

Rattler Colony Raided

Ruben Cox, left, and H. E. McNew display a few of the rattlesnakes they pulled from a den recently near the Flower Grove Community, some 15 miles north of Stanton. In all, they extricated 32 snakes from the single den, and the vipers ranged up to five and a half feet in length. Some of them had 15 rattles and apparently others had broken off. Cox lives on the Harry Lester Ranch, while McNew is a resident of Lenora.

'Brainwashing' Loses Part Of Its Mystery

By WARREN ROGERS Jr.
WASHINGTON, March 18 (U.S.)—Some of the mystery has been stripped from "brainwashing," the process by which Communists make men confess in detail and with an appearance of willingness to things they never did.

Three men in a position to know have publicly given the details that fit into a manual of brainwashing. They are Marine Col. Frank H. Schwable, Maj. Gen. William Dean and Dr. Joost A. M. Meerloo of New York. All testified this week before the court of inquiry which is trying to determine whether Schwable should be put on military trial for signing a false German warfare confession after seven months in Chinese Communist captivity.

Dean also was taken prisoner in Korea. Meerloo is a psychiatrist who underwent capture by the Nazis and served in the Dutch underground.

Here, from their testimony, is the technique of "mind murder"—menticide, or brainwashing:

1. Take away all the needs, big and small, of the human mind and body. Make your victim feel, "I am nothing." Do this by locking him in foul, cramped quarters. Deny him adequate food, clothing, baths, trips to the latrine, medical care, relief from monotony, a kind word.
2. While he is ripening into "a mechanical imitator of his tormentors," tell him what you want him to "confess." Teach him futility. Make it clear you have all the time in the world and his misery will end only when he confesses.
3. Interrogate him for as long as it takes—three hours or three weeks—until he is willing to agree, and perhaps believe, that black is white.
4. Use no drugs, except to keep him from temporary escape into unconsciousness. Use no physical torture, such as breaking his arm. That way you can say "we never laid a hand on him."
5. When he has broken, "fatten him up" with all the things he had been denied. As your propaganda drums beat, exhibit him so all the world can see he confessed "voluntarily."

Meerloo, 51, testified in a heavy Dutch accent that he practices psychiatry in New York and teaches at Columbia University.

"My job as a psychiatrist in the Dutch underground," he said, "was to prepare secret agents for possible capture."

His advice to them: Tell the Nazis everything and a lot more, to confuse them; school yourself in auto hypnosis, to make yourself insensitive as possible to pain.

Sanitation Contract Awarded At Stanton

STANTON — The Board of Aldermen has awarded a two-year city sanitation contract to Bill Counts, according to City Hall records.

Under the contract the program of removing trash and garbage from the business district will be continued, while the former weekly service in the residential district has been increased to a twice-a-week schedule.

THE GRUB LINE

With Franklin Reynolds

The board of supervisors of the Mitchell Soil Conservation District, with headquarters at Colorado City, is planning on holding a couple of county-wide meetings in the near future.

The first, they say, will probably be held around April 1, to give land owners detailed information on Guar, summer peas, blue panic grass, weeping love grass, King Ranch bluestem and other grass mixtures.

The supervisors plan on having out-of-town speakers participate in the meeting.

The second meeting they plan will probably be held about the middle of April and will have irrigation for its subject. This second meeting, it is planned, will go into the details of the mechanics of successful irrigation.

The complete programs will be announced later, and farmers and ranchers from all over this area of West Texas will be welcome to attend and participate in the discussions.

Members of the Mitchell SCD are W. A. Taylor, R. H. Bennett and T. J. Riden of Lorraine; M. A. Webb of Westbrook and J. W. McGuire of Cuthbert.

A. E. Jarratt, who lives in the Baumann Community in Mitchell County, has just completed about three miles of new terraces on his farm with the use of county maintainers.

Two years ago he built two large diversions to protect his fields from outside water. The new terraces have been built just below the diversions.

Mr. Jarratt rested his 225-acre native pasture this past year and in spite of the drought, says it made a most remarkable recovery.

In protected places where grass was not visible before he cow has grass, and most all the grasses in the pasture made growth enough to seed out this past year. He plans to continue light stocking with full summer defoliation for several more years.

In discussing the strip cropping practices, Painter Wylie, in charge of the Colorado City unit of the SCS, uses an old expression and says it much like waving a red flag in front of a mad bull, to mention it to many farmers.

At the same time he insists that it is a sound soil conservation practice because it not only helps maintain the physical productivity of the farm but also tends to increase the yields per acre of crops by conserving moisture and reducing the loss of topsoil.

Wylie points out that strip cropping is not a single practice, but that it is a combination of several good farming practices. It employs crop rotations, contour cultivation, proper tillage, stubble mulching, cover cropping, and other practices. The strip cropping system maintains soil productivity and often improves it; it maintains the maximum amount of ground cover for the greatest possible portion of the year; provides for the growing of field crops in a systematic arrangement of strips or bands

which serve as vegetative barriers to erosion and waste of soil and water.

There are four different kinds of strip cropping used. These are (1) contour strip cropping; (2) field strip cropping; (3) wind strip cropping, and (4) buffer strip cropping.

All four types have some usage here but generally the wind and buffer strip cropping would have the widest adoption for this West Texas area. The kind of strip cropping to be used, Wylie explains, depends on a number of local conditions, such as the kind of crops that can be grown, the

Small Interest In Castor Beans

STANTON (SC) — Only a few farmers attended a meeting to discuss the planting of castor beans which was held at the Court House Tuesday night, according to Martin Vavra, chairman of the Agriculture and Livestock Committee of the Martin County Chamber of Commerce.

The meeting had been called, he said, to give farmers an opportunity to become acquainted with the possibilities of castor beans as a crop for farm lands that will be idled this year by cotton acreage allotments.

Speakers were Henry Carter of Ballinger and Dr. Al Hoffman of Stockton, Calif., both representing the Pacific Vegetable and Oil Co. of California.

Cecil Bridges, president of the Chamber of Commerce, presided at the meeting and the speakers were introduced by Floyd Smith, farmer and member of the Chamber's Soil and Water Conservation Committee.

Vavra, who is also chairman of the latter committee has called a joint meeting of both committees for 2 p.m. Friday to discuss the project further. He indicated it was his impression that apparently Martin County farmers are not showing any great interest in castor beans, judging by attendance at the Tuesday night meeting.

Members of the committees are: Agriculture and Livestock: Horace Blocker, Jim Eiland, Ector Thornton and B. F. White. Soil and Water Conservation: Harry Billington, James McMorris, J. C. Mott and Floyd Smith.

type of erosion that must be fought, and the physical characteristics of the soil to be strip cropped.

Wylie points out that cotton provides but little resistance to wind erosion, and severe soil blowing frequently occurs where cotton is grown in large fields. On the High Plains and the rolling plains of West Texas and Western Oklahoma, growing cotton in strips alternating with strips of sorghum or Sudan Grass greatly reduces wind erosion. In general, farmers find that cotton strips should not exceed 150 feet in width and the sorghum strip should not be less than 50 feet wide. The width of the strips should be so arranged that by shifting sorghum strips each year, cotton will not follow cotton more than two years in succession. Frequent narrow strips of sorghum are more effective than wide strips placed farther apart, Wylie says.

Some Mitchell County ranchers estimate that it will require from eight to 15 years to properly restore ranges, even after the drought is finally broken and normal moisture starts falling again.

They say it must be generally recognized that due to the prolonged drought, coupled with overuse, that the recovery of many acres of rangeland will be mighty slow at best. The same situation appears to prevail throughout most of West Texas. If recovery is to come through natural processes it will, of course, take longer than if aided by approved reseeding practices. In any event it is going to take longer than most ranchers will want to wait.

Overseeding, the ranchers say they have learned, will have to be pretty much limited to areas relatively free of brush and smooth enough to permit the operation of grass drills over them. Broadcast seedings, say the range specialists, can be made if a good job is done and the area well covered with the desired planting rate of seed. Past Mitchell County experiences in overseeding rangeland without some type of seed bed preparation have uniformly proved unsuccessful. Regardless of the method of seeding used it is essential to make the necessary seed bed preparation so that the most favorable conditions will be found for securing a good stand of grass. It is also recommended by the range specialists that the pasture which is overseeded be deferred from grazing until the grass is well established and large enough for safe grazing.

Without naming him, Mitchell referred obviously and repeatedly to Sen. McCarthy (R-Wis.) and to his supporters, particularly with reference to what Mitchell called a "revival of religious prejudice" against the Roman Catholic Church.

Mitchell, identifying himself as a Roman Catholic, said he regretted "that many non-Catholics

have come to feel that my co-religionists are in the forefront of those who would sacrifice methods to objectives."

In Chicago, McCarthy, commenting on Mitchell's speech, said, "I have read it. I can hardly believe it and sincerely hope he will retract it. It is evil and viciously un-American for the head of any political party to wilfully and maliciously attempt to arouse religious bigotry."

The Democratic leader declared that the Rev. Robert J. McCracken, speaking at Riverside (Protestant) Church in New York City, "reminded us that the most noted among anti-Communist crusaders is a member of a church that has never disavowed the inquisition, that makes a policy of censorship, that insists on conformity."

"I am sure you can identify the crusader," Mitchell asserted, adding, "and may I say that I personally resent the transfer of his reputation to that of my church."

McCarthy is a Roman Catholic. Citing reports by Alty. Gen. Brownell and FBI Director J. Edgar Hoover, the Democratic leader submitted that "the penetration in this country's government and other institutions . . . is not now . . . either deep or serious."

Mitchell Says Church Blamed For McCarthy

TROY, N. Y. (U.S.) — Stephen A. Mitchell, Democratic national chairman, says "a group of political extremists" in the United States is deliberately overemphasizing the internal menace of communism to gain political and business advantage.

"What these extremists are trying to do," Mitchell said last night, "is to convert the fear and hatred that Americans feel for communism into fear and hatred of other Americans."

Without naming him, Mitchell referred obviously and repeatedly to Sen. McCarthy (R-Wis.) and to his supporters, particularly with reference to what Mitchell called a "revival of religious prejudice" against the Roman Catholic Church.

Mitchell, identifying himself as a Roman Catholic, said he regretted "that many non-Catholics

have come to feel that my co-religionists are in the forefront of those who would sacrifice methods to objectives."

Nuclear Test Victim

Dr. Masao Tsuzuki of Tokyo University (left) looks on as an unidentified technician uses a Geiger counter on one of 23 Japanese fishermen burned and blistered by ashes from a super-secret U.S. nuclear test in the Pacific recently. The crewmen saw and heard the blast about 80 miles away from the Bikini area and two hours later, ashes began drifting down on the boat. Only one of the 23 was considered in dangerous condition but all are expected to recover. (AP Wirephoto).

Rep. Van Zandt Says Nuclear Jam Broken

By RUSSELL BRINES
WASHINGTON (AP)—Rep. Van Zandt (R-Pa.) said today American scientists have broken through a logjam in the development of hydrogen and atomic power, and that the achievement points to accelerated development of both weapons and civilian power.

He gave no details. His prediction followed these disclosures:

- Members of the Senate-Atomic Energy Committee confirmed that a preliminary hydrogen explosion March 1 in the Pacific was three or four times heavier than scientists expected. Van Zandt estimated its power at 600 times that of the Hiroshima atom bomb, the first one used in warfare.
- Informed sources who declined to be named said the United States now is stockpiling hydrogen bombs that could be delivered anywhere in the world. This followed a statement by Rep. W. Sterling Cole (R-N.Y.) Tuesday night that this country has a deliverable hydrogen bomb. President Eisenhower asked at his news conference about Cole's statement, reserved comment until next week. Cole is chairman of the Senate-Atomic Energy Committee, and Van Zandt is a member.
- Military officials gave an Atomic Energy subcommittee yesterday what members called a "highly optimistic" review of developments in atomic energy for such nonweapon purposes as propelling ships and aircraft.

It was after this meeting that Van Zandt said in an interview that an unspecified logjam has been broken and rapid progress is prospective.

"I am more enthusiastic now than ever before about the possibilities," he said.

Meanwhile, two other committee members, Representatives Durham (D-NC) and Price (D-Ill.) called upon the Atomic Energy Commission to tell the public all it can about the Pacific hydrogen blast.

The new bomb, Durham said, "is such a horrible thing it's best to tell the world about it." Price said he saw no reason to bar a quick announcement. The AEC gave no indication it would have a statement soon.

Durham estimated the blast at "several times" the strength of the first hydrogen explosion on Nov. 1, 1952.

The power of the first hydrogen blast has not been officially reported. Van Zandt said it was equal to between 2 1/2 and 3 million tons of TNT—compared with 20,000 tons for the Hiroshima blast.

Van Zandt said the latest hydrogen explosion in the Bikini-Eniwetok area measured between 12 and 14 million tons. He gave this additional description:

- The explosion shot a nuclear cloud more than 17 miles into the air.
- The shock-wave felt at Kwajalein Island, 176 miles away.
- A fall-out of nuclear dust was reported from an inhabited island 330 miles away, but it was in harmless quantities.
- The blast was set off from a 150-foot tower and was preliminary to a larger hydrogen explosion scheduled later in the current series of Pacific tests.

Van Zandt said that "as a layman and by using my imagination, I can imagine our present rate of research leading to the development of a hydrogen weapon of 100 million tons in power."

Martin Contest Winners Told

STANTON (SC)—Winners in the contests held in the Martin County schools during Public School Week to attract visitors have been announced by the Chamber of Commerce, which sponsored the contests and provided cash awards for the winning grades or departments.

At Courtney High School the winners were: Senior class, 1st; Sophomore class, 2nd; and Freshman class, 3rd.

Courtney Grade School: Seventh and eighth grades, 1st; fifth and sixth grades, 2nd; and third and fourth grades, 3rd.

Grady Grade School: First grade, 1st; fourth grade, 2nd; and fifth and seventh grades, tie for 3rd.

Flower Grove High School: English department, 1st; History department, 2nd; and Commercial department, 3rd.

Flower Grove Grade School: Second and third grades, 1st; first grade, 2nd; and fourth and fifth grades, 3rd.

Stanton High School: Home making class, 1st; Commercial class, 2nd; and Science class, 3rd.

Stanton Grade School: Fifth grade, 1st; combined fifth and sixth grades, 2nd; and eighth grade, 3rd.

Grants Radio Permit

WASHINGTON (AP)—The Communications Commission has announced it has granted a radio station construction permit to Kennedy Broadcasting Co., Ltd. (111 East Riche St.) at Antonio, Tex., 900 kilocycles, 250 watts power, daylight hours only, Kennedy, Tex.

Stevenson Says Nation Should Watch Tongue

CAMBRIDGE, Mass. (AP)—Adlai Stevenson says Americans "must be careful" of their words because foreign opinions are formed from "the composite of the voices of America, official and unofficial, true and false."

"We do not realize what injury needless words and bad manners do us abroad," the 1952 Democratic presidential candidate told an audience at Harvard University last night in the first of a series of three lectures.

He will deliver the second Godkin Lecture tonight and the final on Friday night. The general subject is "A Troubled World."

"There is still another danger in loud, loose tongues," he said. "We not only confuse and mislead foreigners but we can mislead and deceive ourselves; we can become the victims of our own propaganda, especially in times of tension and impatience."

