

Senate Defeats Reappointment Of Olds To FPC

Third Sharp Rebuff Given Truman On Major Nomination

WASHINGTON, Oct. 13 (AP)—A scorching 53 to 15 defeat of the reappointment of Federal Power Commissioner Leland Olds today handed President Truman his third—and sharpest—Senate rebuff this year on an important nomination.

C.R. Anthony Store Suffers Big Fire Loss

Flames claimed a heavy toll of merchandise and inflicted considerable damage to the building at the C. R. Anthony department store Wednesday night in the largest of three blazes that kept city firemen in action for several hours.

M. C. Grigsby, manager of the Anthony stores, said an exact assessment of damage would be made as rapidly as possible.

Fire Chief H. V. Crocker said he believed the loss might run as high as \$35,000 to merchandise and \$5,000 to the building.

Heat and water damaged considerably merchandise in addition to the flames.

Crocker said the blaze apparently started from an electrical plug at the rear and top of the north show window. The fire chief said he believed an arc formed at the plug.

C. R. Anthony was due to arrive here early this afternoon by chartered plane to survey the damage. Grigsby said the store will decide upon its future plans after Anthony makes his survey. An insurance adjuster from Midland also was due here to begin assessing the damage.

Conferees Split On Military Money Measure

Solons Disagree Sharply Over Size Of Air Force

WASHINGTON, Oct. 13 (AP)—A Senate-House conference today broke up again in disagreement over the huge military money bill.

House members of the conference committee walked out after refusing to back down on demands for a 58-group Air Force.

The Senate is backing President Truman's recommendations for a 48-group force.

The dispute over the Air Force funds in the \$15 billion appropriation bill has spilled over to involve all three armed services.

It has left the Army Navy and Air Force without legal authority to spend a dime. It also has threatened to delay adjournment of Congress.

Since July 1—the start of the new fiscal year—Congress has kept the government's agencies and department running by approving emergency spending programs.

The last stop-gap measure ended on Oct. 1. The military appropriation is the only big money bill remaining.

Canton Quitted By Nationalist Forces

HANDSHAKE FROM HALSEY — Admiral Arthur W. Radford (left) gets a smile and handshake from Fleet Admiral William F. Halsey in Washington after Radford testified before house armed services committee.

Radford, Pacific fleet commander, said that decisions are made in "the highest offices in the defense establishment" without benefit of facts that only the navy could give.

Air Force Will Reply To Criticism Of B-36

WASHINGTON, Oct. 13 (AP)—The House Armed Services Committee agreed today to hear the Air Force next week in reply to the Navy's bitter criticism of its B-36 bomber program.

Secretary of Defense Johnson also will testify then. Chairman Vinson (D-Ga.) and Secretary Johnson held a long conference this morning.

Vinson announced the schedule for the next phase of the committee's inquiry into military policy.

Vinson said that beginning next week the committee will hear Gen. Dwight D. Eisenhower, Gen. Omar Bradley, Secretary of Air Symbion and Air Force officers.

Then, he added, "Secretary Johnson will give the committee and the country" his views.

Johnson, as civilian boss of all the armed services, is caught squarely in the cross-fire of the angry controversy over military policy.

He also has come in for harsh words from some Congress members because, by executive order, he has cut back appropriations that the lawmakers made for the Navy.

Vinson publicly accused Johnson yesterday of making "a grandstand play" by economizing on Navy funds, he said the committee "is to have a lot to say about this."

Rep. Bates (R-Mass.), a committee member, expressed strong hope that the hearings into defense policy will cause the junking of Johnson's bitterly-disputed decision to halt construction on a Navy super-carrier.

As these storm warnings were raised on Capitol Hill, the Navy arraigned the last of its top brass before the committee to wind up its case against what it terms an "unbalanced" defense policy, too heavily weighted in favor of strategic bombing and the B-36.

Topping the Navy witness list were Fleet Adm. Chester W. Nimitz, wartime Pacific commander in chief; Adm. R. A. Spruance, Pacific task force commander; Adm. Louis E. Denfeld, chief of naval operations; and Adm. Louis de Florez, top Navy researcher.

Capital City Awaiting Entry Of Communists

80,000 Government Troops May Be Encircled By Reds

CANTON, China, Oct. 13 (AP)—The main body of the Canton Nationalist garrison fled westward tonight down the main highway.

Nationalist resistance to the Communists in the entire Canton region had collapsed.

HONG KONG, Oct. 13 (AP)—Telephoned reports from Canton said Nationalist forces tonight abandoned the South China city. Plans for all organized resistance ended within the provisional capital.

Entry of Communist troops is now awaited.

Earlier information from Canton said troops had pulled out of Canton, but this was coupled with reports the Nationalists had been ordered north to defend the city.

New Zealand Presbyterian missionaries told an Associated Press correspondent in Canton they had heard heavy gunfire around Kowloon, 18 miles from the city.

But there was nothing as yet to indicate whether the Nationalists were quitting the city under military pressure or whether they were attempting to reach escape corridors ahead of the swift moving Red troops.

Communist troops last were reported driving directly down the Canton-Hankow railroad to within 30 miles of Canton. There was no telling whether the gunfire at Kowloon was Red or Nationalist artillery.

As yet, Hong Kong has heard no reports of Nationalist resistance, but 80,000 government troops in the Canton region face isolation by encircling Reds and by insufficient shipping to escape to the sea.

The British massed troops near the border separating British Kowloon territory and Chinese property, but they did not expect trouble.

The Nationalist government fled to Chungking, acting President Li Tsung-Jen left by plane for Kweilin in neighboring Kwangsi Province where an army of some 250,000 has been salvaged out of recent setbacks.

Li has been studying with Generalissimo Chiang Kai-shek and there was speculation that he might not go on to the new refuge capital.

119 Cases Disposed Of In District Court This Week

The 70th District Court tally sheet this morning showed 119 cases disposed of this week, but the docket still bulged with 627 entries.

Judge Charles N. Sullivan found 34 civil cases and 19 criminal cases Wednesday afternoon when he examined the docket for Martin county.

Eleven of the civil cases were dismissed there, while three divorce cases were tried Wednesday afternoon and four criminal cases were dismissed.

Martin county's first term of court under the new 118th district will begin on the first Monday in January.

Howard county still has over 500 civil cases and 65 criminal cases on its docket, while the remainder of the district's total is in Glasscock county.

Steel, Coal Strike Parleys Continue

WHITE SULPHUR SPRINGS, W. Va., Oct. 13 (AP)—John L. Lewis disclosed today that his contract demands on soft coal operators would cost 30 to 35 cents a ton more than now. He said the industry could absorb it out of profits.

Lewis, at a 75-minute news conference, went into an exhaustive outline of his theory that powerful financial and steel interests were determined to hold up a coal settlement until they "battled it out" in steel.

