

## Jesse Greens Honored With Party

EARTH— Mr. and Mrs. Jesse Green and Tammy were honored with a farewell party Monday evening by Boy Scout Troop 614 in the Scout House.

Green has been leader of the troop and shop teacher at Springlake-Earth school. He and his family are moving to Brownfield. As farewell gifts the

Scout Troop presented the Greens a candy dish and a fruit dish.

Under his leadership, Troop 614 collected a truck load of newspapers and delivered them to a recycling project in Clovis, N.M.

At Memorial Day Services in Earth Cemetery members of the

troop dedicated a marker to the grave of Garland Chaney, World War II veteran who died in 1942.

Green made the marker of marble and steel.

Members of Troop 614 have been taken by Green on several weekend outings.

Mike Tibbets is now leader of the troop.

D. C. STEWARD, a longtime employe of Medical Arts Hospital, and who is now confined to the hospital, will be honored Friday by employes of Medical Arts when he celebrates his 66th birthday. His physician, Dr. I. T. Shottwell, chats with him and wishes him a "happy birthday." Steward began his duties as Environmental supervisor at the hospital on Jan. 1, 1939. The party will be held from 5:30 to 7 p.m. at the hospital. (Staff Photo)

up the centerpiece. Other focal points were the two-tiered square wedding cake decorated with varying shades of pink chrysanthemums and pink punch served from a crystal punch bowl.

A variety of dainty sandwiches were served from a round table covered with a pink floor-length cloth centered with a single pink Mexican candle. Coffee was served on a wooden cart from a gold coffee urn.

Members of the house party were Becky Campbell of Littlefield, cousin of the bride, Sharla Lowery of Littlefield, Stacey Stanton of San Antonio, Patricia Mills of Lubbock, and Lori Hartline, Brenda Tandy,

Sherry Tyler, and Michelle Graves all of Muleshoe.

For travel the bride chose a pink crepe sleeveless dress accented by a pink eyelet waist-length jacket. White accessories, a pink hat, and a corsage of white carnations completed the ensemble.

The bride is a 1972 graduate of Springlake-Earth High School. The groom is a 1970 graduate of Dundee High School in Michigan. He is presently employed by Mighty Distributing System of West Texas in Littlefield.

After a wedding trip to San Antonio the couple will be home at 1319 West 3rd Street in Littlefield.

## Educators Lead Applause For Bicentennial Music

People must like the idea. Thousands wrote to express their delight—before a single person had heard the music of JC Penney's "Bicentennial Musical Celebration," a portfolio of old and new compositions scored, printed and distributed as a gift to America's 30,000 high schools and colleges.

"... we would hope this generous gift would serve as a precedent for other corporations," the Vermont Bicentennial Commission observed.

In Washington, D.C., the U.S. Information Agency registered enthusiasm: "It's simply fantastic... should reach and touch every American during and after the Bicentennial."

The Maryland Bicentennial Commission hailed the program as "a very meaningful way to bring our musical heritage to Americans during the Bicentennial."

But educators, from college presidents to choir directors, led the outpouring of appreciation for JC Penney's unique contribution to the nation's 200th anniversary observance. Every high school and college in the 50 states and Puerto Rico has been offered the Musical Celebration, a package of 100 minutes of music for band, orchestra, chorus, jazz and rock groups.

Some typical comments:

"May I officially congratulate you for your foresight and dedication to the long-range growth of American music"—Midland, Mich.

"Isn't it a joy to be part of this historic and important event?"—Holland Township, N. J.

"Congratulations for a great idea and a truly substantial contribution to the Bicentennial"—Claremont, Calif.

"I know of no other contribution of this kind having ever been made to music education in the past"—Oregon Music Educator Association.

"...One of the most important projects to come out of our nation's 200th birthday"—Pendleton, S.C. Recreational Commission.

"How very excited and appreciative we music educators are"—Klamath Falls, Ore.

"A wonderful idea... enthusiastically received by many music teachers throughout the country"—Pittsburg, Tex.

"... just great"—St. Augustine, Fla.

"... a true reflection of the very spirit we are celebrating"—Princeville, Ill.

"I can guarantee you that music will be put to good use"—Coal City, Ill.

"... absolutely fantastic"—Gloucester, Va.

"... a very welcome gift"—Jacksonville, Fla.

"Thank you, on behalf of both the performers and the eventual audiences, for making this music available to us"—Williamstown, Mass.

"I know of no one program that will touch the entire nation as this one"—Bethany, Okla.

"Most gratifying to see a progressive company directly involved and supporting music education"—Sanborn, N.Y.

"The scope of your plan is almost unbelievable"—Philadelphia.

## Youth Serving Dinner

Sunday dinner will be served at the First United Methodist Church of Littlefield, sponsored by the United Methodist Youth. The dinner is Sunday, June 8, with serving hours from 12 noon to 12:45 p.m. Tickets are priced at \$2.75 for adults and \$1.75 for children under 12 years.

The menu will be roast beef with gravy, potato salad, slaw, green beans, home-made rolls, cherry cobbler, coffee or tea.

