Heavy Bombings Go On

Full War On Japs Pledged To Congress

We're Moving Rapidly Toward Final Victory, McNarney Says

WASHINGTON, June 28 (AP)—Congress was assured today the United Nations were rapidly approaching a "final victory" and that the war would be brought home to Japan in such a manner that "the whole empire will feel its full impact in a most violent and destructive way."

This statement from Lieut. General Joseph T. McNarney, deputy chief of staff, was included in testimony made public by the state appropriations committee as the senate made ready to pass the army's \$715,000,000 "decisive budget" war bill.

At one point, General McNarney told Senator Gurney (R-SD) the use of the word "rapidly" might have been an overstatement, but added: "In the training and equipping of our armies and getting them ready for combat, we have made enormous progress in the last year. We have now committed to act, in concert with other United Nations, a rather large force."

Asserting that "strong and experienced enemies" confronted the United Nations on widely separated fronts, General McNarney nevertheless declared in a statement bristling with confidence: "The co-ordinated operation of our land and air forces is rapidly bringing us toward a final victory."

"Our operations in the Pacific have turned the tide of Japanese advance into a gradual withdrawal toward their home bases. Since our victory at Attu, the strategic movements of the Japanese have followed our lead. It is our intention to bring the war home to Japan in such a manner that the whole empire will feel its full impact in a most violent and destructive way."

In this, he declared, "our Allies are with us and we are united in our efforts to defeat the axis, and added, "the combined chiefs of staff have well-defined plans to accomplish this end."

McNarney asserted recent conference with Prime Minister Churchill in Washington and in North Africa in which French officials participated "will bring further successful offensive action."

Pointing out that the nation had only 2,500,000 partially-trained and equipped men in the army last year, McNarney declared "we have in the service at this moment in the vicinity of 6,800,000."

The army had no plans, he said, for raising its armed forces beyond the 8,200,000 officers and men, including 150,000 WAACS, set for its goal by the end of this year.

Navy Bombers Blast Kiska In Seven Attacks

WASHINGTON, June 28 (AP)—American bombers, blasting Kiska in seven raids, started large fires in the Japanese camp area and damaged anti-aircraft emplacements at that Aleutian island enemy outpost, the navy reported today.

The attacks, by heavy and medium bombers, escorted by swift fighting planes, came in a battering series on Saturday, and brought to 16 the number of times Kiska had been struck by three days.

The navy also reported six South Pacific aerial attacks, with damaging hits at Japanese bases at Kaiti, Rekata Bay, Munda, Vila and Ballale in the Solomon islands.

Communicate number 425 said that during the early morning of July 27 Army Liberator heavy bombers bombed Kahlili, Bulin area, and Munda, New Georgia, while Navy Liberator heavy bombers carried out attacks against Ballale Island, Shortland area. Results of these attacks were unobserved.

Prior to dawn, Navy Avenger torpedo bombers bombed Rekata Bay, Santa Isabel Island. During the morning, Navy Dauntless dive bombers and Avenger torpedo bombers attacked Munda, New Georgia. Hits were scored on the runway and revetment area.

At about the same time Navy Dauntless dive bombers and Avenger torpedo bombers attacked Vila, Kolombangara Island. Hits were scored on the runway and in the camp area.

In the North Pacific, Army Liberator heavy bombers, Mitchell and Ventura medium bombers escorted by Lightning and Warhawk fighters bombed a strafed Kiska seven times. On June 26, hits were scored on anti-aircraft emplacements and on the runway and eight fires were started in the camp area.

Six shattering raids on the island last Friday damaged the main Japanese camp area there, the Navy reported yesterday. There was little resistance to the assaults, indicating the enemy garrison already may be feeling the pinch of the Attu blockade.

Naval observers expressed belief the United States forces were undertaking a campaign to immobilize the Japanese garrison on Kiska as a prelude to landing operations. The Friday raids followed three air attacks Thursday.

Local Liquor Control Board inspectors apprehended two men over the weekend on charges of transporting liquor in a dry area. Sam Kourouk, who was tried in Mitchell county court Friday, pleaded guilty to the charges and was fined \$100 and costs.

Matthew Davis, negro, was apprehended in Tom Green county an d was also fined \$100 and costs on his plea of guilty.

Naples Given Another Dose Of Explosives

Greek Airdromes Pounded By Planes Out Of Cairo

ALLIED HEADQUARTERS IN NORTH AFRICA, June 28 (AP)—Wellington bombers of the North African air forces dropped bombs in the dock area and on industrial plants of Naples in an attack Saturday night, Allied headquarters announced today.

The Italian Sunday communique previously disclosed that the Naples area had been the objective of a Saturday night raid, and asserted that only slight damage had been done.

The Allied communique today did not indicate the size of the attacking force. That struck the strategic west coast Italian port of the amount of damage.

Six Axis planes, attacking Allied shipping Saturday, were shot down by coastal air force planes and two more were brought down by naval gunfire. Two Allied aircraft were said to be missing from all of the operations.

(The Italian Monday communique, broadcast from Rome and recorded by the Associated Press, said Allied planes attacked Gerbini, Catania Province, yesterday and caused some civilian casualties. Reggio Calabria and several other amatter localities on the toe of the Italian boot were reported raided last night.

"Anti-aircraft defenses at Reggio Calabria shot down two enemy planes," the communique said. "Another enemy plane was destroyed in an air battle by German fighters over the south coast of Sicily."

Harbor installations and Allied shipping at Bizerte were reported to have been attacked by Italian aerial formations.)

The Allied bombers roared over ravaged Messina, the north-east Sicily ferry port, to reach Naples. Strategic sections of Messina lay in ruins after three whiplaw aerial assaults by Allied bombers in 36 hours, the latest Friday night.

American fliers from North Africa bases who traveled in the Armada of more than 100 Flying Fortresses that attacked Messina by daylight Friday expressed the opinion that the port's usefulness

Yank Airmen In New Sweep Over France

RAF Planes Sink Two Nazi Ships, Beach Another

LONDON, June 28 (AP)—A large force of United States heavy bombers attacked targets in France late today.

The first brief announcement from headquarters of the European theater of operations of the United States army did not specify targets and give no details on losses and air victories.

The action, part of a round-the-clock aerial offensive of heightening intensity, followed a morning sweep in which RAF Spitfires and Typhoons sank two German ships, forced another to beach, and stopped three others off the Dutch coast.

The drum of the multi-engined machines continued for several minutes as the big formation headed toward the continent between Boulogne and Calais. Coastal waters said the force apparently had struck deep inland because no bombs were heard on this side.

The RAF employed Typhoons and Hurricanes against the German convoy, found sailing in a line, the air ministry said.

There were no indications that British planes were over Germany during the night, the first time after seven consecutive nights attacks against the Ruhr and western Germany that the RAF failed to strike at war plants in Germany proper.

It was the ninth night, however, of the current Allied aerial offensive against Hitler's Europe. The weekend assaults slackened in intensity, from the punishment.