By The Associated Press The steel and coal strikes commanded top attention of federal conciliators today at both disputes neared the critical stage.

Negotiations to end the 25-day old coal strike continued in White Sulphur Springs and Charleston, W. Va.

The government's conciliation director, Cyrus S. Ching, hopes to get leaders of the CIO-United Steelworkers Union and industry officials back at the bargaining table.

Ching planned to meet today with representatives of the Bethlehem Steel Co. in New York. He also planned sessions with other major steel producing companies and hopes to meet later with Philip Murray, CIO-USW president.

The two strikes have made idle nearly 300,000 workers and continuation of the work stoppages threatens to idle additional thousands.

The biggest threat appears to be the fabricating steel industry—the plants that use steel for hundreds of articles. Some 500,000 USW workers are employed in the fabricating plants and Murray

wants free pensions and insurance for them as well as for the 454,000 men on strike.

Their contracts begin expiring Saturday. About a dozen firms, which employ a few thousand workers, have signed new contracts with the union, agreeing to pay the 10-cent hourly package recommended by the presidential fact-finding board.

Murray, in a radio speech last night urged the public to support the steel strike because "our cause is just and righteous." He said the steel workers "cannot and will not permit any wage cut, whether by the false principle of contributory pensions and insurance or otherwise."

The big steel companies have said they will pay toward a pension insurance program—but only if the workers also contribute.

Gunfire was reported in the coal strike at Harriman, Tenn., police Chief E. E. Patterson said a band of armed men shot down the tires of a coal-laden truck from a non-union mine near London, Ky. last night.

Long Beach Doctor Beaten To Death

LOS ANGELES, Oct. 13 (AP)—A Long Beach doctor was found beaten to death today in a lover's lane, apparently a robbery victim.

Police identified the victim as Dr. Donald George, 50, who has a medical center at Long Beach.

Det. Sgt. George Burroughs said the doctor had been playing poker at a club in nearby Carlsbad. They added that he had left the club without his wife. Poker is legal in Carlsbad.

Cotton Picker Held In Slaying Of Big Springer

FORT WORTH, Tex., Oct. 13 (AP)—A 41-year-old transient cotton picker, held here on a robbery charge, today was identified by fingerprints as suspect in a Big Springer murder last month.

He is David Crockett Callaway, charged Sept. 17 in 70th Judicial Court in Howard County with the bludgeoning slaying the day before of Hope Leonard, 49, Big Springer trucker.

Callaway denied guilt in the murder while questioned in county jail here by Deputy Sheriff John Roberts and newspaper reporters.

He admitted leaving Big Springer around the slaying date but said rain at that time had spoiled prospects of cotton picking.

He said he was a native of Palestine and had tramped over the state recently, staying briefly in Lamesa, Lubbock, and Colorado City in the last few weeks.

The suspect said he came to Fort Worth last Thursday. He was arrested here the next day and charged in Justice Harley's court with two other men as suspects in the assault robbery of Norman Daniel.

His fingerprints were sent to the Department of Public Safety in Austin, and a report received here Thursday said the prints checked with those on file on the suspect in Big Springer.

Callaway's prints were taken there a few days before the murder when he was arrested on a drunk charge, according to Howard County Chief Deputy Sheriff C. E. Kiser.

Deputy Sheriff C. E. Kiser said that he planned to take witnesses who had seen Leonard together in company with another man prior to his slaying, to Fort Worth to view Callaway. They plan to leave here either today or Friday.

Shirley Temple's Marriage On Rocks

HOLLYWOOD, Oct. 13 (AP)—Shirley Temple's marriage is on the rocks, her attorney announced today.

The 21-year-old actress and John Agar have separated, Atty. George Stahlman said, and he is drawing up divorce papers. He said the grounds have not been determined.

A close friend, however, said she probably will charge mental cruelty.

"There is no career trouble," the friend said.

The blonde one-time child star, who in recent years has made a comeback as an adult, married Agar, also an actor, Sept. 19, 1945. Their daughter, Linda, was born Jan. 30, 1948.

Insurance Firm Ordered To Bargain With Office Union

WASHINGTON, Oct. 13 (AP)—The National Labor Relations Board today ruled that the American National Insurance Co. at Galveston had refused to bargain collectively with an AFL union representing its employees.

The NLRB ordered the firm to resume bargaining with Local 27 of the office employees international union. The board also found that the Galveston firm had illegally questioned and threatened its employees regarding union activity.

However, the board ruled against the union by finding that Emma Moore, an employee which the union claimed was discriminatorily discharged, actually was discharged because of inefficiency.

11,247 Bales Of Cotton Ginned In Howard County

Howard county cotton gins are humming along on their task of processing one of the largest cotton crops in history.

The Texas Employment Commission's weekly survey, which was tabulated this morning, showed that 11,247 bales had been ginned at the first of the week, and estimates are that considerably less than one third of the county's crop has been harvested.

The TEC report estimated that 50 percent of the crop is ready for harvest, but only about 28 percent had reached the gins. The estimate, pegged at 37,000 bales earlier in the season, has been elevated to 40,000 bales.

The TEC office reported that 1,700 more harvest workers are needed immediately in Howard county. Ten crews averaging 24 workers each arrived here last week, but there were still 49 unfilled orders and 1,788 unfilled orders listed. The TEC office made 1,442 referrals last week.

In Martin county, where the crop is estimated at 50,000 bales, ginning figures had mounted to 9,140 bales. The crop there is believed to be 50 percent open, and 183 percent harvested. Martin county farmers need 1,000 more harvest laborers, the TEC said.

Mitchell county gins had processed 9,221 bales by the first of the week, and expected a total of 40,000 bales before season's end. Mitchell county farmers need a need about 900 more harvest laborers.

GOV. BROWNING ANSWERS DABNEY

Mayor G. W. Dabney has received a letter in answer to his communication with Gov. Gordon Browning, Nashville, Tennessee.

Governor Browning wrote: "It has been a pleasure for me to accommodate your good town x x x and I am glad Grandstaff could add to the occasion. It was not only the courtesy to Big Spring, but also was anxious to comply with the request of your governor, who urged me to do it. I only regret that I could not accept the invitation extended me to attend your celebration."

Agreement Reached On Mexican Labor

WASHINGTON, Oct. 13 (AP)—Two Texans announced last night, after three days of conferences with President Truman and high national officials, that Mexican farm labor recruitment difficulties are virtually settled.

Details of the agreement were announced by Austin Anson of Harlingen and Charles B. Ray of Mercedes. Anson is manager of the Texas Growers and Shippers Assn. Ray is manager of the Valley Farm Bureau.

Anson said machinery to carry out the plan in the Rio Grande Valley will be put in action at once.

The two men plan to leave by plane today for home.

All American employers wanting to hire Mexican farm hands, Anson said, now may do so simply by stating on their application filed with U. S. Employment Service officials that they will pay the "prevailing wage."

