

Court Fight Promised Over Cloud Seeding

W. H. RODGERS
Farmers and Ranchers for Natural Weather conducted an emotionally-charged organizational meeting in the courtroom Tuesday night with the stated purpose of "taking Atmospheric, Inc. to court to stop cloud seeding flights."

to suppress hail in portions of several West Texas counties.

Atmospherics, Inc. is the firm contracted by Lamb County Better Weather, Inc., a group of farmers in portions of Lamb, Castro and Parmer Counties who support the hail suppression program through private donations.

Approximately 100 persons attended

the meeting. Representatives included numerous persons favoring the Farmers and Ranchers for Natural Weather, and about 30 or more supporters of the hail suppression program. Also present were Tom Henderson, president of Atmospheric, Inc., the two pilots and the meteorologist based in Littlefield, representatives from Plains Weather Improvement Association in Plainview, and one of the five advisory members of

the Texas Water Development Board's weather modification advisory committee.

A group of about 10 farmers from Whitharral said they were there to learn about the project.

Ross Lumsden, a ginner west of Littlefield, told the group: "We want pledges and checks for \$15,000 so we can go to work. We've talked to a Midland

attorney familiar with this sort of thing and he can have a brief ready in three days after we raise the money."

This is the fourth year for Lamb County's inclusion in a hail suppression program and the second year for organized opposition.

Whether or not seeding clouds with silver iodide reduces rainfall became a hot issue in May of 1971 when the area remained dry so long that hope of planting a crop in dryland areas was fading. But the charge of rain reduction never came up during last year's wet crop year.

The promise of a bumper crop and good prices this season coupled with a dry spell and numerous cloudy days with little precipitation revived the "Natural Weather" movement.

"I feel I was dealt a serious injustice on the night of July 17th," Bill Smith said in an opening statement. Smith said he watched a cloud over his farm southwest of the target area for about 45 minutes on that night. "I thought I had a pretty good chance for a good shower," he said. "If they weren't seeding, they were certainly making numerous passes, and the clouds dissipated in five to seven minutes."

Farmers and Ranchers for Natural Weather submitted a motion to the Texas Water Development Board (TWDB) in 1971 opposing issuance of a cloud seeding permit. The TWDB referred the motion to its advisory committee which in turn ruled in favor of seeding clouds.

"The water board said we (Natural Weather advocates) didn't have a particle of scientific evidence," Smith said.

Smith added that the information they gathered for TWDB was "completely ignored" and that they have only one recourse and that's to go to court.

Dean Elms quoted Donald R. Haragan, chairman of the Department of Geosciences at Texas Tech University in Lubbock and author of the letter supplied by Lumsden for last Sunday's edition of the Leader-News.

"Haragan said sue Atmospheric, Inc.," Elms told the group. "Haragan said 'We'd like to see you sue them because we'd like to have a test case.' Haragan said 'sue the hell out of them.'"

Smith suggested cotton farmers opposing the seeding pay 30 cents for each acre of cotton "to stop the whole program all over the area. Plainview included."

"There's no use to have to fight this thing again," Smith added. "If we get \$15,000 we'll get action and we won't be very long about it."

Of all those present with opposing Natural Weather views, only Henderson was recognized to speak during the meeting. Smith asked Henderson if Pennsylvania wasn't one of the states which doesn't allow any cloud seeding activities. Henderson concurred that Pennsylvania did not allow seeding of any kind. "Pennsylvania is also the state which almost outlawed cloud seeding."

Petitions Issued Calling For Local Option Election

Twenty petitions to call a liquor election in justice of peace precinct 4 were issued in the county clerk's office Tuesday morning.

This is the third attempt to legalize the sale of liquor in Lamb County within a justice of peace precinct.

Signatures for the proposed liquor election will require approximately 400 signatures to bring the issue to a vote. This figure is based on 25 percent of the votes cast in the last general election when a total of 2,970 persons in justice of peace precinct 4 went to the polls.

Justice of peace precinct 4 takes in about one-third of Lamb County, a

much larger area than in any other justice of peace precinct. The petitions call for the sale of off-premises consumption and mixed drinks.

The precinct takes in the southeastern portion of Lamb County and includes voters in Littlefield voting precinct 10, residents in the Spade voting precinct 3, in west Littlefield voting precinct 4, in Fieldton voting precinct 9, in Hart Camp voting precinct 12 and north Littlefield voting precinct 14.

Six hundred twenty signatures were required to bring the issue to a vote in the November election, and 821 signed the petitions. In that election, which was held separately but on Nov. 7 on general election day, the legalization of liquor was narrowly defeated by 33 votes. The ballot called for both off-premises

consumption and mixed drinks. Voting was restricted to qualified voters inside the Littlefield city limits in voting precincts 10 and 14.

In November, 2,235 votes were cast in the liquor election, with 1,134 voting against and 1,101 voting for legal sales.

Following on the heels of the near win, 40 more petitions were issued and another election was called for January seeking sale for off-premises consumption only. This election was for

inside the city limits only. A total of 1,934 voted in the election, and 1,027 voted against the issue and 907 voted for it.

Petitions issued Wednesday must be turned in to the county clerk no later than 30 days from the date they were issued. This means the petitions must be filed no later than Aug. 24th.

Following certification of the signatures, the commissioners court will set an election date at a regular second Monday meeting.

Bountiful Crops Possible

With a little luck and more rain the crop has a chance of being one of the best in "many a moon."

The agricultural officials pronounce rain and cotton crops the best since early 60's.

Rainfall over the area since the middle of July is varied. Measurement from nice cotton showers to heavy rain to turn wells off temporarily in the eastern part of the county and south.

Thursday's rains brought from a few inches to more than two inches over the area. The heavier rains fell in the Whitharral area, but again were varied.

The official precipitation record for July is 1.33 for Littlefield thus far this year.

This is one of the first years since the 60's that the majority of farmers had to replant due to early hail, storms and heavy wash-out type rains. Very little of the cotton planted in the area was lost, and almost all of the early crop got off to a good start. Overall, the absence of adverse weather is the key for uniform crops.

Though many farmers are needing water badly, a bumper crop could still be possible.

In most irrigation districts, wells have been running since June. Sorghum really benefit from rainfall at this time.

In most cases, cotton is still in the shape with the tap roots way down due to the deep moisture from last

year and three inch rains would make the moisture meet and farmers could look forward to a bountiful harvest.

As Dignitaries Cabinet Meeting

Approximately 100 Lions Club officials from 21 counties are expected in Littlefield today for the District 2-72 Lions Club cabinet meeting at Littlefield High School.

Registration begins at Littlefield High School this morning. A general session in the auditorium will be followed by a meeting for zone chairmen and district governors. Following a break for lunch, a cabinet meeting will continue this afternoon.

Reservations Needed For 'Texas' Trip

As of closing time Friday, the Chamber of Commerce and Agriculture office had received 25 reservations for a chartered bus trip to Palo Duro Canyon and the presentation of the play, "Texas".

Twenty-two more reservations are needed in order to charter the bus, and persons wishing to make the trip on the afternoon of Tuesday, July 31, are asked to contact the office, 385-4451, or go by the office in the city hall, and make reservations.

The \$10 registration fee will pay for the round-trip bus tickets, the evening meal and the tickets to the play.

Children under 12 will be charged \$9 for the same accommodations.

The bus will load at city hall that afternoon at 4:15.

WALTER SELTMANN of Germany, left, is temporarily a member of the Gerald Graham family of Sunnyside, while he is participating in the International Farm Youth Exchange program, sponsored by the National 4-H Foundation. The Graham youth and their parents participate in the Earth-Springlake 4-H program, but Seltmann is here through the Castro County IFYE program. Members of Seltmann's "local family" are Tommy Graham, 13, and Mr. and Mrs. Gerald Graham, and Mike Graham, 11, not shown. They look at a sugar beet being grown on the Graham farm near Sunnyside, located just north of the Lamb County line. (Staff Photo)

TELEPHONE RATE CASE Court Of Civil Appeals Affirms Trial Decision

The Amarillo Court of Civil Appeals has affirmed the trial court's decision in the case of The Cities of Littlefield, Amherst and Anton vs. General Telephone Company of the Southwest.

In an opinion dated July 23, 1973, the Court of Civil Appeals approved the decision rendered by Lamb County District Judge Pat Boone, Jr. that the three cities DO have regulatory authority over the telephone rates charged for local service.

General Telephone Company of the Southwest, joined by Southwestern Bell Telephone Company, had argued to the Appeals Court that the cities lost their authority to govern local rates when extended area service was instituted in the three cities and the communities of Spade and Whitharral.

Also involved in the court's decision was whether or not General Telephone Company would be allowed to raise local

rates temporarily pending a final decision on the merits as to what the proper local rates should be.

At the original trial of the case, the trial court ruled General Telephone had failed to prove that the local telephone rates were too low to produce a fair rate of return and the court therefore refused to allow any temporary increase in rates.

The decision of the Court of Civil Appeals agreed with the trial court and held that the temporary increase would not be proper in light of the testimony from the cities' rate expert, Bill McMorries, that the present rates were adequate to produce a fair return.

The telephone company now may either appeal the case further, to the Supreme Court of Texas, or ask the trial court to set a hearing to determine the facts necessary to set final rates for local telephone service. It was not known at press time which alternative the company would choose.

Young German Student Looking At Agriculture

By JOELLA LOVVORN

A young German student is presently on tour with the International Farm Youth Exchange program (IFYE), which is being sponsored through the National 4-H Foundation. He has compared the Littlefield and Earth area as "much like some areas in our own country."

Walter Seltmann, a 24-year-old native of Morelenbach, Germany, is residing with the Gerald Graham family at Sunnyside, and is getting first-hand knowledge of how a farm family lives and operates on the Plains of Texas.

Since he came to the Graham home July 13, he has observed irrigation techniques—both sprinkler and down-the-row watering—plowing, working with the livestock, and several other things of interest to him.

Seltmann came to the Sunnyside area through the Castro County IFYE program. He spent six days in Long Island and in New York when he first arrived in the U.S. from Germany. In describing New York, he said it "had too much concrete, glass and pollution," and was glad to get away.

His first stay during his nine weeks in

ROSS LUMSDEN, Bobby Nelson and Dean Elms count checks and pledges turned in to Farmers and Ranchers For Natural Weather Tuesday night. Lumsden was elected president of the group which said they plan to take the cloud seeding issue to court because they maintain it reduces rainfall. (Photo by Loman Jones)

'Mr. Festivities' Entries Are Sought

The "Mr. Festivities Days" contest has begun, and entries for the "beauty" pageant are now being accepted.

