

Lamb Cotton Harvest Now Past Mid-Point

PATTON accepts congratulations for first place team captain in recently concluded Chamber of Commerce membership drive. Jim Patton won second, and the team captained by Don Avery was third. Clayton won high individual honors, followed by Pat Bradley and Tommy Ballard was drive chairman.

Early Finish Is Predicted

An unofficial estimate on the cotton harvest runs from 50 per cent through up to 70 per cent complete, with this year's harvest as much as three times ahead of the 1969 crop.

The early frost at least doubled the number of bales ginned so far this year compared to this time last year when 30 gins over the entire county had issued only 20,000 green tags.

A Leader-News bale count made at noon on Nov. 6 showed almost 27,000 bales had crossed the scales, and that figure had almost tripled by noon yesterday.

Some ginners were predicting that, weather permitting, there wouldn't be a row of cotton left in the county by Dec. 1. Grades and prices thus far have been good with micronaire readings in the premium range, cotton stapling around one inch and selling for 18 1/2 to 22 cents per pound at a fairly regular, good cash market, rather than the majority of the cotton going into government warehouses.

This year's freeze was approximately 30 days earlier than the Nov. 11 freeze date for this area, and Tommy Ballard at the Production Credit Office here said this has cost farmers an average of 125 pounds of lint per acre or about one-fifth bale or more cut from what the crop would have made with more time to mature.

And although the 1970 crops are much better than the hailed-out crops in 1969, the early freeze has caused the crop to be rated slightly less than average.

Cotton classing is extremely slow, with the cotton classing office in Lubbock running from a week to 10 days behind with 137,000 bales unclassified early this week.

The U.S.D.A. classing offices at Lubbock, Brownfield, Lamesa and Levelland classed 215,000 samples during the week ending Friday, November 13th. Total classed so far this season now stands at 336,000. This is far ahead of the volume at this date last year when only 29,000 samples of the 1969 crop had been classed.

Harvesting slowed this weekend as the cold front accompanied with snow and drizzle moved through the area, giving gins time to do some catching up. Farmers Co-op at Amherst caught up for about one hour Sunday before the cotton started rolling in again, and at noon Wednesday they had about 350 bales on the yard.

The Olton Co-op had so much cotton on their yard they didn't catch up and were still behind 2,000 bales Wednesday noon. The Olton area is approximately two-thirds through with the harvest and will probably lead the county in production this year. The Olton Co-Op had issued 12,572 tags and were aiming at 20,000 before the season is over.

Ginners in the immediate Littlefield area estimated the 1970 crop is 50 to 65 per cent out, and the bale count had tripled since the first count was made a little over a week ago.

RELATED LJHS band members are back at the band hall following their first Div. I in marching in UIL competition. In a similar performance Wednesday, members of the Wildcat Band also won the superior Div. I rating. A police escort led the caravans into town, down Phelps and on to the band halls both days.

AT MARCHING CONTEST

Bands Win Top Honor

Littlefield Wildcat band members blew their horns in time to their marching feet Wednesday and tooted and toed themselves to a Division I superior rating for the second straight year in the annual Region XVI University Interscholastic League contest at Jones Stadium in Lubbock.

The Littlefield Junior High Band won the

same superior Div. I rating Tuesday, and both days the elated groups were given police escorts into town and paraded down Phelps Ave.

Last year's Div. I rating was the first in four years for the Wildcat Band when they competed against nine schools, and this year they did their repeat performance against 16 AA schools.

The LJHS Band won its Div. I rating in marching for the very first time Tuesday in competition with 10 junior high schools. Plainview's Estacado Junior High was the only other school to get a I.

Seventy-one bands in classes from B up to 4-AAAA, plus twirlers from nearly as many schools competed for the UIL awards.

John McGee, high school band director, and Tom SoRelle, junior high director, said they were thrilled with the support and the many band boosters who attended the two-day competition and for the reception upon their return.

It was Div. I all the way for the Wildcat Band including the twirlers who twirled their way to the top in both solo and ensemble competition. Twirlers rating this superior UIL honor are Wanda Cotter, Amy Owens, Karol Terry and Carla Owens.

In addition to the Junior high Div. I in marching, twirlers Connie Cannon, Karen Walker, Debbie Cutshall and Karen McManus won a Div. II (excellent) rating in the twirling competition in both solos and ensembles. This is especially good since this is the first year for all of the twirlers.

Both Littlefield bands are well on their way toward a possible sweepstakes. For a sweepstakes a band must make a Div. I rating in marching, concert and sight reading. With superior rating in marching behind them, the bands will be concentrating on the two UIL contests that will be held this spring.

Six area schools competing in the UIL marching contests at Jones Stadium in Lubbock Tuesday and Wednesday won ratings.

Olton received a Div. II (excellent) rating in Class AA competition. Springlake-Earth rated a Div. I in Class A schools, and Sudan rated Div. III (good).

In Class B schools, Whitharral and Anton each received Div. III ratings.

Marching judges included Charles Traylor of ACC, Dan Gibbs of Monahans High School and Tim Jones of Hamlin High School. Twirling judges were Mrs. Don Craig of Dumas and Mrs. Alex Shroeter of Hereford.

FREE TURKEYS

Registration is in progress at 20 Littlefield business places for the annual turkey give away.

Each of the participating stores will conduct a drawing at the close of business on Monday, Nov. 23, so winners will have time to select and cook their Thanksgiving bird.

Persons may register at as many of the businesses as they wish.

Tickets for the free turkey drawing are at Anthony's, Case Power & Equipment, Hill Rogers Furniture, Fair Department Store, Fields Cleaners & Men's Wear, Foust Food, Littlefield T.V. Service, Newton's Ladies Apparel, Norma's, Pat's Record Center, Penneys, Perry's Laundry, Pioneer Super Market, Pratt's Jewelry, Renfro Bros. Grocery, Roberts Lumber, Roden Drug, Stacy Mason, Sprouse Reitz Variety and Tasty Taco.

C Adds Members

Seven new members were added Wednesday when the Littlefield Chamber of Commerce annual drive ended Wednesday. The new members were awarded winning team coffee in the council room at Wednesday morning. A point of one point for each dollar during the drive was used to winners.

Chairman Tommy Ballard named Patton's team first place winner. Team members John Clayton, Ballard, and Pat Downs had a total

of 408 points, with Clayton getting high point individual honors and a trophy for 216 of the total team points.

Pat Bradley and Doyle Patton tied with 156 points each and were awarded identical second place plaques for individuals who wrote the most new memberships.

Jim Jones and team members Jim Vandenburg, David Thompson and Pat Bradley won the second place plaque with 312 points, and the team captained by Don Avery was third with 120 points. Team members were Warren Dayton, Tom Hilburn and Benny Zahn.

