Trailer Club To Meet Here

Two Littlefield couples will host the Lubbock area meeting of the Silver Streak Wheeler Deelers Trailer Club, when members from an area from Hobbs, N.M. to Borger are expected to arrive in Littlefield Friday.

Mr. and Mrs. Byron Douglas and Mr. and Mrs. Raymond Denny of Littlefield will host the rally, which will be held in the free campsite on Highway 385.

The club was formed in May, and is one of three such clubs in Texas -one in the Baytown area in addition to one in the Dallas area.

Saturday night, a potluck supper will be served, and sometime during the

New club jackets and pins will be delivered, and orders for jackets and other members will be pins for accepted.

presented, and persons wishing attend church services will do so.

and other interested citizens.

will be held Sept. 25-30 in Llano.

Setting their sights on a second straight district championship, the Littlefield Wildcats travel to Silverton Friday night in the season opener for both teams

Kickoff will be at 8 in Owl Stadium. Pegged as a "good class A ball club" by Wildcat head mentor Jerry Blakely, the Owls are out to improve on last year's mark of 3 wins and 7 losses. Already to Silverton's credit is a couple of scrimmage victories over Springlake-Earth and Matador.

The hometeam Owls are expected to rely heavily upon quarterback Ken Wood, who is considered an adequate passer, and a tall split end, Terry Culwell Expected to be running threats for the Owls are David McCoy and Craig

Silverton will run from a wing-t, according to Wildcat scouts, and like to run the ball outside. While the Wildcats' starting lineup will average about the same size as Silverton's, Littlefield will have a definite advantage in depth.

Entering the game with no injuries to hamper them, the Wildcats are favored in this first outing of the '72 season. Noting that his charges are eager for this first taste of actual combat, Blakely stated that "we'll have to play good heads up ball throughout the entire game

Expected to start for the Wildcats on offense are: quarterback, Terry Bryson; fullback, Arturo Soria; tailback, J. E. Johnson; halfback, Pat Henderson; ends Chris Pope and Leon Hodge; tackles Randy Cook and Ricky Richards; guards, Bill Hamblin with Larry Hobratschk and Mike Hopper alternating at one guard spot; and at center will be Kenny Francis.

Defensively the tentative lineup will look like this: Eddie Surrett and Randy Wesley at ends; Jerry Cox and Cook at tackles; Kenny Owens and Hamblin at inside linebackers; Johnson and Hobratschk at outside linebackers and Henderson and Bryson will split time at cornerback with Alan Mackey at the other cornerback spot. Lenearl Lewis will start at safety.

The Wildcats will leave for Silverton immediately after the pep rally Friday

Burglary, Forgeries Solved With Arrests

Two New Braunfels men were arrested Saturday afternoon in Littlefield and charged with burglary of the Good Year store late Thursday

The two, Mike Perez Sanchez, 19, and Eugene Aguirre, 17, are in the Lamb County jail, pending the posting of \$2,500 bonds each.

Both county and city law officers worked on the case and the two television sets which were taken from the store were recovered.

Lamb County officers arrested two Mexican-American males and two Mexican-American females, all of Hereford, Thursday afternoon on forgery charges. They are now in the Hereford jail. In Lamb County, they are charged with 10 check forgeries, and nine other counties have issued warrants for their arrest on forgery charges.

Claudio Lopez Jr. of Littlefield is in custody in the Lamb County jail after he was arrested Saturday and charged with disturbance. He is being held for revocation of probation.

Daylily Discussed In Special Meeting

Littlefield's official flower, the Daylily, was topic of discussion Wednesday morning when the Community Improvement Committee of the Chamber of Commerce met with the chairman of the Flower Committee.

Mrs. Wylie Roberts explained several phases of the flower itself, and possibilities for the distribution of the flower throughout the city.

Several organizations were considered by the committee for the distribution of the flowers which would come through local businesses which handle the

Mrs. Roberts informed the committee of the fact that daylilies may be moved anytime now -as long as the soil is workable- and that they will bloom next year. Some plants may be set out in the spring, and will also bloom during the summer. She emphasized, "If you watch what you're buying, you may choose a combination of plants that will produce blooms all during the summer

SBA Representative To Be Here Today

A field representative of the Small Business Administration's Lubbock District Office will be in the Littlefield Chamber of Commerce office today from 9 a.m. to 12 noon to interview and counsel small businessmen.

