The Fund and Adventure Map project entails a total program of distribution including the Texas Highway Department Information Centers, travel shows, travel bureaus of major oil companies, by the participants and by use of direct mailings. The map will be free to the traveling public.

More than 100,000 Fund and Adventure Map were printed. The publication is divided into three main areas of interest including attractions and areas of interest, museums and colleges and universities.

"It is our thinking that many families on vacation will include young people considering where they will go to continue their education and, while in West Texas, mamy will have the opportunity to visit now or more of our 42 fine colleges, universities and technical schools," said Hines. "Some of the colleges also have superb tourist attractions, such as, the Museum of the Big Bend at Sul Ross, The Ranch Museum at Texas Tech and the Panhandle Plains Historical Museum on the Campus of West Texas State University in Canyon," he related.

This is the first time in recent years that the West Texas Chamber of Commerce has participated in travel shows. Included in the West Texas exhibit is a 4 1/2 minute narriated slide presentation on many of the areas attractions. The material in the Fun and Adventure Map also includes one out-ofstate attraction, Carlsbad Caverns National Park, just across the line into New Mexico.

Be A Euell Gibbons . . Try A Wild Onion!

By NILAH RODGERS

Every year about this time someone poses the question: "Can you eat wild

Bless you, of course you can. Go ahead and eat some the very next time you go out to cut your grass.

Whether you'll like them is another question, but they won't hurt you. And if Euell Gibbons can make a whole career out of gnawing on tree limbs, why shouldn't you eat a wild onion or two? Authorities say they are SAFE to eat. Note how strenously I avoid the expression "good to eat" since encyclopedias don't even go that far.)

Last spring a conservation magazine put out by the Game and Fish Commission went into some detail on wild onion eating. The writer of that article didn't say "good to eat" either. He was

Former County Minister Appointed Lodge Chaplain

Rev. J. Henry Cox, former pastor of Baptist Churches at Amherst, Olton, Brownfield and Lums Chapel, and member of the Panhandle Lodge 341 at Wichita Falls, has been appointed the fifth time as Chaplain of the Grand Lodge of Texas Odd Fellows by Grand Master Henry McEntyre.

His wife, Lena E. Cox, has been appointed by President Cleota Brooks of Texas Rebekah Assembly as her Chaplain, and the couple will be serving together in these offices, according to history, for the first time in the state organizations

The Coxes reside in Stephenville where he is serving as interim pastor of the Duffau Baptist Church near Stepehnville.

They are both members of the Stephenville Rebekah Lodge 338. He was a 50-year member of both orders and Mrs. Cox has been a Rebekah

Both are graduates of Southwestern Baptist Theological Seminary at Fort Worth. He is a retired Army Chaplain and Mrs. Cox is a retired employe of the South western Bell Telephone Company.

Rev. Cox has pastored churches in Texas, New Mexico and Oklahoma.

They are both active in the Erath Baptist Association and are serving as officers in the Stephenville Rebekah Lodge.

Their son, Walter D. Vernon and wife reside in Henrietta and the granddaughter, Bettye Carol Vernon, is a nurse at the hospital in Stepenville.

Rev. Cox has a hobby of raising white Muskogeen quackless ducks.

While in Lamb County the Coxes were active in the Red Cross Chapter and the Eastern Star and Masons

College Entrance Exams Set in June

Completing Studies

Two college entrance examinations will be given in June at South Plains College.

The American College Test (ACT) will be administered on June 15 and the Scholastic Aptitude Test (SAT) of the ollege Entrance Examination Board will be given on June 22, said Don Melton, director of guidance and counseling at SPC.

Fee for each test is \$6.50. Tests will be given in the Physical Sciences Building on campus.

Students should register by May 16 for the SAT test and before May 20 for the ACT Melton said. exam. Registration may be completed in the counselor's of fice, located in the College Administration Building.

Melton said the June ACT exam is the last that will be given before classes begin

Exchange Students

Udo Strasilla, German exchange student who attended Littlefield High School in 1955-56, has finished his studies for a doctorate in electrical engineering in Zurich, Switzerland where he attended ETH, the major university of engineering in that country.

