Noted he'd been playing, but no one could give the score.

SPEAKIN' of the score, if you find out what it is, it's pretty good you needn't call Washington!

THIS THING of streaking may be a matter of necessity, if we have any fibers to grow in this year, my farmer friends allows as how dry on his farm, the water's to turn around and go back in the well.

# OBITUARIES

**DORA CUNNINGHAM HENRY**  
Services for Mrs. Dora Cunningham Henry, 76, who died at 9:15 p.m. Saturday in the Littlefield Hospitality House after a lengthy illness, were conducted Monday afternoon in Hammons Funeral Chapel in Littlefield.

Rev. Lewis Schaap, pastor of the Littlefield Nazarene Church, officiated. Burial was in the Union Hill Cemetery at Lakeview, with Spicer Funeral Home of Memphis in charge.

Mrs. Cunningham was a native of Cooke County and had lived in Littlefield 18 months.  
Surviving are three daughters, Mrs. Alene Huber of Littlefield, Mrs. Wynlyn Gowdy of Dimmitt and Mrs. Nell Hoggatt of Amarillo; one son, H. F. Cunningham of La Vernia; two brothers,

A. C. Tipps and Haskill Tipps, Ringland, Okla.; a sister, Vera H. Tipps, also of Ringland, Okla.; five daughters; seven grandchildren; three great-grandchildren.

**BULA NEWTON**  
Funeral services for Mrs. Bula Newton, 81, of Morton, who died 8:05 p.m. Sunday in University Hospital in Lubbock, were conducted Wednesday morning in the First Baptist Church in Morton.

Rev. Paul McClung, pastor, officiated. Burial was in Morton Memorial Cemetery with Singleton Funeral Home in charge of arrangements. Mrs. Newton was an area resident and a member of the First Baptist Church at Morton.

Surviving are two daughters, Thelma Beaty of Medford, Ore., and Mrs. Ruth Pottey of Anahim, Calif.; two sons, Odis Bybee of Pratt, Kan., and Omer Bybee Jr. of Plainview, Tex.; Mrs. Lucie Hodge of Anton, a daughter; and Hillard Hoffman of Mineral Wells, grandchild and several grandchildren.

**CRISPIN G. TALAMANTEZ**  
Services for Crispin G. Talamantez, 52, of Olton, were conducted Tuesday morning in St. Peter's Catholic Church in Olton, with military burial services in the Olton Cemetery.

Burial was directed by the Olton Funeral Home of Olton. Talamantez died about 8:30 p.m. Saturday in the Veterans Administration Hospital in Amarillo.

Surviving are his wife, Olivia; Carlos Talamantez of the home; daughters, Emily Talamantez, Gloria Talamantez, both of the home; sister, Sophia Fuentetaja of Olton; brother, Cecil Talamantez of San Calif.

chill. Serve with carrot sticks, celery sticks, small tomatoes and cauliflower flowerlets. Yields 6 to 8 servings.

**TIPS AND TIDBITS:**  
TO CLEAN cobwebs off walls and ceiling, slip one or two old socks over the end of a yardstick or broom handle and secure them with a rubber band. This "sock" stick is also good for cleaning under pieces of furniture that are close to the floor.

**NEED YOUR MATCHES** waterproofed? To keep your matches waterproofed while on a camping trip, just dip the match heads in regular fingernail polish. The polish sheds water and makes the matches burn better when you strike them.

**ALUMINUM TRAYS** from tv dinners make handy drawer organizers for a desk. The various sized sections are just right for paper clips, tape, stamps, erasers, etc.

OFFICIAL LHS NEWSPAPER

58 SCHOOL DAYS LEFT

## After Caps, Gowns What Next, Seniors?

By KAREN WALKER

With the ordering of caps, gowns and graduation invitations, seniors are pondering their ideas of "What to next?"

There is always the possibility of college, employment, or "staying at home."

Linda Sherley said she "plans to work at the Credit Bureau until August." Other seniors, Tommy Clayton, Jerry Evins, Danny Cushion, Kenny Owens, Ruben Miraval, and Terry Bryson plan to work also but are unsure where.

