## Hail Suppression Draws Fire From Some

**WILAH RODGERS**  
 News Staff Writer

Farmers are notorious gamblers, plunking into the ground tens of thousands of dollars each year in an effort to make a crop that will show a meager profit. Or, every farmer knows, not only the labor can be lost, but the entire outlay of \$20,000 to \$30,000 "gambled" can be lost. The biggest "tipper of the tables" is the weather, and nature can make a farmer in a slow stifling path, in a single devastating hail storm, or slouches of driving rain at the wrong time of year.

A plan early this year to seed

hail-laden clouds with silver iodide and turn hail into beneficial rain during the growing season seemed a possible answer to solving one of nature's biggest threats and producers' worst worries.

And at 32 cents per acre for a promise of 70 per cent reduction of hail and 10 to 20 per cent increase in rain, most farmers in Lamb and Hale counties voluntarily joined the Weather Improvement Association hail suppression program.

BUT ALAS, bless their independent hearts, farmers don't agree

100 per cent on any program. And the hail suppression is no exception.

Many producers west of Littlefield in the Pep and Bula communities not only refused to go with the hail suppression in its initial phases, but now are blaming their dry weather plight on the program.

Ross Lumsden, at the Lumsden Gin six miles west of Littlefield, and farmers including Leonard Albus, Eddie Schlottman, Max Demel, Phillip Simmacher and Paul Lawless are some of those who see the cloud seeding as voodoo and vow that the project is breaking up the

clouds before they get a chance to rain.

In this dryland area, where precipitation has been so slight that many haven't even planted, there is a following on this idea.

"IF IT'S GONNA RAIN, it'll rain," countered Frank Moore of Plainview. Moore is one of the staunchest supporters of hail suppression and president of the Weather Improvement Association.

"I wish seeding could keep it from raining," Moore added, "because goodness knows the crops that

have been ruined by too much rain in the fall of the year. But silver iodide just isn't that powerful.

"A little thundercloud has the power of an atomic bomb," Moore maintained, "and a big thunderstorm has the equivalent power of 12 hydrogen bombs. You're not about to destroy a cloud like that by seeding it."

