Lamb County's first bale of cotton for 1972—as far as we know—was ginned at Farmers' Co-op Gin in Amherst Monday evening at 6:30.

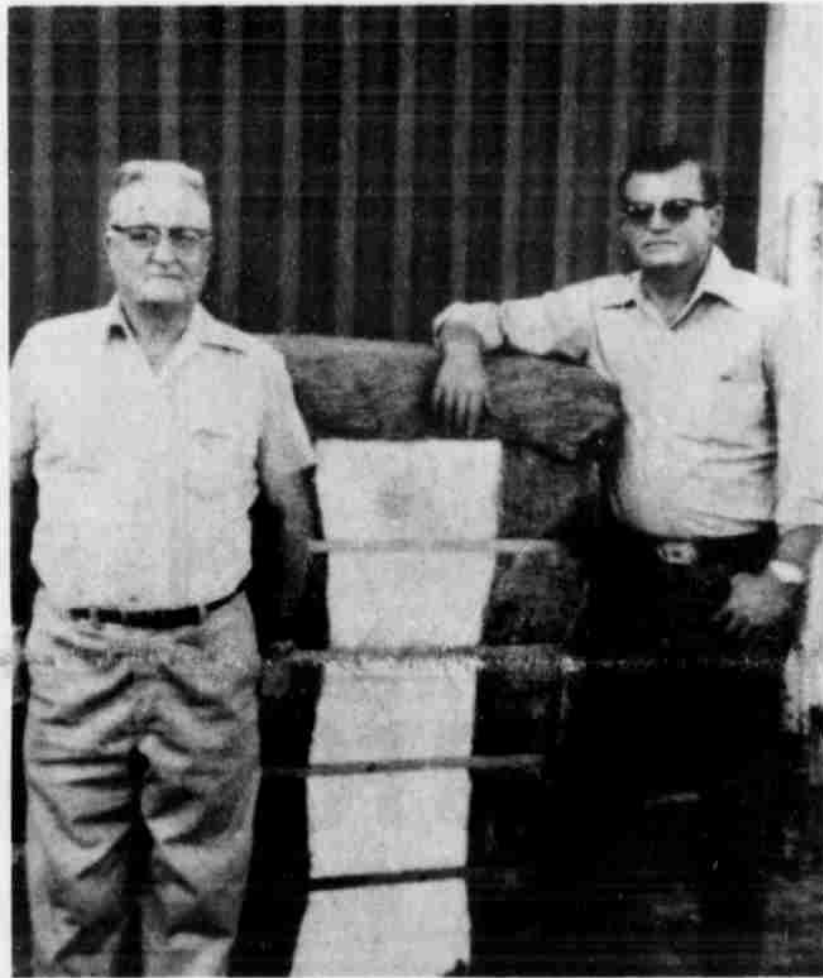

The 508-pound bale was grown by Rodney Maxfield on six acres of land, and was ginned from 2,060 pounds of Ricot 90 seed cotton.

The cotton also yielded 880 pounds of seed, according to Paul Bennett, manager of the gin.

Maxfield will receive a bonus of 50 cents a pound for the cotton, \$100 per ton for the seed, and free ginning. Other premiums will be awarded from businessmen in the city.

The first bale of cotton for the Littlefield trade area was ginned at noon Monday at Gage Gin in Pep. It was produced by Conrad Demel.

The 470-pound bale was ginned from 2,000 pounds of seed cotton, and produced 760 pounds of seed.

FIRST AREA COTTON BALE was produced by Conrad Demel and ginned at Gage Gin in Pep about noon Monday. The 470-pound bale came from 2,000 pounds of seed cotton, which also yielded 760 pounds of seed. Shown with the bale are W. B. Gage, left, and Bill Gage.

### Jerry Schulz Wins Contest

Jerry Schulz of Route 1, Littlefield is the first place \$5 winner in last week's football contest with 15 of the 16 games to his credit.

Douglas McNeese of Littlefield and Harold Pollard of Enochs had 14 correct choices each. McNeese wins second place and \$3 and Pollard is the third place \$2 winner on the basis of the tie breaker scores.

Twenty-three contestants had 13 correct each this week. The Union-Bula, Lubbock Christian-Ropes, and ENM-NW State games were counted right on all of the entries.

With three contests behind them, Douglas McNeese of Littlefield and Mrs. Byron Ford of Sudan are tied for first thus far this season. Floyce Perce of Littlefield is second, and six are tied for third place.

