**JERRY TIDWELL**  
 Long touchdown runs by Littlefield's quest for District 3-AA crown Friday ended in a 27-14 margin. Quicker Bobcats scored on 78, 44, 18 and 50 yards to district title. Defeat ended the season for Littlefield Wildcats. Littlefield was pre-season pick for the district but entered this final game with title aspirations high. Littlefield was counted on to lead the district race early, but fell back into the title picture. The first three periods of the game Littlefield soundly thrashed the Bobcats, but the last period was fatal for the Maroon.

 The two title contenders were both forced to punt twice as the

squads sparred for field position.

his way through the snow and Bobcats for a good gain in the early going of the contest. The Wildcats held an 8-7 halftime advantage but

three times for seven yards and then on fourth down, Blake Wood churned for nine yards and a first down on the 33.

Ayala lost two on a quarterback draw before hitting Rudolph Smith with a 10-yard gainer to the 25. A delay of the game penalty set the Wildcats back five yards and on the next play a holding penalty moved the ball back to the 45.

Ayala kept around right end for 15 yards and then passed to Mendez for a seven yard pick up to the 23 on fourth down. The gain was short of the yardage needed and the ball went over.

On the first play Smith recovered a Bobcat fumble and Littlefield was back in business at the 32.

The Wildcats moved to the 13 before their drive stalled on fourth down with a yard to go. Littlefield went for the field goal. The snap was high and Dimmitt took over at the 22.

Bobcat quarterback Thompson Mayberry darted around left end on a keeper on the first play and went all the way for a 78-yard touchdown. Matt Dulaney toed the PAT and Dimmitt was ahead

7-0 with 1:59 left in the half.

Jett West returned the kick-off to midfield. Smith gained 13 on a sprint draw and Mendez snagged a 19-yard pass from Ayala to move the Wildcats all the way to the 12.

A penalty moved the ball to the seven and then West rambled to the one and picked up a first down. West then went over left guard and scored with 14 second left in the half.

**Definition of a Cow**  
 A city school boy describes a cow like this:

A cow is a completely automatic manufacturing machine. It is made of untanned leather and is mounted on four vertical, movable legs, one on each corner.

The front end contains the grinding mechanism, and the headlights, air inlet and exhaust, a bumper and fog-

lights. The rear is the dispensing mechanism and an automatic fly

The central portion houses a chemical conversion plant. It consists of four fermentation storage tanks connected in a complex network of plumbing. This section contains the heating plant with automatic temperature controls, pumping station and ventilating system. The disposal apparatus is located at the rear of this central section.

In brief, the externally visible parts are: two lookers, two horns, four stand-uppers, four downers and a swishy-

tail. It is a similar machine to a bull, which should not be confused with a cow. It produces milk, but has other uses.

## Paving controversy still unsettled

Nine Earth residents met with the Commissioners' Court Thursday afternoon and asked again that the court try to find a way to pay a \$12,881.43 paving contract bill the City of Earth made for seal coating a county road.

The Court agreed that no action should be taken and requested that the paving contractor, Jake Diel, and the engineer, Bill McMorris and Associates, demonstrate the legality of payment to be made by claimants, meaning the contractor and engineer.

Judge Ruth Kirby said she had looked into the possibility of the county paying the bill and that it could not be legally paid, unless she'd overlooked something. "And I'd keep an open mind in that case," she added.

"We'd be in flagrant violation of the law if we did pay it," she said. "The county can't enter into a contract over \$3,000 without going through a public notice to bidders county wide."

"We can't ratify a contract we couldn't make in the first place. We couldn't have made this one in the beginning because of no notice given to bidders."

Present for the Thursday meeting were Larry Tunnell, Raiford Daniel, Douglas Parrish, Donald

K. Clayton, Dolan Fennell, Glen Bulls, Betty McAlpine, W. B. McMillan and Jerry Been.

Doug Parrish said the Earth city councilmen signed the contract and that the contractor was looking to the city for payment. He added that it was probably the City of Earth's lawyer's fault for not having the contract signed by all three government bodies, but said the contractor and engineer assumed everything was in order.

