"The fund was established at the request of several interested individuals to assist in the apprehension of the vandals," Garland said.

Some tire tracks and some stones were uprooted, pushed over, chipped and shattered Friday night.

Police Chief F. A. Fitzgerald, in expressing his disgust of the vandalism, stated, "We aim to get them!"

Many who have observed the damages at the cemetery have said they "can't understand what anyone means by doing such a terrible thing."

Some holding flowers were shattered, and flowers on markers were destroyed severely, and fragile portions were broken off.

If it had not been for their help, the task would have been a long, difficult, and expensive one if it had to be handled by the families of the deceased.

Our thanks also for the wonderful job of maintenance of watering and mowing the cemetery the past few years. It may not be to perfection, but the cemetery looks the best in its entire appearance that it has ever looked. They have changed it from a place of neglect, to a source of community pride.

POLICE CHIEF F. A. FITZGERALD points to one of the numerous tire tracks found in Littlefield Cemetery during investigation Saturday afternoon, following heartless vandalism committed Friday night. Sixty-nine tombstones were torn down—many permanently damaged. In the inset, a tombstone is still attached to the base and foundation, and the whole thing was pulled out of the ground. Note the scrape across the face of the marker.

## Young Felipe Home Soon

Special "thank you" comes from Mr. Jose Cristan "to everyone who helped in any way" in behalf of their son, Felipe, who was injured in the mishap.

Three new names stepped into the winners' circle of the Leader-News football contest this week, with Maylon Smith copping the first prize with 15 correct guesses.

He narrowly edged Arthur Duggan, who also had 15 games right, by guessing closer on the tiebreakers.

Armon Perrin took third on 14 good picks and the closest guess on the tiebreakers over nine other contestants who also got 14 right.

It was the first time for the three Littlefield men to win any of the cash prizes this year. First gets \$5, second \$3 and third \$2.

Doc Bowman of Amherst continued to lead in the season standings with 42 picks, as he picked 14 right for the third straight week.

## Smith Wins Grid Contest, Bowman Keeps Season Lead

Doc Bowman of Amherst continued to lead in the season standings with 42 picks, as he picked 14 right for the third straight week.

Leon Burch of Littlefield is second with 41, while Jim Zoth of Brownfield and Linda Hood of Littlefield are in a tie for third with 40. Season standings are on page 8, with the top 44 contestants listed.

Smith and Duggan missed only the Sudan-Morton game on their sheets, and

Smith won by picking the A&M-Nebraska and Estacado-Levelland games closer to the actual scores.

Perrin edged into third place over Bowman, Burch, Ed McCannies, Barry Bearden, Linda Hood, Sam Volpe, Alice Sell and Jerry Trees, all of whom picked 14 right.

## Paul D. Bennett Re-Elected To PCG

Lamb County cotton producers and cotton-related businessmen re-elected Paul D. Bennett as director to Plains Cotton Growers, Inc., for the next two years at a breakfast at the Crescent House recently.

Bennett is gin manager of the Amherst Farmers Co-op Gin.

## First Cotton Bale Ginned At Olton

The first bale of cotton reported in Lamb County for the 1969-70 ginning season was delivered to Olton Co-op Gin by Aubrey Oursbourn Tuesday about 6 p.m.

Oursbourn, who farms seven miles north and three west of Olton in the extreme northeast corner of the county, delivered 1,740 pounds of seed cotton to the Olton gin.

The cotton made a 450-pound bale with 700 pounds of seed and a micronaire of 4.4.

Variety was Smooth Leaf Rex, planted May 5 and watered once.

Olton Co-Op paid 40 cents a pound for the bale, plus \$75 per ton for the seed. Ginning and wrapping was free.

## WANT TO BE BOY SCOUT?

All boys of ages 11 to 18 who are interested in becoming Boy Scouts are invited to Scout Night at the Littlefield Community Center next Tuesday at 7 p.m.

## Commissioners Set Quail Meet

Tuesday Lamb County Commissioners set their next regular meeting date, Oct. 13, as a public meeting for anyone wishing to discuss the quail season before the number of days for the '69 season are set. The meeting is set for 10 a.m. the second Monday of October in the commissioners' meeting room.

Other matters of business coming before commissioners at a regular meeting Tuesday were:

1. Accepting the only bid submitted

for a tilt-bed implement trailer from West Texas Equipment Co. in Amarillo.

2. Renewing the time deposits at the First National Bank of Sudan.

3. Payment of \$1,000 to Skipper Smith for the difference between a '47 and '60 model Ford tractor and the payment of \$585 to Farm Equipment of Littlefield for a 72-inch surface shredder for precinct 3.

4. Approval of the '70 budget which is on file in the county clerk's office for inspection.

## MRS. MARY GILES

## They're U.S. Citizens Now ...

By NILAH RODGERS  
Leader-News Staff Writer

Chances are Roberto Rodriguez Saenz knows more about the U. S. Constitution and form of government than the average American citizen.

He is real proud of the American history he knows, a bright shiny new flag, and especially his new citizenship.

This Littlefield resident, who has been working for Thomas Harris for the past 10 years, became a naturalized citizen last week. He is one of two Littlefield residents among 48 persons becoming U. S. citizens that day.

He has been in the U. S. off and on since he was a child living with his parents in San Antonio, Mexico, about 20 miles from the Texas border. He would come to Texas with his family when they crossed over to work. While they were working, he attended school in Ennis.

Although it wasn't always legal for him to live here, he admits that he has been here since 1948, doing farm work several years before getting his visa.

"When I was 18," he said, "I registered for the Army. I figured I'd rather be in the Army here in the U. S. than be in Mexico." The draft board used his report cards to prove how long he'd been in the states.

Saenz is married and has five children, four of them attending Littlefield schools. His wife and the youngest child went to Lubbock with him for the naturalization ceremony. "The other kids went on to school that day," he said. "But they're real proud I'm a citizen now."

Saenz had to pass the examination and, have two witnesses sign for him, but being a good citizen before applying is the main thing, he said.

The naturalization program included a speech by a Texas Tech professor from Vienna, patriotic songs sung to accompaniment of a guitar, and Daughters of American Revolution passed out words to "America" and gave each new citizen an American flag—the symbol of his new status.

Mrs. Abe (Mary) Giles, a Great Britain immigrant, finally became a naturalized citizen in formal ceremonies in Lubbock last week. "Then we all went out to eat fish and chips," she laughed.

"After living in England all those years and at last becoming a U. S. citizen, then we ate fish and chips to celebrate. I'll never forget that."

