School Board Employs 8, Fills Littlefield Faculty

Littlefield school trustees filled all faculty vacancies, including milk, bread and gas contracts and approved a \$1,317,322 budget for the school year at their monthly board meeting last night.

teacher resignations, then promptly filled those spots and four others in preparation for the new school year, which begins with registration Aug. 24.

Details of the school budget for 1970-71, along with a glimpse of how this year's

finances went, are in a separate story on this page.

Resignations came from Mrs. Iona Donnelly, fourth grade; A. H. Burton, remedial math; Randy Allen, junior high coach; and Mrs. Kay Allen, first grade. Mrs. Donnelly and Burton are leaving the teaching field, and

the Allens have accepted employment in Seagraves schools.

Eight new teachers employed are:

Miss Linda Campbell, remedial math. Miss Campbell has just completed work toward a master's degree in math at Eastern New Mexico University, where she has been a graduate teaching assistant the past year.

'70-'71 SCHOOL YEAR

Record Budget Approved

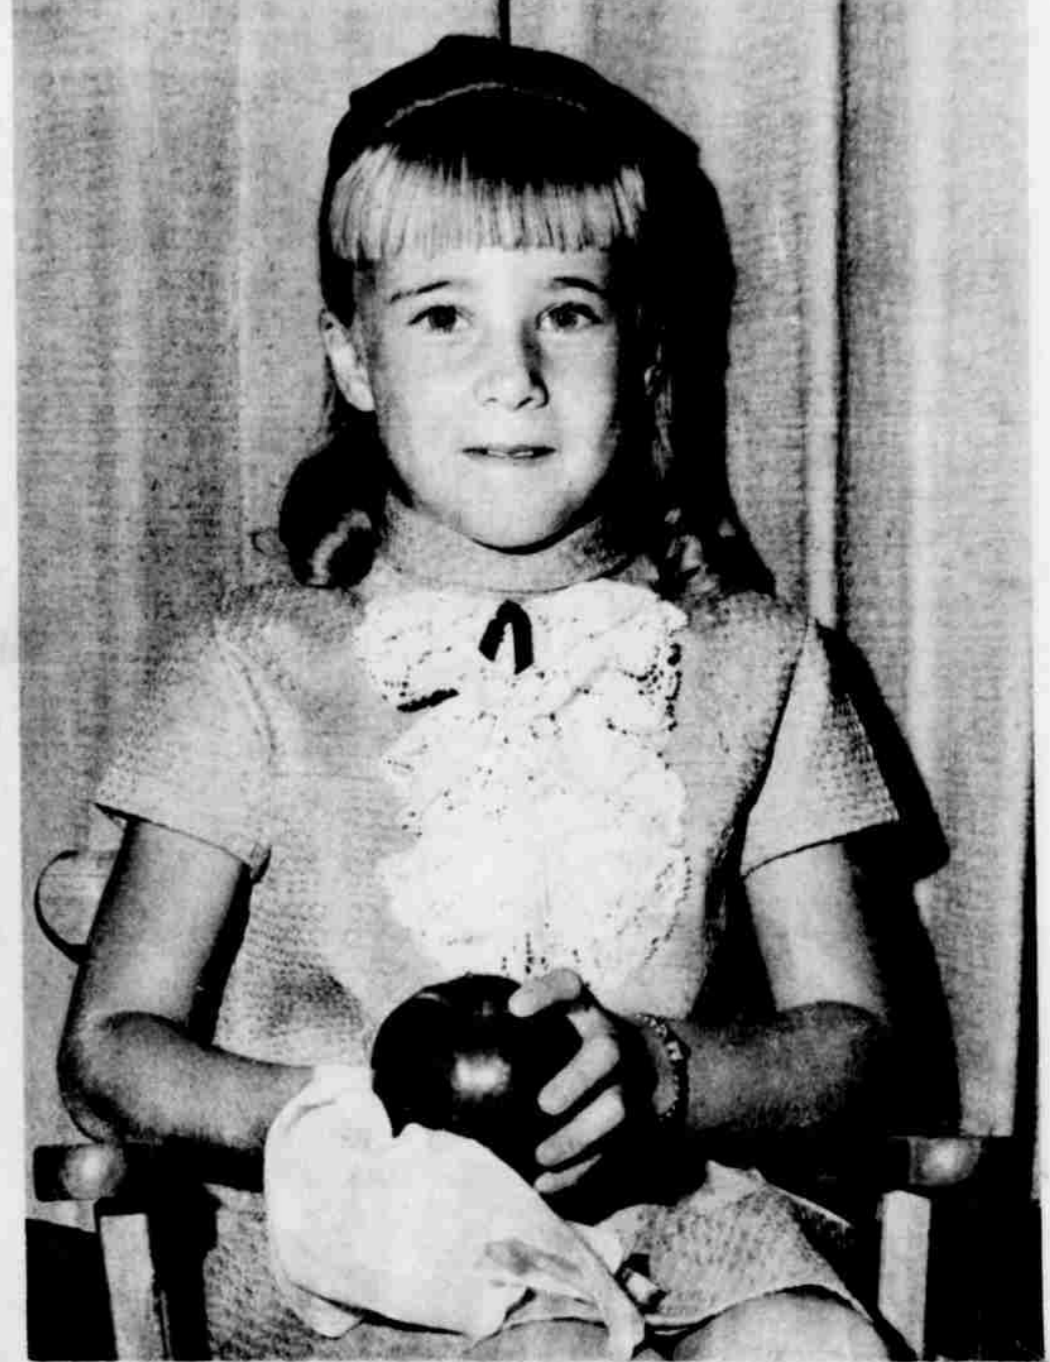

Budget for Littlefield 1970-71 approved by Monday night calls for total expenditures, because of the state's increases in teachers' salaries.

Although 1969-70 spending will end up almost \$32,000--3 per cent--more than originally budgeted, a \$40,000 surplus with which the school started the year will offset the increased expenses.

All of this was expected at the beginning of last year, mostly because of the teacher pay increases, but the school board at that time said it would delay the tax increase for a year and use the surplus to get by.

Rains here early Monday morning ranged from hardly enough to get the ground wet to gully washers in spots over the area.

Residents in the Hart Camp and Circle communities reported the heaviest rains, with totals up to 3.5 inches. Drexel Lawson received 3.5 inches on his Circle farm, but on another farm between Olton and Circle,

spending anticipated in fiscal school year--to Aug. 31, 1971--is \$2, approximately more than in the year '69.