Any small businessmen interested in obtaining information about the Small Business Administration's loan programs. SCORE, management assistance or other programs may call for an appointment at 385-4451 at the C-CA office in the City Hall of Littlefield.

Some appointments are already confirmed, and applicants are urged to call early.

Applicants may also obtain about Economic information Opportunity Loans which may be made to assist in the establishment, preservation and strengthening of small businesses. These loans are available under Title IV of the Economic Opportunity Act of 1964, as amended.

Businessmen may bring with them personal financial statements, current business balance sheets and profit and loss statements, for the last two years, if

Littlefield 4-H Club Plans Meeting

The Littlefield 4-H Club will conduct the first regular meeting of the new year Monday night. Sept. 11, at 7:30 in the

According to Bobby Brunson, Associate Lamb County Agent, a business session will be held, and any youngster who is interested in joining the 4-H Club in Littlefield is invited to attend the meeting.

THE CHAMBER OF COMMERCE office is currently promoting the sale and distribution for sale of three new Littlefield post cards and a bumper sticker. Shown with the display is Sonja Patton, wife of the president of the C-CA. Doyle Patton. The new picture post cards depict the downtown area, a night scene of Littlefield, and the replica of the world's tallest windmill. The new bumper sticker is of a long-lasting plastic. (Staff Photo)

Doty-Gore Pledge Double Ring Vows In Sudan

Doty and Billy Wayne Gore

SUDAN-Miss Linda Karen pledged double ring yows Saturday evening, Sept. 2, in

MRS. BILLY GOFE

An archway covered with greenery and tiny white flowers, flanked by pedestals of greenery and the tiny flowers and candle trees, provided the setting for the wedding ceremony.

The bride, escorted by her father, wore a formal Gibson girl gown of white silk organza and batiste accented in crochet lace and tiny variegated turquoise blue forget-me-nots. The fitted bodice featured a high neckline rimmed in the crochet lace and continued down the front of the gown to the waistline. Long Gibson girl sleeves were shirred to lace cuffs accented in the variegated shades of the tiny flowerlets. The full bell skirt and chapel length train were encircled in a border of lace

and sprinkled in lace medallions centered with the tiny forget-me-nots. A wide satin sash marked the Empire waistline. Her bouffant veiling fell in tiers from a matching Venice lace capulet of white flowerlets. She carried a cascading bouquet of white rose buds with baby's breath and a lift-out white glamelia corsage atop an ivory prayer book that her mother carried at her wedding

The prayer book served as 'something borrowed." She wore the traditional "blue" garter, made by grandmother, Mrs. J. C. Wells of Muleshoe, a penny in her shoe and a gold wedding band which belonged to a greatgreat-grandmother was something old"

Miss Joan Harper served as maid of honor. Bridesmaid was Miss Jo Gaye Doty, sister of the bride. They wore turquoise blue gowns with the Empire waistline and short puffed sleeves accented with matching turquoise lace, and a sheer white hat trimmed with the lace. They carried a long-stemmed glamelia with ribbon streamers.

The flower girl was Miss Ginger Gore, sister of the groom. Her attire was fashioned like that of the other attendants and she carried a white lace and tulle basket filled with tuquoise and white flowers and baby's breath.

Randy Pierce was best man Groomsman was Bo Lance Donald Doty, brother of the bride, served as ringbearer Ushers were David Doty brother of the bride, and Arlan Patton of Lubbock, cousin of the bride and groom

Candlelighters were Rusty Gore and Randy Gore brothers of the groom.

The bride's mother wore an ice agua lace knit dress with an aqua carnation corsage and bone accessories. The groom's mother wore an aqua crepe dress and an aqua carnation corsage

Registering the guests was Miss Lori Patton of Lubbock. cousin of the bride and groom She wore a turquoise street length dress.

Providing the traditional wedding music were Mrs. Tommy Evins, organist, and Miss Linda Lane, soloist, who sang "Wedding Song", "For , and "The All We Know" Lord's Prayer.

A reception followed the ceremony in the church fellowship hall. The threetiered white wedding cake

OUR BUYERS GOOFED-PRICES SLASHED

turquoise roses, angels and bells, was topped with a miniature bride and groom. Punch, nuts and mints were also served from a table, covered with a white satin cloth and topped with a white net cloth, which was centered with a candelabra holding turgouise candles. The candelabra was encircled with the attendants flowers and the bride's bouquet. Servers were Mrs. Bobby Foster of Farwell, Misses Vicki Doty, cousin of the bride, and Shawnda Turner of Muleshoe, cousin of the groom

decorated with white and

John Chester and Rita Williford of Abernathy, cousins of the bride, distributed the rice bags.

