

YOUTH COMES HOME TO START NEW LIFE

Ex-Drug Addict To Turn To Ministry

LARRY HART

By NILAH RODGERS
Leader-News Staff Writer

Is there a drug problem in Littlefield?
"There is," said Larry Hart. And Larry knows because he has been a drug addict, a hippy and a pusher.
He wore long hair, rode a motorcycle and lived in Greenwich Village. He smoked marijuana, took LSD and heroin -- all the time searching for some-

thing he didn't have -- looking for a thrill.
But the thrill he was looking for came as an answer to a prayer while he was in a hospital. It was then that the 22-year-old son of Mr. and Mrs. Stacy Hart of Littlefield decided that maybe there was a substitute for drugs.
Larry was searching for a thrill when he started to college in New Mexico. Here he met a group of long-haired,

mustached drug users who started him out on pot. Larry thought he'd found "his thing," but after a couple of weeks marijuana alone wasn't enough so he added LSD.
Two months after he had entered the university, school officials found out about the drugs and Larry was suspended.
"I'd heard that New York City was the place to go for the best thrills -- that New York was the center of all evil,"

Larry said. "Some N.Y. friends invited me to come live with them and I couldn't wait to visit Greenwich Village.
He moved in with a pusher in the squalid hippy colony and the pusher lost no time in getting Larry started on heroine. "But he never made me pay for the heroine," Larry said, "because I helped him sell it."
"I was proud to walk down the street with him," Larry continued. "He was tattooed all

over, had very long hair and one ear was pierced and a big earring dangled from it."
Two weeks of living in the hippy commune were enough to almost kill the Littlefield youth. "I was so weak," he said. "I phoned Dad and told him what I'd been doing and asked him if he'd send me money to come home. I don't know why he'd bother with me any more, but he wired me the money and I came home."
Doctors told Larry he would have been dead in six months if he hadn't left New York when he did. Not only was he suffering from drug addiction, but he had hepatitis and a thyroid disease.
But even while in bed recovering from the Greenwich episode, Larry couldn't wait to get back on drugs.
"As soon as I could" Larry said, "I went to California and started taking large amounts

of LSD, heroin and other drugs. Two weeks later I moved to Lubbock and started selling LSD, heroine and every other drug I could get my hands on. I had lots of long-haired friends."
While pushing in Lubbock, Larry got into a cult similar to the Charles Manson bunch in California. "The group would get together to summon evil

CITY APPROVES TAX INCREASE

\$697,044 Budget OK'd

ELLA LOVVORN
Editor, Leader-News

Councilmen approved a budget of \$697,044 for fiscal 1970-71 and for the first seven years, raised the property tax rate from \$1.09 to \$1.19 during a called meeting Monday night.
The council appeared to contest the budget as it was presented at the hearing, and unanimously adopted it. The new budget is \$68,955 less than the \$758,910 budget for fiscal year 1970.

The financial plan of the city of Littlefield, which estimates a balance of revenues and expenses to provide a program of services to the city, is prepared and here submitted for your approval by City Manager Pat Bradley and the councilmen.

The increase in the interest on the sinking fund requirements due to the 1970 street improvement bond issue in an amount of \$33,272, requires an increase in the ad valorem tax of 20 cents per \$100 assessed valuation," he con-

cludes estimated, along with cash on hand, provide a balance which will allow the city to provide an adequate program of services. The total of all funds amounts to \$7,044, including approximately two percent contingencies for the general and water and sewer operating funds. The surplus of the \$21,371 surplus depends largely upon the amount, if any, which the street

improvement project exceeds the bond funds."
Some of the significant features of the proposed program of service will include:

1. Extensive repairs to the city hall;
2. Overlay for the taxi strips and aprons at the airport; and
3. Rebuilding the top of the concrete water storage reservoir at the booster pump station.

Bradley emphasized, "These three items alone account for \$41,000."
Capital improvement items, totaling \$25,643, include:

1. Underground irrigation pipe for the well field farm;
2. Used police car for the city manager;
3. Typewriter and calculator for the tax department;

4. Replacement of two police patrol cars;
5. Purchase of a used pickup for the animal warden;

6. Four electronics for the fire department;
7. Legal file and a copy of Ford for the building inspection department;
8. Payment on the refuse Caterpillar (\$6,733), Demp-

ter Dumpster containers (\$2,000), paint stripping machine and half-ton pickup in the street department;

9. Shredder, trim mower and chain saw in the park department;
10. Half-ton pickup, pipe fittings, meters and meter fittings for the water production and distribution department.

Of the total \$697,044 in expenditures for next year, \$385,557 will be from the general fund, \$211,070 will come from the water and sewer fund, \$60 from the migrant health fund, and \$160,416.95 in total debt requirements--which includes \$90,034, general obligation tax bonds and \$70,383, water and sewer revenue bonds.

A summary of expenditures from the general fund by account includes:

- Legislative, \$14,368.
 - Administrative, \$12,966.
 - City Secretary-Tax assessing, collecting, \$15,274.
 - Legal-Corporation Court, \$3,960.
 - Police department, \$75,139.
 - Fire department, \$25,520.
 - Building inspection, \$11,588.
 - Refuse collection, \$85,839.
 - Street department, \$78,143.
 - Finance, \$5,495.
 - Park and recreation, \$22,370.
 - Airport, \$27,235.
- A summary of expenditures in the three accounts of the water and sewer fund includes:
- Legislative, \$14,368.
 - Administrative, \$12,966.
 - Billing and collection, \$20,117.
 - Sewage collection and disposal, \$27,857.
 - Water production and distribution, \$72,762.
- Other items on the agenda included:
1. The appointment of Ben

Noble to the office of Municipal Court judge for another year.

2. The appointment of Wannell Piercey as city registrar on a temporary basis to replace Beth Harry, who has resigned. A permanent city registrar will be appointed later.
3. Approval of minutes from the last meeting.

DEB BAWCOM began harvesting carrots this week. Bawcom and C. E. Jones contracted about 30 acres of carrots to the Campbell Soup Company. The grading machine kicks out the table-size carrots and the large ones go into soups and by dinners. Bawcom contacted children's homes in the area and made gifts of the smaller carrots to the non-profit organizations.

Band Boosters Pushing For Bigger Membership

"Littlefield Band Boosters are enthusiastic this year, and we hope to have bigger and better bands because of the efforts of our members," according to Band Booster President Clem Sorley.
"We have planned a concession stand operation before and after every home football game," he said, "and among items to be sold will be coffee, hot chocolate, popcorn, pickles, lemons, Frito pie, cotton candy, and cold drinks."
Proceeds from the concession stands will go to the school bands for instruments, a possible trip and other expenses.
"Hubert Henry and Benny Zahn are doing an excellent job in getting the food to the booths,

and we want to commend Mrs. Dallas McCurry for her part in getting the workers lined up," Sorley said.
A Band Booster membership drive is currently underway and memberships are being sold in two classes--individual and business.
Individual memberships are being sold at \$2.50 each, and allows the holder to attend all band concerts. Business memberships, at \$10 each, allow the holder two tickets to all band concerts.
Anyone interested in becoming a Band Booster, is asked to contact any band member, Mrs. J. R. Fain, or Mrs. Doyce Hutto for a membership ticket. "A person doesn't have

to have a youngster in the band program to be a member," Sorley emphasized.
"At present, there are about 400 students from the sixth grade through high school who are involved in the band program," Sorley said. "Members are now buying a set of new marching drums (\$1,150), and are paying for the reconditioning of the old drums, which will be used at Junior High School," he said.
The Band Boosters meet every second Monday of the month, and the next meeting is scheduled for Oct. 12.

Among officers for the organization, besides President Sorley, are: Mrs. Charles E. Harlan, vice chairman; Hubert Henry, treasurer; Benny Zahn, treasurer-elect; and Mrs. J. R. Fain, secretary.

