MR. AND MRS. D. W. HOLLADAY took the "Yard of the Month" honors for July. An anonymous committee chose the yard for the Chamber of Commerce, and shown presenting yellow mums to Mrs. Holladay, right, is her daughter, Mrs. Bettye Smith, president of "We, The Women". The decision was made on "the overall layout and beauty" of the yard. The mums were donated by The Flower Box.

## Former Littlefield Woman Hostage In Colorado Chase

A former Littlefield farmer's wife and relative of several area residents, was taken hostage Wednesday in a hold-up, and taken for a wild automobile ride in Colorado Springs, Colo. Mrs. Edna Brenek, 48, who with her husband, Rudolph, operates a motel on South Nevada Avenue in Colorado Springs, was working as a night clerk Tuesday night and early Wednesday.

She said the notorious "Candlelight Killer", Robert Liberty, 23-year-old California man sought for the killings, and two companions, Kendall Ann Bierly, 23, and Glenn Allen Fawcett, 17 registered at the motel Tuesday night.

According to a report from Mrs. Brenek's brother-in-law, E. L. Schlottman of Pep, who called the Breneks Friday night, the action started shortly after midnight, when the trio came into the office.

They tied up Mrs. Brenek and her daughter, Betty, then went upstairs to look for more money after they had already taken \$109 from the office.

Rudolph went to call police while they were upstairs, and Betty had worked herself loose

and called the police from another phone.

When the trio came down, they only found Mrs. Brenek still bound and forced her into her own car and made her drive.

Police reached the motel before the robbers and their hostage left, and gave chase. The four were brought to a halt by city detective Bernie Carter, who was alone in the patrol car in the chase down Interstate Highway 25 south of Colorado Springs.

Carter said nine shots had been fired at him in the high-speed pursuit. He fired three shots at their car and soon they pulled over on the shoulder of the road and stopped.

Carter said a .32-caliber revolver, a .22-caliber rifle and a butcher knife were found in the car.

Later Wednesday, Liberty was arraigned in County Court on charge of kidnapping, assault

and called the police from another phone.

## 34 Stores Giving Out Auction \$\$\$

People from far and near will be flocking into Littlefield this week to snatch up bargains and collect Auction Dollars that will buy prizes in the big free auction downtown this Saturday.

Merchants participating in the "Auction Dollar Days" are giving customers "Auction Dollars" dollar for dollar for the amount spent for all purchases up to \$100. These auction dollars can then be used to bid on many valuable prizes at 5 p.m. Saturday, June 20, at the close of the Auction Dollar Days.

Some of the prizes being donated by participating merchants are on display in the window at 427 Phelps Avenue, and new merchandise is being added daily.

These gifts will be offered to the highest "Auction Dollars" bidders at the Saturday auction that will conclude this week's fun, excitement and bargains.

Thirty-four merchants are participating in this unique sales event, and all have Auction Dollar Stickers on their doors.

## DOGS KILLED Rabid Skunk Found In Area

A positive case of rabies has been confirmed in a skunk killed Monday at the Don Avery home eight miles south of Littlefield.

Hockley County health officials believe other skunks in the Anton area may have rabies also, and efforts are being made to start trapping skunks in the Whitharral-Anton areas to prevent an outbreak.

The Averys were awakened early Monday by the cries of one of four puppies, and later a skunk odor gave them a clue to the trouble. They found the puppy badly bitten by the skunk. Later in the morning the skunk came up on their front porch and attacked another puppy.

After killing the skunk, the head was sent to the state laboratory to check it for rabies. Thursday morning officials advised that the skunk was rabid.

A similar situation occurred recently at the Everett Butler farm, five miles south and one mile west of Anton. The Butlers got their children a puppy, and were awakened one morning to find a skunk killing the pup. Butler beat the skunk off with

was customary then. "If you paid a man \$15 a month and board and washing, he was considered an extra good hand," he said.

The Newtons lived at Wolf-forth six years. In 1929 New- ton bought a farm cut out of the Spade Ranch one mile east of Anton, and cleared the land him- self.

"If you make anything farm- ing, you've got to do the work yourself," Newton said, "then

## 85-YEAR-OLD ANTON FARMER He's Still The 'Big Boss'

By NILAH RODGERS

"Farming is the only thing in God's world I know as a trade," H. B. Newton said.

With a laugh, Newton said his initials H. B. earned him the nickname "Hurry Back" in his younger days.

Now 85-years-old, Newton is still hurrying and scurrying around the Anton community overseeing farming operations on 577 acres. But his activity doesn't stop with just over-seeing. When asked how long he's been in farming, he replied, "I guess that would be before yesterday when I was seven hours on the job."

Newton tried to quit, and the years I haven't made a good hand," he said. "But I'm a dandy. I'm still the dandy. Pay all the expenses."

Newton's hired hand, the son, is just a young-ster, 13 years. "Oh yes, he's younger than I am," not his son. "I don't know how old he should tell this or that," Mr. Johnson worked last week and had a

Newton has farmed since the Georgia stock, single and double shovels to his great six-row equipment. "But I'd rather have four-row," he said, "so you don't get through so quick."

Newton was born in Alabama and grew up in Texas near Chico. He passed up farm land where Texas Tech is located now for a farm at Wolf-forth when he and Mrs. Newton first came to West Texas.

Newton declares that farm- ing is a good life except when the sand blows too much and when it hails. "In 1913 I had 60 acres of cotton and just had one bale out. I had five hands, and was going to board them until we got the cotton har-vested, when a big hail came. My wife and I finally picked up two light bales out of the dirt, but it wasn't worth anything. I don't know what we'd have done if we'd had a family then."

BOY SCOUTS Ricky Bennett and Gary Parson are shown as they put out American flags on Phelps today in honor of Flag Day and in observance of the first day of National Flag Week. They are in Troop 638, and under the direction of Scout Masters Kenneth Harrel and Randy Whitson, this troop is in charge of raising the flags downtown on all special occasions. Ricky, left, is the son of Mr. and Mrs. Otis Bennett, and Gary is the son of Mr. and Mrs. Weldon Parson.

Newton served on the Hock-ley County ASC board until a few years ago, and has always been conservation minded. He was the first person to put in terracing at Wolf-forth, and he built the first terraces at Anton.

In 1934 Newton's one farm made more than all the sections that joined him on all sides. "I made eight bales of cot- ton," he said, "and hardly enough feed to do me. The drought put everybody down. We even had to burn maize for fuel. Then it commenced raining that fall and got every- body back on their feet in '35."

The Newton's children all live "handy enough a finger can be put on them at any time." Flannery is the eldest and lives in Littlefield, Marvin, Madison and Hertha Lee all live at An- ton; Doyce farms at County- line, and Cora Mae is the far-thest away at Amarillo.

Newton was 85 years old the day Lubbock blew away. "And she's just 84," he said, point- ing at Mrs. Newton. "I was 24 and she was 23 when we got married. And we've done had our 60th wedding anniver- sary," he concluded.

H. B. NEWTON is 85-years-old and still does his own farming. "I'm real proud of my farm," he says of the land that was carved out of the Spade Ranch in 1929. He cleared the land himself and has been farming east of Anton for more than 40 years.

