

# Two More Suits Filed In Train-Bus Accident

Two suits were filed in district court last week in connection with the school bus-train accident which killed 23 Littlefield school students and injured 14. The two suits filed by Jose Frausto and Cubos Chavez seek a total of \$2,107,800.

total to almost \$2 1/2 million dollars sought by the families of the accident victims.

Jose Frausto asks for judgement in the amount of \$425,800 for the death of his 16-year-old son Davis Frausto who was killed, and on behalf of Johnny Frausto whose 7-year-old daughter

Diana Sue Frausto was killed and a 6-year-old daughter Deborah Lynn Frausto who suffered serious, permanent and disabling personal injuries.

Plaintiff Jose Frausto asks for \$50,000 for loss of services, contributions and earnings of his deceased son. In addition, he asks for \$1,400 for burial ex-

penses and for a headstone for the boy's grave.

Johnny Frausto asks for a similar amount for the loss of Diana and \$350,000 for physical and mental pain for Deborah.

Jose Frausto's petition sues on behalf of his deceased wife who has died since

the bus-train accident. The petition would show that in regard to his late wife, Trseas Frausto, that she grieved over her son's death to the point that she died since the time of the accident.

In 17 typed legal-length pages, the petition of the two Fraustos names three defendants, the Santa Fe Railroad, the

Littlefield Independent school district and Artis Ray Johnson, driver of the bus. The petition cites 12 charges against the railroad and six against Johnson.

Cubos Chavez filed a petition for \$35,000 on behalf of his daughter Diana Cordova who received serious, disabling and permanent injuries in the Feb. 6 accident. This suit names two defendants, the Santa Fe Railroad and the bus driver Artis Ray Johnson.

Chavez petition seeks to show nine specific acts of negligence against the railroad and four acts and omissions against the driver of the bus.

Prior to the filing of these two suits on behalf of the last of the 23 killed and injured in the tragic accident, three other suits asking for almost \$2 million have been filed with District Pat Boone Jr. in 154th district court.

Three families filed the first suit seeking \$600,000. The Pablo Martinez family seeks \$191,413. They had one child killed and five injured. The Gilbert Diaz family seeks \$186,221 for four injured children. The Andres Medina family seeks \$194,322 for one child who was killed and two others who were injured.

In the second suit filed in district court, the Larry Ortiz family and Mr. and Mrs. Don Foley seek a total of \$1,300,000. Two Ortiz children were killed and one was injured. The Foley boy was injured.

In the first two suits, the railroad and the driver were named defendants and in both cases the railroad filed a third party suit against the Littlefield school system and the driver of the bus.

In May, Mr. and Mrs. George Davis filed a \$40,000 suit in the death of their 10-year-old daughter Julia Ann, and injuries to 11-year-old Jennifer Leigh and 7-year-old Clifford. That petition seeks court costs and other justly entitled relief from the railroad, the school and the driver.

Judge Boone has not set the cases for trial at this time.

## Elaine Turner Wins Football Contest

Elaine Turner is the winner of this week's football contest.

Miss Turner correctly predicted the outcome of 14 of 16 high school, college, and pro football games, and wins the first place check of \$5.

Stanley Patterson won second prize of \$3 by predicting 13 games, and missing the two tie-breaker games by only nine points. Mozelle Hutson placed third, missing the tie-breakers by 14 points. Others who picked 13 games were Mike Slate, Gayle Mills, Kennedy Veach and Randy Hutson.

The game most often missed was the Littlefield-Levelland contest. Only five people predicted that Levelland would win. The Texas Tech-Utah game was the easiest, as only one person missed it.

Leaders for the season so far are Miss Turner with 27, and Jay Lee, Arthur McLelland, Richard Rogers, Bonnie Stephens and Kennedy Veach with 24.

This week's football contest has an error in the second tie-breaker. The two teams listed are Green Bay and the Packers, which, of course, are the same teams. Please disregard this game. Winners will be judged this week only on the basis of the first tie-breaker.

- 27- Elaine Turner
- 24- Jay Lee, Arthur McLelland, Richard Rogers

## Whitharral Young Farmers Honored

Two Whitharral Young Farmers received district honors at the Area I Young Farmers and Young Homemakers annual convention in Plainview last Saturday.

Marion Polk of Whitharral attended the day-long meeting. Marion Polk is manager of the Farmers Co-op Gins at Whitharral. Outstanding Associate Member award went to Loyd Hood of Whitharral. Hood farms several hundred acres in the Whitharral community and has a hog operation.

These 13 couples from Whitharral attended the day-long meeting: Messrs. and Mmes. Monty Rodgers, Coy Mills, Charlie Addington, Max Hyatt, Larry Ellis, Omar Tripp, Danny Grant, Ernest Kristinek, Bobby Grant, Loyd Hood, Marion Polk, Billy Thetford, and Loyd Sturckland. Joli Grant attended as the Young Homemakers Little Sister representative.

Mr. and Mrs. Monty Rodgers head the two Whitharral chapters with Rodgers president of the Young Farmers and Mrs. Rodgers president of the Young Homemakers.

## Juries Decide for Plaintiffs

Two suits were favored in cases heard by juries in Judge Boone's 154th district court here last week.

Juries found for Clarence Archie in his suit against Citizens Life Insurance Company for rescission of insurance policy. The jury were R. A. Brotherton, Clarence Neinst, John M. Cornett, J. Harms, Mildred LaDuke, Guy Kelley, Payton M. Harrell, Pickrell, Wilburn E. Andrew, Brygley, Dorothy N. Baldwin and Robinson. Robinson was foreman.

Jury were Willard Morris, Kenneth Maxine Walbrick, Robena M. Mary Beth Wiley, Mrs. Sid Max McLelland, Pete Templeton, E. Layman, Marvin L. Dane, L. Hukill and Bill McKinnon. Wiley was foreman.

## C-C Board Of Directors Schedules Annual Election

F. L. SMITH JR., left, Olton deputy sheriff, has been named chief deputy replacing Jerry Collins. Collins resigned, effective Friday, after almost 8 1/2 years of law enforcement duty. Wayne Cooper, center, has moved

back to Littlefield from Earth and is filling the vacancy left by Collins. Elmer Hall Jr. of Olton, right, has been named county deputy at Earth. (Staff Photos)

The nominating committee of the Chamber of Commerce Board of Directors has presented 10 names to the board for placement on the ballot for the election of new directors.

Five of the 10 will be elected to serve three-year terms on the board.

According to the constitution and by-laws of the Chamber of Commerce, "Additional nominations may be made by any 10 members in good standing, petitioning a name to be placed in nomination, and placed upon the ballot, providing that such petitioning be received no later than Nov. 10. Ballots will provide blank spaces for write-in candidates."

The election ballots will be mailed to the membership during November, and the election date will be determined during the Oct. 24 meeting, which will be a general membership meeting at noon in the Community Center, including joint meetings of Lions, Rotarians and "We, The Women".

Names presented for inclusion on the ballot were: Orville Bassett, manager of Shook Tire Co.; T. W. Bryson, manager of Littlefield Farmers Co-op; Joe Carlisle, partner in Carlisle-Oldham Ford; David Jones, farmer; Weldon Findley, owner Findley's Jewelry; Gene Pratt, owner Pratt's Jewelry; Carlton Tanner, owner Littlefield Super Market; Lynn Todd, owner Perry's Laundry; Tom Tollett, attorney; and Bert Wallace, owner Wallace Home Furnishings.

## Seeking Industry

Bill Payne, executive vice president of the Chamber of Commerce and Agriculture, and Bert Wallace, owner of Wallace Home Furnishings, are in Dallas today calling on two prospective industries for Littlefield.

They left at noon Tuesday and will make a report on their findings when they return.

## Eleven Arrested, Offenses Checked

County officers arrested six persons over the weekend, and city officials jailed five and investigated two thefts a breaking and entering and a case of vandalism.

At the county jail, Rusty Zumwalt of Slaton was arrested Saturday on a charge of check law violation. He was released on a \$1,000 bond.

Raulo Duran of Littlefield was jailed for revocation of probation.

R.L. Baker of Littlefield was charged with liquor law violation Monday night and bond was set at \$1,000.

County officers arrested two from Olton on disturbance charges and one for drunk. City police jailed one woman and three men on drunk in public charges and one on a warrant.

Juan Costaneda reported the theft of 22 tapes and a black tape case from his car parked in front of 310 S. Farwell some time Sunday night or early Monday morning.

A stack of chrome pipe was taken from David Thompson's shop parking lot sometime Sunday night.

Case Power & Equipment at 236 W. 2nd reported a breaking and entering and the loss of a radio and change from the Coke machine.

Weldon Findley reported someone entered and disturbed the contents of an unoccupied house at 1st and Marshall Howard.

# Wildcats Seek Second Win In Slaton

## BY ROGERS

Littlefield Wildcats, after losing Silvertown 62-0 in their first game of the year, faced a much stiffer test Friday against Levelland. Though the Lobo squad on even terms about the game, Levelland came out one too many surprises and outlasted the Cats 32-27.

Naturally, we were disappointed we didn't win," said Head coach Jerry Blakely, "but the fact is that they're a AAA team with the potential of being a very good football team. We were a little surprised when we found they had two good backs (Sam Hill and Mike Govan), because we were only looking for one (Mitchell). Those two, they had quite an attack.

The big reason we lost was that our defense was unable to contain their offense. They got behind our secondary and we just flat couldn't stop them. Secondly, our offense had some problems to score, but we made too many mistakes to make use of our offense. Add those reasons to the fact that we saw two of the finest running backs we ever hope to see, and it's no wonder why we lost.

However, we were real proud of kids who kept coming from behind to keep the score close," Blakely added. "This showed a lot of character on their part."

The Lobos in general were about what he expected. "Actually, we moved the ball on them better than we anticipated. We scored 27 points, which should have been enough to win. We just didn't anticipate their speed and our own inability to contain them.

"Possibly worse than our losing the game is that we're now very battered and bruised. We have three boys (Randy Cook, Chris Pope, and Skip Smith) who have ankle injuries, and are questionable for action.

"Speaking of Slaton, their record (0-2) is a little misleading. They've lost to two fine AAA teams (Brownfield and Kermit), and just like last year, we expect them to get going a little bit better when they start playing in AA.

