## Deverelle Lewis Guides Grid Fortunes

### Farmers Need Hoe Hands

Calls for cotton choppers at the Littlefield office of the Texas Employment Commission have been numerous this week than laborers for the jobs.

Officials at the TEC office said almost every incoming phone call this week has been in order for hoe hands. Thursday Littlefield office needed 150 workers for about 2,500 acres.

Several supervised crews from Rockwall have been working in the Littlefield area.

Officials at the TEC attribute the shortage of workers to two factors. Many laborers who formerly hoed cotton in this area in past years moved further north to work in higher paying vegetable fields. Another factor cited was that hoe hands who would have been available for work here moved out of this area after the June 13 hailstorm, thinking there wouldn't be enough summer work.

In some areas the labor shortage is local. A farmer in the Bula-Enochs area had already plowed up several acres of cotton because it got too weedy. The farmers in the Spade area reported they would have to plow up cotton again if they didn't get hoe hands in the near future.

Sometimes some farmers and their families are chopping at their weeds while waiting for help.

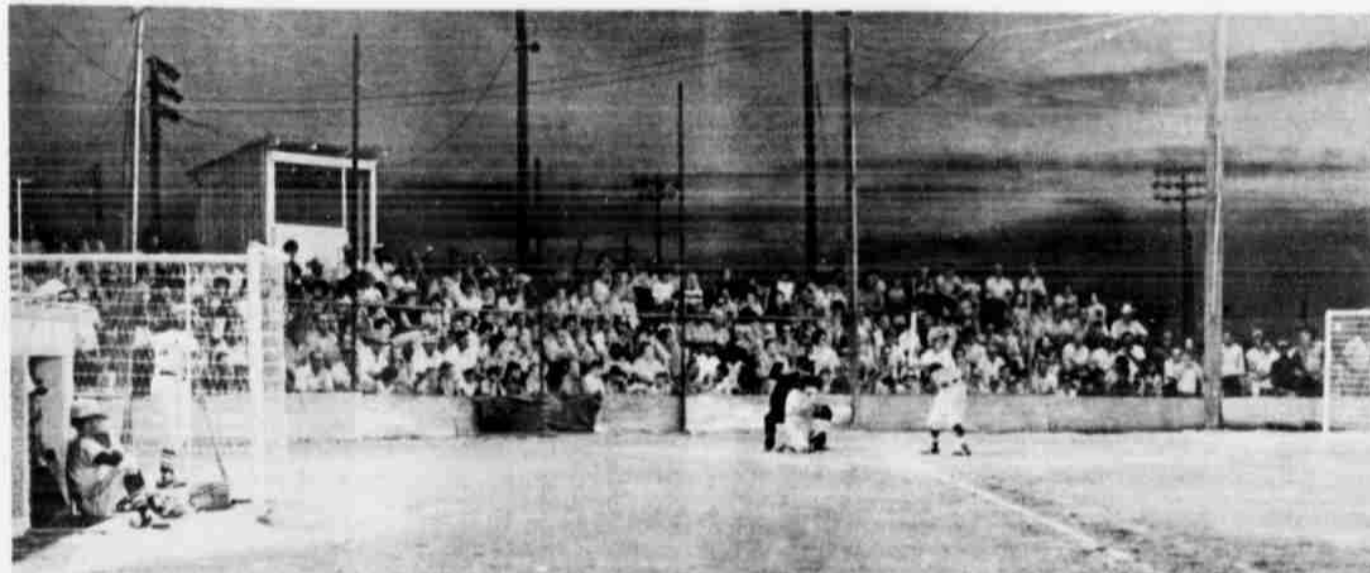

L. B. Roberts who farms northeast of Littlefield, has imported his grandson's Ruth All-Star baseball team from Littlefield. The 15-year-old youngsters play cotton in the mornings and practice baseball in the afternoons.

### Miss Littlefield Contestants Sought

Contestants for the Miss Littlefield contest and portion of "Littlefield Festivities" are being sought, according to a letter recently made before the contest's steering committee.

Charles Schroeder outlined the contest. Beta Sigma Phi has done toward the Miss Littlefield. That contest will be held the opening night of Littlefield Festivities Days.

Contestants will be sponsored by both individuals and businesses, for a \$10 fee. Application blanks can be obtained from Mrs. Schroeder, who says she has sent forms to all the organizations they know of in the city.

A CAPACITY CROWD watching Thursday night's action between Littlefield and Olton Little League All-Stars overflowed to standing-room-only around the field's fences. It was the first of three days of Little League area tournament play here. See stories and pictures on Page 13.

## Monday Is 'Moon Day'

Monday will be an impromptu national holiday for many state and federal employees after President Nixon

urged that all Americans be given a holiday Monday to celebrate the scheduled moon landing. But the majority of Littlefield businesses will be open.

Department of Public Safety will be closed, but Highway Patrolmen will be on duty.

A skeleton crew will be kept on duty on the Highway Maintenance Department.

### County Museum Planning Slated

The proposed Lamb County Museum is still being discussed by interested citizens of Lamb County.

A special meeting has been called Thursday night, July 24, at 7:30 in the County Courtroom of the courthouse, to discuss important steps needed in getting the museum underway.

A slate of officers will be presented for election, plans for application for the charter will be discussed, and a suitable building for locating the museum will be sought as soon as officers are elected.

Charter members for Lamb County Museum Association are being solicited and the organization of the Association will be completed at the meeting.

All of the state and federal offices will be closed in Littlefield—including the post office, which will operate "just like Sunday." Boxes in the post office will be serviced, but no rural or city deliveries will be made.

City Hall will be closed, but policemen will still be on duty.

Most offices in the County Courthouse will be closed, with the exception of the District Clerk's office, which will remain open for court.

The Sheriff's office will remain open and personnel will be on duty.

Lamb County Library will be closed, and all books which are due Monday will be due Tuesday, according to Librarian Mrs. Jack Hicks.

Both of Littlefield's banks will remain open for service during regular banking hours. "Banks require a special dispensation before they can close," said a bank spokesman, "and we didn't receive any notice on closing, so we'll be open."

Southwestern Public Service Co. and Lamb County Electric Coop. Inc. will remain open, but Pioneer Natural Gas Co. offices throughout the area will be closed. Their usual 24-hour emergency service will still be available throughout the period, according to a spokesman for the company.

State offices will operate with a skeleton crew where needed.

The Drivers License Bureau of the

### City Offices Have Holiday

Monday was designated as a holiday for city employees and City Councilman Paul McCormick was elected mayor pro-tem in the regular Thursday night meeting of the City Councilmen.

"Being as the President has declared Monday as a national holiday and Ben Barnes has declared Monday as a state holiday, Littlefield City Councilmen hereby declare a holiday for Littlefield city offices Monday," said Mayor J. E. Chisholm.

Councilmen voted unanimously to elect Paul McCormick as mayor pro-tem.

The agenda for councilmen was rather short but several items were discussed.

After minutes of the previous meeting were read and approved and bills were approved for payment, councilmen:

1. Heard J. C. Hilbun who appeared to present a proposal for collecting delinquent city taxes. Councilmen commissioned Beth Harry, city secretary, to study the matter and give a report at the next meeting.

2. Discussed briefly several city paving projects and needed clean-up areas in the city, although no definite action was decided.

### Former LHS Assistant New Athletic Director

A 44-year-old former Littlefield assistant football coach is coming home to guide the Wildcats' fortunes this fall.

He is Deverelle Lewis, who began his coaching career here under Don Williams in 1958.

After serving 11 years as a backfield coach here, at Plainview, and Richardson, Lewis will step into his first head coaching job.

Lewis accepted the newly created dual position of athletic director-head grid coach Friday night during a telephone conversation with Supt. Paul I. Jones.

He will be here Monday afternoon to begin preparations for the coming season, which gets under way with two-a-day workouts less than a month from now.

"It's a big job," Lewis told the Leader-News Friday night, "and I'm grateful to the school board and Supt. Jones for the opportunity and challenge it presents."

His first football game less than two months away (Dunbar here Sept. 12), Lewis faces the chores of moving, lining up three assistants and getting ready for August workouts in short order.

Supt. Jones said he felt the school system is "fortunate" to have the services of Lewis, whom he described as "well known and well liked" here.

The new head coach is the survivor of 14 candidates who applied for the position, which opened about two weeks ago when Raymond Birchfield accepted a teaching post at the junior high level.

Lewis will sign a contract calling for an annual salary of \$10,257 plus car allowance of \$400 per year. The pact will be for two football seasons, through mid-term of 1971, subject to review annually at mid-term.

He was one of five candidates interviewed by the school board on Monday and Thursday of the past week.

Friday night the board met in the hastily called session and quickly agreed Lewis was their man. The vote for him was unanimous among the six members present.

