

Wildcats Challenge Floydada For 3-AA Title

name of the year" is here, and all are "go" for the showdown that kicked off before the season began. The Wildcats challenge Floydada's three-time title of District 3-AA when the game is played at Wildcat Stadium. The game will be played at 7:30 p.m. at Wildcat Stadium. Almost all points of view, the game is a toss-up, although Floydada may be the favorite because of the winning Coach L. G. Wilson has built. Coaches of Coach Jerry Blakely have the utmost respect for the field advantage. Coaches have the utmost respect for the field advantage. Coaches have the utmost respect for the field advantage.

Floydada newspaperman Wendell Tooley let it be known that Littlefield can't count too much on home field advantage. "If the weather's bearable, there'll be just as many Floydada fans there as Littlefield's," he said.

THUS, A CAPACITY CROWD is assured for the game that probably will tell the tale of the 1971 district season.

Coach Wilson said he expects his Whirlwinds to be in good shape for the contest. One back, Van Mitchell, missed action in the Friona game, but he's back at practice and expected to play.

Coach Blakely had one absent from practice early this week, due to illness, but all hands should be ready to go Friday night.

Talks with other coaches in the district tend to establish Floydada as the team

A Toss-Up, Say 3-AA Coaches

with the explosiveness, and Littlefield as the team with a well-rounded, hard-hitting defense.

None of them discount Littlefield's offense, led by Tailback Ralph Funk's running, or Floydada's defense, which features a blue-chip Southwest Conference prospect, Linebacker Kim Rose, 210-pounder who's rated the district's best.

But the Floydada offense, which has three talented runningbacks in Mitchell, FB Jim Kunkel, and HB Walter Harris, has speed, power and quickness in the order of the men named.

PART OF THE REASON that they go so well is at offensive guard, where the name pops up again, Kim Rose.

So a giant personal battle probably will be waged down on the field Friday night.

Coach Blakely will stack a leader of Littlefield's defense, 220-pound Danny Estrada at defensive tackle opposite Rose in a match-up that should make leather pop all night long.

Floydada is 7-1 for the year, falling only to Class AAA Tulia's last-minute TD in an 8-0 upset. Littlefield is 6-2 on the year, and 4-1 in District 3-AA play.

The winner of Friday night's battle will be favored to advance and represent the district in the playoffs.

FLOYDADA RUNS from the Texas Wishbone, or Y, with Mitchell and Harris the halfbacks and the 200-pound Kunkel at fullback. Kunkel is extremely strong, and powers over tacklers in a fashion that netted him three touchdowns against Friona last week.

Mitchell, however, is probably the most dangerous runner, with good speed and moves.

Harris, at 150 pounds, is like a waterbug, flitting here and there with quickness and balance.

"He's hard to tackle, and when you hit him, he bounces and lands on his feet like a cat," said Littlefield scouts.

The fastest man on the team is probably

Langston Williams, a 155-pound senior who returns punts and kickoffs and a dangerous pass receiver.

DEFENSIVELY, the Whirlwinds are led by Rose at linebacker and Tackle Terry Bunch, 200-pound junior.

With Mitchell, Harris and Williams in the secondary, they have the speed to contain the big play.

"If we are going to be able to break anything, we'll have to do it on our own, with good blocking," Blakely said.

The outstanding attribute of the defense is its pursuit. "They get a lot of people in to help, in a hurry," said Blakely.

The Floydada passing attack hasn't been used a lot, but has been effective when needed. QB Rick Watts is labeled an

Quail Season Opening Due

Judge Truitt Sides received a proclamation from the Texas Parks and Wildlife (TP&W) Monday giving the commission's recommendation for a 76-day quail season in 33 surrounding counties.

TP&W proclamation designates the quail season in Lamb County is through Feb. 15, with 12 quail per acre in possession.

The quail season in Lamb County is under the jurisdiction of the commissioners court by an act of the Texas Legislature, the recommendation by the commission is subject to disapproval by the commissioners court at the next regular session.

Regulation on quail hunting will be set after the season has been set in and under regulatory power.

Lamb County commissioners at the quail season will revert back to the general law of 46 days. Commissioners will act on the proclamation Monday, Nov. 8.

Water, Inc. Launches Membership Drive

Members of the Lamb County Unit of Water, Inc., have launched an intensive 45-day membership drive for new members.

The effort is a part of an area-wide membership campaign and is aimed at increasing overall membership totals to 100 members.

There are currently 58 paid-up Water, Inc. members in Lamb County.

The campaign was launched with an area-wide kickoff meeting in Littlefield Oct. 9. The special emphasis will be throughout the month of October and during the first half of November.

Water, Inc., was formed in 1967, and is a non-profit organization dedicated to the better water for the future. It has more than 100 members in West Texas, Oklahoma, New Mexico and the Oklahoma Territory.

Setting up the membership drive in Lamb County is C. A. Duval.

Messamore is president of the unit and has challenged his neighbors in Lamb County not only to give their support to Water, Inc., but to take an active role in county unit activities with a view toward becoming leaders in the water program for tomorrow's water.

Membership dues to Water, Inc., are \$10.00 a year as a business expense.

WRECK DAMAGE HIGH

4 Persons Injured

There were personal injuries in three out of four accidents investigated in Lamb County by highway patrolmen Saturday through Monday.

Two persons were taken to hospitals following a two-vehicle wreck on a county road four miles north and two miles west of Springlake about 10:30 Saturday morning.