"In these days when moderation and reason are so often equated with appeasement or even disloyalty, we must be careful lest unreason and extremism not only frighten and alienate our friends and fan the flames of neutralism in the world, but also mislead the American people."

He said Americans are "accustomed to political bad manners and blinding hate," adding that we have "developed some immunity to vilification, abuse and misrepresentation in our domestic public dialogues."

"But now the situation has changed with the change in America's position in the world," he said. "Everyone is listening attentively to what we say but without even our imperfect capacity to evaluate its significance."

3 In Stanton School Race

STANTON (SC)—Three candidates have announced for the two vacancies to be filled on the Stanton School Board in the April 3 election.

These include Elma Nichols, a candidate to succeed himself. A farmer, Nichols was elected to the board to succeed Elmer Long, who resigned.

Other candidates are Marion Gibson and Walter Dickson. Gibson, who has lived here for many years, is an employee of the DuPont Chemical Co. Dickson is a partner in the Stanton Walgreen Drug Store and a registered pharmacist. He is a former high school teacher and also taught in the College of Pharmacy at the University of Colorado.

Thursday is the deadline for the filing of candidates.

Edmund Tom, at present a member of the board, had not filed for re-election Wednesday morning.

Get A Library Copy

OF WARDS NEW GENERAL CATALOG

When it's time for a new suit, a becoming hat—something bright and gay for Easter, it's time, of course, to get a library copy of Wards Spring and Summer Catalog to shop comfortably at home for 2 weeks. A wonderful selection of budget-wise fashions will greet you from the pages of this big, new book. Crisp cottons, sparkling silks, quick-drying Nylons are clearly illustrated and accurately described. More exciting new fabric textures and eye-catching new designs are shown than ever before. You'll find hundreds of beautiful fashions for style-wise wear. Then too, you'll find thousands of other home and family needs. So, ask for a library copy of Wards big, new Catalog, today, and phone your orders to our Catalog Department.

IT HAPPENED

Phone Bill Story

HELPS US—were mar. telephone calls to Strasburg, Ohio, on Aubrey D. Jones' bills that his life became suspicious and called, too.

She said she found out he had another wife there. The Los Angeles wife, Jean, told the district attorney, that Jones, 35, was still wed to Marjorie Jones, a taxi driver in Strasburg.

Jones was arrested yesterday on a bigamy complaint.

Too Many Cooks

BETHANY, Okla. (AP)—Police Car No. 2 in this small city

Israel Deaths Under Probe

TEL AVIV, Israel (AP)—Israeli investigators and U. N. observers today probed the reported Negev Desert massacre of 11 Jews by a gang of Arabs yesterday on the road to Beersheba.

An Israeli army spokesman said investigation showed the unidentified attackers came from the direction of the Jordan border 12 miles to the east.

The Israeli government filed an official complaint to the U. N.-sponsored Israel-Jordan Mixed Armistice Commission set up to supervise the cease-fire line between this country and her Arab neighbor.

The government denounced the attack as a "warlike act" and a "massacre." Only four persons on the bus survived, including a woman and child who "played dead" to escape close-range machine-gun fire from the attackers. The two other survivors were part of the four-man soldier escort traveling on the bus to protect the passengers.

One survivor said the attacking band numbered about 10 men.

The Israeli report said the Arab shot the driver then boarded the bus and tommy-gunned the rest of the passengers.

Kids Get Holiday

BALTIMORE (AP)—Dr. John H. Fischer, superintendent of schools, announced last night that April 15—home opening date of the Baltimore Orioles—will be a holiday for the city's 138,000 school kids.

Walking Papers

LOS ANGELES (AP)—Mrs. Helen H. Wilson got custody of Butch, a black, 7-year-old Cocker spaniel, in a divorce here but her husband Dale was given permission by Superior Judge Thurmond Clarke to visit the dog and take him walking.

CUNNINGHAM & PHILIPS
Since 1891
Prescriptions since 1916

moved fast after receiving a radio message. The officers in the car spotted a fast-moving car in the distance and radioed back: "We're chasing him now."

Back came a message: "Bethany Car 1 to Bethany Car 2. Slow down. That's me you're chasing. I'm trying to catch that guy too."

The speeder got away.

Brown Snow Falls

HAILEY, Idaho (AP)—Hailey had a brown snow yesterday.

A storm blew in from the Southwest and apparently picked up dust particles from Nevada dust storms. Sheriff Les Oatis said the windshield of his car looked as if it had been spattered with mud.

City Of Long Beach Given Hughes' Bill

LONG BEACH, Calif. (AP)—The city of Long Beach has been presented a claim for 12 million dollars for damages to Howard Hughes' huge wooden flying boat in the collapse of an earth dike last fall.

The claim said the dike, erected by a dredging concern employed by the city, released mud, silt and water on Hughes' property where the 44-million-dollar experimental craft is docked.

The claim alleges negligence and carelessness against the dredging company and resultant damage to equipment, records, installations and other property.

Hughes' flying boat has been moored at the harbor for years. He had planned to have it test flown last October, but his engineers said they cannot estimate how long will be required to complete repairs.

Let Wards Install Your Building Needs

She Found The Secret

Vera Miles, one of the most promising newcomers to Hollywood, confesses that the studios taught her a lot of make-up secrets. Beautiful Vera was a recent runner-up in the Miss America contest.

HOLLYWOOD BEAUTY

Hollywood Experts Aid With Make-Up Secrets

By LYDIA LANE

HOLLYWOOD — Vera Miles was considered one of the most beautiful girls in Wichita, Kansas, but it was not until she was a runner-up in a Miss America contest that she attracted the attention of Hollywood.

"I was going to be a school teacher," Vera told me recently as we stopped into Will Wright's for an orange freeze.

"I assume you have no regrets," I remarked.

"I love Hollywood," she said. "It's not an easy place to live but then there's no danger of getting into a rut."

"There is one thing you can say about Hollywood," I commented, "and that is that everyone who works in pictures becomes more glamorous."

Vera agreed. "The people who make you up really deserve to be called artists. They are such perfectionists! No detail is too small for them to work over. I think when you sum up glamour it's the accumulative effect of so many little things."

"Such as?" I coaxed.

"Seeing that every eyebrow is in place, that your lashes are curled and mascaraed with no two sticking together. That your mouth has a neat outline and is the perfect shape for your face. But no more attractive."

You'll learn how to use make-up that is correct for YOUR facial features when you get a copy of leaflet M-44 "Make Yourself More Attractive Through Correct Use of Make-Up." This leaflet, fully illustrated with all facial types, tells you where to apply darker-than-base make-up and lighter-than-base make-up.

Your copy will be on the way to you when you send 5 cents AND a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty, in care of The Big Spring Herald.

matter how much is done the final effect is one of naturalness. "I look at the people away from Hollywood and I find that for the most part they either use too much or too little make-up. When a mouth is painted such a bright red you have to put some accent on your eyes or your face is bottom heavy. But this doesn't mean you must use a heavy pencil around your eyes. Eye make-up has to be subtle to be attractive. Have a sharp point on your pencil and try to make little dots on your eyelid in between your own lashes. While this is not enough to look made-up it creates the impression of thicker lashes."

"And another thing," Vera continued, "is choosing your powder in the right shade. If it's too dark you look theatrical and if it's too light you look artificial. A make-up man once told me never to choose powder more than one tone lighter or darker than my natural coloring. The test is to powder one side of your face. It should look more even, but there should never be a marked difference in color."

"Would you say, like in everything else, that experience is the best teacher?"

"Trial and error," Vera suggested, "certainly is the answer. Buy small sizes of cosmetics until you are sure you have hit on what is right for you—that's the secret."

Bake Sale To Be Held
Members of the Mary Martha Sunday School Class of the Wesley Memorial Methodist Church will hold a bake sale in Furr's Food Store on Saturday beginning at 9 a.m.

Rebekahs To Sponsor Two April Banquets

STANTON—At a meeting of the Rebekah Lodge plans were made for a banquet to be given for the eighth grade on April 3 and one to be given for the Beta Sigma Phi Sorority on April 30.

The group voted to send \$20.00 as an Easter gift to Patsy Parr, adopted daughter of the lodge. It was announced that all members are to attend the next meeting of the lodge as the drill team will practice. Nineteen members attended.

Leta Johnson, daughter of Mr. and Mrs. Ellmore A. Johnson, had her birthday party on the TV Birthday Party show over KMDI at 3:30 p.m. Friday, March 5.

The Friendship Sunday School Class of the First Baptist Church will have their regular monthly social and business meeting at the home of Mrs. Tincy Ory, Mrs. Nadine Steele will be co-hostess, March 23, at 7:30 p.m.

Mr. and Mrs. J. A. Wilson have had Odessa visitors recently. Dr. and Mrs. George W. Dawson, Jr., recently had visitors from Abington, Ill.

Mr. and Mrs. Jess Angel announce the arrival of a daughter

born at the Stanton Hospital March 15.

Tom Angel is a patient at the Stanton Hospital. Judge James McMorries has been dismissed from the hospital. Lynn White, who was hospitalized for medical treatment, has been dismissed.

Who's The Fairest Of Them All?

A good question to be asking the mirror on the wall, when the subjects are Marilyn Monroe, Betty Grable and Lauren Bacall, all dressed up for roles in "How To Marry A Millionaire." The picture

is currently at the Ritz Theatre, and is another in CinemaScope, which process shows its versatility in treatment of light comedy as well as it did in pageantry in such pictures as "The Robe."

Mrs. Sloan To Head Central P-TA

Mrs. Roy Sloan was named president of Central Wards P-TA at a meeting Wednesday at the school. Mrs. Sloan was also chosen delegate to the P-TA district conference to be at Snyder April 8 and 9.

Other new officers elected include Mrs. W. H. Bain, first vice president; Mrs. E. T. Driver, second vice president; Mrs. Charles Jones, secretary; Mrs. Andy Jones, treasurer.

Speaking on "What Our School Tax Provides" Superintendent W. C. Blankenship gave his description and explanation of the annual legal budget.

"Everyone profits directly or indirectly by public schools," he said. Mr. Blankenship pointed out that the recent census showed 5213 children of school age in the district and 241 people working for the schools, plus nine cafeteria workers.

Mrs. Ed Welch's fourth grade gave the devotion by reading from Matthew. The group sang an Irish song.

Mrs. J. H. Homan presided and Mrs. G. H. Briden introduced the speaker. Theo Sullivan's room was the room count.

Dr. P. E. Harrison of the State Hospital will be speaker at the next meeting.

MRS. KENNETH F. MYERS

Myerses At Home Here

A-1C and Mrs. Kenneth F. Myers are at home in Ellis Homes, following their wedding in Lovington, N. M., on March 3. Mrs. Myers is the former Becky Chadwick, daughter of S-Sgt. and Mrs. John H. Chadwick. A-1C Myers is the son of Mr. and Mrs. Wm. F. Myers of South Bend, Ind.

The couple was attended by Jan Rankin and A-3C Clarence Croteau. Following their wedding, they left for a trip to Del Rio. Mrs. Myers will be graduated from Big Spring High School in May. The bridegroom is a graduate of South Bend High School and is stationed at Webb Air Force Base.

Forsan Has Workers Conference

FORSAN — The First Baptist Church was host to the Association of Workers' Conference Monday at which approximately 250 attended.

The Rev. Roy Fish gave the sermon on the evening program. Others taking part were Clyde Arndt of Big Spring; Dr. P. D. O'Brien of Big Spring; The Rev. Paul West of Coahoma and the Rev. J. W. Arnette of Big Spring.

Mr. and Mrs. T. T. Henry, Tommy and Danny spent a weekend on a guest ranch near Sumner, N. M.

Mr. and Mrs. C. C. Long of Blackwell have been visiting here with Mr. and Mrs. C. B. Long. Also visiting with the C. B. Longs is his brother, Bill, of Fabens.

Mr. and Mrs. Bob Wash and Diane were in Lamesa for a weekend with her parents, Mr. and Mrs. Bill Archer. They also visited in Seagraves.

Troop 23 Meets For Flag Practice

Girl Scout Troop 23 met Wednesday at Kate Morrison School for a practice of the flag ceremony as a requirement in the community life seal for the second class badge.

Leaders meeting with the girls were Mrs. C. W. Henderson and Mrs. Trinidad Cano.

Five girls were appointed to bring material for first aid to be practiced at the next meeting.

Rosalinda Flores and Rosario Parades were appointed to meet with Mrs. Leon Winkle March 24 to make plans for a court of honor.

The girls participated in a dance and sang songs. Twenty attended. After the meeting Girl Scout cookies were distributed to the girls who had not yet received them.

Rebekah Lodge 284 Plans For Supper

Plans for a covered dish supper March 30 were made by members of Rebekah Lodge 284 at a meeting Tuesday evening. The supper will be at 7:30 p.m. at IOOF Hall.

Team practice will be held at the next meeting and all members are urged to be present.

Mrs. Thelma Braune presided. Mrs. Nannie Adkins acted as vice grand in the absence of Mrs. Bonnie Phillips, who is attending grand lodge in San Antonio. Twelve members were present.

Supplies Brought For Missionary

Supplies were brought for a missionary on a home mission field when the Hillcrest WMU met at the church Tuesday afternoon. Mrs. Clarence Hinkle offered the opening prayer.

It was announced that this circle will have charge of the information booth Friday morning at the Municipal Auditorium when the Baptist regional conference meets there.

For their community work, the group will bring food to be taken to a family in the city, and a mission book will be taken to some shut-in. A letter from the Baptist Children's Home was read, asking for Easter clothes to fit a 16-year-old girl.

Mrs. James Smith reviewed the last chapter of "In Evangelical's Country," and Mrs. Harvey gave the closing prayer.

Congressman Davis Back At Work

Rep. Clifford Davis gets a hearty welcome in Washington from Rep. Jere Cooper, right, at the capitol as Davis returned after being shot in the leg when a group of Puerto Ricans opened fire in the House chamber March 1. Waiting to get in a word are Rep. Percy Priest, foreground, and Rep. Pat Sutton. All are Tennessee Democrats. (AP Wirephoto).

IN TRANSITION

New England Feels Business Slowdown

By SAM DAWSON
BOSTON (AP)—Your New England cousin can explain a "rolling adjustment" to you if you're wondering what this business jargon is all about. He's already had one. In three years, employment in the soft goods industries (largely textiles) dropped 70,000 in this area. Large numbers of these workers are still out of jobs. And Yankees just now seem to be rolling with another one. The hard goods industries, which grew rapidly in New England—adding 72,000 jobs in the same three years, the Federal Reserve Bank of Boston reports—now hire a few less workers than a year ago. Work weeks are tending to shrink a little in almost all industries around here, the regional office of the Bureau of Labor Statistics reports. But the drop in industrial output in the area seems to be just about the same 10 per cent it is for the nation as a whole.

