

CLASS B BASKETBALL TOURNEY

Spade Set For State

BY ROGERS
 "How long we've been trying not to win about the state tournament," Coach Jim Haynes said. "We felt we just had to play your games one by one. But the thought of making it to Austin has been sort of an uncurrent all year."
 "The current is no longer uncurrent for the Spade Longhorns." Coach Haynes said after their 51-50 win over Channing in the finals of the Region I basketball tournament, the team will be making their second appearance at the state meet in three weeks.
 The season started almost five weeks ago, and 39 wins and four losses Spade will have a shot at the big meet at McGargle at 10 a.m. in UT's Gregory Gym, and the team goes for the state title at 8 p.m. against either LaPoynor or Bledsoe.
 Spade walked through the 5-B district in the regional tourney last weekend, Spade stopped Greenwood 52-45 and then Bledsoe 74-43 to advance to the regional final. Spade stopped Greenwood 52-45 and then Bledsoe 74-43 to advance to the regional final. Spade stopped Greenwood 52-45 and then Bledsoe 74-43 to advance to the regional final.

"Overall, I thought we had a pretty good tournament," Haynes said Tuesday. "We played good defense and shot 54 per cent from the field. We also got after the rebounds real well. But we're gonna have to cut down on our turnovers before State."
 Against Channing, the Longhorns led by 13 points in the final quarter when their big man, 6-3 Marvin Matthews, fouled out. "I felt by putting in Mark Cowan (6-2) we really wouldn't lose much, because Mark is a good rebounder," Haynes explained. "But he's been bothered all year by some torn ligaments in his left leg, and when he got hurt a little later in the game we were in trouble."

Channing rallied behind All-state center Mark Sherrod. They outscored Spade 14-4 in the final three and a half minutes and almost pulled the game out. Jay Burchfield canned four free throws in one-and-one situations to preserve the Longhorns' win.
 Tommy Batson led Spade with 17 points while Gaylon Reed poured in 16 more. Sherrod hit 10 of 12 field goals for his 24 point total.
 Last year, Hedley beat an almost identical Longhorn team 69-60 in the regional finals. Reed, Matthews, Burchfield and Chuck Mills, all starters this year, were juniors on that squad. All-star Randy Gray was the only graduation loss, and Batson stepped right in to fill his place. Cowan, a junior, is the "fifth and sixth man" on the Spade roster, according to Haynes, and the only non-senior who plays extensively.
 Spade's four losses came against Union twice ("We should've never lost those games"), to Morton by five points and to Bledsoe by 15.

Tommy Batson, Johnny Elizondo, Teddy Whitfield, Mickey Burchfield, Chuck Mills, Randy McCoy, and Rodney Hall. On the back row are, Coach Jim Haynes, Eddie Tate, Mark Cowan, Marvin Matthews, Gaylon Reed, Jay Burchfield and Lynn Cowan. (Staff Photo)

 Sheriff E. D. McNeese said the incident was not reported until Friday. Deputy Wayne Cooper found the abandoned pickup Saturday morning on Weidel Street two blocks from one of the black suspect's house.
 Sunday night a resident reported to city police that they saw two men with guns standing at the west end of Monroe's Grocery store. City police made a routine investigation. They

arrested one at the store; the other one broke and ran. He was arrested about an hour later as he crossed the tracks. Officers found a shot gun and mask at the grocery store.
 The pair was identified by the rape and robbery victims as the ones who had broken into their house Thursday night.
 A search was made of the suspects' house and sheriff's officers found a television set and quilt identified as those taken in the Thursday night house robbery.

Bond for the two has been set at \$50,000 each.

 His steer, Teardrop, was a heavyweight crossbred steer, weighing 1,230 pounds, and was bred by the family, Walden & Sons Herefords of Littlefield.
 This was Brad's first champion at the Lubbock show, but had shown a champion Angus at El Paso in 1973. He has been exhibiting show animals seven years.
 Other youngsters from Lamb County who placed in the show were Scott Carter, first place in the lightweight Angus division; and Teresa Lively of the Springlake-Earth FFA, second place in the heavyweight Hereford division.