Anson said that the "prevailing wage" for his part of Texas is to be determined immediately by the U. S. Employment Service and the Texas Employment Commission.

The two agencies are to make a study of wages being paid in the southern part of Texas in an area roughly between Eagle Pass and Corpus Christi including Uvalde, Carrizo Springs, and the Lower Rio Grande Valley.

In addition to this action, Anson continued, negotiations are to be started immediately between State Department and Mexican authorities with a view to reducing the minimum duration of contracts from the present four-month period to six-weeks. Growers in South Texas have complained that the four-month period was too long in their area, where need for help in harvesting of perishable crops might be over in a much shorter period.

Construction Of New Buildings In City Announced

Contract letting dates for the construction of three new buildings and for the installation of air conditioning equipment in the First National bank have been announced by Puckett & French, architect and engineering firm handling the projects.

The contract will be let for the construction of a warehouse for A. K. Lebowitz & Son on Oct. 18, Olen Puckett said. Air conditioning contract for the bank will be let on Oct. 20 while contract for residential construction for Shelby Road is to be granted Oct. 21.

All three jobs will be given contractors at 2 p. m. on the dates indicated in the Puckett & French office in the Petroleum building.

Bids will be accepted for the construction of a new Church of Christ building at 14th and Main streets at 5 p. m. Nov. 3. The contract for that project will be let from the church offices.

AWARD IS \$21,889.30

Scottish Lord Winner Of Nobel Peace Prize

OSLO, Norway, Oct. 13 (AP)—Lord Boyd Orr, a bushy-browed Scotsman who believes wars can be prevented by creation of a world federal government and raising more food to prevent hunger, is the winner of the Nobel Peace Prize for 1949.

The Norwegian Parliament's Nobel Committee announced the award last night. Boyd Orr is a food expert and practical farmer. He formerly headed the United Nations food and agricultural organization.

No Nobel Peace Prize was given in 1948. The 1947 prize went to the American Friends (Quakers) Service Committee and the Friends Service Council, London.

The prize, awarded from a fund set up in 1896 by Alfred B. Nobel,

the inventor of dynamite, amounts to 156,293.82 Norwegian kroner (\$21,889.30). It is awarded to persons deemed outstanding in promoting peace among nations.

Expressing surprise at his selection, Lord Boyd Orr told a reporter in Dundee, Scotland, that he would use the money to promote peace and world government.

He added: "The important thing in the world today is to get the nations to co-operate."

The Nobel committee does not give reasons for its awards. The 69-year-old recipient, known as Sir John Boyd Orr, until he was made a baron last January, said he believed the prize was given him for his proposals for a world food plan as well as for his work for a world federal government.

Guns Stolen In Burglaries Here

Three firearms were stolen in two burglaries Wednesday, police stated today.

Mrs. Ruth Jackson, 411 Owens, reported that a rifle and shotgun were taken there early Wednesday morning. Mrs. James A. Harrison of the local Salvation Army said a .22 caliber revolver was taken from her bedroom Wednesday night.

Twenty jars of preserves and some groceries were taken in the Jackson burglary.

NECKLINE REALLY PLUNGES

New Look For Men Is Unveiled In Gay Paris

PARIS, Oct. 13 (AP)—Plunging purple neckline and all—the new look for men has been unveiled in Paris.

It's all because Tailor Gaston Waltener believes man today is in a state of "vestimentary interiority," Waltener yesterday showed an audience of 500 what he would do about it.

Four young men from the conservatory of dramatic arts—there were no male fashion models to be had—turned and walked about to show 16 such confidence-boosting ensembles as:

A black ski outfit, with red paisley scarf and green-laced boots;

Finger-length coats;

Alligator skin shoes with inch-high crepe soles;

A purplish prune-color dinner jacket with "plunging neckline"—plunging to the middle of the stomach.

An equally prune-hued tailcoat, with opera cape of lighter purple sporting an elaborate antique silver chain clasp.

A sample comment came from a British reporter who wore a poison green tweed jacket, non-matching slacks, grey pullover and red and blue necktie hanging outside: "If I'd known what was coming up, I'd have worn my dancing shoes."

Girl's Burlesque Training Stands Her In Good Stead

BALTIMORE, Oct. 13 (AP)—Margie Hart isn't in burlesque anymore—but she has a good ear for the old, familiar audience reaction. Margie is now appearing in the legitimate drama, "Light Up The Sky," at Ford's Theatre. One of her costumes is a pair of black velvet pajamas. That old reaction came from the other side of the footlights last night when she turned her back. Margie whirled quickly, placed a bohemian around her hips and sidled over to a window seat. She finished the scene facing the audience. Now, Margie's thinking strongly about buying sturdier pajamas—ones that won't split down the back.

Validity Of New Court Questioned

GALVESTON, Oct. 13 (AP)—The question whether Harris County's new probate court is constitutional is before the Galveston Court of Civil Appeals. The court was created by the last session of the legislature. The act creating it was upheld by District Judge Wilmer D. Hunt of Houston. His decision was appealed Wednesday. The appeal challenges the right of Clem McClelland to hold and exercise the powers and duties of judge of the probate court. Three Houston citizens, Carl Hectors, Morris Rosenthal and Howard Lee, are attacking the court's constitutionality.

Attlee Rejects Demand For Fall General Election

LONDON, Oct. 13 (AP)—Prime Minister Attlee turned down today demands for a general parliamentary election this fall and decided that his Labor Government would ride out Britain's economic crisis. The announcement that there would be no early election was made, an official statement said to quiet "disturbing effects on trade and industry" caused by wide-spread speculation of a vote this fall. The Labor Government's five year term runs until next July under Britain's constitutional system, the prime minister has authority to call an election at any time. Ever since Britain devalued the pound from \$4.03 to \$2.80 in Sept. 18 there has been a rash of predictions that Attlee might seek an early vote of confidence from the people. Leftwing laborites had urged a vote soon on the ground that rising prices caused by devaluation might cut into the government's popularity within a few months.

The 49th national women's amateur golf championship will be staged this year at the Merion Golf Club, Ardmore, Pa., Sept. 12 through 17.