County Oil Industry -- \$8 Million Annually

County's petroleum industry produced 844,518 barrels of crude oil valued at \$2,710,265 and 731,223 thousand of natural gas valued at \$2,810,443, figures, just released by the Texas Independent Oil and Gas Association,

show the county ranked 142nd among state counties in oil and gas production during 1969.

Texas production which has registered an increase over each previous year during the past decade hit another all-time high in 1969 with 1,151,775,000 barrels, according to U.S. Bureau of Mines statistics. This is a production increase of 24.2 percent since 1960.

"Production from Lamb County helped meet this record demand," says Kenneth E. Montague, Association President. "We are now calling on it and the rest of Texas to meet an even greater demand as events in the Middle East have again forced us to dip into declining reserves. Unfortunately, the price for Texas oil is inadequate to stimulate enough exploratory drilling to replace reserves."

Lamb County landowners and others with mineral interests received \$351,305 in royalty payments last year. Texas received \$124,672 from crude oil production taxes and \$7,113 from natural gas production taxes.

Estimated drilling expenditures totaled \$437,699 with \$370,835 of that amount spent on dry holes yielding nothing for the driller.

Ira Rinehart's Yearbook showed drillers completed 1 oil well and 5 dry holes. Five wildcats were drilled and all were dry.

Reports from the Texas Employment Commission show some 15 persons were directly employed by the oil and gas industry in the county with an annual payroll of \$59,956.

Moreland Leads Grid Guessers

Winners of the prize money in the 10th weekly football contest this year were Greg Moreland, first place and \$5; C. W. Conway, second place and \$3; and Paul Yarbrough, third for \$2.

Moreland and Conway tied with 16 correct each and Moreland came closest on the tie breaker score.

Yarbrough was tied with 20 others who guessed the outcome of 15 of the tilts, but came nearest the actual scores in the tie breakers.

Others with scores of 15 were Lee Roy Nuttall, Michael Sadler, James Walker, Libburn Bales, Arthur McLelland, Don Hevern, Maurice Sexton, Ouida Liles, Gary Roberts, Rickye Parker, A. A. Smith, Floyce Pierce, Michael Cotter, Jimmy Clayton, Roy A. Hutson, Jerry Trees, Miles Stephens, Glenn Short and T. P. Wingo Jr.

FOR MRS. CARDEN

Patio Sale Became Hobby

IT TAKES A running leap to get into this antique bed owned by the Johnny Carden's, and then it takes a pair of long legs to reach the floor. The bed and chest are just two of the many antiques in Mrs. Carden's collection.

Five years ago Alleene Carden decided to have a patio sale to get rid of some old things she didn't need. For several months she put items out on the carport during the day and brought them in at night.

Now, instead of fewer items, she is in business and has four additional rooms full of things that range from valuable antiques down to throw away.

Her hobby not only occupies most of her time, but when the Cardens vacation they spend their time looking for antiques. "And you'd be surprised how much stuff you can get on and in a Rambler," she said.

Mrs. Carden often has the main room of her "store" piled to the ceiling, with overflows in the anterooms. When room runs out, things are put out in front of the frame building on Hall Ave. Mrs. Carden says things are seldom stolen from the yard. "But it's a funny thing," she added, "when people are in the store, and you turn your head for a minute, things disappear."

In the near future she plans to make one of the rooms into an antique kitchen, and she has all the furnishings, plus iron utensils, churns and butter paddles.

Some things aren't for sale, and Mrs. Carden keeps her favorites in her house. One of these pieces is a bed that stands high off the floor, with a headboard that almost touches the ceiling.

Student at State Post

Littlefield High School junior, Martha [Name obscured] was chosen State FTA representative here Saturday afternoon.

Annual District 17 FTA Convention was held at LHS.

Representatives from 27 schools in the area were among about 400 students and parents who attended the one-day convention.

Martha will attend the state FTA convention in Houston in February, and represent District 17 at the meeting.

Pat Fain of Littlefield was elected representative last year, and later was State Recording Secretary at the convention.

The general session began Saturday morning with Jimmy Winkler of Spur as the emcee.

LHS Principle Beryl Harris was the welcome, the LHS choir sang "The Spirit of Christmas."

R. B. Hall spoke. The remainder of the morning was spent in seven workshops on different topics prior to the lunch in the afternoon.

Arrangement for the lunch was made by Margaret Fain, Kelly Fain, and Hinds, Amy Owens and Mary Shotwell.

The afternoon session was utilized for the election of delegates, when the business meeting was held and officers were elected. The Colby of Lubbock was chosen as the representative of the District group and the representative of Plainview was named vice president.

Witnesses Set Meet

The Littlefield Congregation of Jehovah's Witnesses is cancelling all local meetings to attend their circuit assembly in Lubbock, Nov. 20-22.

Fifteen congregations from Wichita Falls to Muleshoe and from Childress to Haskell will meet to discuss the theme, "The Word of God Is Alive."

Loyd Lowery, presiding minister of the Witnesses in Littlefield, said we are looking forward to this assembly to motivate us to greater activity in preaching "this good news of the kingdom" to the people.

In referring to Jesus' words at Luke 21: 25-28, Lowery said, "When there is 'anguish of nations, not knowing the way out,' the encouragement then is to 'raise yourselves erect and lift your heads up, because your deliverance is getting near.'"

L. M. Dugan, district supervisor of approximately ten circuits in the Southwest, will climax the assembly at 2 p.m., then he speaks on the subject, "Who Will Conquer the World in the 1970's?"

Circuit Supervisor, H. Jensen, speaks on "Loyal Advocates of the Word of God."

In closing the three day assembly, Dugan talks on, "Heavenly Support of Kingdom Preaching."

THE ABUNDANT LIFE

Upgrade Life

By BOB WEAR

LIFE IS BEING upgraded in a number of ways.

People are living longer, infant mortality is the lowest it has ever been, we know more about how to obtain good nutrition, the per capita income is high, and we have more free time.

All of these and related accomplishments are generally considered as life betterment.

OTHER CHANGES have been made, too.

The world is changing, the population is increasing, amazing developments in communication are taking place, many basic social processes are being accelerated, and it seems that everything is becoming more involved and more complicated.

Some of this may be progress, and some of it may not. The point is that all of these changes call for an upgrading in the quality of human behavior.

UPGRADING THE QUALITY of life is not an easy task, but it is our great need. There are so many distractions. Many pleasant, but useless activities have been invented, and placed within easy reach. Consequently, much time, ability, money, and life energy are devoted to these trivialities.

The results can be seen clearly by all who wish to take a good, honest look.