Elton Willie Schaefer of St. Rt. 1 Springlake was driving a 1970 Dodge south and Sylvia Holiman of Hart was driving a 1971 Ford pickup east and the two vehicles collided in the intersection of the two county roads, according to Bill Angel of the DPS.

Ruth Schaefer was taken to the Littlefield Hospital with injuries, and Annie Lee Holiman was taken to a Dimmitt hospital.

The Schaefer vehicle was considered a total loss and there was extensive damage to the right side of the pickup.

At 1:10 p.m. Saturday afternoon, a pickup-car crash at Amherst resulted in one person hospitalized. Weldon Culp of Rt. 2 Littlefield was driving a 1968 Chevrolet pickup west on U.S. 84. Beulah Black of Amherst was crossing U.S. 84 coming off FR 37, and the two vehicles collided in the west bound lane of U.S. 84.

Mrs. Black was taken to South Plains Hospital in Amherst and treated for cuts and bruises on her arms and legs.

Damages of \$500 to the pickup and \$500 to the car were estimated.

Two cows were killed in the first of two rural accidents Monday. At 2:30 a.m. Raul Garcia, who was employed by James Steffy to watch cows that had just been put in a new pasture, struck two of the cows and killed both of them as he was driving east on FR 54 one mile west of Spade.

The red white-face cows had been pastured one-half mile east of the accident site. Raul was driving a 1963 Chevrolet. He wasn't injured, but the vehicle was a total loss.

James Leonard Crawford of Route 2 Muleshoe was injured in a one-vehicle wreck Monday afternoon about 4:30. Crawford was driving northwest on U.S. 84 about two and one-half miles northwest of Littlefield when a tire went flat or blew out on the 1967 Chevrolet pickup loaded with lumber and sheetrock.

The pickup went into a skid and into the median. The right front of the pickup hit a tree and the vehicle overturned on the right side, according to Highway Patrolman Weldon Parson.

Crawford was taken to Littlefield Hospital by ambulance with neck and shoulder injuries, and later transferred to the hospital in Muleshoe.

Damages of \$1,000 to \$1,200 were made on the vehicle.

Cox Named Police Chief

Police Captain James H. Cox was unanimously approved as chief of police by the Littlefield city council in a called meeting Tuesday.

In making the announcement, City Manager Pat Bradley said the promotion is "effective immediately."

Cox has been with the Littlefield police department since July 7, 1954. After serving as a patrolman for three years, he was named assistant chief of police in 1957. Cox assumed duties as captain on the force in 1967.

Cox and his family moved to Littlefield in 1952 from Red River County. He was employed as an auto mechanic in East Texas and worked as a mechanic in Littlefield prior to joining the police department.

During WWII, Cox was a military policeman in the Air Force. Cox and his wife, Doris, have two children, a married daughter, Carol Serratt, 20, and a 15-year-old son, James.

Cox was appointed chief from a field of 11 applicants. The new chief replaces F. A. Fitzgerald, who was relieved of his duties Oct. 14.

PHILOSOPHER

Normal?

Editor's note: The sandhills Philosopher on his Johnson grass farm thinks he has discovered something his letter this week claims.)

Dear editor:
Correct me if I'm wrong, which means if you think I'm wrong keep quiet about it, but I have been putting together a lot of things I've been reading in the newspapers and seeing on television in the last few months about Viet Nam and I believed I've figured out something that has escaped President Nixon.

This is not to criticize the President, after all when you've got inflation and Congress on your hands, not to mention two jobs to fill on the Supreme Court, wage and price freezes, the value of the dollar, balance of payment worries, a trip to China and Russia and a daughter with a foot in a cast, there are some things you're bound to overlook.

But as I understand our position for the last ten years through four different Presidents, our sole aim in Viet Nam has been to get that country on its feet.

politically and economically, so it can go about its business in a normal fashion, the same as any other country.

I believe that situation has now been reached. That country is now as normal as the rest of the world. I'll cite the evidence: (1) It's operating on borrowed money and going deeper in debt all the time. (2) Inflation is just as bad there as it is anywhere else. (3) Its farmers are the lowest paid group in the country. (4) After the last election, the winner's opponents claimed the election was rigged. (5) The use of dope is widespread. (6) Traffic is just as snarled in Saigon as it is in any city in America, France, etc. (7) Hospital costs are out of sight. (8) Crime is soaring. And that FINALLY (9), and this the clincher, the overwhelming evidence that South Viet Nam is as normal as the rest of the world, its college students are rioting.

I don't know how we did it, but it now looks like South Viet Nam is on a level with the rest of the nations of the world and we might as well come on back home.

Yours Faithfully,
J.A.

THE FARMER'S WIFE

Polluters

By LIBBY MUDGETT

UH, LET'S GET this straight right off the bat—I'm all for ecology. Was a long time before it had a name and got so popular. But never did I realize what a big polluter I was.

NOT UNTIL I visited in the home of some of these young ecology-minded moderns, that is.

It was a gorgeous day and we decided to make some sandwiches and have a picnic.

I GOT INTO trouble straightaway by suggesting tuna. I was told that so many cans of the stuff were still full of mercury there was no use taking a chance, we'd have pimiento cheese. It was just a shame, I was informed, that the whole ocean was getting polluted so that one had to be careful of tuna.

So I slapped together the pimiento

cheese sandwiches and asked where were the Baggies.

FROM THE HORRIFIED expressions on the other faces in the room I was afraid there for a minute I had gotten my tang tumbled up and asked for some strychnine.

They'd heard me right, though. It just turned out that Baggies were not "ecologically sound".

