

Hallowe'en Carnival, Spook House entertain here this weekend

HALLOWE'EN CARNIVAL

The Hallowe'en Carnival, sponsored by the Alpha Lambda Zeta Chapter of Beta Sigma Phi, will be held from 6 to 10 p.m. Saturday in the Lamb County Ag and Community Center.

Thirteen other organizations will be operating booths at the carnival, which will be "supervised fun for the children indoors in a safe place," states Stella Randermann, publicity chairman. She continued, "This is a ways and means project for Alpha Lambda Zeta, in cooperation with other clubs and organizations in town for their money-making projects."

Organizations which have entered booths include: FHA, a fortune telling booth; DeMolay boys, fishing booth; Presbyterian Youth, popcorn balls and candy apples; Young Homemakers, a hospital booth; DeMolay mothers, Coke ring toss; Girl Scouts, cupcake walk; Senior MYF, ball throw; Xi Nu Nu Chapter of Beta

Sigma Phi, pan for gold; Littlefield High School Student Council, car bash; Band Boosters, cotton candy and popcorn; Early Risers Lions Club, Bingo; Texas Tau Chi Chapter of Beta Sigma Phi, spook house; and Beta Sigma Phi City Council, a jelly bean guess.

The sponsoring organization will operate the refreshment stand, where sandwiches, hot dogs, pickles, brownies, cookies, Rice Krispy treats, coffee, hot chocolate and soft drinks will be sold.

They will also be operating a hayride— with some surprises.

SPOOK HOUSE

The Littlefield Bands will be sponsoring a Spook House Saturday and Sunday nights from 6:30 until midnight, and 7 to 10 respectively.

The location is South Westside and Fourth Street, in the old Scout Hut in deep dark Laguna Park.

This is no ordinary Spook House. There will be eight sep-

arate rooms— each guaranteed to scare. No expense is being spared to bring some of the most famous monsters and characters from around the world.

There will be an appearance by the Egyptian mummy, also the original Werewolf, and Lord and Lady Dracula from Transylvania.

Other special rooms include, the witches' room, the torture chamber, the infamous execution room.

The ending is especially designed to be a spectacular climax to the entire thrilling experience.

"Everyone is welcome to come," said Tom SoRelle, Wildcat Band director. "However, due to the shocking effect of some of the rooms, no children under six will be allowed to go through without an adult."

Admission charge will be \$1 per person for each night.

"Much hard work and planning is going into this project, and we believe this Spook House could well be the best you have yet visited," said So Relle.

POWELL'S UPHOLSTERY was gutted by fire at the rear of the business Tuesday morning, and heavy smoke damage resulted to

the front. Volunteer firemen work at pouring water to a storage area in the back.

Students to get holiday while teachers attend meet

Public school students in the Lamb County area will enjoy a holiday Friday, Oct. 29 when approximately 5,000 teachers and school administrators from 17 West Texas counties gather in Lubbock for the ninth Annual Convention of District XVII, Texas State Teachers Association (TSTA).

Counties included in District XVII are Bailey, Cochran, Cottle, Crosby, Dickens, Floyd, Garza, Hale, Hockley, Kent, King, Lamb, Lubbock, Lynn, Motley, Terry, and Yoakum.

Dr. Charles L. Allen, pastor of Houston's First United Methodist Church, will be principal speaker

at the morning session. He is a well-known speaker, an author of 20 books, and writer of a column for the Houston Chronicle and other newspapers. His church has nearly 11,000 members and is the largest Methodist Church in the world.

The general session Oct. 29 begins at 9:30 a.m. in Lubbock Municipal Coliseum.

Mrs. Ben McGregor Jr., president of District XVII and a teacher at Frenship High School, will preside.

Larry Yawn, immediate past president of TSTA, will bring greetings and a report from the state organization.

Central Standard Time returns

The controversial Daylight Saving Time will be departing Sunday morning at 2 a.m. (or is it 1 a.m.?) when Central Standard Time returns.

If you move your clock backward an hour before you retire Saturday night, it'll be 1 a.m. on your clock.

At any rate, we'll be getting to sleep an extra hour Sunday morning.

Tracing the origins of this practice of setting clocks ahead one hour to gain some extra daylight leads back into the dark-

est ages of unrecorded time and into this century and some blurry controversies about the practice.

Daylight saving time obviously must first have been observed, albeit not consciously, by prehistoric cavemen who shouldered their clubs and emerged from their caves earlier each morning as the vernal sun cast enough light to hunt. A million years later Benjamin Franklin pointed out in an essay that many candles would be saved if Americans arose from their beds earlier in summertime and retired before darkness fell.

His words were read as whimsy, nothing more.

More than a century later, in 1907, William Willett of Chelsea, England, published a serious treatise titled "Waste of Daylight," in which he advocated setting clocks ahead in the summer months. His words were so convincing that a bill to establish "Willett's time" was introduced into the House of Commons, but it failed to pass.

A year after Willett's death in 1915, the British adopted his plan with modifications. Their World War I enemy, Germany, had set German clocks ahead as a war measure, so the British took similar action. After the United States entered World War I, Congress passed a measure providing for nationwide Daylight Saving Time from March through October.

President Woodrow Wilson favored retention of "fast time" in the summer months after the war

Olton Women's Clubs set turkey dinner

The Olton Women's Clubs have scheduled their annual Turkey dinner Friday night from 5 to 8 p.m., prior to their game with Littlefield.

All Littlefield residents are in-

ited to eat buffet-style turkey dinner in the school cafeteria before going to the game.

Tickets are \$2.75 for adults and \$1.75 for children under 12 years old.

A GROUP of elementary II students pause for their studies to enjoy a break on one of the benches the Rotary Club has constructed for Littlefield schools. Two of the benches are now in use,

with many more expected to be scattered on the school campuses soon. Students from left to right, are, Jimmy Duenes, Dorothy Williams, Mike Johnson, Arthur Jackson, Amy Smith and Tommy Luna.

Rotarians shown are project chairman Randy Birkelbach, Warren Dayton, Bob Kirk and Charlie Duval.

Troopers investigate five rural accidents

Harold Kenneth May of Sudan was taken to the Littlefield Hospital for treatment of a head injury and bruises he got in a wreck in Sudan Saturday afternoon.

According to investigating THD troopers, May's lunch pail fell in the floorboard and he reached to get it. When he looked up he was heading into a trailer full of cotton seed being pulled behind a pickup owned by Littlefield Delinting and driven by Willie Jean Thornton.

May ducked again before hitting the trailer, saving himself from serious injury, according to the investigating officers.

The troopers investigated a wreck at two county dirt roads southwest of Olton Saturday morning. Eloise Galloway of Olton was driving a car and failed to yield right of way at the intersection and hit a second vehicle driven by Jesus Fonseca of Mathis. One of the boys in the Fonseca vehicle was taken to a Plainview hospital with minor injuries.

Thursday afternoon about 1:40 Benjamin Beauchamp of Sudan

was driving along FM 303 five miles south of Sudan and failed to see one of two tractors with mowers working along the roadway. He changed lanes to pass one tractor and hit the mower on the tractor on the right side of the road. He lost control of the vehicle and landed sideways in the bar ditch.

Wednesday about 3:40 p.m. Doyle Baccus of Sudan received rib bruises and shoulder injuries in an accident at Main and FM 303 in Sudan. Baccus was driving west on 2nd Street and failed to stop at the intersection and collided with a vehicle driven by Christie Renee Humphreys of Sudan.

A minor accident occurred in Amherst about 6 p.m. Tuesday evening when a vehicle driven by Francisco Morales of Amherst was traveling on 10th Street and failed to control speed on a turn. He lost control of the vehicle and struck a fence.

The accidents were investigated by Ray Cannon and Daniel Alvarado.

years. Both teams are fighting for survival this year. The winner will remain in the title chase and the loser can break out the roundballs.