And March is shyly bringing some slight seasonal gains in employment, although the BLS says not enough to hoist factory work-rolls back to last year's level. New Englanders tell you that national conditions will call the tune for many of their new metal-working factories henceforth, because most of them make parts or supplies for others elsewhere. If these outsiders slow down consumer goods production, New England will find orders scarce. And many here have been doing sub-contracts for defense programs whose days numbered. Retail trade, however, remains

Two Skiers Wed Amid Snowstorm

TAHOE CITY, Calif. (AP)—Two ski enthusiasts were married in a snowstorm 8,700 feet up on Squaw Peak yesterday. It was so cold that neither Austin Edward Frodenberg, 25, of Tahoe City, nor his best man, Kjell Rustad, could do much about the wedding ring. Frodenberg's bride, June Louise Drake, 27, of Denver, had to slip the ring on herself. The bride, on skis, wore a powder blue gown—under ski pants. Frodenberg, also on skis, wore a tux over "long johns." The minister wore street clothes. After the ceremony the newlyweds sped down the mountainside through an arch of ski poles formed by guests.

Omaha Income Taxer Begins Candling Hunt

OMAHA (AP)—Carl E. Lundgren has closed his desk at the internal revenue office here to start his annual letter "candling." When the flood of income tax returns sent in by mail hits the office about the tax-deadline time, Lundgren begins a methodical search of empty envelopes for checks and other enclosures which may have been overlooked. Each envelope is passed over a light to make sure it's empty, just the way an egg is examined. So far this season Lundgren's "candling" has turned up \$1,000.

Businessmen Hopeful Boom Will Continue

WASHINGTON (AP)—Businessmen plan to cut their spending on new plants and equipment this year but expect 1954 will be the second biggest business expansion year on record, the Commerce Department says. And a survey indicated that businessmen expect sales in 1954 to be nearly as good as last year's, the department said late yesterday in a report on business spending and sales expectations.

France Hopes U. S. To Assist In Negotiating Indochina Peace

By PRESTON GROVER
PARIS (AP)—Despite the stern words coming from Washington, France hopes and expects that at the Geneva conference next month the United States will help buy Chinese Communist support to end the Indochinese war.

If that U.S. help isn't forthcoming, some French officials say, the result might well be a new French government that would turn its back on American plans for defending Europe—particularly the proposed European army.

The French know they have nothing to offer that China wants seriously. French recognition of Peiping wouldn't ripple a Communist hair. What China will want, France expects, is some inducement that will justify Peiping's joining in a five-power pact to bring peace in Indochina.

Just any sort of end of the war won't do. In French eyes, a deal must be worked out which will permit France to stay in Indochina long enough to assure that the French-sponsored governments

of Viet Nam, Laos and Cambodia won't collapse or be taken over by the Communists.

French government officials know this will pose a problem for Secretary of State Dulles at Geneva.

Any concessions made by the

Allies Building Top Fuel Pipeline Setup

PARIS (AP)—The Atlantic Allies are building the biggest fuel pipeline system the world has ever known.

"An immeasurable ace in the hole," is the way one official described the pipeline.

"Aside from a few synthetic gasoline plants in Eastern Germany," he said, "the Russians must haul most of their fuel from the Baikal region on the Caspian Sea, which is more than 2,000 miles by rail from central Germany."

This source—who declined use of his name—and others reported: The pipeline project will embrace about 4,000 miles of 4 to 12-inch pipelines in the European countries. When the three-year project is completed about two years from now its cost is expected to be about 210 million dollars. U. S. share: 42.86 per cent

Woman Clerk Sure Convicted Killer Innocent Of Wrong

SALT LAKE CITY (AP)—Constable Keehn met convicted killer Don Jesse Neal for 15 minutes at Utah State Prison yesterday and came out "more convinced than ever" that the 24-year-old Californian is innocent.

Miss Keehn came here from Sherman Oaks, Calif., to aid the legal fight Neal is making to overturn his conviction of first-degree murder in the 1951 death of a Salt Lake City policeman.

Miss Keehn first became interested in the case after reading a newspaper classified advertisement in Los Angeles, in which Neal asked for help in escaping the firing squad. He has been in the Utah prison's death row for 2 1/2 years. An appeal has prevented his execution.

Miss Keehn, a 22-year-old former WAC, quit a clerical job in Sherman Oaks to aid Neal.

Tiny Tot, Thought Kidnaped, Found

LA PAZ, Bolivia, March 17 (AP)—Arturo Taus, 2, sought for three weeks as a kidnap victim, was found unharmed last night in a residential section of La Paz. He apparently had been abandoned by the kidnapers.

The boy was spotted crouching in a doorway by a tailor and his wife who were returning home from a movie. The couple stands to collect rewards totaling 1,900,000 bolivianos (\$10,070) offered for Arturo's safe return.

The boy's father, Felix Taus, was notified by police recently after authorities said they suspected the kidnaping was an attempt on his part to gain the custody of the child from the mother. Taus, a merchant, and his wife are separated.

At the time of the lad's disappearance, however, his mother issued a statement saying that she and her husband were "now united in the same pain."

Disgusted, Disarmed Policeman Quits Post

ST. LOUIS (AP)—Detective Cpl. Robert Walker, 27, disarmed by a bandit last week after a \$1,000 grocery holdup, resigned today, explaining that he would seek more suitable employment. It was the second time that he had been disarmed in line of duty.

Girl Expected To Recover From Fall Of 175 Feet To Ice

MT. RAINIER NATIONAL PARK, Wash. (AP)—A schoolgirl walking along a parapet overlooking a waterfall slipped and fell 175 feet onto an icy mound here yesterday but survived and is expected to recover.

Dolores Van Parys, 17, of Seattle and another girl were returning from viewing Narada Falls when she slipped on the icy pathway, slid 20 feet down the parapet and plunged to the stream bank below.

Frank T. Hirst, assistant chief ranger who aided in the hour-long rescue effort which brought the girl to a waiting ambulance, said she struck the ice mound a glancing blow, sliding down its side into ice and snow in the creek bed. Her clothing was torn to shreds.

She was still conscious when rescuers reached her but could only mumble "Pick me up, pick me up," and "Please get me out of here."

She was taken to a hospital at Morton, where a doctor said she is suffering from a brain concussion, a fractured neck vertebrae and internal injuries.

Men alcoholics are five times as numerous as women alcoholics.

Einstein Grandson Fined In Theft Case

PITTSBURG, Calif. (AP)—Bernard C. Einstein, grandson of scientist Albert Einstein and son of Prof. Hans Albert Einstein of the University of California, was fined \$100 yesterday for stealing 60 cents from a vending machine.

... was ... on probation ... six months ... same sentence was meted out to John Edward Tarvin Jr., 21, of San Diego. They were ordered to pay \$75 for repairs to the machine. The theft occurred Jan. 13, the day young Einstein was given a honorable discharge from the Army.

THIS BUICK V8 delivers locally for less than you think!

THE car pictured here is the 1954 Buick SPECIAL 2-door, 6-passenger Sedan—and it's tomorrow in every line and curve and feature—even to the years-from-now design of that broadly arched new windshield. The price carried by this glamorous automobile, ready to roll—the local delivered price—is lower than some models of the low-priced cars. Now—just put this car and this price against anything on the automotive horizon today, and you'll know why it's literal truth when we say, "Buick, the beautiful buy." It gives you more style modernity, more visibility, more distinction,

and more advanced features than other cars in this Buick's price range. But even more important—it gives you more room and power, more ride comfort and steadiness, and more solidity of structure than other cars at its price. Come in and check that—in this big, bold beauty of a Buick that delivers to you for just a few dollars more than the so-called "low-price three." We'll gladly seat you at the wheel and let this sensational automobile tell its own story. Can you make it this week?

Come in and check the price! This 1954 Buick SPECIAL 2-Door, 6-Passenger Sedan costs less than some models of the "low-price three"!

Peoria And Phillips In NAAU Q' Finals

DENVER (AP)—Peoria's defending champions and the co-favorite Phillips 66ers coasted into the quarterfinals of the 47th National AAU Basketball Tournament with decisive victories last night. Four other veteran AAU clubs—Denver, Los Angeles, San Diego and San Francisco—and two surprise teams made it into tonight's round of eight. Akron's Goodyear Wingfoots were the only seeded team bumped out in yesterday's traditional round of upsets in the tourney.

TEACHERS, BOARD MEMBERS TEAM UP TO PLAY KNOTT FEMS FRIDAY

KNOTT, (SC) — A team composed of high school faculty members and the board of trustees, outfitted as women, will play the Knott girls in a benefit basketball game here at 7:30 p.m. Friday. Proceeds from the game will go toward the seniors' annual trip. Admission prices have been pegged at 25 and 50 cents. Among those who play for the Faculty-Trustees are Bill Bolin, J. T. Lowe, Cecil Shockley, Morris Molpus, James Barnett, Donald Allred, Henry Sample, Claude King, J. M. Blake, O. N. Lancaster, Arnold Lloyd, M. A. Cockrell and Charles Williams. The Knott girls can field an able team. The Billies finished second in the District 23-B race. The game will be played according to girls' rules.

Yankees Having Troubles, But Shed No Tears

By RIP WATSON
Associated Press Sports Writer
Don't bother to shed a tear for the stumbling New York Yankees, who are having trouble winning baseball games these days. Casey Stengel's young men lost their fourth straight exhibition yesterday. The surprising Philadelphia Athletics whipped the world champions, 5-3, for their seventh win in a row. That makes eight losses in 11 tries for the Yanks and leaves the New Yorkers seventh in the American League spring standings. But before you start consigning the champs to a second division berth, it is worthwhile to note that only two of Stengel's October, or World Series, players were in the March starting lineup. Gil McDougald opened at third base and belted two triples, the second three-bagger driving in the first Yankee run, and Gene Woodling started in left field. Shortstop Phil Rizzuto also came in the game in the late innings. The Scooter rapped a single in the Yanks' two-run rally in the ninth. For purposes of comparison, a look backwards shows that New York was fifth among American League teams at the conclusion of spring training a year ago. Four players obtained from the Yankees in a trade last December dove in runs in the Athletics' victory. Rookie Jim Flinagan clouted a home run off Steve Kraly, who used to be his teammate at Birmingham in the Eastern League last year. Vic Power, Bill Renna and Don Bollweg also sent runs home. The Brooklyn Dodgers, meanwhile, apparently are taking a directly opposite course in getting ready to try for their third consecutive pennant and still another go at the Yanks in the World Series. Although they were shut out by Sandy Consuegra for five innings and managed only seven hits in Chicago's nine, the Brooks thumped the White Sox, 5-1, yesterday and now boast an eight-game winning streak. Six regulars started for the Dodgers. Don Hoak's home run and a two-run triple by fleet Jimmy Gilliam were the big blows backing up a good pitching job by veteran rookie Pete Wojciechowski and Bob Miller. The Milwaukee Braves, looked upon in some quarters as the Dodgers' chief threats, got even better pitching as fastballer Bob Buhl and rookie Ray Crone limited the Philadelphia Phillies to five hits in a 2-0 victory. Joe Adcock, Braves first baseman, batted in both runs with singles in the first and eighth innings. The Cincinnati trio of Art Fowler, Jim Melton and Jack Crimian also combined for a shutout to a 4-1 win over the Detroit Tigers.

Glittering Duel Looms In Meet

FORT WORTH (AP)—A glittering duel looms between Abilene and Sunset for the high school division championship of the Southwestern Recreation Track and Field Meet here Friday and Saturday. Abilene, champion of the Border Olympics, and Sunset, defending state titlist, appear virtually by themselves in the fight for first place. But there are 79 schools with 596 athletes already entered in the high school division, this being almost two-thirds of the big field of 1,203 contestants in the five-division meet. Sunset, which won here last year, has much of the same team back, still featuring hurdler, dashman, relay man and the Southern and high jumper Tom Kelly. Abilene has more balance on its team but Sunset has more first-place potential. Heading the Abilene team is Dick Orsini, a crack broad jumper likely to break the record in this event. He was 17' only Abilene performer to win a first place at the Border Olympics but other athletes finished high. Other teams offering what might turn out to be stern competition are the crews and North Side (Fort Worth). Gene Ellis has won the high hurdles in 14.5 and the lows in 20 flat. Southern last year did 18.9' on the low hurdles, which is within the record here of 19.7'. Entries in the big track and field and golf meets are expected to soar past the all-time record. With 309 entered in golf, the total already is 1,612—just 49 below the record of 1,661 set in 1949. There are seven university division teams, with Oklahoma A&M expected to repeat with the title; eight colleges, with North Texas State a heavy choice to again win the championship; 15 junior colleges, with Victoria favored, and 10 prep and college freshman teams, with Oklahoma A&M also favored in this class.

Dick Metz, Rex Baxter Invited To Fort Worth

FORT WORTH (AP)—Vic-ran Dick Metz and Rex Baxter Jr., the National Junior champion, were invited to play in the \$25,000 Colonial National Invitation Golf Tourney. At the same time announcement was made that two previously invited players "declined". They were Lew Worsham, last year's leading money winner, who said he had "contracted" and that would prevent his being here for the tournament May 26-30, and Bill Cameron, winner of the Waco Cup, who said he would be playing in the British Amateur at the time. Fort Worth invitations have been extended with the following names: Metz, already in the field as "erry Barber" Alford, Tommy Bolt, Julius Boros, Jack Burke, Walter Brinkmo, Jimmy Demaret, Dave Douglas, Jim Frazier, Doug Ford, Marty Furgol, Fred Haas, Chandler, E. J. Harrison, Fred H. Johnson, Ben Hogan, Ted Krull, Lloyd Mangrum, Dick Mayer, Sherry Mayfield, Cary Middlecott, Byron Nelson, Ed Oliver, Johnny Palmer, Earl Stewart, Peter Thomson, Harry Todd, Bob Toski, Jim Turnesa, Wally Ulrich, Art Wall, Fred and "Wing" Winstinger, and amateur Joe Conrath. Those invited who have not yet accepted are Skip Alexander, Gardner Dickinson, Ed Furgol, Clayton Hester, Gene Littler, Metz, Baxter and amateur Charles Coe. Metz has played in all of the seven Colonial tournaments to date. Baxter, who is at University of Houston, was low amateur in the recent Houston Open Tournament after winning the \$3,000 Laredo Open. He is from Amarillo.

Services Set For Fred Cobb

FRED COBB
Services are scheduled here today for Fred Raynor Cobb, the gifted golf teacher who made North Texas State College a power among collegiate golf teams. Cobb died in his home yesterday at the age of 55. He suffered a heart attack and died several hours later. Death came as a shock here and in the college campus where he guided North Texas teams to four straight National college championships—from 1949 to 1952. Cobb made golf a major sport at North Texas State in 1931. Nine years later he had a championship team. North Texas State built an 18-hole course while Cobb was turning out winners and then added a \$50,000 limestone clubhouse. Cobb and good golf brought boys from all over the country to the North Texas school. Cobb was born at Antelope, in North Texas. He was graduated from Denton High School. He attended Georgia Tech and starred there in football and baseball for two seasons. He met Bobby Jones, one of America's greatest golfers at Georgia Tech. Cobb transferred to NTSC in 1919 where he finished his schooling and went on to play more topflight college football. Cobb said he learned to play golf from caddyding for Bobby Jones. Cobb was a master of the mechanics of golf. He would spend afternoons on the college course studying his players through field glasses. Cobb is survived by his widow, two brothers, George and Ed, both of Rockport, and two sisters, Mrs. Clyde Godwin and Mrs. Doug Mitchell, both of Dallas.