The contest, which is co-sponsored this year by the Chamber of Commerce and Alpha Lambda Zeta Chapter of Beta Sigma Phi, will be conducted at 8 p.m. Friday, Aug. 24, in the Junior High School Auditorium.

Last year's contest winner, Bobby Brunson, will crown the new "Mr. Festivities Days" for 1973.

Proceeds from the event are to be used for various projects by the sponsoring organizations.

Persons wishing to enter are asked to call 385-4451, the Chamber of Commerce and Agriculture office.

Delbert Smith Named Manager

Delbert L. Smith has been appointed to the position of manager for Lamb County Electric Cooperative, Inc.

He is a graduate of Texas Tech University, and has been associated with Rural Electric Cooperatives in Floydada and Lubbock the past 12 years.

He and his wife Jerry, have three children, David, Donna, and Amy.

They will be moving to Littlefield, from Lubbock in the immediate future.

He replaces Dick Carl, who had been manager of the business 34 years.

See GERMAN STUDENT, Page 11

McKinneys Attend Convention, Receive Appointment

Mr. and Mrs. Ray McKinney of Littlefield, past state president of Woodmen of the World, have returned from Omaha, Nebr., where they attended the 37th National Convention of the Woodmen of the World Life Insurance Society, July 22-26.

While there, McKinney was appointed to the National Legislative Committee of WOW.

The Woodmen of the World is a Fraternal Benefit Society, founded in Omaha, Neb., 83 years ago. They now have more than two-and-a-half billion dollars of insurance in force and more than \$423,000,000 in assets.

Elected delegates from the 29 jurisdictions of the Society convene every four years to review the status of the business as well as the fraternal work of the administration and report back to the membership after the four-day session closes.

Convention speakers were: Hon. Frank Marsh, Lt. Governor of the State of Nebraska; Hon. Edward Zorinsky, Mayor of the City of Omaha; Kenneth T. Severud, President of the National Fraternal Congress of America; and V. J. Skutt, Chairman and Chief Executive Officer, Mutual of Omaha.

Woodmen National President Nick T. Newberry made his report to the delegates on the progress and financial status of the organization during the past four years.

A primary consideration in the choosing of Omaha as the Convention site was to give the delegates an opportunity to visit the Society's home office in the new 30-story Woodmen Tower. One of the highlights of the Convention was a tour of the Woodmen Tower and the Woodmen headquarters.

The Convention closed with

an audio-visual presentation called, "Seven for '77," where the delegates to the Convention were given a challenge by President Newberry for increased activity in seven areas. And these goals are to be accomplished prior to the next National Convention in 1977.

Bride-Elect Complimented With Shower

SPRINGLAKE—Alice Austin, bride-elect of Sammy Fields of Graham, was complimented with a bridal shower Saturday afternoon in the local PCA Party room.

The table, laid with a white cloth with scalloped embroidered edge, was centered by a bride doll displayed on blue satin streams lettered with "Alice and Sammy" added to the decor.

Mrs. Russell Strain and Mrs. Leslie Kennedy presided at the table, serving pineapple sherbet punch and white cake squares decorated with blue wedding bells. Crystal and silver appointments were used.

Paula Strain registered gifts.

Special guests were the honoree's mother, Mrs. Bill Austin, of Olton, an aunt, Mrs. Clarence Webb, and a cousin, Mrs. Linda Mitchell, both of Earth.

Hostess gifts were stainless steel cookware, canister set, cake pans and a set of mixing-serving bowls.

The Assembly of God Sunday School presented the honoree with the doll centerpiece used in the table decoration.

MR. AND MRS. Will Russell honored his sister, Mrs. J. E. Kenyon of Marble Falls with a dinner party Sunday observing her seventy-sixth birthday. Attending were the guests of honor, her husband, their son and his wife, Mr. and Mrs. Russel Kenyon and the younger Mrs. Kenyon's mother, Mrs. Goldie Mathews, all of Portales, N.M.

SPRINGLAKE XIT Study Club met Tuesday afternoon in the home of Mrs. Bud Matlock. In the business meeting it was decided that the club would no longer be federated but would continue its meetings. Members present were Mmes. Ernest Baker, Jim Winder, Ed Jones, Ralph Rudd, W. B. Hucks and Hollis Cain.

RAY BANKS was readmitted Tuesday to the Littlefield Hospital. He had come home Monday from the hospital after staying there about three weeks.

JESS MATLOCK has been a patient in the Littlefield Hospital several days.

MRS. C. C. BARDEN has been hospitalized in Littlefield more than two weeks. It is reported that she is improving.

FRIDAY EVENING dinner guests of Mr. and Mrs. Hollis Cain, Cathy, Connie and Suzanne were Mrs. Cain's parents, Mr. and Mrs. J. T. Gibson, her sister, Mrs. J. E. Fuller of Olton, their niece and her husband, Mr. and Mrs. Wendell Green of Plainview, and their daughter and her

family, Mrs. Burl Couch Gerilyn and Tracy of Round Rock.

MIKE AND TODD Dunham, sons of Mr. and Mrs. M. E. Dunham of Monahans, are staying this week with their grandparents, Mr. and Mrs. V. L. Dunham.

CHRIS AND CATHY Prentice visited last week in Littlefield with their grandparents, Mr. and Mrs. F. F. Prentice.

MR. AND MRS. Elmo Hasha went to Canyon Sunday to visit their daughter Sherrie who was attending Band Camp there. With Mr. and Mrs. Hasha were Kay Givens and their sons, Shanne and Steve.

MR. AND MRS. J. A. St. Clair had visiting them during the weekend their daughter and family, Mr. and Mrs. Wilton Cox and Trenton. Also, Mrs. St. Clair's parents, Mr. and Mrs. Travis Hancock of Bovina, and their daughter and family, Mr. and Mrs. Matt Moseley and Aurelia of Lazbuddie.

MR. AND MRS. W. R. Boone returned recently from Truth or Consequences, N.M. where they stayed ten days.

HOWARD LIVESAY of Hereford spent the weekend with his grandparents, Mr. and Mrs. N.W. Livesay.

MR. AND MRS. Tom Allen and Tracy visited Monday and Tuesday with his brother-in-law and sister, Mr. and Mrs. David Kersh, and in Littlefield with another sister and family, Mr. and Mrs. Claude Burnett, Teresa and Alex. Mr. and Mrs. Allen are moving from Anchorage, Alaska to Brownsville.

MR. AND MRS. L. B. Kennedy had as house guests this week their daughter and family, Mr. and Mrs. Joe Thommarson and Mark of Goodman, Mo.

MRS. JANIE WAY stayed a few days recently in Lubbock with her granddaughter and family, Mr. and Mrs. Charles Moore, Tonie and Deedie.

MRS. E. W. WALDEN had as recent house guests her son and family, Mr. and Mrs. Travis Walden, Lynn, Cheryl and Gary of Waco.

MILES GOFORTH, son of Mr. and Mrs. Max Goforth of Hereford, has been visiting this week with his grandparents, Mr. and Mrs. Ernest Goforth.

MRS. W. D. SMITH and Michael of Fort Worth were here this week with Smith's brothers and sisters-in-law. Mr. and Mrs. W. M. Smith and Mr. and Mrs. Fred Smith. Also, with the Smith brothers' sister and her husband, Mr. and Mrs. J. E. Huckabee.

MRS. J. C. OGLETREE, Mrs. A. G. Cooper and Mrs. J. A. Bonerie visited Sunday in the Plainview Central Plains Hospital with Mrs. Eula Wilks.

MR. AND MRS. E. R. Spain have as guests this week their sons and families, Mr. and Mrs. Jim Spain, Catherine and Christopher of Cali, Colombia, South America; Mr. and Mrs. Gene Spain, Rebecca and Glenn of San Juan, Puerto Rico and Mr. and Mrs. Paul Spain of Austin.

JIM SPAIN is with the Rockefeller Foundation International Research Center, near Cali. He is a soils specialist. A graduate of Texas Tech and Purdue University, he has been in Cali seven years. Gene Spain has been with the agricultural research center at San Juan several years. He also is a graduate of Texas Tech and the University of Wisconsin. Gene and Jim have two brothers and their families living in Olton. They are Mr. and Mrs. Alva J. Spain and children and Mr. and Mrs. Don Spain and children.

MRS. BERTHA ENSEY of Lubbock, sister of E. R. Spain, visited last weekend in the E. R. Spain home.

DON FANCHER, Olton graduate and recent graduate of Texas Tech University, has been employed by NASCO. Located in Springfield, Tenn. NASCO is recognized as one of the nation's leading fund raising companies, centering its attention on high school organizations and their fund raising efforts. Fancher, son of Mr. and Mrs. C. B. Fancher, has completed his initial sales training and began work in his territory July 2.

MR. AND MRS. Jack Hysinger, Kanetha, Monty and Trent of Bedford visited

Sally Shotwell Honored With Bridal Courtesies

The engagement and approaching marriage of Miss Sally Katherine Shotwell and Kenneth Alvin Tomes was announced at an afternoon tea given July 14 by her mother, Mrs. I. T. Shotwell Jr. of Littlefield.

The wedding has been scheduled at high noon Aug. 18 at the First Methodist Church of Littlefield.

For the tea, rainbow shades of summer flowers were used in decor throughout the house. The tea table was laid with a white imported linen cloth, from which silver and crystal appointments were used in serving punch, coffee, assorted cookies, sandwiches

and relishes. Center table was a silver with three tiers of glass. Guests were regaled by Miss Mary Elizabeth Shotwell, the bride-elect's mother, Mrs. Nevelle M. Lubbock, Mrs. Bill Lubbock, and Mrs. Shotwell, another cousin bride-elect.

Guests were greeted at the door by the bride-elect's aunts, Mrs. Clifford Lubbock and Mrs. Shotwell of Littlefield. Those in the room besides the honoree were parents, Dr. and Mrs. Shotwell Jr.; the groom's mother, Mrs. Tomes of Amberst; two sisters, Mrs. V. Amherst and Tammy Tomes, Amberst; and the aunt, Mrs. Gerald Paris.

Special guests included couple's grandmothers I. T. Shotwell Sr. of Amberst; and the bride-elect's great-aunts, Mrs. Walton of Rusk and Grace Campbell of Dallas.

Members of the home were Mmes. R. E. James Shotwell, J. D. Shan, J. D. Hagler, Brittain, Oscar Wilmon, W. Armistead, J. M. Mancil, J. M. Horace, Jack King, Clifford I. T. Shotwell Sr.