"They've got one of the finest running backs in our part of the country in a kid named Greg Sokora. He's about 180 and goes about 185, and he has excellent speed. Their offense is built around him, sitting back there at tailback, and we can expect him to carry the ball many times. If we don't contain Sokora, it's going to be Levelland all over. He also leads their defense at middle linebacker, and he's just a truly outstanding young football player.

"Overall, they have average size but excellent speed and quickness. Last week their defense was impressive. They really got after the ball and pursued it well. They allowed

points, but Kermit is a good AAA team. We've got all the respect in the world for them. They're a young football team that will blossom soon, so we'll find out how much we've improved this Friday."

The Cats will go to Slaton for the 8 p.m. game. It's the first time Littlefield has played in Slaton in three years, for two years ago the game was switched to Wildcat Stadium due to rains in Slaton.

THE LITTLEFIELD WILDCAT defense won't have to face Mike Govan (16) of Levelland again this week, but they will be up against another fine running back from Slaton named Greg Sokora. Govan scored twice and made 145 yards in Levelland's victory over the Cats last Friday, and here is being pursued by Chris Pope (85), Kenny Owens (32), and Ricky Hopping (75). (Staff Photo)

### Wildcat Pep Rally

Public Is Invited

**L. Hobratschk  
Has Enrolled  
At Concordia**

Larry Hobratschk, son of Mr. and Mrs. V. J. Hobratschk of Route 1, Littlefield, has enrolled at Concordia Lutheran College in Austin, for the fall, 1973 semester.

Total enrollment for this semester stands at 270—three above last year's final figure. Hobratschk is a freshman at Concordia in Austin. He is a member of Emmanuel Lutheran Church in Littlefield.

Concordia College of Austin is a two-year, liberal arts college. Fully accredited by the Association of Texas Colleges and Universities and the Southern Association of Colleges and Schools, it is established and maintained by the Lutheran Church—Missouri Synod.

BILL BLACKWELL and Lilly Phillips were honored Sunday as being outstanding members of the Sheriff's Posse for 1973. (Staff Photo)

TOPS No. TX-102 met Tuesday night for their weekly meeting in the dining room of the Medical Arts Hospital.

The members weighed in and their weights were recorded in the weight book.

The meeting was called to order by Rose Zybura. Mildred Smiley called the roll and 12 members responded with a loss or gain. She read the minutes of our previous meeting and were approved as read.

Several members went to Earth last Thursday night for a salad supper at the Community building hosted by the Springlake-Earth TOPS Club. All reported an enjoyable evening. Those attending were Rose Zybura, Mildred Smiley, Audrey Long, Hazel Davis, Virginia Nichols, Norma Holtcamp, Zoy Risinger, Jenice Pollard, Lil Pollard, Marcy Demel and Lola Wassen.

In the business meeting, Rose Zybura reminded the club members that next week the TOPS will meet on Monday night, Sept. 17th at the regular meeting time, 7:15 p.m., due to a meeting by the Texas Nurses Association Tuesday night.

Weekly weight loss winners were given by Audrey Long. Rose Zybura was queen with the most weight lost and Jenice Pollard was runner-up.

Secret Pal cards and gifts were distributed.

The meeting adjourned with the members repeating the TOPS Pledge in unison.

**Area Artists In Exhibit**

Two area artists are included in artists who are featuring exhibits in varied media in the Lubbock Art Association's new Colorama Show, South Plains and City Circuits now on exhibition at Municipal Garden and Arts Center in Lubbock.

Mutt Still of Littlefield and Jerry Teaff of Bula have paintings on exhibit.

**Homemakers  
Slate Events**

**A&M Schedules Career Day**

Texas high school seniors are being urged to attend A&M University's annual Career Day Sept. 29, sponsored by the Colleges of Agriculture, Engineering and Science.

Dr. R. C. Potts, associate dean of agriculture, said exhibits will illustrate the many programs in the Colleges. Activities start at 8 a.m. and end at 4 p.m.

Faculty and student representatives from each college will be available to answer questions.

Potts said agricultural and engineering exhibits will be in

the Zachry Engineering Center. Science displays can be seen in the Biological Sciences Building.

"We look forward to visiting with you during Career Day," he said. "We plan to have many attractive exhibits which will show the exciting and challenging fields of agriculture, engineering and science."

The dean added that Texas A&M and Boston College will play an intersectional football game that evening, starting at 7:30. End zone tickets will be available at \$1 each for visiting high school seniors and their sponsors.

## Autumn Is Coming

SEPTEMBER 22 marks the beginning of that crisp, invigorating Autumn Season when the lazy days of summer must give way to school, football, the carving of jack-o-lanterns and, for lawn-owners, the inevitable raking of leaves.

Soon, swarms of little ones will be splashing through mudpuddles and chortling over newly-found treasures such as a bird's nest or a leaf that crackles like a potato chip when it is crushed.

As we watch the innocence of childhood in action, we should try to

regain some of the inquisitiveness and wonder which we felt when we were young.

WE MUST NEVER be so busy that we cannot take the time to enjoy the simple things in life, such as a colorful sunset or the beauties of a hillside dressed in the brilliant finery of autumn leaves.

So, as we prepare for the faster tempo of this new season, let's keep a receptive and appreciative eye out for the beauties of God's handwork all around us.

## Horse Safety Tips

ANIMALS ACCOUNT for one out of over 10 accidents, according to a recent survey by the National Safety Council.

And with horses becoming more popular and horse related activities increasing by leaps and bounds, special attention should be given to safety precautions, points out County Extension Agent Bobby Brunson.

HE LISTS SOME of the following safety tips for working with horses:

—Always approach a horse at an angle, never directly from the front or rear. Always speak to a horse as you are approaching it.

—While working around horses, stay in close to the horse so if it kicks, you will not receive the full impact of the kick. Work about a horse from a position as near the shoulder as possible.

—Be calm, confident and collected around horses. A nervous handler causes a nervous, unsafe horse.

—It is not safe to leave a halter on a loose horse. The horse may catch a foot in the halter strap, or the halter may catch on a fence.

—Never wrap the lead strap or reins around your hand, wrist or body. When leading, tying or untying a horse, avoid getting your hands or fingers entangled.

—Be extremely cautious when leading a horse through a narrow opening, such as a door. Keep firm control, step through the door first and quickly get to one side to avoid being crowded. Discipline your horse to follow you through openings cautiously.

—Use judgment when turning a horse loose. It is generally safest to lead the horse completely through the gate or door and turn the horse about, facing the

direction from which you have just entered. Then, release the lead strap or remove the halter or bridle. Always untie the horse before removing the halter.

—Use the halter rope—not the bridle reins to tie a horse and never tie below the level of the horse's withers. Never tie the rope around a smooth object that will allow it to slip to ground level.

—Protect your head from the horse's head when bridling by standing in close just behind and to one side (preferably on the left side) of the horse's head. Use caution when handling the horse's ears.

—If necessary to ride on roads or highways, ride on the side your state requires. When riding at night, wear light colored clothing and carry a flashlight. Walk the horse across hard surfaced roads.

INFECTIOUS ORGANISMS are prevalent around barns, corrals and fences. Gloves are a safeguard against cuts, scratches, splinters and rope burns.

Loading and unloading horses in trailers set the stage for many accidents. If at all possible, have two people to load a horse. Train the horse so it can be sent into the trailer. It is least desirable to get in front of the horse and lead it into the trailer. Never do this without an escape door or front exit.

IT IS SAFEST to remove the saddle and bridle and load the horse with a halter.

Also, consider the safety of the horse with matting or bedding to avoid slick floors in the trailers.

GROWING BUSINESS

## OBITUARIES

**VERIA COVINGTON**  
Services for Veria Covington, 72, of Amarillo, who died Sunday morning, Sept. 16, in High Plains Baptist Hospital, were conducted Tuesday afternoon in the Second Avenue Baptist Church.

Rev. Charles G. Jones, pastor, officiated. Burial was in Memorial Park Cemetery with Schooler-Gordon Funeral Home in charge of arrangements.

Mrs. Covington was born in Gainesville and went to Amarillo 29 years ago.

Mrs. Covington was a past matron of the Order of Eastern Star, and was recognized recently in Lubbock for her 50-year membership.

She was active in church work at the Second Baptist Church.

Surviving are a son, Bob Covington of Canyon; a daughter, Mrs. L. W. Belt of Phoenix; three brothers, A. W. Findley of Levelland, Weldon Findley of Littlefield and James Findley of Lubbock; and two sisters, Mrs. Katherine Kester of Hereford and Mrs. Melvin Robertson of Lubbock; nine grandchildren and 10 great-grandchildren.

**DICKIE ANN THOMPSON**  
Funeral services for Mrs. Dickie Ann Thompson, 39, who died early Friday morning, Sept. 14, in Deaf Smith General Hospital at Hereford, were conducted Wednesday afternoon in Hereford's First Baptist Church.

Rev. Doug Manning, pastor, officiated, and entombment was in Memorial Park Chapel Mausoleum in Amarillo, with Gilliland-Watson Funeral Home in charge of arrangements.

Mrs. Thompson was born in Littlefield and went to Hereford in 1949.

She and her husband, Billie C. Thompson, owned and operated Dickie's Restaurant in Hereford.

She was a member of First Baptist Church.

Surviving are her husband; two sons, Dannie Thompson and Randy Thompson, both of Hereford; two daughters, Mrs. Mary Ellen Parrack and Miss Emma June Thompson, both of Hereford; her mother, Mrs. Johnnie Jones of Borger; and two grandchildren.

## GTE Receives Approval To Establish Satellite

General Telephone & Electronics Corporation has announced that a subsidiary, GTE Satellite Corporation, has received approval from the Federal Communications Commission to establish a domestic communications satellite system.

Leslie H. Warner, chairman and chief executive officer of GTE, said the multipurpose satellite system is scheduled to become operational in September, 1975. It will be capable of handling all types of commercial communications traffic—telephone calls, telegraph, facsimile, high-speed data, and both color and black-and-white television signals.

The system will include earth stations in California, Florida, Hawaii, Indiana and Pennsylvania which will be interconnected by means of a satellite 22,300 miles over the equator. The total gross investment for the system is estimated at more than \$52 million.