I ASKED WHAT was that and was told that anything not ecologically sound either wouldn't burn or made poisonous gas in the process of burning.

I put the sandwiches back in the bread wrapper and threw away the paper sack the groceries had come in.

IMMEDIATELY, the sack was snatched back out of the trash in accompaniment to many tch tch tches.

I was asked didn't I know that all paper was supposed to be taken to the recycling bin.

I asked what was that and it turns out that all grocery stores that are worth trading with in that part of the country have enormous containers where one is supposed to put all used paper of any kind and somebody picks it up to be recycled into another paper product again.

BY THE TIME we finally had the picnic, I was subdued but getting better educated all the time.

I was extremely careful to throw nothing on the ground and tidily picked up all scraps of any kind and put them back into the picnic basket.

FEELING EXTREMELY virtuous, I sat down on a rock to smoke a cigarette and remarked what a lovely day it was.

I shouldn't have done that, because I found out right quick that if people didn't get up in arms about mines and factories and such like, pretty soon I wouldn't be able to see the sun, much less find a place to have a picnic.

I TOSSED my cigarette into the running stream nearby and drew reactions the same as though it had been pure sewage. I said I had thought all my life that cigarettes disintegrated into organic matter, which was good.

BUT IT TURNS out that the cork filter doesn't. So, see? Don't snicker. Ask yourself are you, too, a polluter?

I'LL JUST BET you are, and if you think you're not, go visit some of these young ecology-conscious moderns and find out.

9 out of 10 new Chryslers registered in the last 10 years are still on the road.

That should tell you a lot about the cars we sell.

Every Chrysler Imperial is road-tested at the factory.

If our cars aren't right, we don't want you to have them. For example, every Imperial is put through a road test at the factory that includes over 100 different checks before it reaches you.

This year every Chrysler car offers a new optional electronic ignition system that does away with the points and condenser that can wear out. This helps keep the engine tuned longer. And a tuned engine means cleaner exhaust.

From our lowest-priced Chrysler Royal to our big, luxurious Imperial, Chrysler cars are built to last. The same is true of every Chrysler-engineered car we sell—Valiant, Duster, Cricket, Satellite and Fury.

We think that's the kind of car America wants. That's the kind of car we'd like to show you. Come see us today.

Newport Royal 2-Door Hardtop

You gotta have heart.

The quality of a Chrysler starts deep down in the heart of the car. That's where you've gotta have it. That's where you get it. With such time- and road-proven features as Chrysler's torsion-bar suspension and Torque-Flite automatic transmission. The rigid strength of unibody construction. And a 7-step dip-and-spray anti-rust process. Extra care like that is why so many Chryslers stay in great shape.

Coming through with the kind of dealer America wants.

THE ABUNDANT LIFE

Understanding

By BO

"UNDERSTANDING" is a beautiful word, it expresses a beautiful idea, and conjures up in our minds a beautiful picture in the human experience.

Some people seem to be abundantly blessed with this life quality, and others seem almost completely bereft of it. All of us must realize that we can "get" understanding. It is acquired, and can be progressively improved.

MENTAL LAZINESS is probably the biggest hindrance in getting understanding. The results obtained from research and experimentation have shown the amazing potentialities of human mental faculties.

These also revealed the shocking fact that the greater part of our mental power is dormant. It seems that such information, and our recognized needs would move us to greater efforts in the full development of our mental faculties, including our "understanding".

UNDERSTANDING, DEVELOPED and generously exercised, would save much of the present-day wear and tear in individual lives and in human relationships.

We must let ourselves see both the great need for and great value of "understanding".

THE ENORMOUS LOSS in human well-being because of the lack of understanding cannot even be estimated.

Of course, many people could be doing better, much better; but, for some reason or reasons, they will not talk or act with understanding.

IMPROVEMENT WILL be made in the various areas of life in proportion to the development and employment of "understanding".

Most of the confrontation and polarization among people can be modified

FOR THE BENEFIT of my readers, may I say that my name is still Blevins—not "BLIVINS". That "E" do make a difference.

ONE OF MY fello-travelers asked me today if I realized how much fun I missed by my not drinking. If I had more fun being drunk than I have being sober, doubt if I could stand it.

'S funny how anything so simple can get to be so complicated. Really, all you gotta do is set the clock BACK one hour (this time).

NOW, AT MY HOUSE there's no less than six clocks, besides wrist watches. I began (last Saturday night) by setting the big battery wall clock back that one hour.

"This will be my check point, in the morning," I thought. Only thing was, I didn't check the thing to see if it was still running after I'd set it back. (Sure enough, it stopped!)

Half-consciously, I turned something one way or the other, on the clock-radio, in the bedroom. I knew it wasn't always reliable, because it'll stop every time the electricity is shut off during the night.

MY WRIST WATCH, I just ignored. It's one of those self-winding critters, and, may stop for an hour or so during the night, especially, if I sleep soundly.

Anyway—and to make a long story short—I awoke Sunday morning having all kinds of time!

My wristwatch said it was seven o'clock. The clock radio allowed as how it MUST be six, while the wall-clock held out for eight!

AA Showdown Game A Toss-Up, Say Coaches

showdown has arrived. And just as it will come off in Littlefield, the members of District 3-AA may be expected to finish on top. The Wildcats are the top two, but will be playing at home in the showdown.

The season won't end with Friday's game, but the playoff representative will be determined. And although the Wildcats and Wildcats are the top two, Friday night is not assured of a championship.