The two teams are similar in many respects. Neither squad has size or speed, but both are quick.

The records are about the same. Olton has a 2-4-1 mark while Littlefield is 2-5. The records against common opponents confuses rather than clarifies the situation.

EDITORIAL

Vote on November 2

THERE ARE indications that the voter turnout on this election day may be extremely light.

If true, that is a sad commentary on the state of American democracy—especially coming at a time when democracy is on the wane throughout the world and increasing vigilance by each of us is essential if we are to pass on to our children the freedoms we hold dear.

Someone has said that "a society of sheep must in time beget a government of wolves." And the late American jurist Learned Hand noted that: "Liberty lies in the hearts of men and women. When it dies there, no constitution, no law, nor court can save it."

THE VERY ACT of participation in the election process probably says more about the health of our system of government than the outcome does. Good men and women can and do disagree on who is most fit to lead our country, our states, our counties and our cities.

But the very act of contributing

to these decisions helps the best candidates to rise above the less worthy ones. Voting also gives the lie to Communists who contend that the death of our free way of life is ordained by history.

WHO TO VOTE FOR? We would suggest that you consider well the men who are on the ballot, and support those you believe are most likely to uphold the values that have made America strong and free and will keep her that way as she enters her third century.

At the top of the ticket, the gaffes of President Ford and Governor Carter regrettably have overshadowed the substance of their respective positions during the campaign.

IT IS IMPORTANT to note that it is equally crucial to elect a U.S. Congress dedicated to the principles in which you believe.

But remember—however you intend to cast your ballot, the most important thing is still that on Nov. 2, you do it!

CLIPS & TIPS

VARIETY IS the spice of life, and variety meats offer a good change from the usual weekly round of meats.

Liver is probably the most popular variety meat. Loaded with nutrients, it is an excellent source of iron, protein, vitamin A, the B vitamins and minerals. It is an economical source of protein, with virtually no waste.

Chicken livers are a popular type of liver. Long known as a gourmet treat, they are now enjoyed in regular menus. Right now, supplies are abundant, and prices are reasonable.

The Texas Department of Agriculture home economist advises that liver can be made unappetizing if overcooked. When preparing it, take special care to cook over moderate heat for a short time, just until tender.

Chicken Livers Stroganoff is a tasty, attractive dish—even the most stubborn liver-hater may decide to give it a try.

CHICKEN LIVERS STROGANOFF

- 1 lb. chicken livers
- 2 Tbsp. butter
- 2 Tbsp. vegetable oil
- 1/2 finely chopped onion
- 1 cup sliced mushrooms
- 2 Tbsp. flour
- 1/2 cup condensed cream of chicken soup, undiluted
- 1/4 cup chicken broth
- 1 cup sour cream
- 3 Tbsp. chopped parsley

Fluffy Rice
Sauté livers in butter and vegetable oil. Remove the meat; keep warm in a covered dish. Add onions and mushrooms to the pan and sauté about five minutes. Sprinkle flour over the vegetables and stir. Add cream of chicken soup and broth. Stir until mixture thickens. Just before serving, add sour cream, livers and parsley. Heat mixture thoroughly, but do not allow to boil. Serve over Fluffy Rice.

YIELD: 6 servings.

was over, but Congress in 1919 passed a measure repealing it and then overrode a presidential veto of the repeal.

World War II brought "fast time" back to the United States nationwide for the duration of the conflict. After the war ended in 1945 so did the "fast time" law.

The story of Daylight Saving Time in the United States during the next two decades was a story of confusion. Acceptance or rejection of advanced summer time seemed to depend on how much credence was given locally to farmers who insisted that cows gave milk and hens laid eggs on standard time. The journeys of train and bus travelers in the 1950s often were hindered by horrors resulting from a hodgepodge of time zones.

THE ABUNDANT LIFE

Make it right

IT SEEMS THAT some people prefer a state of strife and conflict; they don't seem to want to get along with others. Perhaps it is more nearly accurate to say that they don't seem to know how to maintain pleasant relationships.

Of course, all of us, at the very best, have some difficulties in maintaining congenial relationships with other people.

WE MUST NOT be discouraged by the difficulties which occur, in our associations with our fellow-men. Our communications are not perfectly performed; there will be misunderstandings, most of them unexpected; there will be misconceptions; there will be misinformation; gossip will cause some problems; and there will be other disruptions.

In general, all of these things are part of the normal human scene; and largely because of our humanity, or imperfections. There will be some unpleasant associations attributable to perverseness in the thought and actions of persons who cannot get along with anyone.

FROM OUR STANDPOINT, so far as it depends upon us, we can sustain a satisfactory state of interrelatedness. When we have made a mistake in our speech, or our deeds, or our response, or whatever; we can "make it right".

We can apologize, or explain, or make restitution, or do whatever may be possible and reasonable to restore a congenial climate for interaction with those who may be displeased.

Occasionally there may be someone who is completely implacable.

This is unfortunate, but we not be upset by it.

OUR EFFORTS to "make it right" may be rebuffed, but not sufficient reason for ending the effort.

Such a rebuff is always disappointing, and can be discouraging; however, we must never let these feelings to remain. Even when we are rebuffed, effort will not have been in vain because we will be stronger in spirit for having tried.

It is helpful to know that in some instances, a favorable response will come later. Regardless, we must hold no ill-will; conciliatory efforts are repayable.

SOME PEOPLE MAY NOT have a pleasant association with us, but we must not permit knowledge to cause to lower standards of good behavior, will and sincere cordiality.

They may do wrong to some way, and make no effort to "make it right"; and if we offend them they refuse to "make it right". They deliberately refuse to be congenial, and it is unfortunate; but we must accept and do so as graciously as possible.

MOST OF US WOULD like to live and work with others so there would never be misunderstandings, or hurt feelings; will; but this is probably too much to expect.

Nevertheless, we must try. This includes our efforts to "make it right"; we have made some mistakes.

HONNY BRATS

By CORNBALL BLEVINS

IF DAYLIGHT Saving Time is so wonderful, how come we don't start havin' summertime-savin' years? That is to say, we'd turn the calendar forward one month in the spring, and then back a month in the fall. That'd shorten winter one month on each end.

Just think of all the extra fishin' time we'd have, and that's to say nothing of the extra growing time for our crops.

JUST WONDER how long it'll take our lawmakers to think of that??

THE BIG WORRY in political camps as of now seems to be voter apathy. Seems there's a bunch of people puttin' on an act of "don't care, I'm just not gonna vote!" I wonder how true that'll hold, come election day?

Looks like the Demos are the big worriers. They seem to think that it'll be their bunch that'll be stayin' away from the polls. Of course this would just be one way of casting a vote for Mr. Ford, without havin' to cross party lines.

NATURALLY, THIS is true, no matter which side of the fence you're on. Neglectin' to vote counts a vote for the opposition.

I reckon I'll just go ahead and exercise that votin' right, then, if things don't go to suit, I'll feel perfectly free to exercise my right to gripe!

SPEAKIN' OF WORRY! Guess the big topic of discussion, among Cowboy football fans, must be the condition of Roger Staubach's tea-sippin' finger. It's more of the same ol' story. When you've put all your aigs in one basket, it's quite upsetting' when the basket is dropped!

Felt plumb proud of little Danny White for coming into Sunday's game and carryin' right on like he'd been playin' in every game! This despite the fact that Landry had let him play just a few minutes in one previous game. (At quarterback, that is.)

JUST HOPE he's not as temperamental as Clint Longley!

THIS BIG SPRING judge that's been poppin' off about there not

being a 55 mile per hour limit, in Texas, has done it! I'm gonna cause more conversation than Carter's interview with Boy, and Ford's remark about Soviet suppression in Europe.

There IS a 55 mph speed limit in Texas, and I've got the camera check to prove it!

NONETHELESS, THIS is a tune flap about it not being in is gonna cost someone a lot of and trouble. And, I might add, the law isn't valid, it should be made so.