Other courtesies to the couple recently included a spice and rice Monday, July 16, in the room of Medical Hospital. Medical Hospital personnel hosted at the event Winston Cummings, C. Lindley, Miss Gladys and Mrs. Jack King.

The hostess gift of gold cookware was displayed on a table decorated "Rainbow and Pot of Motif."

Pastel net Heloise cloths were given as gifts to the guests.

Served during the tea were pink party punch, sandwiches and cake on Wednesday, July 18 luncheon for the bride was served in the Gold of Hemphill-Wells in the Plains Mall in Lubbock.

Seventeen guests were present for the luncheon which was hosted by W. Armistead and daughter, Mrs. Bill Lubbock.

The serving table centered with a rainbow arrangement. Hostess presented the couple with electric broiler-rotisserie.

Mrs. Mancil Hall and Horace Mitchell were hostesses to 25 guests brunch at the home of Mrs. Mancil Hall Tuesday morning, July 19.

Kitchen gadgets were twined in the basket centerpiece, and presented to the bride-elect as a gift.

Mrs. Oscar Wilmon, M. M. Brittain and Bobbie McShan entertained the bride-elect with a Wednesday, July 25, at Wilmon home.

Guests brought recipes, which were presented to the bride-elect, along with a decorated recipe box which was presented by the bride-elect.

The serving table centered with a rainbow arrangement of flowers. There were 20 guests

TEXAS TOPS NO. 102

Tuesday, July 24, the Littlefield Chapter of Texas TOPS No. 102 met in their regular meeting in the dining room of Medical Arts Hospital with 18 members and three guests present.

Rose Zybura, the club's president, presided for the meeting and called the roll.

The club's secretary, Mildred Smiley, read the minutes of the last meeting.

A new "Pounds-Off Contest" was begun for the following three-month period, or until someone reaches a goal before that time.

Members who had eight weeks of perfect attendance chose their free medals to be placed on their bracelets.

Alma Anders was named weekly queen and Romona Kilby was her runner-up.

Gainers sang a song of encouragement to each member to keep losing weight. The pledge was recited prior to adjournment.

...COURT FIGHT

Continued from Page 1
 locomotives," the weather scientist said, "because in 1835 some people thought the smoke from locomotives was stopping rainfall."

Henderson was asked several questions concerning the "breaking up of clouds" while flying outside the hail suppression target area. "We do not seed clouds in an area that will affect precipitation beyond the borders of the defined target area," Henderson said. "Aircraft flies beyond the area but aren't allowed to seed areas affecting precipitation in areas other than the defined target area."

Lumsden was elected president of the Natural Weather group and Nolan Harlan of Bula was named secretary-treasurer. At the close of the meeting Lumsden said approximately \$4,500 had been paid or pledged.

According to Henderson, last year was the highest rate of seeding in the four years of the project here in terms of seeding flights and the amount of seeding. Although they seeded heavily last year, it was also the wettest year.

The rib of contention among the natural weather advocates is that planes fly outside the target area to seed clouds. Henderson said it takes about 15 minutes for the silver iodide to work and that this additional boundary and time are needed to protect those inside the target.

Pilot Wayne Wilkinson said there was no seeding done on the 17th. "We've only seeded five times this year," he said. "Ron Pickus flew an observation flight on that date, but did not seed."

"There is nothing secretive about this project," Wilkinson added, "we document everything we do. We're not trying to hide anything. We keep records at five-minute intervals anytime we go up, and the public is invited to come out to the airport and see what we do for ourselves."

Wilkinson said he had all the flight records and seeding dates and rates with him at the Tuesday night meeting and had hoped to be given an opportunity to speak.

Henderson said the company has to be very careful where they fly and do their actual seeding because of the TWDB laws. "It takes about 15 minutes for silver iodide to become effective, but we

do not, absolutely do not, do any seeding anywhere that will affect clouds anywhere except in the target area."

Atmospherics has faced hearings, but has never been taken to court in 20 years of seeding activities. "But we're interested in the people in this area getting the facts," Henderson said, "and if that is what it takes, fine. We're all for it."

"Just because people see planes doesn't mean planes are seeding. Even our planes go up a lot but aren't seeding. I was talking to a guy in Colorado once and he said, 'See, there goes a plane seeding now.' I looked up. 'But that's Frontier Airlines going up the Denver,' I said. 'That doesn't make any difference,' the anti-seeding advocate answered, 'they're probably seeding anyhow.'"

"There's such terrific opportunities in cloud seeding for this area over a long haul," said Flip Calhoun, an advisory member for TWDB's weather modification committee. "Tons and tons of acre feet of water goes over us every year, but it's staying up there."

"Besides the hail suppression, someday we'll be up and running on a program to replenish our irrigation supply. When water is gone, our economy is gone. And underground water is depleting."

"We can't afford to pay \$60 for an acre foot of imported water, but we can produce additional water supplies through cloud seeding. One day we're going to be lost if we don't have a cloud seeding program."

According to a study made by the Bureau of Reclamation, additional water from the "rivers of the sky" through cloud seeding would cost an estimated \$1 to \$1.50 per acre foot. That's less than a nickel per 10,000 gallons.

As Smith said, there appears to be expert witnesses on both sides. Perhaps it will take court action before the people problem is solved and the truth is out.

Meantime there are advocates for hail suppression who claim a 50 to 70 percent reduction in hail and an increase in rain and opponents who hope to raise money to gain a court injunction to stop the seeding because they say the seeding is robbing them of rain which is rightfully theirs.

OBITUARIES

MARY MURRAY

Services for Mrs. Mary Murray, 76, of Brady, who died Tuesday, July 24, in the Heart of Texas Memorial Hospital at Brady, were conducted Wednesday afternoon in Wilderson Funeral Home Chapel.

Burial was in Stacy Cemetery. She was the mother of Norman Murray of Plainview, former resident of Littlefield, and a sister of Mrs. Bertha Hart of Littlefield.

Mrs. Murray was a native of Roddale, and was married to Walter Murray in 1915 in Concho County. She had lived at Brady six years.

Others surviving are two daughters, Mrs. Wilma Hall of Brady and Mrs. Minnie Jean Ramsey of Huntsville; three other sons, L. W. Murray of Ballinger, Raymond Murray and Edward W. Murray, both of Melvin; another sister, Mrs. Mildred Dillard of Marysville, Calif.; a brother, Earl Newman of Corpus Christi; nine grandchildren; and five great-grandchildren.

ORA JESSIE SHAW

Services for Ora Jessie Shaw, 79, of Littlefield, who died at 12:45 p.m. Monday, July 23, in Medical Arts Hospital in Littlefield, were conducted Wednesday afternoon at the Hammons Funeral Home Chapel.

Rev. Benny Goss, pastor of the Sunset Baptist Church, Rev. T. J. Starnes, pastor of the United Pentecostal Church, and Sam Shaw Jr. officiated.

Burial was in the Littlefield Memorial Park.

Mrs. Shaw was a native of Dublin. Surviving are four sons, John Shaw of Eugene, Ore., Charles Shaw Jr. of Wilson, Sam Shaw of Tulsa, and Henry Shaw of Lubbock; two daughters, Mrs. Naomi Adkins of Littlefield and Mrs. Ruth Davis of Farmington, N.M.; 12 grandchildren and seven great-grandchildren.

DEAR EDITOR

Girlstown, U.S.A. July 24, 1973

Dear Sir:

We would like to express our appreciation, to the many people in Littlefield, who helped to make our 24th Annual Open House a success.

We would especially like to thank the Littlefield Volunteer Fire Department. Our bar-b-que would not be possible without them. They are a fine group of men.

Thank you for your continued interest and faith in Girlstown. Come to see us.

Sincerely,

Marshall W. Cooper
 Marshall W. Cooper
 Executive Director
 Girlstown, U.S.A.

The Lamb County Leader-News

Dear Sir:

Inclosed is a check for \$12.95 for renewal of newspaper and want to say that we have been away from Littlefield since 1956, but still like to know what's going on in our old home town and about our kin folks and friends there.

Would like to say hello to all.

Thanks,

Mr. and Mrs. Ralph Foust
 and Bill and Sam Foust
 Fresno, Calif. 93705

Three Jailed, One Injured In Wreck

City police picked up an 18-year-old in Levelland Wednesday and charged him with felony theft in connection with the till tapping of three Littlefield service stations. Domingo Zapata Jr. remains in the county jail with bond set at \$2,500.

A warrant has been issued for a woman involved in thefts of cash from the service station cash registers. Five others are implicated in the theft, but the 7, 12, 13, 14 and 15-year olds are too young to be filed on as adults.

Paul Weldon Cody, 26, of Muleshoe, was charged Thursday with driving while intoxicated and fined \$147. John Thomas Hunter of Hamlin was picked up for Plainview Friday on a charge of violation of parole.

Oscar C. Rangel of Littlefield is in the Methodist Hospital listed in serious

condition following a two-vehicle wreck about 11:45 p.m. Wednesday at the intersection of U.S. 84 and FR 37. Rangel was south bound on FR 37, ran through a stop intersection and into the side end drive wheels of a 73 truck tractor driven by Daymon Stotts, according to Weldon Parson of the Texas Highway Patrol.

The impact threw Rangel out of the car, knocked the motor out of the vehicle and the front end off his car. The car is a total loss and damages to the truck were estimated at \$750.

A fertilizer truck driven by J. H. Thompson of Amherst overturned and spilled about 1:30 Thursday afternoon. Thompson skidded on wet pavement, went into the bar ditch and overturned three-quarters. Damage to the truck was estimated at \$750.

DRIVE-BY MAIL DEPOSIT BOXES are now re-located on the northeast corner of the courthouse parking lot, and persons wishing to drop in mail may now do it through the driver's side window. Tommy Lobaugh opens the center box to take mail inside, as other postal employees look on. They are, left to right, McKinnley Bray, Postmaster George Thompson and Joe Johnson. Bray and Johnson moved the boxes after city crews poured the concrete and set the mounting bolts. The lower photo shows the new location block, and the boxes in their original location across the street. (Staff Photo)

THE ABUNDANT LIFE

Be Congenial

By BOB WILSON

MOST OF US APPRECIATE congenial people. We like to be associated with them. They are the people we like to invite to our homes, the kind of fellow workers we enjoy, they are the people with whom we prefer to trade, the kind of professionals whose services we buy, and we prefer and favor these persons every way we can.

WE DO NOT SEEK the association of the unpleasant, disagreeable and unsociable persons. We are not likely to invite them into our home; we do not like to work with them; if we can possibly find other sources of supply, we will not trade with them; we do not buy the services of such professionals unless there is no one else; and we shun these people just as much as we can. Others feel about the same way toward us, if we are not congenial.

