## Fund Drive Opens For Youths Hurt By Runaway Motorcycle

An urgent appeal has gone out to residents of the Littlefield area for funds to help defray hospital expenses of two youths critically injured in a mishap at Festivities Days activities here Saturday.

The youngsters, Danny Spies, 7, and Felipe Cristan, 9, remained in the intensive care unit at Methodist Hospital in Lubbock at presstime Wednesday.

A spokesman at the hospital said both were listed in critical condition with only slight improvement.

The call for financial help for the injured youths came after a meeting of about 15 townspeople Monday afternoon. They named a chairman for the fund drive, Cliff Smith, and a committee to assist in taking contributions.

Representatives of both Littlefield banks, Joe Montgomery of Security State and James Lee of First National, were appointed along with Chamber of Commerce President John Clayton and Executive Vice-President Jim Kelly.

Through Tuesday at 3 p.m. about \$450 had been raised in the fund drive and answers to the call for contributions were coming in at a fast pace.

One business firm, West Drug, said it will donate all proceeds from its fountain on Friday.

"If people want to pay a dime, or a dollar, for a cup of coffee," said Neil West, "whatever they pay that day will go into the fund for these two children."

Throughout Littlefield, people

expressed hope for the youngsters' recovery.

"The attendance at Festivities Days was wonderful and we appreciate everything everyone did in helping with the event," said C-C President Clayton.

"We are truly sorry about the accident and prayerful for the injured children," he added.

The fund drive for the youths was named the "Spies-Cristan Hospital Fund," and money is being accepted at both local banks or by mail addressed to Spies-Cristan Hospital Fund, Littlefield, Texas.

"The medical costs for the children will be astronomical," said the fund drive

chairman, Smith. "We want to do all we can toward defraying this cost."

Smith said the motorcyclist who lost his balance on the vehicle which struck the boys was attempting to sell the cycle, and would contribute the sale amount to the fund drive.

"Everyone in the community will do everything we can to help," said Smith.

Danny Spies is the son of Mr. and Mrs. Gene Spies, and Felipe Cristan is the son of Mr. and Mrs. Jose Cristan, all of Littlefield.

The two boys were injured Saturday afternoon, as approximately 1,000 persons watched a motorcycle riding exhibition in Laguna Park—a portion of

FELIPE CRISTAN was on his way to Lubbock Saturday afternoon after receiving emergency treatment at Littlefield Hospital following the motorcycle mishap. Danny Spies had already been taken to Methodist Hospital. Littlefield Volunteer Firemen Bill Weige, Mac Humphries and Dickie Lee help with the transfer.

BULLETIN

Rev. R. B. Hall talked with Gene Spies in Lubbock Wednesday noon and Spies said the doctor at Methodist Hospital reported that both Danny Spies and Felipe Cristan were responding favorably to treatment.

Rev. Hall reported the doctor at Littlefield Hospital said Roger Hall would be hospitalized about three weeks. He will be lying flat on his back and will be in traction. Most of the muscles and ligaments in his hip and leg were torn loose.

the program for Littlefield's First Annual Festivities Days.

Two other Littlefield boys and the cyclist were injured in the mishap.

The cyclist, Harold Murphy, 35, of Littlefield, was attempting to stand on the seat of a motorcycle to demonstrate balance, when the cycle hit a bump. He lost his balance and fell to the ground, leaving the motorcycle free to plunge into the crowd of onlookers.

The two-wheeled vehicle was traveling approximately 30 m.p.h. when it critically injured two, seriously injured one and slightly injured two others.

Danny and Felipe each suffered a concussion, severe head injuries and a broken leg. They were rushed to Littlefield Hospital by an ambulance and the Littlefield Fire Department's Emergency panel which were standing by for emergency aid. The boys were quickly transferred to Methodist Hospital in Lubbock where they both underwent three hours of surgery.

Danny's mother, Mrs. Carolyn Spies, was also taken to Littlefield Hospital in the emergency unit, after she fainted from shock. She was not injured, but later in the day at Methodist Hospital, she was put under sedation.

Roger Hall, 7-year-old son of Rev. and Mrs. R. B. Hall of Littlefield, is in Littlefield Hospital being treated for a dislocated hip and bruises.

Harold Murphy was taken by private car to University Clinic in Lubbock where he was treated for arm and neck injuries and released.

Two youngsters, Royce Merrifield, 13, and Jackie Fox, 12, were on bicycles and were the first two persons that were hit, according to a policeman. They were taken to the hospital by private car and were treated for minor bruises and released.

## Annual Event Brings Crowd

The Lamb County 4-H Club float was judged best in the Littlefield Festivities Days parade Saturday that brought an estimated 5,000 persons to Littlefield.

In the senior riding division, the Lamb County Sheriff's Posse took first place.

Capturing first place in the junior riding club division were the Lubbock Rangers, with the Farwell Arena Association taking second place.

Leading the parade was the EMV Electric Car, The first Miss Littlefield, Kathy Mynard, and first and second runners-up, Tonya Bingham and Debbie Dutton.

The electric car drew a big crowd of curious spectators on the city parking lot across from the post office where it was on display all day Saturday, and about 1,000 persons attended exhibitions in Laguna Park Saturday afternoon.

Several hundred persons attended the two street dances, concluding events of Littlefield's first annual event.

## Farmers Receive Annual Checks

Checks for about five and one-half million dollars were mailed to Lamb County farmers Tuesday morning.