Just where was our esteemed state legislature, when all that buck passing was taking place?

Pre-nuptial courtesy honors bridal couple

EARTH— Miss Monda Martin of Seminole, bride-elect of Clifford Daniel, was complimented with a pre-nuptial courtesy Saturday in the home of Mr. and Mrs. Macky McCarty.

The party table was laid with a white satin cloth with white lace overlay. Centering the table was an arrangement formed by three tiers of white and yellow ruffled net and ribbons topped by a miniature bride and groom. On either side of the ruffled net were candle holders with net and ribbon trim, and fitted with long white tapers.

White chrysanthemum corsages were presented to the bride-elect, her mother and mother of the prospective groom.

Silver and crystal appointments were used in serving yellow fruit punch and cake squares decorated with yellow and white wedding bells.

Out-of-town guests included Misses Tuesday Martin of Seminole and Donna Daniel of Lubbock, sisters of the bridal couple.

Joella Lovvorn chosen for honor, recognition

Miss Joella Lovvorn, news editor of the Leader-News, has been chosen for honor and recognition in the Ninth edition of "Community Leaders and Noteworthy Americans," the Bicentennial Memorial Edition, commemorating America's 200th year.

Persons whose biographies appear in this reference work are selected by the editorial staff of the American Biographical Institute from nominations provided by previously included biographers, mayors, legislators and other public officials; by colleges and universities;

and by professional, business and civic organizations at the local, state and national levels.

In addition, the editors nominate people who in their opinion are worthy or inclusion based on their past achievements, positions of responsibility held, or positions entrusted by local citizenry.

Miss Lovvorn was previously nominated by her alma mater, Wayland Baptist College, for recognition in the 1970 "Outstanding Young Women of America", and the Bicentennial edition of "Personalities of the South."

Fall accessories offer new look

Rugged, athletic looks typify the accessories collection this fall. And choosing from these new exciting items is a fun, inexpensive way to "update your appearance," Mrs. Dorothy Powell, County Extension Agent, says.

For a smashing look, the head is almost always hooded, helmeted or wrapped. For a totally new look, try the English boarding school cap.

The waist is belted or sashed, either with wide, low-slung belts or several narrow aviator straps, she said.

Use scarves to wrap or

drape the head, neck waist or hips. Big blanket scarves, knitted shawls or mufflers, hung over one shoulder, create the popular serape style.

Low-slung suede and leather drawstring bags can be pouches, pockets or sacks on narrow straps hung around the neck or waist.

Legs are covered and layered with textures and colors in knits, leathers, and cords. Panty hose may be sheer or opaque with interest created by ribbing or space-dyeing. Pin-stripes, herringbone and chevron patterns in pantyhose complement tailored suits for a menswear look, she said.

Knee-highs may be textured and patterned with ski wear sweater look, rugby or soccer stripes, or the space-dyed look in bands or argyles and rugged three-dimensional black cable or fisherman knits. Or they may be shiny nylon knits with heat transfer prints, nubby cotton tweeds, matalics or brushed mohair looks.

Whatever the style, the knee-highs are often cuffed over midcalf or knee-high boots. Shoes take on a hearty look, and some are sporting square heels.

Matte wood jewelry with metal trim, twisted gold or silver stain ropes, and western gear add the finishing touches to fall fashion.

Harvest Day *Springlake -Earth 4-H's* dinner, bazaar held at Earth *meet for business session*

EARTH— The Harvest Day Dinner and Bazaar held annually in Fellowship Hall of Earth United Methodist Church, is slated for Wednesday, Nov. 10. Serving will begin at 6 in the evening and continue until 10 p.m.

Price of the dinner is \$2.50 for adults and \$1.50 for children.

Numerous items provided by the Bazaar are designed to supply the needs for Christmas gifts or for the homemakers' use in her own home.

Everyone is invited to attend the event.

A baby sitter will be provided.

EARTH— Springlake-Earth 4-H club met Monday night at the Earth Show Barn with Tommy Graham, president, directing the session.

Kevin Riley led the pledge and 4-H motto. Loretta James presented inspirational thoughts.

Members answered roll call by naming their favorite subject at school. Petra Lewis read the minutes of the last meeting and treasurer's report was made by Glenn Branscum. It was announced that members must attend a minimum of one half the regular meetings to be eligible to show animals at any stock show.

Mrs. Jearl Jones brought the program on photography, demonstrating methods of using a camera.

Cliff James directed games with club members participating in a tow sack race.

Steve Washington is a new member of the 4-H organization.

Hosting the meeting were Mrs. Pat Lewis and Mrs. Donna Hampton, who served refreshments to 33 members, four guests and nine adults.

Pioneer Days

By V. M. [Pete] PETERMAN

ROADS

Not many people here today remember that road from Yellowhouse to Lubbock back in the early 1900's. Well, it varied in width according to the latest weather.

If the ruts or tracks got too rough, or water in them, you just moved over and started some new ones. And there were no cattle guards.

You just had to get out and open the gate when you

came to a ranch line or partition fence. Most of the way the road or trail went by several windmills, so that you could stop and water your team, or maybe get a water sack or jug filled. Or maybe some of the late-comers could fill the radiator on the Model T.

Anyhow these roads or trails were a mess in bad weather. From Olton to Plainview you sure couldn't get too close to those old Playa lakes in wet weather. Getting stuck was a common occurrence, and that meant getting home late.

So, you didn't have a set way to go anywhere. You just went through the country from one place to another.

From Halsell's ranch to Lubbock, you had to cross a lot of sand hills and sandy roads are always bad unless it had just rained. They had a lot of places on the road where they had to take team-drawn scrapers and clean the sand out down to the clay. This was known as the scraped out road, but they had to be re-dug once or twice a year during sandstorm days.

All the big ranches had Freight Wagons that stayed on the road most of the time, and they all knew the best way through. They all had a chuck box on the rear, and can of axle grease on there somewhere.

When the railroad came through on its way to Clovis from Slaton, they had to create a road along the tracks so the construction workers could get supplies to their job, and build a right of way, and of course, everyone used any road that was open.

As time went on, and the farmers came and with their livestock and fences, roads became more of a problem.

When a farmer fenced his farm, more than likely he fenced somebody's road. Not all section lines could be traveled, and sometime to get anywhere, you had to go a long way around.

Believe me, those early-model cars with hard tires and low clearance had a time keeping out of the mud and sand beds.

But, it wasn't long until motor-driven graders and modern machinery became available, and better roads became a part of every traveler's dream. With a lot more tax payers, and county funds, good roads became a lot better and straighter.

When Franklin D. Roose-

velt became President, things got a lot better in a lot of ways. Main highways or through routes were soon paved, and three paved highways crossed Lamb County. Within a few short years, farm-to-market roads were paved all over the County. State highway and County funds are set aside to insure good roads for everyone to enjoy. Balloon tires, shock absorbers, and a lot of improvements in modern automobiles and trucks have made a lot of difference in man's way of travel.

The Promises of God

By CARL F. KASTEN

"The heavens declare the glory of God; and the firmament showeth His handywork." Ps. 19:1

Mr. and Mrs. Carl Kasten, accompanied by Mrs. Lillie Belle Kramp from rural Abernathy, drove to Green Forrest, Ark. last week for the Mid-America-Missions annual conference.

The route through Oklahoma and northwest Arkansas was a real delight because of the beautiful fall colors along the roadside and on the mountain sides. No artist can compete with God's handywork.

"Enroute, we visited with friends in Caddo, Okla. and had dinner Saturday with Mr. and Mrs. Jess Taylor. Mrs. Kramp and Mrs. Taylor are sisters.

Sunday we attended services at McCurtain Bible Church where Carl brought the morning message. Mrs. Kramp and her last husband were instrumental in starting the McCurtain Bible Church several years ago. Mrs. Kramp had a part in the morning service by giving her testimony and playing a number on the

Town and Country Club conducts business meet

EARTH— Mrs. Bessie Cearley hosted the Town and Country Club meeting in her home Thursday.