The board member who missed the Friday night session, Buddy Bingham, told the Leader-News Saturday morning he "would have voted the same way...I'm for him."

In Lewis' interview Monday night, he told the board:

"I would want to sell the athletic program to the kids, because I think I could convince them they would like to play for me."

"You have to drive a little, lead a lot," said Lewis. "Any boy interested in athletics should be encouraged to take part in some way."

The new mentor, who will be moving

here from Richardson where he signed on at mid-term this year, said he wants a "balanced" athletic program.

He told the board he would allow basketball coach Jim Jefferies to begin working with boys not in the football program on Oct. 15, the earliest day for workouts.

"He would continue to help us in football, particularly in scouting, but he should be able to start his workouts and get ready for his sport."

Lewis expressed support of the 7th grade football program okayed by the board, saying he felt that, "to compete, you have to start 'em at the same time as other schools."

He said he will name his assistants as soon as possible. The school has openings for two coaches on the high school level, and one in junior high.

Already on the staff are Jefferies and Jerry Trees, junior high coach.

Lewis and his wife have two daughters.

### C-C Accepting Reservations

The Chamber of Commerce needs a minimum of 8 more reservations for the bus trip to Palo Duro Canyon and the fourth season showing of "TEXAS" Friday, July 25.

They will accept a maximum of 15 more reservations in order to have the bus full.

Deadline for having reservations in has been moved from Monday to Wednesday because of the Monday holiday.

The C.C. would like for persons to pick up tickets Thursday, if possible, to avoid confusion just before the bus leaves at 5 p.m.

Passengers are asked to be in front of the City Hall at 4:45 Friday for the trip.

Total cost for adults is \$10—which includes bus fare, reserved seat ticket for the show and the barbecue supper.

Children under 12 pay \$7.73 for the same.

## IT MAKES AN IMPRESSION ON VISITORS

# Campers' Park A Luce Idea

By NILAH RODGERS  
Leader-News Staff Writer

A Littlefield couple drives by the free trailer park next to the youth baseball fields every night.

For Mr. and Mrs. Earl Luce, the camping site in the eastern part of Littlefield on Highway 385 is a dream come true because Luce formed the idea and followed it through to its beautiful finish.

"We never miss a night driving by," Mrs. Luce said. "We love to see how many are there taking advantage of the facilities. Last night there were five parked there when we went by at 7:30. One man was sitting out there in a chair reading a paper. Another was working on something on one of the tables. Oh, they just have so much fun!"

THE TRAILER PARK, with its eight stands, fully accommodates eight to 16 camping units, depending on their size, furnishing them with water, electricity, barbecue pits, covered picnic tables, and rest room facilities. And this is all free to the campers.

Land for the park was secured from the county and the city took over maintenance after completion, footing the water, lights and sewage bills.

Luce was serving on the Chamber of Commerce tourist committee when he

approached the city with his free camping site idea in the spring of 1966.

The county owned two acres of land they weren't using where the trailer park is now located. Luce, Arthur Duggan and others on the tourist committee met with the commissioners and gained permission for the land to be deeded to the city, providing it be used for trailer park facilities.

THE CITY AGREED to take the land, and Luce sat down in his office and drew a plan for a nice trailer park right on 385 in Littlefield.

Luce knew what the ideal trailer park should have because he has owned campers and trailers and has had many experiences with camping. Being a committee member of the International Park Association Highway 385 gave him further experience with similar parks.

With the help of Littlefield Future Farmers of America members, the park was surveyed.

TROY ARMES was the first person Luce went to with his proposition that local business people donate facilities for the park. "I asked Armes to donate a table and benches for one of the eight stands," Luce said.

Armes told Luce, "I don't know what you are doing, but if you think it is all right, I'll do it."

Mitchell Ford, Kenneth Ware, Bob Cox, Pioneer Natural Gas, Security State Bank, General Telephone and Luce-Nelson donated the money for the other seven tables and benches.

Littlefield lumber yards donated lumber for making the table forms. "I knew we had to have an expert to supervise the concrete table building," Luce said. "Toby Walker agreed to come down and level and run the tables in his spare time."

MERCHANTS WHO sponsored the tables also provided 136' of 3" steel that went into each table stand. Buck Ross and Harvey Thompson worked with Walker in building the tables.

Knowing that it is hard to make a concrete table substantial enough that people can work on them and kids can play on them, the tables were left in their forms for nine days and were watered four times every day so the concrete wouldn't dry too fast and be brittle.

"This was a lot of hard work," Luce said. "I'm not bragging, just giving you the dope."

Tables and benches provided, the next step was securing tops for shade over each stand. Luce went to eight more businessmen asking that they donate material for the tops.

"AND EVERYONE I asked was

willing," Luce said. He paused reflectively. "Be sure and say I can't remember who all eight are," Luce said. "Or they'll feel awful bad."

Birkelbach, B & C and McCoy Machine furnished the steel and welded all of this together.

Barbecue pits were the next necessity. FFA boys and Birkelbach provided material and work for this.

Dividing the stalls posed a problem until Luce thought of Tom Hilbun and the Boy Scouts.

General Telephone, Lamb County REA and Southwestern Public Service Co. donated the poles to make stalls. Now that they had the poles, there would have to be 200 holes dug to set them in.

ONE DAY WHEN SWPS men didn't have to work, the electric company donated a machine for digging and the operator donated his services.

Boy Scouts sawed the poles, installed and painted them.

SWPS aided the project again by installing lights.

Now the park needed grass. Luce set out every bit of it. "I even plowed the ground up with a little ole rotary," Luce laughed.

WHAT'S A PARK without trees? At least 16 trees were needed, and 16

THIS IS THE CLEANEST, nicest, most attractive town," said overnight Mr. and Mrs. Carl Elliott of Eastland as they loaded their car, ready to return home. The Elliotts spend a night at the free camp site very once in a while on their way to New Mexico or Colorado. "The tables and restrooms are so nice and clean," the Elliotts said, "believe it or not we were going to write a letter to the Chamber of Commerce when we got home." Mr. and Mrs. Elliott are retired school teachers with 75 years' teaching experience between them.

MRS. LARRY M. RENFRO

## Durham-Renfro Wed In Hawaii

Lona Pearl Durham and Larry Mack Renfro were united in marriage in a double ring ceremony Saturday afternoon, July 5, in the Waikiki Chapel, Honolulu, Hawaii, by Ex-Marine Chaplain Stanley M. Adams.

Parents of the couple are Mr. and Mrs. Russell Durham of Lubbock and Mr. and Mrs. Paul Renfro of Andrews.

Given in marriage by Dick Zimmer of Illinois for her mother and father, the bride wore a street-length dress of white satin which had a lace overlay opening in the center with scallops. The empire waistline was accented with a satin ribbon and bow. A lace train was gathered at the sweetheart neckline. Her veil of bouffant net was held by a satin bow trimmed in lace. The bride carried a bouquet of four Dendrobium Orchids centered with one large Cattleyas Orchid atop a white wedding bible.

For something old the bride wore her father's first wedding band. For something borrowed she wore a pearl necklace belonging to her mother. A blue garter was worn for something blue. A penny, dated the year of her birth was

placed in her shoe by her father before her departure for the islands.

Miss Patricia Dunn of Littlefield was maid of honor. She wore a street-length dress of mint green dotted swiss accented by an empire waistline and butterfly sleeves. Her headpiece was of mint green bouffant net attached to a bow made of material matching her dress. She carried a bouquet made of one large Cattleyas Orchid.

Buck Herman of Illinois served as best man.

The mother of the bride wore a white double knit dress accented with a pink scarf about the neck and white accessories.

Mother of the groom wore a dress of satin-backed white pique and white accessories.

Both mothers wore corsages of large Cattleyas Orchids.

The honeymoon was spent in Waikiki.

For their departure, the bride wore a white linen suit trimmed in yellow and yellow shoes. Her corsage was lifted from the bridal bouquet.

### ANNOUNCEMENT

We are pleased to announce a service which we believe is tailored to the needs of the people we serve. We recently have updated our prescription record system to make available to you a complete itemized record of your original Prescriptions and Prescription Refills for each year or for any given period.

Under this updated system your individual record of prescriptions and convalescent rentals will be maintained on an itemized basis. This will qualify for Income Tax deduction, Medicare, Insurance Requirements or any other purpose for which you may need or desire a permanent record.

For instance, if you were to lose or misplace your Prescription and had no record of its original number with which to obtain a refill—it would be available to you instantly under your individual record at Brittain Pharmacy. This service is available whether you charge, pay by check, or cash.

Your Doctor may wish to review the medication you have had over a previous period of time. This, too, will be available to him from your personal file at Brittain Pharmacy.

You may call for a copy of your complete record at any time, and your record for each succeeding year will become a permanent part of your personal file.