JANICE SEBRING and Evone Oliver received certificates of award at the 20-county Region II American Heart Association meeting in Lubbock recently. Mrs. Oliver received the Media Award for the best newspaper and radio campaign last year. Mrs. Sebring's certificate was for Lamb County's raising 21 cents per capita in the 1975 Heart fund drive. Mrs. Sebring was appointed to the Council I state-wide campaign committee. Mrs. Oliver and Carole Faver will be going to San Antonio June 21 to the Texas Heart Association Convention. (Staff Photo)

TOM SoRELLE, left, band director at Littlefield High School, receives from Armon Perrin, manager of the Littlefield J. C. Penney store, a collection of bi-centennial music. The collection contains more than a 100 minutes of sheet music, some of it never available before, for band, orchestras and choral groups. (Staff Photo)

## Pioneer Days Rodeo Scheduled

Top cowboys are due in Clovis, N.M. this weekend for the annual Pioneer Days rodeo, set to begin Friday night at 8 p.m.

Besides rodeo action, a giant parade is scheduled to begin Saturday morning at 10, followed at noon by a barbecue.

Miss Rodeo New Mexico will be crowned in a beauty pageant Sunday afternoon, which begins at 1:30.

Rodeo contestants will compete in bareback, saddle bronc and bull riding, calf roping and steer wrestling and team roping. Prize money is expected to top \$5,000.

Scheduling for the rodeo events include Friday night at 8 p.m., Saturday night at 8, and Sunday afternoon at 2:30. Beutler Brothers and Cervi are producing the rodeo this year.

MRS. SILENA EVITT welcomed Congressman George Mahon Wednesday afternoon to her home at Knight's Rest Home. Congressman Mahon mails a letter of congratulations on her birthday each year, and sends a greeting at Christmas time. Mrs. Evitt is now 96 years old. (Personal Photo)

## Law Enforcement Careers

JUNE WILL BE A MONTH of great decision for a large number of graduating youths. You will face the frequently hard prospect, for most persons, of choosing and pursuing a career.

To many, this decision may be the most important of their lives.

I AM OFTEN ASKED for career advice and have no hesitancy in recommending to any interested young person a career as a law enforcement officer. The profession has given me a great sense of personal satisfaction.

Although it is both a livelihood and an adventure, law enforcement is much more than just these.

For me, it has been a rewarding opportunity to do something special with my life. Law enforcement has done something special for the lives of many others and can do it for many more.

THE LAW ENFORCEMENT profession offers two great qualities in life which have captured the imagination of ambitious and perceptive youth during all periods in our history.

These are the excitement of challenge and the satisfaction of meaningful accomplishment. There is rarely a day when a law enforcement officer does not find both.

IF WE LOOK far ahead, as youth certainly must, these two qualities—challenge and accomplishment—take on huge dimensions for the future.

There are, for example, few greater long-range threats to our society than the looming specter of crime. And there is no more worthwhile goal than the just, orderly, secure, and creative society that respect for the law can inspire.

YOUNG PEOPLE should put aside the derring-do television, cinema, and novelist's image of the law enforcement officer.

While there is plenty in police work to reinforce this stereotype, the law enforcement mission is too profound for just courageous, decisive, and dynamic individuals. It also needs persons with intelligence, compassion, and vision.

FOR THOSE young people who earnestly want a better tomorrow for themselves and their country, there are few greater opportunities to work for it than by enlisting their talents in the law enforcement effort.

Of the priorities facing our nation, the search for a more lawful society is surely one of the most vexing.

DEAD ISSUE FOR THIS SESSION

# CLIPS & TIPS

By JOELLA LOVVORN

DURING THIS SEASON'S salad days, put all your ingredients in one bowl to create a salad that's great for meals on the go.

The two salads featured were developed in The Kraft Kitchens with outdoor excursions in mind.

Vegetable Patch Salad is a tangy combination of macaroni and cheese dinner and crisp vegetables blended together with spicy salad dressing.

For a family outing, mix the salad in advance so the ingredients are well chilled and the flavors have a chance to blend. Pack in an insulated container, or carry to the picnic in a cooler.

Tote 'n Toss Salad is a mixture of crisp greens sparked with cucumber slices and cherry tomato halves. The unique flavor of this combination salad depends on the use of a tangy Italian, French or Blue Cheese dressing.

Carry ingredients to the picnic site in a tightly sealed plastic bag, tossing with dressing just before serving. For convenience, dressing may be added to greens and tossed right in the plastic bag.

Both salads are delicious with barbecued chicken, ribs or hamburgers as well as other sandwiches.

For dessert, bring along a basket of fresh fruit and some homemade cookies. You'll have a meal which is perfect picnic fare—nutritionally balanced, delicious and easy to tote.

**VEGETABLE PATCH SALAD**  
1 7 1/4-oz. pkg. Kraft macaroni and cheese dinner  
1 cup chopped tomato  
3/4 cup chopped cucumber  
1/3 cup radish slices  
1/2 teaspoon salt  
Dash of pepper  
1/2 cup salad dressing  
Prepare dinner as directed on package. Add vegetables, seasoning and salad dressing. Mix lightly. Chill. Add additional salad dressing before serving, if desired. Makes 6 servings.