IT IS POSSIBLE to get by with our unpleasant, and disagreeable talk and actions, but we are losing so much of the good that we could have and enjoy. We create problems for ourselves, many problems. We cause others to oppose us. They are less inclined to assist us, and accommodate us; and some will do neither. We can get by, but the road is rough and often lonely; if we refuse to be congenial.

YES, IT PAYS to be congenial. It pays financially, but it pays in many other ways; and some of these are more

HONNY GITS

By CORNBALL BLEVINS

UP IN THE HILLS north of Fresno, Calif. is a bit of leftover relics of history, long past. On the neighboring acreage of the son-in-law's place is to be found ancient grinding stones used by the Indians during their previous habitation. Last year, even the pestles for these primitive mills were still there, however, as of now they are missing, probably courtesy of some thoughtful collector.

THERE IS AN OLD ghost town, about a ten-minute walk from his place, that probably could relate many interesting stories if it had a voice. The old narrow-gauge railway bed is still very much in evidence, tho the rails have long since been removed.

In a corner of what was evidently the combination station and hotel was a box, still containing some pretty old publications. Some of these bore dates back into the early twenties.

THE WIFE CAME up with a leaf from what was evidently a book.—Just to prove that we haven't progressed as much as we might think, I'm printing

Turn Row COMMENTS

By EMIL MACHA

A TIP OF THE HAT goes to the Babe Ruth All-Stars for their participation in the State Playoffs. Thanks for a job well done.

RAIN MEASURING UP to two inches fell in the area this week. Most of the heavy rain was south and east of Littlefield. Some farmers in the Pep-Bula area received up to four-tenths of an inch, while other sections of the area received various amounts from light to moderate. Looks like at this point, in some sections, July will be one of the wettest in a long time. This is quite contrary to an average July in this area.

FROM ALL INDICATIONS, August will be similar to July. That is, it will start out dry and toward the middle of the end of the month, rain will be abundant.

SAY, YOU FARMERS who have certified your crops, we have until first of August to get it done.

HEARD THIS CAN-you-top-this the other day. A local resident was batching for a few days while his wife was away visiting her mother. About three days away from home, his wife called to see how things were going. Her husband replied that it was too bad but he was tired of eating sandwiches and asked his spouse if she had taken the pots to her mother's with her. She replied "No, they are all hanging on the pot rack". The rack was hanging on the phone and had not been noticed.

IN CASE IF YOU have been keeping score in these quotes, score yourself points for each correct guess. If you have a final score of between 0-30 you probably already a self-made man who doesn't need to impress anyone. If you'll need to polish up a bit before you get that key to the executive suite, you're probably one of those people who would rather have good grammar than good taste. 90-100 either your name is Roget, or you're a professor, or you're full of a lot of baloney.

"IGNORANCE IS BLISS" is the interpretation of our last so-called "dollar" phrase. In closing I would like to mention "Zephyrs which disseminate misfortune may be sustained only by well-meaning Malevolentmaestros."

ANTON NEWS

FORMER ANTON RESIDENTS, MR. AND MRS. CHARLES BOURLON, WILL BE HONORED BY THEIR CHILDREN ON THEIR 50TH WEDDING ANNIVERSARY. A RECEPTION WILL BE GIVEN FROM 2:30 TO 5:30 P.M., SUNDAY, JULY 29, IN THEIR HOME AT 420 STATE STREET, TEXICO, N.M. All friends and relatives are invited.

LEE SEALS of San Angelo is visiting his aunt, Mr. and Mrs. Bill Goen and family. MISS DEBBIE TAYLOR was released from High Plains Hospital Saturday morning. She was in a car-pickup accident Thursday afternoon on a farm road in Cotton Center. She is the daughter of Mr. and Mrs. Roy Keffer and the granddaughter of Mr. and Mrs. George Tucker Sr. of Anton.

MRS. MARY WRIGHT has been moved from the Medical Arts Hospital in Littlefield to the Hospitality House to continue her convalescence from a heart attack. GEORGE TUCKER Jr. of Anton, who has been confined to St. Mary's of the Plains Hospital in Lubbock since July 11, was released Friday.

MR. AND MRS. Jim Bridges honored Mrs. C. L. Cobb on her birthday with a dinner in their home Tuesday, July 24th. Others present were Michelle, Patrick, John, Sidney, Melanie Gamo. Mrs. J. H. Denson also honored her with a birthday cake and ice cream Tuesday afternoon.

MR. AND MRS. Bob Swain have moved to Ruidoso, N.M. to make their home. He will be in the Laundry business there. MADISON NEWTON is a patient in Medical Arts Hospital.

MR. AND MRS. Jack McDaniels, Sherman visited in the home of her sister, Mr. and Mrs. Ted Barker recently.

MRS. S. N. TWILLY and Mrs. W. O. Wilson visited Mrs. Maud Bull in Perryton Friday and Saturday. MRS. LEE KATAY, Calif., arrived here Friday for a week's visit with her parents Mr. and Mrs. Alton Bullington.

MRS. PAULINE HARVEN of Ft. Worth, is visiting in the home of her sister, Mr. and Mrs. Ted Rendleman.

MR. AND MRS. Gene Bennett and children visited friends in Dallas over the weekend.

A NUMBER of Anton residents attended funeral services for Claud McLarty, former Anton resident, held in Christ United Methodist Church in Levelland Monday afternoon.

MR. AND MRS. Floyd Morton returned home Monday from several days' visit with relatives in Louisiana. They visited her sister, Mr. and Mrs. Don Gilmore at Shreveport, La., where they attended the Ellis reunion in the home of her parents. Five of the six children of Mr. and Mrs. Ellis were present. Twenty-five attended.

BUD STONE is receiving tests in Medical Arts Hospital. VIRGIL MORTON has returned home from a month's vacation, where he toured 14 of the western states. He visited his uncle and aunt, Mr. and Mrs. Ralph Bond, in Sunny Dale, Calif.

REV. AND MRS. Harmon Bishop, Mrs. Homer Lowrance accompanied 21 young people from Central Baptist Church to the Youth Rally at Morningside Baptist Church in Levelland Monday night. The group from Central Baptist Church that participated in the River Ministry at Ft. Hancock last week had charge of the program, giving their testimonies and showing slides.

MR. AND MRS. F. E. Spradley visited their daughter and family, Mr. and Mrs. Paul Jezisek and children in White Deer over the weekend.

MRS. ANNIE McCARTY had as her guest this week, her sister, Mrs. Gracie Denton, Enid, Okla.; her nephews and their families, Mr. and Mrs. Curtis Wilhelm and Joe of Tulsa, Okla., and Mr. and Mrs. Leland Wilhelm and Dwight of Amarillo; her niece, Mr. and Mrs. Randolph Shockley of Levelland and her daughter, Mrs. Benny Shipley of Amberst.

JIMMY RICE was taken to Medical Arts Hospital Monday for treatment. GUESTS in the home of Mr. and Mrs. Bert Harper Sunday was their granddaughter and family, Mr. and Mrs. Vernon

Tour Of Holy Land Slated

A special autumn tour to the Holy Land and areas of Paul's Missionary Journeys, scheduled for Oct. 10-22, will be directed by Rev. R. B. Hall, pastor of First Baptist Church, San Antonio, according to Christian Travel, Inc., of Abilene.

DPS Seeks Recruits

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, has announced that the DPS is accepting applications for the post of patrolman. Applicants selected as cadets will enter 18-weeks of training at the DPS Law Enforcement Academy in Austin in a class tentatively scheduled to begin Sept. 25. Speir said general qualifications for DPS patrolmen are: Applicants must be 20 through 35 years of age (inclusive); good moral character; excellent physical condition; height not less than 58 inches nor more than 76 inches; weight not less than two pounds nor more than 3 1/2 pounds per inch of height; visual acuity no worse than 20/40 correctable to 20/20; and a citizen of the United States.

Educational qualifications, which are now a minimum of 30 semester hours of college, will increase to 45 semester hours on Sept. 1. He pointed out that qualified female applicants are now being accepted for the uniformed services of the DPS, and that the department has been increasingly successful in recruiting persons from minority groups. During the training period, cadets participate in some 850 hours of law enforcement classes on a wide variety of subjects such as criminal and traffic law, human and community relations, and investigative techniques. The schooling includes rigorous physical training, marksmanship, and skills related to pursuit driving.

Some of the classes are taught under an agreement between DPS and St. Edward's University, and Academy graduates receive credit for six semester hours.

After graduation, cadets will be commissioned as probationary patrolman I at a salary of \$719 monthly and assigned to the Highway Patrol, License & Weight Service, Motor Vehicle Inspection Service or Driver License Service according to the needs of DPS and consideration of personal preference. The salary automatically increases to \$743 per month after six months. Upon completion of 12 months commissioned service, probationary patrolmen are promoted to patrolman I at a salary of \$794 monthly. They become eligible for promotion to sergeant or positions in the DPS Criminal Law Enforcement Division after two years commissioned service.

Officers electing to remain in a non-supervisory uniformed position are eligible to compete for promotion to patrolman II after 60-months commissioned service. All DPS officers receive fringe benefits including hospitalization and life insurance, paid vacations and sick leave, and holidays as for all State employees. Uniforms, vehicles and equipment are furnished and patrolmen receive a uniform cleaning allowance. Expenses are paid when away from home station. In addition, personnel are members of both the State Employees Retirement System and social security.

Speir said prospective applicants should contact any DPS office or patrolman for application forms. The completed material should then be taken to the nearest regional, district or sub-district Department of Public

Hall is a former pastor of First Baptist Church, Littlefield. The 13-day tour is a combination jet air and sea cruise featuring a team made up of Dr. Jimmy Allen, pastor of First Baptist Church, San Antonio; Cynthia Clawson,

gospel singer from Rock, Ark., and Dr. Hildreth, pastor of Baptist Church, Texas. Persons of all denominations will be going for this "Chaplain's pilgrimage", Hall said.

Hall's experience as director includes some 33 foreign countries, the Orient, South and Central America, Europe and Middle East. He served as pastor of music and education in Oklahoma and Texas cities before being called to the Anson church also served as public relations director of Wayland Plainview and more recently an assistant vice president of Hardin-Simmons University at Abilene.

The upcoming Holy tour from Dallas and Antonio will include transportation, all meals, sightseeing trips and tag is \$999.

Persons interested in joining this special tour at this time are invited to write R. B. Hall, Christian Travel, Inc., Box 154, or First Baptist Church, S. Comm. Anson, Texas.