Implementation of the satellite system will begin immediately in order to meet the September, 1975, operational date. Land for the earth stations and the

ground transmission links already has been purchased, optioned, or put under purchase agreement. Negotiations will be initiated shortly with contractors and equipment suppliers, and construction work at the earth station sites will begin by the end of this year.

Each of the system's five earth stations will have two matching dish-shaped antennas 98 feet in diameter. The stations will be interconnected through 10 transponders (radio-frequency channels) leased in a 12-channel satellite provided by National Satellite Services, Inc., a subsidiary of Hughes Aircraft Company.

The 10 leased channels will provide the system with a total capacity of either 12,000 one-way voice-grade circuits, 10 television circuits, or various combinations of the two circuit types.

"Back-up" channels also will be available on a second 12-channel satellite for system reliability purposes and for short-term use during peak-load periods or during "outages" caused by natural phenomena.

## Living Proof

Mrs. Ethne Barth, Mt. Kisco, New York, is one of thousands of women who are cured of uterine cancer. One of the most common cancers in women, it is highly curable if detected in time.

A simple, painless examination which takes your doctor only a few minutes helps detect this cancer in its early stages. Before symptoms appear. When it is most curable. It's called the Pap test. Take time out for it, once a year. Call your doctor... now.

**American Cancer Society**

## Weakening The Press

COMMUNITY NEWSPAPERS with circulations of less than 25,000 are the backbone of the nation's free press.

No government agency has to give them a license before they can turn their presses, and they are free to express their opinions within the limits of good taste and the libel laws.

If there is skulduggery in the Court-house, the State Capitol, the City Hall or in business enterprises, the inquiring reporters and news gatherers of the local newspaper are likely to be the one to dig up the facts and let the public know about them.

MOST PEOPLE in the U.S. would strongly resist any move to muzzle the press. But, via the back door of an inefficiently-run enterprise called the U.S. Postal Service, thousands independent newspapers throughout the country could eventually be put out of business.

The method is very simple. Just keep raising postal rates until small newspapers can't pay them. Raise them high enough and bigger ones won't be able to either and neither will our magazines and other publications.

ONE AUTHORITY has pointed out that along with the general pressure of inflation, postal increases are one of the major reasons why over 600 community newspapers went out of business in the past 10 years.

Some effective limitation on the financial depredations which the U.S.

Postal Service is permitted to commit upon the body of the free press seems much in order.

Elsewhere in Texas, \$10.00 year, \$7.45 6 months. Outside of Texas \$12.00 year, \$8.45 6 months. Single copy rates, 15 cents on Thursday and 15 cents on Sunday. Telephone 365-4481.

A misplaced comma once cost the United States government \$2,000,000!

The redness of the Red Sea is caused by algae in which the plant's greenness is hidden by red pigment.

When sheets of wood are united to form plywood, they are stronger per pound of weight than solid steel!

Many a lawsuit has turned on the question of punctuation. One such occurred in France, where the disposal of \$40,000 depended on the decision as to whether a small spot of ink was or was not a comma.

## THE ABUNDANT LIFE

### Promptness Pays

MANY OF OUR PROBLEMS and difficulties would never develop if we were mindful of the importance of promptness. We can learn to be prompt, even while we may find it necessary to develop some degree of tolerance for the persons who never seem to be where they should be, or do what they should do "on time".

We cannot impose promptness upon others, but we can encourage them; and they may make some improvements; however, there will always be persons for whom some allowances must be made.

IF WE MAKE OR AGREE to an appointed time to be some place, or meet somebody, or do some specific act, or meet an obligation; we must be prompt to do so. If we are prevented from doing so, we are obligated to do our best to get this information to all other people who may be involved. We cannot afford to just let it go.

If we are careless in this area, we will eventually become completely untrustworthy. Of course, we can become fanatical about promptness. This is a mistake, because we will invalidate the effectiveness of our behavior and alienate the people with whom we are associated.

"PROMPTITUDE IS NOT ONLY a duty, but is also a part of good manners; it is favorable to fortune, reputation, influence, and usefulness; a little attention and energy will form the habit, so as to make it easy and delightful." -C. Simmons.

ORDERLY CONDUCT OF LIFE is generally admitted to be desirable, and is essential to the best of living.

This manner of living "promptness" as an essential of thought and action. There is a minimum of wasted time and opportunity; the least possible with others; and there will be any displeasure with one's "Promptness pays".

ONE OF THE GREATEST savers is "promptness". We save time by being "on time". Not all we save, but we save on ourselves, and on the associations we must have and do have with our fellowmen.

The whole truth is that no proper attention to "promptness" cause failure, failure we cannot in many of the important areas.

IF WE WISH to be completely dependable, we must learn the importance of "promptness".

Dependability and promptness inseparable. If we refuse, or neglect to be prompt in our obligations and assignments, it is possible to be as acceptable to fellowmen as we would otherwise be, we will also undermine our self-esteem.

WE ARE BEING SELFISH and considerate, when we are not in situations involving others. There are many ways to be rude, but not prompt in our behavior is one of the most inexcusable manifestations of rudeness.

"PROMPTNESS PAYS" dividends in both self satisfaction and appreciation from others.

## HOWNY GRITS

By CORNBALL BLEW

HERE'S HOPING the kids get a sympathetic hearing from someone, on their letter to the editor, concerning more tennis courts.

Like the choir thing, it doesn't concern many youngsters (although it could, if some of the teachers, coaches, and adults would manifest a little interest in tennis.) But, it IS important to a few.

NOT ALL SPORTSMINDED kids can play football, or participate in track and field, by reason of their natural endowments. Who knows how many potential Billie Jean Kings and Rod Lavers may be passing through our schools, without ever having a chance to develop?

While we're wishing, we may as well wish for someone to coach and help these youngsters. From all practical observation, all (or what little) they've accomplished these past few years, has mostly been on their own.

THINGS LIKE MEETING at various private and public places around over town, playing their own elimination matches while having to call their own games, to decide who would represent us in the various tournaments.—This, while being unsupervised and prac-

tically uncoached.

Outside of the expense of the courts, the game of tennis is demanding a very large expenditure. Evidently, we have some kids who demand a very large expenditure of the game, and would certainly welcome the chance to offer respectable petition in the sport.

AS WE'VE SAID, we hope they arouse a little interest, and, as we heard with the same amount of money they've exhibited in their letter request.

GUESS WE OUGHT to check out how many voting registrations we have on record. Might come in handy if we wanted to vote two or three in the upcoming elections.

While I'm sure this situation is unfunny down at the tax office, I'm ready to lay all the blame at it's feet. It's easy to see how those things happen when you have to work with other people. Believe me, I know.

INTELLIGENCE TEST (Turn Row) — Apples and oranges, and tell us what you have

## Turn Row COMMENTS

By EMIL MACHO

THIS PAST YEAR many farmers experienced a shortage of fertilizer and from all indications, there will be even a greater shortage for crop year 1974.

One of my readers sent me a bulletin from the Fertilizer Institute in Washington, D. C. It contained 10 reasons for the fertilizer supply situation and five ways to try to do something about it.

It was highlighted in the bulletin that the fertilizer manufacturers did not short the American farmer this past season, but in fact the industry has increased deliveries by 5 percent, a record 43 plus million tons.

Another point was made that the government has released substantial reserve acreage back into production without any consultation with the fertilizer industries. The Fertilizer Institute felt like they have been slighted because coordination, planning, supply logistics, were not even discussed with agri-industries by U.S.D.A.

What must be done according to the Fertilizer Institute is that every farmer, every retailer should wire or write the Cost of Living Council Director, Dr. John Dunlop and Secretary of Agriculture Earl Butz, urging immediate de-control of American fertilizer. This would not only stem future increased exports and encourage fertilizer imports, but, most important, would give the green light for industry production expansion. Expansion we must have if we are going to meet the mid and late 1970's domestic requirements.

SEEMS LIKE WE HAVE a shortage of everything, including nice, pretty weather. From all indications our weather will remain unsettled for the remainder of the month, although there will be a clearing spell around the first

of the week and then we can expect rain the last of this month which give us above normal precipitation the month as predicted at the beginning of the month.

To make matters even worse we expect more rain in the second week of October which could continue for a week and then a clearing spell and colder weather.

DON'T FORGET THE Hill Country Crops Tour today. The tour starts at 9 a.m. There will be some interesting comparisons of various varieties of crops grown in Hill County.

A TIP OF THE HAT goes to G. Thompson for his first bale of cotton ginned in Lamb County. It seems the farmers in the Amherst area have come up with the county's first of cotton.

HAVE YOU NOTICED the money these days? Got a deal in mail giving the comparison of money in various states especially in the Truth in Lending Bill came in. If you finance a certain item, interest the money that you finance runs less than 10 percent in some states, 15 percent in other states. Texas is one of the states in the higher interest bracket. Again this is adjusted to what you and how much it cost and the company that carried the paper.

CHILDREN ARE NOT born with inherent good taste in their choices.

They will remember the good longer and with greater pleasure on the rest, but they will not choose without considerable guidance from some adult in whose judgment they have confidence. Remember, we do not have a single mind to waste.

New Bonds pay a bonus at maturity.

HOSPITAL AUXILIARY members feted four residents of Jewell's Littlefield Hospitality House Tuesday afternoon, in honor of their September birthdays. Honorees were, left to right, Grace Gilley, who was born Sept. 24, 1885; Mel Kennedy, Sept. 18, 1893; Ashley 'Oscar' Davis, Sept. 7, 1903; and Bertie Sisson, Sept. 10, 1890. Auxiliary members are, left to right, Lois Avery, Fay Penn, Deloris Bryant, Mary Cowan, Johnny Chapman, a resident of the home, Lucille Johnson, Edith Turner and Dell Phelps. (Staff Photo)

## \$2,000 In Premiums Offered

Many of the area's best crops will be on display during the 56th annual Panhandle South Plains Fair in Lubbock Sept. 22-29.

Almost \$2,000 in premiums are being offered in the agricultural department, according to Steve L. Lewis, fair general manager, who said that total premiums of \$40,000 are earmarked for the exposition this year.