The bride is a 1971 graduate of Sudan High School and a 1972 graduate of the South Plains College School of Nursing at Vocational Levelland. Gore is a 1970 graduate of

Sudan High School and a 1972 graduate of South Plains College as a diesel mechanic. The couple will make their home at Casa Linda

Apartments in Lubbock A rehearsal supper for families and attendants of the Gore-Doty wedding was held Friday night at Muleshoe with Mr. and Mrs. Billy A. Gore hosting the occasion.

Those attending were Rev. and Mrs. Oscar Newell: the honored couple, Billy Gore and Karen Doty, Mr. and Mrs. Wayne Doty, David, Jo Gaye and Donald; Bo Lance; Arlan Patton and Deon Williams of Lubbock: Linda Lane; Randy Pierce, Randy Gore, Ginger Gore and Mr. and Mrs. Gore.

Showers Fete Mrs. Miller

Breakfast Fetes Miss Suzann Tatum

Honoring her daughter, Suzann, bride-elect of M. Gaddy Wells, Mrs. Forbes Tatum entertained Saturday, Sept 2, with a buffet breakfast in her home.

Guests were greeted by Mrs. Tatum, Miss Tatum, and Mrs. Robert Lee Gest, mother of Wells, Mrs. Patricia Conway presided at the registration table. Mrs. Randy Smith, sister of the honoree, presented each guest with a card to which was attached a bird in flight bearing ribbons announcing the Oct. 4 wedding date of Miss Suzann Tatum and Gaddy Wells.

A hand-crocheted cloth, made by the honoree's grandmother, covered the serving table which was centered with a silver cart filled with fall flowers in the bride's chosen colors of purple and cranberry.

Crystal and appointments were used in serving the guests who called during the serving hours. Arrangements of fall flowers were used in the home.

Refreshments of blueberry tarts, fresh melon fruit salad assorted pastries, egg salad filled pastry shells, coffee, and plantation punch were served by Mrs. E. J. Wicker, Mrs. Gwen Tucker of Littlefield and Mrs. John Gabel of Fort

Mrs. Straus Baker and Mrs. Arthur Moncrief, aunts of the honoree; Mmes. Joye Hall, Dick Carl, Matilda Troyer, Delton Jones, Wayne Barnett. Frank Bartley, Kenneth Wiseman, Randy Smith, Patricia Conway, and John Gabel, Others were Mmes. E. J. Wicker, Mack Tucker, and

Planning, Selecting A Wardrobe

(Editor's Note: This is the first of a two-part fashion series on fall wardrobes -planning and selectionprepared by the Texas Agricultural Extension Service. For Part I, which concerns wardrobe planning. Roxanne Schnorr, Extension clothing specialist, reviews today's fashion philosophy and offers tips on determining current trends and applying them to the present wardrobe.)

Fall fashions already on the scene catch the eye and tease the budget

Whether we're going to be sewing at home or buying your clothes, the most important fashion goal is to know what's on the market, current trends and how our wardrobe can be updated," Roxanne Schnorr, clothing specialist for the Texas Agricultural Extension Service, reflected as she discussed today's fashion looks and wardrobe planning.

To measure fashion today. we don't have one silhouette, one length, one color or one fabric to copy. Instead, we have the look of a particular season," she explained.

'For example, in past seasons we've seen the leg look -with mini skirts and hot and the costume with its peasant, Indian, Oriental and American

'This fall, we'll see several looks. The classic look will emerge in pleated skirts with blazers to achieve the stillpopular layered look, and the shirtdress will underline classic trends. Also, the sports look promises to enjoy attention and will come in separates," the Texas A&M University specialist predicted.