HARVESTING WATERMELON seed is a sticky situation for four area farmers who contracted 35 acres of watermelons strictly for seed harvest. This seeder operated on the C. E. Jones farm in the Fieldton community this week. Juice, pulp and rind are left in the field and seeds are barreled, washed and dried. Jones, Deb Bawcom, Bill Taylor and Joe Montgomery are so pleased with the melon production they plan to grow watermelons again next year, plus adding several acres of cantalopes.

BERMAN SAUSAGE and all the trimmings were served to about 175 Pep farmers and Littlefield merchants Thursday night during the Annual Pep Farm Dinner. Top cooks, well known for their culinary talents, are shown serving the plates for the event.

Slaton Comeback Tips Cats

A band of Slaton opportunists capitalized on second-half breaks as the fortunes of football war continued to go against a battling Littlefield Wildcat team here Friday night.
The Tigers won the skirmish, 24-16, using a blocked punt and a fumble recovery to set up the touchdowns that wiped out a Wildcat halftime lead.
Until the Tigers blocked the kick with 2 1/2 minutes left in the third quarter, Littlefield had played almost errorless ball, and had taken advantage of 30-mile-an-hour winds and Slaton miscues to build a 14-7 margin.
But Slaton cashed in and, using the bull-like thrust of 170-pound FB Alan Fondy, got the lead for good at 1:50 of the third quarter.
Fondy, who gained 130 yards on 25 carries for the night, tallied on a 14-yard sweep to make it 14-13.

Then Slaton's Alan Sanders lined up to kick the extra point, but the ball went through the holder's hands, and a surprised Sanders wound up with

Stuck In Watermelon Juice?

A female feature writer and photographer faces some strange occupational hazards at times -- such as getting stuck in watermelon juice.

it, being chased by Wildcat tacklers. Sanders got rid of the ball, passing to Randy Davis for two extra points that put Slaton ahead, 15-14.

Then she went to the C. E. Jones farm to catch the watermelon seeder in action and got bogged down in watermelon juice (See the photo above).
Sooner or later almost everyone runs into a driver's license check point, but she came in fit to be tried after Highway Patrolman Weldon Parson stopped her Thursday.
"First he asked me if I stopped at the stop sign when I

After that, the Wildcats couldn't seem to make things jell.
The final minute of the third quarter saw the cats battling

pulled on the highway," she said.
"I stuttered something about I was sure I did it if there was a stop sign there."
Then, looking for a sympathetic ear, Nilah told the patrolman she had been stuck in watermelon juice.
"Nilah, let me smell your breath!" Parson demanded with a grin.

a stiff north wind and unable to get a first down when they needed it most.
On fourth down, Punter Matt Giles, standing near the Cat goal, saw the ball go over his head and hit the goal post, giving Slaton a 17-14 lead.
It may have been a cheap price to pay, because Calvin Kilby's kick-off following the safety moved the ball out to midfield, and the Cats later had new life when Ralph Funk intercepted a Tiger pass at the Cat 31.
Finally getting the wind behind them, the Cats couldn't move and Giles, who kicked four times for a 40-yard average, got off a 52-yard boomer that Fondy fielded near the Slaton goal line.
The Cats' Leonard Huey was on him like a flash, downing Fondy in the end zone for two

SWEET BUNCH OF DAISIES

Daisy is a name given many flowers. It means eyes, because it seems to open (opening in morning closing at night). The daisy is actually a Chrysanthemum.

Our American daisy has improved by plant and is the flower of the month of April. The lawn daisy has four-inch stems and is one of our loveliest flowers. It was named by the Burbank who developed it.

EVERYONE always seems to work up an appetite after a few hours of cheering at a football game. So if it's your turn to have the gang over to your house after the game to celebrate the victory-- or help forget the loss--try treating them to a cup of hot chocolate or coffee and some Huck Kinn Oatmeal Cookies.

Oatmeal cookies are a proven favorite for good munching. You might want to keep the cookie jar supplied with them for all year 'round good eating. They're quick and easy to prepare too.

HUCK FINN OATMEAL COOKIES
1 cup soft margarine
2 cups firmly packed brown sugar
2 eggs
1 teaspoon vanilla
1 1/2 cups unsifted all purpose flour
1 teaspoon soda
1 teaspoon cinnamon
1/2 teaspoon salt
3 cups quick-cooking oats
1 cup raisins or chopped nuts

Measure all ingredients into a mixing bowl. Beat at low speed with your electric mixer or mix by hand until well blended. Drop by heaping teaspoons two inches apart on an ungreased baking sheet. Bake in a 350 degree F. oven for 12 to 15 minutes. Remove immediately from the baking sheet and cool. Yield: 3 to 4 dozen cookies.

WHEN A HUNGRY horde of teenagers descend upon you, feed them a quick treat of pigs-in-a-blanket.

Take one can of prepared biscuits, roll out each biscuit, and wrap it around a wiener and place them on a cookie sheet. Pop them into the oven and bake until biscuits are crisp. They will love them!

THE NEXT TIME you dine out with the little ones, carry along a sweater guard. It converts any napkin into a "leave-behind bib."

FOR THOSE at home meals for mothers who don't like plastic bibs try making two bibs in one; take one fingertip towel with fringe on the ends and cut in two. Shape neck and bind with bias tape. Look Mom, two new bibs, easy to launder and no ironing.

FOR YOU new mothers! If

the baby burps on your shoulder, a wet cloth dipped in soda will remove the sour milk odor. When the soda dries it brushes off easily, and leaves no mark.

MY FIVE YEAR old's class teacher at church gave her a flannel board and a group of flannel pictures, in which she has had many hours of enjoyment. This is a great idea for children to pass the time away or for a child that is having to stay in bed due to an illness.

Take a thick piece of heavy cardboard, cover with a piece of flannel--thumbtack or glue the flannel to the board. Cut out pictures from magazines or colorful construction paper (cut into various shapes) and glue flannel or sandpaper scraps onto the cutouts. These will adhere to the board. Even letters of the alphabet cut from construction paper will be a nice way to teach the beginner his alphabet and learn to put them in order on the board. Makes a nice gift for any child.

KITCHEN HINTS
KFEP an old toothbrush in the kitchen for cleaning your forks, the push buttons on your stove and the drawer pulls on your cabinets. Good for cleaning figurines too.

HAVE YOU EVER had the trouble of two glasses sticking together? Next time this happens, put hot water in the top glass and place the bottom glass in cold water. They will separate without breaking.

FROZEN FOODS will thaw quicker if all surfaces are exposed to free circulation of air at room temperature. A rack used for cooling cakes is ideal for this.

A PIECE OF aluminum foil between the ironing board pad and the cover will make your ironing go faster and double the life of the cover.

An all-out war against pollution in all of its forms must be waged, an it must be started in the small, upstream watersheds where the districts are well known and where their supervisors are experienced, have exercised traditional responsibilities, and already have invaluable support and working relations with state and Federal agencies. --Daniel Hale, M.D.

MRS. JAY WARNE CARTER JR.

Miss Carol Nickelson Weds Jay Warne Carter

Miss Carol Sue Nickelson became the bride of Jay Warne Carter Jr Saturday, Sept. 26 in the First Presbyterian Church of Littlefield with Rev. Clem G. Sorley officiating for the double ring wedding vows. Parents of the couple are Mr. and Mrs. George M. Nickelson of Littlefield and Mrs. and Mrs. J.W. Carter of Wichita Falls. Given in marriage by her father, the bride wore a floor length cotton dress with an Empire waist, adorned with pearl and rhinestone trim.

Wedding music was presented by Mrs. Al Chambers of Littlefield, organist and Robert Baizer of Muleshoe, soloist.

Attending the bride as matron of honor was Mrs. William C. Webb of Lubbock. She was attired in a floor length light blue Alaskine dress.

Serving the groom as best man was his father, J.W. Carter. Steve Harding of Wichita Falls and Gerald Wayne Chisholm of Sudan seated the guests.

A reception followed the ceremony in the home of the bride's parents. Out of town guests were the groom's sisters, Patsy Carter of New York City; Cathy

Carter of Dallas; Vicky Carter of Long Beach, Miss.; and the groom's grandmother, Mrs. Ellen Carter of Wichita Falls. After a wedding trip to Austin the couple will reside in Irving.