Because of this increase in teacher salaries, state's cost-share for teachers is approximately 10 per cent.

So, the local district increased costs--because of simple multiplication--to 12 per cent times the hike comes out and this amount has been locally.

One of the main reasons throughout the district have been raised

to get the local income necessary.

Largest single item in the expenditures is instruction--teacher pay--and that comes to \$930,998.

Miss Mary Lynn Kochanowsky, junior high math and science. She is a 1969 graduate of Sam Houston State University.

Robert F. Godeke, junior high math. Godeke attended Del Mar Junior College at Corpus Christi and Texas Tech, where he expects a degree in math.

Embry Gin didn't get a drop of rain. Those in the Pep and Bula areas found themselves in the water gap again and said showers didn't even wet the ground.

Only a sprinkle fell at Sudan, but an average of one-half or a little more fell to the west and southwest of Sudan.

An inch to 1.3 inches were measured on town gauges at Amherst, but outside the city limits totals from .3 to one inch fell. South of Amherst, Blackie Seymour and Jim Templeton reported .8 of an inch.

Rain at Whitharral was spotted, also, and averaged about .5 up to one inch.

On bread, Baldrige kept the business. Mrs. Baird's Bread and Rainbo also were bidders. All three companies submitted the same prices.

On gasoline, Pierce Oil Company (Cosden) retained the business with the low bid of 17.60 cents per gallon, including state

awarding contracts for milk, bread and gasoline purchases by the school system. trustees kept the same firms that had the business last year.

On milk, the Borden Co. bid .075 cents per half-pint of white or chocolate milk. Cloverlake matched that bid, while Bell Dairy Products was at .076. The contract went to Borden.

Rain Totals Vary Throughout Area

Rains here early Monday morning ranged from hardly enough to get the ground wet to gully washers in spots over the area.

Residents in the Hart Camp and Circle communities reported the heaviest rains, with totals up to 3.5 inches. Drexel Lawson received 3.5 inches on his Circle farm, but on another farm between Olton and Circle,

rainfall measured one-half inch on one side of the farm and one inch on the other side.

Such spotted conditions were reported over the three-county wide area where the rains fell.

Bud Vann at Spade reported just a shower, but water was running down the bar ditches around Fieldton and up to two inches fell north of Countyline.

Rains were generally moderate to heavy for most of the land north of the sandhills from west of Earth to east of Olton. Crops are in excellent condition in these areas where there is adequate irrigation water, and the rains came at a needed time.

Many in the areas where water is weakest, and where woes have been added to woes this crop year, got the smallest measurements of moisture.

Embry Gin didn't get a drop of rain. Those in the Pep and Bula areas found themselves in the water gap again and said showers didn't even wet the ground.

Book Sale To Begin

Littlefield Rotarians are still gathering up books for the big Rotary Club book sale set for Aug. 15-22.

The books go on sale in the building between Sears and Mode-O-Day Saturday morning at 9 a.m., and members of the Rotary Club will be tending the store from 9 each morning until 5 p.m. each day next week.

Anyone who has books of any type they would like to donate may call the local radio station and a club member will pick up the books. There is a collection center at Connell's Office Supply for those who would like to bring books to the downtown area.

Hard back books, paperbacks and text books are needed. Paperbacks will sell for 10 cents each and hard backs for 40 cents. There will be a special table with books priced as marked for more valuable editions.

Area Countdown Begins For Back-To-School

Area school bells will be ringing early this year, thanks to a new ruling extending the school year in Texas. Add to this the trend to give students and teachers a week off around Easter for a spring holiday, and school-bound youngsters and instructors are doing a countdown on the number of days remaining in this summer vacation.

Faculty members go on a 10-month schedule this year, and most teachers in the Littlefield area, school, in the form of in-service training, be-

gins Monday, Aug. 17. Four area schools have their first full day of school Monday week, Aug. 24. Bula, Pep, Anton and Whitharral begin the first semester of the new year on this date.

Littlefield schools and those at Amherst, Olton and Sudan begin the new year Wednesday, Aug. 26.

Spade and Springlake-Earth have the latest starting dates, with classes beginning on Monday, Aug. 31. All teachers in Lamb County will meet in Littlefield next

Thursday and Friday for a county-wide in-service training session.

Teachers and administrators of all of the area schools that are members of the Small Schools Association will participate in associational meetings in Lubbock, Wednesday and Thursday, Aug. 20 and 21.

Registration schedules, school calendars, football schedules, and lists of area teachers and administrators are in today's special back-to-school section.

Historian To Help Dedicate 'Windmill'

David B. Gracy II, grandson of Arthur P. Duggan Sr., will be among the dignitaries to be featured on the program for the dedication of Littlefield's "Tallest Windmill" marker, Friday, Aug. 28.

The Texas State Historical marker will be unveiled during the program, which begins at 3:30 on the dedication site at the north end of XIT Drive and Delano Avenue (Business Route Highway 84).

The event will begin the action for Littlefield's Second Annual Festivities Days, slated for Friday and Saturday.

Gracy is an archivist of the Southwest Collection at Texas Tech, which is the university's historical manuscripts and archives collection.

He holds his Bachelor of Arts and Master of Arts degrees in history from the University of Texas, and will soon complete his PhD program at Texas Tech.

Gracy is currently preparing a biography of Major George W. Littlefield, former Austin banker and owner of the Yellow House Ranch on which both his namesake town was founded and

the world's tallest windmill was erected.

He has had scores of articles and books published. One of his books, "Littlefield Lands", describes the opening and first eight years of development of Littlefield. "Littlefield Lands" received an Award of Merit from the American Association for state and local history in 1958 as "an outstanding contribution to local history."

DAVID B. GRACY II

Among other dignitaries who have been invited to appear on the program are the E. B. Lucas, who have written "Paha Sapa", a book about Highway 385, which comes through Littlefield; A. P. Duggan Sr.; Otha F. Dent, chairman of the Water Rights Commission, who will serve as master of ceremonies for the program; George White of George White's Ranch (formerly the Yellow House Ranch), who will be in charge of the marker; Billy Wayne Clayton, State Representative; and Lynn Travis of Channel 8 in Dallas.

Pat's Record Center will provide the loud speaker system for the ceremony.

Williams-Markham Vows Read At Sudan

SUDAN--Miss Glynda Lee Williams and Charles Bonner Markham exchanged double ring wedding vows, last Saturday evening, in the First United Methodist Church of Sudan. Reverend Aubrey White, minister, officiated for the reading of the vows.