It's a toss-up, but still, the Friday night game will be the favorite with just a week to play.

In the season, comparative advantage and very little can be gained from them—except that they will be in serious surroundings.

The two clubs have met four times. Floydada beat Olton 28-13 in the first district game, but the Mustangs 13-7. Floydada bested Friona 28-3 and Littlefield 20-0. Against Lockney, the Wildcats and Wildcats won by scores of 25-14 and 28-0.

It's hard to compare them," said the head man, Brown Smith. "We played Floydada early, the first district game a month ago. They have a good defense, but I'm sure they've improved since we played them. And of course, Littlefield are strong, good-looking (runningback) Ralph Funk is a tremendous football player, he really is."

LOCKNEY COACH Jerry Cannon, who lost by similar margins to Littlefield and Floydada, said: "I'd have to rate 'em even, because the game could go either way."

"Littlefield was a little tougher defensively against us, but Floydada was great offensively in our game. They just have all those outstanding backs, probably a shade more speed in the backfield."

"Of course, everybody talks about Ralph Funk, and they're right, because he's having a great year. But I'll tell you, they'd better not underrate the fullback, Dennis Hartley, he's a good runningback," Cannon said.

"Van Mitchell and Walter Harris have been starting for three years at Floydada, and you have to hand it to 'em, they're fine backs."

"I think it'll be a scoring ball game, and the winner probably will have to get at least 21 points."

their only district loss, then dropped a 28-13 decision to Floydada, said: "I can tell you one thing for sure...it'll be a headknocker. Both teams are hitters, and I'd say they'll be pretty evenly matched. The team that wants it most will win it, because it's that close."

Kinnison said he thought the Floydada-Littlefield showdown could turn into an offensive game, despite the strong defenses of both teams.

"Both teams have shown they can make the big play," he explained.

AT FRIONA, Coach Bob Owens caught Littlefield and Floydada on successive weeks, and his Chieftains lost both battles by similar scores.

"Floydada has the mark of a great team," he said, "because they force you to make mistakes, and then take advantage of them."

"Frankly, we thought Littlefield was tougher defensively, and more physical, the night we played them. But it's really hard to compare, because we played at Littlefield's homecoming and we felt like Floydada was a little flat for our game."

"Littlefield has a well-rounded offense and defense, while Floydada is really explosive and has some great individuals. Their fullback Jim Kunkel is as strong as a bull, and Littlefield will have to stop him, primarily. On defense, their linebacker, Kim Rose, is really outstanding, probably the best around," Owens said.

"It could be a scoring battle, because both teams can break the long gainer. It'll be a heckuva game."

LOCKNEY COACH Jerry Cannon, who lost by similar margins to Littlefield and Floydada, said: "I'd have to rate 'em even, because the game could go either way."

"Littlefield was a little tougher defensively against us, but Floydada was great offensively in our game. They just have all those outstanding backs, probably a shade more speed in the backfield."

"Of course, everybody talks about Ralph Funk, and they're right, because he's having a great year. But I'll tell you, they'd better not underrate the fullback, Dennis Hartley, he's a good runningback," Cannon said.

"I think it'll be a scoring ball game, and the winner probably will have to get at least 21 points."

THE SHOWDOWN was set up by Floydada's 28-3 win over Friona and Littlefield's 24-15 win over Abernathy. Other games Friday night found Lockney dropping Dimmitt 33-12 and Olton taking out Morton 20-7.

Owens Top Athlete

Steve Owens, a Littlefield cadet attending New Mexico Military Institute ranks among the nation's top junior college athletes at the half-way point of the 1971 football season, as released from the National Junior College Athletic Association in Hutchinson, Kan.

He is the son of Mr. and Mrs. Buster Owens Jr. of Littlefield. According to the Public Relations Office of New Mexico Military Institute, Steve, a first classman, is presently in his second year at the Institute junior college, and is first among all the individual ends in NJCAA play with 5.4 catches per game.

Owens has netted 468 yards of sensational catches and scored three touchdowns thus far. Bronco head coach Bob Dennis is convinced of Owens' All-American stature, after noting that Owens has pulled down 27 passes thrown by injured quarterbacks, both of the Bronco's sophomore backs having suffered injuries to their throwing arms early in the season.

Nuttall Winner Of Weekly Prize

Lee Roy Nuttall of Friona and Doroteo Garcia of Littlefield got 17 out of a possible 18 of this week's ball games correct to tie for first place in the weekly contest. By going to the tie-breakers, Nuttall was declared first place winner of the \$5 prize by coming closest to the actual scores. Doroteo Garcia gets the \$3 check for second place.

Twenty-one persons tied for third place with 16 correct predictions each, and of the 21 contestants with 16 each, Roy Allen Hutson came closest to the actual scores between Dallas and Chicago and Cincinnati-Houston to win the \$2 weekly prize. In the season standings, David Hampton joins Paul Yarbrough in first place for tickets to the Cotton Bowl game on New Year's and \$25 expense money.

Mozelle Hutson and Debbie Mitchell are tied for second place for the season with one less than Yarbrough and Hampton. And Harold Bowman is in third place for the season.

7th, 8th Lose To Dimmitt

Littlefield seventh and eighth graders lost both games to Dimmitt here Tuesday. The seventh dropped 14-6. Littlefield's score came on a 25-yard off-tackle play by Tommy Hodge.

Jesse Guajardo was named outstanding defensive player and Johnny Lopez was named offensive player of the game.