Mrs. Giles came to California in 1959 from Liverpool, England, to visit a girl friend. She has returned to her homeland only twice since then, and then just to visit.

"I wanted to vote real bad last year," she said. "It just hit me how much I wanted to become an American citizen during the presidential campaign, and I figured it was about time. Now my husband says I'll cancel out his vote, but I won't tell him even if I do."

Mrs. Giles applied for naturalization last July, and was examined last November. "I didn't think I was ever going to be made a citizen," she said.

The Giles youngest girl, Russ, was yet a three-year-old when Mrs. Giles first started memorizing U. S. history, the pledge to the flag and studying for her examination.

"One day I was sitting in front of the school waiting for the other children and Russ started rattling off the Pledge of Allegiance," Mrs. Giles said. "And she wasn't even three. She's been saying the pledge since then, but she gets mixed up on which hand goes over her heart."

All six of the Giles children attended the ceremony making their mother a U. S. citizen. "Now they go around telling everybody, 'My mama is an American citizen.' They are real proud and I took it real serious, too."

Mrs. Giles was schooled in a Wales boarding school.

Since coming to the U. S. her hobbies have been tracing family

MRS. MARY (ABE) GILES

history and cooking. She is a charter member of the Littlefield genealogical group and club historian.

Coming from the country famous for its roast beef and Yorkshire pudding, this dish is one of her standbys, but she likes to make curried chicken and rice—an Indian dish.

She began taking piano lessons "two or three years ago." Then she comes home and teaches her three-oldest girls what she has learned.

Mrs. Giles has lived in Littlefield about five years, and her husband is a car salesman.

## Measles Eradication Program Set Oct. 22

Dr. Fain, M. D., County Health and Health Consultant to the Schools, has announced that measles will be wiped out in Littlefield when children, ages 5 through 10, receive free vaccine from the State Department of Health Oct. 22, at the Littlefield Schools.

The vaccine is available for children through 10 who are members of the Kindergarten, Sunday School, and Satellite School.

However, the State Department of Health requires that vaccine also be made available to children from one through four years old," Dr. Fain said.

Children who can, will be asked to make a small donation of 5 cents so that money for the vaccine can be provided for indigent children through four years old," he said.

Local Civic Clubs will be asked to sponsor the Measles Eradication Program and all children are urged to receive the vaccine," Dr. Fain said.

WHILE the measles or three-day measles is essential that every child in the area be permanently protected against German Measles BY

THE VACCINE to eradicate the disease."

"We feel confident that every parent will want their child to be included in this very worthwhile project in Littlefield. Parent Permission forms will go home with students Oct. 6. Parents are urged to return the permission forms promptly," said Paul I. Jones, Superintendent of Schools.

"German Measles (Rubella) is a childhood disease so benign that it often goes undetected. However, when it strikes a woman early in a pregnancy, the effect on her child can be disastrous—deafness, cataracts, congenital heart disease, retardation and even fatal death may result. Rubella attacks the unborn and this is why it is considered a major health menace," Dr. Fain said.

"The last epidemic of Rubella was in 1964. Epidemics come in an irregular pattern of one every six to eight years. The next epidemic could come as early as next spring 1970. The last epidemic resulted in abnormalities in 20,000 children as a result of fatal infections with a possible 30,000 fatal deaths. Young children are the major reservoir of the disease and it is for this reason it is necessary to give vaccine to the young children to prevent the virus engulfing the community at large.

MARCIA CRENSHAW, a member of the Jerry Craft youth group, was a guest in the James Holland home during the week-long revival held at the First Baptist Church ending Sunday night. She is the women's staff director of the organization Jerry Craft, the speaker, and Kenneth Quaid, the singer, were guests in the Wilson home. Seven members of the team, including Debbie Landers, who attends the University of Texas at Arlington joined the group here Saturday afternoon to complete the revival services.

REV. R. B. HALL, pastor of First Baptist Church, thinks about the "Special Day" Sunday when a record high attendance of the decade is being sought. He says he hopes all the seats in that huge auditorium will be filled during the last day of the fall revival. A goal of 633 in attendance has been set.

## Sunday, 'Special Day' At First Baptist Church

Sunday will be "Special Day" at First Baptist Church, and a high attendance goal of 633 has been set for Sunday School.

"If the goal is reached, this will break all records the church has met in a decade" according to the pastor, Rev. R. B. Hall.

Sunday will be the first day of the annual roll call—a month long campaign to reach everyone on the Sunday School roll—"and we anticipate a good crowd to begin the month of October," Rev. Hall said.

Special Sunday school classes will include a combined

men's class which will meet in the sanctuary and will be taught by the pastor, combined women's classes, and the Adult I couple's class, which will be taught by the revival evangelist, Dr. John Rasco.

A giant teen age rally will be conducted in fellowship hall, located in the basement of the church, for all youth in Youth I, II and III Departments, with the revival singer, Jackie Shirley, in charge. "The Challenge of The Cross" a drama, will be presented, along with several musical and inspirational numbers.

The chapel choir will sing "Tell It Like It Is" and "I Believe God Is Real". Forty-five youth, forming the combined youth choirs, will sing "Pass It On."

"Everyone seems to have an excitement about the special day, and we hope the public will join us in attending the services," Rev. Hall said.

## Broken Fences

By BOB WEAR

OUR PHYSICAL ENVIRONMENT, fences serve useful purposes. They are to define limitations, to possessions, to separate and off dangerous areas.

environment are being torn down, and/or ignored. Much that was once safe is being overrun and abused today, because the protective fences are being destroyed.

MANY VALUABLE, desirable, revered and time-honored things were once surrounded by fences of respect, appreciation and devotion. It seemed that almost everybody worked to keep the fences strong, and in good repair; and it was good for all.

These fences have not been destroyed completely, but they are under constant attack.

They are broken in many places; and in sacred, holy, decent and moral values and under continuous threat. In fact, according to all we read, and hear, and see; these values are in great danger.

WE CAN LET THESE FENCES be broken. We can even help tear them down. There is no working force that can stop us against our will.

Before we let the fences go down, however, before we help destroy them; there is one very important question to consider. Why were they built in the first place?

FENCES USUALLY serve some very important purpose, and if we first understand why they have been built; we will probably want to let them stand.

More than let them stand; we must seek effective ways to defend the fences against the onslaught of irreverent, immoral, evil and misguided persons. This must be done in order to protect and nourish all that supports human good and decency.

THERE ARE TOO MANY broken fences, and too much that is essential to individual and collective welfare is being lost.

THE FENCES must be protected, and repaired, wherever they are broken. This is the only way to save and preserve the vital and virtuous values in the life structure of mankind.