Parents of the couple are Mr. and Mrs. Glyn Williams and Mr. and Mrs. Joe Burt Markham, all of Sudan.

The bride given in marriage by her father, wore a full length gown of lace over peau de soie, with seed pearls on the front panel, sleeves and outlining the scalloped train. She carried a bridal bouquet atop a white Bible. The Bible was more than one hundred years old, owned by her great-great-grandmother.

Traditional wedding selections were presented by Mrs. Tommy Ewins of Sudan, organist and Miss Marlana May of Olton, soloist.

Attending the bride as maid of honor was her cousin, Miss Judy Williams. Bridesmaid was Miss Ellen Williams, cousin of the bride and Miss Katrina Williams, sister of the bride, was junior bridesmaid. They wore identical full length empire dresses of azalea pink primo, with long full sleeves and over-skirts of shocking pink and angel wing chiffon.

Serving the groom as best man was Steve Smith. Burck Tollett was groomsman and Jimmy Markham, brother of the groom was junior groomsman. Seating the guests and candle-

lighters were Mickie Gilbert and Clinton Jones.

Miss Rene Markham, cousin of the groom registered the guests. Mrs. Mike Hanna of Odessa and Miss Susan Gaston served at the reception.

The bride will be a senior at Amarillo High School. The groom graduated from Sudan School in 1970 and will attend Amarillo College of Vocational Arts.

Randall Making Survey

Mark Randall, son of Mr. and Mrs. H. C. Randall of Littlefield, is currently involved in archaeological survey and excavations near Nuelin Lake, Manitoba, and Mountain Lake, Northwest Territory, Canada. He is accompanying Dr. Ronald Nash, director of archaeology of the Manitoba Museum of Man and Nature.

They will spend several weeks in the field, working on a project connected with the pre-history of the Chipewyan Indians, the major Indian tribe to inhabit that area.

Exploration is confined to a short period of time due to the late thaw and the early freezing. Ground thaw usually extends from 8 to 10 inches.

Randall and Nash were fortunate to meet the last northern fur trapper in this area, a Norwegian, Ragner Johnson. Johnson has been in this vicinity since 1938, the last of the trappers who lived "in the bush", following the northern Manitoba lakes and rivers.

His team of huskies now is enjoying a "vacation" but will get back into harness at the first snowfall.

Randall says the country is beautiful—high expanses of water and forest and high sand ridges. Game is plentiful and fish everywhere.

The caribou have moved farther northward because of disturbing bush pilot's plane noise and widespread Indian

hunting. Bears make themselves at home in an unguarded camp, raiding supplies and overturning canoes for fish which might have been left.

Communication with the nearest white habitation, 550 miles, is by two-way radio. Government radio personnel monitors their frequency for 15 minutes each morning and night in case of emergency.

Mark is a graduate of Littlefield High School, Texas Tech College and will return to University of Manitoba at Winnipeg to resume work toward his Master's Degree in Anthropology.

Red Cross Board Conducts Meeting

Dena Reast and Gene Williams, two students who took water safety training at Lake Murray at Ardmore, Okla. in June, presented reports on their training during the meeting of the Lamb County Red Cross Board Friday afternoon, Aug. 7.

Mrs. D. R. Leonard, chairman of the organization, presented the two with certificates of water safety instructor authorization. Red Cross members revealed that the local chapter is now accepting voluntary contributions on behalf of the victims of Hurricane Celia. Contributions to be donated may be taken to the office in the basement of the Lamb County Courthouse. The Red Cross Board is seeking organizations or individuals who wish to help make and fill 50 "dirty bags" for servicemen. The bags need to be shipped between Sept. 1 and 30 and anyone wishing to volunteer their services are asked

to contact the Red Cross office, or their community Red Cross Board member. Mrs. H. C. (Anna Mae) Miller of Littlefield was elected to the Board as a new member. Attending the meeting were Mmes. Ruth Leonard, Bonnie Haberer, Doris Frey, Lenore LaGrange, Ophelia Stone and Ruth Wade, and Rev. C. P. McMaster, J. P. Arnold, Judge G. T. Sides, and one guest, Miss Dena Reast.

DEAR EDITOR

What Our Readers Think

'One In A Million'

(EDITOR'S NOTE: This letter was received by a former Littlefield Public School teacher, Mrs. W.M. Davis, from one of her former students, Susie Harrison, who now resides in Alamogordo, N.M. and is daughter of a former Littlefield city manager.)

Dear Mrs. Davis,
I don't know if you remember me or not. I was the shortest girl in your room in 1959-60. But I wanted to send you this because through all my schooling, you've still remained my favorite teacher and person.
It's been ten years since I was in your room yet I still remember it as if it were only yesterday. Those days went kind of slow and easy and there was time for every-

thing. I think all of us in your room thought of you not only as a teacher, but as a friend, and we admired and respected you for that. You taught us love of God and country and friendliness towards one another. It's too bad more teachers don't follow your ways; I bet we would have much better kids coming out of school these days.

It seems everything nowadays is all speeded up and everyone is in such a hurry to get somewhere. It's really nice to look back and think I was fortunate enough to have a teacher like you and of all the wonderful things I learned from you. Mrs. Davis, I think teachers like you are "one in a million" and you will always be my favorite. Thank you so much for everything.
Love,
Susie Harrison

NEGOTIATIONS ARE under way between the auto workers and the auto makers--with both sides so far apart another major strike appears inevitable.

When Chicago truck drivers were on strike for a dozen weeks, it hurt Chicago.

WHEN THE DRIVERS who'd been earning \$4.15 an hour demanded and got \$5.80 an hour, it hurt all over.

Because the trucking companies are not going to pay that extra \$1.65 you are.

Chicago truck drivers were out for 12 weeks insisting that they needed more money than do truck drivers elsewhere because of the higher cost of living in Chicago.

WHEN EMPLOYERS finally agreed to the raise, they specified that it must be spread over a period of 36 months--to allow employers time in which to increase revenues.

That means that the higher cost of doing business must be passed along to you to pay in higher prices for everything that moves by truck.

Here, brought into sharp focus, is the paradox of a union justifying higher wages--because of higher prices--thus forcing prices higher.

THIS IS NOT GOING to be a tirade against the Teamsters. Their complaint is valid--but the remedy they have prescribed for themselves is a palliative, not a cure. It will ease the hurt only for a little while.

