

DIRECTORS, TWO COACHES LEAVING

Trustees Seek Maintenance Money, Accept Resignations

Authorization to borrow \$25,000 for maintenance work and a report on the school cafeteria is needed this summer, the

resignation of the high school and junior high band directors and two football coaches plus the approval of the athletic

budget for 1974-'75, highlighted the Littlefield School Board of Trustee meeting Monday night in the LHS

cafeteria. In other matters, the board heard from a group of senior citizens con-

cerning an exemption of \$3,000 of the assessed taxable value of all residence homesteads for all persons 65 years or older, accepted a motion to comply with the minimum wage law for hourly employees, gave authorization to Carlton Parker to sign checks and other documents, heard a report from City Manager Jim Blagg concerning the merging of the city and school tax offices, approved the school football insurance program that is identical to last year's and with the same company, approved the financial statement and voted to use the Texas Educational Service Center in Lubbock for accounting purposes for '74-'75.

exempt \$3,000 of the assessed taxable value of all residence homesteads of all persons 65 years of age or older.

It is estimated that if this exemption is granted, it will mean a loss of \$20,000 to \$30,000 from the school district's tax rolls.

City Manager Blagg, in presenting a tentative contract for merging school and city tax office, stated, "We're basically trying to avoid a duplication of services." There were a few points in the contract the board thought needed rewording and recommended a meeting at a later date for this purpose.

The board also set Byron Ford's salary at \$12,000 on a motion by Werner Birkelbach and a second by David Hampton and a unanimous vote) as the junior high principal.

After hearing a report on maintenance needs from L.H. Reams, school maintenance supervisor, the board unanimously voted to attempt to borrow \$25,000 to use for building repair.

On a motion by David Hampton and a second from Doyle Winfield, the board instructed Parker (school tax assessor-collector) to negotiate with the First National Bank of Littlefield to borrow the money with delinquent taxes to be used as collateral. (Editor's note: The First National Bank is the official depository of the school systems and under Texas Law, all financial dealing of this type has to be handled with the school's official depository. School officials met with the bank Tuesday, but the outcome of the meeting was not known Wednesday morning.)

Presently, there is \$7,000 in the budget for repairs, painting, etc. for the summer months. Manpower in the maintenance area appears to be a problem as Reams stated, "we're at half-manpower now and it's hard to find someone for \$3,900 per year."

The board accepted the resignations of Daryl Rountree, high school band director; Mike Threadgill, junior high band director; Robert Bolton, assistant football coach and girl's basketball coach; and Kenny Carter, junior high coach.

No replacements were named or recommended, but it is expected that the coaches will be replaced before June 1 and interviews for the band positions will be held before that date.

Athletic Director Jerry Blakely presented the proposed athletic budget for the coming year and it was unanimously approved.

The budget reflects an increase of \$1,420 with the girl's athletic budget increased by \$1,800, and the boys' budget lowered by \$400. The total budget reflects a figure of \$29,330. Expenditures for boys is set at \$25,130 and girls' \$4,200. It is estimated that of the sum total, \$10,000 will come from tax money and the remainder from gate receipts.

In hearing from the senior citizens group comprised of members of the XYZ Club, Retired State Employees, and Retired Federal Employees, the board took under study their proposal to

County Electric Receives Loan

Congressman George Mahon informed the Leader-News late Tuesday that the Lamb County Electric Co., Inc. has been awarded a Rural Electrification Administration loan of \$243,000 to finance service for 314 additional customers, to finance 34 miles of distribution line and to finance other system improvements.

New Business Now Open Here

A new business is now open in Littlefield at 329 Phelps Ave.

Pazaz, owned by Kathryn Day and Carol Wallace, will specialize in teenage and young women's clothing, and will be managed by a Littlefield native, Beth Williams.

Store hours will be from 10 a.m. to 6 p.m.

Special consultant services will be available through the Apparel Mart in Dallas, from which new fashions will be shipped weekly.

Highlighting the new business is the brightly decorated, fully carpeted building with modern fixtures and a juke box.

Blood Pressure Clinic Set Sunday

There will be a Blood Pressure Clinic in the black neighborhood this Sunday from 2-4 p.m. sponsored by the Irvin Street Baptist Church, according to Joyce Oliver, Littlefield school nurse.

Several other blood pressure clinics are planned in other neighborhoods at a later date.

Mrs. Oliver said they want to check as many blood pressures as possible during the Sunday clinic, since high blood pressure is so much more prevalent among the blacks.