Judge Kirby said her sympathy was with commissioner Clarence Kelly and the city of Earth. "But the paving contractor doesn't have a call on our sympathies and loyalties. Let Diel pursue his remedies. The county shouldn't use county funds for moral obligations. It wouldn't be in the best interest of the county to condone individual action, in the past and future, in matters that should be taken up by the court as a whole."

McMillan maintained that Tunnell and Parrish had misrepresented the city in the negotiations and presumed Kelly was acting as a representative of the commissioners court and had discussed the paving contract with the court.

Judge Kirby replied that she was satisfied that the only way the county can pay the bill is to have

an order from district court. She said the county can't pay the bill without such a ruling. "It's not that we're trying to beat the bill. We cannot pay it," she said.

Tunnell said he thought there should be some way the mistake could be rectified. "We're looking for a legal way," he said. "We're not asking you to break the law."

Parrish said this made three trips the Earth people had made to commissioners' court. "And we're in the same spot we were in," he said.

## Band Boosters schedule sales

Littlefield Band Boosters will be sponsoring a giant garage and bake sale Saturday from 8 a.m. to 5 p.m. at the County Ag and Community Building on Hall Avenue.

All proceeds will be used to help the Littlefield bands.

"Everyone is invited to donate items for the sale," said Jeri Smith, chairman of the garage sale. "The Boosters are especially interested in receiving dishes, pots and pans, knick knacks, toys, bedspreads, curtains, appliances, furniture and children's clothing. What is one person's trash is another's treasure, so we would welcome whatever you may have sitting around collecting dust," Mrs. Smith continued.

To have items picked up, call Mrs. Smith at 385-5555 or Dee Dee Davis at 385-4774. Or persons may take items to the Ag Building Friday afternoon.

All leftover good used girls' and boys' clothing will be taken to Girlstown at Whiteface and Boys Ranch at Pettit.

"You may also place a special order for baked goods by calling Sue Altman at 385-5393 or Gwen Zahn at 385-6028," Mrs. Altman said.

"Let Band Boosters help you get ready for Thanksgiving! Come out and purchase your baked goods from Band Boosters. A coffee bar will also be open. Come out and have refreshments during the day. Help us help our bands," Mrs. Altman concluded.

## Burned man's death brings murder charge

Marion D. Sayles has been charged with murder in the fiery death of Willie Lee Bowers last week.

Sayles, 20, gave his address as his father's house in Amherst, but has been a Dallas resident for some time.

The victim was found still burning beside his car which was also engulfed with flames. The incident occurred two miles southeast of Littlefield about Midnight Thursday.

At that time, officers thought the man caught fire after pouring gasoline over his car before setting it on fire.

But when officers continued their investigation Friday morning, they found footprints out in the field. They tracked the prints which headed toward Littlefield.

Sheriff E. D. McNeese and deputy Larry Buster arrested Sayles at 2:33 p.m. Saturday.

In other activity at the sheriff's office this week, a Plainview woman who was arrested for soliciting last Wednesday was arrested again on another charge of soliciting and drunk Saturday. She was fined \$200.

Three Littlefield men were arrested on driving while intoxicated charges, a Levelland man was arrested on a warrant on a check law violation, and a Littlefield man was charged with public intoxication.

Freddie Villareal was arrested on an assault charge on his common law wife and revocation of probation. The man was on probation for assaulting a city officer.

# To The EDITOR

Dear Editor:

May I use your time and paper to tell of the wonderful surprise the students of the Satellite Classes had Friday, Nov. 5?

I was having school extra hours that day, so instead of bringing sack lunches, I decided it would be a nice treat for the students to eat at Pizza Inn, which we did. We had dined to our hearts' content on pizza and salad when the waitress came by and marked our ticket

PAID (Courtesy of Management).

