

Bomb Unit Trains As UNO Force

ROSWELL, N. M., Feb. 28. (AP)—The 58th Bombardment Wing, atom bombing specialists, will have a top position in this nation's contribution to the projected United Nations organization police force.

The AAF wing, veteran of aerial bombardment of Japan, now is in the process of reorganizing into a fully equipped strategic force ready to strike anywhere in the world — with atom bombs if the job requires.

At the moment, the atom bombing unit of the wing is the 509th composite group based at this New Mexico desert air field which also is an advanced headquarters for the wing.

With permanent headquarters at March Field, Calif., the wing is made up of four groups — the 444th based at Merced, Calif., the 462nd at McDill, Fla., and the 468th and 509th at Roswell.

The strength of the wing and its component units now is less than 10 per cent of its authorized level. So far as is known, the 509th group with its 393rd squadron is the only unit in the world trained for the intricate task of dropping atom bombs. Men and officers of the group as well as of most of the wing are career men of the Regular Army.

Brig. Gen. Roger M. Ramey and his staff of the 58th look upon the forthcoming atom bomb test as a godsend. Immediately after the notice was received the wing was given a high priority and now is busy preparing itself for both the test and its future prominent role in the World Security Police Air Force.

GM Strike Longest, Costliest In US Industrial History

DETROIT, Feb. 28. (AP)—The General Motors strike, one of the longest and costliest in American industrial history, reached its 100th day today, having cost management and labor something in excess of \$750,000,000.

To the corporation, its plants tightly closed throughout the nation was lost approximately \$500,000,000 in unfilled orders; to the long idle 175,000 GM production workers the cost in lost wages was estimated at from \$113,000,000 to \$128,000,000; the merchandising division of the automobile industry had lost more than \$100,000,000 in sales commissions and other millions were lost by companies and workers dependent upon General Motors for parts.

Against this costly background the corporation and the CIO United Automobile Workers' Union scheduled another meeting today with special labor mediator James F. Dewey, seeking a back-to-work formula.

The union is demanding a wage increase of 19 1-2 cents an hour and the company has refused to go higher than 18 1-2 cents.

The UAW-CIO, basing its calculations on a 40-hour work week, placed the wage loss at \$113,000,000 and the management, figuring the week at 45 1/2 hours, fixed the amount at \$128,000,000.

In Flint, Mich., where 50,000 production workers represent the greatest concentration of GM employees in a single community, 2,076 strikers' families are listed as receiving welfare relief. The average payment is \$38.06 a family each month.

Local Vet Hospital Plans Turned Over To Army Engineer

DALLAS, Feb. 28. (AP)—Hospital projects for the Dallas branch area, totaling \$18,137,994 have been turned over to the Army engineers by the Veterans Administration, D. A. Hiller, acting deputy administrator, has announced.

Projects in the initial list for Texas include one 250-bed general medical hospital costing \$2,570,763 at Big Spring and one 500-bed neuropsychiatric hospital costing \$5,047,000 at El Paso.

Wolf Returns Alleged Burglar To Jail Here

Sheriff Bob Wolf returned Wednesday from Bay City with Albert J. Vicks, who is wanted in connection with a burglary committed here last week.

Free-For-All Breaks Out In GE Strike

PHILADELPHIA, Feb. 28 (AP)—Striking General Electric Co. workers and sympathizers battled police in a free-for-all today in one of the most violent outbreaks in postwar labor disputes.

Three thousand marchers broke through police lines three blocks from the plant, bowling over six officers on motorcycles before 18 mounted policemen rode into their ranks and routed the men and women in the parade. The estimated number of injured ranged as high as 20.

It was the second straight day in which CIO-Electrical Workers' and sympathizers fought police enforcing an injunction prohibiting a mass picketing at General Electric.

Union leaders asserted they were not violating the injunction but were conducting a march on city hall to "protest police brutality."

Acting Sheriff William J. Morrow declared he will order police to break up all gatherings of workers within a six-block radius of the plant, strikebound since Jan. 13.

Skirmishes between police and the marchers flared throughout the southwest Philadelphia area for a half hour before Morrow reported the situation under control.

The marchers then began a 55-block trek to city hall. In the early morning hours, the 375 police on duty in the area scattered all groups of pickets and took two persons into custody for questioning.

More than 1,000 persons, led by a flag-bearer, reached city hall shortly after noon. Hundreds of policemen, carrying nightsticks, stood guard.

Philadelphians jammed into the central city plaza surrounding the historic municipal building to watch the marchers. After the melee, only five pickets, all women, remained on duty at the plant. Hundreds of police were in the area.

Japs Found Guilty Of War Atrocities

SHANGHAI, Feb. 28. (AP)—Seventeen Japanese military men were sentenced today — five to the gallows, 12 to prison — for the strangulation and cremation of three American B-29 fliers at Hankow in December, 1944. An 18th defendant, the lone civilian to be tried, was acquitted.

The US military trial commission decreed death by hanging for: Maj. Gen. Masataka Kaburagi, chief of staff and deputy commander of the Japanese 34th Army in Kankow; Warrant Officer Tsutomu Fujii, who supervised the killings; and the trio who pulled the cords about the helpless airmen's necks: Sgt. Major Shozo Masui, Sgt. Koichi Masuda, and Pvt. Yosaburo Shirakawa.

American defense counsel said the condemned men probably would ask Lt. Gen. Albert C. Wedemeyer, theater commander and reviewing authority, for clemency — but that no higher appeal was planned.

Col. Kameji Fukumoto, commander of Japan's Hankow garrison, was sentenced to life imprisonment. Terms of other ranged from 18 months to 20 years.

Four other Japanese, former officers, are awaiting trial here March 11 on charges of complicity in the execution of three Doolittle raiders whose plane crashed in China after their surprise blow at Tokyo in April, 1942.

Included among the defendants is Lt. Gen. Shigeru Sawada, former commander of the Japanese 13th Army in Shanghai, accused of ordering the farcical court martial which meant death to Lt. Dean E. Hallmark and Sgt. Robert Spatz.

Man Finds Stolen Auto In Garage

An exception to the ancient belief that a person should never look a gift-horse in the mouth is Roy Phillips, who operates a farm north of town.

Phillips drove into his place Wednesday afternoon and found a vehicle parked in his garage he'd never seen before. How it got there, he was at a loss to explain.

He returned to town to explain the strange discovery to the law, who consulted the police radio log to learn that the vehicle had been stolen in Hobbs, N. M., on Feb. 20.

Coal Industry Awaits Demands Of Lewis' Union

Miners Expected To Open Contract, Ask For Pay Hike

WASHINGTON, Feb. 28 (AP)—Soft coal operators are bracing themselves for John L. Lewis' first move to win higher pay for some 400,000 of his United Mine Workers.

The operators, many of whom already are here in anticipation of the wage maneuvers, expect formal notification by Saturday that Lewis wants to reopen his 11-month-old contract.

Then they look for the bushy-browed mine leader, to present his actual pay and other demands ten days later—on March 12.

Every indication is that the wage issue will be simple but substantial and that a drawn-out controversy may result for these reasons:

1. In the coal industry, labor costs are a major factor, and wage increases in the past have been tacked onto the cost of each ton of coal.

2. Mounting coal prices add to industry's fears of inroads by competitive fuels.

Lewis is close-mouthed as ever about his intentions, but it seems a foregone conclusion that he will ask for the same pay for a somewhat shorter work week. In this respect he has a powerful argument in the president's own wage policy of October 30.

The miner now receives \$10 a day for eight hours' work, and works a six-day week. One hour a day is paid for underground travel and lunch. The basic work week is still 35 hours, however.

A preview was provided at the recent wage scale conference of the union's District 5, in western Pennsylvania. It called for the same 48-hour pay for a 35-hour, five-day week.

It also approved resolutions for more vacation pay and renewal of Lewis' demand last year for a 10-cent-a-ton royalty on every ton of coal mined. This was to have gone into a fund to provide medical and "economic protection" for UMW members.

Harrington Quits As C-C Assistant

Matt Harrington, assistant manager of the Big Spring chamber of commerce since last July 1, announced today that he has submitted a letter of resignation to Manager J. H. Greene, effective March 9.

Harrington plans to enter the life insurance business in Big Spring. In his letter of resignation he said he will continue to assist the chamber of commerce in membership work and other duties which he has supervised during his tenure as assistant manager.

New Auto Licenses May Be Displayed

Legal vehicle owners have until April 1 to purchase auto registrations for 1946 but may replace their old plates after today.

Figures released by the county tax office showed licenses issued for 414 passenger cars, 55 commercial vehicles, 100 farm machines and ten trailers for the month of February.

Vandenberg Stand On Reds Endorsed

WASHINGTON, Feb. 28 (AP)—The senate lined up today behind the stand of Senator Vandenberg (R-Mich) that the United States take a firm line in dealing with Soviet Russia on controversial global problems.

The backing was unofficial since no legislation was involved, but Vandenberg evidently had won his colleagues' support in the formal report he made on his observations and conclusions as a delegate to the recent UNO session in London.

From democrats and republicans alike came unbroken endorsement of the Vandenberg appraisal of US-Soviet relations in his speech yesterday to an applauding senate.

Vandenberg's assertion that the United States, backed by a consistent, positive foreign policy, must speak up when Russia makes her claims found colleagues apparently unanimous in their approval.

Senator Hatch (D-NM), a foreign relations member who is a close personal friend of President Truman, said Vandenberg "expressed my sentiments about Russia exactly."

Similarly, Senator Fullbright (D-Ark), who has criticized what he said was the administration's failure to assume consistent leadership in world affairs, said he thought the Michigan senator was "absolutely correct in the essence of his statements."

Senator Ball (R-Minn) said he agreed 100 per cent with Vandenberg's position on Russia.

Senator Russell (D-Ga) said he subscribed to the general outline Vandenberg laid down and hoped the president and secretary of state would draw clearly the line beyond which Vandenberg said the world should be told the United States is unwilling to compromise in its international dealings.

Course Mapped For YMCA Event

A full program of activity is planned for the YMCA headquarters upstairs at 212 Main Friday night.

W. R. Dawes, executive secretary, pointed out that there would be musical interludes during much of the time, with two periods of special entertainment.

The first will be at 8:20 p. m. when J. B. Mull, acting vice-president, will welcome visitors and members and will explain briefly the YMCA movement. At that time there will be a documentary film, "Men of Tomorrow," at 9:20 p. m. the March of Time film, "Youth in Crisis," will be projected.

The high school girls' glee club, directed by Mrs. Wiley Curry, will sing during the evening.

Equipment acquired by the YMCA from the USO will be displayed and refreshments will be served. Charter members have been reminded by mail of the affair and all others in the community are urged by YMCA officials to inspect the headquarters set-up.

Strike In Manila

MANILA, Feb. 28 (AP)—Over 2,000 Manila workers struck for higher wages today, affecting the city's slowly-reviving electric power and bus transportation. The majority of the workers were employees of the American-owned Manila electric railroad and light corporation.

Pauley Nomination Will Not Reach Showdown Vote

WASHINGTON, Feb. 28 (AP)—Reports persisted today that the hotly-contested nomination of Edwin W. Pauley will never reach a show-down senate vote.

Thousands Cheer Hirohito In Unprecedented Outing

TOKYO, Feb. 28 (AP)—Two thousand subjects cheered Emperor Hirohito as he visited a department store today, but the communist party quickly censured his recent public tours as a "pre-election campaign for the sake of reactionary political parties."

"We demand that the emperor and all other war criminals be banned from carrying out any such campaign," read a resolution passed by the party convention. The resolution is to be presented at the imperial household tomorrow.

Cheering Japanese broke through thin police lines to crowd around the emperor's automobile as he left the store.

Fire Destroys Nappers Garage

The W. J. Nappers Garage, 1100 North Douglas, was destroyed by fire Wednesday afternoon, when gasoline ignited from a welding apparatus and spread rapidly to other gasoline containers in the building. Fire Chief H. V. Crocker reported.

The entire building was engulfed by flames only a few seconds after the blaze started. Crocker said, and a 55-gallon drum of gasoline rocked the vicinity with a terrific explosion just as firemen brought a stream of water into play.

The building, tools and equipment of the garage were listed as a complete loss, and heavy damage was sustained by a truck with heavy mechanical equipment belonging to O. R. Bolinger.

Crocker cautioned the public to use extreme care when required to work near gasoline. "Firemen still maintain that there is only one place for gasoline, and that's in an automobile," he said.

West Texas Hotel Greeters Meet Here

Approximately 100 persons are expected here this evening for a rejuvenation meeting for the West Texas Hotel Greeters association.

The district convales, headed by Jake Douglas, Big Spring, president, will be addressed by Arthur Landstreet, Memphis, Tenn., president of the National Hotel Greeters of the Americas. Mrs. Jewel Record, Fort Worth, president of the national auxiliary, will speak to the district auxiliary, meeting jointly with the greeters.

Hawaiian Youth Likes Detention

WAUKESHA, Wis., Feb. 28. (AP)—T. R. Uthus, superintendent of the Wisconsin Industrial School for Boys, says he received a letter from a young Hawaiian, stating:

"As I am considering attending your school this fall term, will you please send me a catalog and other pertinent material on your school curriculum and activities?"

The industrial school is for delinquent boys. Uthus said the applicant probably had heard there was no tuition.

Sino-Puppets' Confined For War Crimes Trials

SHANGHAI, Feb. 28 (AP)—Chen Kung-po, former president of the puppet Central government; Chu Min-yi, puppet foreign minister; and Chi Pi Chun, wife of Wang Ching-wei, first puppet president, are awaiting trial in China's major war criminals.

They are confined in a little white house, the guardhouse of Kiangsu provincial court outside Nanking.

Chen Kung-po, calm and collected, refuses to talk about his impending trial.

China's puppet first lady, unaccustomed to her new surroundings, often lost her temper during the early days of her imprisonment, guards reported. But she is quiet now, spending much time reading and writing.

Chu Min-yi has not forgotten his favorite hobby—tai chi chun, a form of Chinese shadow boxing—and often exercises in his little room.