**TOTE 'N TOSS SALAD**  
Assorted greens  
Cherry tomatoes  
Fluted cucumber slices  
French, Italian or Roka brand blue cheese dressing  
Place greens and vegetables in plastic bag. Serve with dressing, or add dressing to greens and toss in plastic bag.

**WHAT DO YOU DO** on a rainy day when the family's spirits match the weather, and you've already played nine games of Monopoly?

Well, if you've a taste for Southern tradition, you just might have a fish fry in spite of the situation.

Almost a way of life in the South, fish fries usually mean a mess of catfish—or any finny creature fresh out of the nearest water hole—French fries, hush puppies and cole slaw.

Since visiting a local lake is out of the question on such a wet day, do your fishing in the grocery and pick up a couple dozen fat, juicy shrimp.

Cooks at the Holiday Inn in downtown Tulsa, Okla., fancy up their rainy day fish fries with a beer-batter shrimp recipe which will lift the lowest spirits. Up in the Ozark town of Harrison, Ark., the Holiday Inn has a recipe for crispy homemade hush puppies that the cook says never misses.

Top off the meal with some deep-fried potatoes and chilled cole slaw and you may find yourself looking forward to the next rainy day.

**BEER-BATTER SHRIMP**  
2 dozen extra-large or jumbo green, headless shrimp  
1 cup sifted flour  
1/4 tsp. salt  
1/4 tsp white pepper  
3 eggs, beaten  
1 can beer  
To prepare shrimp, peel to last ring of tail. Using small paring knife, split shrimp lengthwise about halfway through. Sift salt and pepper with flour and stir into beaten eggs. Slowing add beef, stirring to prevent lumping. Batter should be consistency of thin pancake batter. If more flour is needed, add 1 tablespoon at a time.

Holding each shrimp by tail, dip into batter and fry in deep, hot fat (365 degrees) until golden brown.

**HUSH PUPPIES**  
2 cups white corn meal  
1 cup all-purpose flour  
1 Tbsp. baking powder  
1 tsp. salt  
2 tsp. garlic salt  
2 eggs, beaten  
1 1/3 cups buttermilk  
2/3 cup onion, grated or finely chopped  
1/4 cup oil or fat, melted  
Sift dry ingredients together. Combine eggs, buttermilk, onion and fat. Add to dry ingredients and stir until blended. Drop by tablespoons into deep, hot fat (350 degrees) for 3 to 4 minutes or until brown. Drain on absorbent paper. Dipping the spoon into the hot fat each time will help to prevent the next hush puppy from sticking to spoon. Makes enough dough for 2 to 2 1/2 dozen, depending upon size.

Dough may also be formed into balls and frozen for future use. Before freezing, put in fat until hush puppy just begins to brown (very slightly). After freezing, thaw almost completely before dipping in fat to complete cooking and browning.

**WHEN YOU RUN OUT** of food or cooking ingredients in the midst of meal preparation, never fear. Try these handy kitchen lifesavers.

If a recipe calls for canned or cooked green peas or beans and you don't have any on hand, substitute some other fibrous vegetables—cooked carrots, corn, lima beans or strips of green pepper. Stay away from turnips or parsnips which tend to be too strong in flavor. Squash might be too watery.

**KEEP A LARGE SUPPLY** of luncheon napkins and dinner napkins around for mealtimes as elegant substitutes for the cloth variety. Plus, you won't have to throw them in the laundry.

**IF YOU ARE RIGHT** in the middle of baking dessert and discover you're out of vanilla extract, substitute a 1/4 teaspoon of nutmeg in place of one teaspoon of vanilla. Or, flavor the recipe with grated lemon or orange rind, plus a little lemon juice.

**IF YOU DON'T OWN** a garlic press, you can pulverize garlic for recipes by placing a garlic bud between two layers of wax paper. Hit the garlic with a hammer or heavy soup spoon. The wax paper keeps the garlic juice contained and your counter top clean.

**BUY SOME** of those dried onion, green pepper, parsley and celery flakes and store them in your cupboard for the times you run out of the fresh kind.

**IF A RECIPE** calls for one stalk of celery or one medium onion or green pepper, you can substitute two tablespoons of flakes.

## THE ABUNDANT LIFE

# Work It Out

MANY THINGS GO WRONG that should never go wrong. Consequently, there is much loss of human well-being; much loss that is unnecessary.

Much of this we just let happen, because we could "work it out".

IN HUMAN RELATIONSHIPS, there will be problems always; and difficulties of one kind or another will be with us forever.

If, however, we are always ready and willing to exert the effort to "work it out"; many problems and difficulties will disappear, and the others can be modified.

MISUNDERSTANDINGS MAY BE one of our biggest, but most unnecessary problems. It may be that some are inevitable, but the majority should never occur; and, at the moment, they begin it is usually possible to make all necessary corrections.