There is no charge for this service—just a request from you and your file will be set up immediately.

## Britt-Yarbrough Solemnize Vows

The First United Methodist Church in Amherst was the setting for the candlelight wedding of Barbara Lynn Britt and Douglas Bond Yarbrough, Saturday, July 19, with the pastor, Bro. Douglas Gossett, officiating.

Parents of the couple are Mr. and Mrs. Roger Britt and Mr. and Mrs. R. Merlin Yarbrough of Littlefield.

Donna Gilliland of Amherst, organist, played traditional wedding music in the church which was decorated with an archway of lemon leaves topped with wedding bells and centered by a candelabra of three candles and flanked by two baskets of white carnations.

Mrs. Bob Kier of Austin, sister of the groom, was matron of honor.

She wore a street-length A-line dress of lime green silk organza over satin peau de soie, accented by a wedding band collar and back panel topped by a bow of satin peau de soie. Her floral design headpiece of satin peau de soie accented by pearls held a veil of silk organza. She carried a bouquet of white carnations.

The bride, given in marriage by her father, wore a semi-formal gown of floral design lace over satin with hem and long sleeves bordered with scallops following the design of the lace. The empire bodice featured a high neckline with a stand-up collar accented by a lace flower centered with a single pearl. The bride's shoulder-length veil was anchored by a petal point headpiece of satin and lace accented by pearls. She carried a bouquet of white carnations.

For her daughter's wedding, Mrs. Britt wore a pink organza dress with pleats accented by a sateen belt with a bow at the waistline and a matching collar. She wore a corsage of white carnations and white accessories.

The groom's mother wore an aqua dress of alaskine with matching aqua accessories and the back.

To preserve tradition, the bride wore her wedding dress as something new, her grandmother's wedding band as something old, Carole Stubblefield's Bible as something borrowed, a blue garter as something blue and for the sixpence, she put two pennies in her shoe with the birth year of both the bride and groom.

A reception was held in the fellowship hall of the church with Miss Joella Myers registering guests.

Mmes. Mike Richardson, Mark Jones, Aubry Kirby, Doug Nix, Jim Nelson and N.

a corsage of white carnations. Best man was Mark Randall of Littlefield.

Gary Britt and Donald Britt, brothers of the bride, were ushers.

A reception followed the ceremony in the fellowship hall of the church with Mrs. Wayne Monroe of Canyon and Miss Kathy Campbell of Amherst serving. The table was decorated with a centerpiece of white carnations, three candle tapers and ribbon streamers in the bride's chosen colors of lime green and white. Evergreen punch, coffee and the traditional wedding cake were served with crystal and silver appointments.

For their wedding trip to the New Mexico mountains, the bride chose a two-piece ensemble of beige, black and white with a black jacket. She wore black patent accessories and the corsage lifted from her bridal bouquet.

The couple will live in Pensacola, Fla., where the groom will undergo naval training.

The bride attended the University of Texas at Austin for two years and the groom graduated from the university in 1969.

## Nix-Smith Pledge Vows

Miss Jackie Lynn Nix and Lee Smith exchanged vows Friday, July 18, at 8 p.m. in the First Methodist Church Spade with Wendell Leach, pastor of the Texas Street Methodist Church of Vernon, officiating.

Parents of the couple are Mr. and Mrs. Jack Nix and Mr. and Mrs. Ray Smith of Spade. Vern Griffin, organist, and Moberly, soloist, presented additional wedding music, including "Oh Promise Me" and "Because", in the church which was decorated with white gladiolas, a chandelier with white candles and a chandelier illuminated.

Matron of honor was Cheryl Walsh, Colo., cousin of the bride. The bridesmaid was Carole Nix of Spade.

Jo Nix of Hereford and Aubry Kirby of Walsh, cousins of the bride, were girls.

The groom's best man was Bob Smith of Amherst and Bruce Jones of Amherst.

Mr. and Mrs. Nix, brother of the bride, and Mark Jones of Amherst, were ushers. Bridal attendants were Cheryl Walsh, Colo., and a street-length hot pink

dress with a pleat in the back. They wore matching shoes, gloves, and headpieces made of net and pink bows. Each carried a long-stem pink rose.

The bride wore a formal-length gown of white satin with a French-cut bodice and long petal point sleeves. Alencon lace bordered the portrait neckline and plunged down each side of the scissor pleats of the full A-line skirt. The wattle chapel-length train with lace appliques enhanced the back.

To preserve tradition, the bride wore her wedding dress as something new, her grandmother's wedding band as something old, Carole Stubblefield's Bible as something borrowed, a blue garter as something blue and for the sixpence, she put two pennies in her shoe with the birth year of both the bride and groom.

A reception was held in the fellowship hall of the church with Miss Joella Myers registering guests.

Mmes. Mike Richardson, Mark Jones, Aubry Kirby, Doug Nix, Jim Nelson and N.

E. Wall assisted with the reception.

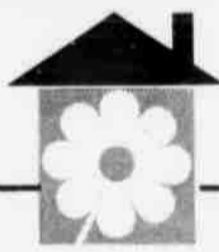

For traveling the bride wore a pale pink coat dress with ice colored shoes, a white purse and a corsage made from her bridal bouquet.

The bride is a 1969 graduate of Spade High School and has attended Draughon's Business College in Lubbock.

The groom is a 1966 graduate of Spade High School and is now stationed at Goodfellow Air Force Base in San Angelo.

The couple will live in San Angelo.

**THE FARMER'S WIFE**  
Some Answers

By LIBBY MUDGETT

**IF ALL HAS GONE** well, by the time this reaches print everybody will be watching our astronauts moonwalking.

Therefore, I can think of no better time to answer a few letters.

**DEAR FARMER'S WIFE,**  
I cannot figure you out. Sometimes you take the liberal side and sometimes you take the conservative side. What are you?  
Puzzled

**DEAR PUZZLED,**  
Confused.  
F. W.

**DEAR FARMER'S WIFE,**  
When you quote people in one of your Grassie Roots polls, have you actually quoted real people?  
Doubtful

**DEAR DOUBTFUL,**  
You betcha. I always tell them I will never give their names or then they invariably stop sounding like themselves and try to word it like their High School English teacher taught 'em.  
F. W.

**DEAR FARMER'S WIFE,**  
If you actually quote people, where do you find so many that cuss so much?  
Shocked

**DEAR SHOCKED,**  
Have you ever read a cuss word in my column? Sir, you have a dirty mind!  
F. W.

**DEAR FARMER'S WIFE,**  
I have actually seen you contradict yourself within a month's time. You're wishy washy. Disgusted

**DEAR DISGUSTED,**  
I am not either wishy washy. I'm flexible. I've always been able to see three sides to every question.  
F. W.

**DEAR FARMER'S WIFE,**  
Are you hawk or a dove? I've seen you write like both.  
Wondering

**DEAR WONDERING,**  
See above answer.  
F. W.

**DEAR FARMER'S WIFE,**  
What do you have against politicians?  
Politician

**DEAR POLITICIAN,**  
A lot, but without you, Jackie Onassis and Joe Namath, I'd be pretty high lost for material.  
F. W.

**DEAR FARMER'S WIFE,**  
What do you have against organized labor?  
Laborer

**DEAR LABORER,**  
I have noticed that the more you organize, the less you labor.  
F. W.

**DEAR FARMER'S WIFE,**  
Are you REALLY a farmer's wife?  
Skeptical

**DEAR SKEPTICAL,**  
Yessum, and I've got the mortgages to prove it.  
F. W.

**PAUL HARVEY**

**I Have A Dream**

**I HAVE A DREAM**  
We've all sometimes imagined ourselves in possession of Aladdin's magic lamp or in cahoots with a good fairy or equipped with enough money to realize our way-out dreams.

I have the dream: if only I had the money to make the dream come true.

**REMEMBERING** that we found the preventive for polio at the end of a long, long march of dimes, I would invest \$3.5 billion in seeking a prompt answer to cancer.

For those Americans who haven't enough to eat, I would give the Salvation Army a sum equal to its annual budget—\$100 million (doubt it?)—and offer similar matching funds to accelerate the efforts of humanitarian volunteers in the fields of mental health, heart disease and narcotics rehabilitation.

**FOR THE TREMENDOUSLY** conscientious but pitifully poor animal welfare people I would earmark \$7.5 million a year to help them prevent and intercept cruelty where so much of man's inhumanity begins.

How exciting it would be to counteract bad music and junk art and pornography by subsidizing great symphonies and good art and good theater and thus educate and stimulate a public appetite for these.

**AND IN EACH CITY'S** art gallery I would leave one room dark with fine sculpture within reach and descriptive information in Braille.

I have a dream of free, expert corrective surgery for the unlovely and the disfigured. I'm told this would cost \$40 million the first year and \$10 million a year thereafter.