By court order, no visitors are permitted. Even the five watchmen are not allowed to receive guests—nor may any of them leave the premises.

The prisoners are given two meals daily, each consisting of 24 ounces of rice and a bowl of vegetables.

Three Thousand Die In January Accidents

CHICAGO, Feb. 28. (AP)—Three thousand persons were killed in traffic accidents in the country in January and the National Safety Council predicted a possible total of 38,000 fatalities in 1946 on the basis of last month's toll.

Last month's total was 49 per cent more than reported in January, 1945, when gas rationing still was in effect, and it was the third most deadly January in the history of motor vehicle travel in the United States, the council said.

The 3,000 toll was exceeded only by 3,159 in January, 1937, and 3,085 in January, 1935.

Filipino Laws Indexed

MANILA, Feb. 28. (AP)—US Army headquarters announced today that its military police command has completed indexing and organizing the 4,946 Filipino laws into a single basic set, as the request of President Osmen.

West Texas Hotel Greeters Meet Here

Approximately 100 persons are expected here this evening for a rejuvenation meeting for the West Texas Hotel Greeters association.

The district convales, headed by Jake Douglas, Big Spring, president, will be addressed by Arthur Landstreet, Memphis, Tenn., president of the National Hotel Greeters of the Americas. # Area Meeting Of Scout Association Held Here

### Sixty-five Leaders Attend Camping Institute Wednesday

Some 65 Girl Scouters were present Wednesday for a meeting of the West Texas area, representing 10 councils in this section, at which time various phases of camping were discussed.

The institute was divided into three groups, comprising leaders, troop committee members and board members. At the concluding session a recommendation was made by the board members that the matter of establishing a permanent camp be referred to the West Texas Men's and Executive committee. A meeting of that group will be held at the Settles hotel on March 28.

The committee was authorized by the institute to select possible sites for establishment of a permanent camp to be used by Girl Scouts of the West Texas area. The results of the investigation and recommendations of the committee will be presented to the general meeting of the area in April.

The camping institute was presided over by Mrs. H. W. Smith of Big Spring, local camping chairman, who opened the meeting with a discussion on camping in the area. She reminded leaders that there are no convenient facilities for camping, and told Scouters that there should be since it is for the camping activities that girls are primarily interested in the work. She urged leaders to make greater efforts for organizing camps and hikes.

After the opening remarks by Mrs. Smith a color movie depicting camp life for Girl Scouts was shown by Bill Dawes. Before luncheon brief seminars were conducted by Mrs. P. V. Thorsen for leaders, Mrs. John Holt for troop committees and Mrs. G. C. Hardwick for board members.

At noon luncheon was served from tables laid with white cloths with center runners of bright green. Set at intervals down the tables were miniature campfires with tents and campfires. A Girl Scout invocation was sung.

Attending the area meeting were from Abilene, Mrs. R. C. Barker, Mrs. J. B. Casey, Mrs. J. E. Connally, Mrs. Floyd Gentry, Mrs. R. E. Hillburn, Mrs. Joe Jordan, Mrs. J. S. Thornham, Mrs. C. A. Walker, Mrs. Edwin Miller, Mrs. T. E. McMahan, Mrs. J. C. Patterson, Ann Moore, and Mrs. J. A. Ponder.

Lamesa, Mrs. L. G. Campbell, Mrs. I. S. Dehnan and Mrs. Robert Koger; Monahan, Mrs. Max Hammond, Mrs. B. L. Croan, Mrs. H. N. Brown, Mrs. W. R. Shelton, Mrs. Fred Snelson; Odessa, Mrs. G. C. Hardwick, Mrs. J. M. Hejt, and Mrs. Guy P. Nease.

Sterling City, Mrs. Robin Burns, Mrs. Ralph Bynum, Mrs. H. M. Carter, Mrs. H. F. Donaldson, Mrs. W. D. Durham, Mrs. W. D. Farnsworth, Mrs. W. B. Welch and Mrs. Johnny Williams; Midland, Mrs. W. C. Cartwright, Mrs. K. C. Slough, Mrs. W. W. West, Mrs. John Weston, Mrs. Don Johnson, Mrs. F. M. McDaniel, Mrs. C. B. Oates, and Mrs. I. A. Searles; Sweetwater, Mrs. Milton Edwards, Mrs. Ross Godfrey, Mrs. P. V. Thorsen, Mrs. Bledsoe, Mrs. Alton Sims, Mrs. Foster Miller and Mrs. L. T. Nelson; Merkel, Mrs. Elizabeth Higgins and Mrs. E. B. Robertson; Roscoe, Mrs. Ray Hendrie, Mrs. V. R. Absher and Mrs. Turner May.

The hostess group included Mrs. Ruth Burnam, Mrs. J. W. Burrell, Mrs. Dan Conley, Mrs. Bill Early, Betty Jo Glenn, Mrs. J. E. Hogan, Mrs. H. W. Smith, Mrs. Larsen Lloyd, Mrs. J. B. Mull and Mrs. M. F. Ray. Area representatives were Sarah Bowman, Mary Miller and Sallie Cahill.

North Carolina and Washington have legislation against the marriage of tubercular persons.

# Bluebonnet Class Has Get-Acquainted Party Wednesday

The Bluebonnet Sunday school class of the First Baptist church was entertained at an informal party in the home of Mrs. G. H. Hayward. Hostesses were Mrs. Dorothy Hall, Mrs. Barbara Dally and Mrs. Nettie Jean Bowen.

A get-acquainted hour was held and a refreshment plate was served.

Those attending were Mrs. Clyde Biffer, Mrs. Ellen Caraway, Mrs. Barbara Daily, Mrs. Bonnie Evitts, Mrs. Betty Jane Dove, Mrs. Dorothy Hall, Mrs. Gayle Meier, Mrs. Frances Summers, Mrs. Winona Fallon, Mrs. Nettie Jean McEwen and Mrs. J. E. Hogan, the teacher.

# Prizes To Be Awarded At Tea

Prizes have been contributed by Barrow's, Cunningham and Phillips and Elmo Wasson's to be awarded at the fashion-tea, sponsored by the Church Guild of St. Mary's Episcopal church, to be presented on March 5 at the Settles ballroom.

Tickets are on sale at the Settles hotel and Cunningham and Phillips, and Mrs. D. M. McKinney heads the committee for sales. Others on the committee include Mrs. C. A. Jones, Mrs. Ray Boren, Mrs. Carl Sapper, Mrs. H. W. Leeper and Mrs. M. A. Ripps. Tickets may be purchased from any member of the Guild. The number of people who may attend has been limited to 350 this year so early purchase was advised.

Floral decorations will be arranged by Leon's, Estah's and Caroline's.

# Mrs. W. E. Wright Entertains Club

Mrs. Zollie Boykin was in charge of the program at the meeting of the Child Study club when members gathered in the home of Mrs. W. E. Wright Wednesday afternoon. Mrs. Bill Edwards was co-hostess.

Mrs. Boykin discussed "How We Treat Our Children," and Mrs. Edwards spoke on "Give Your Child the Love of Music."

Mrs. Joe Pickle was admitted as a member of the organization during the business session, and Mrs. Wright resigned membership in the club, effective in May.

Present were Mrs. Charles Watson, Mrs. E. B. Compton, Mrs. Hack Wright, Mrs. Zollie Boykin, Mrs. George French, Mrs. J. E. Brigham, Mrs. Iva Huneycutt, Mrs. J. B. Mull, Mrs. Wright and Mrs. Edwards.

# Oddfells Meet

Big Spring encampment number 151 IOOF met Wednesday evening in the Oddfellow hall for their regular meeting with M. L. Hayworth in the chair.

Those present were M. L. Hayworth, M. L. Nowell, Riley Knightstep, C. L. Mason, T. H. Hughes, Ben Miller and Arthur Weck.

**QUICK RELIEF FOR COLDS**

# Social Calendar Of Events For Week

**THURSDAY**  
MERRY WIVES bridge club will meet with Mrs. Steve Baker at 8 p. m.  
FRIDAY  
TRAINMEN LADIES will meet at 2:30 p. m. in the WOW hall.  
SUSANNAH WESLEY CLASS will have a luncheon at noon in the First Methodist church.  
LADIES GOLF ASSOCIATION will meet at 1 p. m. for luncheon at the country club, with Mrs. J. Y. Robb, Mrs. Shirley Robbins and Mrs. C. L. Roden as hostesses.  
**SATURDAY**  
ALLEGRO MUSIC CLUB meets at 10 a. m. in the First Baptist church.  
HYPERION CLUB meets with Mrs. Rogers Hefley, 407 Washington Blvd., at 3 p. m.

# Local 4-H Boys In Angelo Today

Thirteen 4-H club boys from Howard county are due to set up shop today in San Angelo in preparation for entering competition in the 13th annual fat stock show which gets underway there Friday.

The San Angelo event marks the third show local 4-H club members have participated in this season.

Headed by J. Q. Haney's Aberdeen-Angus steer, which took grand championship honors here last weekend, Howard county milk fed beef entries include Billy Fryar, Knott; Lloyd Robinson, Knott (two); Harold and Billy Simpson, Gayhill; Bobby Powell, Coahoma; O. D. O'Daniel, Coahoma; and Perry Walker, Center Point.

Fine wool lambs have been entered by Vanell Scott, Big Spring; Perry Walker, Center Point; Bobby Cathey, Coahoma; Jesse Overton, Forsan; and Ronnie Davidson, Center Point.

County Agent Durward Letwiler accompanied the group to San Angelo.

The dragonfly moves its wings 6,000 times a minute.

# Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of liquid Barcenate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

# Mrs. Joe H. Smoot Reception Honoree In J. B. Smoot Home

COLORADO CITY, Feb. 26. — Complimenting Mrs. Joe Henry Smoot, the former Ellen Nicholson of Spokane, Washington, Mrs. Joe B. Smoot entertained with a reception for her son's bride at the Smoot home in Colorado City. She was assisted in entertaining by her daughters, Rebecca and Margaret Smoot.

Members of the houseparty were Violet Mosser, Frances Harrison, Mrs. L. L. Machia, Mrs. Thomas R. Smith, Dorothy Womack, and Betty Brown. Presiding at the tea and coffee services were Nelle Riordan and Mrs. Newby Pratt. Piano music was played throughout the afternoon by Nina Laura Smith of Abilene. Other out-of-town guests here for the reception included Mrs. Jim Greene and Mrs. Joe Pond of Big Spring and Mabel Smith of Lubbock.

The honoree, who was married to Smoot on Feb. 9 at St. John's cathedral in Spokane, was a graduate of Lewis and Clark high school in Spokane. She was a senior at Washington State college at the time of her marriage.

The bridegroom also attained senior rating at Washington State college during his army university training and the couple will continue their studies after a visit here. Smoot, a former student at Texas A&M, graduated from high school here in 1940. He returned recently from overseas duty after having spent 17 months in the European theater with the Eleventh Armored Division, Third Army.

# Large And Modern White Store Opens

One of the largest and most modern of appliance, home needs and furniture stores in West Texas—the White's store—has been opened at 202-06 Scurry street.

Purchased a year ago by Whites Stores, Inc., the building has been completely refurnished and redesigned to give the concern one of the most spacious sales rooms in this region.

In all, there are 10,000 square feet of sales space in the building, providing a completely new furniture department for the store. In addition, there are some 4,000 feet of office, storage and service space reserved for their special uses.

Designed especially for the purposes of the store, the building has an attractive front with six show windows bordered by orange and white tile. Two of these show windows are room-types for furniture displays.

Inside the building is arranged so that the entire sales space may be taken in at a glance from any point in the house. New tile floor covers the area and celestex is used for ceiling material. Fluorescent lighting is used throughout to give the store a well illumined appearance.

L. T. Hargrove is manager of the store and is aided by an adequate sales force, including experienced department heads.

The furniture department is one of the outstanding divisions of the company. All types of furniture from living room, dining room, kitchen and bedroom suites to occasional chairs, tables, lawn furniture, etc., are available.

In addition, the store has an appliance department which will provide these items as rapidly as they become available. The automobile accessory division is still a featured department as well as that for household needs, which covers a wide spread from dishes to garden hose, lawn mowers, etc.

White's has been in business here for the past five years and the new store represents the realization of a dream at the time the store was first opened in Big Spring.

The population of the earth increases approximately 20,000,000 annually.

# IS HUSBAND'S COLDNESS YOUR FAULT?

WHY TAKE CHANCES with your happiness? Thousands of women who suffered the torment of marital uncertainty are grateful for their discovery of CERTANE Douche Powder. This refreshing, delightfully fragrant powder effectively removes embarrassing vaginal odors. CERTANE cleanses and soothes sensitive tissues, as it deodorizes. Leaves no medicinal odor. Make sure you do not offend. Don't be uncertain another day. Don't risk your most precious blessing your husband's love for you. Start now. Free yourself of doubt and worry by perfecting your feminine charm and distinctness. Ask your druggist for CERTANE Douche Powder today. Must give complete satisfaction or your money back.

Doomed But Happy—

SLOW DEATH CRIPPLES 4 BOYS; FIFTH IN FAMILY SUSCEPTIBLE

MUSCULAR DYSTROPHY victims study hard. Harold Johnston is seated on the floor while his brothers Glen, Jack and J. E. are shown left to right in "homebound" school.

PRINCETON, W. Va., (AP)—The medical world knows muscular dystrophy as a rare disease that is fatal over a course of years. Mr. and Mrs. Arlie Johnston can well doubt its rarity: it has stricken four of their six children and the doctor says a fifth will be affected. Yet they are a happy lot, and

study hard at the "homebound" school which Miss Edith Tuggle, Mercer county's itinerant teacher, conducts for them at the Johnston home in Princeton.

Eldest of the Johnston boys is Jack. Now 18, he has resumed classes after a three-year lapse. He's in the fourth grade.

Next in line is J. E. Johnston, 10, who had to quit the third grade in the fall of 1944 when it became impossible for him to board the school bus.

Eight-year-old Glen is unable to lift big books and slowly is losing the ability to walk without falling.