Whatever it is, in most instances; we can "work it out". If there is sufficient desire, and adequate effort; the persons involved can usually maintain pleasant association.

TOO MANY OF US seem reluctant to talk things over, to do our utmost to communicate; to make sure that we understand and that we are understood. The fullness of communication will be helpful in preventing much of the difficulties, and can often be the means by which we can "work it out"; when difficulties already exist.

IN SOME INSTANCES, making allowances, justified allowances, will be the wise way to settle what might otherwise become a very unpleasant

and non-productive situation. It is a very foolish person who willing to make such allowances; make ourselves replaceable, embroiled constantly in some wasteful hassle.

THIS CHARITABLE ATTITUDE making allowances will often be to us, as we try to "work out" problems, and especially differences with others. Often this will be the only way to avoid heart-breaking misunderstandings.

We may not be able to always "work it out"; but the efforts to do so are certainly justified.

WE MUST BE WILLING to take advantage, when this is the correct judgment. It is not always right or wise but there will be times when it is sensible action.

"NEXT TO KNOWING" we seize an opportunity, the most thing in life is to know when to take advantage." -Disraeli.

WHEN WE DEMONSTRATE are sincerely interested in everything we can to "work it out" when there is an obvious need for most other persons involved will be best, too.

"IF YOU INDICATE" your will be to be friendly, men are bound even to reciprocate by manifesting a friendship toward you." -Gwen.

If we act soon enough, and so good intentions and a pleasant disposition; we can usually "work it out".

THERE'S A LITTLE thing goin' on at our house about a tree. This particular tree happens to be the Blue Spruce, or Pine (whatever) that is perched at the Southeast corner of the house.

Like some people, it puts up a pretty decent lookin' front, but its backside looks like the Indian lass's skirt that had backed up too close to the campfire. Besides, there's the disadvantage of having the only water hydrant, on that side of the house, growing directly UNDER it! (Why anyone would plant a water tap under an evergreen, is beyond my comprehension!)

NONETHELESS, WHEN I've run the garden hose through the lower branches of the tree, and hooked to the hydrant, it gives the screwy illusion that the water flows out of the tree! (The city says it doesn't!)

Really, the point is: in order to hook up the hose, I have to crawl under the tree from the backside to make the connection. This is to be repeated everytime I have to shut the water off in order to change the sprinkler. Of course the ground is littered with needles, and I'm always getting my greasy-kid stuff full of resin!

THREE OR FOUR years ago I threatened to prune all the lower branches from that tree, but was overruled by the Speaker of the house. "You'll ruin its looks," she said. Now, all of a sudden, she comes up with the

suggestion that we remove the branches. Now that she's ready, I'm not so am! After all, once you've got branches off it's quite a project to get them back on in case you don't like effect—Kinda like a hair cut, you see?

THEN, TOO, THERE'S the idea the tree was already there when acquired the place. I don't even know who planted the tree. Do you see after all these years, it's become community property? Who knows irate citizen might descend on me with wrath for mutilatin' that tree!

Too, the idea of a Blue Spruce tree out in my front yard bedecked in a skirt seems kind of frightening, downright indecent! And should long-handles on it, during the winter months??

DECISIONS, decisions!—anyone??

REVIVED, the weary drill sergeant was putting his recruits through daily exercises. Having them all single line, he shouted: "Anybody stick his right foot straight in front of him!"

One befuddled Marine stuck his foot out and it came close to the foot of his neighbor. There was a "Awright, awright!" bawled out. "Who's the wise guy with BOTH feet in the air?!"

## Wildcat Fieldhouse Broken In

Several reports of vandalism and theft were reported to county authorities over the weekend.

Sometime Friday night or Saturday morning the fieldhouse door at the Wildcat Stadium was unlocked, then the steel door was kicked in. Among the \$700 to \$800 worth of items missing are four stop watches, seven pairs of socks and leggings, five junior varsity jerseys, three footballs, and 12 pairs of football shoes. The glass was broken where the equipment was kept, too.

J. D. Cox reported a missing black whiteface calf weighting 500 to 550 pounds. The calf wandered or was lead away from where it was grazing on the lot by the overpass west of Littlefield on the Bula Highway. He valued the animal at \$200.

Toby Smith reported someone had taken two 14-inch radial tires off a trailer in the 100 block of Sunset at the trailer park there. The tires were valued at \$100 to \$150.

The Hilltop Gin at Fieldton reported that someone had broken a window at the office and entered the building where they broke the glass out of the cigarette machine and took 16 to 18 packs of cigarettes. The Coke machine was opened with a key and \$3 or \$4 in change was missing.

At the sheriff's office, a Littlefield

man was charged with check violation, and two aliens were held for border patrol authorities.

At the city police department, one man was jailed for being drunk in public, disorderly conduct, and driving drunk.

## Cattlemen Set June 11 Meeting

There will be a meeting of the independent Cattlemen's Association p.m. in the Willey Room of the County Electric Building Wednesday, June 11.

Two directors from Lamb County will be elected at the meeting, and delegates will be elected to attend the convention slated for June 20-21 in Austin.