To know what's in takes some observing, Miss Schnorr

'At the very beginning of a study fashion -particularly magazines those with fashions for your age group. Study newspaper ads and the fashion section of your paper - fashion writers know the new look months in

Do some window shopping the fashion-minded stores your city, and browse the fashion departments on a free opening night or Saturday.

exciting and different from

way manikins are dressed and

clues," the specialist pointed out." Once trends become obvious, the next step is deciding on new purchases to 'build in" a seasonal-fashion wardrobe.

accessorized are sharp

"Begin with what you have," Miss Schnorr advised. 'Make an inventory of all categories -- pants, shorts and eans, skirts, sweaters, shirts, blouses and tops, pantsuits. casual dresses and date dresses, coats, underfashions, shoes, boots, purses and other accessories

Then decide which are all right for the coming season and which categories need additions. Some garments may be okay, but need a bit of excitement by adding a new accessory," she pointed out

Citing an example, Miss Schnorr noted the possibilities of creating this season's look with jeans from a past season A sweater top over a body

shirt with a pendant or man's tie and jeans, achieves the sporty separates look for fall. Taking inventory also

provides the opportunity for removing unwanted and unused clothing -"the best way to make all garments count," Miss Schnorr added.

(In part II, Miss Schnorr will discuss wardrobe selection.)

Storewide clearance.

Near The Top

Texas is near the top of the popularity list with vacationing American families. a newly published national family opinion survey has disclosed.

The study, commissioned last fall by Better Homes and Gardens magazine, provides first-time comparisons of family vacation preferences for all 50

Projections based on response from more than 8,000 U.S. panel families rank Texas sixth in the number of family visits during 1971, and fifth in visitor

With 2.8 million family vacation visits credited to the state last year. Texas was exceeded only by California (5.6 million), Florida (5.5 million), New York (4 million), Pennsylvania (3.5 million), Tennessee (3 million).

The NFO probe found that visiting families spent \$474 million in Texas. The figure was surpassed only by spending in Florida (\$1.9 billion), California (\$1.5 billion), New York (\$684 million), and Hawaii (\$650 million)

This new study is significant in that it provides one of the first comparative measurements of American families vacation preferences," said Frank Hildebrand, executive director of the Texas Tourist Development Agency

The fact that it places Texas among the handful of states enjoying the largest numbers of visitors, and visitor spending, is further documentation of our popularity with vacationers.

This is especially gratifying when one considers that the only states exceeding Texas' share of the market are those that have been the nation's most popular family destinations for

years. To have joined their ranks virtually overnight is eloquent testimony to the rapidly growing tourist appeal that Texas possesses.

In terms of average spending by visiting family, the study put Texas tenth with \$166. Hawaii was first with \$1,138. It was followed in turn by Alaska \$720), Florida (\$338), California (\$277), Arizona (\$183), New Jersey (\$182), Colorado (\$174), New York (\$171), and Massachusetts (\$169)

Arizona was the only state in the sixstate Frontier West promotional region that enjoyed higher family spending than Texas. The other four states, New Mexico, Oklahoma, Kansas, and Missouri, all showed average spending of less than \$100.

The NFO reported that families visiting Texas spent an average of 5.1 days in the state -longest of its Frontier West neighbors. Exceeding Texas' length-of-stay nationally were Hawaii (12 days), Florida (11.3), Alaska (8.6), California (6.8), Colorado (5.4), Maine (5.3), Michigan (5.2), and New Jersey

Half of the families visiting Texas included children, the study found. In the Frontier West only Missouri, with 51 per cent of families traveling with children, surpassed Texas. Delaware experienced the largest proportion of families with children, 60 per cent.

Other states with more childrenoriented families were Maine (59 per cent), New Jersey and Wisconsin (54 per cent). Alabama (52 per cent), and Maryland/District of Columbia. Missouri, Rhode Island, and South Dakota, (51 per cent).

STATE CAPITAL Highlights TEXAS PRESS ASSOCIAL

FOR THE FIRST TIME in three years, the number of Texas families with dependent children on welfare rolls declined last month.

There are 1,555 fewer AFDC recipients than a month before, the State Department of Public Welfare reported. Welfare Commissioner Raymond W

Vowell attributed the reversal to a number of factors, including tighter controls on AFDC program eligibility, vocational training and expanded day care programs to help mothers get to work

The decline was the first in AFDC caseload since July, 1969. Dropoff was from 447,967 recipients to 446,412.

A steady increase in recent years has been attributed to liberalized eligibility standards as ordered by federal courts and altered federal regulations. In late 1970 and early 1971. AFDC rolls swelled at a rate of 10,000 to 12,000 recipients a month. Growth slowed significantly in recent months.

Vowell directed caseworkers to return to the practice of holding personal interviews with AFDC applicants and recipients, verifying income, child support, domicile, household com-position, and other factors affecting eligibility and the amount of assistance granted.