Amherst Citizens Question Court On JP Abolishment

Monday the commissioners court stood pat on previous action taken in redistricting the justice of peace precincts to conform to the commissioners precincts.
 The court reaffirmed their positions after a delegation of 20 Amherst citizens appeared before the court Monday morning.
 Those present hurled charges of "over ruling the voters' wishes, throwing their votes in the wastebasket, and hinted at misconduct."
 In turn, the commissioners court defended their stand by saying they didn't see why the Amherst people should receive preferential treatment with \$1 fines when others were fined \$17.50 and up for the same violation.
 T. L. Bennett, L. B. Eady, Arthur Hedges, John Humphreys, Howard Campbell, Joyce Campbell, Jack Yarbrough, James Holland, Jimmy Cowan, and Ray Blessing were principal speakers for the Amherst group.
 Other Amherst residents present for the meeting were Dick McDaniel, Jomery Harmon, Paul Yarbrough, Joe Brandstatt, Vernon Stagner, John Horton, Leroy Maxfield, Lavern Long and Hubert Sawyer.
 Amherst residents questioned the court on why such action wasn't taken before the general election if they thought the JP precinct at Amherst was unnecessary. They raised the question that since both the Amherst and Sudan JP districts were abolished, why couldn't the voters have a say in whether Tobe Vereen or Jack Yarbrough was named JP for the combined precinct.
 County attorney Curtis Wilkinson pointed out that the commissioners court does have the right to abolish and redistrict JP precincts where other elective offices and districts cannot be abolished and redistricted. Wilkinson said in the event JP precincts are

abolished and/or a vacancy occurs, the commissioners court is to fill that vacancy by appointment.
 At times the meeting became heated, and at points two or three persons spoke at once. Some emotional points were reached when Arthur Hedges demanded to know what kind of character a justice of peace is supposed to have.
 "If we're going to state facts above the table, let's state them all," L. B. Eady added.
 The court reaffirmed their position taken in doing away with one JP precinct, saying that fines shouldn't favor only one section of the county and added that there was more harmony with only four JP precincts corresponding to the commissioners precincts.
 (1) The court appointed Wayne Cole of Olton as county civil defense coordinator;
 (2) Authorized Alvin Webb's office to conduct a county audit for 1974;
 (3) Set the voting hours from 8 a.m. until 7 p.m. for all elections held in Lamb County during 1975;
 (4) Met with George C. Wall, district highway engineer, and with Glenn Johnson with the Texas Highway Department concerning proposed paving of secondary roads which may come under realignment and be eligible for some federal aid in the near future;
 (5) Contractors for the proposed radio communications tower were present to discuss costs of telephone lines to county land NE of town as opposed to radio linkage and a possible new site for the tower.
 (6) Following completion of legal procedures, Security State Bank was designated as the county and school depository;
 (7) Monthly reports were approved and county bills were paid.

Trustees Meet In Long Session

The Littlefield School Board of Trustees met in a marathon five-hour session Monday night with three of those five hours spent in executive session discussing personnel.
 On a motion by David Hampton and a second by Mickey Ratliff and a unanimous vote by the board, the trustees went into the executive session at 8:40 p.m. and came back into the meeting room at 11:45.
 During the session, the board and Supt. Jack York met individually with the principals of the respective schools and the athletic director concerning their recommendations on rehiring of school personnel.

 The vote was 6-0 in favor of Martin's recommendations with Hampton abstaining from voting.
 Jim Settle recommended the re-hiring of all the teachers in Elementary I (subject to Title I funding) and recommended the acceptance of the resignations of Ann Pullig Jones and Winnie Smith.
 The vote was unanimous to accept the recommendations.
 Jack Christian, principal of Elementary II, recommended that the

board accept the resignation of Will Pylant, not to extend the contract of Harris Raye and to hire all other teachers pending the funding of Title I programs.
 The board's vote was unanimous.
 Byron Ford, principal of the Junior High, recommended to the board to accept the resignation of Mrs. Judy Ingram and to hire all other teachers.
 Ratliff made the motion to accept the recommendations and to give Leo Comer and Mark Hulín, each, a \$200 per year raise. Doug Walden seconded the motion and the vote was 6-1 in favor with Hampton voting against.
 Tommy Brawley, high school principal, recommended to the board to accept the resignation of Art Summerfield and to re-hire all other teachers. Walden made a motion, and Ratliff seconded, to accept the recommendations and also to give a \$300 per year raise to Eddie Hooper and a \$250 per year raise to Jerry Blakely.
 The vote was unanimous on the motion.
 In other business, the board voted unanimously to uphold the suspension of two high school youths, alleged to be in violation of the school board policy on the use of drugs, approved the financial statement, took no action on bids received on roof work for the

Parents For Better Schools Organized Monday

Richardson was elected Monday to head a new group called "Parents For Better Schools".
 The organization, open to all people, is an organization such as this is needed to provide a forum for citizens and parents to express their opinions and desires concerning the public school system.
 It is believed that another purpose of the organization is to provide support for these parents in which they feel are in the best interest of their children.