Larry Lobaugh will "work on the farm" while Bryan Myres will be "working in Lubbock somewhere." Laquinta Clark said she plans "to work this summer to help my parents put me through school." Another senior said "I plan to work, but mostly I just want to enjoy the summer." Dona Davis commented.

Jill Owens said she wants to "stay at home and play in the sun. She's not alone. Marie Louise Bennett also said she "wants to play a lot", and added, "After all, I'll be out of school—graduated!"

Special plans are being made for the summer by Julie Payne, who said, "This summer I might go to Canada as an exchange student. The Lions Club will be my sponsor if I do go. If I don't get to go then I'll work."

Bruce Peel is hearing bells—wedding bells. "I plan to get married June 16, 1974 and work at Parks-Hester

Printing Company."

A variety of colleges were mentioned for furthering the seniors' education. Some of those planning to attend Texas Tech are Laquinta, Rita McKinney, Eileen Hinkley, Jill Marie Louise, David Williams, Carol French, Pat Sevier, and Peel.

Those planning on Southwest Texas State University in San Marcos are Kim Jungman and Andy Rogers. Dona Davis is planning to go to LCC and Barbara McBride and Cindy Wattenbarger are planning on WTSU in Canyon. They are going to be roommates this summer.

Gina Bartley, Karen Drake and Pixie Weige plan on going to a business school, while Sherry Hemphill said she plans on attending a beautician school.

With hopes of traveling to California, Carol French plans to spend the first part of the summer on vacation there. Pat Sevier who is not worried about the gas shortage, plans to travel to "Austin, Dallas, and perhaps I will make a trip down to the coast."

Plans for entering the military service are being made by John Pence, who hopes to enlist in the Air Force and "hopefully to go over seas." Ruben Miraval said he is considering the Army and Larry Lobaugh and Maurice Gonzales have enlisted in the Marine Corps.

Other special fall plans are in the mind of Terry Bryson to "play football", while Tommy Clayton is "getting my own house."

### JUNGMAN EARNS 110 POINTS AT MEET

## Wildcats Pounce On Third Track Relay Trophy

KIM JUNGMAN, 1974 Track Queen, displays her running technique to Stanley Patterson, LHS coach, as he stands by to offer instruction. (Photos by Taburt)

The Littlefield Wildcat track team continued their domination of the Wildcat Relays with a third consecutive championship. The Cats totaled 110 points compared to second place Springlake-Earth with 98.

The tracksters took an early lead with an excellent showing in the field events. From then until the mile relay it was clearly a two team race between Littlefield and Springlake, with the Cats holding a leading margin all the way. Springlake made their biggest threat late in the relays, taking most of their points in the finals of the running events.

Randy Cook took two first places in the field events. Cook tossed the shot 48' 4" for first place, and Wildcats Ricky Richards and Ricky Hopping took second and third. The discus also proved to be a strong event for the Cats. Cook took first with a throw of 141'. Hopping took second and Doug McCain fourth. Brian Goss took a win in the high jump

with a jump of 5' 8". The Cats took fourth and fifth in the broad jump. Bill Turner

jumped 18' 1/2" for fourth and Terry Bryson jumped 17' 11 1/2" for fifth place.

BILL TURNER races his way into the finals of the 120 yard high hurdles.

MIKE COTTER, LHS Junior is shown vaulting his way to a second place trophy. COACH BOOMER gives a word of encouragement.

In the pole vault Mike Cotter took second place with a vault of 12'. Cotter attempted a new relay record at 12' 2", but failed in three attempts.

The points in the running events began with a fourth place finish in the 440 yd. relay. The team of Bryson, Turner, John Marques and Sammy Schlottman were timed in 47.0. In the 100 yd. dash Bryson ran 11.0 for fifth place. In the 330 yd. intermediate hurdles, Ronald Parmer and Sammy Schlottman took fourth and fifth, respectively. Parmer ran 47.6 and Schlottman 49.0. Buddy Jungman captured the only first in the running events with a time of 2:12.6 in the 880 yd. run. Richard Barton took a third place trophy in the 120 yd. high hurdles. Turner placed fourth. Stanley Patterson added fourth place points with a 58.7 in the 440 yd. dash.