Harold, aged 6, most active of the four boys, can't go to public school, because he continually loses balance and there's nobody to help him on and off the bus.

The fifth son is little two-year-old Billy Johnston and Dr. G. L. Todd of the Memorial Hospital staff says he, too, will be afflicted at about the age of 6.

A little blonde girl named Joan, 4 years old, completes the family. Dr. Todd predicts she will escape the dread malady.

When Dr. Todd first began treating the Johnston children, he sent two of them to the University of Virginia hospital at Charlottesville. There the diagnosis was confirmed.

Dr. Todd said the four boys now affected will become weaker as the dystrophy hardens their muscles and death probably will come in their late teens.

Muscular dystrophy is nearly always of hereditary origin. Mothers are supposed to transmit it more often than fathers. The disease when present is likely to occur in

MAN'S PAY CHECK STRETCHES SO FAR

GREEN BAY, Wis., Feb. 28 (AP)—Harry Panure of Milwaukee, pleading innocent in municipal court on a charge of non-support, explained his financial set-up to Judge Donald W. Gleason.

He gets \$120 a month salary; pays \$40 a month to his divorced wife for support of five children; pays \$12 a week for room and board. He has been ordered to pay \$60 a month for support of his divorced second wife and two children — for a total of \$148 a month.

Judge Gleason, continuing the case to March 7, suggested that Panure consult an attorney and a mathematician.

Polish Coal Output

WARSAW, (AP)—Poland's coal production in 1945 has been officially reported at 21,208,000 tons.

several members of the same family. The disease has been traced through several generations of one family.

Army Seeks Better Limbs For Wounded

TEMPLE, (UP)—McCloskey General Hospital has been designated as a research center for the improvement of artificial limb joints in below-knee amputations. The Surgeon General's Office, Washington, has allotted \$44,000 to the hospital for experimental purposes and one of the installation's buildings has been equipped with the newest type machinery and staffed by 10 enlisted men, all of whom have had previous experience in research work or are expert mechanics.

Although the Army medical department has provided the best obtainable prosthesis for soldiers who have suffered the loss of limbs, Maj. Gen. Norman T. Kirk, the surgeon general, realized the need for improvement in certain types of artificial limbs and several Army general hospitals now are engaged in scientific research for the development and improvement of all types of prostheses.

The McCloskey project is under the direction of Capt. Frank E. Urbaneck, M. C. He explained that in certain cases, ankle or partial foot amputations, there are at present perplexing problems to the

orthopedic surgeon because a prosthesis has not yet been developed which is mechanically perfect.

"This is our prime object," he said. "We are attempting to produce an ankle joint for such amputations which will prove to be superior, both mechanically and cosmetically, to those now in use."

M-Sgt. Joseph P. Bator of Chicago, Ill., is the non-commissioned officer in charge of the research laboratory. He has arranged space for milling machines, lathes, surface grinders, saws, drill presses,

a heat-treating furnace and drafting tables.

Capt. Urbaneck said that one joint improvement already had been completed and submitted to the Surgeon General for consideration and approval.

ASK FOR RELIEF TOKYO, Feb. 28 (AP)—Premier Kijuro Shidehara said Tuesday the Japanese public seems to regard demobilized soldiers and repatriated civilians as burdens on the nation, and asked they be helped.

# Top-Ranking Japs Barred In Politics

TOKYO, Feb. 28 (AP)—Japan's cabinet, applying General MacArthur's final political purge list, today barred from public office the top officials of 32 industrial and banking corporations along with "tens of thousands" of other wartime leaders, large and small.

In this far-reaching blow against the wartime industrial hierarchy of Japan, the new cabinet ordinance also disqualified officials of at least 14 industrial control associations and other government-controlled organizations.

Japanese sources asserted that many present leaders of unaffected government corporations will be eliminated from office for "ultra-nationalist records in the past."

The order also provided for re-

moval from office or disqualification of men in these categories:

War criminals, career military and naval officers, members of army and navy secret police, influential members of 118 specifically named patriotic societies, leaders of wartime totalitarian political organizations, officers of financial and development organizations which had a role in Japanese aggression, and governors, political advisers and other officials of formerly occupied areas.

The "control associations" listed, in contract with industrial corporations, regulated the wartime output in principal manufacturing fields. They thus dictated, at the order of militarists, the production of all plants including those of the rich Zaibatsu.

In another reform decree today, allied headquarters summarily ordered that current restrictions on circulation of public and educational libraries be abolished. Headquarters said the government had failed to comply with an earlier directive designed to remove restrictions on freedom of thought and dissemination of information.

## College Can Make Admission Rules, Judge Decides

AUSTIN, Feb. 27. (AP)—Texas A and M College has the power to make its own rules of admission of students, District Judge Charles O. Betts ruled Wednesday in 98th district court.

Judge Betts refused to grant Capt. Ewing S. McLarty a writ of mandamus, seeking to compel the college to admit him as a student. A and M had rejected him as a transfer student from the University of Texas on grounds that his scholastic record as a student at the University of Texas was unsatisfactory.

"It very clearly appears to me that the field of discretionary power in regard to educational institutions is broad," Judge Betts said in bringing judgment for A and M. "I can see the wisdom of that discretion because of the multitudinous problems that arise in a school with hundreds and perhaps thousands of students."

Call JACK at 109 for PRINTING (Ad.)

# Stanton Hospital In Operation On Membership Basis

STANTON, Feb. 28 (SP)—The Memorial Hospital of Martin County, an unique venture for this section of the state, is now in operation.

Based on memberships, the hospital operates, nevertheless, as an institution whose facilities are available to any person. Despite the name, memberships have not been restricted to Martin county.

Dr. Virgil Sanders, physician-surgeon, and his wife, Dr. Nell W. Sanders, ear, eye and nose specialist, comprise the staff of the recently re-activated hospital which occupies the Hall and Hopper clinic building. Plans, however, are underway for a new building.

Life memberships cost \$75 and annual dues, which go toward support of physicians, range from \$12 per individual up to \$25 for a family of four. This eliminates professional fees, but charges are made for materials required in treatment. Room charges run from \$2.50 to \$3 per day; some types of major surgery from \$20; minor surgery \$10 and a similar fee for obstetrical cases. Scale on home calls, X-ray, etc., are proportionate.

Plans call for any residue from the non-profit venture to go back into the enlargement of the hospital.

## Phanton Nazi War Maker Unmasked

FRANKFURT, Germany, Feb. 28 (AP)—A phantom German armament maker described by an American investigator as the "greatest single power behind the Nazi war machine"—a behind the scenes force far bigger than Krupp—has been caught and unmasked by occupation authorities.

The magnate, whose fabulous \$400,000,000 secret industrial empire previously was whispered among a few, was identified by authorities as Friedrich Flick, 62, a steel and coal producer whose name was virtually unknown abroad or among millions of Germans.

Full details of the dealings which made Flick one of the wealthiest men in Nazi Germany still are under investigation by a treasury and war department de-cartelization team headed by Josef Marun, Jr., of New York.

"We consider Flick a greater criminal than Krupp for he grew with the Nazi regime and seized more personal economic power than Krupp ever held," Marun said. He added that his team would recommend the indictment of Flick as a war criminal at the second war crimes trial.

Private fliers hold three-day meeting

FORT WORTH, Feb. 27. (AP)—City governments were criticized as short-sighted in favoring commercial airlines at the expense of private fliers and operators at the three-day meeting of non-scheduled plane operators which opened here Tuesday.

Ed Travis, airport supervisor for the Fourth Region, Civil Aeronautics Authority, told the conference that investigation showed that the danger point in air traffic had not been reached.

Negro Given Death Penalty In Rape Case

ATHENS, Feb. 28. (AP)—After deliberating 30 minutes a third district court jury late yesterday convicted Clyde Moore, 21, negro, of Malakoff, of rape of a 14-year-old Malakoff schoolgirl Feb. 4 and assessed the death penalty.

At the conclusion of the trial the defendant was returned to a Dallas jail, where he had been held since his arrest.

Approximately 15 rangers and state highway patrolmen attended the 1-day trial to maintain order.

Contract For Gravel On Highway Awarded

Contract for gravel on the Midland-Sterling City highway has been awarded to West Texas Sand and Gravel of Big Spring.

The contract involves some 11,400 cubic yards of material at an approximate cost of \$45,600. The work is being done by the state highway department, which is surfacing the road from the Midland county line to Sterling City.

The local company, headed by Otto Graf, also has contract for 1,800 cubic yards on a 14-mile paving project from the north Glasscock county line to Garden City. Gaylor Construction company is general contractor for the job.

# JAP CIVILIANS TELL OF SERGEANT WHO BEHEADED HELPLESS YANK

TOKYO, Feb. 28 (AP)—Japanese civilians' accounts of the beheading of a B-29 bombardier as he lay helpless on the ground, with one leg broken, Tuesday sent American military police in search of a Japanese-sergeant accused of the atrocity.

Two other Japanese, one a captain reported to have given the beheading order, are in Sugamo prison awaiting war crimes trials on the basis of the civilians' stories that:

Second Lt. Darwin T. Emry, Denver, Colo., bombardier, and five others survived the crash last May 25 of a B-29 near Mobarra after a raid on Tokyo. The other five crewmen were killed in the crash.

Kempel Tai (thought police) marched off all survivors except Emry and the five eventually were liberated. (Names not available).

The now imprisoned captain looked at Emry and asked: "What shall we do with him?"

"Well, I could cut off his head," the sergeant offered.

"Go ahead. I give you the order," said the captain.

After the Samurai sword flashed, some soldiers asked and received permission to use the body for bayonet drill.

Col. Alva C. Carpenter, head of allied headquarters legal section, said the bodies of Emry and the five fliers killed in the crash were discovered in a mass grave and identified.

Mirrors Of Austin—

# TEXAS FARMERS, SOME OF THEM, ARE MEMBERS OF UNIONS TOO

Unions are very much in the news these days and to city folks it may be something of a surprise to know that farmers also have their unions. Like the labor unions, they are small and fairly weak, since not more than ten per cent of the state's 400,000 farmers are members.

While the farmer group have not been able to copy the labor union strike technique, they have managed to make their weight felt in Washington, much as the labor unions do, and to a lesser extent in Austin. The three farmer groups which quite closely parallel the labor union are the Texas Farm Bureau Federation, the Texas State Grange and the Farmers Educational and Cooperative Union of Texas—better known as the Farm Bureau, the Grange, and the Farmers Union.

The Farm Bureau, with state

headquarters in Waco and J. Walter Hammond of Tye as its president, seems to be the largest in Texas. It is strongest in the Panhandle, the Lower Valley and the blackland area around Waco.

The Texas Farm Bureau doesn't always agree with the National Farm Bureau headed by Edward A. O'Neal. The Farm Bureau has its greatest strength in the middle west, where the majority is republican and conservative; so nationally, the Farm Bureau has been strongly in opposition to Presidents Roosevelt and Truman in recent years.

Hammond, a capable farm leader and a real farmer himself, came to Austin during the last legislature and almost unaided brought about defeat of the attempt to tax farm gasoline which is now exempt on the theory that it is not used on the highways. The Texas Bureau also gives strong support to the REA and to farm co-ops, although not actively sponsoring the co-ops as some of the northern bureaus do.

The Texas State Grange is much more liberal in its political views than the National Grange. When Ralph Moore was master of the Texas Grange, he openly fought Roosevelt, finally was replaced as master by Harold Gaulrap. Moore is still actively anti-administration factions in Washington, but has no connection with the Grange.

Before 1900, the Grange—oldest Texas farm organization—had a large and active membership and helped organize many cooperative stores. Then it died down and is just now gradually regaining membership. Gaulrap opposed the gasoline tax bill at the last legislature, and the Grange has become more active in supporting farm legislation in general.

The youngest, and possibly the more vigorous, Texas farm organization, the Farmers Union, was founded in Texas, in 1907 when a farmer sat down on an upturned cracker barrel in a country store and wrote its declaration of aims. Those aims largely paralleled the Populist philosophy of those days, which was—for those times—a crusading philosophy.

Strangely enough, the organization which originated in Texas flourished best in other states. Nationally the Farmers Union is strong, but in Texas the movement is just now starting to rebuild from a period of languid years. It is now headquartered in Amarillo—near, incidentally, to one of its strongest states, Colorado.

Its national philosophy has been expressed through its president, Jack Patton who presented a medal to Chester Bowles for his fight to keep prices down and who is a member of the National Citizens Political Action Committee. A midwest Farmers Union sent a carload of wheat to New York to help feed striking Western Union workers.

Clarifying his earlier announcement, Bowles said the notice applies only to the 1946 crop, and the proposed represent the lowest ceiling prices that could be established. Ceilings, however, could be higher.

Should a future inflationary situation develop so that ceilings seem necessary, a representative group of cotton growers would be called in for consultation and advice. Price action affecting agricultural products must be approved by both the Secretary of Agriculture and the OPA.

GO SOUTH, YOUNG MAN, GO SOUTH

ATLANTA, (AP)—In Georgia the accent seems to be on youth. Three years ago the state elected Ellis Arnall governor, who was then 35, the youngest in the nation.

Recently Douglasville, Ga., citizens began boasting of their young mayor, 28-year-old Harold T. Mosely, Sr.

Then two other towns put in their claims for the youngest mayor—Chatsworth and Lavonia.

Chatsworth presented 24-year-old Mayor Bill Groves. Lavonia puts forward Mayor Ernest Vandiver, who is a few months younger than Mosely.

Georgia, incidentally, is the only state in the union which permits 18-year-olds to vote.

## Minty Grapefruit Begins Meal; Ends With Parfait Dessert

By CHARLOTTE ADAMS  
Peppermint Grapefruit  
Grapefruit with Peppermints  
Beef Pot Roast  
Mashed Potato with Parsley  
Green Beans  
Russian Cabbage Salad  
Cloverleaf Biscuits  
Marron Parfait  
(Receipts serve four)  
Grapefruit with Peppermints  
2 grapefruit  
Crushed Peppermints

Cut Grapefruit in halves. Remove the seeds and membrane. Place crushed peppermints in center of each half.