Eighth graders fell 14-8. The eighth graders scored on a swingback pass from QB Ronald Parmer to Jerry Stamps who took it for 45 yards. Bill Turner made the extra points on an around end play.

Coach Kenny Carter said the eighth grade team effort was exceptionally good. Eighth graders are 3-2-1.

Both teams play their final game Tuesday at Abernathy, with the seventh graders starting at 5:30 p.m.

Interscholastic Aptitude Test To Be Given Saturday

The Interscholastic Aptitude Test will be given to seniors at 8:30 a.m. in the cafeteria. College Entrance Examination Board, the agency in charge of administering tests, has sent notice that 25 students have registered to take the test here. Each student must have his registration admission slip when he comes

to take the test, and he is advised to check the information on the admission blank to make sure it is correct.

The test requires three hours, not including the time it takes to fill out the information sheet. Everyone should have the tests completed by 12 noon or shortly after.

Students are asked to bring several No. 2 sharpened pencils. Results of the tests will be sent from the testing agency to the colleges that are listed on each student's regular form 6-8 weeks after the test is taken.

TEACHER Agriculture Art

Art Sommerfeld and his wife, Rosey, have a daughter, Debbie, 3.

Art Sommerfeld, a graduate of Mason High School, where he was a one-year letterman in a member of FFA teams, and received first honor in the area of judging contest. Sommerfeld, Littlefield High School agricultural teacher, has two years of college at the State College, while transferring to Tech University, the Agriculture finished his degree, majoring in agricultural education. Sommerfeld's previous positions include three years at Clarendon and six at Silerton. Hobbies of sports, hunting, and working with animals are among the teacher's favorite activities.

Library Aides Enjoy Their Work At LHS

Reading, swimming, horseback riding and working with children are interests of Velva Lee, brown-haired, brown-eyed senior. Velva says, "I enjoy reading and I like to help people whenever I can." Velva works in the library third period. "I like books, and I like to be helpful," says green-eyed junior Cathy Murray. Cathy enjoys sewing, reading, cooking and working. Cathy works in the library first period.

Brown-haired, brown-eyed junior Thriess Bingham works in the library fifth period. Thriess enjoys playing the flute and piano, water skiing, singing and sewing. Asked what she likes about library work, Thriess said, "Mrs. Burkes is fun to work for, the books are interesting and I can get acquainted with people."

Rebecca Gomez, brown-haired, brown-eyed senior, enjoys sewing, cooking, drawing, and making flowers out of chenille bunnies. Rebecca also works in the library fifth period. She says, "I have had fun learning things about the library and the students that come into the library."

Blond-haired, green-eyed junior Donna Bowman enjoys sewing, playing golf, baby sitting, reading and playing basketball. Donna says, "Working in the library is fun and I enjoy it." Donna works in the library sixth period.

16 Girls Selected For Team

A 16-member girls' junior varsity basketball team was named last week by Coach Debby Collins. Nine sophomores and seven juniors made the team.

Picked were forwards Jill Owens, Pam Turville, Clara Morgan, Pam McNeese, Pat Glazener, Georgia Ann Jackson, Sheila Jackson, and guards Donna Bowman, Barbara Kemp, Laquinta Clark, Tina Russell, Connie Norried, Mari Louise Bennett, Linda Williams, Julie Payne and Jackye Gregg.

In addition to working out during fourth period athletics, these girls practice after school with the freshman team.

"We are all looking forward with excitement and anticipation to our first game," stated Coach Collins.

That first game is Tuesday, Nov. 2, at Lubbock Cooper at 5 p.m.

BAND SWEETHEART CANDIDATES—from left to right are Linda Horn, daughter of Mr. and Mrs. N. C. Horn; Amy Owens, daughter of Mr. and Mrs. Buster Owens; Carla Owens, daughter of Mrs. JoAnn Owens; and Gail Williams, daughter of Dr. and Mrs. Aaron Williams. The Sweetheart will be announced during pre-game activities Friday night.

LHS SPEAKS OUT Cowboy Prejudice?

The question this week in LHS Speaks Out is, "Do you think there is a prejudice between the cowboys and the other students of this school? Why or why not?" The majority of the students felt that most of the prejudice was against different people and not different groups. The following are some of the opinions:

WELDON CULP — "Yes, I don't really know, but maybe the cat daddies think they are better or maybe they just don't understand the way we think."

BRENT WHITEAKER — "Dang right, pardner!! I don't see what's so cool about being a cowboy. That was 150 years ago. I don't want to be a cowboy, but that means I can't wear spurs on my Red Goose shoes. Really, they are OK. Everyone ought to own one."

STEVE FOLEY — "Yes, the other students think that the way cowboys dress is square. They think if we don't dress or

act or like the kind of music they do, we're just stupid."

LARRY BIRKELBACH — "Yes, because they just don't mix in with the rest of the people. They think they are a separate and distinguished group. The cowboys in this school are just drop outs from the rest of the student body."

PORFIRIO CRISTAN — "No, because even though we make fun of them, we (non-cowboys) are only joking."

SCOTT MCNEESE — "Yes, because the students think the cowboys are different, but I do not think this should make a difference if you are friends."

JOHNNY ROBERTSON — "The cowboys are all good friends, but just like things that I don't really care for and vice-versa."

KERRY NICHOLAS — "Yes, because there has been an incident or two involving them."

CRAIG ANDERSON — "Yes, because we dress different,

listen to different music, enjoy different sports, and think different in some ways."

JUDY CURRY — "I think there is, in a way, because most of the cowboys do not associate with the other students. Personally, I don't think there should be any difference, a person is a person no matter what their standards are."