## English Scholarship Given To Miss Harrell

Sheila Harrell, a Cisco student at Howard Payne University and a graduate of Cisco Junior College, has recently been named recipient of the Mattie Anderson Hale English Scholarship at Howard Payne.

The \$200 grand is awarded annually to the male and female English majors with the highest grade rank at the end of their junior year. In addition to the scholastic requirements for the award, the criteria for selection

includes "possessing the same high Christian and moral characteristics as exemplified by the life of the late Mattie Anderson Hale."

Sheila is a 1972 graduate of Littlefield High School, and she and her parents, Mr. and Mrs. Freddie Harrell, moved to Route 2, Cisco in 1973.

She attended Cisco Junior College two years and was

active in band, choir, and student council. She graduated from CJC in 1974 with an Association of Arts Degree in music. She attended CJC on a band scholarship, and was on the dean's list.

At Howard Payne in Brownwood, she is majoring in English with a minor in music. She plans to be a high school or junior high English teacher following graduation.

## Debra Gilliam Recipient Of Scholarship

ANTON— Miss Debra Gilliam, 1975 graduate of Anton High School, was awarded the Carolyn Grundy Memorial Scholarship at the graduation

exercises Friday night. The scholarship of \$100 is presented annually by the Anton Study Club to a girl who will use the funds for college or nursing school expenses.

The scholarship was established in 1963 as a memorial to Mrs. Carolyn Grundy, first president of the Anton Study Club and former public school teacher.

Miss Gilliam was chosen "Most Outstanding Girl" by the faculty of Anton High School. She was also the recipient of the Student Council award for outstanding leadership. She is a member of Anton Chapter National Honor Society and served as secretary for 1974-75. She participated in basketball and track.

She will attend South Plains College, Levelland to prepare for a secretarial science major.

Miss Gilliam is the daughter of Mr. and Mrs. Jerry Gilliam.

It's time your family stopped being just "Smith Harold" in the telephone directory.

The new edition of your telephone directory is going to press soon.

If you have only a single listing, a lot of people are going to have trouble looking up other members of your family.

Certainly, your wife deserves her own listing. And giving a teen-ager a place in the directory is a nice way of saying "You're growing up."

To add or change a listing just call our business office. They can tell you how little extra an additional listing will cost.

It's as easy as picking up the phone.

# Bearden Speaks On Privacy Of Data Processing Systems

Gary D. Bearden, son of Mr. and Mrs. G. C. Bearden of Amherst, who is director of the

Bureau of Manpower Information Systems with the U.S. Civil Service Commission, was named speaker for May for the Washington Chapter of Data Processing Management Association.

He spoke on "The Special Problems of Privacy Vis-a-Vis Personnel Data Systems" during an evening dinner meeting in Ramada Governor's House in Methesda, Md.

Bearden was formerly the assistant director of the U.S. Civil Service Commission's Bureau of Data Processing, and the director of the Washington Data Processing Center of the Department of Agriculture.

Currently, he is agency representative on the Domestic Council Committee on the Right to Privacy.

In 1968 he received the William A. Jump Award for "Outstanding Achievement in Public Administration." He has served as consultant, speaker, and instructor in several professional and educational organizations in the area of data analysis, statistical processing, and management of computer operations.

In his speech, he discussed the special problems of privacy vis-

a-vis personnel data systems, and explained how managers of personnel data systems get the information needed to perform personnel management functions.

He proposed the steps necessary to protect the privacy

of individual applicants, employees, and former employees.

His presentation covered the subject personal information by beginning with the collection and storage of the data, through the means used to safeguard and process it, and finally, to its

ultimate release to personnel management and for other purposes.

He concluded his presentation with a discussion of the individual's right of access to personal information.

**IT'S YOUR LIFE - YOU LIVE IN IT**

There's an old story about a rich man who instructed a faithful servant to build a house. The servant, sensing an opportunity to make some money secretly for himself, put the cheapest material he could find into what appeared to be a large, spacious, fine home.

Imagine his surprise, so the story goes, when the wealthy owner said, "It is your home—a gift of gratitude for your years of service to me."

An old story? Hardly!

Every day men embezzle from themselves—believe it or not!

Jesus described it best with the illustration of two men who built homes—one on sand, the other on rock. "It's your life," God says. "Live in it." If it is shabby, consider the source of its shabbiness.

You can't sail an ocean liner in a mud puddle or grow a redwood in a sardine can.

## Girls' Basketball Clinic Scheduled At South Plains

A basketball clinic for girls is scheduled for July 14-18 at South Plains College in Levelland.

The clinic will emphasize the basic fundamentals of basketball, including instructions in dribbling, passing, shooting, seeing, defense, offense and rebounding, said instructor C. W. Dukes, Associate professor of math at SPC.

through ninth grades this coming fall are eligible to attend the basketball clinic, Dukes added.

Four different age groups will meet two hours daily for a week in the SPC Women's Gym. Each group will be limited to 12 persons. Cost is \$15. Prospective basketballers will need to bring their own gym clothes and shoes, Dukes noted.