FOR AUG. 14 BOUT

Hubert Miller Is All-Star Choice

BEAUMONT (AP)—Twenty-seven of the top schoolboy football players in South Texas have been selected to play in the 20th annual North-South All-Star grid game. The game will be played in the Cotton Bowl at Dallas on Aug. 14. About 400 veterans who played in the 19 previous games will be on hand as spectators. Fifteen of the 27 boys picked were also named to the Texas Sports Writers Association's Miller first and second all-star teams. Four Class B players and eight who played in various other divisions rounded out the club. Robert Schilze, Conroe coach and head of the selection committee said only another end remained to be selected to complete the squad. The Southern team will be coached by Jess Neely, head coach at Rice. Neely and his staff will school the "Southerners" in a "Pace T" tournament offer. The North team will use the Split-T.

Steerette Netters Break Even In Sterling Match

Junior High School netters saved the day for Big Spring girls' tennis matches with Sterling City here Wednesday afternoon. Victories by both junior singles and doubles teams enabled the Steerettes to break even in four matches. Dixie Faulkner won her fourth straight match by turning back Shirley Cole, Sterling City, 6-0, 6-2 in junior girls' singles. In junior doubles, Janice Rome and Sue Barnes, Big Spring, won over McCarthy and Martin, 6-4, 6-2. The triumph was the fourth for a duo on which Rome has played. Betty Anderson, Big Spring's number one senior player, did not play due to illness. Clara Freeman filled

PHILADELPHIA MAY GET JOHNSON-MOORE FIGHT

CHICAGO (AP)—A light heavyweight title showdown between Harold Johnson and champion Archie Moore was shaping up today for the city's hometown, Philadelphia, this summer. Philadelphia, 25, snapped out of a first-round "knockdown," to win a split decision over impressive Paul Andrews, 24, of Chicago in Chicago Stadium last night. In winning his 48th start, 53 bouts, Johnson had "trouble working" into the fight, who at 6-3, towered over him and outraged him by inches by several inches. Andrews, a "stomper," outwrestled Johnson by three pounds, 175 to 176. Aside from the mandatory eight court knockouts in the opener of the nationally televised 19-rounder, Johnson was "over, sharp boxer who threw four punches as many as his somewhat cautious opponent and hand himself up to expect" of his No. 1 ranking; a contender. Andrews, displaying a "hook and sneeze" right, crashed home the left in the first and Johnson was down. "I thought it was a rig," Johnson said afterward. "Those ring lights seemed awfully bright and I had to look up to that tall Andrews. The lights blinded me." Johnson's debut with Moore, whom he has fought four times, may be in late June or early July. "Moore" wants a \$100,000 guarantee," said Johnson. The Texas City Rotary of the International Boxing Club, said the match was in the making for Philadelphia as "over, sharp boxer who threw four punches as many as his somewhat cautious opponent and hand himself up to expect" of his No. 1 ranking; a contender.

Forsan Is Winner Over Knott, 30-15

FORSAN (SC) — Forsan won its opening game in District 91-B girls' volleyball play by felling Knott here Tuesday night, 30-15. The Buffaloes play in Sterling City next Tuesday night. All teams in 91-B will play a single round-robin and then take part in the district tournament April 8-9. The Forsan Bees won last night, 35-16; while the resident juniors won, 33-15. Forsan has won two of five season starts. Starters for Forsan last night were Nan Holladay, Marzetta Willis, Mary Fletcher, Ann Green, Patsy Shouls and Verna Strickland.

New Orleans Meets Dallas Saturday

HUNTSVILLE (AP)—The New Orleans Pelicans of the Southern Assn. meet the Texas League champion Dallas Eagles here tomorrow. The Pelicans, trailing here at Sam Houston State College, beat the college team, 4-3, in a practice baseball tilt yesterday. The Eagles, meanwhile, were losing their third straight exhibition victory to the T. League Beaumont Exporters 2-1.

LOOKING 'EM OVER

With Tommy Hart
The timing of Tom Tippe's departure from the football coaching job at Pampa High School makes one wonder if he didn't decide to change jobs for much the same reason his present boss, Paul Bryant, divorced himself of the University of Kentucky coaching post. Bryant never admitted it but it is generally known that football suffered at Kentucky because of over-emphasis on basketball. In most Texas schools, basketball is hurt by too much emphasis on the plights sport. Not so at Pampa, where the best the school has had to offer in the way of a football team in recent years hasn't been good enough — against the cut-throat District 1-AAAA competition. Last fall, Tippe came up with what he himself admitted was his greatest team but it reached its peak too early and went into decline when the conference race came on. On the other hand, able Clifton McNeeley has been building better cage teams every year at Pampa and the Harvester hardwood acres now have one of the most impressive winning streaks anywhere going. Despite the fact that Jimmy Bond will be lost to the Harvesters, McNeeley is due to have another fine contingent next season. In District 1-AAAA football, where one football coach succeeds, the emphasis is so great in the endeavor that the other six coaches invariably suffer for it. They don't pay out those huge salaries to 1-AAAA coaches to build character. Ed Peacock, who passed up an offer by Big Spring's Pepper Martin to sign a baseball contract with Corpus Christi (at the same salary) may not even be the regular catcher for that Big State League club. The Clippers also have Humbert Marti and Marti was the Big State League's all-star catcher in 1953. Don Brown of Kermit and Jerry Tubbs, a District 1-AAA product (from Breckenridge), have been running with the University of Oklahoma's first team in spring football workouts. Brown is an end, Tubbs a guard. N. Gray of Odessa and Buddy Cockrell of Pampa, both of whom are tackles, are on the Big Red's second team while Jim Harris of Terrell, a back, is with the fourth team. Ben Tompkins, the former University of Texas athlete, is given a good chance to stick with the Philadelphia Phillies this year. Whitley Kurewski, the one-time St. Louis Cardinal who should know a ball player when he sees one, says Ben was the best player in the Three-I League in 1953. You probably have already noted that Lou Morris College of Jacksonville, Texas, (winner of the second annual Howard College Basketball Tournament here) finished sixth in the National JC Tournament in Hutchinson, Kansas, last week. That is exactly where HCJC's great team wound up in the same meet a year ago. Furthermore, the same team (Hannibal-LaGrange of Missouri) that beat Lou Morris in that battle for third place Saturday night thrashed HCJC for the honor in 1953. Harold Davis, the HCJC cage mentor, appeared on television when visiting in Amarillo recently. His interviewer was Hank Brown, the former Amarillo sports writer.

Miami Four-Ball Tourney Begins

MIAMI BEACH, Fla. (AP)—Sixty-four professionals start teeing off today in the first round of the \$15,000 International Four-Ball Golf Tournament at the Normandy Shores Course. Freddie Haas Jr. of New Orleans and Harry Middle of Memphis tied for low score among the pros with a 36 on a par 66s yesterday in a one-round prelude to a 72-hole main event which runs through Sunday. Biggest ace of the day was Ben Hogan's finish in a 5th place tie with a 74, two over par. Hogan, who competes in only a few tournaments these days, will not play in the four-ball event. Johnny Palmer of Charlotte, N.C., and Gerry Kesselring of Toronto, Ontario, tied for third with 67s. An hour sit behind were Sam Slead, White Sulphur Springs, W. Va.; Mike Hines, Rye, N.Y.; Bob Kry, Hartford, Conn., and Bob Toski, Livingston, N.J.

Olson-Gavilan Gate May Top \$300,000

CHICAGO (AP)—Middleweight Champion Bob Olson will get a 40 per cent cut of a net gate that may top \$300,000 when he defends his title against welterweight king Kid Gavilan in Civic Stadium here Friday. Olson and Gavilan today were to sign a formal contract for the 15-round fight. Olson also will receive 40 per cent of a reported \$100,000 television deal. The Chicago area, stretching as far as Milwaukee, will be blacked out. The fight otherwise will be televised nationally to home viewers. Gavilan's share of the gate and TV proceeds will be 20 per cent. Gavilan said he will return to New York today to continue training. Olson was in his daily sparring drill at Chicago's Rainbo Arena.

Houston Buffs Win Over Rochester

DAYTONA BEACH, Fla. (AP)—The Texas League Houston Buffs yesterday routed over the Rochester Redwings of the International League, 11-1. The Buffs had a 9-run rally in the eighth inning. Three Horace pitchers limited the Rochester AAA Redwings to eight hits. Tony Stobos was the winning pitcher.

Stock Car Races Scheduled Here For 2 P. M. Sunday

The first of a series of Sunday stock car races will be conducted at a new track a half-mile from town on the Snyder Highway starting at 2 p.m. Sunday. All persons in the area owning stock cars are eligible to take part in the races, which are planned by an organization known as the Big Spring Speedway Association. The dirt track, a quarter-mile in length, has been fenced in for the safety and convenience of the customers, who can drive their vehicles into the area and watch the action from their cars. Concessions will be sold on the grounds. Time trials will begin at 2 p.m. and as many as six races will probably be held. Admission prices have been pegged at \$1 per person. Persons should experience no difficulty in finding the track, since there will be plenty of signs in the vicinity of the highway pointing to the track.

DENNIS THE MENACE

"WILL YOU PLEASE PIPE DOWN? I DON'T WANT YOU TO HOLD MY GLASSES!"

UNCLE RAY'S CORNER

Metal bedsteads were built and used during ancient times, but they were little known to people of western Europe until 200 years ago. Then they were adopted by certain families of the British Isles and the mainland of Europe. It was argued that such beds would be free of insects which bored into wood.

Step by step, the metal bedsteads won more favor, and they were produced on a large scale in the middle of the past century. They took the place of wooden beds in hundreds of thousands of homes.

Other steps toward better sleeping followed during the second half of the past century. Coiled springs were made for mattresses. At first the springs were placed only under the mattresses, but the time came when many families had mattresses with springs inside them, as well as under them.

The present century has seen much study given to the subject of beds. It has been learned, for example, that most persons sleep better on fairly firm (but not hard) mattresses.

Foam rubber mattresses and pillows have enjoyed a widespread sale. From personal experience, I can say that I like this kind of mattress, but I prefer a down pillow. Doubtless there are many persons who like foam pillows, but they have seemed too "bouncy" in the trials I have made.

We may think of China as being backward, and it is in some ways. The Chinese, however, had bedsteads in ancient times. They made wooden beds a thousand years before such beds were known in some countries of western Europe.

In due course, the Chinese learned to use netlike cloth to enclose their beds. This protected the sleeping people from mosquitoes.

In Japan the sleeping customs differ somewhat from those of China. The Japanese, in general, sleep on mats, but over each mat is a thick quilt, or perhaps two. In addition, the Japanese use quilts or blankets to cover themselves.

Tomorrow: Walking Rules.

Japan Still Land Of Poor Farmers Despite Industry

By FRED SAITO

"GASUJI DORI V." E. North Japan (Japan, though the most highly industrialized nation in the Orient, is still a land of poor farmers.

Farmers get 1.54 per cent of the 85 million population, compared with 27 per cent of industrial workers and merchants combined.

"Our life is... toll, toll every day—only to eat," said Hizo Abe, 48, a farmer in this wide, wild village in northern Honshu, Japan's main island.

Abe squatted by a narrow strip of his paddy of about an acre and dejectedly looked at rice plants about to wither without bearing.

"Heaven often rewards our toil with this whiz—I'm going to reap no rice at all this year," he said. "The damage was done by freak cold in summer when ice needs broiling sunshine to grow."

He pointed to his wife, 24-year-

old son, 22-year-old daughter and 11-year-old daughter carrying stacks of rice plants just harvested. Each stack weighs about 50 pounds.

"You may think it's foolish to cut this crop," he said, "actually these unproductive rice plants need the same trouble as a rich crop needs. If we want to sell them as hay, we must remove hollow ears, lest they hurt cattle's stomachs."

Three other children waited at home. The 10-year-old daughter carried the youngest papoose-style and was playing with her 7-year-old sister.

Abe's shack has one room, about 6x6.

"I had still another son, but he was killed in Malay during the last war," he said. "Some other families in this village lost more than two sons in the war... so I'm better off."

"That son you saw in the paddy thinks of signing up with the new army (National Safety Force)—I haven't decided yet whether I should allow him to do so."

Abe is worried about a 19-year-old daughter who works as a maid in a small restaurant in the nearby town of Tanabu at 1,500 yen (\$4) plus board a month. He explained:

"Many wicked woman-brokers call every other day offering her unbelievably good pay if she will work down in the south. Both she and I know all such jobs are bad ones, whatever fine thing they may say. But I am worried whether she some day will get fooled by such a wicked man."

Poison Case Figure Has Pins, Needles Removed In Surgery

TAMPA, Fla. (AP)—The principal figure in the Lake Wales poison candy case is recovering here today from an emergency operation to remove several pins and needles from her stomach.

In a 3 1/2-hour operation last night four open safety pins, four needles, six straight pins and a mass of 65 bobby pins were taken from the stomach of Mrs. Letha Della Overton, 49. Only one pin had pierced the stomach wall.

Her doctor said she came through the operation in "fairly good" condition.

She was taken to a hospital after suffering pains at a Tampa rest home.

Mrs. Overton is charged in a federal indictment with sending through the mail poisoned candy which made 20 persons in Lake Wales violently ill last December. All recovered.

Seven Rescued From Sea After Air Jump

TAIPEH, Formosa (AP)—Seven persons who parachuted from a C119 Flying Boxcar were plucked from the sea 100 miles off northern Formosa today. Then the pilot and co-pilot brought the faltering plane to a landing at Taipei.

The U.S. Air Force plane, en route from Okinawa developed engine trouble.

McCarthy Agents Begin Check On Benson, Farm Department

By JACK BELL

WASHINGTON (AP)—Agents of Sen. McCarthy (R-Wis.) have been quietly checking the Department of Agriculture and Secretary Benson's agency soon may be brought under the Wisconsin senator's fire.

McCarthy, now on a Midwest tour, has announced he wants to make a farm speech in the Senate.

It may be the kickoff in a campaign against some of the aspects of the flexible farm price support program put before Congress by Benson with President Eisenhower's support.

Investigation by the staff of McCarthy's subcommittee of alleged Communists who may be in the department could blossom at almost any time into hearings like those conducted into some of the Army's affairs.

Benson's action in announcing a cut in dairy price supports from the present level of 90 per cent to 75 per cent on April 1 has angered McCarthy and many of his dairy farm constituents in Wisconsin.

McCarthy's attitude toward Benson—as expressed to the Wisconsin senate's friends—is that the Cabinet member is a fine, upstanding gentleman whose ideas and speeches are likely to cost the Republicans Senate and House seats in the Middle West.

The net loss by Republicans of one Senate seat would bring Democratic control of that body and cost McCarthy his chairmanship of the Senate's permanent investigating committee. The Wisconsin senator has plans to campaign extensively for Republican candidates running in the November election.

In the farm speech he hopes to

make soon in the Senate, McCarthy is expected to call for a flexible system of price supports ranging from 85 to 110 per cent of parity. Parity is a standard used by law to give farmers a fair return for their products in relation to the things they buy.

Major field crops are supported

Emergency Control For Traffic Lights Being Given Tests

LOS ANGELES (AP)—An emergency hospital ambulance snapped green traffic signal lights to red by remote control as it sped through a congested intersection in downtown Los Angeles yesterday.