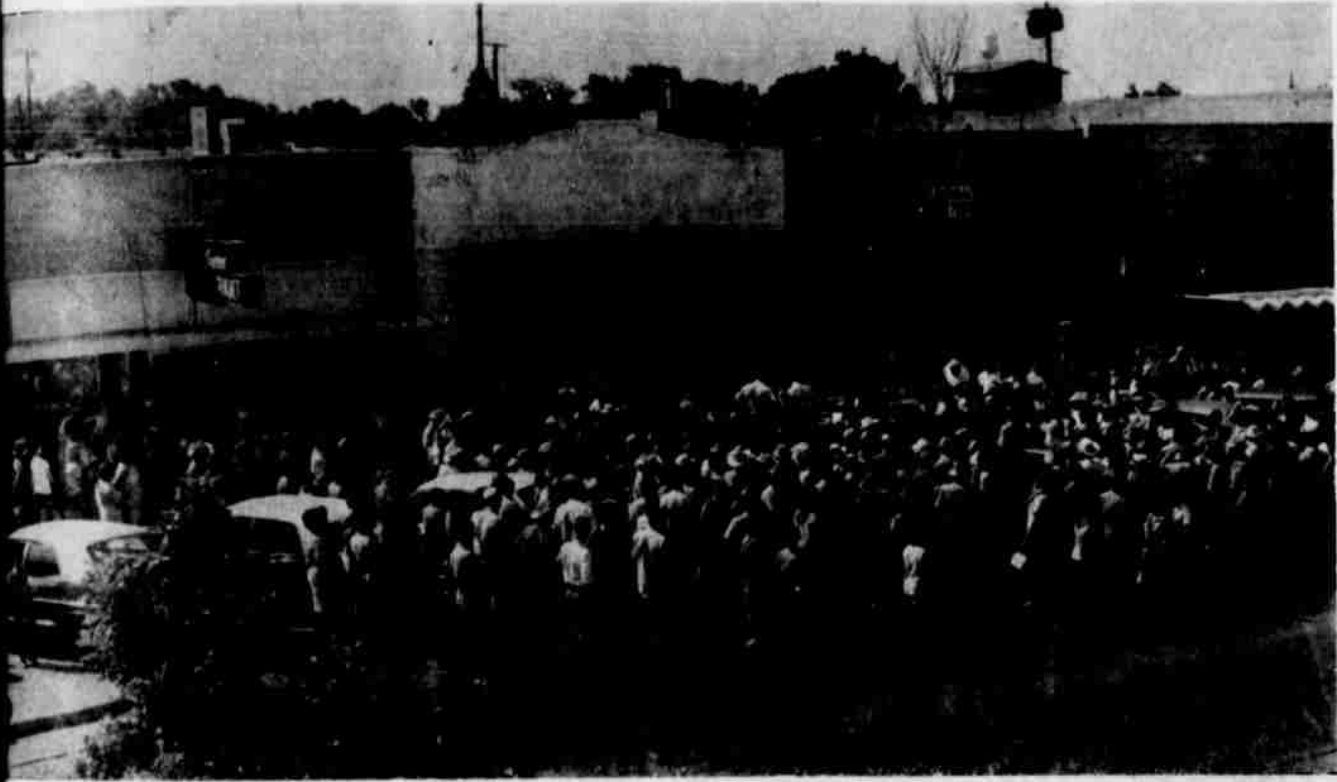

But many continue to think of the program in a vein similar to water witches divining for water, however.

There have been droughts before

and most agree that a dry year tends to follow a wet year, and vice versa. Schlottman agrees that droughts do come. "But in '45 and '53 it was dry," he said, "but neither was there a cloud in sight those years. 'This year we've had beautiful clouds!' He clasped his hands together. "Oh my gosh, they've been pretty. But when those planes go up, you can see them disappear right before your eyes."

FIVE FARMERS from the Pep area went to Plainview Saturday to see HAIL, Page 4

# VICTORY OR VOODOO?

HUNDREDS OF AREA residents flocked to downtown Littlefield Saturday evening to bid their "Auction Dollars" on merchandise donated by 34 businessmen. The two-hour auction concluded a special 10-day promotion -- the first of its kind here.

## OR 'TREETOP' HARMON

# Roots + Vines + Grubs = Art

There's mesquite grubs and roots in them there sandhills north of Littlefield.

But when John "Treetop" Harmon gets through peeling, whittling and shellacking them, they're creative works of art. Harmon likes to "fool" with Texas rattan vines and roots, too. But with the exception of wicker furniture manufacturers and pipe makers, few would guess the origin of the artistic creations made from rattan and roots.

Harmon is a conservation fanatic with the Lamb County Conservation Service (SCS). He picked up an interesting mesquite grub one day while working out in the field and threw it in the back of his pickup. It was a month or two before he decided to do anything with it.

Then one day he peeled the bark and sawed it to a

length, and the result has been a fascinating hobby for the past 15 or more years.

Mesquite and plum roots are plentiful right here in Lamb County. Some Sunday afternoons Harmon and his wife Polly drive out to the sandhills and dig plum roots, but they are also plentiful along the roadways where graders have turned them up. And mesquite grubs are pitched out of fields on to roadsides often, after getting caught in boll pullers and farm machinery.

Harmon also collects arrowheads and rocks for "Mama's garden."

"When we go out in the country, we're always looking down," Mrs. Harmon said, "we never see the sky."

The Harmon's look for stumps, roots and rocks when they vacation, too. A cypress knee is a hat rack at the Harmon's, and Harmon is varnishing another

cypress knee for their daughter's inside rock garden.

Mesquite is heavy and the hardest of all the roots, and it finishes a walnut color. Harmon has to "see something" in a grub before he will work with it. Finished pieces show the forms of birds, tomato worms, whales and snails. With a little imagination, all sorts of animals and objects can be seen.

Plum roots, with their knots, snarls and curls, make free form modern designs. They also tell a story of West Texas weather, at least as far as rain is concerned, because when the roots hit hard, dry ground, they form a knot. When a rain comes and softens the hard pan, the root penetrates.

Harmon's handwork may be seen throughout the Harmon home. Mrs. Harmon's recipe books on top of the refrigerator stand between mesquite grub book ends, and the art work is on shelves in the utility room and garage. "He can always

figure another shelf somewhere," Mrs. Harmon said. Hundreds of Harmon's artistic designs are scattered from here to Georgia where their daughter, son-in-law, and grandchildren live, then on to Minnesota.

"When John starts giving them away," Mrs. Harmon said, "I always grab my favorite and run. This is my favorite," she said stroking a porpoise likeness she calls Flipper. "You can almost see the gleam in his little eyes."

Harmon admits he has some favorites that he wouldn't part with at all. He is partial to others only until he makes something better.