Udo graduated with honors and received high praise for his dissertation, which will be published in the "Journal of Applied Physics", March 1974, under the title "Narrow Band Variance Noise"

Dieter Strasilla, younger brother of Udo, has completed studies for a doctorate in the subject of physics at a university in Freiburg.

Udo has been married since 1964 and has a son, Eric.

Gentlemen:

As director of research for the Sod House Society of America, I am writing with the hope you can include the enclosed article soon in your publication. Sod House Survey of Texas is being conducted as an American Bicentennial project, and I believe many readers of the Lamb County Leader-News will be interested and willing to help in this historical study if our need for information can be presented via your newspaper.

The subject of sod houses is a most important part of early Lamb County history that your readers will enjoy recalling. It should be very interesting to learn how many former sod dwellers and their descendants now live in your region, since Texas had thousands of sod and adobe structures during the years of homestead land settlement

You can be of great service in our efforts to contact these pioneer families. Should you desire more details of our work, you are welcome to forward questions. Thank you for your kind cooperation and courtesy in bringing this message to the citizens of Littlefield and the Lamb County area at this time

Did you ever teach school, attend school or church services in such a building, or help build one?

Or are you a child or perhaps a grandchild of a former pioneer sod house dweller or builder?

If you can answer "yes" to any of these questions, the Sod House Society of America, with headquarters at Colby Kans., would like to hear from you. The

GET YOURSELF out of the kitchen fast with this chicken stew supper. CHICKEN STEW

In a saucepan, cook 2 slices of bacon until crisp; remove and crumble. In one tablespoon of the drippings,

cook 1/4 cup chopped onion until tender. Add one can (1 lb., 3 ozs.) chicken stew and 1/3 cup cooked corn, and the bacon. Heat; stir now and then. This makes 2 to 3 servings.

HERE'S another quick and easy recipe to help you speed up things for the supper or dinner table

BEEF CASSEROLE 2 Tbsp. butter or margarine

1 1/2 cups chopped celery 4 cups cooked beef cut in 1/2-inch cubes 2 cans (10 3/4 counces each) cheddar cheese soup

can (2 ozs.) sliced mushrooms, drained 1 cup evaporated milk 1/2 tsp. pepper

1 can (1 pound) onions, drained Melt butter in a 2 1/2 quart non-stick casserole. Add celery. Stir and cook 3 minutes. Add remaining ingredients and mix well. Place in a 325 degree F. oven for 30 minutes or until completely

TIPS AND TIDBITS:

FOR A REALLY different taste, baste chicken or turkey with the juice from any canned fruit.

TO FREEZE shelled pecans, remove all air possible and seal in freezer containers. Store in 0 degrees F.

WHEN MAKING a cake, have eggs and liquid ingredients at perature.

BAKED POTATO TOPPINGS: (a) crumbled bacon in melted butter; (b) French onion chip dip; (c) shredded cheese or freshly ground pepper atop sour cream.

TO FROST cupcakes in a hurry, simply dip the top of each cupcake into soft frosting and twirl

KEEP A LARGE salt shaker filled with flour. It comes in handy when flouring a board for rolling out dough, coating chicken, making gravy.

FOR A DIFFERENT side dish, sprinkle buttered noodles with poppy

CUT AN OATMEAL box in half and cover it with contact paper. You'll have a tiny wastebasket for use in the kitchen.

WORDS OF APPROVAL have been called "magic words", and this may very well be a proper description. Of course, these words must be sincere expressions formed by honest evaluations.

They should not be used for ulterior motives, but for wholesome purposes; such as the encouragement and the building up or strengthening of other people. There will be other good results,

WHEN THERE IS BASIS for approval of the people with whom we have some kind of contact, and we do not speak the "approving works"; we have denied ourselves and the people some of the very best of the good things in human behavior

This failure may be one of the greatest sources of loss, and it is certainly one of the most enexcusable. Whether giving or receiving; "approving words" are profitable to all persons concerned.

"HONEST PRAISE is a tonic and a stimulant. It is both food and drink to the mind and to the spirit. Keeping silent when there are nice things that could be said, or holding back that word of encouragement, may be just as harmful as the unkind words spoken by others." -C.

WE MUST BE ALERT to see the good points in others, and we must look for opportunities to speak the "approving words". It is not enough that we just see the good points, because, without expressing the justified commendation, we are wasting one of life's most significant and helpful opportunities.