See the list of contestants and season standings on the sports page of this issue.

Those entering the contest should clip out the official entry blank. Only the small area where you write in the winners, break the tie and put your name is needed. Keep the rest of the page where you scratch the team you think will lose for your record.

Double check to see that the games correspond to the numbers, and be sure your name is on the entry.

The past two weeks there have been entries without names.

### Quarterback Club Pledges Support

"The Littlefield Quarterback Club would like to encourage you to support the Wildcat team in the following way this week," states Billy Tom Grant, president of the organization.

"Attend the Pep rally at the High School this Friday at 3:30.

"Be present to send the team off in grand style at 5:15 Friday. This will be on the parking lot just northwest of the High School Gym.

"Join the car caravan leaving the same parking lot at 6:15 Friday.

"These are just a few ways we can show the Wildcats that we are really behind them," emphasized Grant.

## Unbeaten Wildcats, Mules Even Match

Undeclared Littlefield and undeclared Muleshoe tangle at Muleshoe at 8 p.m. Friday night.

The exceptionally strong Mules have given up only 14 points against three of Littlefield's district opponents, Dimmitt, Otton and Friona.

Size wise, the Mules are about an even match for the Wildcats. Head Coach Jerry Blakely said the Mules are fundamentally a sound football team, an exceptionally strong defensive team, very strong and very aggressive.

The Mules are basically runners offensively. David Wheat, 175-pound tailback runs with more authority than any back Littlefield has played this year. Fullback Mitchell, 175-pound, is a powerful runner and a threat. QB Long does a good job reading options.

The Mules have a very sound offensive line with good size at tackle and average size at other positions. Their offense is much more open this year. They have been throwing the ball effectively, and this is one reason for their success. This makes it hard to gang up on runners like Wheat and Mitchell.

Blakely said Muleshoe is the best team the Cats have met to this date. The Mules beat Dimmitt 20-6, downed Otton 21-6, and blanked Friona 14-0.

Friday's pep rally will be at 3:30 in the gym. The team will be given a send off at 5:15. At 6:15 cars line up at the high school parking lot to be decorated with streamers, and the caravan will leave for Muleshoe at 6:30.

Wildcat coaches picked QB Terry Bryson and defensive safety Leneal Lewis as "Wildcats of the Week" following Friday's 37-11 win over Saton.

Coach Blakely said Bryson had a good night throwing, the receivers caught the ball well and the line protected the passer well. Defensively, Lewis was

Dear Voter:  
The democratic process means you get to express what you think is best for all. There are some who are trying to tell us that the democratic thing is to sign their petition. It is easily as American to oppose their petition and urge others to refuse to sign it.

Laws are developed by our American democratic system and should be honored. The initiative petition is the legal route chosen by those who seek to make your neighborhood as legally wet as the worst place in Texas. Those who sign this petition are requesting that the law be changed to make legal "the sale of ALL alcoholic beverages, including mixed beverages."

Dollar-wise only certain land speculators and liquor dealers make money on a wet vote. The community pays for the damage. Just look at the wet areas to see how family misery develops. Protect your home. Help your community. Stand up for a good thing. Don't sign the wet petition.

# DEAR EDITOR

## What Our Readers Think

September 26, 1972  
Dear Editor:

The people of Littlefield are being deceived. Even some of the people for this liquor petition do not know what they are talking about. I'm speaking in reference to the following:

The last sentence on the petition states: "It is the hope, purpose, and intent of the petitioners whose signatures appear hereon to see legalized the sale of alcoholic beverages referred to in the issue set out above." This statement specifically states that the signers of the petition are for Legalized Liquor.

Some petitioners are stating that by signing the petition you are only asking for the right to vote on the issue. They are not presenting all the facts. For a fact, some petitioners are even using peoples names falsely to get others to sign the petition. People of Littlefield should make their stand plain, for one of your friends may be "taken in" by someone using your name without your permission.

Now, to one more very important fact. The words "The Legal sale of all alcoholic beverages including mixed beverages" appear on the petition. After checking in the book "Vernon's Annotated Penal Code Of The State Of Texas", I found that these words came from Article 666-40 Subdivision 7 of the Penal Code of Texas. Stated simply, this petition is trying to get legalized liquor sales for any and every place in Littlefield that has a license.

This means grocery stores, cafes, and even the local candy store would be able to sell beer, wine, and liquor. It also means on and/or off premise consumption. You could be out eating at a

cafe and find yourself seated next to a table full of drunks "boozing it up." If so desired, beer could be sold at our high school football games. How do you like that, sports fans?