A quiet, modest person, Harmon has been talked into entering only two art shows. One was an exhibition showing and he won first place in the hobby division in the other show. Harmon's artistry and painstaking craftsmanship is evident, even to the untrained eye.

JOHN "TREETOP" HARMON finds likenesses of various things from the animal kingdom in mesquite grubs he picks up while working as a SCS engineering aid. After a little whittling, sanding and shellacking, he turns mesquite grubs, plum and brier roots and rattan vines into conversational art pieces.

# Littlefield Postmark Mailed To Lubbock

Letters mailed in Littlefield will no longer bear a Littlefield postmark, but rather will be postmarked Lubbock, according to George Thompson, acting postmaster.

Beginning Monday of this week, all mail, with the exception of some special mailings such as Chamber of Commerce, is sent to Lubbock to be cancelled by machine.

Thompson said persons need to write out Littlefield on mail within the city, rather than using the word "City" for boxes of bills and correspondence.

A new cancelling machine in the central Lubbock office can cancel 5,000 letters in four minutes, whereas, until now, one man in the Littlefield post office has been hired just for dispatching.

This move will also affect all smaller post offices throughout the area and eventually throughout the state and nation.

All area mail will bear the Lubbock postmark, regardless of the town where it is mailed. Because the zip code has been

in the postal mark, for easy reference when patrons forget to include it in their return address, persons should make an effort to put their zip in the return address.

Another change expected here in the near future is the closing of post office windows on Saturdays. Thompson said numerous offices had already been notified to discontinue Saturday morning service. Thompson said Lubbock couldn't justify staying open on Saturdays, and added that he didn't see how Littlefield could when Lubbock didn't show the need.

# Teacher Pay Increase Totals \$50,000 Here

Lamb County public school teachers, as well as teachers throughout the state, will receive pay raises for the year 1970-71.

Those on the state minimum salary schedule in Littlefield will receive an average of \$800 in increase--some less and some more--according to Superintendent Paul I. Jones.

Total increase to teachers in the Littlefield system will amount to about \$50,000, according to Jones.

Students will go to school--and teachers will teach--an extra five days (180 days instead of 175).

In addition, teachers will be on duty for 10 more days of non-teaching work during the year, and will be paid on a

30-day basis, instead of nine.

These changes in the school year and the basis for figuring teacher pay result from amendments to the minimum foundation program law passed in 1969 by the Legislature.

Under the minimum program, a beginning bachelor's degree teacher in 1969-70 was paid \$593 per month for nine months, or \$5,337 for the year.

In 1970-71, a beginning bachelor's degree teacher will receive \$600 per month for 10 months, or \$6,000 for the year.

Many Texas school systems pay their teachers more than the state-required minimum salaries.

Texas was ranked 38th among states in average teacher pay in 1969-70.

The 1970 raises and a long-range improvement plan are expected to move Texas up to a more favorable position among states in the years ahead.

The new law puts into effect in 1971-72 a continuing compensation plan which will give Texas teachers an additional five percent raise each year and cost-of-living raises in 1974 and 1975.

It will allow all Texas teachers to reach the top of the pay schedule--\$11,040 for bachelor's degree, and \$12,040 for master's degree teachers--within 10 years of service.

The new law has left many people--teachers as well as school patrons--with questions about its work and pay aspects.

## Local Lions Celebrating Anniversary

Littlefield Lions will be celebrating their 30th anniversary tonight, with a special ladies night and officer installation, and many memories will be revived as long-time Lions recall the charter club of 30 years ago.

Twenty-seven charter members made up the first club organized here in 1940. Billy Hall, who was then county attorney and running for district attorney, was the first president. "And I wasn't even present when they elected me," he said.

Earl Wilson, then associated with the oil mill, was the secretary, and Sheriff Sam Hutson was the tail twister.

During WW II, membership dwindled to five, four, then just two members, but they continued meeting in Hall's law office.

At some time during the war, all the records were destroyed, and the Littlefield club is the only one that was re-organized under the original charter.

One of the Lions' early projects was street cleaning, done with shovels and trucks, and the Lions furnishing the manpower.

Charter members included Bob Armstrong, A. B. Chapman, Floyd Coffman, Ivy R. Dean, Jim Douglas, E. J. Foust, Jr., Ivan Fowler, Leo Hewitt, T. A. Hilburn, Kenneth Houk, Dennis Jones, F. W. Keithley Jr., H. Kline, W. H. Madden, Carl McAdams, Dr. Clifford Payne, John R. Price, Rev. J. H. Sharp, Dr. I. T. Shotwell, W. L. Sanders, Raymond Renfro, L. B. Stone, Dodi D. Weatherly, Eugene Yeager, Hall, Wilson and Hutson.