The bride is a graduate of Littlefield High School and has a BBA degree in advertising from Texas Tech. She was affiliated with Delta Delta Delta social sorority and Gamma Alpha Chi advertising sorority.

The bridegroom is a graduate of Ardmore High School, Ardmore, Okla. and has a BSME degree in Mechanical engineering from Texas Tech. He served as president of the student senate, vice president of the student body, and vice president and pledge trainer of Phi Delta Theta fraternity. Carter is presently employed with Bell Helicopter, in Research and Development.

A rehearsal party was given by the groom's parents at the Crescent House restaurant.

Future Plans

Mr. and Mrs. Luther Earl Wossum of 2208 Teckla, in Amarillo announce the engagement and approaching marriage of their daughter, Miss Janet Merle Wossum to Joseph Barton Hilburn, son of Mr. and Mrs. Thomas Allen Hilburn of Littlefield.

The couple plans a January 8 wedding at St. Paul United Methodist Church in Amarillo. The bride-elect is a 1967 graduate of Tascosa High School in Amarillo and graduated from Texas Tech in August with a BA degree in English. Miss Wossum is attending graduate school at Tech at the present time. She is affiliated with the Women's Service organization, University Daily, and Campus Girl Scouts at Tech and she serves on the steering committee of the Wesley Foundation and is a leader of a girl scout troop of disadvantaged girls in Lubbock.

The groom is a 1966 graduate of Littlefield High School and is a senior chemical engineering major at Texas Tech. He is affiliated with Alpha Phi Omega, past president, national committee chairman; Wesley Foundation, exec. secretary of board of directors; student association president's cabinet, secretary of elections; Texas Tech supreme court, associate justice; Committee of Student Organizations, representing the engineering dept. on the committee of nominations; for Who's Who in American Colleges and Universities.

A Pinch Of Garlic

You've heard it said that if you feed a dog garlic with his food it will rid him of fleas. There may be something to this axiom.

A University of California scientist has discovered that garlic contains a powerful natural insecticide -- powerful enough to have killed 100 per cent of five species of mosquitoes in laboratory tests.

Dr. Eldon L. Reeves, of the university's division of biological control here, said that garlic has been found strong enough even to destroy the tough pasture mosquito of the San Joaquin Valley.

The investigation began because Reeves said, garlic smelled like certain algae he and graduate student S. V. Amonkar were studying as a possible biological control of mosquitoes.

The studies, Reeves said, consisted of exposing minute doses of garlic extract to five species of young mosquitoes. The results were so convincing, he said, that the herb may become the source of a potent new mosquito larvicide.

"Garlic was used in ancient China and India as a spice and as a folk medicine," Reeves said, "and it's known to be useful in counteracting worms, protozoa, bacteria, flatulence and urinary troubles."

Its active ingredient, allicin, has been used against a number of human diseases, Reeves said, and dehydrated garlic has been found active against certain cases of food poisoning, especially salmonella.

The active principle responsible for the larvicidal activity is present in the oil of garlic, Reeves said. "The oil fraction, even though not pure, showed 12 times as much power to kill mosquito larvae as the crude extract of garlic."

Soon sweet essence of garlic may pervade the alleys of an evening, replacing sweet essence of malathion.

WE HEAR A GOOD bit about hypocrisy, of late. -- Namely "The hypocrisy of our Elders!"

This is the excuse the youngsters use to justify the attitude they have toward the establishment. -- In other words, "I may take the evil that has been practiced in the past, expand on it, and still be as good as the older generation!"

NOW IF I AM to justified by the faults of others, I'm sure I have nothing to worry about because I only have to look about a bit to see many others that are MORE VILE THAN I AM!

I'm sorry to say that the hypocrisy accusation is well founded. I suppose that there are few people that have not practiced it at some time or other.

It began in Eden! Yet I should understand that the faults of others don't add to my virtue!

IT'S KINDA like the fat gal that chose to chum with a fatter girl, because it made her look slimmer, by comparison!

We hear so much about "Telling-it-like-it-is!" -- The truth of the matter is that there are few -- Young or old -- that want to "Hear-it-like-it-is!"

The truth is, that "The soul that sinneth, it shall die!" (Suffer eternal loss) young or old! -- And NONE shall be justified by the evil of others!

TO CITE A CASE in point, let's consider the letter to the editor in the late edition of the paper. "We like boys with long hair."

Since the lassies didn't sign their name, I feel free to speak. -- The

HOMNY GRYS

By CORNBALL BLEVINS

letter sounded as though the issue might really have been: "The freedom to date, WITHOUT RESTRICTION!"

Personally, the reason that the long-hair is repulsive to me, is because it's become the trademark of the rebellious! -- And rebellion is NOT GOOD!

THE GIRLS should be glad that their parents care enough to try to guide them!

Now if these youngsters really want to tell it like it is, they could start by admitting that they don't like restraint. (I'm speaking of the college age rabble-rousers) -- They find the excitement of "change" irresistible, with no thought of the consequences!

THEY ARE SEEKING an identity that is "different" from the preceding generation.

This may be well and good IF THE CHANGE IS FOR THE BETTER! -- But, in their own blind way, they're playing into the hands of our enemies. -- If these United States falls into the hands of the Commies, we'll learn what "Restraint" really is!

THE FIRST STEP toward redeeming these young rebels, would be to get them to admit that they're "raising Cain" just for the excitement of it!

Since they're quick to lay their downfall to the hypocrisy of their elders, let them quit using it to hide their own motives!

Remember, YOUR faults do not MAKE ME ANY BETTER, OR VICE VERSA!

DOWN TO EARTH Foot Soldiers

By JIMMY R. ALLEN

THE BATTLE AGAINST poverty has been dramatically highlighted in our nation in the past decade. It is a worthy effort to help men help themselves.

Apathetic attitudes by citizens and some governmental leaders endangers it. Power struggles among some of the arm-chair generals of the poverty war have disillusioned many idealists who dreamed of better things. Many churches, however, have been quickened of conscience to greater concern for the poor for whom Jesus showed such compassion.

THE FRONT-LINE battles against poverty are those direct efforts to free men of handicaps under which they labor, to inspire the young to try to break the cycle of defeat in which they are conditioned, and to open doors of economic opportunity.

Of the many in the front lines, none is more important than the foot soldiers who work with the tasks of literacy.

MORE THAN 23 million American adults are functionally illiterate. This means they do not have the equivalent of an eighth grade education and are therefore unequipped for technical training in job skills.

Texas has a particularly acute problem with illiteracy. More than 180,000 persons in Texas over 14 years of age have never even been to school! One-and-a-half million Texans are functionally illiterate.

THE TRAGEDY of illiteracy is reflected in lives of people trapped in ignorance.

Forty-three per cent of the persons entering Texas prisons in the decade of 1950-1960 were functionally illiterate. One-out-of-three mothers receiving Aid to Dependent Children payments is functionally illiterate.

THE PROBLEM is basically a city problem. More than half of Texas' functionally illiterate population are in the state's 21 metropolitan areas.

It is also a problem of vast proportions among racial minorities. Nineteen per cent of the black population and 38 per cent of the brown population of Texas are functionally illiterate.

THE TRAP of illiteracy is one with jagged edges. A person is constantly reminded of his plights. Unable to read simple directions, he is left to his ingenuity to "fake it" in order to cover his confusion.

The answer lies in a massive attack on illiteracy as well as in individual response to its challenge. School systems are filling the reservoirs faster than literacy programs can rescue them. But every person who can read has a responsibility for those who cannot.

CHRISTIANS ALONE could make the difference. Every church should become a literacy center of enlistment and training to send the foot soldiers into the battle.

Dr. Frank Laubach, famed literacy missionary, claimed that illiteracy could be wiped out if every Christian would teach an illiterate to read.

In addition to the positive contribution of helping a man learn to read, there is no better opportunity for sharing a ministry to the deepest of his spiritual needs in translating the truth of Christ to others. Many churches are awakening to this challenge.

IT MAY NOT BE a dramatic task to gain ground by inches in a war, but without it we will not win the war against want.