In the last event of the day the Cat's mile relay team of Stanley Patterson, Schlottman, Steve Cruz, and Jungman ran 3:51.4 for fifth, place.

### WOODWORKING FAVORITE

## Homework' Keeps LHS Counselor Constantly On-The-Move

By BEN DRAKE

Life of a high school counselor is busy, but not too busy for personal recreation. Mrs. Roycroft, counselor, spends her spare time on various objects such as lamps, plaques, clatters, and working ceramics. I crochet a said Mrs. Roycroft, everybody laughs at the and my needle."

The popular ecology box is one of the many wooden objects Mrs. Roycroft and her husband make. They often pick up wood while touring and bring it back to make things. The boxes contain anything from cotton and pine cones to velvet butterflies, flowers, and birds. They also contain the common objects such as corn, beans, rice, and macaroni.

Much like these boxes, she and her husband make a box they call a Sorority Box. It consists of a backing of gold vained mirror and contains club symbols and letters and also little girls, owls, angels, and straw flowers according to the colors and symbols of that particular sorority. These are enclosed by glass over the front to make viewing possible. The sorority boxes are sold at the "Little Shop" in Lubbock.

Mrs. Roycroft should never be late unless she makes a mistake while constructing a clock. The frame of the clock is made from wood which Mrs. Roycroft and her husband put together themselves, and the internal organs come from a company in Illinois. She has made about six clocks in all.

Memory candles also interest Mrs. Roycroft as well as remodeling objects. A memory candle is made of a white candle with an announcement or invitation, being lifted, placed on the candle and let dry. Wax is then beat and used to frost the candle.

For a project in remodeling she and her husband remodeled a brand new camper. They were not satisfied with the twin beds in the camper so they simply changed them to a queen sized bed.

Mrs. Roycroft's reason for doing this is, "I can't leave anything like it is."

Mrs. Roycroft's colleagues agree that she is good at making things. Coach Robert Bolton says "The best thing she makes is a Mexican salad."

## LHS Tracksters Place Seventh In Area Relays

Seven was an unlucky number for the Wildcat fems tracksters Saturday as they finished seventh in the finals of the 220-yard dash, 60-yard dash, 100-yard dash, and the 440-land relay at the Filly Relays at Olton. The Cats finished with no points, because they would have had to place sixth to score.

Ann Mackey made the finals in the 60 and 100 dashes. Shebra Johnson made the finals in the 220. The 440 relay team that made the finals was made up of Miss Mackey, Georgia Jackson, Michael Smith, and Miss Johnson.

STUDENTS, Laquinta Clark and Barbara McManis make plans for their trip to Dallas, March 6-9. They won 2nd in an area D.E. meet and qualified for competition.

## EDITORIAL

By BRUCE PEEL

Littlefield High School Principal Jack York's position to Superintendent of the Littlefield Independent School District, the Littlefield School Board is confronted with the task of filling the vacancy of his office. Though York will assume the duties of his new office until August, 1974, the School Board will not doubt hire his successor sometime in the near future. We believe special insight should be taken in order to what the Principal-elect should be, for the kind of principal he will dictate the kind of principal he will be.

A principal is THE No. 1 MAN, the boss, of his school. He should consider the pros and cons of an issue, ignore the interference, make his own decisions, and be willing to accept the responsibility for those decisions. It is his job to do what is good for the students and what is bad, but he should keep an open mind and be ready to accept change.

You, the reader, ask what qualifies a student to set the qualifications of a principal. We are not qualified, but who is?

Students, you have invested that power in the School Board. The task is theirs. They are responsible. Still, these qualifications are not set down on paper any more than the character of a man can be written in black and white. Each member sets his own standards and guidelines that he should meet if he is to be a good principal (the state requirement is that the man have an administrator's certificate).

Each member of the Littlefield School Board to kick out animosity and politics out the back door when they hire the new LHS Principal. I ask that each member elect his own man and make his own decisions based on the character of the men who apply.