KENNY FRANCIS — "No, not really, because the cowboys make fun of the hippies and the hippies make fun of the cowboys and it's really just one big joke."

MRS. BLAKELY — "I would hope not, we're all a part of LHS and we should support each other."

JERRY McCARY — "No, it is not prejudice, it's a clash of personalities. The cowboys have their own style of dress and they get their kicks different than I do, so maybe I put them down a little. I dress different and get my kicks different than they do, so they put me down a little. I don't think I'm better than they are and I don't believe they think they are better than anybody."

BRAD NACE — "Yes, because we don't see eye to eye with everyone else and we also have different music and dress. In this school we are a minority."

MATT GILES — "Yes, 'cause they can dance downtown and we can't."

RANDY DAYTON — "No, See COWBOY, Page 13

CATHY COMMENTS

SUCCESS OR FAILURE

By CATHY GILES

Whether one possesses few or many accomplishments in life, it is sometimes difficult to decide which of one's successes is the most outstanding. To carry this statement still further, it is also a large decision to ascertain whether something is really a success or a failure. The true results of a deed are sometimes not realized until much later in life. If one believes that his actions are proper, then he should not be criticized for it, as long as it does not affect others in the process. For this is their success and the stronghold of their pride.

One should fully realize that his success could easily end in failure: yet, as long as one possesses a few hours of happiness from the project, he should feel the cause was not in vain.

Without trust in one's personal actions, one's success would end in failure. As stated earlier, it is sometimes difficult to ascertain whether or not something will result in success or failure. Only time holds the answer. Yet, a shortcoming can never really be an absolute failure because it teaches a dear lesson through experience. Anything that has given one some moments of happiness or taught a lesson cannot be classified as a cause that has been completely lost.

Aides Help Keep Office A-Going

By PAM BRANDT

Have you ever wondered what or who keeps the school going behind the scenes? The office aides who work under the secretary, Mrs. Edna Mae Mangum, do just that. Every period there are two girls. All but one office aide this year are seniors. Mrs. Mangum noted that seniors are most likely chosen because of their relatively light schedule.

First period aids are Karen Monroe and Luanne Johnson; Linda Horn and Juanita Echevarria, second period; Freeda Fudge and Beverly Kemp, third period; Kathy Turner and Leslie LeBoeuf, fourth period; Amy Owens and Annette Harris, fifth period; Carolyn Gray and Druanne Wilkinson, sixth period; and Sheila Harrell and Gail Williams, during seventh period.

The duties of an office aide are mainly typing enrollment cards and lists, picking up and recording absentee slips, answering the phone, acting as a receptionist to any visitors that come to the office, filing name

cards for the principal and counselor and counting money from beat ribbons for the cheerleaders.

All of the girls enjoy the work very much. Most feel that it gives them an idea of what secretarial work is like.

"I like the work because I like secretarial work, and Mr. Harris is a really fine man. I like to work for him," Kathy Turner commented.

Annette Harris and Amy Owens fix the menus in the hall each day during fifth period. Annette likes working under her dad because "we kid around a lot and it doesn't seem like work."

Carolyn Gray and Druanne Wilkinson like working in the office because it gives them a chance to rest from the day's work and run around a bit. Druanne added, "I enjoy working in the office because you get an insight on the way a school is run."

Sheila Harrell and Gail Williams like being office aides because it is a chance to get to know the teachers on their "unteaching side."

AFTER 18 YEARS

Secretary Remains Efficient, Friendly

By TINA RUSSELL

A cheery "Hello? Can I help you?" rings out whenever anyone walks in the door of Superintendent Paul I. Jones' office.

It is the voice of Mrs. J. E. (Maurine) Chisholm, correspondence secretary.

Eighteen years ago the same greeting met visitors in the same fashion.

When asked how long she had been working in the office, she laughingly replied, "Forever. No, I've been working here since 1953. I thought it would only be for a couple of years."

Before that, she was busy being a housewife and "raising two sons."

Principally, she serves as Mr. Jones' secretary, handling the mail and correspondence and taking care of personnel records, such as teachers' files.

A teacher's file includes a personal high school transcript, service records, a teaching certificate, Loyalty Oath, the teacher's W-4 form, Social Security number, teaching certificate number, the major and minor teaching fields, and the results of the teacher's tuberculosis test.

Mrs. Chisholm is responsible for keeping these records in order and up-to-date and helping teachers collect this information.

At the beginning of the summer, she starts computing the income to be received from taxes as well as state funds. Then she balances this with the budget.

She also has to figure out how much money each teacher unit receives and how much can be spent for supplies.

One of her daily tasks is

MRS. J. E. CHISHOLM

working on the payroll and includes keeping up with teacher retirement and insurance records.

She has almost no contact with students, but deals mostly with statistics and ratios.

Yet Mrs. Chisholm's work is not her whole life. She finds time to enjoy her favorite pastimes—reading, knitting, and playing bridge.

Mrs. Chisholm told of recently entering 29 transfer students under "American Indians" instead of "Whites". She chuckled, "A few days later we received a letter asking us to check, that we MIGHT have made a mistake."

However, mistakes are not the usual order of the day in the superintendent's office, where Mrs. Chisholm regularly deals out efficiency with just the right touch of friendliness.

CONTEST WINNERS, left to right, back row, Jeanne Clark, Donna Davis, Ann Coffey, and Julie Payne; front row, left to right, are Phyllis Grant, Carol Sanders, Vicki Vandenburg.