**Russian Cabbage Salad**  
1 small head cabbage  
Chill sauce  
Cooked salad dressing  
Shred cabbage finely and serve in cabbage leaf cups with cooked salad dressing mixed with an equal amount of chill sauce.

**Marron Parfait**  
1-3 cup sugar  
4 tablespoons water  
3 egg yolks  
1-2 pint cream  
1 1-2 teaspoons vanilla  
1-2 cup cooked chestnuts  
Put sugar and water in saucepan and stir until sugar is dissolved and boil until syrup spins a thread when dropped from tip of spoon. Remove from heat. Beat egg yolks until thick in top of small double boiler, add syrup slowly, continuing to beat over hot water until mixture is light and fluffy. Chill, stirring occasionally. Beat cream until thick and add vanilla. Then beat in egg mixture with a few turns of the egg beater. Add chestnuts. Freeze without stirring in mechanical refrigerator or packed in equal parts of ice and salt.

## Stabilized Prices Could Prevent OPA Cotton Ceilings

Ceilings will not be imposed on the 1946 crop of raw cotton if the price becomes stabilized, according to the interpretation of Price Administrator Chester Bowles sent M. Weaver, local AAA supervisor.

Recent announcement of proposed ceiling prices on raw cotton is a "technical procedure," he explained, since advance notice to growers must be given at least 15 days before the normal planting season.

Without such notice, establishing ceilings later in the year would have been legally impossible, regardless of what happened to cotton prices.

Should a future inflationary situation develop so that ceilings seem necessary, a representative group of cotton growers would be called in for consultation and advice. Price action affecting agricultural products must be approved by both the Secretary of Agriculture and the OPA.

## Drink Attractive In Color, Sparkle

Depend on the cheerful color and piquant flavor of Lime Strawberry Sparkle to put any party in good spirits.

Children will love the strawberry ice cream topping and the bright red color of this easy-to-make beverage. It's a simple combination of bottled strawberry soda, corn syrup and lime juice. For extra eye-appeal serve it in decorated tumblers, such as the frosted laurel hostess set above.

For six servings:  
Lime Strawberry Sparkle  
1/2 cup water  
3/4 cup bottled corn syrup (light)  
1/2 cup lime juice  
1 large bottle strawberry soda  
Strawberry ice cream.  
Combine water and syrup. Stir in lime juice. Chill mixture and when ready to serve pour into glasses and fill with chilled strawberry soda. Top with mounds of strawberry ice cream.

## General Horses With Cavalrymen

SAN FRANCISCO, Feb. 27. (AP)—A couple of army cavalrymen cornered General Joseph W. Stillwell at the UNO here and got to talking about horses.

"Say, general," one asked, "did you have any horses over in the China-Burma-India theater?"

"Yes," replied the general with a sly smile, "and mighty tasty they were."

It's easy to make a peach cordial. Just buy her something nice.

# Remaining Trio of Quadruple Birth To Leave Soon For New Home In US With Ex-GI Father

By RICHARD TOMPKINS  
AP Newfeatures

HEANOR, Eng. — Three little pink-cheeked youngsters, surviving trio of quadruplets whose birth here almost two years ago was heralded throughout the world, are today among America's latest potential citizens. And they are good specimens.

They will have no difficulty passing quarantine as they approach the Statue of Liberty, if health has anything to do with it. They have never been ill, except for slight colds, and have not needed the doctor for 12 months now.

Madeline, Maureen and Michael are the children of Nora Carpenter and William H. Thompson, war veteran and commercial printer of Pittsburgh, whose wife's suit for divorce eventually will leave the GI father free to marry and make a normal home for the youngsters.

FUTURE AMERICANS . . . Madeline, Michael and Maureen, surviving trio of quadruplets born to Nora Carpenter in England two years ago. Dad is ex-Sgt. William Thompson.

In the meantime — here in this picture postcard Derbyshire town — Nora Carpenter, with a song in her heart, goes on with the motherly care that has kept Madeline, Maureen and Michael in perfect health during the first two years of their lives. There is no special regimen for them—nothing more than the ordinary care that any conscientious mother, handicapped though she may be by British austerity, would give her youngsters.

The children did get off to a good start in a local nursing home for three months after their birth. McDonald, the fourth of the quadruplets, died at the end of two weeks—not an unusual occurrence in multiple births. But Madeline, Maureen and Michael lived on glucose, then diluted cow's milk for a month, when they were put on undiluted milk and then were given a proprietary milk formula. They were weaned at the end of seven months and took to eating vegetable soup, with the milk diet continued in supplementary form.

## A And P Decision Will Be A Pattern, Defense Declares

DANVILLE, Ill., Feb. 28 (AP)—Defense attorneys contend that the decision in the government anti-trust suit against the New York Great Atlantic and Pacific Tea Co., and 28 officers and subsidiaries will "lay a pattern for the future of American business."

A 405-page defense brief filed yesterday in the district court of Federal Judge Walter C. Lindley said that "no matter how decided, this case will lay a pattern for the future of American business, not only for chain stores but for other industrial organizations as well," and added:

"The pattern of A.&P.'s operations is so usual and normal that if A.&P. is found guilty of violating the Sherman (anti-trust) act, there will be no sizable industrial concern in the United States that cannot be attacked at the will or whim of the department of justice—with every chance of success."

"The government brief is due by March 2, with oral arguments set for April 3 after which perhaps 30 days will be allowed for filing final briefs.

Trial began April 16, 1945, and continued for 86 days with some 200 witnesses testifying and the court record making 86 volumes and 20,000 pages.

"It is really not an anti-trust suit at all," the defense brief declared, "but a 180-degree reversal of every previous policy of the anti-trust division and of the philosophy of the Sherman act.

"Most anti-trust cases are designed to break up combinations which fix prices at exorbitantly high levels. This case attacks A.&P. because its prices have been too low. Most anti-trust cases seek to remove restraints so the public will have the benefit of the keenest and most aggressive competition possible. A.&P. is charged with being too aggressive in an aggressively competitive business."

## Tower Purchase Held Not Binding On State

AUSTIN, Feb. 28 (AP)—The attorney general held today that the recently executed contract between the board of control and American Legion for the sale to the legion of the Tribune Tower for \$850,000 is without any legal sanction.

Ocie Speer, assistant to the attorney general, who handled the opinion, said "we fail to find any authority in the statutes or the decision authorizing the board to enter into any character of contract for the sale of state owned lands such as the Tribune building. Such a contract cannot possibly bind the state in any respect whatever."

## COUNTY HD AGENT PRESENTS TIPS ON PLANTING GARDENS

Warmer weather moving north into the central and north central portions of the state permits planting of beets, English peas, carrots, cabbage and other hardy vegetables now, as gardening time for 1946 is at the doorstep of the majority of Texas homes, Margaret L. Christie, county home demonstration agent, has pointed out.

Turnips, spinach, radishes, white potatoes, parsley, onions, mustard and head lettuce may be added to this list during March.

Best results are obtained when it is possible to plant these hardy and semi-hardy vegetables 20 to 30 days prior to the average date of the last killing frost in a given area.

Vegetables like tomatoes and peppers, which are frost-tender, lend themselves well to starting in a hotbed or plant box. The seeds may be planted six to eight weeks prior to field setting. There is advantage in planting the beds and boxes early in February in central, north and northeast sections, but in the high plains area of the state such operations may be done late in the month.

In areas where frost free days will appear in the next three weeks, selecting, treating and bedding sweet potato slips for production, should be attended to now.

Recognizing that most Texas families learned a good deal about successful gardening during the war years, these points are offered as refreshers to insure better production from the home plot:

Treat seed before planting. Soak overnight in water seeds which germinate slowly. If barnyard fertilizer is used apply it several weeks or as far in advance of planting as possible. If commercial fertilizer is used apply it in the row seven to 10 days ahead of planting. Drain site well, and rotate garden site or rotate vegetables within it. Make rows flat in low rainfall areas, or where no irrigation water is available, and use ridged beds for irrigation or high rainfall areas. Replant every week some kind of vegetable and keep the garden plot in full production. Use good seed and control bugs.

## TURN ABOUT

SAN FRANCISCO, Feb. 28. (AP)—Now the OPA knows—A business college, which owns the building in which the local OPA office is located, has notified the OPA to move by March 31.

### Unfreezes Family Job Held For 113 Years

RETFORD, England, (AP) — The job of town clerk was a "family affair" for 113 years until W. Percival Jones resigned.

His grandfather, William Newton, appointed in 1833, gave way to his son-in-law, Samuel Jones, in 1876. When Samuel died in 1902, his son Percival, carried on until this year.

The strongest living thing in proportion to its size is the beetle. A man proportionately strong could lift 70 tons.

## Italian Royalty Samples Lot Of The Forgotten Man

By GEORGE BRIA  
Ap Newsfeatures

ROME, (AP) — Italy's royal family lives virtually in complete seclusion, avoiding the public gaze as the bitter battle for kingdom or republic which has torn the nation for two years nears a climax.

The Italian people, through a constituent assembly or by direct referendum, is expected to give the fateful verdict some time this year.

Meanwhile, 77-year-old King Vittorio Emanuele III has retired with Queen Elena to a villa in Naples, while Crown Prince Umberto carries on in Rome as lieutenant-general of the realm.

Still technically king although wielding no power, the aged monarch is rarely mentioned today. He is said to be writing his memoirs and a defense of his "constitutional" behavior.

Umberto No Gay Blade  
Prince Umberto, 41 and growing bald, seldom leaves the royal pal-

AWAITING VOTERS' VERDICT, Umberto and Maria Jose.

ace since the armistice ended his visits to Italian troops fighting with Allied forces.

Once renowned for his gay escapades, the tall, dark prince is never seen at operas, concerts or festive public gatherings. He generally rises at 8 a. m. and spends the rest of the day in audiences.

Umberto's wife, blonde Princess Marie Jose, sister of King Leopold of Belgium, occasionally leaves the palace to visit a hospital or attend an art exhibition.

Since her return from Switzerland last year she has devoted much of her time to the Italian Red Cross.

Some monarchists hold that Umberto, as well as his father, is too

compromised with Fascism to continue in power even if the Italian people retain the monarchy. Some propose Marie Jose as regent while others suggest a regency for blind, spindly Prince of Naples, now eight years old.

Friends of Umberto say he has not decided what to do if a republic is proclaimed. If the new regime allows, however, they believe the prince would probably decide to remain in Italy as a private citizen.

Of Umberto's sisters, one was killed during the war, two are abroad and the fourth, Princess Yolanda, wife of Count Valvi di Bergolo, is living with the King and Queen in Naples.

Princess Mafalda of Hess, injured in an Allied air raid on a German concentration camp where she was interned, died after her arm was amputated.

### Eager To Bargain

INDIANAPOLIS (UP)—According to an ad in an Indianapolis newspaper, one householder has acted as his own OPA and set a price ceiling on his house. The ad reads: "Prices for quick sale, \$14.70. Please do not inspect unless you expect to make lower counter offer."

### Back In Baseball

HOUSTON, Feb. 28. (AP)—Fred Ankenman, for years president of the Houston Buffs of the Texas league, has returned to baseball—but this time it's with the amateurs.

Ankenman has been elected president of the Houston Amateur Baseball Federation.

He resigned as president of the Buffs in 1943 to accept a position in the Houston city tax office.

## Boys Get That Night Out Yen From The Stork

BALTIMORE, (AP) — The new baby boys at Union Memorial hospital are a set of "night owls."

A chart on recent births at the hospital showed that most boys are born in the wee sma' hours but that the girls like to make their appearance in the early afternoon.

Dr. Harold H. Newman, an interne in the hospital's maternity section, charted the hours of birth of all babies delivered since he

joined the hospital staff about two months ago. The overall figure is 135 deliveries—81 boys, 54 girls. The percentage was 60 to 40.

The midnight-to-one hour is the one the boys like. Eight of them, tops for the whole day, showed up at that time. Not a girl was so inconsiderate as to get the doctors up at that hour.

Six more boys let out their first wail between one and two a. m., with four girls deciding that was the proper hour for their bow to society.

The girls were fondest of the hour between one and two p. m., the score for that period being six girls to three boys. The males represented on Dr. Newman's chart really disliked the hours just before midnight, only one boy being born in each of the hours from 9 to 12.

Dr. Newman points out that there is, of course, no scientific value in figures for such a small period. Just the same, when he takes a woman to the delivery room just after midnight, he's pretty sure of what to expect—a boy.

PARIS IN AGREEMENT  
PARIS, Feb. 28. (AP)—The Paris club of the East Texas league has formed a working agreement with the St. Louis Browns, Manager Homer Peel announced today.

### Texas Today—

## HOUSTON PLANS HUGE BUILDING PROGRAM, PROUD OF ITS HOMES

By JACK RUTLEDGE  
Associated Press Staff

Houston Hodge - podge: An epidemic of construction has hit Houston, Texas' largest city. A skyscraper is well underway.

Business fronts are being remodeled. Interiors are being worked over. Homes are going up like toadstools dotting subdivisions.

But Houstonians are proudest of a 37-story office building that is planned. They resent the fact that Dallas has the state's tallest skyscraper now.

Houston policemen on downtown corners scorn the single toot of a whistle that officers in most cities blow to call attention to a change in stop-and-go lights.

In Houston, they blow a little tune, which varies with the originality and artistry of individual cops.

Dallas is famous for its lovely women, is known throughout the country as being the home of women of class, distinction and beauty.

Houston, too, is the home of honies. Houston says all it needs is a good publicity agent—a girl as pretty as those in Big D.

San Antonio, Dallas and Fort Worth have unpredictable streets that often go off on confusing tangents or curves, sometimes are dead ends.

Houston's streets are straight and wide. An unexpected result is that they are windier—a good gust has nothing to break it up. Hubba! Hubba! Hubba!

Houston is one of the few ma-

### Butter Supplies Dangerously Low

CHICAGO, Feb. 28. (AP)—Butter supplies, estimated at 50 million pounds last Jan. 1, are "dangerously low," says the American Butter Institute which estimates that the less than 15 million pounds on hand is only about two days ahead on reserves.