What The Leader-News Thinks

## Back The Astronauts

There is a desperate need for 100,000 letters to be written to NASA officials supporting the astronauts' decision to read the Scriptures on their December flight.

Mrs. Madelyn Murray O'Hair has obtained 27,000 signed letters protesting the reading of the Bible in space and wants to have the three astronauts publicly censured for reading the Scriptures. She is going to present these 27,000 letters to NASA Headquarters, and it is hoped that enough God-fearing Texans will feel it their personal responsibility to counteract this action by having 100,000 letters commending the Bible reading sent to the leadership at NASA to tell them how we all thank God for these men who recognize God as their Creator.

A short note will do it, something to the effect that we, as individuals wholeheartedly support

the astronauts' decision to read from the Bible in space recently, and that we personally want to express to NASA appreciation of the astronauts for speaking out for what they believe in.

Let us show Mrs. O'Hair that those of us who love God really do love Him and do care. She recently commented on television concerning those of us who are supposed to love God, "Where are they and what is their concern?" We were not there when she succeeded in having prayer taken out of the schools.

May God burden our hearts to pray for our country, our rights as Americans, and our right to love and serve our God.

Letters should be addressed to: NASA Officials, Space Center, Houston, Texas

## PAUL HARVEY

## Two Faces

HO CHI MINH is dead and some strange tears are still watering his grave.

You've been hearing and reading some pretty panegyric epitaphs for a despot who died with a lot of other people's blood on his hands.

It was this bush-league Stalin who, in 1954, introduced such a reign of terror in North Vietnam that 900,000 civilians fled to South Vietnam.

HE STOPPED the exodus by sealing the border, in direct violation of the Geneva accords.

Then, in North Vietnam, he dispossessed all landowners—including peasants with only one or two hectares of rice land—by ordering an estimated 150,000 of them shot.

EVEN GENERAL VO NGUYEN GIAP, who had beaten the French at Dien Bien Phu, protested that Ho's terror had "gone too far."

Even a Communist publication reported Nov. 5, 1956, that Ho had "people arrested, jailed, cruelly tortured; people were executed or shot on the spot and their property was confiscated; innocent children of parents wrongly classified as landlords were starved to death."

A survey of available records indicates that Ho Chi Minh, in North and South Vietnam, has since accomplished the assassination of at least 30,000 civilians and the abduction of some 60,000 who have not been heard from since.

AND IT IS THIS MAN whom you have heard posthumously described by some Americans as "witty Uncle Ho," "lover of children," "gentle philosopher" and even "another George Washington."

Harrison Salisbury in the New York Times wrote, "In the whole of Vietnam in 1969 Ho would have won any popular referendum honestly and fairly."

## THE FARMER'S WIFE

## Put Into Use

By LIBBY MUGGETT

FOR YEARS I have heard about those religious retreat grounds of different denominations up in the mountains of our neighboring state of New Mexico.

It seemed that everybody had been there but me, so when I got the chance to drive by there, I did so.

ACRES AND ACRES of beautifully manicured grounds were deserted and building after beautiful building stood empty. The season, whatever that is, was over.

However, I was undaunted, an hour late and a dollar short being the story of my life. I decided to bop around the place anyway.

I was enjoying all of that beauty in such magnificent scenery when suddenly sirens blared. Two state patrol cars rushed by with red lights flashing and drove down one of the roads by a lake.

THERE ON A NARROW bridge were two cars that had collided head-on, both loaded with people, some of them screaming. I knew they were screaming because I could hear them once the patrol cars turned their sirens off.

Both patrol cars still had their flashing red lights on even after they screeched to a halt and finally turned off those murderous, ear-splitting sirens. Eight patrolmen got out, four from each car.

I FELT THAT surely the situation would be taken care of expertly.

Four patrolmen ambled over to the bridge railing, sat themselves down, lazily lit cigarettes, and looked bored with the whole thing.

I gulped, but noticed that the other four immediately got into motion, running here, scampering there, getting out stretchers, etc. etc.

I DECIDED that maybe they were all operating on the old theory that too many cooks spoil the broth, or something like that.

Well anyway, two of the active four started prying open the door of one of the cars while the other two were talking on the radio and getting blankets and making themselves useful in general.

IT CROSSED my mind that if the lazy four sitting on the bridge

railing were like our Texas patrolmen, they'd be working on the other car, from which screams were still emitting.

I have infinite faith in all state patrolmen, so decided to mind my own business, but got a little closer to the tragic scene because it looked like my directions might be needed after all.

THE CAR DOOR that the two patrolmen were working on finally came open and then all four of the busy ones got out one body. Gently, ever so gently, they placed it on a stretcher, covered it with blankets, and started toward one of the patrol cars.

Then one of the patrolmen sitting on the bridge railing stood up, crushed out his cigarette with his boot heel, stopped the four busy patrolmen by motioning them to lay the stretcher down on the pavement, which they did.

HE PROCEEDED to talk in a loud, angry voice to them, gesturing this way and that.

Another patrolman got up off of his, uh, the bridge railing, walked over to the little group, stood with arms akimbo, nodding his head ever so often and occasionally grunting something in a monosyllable.

MEANWHILE, the screaming went on.

Soon an ambulance arrived. Nobody moved. The four previously busy patrolmen just stood there over that stretcher listening to The Talker and The Grunter.

The other two still sat on the bridge railing.

IT WAS MORE than I could stand, so I started towards them. I have no earthly idea what I was going to say, but fortunately I was stopped before I got my big fat mouth open.

"Ma'm, you'll have to take another road out of here, please. We're in the middle of a rookie training program. Please?"

MY MOUTH flew open. The bodies were dummies. The screaming came from a recording. I left.

OH WELL. It's nice to know that all of those gorgeous surroundings are put to some good use during the long off-season, whatever that is.

### 1970 Caprice.

A lot of cars cost more. But few if any are really that much more car. Which explains why more and more of the smart money is coming to Caprice. Look what you get: A big substantial 18-foot-long prestige car with a new 350-cubic-inch V8 engine, power disc brakes, Astro Ventilation, wheel covers, deep twist carpeting, posh appointments. A remarkably roomy car, with a ride so smooth and

silent you'll feel like Mr. Big himself. Tell you what, though. If you absolutely insist on a more expensive car, we won't stand in your way. Go ahead and order air conditioning. Order stereo. Order tinted glass, power windows, 6-way power seat, our new Headlight Delay system. Your Chevrolet dealer will happily help. See him real soon. Putting you first, keeps us first.