Rough Ride For Rodeoers

The ride was long and the fall was hard. That's a description of the barrel riding now being done by the LHS Rodeo Team.

The club had a work meeting last Sunday at the Angel Arena. "A few posts were set, but mostly we rode the barrel," said Monte Angel.

Mr. Wilson, sponsor, suggested that a new barrel be put up. "So we got right to work on it," said Brad Nace.

The club will have work days at the Angel Arena each Sunday from 2-6 p.m.

Band Prepares For Contest

The LHS Marching Band is busily preparing for University Interscholastic League Marching Contest to be held Nov. 17 at Jones Stadium in Lubbock.

The Wildcat Band will be competing with 15 other Class AA bands. Other bands marching will be Post, Roosevelt, Olton, Frenship, Morton, Denver City, Friona, Rails, Floydada, Lockney, Tahoka, Abernathy, Dimmitt, Slaton, and Idalou.

Among the judges for this year's contest will be Clyde Wilson, band director at Midland High School, and Don Iring, director at Snyder High School.

The Wildcat Band will be marching 82 persons, the largest number used in any marching performance this year. Darle Rountree, the Wildcat Band director, stated that, "since contest is only three weeks away, the band will have to work hard in order to achieve the desired I rating."

Baptists Schedule Services

All men of the Missionary Baptist Church are invited to meet at the church Sunday morning at 6 a.m. for prayer time and breakfast.
"A Generation Which Knew Not God" will be the title of Rev. J. B. Cagle's message Sunday morning at 11. Scripture will be taken from Judges, chapter two. At the evening worship service, his message will be "Three Visions" with the Scripture taken from 1 Kings.
The church choir will meet at the church at 6:30 p.m. Thursday, Nov. 4, and travel by bus to Muleshoe, where they will provide special music for the evangelistic campaign being conducted at the Calvary Baptist Church.
A verse by verse study of the Book of 1 Thessalonians will be instituted on Sunday, Nov. 7, in all Sunday School classes, which are conducted at 10 a.m. A nursery attendant is on duty for all services.
Training Union classes begin at 6:30 p.m. each Sunday evening.
Teachers and officers training time is 7:15 p.m. each Wednesday evening, and at 7:45 p.m., Rev. Cagle will teach on "Great Questions in the Old Testament."

200 CHILDREN dressed as all sorts of spooks, beauties, characters and wierdoes, participated in the Annual Halloween Parade down Phelps Avenue Saturday afternoon. Girl Scouts in the XIT Neighborhood sponsored the event, which was followed by a carnival in a vacant building on Phelps.

SHARRISE COWEN

Happiness Is . . .

TWIRP WEEK!!!

The band will be marching tonight. Everyone is welcome to come!

WHEN A BOY breaks a date he usually has to. When a girl breaks a date, she usually has TWO!!!

Wise Old Saying:
Old math teachers never die, they only reduce to lowest terms!!!

"My topic today," said the professor, "is 'The Lie'. How many of you have read the 25th chapter of the text?"
Nearly all of the students raised their hands.

"Good!" You are the group to whom I wish to speak," said the professor. "There is no 25th chapter."

Edith A.: What do you call a pay toilet?
Janna V.: I don't know.
Edith: A Johnny Cash!!

Daffynition:
Adolescent — A youngster who is old enough to dress himself if he could just remember where he dropped his clothes!!

Debra J.: What did one pencil say to the other?
Franzetta M.: I don't know.
Debra: Write on!!

Today at 5:30 the Freshmen play Dimmitt at the Wildcat Stadium. Everybody come and support our team!

Have all you girls in Homemaking gotten thirty hours for your home experience? Remember it is due Nov. 9!

Teacher: Why are you late?
First kid: I was throwing peanuts in the water.
Teacher: Why were you late?

Second kid: I was throwing the water.

Teacher: Why are you late? You were throwing peanuts in the water, too!

Third kid: No, I'm Peanut!

LAST TUESDAY the eighth was cancelled with Floydada

Dean W.—Did you pick HE night!!

What would you like to see Junior High?

Debbie Birkelbach—For grade to give more respect men.

Jerri Hardaway—Dress code Steve Jackson—To get to class.

Cheryl West—Have more classes.

Tim Farley—How the hair worn.

Kyle Jones—To change the system from 90-100 A, 80-90 B, D, below 60 F.

Cindy H.—To have a pep song. Have a good week and . . . WIN THE B.A.

NOOSE TIGHTENS

An effective set of quarantine cooperation of hog producers, agricultural agents, and officers have drastically reduced outbreaks of hog cholera in Texas. May 1 of this year only two outbreaks were recorded and from May 14 there was only one case. Only ties—Tom Green and Leon—ended the federal quarantine that included all or parts of 35 counties.

TWO HIPPIES went to an art gallery. One of them stared at a display and griped. "I hate this modern garbage." The other said, "Get with it, man, that's a mirror!"

LAST THURSDAY night the Junior High Band marched at the Freshmen ball game. We were filmed and it was shown Monday night at practice.

DAFFYNITIONS:
Sourpuss — A cat that just ate a lemon.
Surgeon — Big operator.
Knob — Something to adore.
Square — A man riding a motorcycle with training wheels.

Congratulations to the seventh graders for winning the Spirit Stick last Thursday at the Pep Rally.

THE L.J.H. BAND has about two weeks until marching contest, which is Nov. 16.