Those enjoying the treat and invitation back for the same once a month were: Mrs. Pauline Dempsey, Mark Davis, Howard Hayden, Mrs. Mae Blevins, Iredell Boren, Roy Vargas, and Rosendo Molina.

I still say, we have the best people in West Texas right here. Needless to say, some of our students are ready to eat pizza again, and soon!

### TODAY'S THOUGHT

In the building boom of office buildings, banks, ball parks, stadiums, and civic buildings seen almost everywhere, a certain taken-for-granted type of building receives comparatively little prominence. Yet, this type of building does more than any of the others to strengthen the foundations of our culture.

Dwight D. Eisenhower gives tribute to these buildings in these words: "History records how the living ideas of civilization were saved and nourished behind a wall of books. Our libraries today serve the same cause, for the defenders of freedom must remain strong in mind and heart. From the famous metropolitan libraries of America to the modest bookmobiles that serve our rural areas, books guard the wisdom of the past and kindle the ideas of tomorrow."

Would it not be a good idea for more of us to make a visit to the place where history comes to life amidst the birth of new ideas and express a sincere "Thank you" to the dedicated librarians who help make it possible?

## STAR-SPANGLED HISTORY

HISTORICAL DRAWINGS BY JOSEPH BOGGS BEALE (1841-1926)

"U.S. SCOUTS"

The first wagon trains headed West were faced with what would seem to have been insurmountable odds. The majority of the people in the wagon trains were Easterners who had no idea how difficult life really could be on the frontier. To make the trip, they put their lives in the hands of scouts. Many of the early scouts were men who had gone West as fur trappers. They knew the territory and its inhabitants, the ways of the Indians, and the locations of good camping grounds and watering holes so essential to survival. ## A Woman's View

By Pearl Brandon

I RECEIVED a get-well card this week which made me very happy. It was from my 20-year-old grandson who is attending the University of California, majoring in engineering.

I want to share it with you. He said "Dear Granny, I heard you hurt yourself. I want to share something in the Bible with you. God says—

Be strong and courageous. Do not tremble, or be dismayed, for God is with you where ever you are. I want to tell you that God is with us and He will take care of you and every thing.

I TOOK MY mid-semester test yesterday and I did great some way, Granny, I hope you get all right, but I will see you as soon as possible.

Remember that nothing can separate us from the love of God. Romans 8.

THIS BOY is 6 ft. 3 inches tall. He has a 17-year-old brother who is 6 ft. 3 inches. They came to see us last summer. Their names are Dal and Keith Brandon. As soon as they walked in and hugged me, Keith said, "Granny, I have Christ in my heart." I almost broke down in tears. I didn't even know he was a Christian.

But we mustn't claim these two fine boys all ourselves. They are also grandsons of Mr. W. P. Elliot. They are sons of Dal and Ray Brandon, whom many of you know. We have two fine granddaughters, who are also Christian. But this is enough of bragging about my grandchildren.

HERE'S A RECIPE Nilah Rodgers got from her sister and gave me to put in this column.

### DREAM FRUIT PIE

- 1 1/2 cups sugar
- 4 Tbsps. flour
- 1 (No. 2 can) sour cherries
- 1 (No. 2 can) crushed pineapple
- 1 tsp. vanilla
- 2 tsps. red cake coloring
- 1 pkg. orange Jell-o
- 1 cup chopped nuts
- 6 large diced bananas

Combine sugar, flour and juice from cherries and pineapple. Cook over low heat until thick. Take off heat, add vanilla, coloring and Jell-o. Stir and put in refrigerator and cool. Add fruits and mix, pour into two baked pie shells. Top with whipped cream.

THERE IS MUCH truth in the old expression "Exercise may not add years to your life, but it will add life to your years." There is no scientific proof at this time that exercise alone will make you live

I AM STILL in the hospital but am improving, thanks to the wonderful doctors and nurses here.