By the way, license for serving mixed beverages will cost a little over \$3000 (three thousand dollars) a year. None of this money will stay here locally for the first four years. Then only a very small percent will stay in the county.

Don't sign the petition.

Dear Editor

We would like to make the issue plain. "What we are for and against." We are not trying to bring anything new to Littlefield. We are trying to get a vote on what we have plenty of.

The issue is whether the people of our city is for the legal sale of all alcoholic beverages including mixed beverages. Or against the legal sale of all alcoholic beverages including mixed beverages.

The Citizens for Progress "Do not endorse the illegal sale of alcohol." "We do endorse the legal sale of alcohol." We think it will help keep our people at home and off the roads. We think it will bring more out of town people to Littlefield to shop. It will bring new tax paying business to our town and new jobs.

The Concerned Citizens are saying more drunks, wrecks, hungry, kids, divorces, funerals, an orphanage and policemen. We have plenty of this now. We would like to ask every citizen to go to a wet town that has been wet for 10 to 20 years check all these things. May we suggest Roswell, Ruidoso, Carlsbad or any other town. Check the percentage of population then come back and do the same thing here in our town. Then you will vote for the legalized sale of liquor.

## 4-H Week

NATIONAL 4-H WEEK is to be observed this year from Oct. 1-7. The activities of some 5 million young people, as the events of the week unfold, should serve once again to remind America that the great body of its citizens, especially its young, hold firm to the ideals and aspirations that make a great nation.

THE INTERESTS of 4-H are broad and varied. They deal with the environment, nutrition, health, community betterment, management, careers and international programs.

4-Hers fight air and water pollution, learn about land management, strive for safe use of insecticides and other

chemicals. They promote health education and endeavor to eliminate harmful drug usage and smoking. Special 4-H groups aid the mentally-retarded and physically-handicapped. They learn management techniques and how the free enterprise system works. They seek understanding of other cultures in over 80 countries.

THIS IS 4-H TODAY — a many faceted organization of youth keenly alive to the complex issues of our time.

Observation of 4-H Week is an occasion for catching up on the many things that millions of young people are doing to make the U.S. a stronger and better nation.

# THE ABUNDANT LIFE

## Cleanliness

CLEANLINESS IS inherently part of effective and meaningful living. This includes cleanliness of self, clothing and physical surroundings. Obviously, there is no profit in being unclean and messy; but, are we fully aware of the reality of personal loss that may be suffered because of failure to be clean?

We must not assume an attitude of indifference or carelessness, because there is too much at stake.

CLEANLINESS IS more than an end in itself; although cleanliness just for the sake of being clean is sufficient justification. It is naturally associated with almost every worthwhile aspect of life, and is a means toward a number of worthy ends.

All of the effects of cleanliness are beneficial and commendable, and none are hurtful.

"SO GREAT IS THE EFFECT of cleanliness upon man, that it extends even to his moral character. —Virtue never dwelt long with filth; nor do I believe there ever was a person scrupulously attentive to cleanliness who was a consummate villain." —Rumford.

When we keep our physical surroundings clean, we are going to be happier, more useful and more effective persons. We will function with a greater degree of self-confidence, and with a better sense of personal accomplishment. This is closely related to the orderliness that means so much in efficient and satisfactory personal, professional and business conduct.

PEOPLE ARE GOING to like us better, when we and our environment are clean; and we are going to like ourselves better, too. Both of these conditions are

important, because they are essential to our well-being.

Cleanliness opens many doors of opportunity that would otherwise remain closed, because cleanliness is the proper demonstration of respect for the interest in living. It says, "Look at me, I am alive and I want to live."

GOOD HEALTH is dependent upon cleanliness, and, from this standpoint alone, being clean is more than a matter of good taste. It is mandatory in any consideration of productive life.

This is total good health, physical, mental and spiritual. Filthiness is such good health impossible.

"CLEANLINESS MAY BE recommended as a mark of politeness, produces affection, and as an analogy to purity of mind. —It renders us agreeable to others, so that it is easy to ourselves. —It is an unpreservative of health, and its vices, destruction both to body and mind, are inconsistent with the best of it." —Addison.

CLEANLINESS AND THE proper of life are companions, and, in many ways, complement each other. It includes cleanliness of self, physical surroundings, too.

We will find great satisfaction in such cleanliness, but it is not all. The practical benefits more than justify the time and effort required to keep ourselves and surroundings clean.