OUR JOY, our fortune, and our effectiveness in living will all be found in the quality of life.

We must be better informed, less devoted to the many forms of self-indulgence, and constantly improving our value system. "Life is more than food and drink, and the body is more than clothing."

We may eat the best food, and still starve to death; and the very finest clothing can never make a man.

WE ARE NOT RICH just because we have money. Of course, material wealth has its place.

The improved quality of life demands that it be kept in its proper place.

WE ARE NOT EDUCATED just because we are bombarded day and night with information.

We must be informed, but we must never equate information with education.

WE MAY BE WELL-FED, but food for the stomach will never feed the spirit.

If we would upgrade the quality of life, the inner nature must be fed wholesome food.

WE ARE NOT LIVING WELL just because we are living longer. The quantity of life seems to be the big interest today.

Most of us love life, and it is right that we should love life; but quantity is not necessarily quality. It is better to add life to our years than it is to add years to life.

LIFE IS NOT FULL just because we have surrounded ourselves with things. We may have need for these things, or for some of them, but they are not the valuable assets of life.

If a life is empty, it is still empty; even though it be filled with things.

LIFE IS NOT WELL USED just because we are busy. We can fill our days with useless and meaningless activities, and never upgrade the quality of life.

In fact, unless we are very wise and discriminating, our activities will downgrade life.

FOR THE BEST OF LIFE, we must direct all of our thought, planning and activity toward the goal of upgrading the quality of life.

This must become an unbending and unflinching determination.

T. TEXAS TYLER, famed former Grand Ole Opry star, television and movie star, was in Littlefield Tuesday night to sing and preach to a capacity crowd at Assembly of God Church. He is well known for his writing and singing of "The Deck of Cards."

A WOMAN'S VIEW

Heavy Loads

By PEARL BRANDON

IN CARL SANDBURG'S poem "Evening Questions", we have these lines: "Shall I say I'm through and it's no use? Or have I got another good fight in me?"

MOST OF US can understand how he must have felt when he wrote those lines, especially those of us approaching retirement age.

Our bodies are tired, we have been carrying a heavy load for a long time. Now we are ready to quit. It will be nice to slow up and take life easy for a while... and maybe do some of the things we have always wanted to do and haven't had time for.

THEN ALL AT ONCE something happens and we are forced to go on with possibly greater responsibilities than ever before.

Once knew a man when just as he was getting ready to retire there was a death in the family and he found himself with a whole new family to raise.

When someone hinted that it didn't seem right at his age he said, "I don't guess I am an old man after all; at least the Lord doesn't think so... He has given me a young man's load to carry."

WHEN IT'S NECESSARY we always seem to find the strength to carry on. The old adage, "we are only as old as we feel" doesn't always apply.

We are only as old as the Lord thinks we are when He gives us a job to do.

THERE IS AN OLD legend about a woman who was complaining about the cross she had to bear as she trudged along the weary road of life.

As she looked around at other people's crosses they all seemed to be more desirable than the one she had to carry.

THEN IN A DREAM she was taken into a room where there were all kinds of crosses and told she could choose any of them for herself.

There were all kinds of crosses, long ones, short ones, new ones, old ones... even some covered with gold and studded with bright gems.

SHE WENT ALONG examining them and trying them on but none of them seemed to fit until she found her own old cross. She fitted it to her shoulder and went on her way, glad to get it back.

FROM WHERE we stand other people's lives may look more attractive than ours but we fit better in our own niche in life... and we may have more fight left in us than we think we have.

Carl Sandburg also said,
Time is a great teacher.
Who can live without hope?
In the darkness with a great bundle
Of grief the people march.

THE PHILOSOPHER

A Log-Jam

(Editor's note: The Sandhills Philosopher on his Johnson grass farm takes a look at the courts this week.)

Dear editor:
According to an article I read in a newspaper last night during commercials for either soap or candidates, I didn't pay any attention to which, all I know is they were trying hard to sell whatever it was, if the city of New York stopped arresting lawbreakers right now it would take two years to try all the criminals they've already got on hand. That's how far behind the courts are.

In the same paper I read that the Tate murder trial in California was then in its third month. And every once in a while you read about other trials lasting six weeks, two months, some as long as four or five months.

Understand I'm in favor of everybody's getting a fair trial, if I was being tried I'd not only want a fair trial but one that got me off even if it took 12 months of the court's time.

But here's the situation: if more and more laws are being broken and more and more criminals are being arrested and more and more time is being taken to try them, you can see we're going to run out of time long before we run out of criminals.

If one man is entitled to a two-months trial, why isn't the next one? And since fairness demands that everybody who is indicted ought to be tried, won't there come a day when the courts get so far behind they'll be trying a man indicted two hundred years ago?

And even if he's convicted won't there be

some lawyer who'll appeal the case and drag it out for another hundred years?

If a court makes a reversible error, clearly the defendant is entitled to another trial, but the thing can get unwieldy.

I never have seen a football game in which, after the final gun sounds, should the losing coach appeal the score and ask for a new game, the results might not come out in his favor, especially if he kept appealing and re-appealing and dragged the game out for six weeks or more.

You can see what this would do to the schedule of other teams waiting to play.

I don't know what the answer is. By the time I point out a problem I'm too tired to figure out an answer.

Yours faithfully,
J. A.

DEAR EDITOR

Thank You

Gentlemen:
On Sunday afternoon, October 25, 1970, we were involved in a two-car accident at Marshall Howard Blvd. and U. S. Highway 84.

Words cannot fully express our gratitude to everyone who stopped to help us at that time.

Every single act and word of kindness were appreciated from the bottom of our hearts. Thank you all so very much.

Leon and Betty Hobbs
Albuquerque, New Mexico

OBITUARIES

THOMAS S. RANDAL

Funeral services for Thomas Samuel Randal, 76, of Clovis, N. M., father of Mrs. Tommie Fain of Littlefield were conducted Wednesday afternoon in the Pile Church of Christ in Clovis.

Bob Hawkins, minister, officiated, assisted by Bob Ware, minister of the Crescent Park Church of Christ. Entombment was in the Plains Sanctuary Mausoleum in Clovis by the Steed-Todd Funeral Home.

Randal died Monday in the St. Mary's Hospital in Roswell, N. M. He was a retired farmer.

Survivors include his wife Davie Randal; five daughters, Mrs. Eileen Cantrell and Mrs. Talma Robertson, both of Clovis, N. M., Mrs. Azleet Roberts of Texico, Mrs. Tommie Fain of Littlefield, and Mrs. Hettie Mann Schreeber of Omaha, Neb.; and one brother, Ebb Randal of Clovis.