Interested youngsters can register between now and July

14 in the central office of the Technical Arts Building at SPC.

The daily clinic schedule is as follows: third and fourth graders—8 to 10 a.m., fifth graders—10 a.m. to noon, sixth and seventh graders—1 to 3 p.m., and eighth and ninth graders—3 to 5 p.m.

Additional information may be obtained by contacting the Continuing Education Office at 894-4921, ext. 252.

## Coast Guard Completes VHF-FM Distress Network

Small outboards collide in boating accident. Nearby, Coast Guard helicopter is on the way to take badly-injured to the hospital.

Trying to get a call for help through a Citizens Band radio channel is very difficult. Citizens Band radio is popular and can be found anywhere. The channels are cluttered with communications from homes, offices, cars, trucks, etc. For this reason the Coast Guard does not monitor any CB radio channels.

The VHF-FM system will be able to receive a signal from a one watt radio, at sea level, for 20 miles. More powerful radios, as well as higher antennas, will have a greater range.

In addition to the shore sites, the Coast Guard has equipped its rescue aircraft with marine VHF-FM radios and direction finders. Therefore, wide area coverage is now available to assist in locating distressed craft.

Another characteristic of VHF-FM is that only the strongest signal is picked up by a radio.

All weaker or more distant signals are overpowered by stronger or closer signals.

For this reason channel 16, the national distress frequency, is to be kept clear of all unnecessary communications. A station may call on channel 16 but after contact is established, it is required that the parties then switch to another working channel. Strict discipline in the use of channel 16 is the only way that the VHF-FM system will be of use for distress calls. An active program is in effect to detect all violators and report them to the Federal Communications Commission which will take further action.

In the event of an emergency the correct procedure for requesting assistance is to use channel 16 and call "MAYDAY" (spoken three times), the words "THIS IS" (spoken once), the CALL SIGN and the NAME OF THE VESSEL IN DISTRESS (spoken three times).

Other channels that directly affect the public are channels 6, 12, 13 and 22.

Channel 6 is used between ships for communications which affect the safety of life and property.

The Coast Guard restricts its own use of channel 12 to port operations for communications with non-government radio stations involving vessel

FORE! No, it's not golf the Pee Wee leaguers are playing this year. The stand is called a batting tee, and batters are allowed to swing at will if the pitcher throws them three balls and just one or no strikes. The innovation has really speeded up the games, and keeps the infielders from catching a nap during the third inning stretch. Here, Ricky Bush of the Chiefs winds up to blast it as Fireball catcher George Davis looks on. (Staff Photo)

## B&C-Marcum Rolls Over Anton

Stan Jackson fired a three-hitter against Anton Monday and led B&C-Marcum Olds to a 21-11 Jr. Babe Ruth win.

B&C-Marcum exploded for 10 runs in the second inning and was never challenged.

Jackson also cracked three singles offensively to lead in the

hitting department. Donnie Green and Alvin Contreras slapped a double and a single each, and Jimmy Avery popped a double.

Belcher took the loss for Anton. Sea notched a triple and Bishop and Green singled.

## Fishing License Sales Decline

With a little more than three months left in the Texas Parks and Wildlife Department's fiscal year which ends Aug. 31, the sale of fishing licenses for the fiscal year has declined by some

121,000 over the past year.

License sales officials at the department say the decline in sales is probably due to the fact that as of last September a fishing license is valid for one year from the date of issuance.

"Most fishermen are probably waiting until August to buy their licenses," said one P&W official, "that way their license will be good through next July."

Through April, only 680,788 fishing licenses had been sold compared to a total of 802,550 during fiscal year 1973-74.

Resident combination hunting license sales increased from 410,998 in fiscal year 1973-74 to 463,173 through April of this fiscal year.

movements which affect the safety of persons or vessels. This channel, also used as a marine information frequency, will be phased out for such use by the end of 1975.

Channel 13 has been authorized for vessel bridge-to-bridge communications in all navigable waters of the United States. Use of this channel is exclusively for communication of navigational information.

To simplify non-distress communications the Coast Guard has authorized the use of channel 22 by the boating and maritime public for communications between government and non-government vessels and the Coast Guard. Because the Coast Guard does not continuously monitor channel 22, communications must first be made on channel 16 then shifted to channel 22 for communications other than emergency matters.

In addition, channel 22 will become the Coast Guard Marine Information Broadcast frequency for Safety or Urgent Broadcast and National Weather Service advisories. These broadcasts will be on an unscheduled basis following a preliminary announcement on channel 16. The broadcasts on channel 22 began along the Gulf Coast on June 1, 1975.

When you are ready to select channels for your VHF-FM radio, remember that channels 6 and 16 plus one working channel are mandatory and must be installed in your set. Other channels, if purchased, can be used but their use should conform to categories of the FCC recommended channelization of a VHF-FM ship station. The number of channels and their frequencies will depend on how they are used and in what areas the radio is used.

