Technicality Drops Burk From Race

Glenn Burk withdrew from the school board election at Littlefield Wednesday, explaining that he failed to register to vote. Burk said, "and they can't find my name on the registration list." The optometrist said he thought he registered, "but I guess I just forgot. I'm truly sorry for any inconvenience I've caused."

Burk's dropping from the race leaves seven persons in contention for the school board. The election will be held on Saturday. Burk's withdrawal came after election officials had taken 85 absentee ballots prior to the Tuesday evening election.

Hopping, school business manager and election official, said a law passed in 1965 requires a candidate to be a qualified voter before serving as a school trustee. Burk has submitted a letter asking that his name be withdrawn from the list of candidates. Hopping said he has placed an order for a new ballot to be printed. The new ballot will list the names of the candidates in the following order: Hampton, Werner Birkelbach, Wayne Streety, Paul Yarbrough, John Clayton III, Calvin Price and Bob Roden.

The ballot used through Tuesday in the election carried the same names, with Dr. Burk's name following Birkelbach's. Of the 85 persons who voted in the election, those who voted for Burk will lose that, but their votes for other candidates will not be affected, Hopping said.

Of the seven men remaining in the race, Birkelbach and Price are incumbents. The third incumbent, Dr. C. Nowlin, did not seek re-election. Polls at the junior high school will be open from 8 a.m. to 7 p.m. Election judge will be Mrs. Mildred Clements.

DAVID HAMPTON is a life-long Littlefield resident and a 1956 LHS graduate. Hampton attended Littlefield-Simmons University and Texas Tech, and has been plant supervisor of the Littlefield Products for the past three years. His wife, Patricia, is also a life-long Littlefield resident and an LHS graduate. The Hamptons have three children, Kelli, a second grader, Steven, a first grader, and Steven, a 10-year-old pre-schooler.

Hampton said he is interested in education and Littlefield schools in future years.

WERNER BIRKELBACH is seeking a second term on the Littlefield school board. Birkelbach has lived here since 1924, and attended school here. He served in the Air Force four years during WWII, and went into machinist work following the war. He put in his own pump and machine shop in 1955, which he continues to operate. He and his wife, Dorothy, have two sons, Kenny, a 1964 graduate of LHS, Randy, a 1967 graduate, and a daughter, Terri, an eighth grader. Birkelbach has been vice president of the school board the past two years.

WAYNE STREETY, a Littlefield farmer, has lived here 25 years. The Streetys have one son, Wayne Jr., an LHS sophomore. Streety expressed interest in the public school system. "We must have the best schools possible with the most competent teachers," Streety said. He said he thought everything should be done with thought of the taxpayers. He said the government and administration of the local system should remain with duly elected representatives of the local school board.

Cigarettes Taken In Area Break-In

Cigarettes seem to be the principal interest of persons breaking into two businesses at Whitharral this weekend. Walden's Grocery was entered through a window knocked out on the east side some time late Saturday night or early Sunday morning. Six cartons of cigarettes were taken. H. G. Walden said footprints indicated there were three involved, probably a man, woman and child. Evidently the burglars were scared off, Walden said. Hockley County officials were called to the Whitharral Farmers Co-op Gin Monday morning to investigate the Sunday night theft of 130 cartons of cigarettes, pocket knives valued at \$75 and gloves valued at \$70. A window on the southwest corner of the gin office had been prized up. Sheriff Weir Clem investigated.

TO DELTON JONES

Ike Was A General

Delton Jones thinks of Dwight David Eisenhower as the five-star general he knew in France. "I respected him as president," Jones said, "but I always think of him as General Eisenhower."

Jones, who is a salesman at Armes Chevrolet, escorted Eisenhower when he made regular inspection tours of the front in France, Belgium and Germany. Jones was in the 7th Corps Headquarters Co., which always escorted Eisenhower through front lines inspecting outposts and gunsites. "General Eisenhower came about every 30 days," Jones said. "He was always calm and smiling. He had a jovial way of saying things, but he was a firm, brave man, even in the heaviest fighting. Eisenhower was highly respected—he certainly was that."

Jones said he would never forget when they entered Germany. Someone

Hospital District Dissolved

The controversial Earth-Sprinklake Hospital District was dissolved in a special election at Earth Saturday when voters administered a death blow to the heated issue.

The contest, which ended the two-year battle, was hard-fought with the "fors" and the "againsts" both waging a strong campaign. The district was dissolved by a 57-vote margin, with a 360-303 vote.

The margin dissolving the district was a little wider than the one creating the district two years ago when voters created the district with a 45 vote majority, 268 to 223. Voter turnout Saturday was almost a third heavier than the previous election.

Work of the hospital board never got off ground, according to Kenneth Cowley, president of the board. Cowley said there was some cash on hand from a 30-cent tax levy collected the first year the board was in existence.

After one year, a new board dedicated to dissolving the district was elected, and the tax levy abandoned. Later the board asked the Legislature to dissolve the district and, following a public hearing in the Texas House of Representatives, a bill to dissolve the district was passed by both houses and signed by the governor.

Directors then called for another election, and Saturday the residents of the district had another chance to say whether or not they favored supporting the district, with residents voting the district out of existence.

Cowley said that funds owned by the district will be returned to the taxpayers as soon as possible.

If we get requests that the money be applied to other county taxes due now or taxes for the coming year, we will apply the refund that way," Cowley said. "If we do not hear from the taxpayers, we will send them a check for their share of the money, prorated after all expenses are paid," he said.

NAME SCHOOL TRUSTEES SATURDAY Area Elections Slated

Area school board elections at Pep, Bula, Anton, Springlake-Earth, Olton, Sudan, Amherst, Spade and Whitharral have not drawn competition like the Littlefield race. Four of these nine elections have no competition—with uncontested spots at Pep, Olton, Amherst and Spade.

AT PEP, THREE incumbents' terms expire and only one of these has filed for re-election, leaving two vacancies to be filled with write-in votes. James Glumpler is seeking re-election, with incumbents J. D.

OLTON, EARTH VOTE SATURDAY

City Incumbents Ok'd

Voting was light in the Littlefield municipal election Tuesday for mayor and two councilmen, all unopposed. Only 73 votes were cast.

Mayor J. E. Chisholm was re-elected with all of the votes cast giving him another term.

Incumbent city councilmen Paul McCormick was elected to another term with 69 votes, and Chester Harvey was seated again with 67 votes.

City elections will be held at Earth and Olton Saturday, and balloting is expected to be heavier both places with opposition candidates in both city elections.

FORMER STEWARDESS

She Never Saw Ike Without His Smile

By NILAH RODGERS
Leader-News Staff Writer

An empty place is left in the hearts of millions due to the death of former President Dwight D. Eisenhower, and especially for a Littlefield resident, Mrs. R. B. (Helen) Hall.

Mrs. Hall is a former airline stewardess for Pan American and was with the former president for 15 days on his good will tour of South America in 1960.

The famous smile of the soldier, president and revered figure in American history has faded away. "It's true about his smile," Helen Hall said. "He smiled continuously. I never saw him without it. He had a wonderful personality."

"It makes me really sad to know this era of history has been brought to a close."

Mrs. Hall said the jet was one of five stewardesses and among the crew of 20 on the jet that went everywhere the president went on his 15 days in South America.

Mrs. Hall said the jet was like a flying office. "We called it the 'flying city room,'" she laughed, "because we carried so many newspapers."