THE ABUNDANT LIFE Bad To Worse

A STRANGE MOVEMENT from bad to worse is the way being chosen by many, many persons. In the undesirable and destructive life situations occupied by these people, they wallow around in their misery.

Some of them are unbelievably hostile toward life, and all of them are confused and pitiable.

THEY CLAIM TO BE FREE, but they have moved into some of the most dehumanizing forms of bondage.

They try to justify their unwise actions by a kind of self-righteous criticism and condemnation of what they like to call "the establishment."

If we grant that their criticisms are accurate, they still do not have a sound case. They have left a normal human situation, and entered into a hopelessly degraded condition of life.

THESE PERSONS REJECT LIFE as it is lived in the free enterprise system, and embrace communal or tribal living. Thus, they become irresponsible: little better than social parasites.

Many of them accept mass immorality, unsanitary living conditions, and perversions of various kinds. Some of them become worse than animals, and make themselves a menace to all mankind.

SUPPOSE ALL COMPLAINTS made by these people are true, this still leaves the "straight life" far, far superior to anything the complainers have found or established for themselves.

They do not seem to realize that human society just has to be human, and, therefore, filled with flaws.

PERSONAL RESPONSIBILITY is ignored by these self-alienated people. They make the horrible and

inexcusable mistake of somebody else or some uation.

With them, it is as if they see themselves as individuals with a mind to take care of the body to take care of the body to take care of the body to fill in life.

A SOUND MIND is not for a mind dulled by drugs and corrupt thought. A body animated spirit is not for a dirty and dying inner being.

It is almost as if they are non-possessed. A body to serve them well as a dwelling for their spirit is abused and degenerated.

This movement, from what people see as a bad case to one that is unbelievably must surely be the strangest pening in the human race.

LEAVING A SITUATION so much good in it, and a possibility for improvement that is all bad, very hard sensible explanation.

These people remind me because the battery was the man who burned his hand rid of the rats.

WE REGRET THE choice these people make not only destroy themselves their self-destruction is "the establishment!"

Occasionally one finds back to the "straight life" is always happy to be back.

WHAT IS THE ANSWER of dropping out, a bad going to worse; all of us must gather, within the system, all of the improvements make.

This is the answer.

A WOMAN'S VIEW Caring

By PEARL BRANDON

THIS FIRST DAY of Fall is a cool sunny morning. . . beautiful with the red cosmos poking up through the blue morning glories on my back fence.

My brother seems to be on the road to recovery and for all this I am very grateful.

I RECEIVED a letter this week from a lovely lady who lives at Brownfield. She is 83 years old and has 10 living children, 28 grandchildren and 30 great-grandchildren.

She lives alone in her own home. She said, "There is nothing to keep me from being happy and content. . . they are all so good to me, but above all the Lord is good to me, too."

SHE ALSO SAID, "We all have our troubles, but I thank God daily for all His goodness to me."

We are still hearing about "women's rights." What could be more beautiful than being a wife and mother. . . to grow old among loved ones, having the children drop in to

visit often, and watching the children grow up.

IT IS GOOD to be secure love of family and to feel the of the Heavenly Father in me.

When trouble comes, we strive for support and we can lean on the of God.

DID YOU EVER stop to think much love a house-wife give the preparation of one meal she lovingly considers each dual member, she strives to spare something each one to eat.

It is work, of course, but doesn't consider it work. . . work if its for someone else.

WHY CHANGE the most full life there is for the of going out to combat the in a man's world. Some of to work.

I worked for many years like being a house-wife better.

SPEAKING of trouble, I quote by Dr. Rimes, "We not care has no care."

It seems if we care for people we have more trouble if we care a lot about hurt more when they hurt, but a wonderful thing to have people to care about. . . cares for us.

IT IS PEOPLE that matters in this life and if you about them you get hurt in ing.

It cost Jesus his life. . . we expect to suffer less?

IT IS TOO EARLY to be so far I am getting a good posse to my request for ing, so please keep writing 27, Littlefield, 79339.

WORSHIP IN CHURCH

and get a spiritual lift for the whole week

"AM I RICH"

this thoughtful man reflects. Men call him a captain of industry but that may not make him successful. He has no fear of the future as far as the comforts of life go but, never-the-less, he stands in pensive thought. Has he given companionship to his children? Has he taken them to the right places? How often has he sat with his family in church? Would they call him a good Father, a successful husband? Has he shared in building a good community and civic institutions? Any man is much richer who does these things. But who is the truly rich man? What is the distinguishable mark? If he should die this night, who would miss him? Would neighbors be made poorer by his going? Would any hungry folk go without food because his hand was stayed? Perhaps he is asking the ancient question *am I rich with God?* All of us should ponder, *just what will I carry into His presence when I go?* What are the qualities which make a rich person? That man is truly rich who leaves a poorer world by his going. Then come with me to church and learn of the ways of God.

You In The Church
The Church is You
You form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, let us be faithful workers, a daily bible reader and attend services regularly.

OBITUARIES

MRS. EUNICE BEARDEN

Services for Mrs. Eunice Earl Bearden, 78, of Olton, who died Wednesday morning in Methodist Hospital in Lubbock, were conducted Friday morning in the First Baptist Church in Springlake.

Rev. Don Holmes, pastor of the First Baptist Church in Panhandle and former pastor at Springlake, officiated.

Burial was in the Garden of Memories Cemetery in Paducah that afternoon, with Parsons Funeral Home of Olton in charge of arrangements.

Mrs. Bearden had been a patient in the hospital since Aug. 27.

She was born in Red River County and moved to the Springlake area in 1945. She was a member of the Springlake Baptist Church and the Order of the Eastern Star. She recently received her 30-year membership plaque from the Eastern Star.

Surviving are two daughters, Mrs. Jess Matlock of Springlake and Mrs. J. B. James of Olton; three sons, G. C. Bearden Jr. of Amherst, George Ray Bearden of Paducah and F. W. Bearden of Springlake; two sisters, Mrs. Rena Tucker and Mrs. Lila Mace, both of Bogata; 22 grandchildren and 37 great-grandchildren.

Grandsons were pallbearers.

ICE REEVES CUMMINGS

Funeral services for Ice Reeves Cummings, 72, of Littlefield, who died Friday afternoon in Medical Arts Hospital, will be conducted this afternoon at 2:30 p.m. in the First Baptist Church of Littlefield.

Rev. R. B. Hall, pastor will officiate and burial will be in the Littlefield Memorial Park under the direction of Hammons Funeral Home.

A retired farmer, Cummings had been a Littlefield resident since 1935, moving from Wellington.

He is survived by his wife, Vera Maysons, Winston Cummings of Amherst and Cummings of East Hampton, N.Y.; four sons, Frank Cummings of Littlefield, Palo Cummings of Wellington, and Logan Cummings and Cummings, both of Austin; two sisters, Jewell Powell of Amarillo and Mrs. Neely of Wellington; and five grandsons.

Theft, Burglary Investigated

City police are investigating one theft and one breaking and entering case, which were reported Wednesday.

Jackie Heffington reported that someone had taken a money sack, containing approximately \$48, from the desk in the office of his Gulf station at Ninth and Hall Avenue.

Ned Fairbairn reported Wednesday that someone had entered the City Electric sometime Tuesday night or early Wednesday by breaking a window at the rear of the building.

Three wrecks have been checked since Wednesday night.

A 1964 Chevrolet, driven by Regina E. Douglass of Shallowater, backed from a driveway Wednesday and struck a parked 1968 Pontiac, owned by Rev. R.N. Tucker.

The Pontiac received about \$90 in damages to the left front fender and hubcap, and the Chevrolet had about \$60 in damages to the right rear bumper and fender.

Thursday night, Efton Bufford Graham of Littlefield was driving his 1965 Chevrolet west on Weidel Street when a 1954 Oldsmobile, driven by Donald Grusendorf of Morton, pulled out from the curb and struck the Chevrolet on the right front fender.

The Chevrolet received about \$140 in damages and the Oldsmobile received about \$120 in damages to the front bumper and fender.