Railroads began going bankrupt after railroaders' wages increased 38 per cent in eight years. While the charge for hauling freight went down 2 per cent.

THE ABUNDANT LIFE

Help Yourself

By BOB WEAR

INDEPENDENCE IS NOT an absolute life quality, but the greatest possible degree of independence is essential to personal accomplishment. It is a mistake to assume an unreal and impossible kind of independence, because we are dependent upon God and upon our fellow-men for many things.

We can be independent, however, to the extent that we accept the fullest possible responsibility for ourselves.

WE CAN BE SELF-RELIANT. We can understand the importance of doing for ourselves everything we are able to do, and neither expect nor ask anyone to do what we can do or what we can learn to do.

From the human experience has come the saying, "God helps those who help themselves."

SELF-HELP IS THE BEST HELP. Of course, there will be proper times for help from others; however, the maximum of self help must come first. This doesn't mean that we can do everything.

We cannot be totally self-sufficient, but we must never fall into the habit of feeling that "somebody should help me."

"THE SPIRIT OF SELF-HELP is the root of all genuine growth in the individual; and, exhibited in the lives of many, it constitutes the true source of national vigor and strength."

"Help from without is often enfeebling in its effects, but help from within invariably invigorates." S. Smiles.

THE MORE DEPENDENT we permit ourselves to become, the more useless we become. This is true in all ways concerned with our potential for helping ourselves.

If, as a continuing practice; other people, or some government or

we were created to do for ourselves, we will become a kind of parasite.

WE CAN FORGET HOW to help ourselves. We can actually lose the motivation, the initiative and the willingness to fully accept the responsibility for self.

It is possible to drift into a state of being in which we have actually replaced self-reliance with self-distrust. This is a tragedy.

SELF-DISTRUST is the cause of most of our failures.--In the assurance of strength there is strength; and they are the weakest, however strong, who have no faith in themselves or their powers.--Bovee.

We must learn to accept personal responsibility. We can learn to think for ourselves, make wise decisions, establish sensible goals, and stand on our well-thought-out convictions.

Even though we can never be completely independent, there are many ways in which we can and must learn to depend upon ourselves.

"EACH MAN SHALL BEAR his own load."--Bible.

This refers to the important matter of facing up to our individual responsibility.

MANY PEOPLE EXPECT too much help. They expect too much from the Creator, and they expect too much from others. These people are problems to themselves, and they become a nuisance to their fellowman.

There are too many people who do not do their best to carry their load. They just sit around and wait for someone else to pick it up.

WHEN WE CARRY OUR LOAD, we help ourselves and everybody else; and are able to give aid to others when there is a bona fide

A WOMAN'S VIEW

Such As I Have

By PEARL BRANDON

ONCE WHILE DOING social work I found myself without funds. There is nothing any more distressful than trying to do social work without money--having needy people come asking for help with nothing to give.

ONE MORNING before I went to work I sat praying, when I was reminded of Peter and John as they went together into the temple to pray and found the man who had been lame from birth, sitting at the gate called Beautiful. When he asked alms, Peter fixed his eyes on him, and said, "Look on us, silver and gold have I none; but such as I have, give I thee; in the name of Jesus Christ of Nazareth, arise and walk."

Peter stretched forth his hand and lifted him up, and the lame man much to his amazement found he could walk.

I DIDN'T HAVE money to give my needy clients, but I did have SOMETHING to give.

I could tell them about my God who had guided me all through the years, who was able to give them so much more than a grocery order or pay the rent, which is only temporary help at the very best.

I WENT ON TO WORK and in a little while a young woman came in to the office asking for help. Her husband had been out of work several weeks and they were new in town.

They were behind with their rent and owed a small bill at a grocery store.

They had two children to feed. The day before their house caught fire inside; although they had got the fire put out before doing very much damage the house was smoked inside.

Her husband suffered a few burns and was overcome with smoke and was in the hospital. She didn't have one dime to pay the bills.

SHE DREADED FACING the landlord as she was in debt to him and now the house was damaged.

While listening to her story I was praying silently. After she had finished I told her of my experience before coming to work that morning and suggested that we pray together over her problem and ask God to help us find a solution.

After prayer we spent an hour going over ways she might help herself. I offered to contact the churches

and the radio station and ask for help since they did have a fire. She had never been on relief and hated the idea. Instead, she said, "I feel so much better. . . let me see what I can do on my own first."

IT WAS THREE DAYS before I saw her again. She came into the office with a beaming face, and gave me this report.

When she left my office that morning she had gone directly to the groceryman that she owed and told him she must have more food but that she wanted to work for it, that she could sew, baby sit or clean house.

The groceryman's wife heard her and gave her work immediately making school clothes for her children.

THE LANDLORD was equally kind; even furnishing paint for them to paint the house inside and out to pay the rent as soon as her husband became able to work.

Her husband had offered to work out the hospital bill and they accepted his offer. She also said the Lord had been so good to them that they were going to start to church next Sunday. (They hadn't attended church since coming to this town.)

OF COURSE you know what happened. It wasn't long before he had a job and they became one of the finer young families of the town.

We know the well trained social worker goes into all phases of a case and gives assistance in whatever way available, or has resources for, but many times encouragement to trust in the Lord and to believe in their own ability is needed more than financial help.

Not only in social work but in every walk of life. In our every day life we need the guiding power of God, regardless of our vocation.

WE NEED TO PAUSE each morning and commune with God to get our instruction for the day.

If we don't we are like workers on a construction job that goes out to work without contacting the foreman to find out what to do that day.

Or even if we know what to do we have a frustrated feeling, when a few moments alone with the Lord will give us peace of mind and assurance to face whatever come.

HOMMY GRITS

By CORNBALL BLEVINS

AT THE RISK of running a foul of the wrath of the "Fair Sex", I feel inclined to comment on the present bill in Congress, to wit: "The Women's Liberation Bill", (or, whatever it's called.)

Since woman has been lowering her status for the past many years, I suppose it's not surprising that she wants to go the final mile.

THEY MAY PASS a bill declaring the sexes equal but legislation won't get the job done.--That is to say, it can't be done until legislation is passed to compel the male to give birth to, at least, every other baby.

Time was, when woman was kept upon a pedestal, but she's changed that; She's stepped down.

DURING THE LAST world war, the queen of the house took over as "Rosie, the Riveter". Seems she like the role.--(Shux, now she even has her "own" cigarette!)