PEOPLE INTERESTED in cleanliness are usually interested in everything that is important in living.

# Harlan Home Burglarized

Some time Saturday or Sunday someone entered the George Harlan residence three miles south of Fieldton and stole hundreds of dollars worth of appliances, clothing and miscellaneous items.

Included in the inventory of missing items are 11 rods and reels, a 23-inch tv, antique clock, blender, toaster-broiler, tape recorder, cameras, sewing machine, typewriter, trombone, luggage, adding machine, costume jewelry and clothing too numerous to mention.

Other activity at the sheriff's office this week included five jailed on various charges.

Adolfo Ruiz, 36, of Earth was arrested by a county deputy and the Earth city marshal Sunday and jailed on a charge of rape. Ruiz remains in the county jail with bond set at \$10,000.

Paul Jenkins of Littlefield was jailed Wednesday on a felony check law violation and released Thursday on a \$2,000 bond.

William Jones of Amherst was arrested Wednesday and charged with driving while license suspended. He was fined \$147 and released Friday.

Two Littlefield men were arrested on drunk charges and fined \$22.50 each.

# Thefts, Break In Are Investigated

City police officers are investigating three thefts and a break-in which have been reported this past week.

A citizen who resides on Smith Street reported the theft of four hubcaps from a 1971 Ford pickup while it was parked at the parking lot near the football field Friday night between 8 and 10:30 p.m. The hubcaps were valued at \$105.

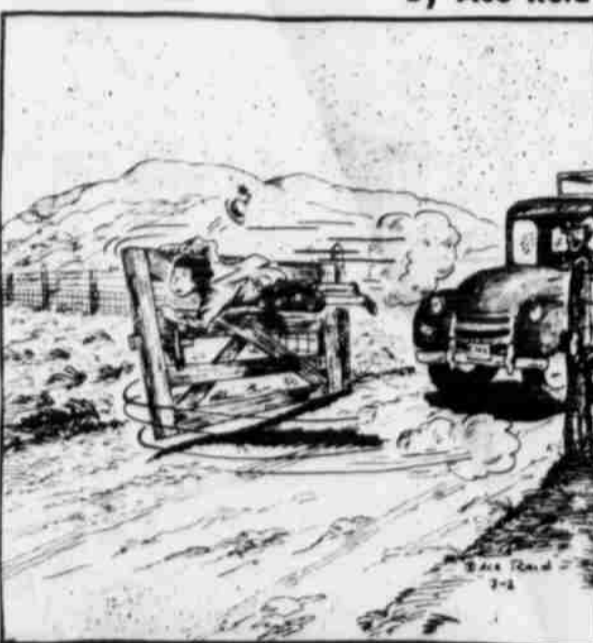

An employee of the city reported to police that two juveniles had taken some junk iron from the city pump station Monday afternoon, and then went onto the oil mill grounds. They were apprehended a few minutes later.

Clint Penn reported to city police that a juke box at Buck's Cafe had been broken sometime between Tuesday and Saturday morning, and \$4.50 in change was taken. About \$25 in damages occurred to the machine.

Mrs. William T. Mott reported Saturday afternoon that a plastic handy bag, containing a ladies' billfold, baby bottle, etc. were taken from Perry's Variety Store. The billfold contained her driver's license, credit cards and some keys.

## Will a man who fools a cat fool a girl, too?

By Abigail Van Buren

DEAR ABBY: Ted and I have been dating for about three months, and he is perfect for me in every way, except one.

I love cats, and Ted hates them. When he first started coming here, he asked me to please keep Snowball in the other room because he detested cats. [He wasn't allergic to them, he just didn't like cats.]

Snowball is like a member of the family, but to please Ted, I locked her in the other room when he came over. Well, last Sunday, Ted stopped by unexpectedly, and Snowball was loose. When he saw her, he put out his hand in a friendly gesture, and said, "Here kitty, kitty, kitty." Then he gave out with some very authentic "Meows"! I nearly collapsed.

Snowball went right to him and affectionately nuzzled up to his leg and started purring. Then Ted sat down, and Snowball hopped up into his lap, while he stroked her fur and spoke gently to her.

When it came time for Ted to leave, he couldn't get Snowball off his lap. I said, "I thought you hated cats?" He replied, "I can't stand them!"

Now, Abby, if Ted is so good at covering up his true feelings that he can fool a cat, wouldn't you say he could fool a person, too? TED'S GIRL

DEAR GIRL: CAT-egorically!