SMALL PACKAGES can sure make good vittles! Girl Scouts and Brownies at Laguna Park are enjoying the '70 Girl Scout Day Camp outing for Littlefield, Sudan and Anton Girl Scouts this week. Shown whipping up the vittles is Franis Stewart of Anton, Troop No. 378 and waiting to be served to the left is Beverlyley of Sudan, Troop No. 7, and Lavonna Sanderson of Littlefield, Troop No. 225, right.

## Speed Limits Enforced

City police began enforcing speed limits on Highway 54, S. 84 and U. S. 385 within city limits Sunday, due to passage of Ordinance No. 277 by city councilmen in their regular meeting June 4.

The resolution requested that the Texas Highway Department erect speed zone signs on the highways in and through Littlefield, in accordance with a traffic survey as adopted in Ordinance 277.

Any violations of the speed limits established by the ordinance are punishable by a fine of not less than \$10, nor more than \$200.

A WOMAN'S VIEW

Big Thicket

By PEARL BRANDON

MY HUSBAND and I were privileged to go with three lovely ladies to the "Big Thicket" a few days ago.

They were Miss Anna Lee Neale, Mrs. Audie Collins and Mrs. Ruth Dodd. All three are retired teachers and a nicer group I have never seen on a trip.

WE VISITED the "Big Thicket." The BIG Thicket is located in deep East Texas. It is one of the nation's most remarkable wilderness areas, and is very beautiful with tall pines, holly, cypress, red cedars, black hickory, red bay and yupon to mention some of the more rare trees in this area.

We also saw black walnut, pecan, ash, oak, hackberry, elm, sycamore, and many, many others.

THEY SAY almost anything that grows in the United States grows there, except sage brush.

Mrs. Dodd said she thought that when God finished with all the other beautiful places in the world he took all the seed He had left and planted them in the Big Thicket. . . that it was truly God's Garden.

MANY, MANY VARIETIES of flowers are there, including 21 varieties of orchids. . . also azaleas, camellia, dog-wood.

We were too late to see the dog-woods and red-buds but the magnolias were blooming all through the forest.

THE ALABAMA and Coushatta Indians live in the Big Thicket and it is interesting to visit their village with their museum and tribal dances.

Although we didn't eat with them they say they have wonderful barbecue and Indian fry bread.

They conduct several tours right down into the Big Thicket, deep into the heart of the jungle.

THEIR FOUR-WHEEL-DRIVE

vehicles are air conditioned. We enjoyed the tours very much, winding down the tropical-like narrow roads. We saw some of the tallest trees in Texas.

When we speak of tours, I don't want you to get the idea that it is like any other man-made tours. It isn't.

They have cut out the narrow roads and paved the bottom of the swamps enough to get through them but the jungle thicket has grown back immediately, with the giant trees reaching over the road as if it wasn't there.

THE BIG THICKET covers about 300,000 acres of land.

Many groups, including the Texas Federation of Womens Clubs are working hard to preserve the Big Thicket, at least part of it, and make it into a National Park.

Our own Littlefield Woman's club wrote many letters to congressmen last year asking that they preserve at least 100,000 acres of it.

OUR GROUP CAME BACK by Johnson City and visited the old home places of President Johnson.

We were there just three days before they dedicated the LBJ Park. They were building the speakers platforms then.

You should ask Mrs. Dodd to describe the huge American Elm tree growing in the yard of President Johnson's birth place.

It has an expanse of at least 125 feet of the lower limbs. We said maybe that was the reason he became president, he was trying to live up to that tree.

WE DID ALL THIS in three days, eating in road side parks and enjoying the country side.

If you want a short enjoyable trip, take a run down to the piney woods of East Texas and visit the Big Thicket and come back by the LBJ Park.

It will be well worth your time.

Defensive Driving

DRIVE DEFENSIVELY--even if, or particularly if, the driver is young. This advice, stated over the years, remains sensible, according to the annual booklet of highway accident statistics published by an insurance company.

ONE-FIFTH of the drivers in America today are less than 25 years of age. But they are involved in one-third of all fatal auto accidents.

DEFENSIVE DRIVING, according to the booklet, is difficult because a driver is so often unable to identify irresponsible kids (or drinkers or seniles) in time to avoid them. The driver must assume that no one else is responsible and alert.

IN 1969, more than 56,500 deaths were recorded on the country's highways. The number of injured topped

4,700,000. Both figures were the highest in history.