Agreement Reached On Farm Security

WASHINGTON, June 28 (AP)—Differences between the senate and house over the \$75,000,000 farm bill were whittled down today to soil conservation payments and crop insurance when conferees reached a compromise on the farm security administration program.

Fight Flares On Finn Front

LONDON, June 28 (AP)—Red army troops captured a Finnish strong point in hand-to-hand combat in a brief flare-up on the Karelian Isthmus last night, the Russian noon communique broadcast by the Moscow radio and recorded by the Soviet monitor announced today.

Elsewhere the Russian front was quiet with intermittent exchanges of artillery fire resulting in destruction of German machine-gun nests and blockhouses.

The attack on the Karelian front dislodged a Finnish detachment which had entrenched itself on a high point. Russian troops drove out the Finns, killing 300 officers and men, and then fought off a counter attack by the Finns.

The Russian midnight communique last night reported that in the seven days ending June 26 Red army fliers and anti-aircraft batteries had destroyed 211 Nazi planes, as compared to a loss of 74 for the Red army. The communique explained that these figures were exclusive of a large number of planes x x x destroyed or damaged in our raids on enemy airdromes."

Local Liquor Control Board inspectors apprehended two men over the weekend on charges of transporting liquor in a dry area. Sam Kourouk, who was tried in Mitchell county court Friday, pleaded guilty to the charges and was fined \$100 and costs.

Matthew Davis, negro, was apprehended in Tom Green county an d was also fined \$100 and costs on his plea of guilty.

French Given Firm Warning Against Politics In Africa

French Given Firm Warning Against Politics In Africa

By KIRKE L. SIMPSON WASHINGTON, June 28 (AP)—Gen. Charles De Gaulle and his adherents had unofficial but sympathetic notice today that the Allied commander in French Africa, charged with final preparations for an assault on Axis-held Europe, will brook no interference due to French political controversies.

An explosion of Anglo-American policy and purposes made available to this writer by such informants and "insuch circumstances as to leave no doubt as to its authenticity makes it clear that General Eisenhower will be firmly supported by both governments in whatever additional steps he finds it necessary to take to secure his communication lines, avert delay in using the French African bases for aggressive action against the enemy and, above all, reduce the hazards to American, British and French forces under his command.

The Allied commander took the first step when he insisted to the French committee for national liberation at Algiers that Gen. Henri Giraud must remain in complete authority over French elements of his armies and that efforts by De Gaulle to oust French officers under Giraud in favor of his own adherents come to an end.

There can be no doubt, that time is regarded as a vital element in the military situation in French Africa, or that French political controversies will be dealt with on a strictly military basis and regardless of the effect on the status or ambitions of De Gaulle or any other individual.

Ready To Turn Mines Back At Earliest Moment, Ickes Says

WASHINGTON, June 28 (AP)—Secretary Ickes told the house ways and means committee today the government has "no desire and no plans for the nationalization" of the coal industry and hopes to return the mines to private ownership "at the earliest possible moment."

He was unable to say, he added, when return would be possible but said the government, which took over the mines during the recent strike, would "seize the first opportunity to return them to private ownership."

That opportunity, he added, would come when there is "reasonable assurance" that the miners would work for private owners, or when the workers, and, the operators signed a contract.

Ickes, whom President Roosevelt placed in charge of government operation of the mines on May 1, was called to testify on legislation to extend the life of the Guffey coal act designed to stabilize the bituminous coal industry through a system of minimum prices on a regional basis.

He said he favored extension of the act, which will expire August 23 unless continued by congress. "I still hope that government operation will be exceedingly brief," Ickes said, "but I regret to say there is nothing that leads me to believe that this will be so."

In calling Ickes, the committee announced it desired specifically to know what the government's plans were with respect to operation of the mines. The interior secretary said that he has no authority to compel the miners to go back to work.

"My job is to mine coal, and I propose to do it," Ickes said. "It is now touch and go as to whether we will mine enough coal to meet the nation's requirements."

Back-To-Work Move Gaining Slightly

PITTSBURGH, June 28 (AP)—Scattered gains in the number of men working in the coal fields were shown today in early reports which indicated the movement to restore full shifts in the partially-operating fields might be a slow process.

In Ohio, United Mine Workers leaders reported all except 2,350 of its 15,000 miners back in the pits with the expectation all would be back tomorrow. Only 3,200 worked in Ohio last weekend.

On Sunday many union meetings were held in the Appalachian field at which scores of locals voted to go back to work. Scattered reports from the Pennsylvania soft coal field gave an increase in the number of men working but the captive steel mines still were short-handed.

The United States Steel corporation reported operations "better" at its mines but none of the four Jones & Laughlin Steel corporation mines worked. A. J. & L. spokesman said pickets prevented workers from entering one mine.

President James Mark of the big central Pennsylvania district said incomplete reports showed 15,000

Colorado Town Gets A 'Shelling' As Munitions-Loaded Cars Burn

GRAND JUNCTION, Colo., June 28 (AP)—Residents of this inland city dug jagged shrapnel from their yards and the walls of buildings today as souvenirs of a terrifying four-hour bombardment from munitions set off by a freight train fire.

Farm Subsidy Offered As A Compromise

WASHINGTON, June 28 (AP)—A readjustment of price ceilings to balance the purchasing power of war workers with that of farmers was proposed by Senator George (D-Ga.) today as congress moved toward final approval of legislation to choke off the administration's food price rollback program.

George told reporters he interpreted the votes of both houses last week to end this program as expressing a determination by congress to "prevent an increase of the purchasing power of industrial workers as against that of the farmers."

Administration leaders were said to be attempting, to seek congressional authority for direct subsidy payments to farmers, instead of to food processors. This move was seen on Capitol Hill as an effort to salvage part of the price rollback program rejected by both houses.

War Mobilization Director James F. Byrnes and Price Administrator Prentiss Brown reportedly are urging that congress leave the way clear for direct subsidy payments to farmers in the "hold the line" fight on increasing living costs.

George charged that the effect of administration efforts to cut back retail prices by subsidies to processors would be to discourage, rather than encourage, agricultural production and to give the city workers an advantage over farmers.

"I think congress is of the opinion that price ceilings ought not to be rigidly imposed but they ought to be altered to meet the realities as they exist," George declared. He expressed the belief that farmers are willing to accept "reasonable" price ceilings on their products which would bring their income in line with that of the industrial workers.

Bomb Damage

This reconnaissance photo, made over Meaulte, France, by U.S. Army Air Force photographers from 30,000 feet, shows damage from heavy bombs dropped by U.S. 8th Air Force on Nazi aircraft factory. Bursting bombs are seen throughout area with heaviest concentration on various buildings of plant. Craters from earlier bombing show clearly. Dark area below road crossing is camouflage net strung over large factory.

Dependents' Allowances May Be Hiked

WASHINGTON, June 28 (AP)—The war department is expected soon to submit to congress a compromise proposal for increasing the allowances for dependents of men in the armed forces and proponents predicted it would receive speedy approval.