## Littlefield High Welcomes New Students Friendliness Praised

**ESMERALDA FRANCO**—Esmeralda Franco, 15, recently from Sinton High School, moved to Littlefield the first of this year. A sophomore with brown eyes and black hair, she is sewing and watching television as her favorite hobbies. Her favorite subject is homemaking. Her opinion of LHS is "real neat!" She likes the grading system but admits she's homesick. She expressed that the students have been nice and everyone is treated as an equal. Nobody cares what race you're from. Esmeralda's favorite record is "The Box Top's 'This Magic Moment'." She likes mystery, adventure and romance stories. Her favorite television programs are Julia, Hawaii Five-O, and The Newlywed Game.

**REBECCA GOMEZ**—Rebecca Gomez, who is a sophomore, previously attended school at Farmington, N. M., and Plainview before returning to Littlefield. She enjoys the friendly atmosphere of the whole student body and likes the grading system of Littlefield High School. Rebecca lists typing as her favorite subject. She enjoys sewing in her spare time and craves hamburgers and hot dogs.

**DIONICIA RODRIGUEZ**—Dionicia Rodriguez, a senior, recently moved from Springlake-Earth High School and was impressed mostly by the wide range of subjects and electives offered at LHS. She enjoys the warm friendly atmosphere throughout the whole student body. She commented, "I came here only four weeks ago, a complete stranger to everything and everybody. Now I feel as though I have lived here all my life." Reading and skating are her hobbies and tacos and enchiladas are her favorite foods. Her favorite subjects are chemistry and typing because they both offer her a challenge every day.

After graduation, Dionicia plans to attend either a business college or a junior college.

**CINDY PARKER**—If you have seen a blue-eyed, brown-haired girl, you probably have seen Cindy Parker. Cindy moved here from Dell City and has a very high opinion of LHS. She is especially pleased with the band and the school spirit. She particularly approves of football, Mexican food, and Typing I.

**MELONI BRANTLEY**—"Welcome back, Meloni!" Yes, Meloni Brantley, that brown-haired, brown-eyed girl, has come back to LHS. She moved to Levelland last year. Meloni said that the greatest thing about being back in Littlefield is being around all her old friends. She is really sold on art, homemaking, and football games.

Blue, pink, red, and yellow are her colors, with pizza, fried clam, barbecued pork chops and okra her favorite foods. Her favorite subject is art. She has antiqued her bedroom furniture and redecorated the rest of her room.

**LEE GOSS**—Lee Goss, 15, a former student at Estacado High, has become a part of the Littlefield High School student body. This hazel-eyed, brown-haired boy ranks sports as his number one hobby, with girl chasing a close second. Since Lee moved

here, he states that maroon is his favorite color.

When asked his opinion of the school spirit, he said, "I think the school spirit is pretty good, but it could be a lot better. Last year, I had the privilege of attending Estacado. They had the ultimate school spirit. The football team is going to play by the amount of school spirit. That is why they won state. They don't have anymore ability than our team. In fact, I would say not as much. If we are ever going to get anywhere in life, we must always try to be first in everything. You must always be willing to sacrifice, excel, and you must have the will to win."

Other than his favorite subjects, general business and athletics, Lee spends his time in Future Farmers of America and playing the trombone in the Wildcat Band.

**GLENN AMMERMON**—A green-eyed, blonde-haired student, Glenn Ammermon, from Wilcox, Ariz., has begun a new school year at LHS this term. Glenn states that he likes the students, teachers and most of all, the school itself. His favorite color is green, favorite sport tennis, favorite food seafood, and his favorite subject is chemistry.

Glenn's hobbies range from outdoor sports, such as tennis, to contemporary music. He also enjoys riding motorcycles.

READY OR NOT, here we come! Coach Goubeaud leads the Fighting Wildcats onto the playing field.

## Newest Class At LHS Really "Cool"

"Practice that backhand!" "Very well done, Junnie." "Good serve, Randy." comments Mrs. Marti Toulmin, tennis and Girls' Athletics instructor, as she watches her tennis class practice various techniques. Tennis is a sport that has been growing in popularity ever since Major Walter Clifton Wingfield invented it in 1873. It has been changed and improved in many ways since then, such as covering the ball with flannel, a detail which "made" the game. Many people have enjoyed tennis through the years as recreation and as a profession. Now some of the students in Littlefield High School are getting into the swing in their tennis class.

It is the newest course offered in LHS and the students really enjoy it. It is worth one-fourth credit toward graduation if a student is not

already receiving credit for physical education.

In Randy Parkman's own words, "It's cool, I like it!" Randy is a senior and one of the eight members of the class. The others include Junnie Gray, senior; Emery Waters, senior; Kim Bridwell, senior; Mary Davidson, sophomore; Evah Tucker, senior; Glen Ammermon, junior; and Mark Jordan, senior.

There may not be any "William T. Tildens" turned out by the class, but all of the tennis bunch at LHS agree that Mrs. Toulmin's instructions and the hour of practice every day have improved their game. "In bad weather," says Junnie, "we stay in the gym and bat the balls against the walls, but when the weather is okay, we go to the tennis courts at Crescent Park for practice."

Besides playing the vigorous games between members of the class, they will be seeing instruction films on backhand, forehand, smash, and serving techniques during the year.

Students on the LHS Tennis Team are not required to take tennis as a course, but it enables them to better their game. Any students who are not in the tennis class, but who would like to be on the team to play in tournaments should contact Mrs. Toulmin.

The round robin tournaments will start Feb. 14. This is not district play, but will be with schools in our area. A busy schedule has been slated for the 3AAA District Tennis Teams. Ours is as follows:

- Saturday, Feb. 14, 9:00 a.m., Littlefield vs. Snyder at Littlefield.
- Saturday, Feb. 21, 9:00 a.m., Sweetwater vs. Littlefield at Littlefield.
- Saturday, March 7, 9:00 a.m., Colorado City vs. Littlefield at Snyder.
- Tuesday, March 10, 4:00 p.m., Estacado vs. Littlefield at Littlefield.
- Tuesday, March 17, at 4:00 p.m., Dunbar vs. Littlefield at Dunbar.
- Tuesday, March 24, 4:00 p.m., Littlefield vs. Slaton at Littlefield.
- Thursday, March 26, 4:00 p.m., Littlefield vs. Brownfield at Brownfield.

## Coach Goubeaud LHS 'Free Soul'

A 6' 1", 245-pound native of Dunstable, Mass., are the basic phrases which describe the new teacher and coach, John Goubeaud.

