LUCKS! AND BY GUM! Corn-on-the-cob eating time is here at the wrong time for Roger Reding who has just lost four upper and two lower teeth. "It kinda hurts," he said, flashing a big toothless grin and licking the butter off his teeth. Then he bit in again and polished off the ear, by gum, by gravy. Roger is the eight-year-old son of Mr. and Mrs. Don Reding.

Trustees OK Budget For Athletic Program

Littlefield school trustees approved a \$24,110 budget for athletics, employed two new teachers and accepted the resignation of one faculty member at a regular meeting Monday.

Teachers hired are Mrs. Edna Hurst of McAdoo for elementary grades and Mrs. Sara Gates of Lubbock for kindergarten classes which will start next fall.

Supt. Paul I. Jones said approximately 40 students had been accepted for the new state-reduced kindergarten classes. He assured that Littlefield will have two teachers for the new program.

The resignation of Raymond Whittfield, junior high teacher and former head coach, was accepted.

Littlefield has accepted employment in the coaching field.

The athletic budget for 1970-71 is about the same as the 1969-70 budget. Total expenditures for the past year counted, total expenses now stand at \$23,844. The new budget of \$24,110 includes anticipated receipts of \$1,500 from football, \$1,250 from basketball and \$9,650 from funds (maintenance) as the major portions of the total income.

During the past year, the football program brought in \$10,663 in tax funds totaling \$9,500. These have been supplemented to meet expenses.

With Littlefield going into the football conference this year, and interest expected to pick up, the anticipated receipts from football hopefully will meet or beat the budgeted income of \$11,500, Supt. Jones said.

Jones pointed out that the 1970-71 total expenses for athletics will be about the same as they were in 1965-66.

The \$24,000 budget of that year showed \$17,130 income from football, and \$4,000 in tax funds was needed to bring receipts in line with expenses.

Jones said participation in athletics rose markedly last year and told the board the 1970-71 budget is as low as possible if the school system is to maintain its athletic program.

ROCKING CHAIR CAN'T GET TEACHER

By NILAH RODGERS
Leader-News Staff Writer

For the first time in more than 30 years Mrs. Grace Smith won't be behind her desk when school starts this fall.

"I wasn't tired of teaching," Mrs. Smith said, "I enjoyed it. But there are so many things I want to do, and I didn't want to retire when I couldn't do anything but sit and rock."

Her decision to retire surprised many of her co-workers. "I may be sorry," she said, "but I've never had time to read half as much as I want. My husband and I are both fishing enthusiasts, and we have a little Shasta and a Silver Streak we like to take to Colorado and to the lakes around Abilene."

Mrs. Smith started teaching her first year out of high school. In 1926-27, her superintendent

put her over the "overflow" fourth and sixth grade classes in the little New Mexico town where she lived. Her classes were in a half basement under the custodian's living quarters.

Mrs. Smith had a little brother in the sixth and a sister in the fourth, and every night she would go home and ask them what they did in school that day, then study her lessons and try to keep her pupils just a day or two behind what her brother and sister were doing.

Mrs. Smith married the next year and started getting her degree while her husband taught school. "The Depression was on and there wasn't anything else to do," Mrs. Smith said. She credits her husband with encouraging her to get her degree when she was ready to quit. "By some hook or crook," as she describes it, Mrs. Smith got her degree from Hardin

Simmons University magna cum laude when daughter Lou was four.

When she applied for a teaching job, she found 100 others had applied for the same position. "A married woman, unless she was a widow, didn't have much of a chance to teach then unless she knew someone on the school board," Mrs. Smith said. "They only wanted

Direct-Dial To Amherst Set July 22

After July 22, Littlefield residents will be able to direct-dial seven area towns, when Amherst will be added to the Extended Area Service by General Telephone Company of the Southwest.

Amherst was added to the Extended Area Service Sept. 8, 1969, making the sixth area town on the service.