This represents about half of the money that will go to county farmers for cotton, feed grain and wheat program participation through the Lamb County ASCS Office.

Lamar Aten, office manager, said the balance of payments due farmers will be mailed as soon as checks are processed through the New Orleans, La., office.

## Elect Officials

Three incumbent directors were re-elected Tuesday evening at the annual Lamb County Rural Electric Association meeting.

Six hundred REA Co-op members, plus their families, attended the meeting.

Robert Dysart, Ernest Goertz and Leonard Albus were returned to their posts as directors.

T. C. Faver was named president, Joe Fisher, vice president, and Robert Dysart was elected secretary.

ALTON WHITE, left, was chosen "biggest liar" of the Festivities Day contest Saturday. Neil West presents him with a certificate, as David Roden, third place winner and Don Avery, right, one of the emcees, look on. Second place winner was third grader Jimmy Avery, who was standing behind Neil West.

LARRY SANDERSON, Lamb County's 'Abe Lincoln', copped best all-around beard honors Saturday morning at the Festivities Days beard judging contest.

WORLD'S FIRST LADY, Mrs. J. E. Chisholm, won a notorious Saturday following the parade when she drove the EMV for the first time. She was stopped for speeding! Chief of Police General signaled over the mayor's wife on Delano where the speed limit is 30 mph. Amarillo inventor Cotton Whatley is credited with the car capable of speeds that exceed city speed zone driving, and particularly upset with the reputation the speeding ticket gives electric car that will be test-built in Littlefield.

## More Pension Checks Coming To Residents

Number of Lamb County residents getting monthly retirement from the Government, through Social Security, continues to rise.

Of 2,577 former workers and dependents, more than ever before, are receiving end.

More are benefiting from Social Security than ever before, over the years, payroll taxes, into the Social Security fund.

Most of the recipients are retired. The others include disabled

workers, widows, children and other dependents.

Facts and figures are contained in the annual report of the Social Security Administration. It shows the extent to which the pension system has been expanding in recent years and the effect of this expansion in the local area.

The number of Lamb County residents receiving pension checks is 18 percent larger than three years ago, when the total was 2,178.

Growth comes as a result, for the most part, of changes in the Social Security Act, made by Congress from time to time. They have had the effect of bringing more and more people under coverage.

Nationally, at the present time, more than 9 out of 10 working people are covered by Social Security or are eligible for such coverage.

Along with the increase in the number of persons enrolled has been the significant rise in benefits going to former workers and their families.

In Lamb County, the average amount received is now \$875 per year, well above the \$737 they collected three years ago.

The increase, 19 percent, was greater than that in the United States, 15 percent. The rise in the State of Texas was 18 percent.

The combination of more beneficiaries and bigger checks has added materially to the inflow of cash to the local area.

The official figures show that total payments to local residents, as of the beginning of this year, were at the annual rate of \$2,256,000.

## FOR MRS. SISSON

### Antique Car Ride Recalls Yesteryears

By NILAH RODGERS

Mrs. Bertie Sisson and four of her seven children came to Littlefield in 1924 in a '24 Model T piled with provisions and an old stove tied to one side.

Saturday morning Mrs. Sisson took another ride in a '24 Model T, but this time the car that was new the year the Sissons moved to Littlefield was featured in the antique car grouping in the Littlefield Festivities Days parade. And Mrs. Sisson's grandchildren had her "all doled up like a young girl goin' courtin'."

Granddaughter Jan Sisson made the Gay Nineties hat, and grandson Billy Wayne Sisson drove. "My daughter brought me a bonnet," Mrs. Sisson said, "but the others wouldn't let me wear it. They said they wanted me to look 'young'."

"Billy Wayne blowed that horn going down Main Street, made it bleat like a

BERTIE SISSON rode in the Festivities Days Parade Saturday morning in this 1924 Model T. She moved to Littlefield 45 years ago, with four of her children in a new '24 Model T, almost exactly like the one featured in the antique display Saturday.

caif—baa, baa! I felt so silly, she said, but I wouldn't take for it. Me and him had a wreck on a bicycle when he was young. I was riding on the back with him and we went off into a ditch. I like to have killed him, and he nearly killed me."

"I've driven a team of mules and a tractor. I've been 700 feet under water. I traveled, too, after the kids were grown. I reckon I've done just about everything except fly; I turned down a chance to fly year before last that I wish I hadn't of. I'd be going yet if my health hadn't gone bad," Mrs. Sisson said.

The Sissons moved to Lamb County from Tipton, Okla., but Mrs. Sisson calls home Big Sandy in East Texas. The late Thomas Sisson and two of the older boys came to West Texas in a covered wagon to buy land. Mrs. Sisson and the younger children came later.

They camped in a tent until they could build a half-dugout. "There wasn't any lumber out here," Mrs. Sisson said, "what little there was was at Lubbock. Almost everybody lived in dugouts. We lived in the dugout, and used the tent some for the big boys, too, for three and a half years."