Helping Mrs. Oliver with the clinic will be Barbara Simington, Nina Talburt, Beth Ford and Doris Scott.

13 Lodged In County Jail On String Of Varied Offences

Thirteen persons have been charged with various felony and misdemeanor violations and jailed by county and DPS

authorities during the past week. Five of these of these were driving while intoxicated charges, three are felony theft violations, one malicious destruction of private property, one forgery and passing, and two drunk charges.

Jerry Ralph Moore returned from California and gave himself up to authorities on a felony theft grand jury indictment.

Evern Lee Jackson Jr. of Lubbock made a \$2,000 bond on previous check charges and was charged with forgery and passing of seven checks Monday.

An Arizona man has bond set at \$2,000 on a charge of theft of a pickup from Bill Bradley.

A Sudan man is in jail on a charge of malicious destruction of private property.

A Littlefield man was arrested Monday for possession of marijuana and fined \$247 plus 60 days in jail, probated.

An Olton man has made a \$2,000 bond on a felony theft charge which Sheriff E. D. McNeese said has led to the clearing of numerous farm thefts in Lamb and surrounding counties.

A Brownfield man and a Lubbock resident, both charged with DWI, have made bonds of \$1,000.

An Olton man charged with DWI was fined \$156. A Littlefield man charged with DWI was fined \$247 plus 10 days in jail. An Olton man charged with DWI was fined \$256 and 60 days in jail. Two Lubbock men were jailed on drunk charges.

County Cancer Society Names New Officers

The Lamb County Chapter of the American Cancer Society met Tuesday night at Pep in the school cafeteria for a report meeting and election of new officers for the upcoming year.

Reports were presented by the outgoing president, Melvin Rape of Olton; crusade chairman, Mrs. Lady Clare Phillips of Littlefield; public information chairman, Miss Joella Lovvorn of Littlefield; and memorial chairman, Jackie Freeman of Earth.

Mrs. Phillips reported that as of May 10 a total of \$8,316.85 had been turned in to the Cancer Crusade fund. Mrs. Freeman reported that to date, \$546 has been donated to the memorial fund.

Officers elected to serve year-long terms were Joella Lovvorn, president; and Lucy Moreland, secretary. Re-appointed to their posts were Gloria Jackson, treasurer; and Jackie Freeman, memorial chairman.

Ida Simnacher of Pep and Melvin Rape of Olton volunteered to serve as delegates or alternates to the area division meeting in Midland June 4 from 9 a.m. to 2:30 p.m.

The new president, Joella Lovvorn, volunteered to serve as delegate to the division meeting in Dallas Aug. 7 and 8.

Bill McDavitt, former District III executive director of the American Cancer Society, introduced Dave Graham, the new executive director. McDavitt is being transferred to Midland.

Melvin Rape expressed the chapter's

appreciation to Bill McDavitt for the help, aid, and information he has provided the county unit during his four years as executive director.

Members of the county unit voted to take money from a special fund which had formerly been set aside at the bank and add it to the crusade fund.

McDavitt emphasized the importance of educating the public on methods of cancer detection and of getting physical checkups regularly. He reported that about 62 percent of the American people have not had regular checkups.

Certificates of appreciation were presented to the various community crusade chairmen by the outgoing president, Melvin Rape. Members voted unanimously to express a special appreciation to the DE class of Littlefield High School and to their instructor, Mrs. Joycelyn Henry, for their aid in assembling the work packets for the crusades the past several years.

To close the meeting, members decided to meet Sept. 10 at Earth for the next regular session.

Cookies, carrot cake, coffee and soft drinks were served to Lucy Moreland, Dave Graham, Bill McDavitt, Jody Ellis, Jackie Freeman, Joella Lovvorn, Melvin Rape and Lady Clare Phillips by the hostesses, Ida Simnacher and Valeria Shannon, both of Pep.

Band Concert Set Tonight

What America Means To Me

BERRIE RAY, Ele. 2
AMERICA means the Bill of Rights, Freedom of Speech, Freedom of the Press, Freedom to have a Trial by Jury, many other liberties. America portrays the Pilgrims who so bitterly hard to stay alive and to the New World.

he so bravely brought our small colonies into a great nation.

ONE CANNOT think of America without appreciating beautiful lakes, rivers and streams. The forests, the wildlife, and the great monumental cities and statues are also our heritage.

And even though these lakes, rivers and streams are becoming polluted and dirty, and the forests are being burned and destroyed, and the wildlife is becoming extinct, America is still the same old America it was over 100 years ago.