The course of any speculation (and this is just that), an inevitable comparison, whether intentional or unintentional, is made involving the new idea, theme, and the old. Any reflection in this article on Mr. York or his successor, whether stated or implied, is not a malicious attack (or any other kind of assault) on his moral character, his friends, pets, or the way he combs his hair.

## TO DOCTORS Babies' Growth Pleasure

By DONA DAVIS

There is one thing that all people have in common—they were all babies at one time. The American doctor plays a big role in helping babies take that first breath of air.

Some local doctors were asked just how many babies each of them had brought into the world.

It seems that Dr. J. R. Fain would win the bronze booties for delivering the most babies.

Dr. Fain said he had delivered about 3,100 babies since 1955. Dr. I. T. Shotwell Jr., would win the "dirty diaper" for the least number of deliveries.

Dr. Shotwell hasn't delivered a baby in 15 years. He said, "I really don't know how many babies I've delivered, probably about 1,000." He said he wasn't "on strike," but the work was too hard for him.

Dr. Barney Klein Jr., said, "Oh, I've delivered about 700 babies since my career began here in 1962.

Dr. W. C. Nowlin said, "After 2,000 deliveries, I stopped counting."

As of 1968 about 20.1 out of every 1,000 births were plural births.

Dr. H. M. Hinkley Jr. said, "I've delivered about two sets of twins but I've never had the privilege or fortune to deliver triplets."

Dr. Nowlin said, "I've delivered about five sets of twins but no triplets."

"I've delivered about 10 sets of twins but no triplets," said Dr. Klein.

"Well, I've delivered about 40 twins but no triplets," said Dr. Robert Rains.

Natural childbirth, the birth of a child without using anesthetics, seems to be preferred by some mothers.

"Most of the Latin Americans or Indians don't want the anesthetics," said Dr. Still, "but most of the others do."

Dr. Rains said, "I've delivered very few by natural child birth and most college aged mothers are the ones who want the baby by natural birth."

When asked if the full moon affected the time the baby is to be born Dr. Still said, "I don't believe so." Dr. Hinkley said, "It's not that I believe in it, but no ones ever been able to explain it."

In 1950 there were 3,632 live births in the U.S. In 1960 there were 4,258 and in 1970 there were 3,718 births.

In the Littlefield hospitals there were 440 births in 1960, 403 in 1960 and 268 in 1970.

The youngest mother who delivered a baby here was, "about 12 years old, I imagine" and the oldest mother was about 47, Hinkley said.

The thing that seems to make a doctor's work worthwhile is watching an infant grow to be a young man or young woman.

"I've enjoyed watching the babies I've delivered grow up. I've even had some of them come to be to deliver their babies. It makes me feel old," said Dr. Shotwell.

Dr. Hinkley said, "It's a pleasure watching babies grow. But I've moved so much that I really haven't seen many of them."

## Stargazing Student's Hobby Out Of This World

By BRUCE PEEL

"I think it's fascinating just to look into the center of the universe and see what's going on," said Ralph Stout whose hobby is astronomy. "I know most of the constellations. I start with the Big Dipper and work my way around."

Stout said he first got interested in astronomy in 1972. "I'd been reading scientific magazines since the sixth grade, but I never developed astronomy into a hobby until my mother gave me a telescope for Christmas in 1972," he said.

Since then, I've been reading and learning more about it. Lately, I've been teaching Lora Lynn Yarbrough, a fourth grader. She seems real interested," said Stout.

He said that there are two fields of astronomy: radio and stellar. "I'm interested in stellar astronomy," he said, "which consists of strictly stars and nebulae." It involves making maps and photographs of celestial formations through the use of regular and radar telescopes, Stout said.

Stout plans on attending Texas Tech University when he graduates, where he intends to take basic courses in mathematics and physics and then concentrate on courses in astronomy. He then plans to participate in the space industry. "The space industry uses astronomers to calculate planetary movements, orbits, and the way gravity affects rockets," Stout said.

Stout said he saw Sky Lab and the comet, Kohoutek. "All you needed to see them clearly was a good pair of binoculars," he said.

Many people confuse astronomy with astrology," said Stout. "Astrology concerns the belief that the stars influence life. It's a false science. Astronomy answers such questions as what makes the sun rise or set?"