Friday afternoon, a 1967 Pontiac, driven by Dovie Opal Kendrick of Floydada, was traveling east on West Delano when a 1963 Ford pickup, driven by Mary I. Merrifield of Littlefield stopped at a sign and proceeded to go to the left.

The pickup struck the Pontiac on the right front fender and door with its right headlight and fender.

Earth's Plant X Chosen 'Efficient'

You always know the top 20 in college football the Tuesday after the last Saturday that the teams have gone to battle. The statistics don't come out quite that fast in the electric utility business, however, and a Federal Power Commission report which was just recently

released shows that two of Southwestern Public Service Company's giant electric generating units were in the top 20 for efficiency in 1968, the latest year for which figures are available. The Federal Power Commission report on operating expenses and efficiencies rated United Number 2 at Cunningham Station, near Hobbs, N.M., as the 10th most efficient gas-fired generating unit in the nation, insofar as heat rate is concerned, and Unit Number 4 at Plant X, near Earth, was selected as the 12th most efficient. Each of the generating units

has a capability of 210,000 kilowatts. The recognition of their efficiency is measured in the amount of gas required to produce a kilowatt-hour of electric energy. Where this all gets important to the customers is when you get it down to dollars and cents. Southwestern's cost for gas has increased by 36 per cent in the last 10 years, but the unit fuel cost for each kilowatt-hour generated has increased by only 22 per cent. The more efficient units, such as those cited in the FPC report, make this performance possible.

SERVICEMEN

PFC. PAUL WRIGHT

VISITING IN THE H. V. Lynch home last week were two of Mrs. Lynch's sisters, Mrs. Thelma Marks of Edmond, Okla. and Mrs. Marie Bier of Plainview.

SCOTT AND KENT BALL, grandsons of Mr. and Mrs. L. E. Ball, spent a couple of weeks in the Ball home and started to school in Littlefield, where they will attend this fall. Their parents came for them last week and they are living near Amherst at this time. The James Ball family have spent the last year in Holland and then in Great Ya'mouth, England where Ball was employed.

MR. AND MRS. Blanton Martin were in Lubbock last Thursday to visit Mr. Martin's aunt, Mrs. B. N. Billingsley in the rest home in Lubbock. Also visiting there was Mr. Martin's mother, Mrs. S. D. Martin of Southland.

MR. AND MRS. M. W. Wheeler returned home last week from Center where they had spent a couple of weeks following the death of Mrs. Wheeler's sister, Mrs. D. O. Hughes.

EDWIN OLIVER received word this week that his brother-in-law, Clifton Horne of Carlsbad, N. M. was seriously burned last Wednesday in a fire that destroyed his workshop and his tools, a new pick-up and a boat and motor. His clothing caught fire and he was burned on the face, neck, chest, and back. He also broke his wrist as he fell, trying to escape the fire. Horne is in the hospital in Carlsbad and is not allowed company at this time.

MR. AND MRS. L. E. Ball spent the weekend in Amarillo with a daughter and family, Mr. and Mrs. Billy Pierce and children. They spent Sunday night with a niece and family, Mr. and Mrs. Tom Allen. They returned home Monday morning.

Mrs. Evitt has 21 grandchildren, 45 great-grandchildren and 7 great-great-grandchildren. She has lived in Anton since 1934.

Prison Rodeo Set

Because of the public's overwhelming support of the annual Texas Prison Rodeo for nearly four decades, the Texas Department of Corrections has one of the nation's best rehabilitation programs for its 13,000 inmates.

This year's event, held every Sunday in October, will highlight four top-flight country singing stars as featured guest performers who will join a host of tough outlaw cowboys competing in the wildest rodeo stock to appear in any arena.

As has been the custom for several years, inmate entertainers will present a pre-rodeo variety show from 1 to 2 p.m. each Sunday. Inmates will also entertain visitors on the midway in front of the Huntsville Unit, beginning at 9 a.m.

The rodeo begins at 2 p.m. in the prison's \$1 million stadium, located three blocks west of Huntsville's downtown square. The stadium seats 25,000 people, says Dave Price, Prison Rodeo Supervisor, who promises that the 1970 rodeo series will be one of the best in the long history of this annual event.

Reserved seat tickets, which are now on sale, may be obtained by writing Texas Prison Rodeo, Box 99, Huntsville, Texas 77340, enclosing check or money order for the tickets ordered. Tickets are priced from \$3.00 to \$5.50 with no reduction in price for children. Net proceeds from ticket sales help finance inmate rehabilitative services.

A FUND has been started at both Littlefield banks to aid four-year-old Rodney Jamieson, son of an LHS graduate and grandson of a Littlefield couple. Persons may donate to the Rodney Jamieson Leukemia Fund at either bank. Rodney's parents are Mr. and Mrs. Jimmy Jamieson, and Mr. and Mrs. Johnny Jamieson are the grandparents. The child is being treated at Northwest Texas Hospital in Amarillo. Former classmates of the 1956 graduate will hold a bake sale Saturday in the building next to Mode 'O Day, with all proceeds going into the leukemia fund.

Plains Scouts, Explorers Compete For Scholarships

Eagle Scouts and outstanding Explorers in the South Plains Council will be able to compete for scholarships, trophies and other recognitions in public speaking contests in the next few weeks.

Dr. J. Davis Armistead, chairman of the council's activities committee said that each district in the council will conduct contests between Oct. 1 and 15.

The contestants in these events will be the representatives selected by the Boy Scout Troops and Explorer Posts within the districts.

Winners in the district contests will compete in a council contest Oct. 22 in the Agricultural-Engineering Auditorium at Texas Tech University. Dr. P. Merrill Larson is chairman of the council contest and will be assisted by other personnel from the speech department at Texas Tech.

The subject of all the speeches will be "Youth's Role in The Environmental Crisis." The council winner will receive a \$100 educational scholarship and will be named the 1970 Honor Scout of the South Plains Council.

He will compete on Nov. 7 with winners from six other Scout councils in West Texas and New Mexico in a Range contest to be held at the Texas Tech University Law School. This contest will be conducted by Reed Quilliam, assisted by personnel from the Texas Tech Law School.

All interested Eagle Scouts or Explorers are urged to get full details from their Scoutmasters, their Explorer Advisors or from the South Plains Council Service Center.

and worship the devil," Larry said.

At this point in the youth's misguided life, Larry said God stepped in again. "One night before going to a movie I took LSD and heroin - a bad combination for any user. In the movie two motorcycle riders were shot. I had a cycle at the time, and when the riders were killed on the screen, something in me snapped. I didn't know who I was, or where I was, or what I was doing. But somehow I knew that if I could just get to Dallas to a hospital where I'd been before, I'd be alright."

He committed himself and was put on a withdrawal program. "But it didn't work," Larry continued. "Because even though we were in a lock-up ward, drugs were being smuggled in to some kids there, and I was doing drugs with them. After two months these kids left. There were no more drugs; I had no friends, and I had to withdraw. It was the roughest thing anyone could go through."

He was in the hospital six months, and for five of those months all he could think of was getting out and going back to drugs. "I was still wanting more out of life than I was getting," Larry added.

Larry's sister had sent him a book, ALL THINGS POSSIBLE THROUGH PRAYER. From the title, Larry knew the book was about God, so he wouldn't read it. "I'd tried Christianity in the past -- for a week or two -- and it didn't work."

"Then one day I was bored, and I picked up the book. It had a blue cover. My favorite color. I started reading, and kept reading until I'd finished the book. It made sense."

"I prayed. Then a funny thing happened. A warm, tingling sensation came over me. It was the biggest thrill I'd ever had. If God could give a person such a meaningful experience, maybe He could give me something to substitute for drugs."

The following day Larry's doctor told him he would loan him his car the next day, and if he could find a job in one day, he could leave the hospital. "I spent the day before in prayer," Larry said, "and I was accepted the first place I applied. That was a miracle, because all last summer and the summer before I had looked for a job in Dallas and couldn't find one."

After getting the job, Larry's doctor told him he could leave the hospital for good if he could find an apartment and keep his job. Again Larry said he spent the day in prayer, and again the first place he went there was a vacancy."