Other objectives are to support communications and mutual understanding between citizens and the school board, and to support extracurricular activities as a supplement to high quality education.
 It is believed that an organization such as this is needed more than ever, since there is no longer a Parents-Teacher Association active in Littlefield.
 These parents feel that it is their duty to support and stay informed of actions of the school board and the administrators, just as with State Legislators.
 This organization will attempt to insure the continuous upgrading in the quality of the school system.
 The group's next step will be made next Monday evening at 7:30 in the Willy Room of the Lamb County Electric Coop when all candidates who are running for

the school board, and all parents and taxpayers are invited for an interview and question and answer session with these candidates, to help with selections for the individuals you think will serve best on the school board.
 Other people elected to serve with Mrs. Richardson are Susan Head, vice chairman, Robert Williams, secretary-treasurer; and Emil Macha, publicity officer.

Springlake-Earth school board vacancies and the Earth council posts up for re-election are uncontested.
 Terms of Dwane Jones and Ray Joe Riley are expiring as school trustees.

Epsilon Delta Chapter of Delta Kappa Gamma met Saturday morning, March 1, in the Sudan homemaker cottage for a Texas birthday luncheon. The menu for the luncheon consisted of foods which were common in Texas during the various periods of Texas history. The recipes for the dishes will be duplicated and made into booklets which will be distributed to each member.

The program following the luncheon was given by two exchange students from Mexico City who are presently living with Dorine Harbin, a Delta Kappa Gamma member, in Muleshoe. Dorine had previously visited in their home in Mexico City and showed slides of her visit there. The two girls also showed slides of their home and country and spoke of their school, home, and living

conditions in Mexico. They are well impressed with West Texas and have enjoyed their stay in Muleshoe. Their father is a salesman for a school supplies company. Members attending from Littlefield were Elizabeth Ayres, Mary Barton, Harriett Cummings, Ruth Ford, Nettie Belle Hilburn, Gladys Houk, Nan Largent, Charlene Reast, Ruby Reid, and Hazel Ward.

The next meeting will be at 10 a.m. in Amherst April 5.

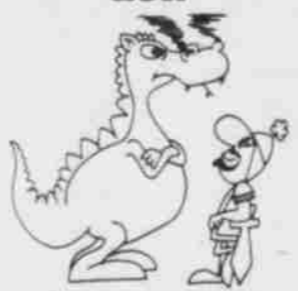

Two Attend Heart Course

Carole Faver and Evone Oliver attended the instructor course in Cardiopulmonary Resuscitation March 1 in the Mabee Auditorium at Lubbock Christian College. The course was sponsored by the CPR Committee of the American Heart Association, which is headed by Joseph Glennon, M.D. of the Texas Tech School of Medicine. Seventeen area counties were represented at the course.

Carole Faver also recently spoke to the women of the Sacred Heart Catholic Church on the factors in our every day lives that could cause us to become a cardiac candidate. She stressed the fact that certain risk factors cannot be avoided—such as heredity, sex, age and race—but with proper diet, exercise, a minimum of stress, no smoking and a regular check-up, one can eliminate or reduce their changes of heart attack or stroke.

The board of directors of the Lamb County Division of the American Heart Association will hold their regular meeting, Thursday, March 20, at the New Tasty Taco at 12 o'clock. All board members and anyone interested in working with the Heart Association are urged to attend.

Rogers, Clawson On STSU Honor List

Two Littlefield area students, John Andy Rogers of Littlefield and Edward A. Clawson of Rt. 1 Sudan, are among the 3,797 Southwest Texas State University students whose fall semester grades earned them places on the fall Dean's Honor and Superior Honor Lists.

Placement on the regular honors list requires that a

student be enrolled for a minimum of 12 semester hours of course work, excluding physical education activities, and that at least an overall "B" average is achieved.

The top academic listing, the Superior Dean's Honor List require grades of "A" in at least 12 of the required 15-hours of course work, and no lower than a "B" in the other three-hour course. Inclusion on the superior honor list requires a 3.8 grade-point average or above on a four-point scale.

Undergraduate courses only are considered in the list's tabulation. "I" grades—a designation used to indicate incomplete course work—earned during the fall semester also disqualifies students from the scholastic honor rolls.