Cotton, grains and seeds, sheaf grains and seeds, grain sorghum heads, hay (baled), corn, vegetables, fruit and miscellaneous crops will be under the scrutiny of the judges.

Educational exhibits, which are general appearance, interest and educational value, also will be on display, as will a variety of agricultural mechanics exhibits.

Paul E. Gross is general chairman of the agricultural department, George "Scotty" Samson is honorary superintendent and Walter Y. Wells is the general superintendent.

Several cattle shows, a terminal barrow show, two horse shows, plus several other top events, will highlight the fair's expanded run from six to eight days this year.

Among the free attractions will be the "Wynn Charger,"

## Legal Notices

NOTICE  
Notice is hereby given pursuant to Article 3883i, Sec. 15, of Vernon's Civil Statutes of the State of Texas, which states the following:  
"The Commissioners Court shall not exercise the authority vested in said Court by virtue of this Act, except at regular meeting of said Court and after ten (10) days notice published in a paper of general circulation in the county to be affected thereby of the intended salaries to be raised and the amount of such proposed raise."

The Commissioners Court of Lamb County, Texas, will take under advisement at its regular meeting on the 8th day of October, 1973, at 10:00 o'clock A.M. the setting of the salaries of the following Elected Officials of Lamb County, Texas, Said Salaries to be effective November 1, 1973, as set out below:  
County Judge from 7,500.00 to 8,400.00 per year  
County Clerk 6,450.00 to 7,350.00  
County Sheriff 7,200.00 to 8,000.00  
County Attorney 6,450.00 to 7,200.00  
County Treasurer 5,880.00 to 6,780.00  
District Clerk 5,880.00 to 6,780.00  
County Assessor-Collector 6,900.00 to 7,400.00  
County Commissioner, Prec. 1 6,600.00 to 7,500.00  
County Commissioner, Prec. 2 6,600.00 to 7,500.00  
County Commissioner, Prec. 3 6,600.00 to 7,500.00  
County Commissioner, Prec. 4 6,600.00 to 7,500.00  
Justice of the Peace, Prec. 4 6,250.00 to 6,780.00  
Justice of the Peace, Prec. 5 2,100.00 to 2,400.00  
That at said time of said meeting the Commissioners Court will consider the proposed salary increases and take action upon the same.

WITNESS my hand this 10th day of September, A.D. 1973.  
COMMISSIONERS COURT  
LAMB COUNTY, TEXAS  
BY s/Mary Beth Willey  
County Clerk and ExOfficio  
Clerk of Commissioners  
Court, Lamb County, Texas.

## Crop Contracting Discussed At Meet

Cotton producer organizations across the Belt emphasized the importance of crop contracting to the future of the industry at a meeting in Dallas Monday.

In a joint statement issued following the meeting, several producer groups pointed out that under the new farm law forward contracting of cotton will become particularly valuable as a marketing tool.

"When producers forward contract, they are assured of a known price even if market prices drop below those specified in contracts. This practice enables producers to plan their year's operation more effectively both in acreage planted and income to be realized," the producer groups noted.

Under the practice, merchants have dual responsibilities—following through on agreements with producers and in turn delivering the cotton to export or textile mill customers.

The producers' statement stressed that no contract is worth any more than the integrity of the parties involved.

"If contracting is to succeed as a viable marketing tool, there must be mutual trust between buyers and sellers. Producers must be assured merchants will fulfill their contractual obligations, and merchants must be able to rely on producers to deliver," the statement pointed out.

"Large volume buyers usually hedge their risks, either by taking an offsetting position in the futures market or selling to textile mills for future delivery. This fixes their profit margins at levels having a reasonable relationship to their buying price. Textile mills, in turn, hedge their position by selling

cloth for future delivery," the group stated.

Producer organizations represented at the meeting were: Producer Steering Committee of the National Cotton Council; Arkansas, Arizona, Cotton Growers Association; Delta Council of Miss.; Plain Cotton Growers, Inc.; Lubbock, Rolling Plains Cotton Growers, Inc.; Stamford Blackland Cotton and Grain Producers Association; Hillsboro, Tex.; Missouri Farm Bureau Federation; and Missouri Delta Council.

**Highway Patrol Investigates 7 Rural Wrecks**

The Texas Highway Patrol investigated seven accidents on rural highways in Lamb County during the month of August according to Sergeant T. Keffler, Highway Patrol supervisor of this area.

These resulted in 10 persons injured. The rural traffic accident summary for this county during the first eight months of 1973 shows a total of 40 accidents resulting in 10 persons killed and 34 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region 4, August, 1973 shows a total of 586 accidents resulting in 79 persons killed and 328 persons injured as compared to August, 1972, with 583 accidents resulting in 28 persons killed and 359 persons injured. This was 7 less accidents, 1 less fatalities, and 31 less injured in 1973 at the same period of time.

## Suggested Safe Bike Driving Rules

1. Obey all applicable traffic regulations, signs, signals and markings.
2. Observe all local ordinances pertaining to bicycle operation.
3. Keep right, drive with traffic, not against it. Drive single file.
4. Watch out for drain grates, soft shoulders and other road surface hazards.
5. Watch out for car doors opening, or for cars pulling out into traffic.
6. Don't carry passengers or packages that interfere with your vision or control.
7. Never hitch a ride on a truck or other vehicle.
8. Be extremely careful at all intersections, particularly when making a left turn.
9. Use hand signals to indicate turning or stopping.
10. Protect yourself at night with the required reflectors and lights.
11. Drive a safe bike. Have it inspected to insure good mechanical condition.
12. Drive your bike defensively; watch out for the other guy.

The above rules are provided by the Bicycle Institute of America in conjunction with the National Safety Council and the Cub Scouts of America.

**Volunteer Group Slates Consumer Buying Seminar**

Good buying sense begins with buying know-how. This and related topics on consumer decision making will be the center of discussion at a one-day seminar sponsored by the Texas Agricultural Extension Service and the South Plains Development Women's Task Force Thursday, Sept. 27.

The event will be held at the Texas Tech University Center Coronado Room.

Sue Caddell

Rickye Parker  
John Clayton III  
John Waters  
Lewis Adkins  
A. D. Perrin

Mrs. Hazel Schoenberg, associate director of the Good Housekeeping Bureau headquartered in New York, will be one of the noted speakers for the occasion.

According to Mrs. Tom Box, chairman of the SPD Women's Task Force and Mrs. Lynn Bowerman, Lamb County Extension Agent, the one-day program is designed to alert consumers to the importance of sound decision making in home, clothing, and food buying.

Seven experts will present detailed information on housing and home furnishing, family life, home management, consumer education, and clothing, says Mrs. Box. Specific topics to be reviewed will include meat labeling, unit pricing, open-

code dating, shopping motivation and general buying tips with emphasis on balancing personal tastes and convenience against economy.

The event begins with registration at 9:15 a.m. at the University Center Coronado Room with the program getting underway at 9:40. After a welcome by Mrs. Box and an overview of the Women's Task Force by Mrs. Crawford, Mrs. Schoenberg will outline "Consumer Decision in a World of Inflation." Pat Bradshaw, extension specialist in Housing and Home Furnishing from College Station, will end the morning session with a discussion on how to "Buy A House, Not A Nightmare."

Beginning the afternoon session at 1 p.m. will be

Marilyn Brown, Extension specialist in Consumer Education and Clothing from College Station, speaking on "Clothing—What You See May Not Be What You Get." Mrs. Schoenberg again addresses seminar guests, this time on "Food Buying—A Bag of Tricks."

"Consumer Decision Via the Computer" will be the subject of discussion by Dr. Jane Coulter, assistant professor, Home and Family Life, Texas Tech University.

Lynn Bourland, Extension specialist in Home Management from College Station, concludes the seminar on the topic "Who Put the Con in Consumer?"

"Decision making in consumer buying is especially important these days with

rising prices and increasing shortages," says Dr. Coulter.

"We hope that interested persons will take the opportunity to better acquaint themselves with consumer shopping decisions motivation. We believe carefully chosen speakers offer the kind of information that people can use."

The SPD Program is a voluntary organization composed of citizens interested in the economic and social growth of the South Plains.

Anyone needing further information or transportation should contact Mrs. Lynn Bowerman, County Extension Agent at 385-4004.

LITTLEFIELD AT SLATON FRIDAY NIGHT

WILDCATS OF THE WEEK for the Levelland game are Randy Cook (45) and Kenny Owens (32). Wildcat Coach Jerry Blakely said, "Defensively, they were easily our leading tacklers. When they got to one of the Levelland backs (Mitchell or Govan), they stopped them. If they didn't get there, their backs usually picked up good yardage. Offensively, both were exceptionally sharp as blockers, especially in clearing the way for our quarterback sweeps. Cook didn't get the chance to run much, but Owens was our most determined runner (10 carries for 47 yards)." (Staff Photo)

OFFICIAL LHS NEWSPAPER

## JV Tops Tahoka

By TERRY BRYSON  
The Littlefield JV took a 33-0 decision over Tahoka Thursday night. Sammy Schlottman and Steve Cruz scored twice for the Cats and Lonnie Twitty once. Ronald Parmer ran for two extra points to finish out the scoring.

## Men's Libber Endorsed By Counselor

By ANN COFFMAN  
Could this be Men's Lib? Well it could be, but that's not the real reason Kelly Pratt is working in the counselor's office.

Mrs. Ima Roycroft, LHS counselor, has a male face in her office this year. Senior Pratt is the first male helper.

Mrs. Roycroft has had in her three years at LHS.

When Kelly was asked what kind of jobs he does he replied, "There are many different jobs to do."

"I file papers in the students folders, type class period cards, get folders of graduated students for different colleges, and help get the class changes of different students together." This may seem like quite a lot of work but Kelly enjoys it.

Kelly said he did not know how Mrs. Roycroft selects helpers. She just asked him last spring to help in her office, and he agreed.

The main requirement for working is knowing how to type and file.

Mrs. Roycroft's other helper is Debbie Crosby. Debbie works during second period and Kelly works during fifth period.

being an area of concern. Defensively, outstanding players were Brad Banner (midlinebacker), Cary Cross (tackle), Danny Martinez (secondary), and Larry McDonald (end). Offensively, Parmer, Twitty, Ricky Hodge, Randy Hall, and Dean Walden all played well. Coach Bolton cited the boys for their blocking and running.