Stout feels that there is a possibility that UFO's may exist. "It's possible," he said. "He went on to explain how Houston television station KLEE went off the air around 10 years ago and about five or six years later their call letters came back on the air. No

one knows where they came from because the station didn't broadcast anymore. Some scientists feel that something from outer space might have picked up the radio waves and transmitted them back to Earth. Still though, I'd have to see one for myself," Stout said.

"Astronomy is fascinating," said Stout.

"The light you see from the sky at night really left there years ago, so really when you look at the star, you are able to see into the past."

RALPH STOUT casts a watchful eye to the sky aided by the use of his telescope. Stout said he thinks astronomy gives him the opportunity to "see into the past."

## FOR SECOND SEMESTER Twirping Activities Slow

The percentage of girls "twirping" this semester has decreased a great deal in comparison with last semester's Twirp Week.

This could be contributed to the fact that this time there are no events scheduled specifically in conjunction with Twirp Week.

Out of the 15 girls interviewed, only 33 percent are planning to treat the guys at LHS during the Student Council-sponsored week.

"It's not fair for the guy to have to pay for every date," was one of the popular reasons given by

girls who are in favor of Twirp Week. Other reasons given in favor of Twirp Week are that it is a good way to let a guy know he's liked and it gives the girl a chance to think up new ideas of things to do on a date.

Several girls gave reasons for not participating in Twirp Week activities.

Reasons given against Twirp Week included, "Littlefield dudes are too immature," girls are afraid the guy will think she is chasing him, and some of the steadies say it is unnecessary.

## Area FHA Girls To Attend Meet

Impact, NOW" will be the theme for the Area I Future Homemakers of America annual convention when it convenes in Amarillo Friday and Saturday, March 8 and 9.

Three area girls are candidates for area officers of the Area I Future Homemakers of America.

Running for the office of president is Anna Hatla, junior of Pep High School.

Running for fourth vice president is Rhea Lynn Casey, junior of Bula High School.

Candy Chaney, freshman at Littlefield Junior High School is one of four seeking the parliamentary's post.

Impact is a new in-depth involvement project of the National Association of FHA. Local chapters across the nation are carrying out in-depth projects in their communities. Area I's emphasis this year has been on the impact youth can have on America, now!

Beginning at 7:30 p.m. Friday a talent show will be held in the Civic Center Auditorium.

Saturday, the program will include Mary Harris, second vice president, Estacado High School from Lubbock, assisted by Kim Wallace, Littlefield and Cindy Berner, Spearman, will present certificate of recognition to 30 FHA members that have completed three levels of Encounter growth (individual accomplishment by students.)

## News about our Lamb County Neighbors in OLTON

MRS. W. B. SMITH, JR. 285-2385

MR. AND MRS. Doyle Meadows - announce the arrival of a daughter, Mindy, born Feb. 25 at College Station. Maternal grandparents are Mr. and Mrs. Douglas Avery. Paternal grandparents are Mr. and Mrs. Otis Meadows. Great-grandparents include Mrs. Ted Avery of Truth or Consequences, N.M.; Mrs. McClanahan of Alva; Mr. and Mrs. W. B. Tubbs and W. F. Meadows of Winstboro.

# Field Events Lead Wildcats To Track Title

The Wildcat tracksters used a strong showing in the morning field events to carry

them through the afternoon running contests, and posted their third consecutive victory in the Wildcat Relays

Saturday. The field events supplied 66 of the Cats' 110 total points. Springlake-Earth, on the other

hand, got 78 of their second-place total of 98 in the running events, including a first in the sprint relay.

Muleshoe, the only AAA school in the meet and winner of the mile relay, had 74 points. Olton was close behind

with 71. Morton had 57, Anton 47 and Bovina 33. In the Freshman division, Muleshoe collected 137 1/2

points to take the title. Sudan was next with 113, followed by the defending champs, Littlefield, with 78 1/2. Morton had 66, Olton 64 and Anton 34.