I doubt if there's a MAN living, that didn't have dreams of his being the sole breadwinner, while the wife was the "Keeper of the L...e" as well as the mother of the children.-- He envisioned her as his Queen, assigning her a place of reverence, both by him self, and his children, as well as all who entered the house.

BUT, ALAS, modern woman doesn't want that! --She wants to designate her role "In the marketplace". She wants to sit in the seat along side the drone, doing the same things, and lowering herself to be his "Equal!"

I've often wondered just what kind

of world and economy we'd have if the sexes had kept the place the Lord outlined for them in His Holy Writ.

OF COURSE, I realize that "Special" procedures would need to be outlined in the case of widows and spinsters.--But, oh, well, that's just a dream, anyway.

Anyhow, boys, get ready to move over!--Some woman may prove to be a better MAN than YOU are!

DON'T BE SURPRISED if some fair lady knocks you off your job driving that ten ton truck, or running a road grader.-- And what of the auto mechanic and/or the steam-fitters? (Shux, I'd been married nearly thirty-four years, myself, before I realized I'd married a bus-driver!)

After it's all said and done, I can't help but wonder who's gonna tend the kids, cook the meals, make the beds, darn the socks, and meet the breadwinner at the door with a smile of welcome at the end of the day.

ROSIE THE RIVETER made history during WW II, but, I've got a sneaking suspicion she was a pretty poor wife!

Given time, I'm sure she'll make a good soldier in the armed forces, right alongside our best Marines.-- Only thing, I wonder if they'll get time off to have a family, or, will we have to rely on the incubator for this???

BUT AFTER ALL the legislation's woman will still be a woman and man will still be man!

City Schools Expect Enrollment Of 1,900

Littlefield school campuses are relatively quiet these months--with the exception of some minor fix-up projects--but they are getting back to life again when students in the school district begin registration for 1970-71.

Registration will run and classes will begin on Wednesday, Aug. 26, but approximately 1,900 students will have completed registration two days prior to that, on Tuesday, Aug. 25, at 9 a.m. in the high school and in the high school buildings, respectively.

Principals will remain unchanged from last year. Included are: Forrest Martin, Primary; James Settle, Elementary I; Jack Christian, Elementary II; Tommy Brawley, Junior High School; and Beryl Harris, High School.

The first official school holiday will be Monday, Sept. 7, Labor Day and the second holiday will begin Nov. 26 for a two-day Thanksgiving recess. The Christmas holidays start Wednesday, Dec. 23 and classes will convene again Jan. 4, a Monday.

The 91-day first semester will end Thursday, Jan. 14, and students will have one day of recess before the second semester starts.

Students will get another breather, beginning March 22, when the spring holidays begin. Classes will resume March 29. The last day of school will arrive Thursday, May 27, when the 89-day semester will be ended for the summer.

Back-To-School Tips To Help The Child... And Parents, Too!

It's back-to-school time again for more than 2.7 million students in the Texas public school.

For about 224,500 of them, it will be "first-time-to-school." Most of these will be first graders, but some 30,000 will be 5-year-olds in the new state-supported kindergarten program.

Among numerous changes in Texas schools this year, the teachers will begin work a bit earlier, and students in some localities will begin classes earlier.

The school year will have 180 classroom days instead of 175.

Teachers will be on duty for 10 more days of non-teaching work during the year to help with school opening and closing, and to receive in-service instruction that will help them to teach better.

Despite these changes, the experience of heading off to school for the first time won't be much different for this year's 6- and 5-year-olds than it was for their parents. It's a giant step for little people.

To help parents make it easier on their youngsters, the Texas State Teachers Association offers some basic tips in a leaflet titled "To Help the Child, and Parents Too!" Here are some of the pointers:

REGISTRATION PROCEDURE

Any child who is 6 years old on or before Sept. 1 may be admitted for the 1970-71 school year.

The child's birth certificate must be presented at time of enrollment.

Some schools, in the interest of good health, require that the child be vaccinated against smallpox and immunized against diphtheria, whooping cough, and tetanus.

Other information which the school will need includes name, occupation, place of work, and phone number of the father; name, address and phone number of the family doctor; and the family's home address and phone number.

HOW PARENTS CAN HELP

When parents meet their child's principal and teacher for the first

time, they may offer these suggestions:

- *Teach your child the safest way home.

- *Teach him (or her) to go directly home from school without loitering on the way.

- *Remind him not to go with strangers.

- *Give your child definite duties at home and see that he performs them.

- *Help him to establish good listening habits.

- *See that your child gets enough sleep.

- *Provide your child with a good breakfast each morning.

- *See that he is happy before he leaves for school.

- *Teach your child that policemen are his friends and that he should go to them when he needs help.

- *Teach him to dress himself properly.

- *Teach him to have confidence in his teacher.

- *Provide opportunities for your child to be away from his mother for short periods of time before he starts to school.

- *Teach your child to respect the property rights of others.

- *Allow your child to do as much for himself as he is able to do.

- *Show an interest in what he has to tell you about his work and play at school.

- *Help him see likenesses and differences in objects and forms.

- *Encourage him to have playmates.

- *Help him learn habits of promptness, obedience, and respect for authority.

- *Read to your child.

- *Take him to places of interest such as the zoo, park, and library.

- *Label his personal belongings with his name and address.

- *Praise your child frequently; help him to feel successful.

SCHOOL WANTS TO KNOW

- *Have opportunities in group learning, work, and play.

- *Think for himself.

- *Become interested in the world about him.

- *Treat others with consideration and fairness.

- *Feel at ease with others.

- *Build a good foundation for future learning.

Parents are always welcome to visit their child's school. When visiting, they should stop first at the administrative office and meet the principal.

When it is necessary to bring a child's lunch or other supplies to school, they should be left with instructions at the school office.

Classes should not be interrupted while in session.

Arrangements should be made in advance for conferences with the child's teacher.

Parents are invited and urged to join the PTA, attend its meetings and take an active part in the work it does to support the school.

The TSTA leaflet points out that the parents' attitude toward the school and the teacher will be observed--and often copied--by the child.

Parents therefore should avoid criticizing school or teacher in the child's presence.

Instead, they should do what they can to solve such school-related problems as conflict with another child, a difficult activity, or a school rule that the child does not understand.

A written excuse from the parents may be needed when the child returns from an absence.

When child-school problems of any kind arise, the parent should feel free to discuss them with the child's teacher.