Alcoholism Counselors To Meet Here Today

At 10 a.m. today, March 13, an Alcoholism Counselor's meeting will be held in the Lamb County Community Action Building on U.S. Highway 385 North, according to Joe B. Meador, coordinator/counselor of the 14-county project.

Howard Maddera, executive director of the South Plains Community Action Association, Inc. of Levelland, will be present to speak briefly and hear a first-hand report from the counselors who cover Bailey, Cochran, Crosby, Dickens, Floyd, Garza, Hale, Hockley, King, Lamb, Lynn, Motley, Terry and Yoakum Counties.

Charlie Duval, chairman of the Lamb County Community Action Agency will be present to extend welcome to the alcoholism counselors.

Recently, the South Plains Alcoholism Counseling Services Project Headquarters moved to Littlefield from Levelland, where the project had operated since its beginning on Oct. 1, 1974. In the first quarter, 146 clients had entered the program for either counseling or referral to treatment programs such as the Central Plains MH/MR Center in Littlefield or to Big Spring Hospital. Other area coordinating health providers include the Lubbock MH/MR Center; Texas Tech Medical School; West Texas Psychology Department's West Texas Regional Alcoholism Training Program; Vernon State Hospital and Big Spring Hospital Outreach Clinics and the Central Plains MH/MR Center, Plainview.

Besides actually counseling alcohol abusers, the alcoholism counselors initiate DWI Classes for probates in counties which participate in such programs; do prevention programs in indigenous poverty neighborhoods; refer alcohol abusers and alcoholics to area and regional treatment programs.

In the 14-county area there are an estimated 5,000 adult alcohol abusers out of the 146,000 people who reside in this region. The figures are based on the fact that 7 percent of all adults 18 years old or older abuse alcohol. This is according to latest facts published by the Texas Commission on Alcoholism, Austin.

Only about 10 percent of the alcohol abusers will agree to help of some sort. This means that about 500 people in this

area this year can be potential clients. As mentioned during the first three months of operation, 146 sought help and as the client load is increased it is assumed that at least 400 to 500 people will be counseled or referred by alcoholism counselors by the end of June. This means that this many people will be counseled and referred during a nine-month period, which is exactly the duration of the first grant year of the counseling project.

"We are determined to have a people's program, and NOT a paper program," Meador said.

Already, six Mexican-American Alcoholism Study Groups and two black groups are meeting within the 14-county area, and this is besides the county-wide study sessions which are being conducted in all of the 14-counties.

Friday, the alcoholism counselors will be viewing ways and means to provide more effective community alcoholism counseling and to create ways and means to take the message of the results of alcohol abuse to the general public including all ethnic groups.

Alcoholism is on the rise and even school children are involved. The National Institute on Alcohol Abuse and Alcoholism had published that out of high schools surveyed, it is a proven fact that 3.5 percent of high school students get drunk 52 times a year, once a week. Also the NIAA states that almost 3-million of the 9-million alcoholics in America are women.

This meeting for the counselors Thursday, will give them a chance to view the new headquarters. Besides an office space, there is a community room that can be used for group meetings, in the Littlefield Community Action Building.

Kindergarten, First Grade Pre-Registration Scheduled

Students who will be entering Littlefield Public School next fall in kindergarten or the first grade, should be registered in the principal's office of the Primary school building sometime during the week of March 17-21.

Students who are presently attending public school kindergarten are already registered, and do not need to register again.

Children eligible for kindergarten next year include:

All children who are educationally handicapped who are five years old on or before Sept. 1, 1975 will be eligible to attend the full-day kindergarten program. Educationally handicapped are those who may have difficulty reading or understanding the English language, or if they are from low income families of \$3,000 per year or less.

In addition, any other child who will be five years old on or before Sept. 1, 1975, will be eligible to attend kindergarten

one-half day. Plans are for the students to attend in the morning will remain in the room for lunch in a smaller group when the students go to the lunch room.

The basic academic program stressed in the morning, and art, music, physical education will be in the afternoon.

"It is very important for the child who is eligible and plans to attend kindergarten next school year registered this spring in order that plans may be made to provide the number of rooms," stated Martin, principal.

"Every child who will be six on or before Sept. 1, 1975, who registered for the first grade, child registered for the kindergarten first grade, must bring his certificate and record immunizations," he concluded.

Jurors Favor Durham's View

One civil case set for trial last week was heard by a jury. Jurors found in favor of the defendant, Raymond Durham.

Jurors did not find that Durham had converted corn nor unlawfully removed fixtures and improvements as stated in the suit brought by Wanda E. Cooper as executrix of the Azzie McGill estate.