Farmers Get Paid Vacations In Norway

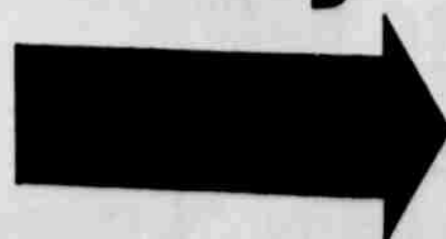

The farmer may not be fully appreciated by all segments of society in the U.S., but that's not the case in other countries.

In Norway, for example, Parliament unanimously approved subsidized vacations for farmers in order to give them free time comparable to that of the rest of society. It was noted by proponents of the bill that only 15-20% of farmers and fishermen ever take a vacation, while 70% of those in other occupations do. They also pointed out that farmers are overworked, pressured by a reduced labor force, and suffer from a "welfare gap" between other sectors of society.

There are many ways to tell people what you have for sale.

This is the best way.

AMMONS GENERAL HOME

MRS. WILLIAMS had charge of the lesson study when the WMU met Tuesday afternoon for their regular weekly study. This was Bible study day, and the lesson was taken from the "Royal Service" magazine with the Scripture study from Mark 13th chapter. Mrs. Richardson, prayer chairman, read the call to prayer calendar and scripture reading from Mark 12:1-12. Mrs. Pierce opened the opening prayer and Mrs. Battles the closing prayer. Attending were Mmes. P. R. Pierce, C. A. Williams, E. W. Black, Fred Locker, Rowena Richardson,

Miss Vina Tugman, and Mrs. Eddie Riley.
MR. AND MRS. W. T. Thomas and grandchildren, Lorie and Darron Kessler, spent the weekend in Fort Worth with the children's parents, Mr. and Mrs. Leon Kessler. Lorie and Darron came back home with them to spend the rest of the summer.
MR. AND MRS. Tom Bogard spent Saturday night and Sunday visiting with relatives, Mr. and Mrs. Clate Peabody and Mrs. Lena Pettit at McLean and at Clarendon with Mrs. Blanche Smith at the rest home in Clarendon and were afternoon visitors

BULA NEWS

with Mr. and Mrs. Roy Blackman.
ENJOYING the Sunday afternoon at the zoo and park at Clovis and eating a picnic lunch were Mr. and Mrs. Jack Withrow and children Carla, Jarod, Jeff, Jackie, Jode and a married daughter, Mr. and Mrs. Joe Price and son, Timmy of Olton, and J. T. Dollie of Littlefield.
MR. AND MRS. John Blackman attended services Sunday morning at Garland Street Church of Christ in Plainview and were guests for lunch with her brother and wife, Mr. and Mrs. P. E. Dever.
SPENDING the week in

Brownwood were Mr. and Mrs. Pat Risinger, Leisa Risinger and ReaLynn Casey. Risinger, Bula football coach was with Steve Newton and Kenneth Turney, who were there all week getting prepared for the All-Star East and West game in the six-man playoff, Saturday night at Cen-Tex Stadium. Both boys played on the West team, with the West winning 24 to 36. Steve Newton was one of the key men of the West defense.
DRIVING DOWN Saturday to Brownwood for the East-West ball game were Mr. and Mrs. R. T. Newton, Mrs. Myrna Turney and Mr. and

Mrs. Tom Newton of Lubbock.
MR. AND MRS. Bill Black and baby daughter, Surayleia of Lubbock, came Friday and spent until Sunday with his parents, Mr. and Mrs. H. M. Black and his grandmother, Mrs. E. W. Black.
MRS. V. C. WEAVER was in San Antonio this week with her daughter, Mr. and Mrs. Gene Brannen. Brannen was to have surgery.
DON AND DREY Roberts, children of Mr. and Mrs. Wayne Roberts of Lubbock spent Sunday night and Monday with their cousins, Jason and Mitch Birdwell.

GALEN D. BOCK
Private First Class Galen D. Bock, son of Mr. and Mrs. Melvin L. Bock of Earth, completed a six-week finance specialist course at the U.S. Army finance school, Ft. Benjamin Harrison, Ind.
During the course, students are trained in the payment of civilian and military personnel, handling of travel allowances and commercial accounts, and accounting. They also receive instruction in general military subjects.

Guard Offers

New Option

Major General Thomas S. Bishop, Texas adjutant general, has revealed a new enlistment option for non-prior service personnel for a 90-day trial period.
Bishop said the plan will permit non-prior service members to enlist in the Texas National Guard for six years with the option of serving three of these years in an active drill status and the final three years in the Individual Ready Reserve (IRR) Control Group.
The adjutant general said that during the final three years of the plan, members may be required to attend summer training. "They would not have monthly drills during their last three years of reserve status," the state's No. 1 Guardsman said.

Texas is one of 16 states authorized by the National Guard Bureau in Washington, D.C., to participate in the trial enlistment option plan. Bishop pointed out the new plan for the next 90 days will replace the Reserve Enlistment Program (REP) under which original Guard enlistments have been conducted since 1963.

The plan is to determine if there would be any significant increase in the number of non-prior service accessions if the initial period of unit participation were for a period of three years, the general added.
The plan was announced by Howard H. Calloway, Secretary of the Army, for Texas and 15 other states.

News about our Lamb County Neighbors in

AMHERST

MRS. LESTER LA GRANGE
246-3336

MRS. VICTOR REYNOLDS was hostess for the meeting of the Baptist W.M.U. Anne Armstrong Circle Monday night. Mrs. Glenn Willson, prayer chairman, led the program. She opened with prayer and the book "Learning to Pray" by Ben Campbell Johnson was concluded. Mrs. A. O. Dickson closed the study with prayer and Mrs. Don Carter presided in business. The date for the circle's family picnic was changed from Tues. Aug. 13 to Aug. 14. Homemade orange-juice sherbet with coffee were served to Mrs. Bill Bradley, Don Carter, A. O. Dickson, Glenn Willson, Reynolds and a guest Mrs. Bertha Black.

MEMBERS of the United Methodist Youth Fellowship have planned an all-church membership get-together at the Crescent Park swimming pool Monday July 30, 7-10 p.m. Bring your own sack picnic supper.

MR. AND MRS. Allan White returned from Tres Ritos, N.M. where they received word of the death of his brother, Lloyd White, in Dallas Wednesday. He died following a prolonged illness and underwent a second surgery recently.

DR. AND MRS. Moyer and Sharon of Wichita, Kans. visited her sister, Mrs. Lamar Kelly and family Monday night. They had spent several days in Ruidoso with the Kellys.

MRS. HOWARD CAMPBELL is in Big Spring this weekend. Howard is undergoing tests at the Veterans Hospital.

MR. AND MRS. David Heim served homemade ice cream Monday night, honoring T. M. Carper of Washington. Those enjoying the occasion were his parents Mr. and Mrs. W. J. Carper, Mr. and Mrs. Cletis Dunn, Mr. and Mrs. Ray Heim and children.

MR. AND MRS. Guy Phillips of Dayton, Ohio returned home Thursday after a visit with her mother, Mrs. Harvey Grigsby and his mother, Mrs. Millard Phillips of Littlefield and other relatives. His mother returned home with them.

GUESTS in the T. L. Bennett home is her sister, Mrs. Gracie Lamb of Crockett.

MRS. MAUDE BENNETT is on an extended stay with her daughter and granddaughter, Mrs. Irma Clayton and Gail, in Amarillo.

MR. AND MRS. Alex Berry were in Arizona this week. They took their grandchildren, Darrell, Tammy and Berry home to Apache Junction, near Phoenix after several weeks with their grandparents. Their father who is stationed there was scheduled to be moved to Florida.

MR. AND MRS. Laverne Long and Judy are spending the weekend at their place on Lake Brownwood.

MRS. A. J. MOTE, Cassie and Kelly Tomes were in eastern Colorado several days.

T. M. CARPER returned to Seattle, Wash., Tuesday following a visit with his parents Mr. and Mrs. W. J. Carper.

MR. AND MRS. Delbert Ross of Littlefield and Mr. and Mrs. Horace Wood of Oklahoma visited Mr. and Mrs. Delvin Batson at their place in Ruidoso.

MR. AND MRS. D. H. Porter are new residents in Amherst. He is the new technician at the hospital and she is a R.N. on the nursing staff there.

LT. AND MRS. David Hoffman visited his parents Col. and Mrs. C.N. Hoffman of Falls Church, Va. She had visited her parents, the Bob Claytons here. David returned

BOOKMOBILE SCHEDULE

The High Plains Bookmobile Library will be in this area next week.

Tuesday, July 31: Morton, 9:30-11:45.

Wednesday, Aug. 1: Circleback, 9-10; and Bula, 10:30-11:45.

Thursday, Aug. 2: Springlake, 11-12; and Earth, 1-3:45.

Friday, Aug. 3: Pleasant Valley, 11-12; and Sudan, 1-3:45.

to Korea. CLIFF KELLUM of Snyder visited Mr. and Mrs. W. H. Robinson Sunday. Mrs. A. J. Gifford and Mrs. Donald Gifford and Donald Jr. were here Monday.

DOROTHY L. BASS and Michael Ray Crain were married in the bride's home Thursday night, July 19. Father of the bride Jimmie Bass Jr. of Littlefield performed a double ring ceremony. Mr. and Mrs. Jimmie Bass of Littlefield are parents of the bride and Mr. and Mrs. Rayno Crain of Amherst are the groom's parents. They reside at 301 Wood Ave. Amherst.

PROPER INSULATION

A properly insulated house conserves air conditioning energy. Generally, use six inches of insulation over ceilings, three inches in walls and two inches under floors.

River Directors Fight Water Pollution

Brazos River Authority directors this past week approved the basics of a plan which will help private industry and the Authority help each other in fighting water and air pollution in the Brazos watershed.

The plan, developed by Authority staff members could unclog one of the big bottlenecks now hampering anti-pollution efforts. That bottleneck is money.

The Brazos River Authority, already launched on a study to develop a basin-wide water quality management program for the watershed, is hampered because of cutbacks in expected grants from the Environmental Protection Agency.

And private industries, under orders to clean up their industrial emissions into the skies and rivers, are searching for ways to find reasonably priced money to help them develop and install the anti-pollution devices needed to clean up their emissions.

The plan, if all details can be ironed out, would use the bond issuing ability of the Brazos River Authority to provide the reasonably priced money for the industry and also furnish an income to the Authority for continuing its water quality management study and other environmental enhancement programs.

Here in brief is how the plan would work:

An industry needs \$10 million to purchase, install and operate anti-pollution equipment for its plant in the Brazos watershed. If it issued corporation bonds, the going interest rate would be about 7.5 per cent.