Now to share a little of my own Christian philosophy. In the 18 Psalm we have this, "I will love thee, O Lord, my strength. The Lord is my rock, and my fortress, and my deliverer, my God, my strength, in whom I will trust; my buckler, and the horn of my salvation, and my high tower."

THIS PSALM of David and has a lot of meaning. Long ago, they used horns to send messages, to call in dogs for the hunts. Should we not use the "horn of our Salvation" to send forth His message, who will hear?

I thank God for my family and my friends.

Speaking of the "rock," I always loved the song "Rock of Ages." "Rock of ages cleft for me, Let me hide my self in thee." He is our hiding place when we need a shield. He is also our strength when we are in trouble.

Strength comes through prayer. There are many sick people in this hospital, as well as others who need your prayers, including myself.

THERE IS an old man across the hall from me who prays every day to die.

I will end with this quotation from Psalm 67.

"God be merciful unto us and bless us, and cause His face to shine on us. Shiloh."

longer. It is an accepted fact that appropriate exercise is one factor in helping you have a healthier life.

THE AVERAGE ZINC content of a mixed diet consumed by the American adult is between 10-13 milligrams. Metabolic studies have shown that in healthy adults, intake of 8-10 milligrams is sufficient to achieve zinc equilibrium. Meat, liver, eggs and seafood—particularly oysters—are good sources of available zinc, followed by milk and whole grain products.

### QUICK COMBOS

Quick delicious soup and cheese combos: shredded Cheddar cheese on cream of tomato; shredded Swiss on pea soup or ham and potato chowder; Monterey Jack or Provolone on chili-beef soup; Brick cheese on bean soup; and Muens-ter on French onion soup with French bread.

## THE ABUNDANT LIFE

# Our buoyancy

THE DOWN-DRAG OF LIFE is one of the obvious realities with which we must cope. It will always be tugging at us, and it can become very strong; even strong enough to cause our submergence. Whether it does or not depends upon "our buoyancy".

We can stay afloat; we can do better than stay float.

We can successfully move along a desired and a chosen course.

There may be some rough places; a storm now and then; or we may get off course; or we may permit ourselves to become overloaded.

WE MUST NOT TAKE ON any excess baggage. This means that we will be careful to attend to our own business, and never be a busybody in the business of others.

We will be sure to make no promises, except those we can keep; we will make no obligations, financial or otherwise, except those we can meet; and we will admit and respect our limitations. We will learn our capabilities and then perform accordingly.

We will learn when to say, "no", and when to say, "yes". If we should find that we are overloaded, we will make the necessary corrections as quickly as possible.

OUR CONCERN ABOUT the world around us must be sensible. We must never let the troubles, and problems of our general environment spill over into our life situation.

If there is something we can do and still maintain "our buoyancy", we will do it. Otherwise, we forget it. Our reasonable

concern is justified, and carried as part of the load of life.

Over-concern, however, submerge us; it can easily be too much for us to carry, pleasantness and good cheer thus be changed to gloom and despondency.

OUR SENSE OF VALUES be the best available because our values will be principal elements in "our buoyancy".

The quality and strength of values will be the quality of strength of "our buoyancy" have the potential to move through life without losing resilience; our vivacity; cheerfulness.

We can carry a justified and carry it well. This must aim, because this is so much more than failure that comes because of overload.

WE MUST KEEP our focus on the things that will maintain "our buoyancy" anxieties, frustrations, disappointments and such like impossible to live with anything and satisfaction.

Now, since we have to choose the things about which we think; we have the means providing the mental and spiritual power to sustain us. With and constructive thinking; we be doing positive and constructive things.

AT BEST, there will be low points; but, for the most we will be able to maintain satisfactory and rewarding life movement.