Mrs. Wayne Rutherford directed the business session in the absence of Mrs. Gladys Parish, president. Plans were made for representatives to attend the district workshop in Ralls.

Theme of the meeting was "The Necessity of Understanding Economics."

James Palmer funeral slated

JAMES PALMER Services for James Owen Palmer, 59, of Littlefield, will be at 2 p.m. Thursday at Hammons Funeral Home Chapel here with Rev. Ben-

ny Goss, pastor of the Sunset Avenue Baptist Church and Rev. A. J. Kennemer, pastor of the First Baptist Church, officiating.

Burial will be in Littlefield Memorial Park. Palmer died at 12:30 a.m. Tuesday in Lubbock's Methodist Hospital following a short illness.

A native of Pittsburg County, Okla., Palmer had lived in Littlefield for 26 years. He was a service station operator and a World War II veteran. He married Mildred Duke Sept. 25, 1947, in Eufaula, Okla.

Survivors include his wife; two daughters, Miss Carmen Palmer, of the home, and Mrs. Shannon Kesey of Littlefield; a sister, Mrs. Rena Bailey of Eufaula, Okla.; four brothers, D. C. of Amber, Okla., Jack of Dell City, Okla., Joe Metcalf of Eufaula, Okla., and Luke Metcalf of Checotah, Okla.; and a grandchild.

Sandwiches, millionaire pie and coffee were served.

Present at the meeting were Mmes. Mary Butter, Adria Welch, Marie Ross, Carra Morgan, Helen Kelley, Ola Fanning, Lillian Hamilton, Grace Hoooley, Rutherford, Cearley and the guest, R. J. Brock.

After having been gone nine days, the Kastens and Mrs. Kramp returned to their respective homes Saturday afternoon.

Guests speaker, R. J. Brock who represents Farmers Union Insurance, discussed different types of insurance.

Have you tuned in to the new corn planting program?

STAGGERED MATURITY MAKES SENSE

The agronomists at Pioneer Hi-Bred have developed a corn planting program that offers some significant benefits to farmers in this area. They recommend planting three hybrids with different maturities, a short season, a medium maturity and a later maturity. This staggered maturity technique provides four big benefits:

1. Provides insurance against weather and disease.
2. Spreads critical irrigation times.
3. Allows you to harvest each at optimum times.
4. Uses equipment and labor more efficiently.

On the basis of hybrid performance data gathered over several years, our agronomists have selected three hybrids for each area. The selection takes into account soil types, weather patterns, the prevalent cultural practices, water availability and disease and insect problems by area. Here are their recommendations for this area:

A SHORT-SEASON PROFIT PRODUCER

3780 is a short-season variety that really proved itself in 1976. It is approximately 14 days earlier than 3369A but doesn't concede profit for its earliness. It may yield a little less than the later hybrids, but costs less to grow.

THE MOST FAMOUS MEDIUM MATURITY

3369A is a medium-maturity corn that has been setting yield records around the Southwest for a number of years. It is planted on more acres than any other hybrid and with good reason...profits in good years and bad.

LATER MATURITY FOR RECORD YIELDS

3305 makes use of our long growing season to produce more corn. It will normally harvest five days later than 3369A. It is a tall hybrid with the ability to stand well. Its upright leaves make for easy combining.

Your Pioneer seed dealer is taking orders for these hybrids now and will soon have a booklet describing recommended planting times, probable silking, maturity and harvesting dates. The staggered maturity corn growing program is aimed at giving you the most profit possible from your land in 1977 whether it turns out to be a good year or bad.

PIONEER HI-BRED INTERNATIONAL, INC.

Performance of seeds on the crop produced therefrom may be adversely affected by factors beyond our control including environmental conditions, insects and diseases. You can count on P-A-G SX520 producing big yields on a medium tall stalk of excellent quality.

- Fast germination, plus excellent seedling vigor.
- A perfect combine corn, P-A-G SX520 also has very good picking quality.

Plant P-A-G SX520 - it's the one for this area.

Amherst News

MR. AND MRS. Randall (Chic) Crawford were in Amarillo during the weekend to move their daughter, Charlotte from the rehabilitation center there to the West Texas Rehabilitation Center in Abilene. Charlotte was severely injured in an automobile accident nearly two years ago from which she has not recovered.

REV. AND MRS. Glenn Willson were messengers to the Texas Baptist convention in San Antonio from the Amherst First Baptist Church. The women's and men's organi-

zations were held separately Monday and Tuesday and the convention opened Tuesday night in the convention center. Dr. James Harris of Fort Worth was re-elected to head the men's organization and Mrs. C. W. Coy of Houston was elected head of the women.

REV. GLENN WILLSON attended a minister's meeting at lunch in Muleshoe Trinity Baptist Church Monday.

GUESTS in the Clyde Brownlow home during the weekend were his brother and wife, Mr. and Mrs. Charles De Vore of Lamesa.

MR. AND MRS. Mike Cosson and Dee Anna and Bryan Foley of Lubbock visited her parents Mr. and Mrs. C. R. Roberts Sunday and Monday. The children's other grandmother, Mrs. Art Foley of Littlefield

was the Roberts guest Monday.

PRACTICE was begun following the evening service at the United Methodist Church Sunday on the Christmas cantata to be presented Dec. 12th. "The Prince of Peace" is the title. Mary Brownlow is directing the singing. Margie Harmon is pianist and Shirley Edwards, organist.

SPENDING Friday night with her uncle, Fred Wilson were Mr. and Mrs. Ray McCrillop and son, Bill of Silverton, Ore. They went to Abilene and returned for Sunday night with Fred and family.

MRS. C. R. Roberts' mother, Mrs. Bertha Westmoreland of Littlefield suffered a broken hip in a fall earlier this month and is a patient in the Highland Hospital, Lubbock.

U.S. SENATE candidate, Alan Steelman, visited Littlefield Monday afternoon on one of his stops in this area. Greeting him at the airport are Pat Downs, Calvin Price, Mayor J. E. Chisholm and Susan Head. He is shaking hands with Bruce Harlan. Afterwards, he made a tour through the Denim Textile Plant. [Staff Photo]

Mrs. Norman Patton leading bellringers

"Depression probably causes more human suffering than any other condition," said Carroll B. Bryant, president of the Texas Association for Mental Health, "and the suffering it causes is almost totally unnecessary."

Mrs. Norman Patton of Amherst led bellringer workers in May to collect donations for the Texas Association for Mental Health, which studies these problems.

Bryant explained that current methods of treatment have been successful in relieving depression and its consequences, but that most people who have the condition remain untreated.

"What we face," he said, "is primarily a problem of attitude. People who would seek treatment for any other serious illness feel that depression is something they should bear, like a punishment, without complaint."

routine activity almost impossible.

According to figures obtained by the Mental Health Association, 1,500,000 people are presently being treated for depression, but as many as 8 to 15 million more are untreated.

"This is the figure that concerns us," Bryant said. "We hope that as people become knowledgeable about the condition and its causes, there will be less hesitancy about seeking treatment. If so, a great deal of human suffering will be spared. People who are depressed should be encouraged to call a physician or local mental health center or clinic."

Scout-O-Rama to be held

Hundreds of Cub Scouts, Scouts, and Explorers will be participating in the "Scouting Heritage" — Scout-O-Rama Nov. 6 in five area locations according to Bill McAlister, show chairman.

Indian dancing, wood work, pioneering, mountain climbing and pinewood derbies are just a few of the many subjects that will be on display in action booths during each show.

A Scout-O-Rama is an action booth type show where Scouts in all communities come together to put on scouting skills.