Mary Lois Campbell was foreman. Others jurors were Andy Stovall, Mrs. W. T. McCain, Mrs. Matt Nix, Dale Hanna, Kenneth Sjoegen, Minnie Hernandez, Kenneth Jackson, Bill R.

Poe, Beatrice Saenz, Mrs. Bob Potts, and F. R. Walker.

Two cases set for trial were settled out of court. A suit filed by Travis Wayne Jones versus Olan Wharton on a wage claim was settled. And a suit brought by Grant Wabington Jr. versus George Alvin Taylor and Maria Dammenebure Taylor for personal injuries and property damage was settled out of court.

Five other cases on the docket were passed to another session.

James Peel Still On Critical List

Sixteen-year-old James Peel of Amherst is still listed in critical condition in the intensive care unit of the Methodist Hospital and is still unconscious following a wreck in Amherst Thursday afternoon.

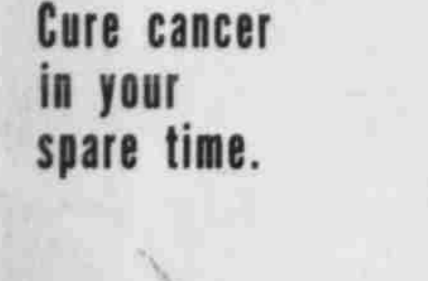

Kenny Thompson, 15, went into surgery Tuesday for repair of a broken leg and broken hand. Thompson had a concussion, also, but regained consciousness Friday.

The Peel boy has a concussion, a broken leg and dislocated hip. He is the son of Mr. and Mrs. Homer Peel. Ken-

ney's parents are Mr. and Mrs. George Thompson.

The Amherst youths were injured when the pickup they were riding in went out of control and struck a utility pole and bounced into a tree inside the city limits of Amherst last Thursday afternoon.

The driver was Martin Sanchez who was only injured slightly. Another Amherst student, Gary McDaniel, was treated at the Methodist Hospital in Lubbock and released.

DEAR EDITOR

March 10, 1975

Dear Editor,

Ever since the slogan sticker "I Like Littlefield" was put out I have wanted to express some reasons why I like Littlefield. During Luther's recent illness and recuperation I like Littlefield even more. The town showed us they were concerned and that meant more than we can ever express in words.

The post office was on main street when my family moved here, and there was no paving. All these years there

have been leaders who worked better this community.

I think we who are not leaders somehow show our appreciation to the people who are. So I say thanks to you from those who made the effort on Main Street, those who later moved downtown Littlefield, right in the present time of bringing into this community and making possible for us to maintain hope in Littlefield.