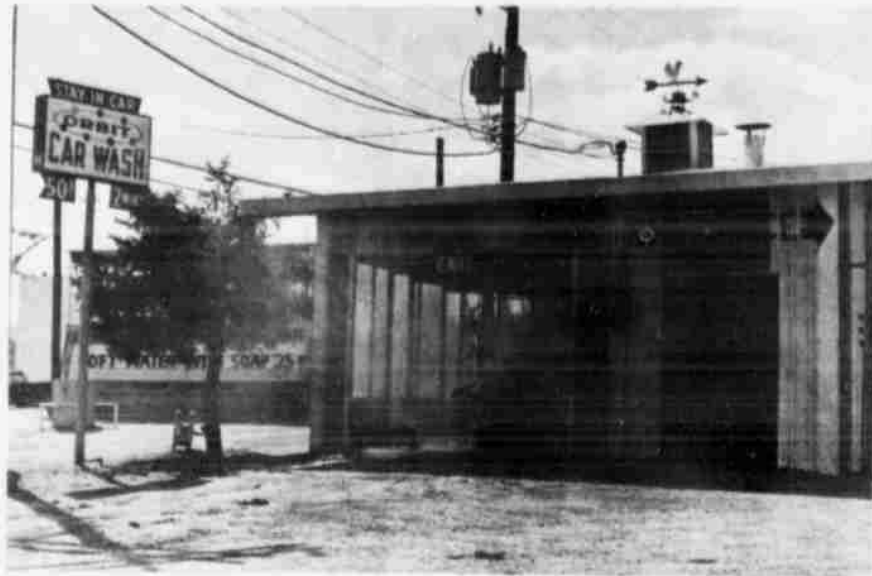

The Sisson farm was three miles south of Amherst. "They were feeding 1,700 head of cattle on the land we bought," Mrs. Sisson said. A lot of cattle would die. There was an old man named Robbins working on the ranch and he'd come by and skin the cattle and spread the hides out on the prairie to dry. I remember seeing him come by the house with three wagon loads of hides. They'd just leave the carcasses where the cattle died. There wasn't anything out here to eat them, and they'd just pile up. My boys would have to pile up those old carcasses and burn them like brush."

Mrs. Sisson can still recall how the old cow skinner stunk, and how he rolled his cigarettes after skinning a cow without washing his hands. But she said she took a liking to him and he to her. She'd ask him

## Wash Cars, Pick-ups, Campers At Perry's

Almost everything has been washed at Perry's Car Wash except dirty kids, and Lynn Todd said he wouldn't be surprised to see someone using the Orbit or Wand for this some day.

You've got your choice of fully automatic or wand-type, do-it-yourself washing at Perry's. The wand gives you soft, hot, soapy (or clear rinse) water at 500 pounds of pressure for five minutes for 25 cents. The wand is good for washing motors. The wand has been used to clean carpets, horses, horse troughs, bicycles, campers, tractors, all sorts of air conditioner pads, and even hogs were washed with the wand during the stock show. The wand was the first car wash put in at Perry's, about four years ago.

The automatic "Orbit" has been in about 1 1/2 years. Upon entering the Orbit, a spray bar washes underneath the car with 600 pounds of pressure. The pre-soak spray cycle cleans the wheels and the underside of the vehicle.

The Orbit will wash your car, going through the full cycle of two soapings and two rinses, in two minutes. Soft water, commercial detergent and 600 pounds of pressure will give you a sparkling clean car for only 50 cents. Add another quarter and you'll get a Prestone wax job. A jet spray of Prestone wax is especially good for new cars.

An attendant is on duty at the Orbit to vacuum and chamois your vehicle for a small fee. Two coin operated, commercial-type vacuum cleaners are located conveniently for do-it-yourself vacuuming.

Pick-ups and most campers can be easily washed in the Orbit, also. The car washes, like Perry's Laundry, is open day and night, 24 hours around the clock.

A soft drink machine is located near the coin deposit for the Orbit car wash, too, and in the laundry there are all sorts of drink and snack vendors dispensing coffee, cold drinks, potato chips, chewing gum and Cracker Jacks day and night.

What The Leader-News Thinks

## Dear Teacher . . .

(Note: This truly classic "American Way of Life" editorial was written by Joe Parham, editor of the Macon (Ga.) Evening News many years ago. With school now in session throughout the area, we think it entirely appropriate for those with youngsters entering the first grade.)

Well, this week, we turn him over to you. For the next 12 years, in grammar and high school, you'll have him on your hands. Next to his Mother and I, you'll have more influence on his life than anyone else except the members of his immediate family.

He's such a little boy now. A pair of sturdy legs, tanned shoulders, bright eyes, a tow head and an infectious grin. He's yours to mould, clay for your hands and mind to fashion as you will.

He's not afraid of anything. His mind is alert and quick to learn. His body is healthy, his curiosity boundless and his stubbornness aggravating.

There's a lot you can do for him in the coming years. I hope you will.

Teach him to remain fearless. Never mention the word "fear" and perhaps he'll never know what it's like to be afraid. Respect for danger and caution and carefulness, yes, but not fear.

Cultivate that healthy curiosity he's blessed with. Let him ask a million and one questions, and you come up with a million and one answers and be waiting for the next. Keep alive always that spark of interest in the people and things around him and in himself. He'll never be bored or disillusioned or cynical if his curiosity's never satisfied.

Sure, you're going to have to spank that little caboose of his occasionally. We do ourselves. Teach him discipline and respect for authority and understanding of rules and regulations, but don't curb his spirit. Let him not become a regiment automation who follows others, lockstep style, through life, never hunting a better or different way of doing anything and always

being content with the status quo. Instill in him a sense of fair play and a deep admiration for justice. Let him not be the schoolyard bully, nor the schoolyard coward. Show him that it is one thing to stand up for his rights and quite another to attempt to depose the rights of others. Breed in him a compassion for the weak and a feeling of kindness for the oppressed.

He already knows love, and he knows God. The two are synonymous with him. Fan that glow! Breathe with understanding and love upon that ember so that it may become a strong enduring flame. Instruct him in the wonders of God's Universe and the glory of God's works.