Part of the Scout-O-Rama program is the chance for boys and girls to learn to meet the public and develop salesmanship by selling tickets for the show. Tickets are selling for \$1 each. Not

only is experience gained, but a portion of the ticket money is returned to the unit in sales commission to help young people to pay their own way.

Locations for the "Scouting Heritage" shows are Hale County Agriculture Bldg., Plainview, 2 p.m. to 7 p.m.; Ralls High School Gym, 1 p.m. to 6 p.m.; Agriculture Bldg., Fair Grounds in Levelland, 1 p.m. to 6 p.m.; Lamesa Boys Club, 1 p.m. to 6 p.m. This year's Lubbock show will again be at Reese Air Force Base from 1 p.m. to 6 p.m.

Visit one of these Scouting shows on Nov. 6. All tickets are good for any of these five show locations, and tickets will be available at the gate for each show.

Depression, according to Bryant, is common in all segments of society — young and old, rich and poor, male and female, educated and uneducated. It is thought by some experts to stem from a chemical imbalance in the brain. This imbalance makes the person susceptible to the condition, which can erupt at any time and is particularly likely to strike during periods of stress.

Common symptoms of depression include headache, sleep disturbances, fatigue, loss of appetite, anxiety, inability to concentrate, loss of interest in people and activities, feelings of guilt, helplessness, remorse, fear, exaggeration of minor obstacles, and other feelings that diminish self-esteem and make even

Can we afford four more years without effective leadership?

There is a critical decision to be made on November 2nd. It goes far beyond the question of which Presidential candidate can govern with integrity and honesty. We must determine which candidate has the ability and strength to lead our country out of economic chaos, and the vision to see that all Americans — not just the powerful and influential — have a better future.

During the past two years, the middle class has paid far too dear a price for a President lacking that ability.

Since Gerald Ford took office, the unemployment rate has risen 50%, from 5.5% or 5 million people, to 7.9% or 7-1/2 million jobless Americans.

Today's inflation rate of 6% is higher than it was at any time between the

Korean War and the inauguration of Richard Nixon.

The 1968 food dollar is now worth 57¢.

Mr. Ford's budget will account for the largest single deficit and more than 1/3 of the public debt incurred during our entire 200-year history.

Real GNP has actually declined during each of Gerald Ford's two years in office.

And who is most affected by the distressing statistics? Not the Washington establishment, or the economic elite courted by the Republicans. The burden falls on the person who can least afford it: the average American.

Jimmy Carter means to change that. As President, he will make government responsive to your needs.

Tax Reform: "The average family in this country actually pays a higher proportion of their income in taxes than the average family that makes more than a million dollars a year. That's disgraceful. We need to move toward a truly progressive and simplified tax system, with reduced tax rates for the average American."

Economy: "We'll never have a balanced budget nor an end to the inflationary problems as long as we have 7-1/2 million people out of work. Employment needs to be the major thrust of the whole domestic policy of our government."

Efficiency in Government: "We now have in the

federal government the most bloated, confused, wasteful bureaucracy ever created. There's no way to get an answer out of Washington and no way to understand what's going on there. We need to reorganize completely the executive branch of government, making it fair, efficient, effective, and responsive to our people's needs."

Housing: "No government that cared about our neighborhoods would stack the tax deck against them. A landlord can let a building run down and make a good living on tax breaks. But when a home owner spends a little hard-earned money fixing up his home, the assessor raises his taxes. And the FHA no longer

cares about families getting started in their own homes. We intend to restore the FHA the time when, for a down payment, a family could get a mortgage which the government would insure."

Health Care: "We need a nationwide health care delivery system which will make adequate health care a right for all people."

Jimmy Carter has the strength to take charge of our government. If you are tired of paying the high price of Republican ineffectiveness, you have only one choice on November 2nd, and that choice is for change.

Tom Netherton, one of the most popular singers on the Lawrence Welk Show, will be appearing with Cecil Todd and the Good Twins at a "Wake Up America, Land That We Love" Bicentennial Rally scheduled for Saturday evening, Nov. 6, at the Lubbock Coliseum (adjacent to Jones Football Stadium) in Lubbock. The program will begin at 7:30 p.m. with a 30-minute, pre-service singing concert at 7 p.m. by the Good Twins.

Tom Netherton appears regularly on the nationally-syndicated Lawrence Welk Show.

Welke says of Tom Netherton, "Tom is causing a sensation and response from our viewers and in his personal appearance unlike

any of our artists of the past."

Tom made the decision to pursue a career in the entertainment field because it provides him an opportunity to share his Christian faith and give inspiration to others. His towering 6'5" frame, plus his dynamic voice and personality are captivating audiences of young and old alike in his personal appearances from Los Angeles to New York.

Tom Netherton is appearing in Lubbock as a part of the Revival Fires-sponsored "Wake Up America" Rally. He will sing several inspirational hymns and share his personal testimony of why he is proud to be an American

and thankful to be a Christian.

Cecil Todd, director of the Revival Fires Ministries, will be speaking on the "Wake Up America" theme and the Good Twins will be featured in a Gospel singing concert.

There is no admission charge for this Bicentennial Rally.

However, because an overflow crowd is expected, advance tickets are being distributed. People with tickets will be admitted first.

Advance tickets will be obtained by calling Lubbock, 1-806-797-3097 (day), 1-806-799-4783 (night), and at 1-417-624-0749 in Joplin.

The doors will open one hour before the services are scheduled to begin.

TGSPB votes cutback on sorghum promotion

Texas Grain Sorghum Producers Board (TGSPB) voted at its regular bi-monthly meeting on Oct. 12 to cut back its activities in market sales promotion and research due to reduced budget.

The meeting was held at High Plains Research Foundation at Halfway.

According to TGSPB chairman C. C. Reed of Kress, the cutbacks have come at a crucial period. "It is tragic that we must cut back in the board's projects at a time when they are so needed, but we have to live within our budget," he said.

TGSPB is responsible for funding efforts in the development of domestic and foreign markets for grain sorghum. It also sponsors research which is credited with the development of greenbug resistant grain sorghum hybrids.

Reed blamed the reduced budget of TGSPB on two major factors:
-More corn and, consequently, less sorghum has been planted in the 29-county area encompassed by the board in the High Plains;

-Apparent complacency on the part of many farmers to aid in the support of the board and to help solve common problems.

A five-cent per ton assessment on grain sorghum for board support is collected at elevators throughout the board area unless a producer chooses, in writing, not to do so.

"Some farmers feel that since we are on the brink of controlling the greenbug there is no further need for work," Reed said. "However, they fail to see greater potential threats, such as spider mites, head smut, grubs, stalk rot, and others."

TGSPB has hosted 170 grain buyers from six foreign countries during the past year on tours of the High Plains. The board also conducted sales seminars in nine Western and Eastern European countries promoting grain sorghum

sales. These tours and seminars have been greatly responsible for the 15 percent increase in grain sorghum exports over last year, according to Reed.

"Poland alone has bought 23 million bushels this year from the U.S., but total feedgrain production still exceeds this amount by a large margin. If we still had this grain in storage hunting a buyer, our prices would be at loan levels," he said.

In closing the meeting, Reed said the research and marketing projects will be reinstated "when more grain sorghum producers decide to invest in their future and funds are again available."

"It is a shame that we are having to cut back at all when TGSPB should be expanding four-fold, but we can only do as much as farmers are willing to support," he said.

Comptroller to test quality of gasoline

Comptroller Bob Bullock announced Tuesday that his office is initiating a pilot project to test the quality of gasoline sold at service stations in Texas.

Bullock said the Comptroller's Office has received a number of consumer complaints in recent months indicating that some service stations are selling inferior gasoline.

"We've had calls from

people whose engines totally burned out a few miles down the road after filling their tanks, he said.

The Comptroller said that Articles 8601-8611, Vernon's Texas Civil Statutes, set out specific gasoline standards and empower his office to test to see that the standards are met.

"Selling inferior gasoline to the public without clearly indicating its substandard quality is a misdemeanor," he added.