"It's getting worse and something must be done immediately," D. K. Howe, president of the institute, said at Omaha, Neb.

### THANKS a million.

Five years ago we opened our automotive and appliance store in Big Spring — just one block from our present new location.

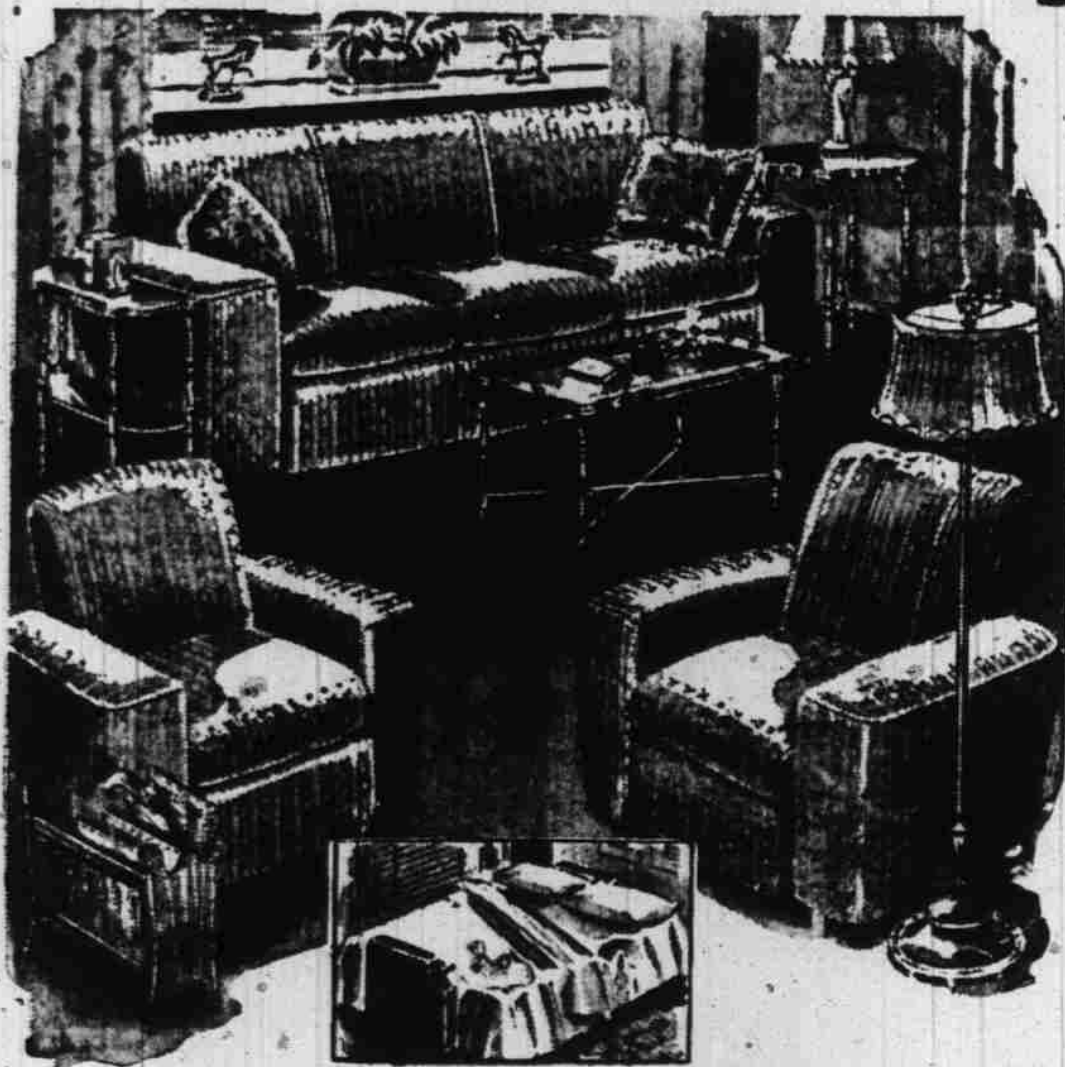

Five years ago we had faith in the sound growth of Big Spring, and faith in the good people of the Big Spring trade area.

Today through this faith and a little work and the loyal support you people have given us these past five years, we are happy to announce the opening of our New Store — Our Dream Store of 5 years ago — with a complete Furniture Department added to our other Departments — Bringing to Big Spring, one of the largest and most modern Furniture, Appliance and Automotive Stores in West Texas.

We now have 14,000 square feet of floor space — filled with the best values and latest creations the American market can deliver. It is our pledge to you through a greater faith and more progressive work to continue to give you the very best values, the best terms and best personal service possible — and to make trading at White's a pleasure — and to assure you that you will always find White's to be — "Your Better Value Store." So let us say, THANK YOU for your part in helping make this New Store possible.

Now we extend to you a most hearty welcome to visit our Grand Opening.

The Nation Today—

Some Couples Save Money, Some May Lose By Filing Joint Return

By JAMES MARLOW  
WASHINGTON, Feb. 28 (AP)—Husbands and wives ask: "Do we save money by filing separate or joint tax returns?"

There's no one simple answer. A joint return may save for one couple by giving them full benefit of exemptions. It may cost another couple money by boosting them into a higher surtax bracket. But remember:

Where husband and wife can file jointly on Form W-2, the withholding receipt, do so. You'll save time and effort.

Treasury experts say that where a wife has income less than \$500—and she and her husband are going to file on Form 1040—they'll save money by making a joint return.

Husbands and wives—if their combined income was less than \$5,000—can file jointly on Form W-2, or the 1040 short or long-form. If their combined income was \$5,000 or over but individually less than \$5,000, they can file separately on Form W-2 or the 1040 short-form or jointly on the 1040 long-form.

If they file jointly on Form W-2 or the 1040 short-form, they are allowed one deduction of about 10 per cent but it is 10 per cent of their combined income.

If they file separately on the 1040 long-form, with the income of each \$5,000 or over, each is allowed a standard deduction of \$500.

If they file jointly on the long-form, they are allowed one standard \$500 deduction, not a \$500 deduction for each.

Husbands and wives using the 1040 short-form jointly should note the little box on page 4 under the table. It tells them to take 3 per cent of the lower income—but not more than \$15—and deduct it from the joint tax found in the table.

There are two kinds of taxes on your income: A normal tax of 3 per cent on all incomes, high or low; and a surtax starting at 20 per cent on incomes up to \$2,000 and rising by brackets to 91 per cent on the highest.

There are also two kinds of exemptions: A normal tax exemption and a surtax exemption. You subtract the normal exemption from your income before you apply the

Odessa Chosen Baptist District Meeting Place

Odessa was chosen as the 1947 meeting place of Baptist district No. 8 convention at the closing session in Seagraves Wednesday, and Rev. A. L. Teaf, Denver City pastor, was elected president of the district.

Conferences on all phases of Baptist organized work were held in keeping with the theme of "Advancing with Christ in Today's World." Among speakers were these from Big Spring: Ernest Hock, Mrs. W. J. Alexander, James Roy Clark and Mrs. J. R. Clark. Coley Arender, who completed his service as education director at East Fourth Baptist church Sunday to accept a similar position at Kermit, presided over the Sunday School conference period. He had charge of music the first day, Hock the second.

Convention sermon was delivered by Dr. Clarence Morton, Lamesa. Among speakers from outside the district were M. D. Rexrode, Dallas, L. H. Tappscott, Dallas, state Brotherhood secretary; J. M. Cook, Abilene, Baptist Standard representative; J. Fred Cole, El Paso; and Mrs. R. L. Mathis, Dallas.

The convention Tuesday and Wednesday, first since 1944, was attended by approximately 300 delegates. Officers elected included Rev. J. R. Clark, East Fourth Baptist, re-elected secretary; Mrs. P. D. O'Brien, Big Spring, re-elected Young People's secretary. Among others attending from here were Rev. Cecil Rhodes, West Side Baptist, and Rev. Burl Clark, Forsan.

**Col. McMahan Here**  
Col. George T. McMahan has returned to Dallas after visiting friends here. Col. McMahan, now on terminal leave from the medical corps, was chief neuropsychiatric department head at William Beaumont hospital at El Paso. Dr. McMahan was the first superintendent of the Big Spring State Hospital and has been in service for the past four years.

The Arab scholar Avicenna (930-1037) was the author of more than 100 books, and was the first to propound the doctrine of changes in the earth's surface accepted by modern geological science.

**WEE SCOTSMEN**—Jimmy Molloy, 5, (left) brings a bit of color from his native Scotland to America in the form of kilts wearing somewhat apprehensively by brother Tommy, 3, as they arrived in New York bound for Dearborn, Mich., with their mother, Catherine, to join their father. Mother and Dad were married in Glasgow where he enlisted in the U. S. Army.

**CARDINAL**—Francis Cardinal Spellman, Roman Catholic archbishop of New York, poses in his new robes of office.

Hotel Man Stresses Service In Talk To Local Kiwanians

Similarities between the service objective of his own organization and that of Kiwanis were drawn in an address before local Kiwanians at their Thursday luncheon by Arthur Lanstreet, president of the Hotel Greeters of America.

Lanstreet, of Memphis, Tenn., is here for a district Kiwanis gathering, and was introduced to the Kiwanis club by Jake Douglas, head of the district unit. The hotel man said both his organization and Kiwanis, to be successful, must point at national and community achievement; at club responsibility and at membership responsibility. He urged Kiwanians to keep up attendance and member participation in programs, and asserted that the club itself has a responsibility in pursuing worthwhile activities. Herschel Walton was received as a new member of the club. Visitors included H. McCarty and Bob Whipkey. Kiwanians were urged by Dr. R. B. G. Cowper to take an active part in the city cleanup program, and plans were discussed for entertaining the high school basketball squad on March 14.

**SALGADO PROMOTED**  
S/Sgt. Leo M. Salgado, son of Mrs. Marie Salgado, has been promoted to rank of T/4. He is with the headquarters battery, 355th field artillery battalion, in Japan. During the war Salgado participated in the Ruhr pocket and Czechoslovakia campaigns.

**KIDNEYS MUST REMOVE EXCESS ACIDS**  
Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste  
If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatism, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

University Faces Test Case On Negro Wishing To Enroll

AUSTIN, Feb. 28 (AP)—The state of Texas today faced a test case on the question of whether it is providing adequate higher educational facilities for negro students, equal to those offered white students.

The University of Texas rejected the application of a negro, Herman Marion Sweatt of Houston, for admission to its law school, pending an opinion from Attorney General Grover Sellers on the question of "whether or not a person of negro ancestry, otherwise qualified for admission into the University of Texas, may legally be admitted as a student."

Dr. Painter, acting president of the university, noted in his letter asking the opinion that "it has never been the policy of this institution to admit negroes as students" and that it was the first time in the history of the school that a negro has presented himself for admission. "Furthermore, it is our understanding that it has been the policy of the legislature of this state to provide for the separation of races for the purpose of higher education as well as separating the races in the public schools," Dr. Painter wrote.

The Texas legislature at its last general session took cognizance of what members called increasing pressure for providing broader educational facilities for negroes by changing the name of the Prairie View Normal to Prairie View University and authorizing additional courses of study "when ever there is a demand in law, medicine, engineering, pharmacy, journalism or any other course generally recognized and taught at the University of Texas."

**Execution Stayed**  
AUSTIN, Feb. 28 (AP)—Gov. Coke Stevenson has granted his customary 30-day statutory stay of execution to L. C. Newman, sentenced to death for murder in Polk county. Newman has been scheduled to go to the electric chair at the state prison at Huntsville March 8.

**Scouts Increasing**  
MANILA, Feb. 28 (AP)—Boy Scout headquarters reported today the organization, suppressed by the Japanese during the occupation, now has over 10,000 members, about 25 per cent of its pre-war strength.

**Korean Police Alerted**  
SEOUL, Korea, Feb. 28 (AP)—American authorities alerted military and Korean police today to stand by for possible disorders as the nation celebrates its independence day. Riot squads have been organized as a precaution against any flare-ups among the politically volatile people who oppose continued trusteeship.

# Dabney, Piner Expected Home From SEC Hearing

PHILADELPHIA, Penn., Feb. 28. (AP)—R. T. Piner and George W. Dabney are expected to return to Big Spring today or tomorrow after attending a reopened hearing of the liquidation plan of the Big Spring Empire Service Co.'s parent, Crescent Public Service Co., Wilmington, Del., at which purchase of the Big Spring plant by the Empire Service Gas Co., also

of Big Spring was recommended to the Securities and Exchange commission.

The amended plan was approved by the SEC on Feb. 1.

The plan calls for sale of both Empire Service and another subsidiary, Colorado Central Power Company, Denver. The Empire sale is opposed by Don R. Zachary, Dallas, vice-president of American Liberty Drilling Co., who claims he made a purchase offer and has filed a petition to intervene.

James A. Davis, president of Empire Gas, declared that the merger of Empire Service into Empire Gas "would mean simplification of operations, a single personnel, no distinction between persons living in or out of the city limits and one set of records instead of the two sets now kept."

He explained that Empire Gas owns all transmission and distribution lines outside the city of Big Spring, while Empire State owns the distribution system within the city's corporate limits.

"If there was no merger, customers on one side of the street might get service from one company while those on the other side got it from another," he said.

George W. Dabney, Sr., Big Spring city commissioner, who testified on behalf of the city, said the commission was "favorable to" the transaction since it was economically good for them and would

give more security to customers." He said the city had not considered any other buyer than Empire Gas since "we are mighty pleased" with the present service. Crescent was represented by its president, Lloyd Woodcock, who testified that the company felt "legally, morally and practically Empire Gas should have the property."

## Lions Make Plans To Help Big Spring Clean-Up Campaign

Lions club members laid preliminary plans Wednesday to join physically in clean-up week, March 3-8.

Under a plan proposed by the Community Betterment committee, the club members will report at a time and place to be selected later, to clean up some bad spots in the city. The City of Big Spring will cooperate by furnishing some of the work tools, etc.