Lieutenant Commander D. W. Starkweather, Chief of the Communications Branch of the Eighth Coast Guard District in New Orleans, recommends that while fewer than 12 channels may be satisfactory for some boats, installation of a radio with less than 12-channel capability is not recommended.

He suggests that six of the channels could be 6, 16, 22, and a working channel, a marine operator channel and a marine weather information channel. The remaining channels could be used for communications to radio-equipped marinas, or even for boating associations.

A whole new field of communications is opening up to the boating public with the establishment of the Coast Guard's VHF-FM Gulf Coast communications network. The Coast Guard is ready today to carry out its mission to protect lives and property.

# To me, nothing tastes better than fine tobacco. But I don't smoke.

To millions of Americans, the good taste of tobacco doesn't always come from smoking.

It also comes from tasting. From placing a pinch of tobacco between cheek and gum, and savoring it.

And yet, to millions of others, this age-old tobacco pleasure is still a mystery. Possibly because they've never tried it.

Or because, as is true, the use of "smokeless" tobacco is an art, and takes practice.

### A pinch in a pouch.

So, to make it easier, we've made it different. We've made Good Luck. A whole new way to enjoy tobacco.

Good Luck is a pinch of choice "tasting" tobaccos, in a neat little pouch. And the pouch is what makes it different.

You place Good Luck, pouch and all, between your cheek and gum. Then, as it rests there, the pouch works like a tea bag. To let tobacco flavor out, while the tobacco stays in.

Nobody knows.

Naturally, any form of "tasting" tobacco

takes a little getting used to.

But with Good Luck, it's easier because the pouch holds the tobacco all in one place. It sits comfortably, and no one knows it's there, but you.

Also, each pouch comes properly pre-measured, so you always get the right amount.

### Sealed in foil.

To keep the tobacco fresh and moist, each Good Luck pouch is sealed in foil. That also keeps it from spilling into your pocket.

And because you don't smoke Good Luck, it's perfectly welcome in places where smoking isn't. Such as a courtroom, on a bus, or near inflammables.

And unlike a cigarette or a pipe, Good Luck won't tie up your hands. You enjoy its tobacco flavor no matter what you're doing.

### Rich tobacco tradition.

Now you're acquainted with Good Luck's little pouch. But what about the tobacco that comes inside?

Well, it's made by United States Tobacco Company, whose other tobaccos, without a pouch, are now enjoyed by over 6 million Americans. And Good Luck is part of the same tradition. Only the pouch makes it easier to use.

### For people like you.

But no matter how you use tobacco (or even if you don't), we think Good Luck will add to your pleasure.

Try it. We put Good Luck in a pouch, for people like you.

Try Good Luck, a whole new way to enjoy tobacco.

# Rotarians Battle Out Of League Cellar

Rotary showed broke out of their four game tailspin last week by winning twice, and crawled out of the major league cellar for the first time this season.

Their twin victories, over Lions 14-2 and Birkelbach 10-7, left them at 3-5 for the year. They are tied with Fire Department and Lamb Co. Electric for third place.

WOW remained unbeaten in a May 27 game by doubling the Electricians 8-4.

ROTARY 14, LIONS 2

Rotary came out swinging in this game, drilling in five runs in the opening inning for all the scoring they needed. They added four insurance runs in their last bat to ice their 14-2 victory.

Danny Marquez cracked two singles to pace the winners. Pat Torres, Robert Flores and Raymond Perea pitched in a single apiece, and David Guajardo took the win.

The Lions were held to just four hits in the contest: singles by Freddy Sierra, George Gallegos, Marty Drake and Todd Simpson.

WOW 8, LAMB CO. ELECTRIC 4

George Brockington's four-hit pitching shorted out Lamb Co. Electric, giving WOW an 8-4 win.

The Woodmen's five run burst in the third inning was all they needed for their eight straight major league victory.

Eddie Gregory slapped a double and two singles for WOW. Bryan Gregory belted a triple and single, and Scot Yarbrough singled.

James Randell blasted a homer for the Electricians. Pitcher Dennis Abeya socked two doubles, and Randy McCarty had a single.

ROTARY 10, BIRKELBACH 7

The Rotarians shocked second-place Birkelbach Thursday by exploding for nine runs in the next-to-last inning for a surprising 10-9 win.

Robert Flores handled Rotary's pitching and slashed a triple. Pat Torres had a pair of singles and Beadel Anzaluda contributed a double.

Mark Newton spearheaded the Birkelbach attack with two doubles and a single. Bobby Martinez whacked a double and single, while Todd Butler and Ronnie Smith added two singles each.

FIRE DEPT. 17, LIONS 11

The Fire Dept. pulled one out of the flames Friday against Lions.

After leading 10-6 for four innings, they gave up five runs in the top of the last inning to fall behind 11-10. But seven scores in the bottom of that inning doused the Lions' hopes 17-11.

Adam Solis led in the Firemen's win with a double and two singles. Sammy Lewis punched a double. Alan Jones was the winning hurler. George Gallegos hammered

out a pair of doubles for the Lions. Marty Drake took the loss on the mound, but notched a double and a single offensively.