A senate military affairs subcommittee called Brig. Gen. M. G. White before it in a closed session today as it began hearings on a bill by Senator Lodge (R-Mass) to increase the present dependency allowance by 15 per cent to meet rising living costs.

At the same time Chairman Johnson (D-Colo.) made public a war department report urging the committee to delay action on the measure until it could present an analysis of the need for increases.

In this report, Secretary Stimson said the war department "is satisfied that facts of common knowledge with respect to present day living costs indicate that there is justification for giving favorable consideration to some increases for certain categories of dependents."

"This is particularly the case as regards those dependents who will come into the picture if selective service begins inducting substantial numbers of married men with children," Stimson wrote. He noted that the present act "was not drawn in contemplation of any imminent necessity for inducting large numbers of men thus situated."

Stimson pointed out the Lodge bill would make a blanket increase of 15 per cent in the government's contribution for all categories of dependents. A married man in the lower ranks of the Army or Navy now contributes \$22 and the government \$28 to provide \$50 monthly for his wife. The government pays \$12 additional for one child and \$10 more for each additional child.

Report US Vessels In Mediterranean

LONDON, June 28 (AP)—A Reuters report from Stockholm said today that United States battle-ship and joined United States fleet and joined the British battle fleet.

The report, quoting the Scandinavian telegram bureau, came a day after the Italian fleet was reported to have sailed into the open sea—perhaps for a fight, or perhaps for a safer refuge from Allied bombs pounded from two sides of the mainland. The Italian fleet sailing was reported also by Reuters, quoting an Algiers radio report credited to the Spanish newspaper Arriba.

Neither story had any official confirmation.

## Vacationer Gives Tips On Why Not To Take Trip During War

By MARY WHALEY

(People always tell how you shouldn't travel AFTER they have returned from a nice trip themselves. We have just returned from our vacation and en route compiled a booklet on why civilians shouldn't travel in war time.)

The first hazard of traveling is trying to get on the train and get a seat. If there are a hundred seats left, there are approximately three hundred persons trying to occupy them. This presents a problem in arithmetic.

How is it done? You battle. You shove, push, get stepped on and nearly annihilated by soldiers, women, children, old men and assorted luggage. Don't think because you are a female you get a seat. You take pot luck in the scramble.

However, once on the train you have a choice of seats. You can sit on the arm of a chair, in the aisle on a suit case, or on the steps between cars, tight underneath the sign that says you aren't allowed to stand there. You can also lie down in the aisle if your frame will stand the kicking around it gets.

You have your choice about food too. You can either starve or eat a concoction called a ham sandwich which has no semblance to one you eat at home, or you can pack a lunch and watch everybody hate you while you eat.

En route you can either take your turn quieting babies, bringing

them drinks of water and bouncing them on your knee, or you can listen to them howl bloody murder for miles.

Any stories about air conditioned cars are circulated by fifth columnists because the air conditioning breaks down twenty minutes after you leave the station and never gets repaired.

The cold drinking water runs out or the paper cups do shortly after that and you'd give a month's pay for your own bed, a hot bath, and a cold drink.

You become dehydrated from heat, humidity, and humanity that surrounds you. When you arrive at your destination your resemblance to anybody living or dead is purely accidental.

## Wedding Ceremony Read At The Post

Single ring wedding service was read in the post chapel at the Big Spring Bombardier school Saturday evening for Miss Virginia Gean Tibbets, Indianapolis, Ind., and Cadet J. B. Oriopp, who is stationed at the local field.

The ceremony was read by Chaplain James L. Patterson before an altar banked with greenery and ornamented with floor baskets of spring flowers.

## Parents Of Daughter

Sgt. and Mrs. H. L. Lackey, Jr., are the parents of a daughter born Thursday evening at the Cowper clinic.

The child has been named Sandra Lea and mother and daughter are doing nicely.

## Activities At The USO

Registration at the local USO club is steadily climbing according to reports from officials at the soldier center who announced today that 465 soldiers from the Big Spring Bombardier school visited the center, and that 191 Marines, passing through on a troop train, were served refreshments.

Since the leatherstocks couldn't leave the station, USO hostesses did the next best thing by taking their mobile refreshment service over to the depot. They spent a busy hour distributing paper cups of iced tea.

Hostesses serving during hospitality hour which was held from 4 to 7 o'clock were women of the Nazarene church and the Church of God.

Approximately 15 dozen sandwiches were served with other refreshments. Hostesses included Mrs. Emily Phillips, Peggy Bohannon, Mrs. Ivy Bohannon, Mrs. V. V. Simms, Mrs. Woodrow Jones, Jean Jenkins, Altie Dunbar, Lorhea Witt.

Desk hostesses were Mrs. Mary Locke, Mrs. Marie Walker and Mrs. R. B. Dunivan.

Sunday golfers are urged to drop by the USO and pick up soldiers who really appreciate rides to the city park. As a service offered by the USO, 110 service men were taken to the swimming pool during Sunday afternoon.

Miss Helen Roist of Grand Rapids, Mich. and Cadet Martin Dauma were married Saturday evening in the post chapel at the Big Spring Bombardier School.

Single ring wedding vows were read by Chaplain James L. Patterson before an altar decorated with floor baskets of gladioli, white stock and other spring flowers.

Cadet Dauma is stationed at the Big Spring Bombardier School.

Mr. and Mrs. James Morgan of Kansas City, Mo. have moved to Big Spring to make their home.

## WARTIME SPLASH

Swim suits double as play suits this summer, with casual dressmaker types stealing the beach spotlight. Colorful new rayon fabrics of all types are used in the 1943 parade of sun-and-surf styles. Typical of the new wartime fashion is this two-piece suit of plaid rayon taffeta with halter-top jersey lined bra and brief skirt gathered on an elastic waistband. It is worn with jersey shorts.

## Planes Collide, Five Are Killed

FORT LAUDERDALE, Fla., June 28. (AP)—The crash of two navy planes into the ocean near here Saturday took the lives of five men and injured another, navy public relations officers announced yesterday.

Killed were Ensign James Marvin Atkins of Denton, Texas, pilot of one of the planes; Ensign Barney Benson of Houston, Texas, the other pilot; Russell Francis Beaton, aviation radioman third class of Dorchester, Mass.; William David Comer, aviation machinist's mate third class of Lubbock, Texas, and Louis Joseph Belzarine, Jr., aviation radioman third class of Malden, Mass.

One survivor of the crash, Raymond Joseph Cote, aviation machinist's mate third class of Leominster, Mass., was doing "satisfactorily," the navy reported.

The planes crashed into the ocean after they collided while on a routine training flight.

## Happenings In The Knott Community

KNOTT, June 28.—Visitors in the Pete Denton home are Mrs. Denton's father, R. B. Turner of Oakland, Calif., and brothers, Glen Turner of Oakland and Sgt. T. E. (Buddy) Turner of Camp Roberts, Calif.