At the meeting, Lions, who secured new members during the Melvin Jones (founder of Lions International) month membership campaign, were presented with gifts from the club, which won division No. 6 (cities from 10,000 to 20,000 population). Lion statues went to Jack Smith, president, Jake Douglass, secretary, and Henry A. Clark, membership chairman, and miscellaneous gifts to others.

Bill Dawes announced YMCA open house from 8 p. m. to 10 p. m. Friday at YMCA headquarters upstairs at 212 Main, and urged individual participation in the clean-up drive. Jack Green, a blind member transferring from the Sweetwater club, was introduced as a new member. Attendance award went to Wendell Holladay.

## January Expenses Exceed Receipts, City Report Shows

Expenditures for the City of Big Spring during the month of January amounted to \$54,378.09, or \$19,040.93 in excess of the \$35,337.16 in receipts for the month, a report by C. R. McClenney, city secretary, shows.

The balance remaining in the general fund on January 31 amounted to \$35,988.01.

Principal sources of revenue during the month were water and sewer service, \$12,203.94; current taxes, \$9,607.05; delinquent taxes, \$2,155.42; gas franchise, \$1,879.41; fines and court costs, \$1,572.50; and electric franchise, \$1,483.77.

Water metered during January amounted to 29,962,500 gallons, a decrease of 60,400 gallons under December, 1945, and an increase of 1,641,400 gallons over January of last year.

A total of \$2,153.75 was disbursed from the interest and sinking fund during the month, with a cash balance of \$88,875.50 recorded on Jan. 31.

The praying mantis can turn its head like a man.

**PENN COMES DOWN.**—A statue of William Penn is removed from the Old Iron building in Philadelphia where it stood 95 years.

## Best Fed Troops

YOKOHAMA, Feb. 28 (AP)—Lt. Gen. Robert L. Eichelberger, US Eighth army commander, said today after his first inspection trip since his return from America that his troops in Japan are the best fed, best entertained, in the world. They're also, he added, the world's best complainers about slow mails.

## Surplus Workers Decrease In Week

Number of surplus workers in the Big Spring area dropped from 600 to 536 during the week ending Feb. 26, for the first decrease recorded this year, the weekly report of the US Employment Service office shows.

A total of 104 were referred to jobs and 86 were hired, as compared to 44 placed during the previous week. A slight decrease was noted in job openings, with 70 listed, three below last week's figure.

Principal local demands for labor are as follows: Four building and construction supplies salesmen; one general office clerk (male); one darkroom man, one architectural draftsman, one automobile body repairman, two life insurance salesmen, five linemen, one automobile mechanic, 10 ail-

ver salesmen, one machine presser, one bookkeeper (male), one motor-grader operator, 17 laborers, one soda dispenser, one fry cook, one porter, six waitresses, four solicitors, one chambermaid, one stenographer, one housekeeper, seven maids. Out of town demand: One meat cutter. Call JACK at 100 for PRINTING (Ad)

**Lemon Juice Recipe Checks Rheumatic Pain Quickly**  
If you suffer from rheumatic, arthritic or neuritic pain, try this simple, inexpensive home recipe that thousands are using. Get a package of Ru-Ea Compound, a 2-ounce supply that lasts with a quart of water, add the juice of 4 lemons. It's easy, pleasant and no trouble at all. You need only 3-4 drops twice a day. Often within 48 hours — sometimes overnight — splendid results are obtained. If the pain does not quickly leave and if you do not feel better, Ru-Ea will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ea Compound is for sale and recommended by Collins Bros. and drug stores everywhere.

Editorial--

Suggestions For Beauty

Recently the president of Texas & Pacific Railway company, in an advertisement and in a message to employees of the road, asked suggestions for improving the service and appearance of the T&P.

Mr. W. G. Vollmer, who is president, correctly pointed out that it was necessary to adopt sound suggestions as well as to give courteous service and speak good words for the concern if it is to achieve its maximum success.

It is refreshing to hear such a policy stated and stressed.

Although we do not come in the category of a T&P employe, we do possess a community of interest. On this basis we would like to make, or rather pass on, a suggestion.

In keeping with a campaign to beautify the city and particularly its highway approaches, why not follow through along the railroad roadway.

We can remember the time when the T&P terminal and area around the terminal was one of comparative beauty. Many long-time residents nostalgically recall those beautiful cottonwood trees which offered comfort and beauty to the townspeople and T&P employes alike. Moreover, the T&P at one time maintained a beautiful little park along its yard area here.

Because we have seen what could be done, we suggest that beautification of the right-of-way would be beneficial to the railroad and community alike. It is in keeping with the basic idea of making a good impression.

Today And Tomorrow --

Our Policy With Russians

By WALTER LIPPMANN

The one certain way to misunderstand everything is to become so hypnotized by the power of Russia that the capacity of independent judgment and initiative is lost.

There is no doubt that the Russian power is formidable and little doubt that the rulers of the Soviet Union are not concentrating their effort on internal development but are persistently extending their power outward into Europe and Asia.

Using the leverage of the Communist parties in France and in other countries, they are inhibiting measures for the solidarity of western Europe which are indispensable if there is to be a revival of western Europe. Their intervention in the Middle East is not marked by any great concern to provide an orderly transition from the imperialism which is antiquated to that independence for which the native populations are, with their poverty, their illiteracy, and their primitive social system, so poorly prepared.

Nevertheless, it is one thing to recognize the situation, and quite another to be hypnotized by it. We are hypnotized by it when in considering American policy, we reduce the problem, which is grave and complicated, to the question of whether we are appeasing or resisting the Russian expansion.

It is fashionable at the moment to put the issue in this simple form. But no good can come of it. No sound and effective American policy can be developed by men who let their judgment be hypnotized by the notion that we must choose between yielding to the Russians in all these disputed matters or of resisting them all along the line.

For what is being proposed is that the United States resist the Soviet expansion, that it stop "appearing" the Russians, by underwriting every one who opposes them. This is sometimes called being tough with Russia. It would

Only by taking an independent line can we hope to exert effective influence. We should instruct our new ambassador to Moscow to explain to the Kremlin that the settlement of the war in Europe must not be prevented by their upsetting the balance of power in the Mediterranean. As evidence of this we mean this I am in favor of reconstituting an American Mediterranean fleet. Then we can negotiate a new arrangement to replace the obsolete condition of the Dardanelles.

But in acting decisively to see that the balance of power is not upset in the Mediterranean, we must at the same time act promptly and urgently to bring about a European settlement. That should be our essential aim. Our action in the Mediterranean should be taken in order that this essential aim should not be interfered with.

A European settlement must begin with a four power agreement—French, British, Russian, American—fixing finally the regime of western Germany. Once that is done, we can allow a central German government to be established, and we can reduce the problem of the German occupation from that of military government to that of supervision and control.

These are the prime elements, so it seems to me, of a firm, positive, and independent policy which we can pursue. It is directed to our own vital interests—that the balance of sea power shall not be upset and that western Europe shall revive. It is within our means, which is more than can be said of the policy of universal intervention all over eastern Europe, the Balkans, and Asia.

It must command the respect of the Russians, perhaps even their admiration, to find us acting firmly and positively in the regions where we really are stronger than they, and where our interests are greater than theirs.

A Servant Departs

Death of G. B. Dealey, who rose from the position of a \$3 per week office boy to that of head of the Dallas Morning News, is a loss not only to his paper and his city, but to the South as well.

If there were no other key to the character of the man than that furnished by his newspaper, he would still stand as one of the noblest figures of this region. Mr. Dealey had the happy knack of inculcating much of his own character into that of his institution.

This is not to say that he was always right, or that his newspaper was always right. But whatever his stand and that of his paper, none doubted that it was sincere and that it deserved respect.

Because he refused to be drawn into superficial trends and to rise to expeditious baits, the Dallas News sometime was called staid and conservative. However, time has proven that the man and the paper both were progressive and possessed sound vision and initiative. Had it not been so, the newspaper would not have been mentioned so frequently among the 10 truly great papers of the nation.

His personal example was typically American. Mr. Dealey's story was that of success through individual energy, integrity and intelligence. His generosity in money and service stands as a testimonial to the wisdom of blessing mankind with the blessings God has given to a deserving servant.

How To Torture Your Wife

With The AEF: Indian Police Having Trouble With Rioters

By HAL BOYLE

BOMBAY, Feb. 28. (AP)—Three tiny little figures sat on the curbstone in the shadow of that cast arch of grandeur on Apollo pier known as the "Gateway to India." These men for three days had been fighting off street mobs and this was their first real period of rest. They were Indian policemen—upon whose wily little frames rest Britain's rule of law and order.

These Indian policemen are the hated and quiet heroes of India. I admire them more than "New York's finest." They are like fox terriers. They take on any odds. A dozen of them, carrying no weapon but their bamboo sticks—in dextrous hands a very punishing weapon—will charge in a thin blue line straight into a howling crowd of hundreds of rioters through a storm of bricks, clubs and stones, and keep boring forward until they break the mob to pieces.

With the help of a young British captain who spoke their dialect, I talked to one of the droopy little policemen on the curbstone. He was intelligent and frank.

Broadway—

SUCCESSFUL MAN MAKES GOOD

By JACK O'BRIAN

NEW YORK — A success story with a new twist was accomplished when Paul Douglas made his first major Broadway stage appearance a few days ago in "Born Yesterday." He was immediately described as a "discovery," even though for a good many years he has been heard by millions of radio listeners.

Paul was one of the top radio announcers and made a salary right up there in the same bracket as bank presidents, bookmakers and skinny radio crooners. But there was a great, wide and understandable streak of ham in the ambitions of this Douglas guy, and he made no bones about it. Eleven years ago he appeared in a brief-walkon bit in "Double Dummy," a swifflie which Mark Hellinger produced and probably would like to forget now that he is a big Hollywood producer.

LION, MAN FIGHT TO THE DEADLOCK

JOHANNESBURG. (AP)—They're telling in the Grootefontein district how a 65-year-old South African farmer struggled with a lion until both fell dead. Karl Hartmann wounded a lion that had been killing his cattle; tracked it into the bush, and fired and missed. The lion sprang on him. Hartmann's African servant hurried back to the farmhouse to telephone for help.

Police found farmer and lion lying dead side by side.

AS A BARBER HE'S A CUT UP

PONCA CITY, Okla. (AP)—A customer had the last word with a Ponca City barber. The customer, a veteran with a long scar on his face, sat down in the barber chair and the razor-wielder, hoping to start a conversation, eyed the scar and asked: "Haven't I shaved you before?" The ex-GI, without batting an eye, came back tersely: "Nope. I got this on Oklawaha."

Leonardo Da Vinci at his death left 5,000 pages of unpublished manuscript containing ancient fables, medieval philosophy, studies of the tides, geology and astronomy, mathematics, sketch of a flying machine and many other subjects.

Washington Merry-Go-Round—

Army Furlough System Also Unfair

By DREW PEARSON

If this country is to have a sound army, one of the first essentials is to wipe out gross injustices between officers and enlisted men.

One of the worst of these is so-called terminal pay. Here is a little orientation on this morale-wrecker.

An ordinary GI gets \$300 mustering-out pay if he has served overseas, \$200 if he hasn't. This applies to all GIs, regardless of their length of service in or out of combat. The officers have a more lucrative arrangement.

Take an army captain who has been overseas two years. He is automatically entitled to two months of terminal leave before discharge. This means he gets two months of base pay (\$400) plus \$20 longevity pay, plus \$180 quarters allowance (if married), plus \$84 subsistence pay (if married), plus the regular \$300 mustering-out pay.

This totals \$984, against \$300 paid the overseas enlisted man. Furthermore, the latter's leave doesn't accumulate as does an officer's. If he is in combat for an extended period and can't take advantage of his 15 days' furlough every six months, then he is out of luck. His leave doesn't accumulate. It's lost and gone forever.

Not so the officer. His leave accumulates and he is paid in cash for it.

A navy lieutenant senior grade, equivalent in rank to an army captain, gets the same amount of terminal pay, provided he has been out of the country for two years, and so on up the line.

New York Strike

If Michael Quill, head of the Transport Workers Union, had the same double-headed job in Washington that he has in New York, he would face federal prosecution. Quill is a member of the New York city council, but simultaneously is attempting to bargain with the city council on behalf of his union. Under federal statutes, no congressman can represent the government and at the same time take a case against the government. One late senator, Ralph Burton of Kansas, was clapped into jail for this. Congressman Gene Cox of Georgia was recommended for criminal prosecution by Assistant Attorney General Wendell Berge, but a kindly Attorney General (Francis Biddle) failed to prosecute. In New York, Quill considers himself a law unto himself.

Mayor O'Dwyer's brother happens to be a lawyer representing many left-wing labor groups, some accused of following the Communist party line. Mayor O'Dwyer himself is a "bosom friend of Quill, who not only helped elect him but went to the West Coast twice (one trip under an assumed name) to urge O'Dwyer to run. O'Dwyer was about to accept the job later given to Donald Nelson as head of the Independent Motion Picture Producers Association. . . . Texas natural-gas men are about the only people looking ahead regarding atomic energy. They are willing to sell gas cheap now because they figure atomic energy will put them out of business later. . . . John L. Lewis isn't looking that far ahead. His coal wages, now second highest in the country, if increased further are likely to convert more factories from coal to oil and natural gas.

Railroad Strike

President Truman last week declined to meet with representatives of operating railroad brotherhoods, whose wage-increase demands are now being arbitrated in Chicago.

There was no publicity about it, but Truman sent a polite telegram to Bert M. Jewell, president of the railway employee department of the AFL, and Harry W. Fraser, president of the Order of Railway

Conductors, stating that it would be proper for him to meet with them.

Truman pointed out that it might appear he was taking sides if he talked to Jewell and Fraser during the arbitration proceedings, unless he met with management spokesmen also. He informed the brotherhood chiefs that he didn't wish to meet with either side while their dispute was under negotiation.

However, the President did grant a special conference last week to E. F. Whitney, chief of the Brotherhood of Railway Trainmen, and Alvaey Johnston, chief of the Brotherhood of Railway Engineers, they have refused to go along with other railway labor leaders in the negotiation of wage demands which threaten to paralyze rail transportation and throw more than 1,000,000 railway workers out of employment.