**THEN, WITH ANOTHER \$3** billion I would provide matching money to enable existing industry to suppress industrial smoke. And \$200 million more would buy smog-reducing devices for existing automobiles.

It would cost probably half a billion dollars, experts say, to seek and find smog and sound suppressors for new aircraft. I'd spend it, and more if necessary.

**PARKS? MY GOODNESS,** what a delight it would be to bury city dumps and landscape public parks.

Researchers who have learned to make fresh water from sea water are confident that with an all-out effort costing \$750 million the process could be made economically practicable and that thus, within months thereafter, we could turn our nation's wasted deserts green.

**AND WHAT I HAD DONE** all these things—when I had realized my dream of an America the Beautiful surpassing in arts, sciences, physical well-being and splendor even the Augustan Age of ancient Rome...a worthy example for the world....

It would have cost me a total of \$24 billion.

**BUT THEN,** if I should have enough money left over, you know what would be a delightful diversion?

If I had another \$24 billion just to play with....

**WITH THE MONEY,** I'd have enough to train men and build a giant rocket and—just for fun—explore the moon.

**Food, Cars 37% Of County Dollar**

What are Lamb County residents doing with their available cash these days? How much are they spending in local retail stores and for what?

According to the latest figures, covering the past year, which have just become available through a new consumer market survey, most families in the area had more money at their disposal than in 1967 and they showed an increase in spending it.

It shows that in Lamb County stores selling food and automotive equipment captured a major portion of the consumer market. Together, they attracted 37 percent of all retail business in the local area.

The food bill alone, taking into account the amount spent in butcher shops, bakeries, delicatessens and the like, came to \$7,179,000.

This sum, which was equivalent to 16 percent of all retail business locally, was just for food bought for use at home. The amount spent for outside eating and drinking is not included.

What the take-home purchases represented, on a per-family basis, was calculated by dividing the total expenditure by the number of families. The average was \$989 per family.

Business was in high gear, also, in the automotive field, where sales of new and used cars, motorcycles, boats and related products came to \$9,871,000, as compared with the previous year's \$9,209,900.

Good sales volumes were recorded, similarly, by other retail outlets.

Stores selling general merchandise had receipts totaling \$1,134,000, against 1967's \$1,026,000.

Those specializing in clothing, hats, shoes and other apparel grossed \$2,547,000, as against the previous \$2,643,000.

Sales of furniture and other home furnishings added up to \$1,496,000. Their prior total was \$1,489,000.

**Water Plan A "MUST"**

**TEXANS ON AUGUST 5** will determine the course our state will take into the next century. One course, begun nearly two decades ago and ready for action now, will provide adequate water resources to keep Texas moving ahead with vision and determination. The other leads to stagnation and decline because of an inadequate water supply.

**WHAT IS AMENDMENT NUMBER TWO?**  
Amendment No. 2 authorizes the Texas Water Development Board to issue \$3.5 billion in bonds to finance Texas' share of the cost of the Texas Water Plan. This money is not to be used to provide gifts or grants, but will provide temporary financing which will be repaid by water users. The Amendment also removes the 4 per cent ceiling on Water Development Bonds.

**WHAT IS THE TEXAS WATER PLAN?**  
The objective of the Texas Water Plan is to provide adequate water to maintain the growth and prosperity of Texas into the next century when it is estimated that we will have a population of 30.5 million people. The Plan provides for the full development of our water resources and the importation of surplus water from the lower Mississippi River for distribution to areas with declining water resources.

**WHO IS TO PAY FOR THE PLAN?**  
Cost of the \$9 billion Texas Water Plan—Texas' share is estimated at \$3.5 billion—will be shared by local, state and federal governments, with those who ultimately use the water paying much of the costs of the Plan.

**WHY DOES TEXAS NEED A WATER RESOURCE PLAN?**  
By the end of this century—in just 31 years—Texas will not have enough water to supply its growing cities, its expanding industry, and its irrigated agriculture. To assure an adequate water supply, the state has prepared a plan for the full development, management and use of its water resources—and an imported water supply—to serve Texas to the year 2020 and to assure all Texans water to meet their needs.

**WILL THE PLAN PROVIDE ADEQUATE WATER FOR TEXAS?**  
Yes. With our current major reservoirs (157), the proposed full development of our water resources (67 dams and reservoirs) and an imported supply of water, Texas can meet its water demands to the year 2020.

**WHO WILL BENEFIT FROM THE PLAN?**  
The people of Texas will benefit from the Texas Water Plan. The plan provides for meeting all essential and beneficial water requirements throughout the state. The Plan will provide water for domestic and municipal uses, for industry, for agriculture, for recreation, for our bays and estuaries, and for other beneficial purposes. The Texas Water Plan will provide Water for Texas!

**THE ABUNDANT LIFE**  
Citizen's Creed

By BOB WEAR

**HOW DO WE FEEL** about our citizenship? Most of us probably take it for granted, and this is unfortunate.

According to all available information, there is a generally lackadaisical attitude toward citizenship.

**MUCH OF ALL** that we see and hear about the citizen's role pertains to privileges, rights or what someone is entitled to receive.

In fact, our social structure is over-burdened by all kinds of citizenship demands and impositions.

There must be a limit to this burden which is being made heavier and heavier by the one-sided view of citizenship.

**WE ARE THANKFUL** for the people who are as concerned about their responsibilities as they are about their rights.

Lewis Mumford said, "Neither democracy nor effective representation is possible until each participant in the group—and this is true equally of a household or a nation—devotes a measurable part of his life to furthering its existence."

**HERE IS "A Citizen's Creed"** in the words of an anonymous writer. "I believe in my community, my state, and my country. I thank God I am an American."

I believe that men play a bigger part in town building than do natural resources, and that cities are what men make them. I am willing to give of my time, thought, energy and money to help advance the welfare of my community, in return for the great blessings I enjoy.

I am not afraid that my competitor will make more money than I will as the town grows. I will

not be a sponge, taking all and giving as little as possible. I want to live in my town as I can leave as a heritage memory of some service benefit of the community.

"I BELIEVE that my country earth will be largely my responsibility in this town. I believe success of my community has to have its said of my part well.

I believe in the sincerity of citizens, and will not engage in backbiting, slander or "gossip" against my town or my country. I am proud of my town and proud of me. I will advance the fame of my town by doing the best I can, and perhaps more than it is being done anywhere. I will invest my life where my living."

**GOOD CITIZENSHIP** is a common interest, and we do to strengthen the individual and collective citizenship. It is than justified.

Someone has said, "It is clear understanding of citizenship and national life." The strength nation lies in the character of citizens."

**WE MUST LEAVE** undone in our efforts to bring our understanding and practice of citizenship.

We must move away from weaknesses and misunderstandings which are causing so much trouble today.

**WE MUST NOT FORGET** the obligations of the citizen. Of course, we will not forget the rights of the citizens.

T. Roosevelt said, "The requisite of a good citizen Republic of ours is that he is able and willing to pull his

**THE PHILOSOPHER**  
City Problems

(Editor's note: The Sandhills Philosopher on his Johnson grass farm tackles a couple of big problems this week, but we won't say what with results.)

Dear Editor:

I had been reading about it in newspapers turning up out here on this Johnson grass farm but hadn't paid much attention to the great problem the big cities are having these days until I had to go into Lubbock the other day.

As I understand it, the cities are in deep trouble, they're over-crowded, the streets are constantly wearing out, the plumbing is breaking down and they don't have enough money to fix them, traffic is so bad you can walk faster than you can drive at certain times of the day, they don't have enough policemen, the schools are overflowing, tempers are short, etc.

I don't know that Lubbock has all these problems, but after fighting traffic in it a while while I wasn't actually fighting it myself, I wasn't driving. I was sitting on the back seat throwing up my arms to ward off what I thought were sure collisions every two or three minutes—as I say, after fighting this traffic for a while I got to thinking.

The trouble with cities is they've been built in the wrong place.

Why pick out a crowded place like that to build a city? They ought to be built out in the country where there's plenty of room and nor nearly as much noise.

Now that I have disposed of that problem and still have some room

left on this piece of table, there's another problem I'd discuss.

For the last couple of years been listening to grown men television agonizing over inability, as they put it, to understand the young." The all the college ruckuses start the adults' failure to understand youth, and they're going to try to fix it. They even let their sideburns longer to prove they're trying with it.

Thunderation. The way the young ought to be treated understand us. It looks to me the wrong hands are being used.

**Amendment Absentee Voting Study**

Absentee voting for the nine proposed constitutional amendments began Wednesday in the County Clerk's office in the courthouse.

County Clerk Mary Beth Willey says voting will continue until 5 p.m. Friday, Aug. 1.