WHEN I think of America, I recall the Revolutionary War in which so many gave their lives for our country. America means our very first President, George Washington, and how

Killers Must Be Stopped

OF ALL THE unbelievable things happening these days, perhaps the most incredible is the story from Washington that Communist killers are apparently stalking victims in our land, with little attention and no protest on the part of our "detente"-minded Administration in the White House

The bare bones of the story center on two recent murders.

THE FIRST VICTIM was Jose E. de la Torriente, an American citizen (although Cuban born), a successful and prosperous businessman living in Miami, Florida. Torriente has raised large sums of money to aid the refugees from Communist Cuba, and more recently he has been actively contacting Cuban exiles with the idea to organize a Cuban Government in exile, aiming towards the return of freedom in Cuba.

He traveled widely for this purpose, not only throughout Latin and South America, but also to Spain, West Germany, Great Britain and France.

ON WEDNESDAY, March 20, Torriente dispatched a long letter to President Nixon, asking him not to deal with Castro because it would be against the best interests of the United States.

A few days later, he left Miami for a quick trip to make contact with Cuban exiles in Chile, Bolivia, Paraguay, Uruguay and Brazil, returning to his home on Monday, April 8. Meeting with friends there, he told them of his plan to visit Washington the following week.

HOWEVER, at 10 p.m. Friday, April

12 while sitting in his living room watching television with his wife, Torriente was shot and killed. A neighbor reported to the police—and first news flashes indicated—that one gunman was seen escaping in a car parked nearby.

However, two hours after the murder, the Communist radio station (Radio Havana) reported that Torriente had been killed by more than one gunman. And, sure enough, the next day the Miami police discovered, in the autopsy, that Torriente had indeed been shot by two or more killers.

HOW DID the Communists know more about the killing than the Miami police—unless the murder had been planned in Havana?

Two days later, in a "routine" news story over Radio Havana, the name of another Cuban exile, Arturo Rodriguez-Vives in New York City was mentioned. Four hours AFTER the communist broadcast, Rodriguez-Vives was murdered in his upper Manhattan home.

CUBAN EXILES report that fifteen other leading Cuban-Americans have been scheduled for "execution" by the Communists, and many are in hiding at this moment.

That communist killers can stalk victims on American soil is incredible. But that these murders can take place without a roar of indignation and outrage from either the White House or the halls of Congress, is even more incredible.

CLIPS & TIPS

MONDAY NIGHT at the close of the first course of "Adventures In Attitudes", members of the class were treated to a tasty dessert called "Marshmallow Brownies", made and served by Carol Black.

Several wished they had the recipe for their files, so I decided to include it in this column today, with Carol's compliments.

MARSHMALLOW BROWNIES

- 1 stick oleo, melted
 - 3 Tbsps. cocoa
 - 2 eggs
 - 1 cup sugar
 - pinch of salt
 - 3/4 cup flour
 - 1 cup chopped pecans
- Mix in order given, and bake in an 8" x 8" greased and floured pan at 350 degrees for 20 minutes. Spread miniature marshmallows on top and put back in oven for about 2 minutes, or until they are melted together. Set aside to cool.
- Mix icing:**
- 1/4 cup oleo melted
 - 1/4 cup cocoa
 - Pinch of salt
 - 1/2 tsp. vanilla
- Enough milk to make it spread
- 1/2 cup powdered sugar
- Spread on top of the cooked and cooled brownie layers.

WHILE VISITING my mother and father during Mother's Day weekend at Miles, Mother gave me a "recipe" which was written back in 1916 by a grandmother of a new bride. I thought it was interesting and decided to include it here.

WASHDAY 1916 YEARS AGO a Kentucky grandmother gave a new bride the following "receipt" for washing clothes. It appears below just as it was written, and despite the spelling, has a bit of philosophy.

1. Bilt fire in backyard to heat kettle of rain water.
2. Set tubs so smoke won't blow in eyes if wind is pert.
3. Shave one hold cake lie soap in bilin water.
4. Sort things, make three piles. 1 pile white, 1 pile colored, 1 pile work britches and rags.
5. Stir flour in cold water to smooth, then thin down with bilin water.
6. Rub dirty spots on board, scrub hard, the bile. Rub colored don't bile, just rinch in starch.
7. Take white things out of kettle with broomstick handle then rinch, and starch.
8. Hang old rags on fince.
9. Spread tee towels on grass.
10. Pore rinch water in flower bed.
11. Scrub porch with hot soapy water.
12. Turn tubs upside down.
13. Go put on house dress, smooth hair with side combs. Brew cup of tee, sit and rest and rock a spell and count blessings.