#### CHRISTMAS COOKIES

Career women, take note: Make one or two Christmas cookie doughs on one evening, cover and chill. Plan to bake them the next evening after removing the dough from the refrigerator about 15 minutes in advance of baking. That 15 minutes is necessary if the cookies are to be "worked" as in rolling and cutting.

## A Banker's Viewpoint....

Americans of all political leanings obviously are persuaded that the time is upon our country to cut out waste in government and unnecessary spending.

The revolt against increasing costs at all levels of government has expressed itself across the land in defeats of bond issues by cities, counties and states. Even schools, an object of almost religious support by Americans sold on the value of education, have taken their lumps in bond issue elections.

Congressmen, a step removed from voters, as far as spending programs are concerned, seem still to have missed the message. Many of them continue to believe they can buy votes by handing taxpayers stripped-down handouts of their own money.

But times are changing. Sooner or later the congressional majority will realize that the great hoax is over. The American people who pay federal taxes have caught on to the transfer of funds - from the common man through the federal sieve and back to the common man, with considerable of their value winnowed away.

Obviously, a new politics is emerging, a politics of saving instead of spending, of balanced budgets instead of billions "given away".

This being the case, we have a suggestion for congressmen who want to get in the forefront of the march toward common sense:

Don't propose merely to reduce appropriations for federal agencies. Eliminate duplicating and undesirable agencies. There are scores of federal offices whose functions either are ridiculously out of date or which never had a worthwhile job to do in the first place. They could be eliminated, to the improvement of legitimate government rather than do it harm.

The way civil service works, a federal agency automatically proliferates. As long as it exists it will grow, and cost more and more, whether or not it has any worthwhile function to perform.

Unless it's vital - and many are not - an agency ought to be killed off. You'd be surprised at the way that policy, faithfully carried out, would reduce federal spending.

# First Baptist to show Corrie Ten Boom film

"Corrie: Behind the Scenes with The Hiding Place," a new full-length color release from World Wide Pictures, will be shown at First Baptist Church, 400 E. 6th, Nov. 14, at 7 p.m.

"The Hiding Place," a true story filmed in Holland and other European locations, is based on the experiences of Corrie ten Boom, who, with her father, sister, and brother, provided refuge for countless Jewish families. A secret room was constructed in their home as a hiding place for use during Gestapo raids. The ten

Boom's activities were discovered, and they were sent to prisons and concentration camps.

According to Kenneth Bliss, director of distribution for World Wide Pictures, "The Hiding Place" has been extremely well-received, both by audiences and film critics. "Corrie" was produced to give people who have seen "The Hiding Place" or read her many best-selling books an opportunity to hear her share many of her memories about her life in Holland, her family, and her lifetime of service to others."

# —Wildcats—

Continued from Page 1

Ayala found Smith all alone in the end zone and the Wildcats took an 8-7 lead to the warmth of the locker room.

### THIRD QUARTER

Following a Littlefield punt, the Bobcats scored on their first possession of the half. Eddy Chavers sped in for the TD from 44 yards out. Chavers took a late wobbly option pitch from Mayberry and simply outran the Wildcats to the end zone. Chavers ran over the two extra points and Dimmitt was out front 15-8.

### FOURTH QUARTER

The two teams again had a series of punt exchanges until Ayala booted the ball dead on the Dimmitt four-yard line. The Bobcats couldn't move and the Dimmitt punt was only to the 28.

Ayala kept for four and personal foul penalty moved the ball to the 12. Wood drove for nine yards and then scored from the three with 5:17 left. The try for two points was no good and Dimmitt held a 15-14 lead.

Dimmitt drove the ball upfield before the Wildcats finally stopped them and took over on the Littlefield 26.

The Wildcats couldn't move and trailing by a single point Littlefield

was forced to go for a first down on fourth and long and came up way shy of the line to gain.

Mayberry kept around left end and scored from 18 yards out on the first play. Chavez was stacked up on the PAT and Dimmitt was ahead 21-14 with 1:37 remaining.