A FIRE FRIDAY at the Jimmy Stanaford home, 622 E. 8th, resulted in approx- imately \$2,000 in damages. The fire was contained in the kitchen but smoke and heat damages were evident throughout the house. Onlookers observe, as firemen work to extinguish the fire.

## First Baptist Plans Revival

A special one-day revival service at First Baptist Church is being planned today.

A touring youth choir from Weatherford's First Baptist Church will sing for the morning worship hour, which begins at 10:30 in the sanctuary, and special preacher for the hour will be Phil Hall, young brother of the pastor, Rev. R. B. Hall.

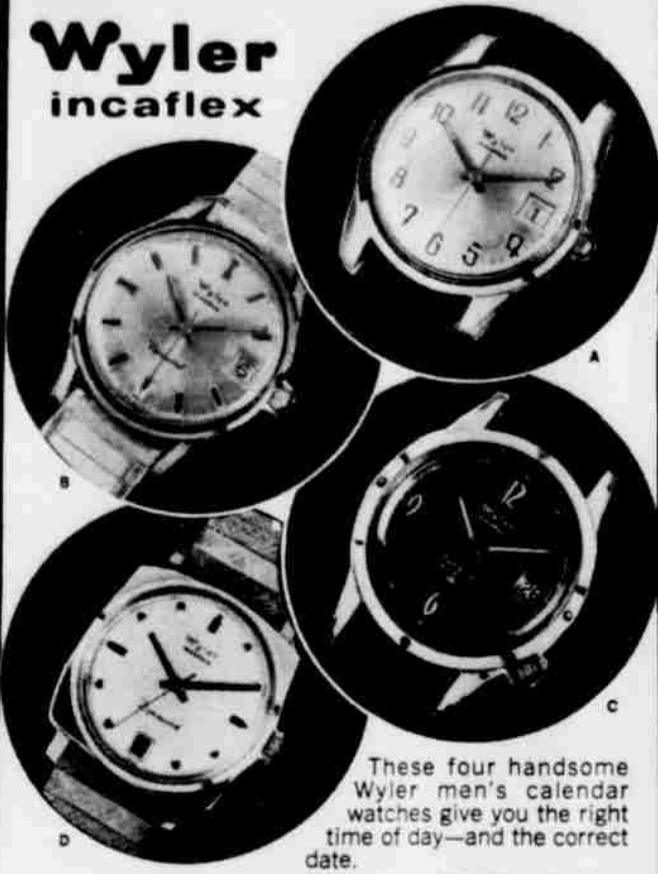

Phil Hall is minister of music and youth at Beckley Hills Baptist Church at Dallas.

He and his wife, Mary, have one son, Philip Richard, seven months old.

MRS. CHARLES EMIL FISHER, JR.

## Timmons-Fisher Vows Read In Lubbock Church

Miss Linda Marie Timmons and Charles Emil Fisher, Jr. pledged double ring wedding vows in a candlelight ceremony, Saturday, June 13 in the First United Methodist Church of Lubbock.

Dr. Paul Bumpers, minister of the First Methodist Church, officiated for the reading of the vows in Bowman Memorial Chapel.

Parents of the bride are Mr. and Mrs. T. L. Timmons of Littlefield. The groom's parents are Mr. and Mrs. Charles E. Fisher of Lubbock.

Vows were exchanged before an altar flanked by four candelabras, enhanced by greenery and white satin bows. On the altar were two containers of gladiolas, daisies and baby's breath. The family pews were marked by large white satin bows.

Traditional wedding selections were presented by Mrs. Marion Hayhurst of Lubbock. She accompanied the soloist, Mrs. Al Jordan of Littlefield, as she sang "Through the Years," "More" and "The Wedding Prayer" while the couple knelt at the altar.

Candle lighters were Curtis Timmons and Glenn Timmons, brothers of the bride, both of Littlefield.

Given in marriage by her father, the bride was attired in a formal length gown of pearl- and lace and organza fashioned with scalloped lace outlining the sabrina neckline, short sleeves and empire bodice. The lace extended down the front and around the hemline of the A-line skirt. Tiny covered buttons extended down the back. A detachable train of sheer organza fastened at the shoulders and flowed at chapel length. The long flowing veil was held by a crown of pearls. The illusion of the veil was edged with scalloped Chantilly lace to match the bridal gown.

She carried a bouquet of butterfly orchids, surrounded by stephanotis with greenery and white streamers tied in love knots. The bride presented a flower from her bouquet to her mother on her way to the altar and another to the groom's mother after the vows had been exchanged.

Miss Kathy Kime of Houston served as maid of honor. Miss Peggy Valentine of Corsicana was bridesmaid, and Mrs. Denton Miller of Lubbock was bride's matron. The attendants wore identical floor-length, empire styled dresses with round-necklines and short sleeves. The orange dresses were accented with white shoes, white gloves and opera length pearls. White daisies accented their hair. The attendants carried spring-time nosegays with daisies, cornflowers, roses and baby's breath.

Shelley Macha of Muleshoe was flower girl and wore a dress similar to the other attendants. She carried a lace covered basket filled with spring-time flowers.

Bob Heather of Omaha, Neb., was best man. John Fisher of Lubbock, brother of the groom, and Milton Scott of Wichita Falls served as groomsmen. Seating the guests were Curtis Timmons and Glenn Timmons, brothers of the bride, both of Littlefield.

The bride's wedding gown was the traditional "something new" and "something old" and "something borrowed" was hand crocheted lace made by her grandmother, borrowed from her mother. She wore the traditional blue garter and a sixpence in her shoe which the groom gave her.

A reception was held in the church parlor. The table was covered in a white cloth with a gathered skirt and centered with white gladiolas, spider mums, daisies and baby's breath and lighted candles flanked on either side. Orange

punch and a four-tiered cake was served to the guests. Presiding at the table was Miss Mary Hobratsch of Littlefield and Mrs. Irvin R. Martin of Artesia, N. M., aunt of the bride.

Guests were registered at the wedding by Mrs. Jim Gsell of Washington D. C., sister of the groom.

For her daughter's wedding Mrs. Timmons chose a beige dress and jacket of dacron with silver threads. She chose beige accessories and a green and orange flowered hat. Her outfit was complimented with a green cymbidium orchid.

Mrs. Fisher chose a muted yellow green dress and short jacket. The bodice of the dress was accented with matching lace and beige accessories. Her corsage was a purple cymbidium orchid.

For a wedding trip to points in Texas, the bride chose a mint green silk dress and jacket. White accessories and white orchids from the bridal bouquet complimented her suit.

The couple will be at home after June 18 at 2515 Hawthorne, Apt. 212, in Dallas.

The bride is a 1967 graduate of Coronado High School in Lubbock where she was a twirler and member of the National Honor Society. She received a B.S. in elementary education from the University of Texas at Austin in May of 1970. While there she was a member of Alpha Lambda Delta, Kappa Delta Pi, Pi Lambda Theta, and Phi Kappa Phi societies, as well as graduating with high honors. Next year she will be teaching first grade in Dallas.