A massive recertification effort also has been ordered by which AFDC cases are being checked individually to determine whether a family situation has changed so as to affect the monthly assistance payment. A new policy also has been instituted requiring applicants to provide documentary evidence of child eligibility by birth or baptismal certificate or hospital record.

Fraud detection efforts have been stepped up, and 130 of 205 suspected cases have been referred to local prosecutors or grand juries

PWD REORGANIZED

A far-reaching reshuffling of Parks and Wildlife Department divisions was ordered by new Executive Director Clayton T. Garrison.

Garrison named six new directors to head statewide divisions under a new

Garrison said the reorganization is a "move to get back to the basic responsibilities of the department." Each of the six new divisions will be the headquarters unit for administration of all field activities. PWD personnel will report to appropriate directors and divisions in Austin.

HIGHWAY CONTEST FINALISTS

Five State Highway Department foremen and construction supervisors are finalists for this year's Lady Bird Johnson award for highway beautification work.

They are Milton C. Campbell of Ralls, Cullen Luttrell of Sonora, Herbert H. Smith of Rusk, Melvin E. Bayless of LaGrange, and Rumaldo Rivera of Falfurrias.

Mrs. Johnson will make the awards Oct. 11 at the Lyndon B. Johnson State Park near Sonewall. First-place winner will receive a cash award of \$1,000 and the runnerup will get \$500.

OFFICERS CREDITED

Additional auto insurance reductions may result from intensive law enforcement efforts that curb accidents,

Earth 4-H Club Sponsors Playday

The Earth 4-H Club is sponsoring a playday in the Earth Rodeo Arena on West Highway 70 Saturday evening, Sept. 9, beginning at 5:30.

According to Sheila Lewis, president of the Earth 4-H Horse Club, books for entries in the event will close at 5 p.m. that day

Entries in flag race, potato race, stake race, pole bending and barrel races are being accepted in the pee wee, young juniors, juniors and seniors age

The 4-H Horse show rules will be used, and the playday is open to all youth under 19 years old.

Trophies will be awarded for the high point county group, and buckles will go to the high point age groups. Point system B, according to the state horse show rules, will be used to determine

Southwestern Insurance late Service said recently.

On the other hand, if

efforts slacken and accident rises, benefits of the recent il rate cut (effective Sept. 1) w the association said.

Police chiefs and sheriffs to special commendation from surance group for efforts a accidents last year -and a rethey continue to concent-speeders, drunk drivers at without proper licenses.

Texas Indians Offer Welcome To Reservation

Indian Summer pproaching. and the Alabama and Coushatta Indians of East Texas are extending a welcoming hand to visitors to their reservation for the fall season which begins Sept. 5 and runs

through Dec. 10. Indian Summer is one of the more colorful times of the year in the Big Thicket area of East Texas, Indian Village at the Alabama-Coushatta Indian Reservation provides visitors with much excitement, as the coming of autumn brings resplendant color to the East Texas "Abole Chuba" or Big Woods as the Indians call the

Big Thicket. Added to the ever-growing tourist attraction list during the past year have been the Big Thicket Reptile Garden, Po Kam Ma Petting Zoo and the spacious and modern Inn

of the 12 Clans Restaurant. In addition to increasing the number of activities, the Reservation has included one its more popular attractions, the Living Indian Village, in its daily schedule

the year-round. Activities in addition to the reptile garden, petting zoo. Living Indian Village and restaurant include the Big Ticket Tour, Indian Country Historical Tour, Indian Chief Train Ride, Tribal Museum and Arts and Crafts shop. Tribal dances will be performed on Saturdays and Sundays by the colorful Na-Ski-La Dancers. Activities are open from 10 a.m. until 5 p.m. weekdays and Saturdays and from noon until 5 p.m. on Sundays. All activities have

convenience. The two tribes have a goal of self-sufficiency from all state aid by 1975 through the tourist program. A visit to the reservation helps them

toward this mark.

been winterized for visitor

Complete camping and picnic facilities are available at the reservation. Camping is free to all scout, school and youth groups at the Big Sandy Campground, and a special group rate discount price on activities will be in effect for groups of 20 or more.

High Plains Field Day To Feature Equipment

Latest innovations in farm machinery and agricultural equipment will be on display during the 16th Annual Field Day and Open House, Thursday, Sept. 14, at High Plains Research Foundation near Halfway.