SARAH ALDACO

Mrs. Sarah Aldaco, 42, of Plainview, died Sunday morning at Central Plains General Hospital at Plainview after a long illness, and services were conducted Monday afternoon in Sacred Heart Catholic Church.

Burial was in Plainview Cemetery with Wood-Dunning Funeral Home in charge of arrangements.

Mrs. Aldaco, a native of Anton, went to Plainview in 1945. She was a member of the Sacred Heart Catholic Church at Plainview.

Surviving are her husband, Julian Aldaco; four daughters, Angelita and Anita, both of the home, Mrs. Samuel Pena of Olton and Mrs. Eulalio Gonzales of Goodland, Kan.; five brothers, Juan Sanchez and Jessie Sanchez both of Plainview, Ollie Sanchez of Lubbock, Gregorio Sanchez of Corpus Christi and Hepolito Sanchez of Germany; and six grandchildren.

GEORGIA "MAMMA" NIXON

Funeral services for Mrs. Elizabeth "Mamma" Nixon, 78, who died Saturday afternoon at the Littlefield hospital where she had been a patient for two days, were held Monday afternoon in Olton's First Baptist Church.

Rev. Bill Burton, pastor of Church of the Nazarene, and Rev. Jennings, pastor of the Olton Presbyterian Church, officiated. Burial was in the Olton Cemetery with the Littlefield Funeral Home in charge of arrangements.

Mrs. Nixon had been a resident of 42 years and had been a member of Church of God of North America for 20 years.

Surviving are three daughters, Lula Oment of Wichita Falls, Oment of Olton and Mrs. J. J. Oment; four sons, B. V. Marcos, Gerald Nixon and Vernon, both of Olton and Elton Nixon of Littlefield; Tolbert Grimes of Littlefield; 18 grandchildren; 43 great-grandchildren and two great-great-grandchildren.

WALTER E. BLUE

Funeral services for Walter E. Blue, 78, who died at his home in Houston, Texas, were conducted Wednesday afternoon at Hammons Funeral Home of Littlefield.

R. B. Hall, pastor of the First Baptist Church of Littlefield, officiated. Burial was in Littlefield Cemetery.

Blue had lived in Houston for 20 years but had previously lived in Littlefield.

Survivors include four daughters, Virginia Cooper of Houston, Mrs. Walden of Littlefield, Mrs. Fredmons of San Diego, Calif., and Mrs. Holbrook of Oklahoma City; a son, Blue of Dumas; 15 grandchildren and 15 great-grandchildren.

CORDELIA FERGUSON

Funeral services for Mrs. Cordelia Ferguson, 78, of Anton, who died Monday at the University Hospital in Lubbock following a short illness, will be conducted at 3 p.m. today at the Sacred Heart Catholic Church.

Officiating for the services will be Rev. Joe James, pastor.

Mrs. Mendoza was born Dec. 8, 1891 in Mexico.

Burial will be in the Sacred Heart Cemetery, with Hammons Funeral Home in charge of arrangements.

Surviving are two sons, Juan Mendoza of Lubbock and Max Mendoza of Fostoria, Ohio; three daughters, Miss Cecilia Mendoza and Miss Mary Mendoza, both of Littlefield and Mrs. Marcelus Hernandez of Mexico; a brother; and 40 grandchildren.

County Officers Jail 8 Here Over Weekend

Lamb County sheriff's officials arrested eight persons over the weekend.

Friday, Goe Gonzales, a 25-year-old Sudan man was arrested by Homer McLaury and Glen Williams, Sudan deputy and city marshal respectively, and charged with burglary. His bond is set at \$200.

A Covinton resident, George Lafayette, 50, was arrested by McLaury Saturday

and charged with driving while intoxicated. He was fined \$100 and released Monday.

Other arrests included a 30-year-old woman from Lubbock who was arrested on a disturbance charge and held in city, three Springlake men aged 17, 47, charged with drunk and disorderly and a 40-year-old Amherst resident charged with drunk and disorderly.

A SIGN OF THE TIMES is the arrival of 1971 license plates, and 20,000 new tags arrived in the Lamb County tax assessor-collector's office this week. Displaying the new tags are deputies Georgia (left), Linda Powell, right, and Herbert Dunn, assessor-collector. Lamb County car tags start with the prefix CD and run CDZ, with one set CFB. Farm tags begin 8E and commercial tags begin IP.

PAUL HARVEY

More Rewarding

RETIREES are coming back to work. An industry survey by the Wall Street Journal shows the men and women who were fired 10 years ago for having had too many birthdays are coming back to work.

And an industrious oldster does better on the job than a lazy youngster—he complains less, shows up more regularly, will work for less money and for no fringe benefits at all.

AND FROM the point of view of the retiree, there is evidence that careers can be more rewarding the second time around.

Unions, negotiating early retirement contracts, have performed a disservice to many members.

MORE AND MORE retirees are getting busy with something else. Retirement villages are sponsoring businesses, factories, where willing hands can keep busy constructively.

One New York bank is advertising for old people, for work as tellers, accountants and security men. United Fruit has been hiring retirees in the Boston area since last January, for mail room and communication employees.

MANPOWER, INC. finds many employers seeking elder workers. A Villa Park, Ill., employer says, "If the older person works at a slower pace, it's a more steady, conscientious pace—and over a years time you'll get more work out of him."

A Philadelphia-based concern has set up Employment agencies in 25 cities to specialize in placing retirees and reports "business is booming."

SOME COMPANIES are stuck. They have installed pension and insurance plans geared to mandatory retirement at 65 and exceptions are now allowable.

And some unions persist in resisting the

employment of retirees, jealously guarding the jobs of their sometimes less efficient younger members.

BUT SOME COMPANIES—such as Texaco—hire their over-65 help through a personnel agency which keeps those employees on its own book as employees of the agency.

One Eastern manufacturer, after finding most of its young mail room employees smoking marijuana or taking drugs on the job, has turned the mail room entirely over to retirees.

THE CHRISTMAS season affords increasing opportunities for retirees to experiment with part-time employment; most like it. Even the unglamorous, less promising jobs are good enough for a man or woman "eager to be doing something."

Social Security laws discourage many older people from working full time. If he earns too much he can lose half or all his Social Security income. That's the biggest reason many prefer only part-time work.

A MAKER of optical equipment in Norwalk, Conn., employing engineers and scientists over 65, says, "Our company benefits from their experience."

The National Institute of Industrial Gerontology reports early retirement has an inflationary effect on our economy; those people could be productive workers, taxpayers.

DR. FREDRICK SWARTZ, chairman of the AMA's committee on aging, says old people should work as long as they possible can and, he says, "85% of people over 65 can."