L. J. Burrow is spending the weekend in San Antonio.

Mr. George Amos, the former Johnnie Chaney will arrive this week to be with her parents, Mr. and Mrs. John Chaney for the duration. Mrs. Amos has been in California with her husband who was attending Stanford University.

## All-Out Food Program For 1944 Due Soon

WASHINGTON, June 27. (AP)—Food Administrator Chester C. Davis is expected to announce soon the general outline of an "all-out" food production program for 1944 removal virtually all acreage and marketing restrictions, even perhaps abolishing AAA allotments.

The program will call for a record of about 380,000,000 acres for cultivated food, feed, fiber, and tobacco crops. This compared with 380,000,000 acres used for such crops in 1942. Accurate figures of this year's crop acreage are not yet available, but they may not be far different than last year, due to unfavorable weather conditions and labor shortages during the past planting season.

Wheat, which a year ago was looked upon as a surplus crop, will come in for the largest increase in acreage, because supplies have declined rather sharply under the impact of a livestock feeding program which required use of extra heavy amounts of the bread grain.

Date of the drive will be told soon according to announcement by members of the committee.

## Tea Dance Given Here

The Big Spring chapter of the Beta Sigma Phi entertained with an informal tea dance in the Cadet club at the Settles hotel Sunday afternoon honoring cadets of the Big Spring Bombardier school, their wives and dates.

Hours were from 3 to 6 o'clock, and refreshments were served from a table laid with a crystal lace cloth and centered with a crystal bowl of mixed spring flowers. White tapers in crystal candelabra flanked the arrangement. Serving at the punch service during the afternoon were Mrs. Paul Darrow, Mrs. Mary Knox and Clarinda Mary Sanders.

Music for the entertainment was furnished by nickelodeon and a total of 80 persons attended. Tommie McCrary was chairman of the affair.

## Susannah Class To Have Picnic Friday

Members of the Susannah Wesley class of the First Methodist church will entertain with a picnic at the city park Friday evening, 7 o'clock.

All members are asked to bring a basket lunch. Families and guests are invited to attend.

## Two Japanese Subs Attacked From Air

SOUTH PACIFIC HEADQUARTERS, June 28. (AP)—Two Japanese submarines were attacked from the air in widely separated parts of the South Pacific over the week end.

South Pacific headquarters announced today that a Hudson navy patrol bomber on reconnaissance spotted an enemy submarine Friday some 200 miles southwest of Suva in the Fiji islands, and dropped a depth charge on the undersea craft.

Shortly afterward, a heavy oil slick appeared on the surface of the water. A search of the area for the enemy vessel or further evidence of its possible destruction is being continued.

Another Japanese submarine was bombed in the southern Coral Sea yesterday afternoon, and was last seen making a crash dive.

## MOB CANADIANS

LONDON, June 28. (AP)—Three Canadian armored infantry regiments were included in the latest convoy to be announced as reaching Britain. There was also a large number of reinforcements for various units.

## Dance Scheduled In The Post Gym Saturday Night

Climaxing field day activities which will be held at the Big Spring Bombardier School Saturday in observance of Independence Day, an informal dance will be held in the post recreation building for enlisted men of the school, their wives and dates.

Noisemakers and paper hats will add to the festivities and special services section will present an entertaining floor show at intermission under the direction of Eloise Haley, post hostess.

Music for the entertainment will be furnished by the post orchestra and transportation to the field will be furnished from the Settles hotel.

According to announcement today invitations to the affair will be late, but all local girls who attend the dances are invited.

Mr. and Mrs. C. M. Shaw are leaving Tuesday evening for Abilene where they will visit with their daughter, Mrs. M. M. Grove.

Lieut. and Mrs. Williamson and family have returned to Waco after visiting here with Lieut. Williamson's parents, Mr. and Mrs. H. Williamson.

**AVOID TRAVEL OVER THE 4<sup>TH</sup> OF JULY WEEK-END**

IN order to prevent additional war-time travel congestion, it is necessary this year to spread vacations throughout the year. The Office of Defense Transportation has urged that needed vacation trips be taken after the July-August peak travel period. You've been fine about accepting occasional war-time travel inconveniences—please keep it up!

And, of course, it is timely now to advise against trips over the 4th of July week-end.

Greyhound is looking ahead to the day, when, after Victory, we will afford you, once again, the finest of highway travel.

# Gordon Finds Batting Eye Again As Yanks Split With The Red Sox

## Cards Snatch Both Games Of Twin Bill

By SID FEDER Associated Press Sports Writer

The latest hospital reports indicate Joe Gordon's long-ailing bat may be about to sit up and take a little nourishment again.

The patient is still pretty weak, mind you, with a hitting "temperature" of only 238 at the moment, but in the last few days it's been showing that there are still signs of life. Topping off the "recovery" with four hits in the twin bill the Yankees cut up with the Red Sox yesterday — including a two-run homer that won the opener for the Bombers—the Flash has chipped in with eight safe wallops in four games and pulled his average up to .45 points.

He's on the way again and yesterday, with a single, two doubles, a homer and three runs batted in, he was the head man of a big league party that popped up with some of the fanciest parlor tricks of the year.

There were such things, for instance, as Hurler Howie Krist winning both ends of a doubleheader for the St. Louis Cardinals; Cleveland's Oris Hockett, who once wanted to quit baseball, climbing to the top of the American League batting pile, and the Cincinnati Reds taking both ends of a double bill for the first time since last September.

As for the pennant chases, both leagues might just as well have stood in bed, because the Yanks held onto their two-game bulge in the American league and the Cards stayed half-a-game in front in the National.

Gordon's homer gave the Yanks a 3-2 opener win over the Red Sox, but in the afterpiece, Bobby Doerr belted a four-bagger to tie the score and then knocked in the deciding run with a hit in the 12th for a 4-3 decision. Meantime, Washington's second-place Senators, after taking the first game from the Athletics 9-0, blew the nightcap 5-4 when the A's showed three runs across in the ninth inning, two of them on JoJo White's single.

The Cards clouted the Chicago Cubs 3-2, on Danny Litwiler's two homers, and 4-3 on a two-run rally in the eighth, with Krist taking both verdicts in relief roles. They had to do it to stay in the driver's seat, because the cooled-off Brooklyn Dodgers got hot and felled the Phillies 4-1 and 6-0, with Rube Walker serving up a three-hitter for the nightcap.

Elmer Riddle tossed a seven-hitter and ancient Ray Starr and Joe Beggs got together on a six-hitter as the Reds swept the Pittsburgh Pirates 6-3 and 5-1 to move into the National league's first division. The Boston Braves bombed the New York Giants 10-1 with a seven-run sixth inning spree in the opener. Then Mel Ott's otters came back 6-0 in the second act behind Johnny Wittig's five-hit allowing.