THE FIRST TEACHER

The child's first teacher has an enormous responsibility and opportunity to help shape his or her future life. The teacher will help the child to:

Crippled Children Invited To Clinic

The quarterly session of St. John's United Methodist Church Crippled Children's Clinic will be held from 1 to 5 p.m. Saturday, Aug. 22, at the church, 15th Street and University Avenue in Lubbock. Conducted quarterly, the clinic is free for crippled children of the South Plains area. Four orthopedic surgeons and the sponsors of the clinic, the Fellowship Class of St. John's United Methodist Church will supervise activities. Physicians will be assisted by city-county health nurses from several area counties. The clinic is financed through contributions, and clinic personnel arrange for braces and further care when needed. Braces and appliances have been provided for 280 patients through the clinic. Approximately 717 pairs of shoes have been given to children since the first clinic session was conducted in 1963. Children going to the clinic for the first time are to be accompanied by a parent or guardian.

Party Honors Bob Harbers

OLTON--Mr. and Mrs. Bob Harber, Ty and Holly were honored Saturday night at Olton Recreation Center with a "going away" party. The honored family was presented a living room table and lamp and electric waffle iron. The serving table was laid with a white cloth and centered with an arrangement of yellow gladioli. Yellow napkins were used. Hostesses served cake, nuts, punch or coffee to the guests. The Harbers are moving to Earth soon. There were 28 hostesses for the event.

Woodworking Course Set

A beginning woodworking course will be included in the evening courses at South Plains College this fall and Jerry Aaron will be the instructor. The night course which had a large enrollment last year is an interesting and gratifying study. Students complete pieces in class and learn techniques of working with wood-craft items and woodworking tools and machinery. The best of facilities are available to those taking the course. "Students, after completing the course, can tell something about furniture, its design, construction and value. They should know how to evaluate a piece of furniture in terms of price, Aaron said. Women, as well as men, are interested in the course. Attractive household items are made by the groups. Registration for the class may be made at 7:30 p.m. Thursday, Aug. 20, in the Technical Arts Center. Classes will begin Wednesday, Aug. 26. The course will continue through the semester from 7 to 10 p.m. each Wednesday night.

Schedule Set

A course in physical fitness for women will begin at South Plains College Monday, Aug. 24. This was one of the popular adult education non-credit short courses offered at the college last year. More than 40 women were enrolled. This is a 16-week course meeting each Monday from 4 to 8 p.m. Miss Debbie Nichols will be the instructor.

Football Workouts Open Monday

DADA FAVORED

Olton, Littlefield Rate 2, 3 In District 3-AA

Many years of AAA football, the Littlefield team went into AA grid wars and they may find a winning ticket with a winning ticket.

Prognosticators are that the Cats may move to their liking class this year -- and forecast that football will run rampant. Floyd Slaton are favored --

Old comes into the district a 3-7 record in AAA (1-1) Floydada who's five offensive and defensive holdovers that Steve Puckett, who was the Class AA Honor

aches of the district Whirlwinds, followed Littlefield, and Abernethy, then Moroney. Dimmitt and probably be a runner for Littlefield this

year, headed by HB Ralph Funk, (5' 11", 190), the only offensive starter. Danny Estrada, (5' 11", 220, Jr.) started last fall at a linebacker position, but is expected to power the fullback position this season.

Coach Deverelle Lewis predicts that Larry Purdy and Leonard Huey will see plenty of action in the backfield this fall, too, and sees promising quarterback material in Lynn Barton and Wendell Horn.

Chuck Blevins is the only regular returning to the offensive line. Blevins started last fall at right guard, nose guard, Larry Purdy and split end Keith Sitton are back with plenty of experience, and Brad Nace and Wayne Streety are center prospects.

Tackle Kenny Pratt, Calvin Kilby, and Pat Boone are considered very good line prospects. Keith Sitton and LeRoy Danford are favored as top end prospects.

Olton is looked on this year as a dark horse. Coach Jerry Blakely welcomes 13 lettermen back and has seven defensive and seven offensive starters.

Olton's Steve Stockdale is on the Class AA Honor Roll and is the stud in the Mustang corral.

Stockdale threw 225 passes and completed 115 of them last season. Ten of these went on records as TDs.

Stockdale has been a threat since he started as a freshman, and as a sophomore he was picked All-District and All South Plains. A junior this year, he is in line for All State.

Fending for Stockdale will be Jim Key, senior center, another returning starter.

At the guard positions will probably be Gary Durham and Johnny Arroyos, both seniors and two-way starters.

Tackles will probably be Alfredo Garcia and Luis Jimenez, helped out by Lynn Gullett and Zeke Gloria.

Seasoned ends may battle for starting positions. Mike Parsons started as defense in 1969. Mickey Crowder started both ways. Emiliano Marquez saw defensive action, and Alfonso Springer played for the offense. In there battling will be Carroll Blackwell and Billy Gary.

Others in the backfield will be David Turner, Luis Rey, Gary Kelley and Marlos May.

Boys expected to go offensively and defensively are Jimmy Cannon, guard, Blackwell, end, and James Cross, guard.

MONTY RODGERS

Monty Rodgers In All-Star Grid Game

Monty Rodgers, a 1970 Whitharral graduate, will play for the West in the 25th Annual Coaches Class B East-West All-Star Football Game at the Levelland Lobo Stadium Saturday, Aug. 15.

The records of the all-star players and games reflects the competitiveness and talent displayed by athletes from small Texas schools.

Rodgers checks into a South Plains College dorm for the week-long coaching clinic with an impressive high school record.

A four-year letterman in all sports, Rodgers started in the half back slot each season, meriting all-district honors the last three years. He was honorable mention all-district defensive safety as a sophomore, all-district offensive half back as a junior and senior, and captained the Panthers in '68-'69 and '69-'70.

Rodgers was named best back of the year by coaches who described him as being "handy-handed in the passing department, swift and swerving on the

field, and gifted at kicking." Rodgers accounted for 254 points in TDs and extra points in his high school career, averaging more than eight yards per carry with an average of 100 yards gained rushing per game.

The line will be anchored by big George Nance, 6-1, 210, who is a prime all-state candidate at a tackle position. Kent Parish, 6-0, 185, and Monte Winders, 5-9, 200, will battle for the other tackle slot.

Guards will be Jerry Bardeen, a 5-9, 200 senior, and either Terrel Ott or Chris Brock; and Kent Coker will probably start at center.