According to Dr. Tom Longnecker, Foundation director, equipment exhibitors and representatives of seed and agricultural chemical companies have reserved display areas in the exhibit area located west of the Killgore Building.

Dr. Longnecker said the number of exhibitors will not be known until Field Day but he indicated that numbers should be similar to last

In a departure from past Field Day activities, the regular evening program with a special guest speaker will not be observed. Also door prizes and drawings for other prizes given away during afternoon activities will be

week and was surprised how

fast they are growing. Seems

like each day you can see

growth. Almost all of the milo

that was planted since the

progress in developing grain sorghum varieties that are resistant to greenbugs," points out Johnson. "This research began in 1969 and we are on the threshold of releasing some of the resistant types to commercial breeders. Of course, we are continying to select plants for improved

According to the researcher, field day visitors will be given information to show the stepby-step procedure for developing improved greenbug resistant sorghums.

Teetes is conducting several tests to determine the effect of the environment on greenbugs as well as the damage that a specific number of greenbugs can do to a sorghum plant. He is also monitoring the efficiency of beneficial

To study environmental effects on greenbugs, the scientist has erected a number of cages in grain sorghum plots. With these, he can control the various environmental elements that affect plants, such as wind, rain, sunlight, blowing sand and temperature.

Teetes is also able to check the effects of a specific number of beneficial insects on a certain number of greenbugs. "We are trying to determine the ratio of 'good bugs to bad bugs' that is needed to effectively keep greenbugs from causing economic damage to the sorghum. With information we will be better able to make a judgment on whether or not an insecticide control program should be started.

By eliminating various weather conditions, we can determine what effects each of these conditions has on greenbug populations, adds the entomologist.

'As we pull this multitude of information together, we should be better able to develop a pest management program that will call for only minimum insecticide usage, contends Teetes.

In addition to the research on greenbug control, field day visitors will also be able to view work with drip irrigation, oilseed crops. cotton diseases and varieties, narrow-row cotton, soil fertility and vegetable crops. Special discussions on weed control and the weather will be conducted at the Center headquarters

Those with special interests will have an opportunity to spend as much time as they desire at any of the field

Modern equipment and machinery will also be displayed, and there will be exhibits in the headquarters building.

TRAFFIC DEATHS

Half the deaths, injuries and property damage occurring on U.S. highways every year stem from accidents in which alcohol is involved. The 1971 traffic death toll topped 54,000.

early July hailstorm is beginning to head. One thing about this rainy

weather, it will give the area's milo crop the extra push for a few extra dollars of profit. While inspecting the young milo, it was noted that the

Lady Bugs were in abundance. and they seem to be keeping the various harmful insects in check

Noticed one patch of early milo located about a quarter of a mile from a row of trees that was half eaten up by birds. From my estimation, the sparrows have eaten about 1,500 pounds off of each acre.

MOST COMMENTS HEARD around the area is that it sure needs to quit raining and let the sun warm up our days and nights. We still have a chance for a bumper crop if the weather will clear up.

HEAR FROM A couple of people who went down in the lower part of Texas to do some custom cotton harvesting, that most cotton went into the loan at about 17 cents. From all indications, it should be a lot higher for our type cotton. SEEMS LIKE A person can

not go anywhere in the world without having a group of radicals spoiling things guess most of the world is shocked as to what happened during the Olympics. Being of a conservative nature, I can really comment, because I don't believe that one or two should take things in their own hands and try to change the world. The majority rule is still good enough for me.

HAD A FEW people ask me as to where Cofferville is located. According to the Texas Almanac, it is located about six miles north of Littlefield on Hiway 385. To most in the area it is referred to as Embry Gin or Six Mile Corner. Been living here all my life and still learning Lamb County geography.

MANY OF OUR young

people are getting a chance to learn something about politics as some are running for various offices on Student Council. This will be a good experience as some will win and others will lose, but remember it is not the position you obtain that is important. but how you support that counts.

You can't get a good job without experience.

BULA OPENS SEPTEMBER 15

Most Area Teams In Action Friday Night

The familiar thud of a foot kicking a football will echo over the area this Friday. when most schools open their 1972 football season at 8 p.m.

At kick-off time, Class B Amherst will open their season by taking on neighboring rival Class A Sudan at Sudan.