It is his observation that work after 65 is essential to keeping a person fit both physically and mentally.

He says the reason women live longer than men is that "housewives don't retire."

Fifteen Wildcats Hang Up Gear

Seniors Close Football Careers

BY PERRY MULLER
Friday night's game brought to a close the football season of Littlefield High School for 1970-71.

For some, the game also brought an abrupt halt to their high school football days.

This one fact brings about mixed emotions. Perhaps the first emotion is happiness. One is happy at the thought of not having to go through all that hard work and sweat and blood and go home so tired and sore from practice that he can hardly get up once he's gotten down.

Perhaps the second emotion is sadness. One is sad at the thought of no longer playing a football game for LHS. He can no longer put on that Maroon and White and then go out and play football for this school and these colors. He can no longer feel the pride one gets when he works and sweats together with his teammates in order to attain the goal of victory on a Friday night.

But one can still take pride in the fact that out of those more than sixty boys he started out playing football with in the eighth grade, he is one of the fifteen left. Of those sixty, some have moved, some have had to quit, some have had to work, and others have lost interest.

These are the ones that made it: Floyd Baldwin, Lynn Barton, Pat Boone, Don Hemphill, Kim Hill, Allen Hobratchsk, Wendell Horn, Max Huber, Ben Jacobs, Calvin Kilby, Bill Orr, Larry Purdy, Keith Sitton, Wayne Streety, and Buddy Witcher.

Floyd Baldwin is a 6' 1/2", 220-pound defensive guard or tackle. This is Floyd's fifth year in football and his first year on Varsity.

Lynn Barton is a 5' 7" 135-pound quarterback and defensive halfback. Lynn has played football for five years. This is his second year on Varsity. He was a team captain this year. Lynn plans to attend Texas A&M and does not plan to play college football.

Pat Boone, 6' 2" and 235 pounds, played tackle. This is Pat's fourth year to play football and his first year on Varsity. Pat plans to attend Tarlington State and does not plan to play college football.

Don Hemphill, 5' 7 1/2", 135 pounds, played halfback and linebacker. Don has played football five years and has been on the Varsity two years. Don plans to attend Sam Houston and does not plan to play college football.

Kim Hill, stands 6' 2", and weighs 165, played end and defensive end. This is Kim's fifth year to play football, and his second year on Varsity. Kim plans to attend Texas Tech and does not plan to play football.

Allen Hobratchsk, who stands 5' 8" and weighs 145 pounds, played guard and noseguard. This is Allen's first year to play football and his first year to play on Varsity. Allen plans to attend Texas University and does not plan to play football.

Wendell Horn is a 5' 9" and 145 pound halfback and defensive halfback. This was Wendell's fifth year to go out for football and his second year on Varsity. He was a team captain this year. He plans to attend South Plains.

Max Huber is a 5' 10", 145-pound linebacker and guard. This was Max's fourth time to go out for football and his first time on Varsity. He plans to attend Texas Tech and does not plan to play football.

Buddy Witcher, 6' 1" and 215 pounds, played tackle. Buddy played football three years and this was his first year on Varsity. Buddy plans to attend South Plains.

Wayne Streety is a 6' 2", 135-pound center. Wayne has played football five years and has been on the Varsity two years. He plans to attend South Plains College.

Buddy Witcher, 6' 1" and 215 pounds, played tackle. Buddy played football three years and this was his first year on Varsity. Buddy plans to attend South Plains.

Ben Jacobs, who stands 6' 0" and weighs 170, played tackle and center. This is Ben's fifth year in football and his first year on Varsity. He plans to attend West Texas State and does not plan to play college football.

Calvin Kilby, 6' 4" and 268 pounds, played defensive tackle and was the field goal kicker. Calvin has played football for four years and this is his first year on Varsity. He plans to attend Arkansas and plans to play football if he is offered a scholarship.

PATRICIA SANDERS has been named FHA Girl of the Month for November.

Miss Sanders, Girl Of Month

Patricia Sanders, a Littlefield High School senior, was elected FHA Girl of the Month at the November meeting, Nov. 9.

Patricia serves as secretary of FHA, National Honor Society, and the Senior Class.

She is also a member of the FTA.

Patricia enjoys sewing and cooking, is a whiz at shorthand and plays the cornet in the Wildcat Band.

Scholarship Funds To Be Available

Lieutenant Colonel John O. Childs, Professor of Military Science at West Texas State University has announced the establishment of the West Texas State University Military Science Scholarship Fund and the initiation of the Major General Ralph P. Cousins Military Science Scholarship Award.

Childs said the purpose of the fund would be to provide annually two scholarships to outstanding high school seniors from the Texas Panhandle, who will enter WTSU and participate in the ROTC Program.

The first scholarship is named in honor of the son of the first president of WTSU, Major General Ralph P. Cousins received his diploma from West Texas Normal College in 1911 and his BS Degree from the United States Military Academy at West Point in 1915.

Funds for the Scholarship Fund are being sought from interested individuals and groups. American Legion Post 54 of Amarillo became the initial contributor and was followed very closely by the Veterans of Foreign Wars Post 5681 of Canyon, the First National Bank of Borger and several individual contributors.

Childs said that the Scholarship Fund would serve to attract quality students to WTSU by being able to recognize their high school efforts as well as providing financial aid to worthy students.

A side benefit would be to increase the representation of the Panhandle in the officer Corps of the US Army.

Individuals, firms or organizations desiring to contribute to the fund should make their checks payable to the WTSU Scholarship Fund and mail them to the Department of Military Science, Texas State University, Texas 79015.

All contributions are exempt.

GOD'S PSYCHIATRY

By WAYLAND HUTTO

"O God, we confess our desire to escape from our problems. Help us to look for the peace that comes in the midst of problems rather than in the freedom from problems."

Are you often so wrapped up in your problems that you find it difficult to smile or see the good things of life? This is easy to do for we often become so involved in analyzing what is wrong that we fail to appreciate what is right.

Being really happy is becoming more difficult every day because of the fact that the lack of worldly peace is causing a lack of spiritual peace in the majority of individuals.

Real peace is not a symbol or an intangible dream. It is an assurance in one's own soul that he is right with God--not necessarily with man.

Peace is waking up in the morning, asking God to guide you through the day, accepting His guidance, and thanking Him for it afterwards.

If you are only attempting to give the outward impression that you are happy with the life you are leading--but you are actually miserable on the inside, you must, as I must, apply this verse of Scripture to each day: "This is the day the Lord hath made; rejoice and be glad in it."

The resulting enthusiasm toward your goal of real peace will make time seem to be marching on instead of running out.