Texas Roads Suffer Under Heavy Traffic

AUSTIN, Oct. 13 (AP)—Highways built in Texas 20 years ago are beginning to crumble under the constant pounding of traffic. It would be desirable to re-design most of the primary arteries and re-align most of them for safety. It would cost several hundred million dollars to put Texas' main roads in first-class shape, and where the money coming from? Those three assertions contain the meat of a recent statement issued here by Fred Wemple of Midland, chairman of the state highway commission. He said highway planners are becoming increasingly concerned over the cost of maintaining state roads. That cost runs around 22 million dollars a year. Most of the main routes through the state were built almost 20 years ago. The rate of their run-down increases every year. Wemple said, and the time is nearing when patching them up here and there will not help much. Texas continues to lead the nation in the total mileage of roads built. The latest estimates call for 4,250 miles to be completed in 1949. Elsewhere in the nation, only seven states that will build more than 1,000 miles of road this year. North Carolina with 3,000 new miles should wind up next to Texas. Each mile of new roads adds to the maintenance problem. "Although a large number of new roads are being built, we cannot be content with the highway situation in Texas," Wemple said. "The size of the state demands more road mileage than any other state. As we build more and more new roads, they are added to the list for maintenance. Unless some solution is found for the highway maintenance problem, we shall soon find the our worst roads are the heaviest traveled roads." Wemple offered no immediate solution. He did say the financial condition of the state and nation was such that a general overhauling of the primary road system was impractical now. The state highway program is chiefly dependent on the gasoline tax for basic revenue. The legislature supplemented that with a direct allocation on the earnings. State funds are also supplemented by local and federal money on specific types of projects, but the gasoline tax is still the major income. Wemple's statement aroused considerable speculation in the capital as to whether or not the legislature would be asked to find more money for roads. In 57 meetings between the New York Yankees and New York Giants since 1910, the Yankees have won 28, the Giants 27 and two were ties.

First Woman Named To Envoy's Post

WASHINGTON, Oct. 13 (AP)—Eugene Anderson of Red Wing, Minn., has been nominated to represent the United States in Denmark as this country's first woman ambassador. President Truman sent the name of the 40-year-old Democratic national committee woman to the Senate yesterday to succeed Josiah Marvel, who vacated the Copenhagen post some months ago. At the 500-acre Minnesota farm where she and her artist-husband live, Mrs. Anderson said she is an "ardent supporter" of Mr. Truman's foreign policy and added that she was "especially happy to be nominated as ambassador to Denmark." There have been women ministers representing the United States

abroad — Mrs. Perle Meats at Luxembourg is one; Mrs. Ruth Bryan Owen, was another — but no woman ever before has held the full ambassadorial rank.

TWO SLAIN, FIVE WOUNDED WHEN GUNMEN TRY TO HOLD UP GAME

MUNCIE, Ind., Oct. 13 (AP)—Two men were slain and five others were wounded, one seriously, early today when two gunmen attempted to hold up a poker game in a downtown cigar store. The gunmen fled after firing more than a score of shots at the 10 men who, Police Chief Harry Nelson said, were playing cards in the rear of the store. Later one of the gunmen, wounded in the hall of bullets, was captured and moved to a hospital. Nelson said he was admitted his part in the shooting. No charge was placed against him immediately. Nelson identified the dead men as Theodore Haines, 43, a Muncie restaurant owner, and Dewey Williams, 54, an unemployed laborer. Haines was shot through the heart and fell dead beneath one of the three card tables in the rear of the "New Deal" cigar store. Williams, hit several times about the abdomen, staggered to the front of the store and fell fatally wounded. Nelson identified the captured gunman as George E. Graizer, 27, of Bedford, Ind. Graizer, weakened from loss of blood was taken to Ball Memorial Hospital. He was suffering from a bullet wound in the abdomen. Nelson said Ralph Frazier, owner of the cigar store, was seriously wounded from a bullet in the stomach. The others wounded in the shooting were Glen Castle, 40, a machinist, Tom Cook, 55, and John Stewart, all of Muncie. Nelson said Frazier told him one of the gunmen had been in the rear of the store and when the seven gunman entered he drew a gun. Frazier said he shouted "watch that man with a gun," and both gunmen started shooting. He said they fled without taking any money after firing between 20 and 25 shots.

Retired U. S. General Sought In \$130,000 Martial Law Suit

HONOLULU, Oct. 13 (AP)—A United States marshal said today he was trying to find Lt. Gen. Delos C. Emmons, former military governor of Hawaii, to serve a three-year-old summons. The retired general is named in a \$130,000 martial law suit brought by Mr. and Mrs. G. Herbert Walther of Honolulu in 1946. Marshal Otto F. Heine said his office hasn't been able to serve the summons. Emmons and his wife arrived here yesterday aboard the Army Transport General Buckner on their way to Tokyo for a vacation. At the dock to greet them were Lt. Gen. Henry S. Aurand, Mr. Aurand and Brig. Gen. Albe E. Pierson. No one from Heine's office was there. Later in the day, deputy U. S. Marshal Emmanuel U. Moses said he called Aurand's residence with the summons. He said he was told Emmons was not expected there. Moses said he then called the Fort Shafter Officers Club where a cocktail party was scheduled for Emmons. He said he was informed the general was not expected there, either. Emmons was scheduled to sail for Tokyo on the Buckner today. The Walthers' suit claims compensation for alleged unlawful imprisonment during the war.

Two Boys Crushed To Death By Piano
CORTLAND, N. Y., Oct. 13 (AP)—Doug Stebbins, 4, and his brother Roy, 3, were crushed to death yesterday when an upright piano their mother was moving toppled over. The children had been playing on the living room floor in their home. Their distraught mother, Mrs. Andrew Stebbins, ran a quarter of a mile before she found two neighbors to help her right the piano. The boys were pronounced dead on arrival at a hospital. Admission fees were first charged in 1927 for the U. S. Open and 15,087 paid to see Gene Sarazen's first victory.

From where I sit... by Joe Marsh
But Curly "Knows" What The Score Is!
Was over at Doc Sherman's drug store listening to the World Series on the radio. Curly Lawson wanders in and says: "How about a chocolate malted, Doc?"
"Sorry, Curly," says Doc, "can't make you a malted for a while yet." "What's the idea?" Curly asks. "Well," says Doc, "most of the folks want to hear the game and the mixer makes too much noise." Curly thinks a moment and says, "Okay with me, Doc—I'll take a chocolate soda!"
This shows how tolerant folks can be. Doc showed his respect for
how the majority felt; Curly was big enough not to insist on his malted even though he doesn't happen to be fond of baseball.
From where I sit, willingness to respect the other people's feelings is important in a Democracy. If we're tolerant of a person's like for baseball or a glass of temperate beer, we're some a long way on the right road... the road to a better America, that is!

School Nurse Speaks At P-TA City Council

Mrs. Louise Horton, school nurse, was the guest speaker when the City P-TA Council met at the high school Wednesday afternoon. Mrs. Horton told of her work with local students and health checks which she is making in all the schools. She stated that the life of a smallpox serum is from five to seven years. She emphasized the importance of having children to take the serum. She also urged the parents to have their children given the diphtheria test once a year.

Unit reports were made. It was announced that the \$50 which the council won for third place in the Centennial parades will be divided equally among the units. Those present were: Mrs. Louise Horton, Mrs. Roy Tidwell, Mrs. James Edwards, Mrs. Elvis McCrary, Mrs. A. E. Bradberry, Mrs. R. B. Davidson, Mrs. Lee Harris, Mrs. Alton Underwood, Mrs. J. C. RIBBON RAMBLINGS

By Mildred Young

This is fire prevention week and last night's fire should remind us all to be a little more careful. Fire prevention is a good policy in the office and shop. But the danger of fire comes closer to all of us in our own homes.