Mrs. Hall said the plane she flew on always landed one hour before the president came in to allow the secret servicemen to get ready for the president to make his landing. The jet she flew on carried 72 newsmen, photographers and secret servicemen

Vick and N. C. Demel not putting their names on the ballot.

SPRINGLAKE-EARTH schools have three persons seeking two spots. Incumbents Orville Cleavinger and Norman Hinchliffe filed for re-election. K. B. Parish is the third person on the Springlake-Earth ballot.

SUDAN HAS FOUR persons seeking two expiring terms. Dexter Baker and Wiley Mudgett are board members whose terms are expiring. Wiley Mudgett is not seeking re-election.

Six have announced candidacy for the three aldermen's positions at Earth. Incumbents Doug Parish and Bill Bryant will be on the ballot along with Grover W. (Bud) Matlock, Lynn Glasscock, L. H. (Slim) Galloway and Neil Pounds.

At Olton, Mayor Parley P. Myers is unopposed in his bid for re-election. Terms of two councilmen, Percy Parsons and Bobby Daugherty are expiring. Daugherty is the only incumbent seeking re-election. New names to appear on the ballot are Claude Burnett, Walter Struve and K. Y. Givens.

and White House staff in addition to the crew.

Everywhere the presidential party went great crowds congregated. "We were always the first to land," Mrs. Hall said, "and it was always a great thrill to get to open the door and hear all the cheering. Everywhere we went, they literally rolled out the red carpet."

The jet Mrs. Hall flew on set a number of records. They flew the farthest distance non-stop, 3,745 miles. (She flew with Eisenhower 16,000 miles altogether.) The jet flew higher than any commercial plane had flown at that time, and this jet was the first plane to land at Brazillia, the new capitol of Brazil.

The president visited in Brazil, Argentina, Uruguay and Chile while in South America.

In every major city where Eisenhower went, there was a big parade, she said. After landing, the plane crew would go to their hotel and watch the parade. Usually Eisenhower would ride in the motorcade with the president of whatever country he was visiting.

"There was always a designated spot for the parade to stop while the National Anthem was played," she said, "first our anthem and then the country's national anthem where we were visiting. Nothing was so thrilling and meant so much to be so many thousands of miles from home

re-election. Incumbents Baker, Robert DeLoach, James Withrow and Wayne Whiteaker are asking for the two positions on the Sudan board.

AMHERST HAS TWO places to fill and two men running. Don Carter, whose term is expiring, did not file. Winston Cummings and Jimmy Cowan will be on the Amherst school ballot.

TWO SPADE MEN are running for two places there. Carl Thompson and Gail McCoy have placed their names on the Spade ballot. McCoy was appointed to fill Jap Anderson's term. Anderson is deceased, but his term would have expired this time.

ONE ANTON INCUMBENT, J. C. Hodges, is asking for re-election and the other incumbent, Thomas James, is not seeking his position again. The four seeking the two Anton posts are J. C. Hodges, Carl Butler, Gordon Timms and Olen Johnson.

FOUR ARE ON THE ballot for two places at Whitharral. Incumbents Ed Johnson and Clifford Throckmorton filed for re-election. Ernest Kristinek and Clinton Fagan are seeking the two board terms also.

THREE OLTON INCUMBENTS have filed for re-election. Incumbents seeking school board posts are Gerald Allcorn, Elmo Bryant and Royce Collins.

BULA HAS A 5-man board with the term of Ivan L. Clawson expiring. Clawson has filed for re-election. He is opposed by Donald Joe Cox.

HELEN HALL was a stewardess on former president Dwight D. Eisenhower's South American good-will tour. She was in the presidential party for 15 days accompanying the President to Brazil, Argentina, Uruguay and Chile.

What The Leader-News Thinks

U.S. Savings Bonds Gyp The Little Guy

A COUPLE of years ago, when we were asked to recommend U. S. Savings Bonds to our readers, we declined. Our feeling was, and still is, that they aren't a very good buy. Immediately after we made that statement two years ago, a serviceman wrote us to say we were "mercenary".

He called U. S. Savings Bonds "a good investment in Democracy."

We would agree they used to be.

Twenty-five years ago, savings bonds yielded almost a half of one percent more than long-term U. S. Government bonds. They were a good investment then.

Today the government cheats E-bond buyers in two ways:

First, by conducting its affairs in an inflationary manner, the government has eroded the purchasing power of the interest and the principal.

Second, the government pays a below-the-market rate of interest.

RECENTLY, the Treasury offered 15-month notes to yield 6.42 per cent and 7-year notes to yield 6.29 per cent in a refunding deal.

These were the highest U. S. Treasury rates since 1865.

If the government pays large scale investors such rates, can it

honestly offer only 4.25 per cent to Mr. and Mrs. Everyday Saver?

THE SMALL SAVER is a victim of habit, or ignorance, or employers who urge participation in payroll savings plans. He doesn't search for the best return, and he doesn't know the market.

He relies on the government—his government—and takes what he gets.

And he has been getting a sorry deal.

PRESIDENT NIXON and Secretary of the Treasury David M. Kennedy can't make restitution for the E-Bond shortcomings of the Johnson administration.

But they could start being fair to future buyers.

Today, investors in high-grade public utility bonds get a return of up to 7 per cent and sometimes more.

Treasury issues pay 6 per cent.

Rates above 5 per cent are commonly available on certificates of deposit at banks and savings and loan associations.

IF WE WERE selling U. S. Savings Bonds at 4.25 per cent, our conscience would hurt.

And you can bet we wouldn't be getting any of the business, either.

"Remember the good old days when nobody would give us credit!"

THE FARMER'S WIFE

Times Change

By LIBBY MUDGETT

MANY A LONG YEAR ago while I was still a bride and Ike had just been made a five star general, an article entitled "If I Were a Bride Today" came out in a popular woman's magazine. It was written by Mamie Doud Eisenhower.

There will be many eulogies in honor of Ike, all richly deserved, but I thought you might be interested in some remarks of the woman behind this great man made before he even thought of entering politics.

IT MIGHT HELP explain his consideration and thoughtfulness of her, even though she remained mostly in the background and left the limelight to him.

"Times change, but the basic things that make a good marriage stay exactly the same year after year."

"The first and most important rule is simple. If a bride can make up her mind at the beginning of her marriage that she is the wife and that her husband is the head of the house, all of the adjustments and strains that are sure to come will take care of themselves."

"LET'S FACE IT. Our lives revolve around our men, and that is the way it should be. What real satisfaction is there without them?"

"The wise wife is the one who says at the beginning: 'I will be the one to volunteer to do most of the adapting. It is worth it.'"

"Men are so easy to please if you do not become belligerent over the little things that make no difference anyway. But there were many times in my early married life when I had to go into conference with myself and say: 'Listen. Is it worth it to have my own way about this? What am I gaining anyway, if I like would rather have it some other way?'"

"I AM PROUD of the fact that never in all our lives have Ike and I been in debt, though many is the time I have been down to twenty-five cents at the end of the month."

"You think twice about an expensive item when you have to take the dollars out of your pocketbook instead of charging it."

"So long as he had razor blades and cigarettes, Ike did not mind stew instead of steak at the end of every month if it made my accounts come out even."

"STRICTLY CASH" would be my slogan if I were newly married today. Buying things on time, no matter how much easier it makes things at the moment, seems to me to be one of the most vicious traps into which a bride can fall."