Regular office hours are from 8 a.m. to 12 noon and 1 to 5 p.m., Monday through Friday and voting must be done then, as no special voting time after hours will be scheduled.

The general election will be conducted throughout the county at the various voting precincts Tuesday, Aug. 5.

The amendments are:

- 1. Clean-Up Amendment (The constitutional amendment to repeal the obsolete, superfluous and unnecessary sections of the Constitution.)
- 2. Increasing water development bonds—\$3.5 billion.
- 3. Authorizing the legislature to set its own salary and the salaries of the Speaker of the House and Lieutenant Governor within certain limits.
- 4. Exemption non-profit water corporations from taxation.
- 5. Increasing ceiling on assistance for four classes of needy to maximum million from state funds.
- 6. Removing constitutional rate limitations, subject to limit by Legislature for bonds purchased by constitutional authority.
- 7. Providing for payment of support to surviving spouses and minor children of governmental officers, employees, agents, including members of fire departments and certain police reserve units, who have died and are killed in the performance of those duties.
- 8. Authorizing legislature to provide for additional loans to state institutions of higher education—Texas Opportunity Plan.
- 9. Providing for annual sessions of legislature.

## Anniversary Couple Renews Vows

Mr. and Mrs. J. A. Nelms of Austin celebrated their golden wedding anniversary recently with a renewal of vows.

The ceremony was conducted in the New Hope Baptist Church near Leander, where Mrs. Nelms' grandparents were charter members and where the couple met 51 years ago.

The couple's children and grandchildren hosted the occasion and participated in the ceremony.

Their daughter, Mrs. W. E. Rachel Dumas and son, J. Garland Nelms, both of Carlsbad, N. M., attended their parents as matron of honor and best man.

Five year old great-granddaughter, Teri

Groom of Littlefield was flower girl.

Charisie Nan Duckett Nelms presided at the guest book.

Ronnie Nelms, grandson of Carlsbad, N. M., and Jay Morgan, grandson-in-law of Lubbock, acted as ushers and lighted the gold candles.

Three granddaughters, Darla Groom of Littlefield, Tracy Nelms Morgan of Lubbock, and Jill Dumas of Carlsbad, served at the reception.

A small Bible that has been in the Nelms family for more than 100 years with a single orchid and gold streamers attached was carried by the bride of 50 years.

# WORSHIP IN CHURCH

and get a spiritual lift for the whole week

## Is It Clear to YOU?

Do you find it hard to read? Is its language too out of date? Have you imagined it contradicts itself? Are you of the opinion God's love for us is a paradox? Do you think if God really loved us He would let us be sick, experience pain and suffer death? Is the Bible actually hard for you to understand? If your answer is "yes," then you should enroll in Sunday School, start going to church regularly and join the band of honest, serious seekers after God's own will in your life; the true interpretation of His word. To the believer the Bible makes sense, it is easy to understand and in it there are no contradictions. It is really the Book of Life.

## The Gospel

REV. KEN JOHNSON  
Missionary Baptist Church

THE APOSTLE PAUL said, "For I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth; to the Jew first, and also to the Greek."

In these 33 words Paul defines his attitude of the gospel. In 1 Cor. 15:1-4 he defines the meaning of gospel as being the good news, "that Christ died for our sins according to the scriptures: And that he was buried, and that he rose again the third day according to the Scriptures."

THE MOST POWERFUL message in the world today is the "Gospel Message." It is in this message from God concerning His Son, Christ, that man can find hope.

The gospel message is the only message that has a life changing effect. It is through faith in God's son that man can find redemption that results in a life changing attitude.

It is by the gospel we received this good news. "Faith cometh by hearing and hearing by the Word of God" (Romans 10:17).

THE GOSPEL when received by faith is the means by which we have access to God.

In Romans 5:1, 2 this is explained: "Therefore being justified by faith, we have peace with God through our Lord Jesus Christ: by whom also we have access by faith into this grace wherein we stand, and rejoice in hope of the glory of God."

Thus we understand plainly our access to God is by faith in His Son. It is not through Christian deeds which are the result of justification nor is it through the ordinances of the church which are symbols of that which is really purchased our justification.

THE CHRISTIANS of Corinth were told the purpose of Paul's life was that of the highest of ideals.

He purposed only to preach the gospel: "For Christ sent me not to baptize, BUT TO PREACH THE GOSPEL."

He gives the Corinthian saints as examples in themselves when he said, "I thank God I baptized none of you, but Crispus and Gaius (1 Cor. 1:14).

He then told them, "For though I have many instructors in Christ, yet in Christ Jesus I am not ashamed. I am ashamed of you only because I have not baptized you through the water." (1 Cor. 4:15).

Paul's conclusion then is that the power of God into salvation.

THE COMMUNISTS of France...

"The gospel is a much more powerful weapon for the renewal of society than Marxist philosophy, but all the same, who finally will beat you? We are not the millions. But if you remember the Gideon and his three hundred company will understand why I am right. We do not play with words. We are not seeing that we are determined to do object, we know how to obtain the our salaries and wages, we keep our propaganda purposes. To this purpose also 'consecrate' all our free time, and our holidays. You, however, give us time and hardly any money for the Gospel of Christ. How can anyone in the supreme value of this Gospel not practice it, if you do not spend your sacrifice neither time nor money. Believe me, it is we who will win, for in our communist message and we are sacrifice everything, even our life, in social justice shall triumph. But you are afraid to soil your hands." From Paris (Communist) in Dawn (British).

WHEN WE SEE the enemy of God the power of the Gospel, it should be purpose in life to return to the true power of the display of the true Gospel.

The Gospel need not be adorned, it is in its author and power.

The Gospel needs no attraction, its power is evident in the results of the Religion is only an external display to make people feel good. The Gospel, however, is the power of God with all its divine results.

"MISS GIRLSTOWN U.S.A." for 1969-70 is 15-year-old Donna Stone from Big Spring, who became the title holder during the open house celebration at Girlstown Sunday afternoon. She is shown beside Girlstown's Executive Director Marshall W. Cooper, who introduced her to the guests. Other candidates, left to right are Linda White of Beaumont; Beatrice Moody of San Antonio, who was chosen first runner-up; Billye Nairn of Texas City; and Pat Weeks of Lubbock. Seated beside the new "Miss Girlstown" is the previous title holder, Linda Metcalf, who had just relinquished her crown to Donna.

### Be-Little TOPS Names Queen

Thirteen members and two visitors attended the meeting of the Be-Little TOPS Club Tuesday night in a regular meeting. The chairman, Joyce Streety, presided.

Roll call was answered with the number of pounds lost or gained the past week. Virginia Nichols was queen for the week and Rose Zybura and Audrey Long were runners-up for queen.

Audrey Long's name was drawn from the "grab bag" and was given a gift of \$2. She had eight weeks of perfect attendance. The loss for the week was 7 1/2 pounds.

Only nine of the nearly 50 vegetables common to the American table are natives of the Americas. They are corn, white potato, sweet potato, lima bean, common bean, tomato, squash, summer squash and pepper.

MRS. V. M. PETERMAN 262-4532

MR. AND MRS. Jimmy Townsend and little daughter, Shawndell, spent Sunday with her parents, Mr. and Mrs. Leon Holly and children. The Townsends have recently moved from Lubbock to Plainview.

MISS D'RUTH Dysart left Thursday morning for the Baptist Giorretta Camp near Santa Fe, N. M. She will be gone a week.

CAROL AND Fonda Griffin, daughters of Mr. and Mrs. Eugene Griffin of Littlefield, spent the week with their grandparents, Mr. and Mrs. Lige Griffin, and attended Vacation Bible School at the Rocky Ford Baptist Church.

RICHARD HOLLY played baseball in the Tri-City All Star Tournament in Littlefield Thursday, Friday and Saturday.

MR. AND MRS. S. C. Huff of Lubbock visited with Mr. and Mrs. N. B. Embry Sunday.

AMONG those attending the Rodeo in Earth Saturday night were Mr. and Mrs. Alvin Mills, Ralynn, Sandra and Alvin Ray, Mr. and Mrs. John Feagley, and Mr. and Mrs. Johnnie Lee Feagley and Monte, Mr. and Mrs. Charles Carpenter, Charis and Todd and Mr. and Mrs. V. M. Peterman attended the Rodeo Thursday night.

MRS. N. B. Embry and her granddaughter, Cynthia Embry of Littlefield, spent Tuesday and Wednesday visiting Mrs. Embry's daughter and family, Mr. and Mrs. Steve Denton and Timothy in Amarillo.

VACATION Bible School was over Wednesday afternoon. Wednesday night the children put on a program. There were Grandpas and Grandmas and friends from Hart Camp, Littlefield, Earth and Springlake who came to see the program. Refreshments of home-made ice cream and cake were served after the program.