DEAR ABBY: I am a 15-year-old girl who is in more trouble than anybody you ever heard from. And it's all over something my mom thinks I did, but I really didn't.

Here's what happened: I keep a diary and I have been putting a lot of stuff in it that isn't true because I have this real snooty girl friend who comes over here and sneaks looks in my diary every chance she gets, so all that stuff is just made up for HER to believe.

Well, Mom got hold of my diary and read it, and all you-know-what broke loose. She told me that if Jeff—he's the kid I go with—ever comes around again she will have him ARRESTED!

Abby, I tried to tell my mother that we didn't do any of those things I wrote about in my diary, but she said that being a liar is as bad as being a tramp, and now she couldn't believe a word I said.

I begged and pleaded, but she wouldn't listen. Please help me! What am I going to do? GROUNDED UNTIL CHRISTMAS

DEAR GROUNDED: Quit begging and whining—that's babyish. From now on, try to behave in your most mature manner and I'll bet your mom reconsiders and lets you off. [P.S. Shame on your mom for snooping in your diary. Your girl friend is not quite grown up yet . . . but what's your mom's excuse?]

Problems? Trust Abby. For a personal reply, write to ABBY, BOX 69700, L. A., CALIF. 90000 and enclose a stamped, addressed envelope.

## Happiness Is . . .

WELL, WE WON AGAIN! We beat Levelland 8-0. (Thank you Mr. Roycroft!) We play Floydada this next week. Good luck!!!

The seventh grade got the spirit stick. Congratulations! But we're going to get it this week! Go freshmen!

YOU SPEAK OUT This week we asked "What is happiness to you?"

Davy Trotter: A dip of snuff. Becky Cagle: The freshmen winning all their games.

Mr. Brawley: Getting something accomplished. Mrs. HULSE: Having a nice quiet study hall.

Gary Parson: Not getting caught in class with candy (right Mrs. Aaron?) Geron Steen: GIRLS!

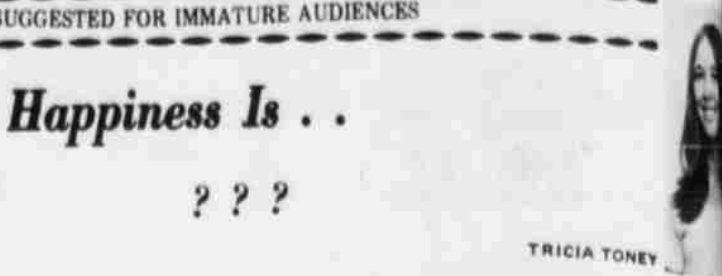

Glen Moore: Talking on the phone ALL NIGHT! Bradley Allen: Kisses from Kimberley Fisher.

Bryan Gregg: Sherry Shotwell. Paula Mears: Living life in Christ. Jan Sisson: Being part of the Littlefield Junior High Band.

Favorite boys: Danny Martinez, Jerry Schultz. Favorite girls: Esperanza Flores, Dinah Hanlin. Favorite teachers: Coach Weaver, Coach Carter.

We hear that nobody caught that joke last week about the taped measurements. Too bad!

David Cutshall—do you like Pink Panther cereal. Gary Parson: Do they really have lead weights???

Mr. Threadgill: Do we make a better choir?? Glenda Freelove: Is "Casper" giving you problems in fourth period?? Don't feel bad D.B., Uncle Sam wants you!

Happy birthday Toothbrush (R.P.)?? Get well soon Kipper! We miss ya!

We've been getting some gossip lately, not much though. Keep those cards and letters coming in!

We have to get serious for a while (DARN IT) to talk about share group. If you want to talk over some problem with someone your own age, in confidence and be a part of something real for once, then you need share group. It's non-denominational, there are no adults present at the meeting, and it is really something you should experience. It's at the First United Methodist Church at 7 on Wednesday night.

FLASH: WE HAVE A PREDICTION! The prediction is that six weeks will NOT be cancelled and carried out as planned! They might want to know that.

SUGGESTIONS: Just to let us know how open-minded we are, we decided to put in a few suggestions our column every week. Here are we got this week. Send us yours!

1. Drop dead! 2. Take journalism (and home economics) week! Come on now, it isn't THAT bad???

Have a good week and be on time! Don't walk under any ladders, pass under oak trees at midday, above all, DON'T step on any cracks in the sidewalk! Chou!

GOOD NIGHT PRINCE CHARLES!