"I have one hard and fast rule about the kitchen. No matter how tired I am, the dishes always

are washed before I go to bed. There is nothing so unpleasant for a man to see as a kitchen full of dirty dishes in the morning. It spoils his whole day."

"IF I WERE newly married, I would take the picking-up as part of MY job. It is a little thing and not worth arguing about, especially since you are not likely to win."

"If you keep your house ready for him to bring his friends to at any time, the rewards are enormous. If a man is proud of his home, you will share his friends with him. If he cannot bring his friends home, he may get into the habit of staying away himself. It takes a lot of doing, but it is worth the effort."

"I THINK it is dreadful for a pretty bride to go around in cold cream or curlers or a sloppy dress. Who ever heard of a secretary wearing a spotted dress to work because it is just the office and no one will see me but the boss? Your husband is the boss—and don't you forget it."

"Washing the baby's socks and counting the laundry can become boring. The endless routine of a house sometimes seems like a meager, futile little job—especially when your husband comes home full of important news and all you can say is that you paid the gas bill."

"THERE ARE MOMENTS when a job that takes you out among people and gives you extra money seems very desirable. But life will be far more rewarding if you do not yield to that temptation. If you do, you may find yourself with nothing but a job twenty years from now, or with a home that both you and your husband have forgot how to go home to."

"That has been my job and my joy. And trying to do my part by keeping Ike's home on an even keel has meant wonderful, rewarding busy, entertaining, happy years for me."

"You do the stitching, Ed. I even have trouble lacing my shoes in the morning."

DEAR EDITOR

What Our Readers Think Sticky Situation

Dear Ed:

This state inspection sticker business is quite a "sticky" business at best, but some things (stickers included) just seem to get completely out of hand.

Take the case of a bedoagglod auto shop foreman who, as you well know, is the cause of this sticker business in the first place. (He's also the cause for all the mechanic trouble you have with your car.) He's also the egghead that makes excuses for NOT having time to put a sticker on your car, after you finally made up your mind that the law won't be repeated this year, and you'll have to have one if you're going to drive this bucket of bolts.

Now, (this time of year) he's besieged from every side by Prospective sticker buyers. Add this to all of his other responsibilities, and you might see where self-pity might be his frequent companion.

But when this hero, or heez, (take your choice) goes into the sanctity of his own home, sits down at his own table to eat, and finds a now-defunct sticker sandwich on his plate, instructed, "for Pope or Russ." This MUST be ridiculous! I must say surely this is grounds for something or other!

"I'm going to let you put a sticker on my car if you'll hurry." "Ah needs a sticker!" "Sen'or, could you put the stick?" These are the phrases you begin to hear in your sleep.

Other familiar sayings are: "All you'll have to do is just fill it out and put it on." "It won't need anything!" "It passed last year with no changes or adjustments."

So? You pull a mechanic off a profitable repair job to inspect this car. Many times the poor old thing does well to get inside. The headlights must have had a family quarrel. They just sit there looking in opposite directions. The front wheels are leaning together at the top much like a couple of drunks. The brakes jerk the cab to one side while they give forth a spine tingling, rasping sound. The horn just don't give a hoot, and the wipers are worn down to the metal. This is to

say nothing of cracked lenses, reflectors and burned-out tail bulbs. Surely, this car has been inspected for fifteen years "without needing anything." Moreover, the owner is likely to become a bit peeved when you hint that his "Pride" is not up to State Standards.

While you try to explain him to him, the mechanic stands and for a decision. Meanwhile, about more customers have come in stickers and: "If you can take time to inspect, this vehicle, why can't you take time to do mine?" "After don't need anything done, just wash and stick it on."

Finally, after you've estimated for the first customer howls, "All that money just for a sticker? I'll take my business elsewhere!"

You're so relieved when he gets that you soften up and agree to your mechanic inspect the waiting vehicles after all. About time he gets started, in walks fellow whose vehicle is back in stall supposedly being repaired. "in....ain't somebody working on car? I didn't bring it here for you keep all week!" And the boss on,—and on—and on!

Guess I sound sorry, but I do forward to April 16th. Maybe the water I get into will be in the bath and maybe with a little soaking I get the foot out of my mouth.

Our Policy

Our columns are always open to anyone who writes a letter to the editor. The Leader-News will accept all letters that are signed. However, the name of the writer will be withheld upon request. Such letters are kept on file for inspection by anyone who wishes to read them. Letters are printed as space permits, with shorter letters having a better chance of being printed than those which are extremely long. The fact that a letter is printed does not mean the Leader-News necessarily agrees with the opinion stated.

THE ABUNDANT LIFE

United Purpose

By BOB WEAR

WE LIVE IN THE KIND of national and world climate which is much more conducive to feelings of discouragement and frustration than to feelings of hope and accomplishment.

There are so many problems and difficulties, uncertainties and threats, misconceptions and misunderstandings that many persons seem to feel overwhelmed.

There is, however, hope for us in unity of purpose.

THIS GENERAL, difficult condition is contributing to the widespread quarreling, slander and irresponsible condemnations which are so prevalent. Too many of us depend almost exclusively upon our physical surroundings for strength and insight.

As a result, we are easily disturbed.

NOT KNOWING WHAT ELSE to do, we often turn on each other. Thus the strife and turmoil grow, and there is no unity.

Many times we are actually working against ourselves and our own best interests.

TOO MANY FOLK are blaming others for not doing anything to help, but many who point the finger of censor are not doing anything constructive. Too many of us seem to feel that our criticism of others is an accomplishment.

Constructive criticism often serves some useful purpose, but much of what is taking place now is nothing more than blaming others for the same weaknesses and failures that are present in our own lives.

Such censoriousness is a very poor substitute for effective and responsible living.

IN MANY INSTANCES, when we have finished our criticism of each other, the solutions of our problems are no nearer, and sometimes the problems have been made more complicated.

We must be big enough and intelligent enough to concentrate on solving our problems, and refrain from the popular practice of superficial and ready judgment against one another. This must be our purpose.

WE MUST FIND EFFECTIVE ways to move toward unity and good will, and discontinue the thinking, the talking and the action which create and maintain so much strife and ill will. This is the only way we have to build ourselves, our community and our nation. We must build up and not tear down.

WE MUST TURN more and more to the spiritual elements of faith, understanding and hope in order to become stronger.

We must depend less and less upon our physical environment for our strength and the formation of our attitudes.

WE MUST DEVELOP better feelings about ourselves, our neighbors and our friends. This must be our united purpose in order for us to be effective in opposing communism and every other contrary "ism" which threatens our way of life.

With this united purpose, we will be able to attack our problems rather than our neighbors, and we will be opposing our enemies rather than our friends.

IT IS ESSENTIAL that we do everything we can to stop the dissipation of the great human resources found in united purpose. Even when we are exercising our right to disagree with each other in some areas, let us remember that there are other areas in which we must stand together and work together.

WE MUST NOT be irresponsible in our disagreements lest we find it impossible to be responsible in the spheres of agreement and mutual need.

WE MUST DO EVERYTHING WE CAN to clearly recognize our united purpose, and then be very diligent to protect it and keep it strong.

PAUL HARVEY

'Got Involved'

THERE WAS A "demonstration" of significance the other morning in Chicago.

The Lake St. elevated train, "the El," loaded with commuters was Loop-bound approaching California St. when, in the fourth car back, a man in his middle 50's turned pale, let go, slumped to the floor.