The Cleveland Indians whopped the Chicago White Sox 2-1 in their opener, but Edgar Smith tossed a four-hitter to give the Sox a 2-0 edge in the five-inning afterpiece. The St. Louis Browns knocked over the Detroit Tigers 6-3, and the Tigers came back 9-5 in the nightcap, with Rudy York hitting two homers and Dick Wakefield walloping one.

## Strong Field To Compete For Fem Golfing Crown

CHICAGO, June 28 (AP)—The quality of the field teeing off today in the Women's Western golf open seldom has been equaled in the meet's 14-year history, and although three professionals rank high among the favorites, a scramble for the championship was in prospect.

Nearly half of the 100 entrants from 22 states hold handicaps low enough to be regarded as champions.

## SPORTS ROUNDUP

By HUGH FULLETON, JR.

NEW YORK, June 28 (AP)—Eyer hear about the soldier who reported to a new C. O., failed to salute or say "Sir" and wasn't even reprimanded. Well, back in 1929 Ray Navin played right end for the University of Detroit and Art Anderson was right tackle, and they did a good job of teaming up on opposing linemen. Recently Pvt. Ray Navin was transferred from Fort Custer, Mich., to Indiantown Gap, Pa., and that's where it happened. The new commanding officer was, of course, Lieut. Art Anderson.

Ken Kavanagh, ex-Chicago Bears end, is flying a bomber for Gen. Jimmy Doolittle and making frequent visits to Sicily. Winner of a recent service tennis tournament at Oklahoma A. and M., was Don Goldbeck, Army pre-flight student who is considered one of Texas' better racket wielders. Other entries include Bob Deacon of Arkansas, John Tarrant of Illinois, Harry Mack, California state collegiate champion in 1939 and 1941 and Abraham Levitan, a good junior player in New York.

Lieut. (jg) Gene Goodreau, who used to catch Charley O'Rourke's passes at Boston College, has just reported at the Jacksonville, Fla., naval air station. O'Rourke slipped quietly into the Navy about a month ago as an ensign.

## Making A Hole In One-Two-Three-Four

TULSA, Okla., June 28 (AP)—A foursome at Southern Hills ran the scale—1, 2, 3, 4—on the par three eleventh hole yesterday.

Dr. W. J. Bryan, first shooter, made the ace. Professional Bill Watherspoon got the birdie two, Jack Bates the par three and Ed Thornton obligingly played the hole in four.

## Whirly Tries Again On July Fifth

CHICAGO, June 28 (AP)—Whirly, a disappointing fifth in the \$10,000 Equippoise mile at Washington Park Saturday, now awaits the \$50,000 Stars and Stripes handicap July 5 at a mile and an eighth, a distance more to his liking.

This stake was supposed to renew the rivalry between Alab and the world's money-winning champion, but although Alab is stable at Washington Park, his owner, Mrs. Al Sabath, said today "he's not quite ready" and will be withheld.

## Armstrong And Garrison Will Fight In August

PORTLAND, Ore., June 28 (AP) Henry Armstrong, former triple champ now on a comeback and Jimmy Garrison, Kansas City welterweight, will fight here in August. Matchmaker Joe Waterman said last night.

The bout was set originally for July, but was postponed after Armstrong received lip injuries in his battle with Sammy Angott.

## Collegiate Golfers Vie At Chicago

CHICAGO, June 28 (AP)—Eleven schools, including Louisiana State which last year was co-champion with Stanford, will bid for the team title of the national collegiate golf tournament today at Olympia Fields country club.

Although Captain Dale Morey, who paced L. S. U. into a tie with the Indians in 1942, again heads the foursome from Baton Rouge, the race for the team crown was considered a wide-open affair. Stanford will not field a full team and thus will be out of the competition.

A new individual champion will be determined during the three-day meet, for the 1942 winner, Stanford's Sandy Tatum, has graduated.

The middle west will make a particularly strong bid for both titles, with seven teams—Michigan, Northwestern, Wisconsin, Minnesota, Ohio State, Michigan State and Notre Dame—involved in the action along with L. S. U., Yale, Texas and Princeton.

Seventy-eight players from 22 colleges will tee off in 18 holes this morning to qualify for 32 berths in the first round of match play for the individual championship in the afternoon. No putts will be conceded in the afternoon matches, the scores being tabulated with those of the qualifying round to determine the team title. The school's foursome having the lowest aggregate score will be the winner.

Among the favorites for the individual crown, which will be decided Wednesday, are the Big Ten co-champions, Ben Smith of Michigan and Jim Teale of Northwestern; John Stoltz of Northwestern; Bob Kuntz of Yale; Tyrell Garth, Jr., of Texas; John Lorms of Ohio State; Jim McCarthy of Illinois, and Morey.

## Man Arrested On Espionage Charge

WASHINGTON, June 28 (AP)—The justice department announced today the arrest of Ernest Frederick Lehmitz in New York City on charges of gathering espionage information for Germany.

J. Edgar Hoover, director of the federal bureau of investigation, said Lehmitz had written letters to the German intelligence in Europe containing information on shipping conditions in New York harbor and describing troop and convoy movements.

The arrest was made by FBI agents on a warrant issued by the United States commissioner in Brooklyn.

If convicted, Lehmitz would be subject to the death penalty or thirty years in prison.

## AAFBS Baseballers Start Off With Win Over Lubbock, 8-3

The Big Spring Bombardier School's new baseball aggregation went to the diamond wars for the first time Sunday, and emerged with a convincing victory.

The victims were the boys of the South Plains Army Flying School at Lubbock, and they were turned back to the tune of 8 to 3 by Lt. Jas. W. Tolbert's Bombers.

The Lubbock lads jumped into a two-run lead in the third frame, matched tallies with Big Spring in the fifth, but succumbed when the Bombers cut loose with a five-run scoring spree in the seventh. And, for good measure, the Big Springers added two more in the ninth.

Shelton, on the mound for Big Spring yielded but three hits and fanned four men. He was a bit wild at times, however, walking five. He set the pace, along with Westernberg, his catcher, hitting each man getting two blows. Mildard, one of the big guns in softball at the local post, was the first Big Spring man to score, coming in on a fielder's choice after he had whammed out a triple.

Ramsey, at short, was a star performer in the field for Big Spring. He was credited with five assists and one putout, and had one error.

The line score:

R H E  
Big Spring...000 010 202-8 2 4  
Lubbock...002 010 000-3 2 6

## Former Resident Dies In Africa

Friends here learned this weekend of the death of Cpl. Roy Franklin, Jr., in North Africa on June 10. Cpl. Franklin was the son of Mr. and Mrs. Roy Franklin of Crockett, Calif., former Big Spring residents.

Cpl. Franklin attended high school here and entered the army in 1940. He was stationed in Brownwood and Massachusetts and had been in North Africa about two months.

He is survived by his parents; two brothers, Freddie and Clayton of Crockett; three uncles, Arthur, Henry and Doc Franklin of Big Spring; a grandmother, Mrs. A. T. Byrom of Big Spring; and three aunts, Mrs. W. E. Ayers, Mrs. J. S. Blissard and Mrs. E. C. Crittenden, all of Big Spring.