The ambulance was testing an experimental electronic traffic control system designed by engineers at North American Aviation. The device is known as "NATECS." It consists of two parts, (1) a sma' radio transmitter in a moving police car, fire truck or ambulance, which passes the word to a (2) midjet, weather-proof receiver on an intersection traffic signal.

The receiver cuts into the timing of traffic lights and makes sure all are red and stay that way for a vehicle until five seconds after it has cleared the crossing. The emergency over, the signals go back to their regular, set timing.

The device automatically clears intersecting streets up to 1/2 mile ahead. The city is testing the device to determine if they should be installed on emergency vehicles.

Red Germans Renew Pressures On Church

BERLIN (AP)—Bishop Otto Dibelius, head of the Protestant Church in Germany, says Soviet zone authorities are renewing pressure against the church after a lapse of six months.

The bishop told churchmen in a speech this week "school children have been put under pressure, priests and religious services are under government supervision and difficulties have arisen in the issuance of permits for religious meetings planned to be held in the Soviet zone."

TV Excitement Finds Boy Gulping Marble

NEWOKA, Okla. (AP)—Ten-year-old Johnny Stubblefield got excited watching a television program last night and swallowed a marble.

He was rushed 75 miles by highway patrol escort to an Oklahoma City hospital. Doctors said they may have to operate if the marble lodged in his lung.

The youngster said except for the hiccoughs "I didn't feel a thing."

"I like to collect marbles. I've got 800 of them but this is the first time I ever swallowed one."

Vietminh Guns Pour Shells Into Vital French Fortress' Heart

By LARRY ALLEN
 HANOI, Indochina (U.S. Press)—Vietminh guns pumped thousands of shells into Dien Bien Phu early today, apparently in preparation for another desperate assault on the bustling French fortress in northwestern Indochina. Despite the heavy rebel barrage, the French continued to fly in and out of Dien Bien Phu, evacuating the wounded and parachuting fresh troops and war material into the heart of the fortress. Throughout yesterday, the Vietminh steered shy of further mad and wild rushes toward the barbed wire entanglements and bunkers protecting the French command post in the center. But the French figured it was only a matter of time until thousands of wildly screaming Vietminh troops again charged their defenses. The French, in the five days of battle so far, claimed to have

already killed an estimated 3,000 Vietminh and wounded 9,000 others—casualties equivalent to a full rebel division. But the Vietminh still gave no indication they had had enough. The French conceded their own losses were "appreciable." The garrison force includes Frenchmen, Foreign Legionnaires, Algerians, Moroccans, Vietnamese and Thai tribesmen. The French made ready for more furious assaults with the possibility that Gen. Vo Nguyen Giap, the Communist commander of the Vietminh army, would shortly try to crush French resistance by throwing in all of the 38,000 troops it is estimated he has left in the hills and jungles around Dien Bien Phu. The Vietminh obviously were forced to take time out yesterday to gather up what the French said were thousands of killed and

wounded and regroup for another charge. French army spokesmen were calmly confident today the strong fortress—exclusively built up by airlift—would be able to hurt back anything the enemy offered. A defeat for the rebel force in this major battle would be a serious blow to Communist prestige on the eve of the Asian talks in Geneva late next month. Since possible steps toward ending the war were discussed at the East-West conference, each side in Indochina wants to bargain from a position of military strength. The French always have maintained they never have had a chance to inflict a crushing defeat on the Vietminh. In seven years of war because the rebels' Red command always refused to commit troops to an all-out battle. Heretofore, they always resorted to hit-a-d-run attacks, fading away when a showdown fight loomed. With the Vietminh for the first time committed to mass frontal assaults, the French hope to dictate the build-up of Vietminh's best divisions and perhaps break the back of the rebel military effort.

Three Pranksters Pay Up At Stanton

STANTON (SC) — All three of the men who confessed their part in a prank to repaint one of Stanton's famous road side welcome signs have sent in their checks for \$35 each to cover the damages. It has been announced by Mrs. Hilda Weathers, manager of the Martin County Chamber of Commerce. The signs, which have attracted wide attention, have described Stanton as the home of "3,000 Friendly People (And A Few Old Soreheads)." The pranksters changed the sign at the north entrance to Stanton to read: "The Home of 3,000 Old Soreheads (And A Few Friendly People)." They were apprehended while busy making the alteration by Patrolman Walter Graves of the Stanton Police Department.

Ex-Newspaper Editor Dies At Texas Home

HOUSTON (U.S. Press)—L. A. Hoskins, former managing editor of the Houston Post, died at his home here yesterday at the age of 81. He had been ill for a short time. Hoskins was a native of San Antonio. He lived in Houston close to 40 years and was managing editor of the Post from 1919 to 1922. Funeral arrangements were pending.

Hearings Begin On Proposals To Outlaw Communist Party

By B. L. LIVINGSTONE
 WASHINGTON (U.S. Press)—The first legislative hearings on outlawing the Communist party in the United States were called today by a House Judiciary subcommittee. Eleven members of the House were on hand to argue the merits of as many bills to strip the Communist party of its political label and brand it a subversive clique without legal standing. While recommendations to outlaw the Communist party have been made on numerous occasions, this was the first time a legislative committee of Congress has formally undertaken hearings on specific bills. The House Un-American Activities Committee, in its last year-end report, withheld recommendation on this point pending outcome of final court review of the find-

ings of the Subversive Activities Control Board. The Board, after nearly three years of hearings, last year ruled the Communist party was a subversive organization. The finding of the board has been appealed to the courts. The board's findings, however, gave impetus to attempts in Congress to enact a law to outlaw the party, and 11 House members have sponsored separate bills to this end—two of them Republican, the rest Democrats. The Republican sponsors are Rep. Hagen of Minnesota and Rep. Clardy of Michigan. The Democrats include Rep. Martin Dies of Texas, chairman of the first Committee on Un-American Activities in the House. The others are Rep. Walter (Pa.) senior Democrat on the Un-American Activities Committee; and Representatives Boggs (La.), Bennett (Fla.), King (Calif.), Staggers (W.Va.), Wilson (Tex.), and Madden (Ind.) and O'Brien (N.Y.).

Wichita County Grand Jury Asks Probe Of Slaying

WICHITA FALLS (U.S. Press)—The Wichita County grand jury has recommended a full investigation by the county juvenile board into the slaying here of a 13-year-old boy. The body of Thomas Austin Dearing Jr., Collinsville, Okla., was found in a hotel room here Feb. 1. Two 16-year-old boys have been held since discovery of the body. They are Raymond Eaton of West Memphis, Ark., and Tommy Thomasson of Memphis, Tenn. Both came here Jan. 31 with young Dearing and have said Dearing was shot during an argument over dividing loot taken in robbery of a West Memphis filling station. Because of their ages, the two cannot be tried on murder charges in Texas. Officials said the purpose of a county juvenile board probe would be to get facts in the case on record for possible use in murder charges when the boys become 17. Eaton and Thomasson were declared juvenile delinquents by a district court jury here last week and ordered committed to the State School for Boys at Gatesville.

Martin Sheriff Is Confined To Bed

STANTON (SC) — Sheriff Dan Saunders has been confined to his bed since last Saturday with an attack of influenza. It has been reported at his office. Deputies said the sheriff contracted a severe cold while engaged in the early morning search for a fugitive charged with armed robbery in Big Spring last week, and that he has been ill since. Deputy A. C. Fleming said Wednesday that no prisoners have been booked at the Martin County Jail since the latter part of February.

Woman On Visit Finds Niece Dead

GALVESTON (U.S. Press)—When Mrs. Burt Stafford of De Moines, Ia., arrived here yesterday for a visit with her niece, she found the Galveston woman dead. Justice of the Peace Orra M. Richmond said the niece, Mrs. Bess Brennen, 46, died of asphyxiation and was a suicide. "The dead woman's husband, William Brennen, said his wife had been in ill health.

See Yours Today, Tomorrow At

Welfare Payments For County Now Total \$22,000 Monthly

Financial assistance to old persons, dependent children and blind people in Howard County now amounts to about \$22,000 per month.

That's the amount distributed here in January through the old age assistance, aid to dependent children and aid to the blind phases of the Public Welfare Department's program, according to Erven Fisher of Big Spring, area supervisor. Fisher transferred area headquarters to Big Spring from Colorado City after securing office in the new courthouse. The area supervisor is in charge of public welfare work in 12 counties surrounding Big Spring.

The Howard County welfare expenditures in January went to 479 old age recipients, 153 dependent children and 16 blind persons. Average old age assistance grant was \$38.46, while the dependent children received an average of \$20.97 each, and the average grant to the blind was \$40.80, Fisher said.

The January total of \$22,010.29 included \$18,352.34 for old age assistance, \$408 for the blind, and \$3,249.95 for dependent children. This would aggregate \$264,123.48 per year in Howard County.

Personnel of the local area and county welfare offices must maintain contact with all recipients of public assistance. The contacts serve a dual purpose—to determine the continuing eligibility of recipients and to assure any necessary adjustments in the size of

the various grants. In addition, the welfare workers provide numerous other services, including such child welfare services as adoption studies required by courts of law, counseling with parents, and the supervision of delinquent youngsters for the State Youth Development Council.

The latter service is provided only in counties without juvenile or probation officers, and is not required in Howard County. The counseling with parents is aimed at improving home conditions for their children, Fisher explains.

Studies were made in connection with 33 adoptions in Howard County during 1953.

On an area basis, the aid to dependent children program in January touched 279 families with 786 children. And in the 12-county area, old age assistance payments amounted to \$110,816 for 2,823 persons.

The aid to the blind program is designed to assist persons who are "economically blind," according to Fisher. This means that recipients can be no better than 20-300.

Fisher says there is a general increase in applications for aid in all categories of the public welfare program. However, the number of persons aided in Howard County in January represented a drop of seven from the previous month.

The area welfare office, located in the basement of the courthouse,

coordinates the work of seven "local" offices in Andrews, Borden, Dawson, Ector, Gaines, Howard, Martin, Mitchell, Seurry, Midland, Terry and Yoakum counties.

In addition to Fisher, the area supervisor, other officers in Big Spring are Mrs. Jimmie Freeman, field worker for Howard County; Bobby Bohanon, area secretary; and Myrtle Stevens, stenographer.

Mrs. Verma Garman of Snyder, Seurry field worker, and Mrs. Frances Jenkins, Lamesa, Dawson field worker, also carry regular case loads in Howard County because of the heavy volume of work here.

The other county field workers are Louise Breeding, Brownfield;

Dee Tonn, Colorado City; Alma Bradford, Odessa; and Mary Johnson, Midland. In addition, two child welfare offices are maintained, in Midland and Odessa, because of the large number of dependent children in those cities. Each of these is under direction of a unit supervisor.

Personal To Women With Nagging Backache

Nagging backache, loss of pep and energy, headache and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Since bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages, don't neglect your kidneys. If these conditions bother you, try Doan's Pills—a mild diuretic. Used successfully by millions for over 60 years. It's amazing how many times Doan's give happy relief from these discomforts—help the thousands of kidney tubes and filters flush out waste. Get Doan's Pills today!

Dial 4-7732

An early alarm . . .

Makes for an early broadcast . . .

And starts a busy day . . .

That maybe ends with the family . . .

Think You're Busy? Read This Before You Answer

By JOE PICKLE.

When the alarm goes off at 5:15 a.m., it sets in motion a chain of events which qualifies James Bruce Frazier as just about the busiest man in town.

Before he crawls back in bed toward midnight, he will have been a radio newscaster, college professor, weather observer, farmer, garden club lecturer, entomologist, landscaper, relic collector, hobbyist and father.

Not all of these are crowded into the same day, though they might be. Perhaps five children, the eldest of whom is eight, makes a vigorous schedule necessary. More logical is the probability that he is cut in the same mould of his grandfather, who as a retired physician past 60, went back to college and earned his Ph. D.

Half an hour after Frazier rolls out of bed each weekday morning, he is checking the temperature (and once in a great while the precipitation) at Howard County Junior College. Six o'clock finds him at radio station KBST going over the mail and teletype for material. At 6:45 he airs his daily program of farm and local news, with a few off hand comments on national and international happenings. Unless there is some hot local item that requires later bulletin treatment, he takes out for the homestead at 9:01 E. 16th.

Mrs. Frazier has the children roused, organized and dressed by that time and the family sits down to a leisurely breakfast. Then the head of the household in his professional bounds into his pick-up truck and is off to HCJC for a 7:50 a.m. class. He manages to squeeze in the official weather reading meantime.

Classes continue in one subject or another — this semester he is teaching entomology, agricultural economics, landscape gardening and horticulture — until 12:15 p.m. A quick snack puts him on schedule either for a session of labs with his students from 1 to 5 p.m. or Webb AFB. He was ranching, too, but the drought took care of that.

Most of his evenings are spent at home. Sometimes he gets to babysit for his wife, Jimmie. There is time for games with the children or reading to them. Occasionally he gets to work on his bug collections or to turn to his library, lesson preparations, or paper grading. An avid reader, he scans a lot of books like the nine volumes on uranium he digested during Christmas holidays.

For four or five years he has been the watchdog at a hospital against bugs and rodents. He also is lab consultant on parasites and disease bearing insects for a hospital; he serves similarly for the medical section at the air base.

Frequently, he devotes time to Boy Scout work and to nature hikes. He is much in demand as a garden club, P-T-A, school and organization speaker. Let someone spot an Indian relic or remnants of a prehistoric skeleton, and he's off to the field with pick and shovel.

Bruce Frazier did more than his share to "egg" producers into the hens-in-cage project which now is becoming a young industry. Five boys from the Jayhawk Aggie Club, which he sponsors, practically run the egg "factory" at Davis Feed Store. They clean, grade, candle box and store the 1,500 to 2,000 dozen eggs which producers now bring in each week.

On Sunday morning he teaches a Bible class for 4th and 5th grad-

ers at the Church of Christ at 14th and Main "from Genesis to Daniel and back again." Sunday afternoons the family does things together, and likely as not it will be collecting rock samples, bug specimens or visiting some historic spot.

He takes his agriculture students at HCJC on many junkets such as the annual air tour. After lecturing on soil erosion and need of conservation, he puts a dozen or so on Pioneer-Air Lines and lectures all the way down and back with the earth below as the demonstrator.

A native of Big Spring, Frazier met Jimmie Rogers the very first day they went to school at old Central Ward where the post office now stands. Jimmy and Bruce did things together all the way through school. They were both clarinet players for four years in the band. After graduation in 1941, he joined the Air Force and later went to A&M College. Jimmie became a cadet nurse.

Hitchhiking between College Station and Dallas on a schedule almost as regular as the train, he concluded it was more practical to get married. So they did on March 12, 1945 with \$3 cash and a barracks bag piece to start their housekeeping. This has been expanded into a three bedroom home and five youngsters—James Bruce Jr., 8, Penny Carol, 6, Roger Mack, 5, Elizabeth Faye, 4, and Eddie Clarence, 1.

After he earned his bachelors degree in agriculture with a horticulture major and entomology minor in 1946, he became propagator for Baker-Potts nursery at Harlingen. Returning to A&M for graduate work, he taught GIs in VA schools in Robinson County, bought a farm, and founded the Texas Landscape Co. at Bryan. He also started a radio program for garden clubs over KORA.