SUDAN A CONTENDER

Springlake-Earth Given Favorite Role In 3-A

The good-sized Springlake-Earth Wolverines have been picked by a poll of Class A coaches to be at the top of District 3-A when the dust settles this fall.

Behind Springlake-Earth coaches lined up last year's champions, Farwell, then Vega, Kress, Sudan, Bovina, Hopy and Hart.

Duane Locke's Wolverines got the nod because 12 of the top S-E gridgers average in the 185-pound range. And, to go with this size is a backfield with speed.

Locke, who inherits Dean Wright's 7-3 team, comes to the Wolverines from Meadow where he wielded Class B power for several years. Locke will be assisted by James Self.

Halfback Tony Barton ranks as one of the best kickers in the area. A senior, Barton is 5-9, 190 and rates all state consideration by his coach.

Hoyt Glascock, a junior, is 6-0, 200, and quarterback. Mike Clevinger, another junior and a starter last year, is 6-2, 180, and can go at quarterback or halfback, which presents added problems for any defense.

Sudan will be minus last year's golden group of backfield boys when play opens Sept. 11. But Sudan hopes to make up for what it lacks in experienced backs and depth with a powerful line.

Billy Adams steps in as head coach at Sudan this fall. This year the Hornets have a veteran front wall, without which, as proven last year, the stars don't wrinkle.

Sudan's major strength this year will be in its good overall team speed, good size, and the experienced linemen, and the main burden will be on the seasoned line.

There is little doubt that the Hornet's sting this season will mostly be felt on the defense. The Hornet hustlers return this year with 13 regular including Steve Edwards, 175 guard; David Weaver, 185 middle linebacker; Randy Glover, 170 end; Gregory McNabb, 160 halfback; and Roger Boyles, 160, halfback. Playing in the shadows of last year's headline-making offensive backs, these boys are expected to make some smooth plays of their own.

Hornet hopes hing on such potential stars as Edwards, who last fall went in both directions for the Hornets as they attempted to win their district for the third straight time.

A real offensive replacement may be found in David Weaver, a 6-3, 185 senior, whose specialty was defense.

Adams will depend upon his offense to jell from a roster including Gerald Chisholm, 190, tackle; Johnny King, 170, guard; Harry Jefferson, 150, halfback; Bo Lance, 160, quarterback; Roger Bellar, 160, back; Dennis West, 165, end; Eugene Lopez, 180, guard; and Carl Burnett, 190, tackle.

Officers Clear 2,278 Cases

Game management officers cleared 2,278 hunting, fishing, and water safety law violations from the books in June.

Water safety law convictions were the most numerous with 977 of which 466 were for failure to have a Coast Guard approved life saving device for each person in the boat.

There were 914 fishing convictions, and 882 of these were for fishing without a license.

There were also 137 hunting convictions, 57 commercial fishing convictions and two pollution convictions.

Total money accrued to the state was \$33,480.86.

The farm tractor originally was powered by steam.

Physicals Due Again

Football physicals are due again and all var-football players are asked to report Thursday in front of LHS at 5 p.m., according to Head Coach Deverelle Lewis.

Team members will report the following day 5 p.m. at the same place, when they will receive their physicals.

Shoes were issued Wednesday and practice begins Monday.

Constitutional Amendments

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT (JUR-30) General Election Nov. 3, 1970

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Subsections (5), (6), (7), (8), (9), (11), (12), and (13), Section 1-a, Article V, Constitution of the State of Texas, be amended to read as follows: "(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceedings shall be by majority vote of those present, except that recommendations for retirement, censure, or removal of any person holding an office named in Paragraph A of Subsection (6) of this Section shall be by affirmative vote of at least five (5) members. "(6) A. Any Justice or Judge of the Appellate Courts and District and Criminal District Courts, any County Judge, and any Judge of a County Court at Law, a Court of Domestic Relations, a Juvenile Court, a Probate Court, or a Corporation or Municipal Court, and any Justice of the Peace, and any Judge or presiding officer of any special court created by the Legislature as provided in Section 1, Article V, of this Constitution, may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any person holding such office may be censured, in lieu of removal from office, under procedures provided for by the Legislature. "B. Any person holding an office named in Paragraph A of this subsection who is eligible for retirement benefits under the laws of this state providing for judicial retirement may be involuntarily retired, and any person holding an office named in that paragraph who is not eligible for retirement benefits under such laws may be removed from office, for disability seriously interfering with the perform-

ance of his duties, which is, or is likely to become, permanent in nature. "(7) The Commission shall keep itself informed as fully as may be of circumstances relating to the misconduct or disability of particular persons holding an office named in Paragraph A of Subsection (6) of this Section, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court. "(8) After such investigation as it deems necessary, the Commission may in its discretion issue a private reprimand, or if the Commission determines that the situation merits such action, it may order a hearing to be held before it concerning the removal, or retirement of a person holding an office named in Paragraph A of Subsection (6) of this Section, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the record and report of a Master, the Commission finds good cause therefor, it shall issue an order of public censure or it shall recommend to the Supreme Court the removal, or retirement, as the case may be, of the person in question holding an office named in Paragraph A of Subsection (6) of this Section and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission. "(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order public censure, retirement or removal, as it finds just and proper, or wholly reject the

recommendation. The order for involuntary retirement for disability or removal, the question shall become a matter of record. The rights of an incumbent retired to retirement shall be the same as if retirement had been voluntary. "(11) The Supreme Court shall by rule provide a procedure before the Commission, Masters and the Supreme Court. Such procedure shall afford to any person holding an office named in Paragraph A of Subsection (6) of this Section, against whom proceedings are instituted by the process of law for the removal or retirement of an office named in Paragraph A of Subsection (6) of this Section in active status, a right to be heard by a judge. Due process shall be afforded by notice, hearing, confrontation of accusers, and all such ordinary available proceedings, whether or not a fee is charged, proof of which a penalty may be imposed. "(12) No person holding an office named in Paragraph A of Subsection (6) of this Section shall sit as a member of the Commission or the Court in any proceeding involving his own retirement. "(13) This Section is alternative to and cumulative of the methods of removal of persons holding an office named in Paragraph A of Subsection (6) of this Section provided elsewhere in this Constitution. Sec. 2. The foregoing constitutional amendment be submitted to a vote of qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1970, at which election ballots shall be printed to provide for voting for or against the amendment. The removal, retirement, censure of Justices, and Justices of Peace prescribed circumstances thereof.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT (JUR-5) General Election Nov. 3, 1970