"The first half was like a Chinese fire drill," Bolton said, "but they all came back and played well the second half."

The kicking game is still a question for the Cats did not punt all night.

This week's game with Levelland should be a tough one. Bolton isn't sure how his team will perform against a good football team, and Levelland should provide this competition.

## NHS Elects Leaders For New Year

National Honor Society officers were elected for the first semester at a meeting held at 7:45 a.m. Monday. The new officers are Kelly Pratt, president; Barbara McBride, vice-president; Carol French, secretary; Tandy Talburt, treasurer; and LaNona Betts, reporter.

Meetings will be held on the first of the month. Members are selected by the faculty on the basis of scholarship, character, leadership and service. Induction for probationary sophomores will be held this semester. Some NHS activities include decorating a float, a Christmas tree, and offering free tutoring services.

COEDITORS JILL OWENS and Carol French look at last year's annual as this year's staff members look on. From left to right are Janice Cannon, Stephenie Benner, Angie Aleman, Karen Walker, Sharrise Cowen, Kim Wood, and Sharla Grant. (Staff photo by Tandy Talburt)

## IN LEVELLAND GAME

### Blakely Cites Mental Mistakes

By BRUCE PEEL  
The Littlefield Wildcats finished second in a hard-fought touchdown race for the Golden Trap Friday night before a Wildcat Stadium capacity crowd. The Cats came out short end of a 32-27 final score, and the Lobos took the Trap back to Levelland.

"Two things cost us the game," stated Wildcat Head

Coach Jerry Blakely. "We committed too many mental mistakes, and we were not able to consistently tackle their backs, Sam Mitchel and Mike Govan."

According to Blakely, the Wildcats put forth a good team effort, but came out of the game somewhat battered and bruised. Skip Smith, Randy Cook, and Chris Pope suffered sprained ankles and are questionable starters against Slaton.

"We can't look back," concluded Blakely. "We still have eight more games on our

schedule. We'll go back to work, try to benefit from our mistakes, and take dead-aim on Slaton."

## FFA Members Select Favorites

Penny Walter, a junior, was chosen FFA sweetheart by Future Farmers of America at a meeting Sept. 11. At this same meeting, LaNona Betts, a senior, was chosen plow girl. These are honors given to LHS girls by FFA.

## Team Outlook Bright

By DEBBIE BIRKEBACH  
"Boy am I sore." "Are we doing stations again?" "I'll give a dollar to anybody who will burn the jump ropes."

These are just a few of the things that could be overheard in the girls' athletics class as practices get into full swing.

"Make that five." "Man, I nearly broke my leg on that bench yesterday."

The girls are working out, trying to get in shape for the 73-74 basketball campaign.

They run station drills about the first 20 minutes class and work on individual skills for the rest of the period. Here are some of the replies to questions about their new coach, Bob Bolton and the upcoming season.

Sharon Healy: "It's going to be a great season, because him (Coach Bolton)."

Pam "Turtle" Turville: "We have more potential this year if we will just use it."

Jill "Shorty" Owen: "Wonderful, wonderful."

Mari Louise Bennett: "I'm going to be a winning season."

Tonia "Bonnie" Gardner: "It's a great thing (working) and we're going to win district."

Teresa "Tree" Crowley: "I like Coach Bolton and I like we've got a good year ahead."

## EDITORIAL

By ANDY ROGERS

The Student Council of LHS has taken on a rather ambitious project that will require the time and effort of all students.

There is an open area between the gymnasium and the main school building. The council plans to use this area as a student recreational area, complete with benches, trees, shrubbery and possibly even soft drink and candy machines and a juke box.

Though the project is only in the early planning stages, support and enthusiasm has already been shown by the students and some members of the faculty. Principal Jack York said that he was in favor of the idea, but that the school board would have to give their formal approval before any alterations could be started.

The council will contact contractors, landscapers, nurseries and other people that would be needed to get an idea of the cost of the project. They will draw up definite plans for the area as they wish it to be, and will make their presentation before the administration in the near future.

Their plan is a good one that would add much to the looks of our school. Most schools have an area where the students can just sit and talk, and Littlefield could certainly use one. Students could go there before school and at lunch, and it would even be possible to use the area for recreational purposes or school dances.

But the council can't do the job by themselves. They will need the solid support of all the students and the organizations of the school. Much money will be needed, and more than a little time will be required. If enthusiasm will continue as it has started out, the project will be beneficial as well as attractive.

## Quill, Scroll Mum Sales Underway

Mums for home football games are now being sold. Quill and Scroll will be sold throughout football season.

Places will not be set up until the week of Homecoming. People interested in buying a mum should contact Rita McKinney, LaNona Betts. The prices of mums are up.

## Pet Edgar Weird Thief

By PIXIE WEIGE

Eileen Hinckley, LHS senior, has devised a new theft plan. It's good for stealing shiny objects like money and jewelry and other bright things. This plan is better known as "Edgar Allen Crow," and the things he's stolen are her's!

Eileen keeps "Edgar", her pet crow, at her house on the Bula Highway where he resides in the barn behind the house.

Edgar often lands on cars which are driving in front of the house, and sometimes greets people who stop.

Eileen has had quite an assortment of other pets besides Edgar. Among them were a descended skunk, an iguana, a parrot that spoke Spanish, and a variety of snakes.

"I like weird pets, and we've always had them," said Eileen.

Eileen has also lived in a

variety of places. Aside from Littlefield, she has lived in different towns in Virginia and seven Texas towns.

EILEEN HINCKLEY pleads with her pet, Edgar Allen Crow, to return her ring. Eileen's theft plan appears to suffer from faulty execution. (Photo by Pixie Weige)

SPORTS SHORTS

by ANDY ROGERS

All Dallas Cowboys followers have probably noticed the trouble Dallas has had with their snaps on punts and kickoffs. Five or six times during the pre-season games, the snap has sailed over the kicker's head or rolled between the punter's legs. But in the Cowboys' game Sunday, I noticed they had no trouble on extra points and field goal attempts, and that the snaps were all perfect.

This surprised me a little, for such a drastic change in just a week seemed unlikely, and the same person was centering. So on the instant replay of Tom Fritsch's last field goal, I watched carefully and saw the real reason the snaps were so good.

As the center bent over to snap the ball, I saw him insert a small cork on the end of a string into the air hole of the ball. I followed the string (our television has excellent reception) and saw that Craig Morton, who holds on field goals, held the other end of the string wrapped around his hand. When Morton said "Hut", the center merely acted like he snapped the ball. Actually, Morton jerked on the string and the ball flew into his hands.

Just before Fritsch kicked the ball, Morton quickly stripped the string with a pair of fingernail clippers. He rolled up the string and handed it to Fritsch, who put it in his mouth and swallowed it.

I don't think there is a rule against this in the NFL rulebook, so I say as long as Fritsch's stomach holds up, "Go Cowboys!"

On the college football scene, a book has been written by a former Texas Longhorn telling of the unfair treatment given to college football players. The book, "Meat on the Hoof" by Gary Shaw, has been called, among other things, "one of the most sensitive personal narratives to appear in sports literature." (Newsweek)

Actually, the book comes out more like a personal appeal for sympathy than an expose of college athletics. Shaw dwells on one subject for so long that the reader is hard pressed to sift the author's opinions from the facts. Intended to be shocking, it would shock only the naive or those unaware of the current state of college athletics.

Shaw's story goes from his first days of football practice in the eighth grade to his final, frustrating year at Texas University. He learns early that to be a "quitter" is worse than fumbling on the goal line, and that being good in football is the only sure way to succeed in life. He finally realizes that the Longhorn coaches are interested in him only as long as he continues to knock heads on the field, and that when he is injured, he is treated as an outcast. In the end he makes a complete reversal in his life, and treats football with as much malevolence as he had so determinedly worshiped it before.

The book is not all bad. When Shaw sticks to the facts and does not let his personal prejudices influence him, the book is informative and interesting. Read it if you want a look inside college football in general and Longhorn football in particular, but be ready to wade through a lot of bitter personal opinion.

## Senior Has 'Hang-Up'

By CENA STOWERS  
Karen Walker, an LHS senior, has a "hang-up" about paper cups.

Miss Walker has 252 different types of paper cups hanging from her bedroom ceiling. In explanation of her strange hobby, Karen said, "My sister gave me about 15 cups to start a collection when I was in the seventh grade." Since then she said she has collected over 250 paper cups, the tallest one being three and one half feet. One cup came from as far as New York. Karen speculated that some of the designs she has are no longer being made.

What about housecleaning? Miss Walker said, "I take them down once every two months and wash them out and put them back up." Amazingly enough, she said that was her mother's only request.

Karen said she doesn't have any special plans for her cups yet, but, "I guess I'll leave them hanging at home when I go to college."

## Girls' Varsity Team Chosen

Coach Robert Bolton chose the girls' varsity basketball team Monday.

The senior forwards are Jill Owens, Pam Turville and Georgia Jackson; junior forwards are Tonia Gardner and Janice Gonzales; the one sophomore forward is Jan Grand.

The senior guard is Mari Louise Bennett; junior guards are Kay Wesley, Ann Mackey, Penny Walters, Sharon Healy, Sheila Dangerfield and Shebra Johnson.

Bolton said that the team is subject to change.

WANT A SIPP? Cups are Karen Walker's hang up, as she shows off her collection of 252 different types of paper cups. The tallest is her ICEE at three and a half feet. (Staff photo by Cena Stowers)

## Club Officers Elected

The first Business Club meeting of the year was held Tuesday and officers were elected.

New officers for this year are Cindie Huber, president; Dianne Milligan, vice president; Cheryl West, secretary; Cindy Harrell, treasurer; Carla Sanders, publicity director; Linda Sanderson, scrapbook chairman; and sponsor, Miss Janice Kraushar.

Projects discussed for this year included decorating a float or a car for the Homecoming Parade, selling stationery and conducting a bake sale.

The dues this year are \$1 and the club will meet the

second and fourth Tuesday of every month. The next meeting will be September 25.

## COED TELLS OF KARATE CAPERS

### Stowers' Stunts Stun Students

Cena Stowers knows how to defend herself.