1972 College Students Register For Test

Littlefield students who expect to complete their secondary school requirements and to enter college in 1972 should register now to participate in the 1971-72 National Merit Scholarship program, according to Counselor Tom Hollingsworth.

Those students who intend to register for this test should do so by Dec. 1.

The first step for all students who wish to enter the nationwide Merit Scholarship competition is to take the National Merit Scholarship Qualifying Test (NMSQT). The test will be given only once during this school year. Our school is scheduled to give the NMSQT Tuesday, Feb. 16, 1971.

Taking the NMSQT is also the first step for students who wish to participate in other scholarship programs administered by the National Merit Scholarship Corporation (NMSC). These programs include the National Achievement

Scholarship Program for Outstanding Negro Students and Special Scholarship Programs administered by NMSC for business and industrial firms.

NMSQT participants pay a \$1.25 test fee upon registration. All of this fee is sent to NMSQT to pay for testing materials.

When his NMSQT scores are reported, each participating student will receive a handbook to help him understand his scores and compare his test performance with that of other high school students across the country.

The handbook, which contains information about making college choices and financing a college education, is furnished as a part of reporting the student's test results. Other interpretive materials are sent to the school.

The highest-scoring students in each state will be named Merit Program Semifinalists and, if they advance to Finalist standing, they will be eligible for Merit Scholarship consideration.

In addition to the National Merit Scholarships financed by NMSC, more than 450 business corporations, foundations, colleges, professional associations, unions, trusts, other organizations, and individuals offer scholarships through the Merit Program.

About 24,800 students have won Merit Scholarships in the fifteen programs to date. Approximately 2975 new winners of Merit Scholarships entered college this fall.

LHS Speaks Out

By PAM BRANNON

This week's survey question was, "If you found a Genie in a bottle, what wish would you ask him to grant you?"

The majority of the students that answered wished for peace, harmony, and understanding throughout the world.

Here are some of the answers that LHS students gave:

Brad Nace (Jr.)-"I would ask for world peace and harmony."

Kathie McBride (Sr.)-"I would ask for a cattle ranch in Australia. Also a tall, dark, and handsome rancher."

Arturo Soria (Soph.)-"I would ask for world unity and for peace."

Mike Morris (Soph.)-"I would wish for a girl, and to find another Genie after I used up my wishes."

Stella Rodriguez (Soph.)-"I would wish for peace and understanding among all people."

Jackye Gregg (Soph.)-"That LHS would win their last football game to really give our school the spirit lift they need for other sports to come."

Ben McKinnon (Soph.)-"To solve the problems of the world."

Mike Montgomery (Soph.)-"If I found a Genie in a bottle I would ask him to give me 385 Volkswagens, 15 Cokes and 42 1/2 pieces of bubble gum."

Deana Sterling (Soph.)-"I would want him to grant me world-wide peace."

Dorothy Williams (Soph.)-"You name it and I'll claim it."

Sharon White (Soph.)-"I would wish for the wars to cease before any more great men and boys are killed or wounded."

Douglas Allen (Soph.)-"An 'A' on my leaf collection."

Oscar Guajardo (Soph.)-"A happy and easy life."

Pam Brandt (Soph.)-"10 more wishes."

Sandra Smith (Soph.)-"If I found a Genie in a bottle I would ask him for peace over the whole world."

Joni Stockinger (Soph.)-"I guess it would be a trip around the world because I'd like to visit the differ countries."

Cathy Murray (Soph.)-"I would wish that the world was a better place in which to live, and there wouldn't be so much disagreement."

Rick Sanchez, (Soph.)-"A nice beautiful brunette, to stay as lovely and beautiful for life."

Don Trotter, (Soph.)-"I wish we had more colleges like A&M."

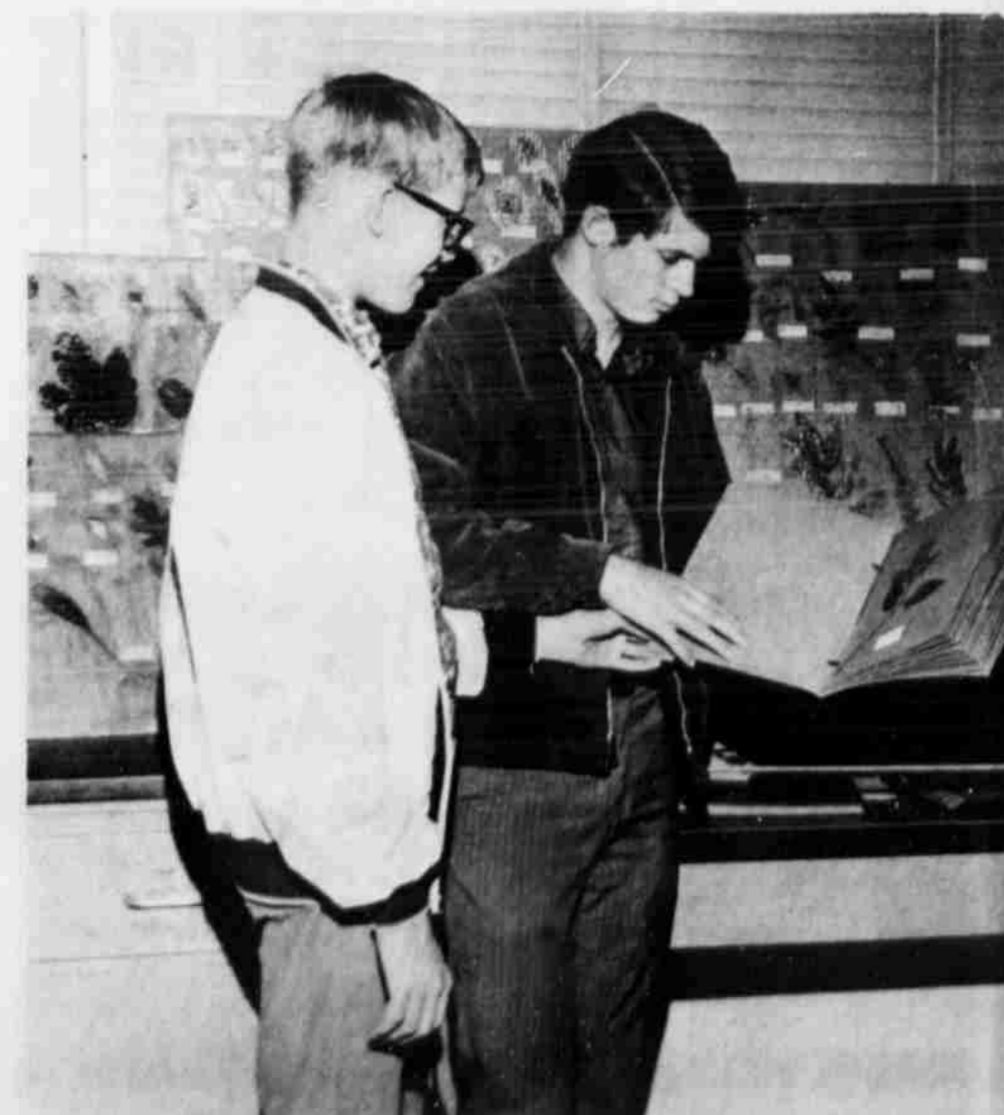

Marie Rodriguez (Soph.)-"A larger school with more students, a lot of money and three more wishes."