HANG THIS above your automatic washer, and when things look black,

read again.

TIPS AND TIDBITS:

HERE'S A NEAT trick for those of you who can never find the measuring tape when you need it. Make a sewing apron, and just sew a measuring tape upside down across the bottom of the apron. It's handy when you are sitting at your sewing machine. You can just lift the bottom edge of your apron and check the width of any seam or hem you happen to be stitching. These would be good items for bazaars too.

GRASS STAINS are sometimes hard to remove from nonwashable rayon fabrics. Sponge the stains with a solution of one cup denatured alcohol and two cups water. Sponge with clear water and blot dry.

WHILE MAKING buttonholes in polyester garments with the buttonhole attachment, mark the buttonhole, then lay a piece of waxed paper over it. The material will slip under the attachment with no snagging and you can see the markings through the waxed paper.

WHEN YOU BUY spices, write the date on each container so you will know which boxes are the oldest. This will help you keep your spice supply fresh and will remind you to discard spices that get too old.

THE SMALL, clear plastic boxes in which costume jewelry or playing cards are often sold make nice picture frames for a small gallery of children's pictures. The pictures stay clean and the frames stand up by themselves.

YELLOW LACE may be bleached gently by soaking it for several hours in a pan of sour milk.

Turn Row COMMENTS

By EMIL MACHA

NOTICED DURING my travels the past few weeks that my windshield has not had as many bugs splattered on it as it used to. The 55 mile per hour speed limit not only has saved us in gasoline consumption, but may also help the

natural environment in reference to insects.

Most of us have slowed down at least 15 miles per over last year, and in doing so, we are not killing as many insects as we have in the past. Now as little important as it may seem, due to the slower speeds, we will have more insects to infest our crops.

Of course there is another way to look at it. Perhaps the existence of insects will remain balanced because it is possible that we kill as many good insects as well as the undesirable ones and maybe with the extra insects surviving the slower moving vehicles, our good insects may outproduce the so-called bad ones and our insect environment may be even better as far as humans are concerned than it was before.

Who knows for sure what might happen, guess we will have to wait and see.

NOW THAT THE DAYS are growing longer and bicycle fanciers are beginning to tour our highways and byways, I feel that now is an appropriate time to urge all to take extra precaution because the uncertainties of danger are constantly exposed to all occupants who travel or walk the streets.

I'd like to advise all who travel on the west side of town, especially on Westside Ave, to be especially careful. The reason for this is that a notorious columnist (CORNBALL) has been seen riding his new 10-speed bicycle in this area. We must have respect for his age and his

THE ABUNDANT LIFE

No Fanaticism

IT IS VERY IMPORTANT to each one of us to seek and maintain a sensible balance in our thoughts and actions. This is what we must do, if we are desirous to do the best we can with our lives.

This is a worthy purpose, and a reasonable one; and requires continuing self-examination, in the light of the best available information. Even in this necessary action, there is a proper balance.

None of this is too difficult to attain, but it does require wise and diligent personal effort governed by the very best available set of values.

WE CAN BE APATHETIC, and many people are; but this is a very poor choice for one's life. Many of the problems and difficulties which come to our attention have in them the possibility of causing apathy.

We may be apathetic, because we are lazy; or it could be that we don't want to be bothered; or it may be the only way we know how to protect ourselves; or it may be that we have been overcome by a feeling of defeatism.

IT IS ADMITTED that there are instances when the assumption of an indifferent attitude may be justified; however, a general spiritless, disinterested attitude makes a life much less than satisfactory; and almost completely useless.

This is an extreme which can and should be avoided, because it places us in one of the most undesirable living patterns.

THE OTHER EXTREME, "fanaticism", which is a frenzied, excessive interest or enthusiasm, probably

causes more damage than good. Under its influence, people do things; even irrational things. "Fanaticism" embraces poorly conceived devotion causes which are destructive.

It is the source of wars which destroy friendships, and causes estrangements in areas of human associations, the possibility of complete starvation of the life which it causes.

Then, there are the risks, strife, warfare and other conditions and disorders which "fanaticism" of one kind or

"FANATICISM IS the child of zeal and superstition; the result of tolerance and persecution."

WE MUST REMEMBER that a wholesome and justified interest and enthusiasm. A sane life must demonstrate these characteristics.

Therefore, we must not fear from reasonable concern and make sure that we do not degenerate into the wide "fanaticism".