But the Brazos River Authority could issue the same amount of municipal bonds, secured by revenue from a contract with the industry, and sell the bonds at a lower rate which at this time would be about 5.5 per cent.

That is a difference of two per cent in the cost of the bonds and when \$10 million is involved, that is a sizeable amount of money.

The Authority could sell the bonds and furnish the company with the money to buy and install the machinery needed.

The industry would agree to pay the Authority all costs of issuing and paying off the bonds, plus one-half of one per cent of the outstanding balance on the bonds each year.

It is estimated these charges would total about one per cent of the bond issue, which means the company would save one percent of \$100,000 by the Authority issuing the municipal bonds.

In return the Authority would regain all its cost of issuing, selling and administering the bonds and have the half of one per cent to aid in carrying out its water quality management study. The one-half of one per cent would glean about \$50,000 for the first year of the program for the Authority and

Drug Abuse Seminar Scheduled

Dr. Joseph C. Schooler, director of the Texas Research Institute of Mental Sciences in Houston, will be the principal speaker at the fifteenth annual Drug Abuse Education and Prevention Seminar at Baylor University in Waco, Aug. 1-3.

The seminar is sponsored jointly by Texas Alcohol Narcotics Education (TANE), Baylor University, and Texas Department of Mental Health and Mental Retardation.

Dr. Schooler received A.B., and M.S. degrees from the University of Tennessee, Ph. D. and M.D. degrees from the University of Chicago, and his psychiatric training from the Baylor University College of Medicine. He served the Texas Research Institute of Mental Sciences as chief of the Drug Abuse Research Section, chief of the Clinical Research Division, and then as assistant director before becoming director in 1972.

The seminar has been co-sponsored by TANE and Baylor for the past 14 years. It is designed for teachers, school administrators, counsellors, nurses, pastors,

church workers, policemen and others interested in drug education and drug abuse prevention.

Seminars in previous years have emphasized the nature of alcohol and drugs, practical drug abuse education, and cooperative community action in drug education. This year's seminar will try to make

participants aware of what is going on in the life of the drug and alcohol abuser, and what the world of the abuser is like. Presentations and films will be used as well as small discussion groups.

Enrollment information can be obtained from TANE, 6778 Greenville Ave., Dallas, Texas 75231.

Genealogical Workshop Set

The Annual Summer Genealogical Research Workshop of the South Plains Genealogical Society will be held Saturday, Aug. 11, at the Municipal Garden and Arts Center, 4215 University Avenue in Lubbock.

Hours are 9 a.m. to 5 p.m. No admission fee is charged and all area persons interested in family history research are invited to attend, states Mrs. Robert Toland, SPGS president.

In addition to individual research among reference materials supplied by members of the Society, classes will be held for beginners in genealogical research and for persons

wanting to learn how to compile family histories for publication.

Beginning researchers' classes are scheduled from 10 a.m. to 11 a.m. and from 2 p.m. to 3 p.m. in the meeting rooms of the Garden and Arts Center. Instructors will be Mrs. Toland and Mrs. Harold Russell, immediate past president of the Genealogical Society.

Classes in compiling family history are scheduled from 10 a.m. to 11 a.m. and from 2 p.m. to 3 p.m. in the Center studio. Mrs. James M. Wood, Lubbock author of four family histories, will instruct.

A NEW WATER FOUNTAIN has been recently donated to Great Plains Boys' Ranch at Pettit by the South Plains Independent Telephone Pioneer Association, through joint efforts of Littlefield and Levelland members and other interested individuals. Standing beside the fountain are Rev. Larry Ricks, a house parent; Joan Bowman, committee woman for the project; Marvin D. president of the club; and two Ranch residents. (Photo by Billie Harris)

decreasing amounts in the future.

The Authority was designated by the Governor and the Texas Water Quality Board as the state agency to carry out a study and develop a plan for maintaining high quality water in the Brazos River and its tributaries.

The State gave the Authority a grant of \$300,000

and the Authority put up \$75,000 of its own money. The EPA agreed to match the funds and did give one grant for \$75,000 but then indicated to the Authority no more funds would be available.

This left the Authority with little more than half the \$750,000 it needs to carry out the study and develop the plan.

The Authority has continued the study, using the available funds and has been searching for other possible sources of obtaining revenue to complete the program.

The industry-authority cooperative program may be the answer.

The Authority at present has one prospect for its plan, The Dow Chemical Company at

Freeport, which is already working on plans to install improved anti-pollution devices on both its air and water emissions.

The BRA directors this past week told General Manager Walter Wells to work out contractual agreements with Dow along the plan outlines and bring them back to the directors for another perusal.

Farmers Invited To 'Triticake' Supper

All farmers interested in growing triticale are invited to attend a special supper at the new Tasty Taco on W. 5th Thursday evening, Aug. 2, at 7:30.

The evening meal will be sausage and triticakes, pancakes made from whole grain triticale, courtesy of the Southwest Triticale Producers and Triticale Foods Corporation. This is the first annual triticale meeting.

Anyone wishing to acquire a base allotment to grow triticale on contract

for food manufacture should be at this meeting. The program will include a summary of the results of new cultural practices utilized by contract growers in the area this year. Joe Wright, senior agronomist at the High Plains Research Foundation will present the program.

Triticale Foods Corporation has obtained markets for thousands of tons of triticale food products through several national outlets. Growers get a set contract price with premium provisions for protein above certain levels. Acreage will be allotted to contract

growers each year. Priority allotments will be established at growers meetings. Each county will have a growers' committee to establish allocation acreage.

Each grower establishing a base for the 1973-74 crop year will be allowed to increase or maintain his percentage of the total national base each year. No new growers will not be accepted in any new crop year if the original charter growers are able to increase their acreage enough to fill the demand as established by the Muleshoe-based Triticale Foods Corporation.

SPECIAL MEETING FOR LAMB COUNTY FARMERS

New Tasty Taco Restaurant

Thursday, August 2, 7:30 p.m.

Triticale Foods Corporation

101 East Avenue B P. O. Box 344
Phone 284 / 272-2211
LITTLEFIELD, TEXAS 77640

TO: INTERESTED GROWERS

Details of Triticale Foods grain production program will be presented at a special dinner meeting for all new and current growers at the New Tasty Taco, Thursday evening, August 2nd beginning at 7:30 p.m.

The evening meal (Triticakes, of course) is courtesy of the Southwest Triticale Producers and Triticale Foods Corporation.

The program will include a summary of the results of new cultural practices utilized by contract growers in the area this year. The program will be presented by Joe Wright, Senior agronomist at the High Plains Research Foundation.

Many yield barriers were broken this year over much of our contract growing area. We are grateful to the High Plains Research Foundation for their help in developing the cultural practices that contributed to make this happen.

Triticale Foods Corporation has obtained markets for thousands of tons of triticale food products through several national outlets.

Our project is chartered and operated as a "food production system" with a set contract price with provisions for protein above certain levels. Acreage will be allotted to contract growers each year. Priority allotments will be established as a result of growers' meetings during our contract period starting August 2. Allocation of acreage will be established by the growers' committee of Triticale Foods Corporation for each county.

Each grower establishing a base for the 1973-74 crop year will be allowed to increase or maintain his percentage of the total national base each year. No new growers will be accepted in any new crop year if the original "charter" growers are able to increase their acreage enough to fill the demand as established by Triticale Foods Corporation.

All farmers interested in obtaining a triticale food grain base to grow Douglas Bales triticale on contract for our food manufacturing operation should be at this annual meeting.

PEP NEWS

MRS. CONARD DEMEL

SEVERAL RELATIVES and friends attended the Edwards-Demel wedding held at St. Philip Catholic Church July 14.

MITZ ALBUS returned home last Friday from St. Marys of Plains Hospital where she had knee surgery the first part of the week. She is doing fine.

MRS. LORENE JUNGMAN was a patient in Littlefield hospital recently.

MR. AND MRS. Ray Decker and Mr. and Mrs. Charles Burt attended the Catholic Life Insurance convention in Amarillo over the weekend of July 20-21.

MRS. VALERIA SHANNON and Mrs. Evelyn Albus attended the cooking school workshop at Amarillo from July 17-21.

GARY ALBUS, Mark Albus, Gary Gerik, David Albus and Steven Albus and sponsor Jack Birdwell and wife and Ed

Clawson of Bula attended the F.F.A. Convention at Dallas. MR. AND MRS. Norman Demel and son Marty visited with Mr. and Mrs. Ray Hardin and family at Munday on July 15.

NORMAN DEMEL and sons, Johnny and Fayette fished at Lake Stamford and visited with Ray Hardin recently.

MYLES DEMEL, Charles Burt Jr. and Robert Vaughn of Levelland fished at Lake Stamford over the weekend of July 19-21.

A BRIDAL Shower honoring Mrs. Steven Demel, nee Dina Edwards, was held at Pep Parish Hall on July 22. Her colors of coral and white were carried out. The register table was a white cloth and a candelabra with six coral candles lighted. The table was laid with a light pink cloth with a white lace tablecloth

with a flower arrangement of coral roses as the center piece. Streamers of coral and white bows were at each end and a longer one in center of table. Refreshments of coral punch, white cake, nuts and mints were served to the guests. The hostesses' gift was a 20-piece place setting of Spring green dishes in corner ware. Hostesses were: Mary Demel, Edna Demel, Ethel Burt, Lulebelle Silhan, Ella Marek, Mayree Silhan, Shirley Hancock of Morton, Viola Miller, Shirlee Vaughn, Bettye Dickerson of Levelland, Peggy Demel and Shirley Hardin of Littlefield and Sherri Stan of Tahoka.

A Boating Hazard

You might be sitting on a keg of dynamite and not even know it.

According to the U.S. Coast Guard and the Parks and Wildlife Department's Water Safety Section, a cup of gasoline spilled in the bilges of your boat has the potential explosive power of 15 sticks of dynamite.

Venting gas vapors could save U.S. boaters \$4 million in damages and help avoid some of the more than 140 deaths and injuries annually attributed to explosions.

Ventilation ducts and cowls should be clear of obstructions and designed to effectively remove explosive vapors from enclosed compartments by means of suction and forced air.

Any Coast Guard or Coast Guard Auxiliary unit can provide information con-

cerning the proper design for a vent system.