Fisher is a 1965 graduate of Lubbock High School where he was a member of the band and National Honor Society. He graduated with high honors from the University of Texas at Austin in 1969 with a BA in microbiology.

While at the university he was a member of Phi Eta Sigma; Alpha Epsilon Delta, a medical fraternity; and Phi Beta Kappa. Presently he is working as a surgical technician in Dallas. This fall he will enter his second year at Southwestern Medical School where he is secretary of the Phi Rho Sigma fraternity and is listed as one of the top ten in his class.

The rehearsal dinner, hosted by Mr. and Mrs. C. E. Fisher, was held Friday night at the Carriage House in Lubbock. The center piece featured the bride's colors of orange and white.

## Been-Byers Vows Read In Earth

Miss Pansy Ruth Jean Been and Ricky Roy Byers were united in a double ring ceremony Friday, June 5, in the First United Methodist Church of Earth.

Don Holmes, pastor of the First Baptist Church of Springlake officiated for the reading of the vows.

Parents of the couple are Mr. and Mrs. M. H. Been of Earth and Mr. and Mrs. R. L. Byers, Jr. of Springlake.

GLYNDA WILLIAMS

## Engagement Announced

SUDAN--Mr. and Mrs. Glyn Williams of Sudan announce the engagement and approaching marriage of their daughter, Glynnda Lee to Charles Bonner Markham, son of Mr. and Mrs. Joe B. Markham of Sudan.

The couple plans an August 8 wedding at 8 p.m. at the First Methodist Church in Sudan. All friends and relatives are invited to attend.

LOTS OF CORN  
North American farmers devote more acreage to corn than any other crop.

The ceremony was performed before an altar with two spiral candelabras, holding 30 pink tapers and accented by emerald greenery. Centering the altar was a bouquet of pink callallies with two unity candles in front signifying the union of the two families and a lighted cross in the background.

Musical selections were presented by Peggy Dean of Littlefield, pianist and Mary Kate Belew, organist. They accompanied soloist, Yvonne Jones as she sang "The Hawaiian Wedding Song," Dwain and Yvonne Jones in the presentation of "Whither Thou Goest," and the "Wedding Prayer" was sung by Sharon Hamilton.

Given in marriage by her father, the bride wore a full length wedding gown of silk organza and chantilly lace, enhanced by a flowing chapel length train. The bodice was fashioned in a high scalloped neckline, accented with tiny seed pearls and full puffed sleeves. Her chapel length veil of silk illusion was bordered with chantilly lace and fell from a flower petaled headpiece. Her bouquet consisted of orange blossoms and stephanotis encircling a white callallia orchid atop a white Rainbow Bible.

Miss Lynda Packard, Mrs. Don Curtis, Miss Debbie Barton, all of Earth and Miss Rhonda Perkins of Amarillo, served as bridesmaids and Melissa Been, serving as junior bridesmaid. Matron of honor was Mrs. Kenny Hamilton. The attendants were fashioned in dark pink satin floor length dresses, accented with chantilly lace.

Serving as best man was Perry Don O'Hair. Groomsman were Danny Parish, Danny Byers, Kenny Hamilton, Neil Armstrong and Bennie Akin. Seating the guests were Marvin and Jerry Been, Joe Dent and David Templeton.

Flower girls Carrie Dawn Been and lighting of the candles was presented by Brent and Alan Been. Jeff Hamilton served as ring bearer.

The bride's mother wore a pink silk shantung dress with accessories of pink and white. The groom's mother was attired in a pale pink, princess style dress, with matching pink accessories. They both wore white camellia orchid corsages. A reception was held in the church fellowship hall following the ceremony.

For her wedding trip to Colorado, the bride chose a two piece costume designed of linen shantung. Her corsage was a white orchid lifted from the bridal bouquet.

After June 12, the couple will be at home at Starlite Mobile Homes in Lubbock.

## Davis-Richardson Vows Solemnized

Jean Lanell Davis of Littlefield and Michael A. Richardson of Bula were united in a double ring ceremony at 7:30 p.m., June 12 in the Crescent Park Church of Christ before an altar of candles flanked on each side by baskets of blue and white gladioli. Bob Wear officiated for the reading of the vows.

The bride is the daughter of Mr. and Mrs. Andy Davis of Littlefield. The groom's parents are Mr. and Mrs. Ashel Richardson of Bula.

The bride, given in marriage by her father, was attired in a floor length gown of silk organza, trimmed with French ancelon lace, sabrina neckline, and long sleeves puffed at the shoulder. The Watteau train, attached at the waistline with a small bow, was also trimmed with French ancelon lace. Her shoulder-length veil of silk illusion was attached to a flower of bordeaux lace and seed pearls. She carried a Bible covered with French lace on which her tapered bouquet of white French carnations was attached.

The brides attendants wore sleeveless, floor length gowns of pale blue French Chantilly lace empire waistlines and jewel necklines. Headpieces were of silk illusion attached to a blue carnation. They carried long stem white carnations with blue streamers attached.

Mrs. Dennis Turney served as Matron of Honor and Miss Margaret Richardson of Bula, sister of the groom, served as bridesmaid.

Dennis Tournay of Enochs was best man and Ronald Dennis of Denver City was groomsman.

Guests were registered by Mrs. Johnny Hall of Bula.

David Davis, brother of the bride, served as candlelighter.

Traditional wedding music was furnished by the Wedding Chorus of the Church of Christ. They were directed by Alvis Jones. Special selections were "The Twelfth of Never," "Whither Thou Goest," and "The Lords Prayer."

For her daughters wedding, Mrs. Davis wore a pastel blue sheer dacron voile dress with embossed, flocked flowers. She wore white accessories.

The groom's mother wore a light blue princess style dress of dacron knit and light bone accessories. They each wore a corsage of French carnations.

Following the ceremony, a reception was held in the Fellowship Hall of the church, Miss Lanet Gilley and Miss Connie Wimberly, both of Littlefield, served the guests. They were assisted by Miss Jeanne Huffman and Miss Betty Baldwin, also of Littlefield.

The reception table was covered with a cloth of white net over blue satin, accented with satin bows and wedding bells. The table was centered with a candelabra and the brides corsage. A three-tiered wedding cake, nuts, mints, and bridal punch were served to the guests.

For their wedding trip to Ruidoso, the bride chose a two-piece suit of white dacron knit with a pale blue maurice' sash and matching blue accessories. Her corsage was lifted from her bridal bouquet.

After their honeymoon, the couple will reside in Littlefield.

## Your Freezer Is 'Not A Bank'

Your food freezer is not a bank, so don't put foods in and expect them to draw interest, advises Lady Clare Phillips, county home demonstration agent.

Foods get no better with age; in fact, there is bound to be some loss in quality. But a food freezer is something like a bank in at least one respect.

In both cases, you need records. Listing what is in a package, along with the date you placed it in the freezer

is fine but that is not enough. It would help greatly to have a written record that shows your deposits and withdrawals says Mrs. Phillips, speaking in banker's terms.

A written record shows what is in the freezer and how long it has been there. Use the record when making the shopping list.

Use the freezer as often as possible. It is all too easy to "lose" packages of frozen food in the back or bottom of the freezer.

Food thrown away because it was stored too long makes the food freezer an expensive kitchen item.