NOBODY SCREAMED. Nobody moved toward him. Those near him drew back in stunned silence or unconcern.

The elevated guard, in that car at that time, pulled the emergency cord; the speeding elevated train screeched to a stop at the next station.

The El guard ran into the station, shouted for somebody to call the police, which somebody did.

SEVERAL PASSENGERS,

Howdy Neighbor

By BOYD PIERCE Of Burleson

Definition of HOME: The only place where you can really enjoy corn on the cob and soup.

Foreign attitudes toward the United States still appear to be "Leave Us A Loan."

The big fish seem to always get away. Perhaps that is why they're big.

A poor speaker makes you dumb at one end and numb at the other.

The big difference between gossip and news depends on whether you hear it or tell it.

Most of us know how to say nothing but few of us know when.

I wonder how many fig leaves Eve tried on before she said, "I'll take this one."

The most effective highway safety sign is on the side of a police patrol car.

A woman needs two men in her life. A husband and someone to compare him with.

Why is it that a person your own age always looks older than you do?

No wonder a new-born baby cries. It's hungry, naked and it already owes the government \$5,800!

expecting the train to be delayed, got off.

The man lay still on the floor of car four, turning grey against the dark blue of his crumpled, almost shabby windbreaker.

It was then that the motorman from four cars ahead ran back down the platform, entered car four and in an instant was on his knees beside the fallen passenger.

RIPPING OPEN the man's coat and shirt, the motorman placed his ear to the exposed chest, listening. He heard nothing.

Other passengers stood and watched or sat and watched—or resumed reading the sports pages.

It was the motorman, Tom Patterson, who began urgently to message the fallen man's chest. When there was no response it was the motorman who placed his mouth over that of the unconscious man and sought to breathe some of his own life into the silent lungs.

MINUTES WENT BY; there was no perceptible response. The motorman did not give up, did not look up, continued his persistent, determined effort at artificial respiration until, when the police arrived with oxygen, the stricken man was breathing again.

And it was the motorman who held the oxygen while police placed the man on a stretcher and removed him toward the hospital.

THE DELAYED TRAIN resumed its run. The delayed passengers, with a sigh or a shrug, showed only relief that the gaunt, prostrate man was now out of sight, that they were again on their way; they would not be too late for work.

The man the last saw standing alive—they last saw prone on a stretcher—in the hospital died. The motorman returned to work. When his work was done he would make out a formal report—on his own time.

PERHAPS IT SHOULD not make any difference that the passenger, Fred A. Ellerman, so long ignored there on the floor, was white....

And that the man who kept him alive if only for a little while in the only effort to rescue him was motorman Tom Patterson, 27, who is black.

It should not make any difference. It's just that you've read so much about the "demonstrations" in Chicago and I thought you should read about this one.

OLTON—Kimichi Study Club met Thursday afternoon in the Women's Club House for a regular meeting.

Mrs. Burley Favor, vice-president presided over the business meeting. The group discussed helping give the measles vaccine in the schools and the District Federated meeting to be held in Plainview. Mrs. Elmer Houston gave the program on "American Heritage."

Mrs. Garland DePrang, hostess, served cake, ribbon sandwiches, chips and dips, olives and Cokes to Mmes. Favor, Elmer Houston, John Jefferies, Buster Nicholas, Randall Roper, Garland Rose, Oliver Rose, Amos Walden, and Charles Shipley.

Roll call was answered with each member present named their oldest living relative.

The next regular meeting of this group will be April 3 in the Women's Club House.

Chris LeBoeuf Given Plaque

Chris LeBoeuf, son of Mr. and Mrs. Richard Wall of Lubbock and grandson of Mr. and Mrs. Curtis Chisholm of Littlefield took honors at the District VI Vocational Industrial Clubs of America meeting Friday and Saturday in Amarillo.

Chris received a plaque as outstanding VICA student in parliamentary procedure and was among other winners in the third and fourth place categories.

J. Ball Family Returns Home

AMHERST—Mr. and Mrs. James Ball and sons Kent and Scott returned last week from Luanda, Angola Portuguese West Africa.

James has been employed with a construction company.

On their return they toured Spain and Portugal.

During the six months Mrs. Ball and the boys were there, the sons attended an English school.

Mr. and Mrs. Kenneth Hanna and family of Amarillo were here for the weekend with her parents, Mr. and Mrs. A. O. Dickson to help them welcome the Balls back from Africa where James has been employed for almost a year.

The Balls have gone to Houston this week where he will be reassigned by his company.

The Dickson's son, Keith and family of Montgomery, near Houston are expected to be here this weekend for a family reunion.

WATER SOAK

A large number of common household stains do not require special treatment except for a fifteen minute cool-water-soak period before garments are put in the washer. For fabrics which can be bleached, the addition of chlorine bleach to hot sudsy water will remove many common stains.

Defendant Favored In Case

The jury rendered a verdict in favor of the defendant Andy Anderson, March 28, in the case of Jimmy Smith vs. Andy Anderson.

D. M. Holt was foreman of the jury that found that Mr. and Mrs. Smith had divided their community property at the time

Anderson took the household goods and furnishings in question into his possession.

The jury found a preponderance of evidence that the furnishings in question constituted Mrs. Smith's share of community property, and ruled in favor of the defendant.

and hear "The Star Spangled Banner." It really gives you a feeling of love of country."

She remembers the parade in Rio, Brazil, as being the largest. "They love parades down there so much," Mrs. Hall said.

BUT THE PARADE that stands out in Mrs. Hall's mind most, is the one she rode in two cars behind President Eisenhower. The stewardesses had hoped to get to ride in one of the parades, although it wasn't scheduled. "The chief of protocol had to work hard, checking through several avenues in Washington before we were allowed to be in the parade," she said.

"We took off our airlines caps and coats and waved to the people. They were still cheering Eisenhower, and we knew that, but they were cheering us too, because we were a part of his party. It was great fun, although we couldn't see very much of the parade.

The crew kidded the stewardesses about having to ride on the truck carrying the photographers. "There was room for only so many cameramen, and the local reporters of the country where we were, always got aboard the camera truck, too. It was really a battle for the best spots. The photographers would really push and shove for advantageous spots," Mrs. Hall said.

The Pan Am crew spent 10 days getting ready for the presidential tour. Members had to go through emergency equipment training again, and they were schooled in how to address different dignitaries.

"We called Eisenhower 'Mr. President' although most people called him Ike," Mrs. Hall said. "If we had known him longer, we would have felt more like calling him Ike, but we didn't feel that 15 days was long enough to speak to him on a first name basis."

WHILE IN RIO, a lightened crew and part of the presidential party flew to Sao Paulo for a parade. A big state dinner was scheduled in Rio that

night. While the group was in Sao Paulo, the Marine Band that was to play for the banquet that night, took off and crashed when two planes collided in the air. Almost everyone aboard was killed. This was early in the flight. "Everything was canceled that night," Mrs. Hall said, "all the bodies had been buried in Arlington.

On the way home the entire party spent three days at Ramey Air Force Base in Puerto Rico. Eisenhower rested up there and guffed before returning to Washington. "Eisenhower looked awfully tired when we got there," Mrs. Hall said, "but when we left for Washington he was tanned and looked good. All the men got beautiful suntans. It was so warm and nice there.

"Then we stepped off the plane in Washington into a foot of snow. Sunburned noses looked funny in the Washington snow.