Much that is essential to an in both personal and collective requires the spirit of enthusiasm of these things can be made even harmful, by "fanaticism".

BETWEEN "FANATICISM and apathy, we can find the balance supported by good sense and informed conclusions. This is the most desirable life; a life of good self-image, a sane association with other people, and most effective personal per-

THE PRESIDENTS tapes are very damaging to his image, simply for the reason of his Marine sergeant type language. Surely he could do better than this, with the knowledge that his language was being taped.

Could he have been thinking of his grandchildren when he was saving these tapes for posterity?

MANY OF US, having some of the Puritanical hypocrisy left over, find it hard not to lose respect for a purported first citizen of our nation that indulges in such ungentlemanly vocabulary.

I know that I owe him an enormous vote of gratitude, along with others, for the simple reason that if it had not been for his determined action in ending the war, I'd probably have a son inhabiting the marshy reeds of Vietnam, right at this instant.

THERE'S MANY OTHER plusses to his tenure of office, however, I'm constrained to believe that an apology for his bar room type language would do him much good in the eyes of the masses. Surely he must feel some remorse.

If anyone feels like sending me that picture of him to hang on my wall, I have one request. Could you put a piece of tape over his mouth??

I'VE GOT ANOTHER good? Well I've been out on these last few days, and that's eye opener.

As it turned out, my main concern trying to avoid getting run over on the backside! Believe me, it's

THERE IS ONLY ONE cure for inflation. The average citizen can cure merely by looking in the mirror. It is the one who has put pressure on Congressman or his Senator for grants and handouts that essential, and without it, these localities have come to believe cannot survive.

A good portion of every directory in cities and towns of the nation is devoted to pages of governmental agencies. These are shoveling out taxpayers' dollars in the hundreds of billions—far beyond the taxpaying ability of the people, directly or indirectly, the citizen now has a vested interest in the perpetuation of these spending of government. And it is such hundreds of them—perhaps thousands—which are totally unrelated to government services that are the value of the dollars in the pocket of every person in the country.

If Mr. Average Citizen really control inflation, he can examine the listings and Government in a telephone and visualizing the true bureaucrats those listings are. After that, he might try to write Congressman. In doing so, it will remember that inflation was rampant before the energy came along to give it another

Witnesses Return From Convention

Meetings for the Littlefield congregation of Jehovah's Witnesses were resumed this week with the regular schedule of Bible study activity being conducted at the Kingdom Hall of Jehovah's Witnesses, according to Lloyd Lowery, local minister.

Local members returned home from having attended a two-day convention in Portales, N.M. over the weekend where 2,173 heard the principal speaker discuss, "Be Confident of Divine Victory."

Paul D. Moske, district overseer for Jehovah's Witnesses, who addressed the hundreds of delegates as they assembled in the Portales High School gymnasium, declared about the subject of Divine Victory, "It is no mere quaint story. This victory will come, just as surely as there is a Divine Ruler. The result will be elimination of corrupt rulers, exploiting commercialists."

Food shortage, unemployment, rising cost of living are problems of great concern to people. We are not immune, but should reflect confidence in God's assurance to provide for his people."

Moske concluded, "With soundness of mind and confidence in God's victory, we can victoriously survive the approaching end. Meanwhile, make an earnest effort to bring our lives into full harmony with his will."

The local presiding minister, Lloyd Lowery, in commenting about the convention said an ordination ceremony was held Sunday morning when 55 were baptized. These newly dedicated ministers represented most of the 22 congregations of Jehovah's Witnesses in West Texas and Eastern New Mexico. He added, "All who attended the assembly in Portales have returned home convinced that they are going to learn more about God and his requirements by stepping up the tempo of their Bible study activity both in the home and in the local congregation."

He encouraged, "Do not let anxieties of life or desire for material possessions cause you to lose sight of coming victory and the New Order."

If you can't get PIONEER Brand 8311

here are some excellent alternative hybrids for High Plains farmers.

Pioneer Brand 8311, the "Golden Bronze Yield Leader," has been our most popular hybrid this year — so popular, in fact, that it may be in short supply in some areas. One reason is that the demand has been so great downstate where 8311's disease tolerance is so important. Fortunately, there are several other Pioneer Brand hybrids that are proven top performers on the High Plains. If you can't get 8311, ask your dealer about these.