This led to a return to his hometown as a teacher for veterans at Knott, and as farm editor for KTXC. A year ago he shifted his early morning program to KBST. Frazier worked a TV program for KRRC-TV at Houston but never got to use it. When TV comes to Big Spring, he'll be ready for that, too.

Last year he got his master's degree in agriculture at A&M College, adding agricultural economics to his list of minors. He wrote two theses. One, on fertilizer trials at Prairie View College, became a publication of Texas A&M Experiment Stations and a piece circulated by Friends of the Soil in England. The other was on agriculture at HCJC.

Frazier is a prolific dreamer and schemer, and both are beamed on a greenhouse for HCJC. He has visions of a program to bend plants and animals to the climate; make greater utilization of native plants; to learn how to operate profitably under semi-arid conditions. He also would like to see research into use of caliche, clays and sands; a collection of fossils of the area; expanded insect collections. Already he has influenced additions of many volumes along these lines to the college library.

Among his part-time activities is that of landscaping. He did the layout at the First Christian and First Methodist Churches, and consults at Webb AFB. He is on the college building and grounds committee and is heading a beautification project there.

Diversions include checking rocks and soils with a Geiger counter for radioactivity. He had near heart failure when one bit registered "hot" until he discovered an uranium sample had been left underneath. Interested by the late B. Reagan in Indian lore, he has amassed a large collection of artifacts.

Capping these, however, is what he calls his hobby — that of cake decorating. He embellished the wedding cake for his sister, Mrs. Cornelia Barlow, and put all the trim on a 30-pound, 5-tiered cake Jimmie baked for her parents 50th anniversary. There's so telling what will interest him next—and he'll find time for it.

Mumford added that Sewell defied any part in the unsolved theft of \$75,000 from an Amarillo bank last Jan. 4. The FBI at Dallas has said it would question Sewell about the Amarillo theft. Agents said Sewell formerly worked for the Amarillo bank.

Mumford said Sewell disappeared from Dallas Feb. 4, the day before he was to have taken a lie detector test. Employees of the Dallas bank were being given the tests in an attempt to track down \$2,000 missing from a teller's cage. Mumford said after Sewell failed to show up on the day he was to take the test, his account was checked and showed a \$24,000 shortage.

Ex-Chiropractor To Seek Governorship

FORT WORTH (AP)—Dr. H. C. Allison of Smithfield and Pecos announced today that he will be a candidate for governor.

Allison, a retired chiropractor who formerly operated sanitariums in Texas and California for alcoholics, now travels Texas for a West Texas battery firm and operates a farm at Pecos.

He previously was a candidate here for Congress. He is a Democrat.

Allison said he plans an active campaign throughout the state telling voters the schools need improving and that courses should be added on the effects of alcohol, narcotics and Communism.

He said he was a progressive Texas, sympathetic with farmers and neither a liberal nor conservative.

Today—Nash Presents a Completely New and Different Kind of Automobile!

The Exciting New Metropolitan

UP TO 40 MILES A GALLON!

Official records in 24-hour NASCAR supervised runs: Non-stop economy test—41.57 miles a gallon at 34.83 m.p.h. Performance test—1,469 miles at an average of 61.24 m.p.h. • Powered by the famous Austin A-40 Overhead Valve Engine. • World's easiest handling and parking. • Riding comfort of a large car. • Lowest of operating costs. • Your choice of two beautiful models—the Convertible or "Hardtop".

NOW ON DISPLAY at Nash Dealers' Everywhere!

McNALLEN NASH COMPANY

Dial 4-2661

1805 West Third, Big Spring

YOU've heard the rumors about a new kind of car from Nash . . . a car that will get up to 40 miles to the gallon . . . scoot through traffic and fly up the hills . . . park in a "penny's worth" of space.

Now it's ready for the roads of America—it's the exciting new Metropolitan . . . a thrilling new size of a car . . . that everyone will want to inspect and drive.

It's a family car . . . practical for small families, a sensible second car for large families . . . can ride three in front, with an extra utility seat in back.

It's a pleasure car . . . a dashing, continental-styled, road-hugging sportster . . . exciting to drive . . . beautifully made.

It's a business car . . . perfect for those who use a car constantly—and want the lowest operating costs and amazing parking ease.

More good news! The low, low price includes such custom equipment as directional signals,

continental rear tire mount, foam rubber cushions with custom nylon and genuine leather upholstery. A custom radio and the famed Nash Weather Eye Conditioned Air System are available at extra cost.

Yes, the Metropolitan is all automobile. Built as a double-rigid, all-welded structure—protecting you with Nash Airflyte Unitized Construction. Built with Nash quality—Nash ruggedness—built like all Nash cars for a double lifetime of service.

Everyone who drives an automobile should see and try the new Metropolitan today!

Pay No Object Of Many Who Hold Public Posts

By WAYLAND YATES
The satisfaction of serving their community is about the extent of "remuneration" received by a large number of public officials of Big Spring and Howard County. Serving "for the fun of it" are members of such agencies as school boards, zoning and planning commission, the zoning board of adjustment, the board of electrical examiners and citizens traffic commission.

None of these officials receive any pay for their services. And almost in the same category are the mayor and city commissioners, and members of the Colorado River Municipal Water District's board of directors.

City commissioners (including the mayor) receive \$10 per month

or \$5 per meeting, with a two-meetings-a-month limit. CRMWD directors receive per diem of \$20 for each of their meetings, which occur about four times annually. The pay probably doesn't cover their expenses, if they have to travel out of town for the sessions.

Dean of these officers-without-pay in Big Spring probably is R. L. (Bob) Cook.

"He has been a very useful citizen of Big Spring," says City Manager Herbert W. Whitney.

Cook has served on the school board, on the city commission, both as mayor and commissioner, the zoning board of adjustment, and the CRMWD directorate. He has been on both the zoning adjustment body and the water district board ever since the two bodies were created.

In addition, Cook has served the city, county and schools on numerous occasions in the role of property appraiser for which he is qualified by his real estate and investments business.

The time spent as public officials by these civic minded citizens often runs to many hours per month.

Big Spring Independent School district trustees meet regularly once each month, and often find themselves in two or three "special" sessions monthly. The same is true of the Howard County Junior College board and the city's zoning and planning commission.

The city charter provides for twice-a-month meetings of the city commission, but commissioners have been meeting "regularly" each week for approximately two years and the heavy load of municipal business dims prospects for a return to the bi-weekly schedule.

The zoning board of adjustment

meets on call, which sometimes is twice a week. CRMWD directors probably average four sessions a year.

Big Spring has four citizens on the water district board—Cook, H. W. Wright, George White and the chairman, R. T. Piner. The cities of Snyder and Odessa, which with Big Spring make up the district, also have four members each on the directorate.

There are nine planning and zoning commissioners. They are responsible for zoning new sections of the city, and making recommendations for changing the zoning classification of any area where a change is deemed necessary. Members of this group at present are E. B. McCormick, John Coffee, Mrs. Norman Read, Mrs. Eva Pyeatt, Jess Thornton, Robert Stripling, Dewey Martin, John Dibrell and Brown Rogers.

The zoning board of adjustment must hear all appeals of zoning and building rulings and recommend adjustments where justified. Current members of the board are Cook, Harvey Clay, J. D. Elliott, John Davis, and H. W. Smith.

The board of electrical examiners conducts the examination of applicants for journeyman and master electrician licenses and grants licenses to qualified applicants. Members of this group, in addition to the city electrician (Roy Rogan) are Johnny Garrison, representing Texas Electric Service Company, and Mark Harwell, D. M. Gilliland and Curtis L. Beard.

On the HCJC board are Dr. P. W. Malone, Horace Garrett, Leroy Echols, Charles M. Adams, Edgar Phillips, K. H. McGibbon, and John A. Coffey.

Big Spring Independent School District trustees are Marvin Miller, H. W. Smith, Dewey Martin, R. E. McKinney, Clyde Angel, John Dibrell and Dan Conley.

City commissioners are G. W. Dabney (mayor) Willard Sullivan, Jack Y. Smith, Frank Hardesty and Cecil McDonald.

Dr. Lee O. Rogers heads the traffic commission which was organized last year and has as its objective the elimination of traffic accidents. J. W. Puser and H. W. Smith are vice chairmen and Clyde Angel is treasurer. The CTC has scores of members and functions through committees chairmaned by K. H. McGibbon, juvenile drivers division; Mrs. Estelle Bristow, legislative; Lewis Price, publicity; J. C. Douglas Jr., engineering; Roy Reeder, safety men; and Sam Sonntag, school committee.

AFL Announces Essay Contest

AUSTIN — A statewide essay contest with a \$500 scholarship as the top award has been announced by the Texas State Federation of Labor (AFL).

The contest is open to any graduating senior in public, private or parochial high school, or student who has graduated within the last year and has not yet attended college) who is a member of an American Federation of Labor family, said Jerry R. Holleman, secretary of the state federation. An "AFL family" is defined as having one parent who is a member of an AFL union, or a deceased parent who was a member at time of death or if the contestant himself is a member of an AFL union.

In addition to the state award of \$500, supplementary awards for second and third place essays in various areas are being offered by some AFL organizations.

Winners of the contest are to be judged on the basis of an essay of from 750 to 1250 words on one of the following subjects: "Contributions of Organized Labor to America"; "Importance of Organized Labor in Texas"; "Value of Collective Bargaining"; "The Injunction as a Strike-breaking Weapon in Texas"; "What Organized Labor Means to My Family"; "Should Unions Take Part in Politics"; "Union Wages and the Nation's Prosperity"; "Why You Should Join a Union"; "Growth of Organized Labor in Texas"; "Organized Labor and Public Service".

Printed rules governing the contest can be obtained from the Texas State Federation of Labor, 412 Littlefield Building, Austin. Entry deadline is April 15.

Forsan Student Is On Yearbook Staff

ABILENE — Billie Gandy, McMurry College senior from Forsan, is on the business staff of the 1954 Totem, McMurry yearbook.

Final copy for the McMurry annual has been sent to Newsfoto Publishing Company in San Angelo and the completed book is to be delivered about May 10.

Miss Gandy, daughter of Mrs. Mamie Gandy of Forsan, graduated from Forsan High School in 1950. While there she was an officer in her sophomore and senior classes, president of the FHA, president of the Pep Squad, and editor of the annual. She was also senior class favorite, and valedictorian of her graduating class.

At McMurry, Miss Gandy holds membership in Gamma Sigma, girls' social club; Sigma Tau Delta, national English fraternity; Chanters, Alpha Chi, Wah Wa-taysee, and the Press Club.

Settlement Urged On Houston Phones

HOUSTON (U)—An out-of-court settlement has been suggested in the House telephone rate dispute by Master in Chancery Jack Binion.

Binion's suggestion came yesterday at the end of a two-months hearing in the dispute between the city and Southwestern Bell Telephone Co.

"In the true interests of the telephone subscriber," Binion said yesterday, "it looks to me like the thing to do is to get back together and try to settle all your differences."

The city council last year rejected a company request for rate increases averaging 54 per cent. The company then acquired a temporary injunction ordering "aside the city's rate ordinance to pave the way for boosts which amounted to 57 per cent.

THE SPRINGBOARD

News From Webb Air Force Base
By JAMES F. KRUEGER

GRADUATION BROADCAST
Arrangements were completed this week with Mr. V. T. Anderson, president and co-owner of radio station KTXC in Big Spring, to broadcast graduation ceremonies of Webb's aviation cadets. The series begins March 31 with the graduation of Class 54-F.

NEW BASE CHAPLAIN
Lt. Francis Jeffery has been named by Col. Fred M. Dean, Wing Commander, to succeed Maj. Grant E. Mann as Wing Chaplain. He will serve until a new chaplain is assigned by headquarters. Chap. Mann has been reassigned to Newfoundland.

The new wing chaplain joined the Army as an enlisted man in 1942 after graduation from Central

High School, Minneapolis, and served on active and inactive duty until May, 1952, when he was commissioned a Lieutenant in the Air Force.

He has served at Webb AFB since June, 1952.

HONORS

A-1C Dan Amls, 3590th Maintenance Squadron, and A-3C Richard Campbell, 509th AF Band, have been chosen for the January and February awards, respectively, under Webb's new Wing Airman of the Month program.

Mrs. L. R. Mundt of Big Spring, presented five gallons of oil to Amls to celebrate the award. Airman Amls is the first Wing Airman of the Month to be chosen at Webb.

Both airmen chosen for the award received a \$25 savings bond and are eligible for a three-day pass.

In competition for the monthly awards are airmen selected by each organization on base. Under the new policy, squadron nominees are forwarded to group-level character guidance councils where a Group Airman of the Month is chosen. From these candidates, the Wing Airman of the Month is selected.

FORMER SPRINGBOARD EDITOR ENROUTE TO JAPAN

A-1C Ford Borsch, editor of all but eight editions of the Springboard, left Webb AFB this week for his home in Oregon before reporting for duty with the Air Force in Japan. He has been replaced by S-Sgt. James F. Krueger who recently returned from a 30-month tour of Nagoya, Japan.

NCO WIVES INSTALL OFFICERS

Mrs. Mary Jane Chaffin was installed as new president of the Non-Commissioned Officers' Wives this week. Outgoing president is Mrs. Mary Singletary.

Accompanying the new NCO Wives Club president into office were Mesdames Lurline Watkins, Ruth Budke, and Marion Schroder. They serve as vice president, secretary and treasurer, respectively.

INVITATION

Mr. and Mrs. L. S. McDowell have extended an invitation through the Big Spring Servicemen's Center to Webb airmen to attend a social on the McDowell Ranch in Glasscock County. No date has been set.

The servicemen's center is sponsoring a dance for the airmen to be held in the Settles Hotel ballroom March 28.

CHANGE COMMAND

Cadet officers of Class 54-F relinquished command to Class 54-H in ceremonies this week. New cadet colonel and group commander is A-C Louis A. Woolton who replaced Lt. E. W. Hunt. Assuming duties as cadet lieutenant colonel and group executive is Howard Sommers.

A-C Elias Castillas is cadet major and group adjutant.

Taking over command of squadrons one and two are cadets Kenneth W. Beckner and Hans A. Einstein, respectively.

SPORTS

Webb's Student Squadron dumped Field Maintenance 31-26 to end the Squadron Basketball League championship the last Thursday night.

Running neck-and-neck throughout the exciting season, the Cadets and Field Maintenance tied up on the win-loss margin of the regulation 14-game pennant chase with a 31-1, .929 percentage.

Pilot Training held tight on dominance of the base minor sports picture this week with victories in pool, free throws, and singles and doubles in table tennis.

Responsible for Pilot Training's athletic supremacy this week were Bell, Vingoe, Spores and Thompson, and Schuster.

TURKEYS RETAIN BOWLING LEAD

In the Wednesday Bowling League this week, the Turkeys walloped the Try Hards by taking all four games, and extending their lead to six games over Team No. 7, their nearest rival for the championship trophy.

ANDREW ALLEN

5,000 Due At Baptist Meet

Baptists from all over Texas will meet in Abilene, March 22-24 to talk about Sunday School work in their churches.