## Flag Day

SERIOUS OBSERVERS are questioning the durability of the American system.

One of these is columnist Stewart Alsop who commented recently that, "A good many normally sensible people...are beginning to ask themselves whether the American system might not come apart one of these days, rather like Oliver Wendell Holmes' wonderful one-hoss shay. "The one-hoss shay, it will be recalled, 'was built in such a logical way, it ran a hundred years to a day.' But it 'went to pieces all at once--all at once, and nothing first, just as bubbles do when they burst."

Alsop concludes that the odds are high that the American system will surmount present difficulties as it has other difficulties in the past.

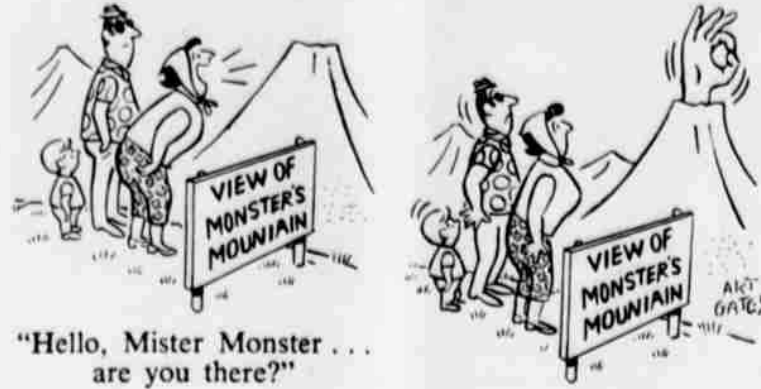

THESE REFLECTIONS of a leading and highly competent viewer of

the contemporary scene should make everyone pause and search for little ways in which to exhibit a reaffirmation of faith in the U.S.

An obvious opportunity presents itself today during the nationwide observance of Flag Day.

IT WAS ON June 14, 1777 that the United States' Flag was adopted. For nearly 200 years, it has been a symbol of freedom and justice. On countless occasions, it has rallied the patriotic and unified the nation in the vast crucible of human existence where only the fittest can survive.

THE RIGHT TO FLY the American Flag before our homes and places of businesses is a high honor at anytime--and doubly so on the Anniversary of the birth of the Flag.

"Hello, Mister Monster... are you there?"

## HOMINY GRITS

By CORNBALL BLEVINS

SORRY, CHUMS, if you don't like Hominy Grits, You've missed your chance.--(I say this to BOTH my readers)

I've just had my contract renewed, at a sizable increase in salary, too!

My pay's been DOUBLED!--Nice thing about it is, this action doesn't change my income tax status! (Really, the Publisher gave me TWO words of encouragement, instead of the usual ONE).

I WAS FEELIN' a little low, a few days back, and I just called the above mentioned worthy, and asked him if he'd just as soon do without The Grits.

He thought it over for a few minutes, (In fact, I thought he'd laid the phone down, and walked off)-- (I'm sure visions of the dough he could make out of the required space for Grits must have been floating through his mind)-- then answered: "NO, let's try it a while longer, since I've already bought clothes pins for all the employees' noses."

I was elated!!

'S FUNNY, what you can learn about people, simply, by writing a (so-called) column.

For one thing, you find out what their main interest is, and what they like to read.--My summation is,

that people need something at which to laugh.

SURELY, there's enough being written about grim reality to run the Bats in our belfry, barty!-- Enough serious situations, (if we take them seriously) to cause us to worry ourselves sick.--So, we need to be able to laugh!

Yet, I assure you, that there're things that we don't want to face-up to, that we WILL HAVE TO FACE-UP TO sooner or later.

I TRIED TO PROMISE myself, when I started this monkey-business, that mine, wouldn't be a religious column, nor would I use it to "preach" to you. (Sad to say, this type of writing, isn't popular.-- Yet, now and then, my typewriter gets away from me!

I find that my defense of the president isn't wholly accepted, either, as well as some of my flag waving!

INDEED, WOULDN'T it be odd if everyone DID agree with me??

At least one reader chided me about my dandalion remedy, and many of you enjoyed my discomforture in the shower. (Shame on you!) Anyhoo--o-o, until the publisher can sell the space occupied by this column, or, find a less expensive writer.--see you around!!

## THE ABUNDANT LIFE

### Remove The Log

By BOB WEAR

MUCH OF THE DISSENT which seems to have become so popular today is hypocritical.

Many of these people talk piously about the immorality of one activity, while brazenly practicing immorality in other activities.

Others make much to do about human rights in some aspects of living, but at the same time show violent disregard for human rights in other equally important areas.

THE DISSENTERS DEMAND free speech for themselves, but refuse to grant the right of free speech to others.

They are hypocritical in this unfair and discriminatory action. They are often rude and even childish in their ridiculous efforts to abridge the rights of all who may disagree with them.

THEY PRETEND a sincere interest in the common good, but they have failed every test.

They destroy, they burn, they loot, they cause discord, and otherwise harass everybody they can. Generally, they are destructive. They have no regard for the welfare of other people; they use them but do not help them.

MANY OF THEM are totally insincere.

Their faked altruism is a see-through veneer which they have spread over their personal failures.

Some are not capable to cope with life, others are too lazy to work hard, others are so badly spoiled that they still think and act as children, some are frustrated because they refuse to be realistic, and most of them are tragically confused.

WORST OF ALL, perhaps, they are wise in their own conceits. With this unhealthy condition, they are unable to understand themselves or anyone else.

They think that everybody but themselves is out of step. They

are not even perceptive enough to realize that they are actually working against their own best interests.

MOST OF THEIR TIME and energy are devoted to picking flaws and finding fault.

They talk about what they think they see wrong in the ways and actions of others.

This becomes a way of life to them, and they become increasingly unbalanced in their views and actions.

THEY HAVE NOTHING to replace what they seem determined to destroy. There is nothing constructive about what they think, or say, or do. In fact, they do not even seem to be rational.

Much of what they do does not make any sense.

There is always loss of some kind associated with their irresponsible actions. There is no gain, not even any gain for them. Everybody loses.

OTHERS ARE ALWAYS WRONG, according to the narrow-minded and limited view of these professional dissenters.

They are so hypocritical that they don't even admit that they just might be mistaken sometimes. They won't even admit that they have faults.

"SET YOUR OWN LIFE in order" is the best advice for all of us. "Why do you see the speck that is in your brother's eye, but do not notice the log in your own eye?" "You hypocrites, first take the log out of your own eye, and you will see clearly to take the speck out of your brother's eye."--Christ.

THE HYPOCRITICAL, unqualified dissent is helping no one. "Remove the log" must be the first order of business for everyone. This will stop irresponsible dissent.

## THE PHILOSOPHER

### We Like It!

(Editor's note: The Sandhills Philosopher on his Johnson grass farm takes an optimistic view of things this week, more or less.)

Dear editor: Some people are saying the world was never in as bad a shape as it is now, but as I sit out here on this Johnson grass farm and examine it through the newspapers I wonder about that.

For example, take the astronauts. No sooner do they get a good look at what's outside the world out there in forlorn space and get safely back than they take a desk job in Washington or run for some office, here on the good earth.