Teach him tolerance. Place no word or deed or malice of antagonism or hatred toward any of Heaven's children in that small heart. Let none of the venom of intolerance that any of us might feel spill upon and scar that clean soul of his.

Impress upon him the importance of cleanliness. Help him to keep clean his ideals, his mind, his body. Show him by example and illustration how strong is a clean life. Build within him a deep sense of honor and a knowledge that integrity is not merely a word, but a way of life. Teach him that it matters not what a man's reputation may be. A reputation is merely what the world thinks of a person. But tell him that it is character that really matters, for character is what God thinks of a person.

He'll be coming to your school and into your heart and your mind this week. Teach him all these things. Teach him well, and when these things have begun to be learned—the arithmetic and the spelling and the reading and all the rest can be taught too.

Do a good job. . . . Some day you may be as proud of him as I am right now.

Sincerely,  
DAD

"That's Eddie . . . he's the best football player in our class!"

## THE FARMER'S WIFE

### A Stepping Stone

By LIBBY MUDGETT

WOULD YOU LIKE to know the story behind Colonel Sanders' Southern Fried Chicken—you know, the "finger-lickin' good" kind you see all kinds of people eating on TV?

Colonel Sanders is a real person, just like the ad says. In fact, that's really him in those ads, whiskers and all.

HE'S OVER EIGHTY years old now, but he was just a mere slip of a lad of sixty-five when he got the idea for what is now a string of fried chicken stands all over the country.

In fact, he had just received his first social security check.

NOW COLONEL SANDERS had no intention of settling down to a life of shuffleboard and checkers, but it took that first social security check to start him thinking about how he was going to avoid it.

He was sitting on his front porch in his rocking chair when that first check came in the mail. He kept sitting there and thinking. All the rest of that day he sat there, adding up his assets:

HIS SOCIAL SECURITY check. A battered old car.

The recipe for his mother's delicious fried chicken, aromatic, crispy, brown and tender.

The next day, he went into action.

HE GOT INTO his battered old car, cashed his social security check, and set out across the country trying to sell his mother's recipe on a royalty basis to restaurant owners.

No luck. Restaurant men maintained that their own recipes for fried chicken were good enough for their patrons.

## THE ABUNDANT LIFE

### Topsy-Turvy World

By BOB WEAR

THE TOPSY-TURVY WORLD is obviously becoming more and more a matter of increasing concern.

It is a strange world, indeed, in which most of the people show some degree of concern, but continue the thinking and actions which keep things upside down.

Disorder and confusion continue, and will never cease until the right formula is applied.

FIRST, THERE MUST BE a recognition of and admission of what is causing the topsy-turvy situation.

There must be some soul-searching, some honest self-examination, and some impartial introspection.

We must honestly consider our ways.

JEHOVAH GOD SPOKE TO another people, in another time, and another place in a topsy-turvy world that these people had made.

"Consider your ways. You have sown much, and bring in little; you eat, but you have not enough; you drink, but you are not filled with drink; you clothe you, but there is none warm; and he who has earned wages earns wages to put into a bag with holes. Consider your ways."

THE UTTER FUTILITY of a topsy-turvy world leaves us with a sense of bleakness, inadequacy and deadness.

This is the fruit of the old, old ideology of "humanism". Many in our time think that "humanism" is new, that it is the "now" thing. Thus, they reveal their limited knowledge. They seem to think that it is the cure for human ills; not knowing that it is the disease.

HUMANISM, which is so much the cause of our topsy-turvy world, is as old as mankind.

It is the seed-bed of communism.

IT WASN'T UNTIL he reached Utah that he finally persuaded one single restaurant owner to try his mother's recipe.

The result was that people crowded into that Salt Lake City restaurant clamoring for more and more of those golden brown chicken pieces.

Then other restaurants began to try it. And others. And others.

THE STRIKING looking colonel, in his immaculate white suit and black string tie, finally sold out his interests.

For two million dollars. And that's not the end of the story, either. He was then hired by the new owners as a goodwill ambassador for \$40,000 a year.

AND HE'S STILL going strong. Well, this sounds like a story with a moral to it.

I guess one would be to get the recipe for all the good food you eat everywhere.

Another would be to use what you have, much or little.

AND NEVER GIVE UP, once you think you have a good idea.

Or sit in your rocking chair for a while to do your thinking, but don't stay there forever, for gracious' sake.

How about this: social security is a great stepping stone, but not such a grand goal in itself?

OR IT PAYS TO grow a beard. And dress like what you are.

Be sure to keep your driver's license up—you may need to drive to Salt Lake City.

Oh, there's lots of morals in that true life story.

See if you can't find a whole bunch more.

### People Pay Taxes

CONGRESS IS CONTEMPLATING taking more taxes from oil companies. There is no way.

Whatever tax increase is levied against any industry—you will pay. Industry pays its higher taxes with higher prices. Only people pay taxes.

CONGRESS IS PRESENTLY piecing together a tax-reform package intended to make our cumbersome, complicated tax system "more fair".

Some of the more grotesque inequities, however, are escaping congressional attention. For example, most of all of us in any form of public life have been invited by some university to make to that university's library a gift of our dead files. For the record, though requested, I have not.

FREQUENTLY MEMBERS of Congress and other government officials have done so.

Presently I understand Hubert Humphrey is presenting 89 boxes bulging with documents from his career as mayor and senator to the Minnesota Historical Society.