Persons in both Littlefield and Amherst will be able to phone one another on a toll-free basis, by just dialing the toll-free telephone number," said Paul F. Kehoe, district manager of General Telephone.

"This was made possible by the action of both city councils approximately 18 months ago," Kehoe continued.

"Work is nearly complete in Amherst with the machinery installed. We lack some wire splicing before we're through," he said.

"There will be some increase in cost per month to Amherst customers because of the new service," Kehoe concluded.

MRS. GRACE SMITH has retired from the teaching profession after 32 years, with 20 of these years in the Littlefield school system.

LITTLEFIELD MERCHANTS

They're Giving Away Auction \$

"Shop at the Stores with the Auction Dollar Days Stickers on their doors" is the slogan here today through June 20 during "Auction Dollar Days."

Thirty-three Littlefield merchants are participating in a unique Auction Dollar Days sales event, and everyone in the area can take part in the event by shopping Auction Dollar Days specials and collecting Auction Dollars for the big, free auction on Saturday, June 20.

"Auction Dollars" will be issued by participating firms on all sales, (cash, charge or lay-a-way), dollar for dollar to the amount of the sale, or up to \$100 on any single item.

This "Auction money" can be used just like real money to bid on many valuable prizes at the auction to be held at 5 p.m. Saturday week at the close of the Auction Dollar Days.

Beginning today, some of the prizes donated by participating merchants can be seen in the display window at 427 Phelps Avenue. New merchandise will be added daily.

These gifts will be offered to the highest "Auction Dollars" bidder at the auction, with bidding done only with the auction money given out during the promotion.

Exciting and valuable prizes and many bargains will make this a long remembered event. It all adds up to great excitement. It costs nothing to participate, so ask for your "Auction Dollars" with every purchase and make plans to attend.

Any business firm with an "Auction Dollar" sticker on his door will be happy to give you all the details. Littlefield

merchants have gone to considerable effort to make this the biggest event of the year. It is their way of saying "Thank you" for your patronage.

The excitement of bidding for free prizes promises to be the year's top event.

Collect "Auction Dollars" that can be used like real money at the auction from the following merchants:

A&B Office Supply, Anthony's, Bennett's Firestone, Brittain Pharmacy, Chisholm Floral, Connell's Office Supply, Cox Furniture, Crescent Food Mart, Fair Department Store, Fields Cleaners & Men's Wear, Findley Jewelry, H&M Fabric, Merlins Food, Moss Shoes, Newton's Ladies Wear, Norma's Pat's Record Center, Pay & Save, J.C. Penney Company, Pratt's Jewelry, Pioneer Super Market, Roden Drug, E.C. Rodgers Furniture.

Hill Rogers Furniture, Save-U-Discount, Sears Roebuck & Company, Security State Bank, Bill Smith Electric, Sprouts Reitz, Tommy's Electronics, Ware's, West Drug, and Western Auto.

City Accident Hurts 2 Persons

Two Littlefield persons were injured late Tuesday afternoon in a two-vehicle collision on Phelps Avenue at East 17th.

Edwin Lee Culp was taken by private auto to Littlefield Hospital where he was treated for chest and left knee injuries, and Joe Walter Williams was taken to Littlefield Hospital by Hammons ambulance where he was admitted with a broken left pelvic bone and minor cuts on the face.

Williams, driving a 1955 Ford, stopped at the stop sign on 17th then proceeded to make a left turn onto Phelps Avenue into the path of a 1964 Ford pickup, driven by Culp, traveling north on Phelps.

Culp saw Williams stop at the sign and thought he would wait for him to pass, and when Culp saw him start up again, he slammed on the brakes and skidded 48 feet before it struck the auto broadside in the left side.

The collision knocked the car over to the west curb of Phelps Avenue and the pickup made an about face, just to the end of the skid marks.

Patrolman Wayne Cooper investigated the accident.