"Everyone, the state department and the members of the press, on our plane had the highest respect and admiration for Eisenhower, Mrs. Hall

said, "and most of them were veterans, making a number of tours of this type with several presidents."

THE PAN AM CREW had two weeks off to recuperate from the flight when they reached Washington. They spent three days in the capital city where "they were really treated royally."

The crew was given a coffee in the Post Master General's office. They toured the White House, and saw rooms the public usually doesn't get to see.

They visited the office of Maj. Gen. Howard Snyder, the president's personal physician, and the office of the military aid to the president and others not open to the public, in addition to the senate chamber and the capitol building.

Eisenhower, the five-star general, former president and patriot died peacefully and quietly after a long and heroic struggle. The period of mourning was especially significant for Mrs. Hall who feels richer for having met the man who lives on in the memories of those he served.

University of Texas, holding an LL.B. degree. He practiced law for a while before going into farming. Yarbrough and his wife, Patricia, have three children, Mark, a first grader, Scot, 5, and Jill, 3. Yarbrough said he is interested in education, feeling he has a personal stake in the future of Littlefield schools with three children.

JOHN CLAYTON III is a graduate of Littlefield High and attended Hardin-Simmons University and Texas Tech. He is a partner in B & C Pump Co. in Littlefield and Levelland. Clayton and his wife, Linda, are the parents of two school-age children and a pre-schooler. Shauna is a third grader, Jimmy, a first grader, and Dana is three years old. With three children, he said he is naturally interested in the educational system and concerned about public schooling in the future.

CALVIN PRICE is seeking a second

term on the school board. He graduated from Littlefield High School in 1932 and is a certified public accountant. He trained in accounting and opened his own office here. He and his wife, Ruth, have a daughter, an LHS senior, and a son, a junior. "I'm for better schools," Price said.

BOB RODEN has operated Roden Drug here for 15 years. Roden is a graduate of the University of Oklahoma. He and his wife, Betty, have three children, a senior, Dana, a sophomore, and Mark, a third grader. "It is the duty of responsible citizens to make our school the best it can be," Roden said. "I think it is a situation when we have candidates running for the board. It shows concern for the future of our schools."

Need Insurance?

Judd Walker gets a great deal of pleasure rendering service to his customers. For this outstanding service, he has been presented an award plaque every year since his company started presenting this type award in 1958.

Walker has come across some very unusual policies while helping people with insurance problems. While making his rounds, Walker has found policies written in long hand back in the 1800s.

"The penmanship was beautiful," Walker said, "back then people who wrote very pretty script were hired much as typists are hired to type a policy today."

Two years ago Walker helped some people collect on a policy where the policy holder had been dead for 19 years. The policy had been paid up for 45 years, and the family had no idea this policy even existed.

Walker estimates that millions of dollars are lost every year where policies exist and the family doesn't know about them.

More than 50 per cent of the service work done by Walker is on companies other than what he sells, but it is all in a day's work for him.

Judd Walker handled all types of insurance. He has been writing life insurance 22 years, adding fire and casualty about 14 years ago. He has

health insurance, automobile insurance and farm insurance.

Recently he has added real estate sales to his business transactions and Robert Richards has been employed to handle real estate. Listings are primarily for residences, but includes farms, ranches and city property.

Walker says one of his greatest pleasures comes from talking with persons 65-75 years old. "Some very unusual conversations come about," Walker said, "and believe it or not, a lot of these senior citizens buy life insurance."

Walker has sold enough life insurance since 1946 to qualify for the company seminar which he and Mrs. Walker attend each year. They have had some very interesting trips to New Orleans, La.; Havana, Cuba; two trips to Mexico City; Monterrey, Mexico; San Francisco, Calif.; Scottsdale, Ariz.; and larger Texas cities.

Walker is a transplanted Palestine Texan and attended school in a little place called Slocum. He has been a Littlefield resident 22 years. He enjoys hunting, fishing and a small amount of golf. His community activities include membership in the Optimist Club, Chamber of Commerce, BCD board, and the American Legion.

The Walkers have three children, a married daughter, Diana; Randy, a LHS senior; and Kathy, a sixth grader.

Mustangs Are Edged Out Of First Place

Mustangs captured first place in both the sprint and relay events led to Clarendon's victory of the Olton Mustangs for first Saturday in the big Amarillo

Clarendon totaled 94 points to lead the Mustangs, 80.5, for the Olton team trophy in the meet's school division.

Clarendon's Charles McClain and Benny Akin were the only double winners.

Clarendon took first place medals in the 120-yard high hurdles with a time of 1:40.6, and in the 330-yard intermediate hurdles, 40.6.

Clarendon's speed aided his establishing a record in the quarter mile. His time of 1:40.6 broke the record set last year by William Welch of Memphis. Akin's other first was in the 220-yard dash, where he finished in 2:28.

Clarendon's points were earned by the Mustangs' 440-yard relay team that included: Eniliano Marquez, third

in the intermediate hurdles; and Mike Parsons, third in the mile.

During the meet, three Mustangs established new records for the small school division. Besides Akin's in the 440, McClain set a new high hurdle standard during the preliminaries, 14.6, and Parsons turned in a 4:40.7 in the mile, also in the prelims. But his posting was overturned in the finals 4:36.6 by Garbiel Garza of Memphis.

Mayfield Tells Success Secret

Emotions, motivation and competition are the requirements for making a good athletic team, according to former Littlefield High mentor Gene Mayfield.

Mayfield, one of the state's most successful football coaches continuing to make a name for himself at Odessa Permian, was the guest speaker Friday night at the Anton Sports Banquet.

Raymond Kesey received the school's Most Outstanding Athlete award.

Other awards went to: Troy Tidwell, Outstanding Boy Basketball Player; John Cantu, Outstanding Football Back; Jesse Cantu, Outstanding Football Lineman; Rita Monroe, Outstanding Girl Athlete; and Ann Herrin received the award for the Highest Scholastic Average.

Brad Gilbert, president of the Booster Club, served as Master of Ceremonies. Invocation was given by Rev. Delton Fisher, and John John P. Jones introduced Mayfield.

DISTRICT 3-A TITLE ON LINE TODAY AT KRESS

The District 3-A track and field championships will be held today at Kress.

Sudan and Springlake-Earth will be attempting to unseat the Kress Kangaroos, defending champions. Also vying will be Farwell, Bovina and Vega.

LAZBUDDIE 4-B CHAMP

Anton, Amherst Thinclads Quality For Region Meet

Amherst edged Anton by a single point, 78-77, for third place in the District 4-B track and field championships Tuesday, but Anton qualified more entries in the Region One meet.

The District meet, held at Levelland, was won by Lazbuddie. Whiteface trailed the champions, 156-81. Hart was fifth with 53 points, Threeway sixth with 39, Spade seventh with 8 and Cotton Center eighth with four.

Qualifying for the Regional meet, for Anton to be held April 18-19 at Texas Tech in Lubbock, are the sprint relay team, Holmes in the 100 and 220; Rodriguez in the 220; and Kesey in the shot put.

Amherst qualifiers include: Johnson in the 880; Moate in the pole vault; and Maxfield in the 330 intermediate hurdles.

440 Relay: 1. Lazbuddie (Steinbach, Lee, Foster, Casey), 46.0. 2. Anton: 3. Amherst.

Wildcats Fourth At Seminole

Led by a double first-place performance of swift Kenneth Twitty, Littlefield's Wildcat track team placed fourth among a field of 10 teams Saturday at Seminole.