Lyndon Johnson is donating 20 million items to the University of Texas.

THESE MEN can and presumably will deduct from their taxes the appraised value of these papers.

## A Big 'Thanks'

The Littlefield Police Department issues a hearty "thank you" to members of the Sheriff's Posse, Sheriff's Department, and Littlefield Volunteer Fire Department for their assistance Saturday afternoon at the time of the accident.

"They assisted us greatly in getting the injured into emergency vehicles by clearing the people out of the way," said Police Chief F. A. Fitzgerald.

Delaware Sen. John Williams calls it "a racket." He says such parties "make a profit from donating documents which are really government property."

But it is such devices, regularly used by already affluent people, which make the workaday taxpayer resentful. He urges his congressman to "close the loopholes".

SOME OF THE SPECIFIC reforms presently under consideration by Congress are admittedly overdue.

Some of those so-called "loopholes," however, were originally allowed for very good reasons: to encourage important industries, to stimulate contributions to charity, to make it easier for states and cities to borrow money, to encourage exploration for new resources and so on.

ELIMINATE all "loopholes" and you may do more harm than good.

The oil depletion allowance is an example. Income from oil is 27.5% tax free. This "advantage" was allowed because exploring for oil is risky. (Only one-in-nine wildcats produces oil.) Also, any oil well eventually runs out of oil (depletes) the same way a piece of machinery eventually wears out or becomes obsolete.

All industry is owed a depreciation allowance on its machinery; the oil industry believes it is similarly entitled to a depletion allowance on its inevitably declining production.

BUT WHILE our representatives in Congress have these "loopholes" under examination, they and we must remain reminded that only people pay taxes.

There is no company, no corporation, no industry which ever paid any taxes or ever will. You increase their taxes, they'll increase their prices.

Oil industry critics think they can reduce the depletion allowance to 20% and collect \$400 million in new taxes. But the \$400 million, at a penny more per gallon of gas, will come out of your pocket.

ONLY PEOPLE PAY TAXES.

Editor  
Lamb County-News Leader  
Littlefield, Texas

Dear Editor,

I was delighted to read Mrs. Fain's response in the Lamb County News-Leader to my letter concerning the incident at the Littlefield Hospital. I feel my letter may have served its purpose of bringing the incident to the attention of hospital officials and the townspeople.

She suggests that I did not give all the facts. This is true, but I gave the facts as accurately as I knew them in my letter to the Board of Directors of the hospital. To state all the facts to the news would have been to name names and give details that in my opinion have no bearing on the initial fact that we were turned away. And for these reasons I felt it entirely unnecessary to relate them to the public.

I don't think anyone could know the actual story other than the nurse, the doctor, and myself and I am sure we saw the matter differently, else the incident would not have occurred. But I would be happy to know the other side of the story.

May I point out that we arrived at the hospital at approximately 8 p.m. (Due to the circumstances, I cannot be sure of the exact time involved) and waited approximately an hour to be turned away; even though there were no other patients in the emergency room. And the trip to Lubbock took some time, leaving something like 3 or 4 hours between. Time enough for the fever to rise to dangerous heights in small children and for the other two children to become ill. I certainly did not go to Lubbock in the middle of the night for a joy ride, not after riding 2,000 miles with 3,000 to go! And if, as implied, there was no cause for alarm, why did a pediatrician at Lubbock come out at that time of night?

I realize that doctors don't simply have a profession, but a way of life, that they must be dedicated in a way no other profession demands. And their wives and families must make sacrifices. I meant in no way an attack on a personal level, but merely to say that this is an area of the medical profession I believe to be severely lacking. Too many times lives are unnecessarily lost because of policies, red tape and forms to fill out FIRST, lack of funds, and any other reason they are turned away by hospital and doctors. There and everywhere! In my opinion no one should be denied medical care because it is Sunday. There is no immunity to disease and death on Sunday.

I am sure it is also true that it was more upsetting to me that it occurred there than it would have been any other place, along the way, as it was least expected there. Maybe I was a harsher critic than a stranger would have been, but I do not feel without honor!

I was not, as Mrs. Fain's letter seems to imply, a harsher critic because I was disappointed to return to find things different. It was not the first time I have been back. Although it is different, so am I! Nothing and no one stay the same. My impressions of home are like my childhood. They belong to yesterday and the corners of my mind, and are, in my mind, in no way related to the reality of today.

I still have a special place in my mind where I consider Lamb County a special corner of the world and the hospitality and humanity there, in general, of a quality that doesn't exist elsewhere that I know of.

It was not my intention to offend anyone, but to relate an incident in the hopes it would have an influence on it's not resolved in the future.

Sincerely,  
Mrs. W. J. Burton

way related to the reality of today. I still have a special place in my mind where I consider Lamb County a special corner of the world and the hospitality and humanity there, in general, of a quality that doesn't exist elsewhere that I know of.

It was not my intention to offend anyone, but to relate an incident in the hopes it would have an influence on it's not resolved in the future.

When they were getting ready up a windmill, he told her to go to a 10-foot tower if she wanted to see water. "We got a good well at about and you know that windmill runs time, even when there didn't seem any breeze. We used milk troughs and we always had the best butter."

Robbins stopped by one day at the Sissons the last big round-up about to take place in the Yellow Canyon. "They had that tall windmill there and there were 40 buffaloes just loved to go down there. We stay all day."

On the day of the big round-up head of cattle were driven from Yellow House Canyon.