Sudan, led by new head coach Jim Warren, will be hungry for a few wins after finishing 3-7 last year The Hornets lost five starters, but will not be completely green because some good backup players will be filling the slots.

Amherst, a young team with a lot of spirit, lost only three starters last year and will be giving the fans their money's worth as they attempt to upset some pre-season football

Anton Buildogs completed a successful Class B season last year by winning district moves up to Class A this year.

Anton will travel to Sundown Friday for a season opener Anton's starting lineup will be made up with returning lettermen, with the exception of one man. There is a man to replace any player in each position, thus depth is not a problem

Besides depth and experience. Anton will have

Ronnie Riggs, Billy Frances Win Tourney

Mike Broussard and Joe Tubb took the opening round of the Littlefield Labor Day Partnership Sunday but were tripped up in the final round Ronnie Riggs and Billy Frances.

Riggs and Frances shot a 36hole total of 133, toppling the second place team of Broussard and Tubb by two

Ted Griffin and Ronie Rosson shot a third place 136 in the championship round.

Williams who won the 100 and 220 in last year's state track meet in Austin. Williams ran the 100 in 9.9 and the 220 in 22

Class A Springlake-Earth goes to AA Morton this Friday with hopes in using speed to upset the Indians

The Wolverines lack in size and strength will be making up the difference in enthusiasm, speed and passing with hopes of being in contention this year. The Wolves finished 7-3 last year.

Olton hosts Tulia Friday with hopes to dump the AAA school and upset a couple of predictions by two top football magazines who have chosen Otton to be last in the district. Coach Kennison thinks this

J. E. Johnson (45) plows through the Phillip's line for a touchdown.

Sandhill cranes are legal from Oct. 28, 1972 - Jan. 28, 1973, from one-half hour before sunrise to sunset in that part of Texas west of a line from running International Bridge at Del Rio, northward along U. S. Highway 277 to its junction with U. S. 87 at San Angelo, northwesterly along U. S. 87 and including all of Howard and Lynn Counties, to its junction with U. S. 287 at Dumas, northwesterly along

U.S. 287 to the state line. The season on sandhill cranes is also open from Dec. 2, 1972 - Jan. 28, 1973, in that part of Texas west of a line from San Angelo along U. S. 277 to Abilene, along State 351 from Abilene to Albany and U. S 283 from Albany to Vernon, east along U.S. 183 to the state line in Wilbarger County; and east of a line from San Angelo northwest along U. S. 87 excluding all of Howard and Lynn Counties, to the junction of Highways 87 and 287 at Dumas and along U. S. 287 from Dumas to the state line in Dallam County

The daily bag limit on ducks is from two to 10 in the aggregate; the specific daily imit depends on the sex and species according to the 100plus point system.

90-point Ducks: Mallard hens, wood ducks, hooded mergansers and New Mexican

20-Point Ducks: Black mallard drakes, mottled ducks, pintail hens and ring-necked ducks. 10-Point Ducks: All other

open species. Bag and possession limits on

coots are 15 and 30.

The bag and possession limit for geese and brant was reduced to four. In that portion of Texas lying west of U. S. Highway 81, the daily bag and possession limit may not include more than one Ross's goose and in the alternative, one white-fronted goose; or one white-fronted goose and one Canada goose; or two Canada geese

In that portion of Texas lying east of U. S. Highway 81 the daily bag limit may not include more than one Ross's goose and in the alternative not more than one Canada goose or one white-fronted goose; and the possession limit of not more than one Ross's goose and in the alternative not more than two Canada geese or one Canada

Wildcats Chose To Be Top Te

The alignment has been changed, but the team at the top could be the same as last year as District 3-AA starts into the 1972 football season.

District 3-AA teams, with other schools from over the state of Texas, jump into the football waters this weekend, and expected to lead the league is the same one which led a year ago: Littlefield.

The Wildcats of Coach Jerry Blakely have been nominated for repeat honors in the eyes of opposing district coaches. The decision was unanimous among the other four coaches in the league

The poll of coaches showed a closeness, too. The voting found Friona finishing second in the pre-season voting, followed by Morton. Dimmitt and Olton finished in a deadlock for the fourth spot.

Last year, the district was larger. The eight-team league lost three members, however, when the Interscholastic League realigned for this fall. Leaving for a newly formed District 4-AA were Floydada. Lockney and Abernathy.

Last year, Floydada and Littlefield shared the title with