Bullock urged motorists who can document that their engines have been damaged by inferior gasoline to call his Motor Fuels Tax Division toll-free from anywhere in Texas at 1-800-252-5555.

Sudan, Whitharral cinch playoff berth

The Sudan Hornets were the first area team to clinch their zone by walking all over Lazbuddie 50-7 in Friday's action.

Kyle Martin sparked the Hornets' offensive machine as he ended the night with five TD's. The Hornets will face Snyder in their next contest in a non-conference game. The Hornets will more than likely face Sundown in Sundown for the district title.

Springlake-Earth is in first place after Friday's victory, 8-7 over Bovina. The Wolverines made a fumble look like the play was written in the play book.

The Wolverines scored on a fumble at the Bovina 1-yard line. The fumble was caught in mid-air by a determined Wolverine and converted for six points.

The Wolverines went for the 2-point conversion and shunned the tie.

The Wolverines will face Hart in their next game. Hart was chosen to finish first in pre-season selections.

Amherst, which was knocked off by Ropes, 12-7 in the closing seconds of the game, will host Whiteface. Whiteface will be coming off a 31-0 loss to Sundown.

The Anton Bulldogs easily defeated O'Donnell, 27-6 in a non-conference game and will face Ropes in Anton.

Ropes will be coming off a 12-7 victory over Amherst.

Olton will face Littlefield in Olton. Both teams will be coming off disappointing losses. The Mustangs were upset by the Morton Indians while the Wildcats were defeated by the district leader, Friona, 26-6.

Cutshall leads week's prognostications

Cutshall remains the prognosticator in the Pigskin Prognosticator's second week. Cutshall is 14 for the week, 42 for the season.

Spot for the number one spot are Sarah and Pat Yarbrough.

Die Jackson and Yarbrough are 8 of 14 records for the week and now have a 69 season record.

Number three spot

is Emil Macha who turned in 9 of 14 for the week and now holds a 67-45 season record. Sherry Campbell turned in a weekly record of 8 of 14 to stay close behind the leaders. Mrs. Campbell now supports a 66-46 season record.

Jerry Tidwell was really the top prognosticator of the week, as he was correct on 10 of 14. Tidwell is steadily moving up as he is now five games behind the

leader.

All of the prognosticators missed the Littlefield-Friona, Olton-Morton, and the Three Way-Wellman games. The prognosticators were all correct on the Anton-O'Donnell, Sudan-Lazbuddie, Whitharral-Grady, Texas Tech-Arizona, Notre Dame-South Carolina, Dallas-Chicago, and the New England-Buffalo games.

Macha and Mrs. Camp-

bell were the only prognosticators to guess correctly on the S-Earth-Bovina contest.

Cutshall and Campbell were the only two who missed the Amherst-Ropes game.

Tidwell was the lone guesser to pick Cincinnati over Houston. Cutshall and Tidwell were both correct on the Missouri-Nebraska game.

Littlefield Freshmen defeat Friona Frosh

Littlefield Freshmen won its first game of the season as they rolled over Friona Frosh, 20-0.

Sierra and Pablo were the scoring stars for the 'Cats. Sierra scored first on a 2-yard run. The extra point was no

good.

Trevino's TD came on a 10-yard run to give the 'Cats a 12-0 halftime lead. Sierra scored his second TD on a 38-yard scamper. Trevino converted the 2-point conversion.

For the night Sierra carried the pigskin 18 times for

104 yards. Mark Yarbrough carried six times for 49 yards.

Defensive standout for the Frosh was Will Williams. While on offense, Johnny Sierra was picked as outstanding.

Worldwide of the cutting horse world will be in Littlefield, Texas, Nov. 4-6 for what is to be one of the most action-packed events in the Texas Panhandle this year.

Prize money for a whopping \$10,000 in purse plus another \$200.

per horse, the top contestants in the National Cutting Horse Association will be at the Tri-State Fairgrounds for a series of events designed to bring a bit of the Old West to the 1970's.

Going into the NCHA Finals, San Peppy, owned by the famed King Ranch and ridden by Buster Welch, is leading the nation with more than \$30,000 in premium pay for 1976 open competition. David Gage of Wichita Falls, aboard Kingstream, is topping the list of non-pro riders with about \$15,000.

The crowd-pleasing events began at 10 a.m., Nov. 4 and continue throughout the day. Additional competition starts at 11 a.m., Nov. 5-6, with 7:30 p.m. times set for the non-pro and open finals, respectively.

Tickets, available at the fairgrounds, are \$3 for all day and \$2 for each evening show. All children under 12 will be admitted free.

Judges stationed on stands in the center of the arena to score each horse for the 2.5 minute ride, will be Bobby R. Brown of Collerville, Tenn., Jimmy

Bush of Lewisville, and Bill Mowery of Scottsdale, Ariz. Zack Wood, NCHA and 40 non-pro horses are expected for the third consecutive Finals staged in Amarillo.

Those trophies to be presented the evening of Nov. 6, said Rusty Tinnin, chairman of the competition sponsored by the Amarillo Chamber of Commerce Agri-Business Committee. Winners of world championships for a year of competition will also be recognized.

Editorial Voting Apathy Shown By Students

By TERRI NIELSON

Some of the 18 year old seniors at LHS were asked if they were planning on voting, and if so, for whom. Out of the seniors asked, not one is going to vote this year. The main reason is that they forgot to register. Some just simply do not want to. Julian Saenz said he isn't going to vote this year because he does not know enough about each candidate. He said he will try to vote at the next election. Mary Ellen Echevarria said she forgot to register, but, if she did vote it would be for Carter, because she liked his debate.

How many of you forgot to register? Everybody forgets things, but there are many people who do not want to vote. There are many who just do not want to take the time. Just think. This is our country, but if we, the people, do not even care who runs it, why even have an election. Why not just let the leaders of our nation put whomever they want in office? Why not just let them run the United States the way they want, and let us just follow? We really would not want it this way, though. We like to have part of the say in the way our country is run. After all, we live here. So if you do not vote at this election, try to at the next. Because if you do not vote, who will?

Career Day Provides Outlet For Students

Career Day was held Tuesday, Oct. 21, in LHS. The morning sessions were all on colleges. The afternoon sessions were on different career opportunities. Students were to choose three sessions to attend in the morning and three to attend in the afternoon. The sessions offered were as follows:
Southern Methodist Univ.
Mary Hardin Baylor
Incarnate Word
Lubbock Christian College
Wayland Baptist College
University Texas-El Paso
St. Mary's University
University of Oklahoma

Angelo State University
Columbia College
Northwood of Texas
West Texas State
North Texas State
Texas Tech
Texas State Technical Inst.

McMurry College
Tyler Junior College
Hardin-Simmons Univ.
University of Dallas
Rice University
University of Texas
South Plains College

Denim Mill
Motorcycles
Interior Design
Photography

Police
Nursing
Newspaper
Veterinary
Television
Education
Medicine
Aero Technical Institute
Army
Navy
Air Force Academy
Marines
Air Force

The most interesting session I attended was Photography by Oecia Pointer. She explained about color, light cameras, etc. She brought some sample portraits with her to show some finished and unfinished prints and a test strip of the same picture with different colorings.

Bill Maddox of KMCC answered several questions from students such as selling ads and how much money people on commercials can make.

There were many interesting guests and sessions due to the efforts of Mrs. Bettie Herrin, LHS Counselor.

Srs. Order

On Oct. 26, LHS seniors ordered caps and gowns for graduation. Ronnie Harris of Southern Engraving Co. also displayed invitations and jewelry which seniors could buy. A \$17 deposit was necessary for ordering the caps, gowns and invitations.

New Teacher Moves From South Carolina

Mrs. Janet Killough, a new teacher at Littlefield High School, is from South Carolina.