Oddly enough, Mayberry's touchdown and the PAT failure breathed new life in the Wildcats. Littlefield just needed a TD and the two point conversion to take all the marbles. But it was not to be.

Following the kick-off, an Ayala pass was tipped up and intercepted. Moments later Mayberry again turned on the burners and scored from 50 yards out and school was out for the Wildcats.

Littlefield ended the season 3-6-1 and recorded a 2-2-1 district effort.

# Whitharral freezes Trent District Championship

WHITHARRAL was no "pussy footin'" as the snow for Whitharral as they out Trent, 36-0, to win district crown in six man football Friday.

Two teams undefeated in the district matched their skills on a snow clad field at Lamesa Friday night.

The victory of the night did not diminish the Panthers as they held their opponents to minus yardage and to only first downs during the entire game.

The scoreboard failed to light in the first quarter but Whitharral kept their fans to their feet in the second stanza as Bobby Avery scored 10 yards for the first down of the game with 6:11 left in the half. Pat failed. The TD was set up after John Dukatnik kicked a Trent ball carrier for a yard loss on the fourth down of the game. Two plays later, Whitharral scored.

Bobby Avery and Walter Kristinek led the Panther defense to Trent short of a first down. Whitharral again got possession of the ball and tried a couple of plays. Bobby Avery took the ball and double reverse and behind blocking went approximately 10 yards for his second score of the game with 4:23 left in the second quarter. PAT failed and the score was 12-0.

The remainder of the game was filled by fumbles and penalty yards as the ball changed hands several times with most of the ball game taking place on Trent's side of the field.

In the third quarter QB Jimmy called for a passing game as he went to the air with the icy rain and completing about half his attempts. On the Panthers' possession of the quarter, they were completed to Jimmy by and Dukatnik to bring the ball to the one-yard line. From this point, Dukatnik got his first score of 53 left in the quarter. Point failed.

Dukatnik busted open the final stanza of play by romping over from about the 15 with 9:11 left in the game to make the score read, 24-0, in favor of Whitharral.

Bobby Avery got his final score of the night with a 15-yard scamper to give the Panthers a 30-0 edge and Dukatnik iced the win with about a 45-yard run for his third and final tally of the game and to give Whitharral a 36-0 win over Trent and the right to represent the district.

As for a defensive and offensive standouts the whole team is cited as outstanding regardless of your name was: Bobby Avery, Walter Kristinek, Marcus Salinas, Tony Smith, Gary Chavez, Mitch Grant, Brent Gage, Jimmy Polk, Jimmy Avery, Roger Reding, Mike Hewitt, Brian Kay, Danny Chavez, George Nickelson, Mark Bryant, Rodney Lorenz or John Dukatnik. Even those that took their places on the sideline were outstanding because of their warm offensive and defensive encouragements to the players on the field.

Whitharral travels to Paducah, Friday for a bi-district encounter with Harrold.

COACH JERRY MILLER holds the District Championship Trophy high for all to see after his Whitharral Panthers froze out Trent, 36-0 in a zone playoff at Lamesa. Tony Smith [66] is one of the Panthers admiring the trophy that is partially hidden because of the falling snow.

# Olton, Friona shoot blanks in close-out

At Friona Friday night the game ended the same way it started, 0-0, as Olton and Friona battled in about four inches of snow.

The Mustangs were continually hammered by the Chieftains and each time the defense stood up to stop the drives as they took advantage of the breaks. Even with the breaks Olton could not muster a score.

Friona's first chance to score came in the second quarter when Kelwin King scampered 36 yards before being brought down on the Olton 25. Two plays later the ball squirted loose from the Chieftains and Olton recovered.

A block punt in the final stanza of play set the stage for Friona's other scoring drive. Again Friona fumbled and the Mustangs recovered.