As in past years, excessive speed was the chief cause of deaths and injuries. High speed, however, is not necessarily the big killer. Driving too fast for conditions is lethal, too. Ten miles an hour can be too fast on glare ice or in a 'peasoup' fog.

ACTUALLY, the annual survey shows, more fatal accidents occur in clear, dry weather. Poor driving conditions make the driver more alert to what's ahead or around him.

Only 1.8 percent of last year's automobile fatalities occurred in fog, and only 2.1 percent in snow.

The answer to the highway problem lies in more and better driver education, tighter laws and law enforcement.

HONNY GRITS

By CORNBALL BLEVIN

SAY WHAT YOU WILL about Mr. Agnew, you can't describe him as being a shrinking violet.--He is not a boring type person, nor could your say that he's a 'yes' man.

The press is still smarting under his rebuke, and the riot promoters are looking for a way to silence him.

AS YOU KNOW, some of the 'diplo-mats' and 'run-of-the-mill' politicians are quiet concerned.

They go running to the president, like a small child, and demand: "Daddy, make him hush.--did you hear what he called me?"

Truly, a man in as high a place as the vice presidency, who speaks his mind, and in language so as to be understood, is a novelty, indeed!

NO "ring-around-the-rosie" for Mr. A.--He calls a spade a shovel, and it's used to dig dirt!

Now the polished politician is one who can talk for two hours, leave you wondering what he said, and just what he meant by it.--They can fill the air with rhetoric, by the bushel, without saying anything. -- Not so, with Spiro.

SO FAR, the hue and cry for Nixon to muzzle him has been to no avail.--I hope it continues to be so. It's quite refreshing to be able to understand what the issues

in the governmental matters are all about.

No, I don't think Mr. A. will ever be really popular.--Most of us would rather be "sweet-talked" than to have the plain and simple truth stated to us!

TAKE, FOR INSTANCE, the time of the Hoover reign: "The market has crashed!--What will we do?!"--Quoth Mr. Hoover: "We'll have to use only ONE teaspoon of sugar, in our coffee, instead of the usual TWO!"

In other words, "We gotta economize!"--Do you remember that Mr. Hoover lost the next election? (If so, you ain't no spring chicken!) --So, the inauguration of "THE GREAT GIVE-AWAY" was in the offing!

THE YOUNG PUNKS and their educated, leftist, leaders that are making such an issue of "Telling it like it is", really, don't want to hear it "like it is"! I suppose it's too bad that Spiros' Last name don't start with the magic "K"--if it did, he'd be the greatest thing that ever happened!--He'd be a shoo-in for the presidency in about six years from now!

YOU MAY DESCRIBE this man as being like a young mocking-bird: "All mouth and brass!", but one thing for sure, when he sounds-off on a subject, you know where he stands!

THE ABUNDANT LIFE

Free Yourself

By BOB WEAR

WHO IS FREE? Obviously, there will be a number of different answers to this question.

SOME WILL SAY that we are free when we can do as we please. How sad!

In the first place, it is not possible to do as we please. If we could, it would not be freedom.

It would, in fact, be a kind of enslavement in which we would be controlled by disorder, irresponsibility, purposelessness and such like.

We would be tossed to and fro by all types of pressures.

THERE IS NO ABSOLUTE freedom, but the highest degree of freedom is realized by the persons who submit themselves to the best known set of standards and principles of thought and behavior.

If we reject the best, we are not thereby free.

We have only made it necessary to accept inferior standards and guidelines.

EVERYBODY IS CONTROLLED by some existing rules and regulations. The very act of rejecting one rule of conduct is the acceptance of another. The better the rules of conduct, the greater the freedom. The more inferior and less desirable the standards, the less freedom we have.

THE GREATEST FREEDOM for many people is in being controlled by someone else.

A man does very well as long as he works for somebody, and follows the instructions given to him. He decides that he wants to be free, and goes into business for himself; but he finds no freedom. In fact, he becomes a slave in a hopeless endeavor.

He longs for the freedom he once had.

SOME PEOPLE CAN BE FREE as followers who would find leader-

ship responsibility a miserable kind of bondage.

We are freer in following a wise leader than in stumbling around on our own and never finding the way.

There is far more freedom in a knowledgeable dependence than we can ever find in a foolish, hard-headed independence.

SOME WOULD RATHER BE LOST than be shown the way.

Some would rather never know than be told by someone who already knows.

These people call this being free, but they are not free--not as free as they could be. "None are more hopelessly enslaved than those who falsely believe they are free."--Cowper.