"I've never had to use my karate, but I think if I was attacked, I'd know about what to do," said the 5 foot, 6 inch junior.

Cena has lived in Littlefield the past three years, moving here from California. When she was 12, she entered a school of karate in Los Angeles.

"I took it (karate) because I was interested and it was sort of a challenge to me, since I'm a girl," Cena said. "I like learning something new, and karate was like stepping into a whole new world."

Cena took karate at the Chuck Norris Studios, one of the most famous schools in the U.S.

"Before I was allowed to even start the course, I was given a written test, a coordination test, and a morals test to find out my attitude toward karate," Cena said. "But once I started, I really loved it."

Though Cena moved to Texas after six months of instruction, she had already earned a white belt, the first step towards karate excellence, the black belt.

"The discipline there was very interesting," Cena said. "We had to stand at attention while the instructors spoke. If you had an itch, you couldn't even scratch it or you'd be penalized and have to do maybe 30 pushups."

Cena was the only girl in many of her classes. "Being

the only girl didn't bother me as much as being so much younger than everyone else," she said. "I was only 12, and sometimes I felt like I didn't belong with all the older people."

What would Cena do if she had to defend herself? "I would sure use some of the

karate yells I learned. There are three reasons. First, to get air out of my body so if I get hit, I wouldn't get the breath knocked out of me. That would yell to scare my attacker and third, to clear my mind. After that, she said, it would depend on the circumstances."

### Sheriff's Posse Awarded Trophies

The Lamb Co. Sheriff's Posse awarded trophies to first, second and third place winners in each class as the result of points that were counted in six Playdays. The winners were given their trophies Sunday. They were as follows:  
 Pee Wee Girls—Michelle Phillips, first; Russel Giles, second; Deanna Jones, third.  
 Pee Wee Boys—Cory Hopping, first; Cliff Davis, second; George Davis, third.  
 Jr. Girls—Monica Phillips, first; Beth Duffy, second; Lesa Berry, third.  
 Jr. Boys—Hoby Phillips, first; Glen Moore, second; James Wells, third.  
 Sr. Women—Pat Blackwell, first; Nelda Blackwell, second; Ruth Davis, third.  
 Sr. Men—Mark Suitt, first; David Holt, second; George Davis, third.

SENIOR RIDERS of the Lamb Co. Sheriff's Posse who won trophies at the Playday Sunday are (left to right) George Davis, Ruth Davis, Pat Blackwell, Nelda Blackwell and Mark Suitt. (Staff Photo)

### Quarterback Club Sets Ladies Night

The Littlefield Quarterback Club met Tuesday night and saw Kenny Owens and Randy Cook introduced as "Wildcats of the Week." It was also announced that the next meeting on Tuesday has been designated as Ladies Night.

Booster of the week is Bennie Pickrell. The club also saw films of the Levelland game and heard a scouting report on Slaton.

# Hornets, Wolverines Only Area Winners

Springlake-Earth and the lone area teams to win games as the second of the season passed by. Hornets were 8-0 over Plains while the Wolverines slashed 13-0.

Other teams in the area all defeated Levelland. Littlefield 32-27, sprinted past Amherst 34-16. Smyer smothered Amherst 30-6, and Muleshoe 36-16.

Thought our youngsters back (from the Amherst) had played real fine," said coach Jim Warren. "Defense executed real well. I guess the fact that our defense after it hard was the reason we were able to intercept three times and our offensive line did as well as they ever did and our backs did a good job of finding the hole and getting through it. And our (Donnie Noles) put points inside their ten, and on their one-foot line, and we bound to take a lot of care off your defense. It was a good team effort."

Hornets take on Anton week, winners of their opener against Sun. "We don't know that about Anton," Warren said. "But anytime a team has time to prepare for a game like they have, you can bet they will come up with surprises. We're real concerned about our game with them, and we know they'll be tough."

Meanwhile, the Springlake-Earth team rebounded from a loss to Morton to best a strong Cooper team. The Wolverines will have their work cut out for them to continue their win string, as they play AA Dimmitt tomorrow who have convincingly beat Muleshoe and Farwell.

Amherst Coach Truitt Read called the Bulldog's loss "pretty much a team effort. The score (27-8) pretty well tells the story," Read said. "But outside of three things, we felt we did a pretty good job. We had too many fumbles and penalties, and they completed three long pass plays that hurt us a lot. Offensively, whenever we would start getting a drive going, we'd fumble or have a penalty that would spoil our momentum. We only ran 14 plays in the first half to their 23."

"We did have some people on defense that played pretty good, but we had a lack of consistency. All night, they were three- and four-yarding us to death, and they more or less just lined up and whipped us on the line of scrimmage."

The Bulldogs face Nazareth tomorrow in their second district game. "Nazareth is a pretty well balanced team," warned Reed. "They can pass, and depend on their throwing a lot, and they also depend on their speedy tailback, a fellow named Jr. Joiner who's a real fine runner. Defensively they have pretty good size. We're just going to have to whip them on the line of scrimmage in order to win and stay in the district race."

Ed Miller of Olton was "real disappointed" in the Mustangs' loss to Muleshoe. "We played real poor in the first two and a half quarters," Miller said. "Then we sort of got started and picked up a little momentum. I don't think Muleshoe made a first down in the last quarter."

"Anyway, they intercepted on the first play, and that sort of set the tone for the rest of the game. Our second tailback played well, and was one of our few bright spots. He's a sophomore, Joel Alcora, and came in after our first string back got hurt. He picked up about 70 yards on 14 or 15 carries, and just played real good."

Olton hosts Lockney tomorrow, a team picked to contend for the title in District 4-AA. "Lockney's the same type of team as our other two opponents (Tulia and Muleshoe), and we expect a tough ball game. They've got some good talent in the skill positions. With our inexperience, we're going to have to play real well to win."

"We played real tough for about four minutes," Whitharral Coach Jerry Miller said. "We kept them deep in their own territory. Then they completed a 78-yard pass, and we just couldn't stop them anymore. But they were real good, and real fast. I was told they had four boys that ran under 10.4 in the 100."

"Overall we didn't play good, but we had one boy that played well. Greg Wade, our 123-pound guard, did a good job for us."

Whitharral has an open date this week, and will benefit from an extra week of workouts before they face Borden County. "We'll be working mainly on the fundamentals, blocking and tackling," Miller said. "If we're going to improve, we must work in these areas."

### Women To 'Steal' Prison Rodeo Show

HUNTSVILLE—There's no current law on the Texas Penal Code books forbidding "stealing the show at the Texas Prison Rodeo." If such a law did exist, though, the Goree Cowgirls would be in trouble.

Why? Well, these prison pretties purloined the hearts of rodeo fans last year in their debut season as active participants in a one-of-a-kind rodeo. And the girls are just as likely to repeat that feat this year, too.

The Goree Cowgirls—10 two-women teams—made their initial appearance last October competing in the calf tussle, greased pig sacking contest, and a donkey barrel race.

No, they didn't wear the striped uniforms associated with prisons—they wore colorful gym-type jump suits. Chartreuse, lavender, pink—yes, the Texas Prison Rodeo, billed as the wildest and toughest of its kind, took on a new dimension last year.

Iris West of Fort Worth became the first all-around champion of the Goree Cowgirls last October in putting together top performances in all three events, and it's quite likely that she'll return to defend her title next month, although she is up for parole consideration this month.

All ten teams compete against each other in the calf tussle and in the greased pig sacking contest at each Sunday performance in October. Five Goree Cowgirls challenge each other in the donkey barrel race during the four-Sunday rodeo schedule this year.

How do the cowboys and redshirts feel about the invasion of the fairer sex into the once exclusive male domain of the prison rodeo arena? Women's Lib and all aside, they couldn't be happier. "Who wants to look at a bunch of old male convicts all day long?" one veteran cowboy was heard to remark when questioned about the presence of women in the rodeo. "Besides, they're a lot easier on the eye, too."

Arena action gets underway at 2 p.m. with the traditional grand entry parade—with the Goree Cowgirls set for their first event just a short time later.

Ticket information concerning each Sunday performance is available by writing to the Rodeo Ticket Office, Box 99, Huntsville, Texas, 77340.

Whitharral has an open date this week, and will benefit from an extra week of workouts before they face Borden County. "We'll be working mainly on the fundamentals, blocking and tackling," Miller said. "If we're going to improve, we must work in these areas."

### Pat Glazener On HSU Team

Pat Glazener, daughter of Mr. and Mrs. Milford Glazener of Littlefield, will be playing intercollegiate volleyball this fall for Hardin-Simmons University in Abilene.

"Miss Glazener is one of three freshmen players whose "new strong talent", in combination with the experience of older players, will make a good team this year," said Miss Kay Metcalf, team coach.

Miss Glazener, a speech and hearing therapy major at HSU, was named to Who's Who in Volleyball while attending Littlefield High School.

Returning players are Ada Feaster of Colorado City, Karen Walker of Piedras Negras, Cynthia Ramos of Noodle, Judy Zuspenn and Debbie James of Abilene, and Julia Ingram of Crane.

Other freshman hopefuls are Dorothy Feaster of Colorado City and Debbie Irwin of Big Spring.

The players will open their season in Abilene, Sept. 28, against Sul Ross and Odessa College.

### A different kind of insurance.

Take stock in America. New Bonds pay a bonus at maturity.

## 1974 Chevrolet

### A better-than-ever way.

When the wheel belongs to you, the road goes anywhere you say. And it's so much better with a '74 Chevrolet.

**Caprice Classic.** Introducing an elegant motor car, just asking to be enjoyed. Outside: an imposing new grille, and on the Coupe, a distinctive new roof line. Inside: peace, quiet and convenience. With standard power steering to do most of the turning, standard power front disc brakes to do most of the stopping, and a standard Turbo Hydra-matic transmission to do the shifting. If you want the luxury and comfort of a car that leaves little else for you to do but enjoy the ride, you don't have to look beyond the '74 Caprice Classic. However, the freedom of the open road begins with the freedom of choice:

**Vega GT.** This year's version of last year's Motor Trend Economy Car of the Year. (And Car and Driver Readers' Choice as Best Economy Sedan for the last three years.) With a reshaped nose, bigger bumpers, nicer carpeting, new stripes and new colors. Plus more good things to make it better. See what it's like to drive a winner.