Olton now 1-1-3 in zone play gained a total of 62 yards, all on the ground and five first downs. Friona, 3-1-1, in district, earned 135 yards rushing and 22 passing and made eight first downs.

The tie dropped Friona to the second slot in District 3-AA football.

The Hornets came up with their only tally of the night when Kyle Martin plunged into the end zone for six. The 2-point conversion was no good.

# Springlake-Earth bows to Farwell in finale

The Springlake-Earth Wolverines closed out the 1976 football season on a sour note by dropping their last game of the season 22-6 to Farwell.

Farwell lit up the scoreboard in the first quarter on a pass play from quarterback Russ Jones to Rowdy Chandler. Travis Bibbs added the two points to close out all scoring in the first half.

In the second half the Wolverines came out fighting and scored on a Rodney Giessler four-yard run. The attempt for the two points was no good.

At the end of the third quarter the Steers held a slim 8-6 lead. But it was not long till the Steers added 14 more points in the fourth quarter for a 22-8 win.

The first of two fourth quarter TD's came on a plunge from the

one half line by Russ Jones. Jones hit Chandler in the end zone for 2 points.

# LCC chooses president

Dr. Harvie M. Pruitt was named the third president in the history of Lubbock Christian College Oct. 30 after receiving the unanimous nod from the school's board of trustees.

In taking the top job at LCC, Pruitt replaces Dr. W. Joe Hacker, Jr., whose resignation was accepted by the board in the same Saturday meeting.

Hacker cited "personal reasons, a need to spend more time with his family and a desire to invest more time in teaching God's word," as the chief factors for making a decision to leave. He served in the position for two and one-half years, moving to Lubbock in May, 1974 from his previous position as chairman of the Bible Department of Harding College, Searcy, Ark.

In accepting the position, Pruitt said that he is proud of the vote of confidence placed in him by the board of trustees and the faculty and planned to use "every possible resource" to see that the confidence is well placed.

A native of Lubbock, Pruitt joined LCC as a professor of education in 1966. He was selected by the students as teacher of the year in 1971 and was chairman of the Faculty Senate for three years.

In early 1975 Pruitt was named dean of the college and was elevated to executive vice-president in September of 1976.

After graduating from Lubbock High School in 1947, Pruitt received a B.A. from Abilene Christian University in 1951 and masters and doctorate degrees from Texas Tech University.

Pruitt's first teaching position was at Lubbock High, where he

DR. H. M. PRUITT

taught speech and journalism. From there he was a teacher at Abilene Christian High School before moving to Frankfurt, Germany for three years as a minister and teacher.

In Lubbock, Pruitt has been educational minister at the Broadway Church of Christ, minister of the Greenlawn and Smithlawn Churches of Christ and director of the Smithlawn Maternity Home. He presently serves as an elder with the Smithlawn Church.

Pruitt and his wife, the former Celia Ralstin of Mullinville, Kan., are the parents of two sons and a daughter. Mrs. Pruitt directs the family-owned Southwest Private Schools in Lubbock, a kindergarten and daycare early childhood education center.

## CREAMING BUTTER

Butter can be taken directly from the refrigerator and creamed if you cut each stick into about eight pieces. Keep the mixer speed low when starting the creaming. This method is better than allowing the butter to soften before using. If butter becomes too soft, it means adding extra flour to the dough and that cuts down on the shortness or tenderness of the cookies.

Award certificates went to three Sudan residents out of a total of 89 employees honored Thursday night, Nov. 4, in Lubbock by Southwestern Public Service Company at a service awards dinner for service ranging from 5 to 35 years.

Among the top awardees was D. W. Williamson who was presented a diamond-studded emblem for 30 years of service by Berl M. Springer, president and chief operating officer of the company.

Joining the quarter-century club with 25 years of service was Wayne Emery Rogers.

Edmon Joe Bellar was presented an emblem for 10 years' service. This was the second of four service award dinners.