Twitty captured firsts in both the 100-yard dash and the long jump. It was his second consecutive meet first in the jump.

The 'Cats amassed a total of 55.5 points behind the 95-point tie for first by Tulla and host Seminole, and Slaton's 88.

Owens Will Miss Meet This Friday

Steve Owens will not be competing with the Wildcat track team tomorrow in the Mustang Relays at Andrews.

The junior hurdler and mile relay team member bruised a foot bone and will be out of competition for "at least a week".

Coach Jimmy Bartlett will send his thinclads through their final competition prior to entering the District 3-AAA track and field championships April 12 at Snyder.

Charles Carter will probably take Owens' place on the relay team.

Signup Extended For Babe Ruth

Deadline for signing up to play in the 1969 Babe Ruth League has been extended until Saturday, according to League player agent Gene Pratt.

Forty-four boys signed in Littlefield Tuesday night, enough to make up three teams. The organization is hoping to obtain enough players to have four teams in Littlefield. To them will be added teams from Sudan and Amherst, making up a six-team league.

Boys still desiring to play Babe Ruth ball this summer can register at Pratt's Jewelry. They must bring with them at least one of their parents, and their birth certificate.

Ages for boys playing Babe Ruth baseball are 13 through 15.

There will be no Colt or Pony League baseball this summer. Sixteen year old players will go into American Legion.

Pratt emphasized that Saturday was the deadline to register. The schedule must be finalized after that. First league game will be April 25.

Fifteen players is the maximum for teams. Should more than 60 register, the extra players would have to be put on a waiting list.

Wildcat vaulters continue to get stronger in their specialty, as they brought home points by placing three of the six top places in that event.

Charley Holt placed second with a height of 11-0. Randy Walker was fourth and Jerry Wright was sixth.

The mile relay team turned in its

best time of the season, 3:32.6, but was nipped by Slaton's 3:31.6. The two teams were not competing against each other, however, as they ran in separate heats.

On the 'Cat team, that improves almost weekly, are Walker, Twitty, Steve Owens and Travis Danford.

Gary Nace added strength to the

club's field event unit. He placed sixth in the discus after only a week's workout. His distance was 114-4.

Adolfo Aguirre placed fourth in the mile with a 4:52.4 clocking.

Other teams in the meet, and their points, were: Hereford 44, Brownfield, 39, Levelland 36, Canyon 27.5, Mulshoe 8 and Lamesa 7.

Money Saving Notice

Have you taken all the deductions for family health needs allowed you under Federal Income Tax law? Most people don't... simply because receipts get lost or misplaced and very few people know the wide variety of pharmacy items which are deductible.

BUT NOW our pharmacy has a free Tax Information Plan which could mean dollar savings at income tax time. Remember, a taxpayer whose medical expense deductions exceed one per cent of his income gets back 16 cents on every \$1.00 spent on health needs.

Our customers now receive a monthly and annual total of all tax deductible purchases. This very same information is important in substantiating expenses under a medical insurance program.

Most people remember that health supplies ordered by a physician qualify, but below there is a list of some of the thousands of products which are also deductible.

Remember, the Federal Government wants you to pay only what you actually owe... no more... no less. Use TIP for accuracy and to assure yourself of the maximum dollar benefit allowed by law.

Volleyball Season Ends With A Number Of Wins

The girls' volleyball season has ended with the "A" team winning four games out of the ten regular games in which they played. The "B" team had more of a winning season with a loss of only two games over the ten they played.

On Feb. 6 the girls played Hereford here in the LHS gym. The "A" team's scores were 8-15, and 9-15, with Hereford winning. The "B" team had to play into the third game, with Hereford winning against them with the scores of 14-16, 15-8, and 15-17.

Feb. 10 Brownfield came to play the girls in a game of volleyball and were defeated by both the "A" and "B" teams. The scores for the "A" team was 15-11, and 15-7. The "B" team score was 15-9 and 15-4.

During the game against Seagraves in the LHS gym, the "A" team was defeated. The first game was won by the "A" team with a score of 15-6, but Seagraves came up and beat the team with scores of 4-15, and 8-15 on the following two games. This game took place Feb. 13. The "B" team defeated the Seagraves team with the scores of 16-14 and 15-12.

Feb. 17, the volleyball team traveled to Brownfield where the "A" team lost their match with the close scores of 13-15 and 11-15. The "B" team won this match with the scores of 15-7 and 15-8.

Another losing game went to the "A" team when they played shallowwater here in the LHS gym. The scores were 11-15, 15-6, 12-15. The "B" team racked up a win of 15-7 and 15-10 over the shallowwater "B" team.

The first tournament the team attended was held in Colorado City. This was held the 21 and 22 of February. The first game the girls played was with the team of Brownfield. The score of this game was 14-16 and 10-15.

For their next game, the girls played Reagan County. Even though their girls were big and frightening to the girls, the team won this game with the scores of 15-12, and 15-11. The next game in which the girls played was the try for the third place trophy when they played against Midland. The scores

of these games were 6-15, and 4-15. Even though the girls did not bring back a first place trophy, they did bring back something just as good or maybe even better—the sportsmanship trophy.

The next game the girls played was with Seagraves. Here the "A" team was defeated. The scores of this game were 4-15 and 6-15. The "B" team won their match with scores of 15-5, and 16-18. They had to play a third match which our "B" team won with the final score of 15-8. These matches were played Feb. 27.

Both the "A" and "B" teams brought home a victory over Pep March 10 when they went there for a game. The scores of these games were the "A" team 15-15, 16-14, and 11-15. The "B" team held Pep down a little bit better and the final scores of their game were 15-4 and 15-6.

On March 11, at Morton the "A" team won its match. The girls won with scores of 15-12 and 15-13. The "B" team lost this match to Morton with the close scores of 8-15 and 10-15.

On March 18, the final home game of the season was played against Morton. Here both teams did a fine job of defeating Morton. The scores for the "A" team were 15-12 and 15-13. The "B" team had scores of 15-6 and 15-10.

The girls also played in the Pep tournament. There for the first game, they played against Morton and defeated them with scores of 15-5, 13-15, and 15-12. For their second match they played Brownfield and were defeated with scores of 15-5, 13-15, and 15-12. For their third match they played Bledsoe and won. After winning this game they won the third place trophy. At the Pep tournament an all tournament team was named. Two girls from the Littlefield team were put on it. Sandra Carter and LaTonya Dangerfield.

The girls went to District and there they played their first match against Snyder. They lost with the scores of 15-3, and 15-11. The district title went to Colorado City and the second place was to Snyder.

VOLLENA FRANCIS, Evah Tucker, Tonya Dangerfield, Junnie Gray, Lanet Gilly, and Doris Ashley smile over the trophy they took at the Pep tournament. The volleyball team will split up, as the season closes with a number of wins.

Symphonic Band Plays For Assembly

The Texas Christian University Symphonic Band, under the direction of Mr. James A. Jacobson, presented a concert to LHS students in an assembly March 24 in the auditorium.

Randy Hanes, who emceed the program, was featured in a patriotic reading to the accompaniment of "America".

Berlin Jenkins, assistant director of brass, and Larry Harrison were featured in the first movement to "Concerto in B Flat for Two Trumpets".

The next selection was "Suite for Woodwinds," featuring the assistant director of woodwinds, Mowin Neffer on the oboe and bassoon.