The National Fire Protection Association reports that fire is attacking our homes at the rate of 700 a day. Most fires, the claim, are attributed to the violation of 7 easy-to-remember safety rules. They are of the opinion that if housewives take these steps now, the number of fires will be cut 90 percent almost overnight.

Some of the suggestions may not apply to your present situation, but the ones that do, might be worth a try. We're sure they won't increase fires.

"Never smoke in bed. Keep ash trays handy. Don't discard lighted cigarettes and matches. Keep matches in metal containers out of reach of small children."

"Don't use oil stoves. Flammable cleaning fluids or other explosive liquids in the home. Use carbon tetrachloride or some other fire-safe cleaning fluids."

Old magazines and newspapers stored in closets, basements, and attics are good tinder for a spark. Throw them out, along with broken and discarded furniture. Keep oily rags in covered metal containers.

Have an electrician check the wiring to make sure it is adequate to operate all electrical appliances safely. Protect the circuits with the right fuses. Disconnect appliances when you have finished using them. Never attempt to operate if defective. See to it that frayed cords are replaced.

Flammable curled roofing is a large, attractive target for a chimney spark or air-borne fire brand. Asphalt shingles or other fire-resistant material cost no more, and often fire insurance rates are lower.

Have your heating system checked to see that it is operating properly. Replace defective or worn parts. Have the furnace cleaned yearly. Enclose the furnace in fire-resistant walls, and have exposed beams covered with some fire-resistant material.

Have the chimney inspected and make sure it is solidly built, properly supported and lined. Clean once a year.

We're sure you've read such things before, but have you ever tried them?

Church Of Christ Dinner Meet Held

C. L. Wasson acted as master of ceremonies at the Fellowship dinner meeting of the Men of the Church of Christ, Fourteenth and Main, in the Hotel Settles Tuesday evening.

Alan Bryan, educational director of the church, spoke on the "Objectives of the Fourteenth and Main Congregation for the Next Six Months." The main objectives Bryan listed included "the completion of the building program or property next to the present church site, the beginning of the largest and greatest protracted meeting in the history of the church, the reorganization of the Bible study program, the intensification and reorganization of the efforts of the church and the ability to give additional aid to orphanages."

Dan Conley spoke on "The Need of A New Church Building." Bill French of the Puckett and French Architects presented blue prints of the new building and explained in detail the various aspects of the building.

Following the dinner Lloyd Connel, minister, discussed the subject topic "When There Is No Vision the People Perish." Approximately 29 persons attended the banquet.

BACK TO THE BIBLE

Can a single man be an elder of the Church of Christ? No. 0-0. "A BISHOP MUST BE THE HUSBAND OF ONE WIFE." I Tim. 3:2. Can a married man with out children be an elder in the church? No. Read your Bible, I Tim. 3:4-5; Tit. 1:6.

Can a married man without children be a deacon in the Church of Christ? No. See I Tim. 3:8-15.

Is it scriptural for elders to hire men who do not have the qualifications of an elder to do the work of an elder? No. See Heb. 13:17 and 2 Cor. 5:10. The elder will have to give an account for HIS OWN WORK. He could as well hire some one to do his worshipping as to hire some one to do his work. If not why not.

If and when a congregation needs some one to give all of his time to "overseeing, feeding and caring for the flock"; who should that some one be? Answer, "An elder of the church." I Tim. 5:17-18.

What of the practice of elders hiring young men, to work among and to supervise the work of the young people of the church? If the young people are engaging in something that is not "CHURCH WORK" then their parents should supervise and the church should not be out the expense of hiring someone to do what the parents are expected to do. If the young people are engaging in any thing that is "CHURCH WORK", then the elders are the ones ordained of the Lord to oversee the church. I Tim. 3:11-Pet. 5:1-4.

The Lord was displeased when Uzzah substituted his hand for the hand the Lord had ordained to handle the Ark. 2 Sam. 6:1-7. The young man should not substitute for the elder.

Shorthorns Meet Robert Lee In 8 O'clock Test

The Big Spring high school football team invades Robert Lee this evening to challenge that city's Steers in an 8 o'clock battle.

The Dogies, coached by Conn Isaacs and Wayne Bonner, tasted victory last week when they throttled Coahoma's rugged Bulldogs with a long pass. Final count was 6-0.

It represented their second victory in five starts. They previously had defeated Midland, 31-7, lost to Sweetwater by a touchdown on two occasions and dropped a 24-0 decision to Seagraves.

Recent addition of Robert Cobb to the lineup has helped the Dogies attack tremendously. It was Cobb who tossed the long pass that enabled the Shorthorns to nip Coahoma. Frank Philleay was his receiver.

The Big Springers are ship-shape and apparently ready to operate. They'll probably be outweighed in tonight's fracas but that didn't prove too much of a handicap last week.

Speck Franklin, the team's chief sprinter and kicker, will provide quite a problem for the Dogies. Unless the coaches see fit to hold him back for Friday's game with Brownwood here, Jimmy Stewart will see his share of action, too.

Robert Lee boasts one of the better teams in District 8-B.

Corsairs Work For D'Baker

GEORGETOWN, Oct. 13—After dropping their first Conference game in a 10 to 13 decision to A.C.C., the Southwestern University football squad settled down to a week at home in preparation for the game in Georgetown Saturday against the Daniel Baker College "Hillbillies."

In playing host to the "Billies" this weekend, the Southwestern Pirates expect to meet less rigid competition than has merited their season thus far. Nevertheless, Head Coach William H. "Speck" Collins points out that no margin will be allowed against what might prove to be an upset.

From Brownwood, Head Coach Paul Tyson states that his starting lineup is uncertain due to the fact that his squad was deprived of spring training and he is still experimenting with a starting lineup. He declares, however, that his charges have manifested a marvelous attitude in their short training season and that their shortcoming in part by extraordinary school spirit.

Coach Collins expects previous injuries in the Pirate lineup to be overcome by this weekend and should, therefore, field a team unhampered by injuries.

Next week will find the Pirates in Conference competition again against Howard Payne in Brownwood.

Tim Curley, eastern intercollegiate welterweight boxing champion, is captain-elect of the Syracuse University cross-country team.

LOOKING 'EM OVER

With Tommy Hart

Willard (Pop) Ramdell, a mainstay of the Big Spring pitching staff back in 1938 through '41, was on the mound for Hollywood Sunday last when the Stars clinched the Pacific Coast League crown by beating the San Diego Padres, 8-4, in a game at Hollywood.

The win was the Chanute, Kansas, knuckleballer's third in the playoffs and his 21st of the season.