Andrew Q. Allen, Dallas, state Sunday School secretary, estimates that at least 5,000 persons of all ages will attend the annual state-wide Sunday School Convention.

Pre-registration chairman M. D. Rexrode of Haskell and J. Henry Littleton of Lueders plan to pre-register 2,000 in the host district No. 17 before the convention sessions begin.

Local committees, led by Joe H. Rucker, educational director of Abilene's Southside Baptist Church, as general chairmen, have secured hundreds of rooms in private homes for convention messengers. In addition to rooms to be available in the city's hotels, motels, and tourist courts.

General sessions of the convention, which begins the afternoon of March 22 will be held in the new million-dollar auditorium of the First Baptist Church.

Speakers for the three-day meeting include Dr. Ullin Leavelle, Virginia college professor and noted author of textbooks and manuals; Dr. Kearnie Keegan, South-western student secretary, Nashville; Dr. W. A. Criswell, pastor of the First Baptist Church, Dallas, and Dr. Forrest C. Feozor, Dallas, executive secretary of the Baptist General Convention of Texas.

Holdup Men Can't Find Way Out

NEW YORK (AP)—Two men brandishing toy guns grabbed \$11,452 in a holdup in Hearst's Bronx Department Store before it opened yesterday—then couldn't find their way out and were arrested.

Through the employees' entrance. They went to the third floor paymaster's office, forced two employees to lie on the floor and stuffed the money into a paper bag. Then they got lost.

Unable to locate the employees' door again, they wandered about in the store for 20 minutes before surrendering to a store guard and a protective agency patrolman.

Dentist Plunges To Death In Waco

WACO (AP)—Dr. Hubert C. Hawes, 58-year-old dentist, plunged to his death from the 10th floor of the 21-story Amicable Building yesterday.

His body landed on the roof of a drug store next door. Justice of the Peace Bill Logue ordered an investigation before returning a verdict.

In his office officers found a note addressed to "Sam." Sam Hawes, brother of the dentist, identified the writing as that of his brother. Police said the note read in part "I cannot stand it any longer for things to go as they are."

Confucius was born about 550 or 531 B. C.

Coffee Growing Not For Texas

COLLEGE STATION—Although Texans produce a little of everything, their chances for helping solve the present coffee squeeze are remote.

According to Dr. R. G. Reeves of the Texas Agricultural Experiment Station, the coffee tree just doesn't adapt itself to the climatic conditions of Texas. Despite the fact that some 40 species and many more varieties of coffee are known, he adds, none will withstand winter weather. Moreover, coffee trees do not tolerate a very hot climate.

In Central America where Dr. Reeves carried on experimental work with the trees, the crop thrives at altitudes of from 2,000 to 4,500 feet where there is no frost nor prolonged intense heat. The best crops are produced there on deep, volcanic soil with abundant moisture and good drainage.

Sometime in the distant future, he adds, types of coffee may be developed which might be suited to South Texas conditions but great changes in the environmental requirements of existing varieties would need be made. A long-range

research program would be required with chances for success slim. Trees are from three to four years old when they begin to bear and a normal crop is not produced until the age of seven to ten years is reached.

Dr. Reeves can't give much encouragement to the establishment of a coffee producing industry in Texas.

Ask Colonialism End

CARACAS, Venezuela (AP)—The 10th Inter-American Conference today adopted 19-0, with the United States abstaining, an Argentine resolution calling for an end to colonialism and foreign occupation of territories in the Western Hemisphere.

Sermon Series Set At Coahoma Church

Dr. A. T. Dyal, pastor of the First Presbyterian Church of Bryan will preach a series of sermons at a special meeting at the First Presbyterian Church of Coahoma.

He will preach Sunday morning, March 21, and nightly at 7:30 p.m. through Friday, March 26.

The theme of his series will be "Receive not the grace of God in vain." (II Cor. 6:1).

His subjects and texts, in the order in which he will preach them, are: "Lively Stones" I Peter 2:1-25, "Spiritual Malnutrition" John 1:1-18, "The Christian Conscience" I Kings 22:1-14, "Spiritual Relaxation" Acts 3:1-11, 4:13-22, "Half Way to Christmas" Luke 2:1-18, 40:32, "The Ax Head Still Floats" II Kings 4:1-17, and "These Are the Truly Wise" James 1:1-12.

Dr. Dyal began his ministry at Coahoma and has also served as pastor at Ft. Stockton.

El Paso Lady Asks Airing For Report

AUSTIN (AP)—Rep. Anita Blair of El Paso said yesterday "political chicanery" has been used to prevent publication in El Paso newspapers of the results of an investigation into charges of corruption on the part of certain El Paso officials.

Speaking on personal privilege, a parliamentary device which allows a legislator to address the House on any subject, Miss Blair urged the House to give "full airing" to the report of an investigating committee which completed its work last year.

The legislative committee recommended last Dec. 9 that charges some El Paso officials took gambling payoffs should be brought to the attention of the attorney general and the district attorney of Walker County.

The investigation grew out of charges by Mrs. Pearl Johnson, convicted swayer of her own child, that top El Paso officials accepted payoffs from gamblers. Mrs. Johnson made two affidavits in connection with her charges.

Demanding greater publicity for the report of the investigating committee, Miss Blair declared: "We've got some public officials out in El Paso who are afraid to have their records scrutinized."

She said the filing of a libel suit last fall by a "former assistant to the now district judge" just before the investigating committee was due in El Paso, "was an attempt to gag the press."

Duval County Auditor Resigns His Position

SAN DIEGO, Tex. (AP)—County Judge Dan Tobin Jr. said C. T. Stansell, Duval County auditor, resigned Wednesday.

He said the resignation was in writing and was given District Judge C. Woodrow Laughlin. No reason was given.

The resignation came as the county commissioners prepared to meet to discuss a petition for an independent audit of all county records, filed by the Duval County Clean Government League.

Kelly-Snyder Field Hearing Scheduled

AUSTIN (AP)—Hearing on proposed transfer of allowances of 103 wells in the Kelly-Snyder Field, Scurry County, has been set by the Railroad Commission for April 5.

The sacred suit applied for transfer of the allowances of the wells producing from the Canyons Reef lime reservoir, in line with Rule 6 of the Kelly-Snyder Field rules.

SAFEWAY

Young Man With A Pan

In the pan is giblet gravy that R. L. Beale was planning to serve to eight lucky guests at a capon dinner he planned and prepared. Having dinner guests is nothing new to him. He and Mrs. Beale once entertained 108 guests at a buffet supper.

Dinner For Eight Is Snap To R. L. Beale

Lucky is the wife who has a husband who can plan and prepare a dinner for eight guests! Such a wife is Rosalind Beale, because when Jimmie (R. L.) was called for a recipe, he said, "Well, I'm preparing a dinner for eight for tomorrow evening."

Though he says he is a better "camp cooker" and that he doesn't have any recipes, everyone knows that usually this kind is a wonderful cook. Jimmie uses "more spice than people usually use," and his measurements are "a dab or dash or handful of this or that."

The results of these "dabs" and "dashes" set our mouth watering because we arrived at the Beale home just as the "chef" was in the midst of preparing the dinner.

The menu included baked capon, a green salad that was really an authentic green one, fresh fruit cocktail, mashed potatoes, brussels sprouts, giblet gravy, coffee, hot rolls and various cheeses.

Here are his recipes and methods for the specialties included in the menu.

The capon is stuffed with heavy stalks of celery for extra flavor. They are removed, of course, for serving.

For the giblet gravy, Beale adds an extra package of frozen giblets

to those from the capon. He simmers them two or three hours and adds mushrooms, thyme and leaf oregano.

His special salad dressing goes like this:

SALAD DRESSING
 Ingredients:
 4 avocados (mashed)
 One pint home-made mayonnaise
 One cup of stuffed olives ground fine
 Dash of cayenne
 Garlic vinegar
 The fruit cocktail is a luscious combination of plump fresh strawberries soaked in port and big chunks of fresh pineapple soaked in a mixture of rum, benedictine and sugar.

When Beale isn't cooking and performing his duties as district manager of Texas Electric Co. he does things like whip up a coffee table, sofa-beds or lay a large stone terrace. His handwork is very evident in the handsome modern home he and Mrs. Beale have on Canyon Drive.

One thing he suggests that other hosts and hostesses do is keep a diary of who comes to dinner when so they won't ever have the same thing twice. But we would never object to a repeat on the meal described above.

blend flavors. At serving time, remove bay leaf; arrange vegetables in serving dish; drain sardines and place over vegetables. Garnish with lemon slices; sprinkle with parsley. Makes 4 servings.

Notes: Most 3 1/2-ounce cans of Norway sardines contain from 20 to 22 whole sardines.

Something Different And Piquant Is Sardines Viveur

Something different, something piquant is what we have for you today. So many times during Lent we hear: "I'm tired of serving fish the same old way. Hasn't anyone any new ideas?" That's a challenge we like!

Here, cooks, is a dish created by one of New York's best chefs; then tried — and enjoyed in this food editor's kitchen. The recipe features a seafood available to everyone — Norway sardines from handy cans. A can of these savory tidbits tops this delicious and interesting first course, Sardines Viveur. When you serve this dish you'll be eating delightfully. We like Sardines Viveur for lunch followed by an omelette and a favorite variety of cheese then fruit and tea or coffee. If you use this menu, have lots of hard rolls on hand for both the Sardines Viveur and the cheese — and don't forget the sweet butter.

You'll notice that this recipe calls for cutting the vegetables in matchstick size strips. Do observe this direction; they taste best that way in this particular dish.

SARDINES VIVEUR
 Ingredients:
 1 rib celery
 2 medium-sized carrots
 1 small onion
 1 tablespoon olive oil
 1/4 cup cooking sherry
 1 bay leaf
 1 small clove garlic
 2 tablespoons minced parsley
 8 thin slices lemon (peeled)
 1 3 1/2-ounce can Norway sardines

Method:
 Clean celery and carrots; peel onion. Cut celery and carrots into matchstick size strips (julienne). Slice onion into thin strips. Heat the olive oil in an 8-inch skillet. Add celery, carrots and onion. Cook gently about 5 minutes, stirring a few times. Add sherry and bay leaf; crush garlic into skillet; mix thoroughly. Simmer until vegetables are tender-crisp and most of the liquid has evaporated — about 5 minutes. Chill about 6 hours to

Coffee Stains Vanish
 Coffee stains on dinnerware will vanish if one teaspoon of mild bleach is added to the detergent used in a regular wash cycle of your dishwasher. This solution will not affect silverware.

Sweet Tips
 When you are measuring honey, use a moist or greased cup or spoon. If your honey has crystallized, place the container of honey in a bowl of hot water and stir occasionally until all the crystals have melted.

Pantry Shelf Can Produce Wonders

Meals which can be prepared from foods always found on the pantry shelf are popular with the housewife at all times, and during Lent, salmon dishes take on an added importance.

Only pantry shelf products need to be used in the preparation of this casserole, with its golden topping of cheese. Canned salmon is the main ingredient, and it is combined with macaroni, cream of celery soup, evaporated milk, pimiento, and grated cheese.

SALMON MACARONI DINNER
 (4 to 6 servings)
 Ingredients:
 4 ounces elbow macaroni
 1 can condensed cream of celery soup
 2 1/2 cup evaporated milk
 1 1-pound can salmon, drained and broken into pieces
 1/4 cup fine cut pimiento
 1 cup grated American cheese

Method:
 Cook macaroni according to package directions. Drain, but do not rinse; reserve. Combine celery soup and evaporated milk. Add macaroni, salmon, pimiento, and 1/4 cup of the grated cheese. Turn into a greased 1 1/2 quart casserole; sprinkle remaining cheese around edge. Bake in a moderate oven, 350 degrees, 25 minutes. If desired, garnish with additional pimiento.

The salmon macaroni dinner can be made more elaborate by adding a 4-ounce can of sliced or button mushrooms or 1/4 cup of sliced ripe olives. Or add a bit of sherry wine, about 1/4 cup. In place of the salmon liquid in the recipe, Spaghetti or noodles could be used in place of the macaroni. Condensed cream of corn soup, or even tomato soup, could replace the celery soup. Grated Parmesan cheese, or grated mozzarella would impart a different but nonetheless delicious flavor to the casserole.

To round out a meal featuring this fish casserole, serve a tossed green salad, adding some fresh grapefruit segments for flavor contrast as well as color. Crunchy bread of some kind would be right with the meal; something such as water rolls, French bread, or even the crispy salt sticks.

Another dish that is wonderful for serving at this Lenten season is Salmon Loaf with Sauce Piquante:

SALMON LOAF
 (6 servings)
 Ingredients:
 1 1-pound can salmon
 2-3 cup evaporated milk
 2 cups soft bread crumbs
 1 egg, well beaten
 1 tablespoon minced parsley
 2 tablespoons minced onion
 1/4 teaspoon salt
 1/4 teaspoon poultry seasoning

Rice And Chicken Make Salad
 Rice takes on a new personality when it is browned before it is cooked. A nutty flavor develops which makes the tender grains of rice blend perfectly in color with the chicken. Salads will get the green light from the family when this rice and chicken salad is on the menu. Juicy orange sections, crispy celery add their intriguing personalities to the rice and chicken, and eating this wonderful tasting salad is a supreme pleasure.

RICE AND CHICKEN SALAD WITH ORANGES
 Ingredients:
 2 tablespoons butter or margarine
 2-3 cup uncooked rice
 1 1/4 cups of warm water or chicken broth
 1/4 teaspoon salt
 2 cups diced, cooked chicken
 1 cup diced celery
 2 cups orange sections
 1/2 cup French dressing
 1/4 teaspoon salt
 1 head lettuce

Method:
 In a 2-quart saucepan melt the butter or margarine. Add the rice and cook until the grains are a brownish color. Stir occasionally. Add the water slowly. Add the salt and bring to a vigorous boil. Turn the heat as low as possible. Cover and leave over this low heat for 20 minutes. Chill the rice. Add the chicken, celery, orange sections (save some for garnish), French dressing and salt to the chilled rice. Toss together. Place in lettuce cups or line a bowl or platter with lettuce and place the Rice and Chicken Salad on the lettuce. Garnish with the remaining orange sections.

This recipe makes 10 servings.

Rice Good All Year
 Rice recipes are the homemakers best friend during hot weather, cold weather—twelve months a year, because rice makes dishes which are easy and quick to fix. Inexpensive, exceptionally attractive, and which use available ingredients, and are so especially good that even "pickie" eaters look around for second helpings. Happily, rice dishes are quick and easy, because no homemaker wishes to spend hours in the kitchen. With a supply of rice recipes, kitchen - quick eating miracles are just waiting to work mighty powerful budget magic.

Savory Chicken
 Baste chicken, when you broil it with two tablespoons of lemon juice mixed with a teaspoon of salt and one of sugar, a quarter teaspoon of paprika and an eighth teaspoon of pepper.

optional
 1/4 teaspoon tabasco

Method:
 Turn canned salmon with liquid into mixing bowl; add evaporated milk and bread crumbs. Mix with a fork until well blended. Add egg and remaining ingredients; mix well. Turn into a well greased loaf pan 7 1/2 by 3 1/2 by 2 1/2 inches. Bake in moderate oven, 375 degrees, 40 minutes or until center is firm.