## Texas Opens First Of Its Important Rubber Plants

HOUSTON, June 28 (AP)—The southwest throws its weight today into the struggle to break the back of America's rubber famine, opening one of a series of plants which will produce 81 per cent of the nation's new synthetic rubber stockpiles.

At Baytown a few miles from here production of Buna S, the tough material upon which the country will depend chiefly for its synthetic tires, formally began. Secretary of Commerce Jesse Jones, who has had a hand in the rubber program, and Gov. Coke Stevenson of Texas, among others, will join in the accompanying oratory. Jones, a Houstonian, will speak by radio from Washington.

The Baytown plant will contribute 30,000 tons to the 800,000-ton goal Rubber Director William Jeffers has called for.

The southwestern rubber industry, a brand new thing in this land of cows, cotton and oil, was set up at a cost of \$200,000,000.

strength, carbon black for endurance and sulphur for curing and vulcanizing.

Texas got its first wealth from cotton and has plenty of it. Carbon black by the ton comes from its natural gas wells. Texas and Louisiana have the greatest sulphur deposits in the world. And they have the almost boundless oil deposits from which rubber can be made.

The Baytown event comes wrapped in a proclamation by Stevenson, calling this American Made Rubber Day. The celebrants will have to pay their homage to this new industry at a Baytown high school. For security reasons there will be no public visiting at the nearby plant, which is operated by General Tire and Rubber company.

When the source of native rubber was denied the Allies by the Japanese the petroleum industry was ready with plans already drawn for making synthetic rubber from oil. Tests prove it to be as good as, and in some instances better than, rubber made from native stock.

**Seed Delinting Is Big Aid In Getting Good Crop Stand**

Now equipment at the gin is being put in top condition so that there will be no bottle neck at this point come autumn, and so that lint may move to markets and the precious seed go as fast as possible to oil mills for processing into food and feed.

W. S. Satterwhite, manager of the gin company which handles a larger volume than any other in the county, reported that the delinting season just ended saw more than 763 tons of seed put through Farmers Gin Co. dry gas process. The tonnage might have been around 1000 had he been able to secure sufficient trained help, for large orders had to be turned down. Many producers in the Lubbock area were refused and Tahoka growers brought seed here in vain as big was the demand.

Since the unit was installed three years ago, it has grown by leaps and bounds. The first season it handled 375 tons, and last year it jumped to 637 tons.

Now the ginning machinery, powered by a 150 hp. full Diesel unit, is being put in top condition. Farmers Gin operates on the loss roll principle which insures maximum ginning returns. Moreover, the gin also has a drying unit which works wonders with damp and green cotton. Last year, most of those who had occasion to put their cotton through this unit found that it paid frequently by improving the lint a full grade. More than that, it put the seed cotton in condition for ginning so that returns and staple were not reduced or damaged.

This and all other quality equipment of Farmers Gin will be put in order and experienced crews will be on hand so that customers can be assured of as speedy and as good service as it is possible to receive, said Satterwhite.

The par value of foreign dollar bonds held in the United States at the end of 1941 is estimated by two Department of Commerce at \$3,010,900,000.

Various substitutes have been devised to meet the scarcity or complete lack of important medicinals and related products in France, the Department of Commerce reports.

**Rowe Makes Auto Repairs 'Stand Up'**

Has Specialized In Mechanical Work Over 20 Years

Repairing of automobiles was the business of H. M. Rowe long before the U. S. became involved in war—and he intends that it shall be his business long afterwards.

This is one way of saying that Rowe is a stickler for quality work and a man who goes after "repeat" business. Not only does he have the talent for attending to any motor trouble, but he has the long years of experience to classify his jobs as expert. Since 1921 he has been doing nothing but mechanical work. Prior to that time he had some experience as an automobile mechanic, but since he made a regular business out of it, he has never followed any other trade.

No newcomer to Big Spring, Rowe has a considerable record of quality repairs behind him here. For six years he was with the Chevrolet company here and for the past four years has been in business for himself, three years of that time in the present location at 214 1-3 W. 3rd street.

Although he has two other long-experienced mechanics assisting him in operation of the shop, every job that is handled is inspected and passed on by Rowe if he does not do it himself.

In these times when there might be a tendency to turn out inferior work, Rowe is carrying on the same as always, using his best from his supply of parts and seeking in every way to make a completely satisfied customer.

**Goes For A Ride**

Middletown, Conn.—I've just ridden 30 miles from Southington on my bike and bought a pony," said a childlike voice on the telephone to OPA Official Frank C. Dwyer. "How am I going to get him home?"

So to string out what he thought was a gag, Dwyer said it would be all right for the pony to ride if it was a legitimate change of address, but he would have to check on the trip.

A hour later a car drew up to his office, a smiling man at the wheel, a grinning boy beside him, and a pony which Dwyer swears was laughing in the back seat.

**Settles Shop Features Summer Hair Styles**

Cool... short... and up. That's the secret Big Spring women have discovered in keeping their hair neat and trim. The greatest percent of local women come under the category of Red Cross workers, civilian office employees, army nurses, WAACs or women who work on the assembly lines at the Big Spring Bombar-

dier School. All depend on the Settles Beauty Shop to keep their hair crisp, short, and smartly waved. Today, when every woman is busy with some phase of war work, the Settles Beauty Shop has suggested that you get a super cool, easy-to-manage feather bob, or slick head hugging styled coiffure, but by all means, get those hot sticky tendrils off the neck!

A good spring permanent is an absolute necessity to keep the hair neat in spite of torrid humid days.

War-busy patrons of the Settles Shop, who spend afternoons at the Red Cross, have found that the short up-dos offered at the local beauty shop have proved

most comfortable under head cloths which the workers are asked to wear.

WAACs, remembering the government regulation which states that hair styles must be off the collar, depend on the Settles to keep their hair neat, trim and appropriately styled.

"On the line", long stringy tresses are out, and, according to the women who work at the sub-depot and patronize the Settles Beauty Shop, feather bobs are much cooler and more comfortable.

Two of the most popular permanents at the present time are the Helen Curtis cold wave and the Rilling Koolerwave. By pre-treating with test curls, the Koolerwave method assures each woman of exactly the right solution to be used for the most lasting, the most beautiful permanent wave for her hair.

Mrs. Ina McGowan has operated the Settles Beauty Shop for the past 18 months.

Editorial - - The Fine Work Of Our War Nurses

According to estimates of the Red Cross one out of every four nurses in the United States will be serving with Armed Forces before the close of 1943. Already 29,000 are serving at 537 stations and in 35 different countries.

on their loads of the wounded. The Red Cross reports that on such occasions their days run from 12 to 18 hours of duty. And their work has been a magnificent tribute to their skill.

Washington Daybook— Feeding War Workers Is A Major Job In Itself

WASHINGTON — The war is writing the passing of the old dinner-pail—full or otherwise. Never again will any politician be able to revive that old campaign war cry, "the full dinner pail."

for Goodhart and OPA. Many months ago, the powers that be became aware that industrial employees, working long hours and hard, couldn't maintain any higher efficiency on short rations than fighting soldiers.