Coach Goubeaud received his elementary education in a four-room schoolhouse with two grades per room. He then went to Keith Academy in Lowell, Mass., where he excelled in football and was named all conference and most valuable player. Oklahoma State was the next stop on his list, where he played for one year before transferring to Northeastern Oklahoma. The rest of his college career took place here.

He majored in physical education and minored in sociology. Being named to the all-conference team, he enjoyed football. After receiving his degree, he returned home and played semi-pro football for one year, but soon quit to start his coaching career.

He coached for two years at Sulphur Springs, and is now in his third year of coaching.

Coach Goubeaud is what the younger generation might call a "free soul." He likes to travel, be independent, and enjoys his freedom. Last summer he traveled extensively in the northwest, and has been in 35 of our 50 states.

As a coach at LHS, Coach Goubeaud enjoys his work and finds the students likable, and full of spirit.

His favorite day of the week is Friday because it is the last day of school, and there is a football game that night. He likes to eat Mexican food or a thick steak while watching John Wayne in a western or listening to a little country-western music. Being loyal to LHS, he states that his favorite colors are maroon and white. He says that his favorite chewing tobacco is Red Man.

## \*\*\*THE WAY IT IS

By NINA MANLEY

John Davidson Rockefeller, Jr. said that "...every right implies a responsibility; every opportunity, an obligation, and every possession, a duty."

We, as students at Littlefield High School, have a right and a grand opportunity in attending our school, but do we always willingly take the responsibility that goes along with that right? We have a responsibility to work for our school and to stand behind it with firm support. Too many times it is possible to hear students running down their own school just because they do not want to bear the load of responsibility. This is a bad thing because outsiders—townspeople, or students from other schools—cannot possibly think much of a school whose own students refuse to, or do not care enough to speak up and out for it. We need to show our enthusiasm for anything that our school undertakes, not only by words, but by our actions. When people see all the spirit of LHSer's, they will know that Littlefield High School is truly a great place.

LHS presents a wonderful opportunity to broaden our knowledge and we can fulfill our obligations to the school by showing true zeal at pep rallies, loyalty to our teams at various sports events, respect of school rules and authorities and studying to gain the knowledge we will surely need when we leave high school. After we have secured this knowledge, we have a definite duty to use wisdom with this knowledge for the betterment of ourselves as individuals, and of society as a whole whenever we can.

## More Books For Library

The LHS Library has received a total of 137 books. 112 are non-fiction and the other 25 are fiction and short stories. Broken down into specific groups, there are 18 fiction, seven short stories, 38 history books, 14 biographies, 22 books of poetry and literature, two social science, and two pure science. The library has also received many reference books. Mrs. Flora Burks, librarian, is especially proud of the "Annals of America." The 18 text volume set contains more than 2,000 different selections arranged in chronological order from 1493 to 1968. Selections from fiction include "When The Bell Tolls," "Magnificent Obsession," "The Grapes of Wrath," "Doctor Zhivago," "Airport," "Queen's Confession," and many others. The biographies are of famous people like Stephen Crane, Chang Kai-Shek, Amelia Earhart, and General Douglas MacArthur. Mrs. Burk has received a few books of poetry by Lamson Hughes, and Stephen Crane. Most of the books of poetry contain several poems by various poets. The history section contains "The Birth of Texas," "Wild and Woolly West," "Pioneering On The Plains," "The Korean War," and "The Elizabethan World."

## LHS Boosters Promote Spirit

Spirit in LHS just is not complete without the support of two very important people, the mascot and the bell ringer. These people are selected on the basis of their speech entitled, "Why I Want to Be Mascot or Bell Ringer." They present to the Student Council their reasons for wanting to be elected and why they think they would be qualified to uphold these responsibilities.

This year's mascot is Marsha Starnes. Marsha is classified as a sophomore. This 15-year-old girl considers being a mascot much fun. She enjoys helping the cheerleaders and feels that this is her way of showing her loyalty to the Wildcats.

Marsha's favorite colors are yellow and pink. World history ranks first on her list of favorite subjects.

Along with her mascot responsibilities, Marsha remains busy, participating in band, Future Teachers of America, and the Kat Klub. Outside of her school activities, she

prefers water skiing and cooking.

A blue-eyed, brown-haired, senior was elected the 1969-70 bell ringer. Seventeen-year-old Terry Walker is in charge of LHS's Victory Bell. The bell ringer is depended upon to keep the bell in good shape and make sure it is at every ballgame. Terry chose this way to work for our Wildcats. She feels that helping to build Wildcat spirit is one of the very best ways to work for our team. The spirit of the football team impresses Terry, but she feels that the student body's spirit and enthusiasm could stand improvement.

Tennis, playing the guitar, and collecting paper cups are Terry's favorite pastimes. She enjoys her English class the most and favors the colors blue and yellow. Terry contributes many hours to LHS's clubs and organizations. She serves as historian for FTA; secretary-treasurer for the choir, and news editor for the Kat Klub staff. She is also a member of the Wildcat Band and the Kat Klub.

NEWLY ELECTED bellringer, Terry Walker, and mascot, Marsha Starnes, do much to support spirit.

## IAC Enters Projects

Plans for the coming year were discussed by members of the Industrial Arts Club.

Steve Dinges, president, called the meeting to order at 7:00 p.m. Wednesday, Sept. 23, in the industrial arts shop. Members of the club started an assembly line to make bowls for projects. Approximately 10 bowls were made of wood. More bowls will be made and sold sometime next month.

IAC also has two members who entered projects in the Panhandle-South Plains Fair. They are Steve Dinges and Monte Trotter. Dinges won fourth place for his architectural drafting and third place for wood turning while Trotter won second place for his smoking stand.

## Time Out For Sports

This Friday night, the Littlefield Wildcats travel to Tulia to seek a second win against the Tulia Hornets. The game is scheduled for 7:30 p.m. in the Hornet stadium.

Last Friday night the Wildcats took Lake View for their first win of the season, with a score of 34-20.

The first score of the game came when Charlie Holt crossed the goal line during the first 54 seconds of the game. Holt scored again during the second quarter going around the right-end for a 10-yard TD. Both extra points were gained by Alan Newton.

The third touchdown was set up with a pass from Holt to Steve Owens, which moved the ball to the two yard line. Eddie Hickman went over the goal line making the score 20-7.

The Cats did not score again until the third quarter when Ralph Funk took a pitch and moved down the sideline for a 69-yard TD. This made the score 26-7. Newton booted the extra points putting the Wildcat score at 27.

The final touchdown was set up with a pass from Holt to Hickman. The ball was moved to the 18-yard line. The Cats then moved the ball to the six-yard line with a pass interference in the end zone. This gave the Wildcats a first down. Holt went over the goal line and Newton kicked the extra point running the score up to 34-7.