"The Canyon looked like a fire," Sisson said, "and the cattle waves. The cowboys would yell at the cattle here and then split a group of cattle somewhere else to the cattle moving. I'd always heard round-ups, and I learned a lot. I'd always said I wanted to go see the cowboys, and I got my wish."

The Sissons moved to West Texas time to see some of the world's best ever recorded. One that came out west on a Sunday afternoon was "not as good as you ever saw" recalled three to six weeks one year there was nothing but sand. A storm of the north brought red dust from Kansas. "When we'd raise up pillows in the morning, the dust just fell off us."

There were some vicious hail storms, when riders would get off horses, put the saddles over their heads and turn the horse loose to outrun the storm while the rider weathered the best he could under protection of his saddle.

Mr. and Mrs. Sisson did all farming with mules. Tractors were beginning to come out when they were here. "But they were little and \$500," Mrs. Sisson said. "And they got sometimes and turn over with the husband was afraid one of the would get killed and he never bought before he died in 1940."

The oldest Sisson boy was Mrs. Sisson to buy a tractor, then the boy bought one after WWII.

Mrs. Sisson has been a resident of Littlefield Hospitality House for years. "I'm not sick or anything said. "I just got shaky, sort of pale and can't do for myself the way I used to."

Four of Mrs. Sisson's children—Littlefield—Mrs. Glen Young, Mrs. Foley, Mitchell and Wilson Sisson. L. G. lives in Hood River, Ore. lives in Lubbock, and Tommy (son of Calvin Petty) lives in Dimmitt.

Two of her sons, Jack and Bill, deceased.

## Local 4-H Club

### Has Meeting

The Littlefield 4-H Club met Monday night, Sept. 1, in the Community Center. The meeting was brought to order by the President, Elaine Graves. The motto and pledge was led by Diane Kemp.

After the business portion of the meeting, Buddy Logsdon introduced Judge Fruit Sides as the guest speaker, who spoke to the club on being a good citizen. Judge Sides said a 4-H'ers accomplishes such traits as: responsibility, patriotism, and the ability to share skills, time, and material with others. He also said people should take more pride in their work and their community, and be willing to give freely of their time.

Following Judge Sides' speech, Ricky Stamps led the pledge to the United States Flag.

To end the business session of the meeting, Jackie Sims read a poem for the inspiration.

FIVE FINALISTS in the "Miss Littlefield" contest include, left to right, Tonja Bingham, first runner-up; Jan Christian, third runner-up; Sherry Cook, fourth runner-up; Deborah Dutton, second runner-up; and Kathy Minyard, who was chosen "Miss Littlefield".

IT IS YOUR MONEY

# You have a right to know these facts

You spend a lot of money for auto insurance. You have read wild statements about insurance costs and companies. If you would like some plain talk, here it is.

They say . . . Auto insurance companies are guaranteed a profit.

FACT: Before insurance companies can make a profit they have to first pay to have wrecked cars repaired or replaced, pay hospital and doctor bills for folks injured in auto accidents, pay for stolen or stripped cars, pay for cars damaged by hail, fire, wind or flood waters, pay wages or commissions to 95,400 Texans who give service to policy holders in every county in the state, pay taxes and operate their companies. If there is anything left after all these payments have been made, it is profit.

They say . . . Texas auto insurance rates need to go up 11.4 percent.

FACT: The evidence is very clear. Accidents are up. Medical costs are up. Repair costs are up. Auto thefts and vandalism are both up. All this forces rates upward. Facts and figures prove that a 17 percent increase is needed now.

They say . . . There is nothing you can do to lower your auto insurance costs.

FACT: You can't lower labor and medical costs. You can't lower automobile and parts costs. You can help reduce the number of traffic accidents and crimes against automobiles. The accident that doesn't happen does not boost the cost of auto insurance. The car that isn't stripped or stolen does not increase the cost of your auto insurance.

Let Governor Smith, your Mayor and your County Officials know that you want a stop put to Texas' growing traffic accident and crime tolls . . . that you want the law enforced. Good law enforcement can reduce accidents and crimes against cars.

Lower accidents and crime rates can mean lower auto insurance rates for you. Isn't this worth a little effort on your part?

Association of Texas Fire & Casualty Companies

They say . . . Labor costs are a small part of auto insurance costs.

FACT: Labor costs make up the major part of auto repair bills and in some parts of Texas labor costs for auto repairs have increased in recent time by an amazing 40 percent.

They say . . . Auto insurance companies make too much money.

FACT: Look at this listing of the earnings by major industries in the United States as published by the First National City Bank of New York and as republished in the study developed by the Arthur D. Little Co., an independent research organization then judge for yourself:

# Anton Has Youth With Experience

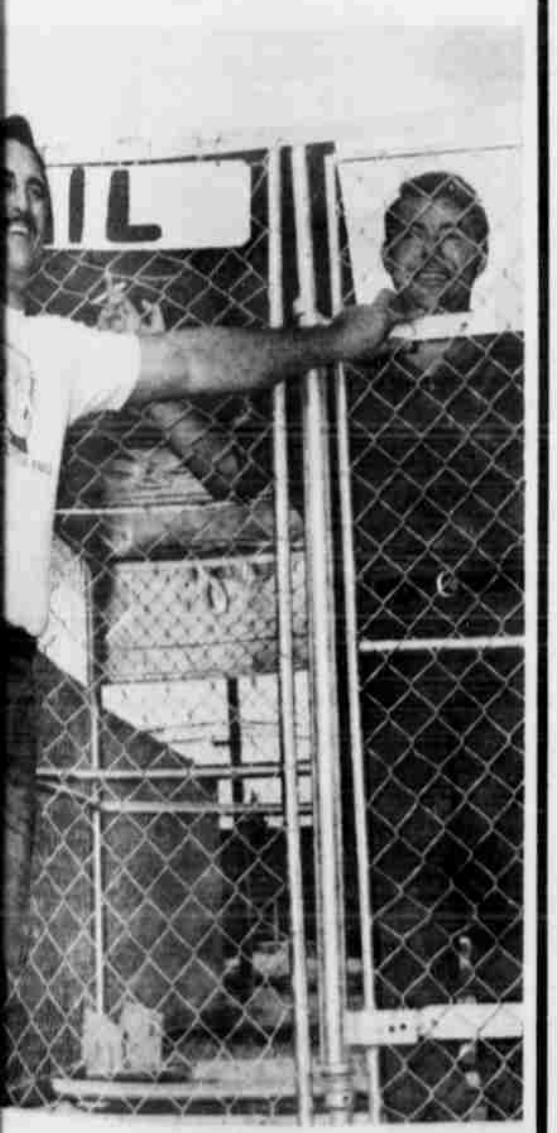

mean of high school coaches in this part of Star State, Leo Fields once said "You never run up a score on a rebuilding team. They come back the next year." The Purple and Gold have nine offensive starters and eight defensive starters among the 14 lettermen returning...and among them are only two seniors, the brothers Cantu, John and Jesse.

Though small, the heaviest starter is a sophomore halfback tilting the scales at 179 pounds, the Bulldogs possess impressive speed, cat-type quickness and deceptive

**THE BROTHERS**—A common sight for Anton opponents this year, as it has been the past seasons, is guard Jesse Cantu running for his fullback brother John. The pair are the team's co-captains.

strength that promises to keep opponents bewildered throughout the 1969 campaign.

That sophomore halfback is Quinn Williams. He possesses a pair of legs that would bring admiration to most seniors, plus respectable speed and a pair of hands capable of snaring a pass from almost any angle. And he has desire.

His running mate at halfback is 166-pound Danny Spradley, who is tough enough to hold down one of the tackle assignments on defense.

Returning field general from last season is experienced junior Tommy Gilbert. He fakes well, and can throw from the pocket or on a rollout with equal accuracy.

At the fullback position is four-year letterman and starting for his third straight season, John Cantu, 146. Though short on height, the muscular co-captain has the strength to play defensive end when the Bulldogs don't have possession of the ball.

His brother Jesse is the other co-captain. Jesse, 150, is a linebacker on defense, and the team's pulling guard on offense. Also like his brother, he is a three-year letterman about to start for the third straight campaign.

Coach Christopher is counting on two speedsters who made it to the state track meet last spring, to cover any mistakes the defensive line might make.

Both sprinters, James Holmes, 152 sophomore, will be the safety, and David Rodriguez, 142, junior, will be a defensive halfback. Holmes, who as a freshman could leap and clamp both hands on a basketball rim with ease, will be one of the starting offensive ends, also.

The other offensive end is Bill Kiser, 148-pound junior who tugs it out as a defensive tackle.

Considered along with quarterback Gilbert as the most improved players on the team back from last year are the two offensive tackles James Synatsch, 155 junior, and Norman Martin, 170 junior. They slide inside and play guard on defense.

Rounding out the offensive starting lineup are 153-pound junior Johnny Garcia at center and 155-pound junior Dennis Hill at guard.

Raul Gutierrez, 140 junior, will play one of the defensive end positions and Randy Jones, 132 junior, is the other defensive halfback.

Anton demonstrated its balanced offensive attack last week in a scrimmage session against Lorenzo. The Bulldogs marched almost completely on the ground to score the first time they had the ball, and then on the next series passed their way to score.

They travel to Lazbuddie Saturday for a 7:30 p.m. scrimmage in a final pre-season warmup before opening the 1969 campaign Sept. 12 against Wilson.

Anton took some hard knocks last season, being outscored something like 10 to 1. But has anyone considered that District 5-B was probably the strongest conference in the state.

Won by a powerful Amherst club, the 5-B loop supplied five of the 16 Class B All-State players.

Coach Christopher readily admits that the loss of all-state lineman Raymond Kesey, who is playing this season for Tyler Junior College, Dub Cate and Johnny Hodges, will be hard to overcome.

But the experienced Bulldogs could be the surprise team of the conference if the rest of that community is behind them the way their cheerleaders are. That group drops off a dozen or so watermelons after workout to let their players know they are appreciated.

## Canyon Clash Time Changed

Starting time for Friday's scrimmage between Littlefield and Canyon has been moved up from 6 p.m. to between 4 and 4:30, according to head coach Deverelle Lewis.

The Wildcat mentor made the announcement Tuesday night at the Booster Club meeting.

He said the reason was because Canyon, which will host the scrimmage, coaches want to scout other teams that are scrimmaging that same evening.

At least three starting players will see no action. They are Gary Garrison, who received a broken arm last week in a clash with Seminole; Kim Kloiber and Jim McCary, both still nursing knee injuries.

The varsity and junior varsity will hold scrimmages at the same time against Canyon. This will be the final warmup before the season opener here against Dunbar Sept. 12.

Coach Lewis said his squad had grown to between 80 and 83 players, since school had started. And he added that more than 170 youngsters had reported for uniforms in the three junior high grades, with seventh grade football being reinstated this year.