Monty Woolley Brings A Revival In Beard Styles

Hollywood — There a fresh beard-print hardening in a block of concrete in the forecourt of the Chinese theatre here, an its more than just another addition to that house's bizarre collection of stellar "autographs," it's the symbol of a cycle.

Charles Colburn has been drawing compliments for several years for his work in more or less Israel's father roles, but none like those he garnered as Mr. Dingle in "The More the Merrier."

New Sensation— Frank Sinatra Possessor Of Old Black Magic

NEW YORK — Frank Sinatra, 25-year-old singing idol of teen-aged femininity, believes his success is due to a lonely childhood. "As an only child, I used to sing to cheer myself," says Frank, brushing back his light-brown cowlicks.

Quebec is the only walled city in North America.

Consumer borrowing from cash-lending agencies in the United States decreased about one-fifth in the January-June period compared with the like period of 1941, according to the Department of Commerce.

THEY CALL IT PACIFIC

Chapter 23 The Princess headed straight out into the China Sea for about ten miles and then turned south along the coast of Luzon. The last we saw of Corregidor was its searchlights illuminating the waters north of us and shining on the jungle-covered south shore of Bataan.

THE PUBLIC IS INTERESTED IN KNOWING THE FULL DETAILS OF WHAT GOES ON INSIDE A TYPICAL JAP RELOCATION CAMP WHERE ALIEN JAPS, AS WELL AS AMERICAN CITIZENS OF JAPANESE ANCESTRY, HAVE BEEN SENT AFTER BEING EVACUATED FROM THE WEST COAST AND ELSEWHERE.

AN UNUSUAL ASSIGNMENT.  
BUT IT SHOULD PROVE AN INTERESTING ONE!

TRAVELLING TO CAMP CAROL CLARK, KENT AND LOIS LANE ARE GREETED BY MAJOR MURPHY, WHO IS TO ACT AS THEIR GUIDE....  
YOU WILL NOTE THAT WHILE ARMED SOLDIERS GUARD THE CAMP, THE RELOCATION CENTER'S INTERNAL AFFAIRS ARE RUN BY CIVILIANS AND REPRESENTATIVES OF THE INTERIENED JAPANESE THEMSELVES.

THE JAPANESE HERE HAVE THEIR OWN SCHOOLS, THEIR OWN NEWSPAPERS, WE PROVIDE THEM WITH WORTHWHILE WORK PROJECTS FOR, AS YOU KNOW, IDLE HANDS BREED MISCHIEF.  
A MORE THAN REASONABLE SET-UP!

OUR MAIN DIFFICULTY IS THAT LOYAL AMERICANS WHO WOULD BE GLAD TO SABOTAGE OUR NATIONAL WELFARE AT THE FIRST OPPORTUNITY, IT'S A DELICATE NOT SHOWING AND DIFFICULT SITUATION. OUR GOVERNMENT HAS DONE ALL IT CAN BUT LEAN OVER BACKWARDS AS MUCH IN ITS DESIRE TO BE HUMANE AND FAIR.  
YOU'VE DONE A MARVELOUS PIECE OF WORK HERE. THE JAP GOVERNMENT SHOULD HAVE ABSOLUTELY NO EXCUSE FOR NOT SHOWING THEIR PROFOUND APPRECIATION OF OUR GOVERNMENT'S POLICY OF HUMANITY AND FAIRNESS.  
(TROUBLE AHEAD!)

SCORCHY

PREPA SLUSS SCORCHY WITH A PISTOL, SAVING TOPT...BUT TOPT KNOCKS HER DOWN WITH HIS PLANE AND FLIES AWAY, NOT HOWEVER BEFORE SHE EMPRIES HER GUN AT HIM...

**Food Handlers Course Starts**

Although the attendance at the Food Handlers short course that began Monday morning at 10 a. m. at the city auditorium was smaller than expected, the second course in the series of six lectures and films to be held at 7:30 tonight will probably draw a larger crowd, according to K. E. McFarland, health unit sanitarian.

Some 14 waiters and waitresses, along with managers and owners of cafes heard Graham Smoot, consultant, bureau of public health education, state health department, talk on "Bacteriology and Its Relation to Food Handling." The talk was followed by the showing of two films, "Man Against Microbe," and "Slinging Hash."

Monday night's program will be the same as that held this morning. There is no charge for the course and the public is invited to attend.

Those who complete five of the six courses will receive a certificate and owners of cafes who have 80 per cent of their personnel attend the course, will be given a plaque to hang in their restaurant testifying that they have won approval of the state department of health.

The next lesson in the course will be held Wednesday morning evening when the film, "Sand in the Gears" will be shown and supplemented by a talk from Smoot.

The school is being conducted by the Midland-Deer-Howard county health unit in cooperation with the state department of health.

**Hit By Car, Mexican Dies**

Funeral services for Adrian Ayala, 28 years old, were set for 4:30 Monday afternoon at the Sacred Heart Catholic church following his death Sunday in a local hospital where he was taken after being struck by a car on the Gall road early Sunday morning.

According to Deputy Sheriff Denver Dunn, a car driven by Emmett Griffith of Stanton, was following another car on the highway Sunday morning. The first car swerved to avoid Ayala, who was said to be lying on the pavement, but the Griffith car was unable to stop in time to miss the man. No charges will be filed against Griffith, Dunn said.

Ayala was taken to a local hospital for treatment but succumbed several hours later.

our course, running for a near-by rain squall.

"There are eight ships over there," Captain Pons said with an air of finality. "One seems to be an aircraft carrier, and the others smaller warships." Within two or three minutes after we sighted them a black squall hid the ships from us and we ducked into another squall, hiding until dark and then going back on the course again.

For four months I congratulated myself that we had given a Jap task force the slip that day. In July, when I was traveling on an American aircraft carrier to the Solomon Islands attack, I told Admiral Frank Jack Fletcher the story. "I know all about it," he grinned. "That was in ship the Lexington. We had been in to attack Rabaul. We knew you were there all the time."

Over the radio we also heard the startling news that General MacArthur had reached Australia. We were stunned and delighted. Captain Pons put into words for us: "That's the best possible news for my country. If anybody can save the Philippines, MacArthur can and will. The American soldiers on board tell us there are many planes and men in Australia. MacArthur will lead them back to the Philippines."

By going off course we had lost so much time that two days later we had to pass between Rabaul and the Jap Mandated Island in daytime, instead of at night as Pons had originally planned. We watched intently all day without sighting anything. From then on we began to relax. After the 20th it was smooth sailing. We steamed east almost to Fiji, turned south around New Caledonia, and then west through the Coral Sea to Brisbane. We arrived there on March 30 after a trip of twenty-two days from Cebu. As we sailed up the narrow river to the port we passed many American ships and saw American jeeps and trucks on the shore. We shook hands with each other and exulted. "By God! The United States is moving. Now to get started back to the Philippines."

out of 45,000 miners were working, an improvement over last week by several thousand.