The Littlefield Junior Varsity will battle the Plainview Bulldogs here at 6:30 p.m. Thursday night.

The Littlefield Junior Varsity dropped its second game to Levelland JV with an ending score of 28-8. Lee Roy Danford got Littlefield's only TD with a 10-yard run. He also ran the extra points, making the final score eight for the Wildcats.

PEP RALLY shows true LHS spirit as students bring in the fighting Wildcats to the tune of "Victory."

## LHS Speaks Out

LHS SPEAKS OUT could be done to improve over-all spirit of LHS. PEGGY RICHEY thinks the LHS spirit is better this year, but it can be better if more people cooperate with cheerleaders. School spirit is only as good as each of us will let it be.

PAM STAFFORD thinks we need a pep squad with uniforms and organization. We need something besides the football boys' spirit. Spread it around! STEVE OWENS hardly sees how the spirit has improved. It is really this year as it has been past few years.

BECKY BROAD (Jr.)—"Most people just think the football games are their girlfriends or boyfriends. If more people went to the game and boost the spirit, there would be improvement. If more knew what was going on there on the football team, there would be enthusiasm. Also, if the spirit signs in the stands, the boys could see them, the game, it would be improvement."

## FTA To Have Fun Year

The 1969-70 FTA Teachers of America first informally on Aug. 27. A time a watermelon supper held for the purpose of recruiting members. The official meeting was approximately 30 members attended, was held in room seven. At that time the topic "What is FTA?" discussed. Refreshments served.

Officers for this year are: Christian, president; Bingham, vice-president; Carolyn Lumley, secretary-treasurer; Don Bowen, photographer; Walker, historian; and Samaniego, reporter.

## C-City Offers Friendship

Friday, Sept. 19, a mid-field ceremony, cheerleaders of Littlefield School were presented with a plaque on behalf of Colorado City students. The plaque was given in expression of sportsmanship and spirit.

Accepting the plaque was varsity cheerleader Perkins. It is in the shape of a football, and reads "Colorado City High School Exp. Our Welcome To Littlefield WOLVES vs. WILDCATS 1969."

The plaque was presented to the LHS student body assembly Wednesday, Sept. 10, by Mark Jordan, president of the Student Council.

Pohlmán, et ux, to Gerald C. Pohlmán, dated September 16, 1943, and filed May 12, 1955, and recorded in Vol. 168, Page 233 of the deed records of Lamb County, Texas; to which said deeds and the records thereof, reference is hereby made for all purposes; and to all persons claiming any title or interest in land under said deeds; and to all of the unknown owners or claimants or property under said deeds; and if any of the above named defendants may be corporate defendants or otherwise, together with the unknown successors, heirs and assigns, of such corporate officers, trustees, receivers and stockholders, the residence of all of said parties being unknown to the plaintiff; also the unknown owners and claimants of any interest in and to the hereinafter described property; all of the above named parties, being designated as defendants, in the suit filed by The Fourth National Bank and Trust Company, Wichita, Kansas, as plaintiff.

27th day of October, 1969, then and there to answer plaintiff's original petition, filed in said court on the 8th day of July, 1969, in this cause numbered 6641, on the docket of said court, and styled The Fourth National Bank and Trust Company, Wichita, Kansas vs. Wm. H. Kramer, Et Al, in which suit, all of the persons hereinabove mentioned as defendants, are the defendants, and the said The Fourth National Bank and Trust Company, Wichita, Kansas is the plaintiff in said suit.

A brief statement of the nature of this suit is as follows, to-wit:

For cause of action, plaintiff represents to the court, that on or about the 1st day of January, 1969, the plaintiff was and still is the owner in fee simple of the following described land and premises, situated in Lamb County, Texas, to-wit:

The South One-Half (5/2) of Section or Survey Number Twenty-Eight (28) in Edward K. Warren Subdivision Number One (1), Block W, Lamb County, Texas, containing 320 acres of land.

That on said date, defendants unlawfully entered upon and dispossessed plaintiff of such premises, and withheld from it possession thereof, to which possession it was and is legally entitled. Plaintiff further pleads the five (5), ten (10) and twenty-five (25) year statutes of limitation.

The officer executing this process, shall promptly execute the same according to the law, and make due return as the law directs.

Issued and given under my hand and seal of office, at office in Littlefield, Texas, this 9th day of September, 1969.

### 7th Marooners Win, Whites Lose

The Littlefield 7th grade took on the gridiron last Monday night to scrimmage the Levelland 7th grade. The Maroon team charge, led by Tommy Wilson and Buddy Jungman, overcame the Levelland squad by a score of 18-12. Littlefield's Rodney Logsdon and Tommy Wilson led the defensive attack that held the Levelland 7th grade to only 12 points. The second scrimmage of the night was Littlefield's 7th grade White team against

another Levelland 7th grade team. The Whites finally gave way to Levelland by a score of 24 to 0. Mark Thornton led the attack for the charging Whites, while Ricky Parker and the rest of the defensive team stubbornly held the 7th grade Lobos.

### 8th Graders Fall

The Littlefield 8th Grade "A" team finally toppled to the Olton Mustangs 8th grade, 6-0, here Tuesday night.

Kenny Owens, Floyd Smith, and Danny Cushion led the Littlefield defensive team. Lynn Richey, Terry Bryson, and Kenny Owens led the offensive team for Littlefield, but were unable to penetrate the Olton end zone. The Littlefield 8th grade "B" team lost to the Olton 7th grade, 32-0, Tuesday. The Mustangs penetrated the Wildkittens defensive line several times, but in doing so they met outstanding defensive work from Littlefield's Kelly Pratt and Craig Ratliff. Kevin Kirby and Kelly Pratt led the Littlefield offense.

ED HICKMAN HAD one of his best running nights against Lakeview, gaining 72 yards on 12 carries. Here it took four Chiefs to get him down.

## Area Teams After Grid Victories

The grid season is entering its fourth week and area teams are fiery eyed and victory thirsty. Five of the teams were upset last Friday night, with only Littlefield and Olton coming out on the top end. Littlefield, Springlake-Earth, and Olton will travel this Friday night, while Amherst, Sudan, Bula, and Whitharral will play host.

Wolverines a good scrap for high score this Friday night.