Whitney and Johnston bluntly informed Truman that their unions would not agree to the arbitration formula approved by the other railroad brotherhoods, because it did not include negotiation of all disputes. It merely applied to wage demands.

Since the entire railroad industry will be paralyzed if the trainmen, represented by Whitney, and the engineers, represented by Johnston, strike, this leaves the President only one alternative—to appoint an emergency board to settle the demands of these two unions.

Big Three Portrait

Winston Churchill has been patiently posing for his portrait at the Miami Surf club—a portrait which may become historic. Painted by Douglas Chander, it will portray the Big Three at the Yalta conference. Chander had finished the rough outline of Roosevelt before he died, but still has to put in Churchill and Stalin. The portrait may be placed in the capitol. . . . Says GOP Senator Vandenberg of Michigan regarding the wife of the late Democratic President: "Mrs. Roosevelt did a finer job than any of us in cementing American international relations, at the same time protecting the interests of the United States. . . . Among other things, Mrs. Roosevelt supported Senator Connally of Texas in defending the American Federation of Labor. . . . Housing czar Wilson Wyatt will soon halt all non-essential building construction, including office buildings, warehouses, high-cost homes, night clubs, bowling alleys, and race tracks. . . . Congressman Gene Cox of Georgia, considered a fixture on Capitol Hill since most newsmen can remember, will face tough opposition this year. A war veteran, Marvin Griffin, may take him on.

As the problem went to the subcommittee, the members appeared to be quite evenly divided. Democrats Jed Johnson of Oklahoma, the chairman, Mike Kircwan of Ohio, and John Norrell of New York were believed favorable to the Interior Department, with Republicans Ben Jensen of Iowa, Henry Dworshak of Idaho, and Robert Jones of Ohio leaning the other way. Norrell is the seventh member. (Copyright, 1946, by the Bell Syndicate, Inc.)

Gas has more than 20,000 industrial uses.

Arkansas Power Battle  
One of the hottest congressional seats this month is that of Representative W. F. Norrell of Monticello, Arkansas. His vote may spell the difference between approval or rejection of the plan to complete construction of the steam generating plant started in Jones Mills, Arkansas, in 1941 by the Defense Plants Corporation.

# Crusader Rickey Demanding Czar Act Against Men Jumping Teams

## LOOKING 'EM OVER

Bryan Henderson, the former Stanton mentor, has been promised a franchise in the proposed Texas Professional football league, it was told some of the sporting gentry who sat in on the Clarence Fox coaching school here earlier in the week.

Henderson is at present tutoring the Wink Wildcats and very successfully. If Frank Bridges makes the pro circuit go, then Bryan perhaps could get the financial backing for a West Texas franchise.

Whether or not Bridges can make good his promise to form a six or eight club league remains to be seen. He's been dickering for the Cotton Bowl in Dallas, without which he could not function very well.

Perhaps the only town in West Texas that has the population to support a professional team of any kind is El Paso, and the Border City has never been noted for its support of athletic enterprises.

A four club league could survive, with San Antonio, Dallas, Houston and Fort Worth maintaining teams but even that sort of setup could not offer a very attractive pay scale.

Bridges could do better by working toward a southern league and try to influence sportsmen of New Orleans, Birmingham, Atlanta, Little Rock, Memphis, Nashville and the larger Texas cities to organize.

The Kiwanis club will throw a feed for members of the Big Spring high school basketball squad and coach John Malaise the evening of Thursday, March 14, at the Seftles hotel.

Letters will be announced at the function.

Malaise intends taking off for the state basketball meet in Austin the weekend of March 8-9. Another who expects to make the Austin show is Skeet West.

Bob Kurland, the Oklahoma A&M oomah star, scored 58 points in a cage title recently. That's a new world record, having broken a previous high by De Paul's George Mikan by four points.

Tommy Elliott, one of the better players on the Veteran of Foreign Wars basketball club, started out to make a name for himself as a member of the Texas Aggies but resigned to get married.

The VFW's are planning big things in an athletic way this year. If a softball league is organized, they'll enter a team, will field a nine for summer competition, regardless.

A vacant lot north of the Vets' home on Goliad street will soon be cleared off for the team's practice sessions.

Members of the cage club are going to get monogrammed jerseys, incidentally.

Maxie Baer, who's doing a night club stint in Miami along with Max Rosenbloom, is telling it about that he might still be heavyweight boxing champion of the world but for his play-boy attitude. He's 38. Oh well, he might make it rough for the Omas, the Welocots and the Savolds even today. He's been out of the ring 34 years. He says Joe Louis will take Billy Conn, in their title fight next June inside of ten rounds.

Gene Rush, a former Big Spring lineman who saw service with the military overseas, will report to spring grid drills at Texas Tech. Tech grid chieftains are expecting great things of him.

Gene Rush, a former Big Spring lineman who saw service with the military overseas, will report to spring grid drills at Texas Tech. Tech grid chieftains are expecting great things of him.

## Cleaners Widen Bowling Lead

Hartley's Cleaners increased their lead to two games over Corden in Women's bowling league play here Wednesday evening by thumping Seven-Up, 3-0, while the Oilers were edging Twin's, 2-1.

The Cleaners dominated scoring for the evening, taking high individual honors with 822 and high aggregate, with 2433.

Lois Eason of the Spot Remover ranks came in with a 190 and 497 for tops in individual scoring.

Standings:

Team	W	L	Pct.
Hartley's	16	8	.667
Oilers	14	10	.581
Seven-Up	9	15	.375
Twins	9	15	.375

## Porkers Subdue Aggies, 53-45

The Southwest conference basketball race is at an end with the final week's activities doing nothing to change the picture.

Arkansas and Texas A&M split a two game series and George Kok of Arkansas successfully staved off the drive of Jamie Dawson, A&M star, in the battle for the scoring championship.

Arkansas finished in second place, two games behind champion Baylor. A. and M. closed out in sixth position.

Dawson gained on Kok in scoring but couldn't catch up, finishing with 204 points to 212 for the tall Razorback.

A&M won the first game 56-55 and Arkansas took the final Tuesday night 53-45.

The final standing:

Team	W	L	Pct.
Baylor	11	1	.916
Arkansas	9	3	.750
Texas	7	5	.583
TCU	6	6	.500
Rice	5	7	.417
Texas A&M	4	8	.333
SMU	0	12	.000

## Pro-Amateur Golf Tournaments Revived

TYLER, Feb. 28. (AP) — Revival of the East Texas pro-amateur weekly golf tournaments, not held since the spring of 1942, was voted at a meeting of the club professionals at Kilgore.

A ten weeks schedule was arranged with the tournaments to be held as follows: March 18, Kilgore; March 25, Longview; April 1, Henderson; April 8, Marshall; April 15, Greggton; April 22, Tyler; April 29, Greggton; May 6, Tyler; May 13, Gladewater; May 20, Mineola.

From where I sit... by Joe Marsh

## Ollie Mapes and The Streamlined House

The other day a construction firm set up an exhibit in the courthouse square. They built a new "house of the future" — and invited folks to see it.

"You know," quotes Ollie, "it takes a heap of living to make a home."

Looking around, I see what Ollie means. A room crowded with memories of a life well spent — and the friendly habits of a happy home, from a blazing old-fashioned fire, to a mellow glass of beer with friends. From where I sit, those things do more to make a home than modern streamlined gadgets.

All except Ollie Mapes. He looks around a spell and goes home. When I get there, he's sitting before his old dutch fireplace, with his feet on the screen, and a mellow glass of beer in hand.

Joe Marsh

## Southwest Cage Gate Figures Show Upswing

DALLAS, Tex., Feb. 28. (AP) — Southwest conference basketball attendance for the 1945-46 season which closed this week showed a gain of more than 50 per cent over last year and Executive Secretary James H. Stewart attributes part of it to gradual growth of the game in this area.

Increased interest in basketball, release from war tension, increased student bodies, returned service men with their families, a stronger brand of play and a close race were reasons given by Stewart for this year showing more than 54,000 attendance above 1944-45.

The figures are: 181,142 for 74 home games for the 1945-46 season as compared to 106,940 for 70 home games last year. This year's was the greatest attendance in history for the seven-team conference.

"There has been a gradual growth of interest over the past five years," said Stewart. "This year that growth added to the other factors gave us a big jump."

Baylor University, which won the conference championship, showed the nearest increase. The Baptist school had 24,500 for 7 games compared to 4,000 for 5 in 1944-45. The University of Texas drew 41,000 for 11 games against 37,500 for 13 games last year. Texas Christian had 15,000 for 10 games against 8,000 for 12 games in 1944-45. Arkansas reported 29,138 for 11 games while last year it attracted 11,010 to 12. Rice drew 10,902 for 9 games against 16,873 for 11 last year. Rice, champion in 1944-45, finished fifth this season.

Other training camp items included: BALBOA — Alejandro Carrasquel, here enroute to join the Chicago White Sox in California, may pitch against the New York Yankees.

WEST PALM BEACH — Manager Connie Mack of the Philadelphia Athletics announced that infielder Gene Handley and outfielder Frank Demaree were holdouts.

SAN BERNARDINO, Calif. — Pittsburgh's "A" team beat the Pirate "B" squad, 5-2, in a six inning game.

CLEARWATER — Outfielder Pat Seery who hit three homers in a game at the Yankee stadium last year, has signed his Cleveland contract.

LAKELAND — Pitcher Rufus Gentry, who held out throughout the 1945 season, arrived in the Detroit camp along with infielders Pinky Higgins, and outfielders Doc Cramer and Ed Mierkovicz.

AVALON, Calif. — Chicago Cub Manager Charley Grimm plans to start the first series of intra-squad games Sunday.

PASADENA, Calif. — Catcher George Dickey has joined the Chicago White Sox squad bringing the number in camp to 58.

ST. PETERSBURG, Fla. — Infielders Al Schoendienst and Emil Verban will have their first workouts with Cardinals today.

ANAHEIM, Calif. — Signing of pitcher Jack Kramer left the St. Louis Browns with only shortstop Vernon Stephens as a recognized holdout.

BELLINGHAM, Wash. — Gale Bishop, Washington State star, said he had agreed to sign with the Boston Braves because they "came in with an offer that I couldn't turn down."

There are half-a-dozen or more of the early-season gallopers catching the eye, headed by the logical winter-book favored entry of Knockdown and Star Pilot.

Among them are the jinx-cracking Galla Damfion in California, now coming around again after suffering an injury early this month, and the surprising Alworth, who was so lightly regarded he wasn't even nominated for the Flamingo.

The Texas bargain baby, Air Rate, who was picked up by Fred Wyse of Houston for \$3,200 and so far has a bank account of \$101,180, looks to be the best of the others in the California campaigning.

Back of Round View and Alworth in the Florida Follies this winter, the likeliest of the lot appear to be War Admiral's stocky Indian-born son, Wee Admiral, hero of last year's Canadian and Detroit doings but who, like Air Rate, may not be any ball of fire over a mile; the Virginia-bred Cedar Creek, who is rapidly looming as the best son of the imported Bahram, greatest British racer of his day, and Pellicle, who ran into bad racing luck in the Flamingo and finished out of the money for the first time this year.

STOCKHOLM, Feb. 28. (AP) — One hundred of Sweden's active athletes today came to the aid of Gunder Haegg and Arne Anderson, two of 25 Swedish track stars charged with professionalism.

In a letter to the Swedish Athletic association the athletes admonished the SAA "to think of the consequences" if the stars now under investigation should be "barred by regulation which had no basis in the generally accepted view of justice." The letter added, however, it may be "necessary to limit what the more prominent athletes receive."

WEST POINT, N. Y., Feb. 28. (AP) — Army's great football team, undefeated and untied the last two years, will be broken up after this season. Doc Blanchard and Glenn Davis, all-Americans, along with at least nine other players, will become seniors on June 5 when the US Military Academy reconverts from a wartime to a peacetime basis.

AMHERST, S. D., Feb. 28. (AP) — When Amherst high school plays a basketball game, it's an "all-school affair."

The seven boys in school are the players and the four girls are the cheer leaders. The townspeople, the rooting section, have had lots to cheer about this season. The team won the district class B title for the third consecutive year.

The team will be broken up at graduation in June. All four of the seniors are boys.

# Midland Soldiers Trim Local Veterans, 34-21

## Watson, Sawyer Team Up To Set Victory Pattern

VFW's cagers absorbed a 34-21 licking at the hands of the Midland Army Air Field team in Midland Wednesday evening, Watson and Sawyer leading the scoring parade.

Watson tossed in 11 points while Sawyer came through with four field goals and a gratis pitch.

Walker and Barton had three field goals each for Big Spring. Midland led at intermission time, 22-6.

Box Score: Big Spring (21) fg ft pf tp Womack 2 0 2 4 Elliott 1 1 3 3 Walker 3 2 5 8 Reeves 0 0 0 0 Barton 3 0 1 6 R. Newton 0 0 0 0 Martin 0 0 0 0 Miller 0 0 0 0 M. Newton 0 0 1 0 Scarrough 0 0 0 0

## Fresh Basketball Team Wins, 20-9

Anna Smith's freshman team of Big Spring high school turned back the threat of the Coahoma underclassmen in a basketball game played in the Steer gymnasium Wednesday afternoon, 20-9.

Rusk and Day set the scoring pace for the locals, the former hitting the basketball for four field goals while Day came through with three six-pointers.

Players who saw action and their point total included: BIG SPRING — Johnson (1), Rusk (4), Plew (1), Hooper, Eakin (2), A. Jones, Leonard, H. Jones, Day (6), Woods, Porch and Weaver.

COAHOMA — Wolf (6), Shive (2), Dickenson (1), Duncan, Sheedy, Cramer, Hays, White, Minchew, Darden and Davis.

Miss Smith has announced plans to form an 8th grade girls volleyball team within the next few days.