Larry spent three more months in Dallas. "Every morning before going to work I asked God to keep me from using drugs," he said, "and when I got home I thanked Him for giving me the strength to get through another day."

With his new-found faith, Larry plans to become a Methodist minister. His big blue eyes are bright and sincere. The long hair is gone and again he is the kid next door with his scrubbed good looks.

There are times when Larry isn't so sure of himself. About two months ago he started having flashbacks that occur after taking LSD. "I feel that God has deserted me," Larry explained, "when these horrors recur. It's hard to believe with flashbacks. But I know I'll never use any more drugs with God's power and strength helping me."

"If parents would give their children more Christianity, responsibility, and make them feel loved and more important, maybe that would keep kids from getting on drugs," he offered. "If kids could just find God they wouldn't be searching."

In Larry's case, the step from marijuana to heroin was just a matter of weeks. He thinks pot definitely leads to hard drugs. "Most alcoholics would do hard narcotics if they had them," he said. Any one who drinks to excess, or takes other escapades, are drug candidates."

Larry is telling his story to other young people before

Staff Sergeant Sammie R. Houchin, son of Mr. and Mrs. C. L. Houchin of Star Route 2, Olton, is a member of a unit that has earned the U. S. Air Force Outstanding Unit Award.

Sergeant Houchin, an aircraft maintenance technician in the 3535th Navigator Training Wing at Mather AFB, Calif., will wear a distinctive service ribbon to mark his affiliation with the unit.

The 3535th was cited for superior performance in training more than 3,700 Air Force navigators -- despite less assigned personnel and progressively larger workloads -- during 1968 and '69.

His unit is a part of the Air Training Command which provides flying, technical and basic military training for USAF personnel.

The sergeant is a 1960 graduate of Roosevelt High School at Lubbock.

His wife, Truma, is the daughter of Mr. and Mrs. H. C. Atwood of Idalou.

Members of "We, The Women" discussed the scheduling of their Second Annual Food Fare, and appointed Mary Jo Weige to the office of treasurer during their regular meeting Tuesday at noon in the Reddy Room.

A definite date for the Food Fare was not set, but the committee and co-chairman, were appointed.

Ernestine Perlman and Lena Shotwell will serve as co-chairmen and Eloise Cox and Kay Yeager will serve on the committee.

Mrs. Weige was appointed to the treasurer's office, due to the fact that Beth Kelly, present treasurer, will be moving from Littlefield before the next meeting.

Marge Anzeline led a discussion on several eyesores in town that need to be cleaned up, and she suggested that President Betty Smith contact City Manager Pat Bradley about possibilities in further projects on run-down places.

Mrs. Smith reported the Lions Club had requested organization to do a party for them, and Betty Kain appointed chairman of a committee to work out the details for the program.

Betty Hodges reported Boy Scout Troop 600, sponsored by First Baptist Church and led by Bill ner, has volunteered to assist with any project "We, The Women" feels they could assistance.

She also reported the Ross had volunteered to assist with laying concrete on flower beds at the Littlefield's "Tallest of Mill."

Hostess for the meeting, Flo Snell, who used fabric ducts in table decorations carry out the theme "We, The Women" to Lamb County. Betty Hill was the only one for the day.

Rural Wrecks Injure 2 Persons This Week

Three separate one car accidents were investigated by highway patrolmen this week. Damages of \$250 were estimated to a 1970 Ford driven by Charlotte Milligan following an accident involving a grain truck about noon Friday.

Serferino Frausto, of Route 1 Amherst, was driving a 1950 Chevrolet truck one-fourth mile west of Littlefield on Highway 54 and attempted to pass another vehicle while Mrs. Milligan was passing the truck. The truck and the Milligan Ford collided left of the center stripe.

The right front fender of the car hit the truck and the car skidded with the left rear of the vehicle hitting a construction marker. Highway Patrolman Weldon Parson investigated the accident and estimated damages of \$250 to the Ford. There were no damages to the truck and no personal injuries.

Parson investigated a one car accident at 2 a.m. Friday, 20 miles south of Littlefield. Kay Thomas, 21, 701 E. 1st ran off U. S. 385 on the right side and struck a telephone pole. The driver was taken to Littlefield Hospital by paramedics ambulance. Damages to the car were estimated at \$1,000. Madison H. Newton, 50, was admitted to Madam Arts Hospital Wednesday afternoon after his pickup struck a culvert about 3 1/2 miles north of Whitharral on U.S. 335.

Newton said two grain trucks forced him off the highway. The right front wheel struck the culvert and Newton's head was thrown into the steering wheel. A butane bottle in the back of the 1966 Chevrolet passenger side smashed out the rear and side windows, with total damages between \$500 and \$600.

Don Kuykendall, DPS investigator from Hockley County, investigated the accident.

AN ANTON MAN, Madison Newton, was injured about 4:30 p.m. Wednesday near Whitharral. Newton said grain trucks forced him off the highway and the right front tire struck a culvert. Boots Crews, deputy at Anton, surveys the damage. Numerous stitches were taken on Newton's lip and he was still in a Littlefield hospital Saturday.

County Crude Production At 11,332,453

Lamb County, which has had recorded oil production since 1945, has had a total crude oil output of 11,332,453 barrels up to the beginning of 1970.

Lamb County production in 1969 was 844,516 barrels at the rate of 2,314 barrels a day.

Thirty-four counties in the state produced more than 25,000 barrels of oil. Top producers were Andrews with 203,859 barrels daily, Ector with 184,601 barrels daily and Scurry with 133,035 barrels daily.

Gregg County, the only county to produce more than two billion barrels of oil, remained the all-time champ with a cumulative production of 2,195,668,052 followed by Ector with 1,585,815,280, and Ruak with 1,437,128,523.

Texas oil fields have produced more than 32 billion barrels of oil during the past 80 years of recorded production, according to the latest compilation of the Texas Mid-Continent Oil & Gas Association.

Last year's production of 1,151,775,000 barrels produced an income of \$3.6 billion for Texas which was distributed widely as 198 of the state's 254 counties produce oil.

HOYT GLASSCOCK, 10, picks up seven yards to the Dimmitt 25-yard line to set up the Springlake-Earth winning touchdown. In on the play for the Bobcats are Daniel Frierson, 28; Hoyt Hestand, 59; and Hollis Annel, 72. Springlake-Earth defeated a favored Dimmitt team, 14-7.

Springlake-Earth Upends Favored Dimmitt, 14-7

By GARY BRYSON
Leader-News Sports Writer

The Dimmitt Bobcats ran all over the Springlake-Earth Wolverines Friday night for exactly one quarter. The Bobcats looked as though the entire ballgame was theirs and the Wolves could do nothing right. Springlake-Earth later came back with a stunning offense and wrecked the Bobcats pretty good, in a 14-7 upset.

Dimmitt led the first period in both the statistics and the scoreboard. The Bobcats had completed 91 yards rushing and eight in the air for a 99-yard total. The Wolves could only add up 53 yards in total offense. The first period ended with the Bobcats up with seven on the board to nothing for Springlake.

The second period started a brand new game for the Earth squad. They came looking for blood and found it.

Brain Sanderson, in the first two plays of the second quarter, picked off a Mark Wohlgemuth pass, around the Earth 20-yard

line, and raced back 20 yards to set up shop.

Nine plays and three first downs later, the Wolf Pack was threatening from the Bobcat six-yard line. On a quarterback keeper Hoyt Glasscock scampered the distance for the Wolverine TD. Glasscock kicked the extra point to tie the score 7-7.

That wasn't all, though. Jerry Barden, a few plays later, jumped on a fumble by Wohlgemuth and the Wolves started play deep in their own end.

Four plays later, the Bobcats took over on downs. But a hand-off to Daniel Frierson, on a broke play, led the Wolves pursuit 39 yards toward the Cat's own goal. Two plays later the Bobcats fumbled again and lost the ball.