### Damages In Accident

Minor damages to two cars resulted from a collision at 8th and Seldon Wednesday afternoon.

Howard Ray Parker of Anton, driving a '61 4 dr. Chevrolet, collided with a '66 Rambler driven by Linda Sue Hammons of Denver City at the intersection.

The Parker vehicle was going south on Seldon and the Hammons car was going east on 8th when the Parker car collided with the Hammons car, damaging the left rear fender of the '66 Rambler.

Damages were estimated at \$120 to the Rambler and \$30 to Parker's Chevrolet.

both college students. He operated the Western Auto store here several years before going into coaching.

He worked under Head Coach Williams here from 1958 to 1962, then moved to Plainview with the Williams staff for the 1962-69 seasons.

It was under Williams that Plainview came from a non-winner to football power, and Plainview people credited much of the Williams' program success to Lewis.

After Williams left Plainview for Odessa, Lewis took the post at Richardson.

A Brownfield High graduate, Lewis received a BBA in 1950 from Texas Tech. His major was business, but he minored in physical education, health and social studies.

Lewis said he would have to "have a look at personnel before completely formulating plans" for this fall.

However, he added that his offense the past few years has been "pro type," the tandem I with flankers.

## Crop Certifying Deadline Nears

The deadline is nearing when all farmers must certify that their crops are in compliance with federal laws set up by the United States Department of Agriculture.

August 15 is the final date farmers can certify this year, according to Lamar Aten, office manager of the Agricultural Stabilization and Conservation Service Department.

All farmers must be in compliance before they can certify. Farmers can certify now if they have measured and are sure of correct acreages, Aten said.

The earlier certification of acreages are received, the earlier farm data can be submitted for drafts for final payment, according to the ASCS Office.

Spot checking at a random basis will be done on about 30 per cent of the farms. Even after certifying, farms are still subject to spot checking. Plowing or changing of acreage cannot be done after farmers certify.

Aten said early certifications will help, but he urges farmers to measure one more time and be certain their acreages are correct before certifying.

## ... PARK

Continued from Page 1

businessmen donated a tree to the city set them out. The city had one in each stand.

The whole project was cost \$960—all donated—by the Chamber of Commerce, Luce said.

"It was so easy to build and so ashamed of myself," he said. "I turned me down on a thing like this. We didn't have to go to the city. A lot of good men would be glad to donate, but we got them."

"IT TOOK A LOT OF COURSE. But people just handing checks, saying, 'If you think here is the money.' All right, ramrod," he said. "Everybody willing if they have someone to put it in."

Last year the city provided and slush pits for the trailers and facilities were completed in April.

It's hard to tell how many people have taken advantage of the park, since it makes a regular check on the But it does get extensive use during the summer months.

The city of Littlefield Chamber of Commerce has many cards and letters from over the U. S. who have said it's the best camping parks they've been to.

THE CITY FEELS that tourists spend while they are more than offsets the utility bills. The park is good advertisement creates good public relations.

Most campers make purchases while here, buying gas, and eating in restaurants, the bowling alley, pool room while here, and others shop here.

Tourists learn of the free camp by reading listings, put out by agencies and the park has been in camper magazines. Signs at Littlefield advertise the park.

Few towns offer free camps \$1 to \$3 per night for camping places. "And most of them are as nice as ours," Mrs. Luce said.

Several other towns have Littlefield's example since they have been installed.

"TELL PEOPLE TO GO out advantage of the facilities for family reunions," Luce said. "People are welcome to use it, but sure you don't take the space for campers."

WHEN IT COMES to family reunions, that gets into the dream Luce has. There is still acre back of the park that is to be used.

He envisions this as a place with flowers, trees, tables, benches winding paths where people can take their picnic lunches.

THIS IDEA IS past the stage, really. There is a plan laid out in Luce's office.

"People didn't pay much attention when I first started trying to interest them in the park. They didn't think it would be anything."

Now that Luce's idea has been tested and proven, perhaps in the future there will be an acre of ground complete with all the amenities to take memories.

Rev. and Mrs. Wm. H. Remmert are among the 2,600 representatives of The Lutheran Church—Missouri Synod, who are in Denver, Colo., for the 48th regular convention of that church group, which began Friday and will continue through this Friday.

Rev. Remmert, pastor of Emmanuel Lutheran Church in Littlefield, served as a Colorado minister five years and directed the pastorate of the third largest congregation in the Colorado District in Hrocket.

## \$400 Damage To Two Cars

A '68 Dodge pickup driven by Adelardo Flores Sierra of Littlefield and a '64 Chevrolet 1 dr. driven by Carla Neil Grimes of Littlefield collided Thursday afternoon at West Delano and North Wacker.

The Sierra vehicle was traveling west on Delano. The Grimes car stopped to make a left turn in the westbound lane. The Sierra pickup hit the rear bumper section of the Grimes auto.

Damages were estimated at \$250 to the pickup and \$150 to the car.

## Littlefield Man Severely Injured

Edward Gregory, a 29-year-old Littlefield man, was critically injured Thursday afternoon when he was hit by a tractor on a pipe line job in New Mexico.

Gregory was treated at a Morton hospital, then transferred to the Methodist Hospital in Lubbock where a spokesman said his condition was "very critical."

Sketchy reports indicated Gregory was working about 20 miles west of Morton when he was hit by the machine and partially buried in the sand.

Gregory reportedly suffered a crushed leg and severe back injury.

## City Manager Feeling Fine

City Manager Jim Shearer has been at home this past week "resting-up" after his doctor told him to "slow down a little."

He suffered symptoms of a heart attack early in the week, but electro-cardiograms and other tests proved he had not had such an attack.

Tests showed he was suffering from tension and exhaustion and "needed to slow down a little bit."

He expects to be back on the job Tuesday.

## Greenbug Buildup Reported Over High Plains Area

Greenbug infestations in grain sorghum are beginning to increase over much of the High Plains area and farmers are encouraged to inspect their fields frequently to detect any damage from the tiny green pests.

"That word comes from Lyndon Almond, Extension area entomologist located at the Texas A&M University Agricultural Research and Extension Center north of Lubbock," says Lamb County Agricultural Agent Buddy Logsdon.

"We are finding greenbugs mainly on the underside of leaves with some reddening showing as a symptom of damage," says Logsdon. "It's important to remember that the extent of greenbug damage depends on greenbug numbers, plant size, vigor and stage of growth, moisture conditions and numbers of beneficial insects."

Almond gives these guidelines for determining the necessity for treating for greenbugs:

Treat plants from emergence to about six inches high when greenbugs and damage is visible on the leaf surface.

Treat plants from about the six-inch height to the pre-boot stage before any entire leaves are killed. "Infestations in much of the area are now approaching this stage," points out the entomologist.

Treat plants that are in the pre-boot stage and larger when there is a large enough greenbug infestation to cause death to more than the two lower normal-sized leaves.

"These guidelines are made with the assumption that beneficial insects are not effectively controlling the greenbugs," explains Almond. "Also, plants under stress as some are at present due to lack of moisture and cannot support as many of the pests as plants in a healthy growing condition."

Our surveys show that beneficial insects are beginning to increase in numbers throughout the area, says Almond, but the greenbug buildup may occur at a faster pace. That's why regular field inspections are so important in keeping abreast of the current situation and in deciding whether or not to spray.

Insecticides recommended for controlling greenbugs should be the situation warrant treatment are malathion (ground application only), carbofenthoion (Trithion), demeton (Systox), diazinon and parathion. Methyl parathion should not be substituted for parathion as this material can cause severe burning of some sorghum plants.

Before using any of these spray materials, Almond cautions everyone to read the label carefully and to follow directions.

Robert D. Barton K50IF of 1115 West 6th, Littlefield, has been selected to lead an organization of Lamb County amateur radio operators, prepared to provide organized emergency communications in time of disasters, according to Communications Manager George Hart of the American Radio Relay League, U. S. and Canadian association of radio amateurs.

Barton's assignment, which carries the title of Emergency Coordinator of the Amateur Radio Emergency Corps, is to band together members of the amateur radio service in his community to perfect arrangements for emergency radio communication by hams in the event of natural disasters or other emergencies.

In addition to use of fixed radio station equipment working from commercial power, amateur stations use self-powered radio transmitting and receiving equipment as needed and can often deploy portable and mobile units to accommodate a particular emergency requirement.

Barton as ARRL Emergency Coordinator will call local meetings of amateurs, establish common operating procedures, and arrange regular drill periods when the hams' personal stations may be mobilized under simulated emergency conditions.

His duties also include liaison planning with relief and public welfare agencies, as suggested in working understandings the ARRL Amateur Radio Emergency Corps has with the Red Cross, Civil Defense, and other agencies.

Liaison will be established

also with local public services, such as fire and police departments.