BIRKELBACH 7, LAMB CO. ELECTRIC 6

The first time the two teams met, Birkelbach swamped Lamb Co. Electric 17-1. But it was a different story Saturday.

Though Birkelbach finally won 7-6, it took extra innings, and the Electricians gave them all the trouble they wanted.

Birkelbach got started right, taking a 6-0 lead after two bats. Then the Electricians came steadily back, scoring three runs in the third and a single run in the fourth, fifth and sixth. But they couldn't get anyone across

in the seventh, and Birkelbach upped their record to 6-3.

Mark Newton and Bobby Martinez led the winners with two hits each. Todd Butler picked up the win.

Gerald Twitty's three singles paced the Electricians. Jimmy Sexton had a double and a single. Kerry Rainbolt handled the pitching.

Leader-News and Security State both kept their strings alive last week in minor league play, though the nature of their strings are exactly opposite.

Leader-News pounded Security State 21-5 Thursday and edged VFW 10-9 Saturday to win their fifth and sixth games of the year without a loss.

Coupled with their 18-9 defeat at the hands of Carlisle-Oldham Friday, Security State has lost six in a row.

But there are 15 games left in the minor league season, and the Bankers are looking to turn the tables very soon.

LEADER-NEWS 21, SECURITY STATE 5

Scott Lewis teamed with Charles Jackson Thursday to hold Security State to two hits and pace Leader-News to a 21-5 win.

The Newsmen jumped on Banker pitcher Oscar Torres for five runs in the first inning, added six more in the second, and eased in the rest of the way.

Raymond Sierra popped two singles for the winners, and got batting support from eight of his teammates who all added singles.

Quentin Clark and John Lee had singles for Security State. CARLISLE-OLDHAM 18, SECURITY STATE 9

Trailing 5-3 after one inning, Carlisle-Oldham rolled in 11 runs in the next two innings to rob Security State 18-9 Friday.

Buddy Collins led the winners with a double. Orvil Haynes, Donald Bryant and Martin Sanchez cracked singles. Clay Vincent picked up the win.

Cliff Davis slapped a double for the Bankers, and Eric Fleming added a single.

LEADER-NEWS 10, VFW 9

In a showdown between the top two minor league teams, Leader-News pushed across four runs in their last bat then held off VFW's rally to win 10-9.

The veterans were tied with the Newsmen after three innings, 6-6. Then Greg Dempsey knocked a triple with the bases loaded and scooted across home plate when the ball was overthrown at third base.

# Tigers Slow Roadrunners 9-2

The Tigers slowed down the Roadrunners 14-7 Monday night in a local Pee Wee League contest.

The Tigers jumped out in front with five runs in the first inning, and held a 9-2 lead after two and a half innings. The Roadrunners narrowed the margin to 9-7, but the Tigers drilled home five more in the last period to ice the win.

Mitchell Stuart handled the mound chores for the Tigers and joined teammate Dale Duke by slapping three hits. Mike Martinez, Jerry Edding, Mike Stuart and Ronnie Willard knocked two hits each.

Dwayne Ricks and Gary Simmons led the losers with a pair of singles apiece. Sheldon Macha, Paul Steadman and Ward Brooks chipped in hits. Michael Thompson pitched for the Roadrunners.

CHIEFS 14, FIREBALLS 9

The Chiefs won their second Pee Wee game of the year Monday by defeating the Fireballs 14-9.

They jumped out in front 5-0 after one inning, and were never pressed.

Billy Savala was the winning pitcher for the Chiefs, now 1-2. Israel Torres hurled for the Fireballs.

# Bull Riding Set At Fair

Open jackpot bull riding and an open championship cutting horse contest have been added to the growing list of attractions for the 58th annual Panhandle South Plains Fair in Lubbock Sept. 20-27.

Steve L. Lewis, general manager, said the two events were being co-sponsored by the fair association and the Lubbock County 4-H Clubs.

"We feel they will add a whole new dimension to the fair," Lewis said.

Both events will be held in the new livestock pavilion.

The bull riding is slated Sept. 24 and will be limited to the first 50 bull riders who enter. Entry fees will be \$40 (\$30 jackpot) and six places pay back on one go-round. Added money of \$500 has been earmarked for the event, Lewis said.

The show secretary will be Mrs. Ann Rasmussen.

The purse for the Sept. 25 cutting horse contest will be \$500 plus entry fees. There will be six placings for one go-round.

The entry fees have been set at \$50 each, plus \$35 cattle and office charges for a total of \$85.

Mrs. Rasmussen also will be secretary for the contest. Judges will include Bill Underhill of Gainesville and Spencer Baize of Stamford. The national Cutting Horse Association representative at the show will be Wayne Pooley of Lubbock.

Mail order reservations for tickets now are being accepted by the fair association at P. O. Box 208, Lubbock, Texas 79408. Tickets for all but the Pride show are \$3, \$4 and \$5. Pride ducaats are \$4, \$5 and \$6. Shows will be presented at 5:30 and 8:30 p.m. daily.