Mrs. Killough graduated from Lancaster High School in Lancaster, South Carolina. She continued to pursue her education after graduation by attending Bob Jones University in Greenville, South Carolina and Winthrop College in Rock Hill, South Carolina.

Secondary Education and teaching fields of English and science were the subjects in which Mrs. Killough majored. She is presently teaching 9th grade physical science.

In a comparison between LHS and the school in which she formerly taught, Mrs. Killough stated that LHS was a much smaller school. Mrs. Killough used to teach adults who were returning to high school to finish their high school work in order to receive a high school diploma.

Mrs. Killough moved to Littlefield in April, 1976. Her husband is associated with the Denim Mill. Some of her pastime activities are sewing, gardening, and crafts.

Mrs. Killough finds that the teachers here are always willing to help with problems. She also stated that the students and teachers were very friendly toward her.

Mrs. Killough said that the atmosphere for work is very relaxed for working together. She concluded, "The people of Littlefield have made my family feel welcome, and to belong and be part of the community has meant very much to me and my family."

By TERRI BELL

Once again, a pale October moon will rise to begin an annual festival brought down from early Europeans. The word Halloween derives from "hallowed" or "holy evening" because it takes place the eve of All Saint's Day. The Druids, an order of priests in ancient Gaul and Britain, marked Nov. 1 as the festival of the sun god. They believed that on Oct. 31, the last day of the old year, the lord of death gathered all souls of the dead who had been condemned to enter the bodies of animals.

Many superstitions and symbols are connected with Halloween. Early Americans believed spirits, fairies, witches, and elves

came out this night to harm people. The Irish claimed a spinster named Jack was condemned to carry a pumpkin with a lit candle in it for his punishment. The custom of children going around the neighborhood in costumes on Halloween is a survival of the 17th century.

Burnt orange leaves, bobbing for apples, autumn cornstalks, and ghost stories are all a part of the tradition of Halloween. But this year a few doors won't open and a few more children won't be out trick-or-treating because of the fear that some warped mind might think it funny to put a razor blade in an apple or a narcotic in candy and place it in the hands of a child.

But for those of you who don't trick-or-treat, (sorry freshman), you may find it hard to entertain yourself other than answering the door, in a white sheet which your mother ordered you to wear, or taking your little brother or sister or the entire block of kids trick-or-treating. You might consider having friends over to try some Halloween dishes you made or run out to a graveyard to look at interesting tombstones or deaths!

Carnival Planned

If these suggestions don't appeal to you, the Alpha Lambda Zeta Chapter of Beta Sigma Phi is sponsoring a carnival October 30, in the Lamb County Agricultural and Commu-

nity Center.

Having booths at a carnival will be: Fortune telling booth; Molay mothers-a coin toss; Presbyterian will sell popcorn, candied apples; Homemakers-a booth for young girls; Band Boosters-a house; Student Council car bash; the LHS will sponsor a jail and Alpha Lambda Zeta will have a hayride.

There will be booths along with the Risers Lions Bingo many others. Hot sandwiches, picnic Cokes, etc., may be chased at the concession stand.

Sports Review

By FRED MARTINEZ

The Littlefield Wildcats began district play against Muleshoe and came out on top 35-13.

Coach Blakely stated that it's always important to win the first district game. This usually gives the team a good point of view for the rest of the season.

The Cats traveled last Friday to play the other winner in district, the Friona Mustangs. This game was evenly matched, but the Cats couldn't take the

lead in district and lost Friona 26-6.

Friona came into game after defeating Olton 17-12. The Olton Mustangs and Dimmitt Mustangs were deadlocked in a tie. This put the Cats in a tie for the district lead. Friona, but the Cats longer share that lead.

This week the Cats the always tough Mustangs. A win in game would keep the contention for the district crown, but a loss would most hopes.

School Board Rewrites Drug Policy

By JULIAN SAENZ

The Littlefield School Board adopted a new alcoholic beverage and drug policy in a called meeting on Thursday, Oct. 14.

This current drug policy and the penalty for violating this policy remained unchanged. Violators are to be expelled for the quarter and will not receive a credit in each class the violator is taking.

The alcoholic beverage policy was changed during the meeting. It previously stated that if the alcoholic beverage policy was violated, the violator would be expelled for the quarter with no credits given to the violator for the quarter.

The new alcoholic beverage policy now requires that first-time offenders be expelled for five days and lose 15 points in each class, in addition to not being able to make up missed work or tests.

If the violator commits his second offense, he will then be expelled for the quarter.

Students suspended for these violations have a right to a hearing by the school board.

In a recent meeting, FFA members voted to begin their annual citrus fruit sales of oranges and grapefruit. The fruit will sell for \$3.50 a half case and \$6.50 a full case.

In other business they made plans for a trip to the El Paso stock show in February.

MISS CHRISTI MOXLEY teaches home and family economics and is a member of the Vocational Home Economics Association of Texas. [Photo by Fred Martinez]

Student Teachers Arrive

Miss Christi Moxley and Mrs. Mary Ann Sampson are new teachers for the fall semester in homemaking. Both teachers are from Texas Tech and live in Lubbock.

Miss Moxley and Mrs. Sampson were classmates at Coronado High School in Lubbock. They are both majoring in Home Economics Education and are on the dean's honor list.

Mrs. Sampson's minor is physics. After graduation in December, she hopes to get a teaching position. Her teaching schedule here includes four classes a day.

"I plan to teach interior design and consumer education," Mrs. Sampson said. In her interior design plans, she intends to use paints, pictures, small doll furniture to plan a room, take a field trip, and show films and slides. In consumer education, she plans to include films, slides, books, plans, skits, and letter writing to federal agencies about certain products.

Mrs. Sampson hopes by teaching these things in interior design, the students will become aware of the principles of design. This would help them be

more satisfied when signing and planning for themselves. Consumer education is emphasized in order to help the students become more aware of summer practices which how to value a product where to go if you get a deal, and how to deal with a problem. These are a few of the many things plans to concentrate during her student teaching.

Miss Moxley is 21 years old and plans to marry in February after her graduation. She was a cheerleader in high school and belonged to the Vocational Home Economics making Teacher Association of Texas. Her hobbies are snow skiing and riding horses. She said she thinks Littlefield is a town, and she commends that the school seems to have very good facilities.

Her plans for her own and family classes include having skits and games which she hopes will make the classes fun for students. She hopes to become more cooperative as a teacher and hopes to have a broader mind about teaching environment by doing her student teaching.

GOD'S FIVE MINUTES

ACORNS TO ASHES

The winter storm howled through the night; with dawn it stole away, leaving the clean-up to us mortals. Sadly we chopped a broken oak to the ground and saved the trunk for firewood.

For 50 years it had shaded us and in our childhood, had held our swing on one of its arms. Now we sat around the fireplace and felt its warmth again as it burned to ashes before our eyes. From acorn to ashes, the tree had fulfilled its purpose for being. In honor, dignity and integrity it had lived out its entire life.

I was moved to remember the Psalm, "He shall be like a tree, planted by the rivers of water... his leaf also shall not wither; and whatsoever he doeth shall prosper in the eyes of his maker." I whispered to the brightly burning log, "Goodby, old friend. I thank God for you. In life and in death you honor your maker. What else could be expected of any of His creations?"

- Wildcats -

Continued from Page 1
field took a 20-19 win over the Whirlwinds. Olton drubbed a good Abernathy team, 20-8, while the Antelopes outscored Littlefield, 54-43.

The game will pit Olton's rugged defense against the Maroon Machine. The Wildcats' leaky defense will be matched against Olton's impotent offense. All indications point to a close, thrilling game.

Olton started the season strong with two victories and then their fortunes changed when signal caller, Steve Johnson, was injured and underwent shoulder surgery. The Mustangs lost three straight without Johnson and then tied pre-season district favorite Dimmitt 7-7 when Johnson returned for spot action. Last week the Mustangs were surprised by Morton.