Ramdell, who won 25 decisions for the WT-NM league team here in '41, received \$550 as his share in the playoffs. Pop experienced his best year in history, financially, no doubt. He probably earned not less than \$5,000 for the regular campaign.

Will is apt to get another trial in the major leagues, although he might prefer to spend the remainder of his baseball career in the Coast league. If he goes up again, it is almost sure to be with some club other than Brooklyn, which he owns his contract. The Bums have taken on him to spring drills twice and haven't seen fit to keep him. Branch Rickey, the Brooklyn mahatma, reportedly has him on the trading block.

On the subject of the Coast league, Arlie Wilson, a colored boy with Oakland, won the circuit's batting championship the past season. He did it without hitting a home run, the second time in history that's been done.

The East Texas baseball league clubs will be limited to only three class-men next season, compared to the six they were permitted this year.

Jerome West, the local theater man, who likes to diet on a fare of Southwest Conference football will whet his appetite on the TCU-Texas A&M game in Fort Worth Saturday afternoon and then drop over to Dallas to catch the Rice-SMU contest that night.

A few patrons have asked for the names of the officials who 'called' that now historic game between Texas Christian and Arkansas a couple of weeks ago.

Paul Boyd (Texas) was the referee, H. S. "Boots" Coleman (Hendrix) the umpire, W. C. Mills (West Virginia) the head lineman and Roy Selby (Tulsa) the field judge.

The Brownwood Lions, who play the Big Spring Steers here Friday night, are supposed to come up with one of their greatest ball clubs in history around 1951 or '52.

The Brown county school has a crack junior high eleven that boasts a world of promise, actually outweighs the varsity club.

Ollie Cordill, the Steer star of the 1933-34-35 seasons, is coaching an AAF grid eleven in Tokyo, Japan, again this fall. Ollie's team was to have played its first game Sept. 24.

James Garner, Amarillo high school's great end last year, is now enrolled in Yale University on a scholarship, an academic rather than an athletic one. James is not playing football for the Eli frosh but will try for the tennis team.

Garner had offers from virtually every school in the Southwest but decided to forego football entirely when he got to college.

Charley Keller, whose baseball days are numbered, ready for retirement

By WHITNEY MARTIN
AP STAFF
NEW YORK, Oct. 13. The square-jawed guy stood alone on the subway platform. In his neat, conservative suit and with his hat set almost primly atop his head he looked like a solid business man.

And if you saw him coming toward you with a briefcase in his hand you'd get ready to say, no, thanks, you had all the insurance you could carry.

He spotted us and ambled over, his rugged jaw split in a genial grin.

"Hi," he said, and it wasn't until then that we recognized him. He was Charley Keller, one of the big heroes of past series and still a fearsome sight for any pitcher when he strides purposefully to the plate.

Keller, one of the midlites of men and one of the true gentlemen of the game despite an exterior which earned him the nickname of King Kong, was heading for the stadium and his sixth series as a member of the Yankees, although because of an injury he did not take an active part in 1947.

He didn't hit this year, either, being one of the four men Casey Stengel didn't use, but he would bear no malice because of that.

"I haven't been much good to the club this year," he said as the subway rattled northward. "My back still is weak, and I've lost 30 or 40 feet on my hits. I used to get just a piece of the ball and be able to hit it out of the park."

Charley's career has been punctuated by injuries—a clipped ankle, a broken leg, a dislocated shoulder.

Yanks Claim Jack Jensen, Billy Martin

By JOE REICHLER
AP Staff

NEW YORK, Oct. 13. (U. S. — The New York Yankees, announcing they won't "stand pat" on their present world championship team for 1950, bought two of the brightest stars in the Pacific Coast League today.

Manager Casey Stengel announced the purchase of Jackie Jensen, outfielder who is a former California football star, and Alfred (Billy) Martin, an infielder.

They were bought from the Oakland club, which Stengel managed last year.

No price was divulged, but it's rumored the Yankees shelled out in the neighborhood of \$100,000 and five players for the two athletes, who were widely sought after by major league clubs.

"You never sit tight," Casey told newsmen in the Yankees' final news conference of the season yesterday. "You can't afford to stand pat in this league. We're going to try to strengthen our pitching staff, although it looked pretty good in the last week. Sure, we could use a couple of pitchers."

"I'd like to improve my outfield a little, too. We're willing to listen to anybody who has something reasonable to offer."

Jensen, 22, is the former football star at the University of California. He is a bonus player. Over C. L. (Brick) Laws, in beating 14 big league clubs in his services, lured him at the close of the college baseball season last spring with a bonus of \$40,000 plus a three-year contract at \$15,000 per year.

"My scouts tell me that Jensen is the greatest outfield prospect in the minor leagues," said Casey. "He is fast, has tremendous power, and owns the strongest arm in baseball since Bob Meusel."

In 125 games with the Oaks, Jensen batted .261 this season. Included in his 122 hits were 21 doubles, seven triples and nine home runs. He drove in 78 runs.

Jensen is engaged to wed Zoe Ann Olsen, national diving champion.

Stengel said eight clubs had been after Martin, a second baseman who also can play short of third.

Martin, 21, hit .284 this year—including 23 doubles, three triples and 13 homers. He drove in 91 runs.

Sooners, Herd Extend Dallas Pact To 1953

DALLAS, Oct. 13. (U. S. — The University of Oklahoma and Texas will play their annual football game in the Cotton Bowl here through 1953.

"We are hopeful that the contract will be extended indefinitely," said Bill Hitzelberger, general manager of the State Fair of Texas. The Fair operates the Cotton Bowl.

Hitzelberger had just said yesterday that the two schools "several weeks ago" extended their contract until 1953. It had been scheduled to expire in 1951.

"They wanted to extend it longer than that but the Conference has a rule that a contract of this sort cannot be extended more than five years," the fair manager said.

After bottle throwing by Oklahoma fans in 1947 in protest over official decisions in the game the schools agreed to put the match on a home and home basis when the contract expired in 1951.

But there have been better relations since then. Two games here have been played with each team receiving \$8,000 as its share of this year's receipts which drew more than 75,000 customers, biggest for the fair ever assembled in the Southwest.

"There are very pleasant relations between Texas and Oklahoma," Hitzelberger said.

Porkers Ready For Longhorns

FAYETTEVILLE, Oct. 13. (U. S. — Barring practice injuries the Arkansas Razorbacks will be in their best condition of the season when they square off against Texas in Little Rock Saturday.

Capt. Alvin Duke, who has been used only on defense because of an ankle injury, is runner up for offensive right halfback for the first time since the 1948 campaign opened.

All other members of the first string backfield—Quarterback Don Logue, Fullback Leon (Muscles) Campbell and Left Half Ray Parks—also are ready for full speed action.

The Razorbacks went through a light scrimmage.