The entire orchestra joined together to play

THE BEAT GOES ON**

By MILYNDA MORRIS

Around my house we're going through Excedrin headache number 909—moving. You just don't realize how much junk you accumulate over a long time—like six years.

When Mother brought in a stack of boxes and I started packing things, I ran into stuff that I didn't even know existed. I found the head to my Barbie doll, a Peanut's yoyo, crumpled flowers, a piece of wedding cake from someone's big moment, my lost driver's license, borrowed books, clothes, and records, old pictures, report cards, and lots of other valuable goodies.

Moving is sort of sad too. Packing up all of your things, and leaving your home—especially when you're not too eager to move to your new residence, the country. My daddy, a farmer at heart, has decided we must move to the wide open spaces, and have a garden! I guess I'm just not the farm girl type—but, I'll adjust.

Adjusting is a big problem to nearly everyone.

Adjusting to new jobs, new friends, new schools, new laws, new ideas, new styles is difficult, but the sooner you make up your mind to do just that—adjust to what you have to, the better it will be for you and everyone.

You can't just make up your mind to be miserable and stick to it.

Someone once said, "Sometimes you have to look for the opportunity to make your own happiness, and take advantage of it."

What do you think?

Captain Ryder Speaks At LHS

Captain Larry V. Ryder, flight instructor from Reese Air Force Base, gave a lecture to the student body of Littlefield High School Wednesday, March 26.

Captain Ryder holds the Distinguished Flying Cross and the Air Medal with ten oak leaf clusters.

Captain Ryder had a film to show the students entitled, "There Is A Way." The film dealt with the life of U. S. fighter pilots in Viet Nam. Afterwards there was a question and answer session.

D.E. Students Honored During 'Their' Week

Yes, that was the week that was.

The week of March 24-28 was D. E. week.

The D. E. students and Mrs. Hubert Henry, D. E. coordinator, were busy making signs to put in the stores that employ D. E. students. The signs read, "This store employs a D. E. Student." The D. E. department was featured in a write-up in the Leader-News Sunday, March 23. Employers bought ads featuring their D. E. students.

Tuesday morning, March 25, Terry Doshier, a D. E. student, Mr. Pat Downs, Terry's employer, and Mrs. Henry participated in radio station KZZN's TFO show.

The D. E. students decorated the down town window with a large D. E. C. A diamond centered on a blue scroll. On both sides of the diamond are pictures of each D. E. student and his employer. This window is located on the South side of Mode-G Day.

Tomorrow, April 4, and Saturday, April 5, members of the Wildcat track team will compete in a specialty track meet at Andrews.

Only athletes who have the better times in their district will compete.

Wildcats entering the meet are: Adolfo Aguirre and Robert Rendon, mile; Travis Danford, Kenneth Twitty, Randy Walker, and Steve Owens, mile relay; Jerry Wright and Charlie Holt, pole vault; and Steve Owens and Keith Sitten, 330 intermediate hurdles.

Last Saturday the track team competed in the Seminole invitational track meet. Littlefield placed fourth in the meet with 55 1/2 points, ahead of Hereford, Brownfield, Levelland, Canyon, Muleshoe, and Lamesa.

Wildcats placing in the finals were as follows: Kenneth Twitty, first, 100-yard dash; Twitty, first, broad jump; Charlie Holt, second, pole vault. The mile relay team, consisting of Randy Walker, Steve Owens, Travis Danford, and Twitty, placed second in the meet.

Last Friday, members of the LHS tennis team completed tennis matches at Snyder. April 11 and 12, the tennis team will compete for the district championship at Sweetwater.

The district track meet will also be held after the Easter holidays.

I would like to make a correction on last week's column. I said the LHS golf team, consisting of Dennis Chambers, Gordon Sorley, Danny Butler, and Mike Talbert, would compete in the final round of golf for the district championship last Saturday at the Snyder Country Club. They didn't.

The final round will be played at Snyder Saturday, April 12.

Sorry about that, I goofed!

Classes Hear Demonstrator, Get Teacher

Dorothy Jones, the home economist representative for the Southwestern Public Service Company, demonstrated the use of electrical appliances to the home economics students Monday, March 24.

The electrical appliance, which Mrs. Jones demonstrated to the first, fourth, and seventh period classes, are used for aid in grooming.

Among the grooming aids demonstrated were the electric manicure set, the clothes brush, and shoe shiner, the facial steamer, the scalp massager, the curler, and the electrical hair brush.

Monday, March 31, Mrs. Marsha Jeffreys, a Texas senior, came to LHS as a student teacher in home economics. She will first observe, and gradually she will take over a few of the classes.

Spellers Bring Home Winnings

Snyder was host city for the University Interscholastic meet held at Snyder High School March 29. Eleven schools in district 3-AAA, including Brownfield, Colorado City, Dunbar, Estacado, Lakeview, Lamesa, Levelland, Littlefield, Staton, Snyder, and Sweetwater competed.

Twenty-seven LHS students boarded a bus at 4:30 to participate in the day's events.

Spellers Cathy Barton and Koleta Giles brought home LHS's only first place, qualifying them to attend the regional meet in Odessa.

Emery Waters placed third in informative speaking. Fourth places went to Wally Sanders in boys' poetry. Milynnda Morris in girls' poetry, Elaine Diller in girls' prose reading, and Janie Hyatt in shorthand.

Other contestants included Dianne Perkins and Sally Davidson, ready writing; Robert Rodriguez, boys' prose; Janice Oldham, informative speaking; Lanet Gilly, shorthand; Mark Jordan and L. D. Holt, boys' debate; Linda Harlan and Juanita Samaniego, girls' debate; Waland Hutto, Marsha French, Charlotte Hinds, Nancy Henson, and Marlyn Price, typing; Thaxter Price, Joynny Reese, and Gary Britt, science.

Alternates were Pam Stafford, girls' prose; Jane Nowlin, girls' poetry; Diane Kesey, shorthand; and Linda Hood, typing.

Snyder took first place at the meet over at Levelland.

What do you plan to do after graduation? (College and major or career plans.)

LaTonya Dangerfield—"I plan to go to Dallas and work until September or the latter part of August. After working, I plan to enter East Texas State University at Commerce, Texas. I plan to major in mathematics or business."

Peggy Dean—"I plan to attend the second summer session at Angelo State College. I plan to major in psychology and minor in sociology."

Judy Diersing—"I'm either going to Texas Tech or South Plains for a year, then I plan to transfer to the University of Texas at Austin. I'm going to major in either secondary education or home economics, and then teach."

Sandra Evans—"After graduation, I'm planning to get married. I'd also like to attend a business school."

Sam Fain—"I plan to go to ACC then go into orthodontic dental work."

Jerry Fudge—"If I do ever graduate, I might accidentally go to college. I would like to major in a vocational course like radio repair."

Koleta Giles—"I plan to go to Texas Tech and major in elementary education or business administration. My career plans are to teach elementary students. (High school kids are too mean!)"

Lanet Gilly—"I would like to work this summer so I can attend Lubbock Christian College next fall, and major in physical education."

Jean Davis—"After graduation, I plan to attend South Plains College. I plan to go into secretarial work."

Danny Gowen—"I plan to go to Texas Tech and major in advertising art and design or journalism."

Laqua Graham—"If I do go to college I will go either to WT or South Plains and I would like to become a girls' coach."

James Girffin—"I plan to attend South Plains College or Prairie View A&M College. I plan to major in business."

Garth Grizzle—"Attend Sul Ross State College and major in Range Management. I hope to work for a large cattle company after graduating from college."