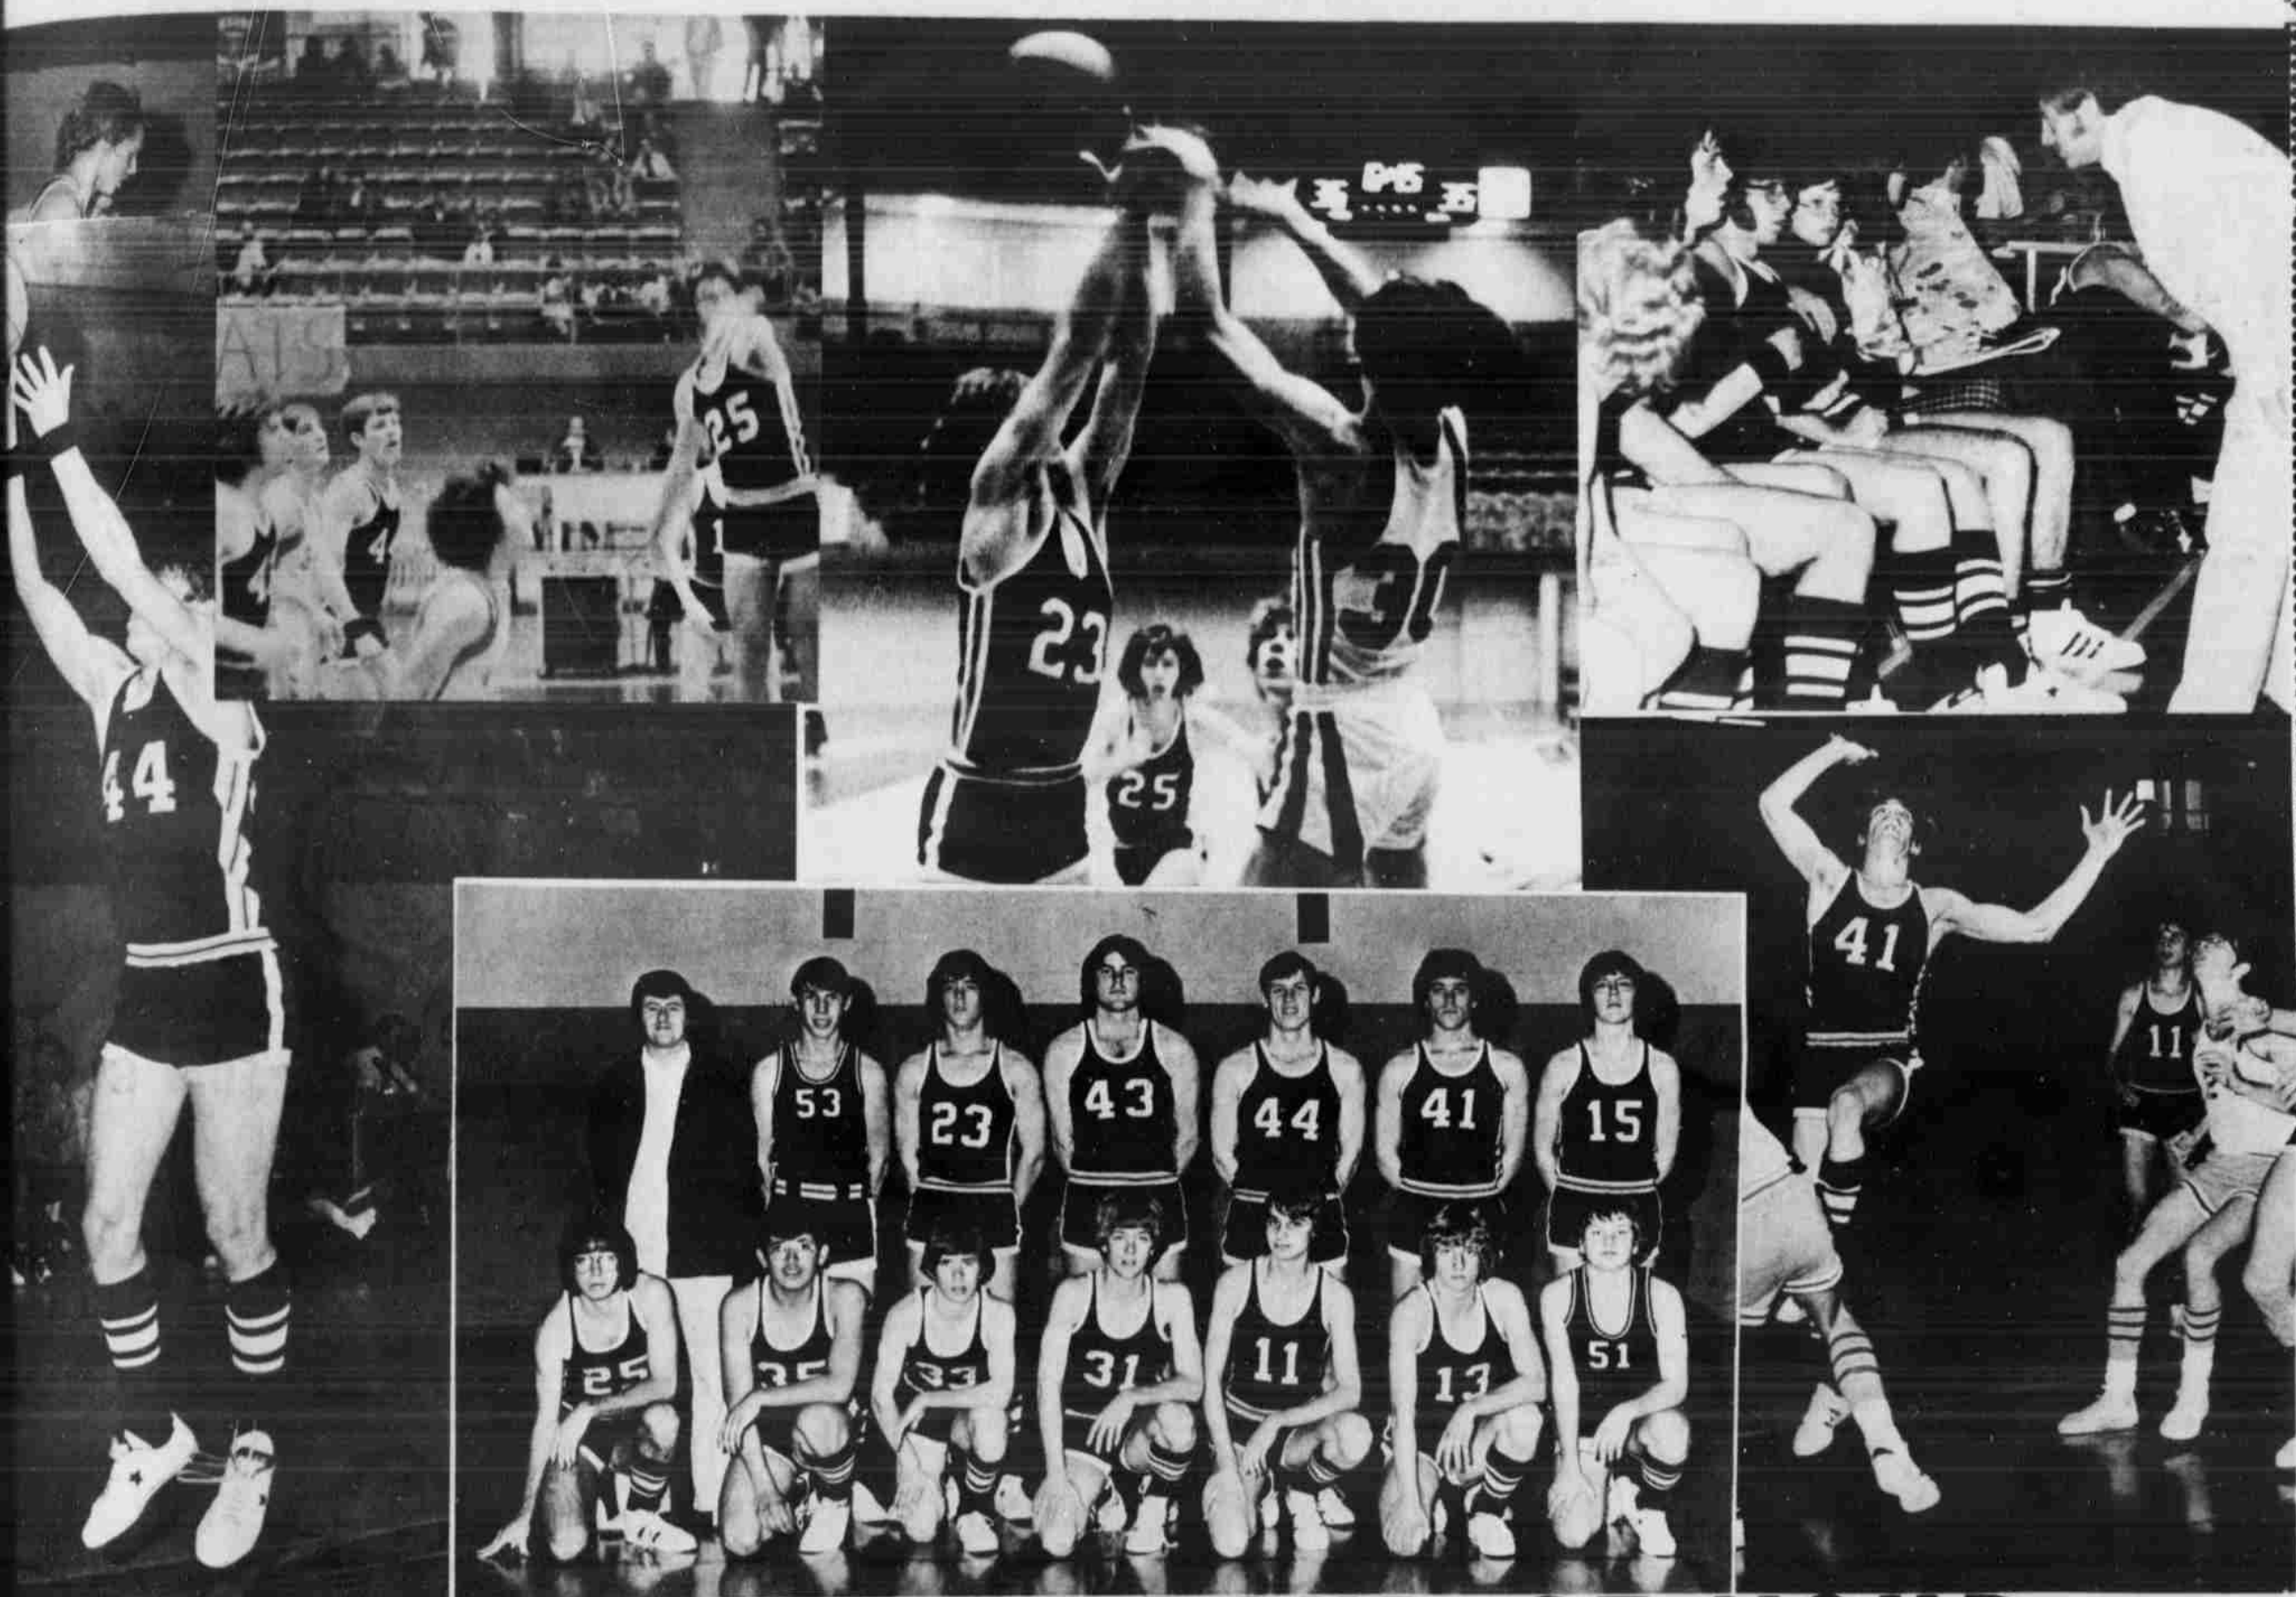

Again we say thanks for your concern during Luther's illness caring will not be forgotten.

I like Littlefield.

s/Mrs. Luther

GOD'S FIVE MINUTES

This Series Made Possible by These Business Firms and Individuals Who Support Our Right to Worship Freely.

HE WENT ABOUT DOING GOOD

It was never said of Jesus that He went about being good. What He did was to go about doing good. When we are told to do the same, the question always arises, "Do what good? Attend church? Study the Bible? Attend committee meetings?" Is that "going about doing good?" The answer is NO! The "doing" that imitates Jesus is much, much different.

He said, "You are salt, and should be mixed into the world's bread. You are seed, and seed must be scattered into the world's fields. You are light, and light must radiate out into the world's darkness." "Doing" and "being" are not self-exclusive, but the "doing" that counts is the doing that truly serves God and man.

SPADE GOES TO STATE

Continued from Page 1

and to Abernathy by 22. "I'd say the big loss to Abernathy really did us good," Haynes said. "We were coasting along, really riding high after beating Hawley (who had a 31-0 mark before the game) and Shallowater (the Class A regional champ). We thought we couldn't be beat. Thank goodness Abernathy did it to us before we got to regional. That brought us back down to earth."