## Manila Police Force

MANILA, Feb. 28. (AP) — The city police force here will be returned to the commonwealth government tomorrow, just one year after the United States army took over the shattered law enforcement agency. Col. Jeremiah P. Holland, Chicago, has been in charge.

## Books To Pacific

TOKYO, Feb. 28. (AP) — Nearly 750,000 books for recreation and information of army troops in the Pacific are en route to army centers. Maj. Morris A. Gelfand of the special services library section said today.

## Hialeah Trainers Want No Part Of Concordian In Widener 'Cap

MIAMI, Fla., Feb. 28. (AP) — The Hialeah publicity department, headed by Everett Clay, is trying heroically to blow some life into the \$50,000 added Widener handicap which is to be run on Saturday, but it looks like a losing fight.

The big race, crowning event of the Florida winter season, is afflicted with Concordian trouble, and the general opinion is that the only reason for running it at all is to see what horses will finish second, third and fourth behind the rangy chestnut owned by Barney Murphy of Philadelphia.

First money of about \$46,000 is being conceded to the swift Concordian, which ran off with the McLennan Memorial race two weeks ago and will carry only 109 pounds in the Widener, if they can find a jockey that small. Warren Wright's Armed, considered the best handicap horse in the business, will tote a back-breaking 128 pounds, and his trainer, Ben Jones, says frankly that he is out to get the \$10,000 second money.

As of last night, seven horses were listed rather hesitantly by the racing secretary as probable starters. The owners have been withdrawing their steeds at a great rate since Concordian revealed his hand, and it would surprise few observers if the field dwindled to five or six by Saturday.

## Violets Defeat Bruins, 72-57

NEW YORK, Feb. 28. (AP) — Baylor's Bears move to Bainbridge, Md., today where they wind up their eastern tour tomorrow night, hoping to make it two victories out of three.

The Southwest conference champions who defeated Canisius at Buffalo last week, lost to New York University 72-57 in Madison Square Garden here last night.

Baylor led the Violets the first ten minutes but New York U., paced by Sid Tanenbaum, forced ahead to stay, being 34-23 at halftime. Tanenbaum was the game's high scorer with 22 points. Jackie Robinson led Baylor with 14.

It was Baylor's third loss in 28 starts this season.

## PT Cage Tournament Underway At School

Ten teams representing the physical training classes at Big Spring high school are competing in a basketball tournament, semi-finals of which will be decided Saturday.

Championship will be decided the third Saturday in March. Tournament director is John Malaise.

### Speeder Who Isn't Going To A Fire

CLARKSTON, Wash., Feb. 28. A pickup truck on fire left a trail of smoke as it sped through Clarkston streets with driver Roy Grube apparently oblivious to the honking of horns and cries of pedestrians as he hurried on his way.

Grube was racing to the fire station—where firemen put out the blaze in a jiffy.

### Defense Asks Mercy In Jap Atrocity Trial

SHANGHAI, Feb. 28. (AP)—To condemn a soldier for carrying out orders of his superior is a dangerous thing," Lt. Col. Edward F. Huddins declared today in a plea for leniency for 18 Japanese, accused of complicity in killing three American airmen at Hankow in 1941.

Huddins, from Chase City, Va., is chief defense counsel. The defense rested after his plea. He said the officers responsible for parading, strangling and cremating the B-29 fliers were not in court—that some were dead and other missing.

Maj. Maurice Levin of New York City, assistant defense counsel, had cited United States military handbooks to the effect that orders from officers or non-commissioned officers are presumed legal.

Typewriters for the blind have only six keys.

### Ribbentrop's Plea To Call Churchill As Witness Denied

NUERNBERG, Feb. 28. (AP)—The international military tribunal has denied Joachim von Ribbentrop's plea that Winston Churchill, Edouard Daladier and other pre-war Allied leaders be summoned as defense witnesses in the war crimes trial of 22 Nazi leaders.

The tribunal rejected 22 names of a list of 38 submitted by the former German foreign minister and also trimmed sharply the lists submitted by defendants Hermann Goering and Field Marshal Wilhelm Keitel.

The tribunal's action led prosecution sources to predict the entire defense case could be completed within seven weeks.

In rejecting Ribbentrop's request for Churchill and other witnesses from Britain and France, the tribunal said "it appears that their testimony would be irrelevant or cumulative."

Ribbentrop's lawyer had argued that Churchill uttered threats at the German embassy in London that England might destroy the reich and that these threats had frightened Adolf Hitler into committing the aggressive acts behind the charges on which the present trial is based.

The witness ban applied also to George Bonnet, former French foreign minister; the Marquis de Polignac, Count Jean de Castellain, Otto Aebel, former German ambassador to Paris; and Ernst Tennant and T. J. Jones, London businessmen.

# Nazis Will Try To Prove War Forced Upon Germany

By DEWITT MACKENZIE  
AP World Traveler

NUERNBERG, Germany, Feb. 28 — Quietly but persistently attorneys for the Nazi leaders on trial here for war crimes before the Allied tribunal are preparing a case calculated to prove that Germany's aggression was forced upon her by warlike designs of other nations.

That is to say, the attempt will be made to show that the reich was in effect acting on the defensive—a type of whitewash that's as old as war itself. Of course,

**QUEEN AND AIDES** — Marie Susmann (center), Farmington, N. H., queen of the 26th winter carnival at the University of New Hampshire, stands with her aides, Anne Thompson (left), Claremont, N. H., and Diana Sherman, New Rochelle, N. Y.

this line of argument is part of the defense of the score of individual chiefs like former Reichsmarshal Hermann Goering and ex-Foreign Minister Joachim von Ribbentrop, for the absurd myth that the reich was peace-minded must have the corollary that the ministers of state also were bent on preserving the peace.

These defensive tactics keep cropping up. For example, I was present at the session in which Dr. Horn, the smooth-spoken and punctilious attorney for Von Ribbentrop, made his extraordinary plea that the tribunal permit him, to call former British Prime Minister Winston Churchill as a witness to testify about a conversation which the defense says took place between Churchill and Von Ribbentrop before the war.

Pressed to state what useful purpose this would serve, Horn made this startling claim:

The witness (Churchill) can testify that on the occasion of his visit to the German embassy, Von Ribbentrop talked with him about the necessity of the creation of friendly relations between Germany and England and that he mainly told him that a strong Germany, which was now about to become a reality, represented the strongest support for England's empire. At that time (Horn said) Churchill replied to these statements that England was intelligent and experienced enough to get other powers on England's side if Germany should become too strong.

On this occasion Churchill stated unmistakably that England would destroy Germany if she should become too strong.

Well now, Dr. Horn's application has been turned down but his purpose clearly was to convince the world that Von Ribbentrop was the peace-loving servant of a peace-loving nation and that England was rattling the saber. And don't overlook that even the introduction of this application in open court was bound to result in world-wide circulation of Horn's claim through news channels. The doctor and his colleagues are sowing this seed freely in the hope that some of it will fall on fertile soil.

Today as a living symbol of the petroleum industry's part in this war and our industry, like the nation, emerges from the war amazed by its own achievements. But oil men marvel even more at Davies'.

President Truman pinned the Medal of Merit on Davies, the Army-Navy Petroleum board, headed by Admiral F. J. Horns and tough Gen. Brehon Somervell cited Davies and his staff for the "superb contribution made to the victory."

William R. Boyd, Jr., American Petroleum Institute president and chairman of the Oil Industry War Council, said: "The oil industry owes Ralph Davies a debt it can never repay."

So what?

So a few days later, Collier retires as president of Standard Oil of California and the new president becomes R. G. Follis.

In a few weeks, when hearings on the Anglo-American oil treaty are over, Davies will lock the door on the empty offices of PAW and go home. Sure he can't have his old job back. The same job. The same money. Maybe he won't go home. On all points he's absolutely non-committal.

But there's many a GI looking at his medals and citations and remembering those five years or so in service who must be thinking the same thoughts Ralph K. Davies is thinking.

# Davies Slips Out Of Oil Agency, Returns To Job After "Duration"

By JACK STINNETT  
WASHINGTON — GIs aren't the only ones who served in this war who are having reconversion job troubles.

A lot of industrialists and "big business men" are going home to find no job at all or that they have been passed over while dodging in and out of foxholes on the Pto-ma.

Take the case of Ralph K. Davies, deputy petroleum administrator for war.

In June, 1941, Davies was executive vice president of Standard Oil of California and considered in the industry certain successor to aging President Henry D. Collier. In that month, on leave of absence he came to Washington to organize PAW for then Secretary of Interior, Harold L. Ickes.

In the almost five years that he has run that vital agency, Davies, like a lot of GIs on front, gathered a "passel" of citations and medals. He was the only major industrialist who unlocked the door of a brand-new wartime agency and still is around to lock the door when that agency is no more.

Referring to Davies' work, Sen. Joseph C. O'Mahoney, (D-Wyo.) chairman of the senate committee that investigated PAW, said: "I have no hesitation in saying that no achievement in all the history of wartime and industry ever exceeded the achievement made by the Petroleum Administration for War."

The conservative Oil and Gas Journal observed: "Davies stands

# Three Badly Burned In Food Locker Fire

JACKSONVILLE, Feb. 28 (AP)—Three men were burned yesterday afternoon during a fire which destroyed a building under construction for a frozen locker company here.

A. C. Jenkins Jr., 23, Jacksonville, and Jack Coates, 22, Dallas, were burned seriously. Victor Dunn, 28, Jacksonville, was less seriously hurt.

Jim Covington, one of the owners of the plant, estimated the loss at \$3,000.

Firemen said that the blaze originated when a gasoline burner used to heat asphalt exploded.

# Jap Women Banned From Coal Mining

TOKYO, Feb. 28 (AP)—Unofficial but informed Japanese sources said today that prohibition of labor by children and women in coal mines would be part of the government's new labor policy.

They estimated at least 40,000 women now work for mines, including some 9,000 in the pits as miners. Undetermined thousands of children under 16 also would be affected.

Japanese women long have done hard physical labor, including farm and railroad repair jobs, for less than men's wages.

# Farm And Ranch News

By WACIL McNAIR

It looks as if the Aberdeen-Angus is destined to make a serious challenge to the Hereford as a show animal in this part of the county. At the same time J. O. Honey's Angus was winning the grand championship here Friday, another was taking similar honors at the Melvin FFA fat stock show. And the Upton county grand champion this year also was an Angus. Like Honey's entry, the Melvin champion came from the herd of Jess Koy of Eldorado. Honey is showing his Howard county champion again this weekend in San Angelo.

County 4-H club members are in the midst of a strenuous schedule. Local entries are showing in San Angelo Friday and Saturday, Abilene Monday and Tuesday, and then they leave Wednesday for Fort Worth and the Southwestern Exposition and Fat Stock Show.

In Sterling City last weekend a dry lot calf won championship honors in the baby beef division over a milk fed entry at the FFA boys annual show. However, few calves were entered there, as the show's major feature was the lamb division.

It was surprising to note the number of purchases made by Howard county stockmen in the

registered Hereford breeders sale here Saturday. Several who have not been identified as pure bred stockmen previously bought animals. The fact that average prices paid did not reach expectations may be blamed on the mixup of dates for the sale, which necessitated two changes. The last and final change was made less than a month before the sale, and many prospective buyers from other areas probably did not receive notice of the sale in time to make arrangements to attend.

Where moisture has been sufficient, some stockmen have managed to avoid difficulties arising from the protein feed shortage, by carefully planned small grain acreage for grazing.

It's time now to take out cotton crop insurance through the AAA office. Only a small percentage of Howard county farmers signed up for insurance last year. However, many who never got around to it regretted that they didn't before the season was far along. Most of those who did take out insurance were spared substantial losses.

Crop insurance offers the cotton farmer protection of his investment in a crop and encourages insured farmers to put every effort in making a crop. Donald L. Cothran, state crop insurance director, declares in Cothran's opinion, insurance, by providing security, is an added incentive for the farmer to do his best to make a crop by properly preparing the land, planting good seed, taking proper precautions to control cotton disease, weevils and other insects, cultivating the crops and harvesting the cotton, because he knows that the farmer who produces good crops makes the profits.

# Simple Services Planned For Dealey

DALLAS, Feb. 28 (AP)—Simple funeral services, as he requested will be held for George B. Dealey, publisher of the Dallas Morning News, at First Presbyterian church today at 2 p. m.

Mr. Dealey, who died Tuesday at the age of 86, had specified that any eulogies be brief and also asked that friends make contributions to charity rather than send flowers to his funeral.

Dr. Frank C. Brown, pastor of First Presbyterian church, will conduct the service assisted by the Rev. R. A. Deison, pastor of Westminster Presbyterian church.

A quartet will sing hymns from a list of Mr. Dealey's favorites, including "Lead Kindly Light," "Abide With Me," "Crossing the Bar" and "Jesus, Lover of My Soul."

Burial will be in Grove Hill cemetery with only members of the family and a few close friends attending.

# OPA In Probe Of Fort Worth Market Practice

FORT WORTH, Feb. 28 (AP)—District OPA enforcement officials began investigation Wednesday to determine whether cattle received at the Fort Worth market are being shipped elsewhere and slaughtered in non-compliance with OPA regulations.

The action was started as Rosenthal Packing company here joined Blue Bonnet Packing company in suspending cattle buying and slaughtering operations and City Packing company announced that it had curtailed cattle slaughter by more than 50 per cent.

Suspension of slaughter operations described both as a necessity to prevent heavy losses at present high live cattle prices and as a protest against OPA regulations which the packers said make profitable operations impossible.

Beef production by the two major packers also has been drastically curtailed recently, but their purchases of cattle were expected to rise as the smaller packing plants drop out of the market.

Packers meantime estimate that there is sufficient meat in storage here to prevent decided shortage for the next week or two. Hog slaughter will continue.

The OPA investigators were checking purchases of cattle here for shipment to other points and H. L. Lewis, head of the district OPA food price unit, said a check of slaughterers who received the animals would follow. Lewis said reports indicated that a majority of cattle coming to the Fort Worth market now are being hauled to out-of-town slaughterers by rail and truck.

The so-called Bill of Rights consists of the first ten amendments to the US Constitution.