Glasscock was set to try a field goal from the 35-yard line with 16 seconds left in the half. A roughing-the-kicker penalty moved the ball up 15 yards. Glasscock tried again and it was blocked. This time the Bobcats drew a 10-yard foul and the Wolves were on the five

with eight seconds left. Glasscock looked to the sidelines for help. Coach Duane Locke said to go for it, and the Wolves ran, only to be stopped both by the clock and the Bobcat defense. At the half, it was a 7-7 tie.

The third period opened with a Bobcat kickoff. The Springlake-Earth squad started a drive that went only 13 yards and three incomplete passes led the Wolves to a punting situation, but the Bobcats thought that Springlake-Earth should get the ball back.

The return was attempted by Frierson, who promptly fumbled and lost, giving the Wolverines good field position. Four plays later the Wolves turned the ball back over to Dimmitt.

This time Dimmitt held on to the ball for four plays, anyway—another fumble by Frierson was recovered by Springlake. From here neither team could do anything.

The fourth quarter opened with a fumble by Earth and a loss, but Dimmitt couldn't get a 1-ve started so the Bobcats punted it back. Springlake couldn't move and lost the ball on downs.

The Bobcat QB elected to pass, which was bad news with a 30-mile an hour tail wind, and Sanderson came up with a big interception, on the Dimmitt 15-yard line. Glasscock four plays later carried the ball over for a TD from one yard out, with 3:44 left. Glasscock kicked the extra point.

For Dimmitt it was just a plain case of the cow going dry.

early in the game. They probably could have done as well with the cheerleaders and twirlers. In Springlake-Earth's case it was David against a supposed Goliath. The Wolves had the Bobcats tamed and re-tamed, as Dimmitt could neither run, or contain Springlake-Earth's runs after the first period.

Glasscock, George Nance and Eddie Alair played outstanding ball for Springlake-Earth. Together they picked up 242 yards rushing. Glasscock scored the 14 points for the Wolves, and Nance covered one Dimmitt fumble.

On defense Sanderson and Barden were fantastic. Sanderson intercepted a pass to set up the Wolverine score in the second period and Barden intercepted a pass in the fourth quarter to set up the last score, plus recovering a Dimmitt fumble.

This week, Springlake-Earth and Sudan will clash in Sudan. This game is important to each team, as both are likely contenders for the 3-A district title.

Sudan Spilled By Seagraves

Previously unbeaten Sudan was crushed in a heady Seagraves offense Friday night at Seagraves. The Eagles, led by Kent Crutcher, over ran the Hornets by 43-8.

Steve Edwards ran from five yards out to put Sudan's only points on the scoreboard, and Bo Lance ran for two extra points in the second period.

The Eagles drove 70 yards to make their first TD from the two-yard line. Crutcher, who made the score, also ran for the two extras. Randy Hill blocked a Hornet punt and Crutcher again ran for 14 yards and a Seagraves TD. This time Charlie Morgan made the two-point conversion.

For the very best in good country and western music, its K-R A N, 1280 K, C., Marston, Texas. Adv.

Seagraves, never quitting, gave Crutcher the ball in the second and he scored on a run from the Sudan three. Morgan again ran the two-point conversion.

Morgan, in the third quarter, scored on a run from the six. Wendell Wood scored two for the extras. Then an unstoppable crutcher, on a 53-yard TD scamper, put six more points up on the board. Kim Shaver got the two extras.

Crutcher scored the last Eagle TD in the last period on a three-yard run. Wood carried for the two-point, PAT.

Sudan will face a tough Springlake-Earth team after the battle with the state-ranked Eagles. The game against the Wolverines could determine the 3-A district winner.

points for Littlefield. That made it 17-16 with 10:35 left in the game.

One of the most crucial plays of the game came with approximately eight minutes left, with Littlefield facing fourth down and eight from the Slaton 42.

The Cats elected to go for it, but a Jay Trammell-to-Funk pass was inches short of the first down.

Slaton, with good field position now couldn't move against the Cats and the wind and punted to the Cat 23.

A fumble on the reception gave the Tigers the ball, and they moved in for the clinching score, with QB Mosser diving over from the 2-yard-line with 2:15 left in the game.

Littlefield drove back to the Slaton 10, with the key plays a pass interference call which gave the Cats a first down at the Tiger 44, a 22-yard run by HB Leroy Danford, and a Trammell-to-Danford pass covered for 12 yards.

Four plays later, the Tigers hammered up QB Alai Mackey at the Tiger nine, and the Cat's last chance had gone by the boards.

The first quarter was all Slaton's as the Tigers moved down for an apparent score, but it was called back on an illegal procedure penalty and the Wildcats later took over when Nose Guard Larry Purdy got to Mosser for a 10-yard loss and Giles covered an ensuing fumble.

In the second quarter, Slaton drove 58 yards in 14 plays, all on the ground against the wind. HB Frank Self climaxed the march with a one yard run and Slaton had a 7-0 lead with 7:11 left.

After the kick-off, Littlefield couldn't move and Giles punted 51 yards to the Slaton 10, where Mosser was hit hard and fumbled. The Cats recovered at the Tiger 5, and three plays later, HB Wendell Horn punched over from the one.

Kilby's kick was good and it was 7-7 with 4:33 left in the first half.

The Cats got another break on Slaton's next series, when the pressure on Punter Fondy forced the Tiger to run on fourth down.

Danford sacked him up at the Slaton 14, and Littlefield took over.

Two running plays got three yards, and then Trammell passed to End Jerry McCarty for the 11 yards and the second Littlefield score.

Kilby's kick made it 14-7 with 1:34 left in the half.

But the second half breaks seemed to go the other way, and the Cats, despite turning in perhaps their best performance of the year, went down to defeat No. 3.

The defense was strong with Giles, Purdy, Chuck Blevis, Kenny Pratt, Dennis Hartley, and Don Hemphill turning in outstanding jobs.

It's a new season next week as the Cats open district play at Lockney.

Estrada Hurt In Tiger Tilt

The Wildcats' loss to Slaton here Friday night cost them the services of 220-pound fullback and linebacker Danny Estrada.

Estrada went out with a dislocated shoulder in the first quarter.

Estrada was treated at Littlefield Hospital Friday night and it was later believed he will be lost to the team for the next two to three weeks.

LITTLEFIELD'S RALPH FUNK is stopped on a crucial play with eight minutes left in the Wildcats' tussle with Slaton here Friday night. The play was a four down pass from Jay Trammell (14) to Funk that lacked inches of being a touchdown inside the Slaton 40.

SLATON'S ALAN FONDY tries a stiff arm on Wildcat Don Hemphill, but Don was tenacious and brought down the hard-running 170-pound Tiger fullback.

Levelland Stops Local 8th Teams

Both of the Littlefield 8th Grade teams met with defeat at the hands of Levelland eighth graders in games here Thursday.

The 8th Grade "A" went down 30-0. Littlefield had four first downs as compared to ten for the Levelland team. Levelland also led in yardage with 80 yards passing and 139 yards rushing for a 219-yard total. Littlefield had 14 yards passing and 56 yards rushing for a 70-yard total.

Jerry Soria, James Freeman and Danny Brockington were the "A" offensive standouts. Rodney Logsdon, Richard Barton and Connie Bowman were the defensive stars.

Olton Holds Off Hoboka Team, 21-14

Powerful Olton Mustangs overcame a Hoboka comeback rally on the way to a 21-14 lead and fizzled off as the Bulldogs found as the third quarter. May sprinted the dis- a 14-yard TD of the period. Quarterback the PAT kicked the PAT on a 7-0 first quarter.

Workman took a hand- the goal line on a running play during the period. Stockdale kicked the point to give the Mustangs. An interception pass interference call last Olton TD. Work- in from the one- and Stockdale booted the Mustangs 21 points, it was Olton in the 21-0.

Johnny Martin of the Bulldogs recovered a crucial fumble on an Olton drive that led to the Tahoka 13, after Workman was hit hard by Robert Montemayor to stop another possible Mustang TD.

The Bulldogs drove 83 yards to make their first score paced by Montemayor and Tahoka trailed, 21-6.