**Malibu Classic.** A luxury Chevelle, new this year. With full foam seats. A fold-down front armrest. Wood-grained vinyl accents. Elegant inner door panels. Extremely tasteful upholstery and cut-pile nylon carpeting. That's just inside. The exterior is just as classic, in character and in detail, as the interior. Yet, it remains mid-size. And, it remains all Chevelle. With Chevelle handling and at a Chevelle price. Now that you've looked, come and see the new Malibu Classic—and all the 1974 Chevrolets. The ones shown here, plus Impala, Monte Carlo, Nova, Corvair, pickups, vans and all our new cars and trucks.

**Camaro.** The way it looks is the way it goes. Quick, sleek and nimble. With a low, wide stance, responsive steering. And comfort that's rare in a car that handles so well. Plus classic new styling, and plushness from the cut-pile carpeting up.

**Chevrolet**

Building a better way to see the U.S.A.

**At your Chevrolet dealer's Sept. 20**

**HAPPINESS IS . . .**

**WINNING!!!**

CAROLYN MILLIGAN

KATHY ELLIOTT

LAST WEEK the freshman football team won over Tahoka 12 to 6. Way to go Cats! Keep up the great work!

This week the freshman team will play Levelland. So, go Cats, bring home a victory.

The following question was asked some of the students. If you could have \$1,000 or a date with a certain someone which would you choose and why?

David W.—\$1,000, because I've never had that much money in my hands.

Ralph M.—\$1,000, because then I can go and get her later.

Narva S.—\$1,000, because then I can always get a woman!!!

Coach Pylant—\$1,000 because no one has ever offered me that much money before and I could always hope for the other.

BMI O.—Both!!!

Judy T.—A date with a certain someone because you could have more fun!

Dinah H.—\$1,000 because I would have a chance for a date another time.

Marilyn C.—The date because good things only come once in a life time!

Julie Klien—The date, because it's more interesting.

Laurie E.—The date, because the guy I really want is out of town and I would like to spend as much time as possible with'em!!!

THE SEVENTH grade elected Student Council members last Friday. Those elected are Brent Jones, Todd Stafford, Carl Tolet and Cindi Thrash. Congratulations!!! Other members are president, Blake Wood, Richard Rogers, Jay Lee, Carolyn Milligan, Jill Hinckley, Tonya Tunnell, Cindy Jungman, Kevin Gardner and Bradley Allen.

Susie Giles—Drive with care!!! (Beware)

Dinah Hanlin—Drums in science?!!!

Kevin Adduddle—Chew that gum!!!

THE SEVENTH and eighth grade teams played Slaton Tuesday (there). See the results in next week's column.

WELL, so wraps up another week of nothing!!! Everyone have a good day!

GO CATS—STOMP THE LOBOS!!!

RANGE FIELD DAY

A statewide brush control and range improvement field day will be held at Vernon Oct. 4. The day will feature a tour of the historic Waggoner Ranch in the morning (full tour at 8 a.m., short tour at 9:30 a.m.) and a program on brush control research in the Wilbarger Memorial Auditorium at 1:30 p.m. The Texas Agricultural Experiment Station has conducted brush research on the ranch since 1941, according to C. E. Fisher, Experiment Station scientist in brush control.

## Ed Robb Slates Meeting

Evangelist Ed Robb will be conducting an evangelistic crusade in Friona, beginning Sunday, Sept. 23, and continuing through the following Sunday.

The crusade will be a community-wide non-

denominational crusade. The Ed Robb Evangelistic Association began in 1966, and the Association's offices are now headquartered in Abilene.

According to Mrs. Robert C. Swell, news and information

director, "Mr. Robb has preached from coast to coast and from Canada to the Gulf of Mexico. His preaching missions have taken him around the world, with particular emphasis in Japan, India, Indonesia and South America. In 1971 he toured Russia."

"The major ministry of the Association is that of preaching the gospel in crusades. They have had crusades in farm communities, football stadiums, large civic centers, and the large city churches," Mrs. Sewell concluded.

EVANGELIST ROBB

## Canadian Government Offers Aid To Exiles

According to information received by Rev. James V. Ristvedt, pastor of Emmanuel Lutheran Church of Littlefield, the Canadian government has enacted an amendment to the Immigration Appeal Board Act that will benefit thousands of American war resister exiles now living in that country.

About 40,000 to 50,000 American war resisters are in exile in Canada, and more than half the exiles are there "illegally" because they could not meet restrictive immigration standards of the Canadian government.

"They cannot legally get a job or have the benefits of governmental social services, and they are always in fear of being discovered and deported," Rev. Ristvedt stated.

"The new law provides that

for one final, repeated period of exile in Canada which ends Sept. 30, there by Nov. 30, regardless of how long they stayed, may apply to be residence in Canada.

Persons in Lambton and surrounding areas contact Rev. Ristvedt at 3260 for addresses of Canadian government aid centers in order to inform them if they have not received the information.

Rev. Ristvedt stated, "Over 20,000 Americans now have a brief opportunity to regularize their status in Canada until such time as they are allowed back, or until they decide they wish to remain in Canada."

## Knight's Rest Home

VISITING WITH Mrs. Hattie Henderson last weekend were her daughters, Mr. and Mrs. C. B. McCoy of Spade and Mr. and Mrs. Clark Trichel of Weatherford.

COMING FROM Parkview Baptist Church for Sunday afternoon services were Leonard Cline, Richard Coleman, Gene Bitner, Mrs. Lois Lancaster, Mr. and Mrs. Ray Austin, Mr. and Mrs. Goby Vargas, Mr. and Mrs. Donnie Howell, Mrs. Jane Shipley, Lisa Berry and Kathy Howell. We all enjoyed these young people so much.

MRS. PEGGY STEVENS visited her uncle and aunt, Anna Lou and Paul Crosby Tuesday afternoon, and Mrs. La Juana Pickrell visited her grandmother, Mrs. Minnie Clifton. Mrs. Stevens brought watermelons and all the residents had a feast.

MRS. MURRIEL BRIGANCE of Olton visited her mother, Mrs. Allie Halle last Sunday afternoon.

VISITING Mrs. Jephtha Williams Sunday afternoon were her children, Mr. and Mrs. Clinton Williams of Bula and Mr. and Mrs. Sammie Williams of Morton.

EUNICE JONES' visitors last Sunday were her mother Mrs. Ann Bullman of Littlefield, as well as Mrs. Bobbie Malone, Lubbock, and Mr. and Mrs. Calvin Young.

Mrs. Edith Chandler visited with Eunice Monday afternoon.

DANNY MEARS of Rt. 1 visited his grandmother, Mrs. Mittie Fowlkes, last

Sunday. MR. AND MRS. Allen Rhodes visited with several residents in the home last Sunday afternoon.

VISITING Mrs. Inez Brown during the week were her children, the Charley Browns, Emmett Browns and Tom Gibson.

WE ARE proud to have Mrs. Golden Sullivan back with us again. Mrs. Sullivan is the mother of Mrs. Joan Tomson of Littlefield.

VISITING Mrs. Hulda Henson during the week were Mrs. E. J. Bruin and Mrs. J. R. Coen Wednesday afternoon, Mr. and Mrs. George Bundrant of Albuquerque, N.M., Mrs. Robertson, Littlefield, Mr. and Mrs. T. A. Henson, Rick Henson and little Dale Sewell.

WEDNESDAY afternoon, Mrs. Mattie Hudspeth visited with Mrs. Saleana Evitt and Mrs. Mattie Henderson.

OUR THANKS to Rev. Joe James of the Sacred Heart Catholic Church for his visits to the home every Saturday morning.

VISITING with Saleana Evitt during the week were Mrs. Brantley Stephenson of Anton, Mrs. Mary Lois Thaxton, Mrs. Thelma Reagan, Cynthia Reagan of Littlefield, Mitchell Evitt, Anton, Arthur Evitt and Velma Cantrell.

ALSO WE THANK Mr. and Mrs. Blanton Martin of Hart Camp for their church services on Sunday mornings.

J. E. KNIGHT visited his daughter and son-in-law, Darla and Alan Armistead in Big Lake from Monday until Thursday.

## JET AGE SEWING

MRS. FRANCES JONES

Question: I want to put a cuff effect on a pair of pants and I do not have enough cloth to make regular cuffs. Someone told me that there is a way to make a mock cuff that looks like the real thing.

Yes, there is a way to do this. It uses only about 1/2" extra length and looks quite like a regular cuff. It has the added advantage of not being as heavy as the turned up cuff. The mock cuff can be used on pants and also on the sleeve hem of a short sleeve shirt.

FOR PANTS, cut the length as shown in (1). Then press the hem in as in (2). Open the hem out flat and sew the leg inseam. Press this seam open and work in a circle from now on. At the top of the hem or "so-called cuff" sew a tuck 1/4" wide or a bit wider if desired.

Press the tuck upward. (3). Attach the hem by hand to the back side of the tuck. This works quite well even when

the pant leg is wide and has a curved shape. A row of stitching shows but it does not look bad.

The stitching is necessary to hold up the weak band. The finish is well tailored in appearance and uses such a little extra cloth.

ON THE SHIRT SLEEVE, while the sleeve is still flat, make the lower edge "ruler straight" and press the hem in. (4). Turn the hem up a second time and press to get a good crease. Trim at the ends. (5). Sew the sleeve seam with the pressed layers opened flat; press this seam open.

Turn the hem up once and then once again. Make sure the raw edge fits all the way into the second crease. With the sleeve turned right side out and the presserfoot inside the circle, stitch a 1/4" tuck that catches the raw edge. (6). Turn the hem down and the tuck upward.

**BEAUTY** that uplifts

Surrounds the visitor to our home. This atmosphere of serenity in our environment is a source of inspiration to the beloved.

# MARCUM OLDS-CADILLAC-PONTIAC-GMC

801 Hall Ave. • Littlefield • 385-5171

**"Come meet the '74 Oldsmobiles—  
our showroom is full of beautiful reasons for  
you to move into an Olds this year."**

**CUSTOM CRUISER.** Real class of the wagon class, on a 127-inch wheelbase. Luxurious interior, pile carpeting, deep-foam seats. Many power features—and over 106 cubic feet of cargo space. Available with and without exterior paneling, and in 2- or 3-seat models.