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 52, Article III, Constitution of the State of Texas, be amended to read as follows: "Section 52. (a) Except as otherwise provided by this section, the Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State to lend its credit or to grant public money or thing of value in aid of, or to any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association or company. "(b) Under Legislative provision, any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the State, or any defined district now or hereafter to be described and defined within the State of Texas, and which may or may not include, towns, villages or municipal corporations, upon a vote of two-thirds majority of the resident property taxpayers voting thereon who are qualified electors of such dis-

trict or territory to be affected thereby, in addition to all other debts, may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory, except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this Constitution, and levy and collect taxes to pay the interest thereon and provide a sinking fund for the redemption thereof, as the Legislature may authorize, and in such manner as it may authorize the same, for the following purposes to wit: "(1) The improvement of rivers, creeks, and streams to prevent overflows, and to permit of navigation thereof, or irrigation thereof, or in aid of such purposes. "(2) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation, drainage or navigation, or in aid thereof. "(3) The construction, maintenance and operation of macadamized, graveled or paved

roads and turnpikes, or thereof. (c) Notwithstanding provisions of Subsection (a) of this Section, bonds issued by any county in amount not to exceed one-fourth of the assessed value of the real property of the county, for the construction, maintenance, and operation of macadamized, graveled or paved roads and turnpikes, upon a majority of the property taxpayers thereon who are qualified electors of the county, and out the necessity of funding amendatory legislation, a county may levy and collect taxes to pay the interest thereon and provide a sinking fund for redemption of the bonds. Sec. 2. The foregoing constitutional amendment be submitted to a vote of qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1970, at which election ballots shall be printed to provide for voting for or against the proposition. "Should the Legislature act any enabling law in anticipation of this amendment, no such law shall be a reason of its anticipation. Sec. 2. The foregoing constitutional amendment be submitted to a vote of qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1970, at which election ballots shall be printed to provide for voting for or against the proposition. "Repeal of the provision against open season found in Section 50, Article XVI of the Constitution of the State of Texas."

PUBLIC NOTICE

**Scout Swim Meet
Slated Saturday**

More than 350 Boy Scouts and Explorers, representing 25 different Scout Units, have been invited to participate in the annual Scout Swim Meet of the George White Boy Scout District. The event will be held Saturday, Aug. 15 at the City Pool in Muleshoe beginning at 7:30 p.m. The Swim Meet is designed to test the swimming skills of Boy Scouts and Explorers. The meet will also focus attention on safe swimming practices. All of the events, including those designed for beginners and non swimmers, will be race and relay type contests. Events include free style race, side stroke race, back stroke race, and a medley race. Non swimmers will compete in a special ping pong ball relay. Added to the swim meet is one event for fun only, no score given, this event is the dress shirt relay. The swim meet is sponsored by the four county area of the George White District of the South Plains Council of the Boy Scouts of America. Troops and Explorer Posts from Levelland, Littlefield, Morton, Muleshoe, Sundown, Amherst, Bula, 3-Way, Earth, Anton, Whitharral, and Sudan are invited to participate in the meet.

**2 Olton Youths
Jailed For Theft**

Two Olton youths, aged 16 and 18, were jailed this week on a felony theft charge. Both were arrested Monday and charged with taking a guitar. The 16-year-old went before County Judge G.T. Sides and was released to his parents on probation. Ricardo Guagardo, 18, was released Tuesday after appearing before Justice of Peace J.N. Bowen who set bond at \$500. A 54-year-old Littlefield man was jailed on a drunk charge Saturday and released Sunday after paying a fine, and a Littlefield man was charged with simple assault Saturday, fined \$20 and released Monday.

LEGAL

Being certified by the Commissioner of Agriculture of the State of Texas for this purpose, Route 2, Plainview, Texas 79072 proposes a referendum election on September 26, 1970 under provisions of Article 55c, Vernon's Civil Statutes, on the proposition of whether or not soybean producers in a 23-county area of the State of Texas shall assess themselves a maximum amount of 1/2 cent per bushel to be collected at the point of first processing or sale and to elect members for a 9-man commodity producers board to administer proceeds of such assessment to be used for research, disease and insect control, education, and promotion designed to encourage the production, marketing, and use of soybeans. Counties to be included in the referendum area are: Deaf Smith, Parmer, Castro, Swisher, Briscoe, Bailey, Lamb, Hale, Floyd, Lubbock, Crosby, Bowie, Red River, Lamar, Delta, Fannin, Orange, Jefferson, Chambers, Liberty, Hardin, Harris, and Galveston. The referendum and election will be held in each county by personal balloting. Polls will be open from 8:00 a.m. until 5:00 p.m. on the date of the election. The polling place for Lamb county will be at Downstairs Lobby, County Courthouse Littlefield, Texas. Voting will be conducted on September 26. Any person within the area described above engaged in the business of producing, or causing to be produced, soybeans for commercial purposes is eligible to vote, including owners of farms and their tenants and sharecroppers, if such person would be required to pay the assessment proposed. Any person qualified to vote at the referendum may place his name in nomination for election to the proposed commodity producers board by written application to the above organization signed by himself and at least ten other persons eligible to vote in the referendum. Such applications must be filed at least 30 days prior to the election date. Any person who wishes to vote absentee may obtain a ballot at his local County Agent's office on or after September 12, 1970. Such ballots must be completed and returned to the Texas Soybean Association, Drawer Q, Plainview, Texas prior to midnight on the election date.

**Jury Rules Each
Party At Fault**

A jury ruled that each party was partially at fault in the James Siems versus E. V. Sherley case held in district civil settings last week, and as a result, no one will recover damages. Siems was asking \$538.59 for collision and property damage stemming from a two-vehicle wreck on a dirt road intersection west of Littlefield. Sherley was named in the suit because he was the owner of the pickup that was driven by Juan Dega, Sherley's hired hand. Curtis Savage was foreman of the jury. Jurors were Mrs. Owen Jones, Mrs. J. E. Long, Ethel Bundick, Jack Snell, Frank Cornelius, W. J. Simpson, Combest, Paul Weldon Wiseman and Harrell. A settlement of \$25,000 of court in the Jack versus J. W. Gosden settlement was announced before the case was tried. BILLION BARRELS Texas' 47 refineries used one billion barrels of oil in 1969 an amount 86% is done on the Gulf. Texas refinery capacity million barrels daily; 27% of U.S. supply.