Happiness Is ..

Building A Tomorrow

The freshman is boning Up hard on his book. No records are moaning. The phone's off the hook. As fiercely he furrows His brows as he quotes The experts and burrows Through pages of notes. Don't think he's faking This mad study-fest; In a few weeks he's taking His driver's test.

Saturday, the freshman girls track team went to Idalou for a great deal of competition. The girls did very good considering they only had a week of training before the first meet. Shirley Durham placed fourth in the discus.

The cool air and blowing wind didn't help the girl a great deal. We're proud of our girls and we want them to keep up the good work!

GOOD LUCK!!!

Last Friday, the boys' track team got out of school at noon to travel to Brownfield. The boys got around 40 points. The competition was pretty hard, but we came out pretty well.

The boys only have the district track meet left at Snyder.

Good Luck Boys!!!

The thunder roared, The lightning flashed, A tree fell, A frog got smashed

Recently, we overheard a boy say to a girl, "If you don't marry me, I'll die!" So he died—65 years later.

"She's One of The Boys" is the title of the musical that the junior high choir are going to present.

Although the musical will not be presented until the first of May, work and selection of parts is underway.

So work hard and make it good!

Famous last words: Somebody give me a match. I can't see where the gas is coming from!

Drivers Education is about over again for the second class. It's about time for those tests!

April 9th is doom's day and we want to remind everyone to study hard!

Have a good week and.....live it up during the holidays—but not too much!!!

SELECTED as representatives of the Littlefield Freshman FHA to the state meeting were Carol Chisholm, left, and Vicky Davis.

MEMBERS OF THE SCHOOL FACULTY and their families were honored at a salad supper put on by the Littlefield Junior High FHA girls here last week. The event was held last Thursday night in the Willie Room of Lamb County Electric.

City-Wide Sunrise Service Sunday

"Christ The Lord is Risen Today" will be the opening congregational hymn for the Community Easter Sunrise Service at 7 a.m. Sunday morning.

Littlefield Ministerial Alliance is sponsoring the joint service which will be conducted at First United Methodist Church.

Participating on the program will be ministers from several Littlefield churches: Al Jordan, minister of music

and education at First Baptist Church, who will lead the singing; and Pat Hinds and Charlotte Hinds will play the organ.

Among other hymns depicting the Easter mood and theme are "Low In The Grave He Lay", "Were You There", and "All Hail The Power of Jesus' Name".

Rev. R. B. Hall, pastor of First Baptist Church, will proclaim the Good News that "Christ Is Risen",

following the Scripture reading taken from I Corinthians 15 by Rev. Robert Whybrew, pastor of First Church of the Nazarene.

Rev. Philip J. Berry, pastor of St. Martin Lutheran Church, will lead the invocation; Rev. Clem G. Sorley, pastor of First Presbyterian Church, will lead the "Lord's Prayer"; Rev. Wallace H. Kirby, pastor of the host church, will say the offertory prayer; and Rev. Harvey Hallmark, pastor of Assembly of God Church, will lead the benedictory prayer.

OBITUARIES

MRS. J. C. SMITH SR.

Funeral services for longtime Littlefield resident, Mrs. J. C. Smith Sr., 80, who died Sunday afternoon in Littlefield Hospitality House, were conducted Tuesday afternoon in Crescent Park Church of Christ.

Bob Wear officiated and burial was in Littlefield Memorial Park.

Mrs. Smith had been in ill health two years.

She was born in Humphreys County, Tenn., and came to Littlefield from Saitillo, Tenn., in 1925. She was a member of Crescent Park Church of Christ.

Surviving are her husband; a son, J. C. Smith Jr. of Littlefield; a daughter, Mrs. Evelyn Clark of Lubbock; a sister, Mrs. Sannie Pirtle of Waverly, Tenn.; a brother, P. T. Porth of Dresden, Tenn.; seven grandchildren and 24 great-grandchildren.

ELIAS FREDRICK SEVIER

Funeral services for Elias Fredrick Sevier, 70, longtime Littlefield resident who died Tuesday night in Medical Arts Hospital after a long illness, are scheduled for 2:30 p.m. today at the First Christian Church.

Douglas Morton, pastor, will officiate. Burial will be in Littlefield Cemetery with Hammons Funeral Home in charge of arrangements.

Born Oct. 7, 1894 at Milford, Sevier had been a Littlefield resident 33 years. He was an oil mill employe until he retired.

Surviving are his wife, Ethel; a son, Dave Sevier of Littlefield; four daughters, Mrs. Jimmy Duncan of Amarillo, Mrs. Charles Byler of Borger, Mrs. Bill Bourland of Farwell, Mrs. M. B. Harper of Lubbock; two brothers, Knox Sevier of Milford and Richard Sevier of Hurst; one sister, Mrs. Retha Mitchell of Milford; 14 grandchildren and 15 great-grandchildren.

LURAH B. RHODES

Funeral services for Mrs. Lurah B. Rhodes, 80, who died Monday in Muleshoe Nursing Home after a lengthy illness, were conducted Thursday afternoon in First Methodist Church of McLean.

Rev. Floyd Dunn of Quanah Methodist Church and Rev. Harold Morris, pastor of the McLean church, officiated. Burial was in Citizens' Cemetery in Clarendon.

Lamb Funeral Home of McLean was in charge of arrangements.

Mrs. Rhodes was a native of Hill County. She was a member of the First Methodist Church at McLean and of the Rebekeh Lodge.

Surviving are two sons, Alvis Rhodes of Port Aransas and Andy Rhodes of Spearman; a daughter, Mrs. Tom Bogard of Bula; three brothers, Eldridge McClain of Lubbock, Charlie McClain of Spur and Porter McClain of Mineral Wells; nine grandchildren and 13 great-grandchildren.

OSCAR BENNETT WALKER

Funeral services for Oscar Bennett Walker, 56, of the Earth-Springlake area since 1953, who died early Tuesday morning, after a long illness in the Olton Community Hospital were held Wednesday afternoon.

Services were held in the Springlake Baptist Church with Rev. Don Holmes, pastor, Abe Martin minister of Springlake Church of Christ, and the Rev. Fred C. Palmer of the Assembly of God Church at Olton, officiating.

Burial was in Springlake Cemetery with Parsons-Ellis-Singleton Funeral Home of Earth in charge of arrangements.

Walker was a carpenter in the Earth-Springlake area, and was a native of Red River County.

Surviving are his wife, Ocie Lee; four daughters, Mrs. Virginia Saxson of Stephenville, Mrs. Jeannette Saxson of Silver City, N. M., and Misses Zoda and Wenell Walker, both of Springlake; two sons, Oscar B. "WOODY" STATE
LITTLE ROCK—Arkansas has been called the most heavily-wooded of the states. It is estimated the present stand of marketable timber today is 30 million board feet.

SUNDAY, APRIL 6
REVIVAL SERVICES will begin and continue through April 13 at the Lums Chapel Baptist Church. Rev. Glenn Reece, pastor of First Baptist Church, Sundown, will be the speaker, with Sam Nichols, a student at Wayland Baptist College, as song leader. Morning services will be at 11 a.m. daily Monday through Saturday, with evening services at 7:30 p.m. nightly. Services on Sunday will be at 11 a.m. and 7 p.m. with Sunday School at 10 a.m. Members and non-members are cordially invited to attend, says Don Hudgins, pastor.