Schlottman, Jungman and Steve Cruz were fifth at Springlake. Jungman was the winning spring sprinter and first place high hurdles by Miller pole vault by Dear, and 100 by Rodriguez. He grabbed second in the mile, followed by Samarron in fourth and in fifth, and Saucedo second in the broad jump. Gaston was fourth in the Miller third and fifth in the 220, and added a fifth place in the high jump.

## Spade Falls In Regional Finals

The Spade Longhorns fell one game short of returning to the state Class B Tournament in Austin when they fell to Hedley 89-60 Saturday night in Levelland.

Hedley produced the win on the strength of a 22-point eruption in the third period. They broke away from a 32-32 tie at the half to post a 54-42 margin going into the final

stanza, and the Longhorns, who ended their season at 35-5, could not catch up.

"Marvin Matthews played just an outstanding game for us," said Spade Coach Jim Haynes. "And Randy Gray played good, too. But the only way to stop Hedley is to run and pressure them to death. We did that for three quarters, but in the third period our boys just decided to slow down and

quit pressing. I don't know why they stopped. I called three time-outs in five minutes to try and get them to start back, but for some reason we just couldn't get it going. We outscored them the other three quarters by three points, but that third quarter just killed us.

"I thought our boys could win if they played 32 minutes

of ball," Haynes remarked, "but except for Matthews, they just played 27."

Haynes predicted Hedley's chances for the state title to be "pretty slim. They play LaPoyner in the first game, and LaPoyner's already beat Hedley by 14 points once this year."

Matthews scored 20 points against Hedley to tie with Gray for scoring honors. Mark Cowan had eight, and Jay Burchfield and Gaylon Reed added six.

Spade made it to the finals of the Regional Tournament by taking a 73-67 win over Loraine. Reed collected 24 points in that win, followed by Gray with 20, Matthews with 17, Burchfield with 10 and Chuck Mills with two.

"Loraine was a little better than I thought they would be," said Haynes. "They had one boy (Jones) that was the best I've seen in getting the ball from one end of the court to the other. He had really great quickness, and we knew we wouldn't be able to shut him off (Jones scored 41 points for Loraine). Our strategy was to play him as close as we could and contain the other four players. It worked, because one man can't beat you."

Haynes singled out Matthews, Reed and Gray for their play in the Loraine game.

## Gray Chosen Player Of The Year

Randy Gray, Spade's 5'11" senior playmaking guard and leading scorer, carted away the top honor on the Lubbock Avalanche-Journal's Class B All-South Plains basketball squad.

Gray was named Player of the Year by the A-J, and his credentials for the season

include a 19.8 scoring average and a 52 per cent accuracy reading from the floor. He also managed 4.6 rebounds a game, 5.5 assists and 4.5 steals for the Class 5-B champion Longhorns.

Gaylon Reed, Spade's 6'2" junior guard, copped a second team berth on the squad. Reed

averaged just over 15 points while hitting on 53 per cent of his tries, and collected 11.2 rebounds a game.

Spade's 6'3" junior postman, Marvin Matthews, was selected as Honorable Mention. Matthews averaged 16 points a game and 12 rebounds.

## Senior Division Girls LD Slated

Any girl who will be 14 after September of this year is eligible to sign up for the Girls Little Dribblers senior division.

Sign up time will be at Elementary II, tomorrow, Friday, March 8 from 4 to 4:30 p.m. Final sign up will be Mon-

day, Mar. 11, at Elementary II Girls signing up must bring their birth certificates and \$3.50.

## Savings Bonds Sales Below Year's Goal

According to County Bond Chairman James T. Lee, December sales of Series E and H United States Savings Bonds in Lamb County totaled \$5,508. Sales during 1973

amounted to \$85,007 for 65 percent of the yearly sales goal of \$130,000.

Texasans purchased \$15,960,418 in Savings Bonds during the month. Total Bond

sales during 1973 were \$222,144,125 for 103 percent of the state's goal of \$216.6 million. Seventy-nine counties in the state have achieved their 1973 sales goal.

BUDDY JUNGMAN WINS 880

"It was a terrific meet for us," said Littlefield Track Coach Lewis Boomer. "All of our kids did a real great job. I was real pleased with the times. We may not have won a bunch of events, but our kids scored in all but two, and this is important.