**VISTA CRUISER.** With outer paneling, a Vista Vent window in the roof, automatic transmission, power steering and power front disc brakes all standard, you've got a lot going for you already. Easy-lift tailgate. 116-inch wheelbase. Available with 2 or 3 seats; also with 60/40 divided front seat.

**CUTLASS SUPREME CRUISER.** Our new lowest priced wagon entry. But you still get a Rocket V8, automatic transmission, power steering and power front disc brakes standard—plus a 116-inch wheelbase, and 85 cubic feet of cargo space.

**“One last word—about prices. There are still some people who think Oldsmobiles are priced higher than other cars—because they’re Oldsmobiles. The truth is, we think you’ll find Olds prices a pleasant surprise. It’s another reason to come in and see why Oldsmobile is always a step ahead!”**

Oldsmobile reserves the right to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models, and also to discontinue models.

## **TAKE AN OLDS FOR A SPIN.**

**We're celebrating the arrival of the newest Oldsmobiles in years. The best way to see them is from the driver's seat. Take a test drive!**

**MARCUM OLDS-CADILLAC-PONTIAC-GMC**  
**801 Hall Ave. • Littlefield • 385-5171**

**"It's the only luxury car I know of whose owners talk as much about its performance as they do about its looks and comfort. Its front-wheel drive makes a difference that grows on you."**

Toronado—Oldsmobile's personal luxury car, with front-wheel drive. Built on its own private assembly line, by specialists who work on no other car. Engineered to come alive on the road, to handle curves and straightaways superbly. When you drive a Toronado, you drive one of the world's most distinguished cars.

**Toronado standard equipment includes:**  
 Rocket 455 V8 □ Turbo Hydraulic transmission □ Power steering □ Power front disc brakes □ Power ventilation □ High-level stop-and-turn lamps □ New instrument panel with message center □ New digital clock with quartz-crystal controlled movement □ New combination seat/shoulder belts (self-storing) with starter interlock, for driver and right front passenger □ New T-crest hood ornament □ Hydraulic bumper systems, front and rear □ Bumper guards and impact strips.

**Available equipment includes:**  
 New opera roof and windows □ Tempmatic air conditioning with activated charcoal odor filter □ High-energy ignition system □ New GM-steel-belted radial tires □ True Track braking system □ Brougham interior with velour upholstery and divided front seat □ Custom paint striping □ Protective side molding.

1. Brougham interior offered with divided seat, velour upholstery.
2. New Toronado Opera Roof available this year.
3. Toronado trademark: high-level stop-and-turn lamps.

**Toronado. Engineering can be beautiful.**

**"You'd be amazed at how many people buy an Omega just because it is an Oldsmobile. We say Omega's a compact with big-car thinking built into everything but the price."**

Omega is more car than some smaller compacts. Its wheelbase is longer—111 inches. Its tread is wider. And you can feel the difference on the road. Solid. Smooth. Quiet. And roomy inside.

Cut-pile carpeting, wet-look vinyl trim, a soft-grip steering wheel are standard.

Omega S package and Rocket V8 are available, too. Coupe, hatchback or 4-door sedan—it's a lot of Olds for the money.

**Omega standard equipment includes:**

250-cu.-in. Six  
 3-speed synchromesh transmission  
 Full-load seats with deluxe upholstery and wet-look vinyl trim  
 Cut-pile carpeting  
 Soft-grip steering wheel  
 New combination shoulder and seat belts for driver and front passenger  
 New hydraulic bumper systems, front and rear  
 Die-cast, chrome-plated grille  
 Bright metal window and wheel-opening molding  
 Space-saver spare tire (hatchback)

**Available equipment includes:**

3-stage Turbo Hydra-matic transmission  
 Rocket 350 V8  
 Power steering  
 Power brakes  
 Bucket seats  
 Sports console  
 Camper-conversion tent (hatchback)  
 Heavy-duty suspension components  
 Dual sports mirrors  
 Paint striping  
 Super Stock III wheel  
 GM steel-belted radial tires  
 Omega S package

1. The good stuff comes standard—including soft-grip steering wheel!
2. Like to camp? Order this tent with your hatchback.
3. Special suspension, sport wheels and mirrors—and more—in Omega's S package.

**Omega. It's a lot of little Oldsmobile.**

**“You wouldn’t believe the excitement this car is causing. Olds has built fine luxury cars for years, but this Regency is suddenly getting Olds a lot of new recognition—and a lot of new believers, too.”**

Regency is a new approach to motorcar comfort. The seats are built with the loose-cushion look you find in fine sofas and chairs—and the difference is impressive. So are the touches you’ll find all around. Come in and sink down in a Regency 4-door, or the new 2-door—you’ll marvel at the comfort, no matter what luxury cars you’ve owned.

**Regency standard equipment includes:**

- Rocket 455 V8
- Turbo Hydra-matic transmission
- Power steering
- Power windows
- Power front disc brakes
- Power ventilation
- Special Regency seat design
- Velour upholstery selections
- Divided front seat with center armrest
- Driver’s power seat controls
- New instrument panel with message center
- New digital clock with quartz-crystal controlled movement
- Zippered pouches on seatbacks
- New acoustic insulation
- New combination seat/shoulder belts for driver and right front passenger
- Hood ornament
- Swingaway grille
- Hydraulic bumper systems, front and rear

**Available equipment includes:**

- Tempmatic air conditioning with activated charcoal odor filter
- Tinted glass
- High-energy ignition system
- New GM steel-belted radial tires
- Stereo AM/FM radio
- Protective side molding

1. This seat design is offered in saddle and black velours.
2. New message center for warning lights, monitor systems.
3. New digital clock—facing styled by Tiffany & Co.

**Ninety-Eight Regency. The kind of comfort you can live with a long, long time.**

**"When I tell people these are the most popular Oldsmobiles in history, they ask why. I say it's because Cutlass makes it easy for you to step up to an Olds. And what you get is a very classy car."**

If you like a lot of luxury, step up to Cutlass Supreme Coupe—our little limousine. With opera windows, formal roofline and a very posh interior. If you like your Olds thrifter and sportier, Cutlass S is the step up for you. Either way, you get our famous Rocket V8, automatic transmission and power steering, standard—and a beautiful ride for the money.

**Cutlass S and Supreme standard equipment includes:** Rocket 350 V8 □ Turbo Hydraulic transmission □ Variable-ratio power steering □ Front disc brakes with wear indicators □ Inside hood release □ New vinyl-clad soft-grip steering wheel □ Power ventilation □ New plush-pile carpeting □ New combination shoulder & seat belts for driver and right front passenger □ Hydraulic bumper systems, front and rear

**Cutlass Supreme also includes:** Choice of bucket seats or deluxe front seat with center armrest (coupe)

**Available equipment includes:** Landau padded vinyl roof (Supreme coupe) □ Swivel bucket seats (S coupe) □ Power brakes □ Rocket 455 V8 □ Rallye suspension package □ 4-4-2 trim package (S coupe) □ Air conditioning □ Wire wheel discs □ Super Stock wheels □ Vista Vent (coupes)

1. Supreme's a little limousine inside, too. New divided front seat is now available.
2. Bucket seats that swivel—available only in our Cutlass S.
3. You can order the Supreme coupe with this Landau Roof.

**Cutlass Supreme...Cutlass S. Two great ways to get "Drivehappy."**

**"The big-car buyers I meet today don't want just good looks—they want a car that's built tough enough to take a lot of miles. That's why a lot of new buyers come over to Delta 88 and Delta 88 Royale every year."**

Even the styling changes in this Delta 88 Royale coupe are more than just pretty. The new roofline is handsome—and provides greatly increased glass area. The roof itself is two layers of steel, for strength and quiet. With fenders inside of front fenders, steel side guard beams inside the doors, hydraulic bumper system fore and aft, you can see a Delta 88 is really put together.

**Delta 88 and Royale standard equipment includes:** Rocket 350 V8 □ Turbo Hydra-matic transmission □ Variable-ratio power steering □ Power front disc brakes with wear indicators □ Power ventilation □ New combination seat/shoulder belts for driver and right front passenger □ Hydraulic bumper systems, front and rear □ 124-inch wheelbase □ Deep-foam seat construction □ New instrument panel with message center

**Available equipment includes:** Temperature air conditioner (activated charcoal odor filter) □ High-energy ignition system with Rocket 455 V6 □ Divided (60/40) front seat with center armrest □ GM steel-belted radial tires □ Digital clock □ Trailer towing equipment

1. Room, comfort, plush touches—all live up to the Royale name.
2. This Swingaway grille is hinged at the top to move when the bumper gets bumped.
3. New coupe roofline creates a new look; increases visibility, too.

**Delta 88 Royale. It's really put together. More than just a pretty car.**

**"Last year, the Salon was a sedan—and a sensational road car. This year, it's two sensational road cars—a new coupe and the sedan. You can get either one for far less than you'd pay for an expensive imported touring car."**

Team GT road performance with family sedan comforts—you've got a grand touring car. Like Salon. A special suspension and steel-belted radial tires are standard for the road; a new faster steering for response. Vinyl clad soft-grip steering wheel. Plus a fabulous continental-type interior—contoured reclining lounge seats up front, velour upholstery—and there's family-size room in back. Terrific!

**Cutlass Salon standard equipment includes:** Special suspension with heavy-duty front and rear sway bars and 15-inch wheels □ GM steel-belted radial tires □ High-rise reclining front seats □ Custom vinyl padded steering wheel □ Rocket 350 V8 □ Turbo Hydra-matic transmission □ Variable-ratio power steering □ Front disc brakes □ Headlight dimmer switch on turn-signal lever □ New combination seat/shoulder belts (self-storing for driver and right front passenger) □ Hydraulic bumper systems, front and rear □ Special color-coordinated wheel discs

**Available equipment includes:** Landau Roof for Salon coupe □ Power brakes □ Rocket 455 V8 □ Dual exhausts □ Rear window defogger □ Air conditioning

1. The upholstery is velour—both front seats recline.
2. Choose this sedan or the coupe below—you get a great road car.
3. Built in the U.S.A.—in the grand touring tradition.

**Cutlass Salon. Built in the grand touring tradition.**