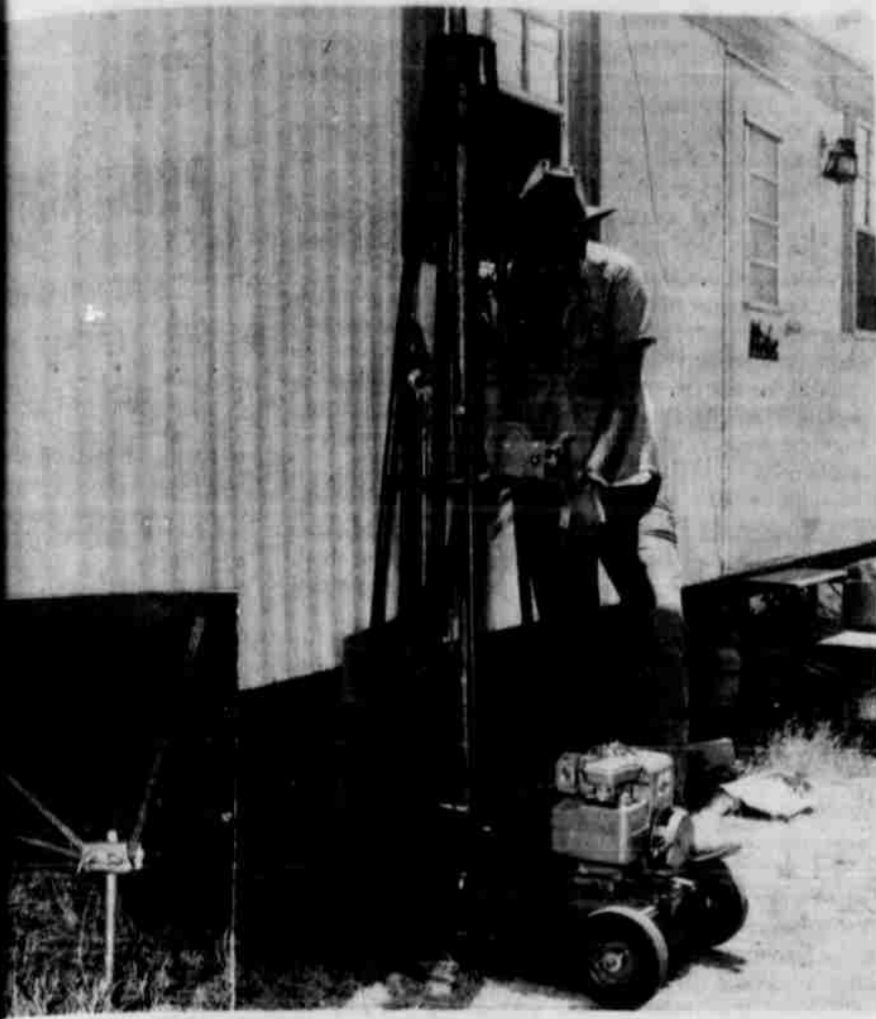

Although ventilation does its part, a faulty fuel line can spill more gas than can be vented.

Check the lines for cracks and weak spots at least once a year. Spend a few cents and replace a bad line.

There is more equipment to check. If you think you've done a good job on your boat's gear, contact the Coast Guard Auxiliary for a free Courtesy Motorboat Examination (CME).

Properly outfitted boats are awarded the CME decal and are not usually stopped by Coast Guard patrols for routine equipment checks.

Additional information can be obtained by writing: Office of Boating Safety, Eighth Coast Guard District, Customhouse, New Orleans, La. 70130.

HARGRAVE, installer for Best Way Mobile Home Anchors of Littlefield and view, is using a special patented machine to screw four feet long anchors in the ground to secure mobil homes. The finished product is inserted in the lower left hand. The anchor with a double adjusting head offers about three times the fastening that is required by the Mobile Living Communications Center. For estimates to your mobil home call 385-3870 in Littlefield or 293-1351 in Plainview. Protect your mobil home against wind damage, tie down today. adv.

FOOTE, OWNER of the Gaines County Farm Supply in Seminole, Texas, gives a check from Mr. and Mrs. L. B. Eady, owners of Lamb County Hog and Cattle. The check reflects a record high paid for hogs of 50 cents per pound! This is in comparison to last year when the price was 28 cents per pound and in 1971, 15 cents per pound. Eady, whose business is located between Littlefield and Amherst on Highway 24, says that "he sincerely appreciates his customers and promises the best service to that is possible." (adv.)

Handle South Plains Fair Scheduled Sept. 22 In Lubbock

"Shower of Stars" featuring two former residents—will help handle South Plains Fair's first eight-day exposition in Lubbock Sept. 22-29.

The biggest package put together for the fair, said manager Steve L. Davis in announcing the featured card, which includes singer-composer Mac Davis and English, the ex-citizens.

There'll be music and fun at every taste," Lewis is pointing out that a free evil act also has been added to the fair run has extended to include two day dates and a Sunday slate of entertainers.

22—Lobo and The Earls Revue.

23—Fiesta Mexicana, featuring Vincente Fernandez, El Mariachi Pappa, and Graciela Pappa, and Graciela Pappa. Oscar Zamora will be the show.

24-25—Mac Davis and Tony Orlando, and English and Guy Hovis.

26-27—Lynn Anderson and the Statler Brothers.

28—"Dawn", featuring Tony Orlando, and English and Guy Hovis.

29—Mel Tillis and the Dornan, "the boy from New Hampshire," who made dozens of appearances on the nation's top night talk shows, will be the star of ceremonies.

In addition, "The Starliner"—Hope and Mike

Kent—will perform a free high aerial act as an added fair feature. Among their features is an adagio performed on a small platform 18 inches in diameter and 120 feet in the air.

The eight-day card was approved by the fair board of directors following extensive study. Most fairs of comparable size run longer than the former six-day format. In addition, the extended run provides "some rain insurance," officials explained.

Davis is a singer-musician in his own right but he also has written hit tunes for such personalities as Elvis Presley, Lou Rawls, Kenny Rogers, Frank Sinatra, Andy Williams, Vikki Carr, Ray Price, Sammy Davis, Jr., Glenn Campbell and others.

Among his more recent hits were "Memories," "In the Ghetto," "I Believe in Music," "Don't Cry Daddy," "Something's Burning," "Friend, Lover, Woman, Wife," "Lonesome Lonesome," and "Watching Scotty Grow."

His newest album—"Baby, Don't Get Hooked On Me"—topped the one million mark.

Donna Fargo, who will appear here with Davis, has a string of successes following "The Happiest Girl in the Whole U.S.A.," which was the "Song of the Year" in 1972 and won for her a gold album and gold record. She also was named "Female Country Singer of the Year."

Guy and Raina have appeared in Lubbock before, both as a duo and as part of the Lawrence Welk Show. Raina

attended Texas Tech and while at the university, auditioned for a spot in a "Six Flags Over Texas" production. She got the job and it helped launch her career.

Orlando and "Dawn" also have been on the top rung of the hit ladder in recent weeks with "Tie a Yellow Ribbon 'Round the Old Oak Tree." "Rose Garden" catapulted Lynn Anderson into the bigtime. The recording topped the country and western charts and also was No. 1 in Germany, Norway, Sweden, England, Switzerland, Malaysia, Australia and Japan.

The Statler Brothers—featuring two brothers, Harold and Don Reid and two friends, Lew DeWitt and Phil Balsley—also have had a recent hit! "The Class of '57"—to match other "big ones," including "Flowers on the Wall," "Bed of Roses," "Your Foolish Game," "The Wreck of the Old '97" and others.

Tillis, billed as the "total entertainer," is a songwriter, singer, comedian and publisher. He'll be accompanied by "The Statesiders." Also appearing on the same show with him will be the "little girl (5-2)" with the "big voice"—Jody Miller.

Jody has recorded numerous hits for various labels, including "Silver Threads and Golden Needles," "Home of the Brave," and "Queen of the House."

Vincente Fernandez one of the top names in Mexico will headline Fiesta Mexicana on the first Sunday opening in

GERMAN STUDENT

Continued From Page 1 they dish out to him, and he gives some of it back.

Seltmann lives on a 150-acre farm between Frankfurt and Heidelberg with his parents, an aunt and uncle and three brothers. One of his brothers is older than he.

Besides producing crops, the Seltmanns also raise baby chickens and sell eggs, from which a great portion of their livelihood comes. "We have 12,000 laying hens and 500 breeding chickens," he said. "Our egg market is much the same as it is here, and feed prices keep going up, making egg prices go up too."

The average farm size in Germany is about 50 acres, he estimates, adding, "That is a new word I learned last week—average."

He says farm family life is much the same at home as it is here, and they eat a variety of food dishes, which are not like the food here. He complimented his hostess by nodding toward her and saying, "The food is good always."

Their chief crops are wheat, oats, rye and barley. Corn is grown mostly for silage, and sugar beets and potatoes are grown nearby.

In speaking of the climate, he says Germany is much colder and the summers there are not as hot as it is here. The cooler climates do not permit the raising of cotton or other crops that grow in hotter regions.

Apples and cherries are the primary orchard crops.

Due to the smaller country and the population that has to inhabit the land, all of the land is used to its fullest capacity. Most farmers are concerned about the fertility of the soil, and after wheat crops are harvested, they plant between crops for fertilizer.

Instead of driving pickups as farmers do here, German farmers drive Volkswagen station wagons," he said.

"We have four-wheel drive vehicles, and our pickups are a combination of a tractor and a pickup—they are even used to do some of the plowing," he continued.

Seltmann's hobbies include a dune buggy painted with flowers and big eyes, and enjoys riding, dancing and making home movies.

He serves as a volunteer fireman in his hometown of 6,000 persons and also is a certified butcher.

One of the things which has impressed him most is the way Texans eat barbecue. "I have been to ten barbecues since I arrived. Every family seems to have a reunion and they all eat barbecue—it's good food—and I'm sure I've eaten 25 pounds of barbecue in the nine weeks I have been in the U.S.A."

Seltmann is impressed with feed lots in the area, but feels the lots would create pollution problems for the high population area in which he lives. "Our cattle serve two purposes—for milk and meat," he said.

He is a member of a riding club in Germany and likes the

history.

Tickets for all shows will be \$2.50, \$3.50 and \$4.50. Show times will be at 5:30 and 8:30 p.m. daily. Mail order requests for tickets may be mailed to the fair at P.O. Box 208, Lubbock 79408, after August 1st.

American rodeo. German schools are different than those in the U.S. in several ways. Germany has a 10-month school term with only six or seven week vacation time and a week off for Christmas.

Students in the elementary grades are those in the first through the fourth grades. Junior high is for students from the fifth through 11th grades, or for high school for those smarter students to go through the fifth through 12th grades.

Seltmann says there are two religions in Germany—Catholic and Protestant. He says he is Protestant and his mother is Catholic. He says there are a few Jews who attend the synagogues, and some of the larger towns have small Baptist churches and small Churches of Christ.