In announcing appointment, Hart pointed out that radio amateurs traditionally have had responsibility of being constantly ready to assist in time of emergency, and that the hams' emergency post-transmitters and a radio community spirit.

"When sleet storms, telephone or floods isolate communities," the ARRL Communications Manager said, "it is amateur radio that is the rescue with open and self-powered equipment often as the sole agency to transmit messages calling the outside world for help to the stricken community."

"To be prepared for function required not only highly organized preparedness locally, but continued, "but hams are prepared to act as outside relay points for emergency traffic."

Planning and organization are necessary in an emergency and that is what Barton is doing for this

# Local All-Stars Fall In Semi-Finals

BOB HAMILTON  
Area Editor, Leader-News

The Area Little League ball tournament played this weekend was a huge success in many ways. First, almost every game played before a capacity crowd. Secondly, the Littlefield All-Stars accomplished something that had not been done in 10 years, winning their first tournament game since 1959. The team advanced all the

FIRST ROUND

SPRINGLAKE-EARTH-5

Anton-Spade-4  
Springlake-Earth pulled its victory from an apparent loss to Anton-Spade by scoring two runs in the bottom of the eighth inning, to win the only extra-inning contest of the tournament, 5-4.  
The victors jumped to an early lead, scoring one in the first, and then making it 3-1 in the second. But the scrappy

way to Austin in the playoffs. Befitting the size of the crowds and calibre of play was the outstanding condition of the playing field. League president Bob Bromlow and his crew of hard-working volunteers reaped praise from both fans and district official Al Gardner. All agreed, "The field is outstanding."  
Last night's final game for the championship, played after the Leader-News press deadline, was turned into an all-Plainview event. Both the National and American All-Star teams won their way into the championship final, which forced Plainview fans to drive all the way over here to watch their respective teams battle for the crown.  
From the Littlefield point of view, the star of the tournament had to be 11-year-old Bill Turner.

The youngster who played during the regular season for the Optimist Club hit Littlefield's only home run and then added a pair of doubles to drive in six of the team's seven runs for the tournament.  
And in Friday night's game, he went to the mound in relief assignment and curve-balled his way through four innings to hold Plainview National batters with only one hit. His record was blemished earlier in the game when he committed an error, his only one of the two games.  
Thursday night's final game attracted such a large crowd that all stands, including two borrowed from the air base at Lubbock, were filled, all standing room along the baseline fences was taken, and fans were nearly shoulder-to-shoulder along the outfield fence. Friday's crowd was almost as large.

PLV. NATIONAL-12 MULESHOE-3

Plainview National, largest team in the tournament personnel-wise, collected 12 runs in only two innings to knock Muleshoe out of the tournament, 12-3.  
The blue Plainview club accounted for seven runs in the top of the opening frame, and added five more in the sixth.  
Jim Wisian and Dusty Davis accounted for three of Muleshoe's five hits. Wisian had a pair of singles and Davis a home run.

Winning pitcher Steve Westbrook contributed a single and double toward his victory and Mike Sorley had three singles.  
Muleshoe scored twice in the fourth and the other in the fifth.

PLV. AMERICAN-9 AMHERST-SUDAN-7

A two-run homer in the bottom of the sixth inning gave Plainview American a narrow 9-7 victory over Amherst-Sudan in the opening game of the tournament Thursday.  
Robert Carter, who also had a pair of singles, provided the victory hit for the red Plainview team.  
The game was peppered with 21 hits in all, nine by Amherst-Sudan off Danny Huffines and the other 12 by Plainview American off Martin Tucker.

Plainview opened the game with a 2-0 lead, but Amherst-Sudan scored five in

the top of the third for a 5-2 lead. Plainview bounced back with four to lead once more, only to lose that lead 7-6 in the top of the fourth.  
After tying the score at 7-7 in the bottom of the fourth, Plainview held the Lamb County club scoreless the other two innings.

Carter had a pair of singles to go with his homer. Teammate Wayne Nash was a four-for-four, all singles, and Wesley Brown, the big first baseman, had a pair of singles and a triple.  
For Amherst-Sudan, Carroll Legg, Mark Davidson and Steve Thompson accounted for six hits. Each had two singles apiece.

LITTLEFIELD-5 OLTON-3

Host Littlefield overcame a 3-0 deficit after allowing Olton

SUDAN GOLFER HAS ACE HERE

Adrian Martin of Sudan scored a hole-in-one July 12 on the Littlefield Country Club golf course.  
Playing with another Sudan golfer, Clovis Bridwell, Martin sank his ace on the 188-yard par three ninth hole.  
It was the first hole-in-one reported shot on the course this year.

PLV. NATIONAL-8 LITTLEFIELD-2

The first two innings, in which Plainview-National collected seven runs, proved too much a handicap for host Littlefield in Friday's semi-final game. The visitors from Hale County went on to win, 8-2.  
Losing pitcher Danny Brockington had little help behind him in those two innings, when four errors were committed.  
Brockington was relieved by Bill Turner, who allowed Plainview one hit the rest of the game. But that was a home run, one of two hits by the victors.

PLV. AMERICAN-10 SPRINGLAKE-EARTH-7

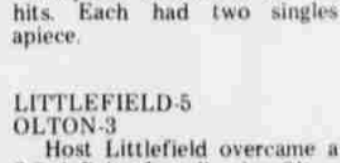

Springlake-Earth All-Stars gave Plainview-American fits before finally bowing in the semi-finals 10-7 Friday night.  
The larger Plainview team held a 3-0 lead after the first inning, and were 8-2 going into the bottom of the fourth, but the S-E club, which had only four 12-year-olds on the squad,

bounced back with five runs to tighten the score to 8-7.  
The victors, led by Pitcher Chad Williams who allowed only three hits added two more scores in the final frame for their win.  
Springlake-Earth's three hits were all singles by Amando DeLeon, John Cleavenger and Larry Dear. Randy Latham was the losing hurler.  
Big guns for Plainview were Wayne Nash and Robert Carter, both collecting a pair of triples.

Olton hitters were Bryan Alcorn, a double, and Longoria, David Adams and Aubrey Hooper, each with a single.  
Littlefield scored twice in the third and fifth innings and the other in the fourth.

Littlefield's two runs came in the bottom of the fifth inning. Turner's double off the center field fence drove them in.  
Winning pitcher Larry Martindale allowed five hits. Besides Turner's double, Lonnie Twitty, Gary Brown, Connie Bowman and Kyle Jones each had singles.  
Chris Summers and Steve Westbrook had the two Plainview homers. Linyz Barton also had a double.

### PEARL HOWARD

Funeral services for Mrs. Pearl Howard, 81, of Lockney, a former Silvertown resident, who died Thursday morning in a Lockney nursing home, were conducted Friday afternoon in Silvertown's First Baptist Church.

## Junior High Teachers Attending Workshop

Mrs. Ruby Reid and Mrs. Marjory McCowen, both teachers at the Littlefield Junior High School, are attending a week-long media workshop this week (July 21-25) in Lubbock sponsored by the Region XVII Education Service Center (ESC).

The teachers are participating in the Overhead Projection Workshop that is being conducted from 8:30 a.m. to 4:30 p.m. Monday through Friday in the Media Division of the ESC, located in the lower level of Citizens Motor Bank, 1401 Ave. K.

The workshop is being taught by C. W. Edwards, audio-visual coordinator at Monterey High School in Lubbock and is one of a series of 10 such workshops conducted this summer by the ESC.

The 12 participants from throughout the 20-county Region XVII are taught the fundamentals of handmade, color film, and diazo transparencies, in addition to techniques of using polarized light to obtain motion effects on overhead transparencies.

Gerald Rogers, director of media and technology for the Region XVII ESC, said that no stipend or college credit is being offered and that no tuition is charged. The participants made application for the workshop during the spring semester.

The instructor, facilities, and all materials are provided by the ESC. Materials created

in the workshop become the property of the participant.

## B.D. Garland Jr. Named Director Of Area TADA

B. D. Garland, Jr., of Garland Motor Co. in Littlefield, has been appointed to the post of area director of the Texas Automobile Dealers Association.

H. C. Pittman, TADA executive vice president in Austin, said Garland will report to the TADA Board of Directors on all phases of activity relating to the motor vehicle buying public in the Littlefield area.

"Garland will work closely with legislative and other governmental officials on all matters pertaining to the industry and the auto buying public," commented Pittman. "The job of area director is one of the most important in our giant statewide association," said TADA President Ben Beck of New Braunfels, "and we are confident Garland will serve with distinction."

TADA represents the franchised new car and truck dealers in Texas.