SAUCE PIQUANTE
 Ingredients:
 2 tablespoons butter or margarine
 3 tablespoons flour
 1 bay leaf
 1/4 teaspoon cayenne
 1/4 teaspoon ground thyme

Apricot Pudding
 Make a delicious rice and apricot pudding by cooking together 1/4 cup uncooked rice, 2 cups milk, and 1/2 teaspoon salt over hot water until the milk has been absorbed by the rice (about 45 minutes). Stir occasionally during the cooking. Add 2 egg yolks, 1-3 cup beet or cane sugar, 1 1/2 cups of cooked apricots, 1/2 cup chopped pecans and 1 tablespoon lemon juice. Pour this mixture into a greased baking dish and bake in a 350 degree F. oven for about 30 minutes. The pudding will start to bubble around the edges. It will be of a creamy consistency.

1/4 teaspoon salt
 1-16 teaspoon pepper
 3 tablespoons minced onion
 1/4 cup finely chopped celery
 1 1/2 tablespoons grated lemon rind
 1 can (1 1-3 cups) condensed consommé
 1/2 cup water
 1/2 cup Madeira wine or dry wine

Method:
 Melt butter in top of double boiler over low heat. Stir in flour. When smooth, brown lightly, stirring constantly. Remove from heat. Stir in consommé and water. Bring to boil, stirring constantly. Set over hot water. Add remaining ingredients except wine. Heat 20 minutes, stirring occasionally. Strain. Add wine. Bring just to boil and serve immediately. Makes 2 1/2 cups.

Asparagus sauce may be used

Instead of Sauce Piquante, it is quickly made by combining one can of asparagus soup with 1/2 cup light cream and heating over low heat until the sauce is hot. Either pink or red salmon may be used for these dishes. Pink is less expensive, largely because it is more abundant. It is light pink in color and is more delicate in flavor. There is less oil in this salmon than in the red.

DISH DINNERS

for Lent

Serve **Salmon Macaroni Dinner**
A Tempting Combination of...
SALMON • MACARONI • CHEESE
CREAM OF CELERY SOUP • PET MILK

Salmon Macaroni Dinner
1 cup elbow macaroni
6 cups boiling water
2 teaspoons salt
1 can cream of celery soup
1/2 cup Pet Evaporated Milk
1/4 cup finely cut pimiento
1 cup grated American cheese
1 lb. can salmon
Cook macaroni until tender in boiling water and salt. Drain, but do not rinse. Mix in 2-quart bowl the soup, milk and pimiento. Add 1/2 cup cheese. Stir in macaroni. Drain salmon and break into pieces with fork. Add to macaroni mixture. Pour into 1 1/2-quart greased baking dish. Sprinkle remaining 1/4 cup cheese around edge of dish. Bake on center rack of 350 oven (moderate) about 25 minutes, or until bubbly hot. Makes 4 servings.

A Bible Thought For Today—

"And if I be lifted up will draw all men unto me." — John 12:32. The cross has been a mighty magnet to draw men to God. We can make our misfortunes and suffering a means to a great end. Steven stoned brought Paul into his incomparable work.

Regardless Of Reasons, Actions Of Laughlin Justify Removal

By unanimous decision, the Texas Supreme Court has ordered C. Woodrow Laughlin removed as judge of the 79th Judicial District. This action, while not unexpected in view of the findings of a master in the case, writes final on this particular chapter in stormy Duval.

other causes of the removal suit since this one was sufficient for removal, the court said. In this manner, the court made an exit out of what is known as the back door in so far as the other matters were concerned. These were, the court indicated, somewhat closely entwined in the turbulent situation in Parland.

Tidelands Court Victory Lends Stability To The Restoration

Almost unnoticed in the wake of more exciting news, Texas won another resounding victory in its long tidelands fight in the Supreme Court Monday. Along with Texas went all the other coastal states.

In the original California case, in which it held the federal government had paramount interest in the oil-rich tidelands, but at the same time pointed out it was up to Congress to dispose of the issue any way it saw fit. The latest ruling therefore is merely a restatement of the court's original ruling.

Business Outlook—J. A. Livingston

Struggle For Power In A Firm Can Bring Some Curious Twists

The goings on at R. Hoe & Co., as Alice would say in Wonderland, get "curiouser and curiouser." Last July, Joseph L. Auer, then president of the company, which is the world's largest manufacturer of printing presses, was dismissed by a seven to four vote of the board of directors. Auer says he refused a \$30,000 inducement to quit peacefully.

Cormick and Paget make their final recommendations and the company acts upon them. That's hardly a logical conclusion. In all companies, the board of directors is responsible to stockholders. The management is responsible to the board. And Cullom has been general counsel and a director since 1927. He has been chairman since April, 1950. So, Cullom can hardly slough off all responsibility on Auer.

At no point are names mentioned. The stockholders cannot tell whether Auer was at fault, or Cullom, or the board of directors. When asked who was to blame, Cullom promptly said, "Auer; I hadn't the power to act. He was the chief executive officer. I never interfered with his decisions. I relied on Auer's reports to the board of directors. The by-laws make the president the head of the company."

The full report of Cressap, McCormick and Paget is due "in the near future," according to Mooney's bedside letter. It's to be open for inspection of shareholders at the company's office in New York. Perhaps it will provide insight into the why and wherefore of three presidents in eight months. Perhaps it will reveal the man or men behind the Hoe trouble.

The Big Spring Herald

Published Sunday morning and weekday afternoon. AFFILIATED NEWSPAPERS, INC. 500 North Main Street, Dallas, Texas. Entered as second class matter July 12, 1920, at the Post Office at Big Spring, Texas, under the act of March 3, 1879.

Good Luck Rides On

OKLAHOMA CITY (AP)—Mike McGrew, deputy U. S. marshal here, has carried his son's first baby shoe as a good luck charm for 13 years. He has had it hanging on the rear-view mirror of four automobiles and during the war, kept it in the pocket of his army uniform.

What, No Beer?

SALEM, Mass. (AP)—WBI Cinderella please come to the local lock-up! Police are holding a shoe, for the right foot, waiting for the owner to claim it. For identification it is not a dainty glass slipper, but a sporty loafer, size 8 1/2!

HERLOCK COPY THE WASHINGTON POST "Ahem!"

HERITAGE DAYS

By MILLARD COPE

THE LONG ROAD to San Jacinto tried the souls of Texas patriots as they retreated under adverse conditions before Mexican hordes under Santa Anna. The weary march here is pictured by Texas artist E. M. Schwetz in a sketch reproduced with permission of Humble Way, for which it was created.

Texas forces were retreating before the Mexican army on two fronts as appeals went out from two official sources March 18, 1836, for Texas citizens to join the colors and halt the exodus that was becoming a stampede in fleeing to safety.

Secretary of War Thomas J. Rusk, even more concerned, stationed an officer at the Washington ferry. The sentry had orders to let no man pass eastward who had a rifle. Furthermore, the sentry was ordered to take by force and forward to the army all the powder, lead and horses he could.

Texas government continued its efforts to set up a workable government and on March 15 created more than a score of municipalities, the counterpart of today's counties. These included Austin, Bastrop, Bexar, Brazoria, Colorado, Goliad, Gonzales, Harris, Jackson, Jasper, Jefferson, Liberty, Matagorda, Milam, Nacogdoches, Red River, Refugio, Sabine, San Augustine, San Patricio, Shelby, Victoria, and Washington.

Notebook—Hal Boyle

Nearly Anything Goes When Enjoying Cruise

NEW YORK (AP)—Taking a pleasure cruise is to many people almost as much of a mental hazard as learning to dance. They like the idea, they think it would be fun, but they are a bit afraid of it, for fear they will do something that will make them look foolish.

about stiff shirts. Plain white shirts with a clip-on bowtie will get him by. Q. My wife is afraid she will get bored on a cruise. Will she? A. Any woman who can't keep herself entertained on a cruise probably needs an undertaker, and most ships have a qualified one among the crew. If your wife gets bored, you can always have her embroiled.

Around The Rim—The Herald Staff

Scientists Still Looking For That 'Something' In Cigarette

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald.—Editor's Note.

If you're one of those who switched to filter tips after it was reported that smoking might cause cancer, you can now go back to the old unfiltered brand. But if you quit smoking altogether, you'd better stay quit if it's proof you want that cigarettes do or do not cause lung cancer.

causes very little fluorescence. This, the scientists conclude, indicates that the lungs took something out of the smoke that was inhaled. It also gives them an opportunity to find out what that substance is, through analysis of the benzol, and whether it might cause lung cancer.

These Days—George Sokolsky

Demos Better Organized, And Have A Better View Of Goals

The 1954 Congressional campaign is now in the stage where each party is poised for battle. The Democrats are making a better showing than the Republicans. They are more competently organized; they have a clearer perspective on their goals; they have avoided exposing their internal quarrels to the public view.

counsel, Robert Morris, who came up to New York to be a judge and the Committee's work slowed down, if for no other reason than that the new counsel is unfamiliar with the work and needs time. Then McCarthy got into a wrangle with the Secretary of the Army Stevens and everybody's shins were kicked in what turned out to be a Kilkenny.

The Democrats naturally and correctly are taking advantage of this situation which can win the election for them in November. As it is now, they need do nothing but let the Republicans beat out each other's brains. The Democratic solidification can only hold as long as it appears that the Republicans are making it easy for the Democrats to win the Congressional election of 1954. After that, the quarrel on issues between the A. D. A. and the conservative Democrats will be renewed, but the essential difference between the Republicans and the Democrats is that the latter manage to keep personalities out of the fight.

In a word, the position of the moderates, as President Eisenhower likes to call the middle-of-the-roadsers, will not be improved. Senator Stuart Symington, who may be the Democratic candidate for the presidency, would undoubtedly get into the act just to show that the Democrats are anti-Communist as the Republicans. Only President Eisenhower can suffer from a Democratic victory because he would be without even as much support in Congress as he has now. He would learn that it is impossible to conduct this government on a bipartisan basis and that those Democrats who are friendly to him now will be working for their own party and for his defeat in 1956.

From The Capital—Thomas L. Stokes

Language Of Politics Can Be Ultra-Nice Or Barroom Style

WASHINGTON — American politics is unique in some ways. It has a language all its own. It can be crudely vituperative, like a barroom brawl or a tenderloin tantrum. And again it can be "completely vague and evasive, using only symbols, like Dr. Einstein discussing some of his equations with the few people in the world who can understand them."

Zwicker, and what a fine man he was, with a fine record. But Gen. Zwicker was just left dangling. Apparently somebody had done something to him. But the President never said so, or said who it was who had injured him.

Washington, D. C., Papers Consolidate

WASHINGTON (AP)—The Washington Post yesterday purchased the Times-Herald and announced that a single newspaper, under the mastheads of both, will be published hereafter. The purchase price was not disclosed in announcements by Eugene Meyer, chairman of the board, and Philip L. Graham, president and publisher of the Washington Post, and by Col. Robert R. McCormick, editor and publisher of the Times-Herald.

The reporter goes editorial, which he isn't supposed to do, and he uses some language of his own when Presidents and Vice Presidents get mysterious. He says something like "the President (or Vice President) obviously was referring to" or perhaps "the President (or Vice President) clearly meant" and so on. The reporter couldn't prove that and he would not think of doing it for anybody but a high-placed politician, such as the President or Vice President, and maybe Senators. For the latter often indulge in parables, too, especially about their colleagues, you-know-whom, of what the President and Vice President, according to the newspapers, "obviously" were speaking.

Odessa Man Denied Custody Of Children

DETROIT (AP)—An Odessa, Tex., man yesterday was denied custody

of his three children. Circuit Judge Carl M. Weidman ruled that the children—Dale and Gale, 8-year-old twins, and Shirley, 11—should remain with two aunts in Detroit. The mother, Mrs. Edna

LaClair, who died six weeks ago, had asked that the aunts care for her children. The father is Arthur LaClair, manager of an auto parts plant at Odessa. The LaClairs were di-

vorced in 1946. He has since re-married. Living coral can exist only at shallow depths in the sea.

Senior Day Is Set At Junior College

Several hundred seniors from a dozen schools in this area will converge here March 26 for the second annual "Senior Day" at Howard County Junior College.

Senior classes from Ackerly, Big Spring, Courtney, Colorado City, Coahoma, Forsan, Gail, Knott, Sterling City and Westbrook have indicated that they will participate. Invitations also have been sent to Fluvanna, Hermleigh, Flower Grove, Ira and Snyder.

Featured on the program for the visiting seniors will be beauty and talent contests, together with a barbecue at the City Park at noon.

Loving cups and prizes will be given to the first six places in both the beauty and the talent divisions. Officers from Webb AFB will judge the contests.

From 8 a.m. to 10 a.m. classes will register and tour the HCJC campus, passing for refreshments at the Student Union Building. First round of the contests, together with the official welcome and other program details are set for 10:30 a.m. in the auditorium.

Following the barbecue, over which Lawrence Robinson and Pat Murphy are presiding as chief cooks, there will be a final round for the contestants.

"Miss Senior of 1954" will be selected from the beauty contestants, who will appear both in street and formal attire. Full scholarships, plus a 27-inch loving cup, will go to the winners in the beauty and the talent divisions. After one year display in their school trophy case, the cups become the property of the winners.

Half scholarships and smaller loving cups will be presented to second and third place winners in both contests. Three smaller cups will go to the fourth, fifth and sixth place winners, who also

will become alternates for scholarship awards to the first three places if not used. All of the six place winners on both contests will receive prizes from Big Spring merchants.

College officials are anticipating a minimum of 300 seniors here for the occasion, and the number might be substantially higher.

George McAllister, who is supervising the event, said that there already had been 25 entries in the beauty contest and a like number in the talent show. The Colorado City Choralettes, composed of 33 young women under direction of Curtis Baker, will be heard. Trophies alone will be valued at \$200, said McAllister, and other awards would push the values upward by several hundred more. Lamesa seniors will come here by chartered bus.

Angelo Sets Date For Horse Show

Dates of the annual San Angelo Horse Show have been set for May 1 and 2.

Halter and performance classes have been announced for quarter horses, Palominos, Land Shetlands in three age groups.

Shows will be held Saturday night and Sunday afternoon in the Rodeo Arena at the San Angelo Fairgrounds. Performances include matched roping, jack-pot roping, ladies barrel race, cutting horse contest, and performance classes.

Catalogues and entry blanks may be secured by writing San Angelo Horse Show, Box 712, San Angelo, Texas.

Stall fees are \$10.00 for quarter horses and Palominos, \$5.00 for Shetlands. Stall fee entitles one entry in show in any one class; horses entered in more than one class \$5.00 additional for each class. Deadline for entries is April 25, 1954. Penalty for late entries \$2.50.

Oil Operator Dies In Henrietta Crash

HENRIETTA (AP)—L. T. (Bobby) Burns, widely known independent oil operator, was killed in a smash-up about four miles west of here early Wednesday.

Burns was thrown from his automobile in its collision with a truck-trailer. Burns, a successful wild-catter, was believed to be driving home after visiting one of his ranches near Joy in Clay County. He is survived by the widow and one son, Bobby McGregor Burns.