DOWN CAME the April showers and up came NBC's Today show with one hardy perennial we personally could well do without-atheist Madalyn Murray O'Hair. She, it will be remembered, is the gal from Baltimore who, in 1963, succeeded in getting the U.S. Supreme Court to ban school

Now, 11 years later, Mrs. O'Hair is back, this time to battle with a Massachusetts mother who initiated a proposal which led to passage last fall of a state law allowing one minute of silence in public schools for meditation

'Betty Jo' To Appear At Hayloft Theatre

Today's Linda Kaye Henning is a far cry from the girl who played the role of simple, homespun Betty Jo on "Petticoat Junction" for seven years. That girl has into a warm, sophisticated and talented actress whose roles have run the gamut from the gentle daughter of Tevye in "Fiddler on the Roof" to a sexy striptease dancer-"Gypsy" in the musical about Gypsy Rose Lee.

Now, Miss Henning will be giving Lubbock theatre audiences a treat as Josefa. the childlike and completely captivating chambermaid in Marcel Achard's "A Shot in the Dark"

Linda has wanted to per form as far back as she can remember, and her mother-herself a successful actress before she married television writer, Paul Henning-saw to it that Linda had the necessary career foun dation of ballet and voice lessons, both of which began for Linda at an early age.

As a freshman at San Fernando Valley State College, she became convinced that her range of expression would be broadened if she extended it to acting.

When her father was readying "Petticoat Junction" for the cameras, the late Bea Benadaret, who was to star, saw Linda on stage in 'Bus Stop', and suggested that she audition for the ingenue role with the result that Linda was given the role despite her parent rather than because of him. "With Bea in my corner, it really helped. But. I had to prove myself twice over to convince my father.

Off-screen, her interests and outside activities are kaleidoscopic. When she is at home and at leisure, she attends classes at UCLA. specializing in English Literature, purely for the pleasure of learning. She also attends, as well as addresses. acting seminars. She is in-

volved in dancing and singing lessons and works out a gym regularly. And, there are several charitable endeavors and fund-raising events in which she takes an active role. Those who followed "Pet-

ticoat Junction" remember that Linda married her co-star Mike Minor, both on and off-screen. After four and one-half years of marriage, they are now divorced. "I have no desire to become

a household word and no aspirations to be a 'star', observes Linda. "But, I would like to be well-known and respected for my acting ability so that I can always work. I love my work."

Steal me. Burn me. Throw me away. I'm still yours.

Many farmers leased or bought cotton acreage allotments early this year believing that the investment would assure them of at least some income in the event th drought continued through planting time or the crop was lost to hail or other inclement weather. But a State ASCS official now tells PCG that even those acres will not be eligible for disaster payment unless crops are lost to something other than the drought which existed at the time of the allotment transfer.

Weather records at Lubbock over the past 55 years show there is an 80 percent chance of the area receiving two inches or more of rainfall between now and May 31, by which time most crops should be planted. However, in the area south of Lubbock cotton can be planted as late as June 15 with reasonable expectations of making

respectable yields. In addition the record clearly shows that a dry Fall and Winter gives no reliable indication of what the rainfall pattern will be during the following Spring and Summer. For example in 1958-59, 1966-67 and 1970-71. September through March produced only

ittlefield All-Stars Fall In Tournament

Littlefield's minor league All-stars suffered two slim setbacks Friday and were eliminated from the state Little Dribblers' tourney in Levelland.

Seagraves edged Littlefield 43-39 in an afternoon game, and then Lubbock Republican fought back from eight points down to slip by the locals, 44-

The two losses followed Littlefield's first round win over Plains, 37-21

In the Plains win Thursday, Littlefield led all the way, and posted an 18-point margin after three quarters.

George Brockington threw in 11 to lead the All-stars. The scoring balanced out after that, with Clark Pylant and Eric Sawyer notching five points apiece, Rocky Bowman getting four, Jerry Jones three, Mike Williams, Randy Healy and Leslie Yarbrough wo, and Todd Butler one.

Brockington came back in the next game and ripped the cords for 19 tallies, tieing him Grey Evans of Seagraves.

Healy added six, Bowman five. Sawyer three, and Yarbrough, Jones and Pylant