Carroll Hauptle, outstanding end on the 1946-47-48 University of Delaware football teams, is assisting with the Hen freshman team.

Decatur Baptist college and Howard County Junior college, which tangled here in a conference football game Saturday night, will stack up about evenly in weights.

The Baptists have only one man in their starting lineup who does 200 pounds or better. He is Joe Torres, 205-pound right guard.

Bill Renner, left tackle, tips in at 190 pounds while all the other Decatur linemen are 185 pounds or less.

Noel Hull, heaviest man among the HCJC regulars, won't start due to a leg injury. Bill (Chop) Van Pelt, crackerjack guard, carries the most tonnage among Hawk forwards in due to line up for one kickoff. He weighs 205 or thereabouts.

The HCJC team suffered a blow with the announcement that Jack Gaines, who weighed nearly 260 pounds, would not be available for play. Gaines has quit school to go to work.

From all indications, the local lineup will be composed of Arless Davis and Donnie Carter at ends, Gerald Harris and A. J. Cain at tackles, Elmer Turner and Van Pelt at guards, Kimbel Guthrie at center, Louis Stallings at quarter, B. B. Lees and Harvey Rankin at halves and Mos Madison at full.

Lees suffered a broken nose recently but will wear a nose-guard. The Big Springers are preparing for a Decatur air offensive. Chief Decatur bomber is a lad by the name of Oswalt, a 157-pound boy who has proved quite accurate in early games. His favorite target is Hill, 165-pound left end.

The Decatur team is coached by L. L. Lewis. The eleven runs off a T.

Saturday night's game will begin at 8 p. m. Decatur are on sale at Johnny Dibrill's Sporting Goods store.

Yearlings Meet Tide Saturday

Coaches Earl Crawford and Roy Baird take their Big Spring Junior high school Yearlings to San Angelo Saturday for a 2:30 p. m. bout with the Junior gridgers of that city.

The Yearlings are in top shape for the encounter but Crawford indicated the local area in for their "toughest game of the season, since the Crimston Tide will field a rugged, hard-hitting lineup.

Big Spring will build its hopes around J. E. Armistead and Doyle Maynard, who led the Yearlings to a victory over Sweetwater here a couple of weeks ago.

Storm Damages Fishing Pier

If you read the story of the hurricane which blew into Texas last week you may have noticed that the South Pier at Port Aransas, Tex., was damaged.

Pounding seas ripped off 200 feet of the old wooden structure and caused another 200 feet to buckle.

If you've never been fishing at Port Aransas, the news didn't mean much. But if you have, you'll know that it was more than just a pier that plopped into the Gulf of Mexico.

The South Pier is where fishermen are born—gulf fishermen.

Most of the novices start out by dropping a shrimp-baited hook over its scarred sides. You always get a bite, even though most of the time it is a type of catfish no one knows exactly what to do with—a type that usually swallows the hook clear down to the tail.

You can catch catfish off the pier and tarpon, too. You fish with shrimp or squid.

No matter what time of day or night you wonder down to the beach, someone will be there fishing. At night, they use lanternlight to bait their hooks and unhook their catch.

It's easy to tell a "first timer." He timidly looks around, makes sure he has plenty of room to cast, winds up like an amateur fighter throwing a roundhouse right and usually ends up trying to get his hook out of one of the big wooden pilings that support the pier.

It's quite a chore to get plenty of room to cast. People usually stand elbow to elbow. That's a "gentlemen's agreement" among the tarpon fishermen at the tip end—"coming out" means everybody duck.

They'll probably repair the South Pier in a hurry. And after a few weeks next spring, the new boards will probably take on the same weather-beaten hue as the rest of the pier.

At least, a lot of fishermen hope so.

for a further deficit increase this week in its battle with Class AA in Texas schoolboy football.

To date the City Conference teams have been able to win only 2 games while losing 40 and tying two with Class AA.

Six inter-conference games are scheduled this week end.

Tonight Sunset of Dallas entertains Weatherford. Tomorrow night Woodrow Wilson of Dallas is host to Orange, Grand Prairie to Crozier Tech of Dallas, Amrillo to Forest (Dallas), Highland Park to North Dallas and Baytown to Austin (Houston).

Not a single City Conference team unless it is Sunset is given much chance of winning. This means Orange, Grand Prairie, Amrillo, Highland Park and Baytown are the favorites.

In other headline games of the State, undefeated, untied, unscorred on Galveston entertains Austin and Henderson, which also is unbeaten and untied, goes to Longview.

Galveston is the underdog against Austin and Henderson appears in for plenty of trouble with Longview in District 9 conference game.

Eleven of the 20 City Conference and Class AA districts have conference games in the schedule of an even 50 tilts over the state.

Marlene Bauer Upsets Texan

FORT WORTH, Oct. 13. (U. S. — A 15-year-old Californian who's been cutting down the veterans in the Women's Texas Golf Tournament faces another stiff test in today's quarter finals.

Young Marlene Bauer meets Marjorie Lindsay of Decatur, Ill. Each won a 19-hole victory yesterday. Marlene ousted defending Champion Polly Riley, and Marjorie defeated Babe Zaharias.

Kansas City Champion Marilyn Smith moved ahead with a 3 and 1 victory over Marlene's 20-year-old sister Alice. Marilyn's quarter-finals opponent will be another state champion, Betty MacKinnon, the Arkansas titlist.

Mission Player Death Victim

MISSION, Oct. 13. (U. S. — A Mission High School halfback injured in football practice died yesterday.

Enrique Carrizales, 16, was hurt in a pileup Monday. He died in a McAllen hospital from an internal hemorrhage caused by a kidney injury.

Funeral services will be held tomorrow. Carrizales, a miler on the track team as well as a football player, was a junior. His father, Enrique Carrizales, Sr., his mother, two brothers and two sisters survive.

November Oil Allowable Up

HOUSTON, Oct. 13 (AP) — The Texas Railroad Commission Thursday boosted November's crude oil production allowable by 137,000 barrels daily.

November allowables were placed at 2,286,175 barrels daily, compared to 2,148,500 last Saturday.

The increase involves one additional field, giving all areas a 20 day producing schedule except the vast East Texas field which will operate on 15.

Members of the commission estimated under production in November at 5 per cent or approximately 114,300 barrels daily. Production from new wells was anticipated at 17,000 barrels daily.

These estimates would give the state an anticipated actual November daily production of 2,188,867 barrels.

Ernest O. Thomson, senior member of the commission, in explaining the November order, said: "Winter is coming on with anticipated increase in refinery operations. We felt we ought to be on the ample side or production rather than short."

The order was issued shortly after a statewide hearing during which several purchasers asked that sweet crude oil production be put remain the same as October.

The selective buying requests are in direct conflict with the adopted policy of the commission to make increases or decreases in the state's allowables on an across-the-board basis.

Two purchasers told the commission they will be forced to turn to foreign oil if more sweet crude does not become available.