Darla Sanderson (Soph.)-"I'd ask him to make the band make a '1' in marching, concert, and sight-reading. In other words I'd wish we will make sweepstakes this year."

game with a 3-5-1 season record and a 2-2 loop record. The Amherst squad has posted wins over Turkey and Nazareth in district play and has been defeated by Lazbuddie and 3-B title winner Matorador. Anton's Bulldogs holds a 3-6 season record and a 2-2 loop record. Anton has faced the same loop foes as Amherst and came out the same. Both Matorador and Lazbuddie have won over the Bulldogs and they have won over Turkey and Nazareth. Both teams boast exceptionally fine running backs. Amherst has all-District and All-South Plains Honorable Mention Bobby Clayton, while Anton has bull-like Quinn Williams. Amherst also has another fine running back in Ricky Miller while Anton is backed up with Danny Spradley. One difference in the two teams is that Amherst's one-time quarterback, Eddie Moates, has been playing end and doing a fine job while former half-back Doug Cummings is doing the quarterbacking.

Anton has kept the same quarterback as last year, Tommy Gilbert. Gilbert has had success in passing to end Bill Walthall. Therefore both teams should have just about the same strength in the passing attack but Amherst should have a slight, very slight edge in the running department.

One of the factors in both teams' losses that point up the differences in attacks is that Amherst romped all over Nazareth while Anton just did squeak by.

One of the other hand Amherst just barely beat the Turks from Turkey while Anton did everything but let their cheerleaders throw the ball.

The picture just painted is that Anton will have to go to the air to beat Amherst while Amherst is rolling up the ground yardage. Whatever the outcome, win-wise, there ought to be a lot of points scored between the two teams.

Other games in the area Friday night will be the Whitharral Panthers out for a first win over the tough Three-Way Eagles.

Bula is the only other team in the area with a game left to play. The bulldogs will visit Cotton Center Friday hoping to have more of a say at which team will be the district winner.

Area Basketball Roundup

PEP GIRLS BEAT BLEDSOE

The Pep High School girls and boys played Bledsoe High School at Pep on Friday, Nov. 13. The Pep girls won a victory of 53 to 47. Mickie Demel scored 36 points and Gail Albus scored 11. Cindy Bonning made 21 points and Mary Perez made 11 points.

The Pep boys lost with 58 to Bledsoe 66. Johnny Demel made 24 points; Dave Shannon made 21; Tarry Langrill made 21 for Bledsoe and Terry Young made 26 points.

Pep lost both games, girls and boys, to Union Friday, Nov. 13 at Union. Pep had 31 to Union of 58 in the girls game and the boys game Pep was downed by 61 to Union of 79.

AMHERST OVER WHITHARRAL

The Whitharral girls lost their first outing of the year after five straight wins when they traveled to Amherst Tuesday night.

Rita McAdams paced Amherst's 41-37 win with 18 points, followed by 14 by Alane Weaver and Kay Campbell's nine.

Rita Avery was high for Whitharral with 19, and Kathy Williams tossed in 17. Amherst won the "B" game 37-27. Doris Kittrell scored 14 points for Amherst, and Terri Howard and Darlene Burns were high for Whitharral with 8 and 7 points. Whitharral plays Ropesville there next Tuesday.

Cats Play Slaton In Cage Opener

Littlefield's Wildcats, with three senior lettermen returning from a 6-19 season last year, will open the 1970-71 basketball season at Slaton Friday night.

Both the Junior Varsity and Varsity will make the trip, with the tip-off for the JV contest set at 6:15 p. m.

Coach Jim Jefferies' tallest returnee is Kim Hill, a six-foot, 1 1/2-inch forward who saw considerable action last year.

The other two returning lettermen are a pair of guards, Wendell Horn, 5-8, and Albert Sanchez, 5-7.

Others now making up the varsity and scheduled to get action are Dennis Hartley, Mike Carter and Jim Graves, juniors; and J. E. Johnson and Larry Hobratchek, sophomores. Hartley, Carter and Graves are 6-feet even, while Johnson is 6-2 and Hobratchek is 5-10.

Two boys who are being counted on to help later in the year, Jerry McCary, 6-2 junior, and Matt Giles, 5-11 junior, are out with injuries suffered in football season.

The Wildcats' first home game is Monday night, when they take on New Deal. A game is scheduled with Denver City here Tuesday night, but whether it will be played will depend on how the bi-district football play-off between Denver City and Floydada turns out.

Turkey Shoot Set By Littlefield FFA

The Littlefield FFA chapter is holding a turkey shoot Sunday, Nov. 22.

Shooting begins at 2 p.m. at the range one mile south and one-fourth mile east of Littlefield. The club will post directional signs on the Levelland Highway.

Everyone should bring their own guns, but the club will sell ammunition.

One dollar per round will be charged, and winners will have their choice of turkeys or hams.

"Coach, you were talking about a big trick play... coach... coach..."

Wicker Leads NMMI Victory

Halfback Johnny Wicker of the New Mexico Military Institute Colts had quite a night in the final game of his high school career Saturday night at Roswell.

Wicker, son of Littlefield banker Jack Wicker, rolled up 200 yards rushing and scored 14 points.

His running accounted for all but 67 yards of his team's total offense as the Colts beat arch rival Roswell Goddard, 40-14.

He scored on runs of 34 and 29 yards, and also ran a two-point conversion.

Pioneer Gas Earnings Somewhere Between 97 Cents And \$1.03

Pioneer Natural Gas Company anticipates that earnings for 1970 will be somewhere between 97 cents and \$1.03 per share according to a statement made today by Burton P. Smith, president of Pioneer, speaking before the Houston Society of Financial Analysts.

Smith went on to say that earnings for the first nine months of the year were up 6 cents per share - 75 cents compared to 69 cents - over the first nine months of last year.

Four executives of Pioneer appeared before the Houston analysts. In addition to Smith, the company was represented by K. B. Watson, executive vice president, A. F. Cox, executive vice president and C. J. Gholson, vice president.