TWO WERE INJURED Tuesday afternoon when these two vehicles collided at East 17th and Phelps Avenue. Edwin Lee Culp, driver of the pickup in the foreground, and Joe Walter Williams, driver of the car, were both taken to Littlefield Hospital. Culp was hospitalized and treated for chest and left knee injuries, and Williams was hospitalized with a broken left pelvic bone and minor cuts on the face.

Area Wreck Injures Two

See left Harley Claunch was injured in a two-car accident at Whitharral Tuesday evening.

Mrs. Claunch was driving a 1969 Ford pickup and Finis Tipton of Route 2 Littlefield, was driving a 1966 Chevrolet and had pulled off the right shoulder of the road and was attempting to make a left turn on U. S. 385 when the two cars collided.

Both were traveling alone and both were taken to the Littlefield Hospital by George Price Ambulance. Mrs. Claunch had head injuries and was admitted to the hospital. Tipton had bruises on his legs and hips and was treated and released.

Don Kuykendall, Hockley County highway patrolman investigated, and said both vehicles were heavily damaged or totaled.

Many Area Farmers Have Planting Problems

Many farmers in this area are having a difficult time getting a crop up and growing this year. As many as 60 per cent of the dryland farmers west of Littlefield haven't even been able to plant their cotton, and the ones who have planted have a stalk here and a stalk there that doesn't add up to a stand.

Dryland farmers aren't in a boat by themselves when it comes to getting their crops up. Many farmers who could have irrigated this winter didn't because of the very good underground moisture. Now after hot dry weather and blowing winds, they are finding that their land is too dry to plant.

An unusual, but not uncommon, sight around this area is irrigation ditches dug, sprinklers going and irrigation in full swing to make the moisture meet so that farmers can get their seed in the ground.

In some cases, farmers who were finding their seed drying out on them are watering a crop up.

For those who haven't planted cotton and who still intend to plant, nothing has to be filed with the ASCS office. But for those who do not intend to plant cotton, a form should be filed with the county ASCS office.

Farmers have until June 20 to plant or replant grain sorghum.

If weather conditions are such that planting is not possible, or if the crop is destroyed after the replant date, and another crop is desired, the farmer must request approval in writing and have the land inspected before planting another crop. An inspection fee for the farm visit will be charged.

For prevented plantings to be eligible for credit as planted acreage for program payments and price support, the area for which credit is requested must not subsequently be planted to feed grains, peanuts, cotton or wheat for harvest in the current year.

This provision is for the benefit of those farmers who suffered a hardship through loss of the crop due to a genuine disaster such as drought, hail, flood, etc. This is not intended to be used to provide windfall benefits to producers who are not making a genuine effort to plant, care for and harvest the crop.

Before filing for an application for this provision, every effort to plant and replant must be made.

Big Machines Moving Dirt At Overpass

OVERPASS construction at the intersection of US 84 Bypass and FM 54 is underway, and dirt moving machinery of Boswell and Crafton, Inc. is busy moving from 12 to 24 cubic yards of dirt per load to build ramps for the bridge.

Flagman Otto Fair of Littlefield stops Highway 84 traffic as the heavy machinery approaches the crossing. The photo at the bottom shows the machinery picking up new loads from the bottom of an already deep pit.

City Board Meets Friday

The City Board of Equalization for Littlefield will convene Friday morning to determine, fix and equalize the value of all taxable property in the city for 1970.

Persons who wish to appear before the Board are asked to meet in the City Council Room of the City Hall, beginning at 9 a.m.

The morning session will run until 12 noon and the meeting will convene again at 2 p.m. and run until 5 p.m.

Band To Play For Teen Dance

The "Roadside Convention" band from Amarillo will play for a dance at Teen Town Friday night, beginning at 8 and running until 12 midnight.

All teenagers, whether Littlefield residents or not, are invited to attend.

Entrance fees are \$1.50 with membership card, stag; \$2 with membership card, couple; \$2 without membership card, stag; and \$2.50 without membership card, couple.

Only one set of membership cards have been sold, therefore all membership cards are valid.

The "Love Expedition" band from Brownfield will play for a dance here July 10, and their schedule will be announced again.