WHO IS FREE? No one is absolutely free, because this is impossible.

There are numerous limitations and restraints which are inherent in each life.

These must be accepted, graciously. There are others which must be accepted by us in order for us to function with the maximum effectiveness. In this, we find the most freedom.

OUR GREATEST FREEDOM is in the wisest possible control of self, and in making the very best of our personal situation at any given time.

It is not in self-indulgence and rebellion.

"True freedom consists in the observance of law.--Adam was just as free in paradise as in the wilds to which he was banished for his transgression."--Thornton.

As a matter of fact, he was freer in the garden than he was on the outside.

IN THE WISE MANAGEMENT and use of life and opportunities, we will find all of the freedom we can use.

Teacher

has attempted to answer such questions by drafting an official definition of the 180-day school term and service requirements for teachers in 1970-71 and future years.

Basically, the state board says that beginning on Sept. 1, 1970:

--Texas public schools will have 180 days of actual classroom instruction, (where teachers and students are together in learning situations) instead of the 175 days previously required under foundation program law. (Some schools had already been operating programs longer than the minimum.)

--Most Texas teachers will be paid on a 10-month basis. (Vocational and special education teachers may be paid for 10, 11, or 12 months.)

--In addition to the 180 days of classroom instruction, teachers and other personnel previously authorized or less than 10 months under the foundation program shall be required to be on duty for an additional 10 days, making a total of 190 days, exclusive of holidays approved by the local board of trustees.

--School districts may employ teachers for more than the specified 190 days, but if they do their salaries for work beyond the 190 days must be paid wholly from local funds rather than foundation program funds.

Optimists Set Tennis Meet

The Littlefield Optimist Club has slated its Annual Tennis Tournament to begin Monday, July 6.

The event will be held again this year at the Crescent Park tennis courts.

Entries are now being accepted, and may be made by contacting Orville Bassett at Shook Tire Company or Floyce Pierce at the Prescription Shop.

Deadline for entering will be noon, July 6.

The events will include: Veterans singles and doubles, for men 35 years or older, mens singles and doubles, womens singles and doubles, mixed doubles and boys' and girls' high school singles and doubles.

Two Littlefield Scouts, Jerry Cox and Alan Mackey, are getting ready today to begin an eight-day canoe trek across 50 miles of lake and land in Minnesota and Canada.

They have arrived at Ely, Minn., along with six others from the area, and will begin their trek at Moose Lake, Sommers Canoe Base.

Major Jim Henninger of Reese Air Force Base at Lubbock is serving as their advisor, and their guide will be a boy their own age. The guide has already traveled the course and will aid those participating in choosing their possible courses.

Cox and Mackey, from Troop 638, will be able to choose the course they wish to follow, and

will have about 10 course possibilities.

The course begins in Minnesota, moves northward into Canada, and back southward into Minnesota again. In several spots, they will portage (carry their canoe and all gear, about 200 pounds) over lakes. It won't be all that tough, as they plan to do some fishing too.

They plan to return late 6th or early July 7th.

A Dallas woman, Barbar Lou Boatempo, and two passengers, Jim Megende and Jessie Gutierrez were taken to the Littlefield Hospital by ambulance after the 1962 Corvair Chevrolet driven by Mrs. Boatempo overturned.

The accident happened 1.4 miles west of Anton. The driver said wind caught the car. Highway Patrolman Bill Angel said the car went into a side skid across the median and lanes of west bound traffic, then traveled 144 feet off the road where it overturned once and came to rest on its wheels. Jessie Gutierrez received a

## Chamber Manager Named To Board

James M. Kelly, Littlefield Chamber of Commerce manager, was elected to the 1970 Board of Directors of the Texas Chamber of Commerce during the Annual TCCM meeting in Austin June 7-9.

## 'Women' Discuss Projects

Members of "We, The Women" discussed possible projects for the year during their monthly session Thursday afternoon.

Members decide to accept the projects committee proposal that playground equipment be placed on the school grounds. The committee will meet with school officials to work out details involved in placing the equipment.

Janice Aaron, chairman of the committee, presented a report on the committee's study of different projects as had been mentioned for consideration, and stated that many projects "are just not feasible" because some of those mentioned involve personal property.

Kay Yeager, who served as delegate to the Chamber of Commerce workshop in Amarillo June 5, 6 and 7, gave a detailed report on the sessions she attended.

She stated she "was amazed at the things women are doing in their communities" and expressed her gratitude to "We, The Women" for the opportunity of attending the meeting.