The Olton Mustangs, who proved to be much stronger than the Muleshoe Mules last Friday night, will prance to Abernathy and hope to put depth in their record with another win. Olton lost to Levelland, then held Canyon to a scoreless tie before downing Muleshoe. Sudan's Hornets, after winning their first two games, fell to the Morton Indians last Friday night, but have re-sharpened their stingers and hope to upset Seagraves, the fourth-rated team in the state. The Hornets upset this mighty team last year and still have blood in their eyes and will be all out to do it again this year.

Anton will enjoy an open date. Littlefield, after dropping its first two games of the season and enjoying a victory over the strong Lakeview Chiefs, will travel to Tulia with hopes of making their record 2 and 2. Springlake-Earth will journey to Amherst to try to get back on the winning side after suffering a defeat last Friday night to Dimmitt. Amherst had an open date last Friday night and has healed most of its wounds received in a losing battle with Sudan the week before. The Bulldogs will be anxious to give the

Whitharral will be host to Sterling City this Friday, hoping to get back in the winning circle after losing to Wellman last week.

## Wildcats Travel To Tulia Friday

Littlefield's Wildcats, sitting on top of the world following their first victory of the year last Friday night, were warned by Coach Deverelle Lewis this week not to take Tulia lightly. The Hornets had a celebration of their own last weekend when they upset Dalhart, a powerful Class AA club, 18-16, on Dalhart's home grounds. Tulia is a rapidly improving ball club with good potential," Lewis said of the Hornets, who won their first game since 1967 in the clash with Dalhart.

along," said Chief Scout Jim Jefferies. "We'll have our hands full."

Jefferies said the Hornets opened up the offense at Dalhart, splitting ends on both sides.

"They have eight seniors on offense, and eight on defense, so they're seasoned. They're also good, tough hitters. We've told the boys they can expect to get hit harder by Tulia than in any previous game this year," said Jefferies.

Jerry Dickens, a 175-pound fullback, is Tulia's top ball carrier.

"He's a fine athlete...a tough runner," said Lewis.

The Wildcats will go into the game with no serious injuries, although QB Charlie Holt is nursing a sore shoulder. Lewis said he expected Holt would be ready to go for the Tulia clash.

## Studying? ? ?

Mary Shortwell

FOURTH WEEK of school is almost at a close and we approach that terrifically busy week of Review and six weeks tests—The end of all time is here. GOOD LUCK!

It has been said that education is a slow process which goes forward by halting steps and making progress. There seems to be no easy way of getting an education, and neither money nor influence can help overcome the problems of study. Our generation has become very aware of the fact that you can't go out and buy everything you want or obtain it by the influence of those in a position of authority, which possesses most of the money of the world, and can buy anything that it wants. I learned this lesson with the space program. No matter how much money you are willing to spend, you can't put a man in orbit around the earth and back. Knowledge and education come slowly and you have to wait for them all the time—SO, BUCKLE UP!

FOR THE LAKEVIEW game Ben Farmer sent his girl a mum with this note: "With all my love, and most of my allowance."

MR. SMITH: "Can you give me an example of wasted energy?"

BARBARA McBRIDE: "Yes sir, telling a hair raising story to a baldheaded man!"

SHELLY G.: "If I refuse to marry you, will you really commit suicide?"

JAY T.: "That's what I usually do in these cases."

TERRY B.: "You know I love you. Why, I'd die for you!"

BETH W.: "That's what you say all the time, but you've never done it once."

ALAN M.: "Girls don't interest me. I prefer the companionship of the guys in my class."  
DOUG A.: "Yeah.....I'm broke too."

TWO TURTLES decided to stop in for a soda. After they entered the drug store, it began to rain. The big turtle said to the little turtle, "Go home and get the umbrella."

"I will," agreed the little turtle, "if you promise not to drink my soda."

Two years later the big turtle thought, "I guess he is never coming back. I may as well drink his soda."

As he reached for the other glass, a voice called from outside the door, "If you touch that soda, I won't go home and get the umbrella."

THE HUMAN brain is wonderful. It starts right in working the moment you wake up in the morning, and doesn't stop until you are called on in class.

TERRY C.: "I think I'm getting insomnia."

PIKIE W.: "Why?"

TERRY C.: "I woke up twice in science class today."

HEARD ABOUT the student who was kicked out of school for cheating because he was found counting his ribs in a biology exam?

THE GREEKS likes this joke about the absent-minded professor:

There were twin brothers. One of them died. Some time later, a professor met the survivor and said to him, "Let me see, was it you who died or was it your brother?"

SIGN OVER the school drinking fountain: "Old Faceful."

OVERHEARD in the school cafeteria: "Coach Allen's science test was marked so strictly that he took off points for having periods upside down!"

WE LEAVE YOU with this thought: "True friendship is like sound health, the value of it is seldom known until it is lost."

HAVE A good week and.....  
BEAT LEVELLAND!!!

ONE LAST WORD: Mr. Brawley says, "Happiness is—QUIET HALLS."

### Dinner Honors

#### Mrs. Hogue

SPRINGLAKE—Mrs. Mary L. Hogue was honored Sunday with a birthday dinner in the home of her son and his wife, Mr. and Mrs. Clyde Hogue of Bula.

The white cake was decorated with pink roses, pale green leaves and the words "Happy 84th Birthday" in pale green lettering.

Also present at the dinner were the honoree's daughter and family, Mr. and Mrs. Deaver Offield, Bonnie and Robert of Olton.

Mrs. Hogue received birthday greetings by telephone from her son, Joe Hogue of Pasadena, and her daughter, Mrs. Mack Bray of Lubbock.

Mrs. Hogue, who moved from the San Antonio area to Lamb County in 1941, has 10 grandchildren and 11 great-grandchildren.

WHITHARRAL LIONS named Kathy Lynn Williams club sweetheart and Marla Sadler club queen at a pageant recently. Robert Avery was master of ceremonies and Rita Avery was named first runner-up for sweetheart. Miss Williams is the daughter of Mr. and Mrs. John Williams and Miss Sadler's parents are Mr. and Mrs. Ervin Sadler. All three of the girls are junior students at Whitharral.

#### MORE JUICY FRUIT

Lemons, oranges, and other citrus fruits will yield a third more juice if immersed in hot water for a minute or two.

## BULA

MRS. JOHN BLACKMAN  
933-2328

THE BULA SCHOOL Annual Homecoming Event will be held Saturday, Oct. 4. Preceding the homecoming festivities, a bonfire will be set at 8 p.m. Friday on the school ground. Saturday's activities will start at 4 p.m. with registration followed by a business meeting and program. The pep rally will begin at 5 p.m. with a supper planned for 5:30 in the school lunchroom. At 8 p.m. the Bula Bulldogs will meet Klondike. After the game doughnuts and coffee will be served in the lunchroom. Harold Layton is the president of the ex-student association.