Rev. Massegee To Preach For Olton Revival

OLTON—Rev. Charles Massegee, a young evangelist who is serving his second term as president of the National Conference of Southern Baptist Evangelists, will be preaching at the special revival series planned for Nov. 7 through 14, at the First Baptist Church in Olton.

Bob Gabriel, music director of Woodridge Baptist Church in Houston, will be the singer, and direct the song services.

Services are slated for 10 a.m. and 7:30 p.m. weekdays with regular worship hours on Sundays.

Massegee is a former All-State high school and All-Conference college football star with honorable mention on several All-American teams.

He ministers to thousands of teenagers and college students every year. As a result of his ministry, over 300 persons are now in full-time Christian service and over 50 of these are preaching the Gospel of Christ as pastors and evangelists.

The Rev. John E. Lewis, local pastor invites everyone to attend.

REAL DISABILITY

Persons suffering from unalleviated hearing losses seldom are shown the concern extended to individuals with other types of handicaps because a hearing loss is not a visible impairment. However, persons with such hearing losses are suffering from very real physical disabilities.

HALLOWEEN PARADE winners in four categories stood on stage Saturday afternoon in admiration, after judges made decisions from 200 children who were entered in the "Most Original" category are the four Austin children dressed as sons of Mr. and Mrs. Butch Austin, second place; Jimmy Sexton and Erick dressed as hippies and shown in the center, first place; and Kem Lockwood, dressed as a rabbit, fifth from the left, third place. "Prettiest" winners were Kathy Kirkendall, and Cymerly Maro, first, second and third places. "Most Weird" winners were Mark Roden, Roy Cox and Ben Davidson, second and third. "Best Character" winners were Bruce Noble, Wade Brooks and Burks, first, second and third respectively. Cash prizes were donated by State Bank, First National Bank, Littlefield Federal Savings and Loans, and Office Supplies.

THE YOUNGEST boy and girl in the Annual Halloween Parade down Phelps Avenue Saturday afternoon were Bruce Graham, 11-month-old son of Mr. and Mrs. Jerry Graham, and Shauna Kay DeBusk, 10-month-old daughter of Mr. and Mrs. David DeBusk. A stuffed toy was presented to each as a token of the recognition. Holding the youngsters are Jerry Graham and Stacy Cline, Shauna's aunt.

Post Office Is Seeking Applications

Applications are now being accepted, and examinations will be given at the Littlefield Post Office, to establish a register of eligibles from which future clerk and carrier vacancies at this post office will be filled, according to Postmaster George Thompson.

"Interested persons are urged to apply as early as possible so that the test may be given as soon as we can," Thompson stated.

Thompson may be contacted at the post office for application blanks, job qualification statements, and sample tests.

No experience is required, and all applicants will be required to take a written examination designed to test aptitude for learning and performing the duties of the position.

The test will consist of four parts: 1. address checking, 2. memory for addresses, 3. general abilities (word meaning and reading), and 4. number series.

The test and completion of the forms will require approximately three hours, and competitors will be rated on a scale of 100. They must score at least 70 on the examination as a whole.

ANYONE FOR ECOLOGY?

Ecology and the environment from a personal and business vantage point will be highlighted at a meeting of the Professional Agricultural Workers of Texas (PAWT), "Reason? Or Ecology-Induced Hunger?"

to Calvin Pigg, PAWT president. Texas agricultural leaders from institutions, associations and agencies will be on hand to discuss the theme.

Nov. 2-3, at Kerrville, according to Calvin Pigg, PAWT president.

because most cowboys and the rest of the school go to school together and know each other, so there is little prejudice on either's part."

DEBBIE HAFLEY — "Yes, there is some bad feeling between the two. But all people are the same and should be treated the same. The only difference in people is their way. Everyone has the right to be what they want to be! People shouldn't judge others by the way they dress."

JIM HALL — "Yes, because some students may think that they ought to be like them and vice versa, a person should be what he wants to be; besides, it's no one else's business."

GARY THOMPSON — "Yes, the cowboys talk about cat daddy music and hippies, and the cat daddies talk about the cowboys because they chew tobacco, like western music, and drive pickups."

City Police Investigate Three Wrecks

City police had investigated three wrecks at presstime Wednesday.

Sunday night, a 1964 Pontiac, driven by Terry Lee Graves of Sudan, was traveling south on U.S. 385, when a 1960 Dodge, driven by Paul Glynn Parsons of Littlefield, began making a left turn and hit the Pontiac in the left front, side and back, causing it to spin and hit the traffic light post. Approximately \$100 in damages resulted to the signal light.

Monday morning, Mike Ray Morris of Littlefield went to sleep at the wheel of a 1965 Oldsmobile on Highway 385 near the intersection with East 14th Street, and the auto crossed over the median, the other side of the street, into a yard and stopped against a tree.

A concrete block fence was also broken at the residence.

Tuesday afternoon, a 1958 Ford, driven by Joe Lee Blankenship of Littlefield, was traveling west on Ninth Street at the intersection of Highway 385, when a 1966 Chevrolet was being driven northward on 385 and the two collided.

A witness reported to police that the Ford had the green light, and that the other went through a red light.

Masonic Lodge Burns Mortgage

Littlefield Masonic Lodge No. 1161 will burn the mortgage on their building in a special ceremony Saturday evening. Lodge will be opened at 3:45 in the afternoon, and the Masters Degree will be conferred on James Boleyn.

Following the degree, supper will be served to all members and their families at 6 p.m.

After the supper, Jack Hightower, deputy grand master of Masons in Texas, will present a program, and following the program the mortgage will be burned.