Hostesses for Tuesday's meeting were Janice Aaron and Ann Montgomery. They used the July 4th theme and decorated the tables in the patriotic red white and blue colors.

JAMES M. KELLY, right, Littlefield Chamber of Commerce manager, receives a Certificate of Recognition for Littlefield from Governor Preston Smith at the Third Annual Meeting of the Beautiful Texas Council in Austin June 11. The certificate was in recognition of the Littlefield entry in the first annual competition for the Governor's Community Achievement Awards. Cities under 12,000 population were eligible for competition to determine which had made the most progress toward community improvement the last year.

LITTLEFIELD ATTORNEY Billy Hall is the charter president of the Littlefield Lions Club established here 30 years ago. Membership dwindled to two during WWII, but the club was revived in 1947 under the original charter. Lions are celebrating their 30th anniversary tonight during a special installation and ladies' night event.

## IT PAYS TO TRADE IN LITTLEFIELD

## Hill Rogers Adds New Rock-A-Lounge

Hill Rogers Furniture has added the famous Berkline Mayfair Rock-A-Lounge rocker-recliners to their selection of distinguished home furnishings.

A light push on the arm of the chair extends the footrest, and the fully adjustable mechanism allows you to stop the chair at any angle you wish without any ugly exposed handles.

The Berkline Mayfair Rock-A-Lounge looks like a graceful occasional chair whether it is styled in Spanish, Mediterranean, traditional or early American. And Hill Rogers has a full line in all the styles and a wide choice of fabrics.

Berkline has superior construction, including an arm support bar to prevent warping and sagging, quality frames constructed of selected kiln-dried hardwoods, and drop-in coil units to hold the shape of the seat and assure more comfort and long-lasting beauty.

Hill Rogers Furniture has been in business in Littlefield since 1946, and

has been in the present location on the Lubbock and Eula Highways since 1948.

Rogers feature a beautiful and complete line of household furnishings in all styles. They also have complete samples of carpets, including kitchen carpeting, and their own carpet installers can install carpet from \$4.95 up.

There is a complete line of Maytag appliances here, too, including the serviceable Maytag washers, dryers, dishwashers and food disposals. Mr. P. M. Caraway, store manager, also does the servicing.

When it comes to cooking, Rogers features the Corning Counterange with the easy-to-clean "no burners" top, self-cleaning oven and complete set of Corning Cookware.

Mrs. Hill Rogers and Mr. Caraway invite everyone to come by the store and "try on" their new line of rocker-recliner chairs, and browse around the store for bedding, lamps and picture needs or furnishings to fill a house.

# Birkelbach Takes Title With Win Over Optimists

Birkelbach Machine clinched the Major League championship Tuesday night, as John Marquez shaded Bill Turner in a pitching gem by both hurlers, 2-1.

Turner went down to defeat despite pitching a no-hitter, and Marquez allowed only one hit—David Cutshall's clean single to center.

It was scoreless until the bottom of the fourth inning, when Turner walked Marquez and Forrest Harry was safe on a hard-hit ball to short.

The runners moved up and both later scored an Optimist fielding lapses.

Turner got his teams only run in the sixth, when he was

safe on an error, stole second and third, then came home when Birkelbach, thinking the side was retired, started trotting in.

Marquez then calmly struck out the final batter to end the game.

The Birkelbach hurler struck out 14 in all, and walked only two.

Turner struck out 10 in the five frames he faced Birkelbach hitters, and he also walked only two batters.

The victory gave Coach Johnny Gregg's Birkelbach team a 10-1 record, and eliminated Optimist and Rotary's last chance to win or tie for the title.

**Lions 11, Butane 6**  
In Saturday night's game, the Lions came from a 4-2 deficit to beat Littlefield Butane, 11-6. The big inning was a five-run third frame, when the Lions made it 7-4.

Ronald Farmer was the winning hurler, with Gary Pace taking the loss.

Leading the Lions' attack were Norva Simington, two singles and a double; Mike Cotter, with a double; and Rudy Ayala and Farmer, with a single each.

Butane's top hitters were

Pace with two singles, Jerry Stamps with a double and single, and Greg Bruton and Dean Walden with a single each.

**Rotary 26, WOW 2**  
Rotary unleashed a big hitting attack and Doug Perrin pitched three-hit ball to give the Rotary team a 26-2 win over WOW in Major League play Monday night.

Ricky Hopping led the hitting attack with a homer and two singles, while Perrin had a pair of doubles. Ken Turner and Reggie Peyton each had a double and single, James Kemp a double, and Stan Jackson, Tommy Twitty, Blake Wood each had singles.