Things have a way of balancing out. Take the colleges. According to an article I read last night, over 300 college presidencies are vacant, just not enough capable men willing to take on the job, even with combat pay. Yet what happens? College riots shut down about that many universities and so, what's the problem?

Or take government employees. For years they dreaded to see Washington's birthday for example fall on Saturday or Sunday, thus knock-

ing them out of what otherwise have been an extra holiday. So what happens? They call Congress it's the holiday, a birthday, that counts, so now birthday falls on Saturday, the Friday off; if on Sunday, the Monday off.

I don't care what the problem if a man thinks long and hard there's a solution, although I know what would have happened in Washington and Lincoln had been on the same day of the year or if Columbus had arrived here Christmas.

I presume however that Washington has a commission drawing emergency plans in the event of a future holiday-worthy hero getting on an established holiday. The problem wouldn't come however if they'd put me in of declaring holidays, I do one whenever I feel like it, no patience with a man who till Congress tells him when to fish.

What does Congress know when the fish are biting? Yours faithfully J. A.

HERMAN KAHN, nuclear war specialist of the Hudson Institute "think tank," wrote a book on war, entitled, "Thinking about the Unthinkable."

In testimony about projected advances in technology to the House of Science and Astronautics Committee, he indicated that he continued to think about the unthinkable--this time in the area of what technology could do to men by the year 2,000.

HE PAINTS A WORLD of computer-taught children, elimination of need for work and erosion of traditional societal levers for behavior.

The most spectacular possibility is that of "pleasure levers" connected to the brain, allowing one to pick his pleasure sensation.

MEN OF RELIGION historically have produced a sorry record in responding to the challenge of expanding knowledge.

No modern day Christian can read without shame the record of churchmen of yesteryear, who demanded that Copernicus recant and repent of his blasphemous claim that the earth moved around the sun.

THE RESPONSE of modern Christians to technology's advance may be just as inept as the other extreme.

The tendency today is for Christians to join with others at the shrine of science. Too fearful of repeating history, we tend to remain silent about what technology is doing and will do to

shape and perhaps destroy idealism.

HERMAN KAHN glomily this threat in a world of coming robots. He worriedly for "a reaffirmation of some additional values on a respect intellectual level."

A beginning of a beginning in response is as recent discussion the ethics of organ transplants

THE VALUE implications of technology must be examined in the of Christian truth.

Christians need to face up to nology's challenge. Jesus said I am the truth." All truth is interpreted relates to Him as revelation of God. Every fact to be welcomed, examined, and mately related to God.

THE VALUES revealed the Christ about the worth of individual persons, responsibilities in dom, standards of Christian havior, the meaning of love, a demand for discipline can be fended because they reflect principles for man's best good.

Technology may present Christians with their greatest challenge in history.

THE TASK of relating us to God's eternal truths is the responsibility of every Christian.

Mankind's quality of life depends on it, just as each individual direction depends on how he responds personally to the challenge of Christ.

## A WOMAN'S VIEW

### The Promise

By PEARL BRANDON

"I've brought my old body back to you, Doctor."

That was my mother, in for her usual checkup, talking to the doctor. She had a twinkle in her eye as she joked about her condition.

I wondered how the doctor felt as he smiled kindly and went on with the routine examination, trying to find ways of making less painful the process of growing old. My mother is bent with arthritis made worse by long years of toil and devotion to her family, but I can remember when she was tall and straight and beautiful. Now time has taken its toll and she is embarrassed for the doctor to see her.

Why do we have to grow old... why do beautiful lives have to end? It always seems such a waste to me for people to grow old and die when they have so much to offer the world.

Then I remember that the spirit (the real us) does not grow old or die, but continues to grow until it is finally released from the

prison of the broken, worn out body.

I heard a man once say, "I can't put the spirit in a hole in the ground and throw some dirt on that is true. You can't bury spirit because it doesn't die, the old mortal form is buried, spirit goes on living to fulfill destiny in the unknown beyond, seems to me it will be a glorious adventure, exploring that country in the life to come."

In Revelation we have this, hold the tabernacle of God is men, and He will dwell with them, and they shall be His people, and Himself shall be with them, and will be their God.

And God shall wipe away all from their eyes, and there be no more death, neither sorrow nor crying, neither shall there any more pain: for the things are passed away."

We shall walk the streets of new Jerusalem in beautiful bodies; new, but not so much ferent that we will not recognize each other. I'll see you over

# Males Are Invading All-Female Preserve

If a man answers, don't hang up. This is the advice that General Telephone Company of the Southwest gives some of its users who may be startled to hear a masculine voice in their home when they call for long distance service. "Operator--may I help you?" when they start to make a long distance call. "Nothing's amiss," says Traffic Director L. L. Porter. "You're simply talking to a telephone operator." American women have long used telephone company switchboards rooms for their work. When people think of "telephone operator" they envision a girl plugging cords into sockets and wearing earphones. But now, small squads of young men are entering the traditionally all-female preserve -- much to the surprise of many telephone customers. The largest contingent in the General System, number 81, works at long distance directory assistance posi-

tions in four suburban Los Angeles offices of General Telephone of California; however, General Telephone of the Southwest and four other General System companies employ a total of 45 others. Nearly all of the 126 General System male operators are college students who wanted jobs with hours that could be arranged around class schedules. They work full, partial, and split shifts and accept duty on weekends and holidays. Many work nights, often at remote locations. Generally men leave the company when they complete college. But one former operator, Michael Jury, accepted a management post with General of the Southwest as assistant traffic supervisor at Sherman, after he was graduated in June of last year. He had worked for the company while attending North Texas State University at Denton. "Our experience with men operators in the Southwest com-

# Hall Honors Rancher

Two western families have honored their ancestors and their western heritage, with donations for the preservation and exhibition of a collection of American sculpture. Gifts of Mrs. Nona S. Payne of Pampa, in memory of her late husband, D. D. Payne, and of Mr. and Mrs. John E. Kirkpatrick of Oklahoma City, have made possible the construction of a new building addition for the National Cowboy Hall of Fame and Western Heritage Center. The building will house the monumental "End Of The Trail" and Fraser Studio collection, and is to be known as the Payne-Kirkpatrick Memorial. James Earle and Laura Gardin Fraser, the master American sculptor team, were dedicated to the portrayal of American heritage as reflected through images of her great men and women. The two families who are making possible the exhibition of the multi-million-dollar Fraser collection, have been lauded as "of the same fabric as those who the National Cowboy Hall of Fame and Western Heritage Center is dedicated to honor." Dave D. Payne was born in Cook County, Texas, Nov. 25, 1871, the son of Robert Treat Payne, who was a descendant of a signer of the Constitution. Young Dave Payne got his

start in the cattle business when he was 12, when he earned \$15 and entered into partnership with his brother on one cow. Payne, who owned and operated the Canadian River Ranch for 58 years and eight months, tried to keep up with modern times as well. In his later years, he studied astronomy and nuclear power. His wife, who shared an affection for the west, has provided through her gift to the National Cowboy Hall of Fame, an eternal memorial that will allow future generations to share their feelings for the west and its pioneer heritage.