In his remarks to the group Watson stated that the rate increase to Pioneer's West Texas system general service customers has been approved by all cities involved and was effective as of November 15, 1970. Based on 1969 gas consumption, the new rate will produce in excess of \$1.8 million additional annual revenue. He also pointed out to the analysts that the new rate has a provision for yearly adjustments based on the average cost of gas to the company.

Watson referred to the gas supply problem facing the nation and restated Pioneer's policy of trying to maintain a 20-year gas reserve. He said, "We feel that, while our supply problem has been complicated by the shortage of gas, ultimately this problem could work to the benefit of our service area. With the maintenance of a long-life gas reserve and the merchandising of this fact to potential industry, it is possible that we can attract some significant new industries into our service area."

Gholson indicated to the group that no additional long-term financing for Pioneer is presently foreseen within the next five years. He estimated that capital additions for Pioneer and its subsidiaries will amount to about \$14.5 million in 1970 and about \$11.2 million in 1971. He stated that of the \$11.2 million more than one-half will be spent by Pioneer Nuclear in its uranium activities.

Cox, in reporting on the activities of Pioneer subsidiaries, Amarillo Oil Company, Pioneer Production Corporation, Pioneer Exploration Ltd. and Pioneer Nuclear, Inc., emphasized the fact that work is continuing by Pioneer and its partner on the engineering and design of a joint venture uranium mill in Karnes County, Texas, having the capacity to produce 1,500,000 pounds of yellowcake per year. Cox went on to say that Pioneer Nuclear has completed exploration on only about one-third of its joint venture leases in the Texas Coastal Plain area. He added that Pioneer Nuclear is also conducting an uranium leasing and exploration program in Wyoming, Colorado and California.

In his remarks Cox pointed out that exploratory operations by the oil and gas producing subsidiaries of Pioneer are being directed largely toward the discovery and development of gas reserves which can be utilized in Pioneer's system directly or by exchange with intrastate operators.

The appearance before the Houston Society of Financial Analysts was the first of two being made by this group of Pioneer executives. Tomorrow a program will be presented to the San Antonio Society of Security Analysts.

THE NINTH grade chapter of the theatrical group met Monday morning. They decided on the two plays they are going to begin working on.

HAVE YOU heard the choirs singing lately? They're doing pretty good!

ONE DAY an examination was given, and one of the questions was a real puzzler. It asked why "psychic" is spelled with a "p".

The young man in the front corner felt he couldn't leave the question unanswered, so he wrote, "I don't know, but it peertainly does pseem psilly."

The teacher replied on the margin of the paper: "Maybe pso, but on this examinatin you get psixty-pseven."

SIGN ON a country-road filling station: We sell no gas on Sunday and very little the rest of the week.

WE'RE GLAD to have Miss Kochanowske back. We missed her.

THE FIFTH and sixth period homemaking classes cooked meatloaf Wednesday. They're really coming along!

SINCE MOST of you like to work puzzles, we have included one this week. It is of the NFL teams and quarterbacks and it was contributed by Bruce Peel.

WHEN YOU have finished you can check with one of us to see if you've found all of them.

TRAVEL AGENCY sign: "Please Go Away!"

TWO TEENAGE boys met on the street. One of them was leading a bulldog. "Look what I got for my girl friend," said one to the other.

"Boy," was the reply, "How did you ever make a trade like that?"

BE CAREFUL of those bleachers in the gym! They have some VERY sharp splinters!!

ANGRY STUDENT-"These teachers don't know anything. Not a one could get a job teaching anywhere else. They are just dumb. The school ought to hire a whole new faculty."

FRIEND-"Yeah, I flunked too."

Have a good week and... Happy puzzling!!!

Methodists View Film Concerning Mission Home

Sunday, Nov. 15, was a special day in The First United Methodist Church of Amherst, according to Rev. Douglas W. Gossett, pastor.

Mrs. A. N. Gamble, president of the Auxiliary of the Methodist Mission Home of Texas, located in San Antonio, presented a film about the mission work of the home.

The adult classes met together in Fellowship Hall during the Sunday School hour to see the film.

Mrs. J. M. Brandstatt, who is the local church Key woman for the Auxiliary of the Northwest Texas Conference, arranged the

meeting. Several were enlisted as members of the Conference Auxiliary by donating one dollar.

Mrs. Gamble told how the Methodist people of Texas and New Mexico came to establish the home, which is a mission to unwed mothers-to-be, and also an adoptive agency of the state of Texas.

Unwed expectant mothers in this home are given counselling, and the opportunity to another chance to live a "new life in Christ."

She alone decides whether to put her baby up for adoption, through the agency of the home. Prospective parents who wish to adopt a child are thoroughly screened. They must be Christian people who show adequate responsibility.

The home is a non-profit organization. A girl or her family pays what they can on the average costs of more than \$1,300.

The Methodist Churches of Texas receive an annual offering in November for the operating expenses. Adoptive parents are also given opportunity to give something, but no demands are made.

This home has ministered to girls who were members of most of the denominations of the Church in Texas, and regardless of race, color, or creed, provided they will meet minimum requirements. The Methodist Pastors are representatives of this home.

A girl in this kind of trouble may phone for an appointment with any Methodist pastor.

This Mission home also renders a service as an example for other private homes to follow. Mrs. Gamble said, "I am proud to be a Methodist Christian, and to represent this home."

People who cook with pride cook with GAS. Mrs. Rolan Simpson does.

Some of the world's best cooks are found in the kitchens of America, and they give themselves every cooking advantage, like gas range cooking. Good cooks like Mrs. Simpson and nine out of 10 professional chefs agree that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking.

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Simpson's favorite recipes

WALNUT ROLL

Mrs. Rolan Simpson, 3213 56th St., Lubbock

Brush a jelly-roll pan, 10 x 15 inches, with line it with wax paper, and oil the paper. Separate 7 eggs. Beat the yolks with 1/2 cup sugar until the mixture is pale in color and thick enough to "ribbon." Beat in 1 1/2 cups walnuts and 1 teaspoon baking powder. Beat egg whites, stiffly beaten. Spread the batter in the prepared pan and bake the cake in a preheated oven (350 degrees) 15 or 20 minutes until it is golden. Cool the cake in the pan, and turn it with a damp towel and chill it.

Dust the cold cake generously with sifted confectioner sugar and turn it out on a board covered with two overlapping sheets of wax paper. Carefully separate the paper from bottom of cake. Spread cake with 1 cup heavy cream, whipped and flavored to taste with sugar and vanilla. Roll up the cake, using the paper as a guide, slide the roll onto a flat serving platter. Sprinkle with more confectioner sugar. (Rum or almond flavoring is also good.)