Two years ago, Spade lost in the first game at the state meet to Weatherford Brock. LaPoynor won it all that year, came in second last season and are back into the tourney with a 41-0 record. They'll be favored again this year. Their first round opponent, Richards, is 30-9.

McGargle lost their first game this season, but since then has reeled off 41 straight wins. They are led by 6-4 forward Guy Livingston, an exceptional

rebounder with a 19 point average. McCargle's other hot shooter is Hons, a guard who is also scoring 19 a game. Cuba, a 6-4 forward, Nolte, a 6-3 center, and Jim Livingston, a guard and the only non-senior, round out the top five.

"They've been averaging around 68 points a game, and they'll definitely have a height advantage on us," Haynes warned. "But we'll stick to our 1-2-2 half-court press and try to force the turnovers, like we've been doing all year. You've got to keep riding the horse that got you there."

Spade runs a three-guard offense, with Reed, Batson and Mills outside. "A lot of times people think we're stalling," Haynes said, "but we're just trying to get the ball inside to one of our big men. We're usually pretty patient. Also, Gaylon's biggest strength is

penetrating, and when he starts moving inside it almost gives three post men." Haynes says the Longhorns' pressure defense is their strong point. All of Spade's starters average at least two steals per game, and a lot of those lead to easy baskets. Also, on a team with five senior starters, experience has got to be a plus.

Spade's biggest weakness comes at the free throw line, where the top six are shooting a dismal 51 per cent. "I don't know what I can do to improve our free shots," says Haynes. "We've tried every practice gimmick in the book, but nothing seems to work."

Still, enough things have been working for Spade to build that 39-4 record. And with big crowd of fans expected to make the trip to Austin, Spade will be trying for 40 and 41.

USDA Grad Credited With High Food Cost

R. L. Moore, president of the Independent Beef Producers of America advised the members of the national organization during a meeting in Houston that the USDA grading "with their unrealistic stationary charges for beef, is one of the hidden reasons our food baskets today are so high."

The USDA grading charge to a packer is \$1.00 an hour, and if the packer located where the processor is stationed, he must pay an hourly charge to and from plant plus mileage. Exorbitant charges ultimately passed on consumer in higher priced meat," he charged.