## Journey To The Past

BY EVALYN PARROTT SCOTT

(EDITOR'S NOTE: This is the second part of two in a series on the Ben F. McNeese family, written by Rosemary Hall McNeese.)  
By ROSEMARY McNEESE

Three school terms, 1930-1933, McNeeses drove the school bus. There was no pavement in those days, but on days the bus did not run there was no pay—so the buses went, with the exception of one day, when it was 13 degrees below 0.

June 3, 1933, Ethel Bell Kemp McNeese died at her home, southwest of Littlefield. She was taken back to the Bratton Cemetery, between Marriltown, Travis County and Round Rock, Williamson County. There were three children buried there—Wayman, a son born 8 September 1905 died 8 May 1906; Opal, a daughter, born 20 May 1909 died 13 March 1911; Hazel, a son, born 1 December 1913 died 11 October 1922.

Ethel Bell Kemp McNeese, born 3 July 1884 in California, was the daughter of Anna Agnes Ross and Lewis Cass Kemp. Anna Agnes Ross was born in Scotland 25 October 1865 and the daughter of Annie Agnes McKenzie and Henry Ross. Ross came from the Highlands—Inverness, Scotland, on the ship Havelock 1867. Lewis Cass Kemp was born at Winchester, Fayette County, Texas, 12 February, 1859, the son of Estelle Sophronia Woodward and Captain James Barnett Kemp, Company D, Wauls' Texas Legion, Confederate Southern Army.

In December 1933 the Ben F. McNeese family moved back near Merriltown, Travis County, to the Dillingham place. The next year in September 1934 Leonard married Rosemary Hill, born March 11, 1918, Santa Margarita, San Luis Obispo County, Calif.; daughter of Mary Ella Trusdel Hall born 21 July 1885 in Giddings, Lee County, Texas, and Augusta Carroll Hall born 10 September 1880, Leander, Williamson County, Texas.

In November, 1934, Annie Pearl McNeese married George Robert Edwards, born 15 June Round Rock, Williamson County, Texas; son of Ethel Molly Asher and William Solmon (Billie) Edwards. G. R. Edwards and Annie Pearl still live in Central Texas at Bertram. They have two daughters, Georgia Ann, born 5 August 1935 Williamson County, and Mary Margaret born 5 September 1938 Lamb County.

Georgia Ann married J. L. Stiles in 1954. Deborah Lynn born 16 August 1955. Cythia Diane born 9 June 1959.

Mary Margaret married Bobbie Lee Sherman, 1955. Brenda Kay born 31 December 1957; Beverly Jean born 5 July, 1961.

The spring of 1936 in March, Leonard, Rosemary and son, Leonard Eugene born May 11, 1935, Williamson County, moved northeast of Littlefield to the William Alexander place. For 21 straight days the sand blew, that never-to-be-forgotten spring, April 3rd was so black and dark the lamp was lighted.

In June, when school was out, Ben, Roy and Elson (now Dub to the family) joined them. Dub went to school at Littlefield, Merriltown, Stony Point and back to Littlefield.

Then in December, 1936, the McNeeses moved back southwest of Littlefield to the Jameson place. The willow trees were tall and deep rooted all around the tank—but the catfish were gone.

Leonard and Rosemary moved three miles south of Shallowater, Lubbock County, August 1937, to J. R. Jameson's place.

In December 1940 they moved back to Lamb County three miles east of Littlefield on Oklahoma Avenue. Eugene started to school in 1941.

Sandra Sue was born 21 March 1942 and David Franklin 23 October, 1943, in Lamb County. All three McNeese children went to school, attended First Methodist Church and were in Scouts in Littlefield. Both boys learned to wear white shirts—carrying groceries for Piggly Wiggly.

In December 1950 the Leonard McNeese family moved to Rocky Ford community. The children grew up, hoed cotton for their daddy, in order to go to Scout Camp every year,

finished school and married. A labor of land on the Southeast Water Draw was bought in September, December 1964 Leonard and Rosemary moved to "Happy Hill".

Leonard Eugene McNeese graduated Littlefield High School in 1931, Texas Tech that same summer, August 1954 in Littlefield to the Allen, daughter of Horace J. Allen, Iona Crump Allen, Whittam, received his BA Degree from Texas Tech they left for Oak Ridge, Anderson, Tenn.

They have three children: David Franklin born 23 January 1958, Oak Ridge, Tenn.; Sharon Nanette, born 18 June, Ridge, Tenn.; Michael Allen, born September, 1963, Oak Ridge, Tenn. for Union Carbide. In 1963 he received a Masters Degree from University of Tennessee.

Sandra Sue McNeese graduated Littlefield in 1960. Married 28 June in Littlefield, to Curtis Wayne James Carl George Fuller and Elva Ellen Fuller. Two children were born to them: Wayne (Len) born 4 May, 1961, Lubbock County; David Carol, born 1964, Littlefield, Lamb County. Works for National Cash Register Co. in Lubbock.

David Franklin McNeese graduated Amherst High School in 1964, February, 1965, in Lubbock to the daughter of Travis Harold Owen and Elizabeth Anderson Owen of Lubbock, has one son, Monty Kyle, born 20 August, Lubbock County. David is manager of Piggly Wiggly Super Market Street in Lubbock.

Roy Wilson McNeese attended Littlefield. Went from Lamb County his country in 1943 in the Navy to see his mother, returned home in November, War II and returned home in November, February, 1947, he married Elizabeth Goff. She was born 25 May, 1928, in County, daughter of Earnest Adams and Lillie Pearl Thigpen Goff. They have two daughters: Barbara Lynn, born 1955, Lubbock, Lubbock County; born 13 September, 1959, Lubbock County; Brenda Kay, born 22 December, Lubbock County, Texas, Lubbock. He works at Reese Air Force Hospital and she nurses at Saint Mary's Hospital.

Elson Douglas McNeese married in 1947, to Joeline Yvonne Thomson, daughter of Joel Forest Thomson and Mary Ann Thomson. Their children: Douglas, born 8 March, 1948, Littlefield, Lamb County; Don born 12 March, 1949, Amherst County, died 28 June 1949, Littlefield County. Buried Littlefield Cemetery. Scott, born 19 May, 1953, Littlefield County; Pamela Ann, born 25 January, Lubbock, Lubbock County.

Douglas McNeese finished school in Littlefield class of 1966. He is serving United States Army Forces in Vietnam.

Elson has worked with the City and law offices of Lamb County 15 years. With chief J. L. Walraven July 15, 1965, "Chief" told him when he was a day you will be a Peace Officer."

He has served under Dick Dyer as Sheriff and upon Sheriff Dyer's resignation announced as a candidate for Lamb County Sheriff in 1968. In the first primary the voters elected him with winning over three opponents.

Ben. F. McNeese's brother, Tom, City Marshall for Round Rock, Texas, County, from 1923 until the time of his death in December 1, 1947. His great-grandson Parrott W. McNeese served as a Sheriff in Washington County in 1860.

Ben F. McNeese left Lamb County October 1954. He was with his daughter Pearl at Bertram, Burnet County, when he died December, 1954, and was buried in the cemetery near his wife and children.

## Student Earnings

Students receiving social security benefits who are working full-time this summer need to keep up with their earnings, according to John G. Hutton, social security district manager.

"This is especially true of students working part-time while going to school. These students need to add their earnings earlier this year to what they will earn full-time this summer to determine their total earnings for this year," Hutton explained.

Students and other beneficiaries may earn as much as \$1,680 during the entire year and get all their social security benefits. If gross earnings (before deductions) are expected to exceed \$1,680, a report must be made to the social security administration. This also applies to students

who graduated in May or June and are no longer entitled to benefits, but whose yearly earnings will go over \$1,680.

Hutton suggested that students who earned more than \$140 a month while going to school and who plan to earn over \$1,680 this year get in touch with the Social Security Administration located at 3428 Avenue H., Lubbock, and the telephone number is PO 5-8541.

### USE SAFETY CHAINS

If you're driving an older model house, camping or boat trailer across the country this summer vacation season, be sure it is equipped with safety chains AND the proper tow bar. Many states require safety chains for all trailers.

## Bond Interest Boost Proposal Is Out

The Treasury has asked Congress to remove the interest rate ceiling on Savings Bonds and other Government securities.

When asked about the Treasury proposal, Rex Brack, Texas Chairman for U. S. Savings Bonds, stated—"If the legislative request is approved, the interest rate on Series E and H Savings Bonds will be raised from the current 4.25

per cent to 5 per cent, if held to maturity. The increase would be retroactive to June 1, 1969.

"All outstanding E and H Bonds would enjoy the benefit of the new 5 per cent rate, beginning with the first semiannual interest period which starts on or after June 1," Brack continued.

Series E Bonds would have their maturity period reduced

from 7 years to 6 months. H Bonds would remain at 4.25 per cent, and E and H Bonds would have automatic extension.

The present 5 per cent rate on Freedom Bonds would continue unchanged until legislation becomes