On referring to his "whirlwind" of activities while in the states, he says his "real whirlwind" will begin when he gets back home, when he will show his movies of his journeys and travels while in the U.S.A.

All-Stars Lose, 7-6

Passage of the Agriculture and Consumer Protection Act late July 19 by the House in Washington has to be looked upon as a step toward final enactment of a farm program to succeed the Agriculture Act of 1970 which expires this year.

"But we are still a long way from having a farm bill signed into law," cautions Donald Johnson, executive vice president of Plains Cotton Growers, Inc. Johnson, along with PCG President Ray Joe Riley of Springlake, was in Washington all of the week preceding the final House vote and during much of the previous debate on the controversial measure.

The House bill, passed amid more than a little confusion by a margin of only 44 votes, 226 to 182, now goes to a House-Senate Conference Committee where the attempt will be made to reach an acceptable compromise between the House and Senate versions. No immediate move was made by House Agriculture Committee Chairman Bob Poage to send the bill to conference and there was no indication at noon the following day as to when such a move might be expected.

Both House and Senate bills are built on the "target price system" conceived in the Senate Agriculture Committee. For cotton the Senate's five-year bill sets the 1974 target at 43 cents a pound, with payments to make up the difference between that price and the average of spot market quotations for Strict Low Middling inch-and-a-sixteenth cotton during the first five months of the marketing year.

The House four-year bill calls for a 38 cent target, with payments calculated as the difference between 38 cents and the average price paid to farmers for all cotton over a 12 month period. So the two target prices are not directly comparable. Average prices paid to farmers over a full year can be expected to average from 1.5 to 2 cents per pound lower than a five month average of SLM inch-and-a-sixteenth spot quotations.

The different House language, according to Johnson, "is something PCG worked for and if upheld by the conferees will be a definite improvement wherever the conference committee sets the target price in cents per pound."

Both Senate and House bills retain the two-way escalator clause which provides for adjustment of the target price after 1974 to reflect production costs and changes in production efficiency. This is the clause which caused Secretary of Agriculture Earl Butz to state he would recommend a presidential veto. Administration sources say the escalator clause could cause program costs for the four years to reach as high as \$12 billion.

"And there is a distinct possibility that President Nixon will follow the Secretary's recommendation," Johnson said.

One of the most debilitating features of the bill in the minds of farm leaders is the \$20,000 per person limit on

total payments. And this becomes a more serious fault when coupled with the House action banning the sale and lease of allotments, a provision not included in the Senate bill.

"We are bitterly disappointed in the \$20,000 limit," Johnson stated, "but it appears now our only hope for partial relief is that the conferees will agree to delete the House's ban on sale and lease."

The Conference Committee will also be called upon to reconcile a difference in language used by the House and Senate with regard to the level of non-recourse loans on cotton. The Senate would recommend a loan at 90 percent of the three year average of world market prices for cotton, but give the Secretary virtually unlimited authority to lower the loan if he thought it necessary to keep U.S. cotton selling at competitive prices.

The House bill, which conforms to recommendations made to the Agriculture Committee by PCG, calls for a loan at 90 percent of a three year average of world market prices for American cotton, with the Secretary having only the power to reduce the loan to 90 percent of the current year's world price if he thought it advisable.

"The difference to cotton farmers between the House and Senate loan provisions might mean the difference between a loan at 20 cents or so and a loan at 26 or 27 cents," Riley said, "and we will do all we can to get the Conference Committee to retain the House language."

Child Abuse Should Be Reported

Day care workers, schoolteachers, doctors, neighbors—anyone, in fact—who suspects child abuse or neglect and fails to report it may now be charged with a misdemeanor and punished by fine or jail sentence.

The new law, which passed both houses of the Legislature in May and was signed into law by Governor Dolph Briscoe Wednesday, June 13, prescribes punishment ranging from \$100 to \$500 or a jail term of 10 days to six months, or both.

Rep. Chris Semos of Dallas, House sponsor of the bill, says the new law is simply an extension of a 1971 law making reporting child abuse mandatory. The problem now, Semos says, is making the public aware of the bill and urging lawmen to enforce it.

Most doctors know how to recognize abuse, particularly through bone x-rays. They also know to question multiple bruises and cuts, unexplained burns, hemorrhages and anemia.

Schoolteachers, day care and nursery school personnel, neighbors and relatives are also in positions to protect children by reporting signs of neglect or abuse which they have observed.

The American Humane Association's Children's Division suggests some key signals of abuse which may be present in a child's appearance or behavior:

- Dirty or torn clothing, or clothing inappropriate for the weather
- Unusual fatigue or listlessness
- Lack of proper nourishment
- Physical injuries or complaints
- Unattended medical problems, such as glasses or dental work
- Unusual shyness or aggressiveness
- Frequent tardiness or absence from school, or early arrival and delayed departure from school

The Association also suggests that parental attitudes—such as apathy toward his problems and refusal to allow him to take part in school activities.

If abuse is suspected, it should be reported to the county child welfare unit or to any local or State law enforcement agency.

The Littlefield Babe Ruth All-stars let a 6-0 fifth inning lead slip from their grasp and fell to Del Rio 7-6 Thursday in the state Babe Ruth Tournament in Graham.

The loss was the second for the local Stars and dropped them from contention.

Littlefield went right to work in the top of the first. Leadoff batter Ray Vargas punched a single and then scored on Bill Turner's shot to short. Turner was safe on the shortstop's error and moved on around to score later in the first.

John Marquez, on the mound for Littlefield, worked through the Del Rio lineup easily in the early stages of the game. He held them scoreless for the first four innings, while Sergio Gonzalez of Del Rio settled down to stop Littlefield in the second and third.

Then in the fourth, Littlefield erupted for four runs. Vargas started the rally with a double. Ronald Parmer doubled to drive in Vargas, and scored on Doug Perrin's single. Perrin scored after Marquez got on base by a fielding error. Marquez came home moments later, and Littlefield had a healthy 6-0 lead when Del Rio came to bat in the fifth.

Using four hits, three walks, and two Littlefield errors, Del Rio came across with six runs to tie the game. Littlefield couldn't score in the sixth, but Del Rio got one run on a sacrifice fly to center.

That made it 7-6, and Littlefield had to get at least one run to stay in the game. Two baserunners got on by walks, but Eddie Ortega, who had replaced Gonzalez in the fourth, got the final out and the win.

Del Rio and Lynn County played Saturday in the championship game.

MR. AND MRS. John Latham and grandsons, Cliff and Chris DeSautell, spent the day Sunday at Lake Thomas in the home of her sister, Mr. and Mrs. Jack Eakers and her mother, Mrs. Lillie Flowers. They met her brother there from Houston, Mr. and Mrs. James Flowers, and another sister, Mrs. Laverne Vaught of Hobbs with them.

L. D. HOLT of Springfield, Colo. spent the weekend with his parents, the H. Leo Holts. Their daughter, Mrs. Shoichi Oki and girls Tamara, Allison, and Andrea from Montclair, N. J. are also guests of the Holts.

MR. AND MRS. John Blackman visited Monday morning with T. A. Thomas at his home in Morton. Mrs. Thomas hopes to return home this week after having major surgery Tuesday of last week at the University Hospital in Lubbock.

EXPORTED CROPS
One out of every four acres of farm crops raised in the United States goes to another country.

Before you can hire handicapped people, you've got to know where to find them.

If you are interested in hiring people who have overcome their handicaps, hard-working, skilled men and women, write to your State Director of Vocational Rehabilitation.

Tell him what kind of business you're in. What job openings need to be filled.

And he'll put you in touch with the right people for your company or organization. People who will work to their fullest potential. And help your company—and our nation—prosper.

Write: Director, State Department of Vocational Rehabilitation at your state capital.

Farmcast

A Weekly Report Of Agri-Business News

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

Milk Production Declines As Predicted... Broilers, Eggs Also Show Declines... Citrus Tree Plantings Increase... Cattle Feeding Increases.

Milk Production in Texas as well as the nation is following a year-long pattern of declines, which has been predicted by dairy group spokesmen. Texas milk production for June is 5 per cent below the previous month's production, although it is slightly above June of a year ago.

Nationwide, milk producing is 2.5 per cent less than a year earlier. Production during the first half of this year is running 2 per cent under 1972. The number of milk cows, nationwide, also has declined by 2 per cent.

The cost price squeeze in the dairy industry is also dramatized in the milk-feed price ratio. That ratio is down 27 per cent from a year ago. It is also the lowest June ratio since 1955.

EGG production in Texas during June is down 4 per cent from a year ago and 5 per cent under last month. Nationwide, a decrease of 5 per cent is noted from the same month a year ago.

Broiler chick hatch in Texas during June is down 7 per cent from a year ago and 10 per cent under the preceding month.

CITRUS tree plantings are on the increase in the Lower Rio Grande Valley. Licensed citrus nurserymen and private citrus nurserymen in the Valley reported 230,000 citrus moved from nurseries to groves during the period July 1, 1972 to June 30, 1973.

This is 12 per cent above the previous year when 206,000 trees were set out; these totals reflect new plantings in commercial groves.

Of the total, about 98 per cent are grapefruit; about 2 per cent oranges; less than 1 per cent lemons, limes, tangerines and tangels.

The number of grapefruit trees planted was up 15 per cent from the previous year. More than half of the 1972-73 plantings were of the Star Ruby variety.

Movement of orange trees to groves continues to decline. Plantings at 4,000 trees were down 50 per cent from the previous season and far below the planting rate of prior years.

CATTLE on feed in Texas and the nation continues to increase. As of July 1, a total of 2,335,000 head of cattle and calves were on feed in Texas. This is 10 per cent above a year ago, 4 per cent above June 1, and 3 per cent above April 1.

Large feedlots—those with 1,000 plus capacity—numbered 234. Steers accounted for 1,513,000 head of the cattle on feed.

Cattle placements on feed in Texas feedlots from April 1 to July 1 were down 11 per cent compared to a year ago. Cattle marketed out of Texas feedlots is 4 per cent above marketings compared to the same period of a year ago.

Feedlot operators intend to market 1,238,000 cattle between now and September 30. This would be 6 per cent more than marketed during the same quarter last year.

Nationwide, cattle and calves on feed is up 2 per cent from a year ago. Cattle feeders plan to market about 1 per cent more than those actually sold during the July to September period of a year ago.

"THE PROCLAIMED SINGING GROUP FROM THE DENVER AREA WILL BE AT PARKVIEW BAPTIST CHURCH TODAY (July 29) 10:30 A.M. and 6:30 P.M. Nursery Available