- PIONEER Brand 8417**
This versatile yellow endosperm sorghum is a champion yielder in the medium-late maturity class, for irrigated or non-irrigated land. It has large open heads, uniform head height, strong stalks for easy threshing, good tolerance to smut and anthracnose.
- PIONEER Brand 820**
This top-notch full-season hybrid, is a consistently high yielder. Excellent drought resistance and standability plus good roots and stalks make it a good choice for irrigated or non-irrigated farming on the plains.
- PIONEER Brand 828**
One of the highest yielding sorghums you can plant, this full-season hybrid responds well to good management on good land with plenty of water. Plains growers like it because it holds its quality and threshes well even after an early freeze. It produces sturdy stalks with semi-compact heads of dark red grain.
- PIONEER Brand 846**
Famous for its versatility and adaptability, this medium maturity hybrid yields along with the full-season varieties. Resistant to smut, rust and MDM, its outstanding hybrid vigor and excellent drought resistance help it turn in consistently high yields even under stress.

When your brake shoes look like the photo above, you're driving with your life in the balance. Even when the linings are not worn out, there may be hidden weaknesses that can cause your brakes to fail. Linings can become glazed by excessive heat, reducing friction potential to dangerous levels. Or, if linings are of the glued-on (bonded) type, repeated stops at high speeds may cause them to become detached from the shoe. Star Brake Service grinds with a thorough inspection to reveal the probable cause of brake failure.

2 WE THOROUGHLY RECONDITION YOUR BRAKE SHOES

When we overhaul your brakes, we like to start with a good foundation. We use the brake shoes that are already on your car because we know already on your car because we know that those have been "mated" to work properly with the rest of the brake mechanism. We do not substitute an entirely different set of brake shoes. In fact, we completely remove the old lining and clean the table of the shoe. When we are satisfied that the shoe is as good as new, we're ready to reline them.

3 WE RIVET ON PREMIUM LININGS

Two things to remember about our Star Brake Service: (1) We use only premium-grade Star linings, secured to the shoe by the only positive method known—precision power-riveting. No adhesives or bonding agents are used because we know that even the best of these can be affected by extreme heat. (2) Ventilating grooves in the lining and hollow-center vented rivets allow free air circulation through and around the shoe to ventilate friction surfaces. Result: reduced brake heat-up and faster cooling—safer, smoother braking.

4 WE TURN WORN DRUMS TO RESTORE 100% BRAKING SURFACE

To put relined brake shoes in a glazed, scored or out-of-round drum is like putting a new tube in a worn-out tire: using sooner or later, you're bound to have trouble. Reconditioning drums is a must for a complete brake job. With our precision Star drum lathe, we restore drums to "like new" condition, with a fresh, perfectly round friction surface machined to precision tolerances.

5 WE GRIND SHOES TO ENSURE PRECISION SHOE-TO-DRUM CONTACT

Turning drums is not enough. For full braking power, shoe linings must be arc-ground to the precise contour of the drum. This gives you complete, 100% contact with the drum with equalized stopping power on all four wheels. You get safer brakes and smooth stops, eliminate pulling, squealing and swerving. With our Star shoe grinder we are the new shoe to full contact with the reconditioned drum. No "wear in" and "take-up" adjustment needed because we compensate for initial wear.

6 WE CHECK ALL HYDRAULIC AND MECHANICAL LINKAGES

What goes on between your brake pedal and our brakes? We make it our business to find out. As part of our complete Brake Service, we thoroughly check all hydraulic and mechanical linkages. If any part is too badly worn to give reliable service, we'll tell you so. That's why, when we deliver a complete brake job, you'll know that your brakes are as good or better than the brakes on a brand new car. And that's a mighty good feeling.

Judging Team Wins String Of Victories

Kent Lewis of Earth is a member of the Livestock Judging Team at South Plains College which has a string of victories going that may be hard for other junior colleges to top.

The five-man team won its fifth consecutive Texas junior college livestock judging contest recently at Tarleton State University. That means that since 1970 a team from SPC has brought home the championship trophy every year.

Besides the team title, SPC walked off with most of the individual honors at the state meet.

Eddie Wood, a sophomore from Dimmitt, captured high individual honors with 888 points.

Gary Moore, sophomore from Wilson, was just five points behind in second place.

And L. D. Hamm of Plains, Kent Lewis of Earth and Bill Drennan of Guthrie placed third, fifth and sixth, respectively, making it near clean sweep of the individual awards.

The victory in the state contest came after another good year for the judging team. It began with a sixth place finish at the Denver National Western Stock Show and included reserve champion honors at the Southwestern Livestock Exposition in Fort Worth and fourth place at the Houston Fat Stock Show, the nation's largest livestock show.