Kentucky reported 51,800 of its 60,000 miners working—a gain of more than 7,000 over last week. Union officials explained that "local situations" prevented the return at some mines. In western Kentucky 4,600 men were out "on vacation" protesting they received only \$20 vacation pay instead of \$50 agreed upon.

Indiana reported 6,500 in the mines out of 8,000, a decrease of 500 from last week.

Hopes for a back to work surge in the Pennsylvania anthracite fields collapsed when less than 25,000 of the industry's 83,000 workers returned to their jobs. Last weekend 28,000 worked in the anthracite mines.

**Cosden Read Test Encounters Oil**

The Cosden No. 1 Willard Read has encountered oil from 2897 feet to 2735 feet according to reports here and has about 300 feet of oil in the hole. The well is 330 feet from south and west line of section 38-30-1N, T&P and is a half mile west of the Read pool in the eastern edge of the county.

**Argument Over Dog**

It was a doggone good argument, according to Deputy Constable Johnny Ralston. Monday morning the constable's department received a complaint of a stolen dog.

A Mexican woman and her husband who were apprehended with the dog claimed that it was theirs. Since the dog was taken from a yard, Judge Walter Grice returned it and set Friday for another hearing when the Mexican woman is to try to prove ownership.

ing raids last week on the Ruhr and on airports and railway targets in France.

Bad weather hampered operations Saturday. American bomber crews returned with bomb racks still loaded because they could not spot their objective through the heavy cloud formations, while one Col. Charles E. Merion, of Detroit, commander of a group that took part in a four-ship operation over France Saturday, declared on his return: "We did not drop bombs following an enemy air force policy of no bombing indiscriminately over France."

The RAF followed up Saturday night with raids on unsuspected targets in western and northwestern Germany, and on objectives in France.

Nazi shipping off the Dutch coast was attacked Sunday afternoon and three escort vessels and a supply ship were reported probably damaged. Two enemy fighter planes were shot down and several others damaged, while one British plane failed to return, the British said.

to the Axis was about ended.

The assault, by the strongest force yet unleashed against a single objective in the Mediterranean, caused fires which guided British heavy bombers of the Middle East command back over Sicily Friday night to set new fires in the vicinity of Messina's oil tanks and its main railway station.

**RAID ON GREECE**  
**CAIRO, June 23.**—Heavy American bombers pounded the Egealeis and Haasal airdromes, west and southwest of Athens yesterday in their second raid on Greece in less than a week, a Middle East communique announced today.

The Allies destroyed at least 12 planes without losses, seven in combat and five on ground.

Three large hangars were hit and set afire at Egealeis, the flying field west of the Greek capital. Other bombs burst on the runways and near administrative buildings and "the whole surface of the airdrome appeared to be covered with bursts," the bulletin said.

At Haasal, the story was the same. Hangars were left burning and the entire field and western dispersal area were covered with bursts. Five grounded planes were observed in flames. Other fires broke out northwest of the hangars in the western dispersal area.

The new attacks on Greece, a potential invasion route for Allied forces deployed in the Mediterranean basin, followed a massive 50-bomber raid on the Seder airdromes at Salonika, second Greek port, on Thursday.

**Man Tried In Fatal Crash**

Trial of the State versus Ray C. McElroy, charged with negligent homicide, got underway in county court Monday morning after some delay in finding enough men for the jury.

Judge James T. Brooks urged jurors not to ask to be excused unless absolutely necessary and pointed out that most of the jurors not present had excellent reasons. Of the panel of 24 men, only eight were on hand and deputy sheriffs were ordered to secure 12 alternates.

Jurors selected were Ruben Martin, H. L. Bohannon, Joe Blum, Charlie Creighton, Bernie McClure and J. D. Jones.

Witnesses were being heard in the suit which came as the result of an accident on highway 80 in February when two New York men were killed and a woman slightly injured when the New York car and a T. & P. Transport truck driven by McElroy collided.

C. B. Huitt, charged with aggravated assault, pleaded guilty, and was fined \$25 and costs by Judge Brooks.

Set for Tuesday morning at 10 a. m. are two charges of theft against Jack W. Bryant. Set for second Monday of August term of court was the suit of the State versus Raymond Carl Rookley, charged with negligent homicide.

Of eight bombardier schools, civilian workers at only the Big Spring and San Angelo fields are 100 per cent in this program.

Director Dan Conley said that band rehearsal had been cancelled for this evening, because of conflicting engagements. It will be held next Monday evening as usual.

**Farm Machinery Purchases OK'd**

Several pieces of farm equipment were approved Saturday by the Farm Machinery Rating board in session at the AAA office for farmers of this area.

Approved were the following: Marcus Davidson, milking machine; N. G. Hoover, cream separator; Albert McGeehee, gasoline engine and pump; W. M. Nichols, pressure cooker; Mrs. R. L. Mize, cream separator; G. H. Smith, Hammerhead mill; Louis Thompson, windmill and tower; and James Walker, cultivator.

**Divorces Granted In Seven Cases**

Seven divorces were granted by Judge Cecil Collins in 70th District court Saturday. Divorces were granted to Martha Erisendine from Gene Erisendine; J. P. Long from Gladys Long; Alice M. Gibbs from W. V. Gibbs; Rosie Lee Outley from A. D. Outley.

Wayne Hayes was granted a divorce from Odeal Hayes and custody of two minor children was awarded the defendant. Jewell Stovall was given a divorce from Travis Stovall and custody of two minor children was awarded the plaintiff with defendant ordered by the judge to pay \$30 a month for support of the children.

Virginia R. Brown was given a divorce from Bernard M. Brown and her maiden name of Virginia Ruth Queen was restored.

A deferred decision on the T. P. Alexander versus Pioneer Mutual Compensation company was also rendered during the week by Judge Collins. Alexander, who claimed he was injured while working for O. H. McAllister company, waived jury trial and in a hearing before the judge was given a settlement of \$4,750.

**BOY HELD**

A 16-year-old Mexican boy is being held by the sheriff's department for delinquency following his arrest by city police Saturday for rape of a 12-year-old girl. The case was transferred to county authorities Monday.

Mrs. C. S. Holmes is leaving tonight for Bremerton, Wash., where she will spend a month with her daughter, Mrs. Howard Duff.

**Farm Compliance Only About 40 Pct.**

Only about 40 percent of the farmers of Howard county have turned in their pre-measurement reports to the AAA office for compliance to the government program, M. Weaver, AAA administration officer said Monday.

Some 350 reports have been made by farmers, Weaver said, and commended all those whose reports have been made. In spot checking the pre-measured farms, the work of pre-measuring done by the farmers has been correct nearly every detail, Weaver said.

However, he urged that others should turn in their pre-measuring reports as soon as possible as the office cannot issue marketing cards or calculate payments without measurements.