After the Bulldog kickoff the Mustangs ran four plays and were forced to punt. A line drive punt was taken by Roger Miller and returned 70 yards to the TD. Gardener ran the option play to score the two-point conversion. This left the final score at Olton 21 and Tahoka 14.

Olton will take on Friona this week in a home tilt. The Mustangs also will be looking for their fourth straight win of the year.

THE HALF TIME activity during Bula's homecoming game against Dawson was the crowning of Diane Crume, center, as homecoming queen. The queen was attended by Carolyn Turney, left, and Pamela Layton.

Bula Homecoming Game Spoiled By Dawson, 54-12

By EMIL MACHA
Leader-News Sports Writer

The fire from the Dawson Dragons was not hot enough to warm the temperature, but it singed the Bula Bulldogs, 54-12, before a capacity homecoming crowd Friday night.

The Bulldogs were handicapped in their passing game because of the strong north cross wind and a misty rain, along with a second quarter injury to Quarterback Ron Risinger.

Risinger opened the game with a boot to the Dawson 20, which was run back to Bula's 16, by Dawson's Keith Hayes. The next play was a 16-yard TD run by Glen Phipps.

The two point conversion was made by Paul Cardona for the Dragons for an early lead of 8-0 in the early moments of the game.

A later Dawson drive started on the Bulldog 21 and ended with Raymond Hernandez's 2-yard charge for another Dawson six-pointer.

Cardona ran the two point conversion for a 16-0 lead. Bula gave up the ball after a series of downs, by punting to their 12.

Dawson's next score was highlighted by a 25-yd TD run by Cardona. The two-point run was no good.

With a 22-point deficit going into the final minutes in the half, Bula started a drive from the Bula 26 and ended it with a 45-yd touchdown run by Risinger.

Bula went into the dressing rooms trailing 22-6, at the half.

Dawson came back in the third quarter and got two touchdowns and their two point conversions were good to give them a 38-6 lead at the end of the third period.

Bula charged back in the first play in the fourth quarter with

Larry Clawson running 10 yards for another Bula six-pointer. Bula trailed 38-12 after the two-point conversion failed.

The remainder of the fourth quarter was a series of ball swaps by Johns and fumbles. Dawson's Glen Phipps did, however, manage to cross over after a three yard run and Ted Phipps ran the two points extra, to give Dawson a 46-12 lead.

In the final minutes of the

game Ted Phipps scampered 34 yards for the final Dawson TD. Glen Phipps ran the conversion.

SOIL CONSERVATION SERVICE

Knox City Field Day Set

Plans are complete for the field day to be held at the Soil Conservation Service plant material center at Knox City Wednesday, September 30. Walter Gray, Troy Moss, E.L. Latimer, and Johnny Latimer are among those who plan to attend from the Lamb County area.

Joe Blevins, SCS District Conservationist at Littlefield, said guided tours are planned through the 60-acre center starting at 9:00 a.m. Bus trips will run continually until about 3:00 p.m.

The center is two miles north of Knox City on Highway 283, then left on FM 1292 for 2 1/2 miles.

"Knox City has a new 3,200-foot allweather runway near the plant center for those wanting to fly to the field day in private or chartered planes and transportation from the airport to the center will be furnished by the Knox City Chamber of Commerce.

Grass seed dealers, seed growers, conservation district directors, research workers, wildlife enthusiasts, livestock producers and others interested in the search for better plants are invited to attend. The center serves both Texas and Oklahoma and a large crowd from both states is expected.

Grass seeds which are attracting wide interest at the center include a desert strain of side-oats gram; a southern strain

of sand lovegrass; a western wheatgrass selected for bottomlands and waterway plantings in west central Texas; a grass called old world bluestem collected from an arid region west of the Mediterranean Sea; and a blue gram selection adapted to the red soil of western Oklahoma and Texas.

Forbs (broad-leaved, herbaceous plants), native legumes, and woody plants relished by wildlife and livestock are also being evaluated at Knox City. Such plants may have great value, especially for deer, turkey, quail, dove, songbirds and other wildlife when in mixtures with range and pasture plantings.

Forbs which appear most promising include selections of englemann daisy, Maximilian sunflower, bush sunflower, and showy menodora. Legume under evaluation include trailing wild-bean, least snobean, prairie-clover, and western indigo. Woody plants being grown at the center include littleleaf leadtree, Texas kidneywood, and wild plum.

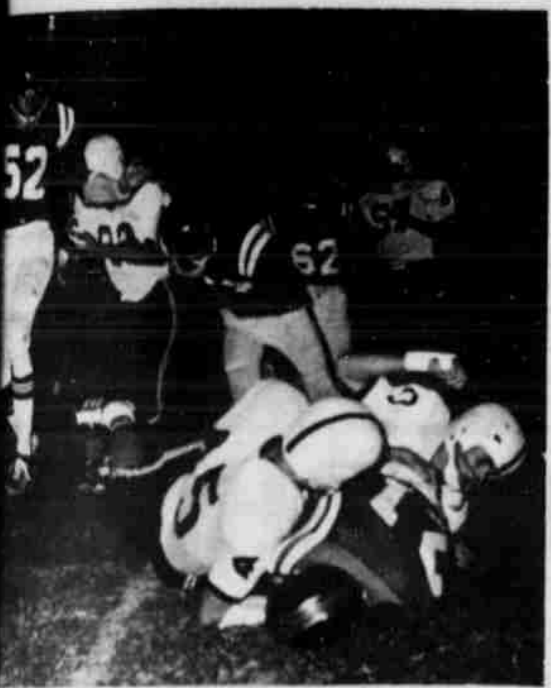

"Seed or rootstock are collected from promising plants," Blevins explained "then are grown and evaluated at Knox City." Those that show the most promise for solving certain problems are then grown under field conditions on farm and

ranches of soil and water conservation district cooperators. Selections that prove they can solve a specific problem while being superior to other strains available are then released in conservation districts to commercial seed growers. These producers then grow seed and sell it to the public.

A new grass variety, Selection 75 Kleingrass, was certified and released last year as a result of work done at the center in cooperation with the Texas Agricultural Experiment Station. Other grass strains proven and put into use by SCS include El Reno, Uvalde, and Vaughn sideoats grama; King Ranch bluestem; green spranletop; and Greenville switchgrass. All of these grasses are grown in the Lamb County Soil and Water Conservation District.

"SCS plant materials work developed ways to harvest and plant most of the range grasses being planted in Texas and Oklahoma today," Blevins said.

Some of the groups who cooperate with SCS in its plant materials work in Texas include Agricultural Research Service, Texas Agricultural Experiment Station, Texas A&M University, Texas Tech University, Prairie View A&M College, Abilene Christian College, U.S. Air Force, U. S. Corps of Engineers, Texas Parks and Wildlife Department, and soil and water conservation districts.

THARRAL PANTHER Carl Hoelscher (21) gains yards before being tackled by a couple of Wellmats. Other Panthers in the action that are identifiable are: Freddy Forbus (52), and Finis Tip- (62). Whitharral lost to Wellman, 38-0.

Whitharral QB Injured In Game

Whitharral's quarterback, Carl Hoelscher, was injured in the first play Friday night at Wellman, and after that he went right for the Panthers. Hoelscher was injured when he fell 38-0.

Whitharral kicked off and a player sacked up the ball on it all the way. But Whitharral was called back on a

'Hit-And-Run' Is Family 'Run-In'
Deputy Sheriff Bob McDonnell of Plains went out recently to investigate a "hit-and-run" accident in which, somewhat garbled radio communications had it, a small girl had been struck down by a car which fled the scene.
The investigation unfolded the hit-and-run case as:
A young wife, in her early 20's, slammed her husband with a broom stick.
The husband ran to his car in an escape effort.
His in-laws got in on the act and he got whammed up on the side of the head with a rock.
The husband jammed the car in gear and took off, sluing the back-end of the vehicle around a little when he floorboarded the accelerator.
The back-end of the twisting car struck the wife, bowling her over.
She was taken to a hospital in Brownfield, not injured.
The husband turned in to police in Littlefield to report, that he had done it.
"Seems the whole of some sort of misunderstanding," the deputy commented.