We improved in almost every area since last week's practice meet at Olton," Boomer continued, "and at this point of the season that's primarily what we're interested in—improvement. A lot of people didn't think we'd be too strong, but our kids showed what they had by winning this meet.

"I was real pleased with Buddy Jungman in the 880 (first place), and Brian Goss came through real strong in the high jump (first place). Stanley Patterson did real well in the 440 (fourth place), knocking two seconds off his previous best time. Richard Barton did well in the high hurdles (third place), and he's improving every week."

Saturday the Cats travel to the all-weather track at Lorenzo to take on 12 other AA teams. District 3-AA teams from Morton and Olton will be there, along with a strong Floydada squad. Floydada was picked by Boomer to be the Cats' main competition in the meet.

A one-two-three finish in the shot put and a one-two-four finish in the discus brought in a large portion of the Wildcat's points. Randy Cook won both events, with a toss of 48-4 in the shot and a 141-9 hurl in the discus. Ricky Richards grabbed second in the shot with a 47-1 3/4, and Ricky Hopping was third with a 44-9 1/4. Hopping also took second in the discus (123-6 1/2), and Doug McCain was fourth at 111-3 1/2.

Goss' high jump of 5-8 was good enough for a win, and Jungman added the other Littlefield first with a 2:12.6 clocking in the 880.

Mike Cotter took second place in the pole vault with a 12 foot effort. Bill Turner broad jumped 18-1 for fourth place and Terry Bryson notched fifth place with a 17-11 1/2. In that event, Shelby Bovina set a new Relay record with a jump of 20-9.

Barton ran a 17.0 in the 120-yard high hurdles for third, and Turner was fourth with a 17.3. Patterson ran the 440 in 58.4 for fourth, and Ronald Palmer (47.6) and Sammy Schlottman (49.0) finished fourth-five in the 330-yard intermediate hurdles. Bryson finished fifth in the 100 (11.0).

The Wildcat 440-relay team of Bryson, Turner, Schlottman and John Marquez placed fourth in 47.0, while the mile relay squad of Patterson, Goss and Hopping was fifth in 17:11.0.

NOTICE OF INTENTION TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES

NOTICE IS HEREBY GIVEN THAT PLAINS WEATHER IMPROVEMENT ASSOCIATION, INC. OF P.O. BOX 1821, PLAINSVIEW, TEXAS 79072, who holds License No. 244 of the State of Texas intends to engage in an operation designed to decrease hailfall by artificial methods, for and on behalf of Plains Weather Improvement Association, Inc. and will conduct such program by means of aerial application of artificial nuclei as follows:

1. The area over or within which equipment may be operated shall include portions of the counties: Hale, Lamb, Castro, Swisher, Brisson, Floyd, Crosby, Lubbock, Hockley, Randall, Deaf Smith and Parmer.
2. The target within which hailfall is intended to be decreased is described as follows: The outer boundary commencing at the point of intersection of the counties Hale, Lubbock, Hockley and Lamb; thence northward along the Hale-Lamb County line to the southern boundary of Castro County; thence westward nine (9) miles along the Castro-Lamb County line; thence due north to State Highway 86; thence eastward along State Highway 86 to U.S. Highway 87; thence southward along U.S. Highway 87 to the northern boundary of Hale County; thence eastward along the
3. The equipment, materials, and methods to be used in conducting the operation are a weather radar system, cloud seeding aircraft and flares for dispersion of silver iodide nuclei near cloud base.
4. The person who will be in control and in charge of the operation is Ronnie G. Mendez, Plainsview, Texas.
5. The operation will extend during the period beginning about April 1, 1974, and ending about November 30, 1974.

Individuals, organizations, or agencies who consider that their interests will be adversely affected by the operation proposed may file a formal protest for consideration by the Board with the following:

WEATHER MODIFICATION AFFAIRS COORDINATOR  
TEXAS WATER DEVELOPMENT BOARD  
P. O. Box 13087  
Austin, Texas 78711

Dated: 8 February 1974 Signed: Paul W. Leach  
Secretary-Treasurer  
Plains Weather Improvement Ass., Inc.