## Gardeners Can Get Help At SCS Office

Gardening and conservation is the subject of a new USDA leaflet written by the Soil Conservation Service.

District Conservationist Joe Blevins of the Littlefield SCS office, said the 8-fold leaflet, titled "Gardening on the Contour," outlines ways to control erosion in a backyard garden. It tells, for example, how rows can be laid out on the contour using a carpenter's level mounted on a 2 by 4. The leaflet also explains how rainwater which drains from a neighbor's property might be diverted away from your garden.

Some of our gardeners in the Lamb County District are excellent conservationists," Blevins said. "Many use mulches on the soil surface to help reduce erosion and to improve soil fertility similar to the way conservation farmers use crop residues. A few local gardeners compost their grass clippings and tree leaves for this purpose. Others use hay, straw, cottonseed hulls or peat moss. Preventing erosion in a garden is just as important to a gardener as it is to any other land user," the conservationist pointed out.

Blevins said copies of the new leaflet are available free at his office at the court house, telephone number 385-4044.

## Ten Area Girls Plan Cheerleaders School

Ten area girls have enrolled in the seventh annual Cheerleaders School at Texas Tech to be held June 27-July 2. Littlefield High School girls Rachel Harlan, Kathie McBride, Linda Horn, Debra McAnally, Tonya Pickrell, Jr. High School girls Carol French, Jill Owens, Mary Louise Bennett, Liz Harlan and Marcie Trammell will get the rare opportunity of working a pro football game, at the Coaches All-American game to be played at Jones Stadium in Lubbock June 27.

Two groups of cheerleaders will be named to lead the cheering for the East and West teams of the 10th annual Coaches All-American game to be nationally televised.

Hundreds of girls attending will participate in the nationally famous contest. In addition to the two squads of cheerleaders to be selected to lead yells for the two teams, plans are made to involve all enrolled to participate during the half-time program.

The six-day school for junior high, high school and college students will include instruction in boosting school spirit, sportsmanship, novelty yells, crowd psychology, recreation, demonstration of yells, stunts and skits, cheerleading techniques, planning pep rallies, songs and chants, tumbling, new yells and footwork routines.

The staff will be supplied by the National Cheerleaders Association in teaching the very latest in methods, yells and tumbling.

All participants will be housed in Tech residence halls on campus. Students will be supervised by trained and experienced personnel at all times. Special entertainment and recreation including the university swimming pool and tennis courts will be available to all registered students.

Total cost for the course is \$60. Students commuting and not living in residence halls will be charged only \$40, as will

sponsors living in residence halls.

The fees include five nights of lodging, food service beginning with the evening meal on June 27 and ending with breakfast of July 2, medical care at the university infirmary, cost of instruction at the All-America football game.

Advanced registration, with \$20 deposit, may be made mail with Edsel Buchanan, W. M. Holsberry, Co-Director, Cheerleaders School, International Gym, Texas Tech University, Lubbock, Texas 79409.

# Electric Air Conditioning? NO QUESTION ABOUT IT!!!

**OVER 30 YEARS OF PROVEN DEPENDABILITY**

Just like your refrigerator, electric air conditioning uses the same experience-proven method of cooling. A dependable compressor keeps on cooling no matter how high the outside temperature.

**CHOICE OF BRANDS**

There are 58 manufacturers of electric air conditioning and all major brands are available in our area. Brands in your area are listed in the Yellow Pages or identified on your neighborhood dealer's store front.

**LOW OPERATING COST**

Before you buy, be sure you have complete information. Electric air conditioning saves you money when you buy and because it uses only electricity and free air, your operating cost is low... no extra installation costs, either!

**CHOICE OF SIZES**

Only electric air conditioning offers the right size for your cooling job. Too large a unit makes your first cost unnecessarily high; too small runs up operating cost. Electric air conditioning can save you money on both counts.

**NO LOSS OF EFFICIENCY BECAUSE OF ALTITUDE**

Our area is several thousand feet above sea level yet electric air conditioning is not adversely affected. It does its cooling job as efficiently as if it were at sea level. An important point to consider when buying.

**COMPLETE SERVICE**

The principle of electric air conditioning is so well understood and the parts so easy to change that any air conditioning man can give you service quickly should you ever need it.

## Police Jail Two, Probe Break-In

Two men have been jailed by city police since Wednesday, and another is still in jail, serving out his \$90 fine.

A 68-year-old man was jailed early Thursday morning, charged with drunk in public. He was fined and released.

Another adult was jailed Friday night, charged with misdemeanor theft (under \$5) and drunk in public. He was fined and released Saturday morning.

The man who is serving out his fine was charged with drunk in public, no driver's license and resisting arrest.

Police are investigating an attempted breaking and entering case at Littlefield Seed and Delinting.

Tommy Thrash reported to police Thursday that entrance to his business was attempted by tearing the screen on the east window to a restroom and possibly attempted to enter the building on the same side. As far as he could tell nothing was taken.

Police have investigated only one wreck since Wednesday. Thursday afternoon, a 1965 Chevrolet, owned by Ralph Ogerly of Littlefield, were involved in a minor collision on

Phelps Avenue, south of 4th Street.

The Ogerly auto was parked on the east side of Phelps, when the pickup, driven by Wright, had been parked on the south side of the Ogerly vehicle and started to back out and struck the car.

Approximately \$30 in damages resulted to the left front fender and bumper of the pickup, and \$75 in damages resulted to the right rear fender and bumper of the automobile.

# WORSHIP IN CHURCH

and get a spiritual lift for the whole week

## LOVE at FIRST SIGHT

Remember, when you watch small children play, that they are among the greatest of God's gifts to the world. He holds a special love for them all... love at first sight. "Take heed," Jesus once said, "that ye despise not one of these little ones." Divine regard was also made clear when the Disciples ask of Jesus: "Who is the greatest in the kingdom of Heaven?" Every man should well know the parable Jesus used that day to teach them the place He holds in His kingdom for our little ones. Oh, Lord, may we show our love by taking them to church, by teaching them that God's way should be their way, that they are the greatest in the kingdom of heaven.

**You In The Church**  
The Church is You... form a combination for good every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support the program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

### Jedd Blessing, New Director At State School

An Amherst native and former production manager of the Littlefield Press has been named to a new position at the Lubbock State School for the Mentally Retarded.

He is Jedd Blessing, who has served the past year as director of student life and training, and is now director of personnel at the school, according to Dr. John Gladden, superintendent.

The duties at the new school include the interviewing and screening of all new job applicants as well as handling the insurance and bond programs of all present employees.

Blessing graduated from Amherst in 1953 and received his BS from Tech in 1959.

He returned to school recently to work toward certification in special education, specializing in mental retardation.

He served as teacher of the Junior High Special Education unit at Crosbyton during the 1968-69 school term and joined the state school last July.

He is son of Mr. and Mrs. Ray Blessing of Amherst.

His wife, Gene, is daughter of Mr. and Mrs. Amos E. Swart of Littlefield.

They have two children, Billy Gene, age 10, and Jemma, age 8.

### Highway Patrol Investigates Nine Wrecks

The Texas Highway Patrol investigated nine accidents on rural highways in Lamb County during the month of May, according to Sergeant Thomas Keffler, Highway Patrol Supervisor of this area.