At Denver the team placed fifth in both the beef and swine

judging. Moore finished fifth in the individual competition after tying for second in sheep judging and taking fifth in beef judging.

In Fort Worth the team won the sheep judging and finished second in both the swine and quarter horse contests—only to loose the team title to Northwest Okla. by the slimmest of margins, 2,185 to 2,184. Lewis took top honors among individuals while Drennan placed eighth.

The team won the sheep judging and was second in quarter horse in Houston. Lewis placed third individually after taking second in both sheep and quarter horse judging. And Moore won sheep and was fourth in quarter horse competition. The year ended with the win over four other Texas junior colleges at the State meet.

The judging team's story began back in 1969, the year after Jim Jenkins joined the SPC faculty. Jenkins, who holds a master's degree in animal nutrition and a bachelor's degree in agricultural economics from Texas Tech University, got the program started during a highly competitive period. At that time freshmen and sophomores from senior colleges were taking active parts in livestock judging contests.

After only one year of preparation, Jenkins entered his team in the Denver, Fort Worth and Houston shows. In that final contest, Jerry Townsend of Earth took reserve individual honors and led the team to the championship, a feat which Jenkins says "turned the program around. We got a tremendous amount of response after that win." Almost as an anticlimax the team won its first state contest in Stephenville.

In 1971 the team continued to do well and finished second in both the Denver and Houston shows. The team missed the championship in Houston by just eight points, nearly winning an unprecedented second Houston title. Graig Barton of Earth was high individual at that show.

The state meet moved to Abilene but the outcome was the same in 1971—SPC was the

winner. Those first two teams also were unique in that women competed for SPC. Nancy Hart of Post was on the 1971 team and Lilly Cox of Happy competed in 1970, making that team the only one to win a major stock show with a woman member.

Despite an off year in 1972, Jenkins' team still managed to win the state contest, again in Abilene.

Last year, after a slow start at Denver and Fort Worth, the team finished third at both the Houston show and the first annual National Agriculture College Livestock contest in Abilene sponsored by the National Agriculture Teachers' Association. With contestants from all across the country entered at Abilene, John Weather of Lockney led the SPC team by taking high individual honors.

A 1969 graduate of the University of Texas in Austin with a Bachelor of Arts degree, he joined the Navy in January 1974.

NANCY KULP

Nancy Kulp Now Appearing At Hayloft Theater

Nancy Kulp, whom area television audiences remember best as the dry-humored Miss Jane Hathaway—Mrs. Drysdale's secretary—of "The Beverly Hillbillies", will star in the upcoming Hayloft Dinner

Theater's production of "Boeing-Boeing". The show—all about a swinging bachelor and three international girlfriends—features Miss Kulp as the hilariously enterprising housekeeper, Bertha.

Nancy Kulp's career actually began in 1949 at WTVJ, Miami, where she served as publicity director and continuity director. She went to California in 1951, and in ensuing years, established herself as one of the movies

and television comedienne. She has appeared on 600 television programs, beginning with "The Beverly Hills Cop" and "The Dick Van Dyke Show".

South Plains Fair Planning 8-Day Run

The 57th annual Panhandle South Plains Fair has added a unique one-ring circus to

headline its 1974 exposition, which also will star three top country and western stars during the eight-day run Sept. 21-28.

The Emmett Kelly Jr. Circus will take over in Fair Park Coliseum on the final two days of the fair, following the Loretta Lynn Show, popular Charley Pride, who holds fair records as a box office draw, and the Mel Tillis Show.

With the fair retaining its eight-day format for the second straight year, the exposition will open on Saturday and Sunday with Loretta Lynn. Pride will take over the stage on Monday and Tuesday and Tillis will be in the coliseum Wednesday and Thursday.

More than \$45,000 in premiums will be offered, an all-time high. Part of the increase was a \$1,000 boost in cash awards earmarked for the Parade of Bands, which will be held in downtown Lubbock on Sept. 23.

Kelly will star in the shows as the happy-go-lucky clown in greasypaint. The veteran performer travels more than 200,000 miles each year, bringing smiles to the faces of thousands.

The entire circus will be presented in the European-style single center ring.

Other circus headliners will include Pamela Rosaire and Jerry "mad mad dogs," Less Thinis, Denmark's first trampoline artists who perform on the world's smallest trampoline, Tony, the wonder horse, Gentle Ben, the capricious bear who performed on a tv series of the same name and Judy and Thoto, the "Daktari" chimps.