# Levelland Duo Repeat Victory

Levelland's Dick Tubbs and Jimmy Johnson successfully defended their championship flight title of the fifth annual Littlefield Partnership Tournament last weekend...but they failed to meet the scoring standards set in the past.

The two fell short of the 199 score that has won the tournament every year since it was started. They had their

## Crippled Children

### Invited To Clinic

The quarterly session of St. John's Methodist Church Crippled Children's Clinic will meet from 1 to 5 p.m. Saturday, Sept. 13, at the church, located at 15th Street and University Avenue in Lubbock.

Conducted quarterly, the clinic is free for crippled children of the South Plains area.

Four orthopedic surgeons and the sponsors of the clinic, the Fellowship Class of St. John's Methodist Church, will supervise activities.

Physicians will be assisted by city-county health nurses from several area counties, and the clinic is financed through contributions. Clinic personnel arrange for braces and further care when needed.

Braces and appliances have been provided for 275 patients through the clinic. Approximately 710 pairs of shoes have been given to children since the first clinic session was conducted in 1963.

Children going to the clinic for the first time are to be accompanied by a parent or guardian.

MRS. EDWIN OLIVER  
262-4242

AROUND 2 to 2 1/2 inches of rain fell in this area Sunday and Monday night. This put a stop to the irrigating that has been a summer long affair. Several farmers have poisoned for the boll worm that has hit the irrigated cotton the last few days.

MRS. J. C. PENDLETON was injured Sunday afternoon in a two-vehicle smash-up near Mayfield. She was taken to Hi-Plains Hospital in Hale Center and later transferred to Methodist Hospital in Lubbock where she had surgery on her injured right leg Sunday night. The driver of the other car, Joe Rodriguez of Olton, was also injured and is a patient in Hi-Plains Hospital, but his injuries are not so serious.

EDWARD KINSKY, son of Mr. and Mrs. Ed Kinsky, is a first grader this year at H. P. Webb Elementary in Olton.

MR. AND MRS. Dewey Parkey, Don, Steve, LaVon and Ricky left Friday for Lake Brownwood to spend a few days. Their son, Gary, who attended A&M College this summer, met them at the lake and came on home with them to spend a few days before the fall session starts.

VISITING in the Edwin Oliver home Thursday through Saturday were Oliver's brother and sister-in-law, Mr. and Mrs. Larmon Oliver of Orange, Calif.

BRENDA OLIVER of Amarillo spent last week in the Edwin Oliver home with her cousin, Debbie Oliver. Her parents came for her Saturday and spent the day in the Oliver home.

MR. AND MRS. J. B. McLeod of Roswell visited their daughter and family, Mr. and Mrs. George Stewart, Dianna and Cheryl, last week. With them was Mrs. Stewart's uncle, Bill McLeod of California.

MR. AND MRS. Aubrey Neinst, Ramona, Cindy and Jeff were at Palo Duro Thursday night to see "Texas". They went on into Oklahoma Friday and did some sight-seeing.

MR. AND MRS. J. W. Wells spent the weekend vacationing in Ruidoso, N. M.

MR. AND MRS. O. J. Newley, Jr. and Teresa visited Monday night at Springlake with Mr. and Mrs. Robert McCurry.

MR. AND MRS. Don Muller, Donna and Bryan and Mrs. Bruce Porcher of Littlefield returned home Saturday from a vacation trip

to Colorado. They visited an aunt and uncle of Mrs. Muller at Evergreens, Mr. and Mrs. R. W. Pankey. They also went to Royal Gorge and up on Pikes Peak.

MR. AND MRS. George Stewart, Dianna and Cheryl spent the day Sunday in Clovis with Mrs. Stewart's sister and family, Chief Master Sgt. and Mrs. J. R. Cogdill and children.

LAJUANA BURLESON and Tony Miller of Olton escaped injury Saturday night when Miller's car hit a black Angus cow on the highway just north of Hart Camp. The cow was killed and the car had extensive damage to the front end.

MR. AND MRS. Steve Burleson left Saturday for Alpine where they will both attend college at Sul Ross. Burleson was to report for football practice Aug. 25.

MR. AND MRS. Blanton took a group of girls to Lubbock Saturday night to see the movie "Run Wild Run Free". Attending were their house guests, Molly Pennington and Candace Martin. Others attending were Patti Muller, Kathy Langford and Debbe Oliver.

CANDACE MARTIN of Southland spent last week with her uncle and aunt, Mr. and Mrs. Blanton Martin.

MR. AND MRS. D. R. Leonard, Brenda and Danny spent the weekend boating and fishing at Brownwood Lake.

REV. JOHN HOSKINS and Lloyd Chumley, both students at Mid-Western University in Wichita Falls, will be staying in the community next week and they will lead in a revival meeting at the Baptist Church. Everyone is invited to attend the services which will be at 9 a.m. and 8 p.m. each weekday and at the regular hour on Sunday.

MR. AND MRS. J. C. Muller, Mr. and Mrs. Junior Muller, Gary, Mike, Mark and Patti and Mr. and Mrs. Eby, of Olton; Kathy Langford, Donna Muller and Molly Pennington, all picnicked at Mackenzie State Park Sunday.

ROBERT AND JAY Harrell spent the weekend in Levelland with their grandparents, Mr. and Mrs. Alton Lawson. Saturday night they attended the wrestling matches in Levelland. On Sunday Mr. and Mrs. Harrell and Pamela Jo went to Levelland Sunday and brought the boys home.