These crashes resulted in two persons killed, nine persons injured, and an estimated property damage of \$9,005.

The rural traffic accident summary for this county for the first five months of 1970 shows a total of 43 accidents resulting in two persons killed, 20 persons injured, an estimated property damage of \$34,865.00.

During the next three months millions of motorists will be heading for the road on vacations and outings. According to past facts and figures will be the most deadly of the next three months of the year.

During 1969 in Texas persons were killed in traffic accidents during the same vacation period.

The Sergeant stated, "It should be a challenge for drivers and pedestrians to be a fatality this summer."

# OBITUARIES

## ELIZABETH WOOD

Funeral services for Mrs. Elizabeth Wood, 77, who died early Thursday morning in University Convalescent Home in Lubbock, were conducted Saturday afternoon in the Hammons Funeral Home Chapel in Littlefield.

Mrs. Wood had been a resident in the home 10 months, but had previously lived in Anton 20 years.

Duane Johnson, minister of the Smithlawn Church of Christ in Lubbock officiated, and burial was in Littlefield Cemetery.

Mrs. Wood was widow of Walter A. Wood, who died Jan. 3, 1970.

She was a Baptist.

Surviving are two sons, Lee Roy Wood of Hereford and Walter A. Wood of Lubbock; two daughters, Mrs. Rena Cowser of Abilene and Mrs. Dolores Fincher of Midland; two brothers; two sisters; 10 grandchildren and 14 great-grandchildren.

## JOHN WILL SPECK

Services for John Will Speck, 47, of Plainview, who died Wednesday evening in a Plainview hospital, were conducted Thursday afternoon in the First United Methodist Church in Plainview.

Rev. Mark Williams officiated and burial was in Plainview Memorial Park.

He was father of S. W. Speck Jr. of Olton. Speck had owned a farm implement dealership in Plainview until earlier this year when he sold the firm because of ill health.

He was born in Plainview June 14, 1922, was a member of the First United Methodist Church, the Masonic Lodge, and was a former city councilman.

He attended the Shiner Institute in Kerrville and Texas A&M before he served in the Army Air Corps during World War II.

Surviving are his wife; two daughters, Nancy Elizabeth Speck of Denver, Colo., and Mary Ann Speck of Plainview; the son; two sisters, Opal Speck of Galveston and Mrs. Edwin Garland of Perryton; his mother, Mrs. W. O. Speck of Plainview; and two grandchildren.

## JOHN MILTON McCoy

John Milton McCoy, Sr., 69, of Beaumont died Monday about 10:50 a.m. at home after a lengthy illness.

He was father of Mrs. Ernestine Perlman of Littlefield.

Services were Saturday morning at L. M. Williams and Sons Funeral Home in Beaumont.

Burial was in Forrest Lawn Cemetery in Beaumont.

He resided in Beaumont for five years, a resident of Port Arthur 43 years and a native of Wharton.

McCoy was employed by the Texas Company. He was member of Masons, Cosmopolitan Lodge No. 872 in Port Arthur, OCAW Local 4-23 and a member of the Baptist Church in Beaumont.

Surviving are his wife, Mrs. Maida McCoy; two other daughters, Mrs. Nina Doris Long of Houston and Mrs. Irma Erlene Cessac of Beaumont; two sons, John Melton, Jr. of San Jose, Calif., George Alton of Marlboro, N.J.; one sister, Mrs. Nina Brock of Galveston; one brother, W. L. (Bill) McCoy of Beaumont; 15 grandchildren; and four great-grandchildren.

## C. H. 'CRAN' PITTMAN

C. H. 'Cran' Pittman, 65, of Plainview, died Thursday afternoon in Methodist Hospital in Lubbock following a lengthy illness.

He was father of Billy Pittman of Earth. Services were conducted Saturday morning in the Happy Union Baptist Church with Rev. David Berryhill, pastor, and Rev. David Miller, pastor of Woodrow Baptist Church, officiating.

Burial was in Abernathy Cemetery with Lemons Funeral Home of Plainview in charge of arrangements.

Pittman was a farmer and went to Hale County in 1935. He was a native of Hot Springs, Ark., and had resided in Happy Union and Lakeview before he went to Hale County.

He married Miss Dixie Moore at Crowell Oct. 22, 1926.

Pittman was a member of the Happy Union Baptist Church.

Surviving are his wife; two daughters, Mrs. Wesley Cagle of Huntsville, Ala., and Mrs. C. R. Hobgood of Abernathy; the son; a brother, Noble Pittman of Houston; four sisters, Mrs. Katie Milton of Paris, Tex., Mrs. Buna Hall of Clarksville, Mrs. Susie Baker of Houston and Mrs. Helen Breedlove of Vernon; and eight grandchildren.

## Civil Defense Officers Installed

New officers for Lamb County Civil Defense were elected Monday night during the regular monthly session at Sudan, and Elmer Houston of Olton will take the helm as president for the upcoming year.

The meeting was conducted in the Sudan Fire Department's building with Area Co-ordinator Gene Campbell, presiding.

Films were shown on tornadoes at Wichita Falls

and Hale Center. The Wichita Falls film showed the tornado in action as it came into that city, and concluded with scenes of destruction the storm left behind.

The Hale Center film showed the devastation after the storm. Olton will be host to the next county-wide meeting, July 13 at 8 p.m. in the Olton Fire Station.

Six men from Littlefield, eight

from Olton, and 17 from Sudan attended the meeting Monday. Those from Littlefield were Roy Ogerly, Pete Dunn, Bill Cox, Efton Graham, Monte Phillips and Leon Durham.

Other officers installed were Monte Phillips of Littlefield, vice president; Philip Gordon of Sudan, secretary; and Phil Hughes of Olton, treasurer.

Out-going president was Elroy Wisian of Springlake, out-going vice-president was Dave Cavitt of Earth, out-going secretary was Elmer Houston of Olton, and out-going treasurer, Efton Graham of Littlefield.

Special guests were law enforcement officers, Homer McLaury, Sudan deputy sheriff; Glenn Williams, Sudan policeman; Elton Avery, Olton policeman; and Hubert Dykes, county commissioner.

## Hodge Promoted

Matthew Hodge, 20, son of Mr. and Mrs. Bera Hodge of Littlefield, recently was promoted to Army specialist four while serving as a rifleman in Headquarters Company, 2nd Battalion of the 25th Infantry Division's 22nd Infantry near Ft. Ord, Calif.

## Rabid Skunk Kills Area Residents' Dog

By DONNA AVERY

WHITHARRAL--Early Monday morning the Don Avery's woke up to the smell of skunk and the sounds of growling dogs under the house. After a while some of the dogs came out and they could tell that they had been bitten by the skunk.

A man from the Hockley County Health unit came out after they had killed the skunk. He cut off the skunk's head and sent it to Austin.

The Avery's had 4 pups and two grown dogs. The skunk

killed one pup and hurt another one badly enough that they had to kill it to keep it from suffering.

The results came back Thursday and they found out that the skunk was rabid.

Their other dogs had to be taken to the dog pound.