Tony Hernandez will serve as ringmaster and Leonard Green will be the producer. "The Coal Miners" and Kenny Starr will be on the same bill with Loretta Lynn, one of the top female country and western singers of all-time.

Tasty Taco Grabs Minor League Lead

Tasty Taco took over the minor league lead Monday with a 22-5 romp of VFW. That win followed their Saturday 9-8 win over Leader-News and improved their record to 3-0-2. Fire Dept. and WOW share the major league with 2-1 records.

In a Friday game, VFW swamped Security State 20-8 while scoring big in every inning.

Dean Siems slugged a double and two singles to pace the winners. Zane Westmoreland uncorked two doubles and Mark Williams had a single. Joshua Rangel was the winning pitcher.

Pat Torres' double and single led the losers. Ronnie Smith added two singles and Harvey McClanahan socked a double.

Tasty Taco gained their 9-8 win over the Newsmen by pushing across five last inning runs.

James Randel knocked a double and a single to provide the big part of Taco's firepower. Pitcher Barry Fisher, Adam Solis, Johnny Logan and Stephen Haney all added singles to support the pitching of Adrian Solis.

Steve Vargas had the big bat for the Newsmen, slamming a triple and a double. Scott Lewis notched two singles, Alex Burnett a double, and Garland Wilkinson a single.

Taco came back Monday and scored in every inning en route to their 22-5 win over the

Veterans. Pitcher James Randel, Adam Solis and Dennis Garcia collected a double and two singles at the plate for Taco. Johnny Logan hit a triple and a single, and Adrian Solis and Randy Kemp both slashed singles.

Dean Siems paced VFW with two singles, David Jones and Zane Westmoreland both added hits.

Fire Dept. pulled one out of the flames Friday by coming up with four sixth inning scores to douse the Lions 8-7 in a major league outing.

Brady Bradley was the winning hurler, and joined Lynn Duffy and Joe Don Haynes with a pair of singles. Lewis Bobo had a double and Ricky Silvas singled.

The Lions got their runs off homers, as David Duenes, Raul Villafranco and Marty Drake all blasted balls out of the park. Duenes and Villafranco also added singles, but it wasn't enough to hold off Fire Dept.'s last inning rally.

Saturday, Birkelbach came from three runs behind to slip past Pay & Save 18-17.

Both teams were hot offensively, but Pay & Save couldn't keep their 14-2 third inning lead.

Mark Newton picked up three singles for the winners, and Mike Williams added another two. Todd Butler, Jamie Rangel and Tony Sierra each hit singles. Rangel pit-

ched. Greg Scott slugged a homer and a double for the losers, and Kerry Rainbolt knocked a round-tripper and a single. James Johnson had two singles, Alvin Contreras doubled, and Mark Harris singled.

Rotary notched seven tallies in both of the last two innings to hammer Pay & Save 21-9.

Greg Scott's homer and two doubles spearheaded the Grocer attack. Dennis Abeyta slammed a homer and a double, James Johnson picked up three singles, Kerry Rainbolt had two singles, Mark Harris a double and Tod Upton a single. Rainbolt collected the win.

Ricky Rangel and Bobby Guajardo got the only Rotary hits, both singles.

Scouts Hold Outing

"Be prepared," is the motto of Boy Scouts and "ready to learn" is a must if they plan to advance in rank.

The Scout Camporee for the George White District was held at the Bull Lake Park Saturday, May 4.

This year's camporee was made possible by the cooperation of the City of Littlefield and Buck Ross the park manager, along with

Danny Butler, Scout Executive, B. T. Kisner of the Lamb County Soil and Water Conservation District, all scout master, their assistants,

troop committeemen, and several businessmen and parents.

"With the help and cooperation of all working and planning together, the camporee was very successful," stated B. T. Kisner.

Sudan, Security State Win Opening Games

Sudan opened the Junior Babe Ruth League Friday by walloping Marcum Olds-B&C Pump 7-1.

Jerry Williams pitched a four-hitter and got batting support from Edgar Tamplin (two singles) and Craig Pickett (single).

Donny Green had two singles for Marcum-B&C. Jody Torres and Stan Jackson both had singles. Ralph Mendez pitched.

Saturday, Security State

pummeled Roden Drug with 10 fifth inning scores for a 14-1 win.

Norva Simington held the Druggists to one hit, and knocked a single at the plate. Ronnie Milligan slashed two singles, Bucky Healy and Bradley Allen notched doubles, and James Kemp, Jr. Sierra and John Mendoza singled.

Jeff Birkelbach got the only hit off Simington, a single.