JOLENE COX, daughter of Mr. and Mrs. D. J. Cox, was elected citizen of the week for this week by the classroom teachers. Each week a student is elected to be citizen of the week.

SATURDAY, Nov. 1, has been set for the annual fall festival for the Bula school. Each classroom will have a booth. Musical entertainment will be furnished.

THE BULA BULLDOGS fell to Dawson Friday night at Dawson 37-20.

MRS. DORIS TRUETT and children Gayla, Perry and Rusty of Bledsoe visited Sunday afternoon with her parents, Mr. and Mrs. E. G. Stroud.

MR. AND MRS. Marion J. McDaniel and boys David, Dwight and Craig, drove to the home of their parents in Comanche County after the game with Dawson Friday night. They visited over the weekend with his father, A. L. McDaniel, and her parents, Mr. and Mrs. J. L. Franklin. David is home on a 30-day leave from active duty in Vietnam and is to report Oct. 12 to Fort Lewis in Seattle, Wash., for his return to Vietnam for a year of active duty.

MR. AND MRS. C. C. Testerman drove to Lake Buchanan Tuesday and fished until Friday. Friday they drove to Stonewall, Johnson County and by Johnson Ranch doing some sight seeing. They spent the night with Mr. and Mrs. Frank Rays at Kerrville. On their return home, they spent some time Saturday at Big Spring with Mr. and Mrs. Jess Witche.

MR. AND MRS. George Bahlman drove to Winters and helped his father, C. F. Bahlman, observe his 82nd birthday. Bahlman who has been in failing health for some time, is confined most of the time to his bed and a wheel chair.

MR. AND MRS. W. T. Thomas had her brother and his wife, Mr. and Mrs. M. J. Woodard of Fort Worth, visiting them Friday to Sunday. Others for dinner Sunday were Mrs. Thomas' nephew, Mr. and Mrs. Clyde Woodard and children of Hub and Mr. and Mrs. Leon Kessler and children Gary, David, Daron and Lorie of Morton.

SUNDAY NIGHT, Mr. and Mrs. W. T. Thomas and their company drove to Littlefield to hear a nephew of Mrs. Thomas, Ivan Woodard of Ralls, preach at the 9th Street Church of Christ. Woodard has been attending the Sunset School of preaching in Lubbock.

CALENDAR OF THE WEEK  
Thursday, 2:30 p.m.—Pep Rally—L.J.H.  
Friday, 6:30 p.m.—Freshman Football (At Levelland).

THE LATEST NEWS around the band hall going to Mr. Sorelle is that all-region music and 40 have entered, so let's get with it.

...THOUGHT IT might be interesting to some seventh and eighth graders and get opinions on L.J.H.

...WOOD: "Well, first Junior High is than grade school. The first week was a race, but it got better. I like changing and having more than one teacher."

...TOMMY BATSON: "I think Junior High is pretty nice. I like changing classes and about everybody is in at least one of your classes. I also like pep rallies. I think football is something about it, though, because it's fun. I like to play it. I like all the teachers and Brawley too."

...TODDY WATTENBARGER: "I enjoy being in eighth grade in Junior High because I enjoy being in Mr. Brawley's office, going on the bell, being in the Junior High Band and more advantages."

...MAY BROWN: "I have different opinions in eighth grade. I enjoy participating in band, and Student Council. I really like the educational part of school. The teachers are okay. I guess I am looking forward to improvement in school spirit, but I feel it is uprise."

...HAVE ALL BEEN missing Annette since she has been gone so long, due to Mrs. Annette we'll be looking forward to seeing you, real soon, too!

...THE FRESHMEN lost a hard fought battle with the Levelland freshmen here last Friday night with a final score of 8-6. The leading players were Jesse Davila, Donald Arturo Sorio, Donald Washington and (Donuts!!!) Dayton. That's okay, boys. We'll be very proud of you.

...SEVENTH GRADE football teams had their first game this past Monday with Levelland. We are very proud of our newly formed seventh grade teams.

...FOOTBALL MEANS more to a school than organizing and training of a squad of players. It is something which seems to unite the whole school and create what is called school spirit. Therein is the chief value of football.

**Jones-Blair Paint Sale  
At Higginbotham**

"America the Beautiful" is on sale now in gallon cans at Higginbotham-Bartlett Company.

The Jones-Blair "America the Beautiful" paint sale is in full swing at the Littlefield, Earth, Olton, Sudan and Amherst lumber companies where you'll get a country store welcome.

"Help beautify America and save on Jones-Blair paints and stain, the beauty is...the beauty lasts."

Satin-X, that regularly sells for \$5.25, is now sale-priced at \$4.99. With Satin-X there is guaranteed one-coat coverage with no painty odor.

Polyflex is a top quality latex paint that covers wood, brick and masonry. Regularly selling for \$7.25, it sells for \$5.59 during the J-B paint sale.

Sundial, a premium quality exterior finish with sunfast colors, regularly sells for \$7.45, but is \$6.19 a gallon now.

These prices are good now through Oct. 11 when the sale ends.

Higginbotham Bartlett Company policy has always been to accommodate the people and look for a way to benefit the community. "And our company still operates like the old country store."

Clement said, "Success of the company is due to this policy."

The first Higginbotham-Bartlett in Littlefield in 1923 was located just across the street from the present location. Some of the carpenters and hired hands lived in these buildings for a while.

Over the years there have been four or five line lumber yards in Littlefield, but they are all gone except Higginbotham. "Higginbotham came here to stay," Clement said.

At Higginbotham you'll find everything you need for those clean-up, paint-up, fix-up jobs. There is a complete line of small tools and all types of painting supplies at Higginbothams including step ladders, brushes and drop cloths.

Higginbotham carries a large selection of floor coverings or can order any type of flooring. They also stock a good selection of 12 ft. linoleum.

A complete stock of building supplies is here, too, and various contractors work out of the office and can do anything from contracting a turn-key job on a new house to re-roofing your present home, adding a car port, garage, patio, or extensive remodeling.

**THE PENNEY STORY**

**Bring your confidence to Penney's**

By ROBERTA NASH

"We strive constantly to see that a customer does better *day in and day out* by buying Penney merchandise," said one of our vice presidents. "And that doesn't just mean better prices, it all has to start with better merchandise."

Later, I asked a man in Penney's huge New York Testing Center how we are *sure* what's best. "Often we're *not* sure," he said, "so we have to find out. That's what all these people and machines are for."

I looked around at the tests in progress and I felt very confident of Penney quality. You would have, too.