Littlefield's season has also been a roller coaster ride. The 'Cats seemed to improve with a 35-13 thumping of Muleshoe in the district opener. Those hopes were severely jolted by Friona last week when the Chieftains took an easy 26-6 win.

Olton's offensive leaders are Johnson and full back Leslie Gary. The Mustangs run the split back veer and the power I. When in the I tackles Mark Williamson and Marvin Tillman move into the backfield to give Olton added power.

Defensively the Mustangs are led by end Gary, tackle Tillman,

and linebackers Buster Lloyd and Martin Brown.

On the loss to Friona Coach Jerry Blakely said, "We had good workouts and were ready to play mentally. We couldn't seem to do anything right and Friona had done an excellent job of preparing for the game."

"Our inability to throw the ball was the big factor in the game. They covered receivers well and put pressure on the quarterback and we couldn't cope with either. If we had scored when we had the ball inside their 15 with the score 19-6 we could have made a game of

it. "The district race is settled. Right now Friona and Dimmitt have the upper hand."

Anton Band Plan to serve enchiladas

ANTON - The Anton Band will be serving enchiladas on Friday night from 6 p.m. in the school cafeteria to the game between the Mustangs and the Antelopes, which starts at 7 p.m. Proceeds from the supper will go toward the purchase of new band uniforms.

Tickets are \$2 for children and \$1.50 for two enchiladas and \$1.50 for two enchiladas. Beans and salad will be served with the enchiladas.

Vote against Yarbrough with a write-in vote

Some persons voting absentee this week have asked the names of the two men running as write-in candidates against Don Yarbrough for Supreme Court nominee.

Yarbrough has come under public scrutiny since the primaries because of 16 civil lawsuits filed against him, and a bar grievance committee which is considering about 30 charges against him.

Yarbrough has no Republican opposition on the November ballot, so Tom Lorange and Sam Houston are trying to do what no one in Texas history has ever done - win a write-in campaign in a statewide election.

Since the write-in candidates won't appear on the ballot, voters who want to vote against Yarbrough need to write the names. Some say they can't remember who the candidates are, it will be very careful not to mark beside Yarbrough's name on reads Position 6, Supreme Court Place 2.

Many say they are for Don Yarbrough will be elected. Since it isn't certain what the consequences will be if Yarbrough wins the election and is disbarred, the simpler solution is to beat him at the polls.

Notice

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: Sammy Lee Hendrix, Respondent, Greeting:
YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Lamb County at the Courthouse thereof, in Littlefield, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 22nd day of November A.D. 1976, to Plaintiff's Petition filed in said court, on the 5th day of October A.D. 1976, in this cause, numbered 8169 on the docket of said court and styled IN THE MATTER OF BOBBIE R. HENDRIX AND SAMMY LEE HENDRIX.

A brief statement of the nature of this suit is as follows, to-wit: This is a suit for divorce alleging no children born to the parties under the age of 18 years, alleging no community property and asking for petitioner's name prior to her marriage to respondent be restored to her. Praying for divorce, the name, Bobbie R. Holley, restored to her and for general relief as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs. Issued and given under my hand and seal of said court at Littlefield, Texas, this the 5th day of October A.D. 1976. (SEAL)

Attest: s/ Ray Lynn Britt Clerk, District Court Lamb County, Texas.

THE JUNIOR HIGH BAND will compete Wednesday in Marching Contest. The Flag Corps. for the band is composed of, from left to right: Cristi Champion, Vicki Tunnell and Sherri Hobratchk. Not shown is Angela Armes. [Leader-News Photo]

Springlake-Earth News

WOLVERINE BAND members wish to make money for the annual band trip and anyone having corn on the ground after harvesting, who desires to permit band students to pick up the corn, is asked to call the band director and give directions to the corn field.

G. H. WOOD of the Springlake area was luncheon guest Sunday of his granddaughter and family, Mr. and Mrs. T. C. Kennedy and Connie of Olton, Miss Karin Kennedy, an employee of West Texas State University, Canyon, and Chuck Kenndy, student of TSTL, Amarillo.

MR. AND MRS. Joe

Gibson of Canyon spent the weekend with his brother and sister-in-law, Mr. and Mrs. J. T. Gibson.

GUESTS AT a party Thursday hosted by Mrs. J. T. Gibson were Mrs. Ray Joe Riley of Hart, Mrs. Jerry Goheen of Fieldton, Mrs. Ed Jones, Mrs. James Sanderson, Mrs. K. B. Parish and Mrs. Hollis Cain, all of Springlake and Mrs. Lennon Young of Olton.

MR. AND MRS. Malcom Ogletree had as Sunday luncheon guests their son and family, Mr. and Mrs. Danny Ogletree and Shawn of Lubbock, formerly of Littlefield, calling Sunday afternoon in the Ogletree home where his mother, Mrs. J. C. Ogletree of the Springlake area, Miss Theo Hackler, sister of the hostess, Mrs. Freddie Mae Hysinger and Mrs. Lola Lee Mills, all of Olton.

MRS. TOM STANSELL spent Sunday in Dimmitt with her daughter and family, Mr. and Mrs.

Dwight Joiner, Cory and Brandon. Visiting the Joiners were Dwight's parents, Mr. and Mrs. W. D. Joiner accompanied by their son John, all of Pilot Point. Mrs. Stansell called Sunday afternoon on Mrs. Eupha Dunn, a resident of South Hills Manor Nursing Home in Dimmitt.

LITTLEFIELD NEWS

MISS ASHLEY Prevatte, daughter of Mr. and Mrs. Richard Prevatte, celebrated her third birthday with a clown party Saturday morning. Those attending were Tommy and Sarah, Liz and Phillip Webb, Lynn Utsey, Beverly Foreman, Amy Bolton, Allyson and Brooks Brunson, and special guest, her grandfather, Richard Prevatte Sr.

Abundant Sandhill Crane harvest foreseen for area

A special sandhills crane permit will be required again this fall for all crane hunters, and a good response to a post-season questionnaire last winter has furnished excellent data for both state and federal biologists.

More than 11,000 permits were issued for the 1975-76 crane season, and the South Plains led the nation in the number of cranes harvested. The special permit can be obtained by writing the Texas Parks & Wildlife Department, Reagan Bldg., Austin, 78701. Requests need to include the person's name, address and county of residence.

Crane hunters will have a 93-day season in zone A, or the west zone of Texas, which is open from Oct. 30-Jan. 30.

Zone A is that area of the state west of a line from the International Toll Bridge at Del Rio, northward along Highway 277 to San Angelo, then northwesterly along U.S. 87 and including all of Howard and Lynn counties, to its junction with U.S. 187 at Dumas, and then northwesterly

along 287 to the Texas-Oklahoma line in Dallam County.

Sportsmen in Zone B, or the eastern portion of the state, can hunt 57 days from Dec. 4-Jan. 30. Zone B is the area west of a line from San Angelo along U.S. 277 to Abilene, along state highway 351 from Abilene to Albany, U.S. 283 from Albany to Vernon, and then easterly along U.S. 183 to the Oklahoma line in Wilbarger County; and east of a line from San Angelo along U.S. 87 and the eastern edge of the Zone A.

The daily bag limit and possession limits are three and six, respectively. All regulations that apply to duck and goose hunting such as shotgun restrictions, methods and means, and permission to hunt, also apply to crane with the exception of the federal waterfowl migratory bird stamp. Crane hunters are not required this stamp while hunting cranes, but hunters are cautioned that ducks and geese inhabit or use the same water and

feeding areas as the cranes. Lynn County led the nation in the number of Cranes harvested with more than 1,700 birds bagged by hunters during the 1975-76 season.

Many of the South Plains counties have received ample rainfall, and plays lakes are in good shape as the long-legged cranes begin arriving from the northern nesting areas.

Most successful hunters have decoys spread in the area but even with the setup, bagging these sharp-eyed birds is no easy task.