They were V. A. Smith, vice president of Petrol Refining Co., and E. R. Turner, representing Pan-American Production Co.

Little Old Lady Brags About Criminal Record

BERKELEY, Calif., Oct. 13 (AP) — There's a sweet-faced little old lady in jail here who brags about crime the way most women her age talk of sewing or knitting.

She was booked at Mrs. Frances Worthington, 73, wanted a Lansing, Kan., for violation of parole from the Kansas State Industrial Farm for Women.

Clothing a well-thumbed Bible yesterday, she reminisced to reporters: About her full and active life.

"You know, my dear, I'm one of the most accomplished pickpockets in the world. In 40 years I have stolen close to half a million dollars."

"It's been a wonderful life," she sighed. "Travel and fun. The police are all such nice gentlemen and my Bible comforts me."

Mrs. Worthington was plucked off a train here and "invited" to spend 60 days in the Berkeley jail.

Police Inspector E. F. Parker said the grandmotherly woman had been arrested 4 times since 1910 on charges ranging from shoplifting to arson and grand larceny.

Southern Pacific agents were inclined to think the total might be even higher.

They said for years she crisscrossed the country on various trains, picking a pocket here, robbing a store there, reading her Bible everywhere.

At Lansing, Miss Etta Beavers, superintendent of the industrial farm, said she remembers Mrs. Worthington as a "pleasant old lady" who never caused much trouble but bragged a lot about her record of crime.

In her jail cell, Mrs. Worthington commented:

"I've had such fun. The Lord used to sit on my shoulder and say 'Don't do that' when I'd steal, but I just couldn't pay attention."

"And I get such comfort from my favorite Bible passage: 'The Lord is my shepherd; I shall not want. I never have wanted, either.'"

Lucas Seeks O. K. Another Black Dahlia Slaying For Farm Bill

WASHINGTON, Oct. 13 (AP) — Democratic Leader Lucas (Ill) predicted the Senate will pass the compromise Anderson farm plan today, Lucas told reporters, however, he sees no chance for adjournment of Congress by Saturday. That had been the target date.

Lucas was questioned after a brief conference with President Truman.

"We are going to pass a farm bill today," he said.

"It will be the Anderson bill," he added. "The Anderson bill was acceptable to the President, Lucas replied 'I don't know.'"

Mr. Truman has been reported by some callers as favoring 90 per cent of parity price support for basic crops instead of the sliding scale of 75 to 90 per cent proposed by Sen. Anderson.

The President called Lucas and other senators to the White House yesterday and urged them to get together on some kind of farm bill he can sign.

Under the Japanese system of computing acre—a system which will be discarded the end of 1949—a baby born on December 21 would be two years old the next day.

Another Black Dahlia Slaying Feared As Actress Disappears

LOS ANGELES, Oct. 13 (AP) — Fearing another Black Dahlia slaying, police Wednesday launched an intensive search of Griffith Park's Fern Dell for the body of Jean Spangler, film bit player.

The 27-year-old beauty's purse, with handies ripped off one side, was found in Fern Dell some 36 hours after she disappeared.

Several hundred officers are participating in the hunt, including homicide men, who entered the case Tuesday.

Investigators said they had little to go on in a parallel with unsolved sex killings such as that of Elizabeth Short, called the "Black Dahlia," in January, 1947.

After Miss Short's nude, bisected body was found, someone mailed out a note to police in the disappearance of Mrs. Mimi Dornhowser, Red-Air widow, last August, her purse was found at a market. No trace of her has been found.

In Miss Spangler's purse was found a cryptic note, apparently in her handwriting, stating: "Kirk. Can't wait any longer. Come to see Dr. Scott. It will work best this way while mother is away."

Name of Miss Spangler's friends knew a "Kirk." Detective Lt. Har-

Big Spring (Texas) Herald, Oct. 1949

ry Didion said the existence of the doctor has been confirmed, but that his whereabouts is unknown.

Actor Robert Cummings disclosed Tuesday that he was in a hospital on a movie set last Wednesday and that she mentioned she had a new romance.

"I asked her 'is it serious?' and she replied 'not exactly, but I'm having the time of my life.'" Cummings told police, Cummings and others at the studio didn't know the identity of her new "heart throb."

Miss Spangler worked at several studios as an extra and a dress extra. She had an extensive wardrobe and was working last week as a costar in a picture which she shot at Columbia's studios.

Several persons, including a Sunset Strip nightclub owner, told officers they saw Miss Spangler at the club early Saturday morning with a "clean-cut" young man.

Volleyball Classes To Be Resumed Monday

The YMCA's volleyball classes for men will be resumed Monday, Lee Milling, director, has announced.

Meetings of the class will be held in the high school gymnasium from 5:30 to 7 p. m., Milling said.

After next week, classes will be held twice weekly, on Monday and Wednesday evenings. All men will be welcomed to the sessions.

Big Spring Hi-Y, Tri-Hi-Y Members To Attend Meeting

Representatives of Big Spring Hi-Y and Tri-Hi-Y clubs are to meet with delegations from similar organizations in West Texas at Lubbock Oct. 29, Lee Milling, YMCA director, has announced.

The group will study suggested legislation proposals submitted by Hi-Y and Tri-Hi-Y chapters in the western section of the state, Milling said. If approved, bills will be drawn up and presented to members of the state legislature in December.

The Lubbock meeting will climax activities of individual clubs in studying what members believe to be needed legislation. Sessions of the gathering will be held on the Texas Tech campus.

Local Tri-Hi-Y and Hi-Y clubs are meeting each Monday at the YMCA, the director said. Tri-Hi-Y members meet at 7 p. m. and Hi-Y's convene at 7:45.

All high schools boys and girls are being urged to visit one or more of the sessions and, if interested, to join one of the organizations, Milling stated.

Wide Variety Of Feeds Available

Poultry raisers and stockmen of this area can secure a complete line of feeds for their animals at the H. P. Wooten Produce company, 505 E. 2nd street.

Wooten carries stocks of all ground and mixed feeds, grains, and grain cubes. He also has a constant supply of fresh eggs for both wholesale and retail customers and offers a market for farmer's cream and milk produce.

Pride of the Wooten Produce company's stocks are the new Red Chain Vita-Range nutrients.

Made by the Universal Milling company, Vita-Range nutrients are designed to carry range cattle and sheep through winter seasons in good condition so they will not be forced to rebuild to normal strength with the coming of spring.

They provide a wholesome ration that will give the farmer and rancher as much assurance as possible of good healthy calf and lamb crop. The nutrient contains 20 per cent protein properly balanced to provide all essential amino acids needed by range animals.

Carbohydrate content is high in Vita-Range nutrients, while fiber content is low, aiding in thorough digestion. Vitamin A is added to each bag of the feed for the benefit of animals unable to find green grass or other fresh feeds during winter months.