David Bell got a double and Kip Elms and Jimmy Avery a single apiece to pace WOW. Wade Conwright was the losing pitcher.

# Rockets Get No-Hitter, Take Pee Wee Leadership

In a pitcher's duel Tuesday night in Pee Wee ball, Henry Huey hurled the Rockets to a 3-0 shutout over Littlefield Delinting.

It was believed to be the first no-hitter in the Pee Wee League. The Rockets were able to get one run in the first, and couple more in the third and fourth innings.

Randy Askew led the winners with a double, and Brent Phillips got a single.

Stevie Jackson was the hurler for Littlefield Delinting.

a pair of runs in the third and seven more in the fourth.

Henry Joe Huey was not only the winning pitcher but led in the hitting department with three round-trippers. Brady Braden also got a home run and a triple. Todd Upton followed with a three bagger.

Rudy Angle paced the losers with a pair of singles. Blane Banner and Mark McCannies each got a single.

Henry Huey tossed for the winners. Rudy Angel pitched for the losers.

### Rockets 15, Pioneers 7

After coming from behind and tying the game at the bottom of the second, the Rockets went on to down the Pioneers, 15-7, Saturday, in Pee Wee ball.

The Pioneers scored their seventh run in the top of the third but were not able to hold the rallying Rockets as they shot their way to victory with

### Ramblers 18, Runners 11

The Green Ramblers caught fire in the top of the fourth to beat the Road Runners, 18-11 in Pee Wee ball Monday night.

The Ramblers trailed 9-1 going into the third and went in the fourth trailing 10-7. The rally in the fourth put them ahead, and they made the lead

pat with five more runs in fifth.

Van Jaques and Grammer led the winners hitting department with a run apiece. Leon Duffie and Mark Harris also got hits.

The losers were paced by Herbert Spencer with a pair of singles, Joe Rodriguez with a double and a single.

Van Jaques was the winning pitcher.

Jimmy Clayton started for Road Runners but was replaced by Joe Rodriguez.

## RODEN, SUDAN FALL

# B&C-Marcum Grabs Lead

B&C Marcum had an uphill climb this season in Junior Babe Ruth, but finally reached the top by downing the league leading foes back-to-back this week.

In an extra inning game Monday night B&C-Marcum managed a 11-10 win over Roden Drug.

Tuesday night they were pitted against Sudan and won after scoring a pair of runs in the sixth, 3-1.

Roden Drug led for six complete innings Monday night, before B&C Marcum got three runs in the bottom of the seventh to tie the game.

Roden was scoreless in the top of the eighth and B&C Marcum clinched the game with a run in the bottom of the eighth.

The winning run was scored by Gary Brown after a triple. Alan Mackey got a single and drove Brown in for the win.

Hitters for the winners were Alan Mackey and Gary Brown, with a triple and a single each; Johnny Villafranco, with a double and a single; and Danny Cushion with a couple of singles.

Danny Jefferies and Clodis Twitty paced the losers with two singles each. Kelly Pratt and Tim Walker each got a single.

Johnny Villafranco was the winning pitcher. Larry Hobratchk pitched for Roden.

**B&C Marcum 3, Sudan 1**  
A pair of runs in the bottom of the sixth Tuesday night gave B&C Marcum the necessary edge to beat Sudan, 3-1, and

put them number one in Jr. Babe Ruth play.

It was a scoreless ball game for the first three innings.

Sudan's Carroll Legg got on in the top of the fourth and managed to come home for Sudan's only run, on a single by Curtis Chester.

Randy Dayton drove Alan Mackey in for B&C Marcum's first run in the bottom of the fourth.

The fifth inning was scoreless. Alan Mackey and Leon Hodge each scored for B&C Marcum in the bottom of the sixth.

The winners were led in the hitting department by Dayton with a double, Gary Brown Leon Hodge, and Noto Trejo each got a single.

Sudan's four hits were by Donnie Knowles, Richard Tamplin, Curtis Chester, and Mark Chester.

Randy Dayton was the winning pitcher, allowing four hits. Jerry Dale Price pitched for Sudan.

**Sudan 3, Security 0**  
Monday night in Babe Ruth play, Sudan beat Security State, 3-0 at Sudan.

The score was 1-0 in the sixth inning, but errors began to plague the Bankers and gave Sudan two more runs.

Mark Hanna was the winning pitcher. Pat Henderson hurled for the Bankers.