There has been several reports of skunks attacking dogs in their area.

Everyone in the area of 7 1/2 miles south of Littlefield should be warned to watch their dogs and be sure and stay away from wild animals that act strangely.

## Census Bureau To Conduct Survey

The Bureau of the Census will conduct a survey of employment and unemployment in this area during the week of June 14.

The households, to be interviewed here by Mrs. Rosemary McNeese, are part of a scientifically designed sample that is representative of the entire U.S. population.

The employment and unemployment statistics are collected monthly by the Bureau for the U.S. Department of Labor to provide a continuing measure of the economic health of the

Nation as a whole and of major regions.

Questions on employment similar to those in the same survey were asked of the population in the 1970 decennial census, now being completed.

Bureau officials point out, however, that the monthly survey is essential as the source of current employment data. Facts supplied by individuals participating in the survey are kept confidential and therefore are used only to compile statistical results.

ANYONE, male or female, ready to go on the wrestling mat? Alice Ails, the Cherokee Maiden, and Billy, Sioux, are not extending any invitations and doubt if they would have many takers in the non-professional wrestling world. The two are "wrestling" pen pals, who actually wrestle for fun.

## It's A Man's World...Or Is It?

By EVELYN PARROTT SCOTT

Throwing a curve to "A Boy Named Sue" over Sudan way, is a "Sioux Named Billie", who is visiting Alice Ails at Sudan.

Billie Barns from Alamogordo is visiting Alice. The two are "wrestling" pen pals, and probably now are wrestling on the mat--as both are avid wrestling fans.

Fans probably is a valid word as the two actually wrestle for fun.

Alice has been known to challenge male members of the Sudan School faculty and some of the male students, but, she can find no takers to go to the mat.

Except, that is, her brothers and younger sister and a neighbor boy, Randy Scott, who is her most apt pupil.

Although Alice weighs 140 lbs. (lean, hard muscle) her 50 pound pupil, Scotty, has learned to flip, roll and turn, when the going gets wrong.

Wouldn't be fair if she picked him up and gave him a body slam, or whatever--.

So with pupils like Scotty, and a Sioux named Billie under her amateur training, Alice is well on her way to possibly becoming the lady wrestler she dreams of being.

Billie came to visit Alice, having corresponded with her after finding Alice's picture and address in a Wrestling magazine fan section.

States, Billy, "I do not like to wear dresses. I love horses and plan to get me a job and

save enough to buy me a horse farm."

Back home in Alamogordo, she has a horse named Tonka. She graduated from high school this year and is out to see parts of Texas and do a little visiting before settling down to a job.

This writer took one roll of film of Billie with Alice in a specially designed Indian Princess dress (belonging to her daughter, Faye Heffington of Littlefield) but, Sioux (Billie) was adamant and stuck to her bow and arrow, holding out she'd rather wear pants than switch; even to get her picture in the paper.

Billie doesn't mention her Indian heritage much; but is of the Teton Tribe of the Sioux, and Irish through the Barns name. This probably explains her love of horses as the Sioux were noted for being tall, excellent horsemen and warriors.

Alice is proud to admit she is of Cherokee blood through her grandfather, Edward Marion Skipper of Gilmer.

Alice learned only recently in a visit with her Grandfather Skipper, he was a wrestler in his younger days.

All the Ails children, Johnny, David, Carroll, Alice and Brenda are ardent wrestling fans, and until the closing of the Littlefield Sports Arena, the family station wagon on Sat. night, was jammed with big and little potential wrestlers, while neighborhood parents suffered prodigals from their offsprings (addicted because of the Ails children) who wanted to go to wrestling, too. Of course the Ails kids didn't have room for all the kids in the neighborhood so took turns taking different ones--and the ones left behind sulked and generally made things so unpleasant that paps, grandpaps and friends took to the road and headed to Littlefield.

Some of the neighbors hoping the Ails kids take to going to matches, Lubbock and Clovis (but not to the roads on bicycles).

Alice will be a member of the Sudan High School class the coming school year and works full time during summer and part time at school as a waitress in a restaurant.

So Lamb County people expect to see a Cherokee "go to the mat", after pleting high school, as plans to train for the mat could be she will have horses in the Kentucky someday, and who knows may be her own jockey.

Remember Miss Cronin first woman jockey in the Kentucky Derby this year. It is still a man's world or is it? It is more than likely the girls will find it out going into what is, or was, as strictly male profession.

### County 4-H's Sew Garments

"Sew yourself into the scene" is the program Lamb County 4-H Club girls are working on now.

"Sewing helps to create the look you like at a price you can afford," says Mrs. Lady Clare Phillips, County Home Demonstration Agent.

Girls learn to shop for fabrics, buy patterns and then construct and model their garments. They learn also how to buy ready made garments and plan a suitable wardrobe.

July 14 is the date set for the county dress revue to be held at the Community Center in Littlefield at 2:30 p.m.

Records and garments will be judged in the morning and the public revue will be in the afternoon. All girls from 9 to 19 are eligible to make any type garments they are capable of making and the highest scoring senior and junior girl will participate in the district revue July 28 in Lubbock.

### OHS Girls Win State Contest

OLTON--Three members of the OHS choir sang in the State choir contest last week and brought home laurels for themselves and their school.

Marlana May, daughter of Archie May, earned a II rating and comments from her judge which read, "You did a very nice job, Thank you."

Janie Jones and Rebecca Hodges brought home a II and III rating. They are the daughters of Mr. and Mrs. Owen Jones and Mr. and Mrs. Johnny Hodges.

Commenting on the girls' performances, judges said, "Olton must have some really good teachers."

Miss Ida May Powers directed the choir this year and accompanied the girls to Austin.

The group visited the Capitol and University of Texas campus while they were in Austin and enroute stopped to visit in Abilene and see the zoo.

### Gleaners Class Conducts Meet

AMHERST--The Gleaners Class of the Baptist Sunday School met Wednesday at 2:30 p.m. in the home of Mrs. Henry Meyer for their monthly meeting.

Mrs. C. A. Thomas, class president presided in a short business session.

Mrs. Ted Long's devotional was from the 12th chapter of Exodus and Mrs. Meyer conducted a quiz on the book of Exodus.

Among those attending were Mmes. Carrie Thomas, C. A. Thomas, A. A. Royal, Iva Commons, T. I. Bason, W. M. Tomes, Ted Long, the hostess, and two visitors Mrs. Ed Love and Mrs. Arthur Moncrief.

### Earth Lions To Conduct Broom Sale

Earth Lions Club will be sponsoring their annual broom sale in Earth Thursday, June 18.

The Caravan For The Blind will be stationed at the Super Save parking lot, beginning at 8 a.m., when it begins.

Items to be sold are made by the blind, including brooms, ironing board covers, mops, wash cloths, mats and many other household items.

Proceeds from the sale will be used for the Earth Lions Club's sight conservation program and other projects.

### THE DAIRY COW

June is Dairy Month and appropriate time to pay tribute to an animal that contributes so much to American agriculture and the well being of our nation's population. The dairy cow is a marvelous animal. She has the ability to convert grass and other feeds into nature's most nearly perfect milk, a product which is the foundation of the nation's dairy industry.
